To the Public

The first edition of the Historical and Business Compendium of Ottawa County is now being delivered to subscribers, and we are very much gratified with the favor in which it is being received by all intelligent people. The general expression of those who see the work for the first time, is: "It is much better than I expected." Those who have not already ordered the work should do so at once, as the edition is being rapidly exhausted.

CITY AND VICINITY.

Saturday and Sunday were intensely hot days.

Monday was the heaviest day in the history of the First State Bank. Its transactions aggregating over \$30,000.

D. C. Henderson has been re-elected vice president, for Allegan county, of the Michigan Pioneer and Historical society.

It is claimed in behalf of the C. & W. M. that its passenger equipment is second to that of no other road in the country.

Mrs. D. J. Nies, residing with her son at East Holland, and one of the early settlers of that locality, died Saturday, aged 81 years.

Garden vegetables have never been more promising or abundant. The same thing is claimed in behalf of musquitos and potato bugs.

Park trade and travel has been greatly accelerated by the recent hot spell. Every incoming train fills our busses and carryalls for the steamboat dock.

Proposals will be received for the painting of the school building of Dist. No. 4, near Ben Van Raalte's, Holland township. See notice of J. A. Wilterdink, director.

During the severe thunderstorm, Monday, the barn of Mr. Lockard, south of the city, was struck, but not materially injured. In the barn was a calf belonging to Geo. Odell, the only property he is said to possess. The shock proved too much for the calf.

Hope church pulpit will be supplied Sunday morning by Rev. C. W. Church of Fort Wayne, Ind., agent for the Seamen's Union Bethel. No evening service. Baccalaureate sermon to the graduating class of Hope College in the evening, in the First Ref. church, 7:30 o'clock.

The recent showers have greatly reduced whatever hope there was left for a fair wheat crop on the low clay lands. Rye on sandy soil however, is fairly booming. The hay crop will be immense. Corn and oats are very backward and in some localities badly washed out.

The plans and specifications for the new Kremer-Herold block, east of the First State bank, have been prepared and submitted for approval. The block will contain two stores, two stories high, and is to be completed this fall. The east store will be occupied by Messrs. E. Herold & Co. as a shoe store, and the west store by Dr. H. Kramers as a drug store.

The board of education at their meeting Monday evening transacted only routine business. The request by the Market street H. C. Ref. church, for the use of one of the school rooms during the summer for the purpose of giving instruction in the Holland language was refused, upon the ground, as we understand, that it might establish a precedent involving embarrassment hereafter.

The debris of the C. & B. tannery chimney is being utilized to fill up the low places and make roadways in and about the extensive premises. The unfortunate event of the collapsing of this chimney will also interfere somewhat with the construction of the tannery creek culvert on Ninth street, and its completion will necessarily be delayed thereby. The site for the new large dry house on the corner of Eighth and Pine streets, is nearly filled in.

To show the appreciation of the teachers of the Public Schools of this city, for their fellow teacher Mrs. S. J. Higgins, last Tuesday evening found them gathered at the home of the Misses Mohr. Thoughts of school and its work were laid aside, and the evening was spent in music, recitations, a few words of parting by Mrs. Higgins, and a farewell in behalf of the teachers by Miss Maggie Pfantstiel. At the home of Mrs. H., to which place the teachers escorted her, they sang a farewell and then hastened to prepare for the next day's work.

The Musicals by Miss Glazier and pupils, assisted by Messrs. Knapp and Wynne, last Monday evening, encountered bad weather, but was still a success, as it was not given for profit but to encourage and train the pupils. The pupils showed careful training. Miss Kramer being worthy of special mention. However it was in the trio work of Miss Glazier, piano, Mr. Wynne, violin, and Mr. Knapp, cello and vocalist, that the reward lay for those who attended. Their music was of a high order and exquisitely rendered. It is earnestly hoped that music lovers may have another opportunity to hear these fine players when the circumstances are more favorable.

The two Teachers Associations of this county, the North Ottawa and South Ottawa, will bring their respective series of meetings for the present school year to a close by a union gathering, to be held at Highland Park, Grand Haven, on Saturday, June 25.

PROGRAM.

1. Music.
2. Devotional exercises.
3. Reading of minutes of last meeting of each Association.
4. How shall we spend our vacation.—R. Popen.
5. General discussion.
6. Solo—Prof. Nykerk.
7. Unity of Action in the Profession.—County Commissioner of Schools, Colon C. Little.
8. General discussion.
9. Glimpses of Fifty years in School Work.—Prof. A. W. Taylor.
10. Columbus Day—Supt. E. L. Briggs.

All interested in education are invited to meet with the teachers on this occasion. All bring lunch baskets, as it will be an excellent place for a basket picnic.

Bosman Bros. have placed a large and elegant mirror in their store.

Home raised strawberries are expected in the market in the first part of next week.

Attention is called to the changes in the C. & W. M. time table, that went into effect the 12th inst.

The stmr. Pilgrim is still making her regular trips between here and Chicago, alternating with the stmr. McVea.

It has been arranged between the leading butchers of this city to hereafter sell sirloin and porter-house steak at 12 1/2 cent a pound.

Died at New Groningen, Friday, Mrs. J. Jekel, daughter of the late A. Borgers and sister of Mrs. G. T. Huizinga and Mrs. P. De Vries of this city.

The rain Monday night caused a bad washout on the G. R. & I. railroad near Ravena. One hundred and fifty feet of track was washed away, delaying traffic half a day.

The walls for the third story of the new City Hotel are nearly up. One of the stores has been leased to Mr. Clapp of Allegan, and the contract calls for its completion by July 1.

Col. L. L. Polk of North Carolina, leader of the National Farmers Alliance and the probable presidential candidate of that party next fall, died at Washington, Saturday.

Services in the Market Street H. C. R. church will be conducted next Sunday—in the forenoon by Rev. C. Vorst, of Lodi, N. J., and in the evening by Rev. J. C. Voorhis of New Jersey, in English.

As a means of discouraging the practice of docking horses' tails it is suggested that managers of agricultural fairs, horse shows and the like shall award no prizes to animals that have been mutilated in this way.

William Patterson, of Coopersville, met a great black bear while driving along the road near that village the other day. After recovering from his surprise he quickly got a rifle from a house near by, and killed Mr. Bruin.

In volume of trade, close application to business, and satisfactory dealing the firm of G. Van Putten & Sons are gradually taking first rank among the merchants of this city. They know how to keep their stock assorted to suit their trade and to retain it. Their display at present is an elegant one. See new adv.

The latest about the river and harbor bill is that the Senate and House conferees after being in conference three days, have failed to reach an agreement, and have decided to report that fact to the two Houses and ask for instructions. The conferees were able to agree upon nearly all the points of difference, but disagreed hopelessly upon the two new Oregon and Washington projects. They were both Senate amendments.

The importance to this place of a daily line of boats to Chicago, was again duly experienced by the Waverly Stone Co., this week. On Monday the electric engine on the C. & W. M. caused the breaking of what is called the transmission cable to the pumps, at the quarry. It being a wire cable it had to be sent to Chicago for repairs. It was shipped on the stmr. Pilgrim that evening; the clerk took special pains to have it promptly delivered the next morning at the works of J. A. Roebeling & Sons, where likewise it received immediate attention; it was returned on board the boat Tuesday evening; and on Wednesday the machinery at the quarry was again started, causing in all a delay of only one day.

C. J. De Roo of the Walsh-DeRoo Milling Co. of this city has been made the recipient of a souvenir of the late Russian Relief work, to which this locality, "the Holland Colony," so liberally contributed its quota. The souvenir consists of a silver stampholder, in the shape of a chair, purchased in Libau, Russia, the port at which the relief steamer Missouri landed and discharged its cargo. With it are also a silver and copper coin of that country, and a sample of the "hunger bread," upon which the half-starving population in the famine district are made to subsist. This bread, according to the press reports, is made of ground bark and weeds, mixed with some rye. The local committee here, that was charged with the collection of relief flour, will at an early day publish a report of the manner in which the flour has been distributed among the people in the suffering district. The souvenir can be seen in the show window of Breyman & Son's jewelry store.

The Public Schools of the city of Holland will close next week, with the graduating exercises of the Senior class. Commencement will be held at Lyceum Opera House, on Thursday evening. The graduating class this year numbers five: Ida M. Jacobus, Anna M. Toren, Martha Van Landeged, John Ten Houten, John Van der Vries.

The program complete cannot be arranged until after the close of the examinations, Saturday of this week, when the valedictory will be assigned to the person that has the highest standing in the class, and the salutatory to the next best.

The assignment of subjects in the program will be as follows:

Give the Girls a Chance.—Ida M. Jacobus. The Ladder of Success.—Anna M. Toren. What are the Wild Waves Saying.—Martha Van Landeged. Our National Defences.—John Ten Houten. Not Finished, but Begun.—John Van der Vries. The music will be furnished by Goodrich's Orchestra, with a duet by Miss G. Alcott and Mrs. J. H. Gillespie, and a solo by Prof. J. B. Nykerk.

The hull of the stmr. Macatawa will appear in black, this season.

The C. & W. M. started its regular fruit train to Chicago, Monday, one week later than last year.

The subscriptions for a local monument in memory of the soldiers of the late war are coming in nicely.

The rainfall this week has been ascertained to be fully three inches. During the month of May it aggregated 6.31 inches.

Geo. P. Hummer and Jacob G. Van Putten intend to take in the great Democratic convention in Chicago, next week.

The ladies of Grace church will serve ice-cream in the building formerly occupied as a post-office, Saturday evening, June 18.

The C. & W. M. will resume its "business men's" train to Ottawa Beach after Tuesday June 28, and will continue it until September 4.

Rev. J. Van Houte was in North Holland, Tuesday, to take part in the installation of Rev. A. Stegeman, as pastor of the Ref. church at that place.

P. Koning has the contract of the excavations for the new bank building. Ground was broken Monday, and the earth is being disposed of to sundry parties in filling up and leveling their lots.

The steamer Lizzie Walsh will run an excursion Saturday evening to Ottawa Beach and Macatawa Park. The boat will leave Pfantstiel's dock 7:30 and King's dock at 8 o'clock. The fare for the round trip will be only 15 cents.

Tuesday a telegram was received here from Manistee, stating that Capt. John Warren of the little schr. Alice Royce had fallen overboard and was in a dangerous condition. His son at once took the first train north. Word has been received from there since that the Capt. is all right, but had a narrow escape. From what, is not stated.

Martin Huizinga of Grand Rapids, formerly a merchant of this city, has been granted a pension. Squire Fairbanks has also been notified that through his agency the name of Henry Van den Beldt, of Fremont, Mich., has been placed upon the pension roll, and that John Pilon of Fillmore has had his pension increased. Both were members of the 25th Mich. Inf.

Kuite Brothers have opened their second meat market in this city, in River street. The place has been thoroughly overhauled, papered and painted, and in appearance and attractions is second to none in the city. At this stand a strict cash business only will be conducted, the firm holding that one set of books is all they care to keep. Everything kept at this market is first-class.

Through the instrumentality of Senator Stockbridge, the commissioner of Pensions has instituted a board of pension examiners at this place and the following gentlemen have been appointed the examining surgeons of said board: Drs. Oscar E. Yates, Henry Kramers and J. G. Huizinga. The office of the board will likely be located in McBride's block, and as provided by the rules of the department the regular sessions of the board will be on Wednesday of each week.

The C. & W. M. passenger train due here on Tuesday, at 4:30 p. m., when near Mona Lake encountered a broken rail, which derailed the baggage car and broke one of the axles. The track was blocked in consequence. The train that left here for the north at 2:30 p. m., on reaching the scene of the accident, was obliged to return to Kirk's junction, near Ferrysburg, and came to Muskegon by way of Pickand's junction, near Fruitport, arriving about two hours late.

G. R. Herald: Four weeks ago a Holland family named Vischer arrived in this city from the Netherlands, and began housekeeping at No. 555 Wealthy avenue. In addition to father and mother there were four bright healthy children in the family. Shortly after their arrival one of the little tots contracted diphtheria and died. This week the remaining three died, the last, a child of eight years, being buried Thursday. The parents are nearly distracted over their great bereavement.

The national Democratic convention which meets in Chicago next Wednesday, is being confronted with a similar situation to the one at Minneapolis. It is the field against one man, Arranged against Mr. Cleveland are such names as Boyes of Iowa, Morrison and Palmer of Illinois, Carlisle of Kentucky, Gray of Indiana, Gorman of Maryland, Hill of New York, Campbell of Ohio, and others of minor probability. It is generally conceded that the renomination of President Harrison has not improved Mr. Cleveland's prospects. The contest promises to be a live one.

