Chronic Diseases a Specialty.

OUR HIGHEST AIM of curing Chronic Diseases is the speedy,
gentle and permanent restitution of health. In the shortest, more re-
liable, and safest manner. We will show the people of Holland a few
testimonials of the wonderful cures we have made.

TESTIMONIALS:

ALLEGAN, May 26, '97.

To all those who suffer from Rheumatism I want to say that in
1889 I had been confined to the house for about 3 months and at one
time thought I should have to lose my leg and never expected to be
able to work again. I employed several of the best doctors I could
get but they did me no good. I finally consulted Dr. Baker and
am glad to say made a quick and complete recovery. He cured me
and am well to-day and can attend to my farm.

ADAM KNOBLOCK.

HOLLAND, June 1, '97.

I want to tell people of Holland that I have suffered with Salt
Rheum for over 18 years and that I was so bad at times that I could not
attend to my household duties and about two months ago I commenced
to doctor with Drs. Baker & Betts and I have recovered so that you can
not see any Salt-Rheum whatever. I can cheerfully recommend them
to all whom this may concern.

MRS. J. C. BROWN, 133 15th Street.

HOLLAND, June 1st, '97.

I want to say that I have suffered with lame back and rheumatism
for years and one year ago I consulted Dr. Baker and to-day I am glad
to say I am a well man.

F. M. PALMER, Engineer in North Side Tannery.

REED CITY, MICH., May 29, '97.

DRS. BAKER & BETTS, Holland, Mich.

DEAR DRs.—About three months ago I sent to you for medicine
for eczema. I was broke out all over my breast and my head was a
solid scab. I want to say your medicine cured me and for the first
time in seven years my skin is free from sores and scabs. You can use
this as you choose. Yours truly,

P. VARNEY.

The above are a few of the many testimonials we have received.

"Have Another Glass?"

Is sometimes a wrong request to make,
but if it applies to spectacles when a
person is ruining his eyes trying to
see through the wrong glasses, it is a
christian duty. Another glass will
give relief where now there is only
distress and the foretaste of blindness.
We fit glasses with care after the most
painstaking tests have been applied.

Kalamazoo will occupy Rev. G. H.
Dubbiok's pulpit next Sunday morn-
ing and evening. In the morning he
will deliver the baccalaureate address
to the class of '97 of the High School.

From the balcony of the Commercial
Hotel on Monday evening pealed forth
melodious and musical sounds which
attracted quite an audience. The mu-
sicians formed a remnant of the re-
cent minstrel show and their songs
elicited hearty applause.

The S. of V. state encampment was
held at Flint this week. The local

Johannes De Weerd, while in Kala-
mazoo on Tuesday, visited the asylum.
He had a long conversation with Cor-
nelius Doesburg, who is looking well
and reports that he expects to be re-
leased some time in the near future.
He was engaged in sewing buttons
Mr. De Weerd also desired to see Peter
Pfanzstiel and Wilson Harrington,
but owing to the excessive heat he
was denied the privilege.

Mrs. Adriaan De Frel, residing
about a mile south-east of the city,
died suddenly Monday evening at the
age of about 59 years. Deceased was
widely known and respected through-
out the community. She leaves a hus-
band and five married children. She
was a daughter of Mrs. Kroon, and a
sister of Mrs. P. A. Kleis, Mrs. E.
Vaupell and John Kroon, all of this
city. The funeral was held on Thurs-
day afternoon from the East Holland
Ref. church, Rev. John Van der
Meulen officiating.

The official program for the sailing
season of 1897 by the Columbus Yacht
Club of Chicago has been printed and
circulated. Eight events are scheduled
the sixth consisting of a cruising race
to Holland on Saturday, July 17. The
event is open to the Columbia fleet
only, and all yachts entering the race
must be in full cruising rig, carrying
anchors, chains, small boats, etc.
Handsome prizes will be given the
winners of the various classes in this
race. On arriving at Holland the
club will go into camp for one week,
during which period several races will
be sailed for which prizes will be given.

sential by the general manager of the
C. & W. M. R'y.

The little daughter of Mr. and Mrs.
W. D. Hopkins, while at play on
Wednesday, dislocated her shoulder
and broke her collar bone. Dr. T. W.
Butterfield is in attendance.

The subscription list which is being
circulated for the completion of the
park road is meeting with good suc-
cess, as three-fourths of the necessary
amount has already been subscribed.

Hope College will be represented in
the students conference at Lake Gen-
eva, Wis., by James Van Ess, F. Man-
sen, G. Hondelink, A. B. Van Zante,
and Fred Reeverts. They left last
night.

We have heard of a young man,
whose parents won't buy him a bi-
cycles, who is going to make one for
himself by using the frame of his
mild, the wheels of his head, the seat
of his pants, the rubber in his neck,
and a part of that tired feeling.—Ex.

Among the societies that expect to
picnic at Macatawa Park on Saturday
are the Cosmopolitan of Hope College,
the Christian Endeavor of Hope
College and the Melphone of Hope
College. The teachers of the city will
likely join them.

A runaway occurred on Eighth
street Monday evening. The horse of
Rev. A. Stegeman of New Holland
took fright from a load of leather
which passed by and jumped over a
hitching post to which it was attach-
ed. The animal received slight bruises
while the buggy was taken to the
blacksmith shops for repairs.

A party of fishermen engaged a row-
boat one day this week and spent sev-
eral hours in search for the finny tribe.
The result of their efforts is sum-
moned up as follows: One tomato can,
several kinds of fish, and a large black
dog. One of the party is persuaded
to believe that the last mentioned ap-
plied for a position in furnishing power
for the proposed street railway.

Prof. J. T. Bergen delivered as mas-
terly address on "Preparations for the
Nineteenth Century" to the graduates
of the Burnips Corners high school
last Friday evening. An interesting
and entertaining feature of the pro-
gram was the singing by Prof. J. B.
Nykerk and the organ solos by Miss
Maude E. Squier. Prof. Plummer is
principal of the school and the class of
'97 consists of five young men and one
lady.

