### Public School Commencement.

The closing exercises of the Public Schools come in winners this year. Heretofore the local schedule had it decreed that the school commencement should follow that of the college, both being crowded into the same week. This year the calendar reversed the order and to the satisfaction of all the Public Schools came in for first favors.

The graduating sermon was preached in Hope church, to a crowded house, by Rev. Jas. E. Smith of Grand Rapids, his theme being "Friend, go up higher." This passage, taken from one of the parables, the speaker interpreted as containing an encouragement to one class as well as a rebuke to another. It is the voice of God to mankind. Every man is expected to do his level best to succeed in life, and to such the Master is saying, "Friend, go up higher, be not content, but push on. Such was the voice of God to Robinson at Leyden. It was the command to the church, to widen its sphere, so that mankind might go up higher; to old and young, rich and poor. And as men go up higher, everything here below will be permeated by the truth and the liberty there is in Christ. Every lesson learned in school is a command to go higher, from primary to high school and upward. Addressing the graduates the speaker assured them that each will find his or her place for to do some work; that all good work is God's work, and will have God's blessing. Go and discover truth, in the light of God. Be loyal to truth. Be to your own self true, and in order to do this you must be true to God.

The Class of '94 is composed of four young ladies and two young men: Rena Winter, Kate Ten Houten, Harriet Margaret Lindemier, Fannie H. Verbeek, Ulysses Frank De Vries, Fred M. Koning. During the week they were tendered a social at the home of the parents of Freddie Koning, on Thirteenth street, and on the part of school officials, teachers and friends every effort was being made to render the close of their school years as pleasant and memorable as possible.

The class motto was "Honors wait at Labor's Gate," and the first honors awaited them on Thursday evening. The Third Reformed church was filled with an audience representative of the community and anxious to assist by their presence in awarding these first honors. At 8:10 o'clock the class marched in, followed by their teachers and board of education. The organ railing was festooned with greens, and on the platform, extended in true commencement style, and on tables in front was arranged a profusion of flowers, the gifts of friends and relatives. The address was delivered before a gate standing ajar at '94, through which the aspiring graduates were supposed to emerge upon the broad unknown that bade them to enter.

The valedictorian had been selected by the class. She thanked the audience for their presence and interest: "May you never weary of doing well to the Public Schools, and continue to do for others what you have done so faithfully for us."

In presenting in behalf of the board of education the diplomas Supt. McLean addressed the class for the last time, and hoped their lives would be such as to always reflect creditably upon the institution that gave them this diploma.

One of the noted features of the evening was the large chorus composed of Public School pupils, reflecting most creditably upon the drill and training by their teacher.

On the whole and in every detail the eminently satisfactory closing exercises were a fitting finale to a prosperous school year, the enrollment showing an increase of 16 to 20 pct.; in the High School not less than 25 pct.

List of letters advertised for the week ending June 21, '94, at the Holland Post Office: Deckson Clark, C. J. Canter, Mrs. Minnie Heltmann, C. H. Stevens, H. Steel, Amos Stearnes, John N. Schmid.

### A June Wedding.

Wednesday evening there was a very pretty June wedding at the home of Mr. and Mrs. W. Diekema on the Macatawa boulevard. The contracting parties were Miss Martha Diekema and George E. Kollen, both well known in our social circles. The former is the youngest daughter of one of the most influential and public spirited citizens of Holland township, and much of a favorite with those with whom she associates, while the groom is a young promising attorney with all the promises of a successful career before him.

The ceremony was performed by the Rev. Henry E. Dosker, of the Third Ref. church, under a canopy upon the lawn; it was one of those out-door weddings that have become so popular of late; the decorations were in keeping with the occasion; there were flowers in abundance and variety, and streamers of variegated colors.

Two hundred invitations had been sent out, and there were very nearly that number gathered upon the lawn when the bride and groom acknowledged their faithful allegiance to one another. As ribbon attendants and flower girls, all neatly and attractively attired, there were Amy Dosker, Estelle Kollen, Marguerite Diekema, Nicholas Dosker, Marie Diekema, Mary Lokker of Holland, and Agatha Birkhoff and George Birkhoff of Chicago. Miss Mattie Van Putten, an accomplished musician, played the wedding march. Refreshments were served in tents, upon tables adorned in becoming colors and with orange blossoms in profusion.

Among the guests from abroad can be mentioned Albert Stegeman, John Stegeman, G. J. Stegeman, relatives of the bride, from Allegan; Mr. and Mrs. Porter of the same place, and G. Kuiper and the Misses Brook of Grand Rapids.

The presents were numerous and at the request of the newly married couple will not be enumerated. Mr. and Mrs. Kollen have abandoned the idea of a wedding tour until later in the season. In the meantime they will be "at home" to their many friends and acquaintances at the corner of Fourteenth and Maple streets.

**NEWSPAPER LAWS.**  
If subscribers order the discontinuance of newspapers, the publishers may continue to send them until all arrears are paid.  
If subscribers refuse or neglect to take their newspapers from the office to which they are sent, they are held responsible until they have settled their bills and ordered them discontinued.  
If subscribers move to other places without informing the publishers, and the newspapers are sent to the former place of residence, they are then responsible.