The People's party State convention, held at Lansing, Thursday, was attended by Messrs. Geo. Ballard and R. H. Haberman of this city. They report a large and enthusiastic gathering. One prominent feature of the platform, and a sentiment which found general expression among the delegates, was pronounced hostility, first, last and all the time, against fusion or co-operation with exciting political organizations, including even the Prohibitionists. Congressional conventions for the nomination of candidates in the various districts will be held Aug. 16. At the State convention to be held at Jackson, Aug. 2, a candidate for U. S. Senator will also be named. The delegates of the Fifth district to the national convention at Omaha, July 4, are George Robson, A. C. Howell, Geo. Ballard, M. Spalding.

The village of Coopersville has four saloons.

For an assortment of local photographic views, see Mr. Payne's new ad.

"Harrison and Reid" sounds well, reads well and will wear well. So say we all of us.

The Young People's Society of the First Ref. church will hold a picnic Wednesday.

Zalsman Bros., the Fourth ward grocers, are out with a new delivery wagon, of neat design.

The earnings of the C. & W. M., for the month of May were \$159,585, an increase of \$19,197 over May of last year.

Messrs. Potts & Conger are making the first deliveries of the Historical and Business Compendium of Ottawa County. See notice.

It was 37 years ago Thursday that a large delegation, of which "ye editor" was one, landed for the first time at that famous summer resort—Castle Garden.

The Fifth Summer Normal at Hope College will open on Tuesday July 5 at 11 o'clock A. M. and continue for five weeks, until the afternoon of Tuesday August 2.

A grand Harrison and Reid ratification meeting will be held at Muskegon this (Friday) evening. Several parties from here intend to take the 6:25 train, and attend.

The G. R. Eagle has it that Dr. Henry Kierner has been appointed postmaster at Holland. This is undoubtedly intended as a left-handed compliment to the People's party.

Tuesday the schr. Maggie Thompson went ashore on South Manitou Island, during a fog. The revenue cutter Andrew Johnson at once went to her relief, from Frankfort, Mich.

The Third Ref. church sabbath school will hold its annual picnic at the resorts, next Friday, the 24th inst. The steamer Pilgrim has been engaged to convey the party down and return.

It is rumored that during the storm of Thursday evening lightning struck the H. C. Ref. church at Noordeloos, a building of Mr. Dekker in Zeeland village, and the farm house of some one in Overisel, whose name we could not learn.

List of letters advertised for the week ending June 16th, '92, at the Holland city postoffice: John Brouwer, Mr. Huey Couers, Miss M. Deyrie, Mr. Rowland Keith, 2, Miss Jennie Vanoulen.

G. J. VAN DUREN, P. M.

Saturday afternoon some of the scenery at Power's opera house, Grand Rapids, caught fire, and despite the efforts of the firemen the interior was soon entirely destroyed. Loss about \$20,000 with \$30,000 insurance

HOLLAND CITY NEWS.

L. MULDER, Publisher.
Holland, Mich.

For the HOLLAND CITY NEWS.
Retaliation or—What?

Mr. Editor:—I am led to believe from the impartial attitude your paper has always taken on questions of public import, that you will grant me the space necessary to point out a few peculiar and to my mind—significant facts connected with recent proceedings of the Common Council. I shall thank you in advance, therefore, for the courtesy of publishing this communication touching questions in which all citizens of Holland are interested.

No event of recent years has stirred more personal feeling in our midst as that involving the electric light question. It is not my purpose however to dwell here upon the merits or demerits of the points at issue in the controversy. In good time they will be passed upon by the regularly constituted legal authorities, and whichever way the matter may be settled I am satisfied that our citizens will gracefully abide by the result. I do charge, however—and I believe every circumstance taken in this connection will justify me in my assertions—that certain members of the Council have permitted personal rancor to interfere with their legislative functions to an extent that calls for emphatic protest upon the part of those who respect even-handed justice, and who take pride in its administration divested of individual prejudice.

The points I wish to call attention to are, specifically, as follows:

I. Some few days ago, the city was temporarily enjoined from bonding itself for the purpose of erecting an electric light plant, the basis for the injunction being a non-compliance with the law governing such matters in several important particulars.

II. The petitioners in the above suit against the City were a number of the tax-paying citizens of Holland, and it is charged by those who favor bonding the city, that the action of the petitioners protesting against such increase of bonded indebtedness, was prompted by the Wolverine Electric Light Co., a corporation having its headquarters in this City, and its president being a well known builder and contractor of Holland.

III. Among the stockholders in the said corporation are also several tax-paying citizens of Holland, whose business is that of retail liquor dealer, the amounts of their subscriptions to the capital stock ranging from \$300 to \$500 each.

IV. Incorporated in the proceedings of the Council immediately preceding and since the service of the injunction above referred to, is a resolution increasing the license tax of retail liquor dealers from \$100 to \$250 annually, and another directing the Marshal to at once remove lumber and building material from the public streets, unless previous permission had been given by the Council to allow it to stand in such streets.

Now, Mr. Editor, the passage of these two pieces of legislation may have no special significance. They may indicate a laudable desire on the part of the council to limit, by means of high license, the number of saloons in Holland, and a praiseworthy intention of preserving the streets and sidewalks from unnecessary obstruction to travel. Then again, they may not. I hope I wrong no man by saying so, but to many citizens, the conclusion is irresistible that the animus which prompted this legislation is begotten of either vindictiveness or cupidity. It is reported by those who are prepared to prove the fact, if necessary, that at the council meeting at which the increased license tax was passed upon, certain members of this body openly exchanged concurrent opinions that if saloon keepers were so prosperous as to be enabled to invest their surplus money in electric light companies, they certainly could afford to pay a higher license; ergo, they were taxed accordingly. I am no pleader for the saloon, but I am a firm believer in strict, impartial justice, and in view of the remarks above alluded to, it is straining charity to believe that the moral welfare of the community was the object sought.

Anent the resolution concerning the removal of building material, is it not somewhat curious that for the past twenty years building has been going on in Holland unobstructed and unencumbered by such harassing conditions as the Council has recently imposed; and in view of the facts quoted, is it unreasonable to believe that the ordinance of 1886 respecting lumber and building material would have continued to remain, practically, a dead letter, had the injunction against the city been instigated by a corporation whose president was unidentified with the building trade? I maintain, sir, that every move on the part of the Council as outlined above shows animus of a character which may very properly be stamped as contemptible.

Of course, there are some of its members not implicated in the charge, men who have acted from a strict sense of duty, and who are above the suspicion of venality. Would that I could believe all were.

I trust you will pardon the length of this communication, which has transgressed the limits of an ordinary newspaper letter. The circumstances are of such great public interest, however, that I believe you will, on behalf of common justice and fairness, accord me the space necessary for its publication.

A CITIZEN.

Happy Hoosiers.

Wm. Timmons, Postmaster of Idaville, Ind., writes: Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver trouble. John Leslie, farmer and stockman, of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life. Only 50c. a bottle, at P. W. KANE'S Drug Store."

Guaranteed Cure.

We authorize our advertised druggists to sell Dr. King's New Discovery for Consumption, Coughs and Colds, upon this condition: If you are afflicted with a Cough, Cold or any Lung, Throat or Chest trouble, and will use this remedy as directed, giving it a fair trial, and experience no benefit, you may return the bottle and have your money refunded. We could not make this offer did we not know that Dr. King's New Discovery could be relied on. It never disappoints. Trial bottles free at P. W. Kane, Holland, and A. DeKruif, Zeeland.

Mortgage Sale.

DEFAULT having been made in the conditions payment of a mortgage executed by George W. H. King, of the City of Holland, Michigan, dated the twenty-eighth day of August, A. D. 1877, and duly recorded in the office of the register of deeds of Ottawa County, on the thirtieth (30th) day of August A. D. 1877, in Liber number 2 of mortgages on page 246 (which mortgage was assigned by said Roloff Pieters to Hendrika Pieters, by deed of assignment, dated January fifth, 1880, and duly recorded on February twenty-third, 1880, in the office of the register of deeds of Ottawa County, in Liber 4 of mortgages on page 54), and which mortgage was again assigned by said Hendrika Pieters to Isaac Mar-tille, by deed of assignment dated October seventh, A. D. 1888, and duly recorded in the office of the register of deeds of Ottawa County, on August twenty-sixth, A. D. 1890, in Liber number 33 of mortgages, page 346, by which default the power to sell in said mortgage has become operative, on which mortgage there is claimed to be due at the date of this notice, the sum of Five hundred and forty seven dollars, and no suit or proceeding at law having been instituted to recover the same or any part thereof. Notice is, therefore, hereby given by virtue of the said power of sale and the statute in such case provided, said mortgage will be foreclosed by a sale at public vendue of the mortgaged premises therein described (excepting the part thereof heretofore released from said mortgage) which mortgage-d premises to be sold are described as follows: All that certain parcel of land situated in the township of Holland, Ottawa County, Michigan, which is bounded by a line commencing at the North West corner of the east half of the North West fractional quarter of Section thirty one (31) in township five (5) north of range fifteen (15) west, and running thence south two chains and six (6) inches, thence south to a certain point and a half degrees east ninety eight links, thence south thirty-nine degrees east two chains and seventy links, thence north seven chains and thirty-five links to the section line, thence north to the place of beginning. Said sale to take place at the front door of the court house of Ottawa County, in the City of Grand Haven on the

Twenty-Ninth day of August, A. D. 1892,

at one o'clock afternoon of said day, to pay the amount due on said mortgage with interest and costs of foreclosure and all, including the attorney fee provided by said mortgage and by law.

Dated May 25, 1892.

Probate Order.

STATE OF MICHIGAN, ss.

At a session of the Probate Court for the County of Ottawa, holden at the Probate Office, in the City of Grand Haven, in said county, on Tuesday, the Thirty-first day of May, in the year one thousand eight hundred and ninety-two.

Present, CHARLES E. SOULE, Judge of Probate.

In the matter of the estate of Anna G. Den Herder, Jantje Den Herder and Franciena Den Herder Minors.

On reading and filing the petition, duly verified, of Gerhard De Jonge, guardian of said Minors, praying for the license of this Court to sell certain lands of said Minors in said petition described, for purposes therein set forth.

Thereupon it is Ordered, That Saturday, the Twenty-fifth day of June, next,

at eleven o'clock in the forenoon, be assigned for the hearing of said petition, and that the heirs at law of said deceased, and all other persons interested in said estate, are required to appear at a session of said Court, then to be holden at the Probate Office in the City of Grand Haven, in said county, and show cause, if any there be, why the prayer of the petitioner should not be granted: And it is further Ordered, That said petitioner give notice to the persons interested in said estate of the pendency of said petition, and the hearing thereof by causing a copy of this order to be published in the HOLLAND CITY NEWS, a newspaper printed and circulated in said county of Ottawa for three successive weeks previous to said day of hearing.

(A true copy. Attest.)

ONE MILLION LOSS.

BALTIMORE HAS A BLAZE IN WHISKY.

Sad Tragedy at Bay City, Mich.—South Carolina Representative Dead—How Hill Stands in the Race—Many Negroes Leaving Oklahoma.

The Lawmakers.

On the 14th, Representative Fowler reported to the House from the Committee on the Merchant Marine the Geary bill, granting an American register to the steamship China. The bill, says an accompanying report, grants the same privileges to the ship as have been recently granted by Congress to the Inman steamship. City of Paris and City of New York. If this bill be passed the company will not only build a vessel in an American ship yard equal in tonnage to the China as required by the bill, but the committee is assured by the company's representatives that it will build two vessels of at least 8,000 tons each. The China is a vessel of about 5,000 tons register. General Eli T. Stackhouse, member of Congress from the Sixth District of South Carolina and a prominent member of the Farmers' Alliance, died. He was one of the party that accompanied the remains of the late Col. L. L. Polk, President of the Farmers' Alliance, to Raleigh, N. C., last Saturday. The session of the Senate was only long enough to receive a message from the House announcing the death of Mr. Stackhouse and to adopt resolutions of sorrow, and providing for a committee of five Senators to escort the body to its place of burial.

FLAMES IN BALTIMORE.

Office Buildings and Several Hundred Barrels of Whisky Destroyed.

At Baltimore, a fire which broke out Tuesday afternoon among some bales of cotton on the wharf of the Bay Line at Union dock spread so rapidly that the employees had to run for their lives, and destroyed the entire freight shed, the office building of the line, 531 barrels of whisky, several hundred barrels of rosin, greatly damaging the four-masted ice-laden schooner Augustus Velt, besides much other property. The entire loss will probably reach three-quarters of a million dollars. For hours it was an undecided battle between the firemen and the flames, the former taking long chances. Not a stone's throw from the very heart of the fire and directly in its path was an iron tank holding thousands of barrels of turpentine, which might have exploded at any moment and would have killed many. But the firemen worked on, and after four hours had the flames well under control. The blaze did not spread beyond the Bay Line property.

FIGURES AND FORECASTS.

Cleveland in the Lead, with Hill in Second Place.