The marriage of Ray Knooihuizen
and Miss Minnie Beeuwkes was
solemnized at the home of the bride's
parents Mr. and Mrs. L. Beeuwkes on
Wednesday evening. The ceremony
was performed by Rev. J. Van Hou-
te in the presence of relatives. The
wedding march was rendered by Miss
Jennie Beeuwkes, sister of the bride.
A sumptuous wedding supper was
served. The happy couple will reside
on east Thirteenth street, near Cen-
tral avenue.

Mrs. Sophia Koster of Grand Rapids
was in the city this week to consult
with her brother Wm. Damson, the
drayman, relative to a large estate in
Germany. They had an uncle in Wur-
temberg province, whose death oc-
curred a year ago last December, and
since then the wife and only son have
passed away. Recently a letter was
received stating that the deceased
uncle had left a will which stipulated
that the estate was to be divided
among relatives there, and debarring
heirs in this country. A representa-
tive will be sent thither to see that
the legacy is equally and legally divid-
ed and Mr. Damson and his brother
Fred living about two miles south of
the city secure their proper shares.

Royal makes the food pure,
wholesome and delicious.

The schooner Cora arrived Tuesday
from Manistee with a cargo of lumber
and shingles.

Wm. A. Thomas is executing an ar-
tistic job of frescoing in the residence
of K. Schaddelee on East Tenth
street.

John Vandersluis takes exception to
the local in last week's issue. John
says he never has old goods in stock
and his reputation for carrying only
new goods has long been established.

Intense heat prevailed the fore part
of the week and on Tuesday the ther-
mometer registered 95 in the shade.
Wednesday's showers cooled the at-
mosphere considerably and made life
more comfortable.

A Muskegon man mourned the loss
of his pet dog since December. Words
of praise and gratitude resounded
when marshal Dyk detected the
strayed animal this week and returned
him to his master.

A slot bicycle is in use in Glasgow
for hiring purposes. The cost is a
penny for every five miles traveled,
and if the wheelman neglects to drop
a penny at the end of each five miles
the wheels refuse to turn.

Mrs. Mastenbroek, residing north of
the city, died Tuesday at the age of a-
bout 89 years. She leaves a husband
and four children. The funeral oc-
curred on Thursday afternoon from
her late residence.

The 8th grade promotion exercises
will be held in the High school rooms
on Monday evening. The class num-
bers about 60. Admission by tickets
given out by members of class, owing
to limited space and large class.

R. Ottoma had the first and second
finger entirely severed from his right
hand while operating a slab trimmer
at the basket factory on Wednesday
afternoon. He was taken to the of-
fice of Dr. J. A. Mabbs where the in-
juries were dressed.

Manager J. R. Watson attended the
annual meeting of the Citizens Tele-
phone Exchange at Grand Rapids on
Tuesday evening. Flattering reports
were presented and the outlook for
the future is exceptionally bright.
Although the company has been orga-
nized but a short time, there are now
560 miles of wire with 105 stations.

The annual "bust" of the Melphone
society will be given in Winants chapel
this, Friday, evening. The pro-
gram includes a master's oration by
Rev. John M. Van der Meulen of Ka-
lamazoo, a monologue by W. H. Van
der Hart, an address by J. Steunen-
berg, a cornet solo by Joe A. Wiggers,
a reading by W. H. Cooper, songs by
the Edgdy quartette, the journal by
F. C. Warnshuis and an address of
welcome by J. S. Raum. Miss Amy
Yates will be the accompanist.

A match game of continuous pool of
100 balls took place at the billiard par-
lors of the New City Hotel on Wednes-
day evening, between Geo. E. Spears,
Michigan's champion pool and billiard
player and champion fancy shot player
of America, and A. Strock, the Akron
Kid champion pool player of Ohio.
The score stood 44 to 47 in favor of the
latter when the kid captured the re-
mainder without a break. Prof.
Spears also gave a fine exhibition of
fancy and trick shots both with cue
and fingers, which excelled everything
heretofore witnessed.

The much-talked-of electric street
railway, is assured. Attorney Geo. E.
Kollen received a letter from Charles
M. Humphrey on Wednesday stating
that the corporation has been orga-
nized under the name of the "Holland
& Lake Michigan Electric Railway
Co." with a capital stock of \$100,000.
Messrs. Humphrey and Ferguson are
at present in Chicago, making the
final arrangements. Work will be
commenced at once and before many
months the road is expected to be in
operation.

Holland City News.

SATURDAY, June 19, 1887.

Holland, Mich.

OUR NEIGHBORS.

Grand Haven.

Thursday, June 24 has been fixed as the day when the state horticultural society will meet in the city.

Tribune: A ball club from Holland was to have played the Tribunes Friday, but as is usual with Holland ball teams, they failed to show up.

The fishermen of Grand Haven have presented Geo. A. Farr with a handsome gold-headed cane. The presentation was made by C. Van Zanten and A. Obeek, at Mr. Farr's home, and was heartily responded to by the recipient. On the head is inscribed, "In Grateful Appreciation. From the fishermen of Grand Haven to Geo. A. Farr." The cane is a gift from those who well remember Mr. Farr's services, for which he refused to take a cent of pay, not even for his expenses when in Lansing last winter.

Rev. A. M. Van Duine of Holland, Nebraska, spent the day visiting friends in this city. Sunday he occupied Rev. Van Zanten's pulpit in Muskegon. Holland is but a short distance from Lincoln, the capital of Nebraska, and the home of Mr. Bryan. Mr. Van Duine knows Bryan well and speaks highly of him as a man and a citizen.—Tribune.

At the school election to vote on the proposition of bonding the city for \$10,000 for a new school building, held last week, only 185 ballots were cast, of which 110 were no and 71 yes. And now some are proposing to do away with the high school.

D. Wright and D. A. Lane have leased the driving park and are now engaged in organizing a club to be known as the Cycle Park Club. The object is to obtain the track for the wheelmen of Grand Haven, that they may use it for racing or practice purposes, or for cycle meets. A small fee will be charged.