**CONCERNING DELINQUENT SUBSCRIBERS:**  
The latest postal laws are such that newspaper publishers can have arrested any one for fraud who takes a paper and refuses to pay for it. Under this law the man who allows his subscription to run along for some time unpaid and then orders it discontinued, or orders the postmaster to mark it "refused" and to send a postal notifying the publisher, lays himself liable to arrest and fine.

Search for an Heiress to \$400,000.

SHE ELOPED FROM HOLLAND IN 1876 AND HER BROTHER HAS LEFT HER A FORTUNE.

NEW YORK, June 15.—Consul-General of the Netherlands J. R. Planten is engaged in an interesting search for Sophie Neuman, a subject of Holland, of whom all direct trace has been lost for fifteen years, and who is the heiress of a large sum of money and valuable property.

Sophie Neumann, or Nohl, as her name is believed to have become after her presumed marriage, was born in Paramaribo, Dutch Guinea, Jan. 11, 1853. Her father was a wealthy German planter. She had grown into womanhood when a young man named Adolph Nohl arrived at Paramaribo from Germany. He had nothing to recommend him but good looks. They fell in love with each other and eloped to the United States in 1876. Herman Neuman, a brother of the eloping girl, died in Paramaribo, leaving his large sugar plantation to "My beloved sister Sophie" who is supposed to be now a resident of the United States. On his death-bed he exacted a promise from his father to find his sister if possible, place the property in her hands, and assure her she had the complete forgiveness of her father and brother for her rash act.

At present the cash and other property awaiting Sophie or her heirs is believed to amount to not less than \$400,000. It has been discovered that the couple came to New York from Paramaribo. Nohl died in New Jersey in 1886. The problem now is as to the whereabouts of the widowed heiress.

OUR NEIGHBORS.

Allegan County.

Senator Patten succeeded last week in passing in the U. S. Senate a bill to correct the military record of the late Capt. E. B. Bassett of Allegan, and thus relieving his memory from an unjust charge of cowardice. Capt. Bassett was an officer of the Nineteenth Michigan Infantry. During the engagement at Thompson's Station, Tenn., Capt. Bassett turned over the command of his company to the first lieutenant and retired to the rear. The colonel of the regiment thereupon reported him for cowardice and recommended his dishonorable discharge from service, which recommendation was carried into effect. The purpose of the bill was to cleanse his memory from this charge of cowardice. Affidavits were presented to the senate committee on military affairs from Gen. Geo. T. Shaffer and many other officers of his regiment and from the regimental surgeons that Capt. Bassett was ill with consumption. He left the hospital only a few days before the march to Franklin and the engagement near Thompson's Station. During the march he was obliged to ride in an ambulance, but on meeting the enemy he took personal command of his company and participated in the engagement until a movement up a hill being ordered at a double quick he found himself too weak to lead his men and turned his command over to his first lieutenant. For this he was reported for cowardice. The senate committee on military affairs said the colonel who preferred the charge and the captain who suffered disgrace are both dead. Were both alive the committee would be justified in reflections in which it now forbears to indulge. All agree in testifying to the high moral and soldierly qualities of Capt. Bassett, and especially to his conduct in the engagement near Thompson's Station, where he remained in command of his company as long as he was able. The affidavits also agree in attributing the colonel's charge of cowardice to personal dislike of Capt. Bassett, which this superior officer took no care to conceal. The animus is sworn to by all those affidavits as to their personal observation and knowledge, and their character and opportunities compel belief on the part of the committee. It is, therefore, considered an act of the merest justice, that the cloud of dishonor which shadowed Capt. Bassett to his grave should now be lifted from his memory. The deceased was well known to many old residents in Holland, as one of the founders of *De Hollander*.

A young man named Dykstra last week lost two fingers in Allegan, by accident. He is a brother of J. Dykstra of Holland, who met with a similar loss in one of the furniture factories of that city, the same week.

The Otsego paper company asked their help to consent to a ten per cent. reduction in wages, which they did, and the mill continues in full force.

Fishermen report that numerous dead fish are found on the banks of the lower Kalamazoo that have died from the same disease that spread such devastation on the Grand river.

The army worm is committing great depredation among the orchards in some sections of the county. In Monterey several orchards look as though fire had passed through them; all the foliage being eaten off and the trees presenting a dead brown appearance.

Two boys, Charlie Martin and Willie Gleason, while rowing on Kalamazoo lake Tuesday noticed a bird's nest on one of the spiles. Martin helped Gleason to climb to the top of the spile, when the boat slid away letting Martin into twelve feet of water. Nels Morley dived and got the boy, but he was past resuscitation.

Last Saturday the inmates of the county house were made happy by a visit from W. C. T. U. delegates, who left with them gifts of fruit and flowers. They carried also messages of faith and hope from him who gave himself for the poor as well as the rich, and made the spacious halls ring with the melody of sacred song. The people at the farm have for several years looked forward to this day as the brightest one of the year to them.—Gazette.

What is  
CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

**Castoria.**  
"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."  
Dr. G. C. Osgood, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."  
Dr. J. F. Kitchel, Conway, Ark.

**Castoria.**  
"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."  
H. A. Archer, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

The Centaur Company, 77 Murray Street, New York City.

Muskegon County.

The last regular monthly pay-roll of the C. & W. M. called for \$19,000. This was distributed among 300 employees. In the company's repair shops the usual force is employed. All coach men are working nine hours per day and men in other departments eight hours. The passenger equipment is being prepared for the summer excursion trade. The new steam shovel has left the carpenter shop and is at work repairing the damage caused by a washout at Petoskey several weeks ago. It is to be a very successful machine.