A New York dispatch says: Up to date the managers of Senator Hill's canvass for the Presidential nomination have not given out any figures tending to verify their claim that the Senator has more than an even chance to win at Chicago. One day last week a very prominent leader of Tammany said that Hill would have at least 200 votes on the first ballot and Cleveland probably 500. There has been a tally kept of the preferences of delegates so far as could be ascertained. A national delegate from the mid-winter State convention yesterday canvassed the roll of States carefully with these resulting totals: Total delegates, 898; necessary to a choice (two thirds), 599; Cleveland, 453; Hill, 326; Palmer, 48; Carlisle, 35; Boies, 26. These results are arrived at by splitting delegations, but it is believed most of the States will vote under the unit rule. If they do, Mr. Hill's vote would be reduced to 215 and Cleveland's increased to 577, or within 22 of the requisite number.

TRAGEDY AT BAY CITY.

Mrs. George Beaudry Drowns Herself and Two of Her Children.

Mrs. George Beaudry, of Fourth Bay City, Mich., jumped into the river Tuesday morning with two of her children, and all were drowned. Mrs. Beaudry rose as usual about 6 o'clock and began getting breakfast. Her husband and five children were in bed. A few minutes later she went to the bedside of the two younger, and, dressing them, started from the house, carrying Victoria, aged 3, and leading George, aged 6. Mrs. Beaudry went to the river and sat down on the dock. She pushed the boy into the river, and seeing a man coming down the street she jumped in her effort, with the girl in her arms. The man reached the river in time to see the mother and children about to sink, but not wishing to risk his life in an attempt to save the three, ran back to give alarm. The bodies were recovered shortly afterward.

ELI T. STACKHOUSE DEAD.

The South Carolina Congressman Expires Suddenly from Heart Disease.

Representative Eli T. Stackhouse, of the Sixth District of South Carolina, died suddenly at his residence in Washington. Mr. Stackhouse was in his seat in the House the day before his death, and answered to the roll-call, but complaining of the intense heat left the House and returned to his residence. During the night young Stackhouse heard his father breathing laboriously and called to him, but he did not respond. He never rallied and died shortly afterward. The immediate cause of his death is thought to have been heart disease.

Missouri River Booming.

Kansas City, Mo., special: The Missouri River is booming here, and reports from up the river say that a big flood is now coming down from the upper country, caused by heavy rains and cloudbursts in the last few days. The present high water here is from the June rise, and it on top of this some floods from such source as indicated, there is every reason to fear grave danger to the lowlands.

Fatally Hurt by a Bull.

Bart Griesem, a Swiss stockman living near Sedalia, Mo., was attacked by an infuriated bull and fatally injured. He was stopping down to get a rock when the bull rushed upon him. The animal's right horn entered Griesem's side, and three ribs were torn out. A frightful wound was inflicted.

Fifteen Years for Torture.

At City of Mexico the trial of the notorious widow, Guadalupe Martinez de Bejarano, with her son Mauricio, for torturing small children to death, has just ended. She was sentenced to fifteen years imprisonment in the penitentiary.

SIDNEY DILLON DEAD.

After Twelve Weeks of Suffering He Succumbs.

Sidney Dillon, the New York financier and railroad magnate, died at his residence, No. 25 West Fifty-seventh street, New York, at 11:10 Thursday morning. For more than a year Mr. Dillon has suffered from indigestion. Although attended by eminent physicians he could get no relief and gradually became weaker until, twelve weeks ago, when he was compelled to take to his bed. Sidney Dillon was born in Northern New York 79 years ago, his parents having emigrated from Ireland many years previous. His father's poverty was so marked that when Sidney was but 7 years old he determined to strike out for himself, and secured the position of water-carrier on the Mohawk and Hudson Road, then being built between Albany and Schenectady, receiving \$1 a week and board. In a few years he bought horses and carts, and soon had a paying sand and water hauling business. When quite a young man Dillon made his debut in New York City and devoted his attention to carrying out railroad contracts. Mr. Dillon was known as Jay Gould's right bower. In 1884 his wealth was estimated at \$25,000,000 in railroad stocks and bonds and a few million in Government securities, but lately his possessions increased at a rapid rate.

REBUILDING THE DAMS.

The Means of Death in the Oil Country to Be Replaced.

Inside of three years, 5,000 people have lost their lives in floods caused by dams in the commonwealth of Pennsylvania. Over a score of dams held back the waters of Oil Creek and its tributaries above Titusville. It was these dams that hurried to eternity the souls of nearly 150 people and destroyed millions of dollars' worth of property, left hundreds homeless, and made orphans of maybe a thousand. With all this lesson, and even with that taught by the flood at Johnstown, where over 3,000 lives were lost in a single night and where there now lie sleeping two regiments of dead in unknown graves, the people have not heeded. Wednesday a gang of men began rebuilding the wreck of the Spartansburg dam, which caused the awful loss of life. They were building the same flume and only dumping dirt to replace that which faded away under the force of the waters.

INGENUOUSLY CRUEL TO A CHILD.

Essex, Ont., Excelled Over the Wretched Life of Little Florence Harrison.

Warrants were issued charging Mrs. Brodie, Mrs. Scott, Charles Scott, James Bendick and John Richardson, all of Essex, Ont., with cruelly beating Florence Harrison. The girl was examined by doctors. The bruised and lacerated condition of her body fully confirms her statements as to the cruelties to which she was subjected. The excitement in Essex is intense. If half the current rumors are true the two women must have had a mania for inflicting pain on the wretched girl. One report has it that a favorite method of torturing the child was to strap her wrists together and suspend her by a rope from the ceiling, her toes touching the floor. A public subscription has been taken up to pay the expenses of the prosecution.

JUST TWO HUNDRED YEARS OF AGE.

Old Windham, Conn., Celebrates Its Birth and Bedecks Its House.

With flags and music, speeches, poetry and 2,000 people, the town of Old Windham, Conn., celebrated on Windham green the two hundredth anniversary of its birth. The old colonial houses in the ideal country village were garlanded with flags and swathed in bunting. In two of the dwellings Washington spent several nights, as did the gallant French captains and noblemen. In the time of the revolution. The old standard tavern is standing. It was a tavern in colonial days, and its sign of the British Unicorn is still aloft.

Big Fresh Water Boat.

Thousands of spectators gathered to see the launching of the Marlana, the largest and finest steamship in fresh water, Wednesday afternoon in the yards of the Chicago Shipbuilding Company on the Calumet River. Just as the great vessel gave its first lurch down the ways a man was seen to fall from the bow of the vessel fifty feet into the water and directly in the course of the swiftly sliding vessel, which apparently glided over him. Quick action and presence of mind among the spectators saved his life, but the accident was a serious blot upon the harmony of arrangements and execution that marked the proceedings otherwise.

Must Observe Two Sabbaths.

Louis Goldsmith, a Toronto, Ont., Hebrew, was fined \$3 and costs by the police magistrate for allowing a number of his employees, all Hebrews, to work on Sunday. The magistrate admitted that it was a hardship that Jews who kept their own Sabbath should be compelled to also observe the Christian Sunday, but such was the law. Henry Cohen, a Hebrew tailor, was also fined for cutting cloth in his store on Sunday.

Hallstones Kill a Farmer.

A disastrous storm visited Canton, Miss., causing incalculable damage. The hallstones were as large as teacups, and remained on the ground for an hour. Reports from the surrounding country give fearful accounts of the damage done. The cotton and corn crops are damaged to the extent of 75 per cent, and fruit has been completely destroyed. Nathan John, a farmer, was killed by hallstones while plowing in his field.

Stage Robber in the Jury Box.

The San Francisco authorities were amazed to find that J. H. Squires, a juror who was arrested in the box and indicted for attempted bribery, is a retired train and stage robber, with one of the hardest criminal records on the coast.

Firemen Fatally Hurt.

A destructive fire visited Niagara Falls, N. Y., involving the loss of nearly \$80,000 and probable death of two firemen. Four volunteer firemen were badly injured, two fatally. The fire was in the Macklen malt-house and elevator.

To Do Away with Convict Competition.

Illinois, Indiana, and Michigan master cooper and manufacturers of staves and other cooper's supplies met at the Grand Pacific, Chicago, to formally protest against the manufacture of barrels by convict labor.

June Rise Reaches Kansas City.

The June rise in the Missouri River has reached Kansas City. No danger from flood is apprehended. The Missouri River is at present eight feet and three inches below the maximum of May 21.

A Painter's Fatal Fall.

At Sedalia, Mo., William Sheehan, aged 30 years and unmarried, fell a distance of eighty feet from the top of a smokestack that he was painting at a mill, and sustained fatal injuries.

DEATH IN ITS TRACK.

EIGHT KILLED AND MANY HURT IN A STORM.

Explosion at Mare Island Navy Yard Kills Twelve of the Boston's Crew—Five Battleships Building—Bill Ament the Currency Introduced by Mr. Peffer.

Cyclone in Minnesota.

Orono Point, Lake Minnetonka, Minn., was crossed Monday morning at 7:30 by a cyclone, which formed on the surface of the lake and swept across the peninsula with irresistible force. The residence of George A. Brackett was wrecked and all the fine trees surrounding the house, most of them fifty years' growth, were uprooted and now lie in tangled masses in the center of the wrecked cottage. Hardly a tree is left standing along the route of the storm.

MR. PEFFER'S BILL.

The Kansas Senator Speaks on His Currency Measure.

The bill introduced by Mr. Peffer on May 26 to increase the currency and provide for its circulation, to reduce the rates of interest, and to establish a bureau of loans, was taken from the table and Mr. Peffer addressed the Senate in explanation and advocacy of it. It provides for the appointment by the President of three commissioners, to hold their office in Washington, whose duty it shall be to establish loan agencies, one at the capital of every State and Territory and at other convenient places—such loan agency to be known as the Central Loan Agency for that State or Territory. The business of these local agencies is to be to lend money to the people on the plan of well regulated real estate and loan agencies, secured by real estate. The loans are to be for not less than one year nor longer than (blank) years. They are to be for not less than \$100 nor more than \$2,500 to any one person or family. There is no provision as to the rate of interest. In order to provide funds, treasury notes are to be issued, equal in amount to \$1.50 for every dollar's worth of gold and silver coin and bullion belonging to the United States—the bullion to be estimated at its coinage value. No banking firm, company, or corporation is hereafter to receive interest at a higher rate per annum than 5 per cent. for short time or 4 per cent. for a year or longer.

A HOWLING TERROR.

A Fearful Storm Kills Many People and Destroys Property at Chicago.

Never in the history of the signal service in Chicago had the wind gained so great velocity as it did Monday. For two minutes it went driving through the city at the rate of eighty miles an hour. It carried along great sheets of water and created widespread havoc. It tore against buildings and left a scar; it unroofed the big Democratic convention wigwag on the lake front; it dug into the streets and ripped the pavements from their concrete beds; it seized great beams of wood and bore them hurrying through the air; it drove men from the thoroughfares and transformed gutters into rivers. Rumors of falling buildings, of killed and maimed men and women, went flying through the city for hours after the storm had passed on. The first reports largely exaggerated the loss of life and injuries to persons. An authentic list of the killed foots up eight, and of the injured fifteen.

FIVE NEW WARSHIPS.

Condition of the Work Upon Them at Cramps' Shipyard.

Work on the cruisers and battleships under construction at Cramps' shipyard at Philadelphia progresses steadily. In spite of the numerous delays due to changing the material of the protective deck and non-delivery of all armor, the twin-screw armored cruiser New York is rapidly approaching completion. She is lying at the wharf, and is about nine-tenths finished. The joiner work is well advanced, and the four engines are nearly erected on board. Outwardly the vessel does not look much different from what she did when she was launched. A great part of the deck structure is in place. The main bridge has recently been erected. On the wharf are the boilers ready to be put into the hold. Under a shed in the upper part of the yard are the iron masts, ready to ship. Their fighting "tops," which will contain machine guns, are large enough to hold a half-dozen men with comfort.

KILLED BY SHELLS.

Twelve Seamen at Mare Island Navy Yard Blown to Pieces.

A dispatch Monday morning from Vallejo, Cal., says:

A report which shook this town like a sharp shock of earthquake was heard at 11:30 o'clock this forenoon, and was followed by the ringing of alarm-bells at the Mare Island Navy Yard. When the great volume of smoke at the yard cleared away, it was found that the explosion had taken place at the shell-house of the naval magazine. The burned and charred bodies of two apprentice seamen were found on the beach 200 yards from the scene of the explosion. A third body was at the same time on the way to the hospital. In the midst of the ruins were seen bodies scattered here and there. When collected the dead numbered twelve, with Gunner Hittinger of the cruiser Boston at the head. The bodies were greatly disfigured, some being cut in two, and nearly all minus limbs.

Suspension of Hostilities.