Ottawa County.

The first four settlers in Jamestown were all named James, and hence the name of the town. One of these, James M. Brown, died the other day at Mantion.

Oren B. Ryder of Agnew, a veteran of the 15th N. Y. Engineers, has been examined for a pension.

Several enthusiastic cyclists of Muskegon have originated a scheme by which they expect to raise a sum of money to complete the cycle path between that city and Grand Haven. Three games of base ball will be played between teams made up of bicyclists from the two towns. One game will be played in Grand Haven, one in Muskegon and a third at the place having the largest attendance. The entire proceeds will go to building the two miles of path necessary to join the two cities. The mayors of the two cities are in correspondence about the project.

Old soldiers are warned to be on the lookout for a smooth tongued swindler who represents himself to be an agent for a soldiers' paper published in Toledo. In order to get them to subscribe, he offers as a premium a set of silver spoon or a pair of spectacles. There is no such paper published.

It was fifty years ago last Saturday that Nicholas Vyn and family arrived at Baltimore from Old Holland. They traveled by ox team to Pittsburgh, by canal from there to Cleveland, and thence by lake to Detroit. They finally located in Grand Haven. Mr. Vyn soon became interested with N. White in operating the Den Heyker saw mill in Holland (late the Pluggers mill). He also built a saw and flour mill at Centerville, two miles south of Zeeland. The flour mill was afterwards moved to Zeeland village. Three sons survive this energetic and enterprising pioneer—Dick at Grand Haven, Cornelius at Grand Rapids, and Gerrit in North Carolina.

The drain commissioner of Grand Haven township, Joseph Edward of Agnew, calls in all outstanding drain orders issued against the township.

A Summer Normal School for teachers will be held in Holland City, commencing July 7, and continuing in session six weeks. The tuition for the course is \$5. Board, and rooms for self-boarding, can be obtained at as low a rate as in any school town in Michigan. There will be four daily sessions the first week. Bring whatever text-books you may have for reference, as the instruction will be given by topic. If you know of anyone desirous of doing review work, will you kindly call their attention to the opportunities this summer school affords? Holland City is a most delightful place for rest, for recreation and for study. Its kindly and hospitable people, its churches, college and public school buildings, Macatawa Park and Bay, Ottawa Beach, its beautiful maple groves and broad and finely graded streets, all afford an environment at once healthful, restful and inspiring. Any information desired, will be promptly furnished by addressing Sup't. C. M. Lean, Holland, Mich., or L. P. Ernst, Coopersville, Mich.

The dredging of Grand river is not progressing as satisfactorily as its enthusiastic promoters would like to see. The dredge Farquar, a scow pump, and a crew of 15 men have been at work on the bars opposite Eastmanville for over three weeks now and in that time they have proceeded but 1,500 feet. The work is largely experimental as yet. It was begun at Eastmanville for the reason that that was as far as the dredge could be brought up the river safely. Later in the season the dredge will reverse ends and start for Grand Rapids. But it will not finish this season. Dredging Grand river channel is a long job. The river is full of bars and some of these have to be dug out and scooped out six feet, some four feet, and others only two.

As the C. & W. M. excursion train with five coaches from Allegan to Muskegon was pulling out of Ferrysburg Sunday the front trucks of the baggage car left the rails. When the train had been stopped they found no

body hurt, but the trucks were cross-wise of the track and buried in about two feet of sand. A work train that was moving the Lake Harbor resort depot from Ferrysburg to Mona discontinued operations for an hour and succeeded in getting the baggage car on the track again.

Zeeland.

The village board had an ordinance fit on last week. They passed five at a lick.

The graduating class of '97 will hold their commencement exercises in the Reformed church on Wednesday evening, June 30. The members this year are: Maude Boonstra, Anna De Kruif, Cornelia Van Lou, Anna Walcott, Ben Mulder, Maggie Keppel, Elizabeth Goosen, Mary Van Kley, Helena Janssen, and George Kamperman.

Rev. J. Groen has received another call from the Third Chr. Ref. church at Muskegon. This is the third call.

The village taxes for this year, about to be collected, are: general \$1 884.85, highway \$171.35, poll \$149.

At the firemen's review last Thursday the works at Elenbaas & Co. and the engine combined showed six strong streams of water simultaneously.

Zeeland base ball team played a game with the North Holland nine last Saturday which resulted in a score of 21 to 1 in favor of the local nine.

It is reported that the village has been granted a flag man on the Mill street crossing and that N. Howard has been appointed to fill the position.

News: Some of the Blendon boys will take snakes with them to Sunday school, and then let them go in church scaring the young ladies almost to death.

Saugatuck.

Strawberries promise an abundant yield.

Preparations are being made to hold an Odd Fellows' picnic at Baldhead park on Tuesday, June 22. The officers of the grand lodge will be here and hold a special session in the evening. Arrangements will be held for a free ferry between Saugatuck and the park and a grand good time is assured.

The Democratic liberty pole has been painted and the top-most lowered and baysards put in. The top-most of the Republican pole has also been lowered and a new main mast will have to be gotten before it can again be raised.

The steamer Bon Ami has commenced on the route between this place and Chicago, thus forming a daily line.

Fennville.

The first home-grown strawberries brought 10 cents.

The lake excursion to Grand Haven Friday was a failure. The steamer McVea could not go, not having received her papers. The H. R. Williams was then chartered, but could not get up to the Ganges pier, on account of shallow water.

Mrs. J. Van Zollenburg, who has been a guest at the home of her nephew, John A. Pieters, left for home yesterday, accompanied by Miss Jennie Pieters, who will spend a portion of the summer with her at Petosky.

The Fruitgrowers' company expect to build their packing house soon, having already met the officials of the C. & W. M. and arranged for a special siding. W. S. Owen of Catawba Island, Ohio, is the general manager of the packing and sales department.