Hundreds of people were on the streets one night last week gazing at the wonderful spectacle in the heavens. The moon was surrounded by three circles, the color, as near as may be, red, white and blue. The superstitious are wonderful what the sign portends, while the more enthusiastic and patriotic Muskegonites imagine that it has something to do with their coming Fourth of July celebration.

Deputy sheriff Norman arrived from Chicago on the Goodrich steamer Friday morning with Wm. Murphy, the prize fighter. He is to be tried for taking part in the fight at Fruitport the other day. James Huggard, the deputy sheriff, who fared so badly at the hands of the sports that witnessed the fight, is gathering a lot of names of those that were present, and they may be called upon at an early date to answer to their names. Mr. Huggard is a farmer and lives near Fruitport. In some way he heard that the fight was to take place in Fruitport township in the barn in question. He squeezed into the barn and told the crowd he was an officer and would not let the fight go on. It is stated that a crowd then collected around him and wanted Huggard to show his authority, and when he did not do so they unceremoniously pitched him out of the barn. It is also stated that outside three shots were fired in the direction where the officer stood. He did not care to battle against such odds and retreated, but had taken time by the forelock and gathered the names of a large number of those present, and made complaint before Justice Collins against the principals and fifteen of those who were present at the fight. The matter was laid before Sheriff Smith and Prosecuting Attorney Chamberlain, and as a result a number of those present at the disgraceful affair will have to face a justice of the peace. Later reports state that Mr. Murphy has been arraigned on the charge of prize-fighting and will have his examination at an early date. Meantime he is in jail in default of \$1,000 bail. Murphy says that he had no means to get a lawyer, but that when he passed through Grand Haven the other morning, "the boys" there had informed him that they would provide him with an attorney. The real fact is none of "the boys" dared approach him while he was there. When the deputy sheriff came in Chicago after Murphy, the prize-fighter agreed to come to Michigan without papers, but changed his mind at the suggestion of friends. He is sorry now that he did not come. It is said that W. I. Lillie of Grand Haven will be his attorney.

## ELLIS' TURN.

The Attorney General Brings Wit-  
nesses in His Defense.

Their Evidence for the Most Part Aims at  
Disproving the Testimony of Wood,  
the Chief Witness for the  
Prosecution.

### THE PROCEEDINGS.

LANSING, June 15.—On Thursday nearly a dozen witnesses who ex-Clerk Wood in his damaging story against ex-Attorney General Ellis said had knowledge of facts related by him were sworn, and denied all knowledge of such facts. The force of these denials was broken in two instances when the fact was brought out that the witnesses were under indictment for conspiracy in connection with the same amendment frauds. An expert in handwriting gave it as his opinion that the alterations Wood claims to have made are not in his handwriting.

LANSING, June 16.—Experts were sworn in the trial of Attorney General Ellis for forgery at Mason Friday to show that it was Frank A. Healey, of Ironwood, who made the changes in the Gogebic county return, for the forgery of which Ellis is charged. The theory of the prosecution is that W. H. S. Wood made the alterations at the attorney general's directions. The testimony of the experts was not satisfactory, but on the whole they were of the opinion that the writing was Healey's.

The deposition of ex-Secretary of State Daniel E. Soper, who is now in California, was read in evidence Friday. Soper deposes that the Gogebic returns were changed before they were received at his office. An affidavit of Frank A. Healey, made four months ago, setting forth that he had changed the writing in the Gogebic return at Bessemer, was read. It flatly contradicts the statements of Healey made before the grand jury and upon the present trial.

LANSING, June 17.—Auditor General Turner was the first witness sworn in the Ellis trial Saturday morning. His testimony had a bearing on the defense's claim that W. H. S. Wood sought revenge on the attorney general, because the latter last summer would not render an opinion that a certificate of the receiver of the insolvent Central Michigan savings bank could legally be accepted in settlement of a debt of \$1,087, being state funds which Wood, while superintendent of the state industrial school, deposited in the bank. Gen. Turner thought it was to gratify this revenge that Wood said he changed the Gogebic returns at the attorney general's request.

LANSING, June 19.—Attorney General Ellis took the witness stand at Mason Monday to defend himself on the charge of forging the Gogebic county return upon the salary amendment to the constitution voted on in 1891, the trial of which has now entered upon its third week. The direct examination of the witness consumed the entire afternoon and was not completed. Ellis emphatically denied having any knowledge of the fraud, or ever having had any conversation regarding any dishonest or dishonorable act with either the witnesses Wood, Healey, M. M. Riley or S. S. Cooper. In fact he entered a general denial of all the testimony offered by the people connecting him with the crime in any way.

### HOME FOR MUSIC AND ART.

Dedication of St. Cecilia Clubhouse at  
Grand Rapids.

GRAND RAPIDS, June 20.—The St. Cecilia society, composed exclusively of women and organized for the study of art and music, dedicated its new clubhouse Tuesday. The building is of red pressed brick and Portage sandstone and represents an investment of \$75,000, of which all but about \$30,000 is paid. It has an auditorium with a seating capacity for 1,000 persons. President Mrs. Edwin F. Uhl, wife of the assistant secretary of state, accepted the keys and made the address of the day. Mrs. Charles Henrotin, of Chicago, and Mayor E. B. Fisher spoke briefly. The St. Cecilia is the second purely woman's clubhouse in the city, the first being the Ladies' Literary clubhouse, erected ten years ago.

