Sold for New Factory

City Council voted Wednesday to exercise an option for property north of Holland for a police range. The new range will replace one the department had had on East 16th St. until the city-owned property was sold to General Electric Co.

The new site consists of 3.6 acres and lies approximately 1 1/2 miles north of the city limits east of old US-31. Purchase price was listed at \$800, according to City Manager H. C. McClintock. The purchase is subject to approval of the title by the city attorney and clearance of any zone or deed restriction. Cost will be charged to the contingent fund.

The city manager reported that a rowboat owned by the Park department will be placed at Kollen Park as a life saving craft. Two ring buoys that have been purchased also will be placed in the area.

Council also accepted the bid of Clarence Owen for \$2,426 to replace piles in the Kollen Park dock. His was the only bid received.

The Lievens agency bid of \$310.74 for a blanket position bond covering employees of the city in the amount of \$5,000 per employee was accepted, subject to approval of the bond by the Insurance Audit and Inspection Co. The premium runs three years. Lievens' bid was the lowest of 11 bids submitted.

Council, which approved a rate equalization plan for Holland Hospital for Holland, Park and Fillmore township several weeks ago, was informed that the townships also have approved the plan whereby townships will assume a share of the operating expenses to compensate for eliminating the differential rate to patients outside the city. The agreement involved one minor change in rate requiring another vote by Council. Dissenting were Raymond Holwerda, John Beltman and John Van Eerden.

Council also approved retaining the firm of Berry, Stevens and Moorman of Detroit as bond attorneys for the city bonding program. This is the same firm that was retained for the pipeline bonds.

Following complaints on odors from sewage sludge dumped on school property in the 22nd St. area, Council ordered the BPW not to allow the use of this sludge for lawn purposes in the city.

Council ordered sidewalks put in on West 16th St. in the Heinz plant area, the sidewalk to run to the city limits.

An oath of office from James H. Klompars as a member of the Board of Public Works for five years was filed. Council accepted the resignation of Robert Wilson from the board of heating examiners since Wilson is moving to another city. William Molms was granted permission to move a double garage from 12th St. and Central Ave. to Virginia Park.

A petition requesting the paving of West 23rd from Van Raalte Ave. west to the dead end was referred to the city manager. A petition for vacating a portion of the alley between 18th and 19th Sts. running from River to Pine Aves. was referred to the planning commission for recommendation.

Council approved several routine licenses for restaurants, soft drinks, hotels, sidewalks and one for a pool and billiard room.

The special committee on BPW accounting announced that the D. M. Jones firm of Schenectady has been retained to review the accounting system of the light and power plant with special emphasis on depreciation.

The city has effected a lease with the Chamber of Commerce for rental of office space in Civic Center at a cost of \$150 a month. Council also approved several changes for Civic Center in Bulletin 12.

Mayor Harry Harrington presided at the meeting which adjourned at 9:10 p.m. Councilman Anthony Nienhuis gave the invocation. All members were present.

BPW Restricts Use of Water

The Board of Public Works Tuesday imposed sprinkling restrictions for Holland, effective Wednesday.

Homes in the city with even numbers may sprinkle on Mondays, Wednesdays and Fridays and odd-numbered homes may sprinkle on Tuesdays, Thursdays and Saturdays, according to Supt. George Rendleman. There will be no sprinkling on Sundays. In case of fire alarms, all persons are asked to cease sprinkling immediately to assure adequate pressure.

Restrictions will remain in effect until further notice. Supt. Rendleman pointed out that present facilities provide a maximum of 5 1/2 to six million gallons a day. When asked by the Sentinel, Park Supt. Dick Smallenburg said sprinkling is more effective in the early morning and in late evening because there is less evaporation. However, many households do not find it convenient to sprinkle at set hours and must set their own schedule.

He said the city's five parks, Centennial, Kollen, Lincoln, Riverview and Windmill parks, do not use city water. The park department has a special system using water from Lake Macatawa.

Man Found Innocent In Plant Stock Case

GRAND HAVEN (Special) — Municipal Judge Louis H. Osterhouse found Henry L. Willis of Fruitport not guilty of a charge of selling nursery stock without a license, at a trial Tuesday afternoon, without a jury.

Hospital Board Purchases Site

ZEELAND (Special) — Adrian C. Vanden Bosch, president of the Thomas G. Huizinga Memorial hospital here, announced today that a 2 1/2 acre site in the west end of the city has been purchased for the erection of a new hospital.

The land, east of Taft St. and south of Central, is 599 feet by 180 feet. It was selected because it would allow for future expansion. It was about the only piece of that size remaining in the city.