The C. & W. M. is preparing to lay new steel rails, weighing about 70 pounds to the yard, between Water-vliet and Benton Harbor. They have shipped several cars of crushed stone here to be used in building walks around the station.

Allegan County.

The annual convention of the Epworth leagues of the Kalamazoo district will be held in Plainwell, June 29 and 30.

Isaac Shultes of Martin has invented an automatic trolley coupler and hanger for electric railways. It is claimed that when in use, the instant a wire breaks the current is cut off and the wire rendered harmless before it reaches the ground, should the invention prove practical, Mr. Shultes has a fortune within his grasp.

The Methodists of Wayland have decided to build a church to replace the one which was burned a few weeks ago, and have already begun getting material on the ground. William Wilker of Hamilton is another victim of pugilistic pastimes. He is a member of the "Arkansas Jim" company, and while that aggregation was filling a "one night only" engagement in that town about a week ago, Wilker and another member of the company improved the time by taking a few rounds in "physical culture." By some mishap the man who is now at the hospital received a severe injury on the arm. He was taken to Grand Rapids by his attending physician. The injuries were so extensive that it was found impossible to save the arm, which was horribly bruised and lacerated and it was amputated just above the elbow.

The Allegan schools will graduate a class of 18 students this year. Commencement on June 23.

The reports made to the county clerk by the supervisors of the different townships of the births and deaths during the past year show a number of causes of death which are new to most people. Some of them as given in the reports are, "colium in phantum," "fracture of the hip joint," "pneumonia," "typhoid pneumonia," "tuberculosis," and "paralysis."

Olive Center.

We are pleased to report that the world did not come to an end last week, as prophesied. Too much goodie-Strawberry-Short-Cake just now.

Courtland Harrison had his lame foot re-hurt and is laid up.

Bro. Edw. Watson, president of the Creamery, reports that a number of farmers are buying more cows, and that still more are wanted.

The K. O. T. M. affair at Grand Haven was well attended by Sir

Knights from this burg, and they had a good time. The visiting Knights desire to publicly thank the members of Highland Tent, Grand Haven, for their time and efforts involved, but above all for the genuine spirit of fraternity that prevailed. We invite them to come, they watermelons are ripe. Olive Centre Tent carried off the plums, as usual. Sir Knight Watson, in the fat men's race, won the day hat, and Dr. W. I. J. Bruinsma the "houten klomp."

Another pleasant affair we desire to mention is Children's Day, under the auspice of the M. E. Church. The 3 points, Olive Robinson, Star and Bardard, were well represented. The church at Robinson, despite the heat, was crowded. Under the able leadership of Rev. M. Lee, its pastor, much praise is due the children participating in the exercises. God bless our children—the hope of the nation.

Graafschap.

Rev. E. Breen, visited his parish Sunday and preached in the afternoon. Rev. Heins was the guest of Mr. and Mrs. H. Tien, and occupied the pulpit in the evening.

A three hundred pounder was the guest of J. Mulder and family last week.

There is some talk of a new school house, and we hope it will be put up in the village.

Misses Jennie and Allie Hilbink drove to Zeeland last Monday, to attend the funeral of Mr. Wityliet.

Some offensive gossip was spread last week by a little girl. Parents ought to teach them different.

Miss Sena Bouws came home last week to help her brother pick strawberries.

G. Sagers expects a lot of strawberries and needs more girls to help him pick.

Rev. and Mrs. J. Groen were the guests of Rev. J. Keizer and family last Tuesday.

The farmers are well satisfied with their creamery. They all smile.

Port Sheldon.

Our school picnic in the grove was a decided success. Fully 350 young and old turned out. Miss K. Connell deserves the greatest of praise. After 50 of the children had sat down to the table the older folks pitched in and the way they did justice to the eatables was amazing. The bell having again called the children to the school house the teacher put them through the program of exercises. We must also give Bro. Smith many thanks for his endeavors with Miss Connell to make the picnic a success in supplying lumber and putting up the tables which fairly groaned under the weight of the good things. A great many took in the exhibition at the Ventura school house in the evening.

Here and There.

This year's graduating class at the Ann Arbor university has several good examples of young men who have gone through college with little money. One of them entered four years ago with \$50. During the first year he waited on table for his board and took care of two furnaces for his room and spending money. Off and on he has worked at different things and now graduates free from debt.

"Massa Shelby," the character in "Uncle Tom's Cabin," who is represented as being the humane and charitable master of Uncle Tom and Aunt Chloe, was taken from real life, and was the father of W. R. Shelby of Grand Rapids, who is the vice president of the G. R. & I. railway. Governor Isaac Shelby lived on his plantation at Harrodsburg, Kentucky, where his son W. R. Shelby was born. The "guy" as Mr. Shelby speaks of him, was the first governor of Kentucky and was a prominent figure in central Kentucky when Mrs. Harriet Beecher Stowe went south from Massachusetts to study the real condition of the southern slave, before the war. She had been a guest of the Shelby plantation, and there she wrote a portion of her book. Governor Shelby was kind and generous to his slaves.—G. R. Herald.

The announcement at Elgin, Ill., that the great watch factory would again run full time hereafter caused much satisfaction, not only to the 1,800 employees but to the business men of the city as well. The management gives assurance of a permanent return to full time and the prospects of a considerable increase of force. A Michigan steamboat captain has what he alleges to be a new and important scheme. He is of the opinion that there should be laws passed compelling all lake and ocean craft to carry strong bottles with the respective names of the ships blown in them, to be thrown overboard during heavy storms. When a boat went down with all on board, and one of these bottles belonging to her was picked up, it would be known positively that its contents was not a fake. Bottles and blanks might be furnished by the government and certain rules prescribed for their use.

A branch of common pine inserted in the middle of a currant or gooseberry bush, on which currant worms are at work, will not only cause them to leave but will also prevent others from coming.

Horace Greely once upon a time said that the darkest hour in the history of a young man is when he sits down to study how to get money without honestly earning it.