Everything is yet quiet in Buffalo County, Wyo. Round-ups are proceeding harmoniously without event of any kind marring the peace. The report of the hanging of four men is a canard. The county was never in a more quiet or settled condition and no one can account for the sending of troops here unless it be the culminating point of a plot to kill the country's civilization and prosperity. Private dispatches state that Government troops are on route, and it is the general belief that martial law will be declared when they are in position.

Troublesome Indians.

More trouble is being had with the Osage Indians. Deputy Marshals who went out to arrest them for recent outrages perpetrated on Charles McBride were driven off the reservation. Reliable news is brought that a party of Indians captured a man traveling alone, and, after holding a war dance around him, tore off his scalp.

Want Union with the United States.

A fairly well attended meeting of the Continental Club was held at Windsor, Ont., and the question of the political union of Canada with the United States was discussed. At the end of the speaking a ballot was taken which resulted in 204 for political union; independence, 8; imperial federation, 5; statu quo, 43.

No Instructions in Mississippi.

The Mississippi Democratic delegates to Chicago have no instructions, but are urged to vote for the best man.

SWINDLERS USING RAISED BILLS.

One and Two Dollar Notes Made to Resemble Tens and Twenties.

At the McKeesport (Pa.) First National Bank there were discovered several bills of United States currency which had been raised from \$1 and \$2 bills up to \$10 and \$20 bills. They were deposited by prominent merchants who had unsuspectingly taken the money. The bills had been altered by the use of acid and lead pencil. The work was not at all that of experts. A dispatch from Canton, Ohio, says that Isaac Stains, who claimed McKeesport as his home, had been arrested and placed in prison there on a charge of passing a raised bill. The bill looked a little queer, and upon close inspection it was found that it had been raised from \$1 to \$2. Stains said that he received the bill in a Pittsburg poker-room.

IOWA'S THIRD PARTY.

Convention of the New Organization at Des Moines.

The Iowa People's Party State Convention at Des Moines had about 200 delegates and visitors. W. H. Robb was chosen Chairman of the State Committee; Richard Olney, Secretary; and M. L. Wheat selected to present the name of J. B. Weaver for President at the national convention. The platform indorses the sub-treasury scheme or something better and 2 per cent. loans, the increase of money to \$50 per capita, a graduated income tax, postal savings banks, asserts that land is the heritage of all the people and that the Government should own and operate railroads. A separate resolution was passed declaring that James B. Weaver is a proper man to make the race for the Presidency and commending him to the Omaha convention.

RAILROAD ACCIDENT IN GEORGIA.

Three Persons Killed and Several Others Injured.

An accident occurred on the Atlanta and Chattahoochee River Road at Atlanta, Ga. Three persons were killed and several injured. About one hundred people got on the train destined for the Chattahoochee River. When near the bottom of a steep grade the front car mounted the rails and turned over down an embankment about fifteen feet high. The car was completely demolished.

Cadets Provided with Bicycles.

At Toledo, Ohio, Adjutant General Peacock authorized the Toledo cadets to equip themselves with bicycles as a part of their armament. This is the first company in the United States to add bicycles to its equipment. They won the first prize at Washington a few years ago for superior drilling.

Oil Tanks Fired from the Sky.

A destructive rain, hail and wind storm struck St. Mary's, Ohio, and wrought considerable damage in the oil fields. On the Le Blonde farm, a 500-barrel oil tank was struck by lightning, and the oil was completely consumed. In the upper field a 36,000-barrel tank was fired by lightning, and it destroyed property worth \$25,000.

Twenty-two Candidates Ordained.

At the World's Scandinavian Synod, in session at Lindsborg, Kan., with 500 delegates, twenty-two candidates for the ministry were ordained. The officers elected are: Rev. P. J. Svard, President; Rev. M. C. Ranssen, Vice President; Rev. C. M. Esbjorn, Secretary; C. G. Thulin, Treasurer.

Stringing Wires to Chicago.

The Western Union Telegraph Company, after signing the contract of the Chicago Board of Trade to deliver the grain price of the board by tickers, in New York, immediately began to string wires between the two cities, and put on a force of men to work on the different circuits.

Flowers for the Convicts.

The Joliet, Ill., Woman's Christian Temperance Union took 1,400 flowers to the penitentiary, 120 to the county poor farm, and twenty-five to the jail, and gave them to the inmates. They have made a practice of giving flowers to the prisoners on the ninth of June for years.

Cleveland Wins in Texas.

In the Texas Democratic convention a free silver plank was adopted. The question of instructing for Cleveland came up. The delegates stand 16 for Cleveland to 11 for Hill.

Negro Criminal Hanged.

At Bastrop, Texas, the negro, Tobe Cook, convicted of the murder and outrage of Miss Ida Belle Moore, a young white woman, was hanged inside the jail.

Three Bitten by a Vicious Dog.

At Chicago three persons were bitten by a vicious dog. By a lucky shot an officer killed the animal just as it was about to attack him.

Emin Pasha Reported Dead.

The Berlin Tageblatt's Zanzibar dispatch says English reports via Mombasa confirm the death of Emin Pasha.

DOINGS OF CONGRESS.

MEASURES CONSIDERED AND ACTED UPON.

At the Nation's Capital—What Is Being Done by the Senate and House—Old Matters Disposed Of and New Ones Considered.

The Senate and House.

There were just twenty-five Senators present in the Senate during the morning hour, on the 8th, two-thirds of them being on the Democratic side. Vice President Morton was in the chair. A bill to increase to \$1,000,000 the appropriation for a public building at Portland, Ore., was reported and placed on the calendar. Mr. Dolph read an argument in support of the bill introduced March 9 providing for the irrigation and reclamation of arid lands for the protection of forests, and the utilization of pastures. The pension deficiency bill was laid before the Senate and referred to the Committee on Appropriations. The members of the House were in a very listless mood and went into committee of the whole. Mr. Montgomery, of Kentucky, in the chair, for the consideration of the agricultural appropriation bill. There was a general debate and the bill was read by paragraphs for amendment.

In the House, on the 9th, the day was given to the Committee on Judiciary, who occupied over five hours in discussing measures on the calendar. Among the bills passed were: Providing that a poor person who may sue in a United States court shall not be required to give security for costs and permitting the court to assign counsel in such cases; punishing by death a killing committed in any place under United States jurisdiction; punishing murder in the second degree by life imprisonment or not less than ten years; punishing manslaughter by imprisonment of not less than one nor more than twenty years; repealing the statute requiring every farmer and planter producing and selling leaf tobacco to furnish a statement of sales and the names of persons purchasing the tobacco. In the Senate, Mr. Morgan, Democrat, of Alabama, called up Senator Stewart's bill for the free coinage of gold and silver. After Mr. Morgan finished his remarks, the pension deficiency bill was passed. Mr. Jones, of Arkansas, then spoke on the Stewart free coinage bill, after which the Senate adjourned until the 13th.

An attempt was made to secure the passage of bills on the private calendar in the House on the 10th, and after two hours devoted to attempts to secure a quorum and repeated calls of the House, the program was abandoned. Many bills authorizing the building of new bridges were passed. Mr. Wise (Dem.), of Virginia, submitted a report from the Committee on Interstate Commerce on the resolution for an investigation by that committee on the Reading Railroad combination deal and asked that it be considered on the 13th. The resolution was ordered printed. The House then adjourned until the 13th.

The House on the 13th passed the Senate bill to protect settlement rights where two or more persons settle on the same section of agricultural public lands before survey thereof. Secretary Foster sent a letter to Speaker Crisp asking for an appropriation of \$250,000 for adequate precautions at the World's Fair for the protection of revenue from customs, and for the supervision of importation. In the Senate the pension appropriation bill, with amendments, was reported back by the committee and placed on the calendar. The bill carries a total of \$146,737,000, which is an increase of \$11,912,000 over the House bill and is \$237,200 less than the estimate.

HOLLAND CITY NEWS

G. VAN SCHELVEN, Editor.

SATURDAY, JUNE 18, 1892.

Republican Nominations.

FOR PRESIDENT—

Benjamin Harrison,
OF INDIANA.

FOR VICE-PRESIDENT—

Whitelaw Reid,
OF NEW YORK.

Our Republican Nominees.

The result of the Republican National Convention has been hailed with satisfaction throughout the length and breadth of the country.

It was but natural for President Harrison to be antagonized, and that too by eminent men in the party. Such is the nature of our institutions, and the privilege of its citizens.

Presidential re-nominations are not increasing in favor, and unless for exceptional reasons the one-term principle should prevail.

The administration of President Harrison however reaches to such a height of pre-eminence, that the action at Minneapolis was inevitable. The portrayal thereof by Mr. Depew in his speech seconding Mr. Harrison's nomination was destined to make it irresistible.

"Not since Thomas Jefferson has any administration been called upon to face and solve so many or such difficult problems as those which have been exigent in our conditions."

No administration since the organization of the government has ever met difficulties better or more to the satisfaction of the American people.

Chili has been taught that no matter how small the antagonist, no community can with safety insult the flag or murder American sailors.

Germany and England have learned in Samoa that the United States has become one of the powers of the world and no matter how mighty the adversary, at every sacrifice American honor will be maintained.

The Behring Sea question, which was the insurmountable obstacle in the diplomacy of Cleveland and of Bayard, has been settled upon a basis which sustains the American position until arbitration shall have determined our rights.

The dollar of the country has been placed and kept on the standard of commercial nations and a convention has been agreed upon with foreign governments which, by making bi-metalism the policy of all nations, may successfully solve all our financial problems.

The tariff, tinkered with and trifled with to the serious disturbance of trade and disaster to business since the days of Washington, has been courageously embodied into a code which has preserved the principle of the protection of American industries.

To it has been added a beneficent policy, supplemented by beneficial treaties, and wise diplomacy, which has opened to our farmers and manufacturers the markets of other countries.

The navy has been built upon lines which will protect American citizens and American interests and the American flag all over the world.

The public debt has been reduced. The maturing bonds have been paid off. The public credit has been maintained. The burdens of taxation have been lightened. Two hundred millions of currency have been added to the people's money without disturbance of the exchanges.

Unexampled prosperity has crowned wise laws and their wise administration.

No sooner had the intelligence of the re-nomination of President Harrison reached this city on Friday afternoon, but what the Holland Republican Martial Band began to arrange for a local demonstration, reflecting the general sentiment of the Republicans of this city. Although it was hastily gotten up and on a limited scale the affair was very creditable to the boys and alike pleasing to the friends and admirers of our worthy executive. Followed by a large wagon from which an uninterrupted display of fire-works and bengal lights were sent off, they paraded through the principal streets of the city, and came to a halt in front of the office of Mr. G. J. Diekema, requesting him to make a few remarks responsive to the occasion, to which this gentleman readily responded and in a brief, impromptu address, ratified the action of the national convention in again presenting the name of Benjamin Harrison for the suffrages of an intelligent, appreciative and patriotic people.

College Items.

President Scott and Prof. G. J. Kollen returned from the east, Saturday. The latter reports favorable progress in matters connected with the new library building.

The new president's house on the campus is finished, and awaiting occupancy.

The grounds at and about Van Vleck hall have never presented a more attractive appearance than they do this year.

Committees on the annual awards of the "Birkhoff Prizes" have been appointed as follows: Best essay in the English language—Rev. P. De Bruyn, Grand Haven; H. D. Post, Holland; C. Van Loo, Zeeland. Best essay in the Holland language—Rev. A. Zwemer, Spring Lake; Rev. J. Van Houten and Joh. Dykema, Holland.

T. W. Mullenburg, of the class of '89, after taking a theological course east, has been appointed a missionary to Amoy, China.

The puzzling query among the members of the graduating class is, how many years it will take before their names can appear in the Annual Catalogue.

The examinations thus far have been very satisfactory.

The number of visitors during commencement week this year promises to be unusually large.

The committee charged with pre-

senting a name as successor to retiring President Scott have given that matter due consideration, and their report is being anxiously awaited.

The council will meet on Tuesday, at 10:00 a. m.

Rev. Dr. J. W. Beardslee will be formally installed as professor in the Western Theol. seminary, at the opening of the new school year in September.

At the meeting of the Synod of the Ref. church last week three appointments were made of members of the council of the institution: Mr. A. Visscher of Holland, to succeed himself; Rev. P. Moerdyke of Chicago, vice P. Steketee of Grand Rapids, declined; and Rev. Dr. C. Brett, of Jersey City, N. J., vice Rev. W. J. R. Taylor, of New York, deceased. It was suggested by some of the ungodly that an effort be made at this time to give the friends and patrons of the institution and the Alumni outside of the clerical profession a more respectable representation numerically in the Council than they have hitherto been granted, their ratio at present being just 4 out of 22. Fortunately, this wicked attempt has been frustrated—it would so secularize the institution, you know.