Plans call for facing the hospital toward Taft and Central, with some parts of the lot set aside for parking facilities. Because the site lies directly off Lawrence St., the proposals for extending the street have been abandoned.

First plans for the new 34-bed hospital have been drawn up, and members of the hospital board are going ahead with revisions to make it one of the most modern structures in the area. More than \$100,000 has been raised while the total cost is estimated to be almost \$165,000.

Two full-time dental technicians, a Mr. Vander Wal who is a senior dental student at the University of Michigan and Miss Bernadette Grieter, a graduate dental hygienist, are currently taking a week's orientation course at the Michigan Department of Health to prepare for the summer work here. The program is sponsored by the Ottawa County Health Department in cooperation with the Michigan Department of Health. Miss Florence Vander Woude, county nurse, is arranging schedules.

More than 2,000 children who were in the second, fifth and eighth grades are expected to participate. Applications already have been filed and no more can be accepted.

Pupils will pay four visits to the clinic at intervals of a day to a week, but the treatment usually is completed in a week's time. Parents will be notified about a week in advance, listing all four appointments.

Expect Pipeline Will Run Along Lakewood Blvd.

Filtration Plant
Site in Vicinity
Of Tunnel Park

A site for Holland's new Lake Michigan pipeline pumping station and filtration plant was approved by City Council Wednesday night.

On recommendation of the Board of Public Works, Council okayed the purchase of two plots of property in the vicinity of Tunnel Park. One site of 4 1/2 acres lies immediately north of the county park and has 210 feet of lake frontage. This will be used for the pumping station and intake pipe.

The other site is a 2 1/2-acre plot across the road and will be used for the filtration plant. The 36-inch pipeline connecting Holland with the filtration plant is expected to be laid along Lakewood Blvd., which engineers say is the shortest, straightest and most logical route.

Cost of the 4 1/2 acres on the lake is \$10,000 and for the site across the road \$12,050, for a total of \$22,050. Gerrit J. Knoll is owner of the lake property. Owning parcels in the other plot are Isaac Kouw and George Albers, Stanton Co., Inc., and Franklin De Koster. Paul R. Diepenhorst also owns a small piece of property which transfer is contingent upon the release of restrictions.

Council vote on exercising the necessary options was unanimous. Black and Veatch, consulting engineers for the project, submitted a report on surveys on two other sites south of Lake Macatawa. The northern site was recommended particularly in view of the absence of high dunes.

According to Council action June 2, general plans for the big project call for a 36-inch pipeline from Holland to the lake, a pumping station, filtration plant and a 42-inch intake pipe into the lake. It was pointed out that the Tunnel Park location will require a shorter intake pipe than if the location were nearer the channel.

The project will be financed by revenue bonds which would be self-liquidating, involving no increase in taxes. The new system will have a pumping capacity of 20,000,000 gallons daily, sufficient to provide water for the entire Holland area. Current peak capacity is 5,500,000 to 6,000,000 gallons a day.

Graduates Are Servants Of Today's Age: Hilson

Engagement Told

Miss Joyce Marie De Jonge, daughter of Mr. and Mrs. Ed De Jonge, of 183 West 19th St., announces the engagement of her daughter, Joyce Marie, to Pvt. Paul Vander Leek, son of Mr. and Mrs. Peter Vander Leek, 632 South Shore Dr. Pvt. Vander Leek is stationed with the U. S. Army at Camp Chaffee, Ark.

Using David as an example of living a life of true service for mankind, the Rev. George B. Hilson of Wesleyan Methodist Church told graduates of Holland High School Sunday evening that they too are servants of their age, and upon them rests the responsibility for providing the right kind of a world for the generation immediately following.

The occasion was the annual baccalaureate service at Hope Memorial Chapel for the 248 Holland High School seniors. The large chapel was uncomfortably warm, but the program moved smoothly. The class presented a fine appearance in their robes, girls in white and boys in maroon, and the a cappella choir under the direction of Willard Fast provided exceptionally fine music in its final appearance of the school year.

"You have a choice in today's life," Rev. Hilson told the graduates. "You can get all you can out of life, you can get even in life, or you can invest your life. David's life was not one of idleness or ease, but a life invested in the service of his people and country. The world needs those who are willing to lose themselves for the good of our country and the love of our God."

The speaker said that those to whom much has been given owe a greater responsibility to the world. Persons given the advantage of higher education must contribute more in service, not to get by with less work. Any person giving less than he should sadly misappropriates his talent.

"The gospel of Jesus Christ is not a law of labor, but a law of service. Masses and generations do not rise by themselves and it is individual character that is of supreme quality. It is more what man is than what he claims to be," he said.