### Victims of a Gale.

SOUTH HAVEN, June 18.—A cyclone struck the campground Sunday afternoon at Grand Junction, blowing two trees over, instantly killing the two horses of a Mr. Shafer and injuring himself, wife and child, so it was said the latter could not live. The team was tied to one of the trees with the family sitting in the buggy.

### Odd Fellows Memorial Day.

KALAMAZOO, June 18.—The Odd Fellows and Knights of Pythias observed Sunday as memorial day, decorating the graves of deceased members. Two hundred of the former and 100 of the latter were in line. Rev. George K. McDonald preached a memorial sermon to the Odd Fellows in the evening.

### SUICIDE THE CLIMAX.

William Henshaw Tries to Murder His  
Family, Then Kills Himself.

GRAND RAPIDS, Mich., June 16.—  
William Henshaw, a drunken painter,  
tried to kill his wife and children,  
fatally shot his father-in-law, Jacob  
Sutton, and then blew his own  
brains out. Mrs. Henshaw separated  
from her husband on account of  
cruel treatment a couple of years ago at Rock Island, Ill.,  
and came here with her seven chil-  
dren. Henshaw followed her and has  
annoyed her more or less ever since.  
Recently Mrs. Henshaw instituted di-  
vorce proceedings, and it is believed  
this fact provoked the tragedy. At 8  
a. m. Henshaw went to Sutton's house  
on West street and shot the old man  
twice in the head. He then crossed  
the street to his wife's house and tried  
to break in. Failing in this he fired  
two shots at the woman and her chil-  
dren, and then sat down on the porch  
and blew out his own brains. Sutton,  
who is 70 years old, will die.

### MRS. RICE WINS.

Her Father-in-Law Must Pay \$3,000 for  
Interfering with Family Affairs.

KALAMAZOO, June 16.—The suit of  
Mrs. Julia Rice against her father-in-  
law, Perley H. Rice, a wealthy farmer  
of this county, for \$10,000 damages for  
alienating the affections of her hus-  
band, W. L. Rice, was decided in the  
circuit court Friday, the jury render-  
ing a verdict of \$3,000 for the plaintiff.  
The wife was a Catholic, and when she  
returned to the church after marriage  
her husband's people, who were  
Protestants, made her leave the house,  
and her husband had since neither  
lived with her nor contributed to her  
support.

### Poison in the Cream.

ANN ARBOR, June 17.—At a small  
party given by Mrs. Kezia Perkins fif-  
teen people who partook of the ice  
cream made by herself were poisoned  
by tyrotoxin. Dr. Vaughan, the dis-  
coverer of this poison, attended the  
sick, two of whom were very ill. All are  
getting along well. This is the second  
case of ice cream poisoning within a  
week, the hot weather probably caus-  
ing the tyrotoxin to form.

### Domestic Brawl Ends in Death.

CHARLEVOIX, June 18.—William Ev-  
ers, a German farmer of Hay town-  
ship, while drunk Saturday morning  
assaulted his wife, bruising her face  
badly. She went into an adjoining  
room and took Paris green. Neigh-  
bors discovered the condition of af-  
fairs and caused Evers' arrest. His  
wife died Saturday night. Feeling in  
the neighborhood against Evers is in-  
tense.

HOLLAND & CHICAGO TRANSPORTATION CO.

## Holland City News.

G. VAN SCHELVEN, Editor.

SATURDAY, JUNE 23, 1894.

### Our Chicago Boat Line.

The Holland and Chicago Transportation Co. has entered upon its second year of usefulness and from the present outlook the season will be fairly prosperous, and we hope a profitable one. Both the steamers "City of Holland" and "Glenn" have been making regular daily trips for some time and from all accounts they are carrying their share of freight from the east shore of Michigan to and from Chicago.

For years the merchants and citizens of Holland and vicinity have clamored for a daily boat line. Now that they have it comes the question, "will they support it?" It is plainly a home enterprise, and with the exception of a small block of stock owned outside the money invested has been contributed entirely by our citizens here.

The promoters of the company did not anticipate that they would realize any immediate returns from their investment, but they felt that it was incumbent upon them to afford Holland equal facilities for freight and passenger transportation with other cities along the east shore. The line was well patronized last year, and there is good reason to believe that the season's business just opened will be sufficient and encouraging.

From present indications there will be a larger passenger traffic this summer between Chicago and the Holland resorts, and the company through its efficient and active manager, Wm. H. Beach, has made every provision possible for the accommodation and convenience of all who may come.

The City of Holland was placed on the line last summer before the contractor had been given fairly sufficient time to complete his work. This step was however deemed advisable, in order to carry the many passengers who were continually visiting and returning from the World's fair. This year the boat has been thoroughly overhauled, and the work left undone last year has been finished. Only a short time ago the "City" was taken to Milwaukee and a new Sheriff wheel substituted for the one in use last season and other necessary changes made in the machinery. With these improvements the boat will not only increase its speed, but there will be a material saving in the amount of fuel consumed. The trips so far made by both the City of Holland and the Glenn have been on schedule time and the passengers have had no cause to complain of delay.