Tramps from all parts of the state are flocking to the lake shore fruit belt to be in line for the berry harvest which is just beginning. They camp out in the neighborhood of the villages in large parties. Grand Rapids has an epidemic of measles; fully 600 cases have been reported to the board of health, in 10 days. It is estimated that there are in reality over a thousand cases in the city.

The postmaster-general has sent orders that advertising willow desks in post offices should be removed at once, for the reason that it showed partiality.

The exodus to Europe this season is exceptionally large. This is probably due in some measure to the Queen's Jubilee. But the habit of a summer

trip abroad is certainly on the increase, and few stop to calculate the amount of money that is yearly taken from our circulation by this annual exodus. It is so large that it constitutes no small factor in perpetuating hard times.

Chicago.—The word Chicago is understood to be an Indian word; at least it is derived from that source. What its precise meaning is, or whether it has any particular meaning at all in its present form as now applied, is a matter of considerable dispute among those who have given the subject attention. The word comes to us through the early French explorers of the West as an Indian word from the language of the Algonquin group. The Indian pronunciation, as first reduced to English, was "Che-cau-gou," and was supposed to mean "skunk."

Citizens of South Haven have petitioned for the appointment of a collector at that port, believing the importance of the place will warrant such action. Under the present conditions boat owners must go to Grand Haven for registration.

Potatoes in northern Michigan have taken a big jump the past week and the farmers who have any are now getting from fifteen to twenty-five cents a bushel for them.

One of the deer in the Soldiers' Home park at Grand Rapids recently escaped and was shot by two prominent residents of Courtland township. They had a complaint made out against themselves and were fined \$5 each. Now the game warden is making things lively for them and they have been taken before a justice and found guilty. The law says the fine for this offense shall not be less than \$30.

The salaries of postmasters are based on the amount of business done at their respective offices, and are annually adjusted accordingly. For the past year the changes in some of the offices in Western Michigan are as follows: Increases—Cadillac, \$2,000 to \$2,100; Newago, \$1,000 to \$1,100; St. Joseph, \$2,000 to \$2,100; South Haven, \$1,700 to \$1,800; Three Oaks, \$1,200 to \$1,500. Decreases—Cedar Springs, \$1,100 to \$1,000; Ionia, \$2,400 to \$2,300; Lakeview, \$1,100 to \$1,000; Lowell, \$1,500 to \$1,400; Ludington, \$2,200 to \$2,000; Traverse City, \$2,400 to \$2,300; Whitehall, \$1,300 to \$1,100.

The products of the gold and silver mines in the United States during the past year was \$130,000,000, an increase over previous year of \$10,000,000.

The damming of Grand river by the village of Portland may prove a costly venture for that town. One settlement has already been made for damages by the river overflowing its banks last winter, the village paying James Milne \$500. Now the village has been sued again for \$2,000.

From the depot at Pentwater, passengers are loaded into a hack and carried across the channel in an open ferry boat. The other night a C. & W. M. brakeman was one of the passengers and took the hack for the hotel. The horses became somewhat restless while crossing the ferry and began backing up. The brakeman, thinking that they were going to back overboard, hastily opened the door and sprang away into the darkness, striking bottom under 14 feet of cold water.

Selecting a Hat....

Is a serious affair. The wrong hat will spoil the handsomest costume. Don't wear a certain shaped hat if it is unbecoming, just because it's the style. If your hat makes you look prettier, it has served its purpose.

This season the styles are so varied that every one must find something to suit her.

WRECKED VESSEL LOCATED.

The Pewabic, Lost 32 Years Ago in Thunder Bay, Found.

Alpena, June 12.—After a 32 years' search the copper-laden steamer Pewabic, which collided with a sister ship, the Meteor, off Thunder Bay island, has been discovered by the steamer Root wrecking expedition, lying on the bottom seven miles east in Thunder bay. A diver in a patent diving bell found the Pewabic lying upright on her bottom in 169 feet of water. Her head was pointing out. Capt. Smith says the work of getting out the cargo will be begun at once.

There is great excitement here over the discovery, as there is not only 267 tons of copper, which constituted part of her cargo, in the hold, but considerable coin. The copper is at present valued at about \$80,000. Arrangements with the Home and Aetna companies, which held the insurance, assure the wreckers of 60 per cent. of all property recovered.

Scores of wrecking expeditions have been formed at various times in the past to search for her, and thousands of dollars have been spent in both dragging the bottom where she was supposed to have gone down, and in diving.

The Pewabic was a fine passenger steamer, bound from Lake Superior, with about 150 souls on board, including the crew. She sank in a few minutes after colliding, carrying down 125 passengers. The night was clear and the surface of the lake like glass. Passengers were enjoying dancing and card playing, assisted by some of the officers of the boat, and the boat went down so quickly that few had time to save themselves. At the time it was said the collision was due to carelessness. The night was so beautiful it was thought no harm would come to run close and exchange mail with the Meteor. Accordingly the boats steered close together and were drawn together by suction. The coin on board was in gold in the purser's safe, but the exact amount was never known. It is said by some to have amounted to \$60,000. The copper cargo is worth \$80,000 and the Pewabic cost \$200,000.

AN ELECTRICAL MARVEL.

Man Has an Invention Ten Years Old Which Will Startle Scientists.

Marquette, June 12.—R. A. Wilson, superintendent of the electric light plant in this city, is said to have made a find which is apt to cause an upheaval in the electrical world. Mr. Wilson, it is alleged, has discovered a complete model of an electric lighting plant, made by an eccentric inventor, John Ingalls, which has lain in disuse since 1887, and has just been unearthed in perfect working order. By it a light similar to the incandescent bulb is said to be obtained without the use of a filament, the light being caused by waves of electrical energy forced through a vacuum on "high frequency."

Ann Arbor's Lighting Plans.