The ability to see and seize the opportunities of the day also is of great importance and the speaker urged the young graduates to make a study of the times, past, present and future, "for we cannot live apart from the world's problems and those aware of today's problems must be a part of the solution of those problems."

Rev. Hilson in his final point urged divine inspiration and submission for in so doing, the student today makes the greatest possible investment in life.

Mrs. W. Curtis Snow played the professional and recessional. The Very Rev. William C. Warner of Grace Episcopal Church gave the invocation and prayer and Dr. Lester J. Kuyper of Western Theological Seminary read scripture.

MELVIN QUINTES WIELAND still hasn't overcome the obstacle of trying to operate a telephone without hands. Although his name is listed in the telephone book, Melvin seldom answers callers. He prefers to stretch out on the telephone stand and quietly read the telephone book — or at least that's what his admirers maintain. (Sentinel photo)

Melvin Q. Wieland Is A Distinguished Cat

Melvin Quintes Wieland is a cat. But he's a very special cat.

When Melvin disappeared about two weeks ago, it caused such consternation that more than 50 persons called to find out if he had returned.

The significant thing is that they didn't call his master, Edward T. Wieland of 86 West 12th St. They called Melvin person to cat. You see, Melvin is the only cat in Western Michigan to have his name in the telephone book.

Melvin's pedigree isn't really the finest, being somewhere between Siamese, alley and a number of underdetermined ancestral stocks. But all his "friends" will vouch for his being an exceptional cat.

Melvin wandered into the Wieland household a couple years ago. Wieland, who vehemently "hates cats," was all set to evict Melvin when he noticed that Melvin had

great ability. "He's really a crazy mixed up cat," says Wieland. "He thinks he's a dog." Melvin is so confused that he actually retrieves sticks. Not every alley cat is that intelligent.

Wieland was so impressed with the cat that Melvin was given his name, but for convenience he usually shortens the second name to the initial "Q." That's the way it appears in the phone book. Melvin now is a grandfather, and one of the youngsters is also an occupant of the Wieland household.

Wieland — "I still hate cats" — insists that the cat has other talents as well.

Meanwhile whenever the telephone rings for Melvin, Wieland patiently explains that he's up a tree right then, but could the caller please try a little later.

Lont-Marcusse Rites Performed

Mr. and Mrs. James Cornelius Lont wore a small tiara of yellow roses in her hair.

In a lovely ceremony last Saturday afternoon in Fourteenth Street Christian Reformed Church, Miss Carol Ruth Marcusse became the bride of James Cornelius Lont. The bride is the daughter of Mr. and Mrs. Peter Marcusse of 80 West 19th St. Parents of the groom are Mr. and Mrs. Cornelius Lont of Fairlawn, N.J.

Palms, huckleberry, four candles and five large arrangements of white gladioli, peonies and majestic daisies banked the church choir loft for the double ring rites, read at 4 p.m. by the Rev. J.F. Schuurman. Miss Gertrude Beckman, organist, accompanied the bride as she sang "The Pledge." Miss Evelyn Huizenga sang "How Do I Love Thee," and "The Lord's Prayer."

Minutely pleated ruffles circled the deep cut sheer yokes of the bride's full-length gown. Long lace sleeves tapered to points over the hands. The ruffles were repeated down each side, cascading into a chapel train. Her veil of English imported illusion was held in place by a small cap of chintilly lace edged in pearls and trimmed with satin and pleated illusion. She carried a Bible with a white orchid and lilies of the valley.

Mrs. John Beereboom of Detroit was her sister's matron of honor. Bridesmaids were Mrs. Dewey Bakker of Ann Arbor and Miss Marjorie De Nooyer of Battle Creek. They chose matching waltz length gowns of white lace and nylon net over mint green taffeta. The pointed lace bodices featured scooped necklines and short sleeves and the full gathered skirts were emphasized by mint green nylon net and taffeta underskirts. They carried basket arrangements of yellow gladioli and snapdragons and wore tiaras of roses in their hair.

Sharon Lont of Wyckoff, N.J., as flower girl, was dressed in a gown of white nylon over yellow taffeta, featuring lace trim and a tiered skirt. She carried a tiny basket arrangement of yellow gladioli and snapdragons and

THE OBJECTIVE IS SAFETY

Sending traffic law violators
back to school is a wholesome de-
velopment in Holland's safety cam-
paign. Municipal Judge Vander
Meulen should get the support of
all in his efforts along this line.
Requiring violators to take a
course in safety under the direc-
tion of local educational institu-
tions is bound to make an impres-
sion on at least some who could
not be impressed in any other way.