The program of the festivities and exercises for the coming week is as follows:

Sunday, June 19, 7:30 P. M.—Baccalaureate Sermon, in the First Ref. church, by the President, Rev. C. Scott, D. D.

Monday, June 20, 2:00 P. M.—Closing Exercises of the "A" or Graduating Class of the Grammar School, in the College chapel.

Monday, June 20, 7:30 P. M.—Anniversary of the Ulfias Club, in the College chapel. (These exercises are in the Holland language.)

Tuesday, June 21, 7:30 P. M.—Public Exercises of the Alumni, in the College chapel.

Oration—Rev. R. Bloemendal, Chicago, Ill.

Poem—Rev. A. Vennema, Port Jervis, N. Y.

Chronicles—Rev. S. J. Harmeling, Marion, S. Dak.

Wednesday, June 22, 7:30 P. M.—General Commencement in the Third Ref. Church.

The graduating class includes the following young gentlemen: Gerrit H. Dubbink, Oversel, Mich.; Peter Huser, Beaverdam, Mich.; Geo. E. Kollen, Oversel, Mich.; John Luxen, Holland, Mich.; Albert Oosterhof, Spring Lake, Mich.; Andrew J. Reeves, Stillman Valley, Ill.; Philip Soulen, Milwaukee, Wis.; Cornelius M. Steffens, Holland, Mich.; Herman Van der Ploeg, Holland, Mich.; Homer Van Landegend, Holland, Mich.; Henry J. Veldman, Grand Rapids, Mich.

The address on Commencement evening will be delivered by Rev. Dr. G. H. Mandeville of New York city, and the music by Schubert's Male Quartette, of Grand Rapids, Mich.

A cordial invitation is extended to all to attend these public exercises.

The last meeting of the college Y. M. C. A., on Thursday evening, was well attended. It was an enthusiastic praise meeting, led by F. Ferwerda.

The B. class will picnic on Saturday and the C class on Tuesday.

Another Collision on Lake Michigan.

Hardly had the public recovered from the shock produced by the late collision between the steamers Pilgrim and Kalamazoo, but what the report reached them of another, similar, accident on Lake Michigan, Sunday night, between 10 and 11 o'clock, about 17 miles off Milwaukee, between the steamers Douglas and A. E. Wilds. The latter is a lumber-carrying craft, and had left Chicago that same evening, without a cargo, for Escanaba, Mich. The Douglas is a small passenger steamer and was on her usual night's run between Milwaukee and Muskegon, and had cleared Milwaukee that same evening. The reports conflict as to whether the night was clear or foggy. Both boats were running at their usual speed, when the Douglas struck the Wilds on the port side abreast of the coal bunkers and crashed into her fully five feet. The mate, after a hurried investigation, reported the Wilds to be sinking. Distress signals were then sounded and met with prompt response from the Douglas, which had stopped less than a quarter of a mile away for an investigation of her injuries. The crew of the Wilds were all taken on board with as much of their effects as they could hastily gather up, and in a very short time thereafter their vessel went to the bottom in water so deep as to render recovery impossible. The injury sustained by the Douglas consists of a broken stem.

Capt. Wilds says he saw the Douglas a considerable time before the collision. Her green light was shut from view at first, but as she neared the Wilds her course was changed so as to open both lights. Capt. Wilds promptly ordered the course of his steamer changed with the view of averting a collision, and if this could not be accomplished then to make the blow of the Douglas a glancing one.

Capt. Coates, of the Douglas, had gone into the cabin a short time before the boats came together, leaving the deck in charge of the lookout. Apparently the latter did not discover the proximity of the Wilds until she was too close at hand to be avoided, as he describes her as having suddenly shot out from a bank of smoke directly in front of the Douglas.

The Douglas had 20 people on board and returned to Milwaukee with the shipwrecked crew at 12 o'clock Sunday night, where she discharged what freight she had on board and was placed in dry dock for a new stem. She leaked only a trifle as the result of her injury.

The sunken boat was owned by A. E. Wilds of Chicago, her captain, who valued her at \$5,000. She was insured for \$18,000. The underwriters instructed their Milwaukee agents to secure statements of the crew of the Wilds to prepare for the suit which will be brought against the Douglas in case it is proved that the latter's crew were to blame for the accident.

The Douglas was formerly owned by Saugatuck parties, but was sold about four years ago, and belonged now to the McElroy Transportation Co. of Milwaukee. She is valued at \$10,000.

A later report says that the Douglas had been running excursions out of Milwaukee all Sunday and the crew

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osceola,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kitcheloe,
Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

were so tired that they could not attend to the ordinary duties, and that this will constitute a part of the basis of the suit libeling the Douglas for \$25,000, the value of the sunken boat. It is likely that the Douglas will be surrendered the same as the steamer Pilgrim was to the owners of the lost Kalamazoo, her owners not making a contest.

The wonderful "New Process."

The Original
Evaporating
Vapor Stove.

A stove that lights like gas,
A stove that makes no smoke,
A stove that never gets out of order!

Do not class this with other Vapor Stoves. If we had nothing better than that already in the market, we would not go to the trouble and expenses of calling your attention to it.

We ask you to call to see the "NEW PROCESS" in operation. By actual test during the past two years it has been proven that the "NEW PROCESS" consumes less gasoline for the amount of heat given than any other style or kind of Vapor Stove.

Every family should possess one of these "NEW PROCESS VAPOR STOVES." They are rapidly superseding all others.

For the HOLLAND CITY NEWS.

Was it an Inspired Article?

I again find an article in the Ottawa County Times of June 17th, and this time the editor has taken two weeks to write the same, sitting up part of the time until two o'clock in the morning, straining at gnats and swallowing camels.

It was not my intention to again take the trouble of answering him, but

as he still continues I will satisfy him briefly.

The editor appears to be merely satisfying a few cranks that desire to have our city aired, as they see it. Holland is a quiet place, and its good name cannot be brought into reproach by the Ottawa County Times. Others have labored long and faithfully to advance its reputation along various lines but now comes a country kicker to tell us how things should be conducted. Holland is not moving backward; it is advancing in all things alongside its progressive neighbors, and will maintain its integrity. Neither can an untruthful editor sling mud at any of its officials, or injure them in any way by false statements.

I herewith publish a statement made by Ald. J. A. Ter Vree. It speaks for itself. Mr. Ter Vree is well known by all, and the statement is made by him because of his love for the truth. If anyone will but read the past articles of the Times he will see how wide open the editor has laid himself regarding the truth.

As far as myself taking a free ride at such a fast gait as the editor speaks of, when it can be obtained free, I would say that I will compare any Keppel alongside any Manting on the dead-beat line. Let the public judge. In stating that I simply sign my name to some written articles, I would say this—that it does not take a college education to write the truth; but to cover up truth, is the work of an expert.

Beyond this there is nothing to answer, and we take final leave of the boy-editor.

B. KEPPEL,
City Marshal.

STATEMENT OF ALD. TER VREE.

I was in R. Kanter's basement one or two days after the Becker episode, engaged in conversation with him, and just then the editor of the Times passed by. Mr. Kanter called him in and told him about the row at Becker's the other morning, and said to the Editor that he (Kanter) had copied an article from the Times about the Marshal in *de Hope*, and that now he must take up this article and write the Marshal up or words to that effect.

CROWDED THE HALL.

BIG ATTENDANCE AT THE CONVENTION.

Committee on Credentials Submit a Minority Report—Harrison Men Become Greatly Excited—The Light That Failed—Platform Read by Foraker.

Wednesday's Proceedings.

Minneapolis Dispatch:

It was close to noon and the hall was crowded to its utmost capacity when Chairman Fassett called the Republican National Convention to order, Wednesday. The proceedings were opened by prayer by Bishop Whipple, of Minneapolis.

Hon. E. C. Lockwood, of Idaho, presented the report of the Committee on Organization. A wild scene took place when the committee reported Governor William McKinley, of Ohio, for permanent Chairman. Hon. Samuel Fessenden of Connecticut, ex-Senator Spooner of Wisconsin, and General William Mahone of Virginia were appointed a committee to escort Governor McKinley to the chair. A magnificent reception was given the Governor when he stepped upon the platform.

Temporary Chairman Fassett retired amid great applause and there were prolonged and renewed cheers and waving of banners, after which Governor McKinley began as follows:

"Gentlemen of the convention: Here he was interrupted by cries of three cheers for McKinley. The vast audience arose and shook the building with cheers for Ohio's Governor. After the applause had subsided, Mr. McKinley proceeded with his address.

The speech was greeted with prolonged cheering. At its close there were repeated cries of "Douglas," and the venerable ex-slave came forward and bowed his thanks.

After Governor McKinley's speech, Mr. Bingham of Pennsylvania submitted the report of the Rules Committee making the rules of the Fifty-first (the Reed) Congress the rules of the convention, with necessary modification. The report was adopted. The Committee on Resolutions were also given further time in which to report. The roll of States for nominations for National Committeemen was then called.

The chairman then announced that the next business was the naming of candidates for the Presidential nomination. There was an excited buzz, and Senator Cullom jumped to his feet and asked that the list of States be read to name honorary Vice Presidents.

Mr. Ingalls got up and asked that rule 3 be read. Clerk Johnson read this rule, which provided that the reports of the Committees on Credentials and Rules must be acted upon before any nominations were made for President and Vice President. Chairman McKinley gracefully accepted the correction and withdrew his announcement.

On motion of Mr. De Young, of California, the convention adjourned until Thursday morning at 11 o'clock. There were cries of "No" as the motion to adjourn was made, and the vote in its favor was small; but the Chairman put it quickly and quickly declared it carried.

Thursday's Session.

The convention was called to order at 11:20 o'clock Thursday morning, but as the Committee on Credentials had not yet ready to report the convention adjourned, after a session of a quarter of an hour, until 8 o'clock in the evening. Pennsylvania and Ohio were notably in favor of adjournment, while Wisconsin, Missouri and several of the strongly Harrison States were opposed. An Illinois delegate introduced a resolution providing that all Grand Army men shall be admitted to standing room in the house and permitted to occupy all seats remaining vacant thirty minutes after the beginning of each session. This resolution was referred to the Committee on Rules and Order of Business.

The convention was called to order in the evening shortly after 8 o'clock, and continued in session until 1:30 o'clock Friday morning. Almost all the time was occupied in a heated debate over the majority and minority reports of the Credentials Committee. A test vote taken at mid-night indicated a majority of the delegates to be in favor of Harrison. The vote was on the adoption of the report of the Committee on Credentials, but was generally looked upon as a fair test of the strength of the opposition. The result of the ballot was enough to start the President's shouters afresh. They had previously held a caucus and claimed to have the pledges of enough votes to secure Mr. Harrison's nomination.

Every available space in the great and splendid convention hall seemed to have been filled up at the preceding session, but it was for the night session to test the capacity of this great hall, and it was packed almost to suffocation. The announcement of the Committee on Credentials that a minority report would be submitted caused considerable excitement and there was painful suspense, while the two reports were being orally submitted, as to what would follow.

The majority report recommended that twelve Harrison delegates in Alabama, Mississippi and Louisiana be seated in place of the same number of Blaine men given places on the temporary roll, and the minority recommended that the twelve Blaine men on the temporary roll be placed on the permanent roll. The report of the committee also covered contests in Texas, Kentucky, Maryland, South Carolina and North Carolina and District of Columbia, but there was no political significance in these contests and the report was unanimous on these cases.

The majority report sustained the National Committee as to 23 votes and reversed the National Committee as to 17 votes.

When Chairman Cogswell moved that the majority report be adopted he was loudly cheered by the Harrison delegates, and when Chauncey I. Filley, of Missouri, moved to substitute the minority report therefor, the applause which followed from the Blaine delegates told the galleries that the long-expected fight between the Blaine and Harrison forces was on.

The roll call on the adoption of the minority report of the committee on credentials proceeded.

When Texas had been reached in the call of the roll the electric lights in the vast hall began to wane for a few seconds. Had it not been for the faint glimmer of a few scattering gas lights endowing the room the convention would have been in total darkness. This caused an immediate cessation of the proceedings, and the band in the gallery played "We won't go home until morning," while a messenger was hurriedly dispatched to the plant of the electric company to call for lights.

After waiting several minutes for lights Mr. Miller of New York addressed the convention trying to secure an adjournment, but without success. At this point the electric current was again turned on, and after the applause caused by the additional light had subsided, the convention proceeded with business.

At the conclusion of the roll call, Chairman McKinley said: "On this vote for the substitute of the majority report in Alabama, the nays are 434 and the yeas are 493, and the motion is lost."

Motion to adjourn failed to carry, and the roll was called on the adoption of the majority report on delegates-at-large from Alabama, Pennsylvania having demanded it, and New York and Colorado seconded the demand. The vote resulted 476 yeas and 3654 nays.

A mighty yell greeted the announcement of the Harrison victory. Canes, hats, handkerchiefs, anything that could be grabbed, were swung wildly in triumph, while the dome seemed to tremble with the terrific roars of applause.