Ann Arbor, June 12.—Plans are about completed for expending the \$20,000 appropriation recently made by the legislature to the Michigan university for an electric light plant. The money will be used for two 60-kilo Watts dynamos for lighting purposes and one 500-volt dynamo for power purposes. This latter will displace three engines now in use in the laboratories. A small plant at the hospital will also be provided for, one of the engines displaced by electricity in the physical laboratory being used to run it. The campus will be lighted with arc lights and the building with incandescent lamps. The new plant will be of inestimable value to the instructors in the engineering courses.

Nailed Up Church Doors.

Niles, June 12.—The congregation of the Methodist church at Nuncia is divided against the pastor, William Lawton, who has of late censured his townspeople in his sermons. Some of his enemies at a recent service cursed the pastor in the church and nailed up the doors with the congregation inside. One member of the congregation broke a window, climbed out and opened the doors. Six of the disturbers have been arrested.

Graves Despoiled.

Cheboygan, June 14.—For the past few nights sneak thieves have been stealing valuable plants and flowers off the graves in the cemeteries here. The entire G. A. R. Decoration day tribute was stolen off the graves of the veterans. Many private graves have also been despoiled. The plants have been taken to surrounding towns and disposed of.

Death of a Midget.

Kansas City, Mo., June 11.—C. W. Spurling, a midget, died here of throat trouble. He was 34 years old and was only 42 inches in height and weighed 35 pounds. Spurling was a traveling agent for a Dowagiac (Mich.) firm, and had been in the city for a year. His remains were sent to Dowagiac, where he was born, and where relatives survive him.

Sudden Death of a Sheriff.

Mancelona, June 10.—S. M. Chaffee, sheriff of Antrim county, died very suddenly at eight o'clock Wednesday morning, at Bellaire. He was apparently as well as ever, and was taken with a violent headache and died at once. Sheriff Chaffee was a favorite of all. He was serving his second term, and was universally respected.

Took Strychnine.

Marshall, June 14.—Abram Hinman committed suicide here by taking five grains of strychnine. He was killed a few months ago by a young lady, and this is supposed to be the cause of his self-destruction.

Crushed to Death.

Flint, June 13.—A. E. Atherton, proprietor of the Atlas flouring mills, was crushed to death at Atlas by being thrown under the wheels of a wagon to which a team of fractious colts was attached.

POSTAL CHANGES.

Classification and Readjustment of Offices and Salaries in Michigan.

Washington, D. C., June 15.—The first assistant postmaster general has announced the fourteenth annual readjustment of salaries of all the postmasters in the United States appointed by the president. That number includes all the first, second and third-class offices. This readjustment is based on the receipts of the various offices for the four quarters ending March 31, and the changes in salaries here given become effective July 1 next. The changes for Michigan are as follows:

The offices at Au Sable, Lake City and Milan are relegated from third to fourth class.
INCREASES—Billsfield, \$1,200 to \$1,300; Inlay City, \$1,200 to \$1,300; Marine City, \$1,400 to \$1,500; Newberry, \$1,000 to \$1,100; Rochester, \$1,100 to \$1,200; South Haven, \$1,700 to \$1,800; Cadillac, \$2,500 to \$2,600; Jackson, \$1,800 to \$1,900; Midland, \$1,200 to \$1,300; Norway, \$1,500 to \$1,600; St. Joseph, \$2,000 to \$2,100; Three Oaks, \$1,500 to \$1,600; Durand, \$1,100 to \$1,200; Mancelona, \$1,200 to \$1,300; Newaygo, \$1,000 to \$1,100; Portland, \$1,500 to \$1,600; Sault Ste. Marie, \$2,300 to \$2,400; West Bay City, \$2,000 to \$2,100.
DECREASES—Buchanan, \$1,700 to \$1,600; Clare, \$1,300 to \$1,200; Flushing, \$1,300 to \$1,200; Homer, \$1,600 to \$1,500; Ithaca, \$1,000 to \$900; Ludington, \$2,200 to \$2,100; Monroe, \$2,500 to \$2,400; Ontonagon, \$1,300 to \$1,200; Traverse City, \$2,400 to \$2,300; Cassopolis, \$1,400 to \$1,300; Crystal Falls, \$1,100 to \$1,000; Grayling, \$1,200 to \$1,100; Houghton, \$1,300 to \$1,200; Lake View, \$1,100 to \$1,000; Marquette, \$1,500 to \$1,400; Mount Pleasant, \$1,800 to \$1,700; Schoolcraft, \$1,100 to \$1,000; West Branch, \$1,100 to \$1,000; Cedar Springs, \$1,100 to \$1,000; Dowagiac, \$2,200 to \$2,100; Holly, \$1,700 to \$1,600; Ionia, \$2,400 to \$2,300; Lowell, \$1,500 to \$1,400; Mendon, \$1,200 to \$1,100; Newnass, \$1,800 to \$1,700; Stanton, \$1,300 to \$1,200; White Hall, \$1,300 to \$1,200.

NOBILITY WEBS RICHES.

Marriage of Miss Walker and Count Manfred at Detroit.

Detroit, June 16.—At noon Tuesday the civil marriage of Count Manfred von Matschka, of Germany, and Miss Ella Holbrook Walker, youngest daughter of Hiram Walker, a distiller, took place at the residence of the bride's father on Jefferson avenue. At 5:30 o'clock in the afternoon Bishop Foley arrived and the rites of the Roman Catholic church were performed. Miss Walker is several times a millionaire in her own right, and the count is of a fine family. At night a reception was held from six to eight o'clock, at which society was present. The house was decorated with roses. The dishes were of solid gold and silver.

It was the greatest wedding that ever took place in the city. The cost is estimated at \$50,000, yet everything was quiet and there was no outward display. Thousands stood in the streets about the residence hoping to see the count and countess. The presents were numerous, but the bride gave orders that not one package should be opened until she reached her new home across the sea. They left Tuesday night at 11:25 o'clock over the Michigan Central for New York to sail by the first steamer for the count's estates. It is said that until Miss Walker met Count Manfred a year ago while abroad she was determined never to marry. It was a case of love at first sight.

Flag Day at Detroit.