In an explanatory article con-
tributed to the Sentinel Judge Vander
Meulen affirmed his faith in the
experiment in words that deserve
the attention of those who may
have missed the article in the hu-
dle of Tulip Time publicity. Among
other things he said:

"It seemed to me (with all due
deference to those who hold that
'Rock 'em and Sock 'em' is the
only effective traffic policy) that,
in many cases education rather
than penalty is indicated."

That pronouncement deserves
emphasis. After all, the principal,
in most cases the only, objective
is public safety. No one is inter-
ested in piling up fines. Any meth-
od that gives some promise of
making the streets of Holland
safer as driving thoroughfares is
richly worth trying. Even if it
should prove to be only partially
successful, every little bit is worth
while.

"Education rather than penalty"
is being tried in other communi-
ties. The experiments have as yet
had so little chance to prove them-
selves that no general conclusions
can be based on them. A much
longer period of time will have to
be allowed as a basis for statistics
that can be accepted as having
much meaning. But there is in
other communities no proof as yet
that the results have been nega-
tive.

Such campaigns of education are
not meant to serve as the only
check on traffic violations. There
are always some—notably drunken
drivers—who cannot safely be
handled in this way. People who
deliberately defy the law and
hence the safety of the public, not
only deserve a "sock 'em" treat-
ment, it seems likely that that is
the most effective way to curb
them at least partially.

But the vast majority of traffic
violators are merely thoughtless or
lacking in good judgment. Educat-
ing such people instead of "sock-
ing 'em" gives promise of being
in the interest of the main objec-
tive, namely public safety.

The new system will not solve
the problem but the chances are
that it will help toward that end.
No one method will solve the prob-
lem now or ever.

Hosea Preaches With Israel
Hosea 6: 1-7
By Henry Geertlings

The book of Hosea is the first
of the Minor Prophets of which
there were twelve. They are called
minor because they are smaller in
bulk than the four Major Pro-
phets. Minor does not imply either
that these prophets were less im-
portant or that their messages were
all men of God and all
preached the preaching that was
given to them.

The prophecies of Hosea are
put first in the canon, but he was
not first chronologically. He was
preceded by Jonah, Amos and
Joel. It may be that he was put
first in the series because his
writings were longer than the
others. Or perhaps it may be
because of the content of his
message.

He was born in the kingdom of
Israel and his messages were to
that people, though he does men-
tion Judah. His ministry extended
well over fifty years. He predicted
the captivity of his people and
lived to see it happen. His min-
istry was in some respects like
that of Jeremiah. Both were men
of sensitive feelings and tender
hearted. They loved their nation
and it pained them to see the peo-
ple rush on in self will to destruc-
tion.

The political background of Ho-
sea's time was like our present
day political world condition.
Great empires were striving for
world leadership. Assyria was on
the north and Egypt on the south.
The smaller nations between were
being swallowed up. The prophet
warned the people of this immin-
ent danger but few of them heed-
ed his voice. Just as it is today.
Great nations are threatening our
security and freedom. They make
no pretense of hiding their pur-
pose to conquer us and bring us
under their rule.

The years of Hosea's life were
melancholy and tragic. The vials
of the wrath of heaven were
poured out on his apostate people.
The nation suffered under the
evils of that schism, which was
affected by the craft of him who
has been branded with the in-
delible stigma — Jereboam who
made Israel to sin.

One of the central truths of
the teaching of Hosea was that,
in spite of the sinfulness of man,
God remains a forgiving Father.
This leads us to think of God's
forgiving love.

Hosea's observation about Is-
rael was the pretense in repent-
ance. A harsher insinuation could
hardly be made. Israel was in a
strange state, their sin was point-
edly denounced by the prophet
and there was no denying their
guilt. To repent evidently was the
right course. So they talked
about it, and exhorted one another
to return to God. But they were
not making a full confession. They
emphasized repentance and the
joy of forgiveness, because God
would heal and bind up and show-
er them with blessings but they
made no confession. Their repent-
ance was merely a matter of pru-
dence, a gesture, perhaps more to
satisfy the prophet than to please
God, for they said that the threat
was not as serious as it sounded.
God's dependableness was on the
side of love and forgiveness. So
they took unfair advantage of
God, expecting too much of Him.
They presumed on divine love.

God was disappointed. His best
laid plans were not effective. Yet
He continued, doing all He could
to bring sinning Israel to repen-
tance. This had gone on for so
long that God seemed discouraged.
His lamentation over Ephraim is
pathetic. It was the outcry of un-
requited love, but the love did
not give up. The persistence of
God's love is amazing. We cannot
understand it.