The board of directors of the Holland and Chicago Transportation Co. have the best interests of the line at heart and will do what they can, both at home and abroad, to promote its business and at the same time place Holland in direct competition with Muskegon, St. Joseph, Benton Harbor and Grand Haven for the freight and passenger traffic across Lake Michigan.

This year the affairs of the company will be in the hands of the following officers and board of directors: W. H. Beach, president and general manager; Dr. Henry Kremers, vice president; C. J. De Roo, secretary; J. C. Post, treasurer; I. Cappon, George Crawford, H. H. Pope and Wm. H. Garrod, Allegan, and Geo. P. Hummer, Holland.

The two boats are well and carefully manned for the season's work. The City of Holland will have as captain C. B. Coats; mate, James Campbell; engineer, Charles F. Porter; clerk, Simon Bos. The Glenn, captain George Crawford; mate, H. J. Huff; engineer, Jacob Oscar; clerk, H. F. Bird.

This season the boats of the company will land at Central wharf, where Mr. H. D. Post has but recently completed a new dock and ware house. This is the site of one of the most commodious docks and ware houses that Holland ever had, but was destroyed by fire some twenty years ago. At Chicago the boats land at the Northern Michigan dock, foot of Michigan street, on the north side.

The patrons of this line can procure tickets either at the office of the manager Wm. H. Beach, in the McBride block, or of Mr. John Ver Schure at the Central wharf.

### Church Items.

At the earnest solicitation of the western churches, endorsed by a cordial invitation of the common council of the city of Grand Rapids, the General Synod of the Reformed Church at its late session at Asbury Park, N. J., resolved to hold the next annual meeting, in 1895, at Grand Rapids. Two years from that date; in 1897, there will be celebrated in this city on a grand scale the semi-centennial of the founding of the City of Holland and the settlement of the "Holland Colony," and of an emigration from the Netherlands which has since dotted western Michigan and other states with scores of thrifty and flourishing settlements, and added thousands and tens of thousands to their commercial centres. In view of the his-

torical kinship; the manifold aid and fostering care bestowed by that denomination upon the struggling pioneers of that early period; and the close relations and growing intimacy since, it would only be too fitting that as one of the features of that commemorative year the session of 1897 be held in this city.

The election last week of Rev. Henry E. Dosker of this city to "The Professorship of Historical Theology" in the Western Theological Seminary, located in Holland, was to his many friends in this city a very gratifying circumstance in the career of that gifted divine, and the more so because it was hardly looked for. True, an elevation to a seat in that chair had been for years the goal of his ambition, and his many qualifications for the position gave that ambition standing and legitimacy. Nevertheless the opposition and rivalry in certain circles was marked, and to such an extent that his most ardent friends feared his inability to concentrate a three-fourths vote among so many fierce and worthy competitors. Then, it was as a writer on historical topics, in the leading periodicals of the day, that Mr. Dosker had secured admirers in influential circles, and these came to his aid at the time when aid was needed, as the final result showed. Hence in view of the persistent efforts made it will be well enough—metaphorically speaking—in analyzing the success of the issue, not to be over-partial to a kind Providence.

Prof. Dosker came here from the Netherlands in 1872, at the age of 18 years, and hence as a student had to a certain extent the advantages of two educational systems. He graduated from Hope College in 1876, and from the McCormick Theol. Seminary at Chicago, in 1879. As a pastor he served the Reformed churches in Ebenezer, Grand Haven and the Third Ref. church in this city, and from 1884-88 filled the position of lecturer in the branches to which he has now been elected as full professor. He will be installed into office in September next. To the professor elect the NEWS extends its most hearty congratulations.

Below we give a verified report of the several ballots taken:

It is painful to note how amid the many-sided prosperity enjoyed by the several educational institutions of this city, *De Hope*, the official organ of Hope College, has gradually been classifying itself among the advocates of parochial schools, until in its last issue there is no longer any doubt as to the leanings of that paper, under its present editorial management, towards the Public Schools. It is the more painful, yea unpardonable, for that organ to do so at this particular hour, galling as it were the anticipations and joys centering around the festivities of the coming week. Hence at this time only this passing protest by the NEWS, but with due notice to those that have the destiny of Hope College in their keeping, that they cannot afford to have the recognized organ of that institution become the mouthpiece of a centralized opposition to the American Public Schools. We feel morally assured that this open hostility does not reflect the views of the faculty of the institution, nor of its council of administration, nevertheless they nor the institution can afford to have the prestige there lies in their official organ debased for such ignoble purposes—they cannot afford that in this community there should arise a feeling of distrust towards the institution along that line.

The following biographical sketch will introduce one other of our visitors, Dr. A. Scott of Rutgers College New Brunswick, N. J.: "He was born in Ohio in 1848, and entered Yale in 1865. After his graduation at Yale, he spent a year in the Michigan University. The next three years he pursued studies in History, Political Economy and Archaeology in the Universities of Berlin and Leipzig, and received the degree of D.D. from the latter in 1873. While in Germany he was also associated with George Bancroft in the preparation of his tenth volume of the History of the United States. From 1873 to 1875 Dr. Scott gave instruction in the Michigan University, and returned to the work with Mr. Bancroft in the latter year, and spent nearly seven years with him while the History of the Formation of the Constitution was written. Dr. Scott

was also connected with the Johns Hopkins University as associate in History, from the opening of that institution in 1876 until 1882. He became Professor of History and Constitutional Law in Rutgers in 1883, and held that position until his election as President of Rutgers College in November, 1890. Princeton conferred the honorary degree of LL.D. on Dr. Scott in 1891."