Detroit, Mich., June 15.—A feature of flag day in Detroit was the raising of the big flag and union jack presented to the city of Detroit by the crew of the United States cruiser Detroit. The banners were hoisted from the flagstaff on top of the building shortly after noon by some United States marines amid cheers of the crowd. Mayor Maybury and others made short appropriate addresses and the bright new emblems of patriotism fluttered finely in the fresh breeze.

Accused of Swindling.

Charlotte, June 14.—Martin Gibbs, a well-to-do farmer of Eaton, was arrested Saturday night on a charge of forgery. He is street commissioner of the town and employs considerable labor. He is alleged to have defrauded the town out of a large sum of money by issuing fraudulent orders on the treasurer for fictitious names, and as a "matter of accommodation" to the workmen, drawing the money and retaining it.

Fenton Bank Closed.

Niles, June 15.—The State bank of Fenton was closed Monday morning by order of the bank commissioner. No estimate can be obtained of the bank's financial standing. Its capital stock was \$50,000, and it is said \$35,000 was due depositors. It is claimed the embarrassment is only temporary.

More Mines to Open.

Ironwood, June 12.—The company controlling the Norrie group of mines has effected a sale of 100,000 tons of ore, which will clean up the large surplus and necessitate the reopening of the mines, thus giving employment to at least 500 men. A great revival of business is sure to follow.

Bicycle Thief Sentenced.

Grand Rapids, June 14.—Judge Burlingame, of the superior court, imposed a severe sentence upon a self-confessed bicycle thief. When George Moffat acknowledged that he had stolen Wallace Amsden's wheel, the court promptly sentenced him to prison for three years.

Electric Line Running.

Pontiac, June 12.—The Detroit Pontiac Electric Railway company has been so far completed as to allow traffic between the two cities. The line inside the Pontiac city limits is not yet finished, because of injunction troubles, and the cars now start at the city limits.

The Biennial Tax Levy.

Lansing, June 14.—Auditor-General Dix has determined that the state tax levy for the present year will be \$2,397,907 and \$2,012,227 for 1893. The state taxes for the biennial period will be \$990,000 less than for 1893 and 1896.

Drowned.

Mortgage Sale.

DEFAULT HAVING BEEN MADE IN THE condition of a certain mortgage made by John Hobon and Julia Hobon, his wife, to Henry J. Lake dated the 15th day of September, A. D. 1893, and recorded in the office of the Register of Deeds, for the County of Ottawa, and State of Michigan, on the 25th day of September, A. D. 1893 in Liber 15 of Mortgages, on page 94, on which mortgage there is claimed to be due at the date of this notice the sum of Nineteen Hundred Ninety-five Dollars and Forty-two cents, and an attorney fee of Forty Dollars, provided for in said mortgage, and no suit or proceeding at law having been instituted to recover the moneys secured by said mortgage or any part thereof.

Now, Therefore, by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, notice is hereby given that on Monday, the 9th day of September, A. D. 1897, at ten o'clock in the forenoon, I shall sell at public auction to the highest bidder, at the front door of the court house, in the city of Grand Haven, (that being the place where the Circuit Court for said County of Ottawa is held) the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage, with 8 per cent interest, and all legal costs, together with an attorney fee of Forty Dollars, as covenanted for therein, the proceeds being described in said mortgage as follows, to-wit:

The south half (S. 1/2) of north-west quarter (N. W. 1/4) of section eight (8), town eight (8), north range fourteen (14) west, Ottawa County, Mich.

HENRY J. LAKE, Mortgagee.
WALTER I. LILLIE,
Attorney for Mortgagee. 30-13w

SATURDAY, June 19.

The Michigan Anti-Saloon league is preparing for a vigorous campaign during the coming summer and fall, and it will be pushed with special vigor during the vacation period when men connected with the state and other universities are at leisure. Active canvasses have been made of the law schools and other places where young and effective speakers can be secured, and these will be augmented from the lists of older men interested in that work. It is announced that the state organization has arranged to flood the smaller towns and cities with speakers, arrange temperance revivals and church services. The churches have been asked and many of them have consented to allow the use of their buildings whenever desired for the anti-saloon meetings, and in the larger cities halls and churches will be used as well. It is announced that Justice C. B. Grant of the Supreme Court will be billed for addresses about the state, and other prominent speakers will be O. A. Wright of Ohio, Prof. Webb of Albion, Wayne B. Wheeler of Ann Arbor and others. The object of the work is given out as an educational one. "We want to educate the people all over the state to the importance of first electing men to the legislature who will make good laws, and then choosing local officers who will see that the laws are enforced," said one of the officers a few days ago. "There will be an attempt made before the next legislature to modify the saloon laws, and we will endeavor to educate the people by that time so that they will not only refuse to modify them, but make them more severe."

Retail Clerks' Union No. 168 of Detroit has sent a strong printed appeal to the clergymen of that city to assist them. One of their objects is "to educate the masses to daylight purchases." They also "denounce the desecration of the Sabbath day by employers who compel clerks to forfeit their freedom by working on that day, in nearly all cases without remuneration." They say: "It is a fact that many of our girls and women engaged in some of the stores are paid as low as \$2.50 per week. We ask the question, is this right? Can these girls be virtuous and live upon such wages? Are not our merchants, by paying such low wages, responsible for many girls being obliged to sell their virtue in order to make their living? In our ranks are married men, some with families, who are paid as low as \$6 per week. Does not this fact have a tendency to cause dishonesty? Do we wonder why some cry out, 'Is life worth living?' We are seeking to improve our conditions. Many of our employers are very severe to their help. We maintain that in order to make a business a success an employer should be a friend to his employees, and the employee should be a friend to his employer. But many of our employers, even in this advanced age, will hardly recognize their help, either in the store or on the street, and yet the employee is supposed to do all he can to make money for and advance the interests of his employer. We are striving to get shorter hours; many of us have to work until 9 p. m. five days in the week and until 11 p. m. on Saturdays, making it on that day nearly 12 p. m. before we reach our homes. Is not this practically slavery? Can you expect large Sunday morning congregations when so many of us are resting after a 15 or 16-hour Saturday's work—not to speak of occasionally being compelled to work on that day with curtains drawn?"