Many of the lamentations of
Hosea are over the universal im-
morality of Israel. This was more
glaring than that which prevailed
in Judah. The priests were re-
sponsible for this state of affairs.
It was the sacred duty of the
priests to teach and practice the
divine and eternal principles of
justice and mercy which were laid
down in the Law of God. Instead
of teaching the Law of God they
had promoted false worship which
developed into a form of gross im-
morality and they welcomed the
spread of iniquity because the con-
sequent sin offerings were profit-
able to themselves.

Rate Increase
At City Hospital

Holland Hospital Monday an-
nounced a rate increase effective
today. The first-increase since
May 1, 1952. Hospital board said
new rates were necessary because
of increased costs. Such an in-
crease had been contemplated a
year ago but a heavier patient load
compensated for the increased
costs. Now, expenses have reached
a saturation point, and the in-
crease is necessary on the basis
of the hospital budget adopted a
few weeks ago.

There will be no increase in the
five to seven-bed wards, 50 cents
per day in the three to four-bed
wards, 75 cents for semi-private
rooms, \$1 for private rooms and
50 cents for babies. There also are
slight increases in some x-rays
and some adjustments in other
services, all based on costs in the
various departments so that charges
may be as fair as possible.

Even with the increases, the
board pointed out that it will be
difficult to find comparable ser-
vices at a comparable price in the
area. The board also realizes that
in view of the proposed bond issue
and fund campaign for a new ad-
mission, people in the area may ques-
tion the advisability of raising
rates at the present time. But
board members point out that un-
der the current costs, increases
are inevitable and the board did
not want to mislead the public on
any such score by waiting until
after an election.

Power Squadron Flotilla To Salute Holland City

Rendezvous Will Include 40 Craft In Macatawa Bay

A Salute to Holland will highlight the annual spring rendezvous of the Grand Rapids Power Squadron scheduled for Macatawa Bay Saturday afternoon, June 19.

The rendezvous will include a display of more than 40 power boats passing in review and an annual dinner and get-together at Macatawa Bay Yacht Club.

Festivities will begin at 4:30 p.m. when the squadron flotilla moves from moorings at the yacht club, up Lake Macatawa and past the review boat. Chairman Fred C. Sparks' yacht, the Miss Judy, will be anchored off Kollen Park.

The tribute to Holland will take form in each craft dipping its ensign as it passes Mayor Harrington aboard the review boat.

Also aboard the review craft will be Robert L. Davis, commander of the Grand Rapids Power Squadron, Clarke Field, commodore of MBYC, Commander Howard Pore of the Kalamazoo Power Squadron, Chairman Sparks and vice chairman Harvey L. Duiven.

Following the review the craft will return to the yacht club for the annual dinner and a dance. Informal parties are also being planned aboard the participating yachts.

The Grand Rapids Power Squadron, one of the most active organizations in safety work and navigation instruction in the nation, recently graduated a class of 65, owners as well as non-owners, and is now preparing for another active season.

Throughout the season, says Commander Davis, frequent sailing tests and rendezvous will be held, all to carry on the basic work of the organization's water safety emphasis.

"The spring rendezvous," Chairman Sparks explained, "is actually to inaugurate our new season and at the same time pay tribute to the city of Holland which is the home of our activities."

Other officers of the squadron include Lt. Comdr. P. F. Brunger, secretary; Ray Wilkinson, treasurer and J. F. Batts, lieutenant of sail. The Grand Rapids organization is a member of the United States Power Squadron, and includes about 150 members and almost 70 boats.

OFFICIALS OF THE GRAND RAPIDS POWER SQUADRON have completed plans for the annual spring rendezvous and salute to Holland at Lake Macatawa on Saturday, June 19. Shown at the final planning session are (left to right) Fred C. Sparks, general rendezvous

Famed upsetter Main Auto was upset Thursday night in City Softball League action at Van Tongeren field at North Holland parlayed two singles into a run in the sixth inning to win 1-0.

North End scored in four innings to beat Gra-Bell 6-2 in the opening encounter.

Hits were at a premium in the North Holland-Main Auto contest as winner Don Berkompas scattered three singles while loser Jason Ebels allowed only a single and double until the fateful sixth inning.

With one out in the sixth, Howard Schutt singled and went to second on a wild pitch. Schutt scored on a single by Jun Hop.

Leadoff man Chick Zych of North End got on base on an infield error as did Jack Messbergen. Both scored to round out the inning. Two more Gra-Bell errors set up another run as R. Klomparsen tallied in the second.

Yet another error put Bill Zych on in the third. Dell Koop singled and both scored on a double by Case Velderman. Chick Zych was safe on another error in the sixth, and scored on Messbergen's double.

Ken Koning poled a homer in the second for Gra-Bell while their other run came in the sixth. Mulder walked, went to second on a wild pitch, third on a passed ball and scored on a wild pitch.