### Plenty of Fire Works.

By the looks of WILL BOTSFORD & Co.'s show window Holland will not have to go without fire works on the Fourth.

Mable Bradshaw touches at Ottawa Beach, Macatawa Park, Jensen Park and all other resort Landings.

### Florida on Wheels.

There is a beautiful picture of a beautiful car which was on exhibition in Chicago during the closing days of the world's fair, and is now making a tour of Michigan for the first time. It represents Florida in general and St. Augustine and India River Railway in particular. It contains a complete and marvelous state exhibit and 140 French plate bevel glass mirrors, which produce a charming effect.

The car is built of Florida wood; it costs \$20,000; has traveled through 20 states and has been seen by more people than any car on earth and besides all this contains live alligators (secured by strong bars in a tank). The car and exhibit is in charge of General Wanton S. Webb, who was a commissioner to the world's fair. If it comes your way take a good look at it. Bear in mind that the alligators are chained.—Chicago World.  
Will exhibit in Holland Thursday and Friday, June 28 and 29 at C. & W. M. Depot, day and evening.  
At Zeeland Saturday June 30.  
At Ottawa Beach Sunday July 1.

Mable Bradshaw leaves the Graham & Morton dock foot of Wabash ave. on Monday, Wednesday, Friday and Saturday at 8 P. M.

Right Arm Paralyzed! Saved from St. Vitus Dance.

"Our daughter, Blanche, now fifteen years of age, had been terribly afflicted with nervousness, and had lost the entire use of her right arm. We feared St. Vitus dance, and tried the best physicians, with no benefit. She has taken three bottles of Dr. Miles' Nerve and has gained 31 pounds. Her nervousness and symptoms of St. Vitus dance are entirely gone, she attends school regularly, and has recovered complete use of her arm, her appetite is splendid."

MRS. B. R. BULLOCK, Brighton, N. Y.

## ADDITIONAL LOCALS.

Bishop Gillespie preached in Grace Episc. Church Wednesday evening.

The Y. M. C. A. gospel meeting Sunday afternoon will be led by W. A. Holley.

The Republican state convention will be held at Grand Rapids, July 31, at 10 A. M.

The remains of an Indian chief with all his accoutrements were dug up at Ada, Kent co., the other day.

Evert Takken has bought the old Market street parsonage for \$225, and will move it south of his blacksmith shop.

State factory inspector L. C. F. Hintz made an official tour of inspection of the factories in this city last week.

The Physical Culture Class will give a picnic to Macatawa Park Saturday. The stmr. Macatawa will leave at 9:00 o'clock a. m.

Rev. H. G. Birchby returned from General Synod Wednesday evening. He was accompanied by Mrs. M. A. Ogden, of Philadelphia, who will make a prolonged visit.

## Resort Notes.

The C. & W. M. carried in the neighborhood of 800 people to Ottawa Beach and Macatawa Park on Sunday. Proprietor Sweet fed 175 at the former resort while Mrs. Ryder cared for over 100.

Prof. Charles B. Scott and family arrived from St. Paul, Minn., on Monday and will spend the greater part of the summer with Mrs. Charles Scott, at her Macatawa Park cottage.

Freeman Godfrey of Grand Rapids will in a few days move into his new \$5,000 cottage at Macatawa Park. It is by far the most attractive and commodious summer home yet erected at the resorts.

Nelson Pitton of this city will have charge of the Casino at Ottawa Beach this season.

The staunch steamer Music, with captain Napier in command has been added to the excursion fleet on Macatawa Bay. Capt. P. Pfantstiel, who will act as manager, confidently expects to command his share of the travel to and from the resorts.

Saturday's issue of the Grand Rapids Eagle devoted a page each to Macatawa Park and Ottawa Beach. The articles were carefully prepared and profusely illustrated and will no doubt result in bringing a good many to the Macatawa Bay resorts this season.

Mrs. Frank Bonnell and Mr. and Mrs. Grant of Grand Rapids visited Macatawa Park during this week and secured cottages for the heated term.

Nearly all of the cottages at Macatawa have already been rented and prospects look favorable for a lively season.

Luman Jenison has had quite a number of applications for his Shady Side hotel, but was very anxious to see the property leased to a popular and desirable tenant. We understand however that Wm. Walsh of Grand Rapids is the lucky man and will shortly take possession.

To accommodate Grand Rapids families wishing to go to Ottawa Beach and Macatawa Park with their household goods, the C. & W. M. will run a special train Saturday.

It is said that no resort on Lake Michigan has more steam launches than Macatawa Bay. A number of new ones have been added this year. Chas. B. Judd and Cal Ives have two very speedy and expensive little crafts and Mr. Godfrey expects soon to place a beauty in his new metallic boat house at the Park.

In the death of C. C. Lamos of Chicago, a few days ago, Macatawa Park loses one of its staunchest friends and supporters. He and his family have for a number of seasons spent their summers either at the hotel or in their cottage. He had a large circle of acquaintances in Chicago and through his influence many people were induced to patronize the Black Lake retreats.

On Saturday last Lieut. Baldwin and Capt. Robbins inspected the life saving station at Macatawa Park. They seemed thoroughly well satisfied with the condition in which they found the station and complimented Capt. Morton on the recent improvements made by him and his crew. It can be said to the credit of this station that no objectionable report has as yet been filed against it.