An attempt to adjourn the convention at this interesting juncture failed. The hour proposed was 10 o'clock in the morning, but it was decided by a substantial majority to proceed with the business of the convention without delay. Mr. Depew, the leader of the Harrison forces, was asked if he was satisfied with the test. "Yes," he replied smiling, "and we will be twenty-five votes strong on the main question."

Gov. Foraker asked the unanimous consent of the convention to the reading of the platform as prepared by the committee on resolutions. The platform was read and adopted, notwithstanding a plea from Hiseock to give the advocates of irrigation of arid lands in the West a chance to be heard. The convention then adjourned until 11 o'clock Friday morning.

Waves Without Wind.

Occasionally there appears a great wave sweeping across the calm surface of the ocean in the fairest weather and when no wind is blowing. There are few perils of the sea more to be dreaded than such a wave. Fortunately they are very rare, yet more than once a ship has encountered one. Only a short time ago the Etruria was met by a wave of this kind, which rolled upon her like a wall of water, and, breaking against her sides, swept the deck with irresistible force, killing one sailor and seriously injuring others.

A smaller and less stanch vessel might have been overwhelmed and sent to the bottom by the blow. The cause of these singular waves is believed to be some disturbance of a volcanic nature at the bottom of the sea. Volcanoes exist in the ocean as well as on land—in fact, nearly all the volcanoes known are on or near the sea coast. It is easy to see that an upheaval at the sea bottom may start a billow at the surface of the water when we remember that huge waves have been sent across the Pacific Ocean to San Francisco by volcanic shakings of the earth on the borders of Asia.

The world under water is not only three times as extensive as that which is covered only with air but it possesses many of the same great natural phenomena on a scale that is perhaps proportionately vast but of whose existence we are made aware only by such indications as the volcanic ocean waves that ships occasionally encounter.

His Reluctance Exposed.

A well-known artist, who hitherto has been a great enthusiast for the propagation of "art among the masses," sends us, says the London Telegraph, the following story, which leads him to take a rather gloomy view of the situation. For the purpose of a picture on which he was engaged he required a well-kept donkey as a model, and commissioned a friend to hire such an animal. A costermonger was found possessed of one in every way suitable, and was told that an artist would be glad to paint the "moke." The owner looked annoyed, even angry, at the request. He called at the gentleman's house, and said:

"I understand you want to paint my donkey?"

"Yes," replied the artist; "I shall be very pleased if you will allow me."

"Why," continued the coster, "ain't he a good enough color already?"

From a painter's point of view, the question was unanswerable, and set the artist pondering on the great work that still remains to be done in the art education of the people.

HARRISON THE MAN.

RENOMINATED BY THE REPUBLICANS.

REID IN SECOND PLACE.

NAMED BY ACCLAMATION FOR VICE PRESIDENT.

Delegates Lined Up to Their Instructions—McKinley Polls a Large Vote—Reid Complimented—The News Received by the President and Mr. Blaine.

Friday's Work.

Minneapolis Dispatch:

A sharp tap of the gavel at 11:35 on Friday morning checked the hum of ten thousand voices in the great convention hall, and a moment later Chairman McKinley ordered the aisles cleared and some sort of order established.

"The regular order," resumed the Chairman, "is the presentation of candidates for President of the United States." Cheers followed this announcement.

It was decided that the roll of States should be called and when Colorado was reached Senator Wolcott, of the Silver

Colonel Clarkson, of Iowa, who seconded the motion.

Gov. McKinley resumed the chair and said: President Harrison having received a majority of all the votes cast, as the nominee of this convention, shall it be made unanimous?

Cries—"Yes," "Yes," "Yes." The Chairman—Those in favor will say aye.

The response was general, and without calling for the nays Chairman McKinley said: "It is a unanimous vote." (Cheering long and continued.)

Mr. Depew then moved that the convention adjourn until 8 o'clock in the evening, and the motion prevailed.

The concluding session of the convention began with these words by Gov. McKinley: "The order of business is the presentation of candidates for Vice President of the United States. The secretary will call the roll of States and Territories."

The secretary proceeded with the call of the roll until New York was reached, when Senator O'Connor, of the Empire State, was recognized, and in a brief speech presented the name of Hon. Whitelaw Reid, of New York. Governor Bullock of Connecticut gave a hearty second to the nomination, and as there were no other names offered, Mr. John A. Hutcheson, of West Virginia, asked that the nomination of Mr. Reid be made by acclamation. The motion was seconded.

The Vote in Detail.

The following is the vote in detail as

BENJAMIN HARRISON.

State, arose. Instantly the Blaine men burst into wild and enthusiastic cheers, and all doubt as to the presentation of the name of James G. Blaine was now removed.

Wolcott made a rattling speech and was applauded from start to finish. Wolcott said he was proud to cast his vote for a man who always sought everything for his country and nothing for himself. Blaine, he declared, had never been President of our country, but he "will be."

Wolcott spoke for only ten minutes, and as he left the platform he was followed by a storm of applause, which continued for at least ten minutes, while many delegates sprang to their feet and shouted "Blaine, Blaine."

When Indiana was reached Col. "Dick" Thompson arose to nominate Harrison. The name of Harrison provoked enthusiasm that was a revelation. It looked as if every delegate arose to his feet and waved a fan or a handkerchief, and the noise continued for a full ten minutes and was taken up

The news was immediately telegraphed to Washington and to Boston, where Mr. Blaine is stopping.

AT THE WHITE HOUSE.

Scene in President Harrison's Room on Reception of the News.

(Washington dispatch.)

The scene in the White House Friday afternoon was a memorable one. The telegrapher's office was crowded with a distinguished party. Postmaster General Wanamaker sat at the corner of the desk with his tally-sheet prepared for half a dozen candidates. On a little table near the instruments Private Secretary Halford rested his tablet and pencil. Russell Harrison made himself at home on a desk behind the instruments. Three or four representatives of newspapers were provided with seats, and as the news came in Mr. Halford read it aloud; then hastened to give the dispatches to the President.

Mr. Tibbitts, the President's stenographer, is also a telegrapher, and he heard the ticks which told of the nineteen votes for Harrison in the Pennsylvania delegation. "I do not propose to wait for that news to be typewritten," and away he went to the President to tell him of an unexpected gain. It was a few minutes later when the operator reported "Harrison nominated." Up jumped Halford and down came Russell Harrison from his perch on the desk.

Miss Halford asked her father for the privilege of taking the good news to the President. Three minutes later, father and daughter hastened to give to the victorious candidate the little printed slip which irrevocably settled the contest.

REPUBLICAN PLATFORM.

All the Usual Features Disposed of Much as in Previous Years.

The following is the platform as adopted by the Republican National Convention at Minneapolis:

The representatives of the Republicans of the United States assembled in general convention on the shores of the Mississippi River, the meeting bond of an indestructible republic, whose most glorious chapter of history is the record of the Republican party, congratulate their countrymen on the majestic march of the nation under the banners inscribed with the principles of our platform of 1888, vindicated by victory at the polls and prosperity in our fields, workshops and mines, make the following declaration of principles:

Reaffirm Protection Doctrines.

We reaffirm the American doctrine of protection. We call attention to its growth abroad. We maintain that the prosperous condition of our country is largely due to the wise revenue legislation of the Republican Congress. We believe that all articles which cannot be produced in the United States, except luxuries, should be admitted free of duty, and that on all imports coming into competition with the products of American labor there should be levied duties equal to the difference between wages abroad and at home. We assert that the prices of manufactured articles abroad have been reduced under the operation of the tariff act of 1890.

We denounce the efforts of the Democratic majority of the House of Representatives to destroy our tariff laws by piecemeal, as is manifested by their attacks upon wool, lead and lead ore, the chief products of a number of States, and we ask the people for their judgment thereon.

Success of Reciprocity.

We point to the success of the Republican policy of reciprocity, under which our export trade has rapidly increased and new and enlarged markets have been opened for the products of our farms and workshops. We remind the people of the bitter opposition of the Democratic party to this practical business measure, and claim that, executed by a Republican administration, our present laws will eventually give us control of the trade of the world.

On the Money Question.

The American people from tradition and interest favor bimetalism, and the Republican party demands the use of both gold and silver as standard money, with such restrictions and under such provisions to be determined by the legislature as will secure the maintenance of the parity of values of the two metals, so that the purchasing and debt-paying power of the dollar, whether of silver, gold or paper, shall be at all times equal. The interests of the producers of the country, its farmers and its workmen, demand that every dollar, paper or coin, issued by the government shall be as good as any other.

We commend the wise and patriotic steps already taken by our government to secure an international conference to adopt such measures as will insure a parity of value between gold and silver for use as money throughout the world.

Free Ballot and Fair Count.

We demand that every citizen of the United States shall be allowed to cast one free and unrestricted ballot in all public elections, and that such ballot shall be counted and cast as cast; that such laws shall be enacted and enforced as will secure to every citizen, be he rich or poor, native or foreign born, white or black, the same sovereign right, guaranteed by the constitution. The free and honest ballot, the just and equal representation of all the people, as well as their just and equal protection under the laws, are the foundation of our republican institutions, and the party will never relent its efforts until the integrity of the ballot and the purity of elections shall be fully guaranteed and protected in every State.

Southern Outrages.

We denounce the continued inhuman outrages perpetrated upon American citizens for political reasons in certain Southern States of the Union.

Foreign Relations.

"We favor the extension of our foreign commerce, the restoration of our mercantile marine by home-built ships and the creation of a navy for the protection of our national interests and the honor of our flag; the maintenance of the most friendly relations with all foreign powers; entangling alliances with none, and the protection of the rights of our fishermen. We reaffirm our approval of the Monroe doctrine and believe in the achievement of the manifest destiny of the republic in its broadest sense. We favor the enactment of more stringent laws and relations for the restriction of criminal and contract immigration."

"We favor efficient legislation by Congress to protect the life and limb of employees of transportation companies engaged in carrying on interstate commerce, and recommend legislation by the respective States that will protect employees engaged in State commerce, in mining and manufacturing."

Home Rule for Ireland.

"The Republican party has always been the champion of the oppressed and recognizes the dignity of manhood, irrespective of faith, color or nationality. It sympathizes with the cause of home rule in Ireland and protests against the persecution of the Jews in Russia."

Popular Education.

The ultimate reliance of free popular government is the intelligence of the people and the maintenance of freedom among men. We therefore declare anew our devotion to liberty of thought and conscience, of speech and press, and approve all agencies and educational institutions which contribute to the education of the children of the land; but while insisting upon the fullest measure of religious liberty, we are opposed to any union of church and state.

Opposition to Trusts.

We reaffirm our opposition, declared in the Republican platform of 1888, to all combinations of capital, organized in trusts or otherwise, to control arbitrarily the condition of trade among our citizens. We heartily endorse the action already taken upon this subject, and ask for such further legislation as may be required to remedy any defects in existing laws and to render their enforcement more complete and effective.

We approve the policy of extending to towns, villages, and rural communities the advantages of the free delivery service now enjoyed by the larger cities of the country, and reaffirm the declaration contained in the Republican platform of 1888 pledging the reduction of letter postage to one cent at the earliest possible moment consistent with the maintenance of the Postoffice Department and the highest class of postal service.

We commend the spirit and evidence of reform in the civil service and the wise and consistent enforcement by the Republican party of the laws regulating the same.

The construction of the Nicaragua canal is of the highest importance to the American people, both as a measure of national defense and to build up and maintain American commerce and to be controlled by the United States Government.

"We favor the admission of the remaining territories at the earliest practicable date, having due regard to the interests of the people of the territories and of the United States. All the Federal officers appointed for the territories should be selected from bona-fide residents thereof, and the right of self-government should be accorded as far as practicable."

"We favor cession, subject to the homestead laws, of the arid public lands to the States and Territories in which they lie, under such Congressional restrictions as to disposition, reclamation and occupancy by settlers as will secure the maximum benefits to the people."

The World's Columbian Exposition is a great national undertaking and Congress should promptly enact such reasonable legislation in aid thereof as will insure a discharge of the expense and obligations incident thereto and the attainment of results commensurate with the dignity and progress of the nation.

"We sympathize with all wise and legitimate efforts to lessen and prevent the evils of intemperance and promote morality."

We commend the services and sacrifices of the men who saved the life of the nation, we pledge anew to the veteran soldiers of the republic a watchful care and recognition of their just claims upon a grateful people."

Harrison's Administration.

We commend the able, patriotic and thoroughly efficient administration of President Harrison. Under the country has enjoyed remarkable prosperity, and the dignity and honor of the nation, at home and abroad, have been maintained, and we offer the record of pledges kept as a guaranty of faithful performance in the future.