Winning pitcher was Velderman who allowed only two hits, while Rode Overway gave up six to take the loss.

Messbergen and Velderman had doubles for North End, and Koop collected three singles. Koning's homer paced Gra-Bell hitting with the other single going to Edwin Ter Haar. Big Gra-Bell problem was errors with seven occurring at crucial points in the contest.

Dog Notes

by Peter Boggs

The Dog and the Judge
More than once I have told you about lonely old people who left their entire wealth to the dogs which had lightened their loneliness. I have told you how relatives have contested such wills and of the various verdicts rendered by the courts. Many of you have written to me commenting one way or the other on these bequests and on the legal actions that followed upon them. But I have been reading of a case wherein the largest fortune I have ever heard of was left to a dog.

The fortune amounted to about \$86,000. It was bequeathed by a Missouri financier, Henry C. Babcock, to his house dogs. None of the reports I could find made any mention of how many dogs there were—whether two or a dozen.

Naturally, Babcock's relatives contested the will, and at last the case came into court. The judge weighed the question carefully. Then he gave a compromise verdict. He cut the bequest in half, decreeing that the dogs should receive \$43,000. At five per cent interest, that would represent a yearly sum of \$2,150 for the animals' upkeep.

Many dog biscuits and many bones can be bought for \$2,150, apart from a caretaker's pay.

The Gift Dog
George S. writes me a warning to all of you. He says: "I live in a suburb of Denver and I read your articles. I read one, several years ago, but unfortunately I didn't have the good sense to profit by its advice."

"A friend in a town not far from here offered me his beautiful large purebred dog as a present. Also he gave me four blue ribbons the dog had won at shows. I was tickled pink by such a grand gift.

"But in less than a week after the dog was sent to my home, he had bitten three children, a postman, and a messenger boy, and had killed two pet cats and eleven chickens. I made inquiries. I found the dog had done so much damage in his original master's neighborhood, that the police gave his master the choice of getting him out of town or shooting him. So he gave the dog to me; without warning me about him. Then I dug up from my scrapbook the article you wrote, long ago, warning readers against accepting a 'gift dog.' You were dead right. But it's too late for me to profit by it. Gee, but the bills and fines I'm paying!"

Most people don't give away a dog that has a high cash value unless they have some mighty

Trial Will Start At 9 a.m. July 12 In Allegan Court

Defense Indicates 'Temporary Insanity' Base Will Be Used

ALLEGAN, Mich.—Dr. Kenneth Small, Detroit dentist who was bound over to Circuit Court on a first degree murder charge following a Municipal Court examination Tuesday afternoon, pleaded not guilty when he was arraigned before Circuit Judge Raymond L. Smith Wednesday.

Technically, Dr. Small's attorney entered the plea of not guilty and said he would base his defense on temporary insanity. Defending the young Detroit dentist who shot a New York playboy industrialist for allegedly breaking up his home is Attorney Leo W. Hoffman of Allegan. The trial will open at 9 a.m. July 12.

Meanwhile, there still was speculation that the charge might be reduced to manslaughter. Several conferences were held Tuesday between defense and prosecution attorneys, but the examination went on before Municipal Judge Ervin Andrews based on the original charge of first degree murder. Allegan prosecutor Dwight Cheever was assisted by Harry Jackson, assistant attorney general.

The three-hour hearing was held in 90-degree weather in Allegan Circuit Court chambers on the top floor of the court house. About 30 visitors were on hand in the hot court room.

Dr. Small was neatly dressed in a white sports shirt and brown trousers. He was not called to the stand.

Small, 31, has confessed shooting Jules Lack, 48, a New York playboy industrialist, to death May 29 while Lack and Small's wife were keeping a Memorial Day rendezvous with other guests at a luxurious summer home overlooking Lake Michigan near here.

Small's wife, Edith, 30, filed suit for divorce shortly after returning with her three children from a Florida vacation, where she met Lack. She admitted meeting Lack, president of the Majestic Air Conditioning Co. of New York City, on weekends in New York and Chicago.

When Small learned of the Memorial Day party, he trailed his wife to the cottage and killed Lack with two bullets from a German Luger pistol as other weekend guests looked on in horror.

Hoffman, son of Rep. Clare Hoffman (R-Mich.) and one of the state's top trial lawyers, seemed to be readying a temporary insanity defense at Tuesday's examination.

Among the witnesses Hoffman questioned closely was Mrs. Vivian Gates, owner of the cottage where the shooting occurred. However, he was overruled when he tried to bring out that Small appeared hysterical and talked in a pitched voice when he barged into the cottage with the gun in his hand.

The lead-off witness was Chicago Undertaker Dennis M. Carroll Jr., 41, who was another of Mrs. Gates' guests.