## OUR NEIGHBORS.

### Grand Haven.

The graduating class of the High School this year consists of Ada L. Blair, Stephan J. Brouwer, Hebert T. Cummings, Francis W. Finley, Thomas J. Kiel, O. Miner Leland, Marie L. Pagelson, Ethel Smead, Marion Stickney, George G. Stroebe, Marvin W. Turner and Lawrence H. Van Den Berg. The valedictorian of the class will be George G. Stroebe.

Marshal Andrus has ordered that there be no more Sunday ball playing within the city limits and anyone violating the order is liable to arrest.

Mayor Hummel of Holland, one of the chairmen of the Democratic con-

ty committee, was here Saturday, having a conference with the leaders.

The work of sodding the court house lawn is rapidly approaching completion and will all be completed before the dedication on the Fourth of July.

Akeley College graduates a class of six young ladies this year.

Mrs. H. C. Akeley and daughter of St. Paul are in the city to attend the closing exercises at Akeley College.

Two local saloonists are under arrest charged with selling liquor to an Indian.

## Saugatuck.

A large number of railroad ties and cedar fence posts have been picked up in the lake off this place during the past week. They have been in the water since the big storm of a few weeks ago when many a load of such material was dumped from unlucky schooners.

A number of fruitgrowers located near the lake shore complain that their peaches are dropping badly and estimate that they will not have twenty five per cent of a crop. Further back from the lake the condition is better, but it is evident that the frost or cold weather or some other cause is beginning to show some unpleasant effects on the peaches.

Government surveyors came here the latter part of last week and were engaged several days in measuring the south pier. This has been an annual occurrence for the past fifteen years, and still the old pier was never known to shrink or swell an inch.

As far as Saugatuck is concerned, while it cannot be said that there is no sale of liquor, there is practically no drunkenness, and the open saloon, the most objectionable feature of the liquor business, has been entirely done away with.—Commercial.

## Ottawa County.

Boating on Grand River is a "dead duck" for this season, says the G. R. Press. The steamer Barrett, which has plied between Grand Rapids and Grand Haven for the last eighteen or twenty years, lies at her dock, looking very deserted and forlorn. There is a good depth of water, but the boat has not made a trip this season and the prospects are that she will not make one. The trouble seems to be that the big stockholder of the Valley City transportation Co., lives in Toledo and does not care to devote any more time or money to navigation on Grand River. The steamer Grand Island, which used to ply above the rapids at Grand Rapids, will next week start on the route between Grand Rapids and Grand Haven, and make the experiment.

A 31 pound muskallonge was caught in the river near Lamont Saturday.

Arthur J. Cross is in the county jail charged with adultery with Addie T. Peck, wife of Chas. L. Peck of Polkton. He was bound over to the circuit court and bail fixed at \$500, which he was unable to furnish.

## Obituary.

COOK—Died Monday, June 18, 1894, at the home of her father at Port Sheldon, Mich. LILA MAY, last and youngest daughter of C. J. Cook, aged 20 years and 9 months.

She has been a great sufferer with consumption the last two years. Three years she spent with her uncle in Wisconsin, and a year or so with her cousin, Mrs. A. Lambert, Kansas City. Early this spring her case was given up; however, she rallied again and came home with her cousin, but during the late unpleasant weather she grew worse. In response to a telegram here cousin came here with the Sunday morning boat and was most assiduous in her attentions to her, but without avail.

The funeral was held on Wednesday from the Smith school house, and the remains were interred at the Davis burying ground, Ventura.

Mr. Cook has had the misfortune to lose three daughters, one son and two wives, within a period of ten years. Four of these died from the same disease, while his last wife was frozen to death, being insane, and escaping from the home at midnight during a severe snow storm, two years ago last February, as reported in the News at the time.

## REPORTS OF STANDING COMMITTEES.

The committee on poor reported, presenting the semi-monthly report of the director of the poor and said committee, recommending \$38.50 for the support of the poor for the two weeks ending July 4th, 1894, and having extended temporary aid to the amount of \$28.50.—Approved and warrants ordered issued as recommended.

## COMMUNICATIONS FROM CITY OFFICERS.

The clerk reported the following additional oaths of office on file in the city clerk's office, viz:

Members of committee to examine hotels, as provided by law, Evert Takken and Frank Slooter.

Members of board of building inspectors, as provided by law, Evert Takken and Frank Slooter.

Assistant engineer of fire department, Cornelius Blom, Jr.  
Accepted and placed on file.

The city marshal reported the collection of the following water fund moneys, for the month ending June 18, 1894, and receipt of city treasurer for same, viz:

For water rent	\$ 10 93
" tipping mains	15 00
Total	\$ 25 93

Also reported having collected the following light fund moneys, and receipt of city treasurer for same, viz:

To amount due April 30th	\$ 5 31
" May 31st	154 02
To amount due for wiring	46 51
Total	\$205 88

Accepted ordered placed on file, and the city treasurer charged with the amount.

The board of public works reported the following, to wit:

To the Honorable the Mayor and Common Council of the City of Holland.