ANOTHER tunnel delivery at the Jackson prison was averted by the discovery of a scheme. A number of convicts were found to have tunneled as far as the wall, where they met an obstacle. The wall sinks several feet into the ground at this point, and rests on a bed of rock, and, but for this fact, they would, undoubtedly, now be at liberty. Part of the rock had been removed. About a bushel basket full of tools were taken from the tunnel by the prison officials.

HENRY WELSH, an old veteran, has on hand a scheme to make himself famous and wealthy. He will leave Mt. Pleasant July 1 behind a wheelbarrow for the city of Washington, with the intention of pushing it all the way. He expects also to sell it for a fabulous sum to be stored among the nation's relics as an emblem of how big a fool an ordinary man can make of himself. Henry will leave the Court House in Mt. Pleasant at 10 o'clock a. m. of the 1st, and expects to reach the capital in time to participate in the national encampment.

PONTIAC officers arrested the notorious Ben Tutt on a charge of stealing about \$200 worth of dental amalgam and gold plate from the dental rooms of W. Harris and W. This is an old offender, having spent twenty years in prison for burglary and larceny, the last time receiving a fifteen years' sentence for burglary in Detroit. The prisoner was in Pontiac at the time the robbery was committed.

He and another boy started from the factory on a run to see who could reach the water first, with the intention of going in swimming. George was the first to arrive, undressed hurriedly and jumped in, and being overheated and the water, of course, extremely cold, was seized with cramps, and although an excellent swimmer, went to the bottom, from whence his body was taken about an hour afterward. He was an exceptionally good boy and universally liked by his school and playmates.

A Man of Adventure.

John Switzer, who now lives within one mile of Pendleton, thirty-six years ago saved the lives of thirty persons at the Cascades, on the north side of the Columbia River, at a place at that time called the Upper Cascades. John is now old and well, and wears a cane. But when he was a young man and after making thirty persons safe he ran the gauntlet for a mile with other parties, some of whom were wounded, while others were killed by the Yakima and Kikittat Indians. Yet he arrived at the fort safe and sound and in time to care for the wounded in the fort, where twelve soldiers were imprisoned three days and nights.—East Oregonian.

A DEAD SHOT

right at the seat of difficulty, is accomplished by the sure and steady aim of Dr. Sager's Catarrh Remedy. Don't fool around with a pop-gun, nor a "flint-joc," when this reliable "Winchester" is within reach!

Dr. Sager's treatment of Catarrh in the Head is far superior to the ordinary, and where directions are reasonably well followed, results in a permanent cure. Don't longer be indifferent to the verified claims of this unfailing Remedy.

The worst forms of Catarrh disappear with the use of Dr. Sager's Catarrh Remedy. Its mild, soothing, cleansing and healing properties effect a perfect and permanent cure, no matter how bad the case, or of how long standing. It's a remedy that succeeds where everything else has failed. Thousands of such cases can be pointed out. That's the reason its makers back their faith in it with money. They offer \$500 reward for a case of Catarrh which they cannot cure.

It's a medicine that allows them to take such a risk.

Doesn't common sense lead you to take such a medicine?

"An advertising fake" you say.

Funny, isn't it, how some people prefer sickness to health when the remedy is positive and the guarantee absolute.

Wise men don't put money back of "fakes." And "faking" doesn't pay.

DR. TALMAGE'S SERMON.

"PUT ON THE WHOLE ARMOR OF GOD."

An Able Discourse on the Above Text—He Advises His Congregation to Hold a Very High Model—Take Jesus Christ for a Pattern.

A Farewell Sermon.

His sermon was from the text, Ephesians vi. 11, "Put on the whole armor of God."

There is in this text a great rattle of shields and helmets and swords. Soldiers are getting ready for battle. We have had recently in this church new enlistments and I shall address myself to those in this and other churches who are putting on the armor of God, and who may feel themselves to be as yet only raw recruits. "Masterly retreat" is a term often used in military circles, but in religion there is no such thing. It is either glorious advance or disgraceful and ignominious falling back. It would be a strange thing if all our anxiety about men ceased the moment they were converted.

You would almost doubt the sanity of that farmer who, having planted the corn and seen it just sprout above ground, should say: "My work is all done. I have no more anxiety for the field." No. There is work for the plow and the hoe and there must be a careful keeping up of the fences, and there must be a frightening away of the birds that would pillage the field. And I say the entrance upon Christian life is only the implantation of grace in the heart. There is earnest, hard work yet to be done, and perhaps many years of anxiety before there shall be heard the glorious shout of "Harvest home."

The beginning to be a Christian is only putting down a foundation; but after that there are years of hammering, polishing, carving, lifting, before the structure is completed. It takes five years to make a Christian character, it takes twenty years, it takes forty years, it takes seventy years, if a man shall live so long. In other words, a man dying after half a century of Christian experience feels that he has only learned the "A B C's" of a glorious alphabet. The next year will decide a great deal in your history, young Christian man; it will decide whether you are to be a burning and shining light of the church, or a spark of grace covered up in a barrel of ashes.

It will decide whether you are to be a strong man in Christ Jesus, with gigantic blows striking the iron mail of darkness, or a bedwarmed, whimpering, grumbling soldier that ought to be drummed out of the Lord's camp with the "Rogues' March." You have only just been launched. The voyage is to be made. Earth and Heaven and hell are watching to see how fast you will sail, how well you will weather the tempest and whether at last, amid the shouting of angels, you shall come into the right harbor. May God help me this morning to give you three or four words of Christian counsel, as I address myself more especially to those who have just now entered the Christian life.

My first word of counsel is, Hold before your soul a very high model. Do not say, "I wish I could pray like that man, or speak like this man, or have the consecration of this one." Say: "Here is the Lord Jesus Christ, a perfect pattern. By that I mean, with God's grace, to shape all my life." In other words you will never be any more a Christian than you strive to be. If you build a foundation twenty by thirty feet you will only have a small house. If you build a foundation 100 by 100 feet, you will have a large house. If you resolve to be only a middling Christian, you will only be a middling Christian. If you have no high aspiration in a worldly direction you will never succeed in business.

If you have no high aspiration in religious things you will never succeed in religion. You have a right to aspire to the very highest style of Christian character. From your feet there reaches out a path of Christian attainment which you may take, and I deliberately say that you may be a better man than was Paul or David or Samuel or Doddridge—a better woman than Hannah More or Charlotte Elizabeth. Why not? Did they have a monopoly of Christian grace? Did they have a private key of the storehouse of God's mercy? Does God shut you out from the gladness and goodness to which they were introduced? Oh, no. You have just the same promises, just the same Christ, just the same Holy Ghost, just the same offers of present and everlasting love, and if you fall short of what they were—aye, if you do not come up to the point which they reached and go beyond it—it is not because Christ has shut you out from any point of moral and spiritual elevation, but because you deliberately refused to take it.

I admit that man cannot become a Christian like that without a struggle, but what do you get without fighting for it? The fortresses of darkness are to be taken by storm. You may by acute strategy flank the hosts of temptation, but there are temptations, there are evils, in the way that you will have to meet face to face, and it will be shot for shot, gun for gun, grip for grip, slaughter for slaughter. The Apostle Paul over and over again represents the Christian life as a combat.

When the war vessel of Christ's church comes into glory, bringing its crew and its passengers, it will not come in like a North river yacht, beautifully painted and adorned, swinging into the boathouse after a pleasure excursion. Oh, no. It will be like a vessel coming with a heavy cargo from China or India, the masts of the wave and the hurricane upon its sails rent, rigging splintered, pumps all working to keep her afloat, bulwarks knocked away. I see such a vessel coming, and get out my small boat and push toward her, and I shout: "Aho, captain! What are you going to do with those shivered timbers? That was a beautiful ship when you went out, but you have ruined it." "Oh," says the captain, "I have a fine cargo on board, and by this round trip I have made ten fortunes."

So I believe it will be when the Christian soul at last comes into the harbor of Heaven. It will come bearing upon it the marks of a great stress of weather. You can see by the very looks of that soul as it comes into glory that it was driven by a storm and lashed in the hurricane; but by so much as the voyage is rough will the harbor be blessed. "If ye suffered with Him on earth ye shall be glorified with Him in Heaven." Aim high. Do not be satisfied to be like the Christians all around about you. Be more than they have ever been for Christ.

An old Arabian king was showing a beautiful sword that had been given him, when one of his courtiers said: "This sword is too short you cannot do anything with it." Said the king's son: "To a brave man no sword is too short. If it be too short take one step in advance, and then it is long enough." So I say to any Christian who may feel that he has poor weapons with which to fight against sin and darkness and death: "Advance upon the enemy. In the strength of Christ go forward. God is for you, and if God is for you who can be against you? Remember that God never puts you in battle, but he gives you weapons with which to fight."

My second word of counsel to those who have recently entered upon Christian life is, Abstain from all pernicious associations, and take only those that are useful and beneficent. Stay out of all associations that would damage your Christian character. Take only those associations that will help you. A learned man said, "If I stay with that man Fenelon any longer I shall be a Christian in spite of myself." In other words, there is a mighty power in Christian associations. Now, what kind of associations shall we, as young Christians, seek after? I think we ought to get into company better than ourselves, never going into company worse than ourselves. If we get into company a little better than ourselves, and there are ten people in that company, ten chances to one we will be bettered. If we get into company a little worse than ourselves, and there are ten people in that company, ten chances to one we will be made worse than we were before.

Now, when a young Christian enters the church, God does not ask him to retire from the world. The anchorite that lives on acorns is no nearer Heaven than the man who lives on partridge and wild duck. Isolation is not demanded by the Bible. A man may use the world with the restriction of not abusing it. But just as soon as you find any surroundings pernicious to your spiritual interest, quit those associations. This remark is especially more appropriate to the young. Now it is impossible that the young and untroubled should seek their associations with those who are aged and worn out.

My next word of counsel is that you be actively employed. I see a great many Christians with doubts and perplexities, and they seem to be proud of them. Their entire Christian life is made up of gloom, and they seem to cultivate that spiritual despondency, when I will undertake to say that in nine cases out of ten spiritual despondency is a judgment of God upon idleness. Who are the happy people in the church to-day? The busy people. Show me a man who professes the religion of Jesus Christ and is idle, and I will show you an unhappy man. The very first prescription that I give to a man when I find him full of doubts and fears about his eternal interest is to go to work for God. Ten thousand voices are lifted up asking for your help. Go and help.

Here is a wood full of summer insects. An axman goes into the wood to cut firewood. The insects do not bother him very much, and every stroke of the ax makes them fly away. But let a man go and lie down there and he is bitten and mauled and thinks it is a horrible thing to stay in the wood. Why does he not take an ax and go to work? So there are thousands of Christians now in the church who go out amid great annoyances in life—they are not perplexed, they are all the time busy; while there are others who do nothing, and they are stung and stung and stung and covered from head to foot with the blotches of idleness and inactivity and spiritual death.

The first thing, then, you have to do, O Christian young man, Christian young woman, is to go to work in the service of the Lord if you want to be a happy Christian. When an army goes out, there are always stragglers falling off here and there, some because they are faint and slow, but a great many because they are afraid to fight and too lazy to march. After awhile the lazy men on the road hear the booming of the guns for hours, and they hear the shout of victory, and a man on horseback comes up and says, "We have won the day!" Then they hasten up. How brave they are after the battle is over. Poor at fighting, but grand at "huzzas!" So there are stragglers going after the Lord's host. There come days of darkness and battle. Where are they? We call the roll of the host. They make no answer, but after awhile there comes a day of triumph in the church, and they are all about: "Huzzas! huzzas! Didn't we give it to them?"

I have another word of counsel to give those who have just entered Christian life, and that is, Be faithful in prayer. You might as well, business man, start out in the morning without food and expect to be strong all the day—you might as well abstain from food all the week and expect to be strong physically as to be strong without prayer. The only way to get any strength into the soul is by prayer, and the only difference between that Christian that is worth everything and that who is worth nothing is the fact that the last does not pray and the other does.

And the only difference between this Christian, who is getting along very fast in the holy life, and this, who is only getting along tolerably, is that the first prays more than the last. You can graduate a man's progress in religion by the amount of prayer, not by the number of hours, perhaps, but by the earnest supplication that he puts up to God. There is no exception to the rule. Show me a Christian man who neglects this kind of duty and I will show you a man who is inconsistent. Show me a man who prays, and his strength and his power cannot be exaggerated. Why, just give to a man this power of prayer and you give him almost omnipotence.

Another word of counsel I have to give. Be faithful in Bible research. A great many good books are now coming out. We cannot read half of them. At every revolution of the printing press they are coming. They cover our parlor tables and are in our sitting rooms and libraries. Glorious books they are. We thank God every day for the work of the Christian printing press. But I have thought that perhaps the followers of Christ sometimes allow their attention from God's word, and that there may be as much Bible reading as there ought to be.