"I saw him (Small) point at Jules and pull the trigger," Carroll testified.

Also called were three other witnesses, who identified photos of the victim and other evidence. They were Dr. Alfred De Groat of Kalamazoo, the physician who performed the post mortem on Lack, and two State Police officers.

Hulst Continues To Lead League, Defeats Moose

League leading Hulst Bros. trailed for three and one half innings Tuesday night in City League Softball play at Van Tongeren Field before bunting five runs in two innings to beat second place Moose 5-1.

In a close contest opening the night's play, Fords edged North End 2-1.

Stu Baker singled to open the Hulst-Moose contest, went to third on an out and scored on a single by Red Hulst. Excellent pitching by both hurlers halted scoring until the fourth inning when Hulst got its two runs.

Ed Klinge was safe on a fielder's choice and moved to second as Bud Hulst was hit by a pitched ball. With two men on base, second baseman Lester Nienhuis pounded out a triple, scoring both runners and putting Hulst into the lead.

Moose batters continued to go down 1-2-3 as Hulst garnered two more runs in the fifth. Dale Hulst doubled and Lou Zoerhoff got a walk. Both men advanced on a wild pitch and scored on a single by Bob Vork.

Final Hulst run came in the sixth on a walk to Bud Hulst, two wild pitches and a fielder's choice.

Winning pitcher Dale Hulst allowed just two hits while loser Matt Numikoski gave up five. The win gives Hulst an 8-1 record to lead the league followed by Moose with a 6-3 record.

In the opener North End third baseman Bob Zych doubled in the second inning, moved to third on a passed ball and scored on a wild pitch to put his squad in the lead.

But a triple by Al Piersma set up a Ford run in the third inning as he scored on an outfield fly. Game winning Ford run came in the fourth as Don Sundin singled, moved to second on an infield error and scored on Chet Piersma's single.

Norin Boeve pitched a superb game allowing only two hits. Zych's double and a single to Herb Cramer. Losing pitcher Case Velderman gave up six hits with Gordon Barnes collecting two singles in three trips.

Hope College Observes Its 89th Commencement

Three outstanding men, two of them in the field of law and the other a theologian, were awarded honorary degrees at the 89th annual commencement exercises at Hope College Monday morning.

Doctor of Laws degrees were conferred upon the Honorable Donald Livingston Brush of Herkimer, N.Y., and the Honorable John Roy Dethmers of Lansing. The Reverend John Henry Bruggers of St. Anne, Ill., received a Doctor of Divinity degree.

The Reverend Elmer Geo. Homrighausen, D.D., professor of Christian education at Princeton Theological Seminary, told graduating seniors that his greatest sorrow on this occasion was the absence of Prof. Henry Schoon.

Rev. Homrighausen, who spoke on "Running the Course of Life," said that Schoon, who died this spring, was his ideal on how to live life to the fullest.

"We are all children in terms of this greatest of all races," said Rev. Homrighausen. "We enter life as children, and seldom attain adult competence in terms of life's crucial race."

Emphasizing that the race will involve suffering and hardship, Rev. Homrighausen said it is the graduate's duty to see these things in terms of a higher goal.

As an example he pointed to troops in the past war, who seldom knew precisely how their suffering and efforts actually contributed to winning the war.

"It was only after the battles were over that they could be shown the great part they had played," said Homrighausen.

"Thus realizing our incompetence, and seeing the difficulties that are sure to come, we must strive to develop our lives to the fullest Christian purpose," he concluded.

Hope College president Irwin J. Lubbers presided during the services, and presented diplomas to graduates. College Dean John W. Hollenbach presented special awards to seniors.

At the organ for the processional hymn, "The Lord's Prayer," sang the Hope College Glee Club, and the traditional "Pomp and Circumstance" recessional was Mrs. W. Curtis Snow.

The Reverend John C. de Maagd, Reformed Church missionary to Japan, gave the invocation; The Reverend LeRoy Nattress, director of admissions at Northwestern College, Orange City, Iowa, read the scripture; and The Reverend Martin Hoeksema, Pastor of the Reformed Church in East Williamson, N.Y., gave the benediction.

Games were played and duplicate prizes awarded. Lunch was served by the hostesses assisted by Mrs. Don Rice, Marcia Serne and Mary Ellen Atwood.

Bids for Bypass Around City to Be Opened on June 30

Holland today was assured of relief from heavy highway traffic through the city by next year with the announcement that bids will be opened in Lansing June 30 for paving the US-31 bypass around Holland.

Specifications call for 1.9 miles of dual 24-foot concrete pavement bypassing Holland to the east and south, running in both Ottawa and Allegan counties. Completion date listed is Dec. 31.