GENTLEMEN—Complying with a resolution passed by your honorable body, at a meeting in the City of Holland, June 5th, 1894, we present the following statement of receipts and expenditures:

409 lamps not metered	\$ 1067 00
25 lamps on meters	284 00
40 arc lamps in streets @ \$30.00	1200 00
11 incandescent lamps in public buildings	225 00
Estimated increase of 200 during ensuing twelve months	300 00

To oil and waste	150 00
To line and station repairs	300 00
To superintendence, stationery etc.	200 00

Total \$3628 00

In reply to that part of your resolution requesting that a rate shall be made from July 1st, to January 1st next, we beg to refer you to title 15, section 3 of the city charter, which says that rates shall be made annually on or before June 15th for the next twelve months.

We beg also to suggest that it would not be good business policy to make rates for a shorter term than one year, as it would create too much uncertainty in the minds of those intending to become patrons of the city plant, and deter them from becoming so.

Respectfully submitted,  
BOARD OF PUBLIC WORKS.

The report was accepted ordered placed on file and the rules and rates heretofore submitted approved.

The following are the rules and rates adopted by the Board of Public Works June 5th, 1894 and approved at this session of the common council, for Holland City Electric Light Plant:—See article in another column.

The following claim, approved by the board of public works was ordered paid, viz:

W. H. Reynolds, inspecting electric light work	\$ 15 00
R. Van den Berg, night police reported the following for the month ending June 15th, 1894 amount of moneys collected, \$20.08; uncollected, \$2.73.—Filed.	

## MOTIONS AND RESOLUTIONS.

On motion of Ald. Dalman.

That the Board of Parks and Public Ground be requested to purchase fifteen seats to be placed for the use of the public in Centennial Park.—Carried.

On motion of Ald. Harrington the city surveyor was instructed to set the necessary stakes for, and superintend the work of improving Twelfth street, between Columbia avenue and Land street.

On motion of Ald. Lokker.

That the matter of an increased water supply be urged upon the attention of the Board of Public Works, and that the board be directed to submit a plan, or plans, together with estimates for such increase at the next meeting of the council.—Carried.

On motion of Ald. Lokker, the city clerk was requested to correspond with the officials of the Chicago and West Michigan Railway Company relative to the lowering of the culvert under their railroad track crossing Sixteenth street, so that the water which is now obstructed by said railroad track and road bed may flow freely there through.

On motion of Ald. Habermann, the city clerk was requested to notify the HOLLAND CITY NEWS, Ottawa County Times and West Michigan Independent, that sealed proposals will be received at the next regular meeting of the common council for the city printing for the ensuing year, and that they also submit in connection therewith a sworn statement of the present

actual circulation of this paper within the city limits.

On motion of Ald. Visscher the committee on fire department was authorized to sell hand engine No. 2 for one hundred dollars, and such extra box as the city may have, at such price as it may seem proper.

Write Your Friends About Home Seekers' Excursions Into Michigan.

As a result of the efforts of the Chicago & West Michigan and some other Michigan Railways, three Home Seekers' Excursions will be run into Michigan this year.

For years past, the State has been drained of its agricultural population for the benefit of western states, by reason of the sale of excursions at low rates, to people desiring a new location or attracted by the glowing (sometimes overdrawn) accounts of the Western lands.

The tables will be turned this summer and fall, and an opportunity offered for farmers, and others, in Ohio, Indiana, Illinois, West Virginia, etc., to come to Michigan, with a view to locating in the best state in the Union.

Tickets will be sold on July 10th, August 15th and September 18th, from principal points in above named states, to nearly all points in Michigan at one way fare for the round trip. Tickets will be good to return within 20 days from the date of sale. Stop-off will be allowed on the C. & W. M. P. at any point north of St. Joseph and at any point on the D. L. & N. north and west of Lansing.

Write your friends about this opportunity to visit Michigan, and get them to locate here if possible. We are interested in getting settlers into the State, especially along our own lines, which, for the most part, run through as good farming and fruit lands as can be found anywhere. The "Michigan Fruit Belt" is famous the country over, and includes the entire eastern shore of Lake Michigan.

We are doing all we know how to encourage the movement of settlers into the State, and we appeal to you who are reading this, to assist us, for MICHIGAN, THE GREAT STATE 214 GEO. DEHAVEN, G. P. A.

Dr. Price's Cream Baking Powder Most Perfect Made.

While at Peekskill, N. Y., Mr. J. A. Scriven, a prominent manufacturer of New York City, purchased a bottle of Chamberlain's Cough Remedy. Such good results were obtained from its use that he sent back to the druggist from whom he had obtained it for two more bottles of the same remedy. When you have a cough or cold give this preparation a trial and like Mr. Scriven you will want it when again in need of such a medicine. It is a remedy of great worth and merit. 25 and 50 cent bottles for sale, by Heber Walsh, Druggist.

## Medicine in Bread.

DR. S. K. JACKSON.

The acids most generally employed in baking powders for the purpose of liberating the gas are the sulphuric (alum) and tartaric (cream tartar) which are objectionable for the reason that their salts possess medical properties and produce upon the human system effects which may not be needed at the time, or at least as often as food is taken; nor for one would like to take a dose of medicine every time he eats bread. It was a happy thought of Prof. Horsford that suggested the employment of an acid, (phosphoric) which, while it sets free the carbonic gas, also restores to the flour much of its nutrient ingredients which were lost in its manufacture. This, together with the fact that it communicates no unpleasant taste, and at the same time effectually secures the purpose of all baking powders, should commend his preparation to all desiring palatable and wholesome bread.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