How is that with your own experience? Just calculate in your minds how much religious literature you have read during the year, and then how large a portion of the Word of God you have read and then contrast the two and answer within your own soul whether you are giving more attention to the books that were written by the hand of man or that written by the hand of God. Now you go to the drug store and you get the

mineral waters, but you have noticed that the waters are not so fresh or sparkling or healthful as when you get these very waters at Saratoga and Sharon—getting them right where they bubble from the rock. And I have noticed the same thing in regard to the truth of the Gospel; while there is a good deal of refreshment and health of the Gospel of God as it comes through good books, I find it is better when I come to the eternal rock of God's Word and drink from that fountain that bubbles up fresh and pure to the life and the refreshment and the health of the soul.

Read the Bible and it brings you into the association of the best people that ever lived. You stand beside Moses and learn his meekness, beside Job and learn his patience, beside Paul and catch something of his enthusiasm, beside Christ and you feel his love. And yet how strange it is that a great many men have given their whole lives to the assailing of that book. I cannot understand it. Tom Paine worked against that book as though he received large wages, and was inspired by the very power of darkness, confessing that all the time he was writing he did not have the Bible anywhere near him. How many powerful intellects have endeavored to destroy it. Hume, Bolingbroke, Voltaire have been after it. Ten thousand men are now warring against the truth of God's Word. What do you think of that? I think it is mean, and will prove it. I will prove it is the meanest thing that has ever been done in all the centuries.

There is a ship at sea and in trouble. The captain and the crew are at their wits' end. You are on board. You are an old seaman. You come up and give some good counsel, which is kindly taken. That is all right. But suppose, instead of doing that, in the midst of all the trouble you pick up the only compass that is on board and pitch it over the board! Oh, you say, that is dastardly. But is it as mean as this? Here is the vessel of the world going on with sixteen hundred millions of passengers, tossed and driven in the tempest, and at the time we want help the infidel comes and he takes hold of the only compass and he tries to pitch it overboard. It is contemptible beyond everything that is contemptible. Have you any better light? Bring it on if you have. Have you any better comfort to give us? Bring it on if you have. Have you any better hope? Bring it on if you have, and then you may have this Bible and I shall never want it again.

But I can think of a meaner thing than that, and that is an old man going along on the mountains with a staff in one hand and a lantern in the other. Darkness has come on suddenly. He is very old, just able to pick his way out amid the rocks and precipices, leaning on his staff with one hand and guiding himself with the light in the other. You come up and say: "Father, you seem to be lost. You are a long way from home." "Yes," he replies. And then you take him by the hand and lead him home. That is very kind of you. But suppose instead of that you should snatch the staff from his hands and hurl it over the rocks, and snatch the lantern and blow it out? That would be dastardly, contemptible under this is no depth of contempt beneath it. If you have a better staff, give it to him. If you have a better light, give it to him.

When God has put the staff of the Gospel in our hands and the lamp of God's word to light our feet, are you going to take from us our only support and our only illumination? I love the stung of the wasp and the rattlesnake better than I do the man who wants to clutch the word of God from my grasp. There are people here who have been reading it a good while. It is a precious book to their souls. It has been so in time of darkness and trouble. There was a soldier who fell in battle, and after he had fallen he said in a feeble voice to his comrade, "Give me a drop." His comrade replied, "There is not a particle of water in my canteen." "Oh," he said, "I didn't mean that. Look in my knapsack and you will find a Bible there. Get out that old Bible and just give me a drop out of that." And his comrade found the Bible and read a few passages. The dying soldier said, "Oh, George, there is nothing like that, is there, for a dying soldier?"

Cling to your Bible! If this Bible should be destroyed, if all the Bibles that have ever been printed should be destroyed, we could make up a Bible right out of this audience. From that Christian man's experience I take one cluster of promises, and from that old Christian man's experience another, I put them all together, and I think I would have a Bible.

You see, my friends, I have not tried to hide the fact that I have large expectations of you who have entered the Christian life. Do not be discouraged. Press on toward the prize. God beside you and Heaven before you. Keep your courage up. Look in thirty years from now upon this church. Another man in the pulpit. Other faces in the pews. Another man leading the song. Others carrying around the alms boxes of the church. All changed. Thirty years have gone, and I look into the faces of the people, and I say: "Why, it seems to me I have seen these people somewhere, but I cannot exactly say where. Oh, yes, now I begin to think. These were the converts in 1892 and 1890. Why, how have you changed?"

"Oh, yes," they say, "of course we have changed. Thirty years make a great change." I say, "How many wrinkles there are in your faces!" "Oh, yes," they say, "thirty years make a great many wrinkles." "Have you kept the faith?" "Yes, we have kept the faith." "Where are those people who used to sit in the pew with you?" "All gone." Then I say, "Well, I feel lonely; come, let us sing one of the old hymns we used to sing thirty years ago, in 1892, on communion day. Any of you know the old tune? Some one hum it. Yes, that's it, that's it. Now, altogether, let us sing, just as we did in 1892:

"There is a fountain filled with blood,
Drawn from Immanuel's veins;
And sinners plunged beneath that flood
Lose all their guilty stains."

"The dying thief rejoiced to see
That fountain in his day,
And there may I, though vile as he,
Wash all my sins away."

To Preserve Furs.

Many plans are recommended for the preservation of furs through the summer. Perhaps there is none better than to wrap the articles, each one separately, in coarse brown paper; it must be paper that will not tear easily, as moth will get in through the smallest aperture.

The man who deals at the fare table is a vice president.

Give Us Laughing Philosophers.
None of your snarling cynics for us. They laugh not, neither do they smile. They are lugubrious—dyspeptic. They are usually sour of visage, pale, slight, dry, quite joyless individuals in fact, who look as if they had been at hogheads with roasts eat all their lives. The side-splitting, bottom-bawling guffaw that proceeds from the individual with a good disposition is never heard from them. They snarl at life, and they snarl at death. They snarl at the individual with a good disposition, and we will show you a man with a good disposition. Use Harter's Stomach Bitters to secure this blessing, and banish the nervousness and gaseous disposition to snarl and snarl and snarl which attends dyspepsia, rheumatism, constipation, malaria, kidney trouble and all grapple yield to the Bitters.

List of Prices.

There is more opportunity for originality in advertising a barber shop than might at first thought be supposed. An exchange prints a circular issued by a country barber in New York, and it is not to be imagined that even he has exhausted the possibilities of the subject.

Dry shave, 3 cents.
Shave with soap and water, 5 cents.
Hair cut, plain, 9 cents.
Hair cut, with oil and boiled water, 10 cents.
Men shaved in bed, 15 cents and upward, within one mile of shop. Five cents for each extra mile.
Shampoo with rain water, 15 cents.
Shampoo with spring water, 21 cents.
Pompadour cut, 30 cents.
King Henry cut, 35 cents.
Dead men shaved for 50 cents.
The barber being an enterprising farmer, and always ready to advertise as such, adds:
Ewe-taking and sheep-shearing, specialties.

"German Syrup"

My niece, Emeline Hawley, was, taken with spitting blood, and she became very much alarmed, fearing that dreaded disease, Consumption. She tried nearly all kinds of medicine but nothing did her any good. Finally she took German Syrup and she told me it did her more good than anything she ever tried. It stopped the blood, gave her strength and ease, and a good appetite. I had it from her own lips. Mrs. Mary A. Stacey, Trumbull, Conn. Honor to German Syrup.

The Laxative Gum Drop.

The Laxative Gum Drop is a new form of laxative that has just been placed upon the market. It resembles in form and taste the gum drop of the confectioners, but it has no medicinal taste. It is, however, an effective but pleasant laxative, without gripping or discomfort. These drops can be carried in the pocket or the valise without danger or injury. They can be given to the children without their suspecting that they contain medicine, for they will never find this out from the taste, although they will from the effect. In short, they contain the elements of a perfect laxative without any of the unpleasant accompaniments that usually surround this class of remedies. There is no spoon, no liquid, no bottle, no unpleasant reminders that there is such a thing as medicine. They can be taken at any time. Ask your druggist for the Laxative Gum Drop, and if he will not order them for you write to us. Small boxes 10 cents, large ones 25 cents. SYLVAN REMEDY CO., Peoria, Ill.

OUR NEIGHBORS.

Port Sheldon.

John Schrader has a cow which gave birth to a pair of twin calves, ten days ago, both steer calves. They are as large and thrifty calves as can be seen in these parts.

The ladies of the Wesleyan church, known as Bro. Clapper's church, met at the house of Mr. Klyne Tuesday to form a Ladies Aid Society. There was a good attendance, and they adjourned to meet at the house of J. Rosenberg, two weeks from to-day, at 10 a. m.

We were treated to a specimen of cloud burst and cyclone, at about 9 o'clock Monday night. It came with thunder and wind, and most vivid lightning. The rain fell in torrents, which caused us to turn out the next day to repair our roads and put them in a passable condition. The water made a regular wash out on the south side approach to the bridge. The wind seemed to take a sweep through the woods north of the bridge for it blew down trees so much that the people had to turn out and cut them out. J. Connell had his wind mill blown down at the north end of his house. Mr. Jennings of Ventura had his barn and granary struck by lightning, but not heavily damaged.

I see by last week's edition that your electric light scheme is likely to cause some trouble. And while the thing is under discussion I think it would be a good idea for the rising city of Holland through the action of its new council to have the street names on the corners and the houses numbered. When we farmers sell a load of wood and are told to take it to such and such a place, one half the time we cannot find it, for want of the name of the street or number of the house. It looks as if you were beginning at the top of the ladder instead of at the bottom.

Farmers are indulging in hope of a beautiful harvest in this locality. The sand has been thoroughly soaked by the heavy rains of the past few weeks. They are all feeling sorry for their fellow-farmers on low or clay soil. The past few days have been very warm and corn is growing rapidly.

It seems as though our people have been seized with a mania for moving, this week. Frank Stewart has moved to Grand Rapids and Alfonso Alger has moved into the house vacated by Mr. Stewart. Ed. Bowen has moved to Holland, where he has a summer's job engaged.

The post office has been moved into the new building erected for that purpose.

The flag pole at this place was cut down on Tuesday. It had decayed some at the base, and the people had fears of it blowing down and doing damage. A new pole is to be raised in a few days with a Harrison and Reid streamer at the top. Everybody but the democrats are rejoicing over the result of the Minneapolis convention. Hurrah for Harrison and Reid!

Lake Shore.

The church social was held on Wednesday the 5th inst., at the residence of C. R. Nichols; there was a goodly attendance. Jerusha was not there to take pointers. The gentlemen present, and I suppose they came to investigate the society, say that they did not hear their neighbors talked about very bad.

John Cochran has agreed to furnish the milk for the hotel Ottawa again this summer at 18 cents per gallon, and besides he has secured the swill for his hogs, of which he has many.

Mr. Gunn is putting up a new frame barn.

Mr. Van der Veere has commenced work on his large new barn.

N. W. Ogden is pushing his large new house to completion. It will be a good house when finished. A. L. Perkins has charge of the carpenter and mason work.

A. De Feyter was a passenger on the steamer McVea Tuesday night for Chicago.

Jay and Wilbur Cochran are at the resorts, painting cottages, etc. Jay has started a building on his lot there, near Bakker's.

The children are very much interested in the sabbath school here, which is conducted by some of the students of Hope College. They had a picnic at Ottawa Beach on last Tuesday, which was enjoyed very much, especially by the little folks.

Dan Guile is bell boy at the hotel Ottawa, and Geo. Ogden has charge at the engine house.

John De Witt has moved his house, and put a new addition to it, which looks well.

Mr. Ogden received a new invoice of wire nails, etc., this week.

Our fire department will have their annual review Thursday afternoon. After the review refreshments will be served at the engine house.

Dr. W. Van den Berg's birthday was celebrated last week Tuesday by the band serenading him in the evening. May he see many more, and with each added pleasure for the future.

The Zeeland Union Band's uniforms have arrived, and look real neat.

Deputy Sheriff Coburn has accepted the position of assistant marshal.

The west end people have sent in a petition to the village board for the laying of a new pipe or water main, as their protection from fire is rather limited.

The First Ref. church Sunday school will hold a picnic on Wednesday, June 22, to commemorate the 20th anniversary of its founding.—Suburban Herald.

Grand Haven.

Dr. A. Van der Veen has moved the old office building of the Grand Haven Lumber Co. on the lot in the rear of the First Ref. church, and fitted it up as an office.

The Fourth will be celebrated here in the good old fashioned way: President of the day, ex-mayor Jos. W. O'Brien; marshal, Dwight Cutler Jr.; chaplain, Rev. P. De Bruyn; orator, Peter J. Danhoff; reader, Miss Elizabeth Van Toll; and a judiciously assorted list of vice presidents selected

from among the eminent men of the neighborhood.

Lightning came in the little plant Monday night. The bolts were caught by the lightning catchers without doing any damage except burning off one of the teeth of the catchers.