Holland has long been interested in this project, mainly to remove heavy trucks and other heavy traffic from city streets. One of the biggest problems in local traffic ever since the nine-mile stretch to West Olive was opened a few years ago was the difficult turn at Eighth and River. The problem was partly solved when trucks were routed over Seventh St.

The roadbed for the new highway has been ready for more than a year with the exception of the A. P. Kleis property in which a settlement was recently effected.

Particularly active the last few years in working to get the bypass completed were State Senator Clyde Geerlings, State Rep. George Van Beursem, former Lt. Gov. William C. Vandenberg and W. A. Butler of the Sentinel.

The new stretch bypassing Holland has a viaduct at 40th St. for C and O trains. This viaduct in which trains pass over the highway has been in use since last November.

The nine-mile section north of Holland contains a bridge over Black River and two grade separations over C and O tracks at Gordon St. which were completed in 1949.

The new US-31 relocation is a limited access highway.

Hope Church Scene of Wedding

Mr. and Mrs. Frank J. Gaiowski (du Soar photo)

Hope Church was the scene of a wedding ceremony Friday afternoon, June 4, when Miss Lois M. Schoon became the bride of Frank J. Gaiowski. Dr. Marion de Velder performed the single ring ceremony at 4 p.m.

The bride is the daughter of Mr. and Mrs. Louis William Schoon, 55 West 14th St., and the groom's mother is Mrs. Nellie Gaiowski, 16831 Philomene, Allen Park, Mich.

The church was graced with ferns and lemon leaves. The traditional white gladioli and peonies were held in cathedral baskets with the pews marked by white satin bows and peonies.

An organ prelude was played by Miss Jennie Karsten, who also played the traditional Lohengrin wedding march and accompanied the soloist, Mrs. Marion de Velder, who sang "Ave Maria" and "The Lord's Prayer."

The bride, given in marriage by her father, wore a gown of delustered satin and Alencon lace fashioned with a cuffed pictorial neckline with decollete of imported Alencon lace. Long satin sleeves tapered to points over the wrists.

Her minute empire bodice with lace applique released a full paniered overskirt richly bordered with Alencon lace revealing folds of filmy nylon tulle and draped gracefully into a chapel length train. A coronation crown studded with seed pearls secured her finger tip veil of imported English silk illusion. She carried a crescent shaped bouquet of stephanotis and lily of the valley.

Preceding the bride to the altar were her attendants, Mrs. Robert Tors Schoon, her sister-in-law, as matron of honor, and Miss Sandra Bosch and Mrs. Egbert Boer as bridesmaids. The matron of honor wore a ballet blue ballerina length gown of nylon tulle with satin cording and a tucked spencer jacket over the strapless formal, featuring a tucked empire bodice and full circular skirt with front insert of matching pleating. Her headpiece was a lace tiara outlined with bugle beads, with a matching nose veil. She carried a heart-shaped ring of pink roses. Bridesmaids wore identical gowns.

The bride changed to a black and white check costume suit with black and white accessories and a corsage of talisman roses and lilies of the valley. After their honeymoon on Mackinac Island, they will make their home in Las Vegas, Nev.

Two Drowned In Allegan Lake

ALLEGAN (Special) — Two brothers died early Saturday in Allegan county's first drowning of the season.

Lawrence Hyde, 30, Allegan, and his brother, Donald, 21, of Kalamazoo, were drowned about 12:40 a.m., in Minkler lake five miles south of Allegan in Trowbridge township. A third companion, Charles Foote, 19, Otsego, survived by swimming to shore.

Deputy Sheriff Roy Priest who was first on the scene said that Donald had been swimming a short way from the boat in which the other two were occupants when he suffered a cramp and called for help. Lawrence and Foote rowed toward him and as Donald attempted to climb into the boat it capsized. Donald and Lawrence hung onto the upturned boat while Foote swam ashore for help.

Returned with a second boat and as Donald and Lawrence attempted to climb into it, this boat filled with water and capsized.

Foote swam to shore a second time for help but as he reached shore he saw that Donald had started swimming to shore and he again was in trouble. Lawrence was hanging onto the second boat when Foote reached shore but by the time Foote arrived with help both men had disappeared.

Sheriff's officers, conservation officers and state police joined in attempts to recover the body. Donald's body was recovered at 2:30 a.m. and his brother's body at 4:20 a.m.

Foote had gone to the Wilmer Emmons home on the lake and called authorities from there. Minkler lake is small, one of 85 lakes in Allegan County. The three men had gone to the lake to "cool off."

The bodies were taken to Gordon Funeral Home in Allegan. Neither of the brothers was married, but there are several survivors.