During the debate on the tariff bill in the Senate last week Senator Tillman of South Carolina declared that this old tariff idea of the Democratic party in the past was no more the Democratic idea of today than was secession in 1861, or nullification in 1830. He said that it was for the best interest of the American people that the articles consumed by them should be produced at home. If this was Republican doctrine, well and good. If it is not Democratic doctrine, it ought to be. Mr. Tillman said that the Democrats are in a period of transition, and the tariff debate among the Democratic Senators has demonstrated the truth of his remarks. Bacon and Clay of Georgia, Tillman and McLaurin of South Carolina, McEnery of Louisiana, White of California, and Rawlins of Utah have all spoken and voted for protective duties. They have supported some of the most important paragraphs in the bill, and have demolished the old doctrine of free raw materials, which was one of President Cleveland's hobbies. They helped to put a high tariff on lumber and a high duty on onyx and cotton and rice, and they will help to put a protective duty on sugar, whatever the old leaders, such as Senators Vest and Mills and Jones of Arkansas, may say to the contrary.

President McKinley at the Tennessee exposition: "Let me tell you, my

countrymen, that resuscitation will not be promoted by recrimination. The distrust of the present will not be removed by distrust of the future. A patriot makes a better citizen than a pessimist, and we have got to be patient, for much as we may want to move out of the old house we cannot do it until the new one is finished. A tariff law half made is of no practical use, except to indicate that in a little while a whole tariff law will be done. It is making progress. It is reaching the end, and when the end comes we will have business confidence and industrial activity. Let us keep stout hearts and steady heads. The country is not going backward, but forward. American energy is not being destroyed by the storms of the past. It will yet triumph through wise and beneficent legislation."

Ex-Gov. Boies of Iowa, a pronounced sixteen-to-one silver democrat last fall, has so far modified his views as to advocate a new scheme of gold and silver certificates. He would allow any owner of gold or silver bullion to take it to the treasury and deposit it, receiving a certificate in exchange, the certificate to circulate at the market value of the gold or silver it represented. He says nothing whatever of the ratio, and does not suggest anything like 16 to 1. This does not suit the silver people and they fear that Gov. Boies' name will have to be taken off the list of free coinage men.

The party of business men from the South American countries now visiting us say they cannot understand why the merchants and exporters of the United States do not make more vigorous efforts to build up trade among their peoples. Since the Cleveland administration in Washington vindicated the Monroe doctrine all the Central and South American countries are looking to the United States for closer business and political relations. They say that after all their countries rely upon the United States for protection in case of any trouble with European powers, and that their people infinitely prefer to place their business with New York and Philadelphia and Chicago rather than with London, Paris and Hamburg. If Great Britain or France or Germany had such a leverage as the Monroe doctrine with which to work up trade in Latin America, say these delegates, not a moment would be lost by either of those governments, or their merchants. The feeling toward this country all through Latin America is one of great friendliness and intense admiration.

The Democratic organization, says Ex-Gov. Hill of New York, "is still held by the champions of Bryanism and any present tendency toward Democratic revival would mean the ascendancy of this dangerous influence. All friends of public order and sound money and social stability have hoped that the Democratic elements which revolted from Bryan last year would recover possession of the Democratic organization. Until they do, the Democratic party cannot be redeemed and its advance cannot be regarded without alarm. The ruling Democratic influences today stand just where they did in the last campaign, and any measure of power they may gain is as much to be dreaded now as it was then. The only way in which their control can be shaken is through the success of the present administration and with the return of prosperity under its policy. The administration must have a fair chance to work out its policy and a fair period for the realization of its fruits. When its measures shall have been perfected and practically tried, and when good times shall come with them, there will be an end of the discontent which underlies Bryanism and a visible proof of the fallacy which runs through it."

Leading Democratic newspapers in good standing are doing their part toward confirming the belief in an improved condition of trade which is essential to a return of prosperity. It is to be regretted that there are a few—fortunately a very few—organs of Populism, mostly in the rural districts, that are viciously resolute in proclaiming that times now are worse, rather than better, than they were prior to the election of McKinley. At the present time the croaker is an enemy to the public. For after allowance is made for all exaggerations and false statements, it is beyond dispute that many thousands of men have found employment since the first Tuesday in November; that railways are giving orders for new cars; that shipmasters are buying new ships; that old debts are being liquidated, and that the retail trade is brisker. And it will be better for the country if the return to prosperity is somewhat slow and sure than if it be rapid and somewhat insecure. Overproduction leads to depression. The present demand cannot be what the demand in 1891-2 was. The general expression of opinion in trade circles is that the country has turned the corner from depression and is again moving gradually in the direction of prosperity. This is very

gratifying and all the more so because it comes from sources in which the public has the greatest confidence. It is especially gratifying to find the secretary of the treasury among the prophets of good, partly because of his official position, but still more because of the reputation he bears of being a very conservative man as well as an experienced one.

The bicycle notwithstanding its extensive use and growing popularity has its strong opponents and traducers as well. Here is an exhibit of what all is charged up against it: Saddle and buggy horses are no longer in demand. Such exercise as horseback and buggy riding are not indulged in these days except by the aged—those who are too old to pedal a wheel. There is a decrease in veterinary surgeons. In days past there were one or two of these professionals connected with every first-class livery stable. They have been driven into other fields. The bicycle has done another thing. Thousands of boys miss the "tips" they once got from drivers who would get out of their vehicles to make some purchase and leave their teams in the care of a boy, who was always in waiting ready to perform such service for a small sum. The horse trade also is inactive these days, and there is no demand for such animals except the fancy ones from Kentucky, and these go to the rich. Draught horses are, of course, excepted. In some places horses may now be bought for \$3, and they are good horses at that. Then again the bicycle is a menace to the mind. It annihilates the reading habit. The reading-rooms and libraries, as compared with what they used to be, are deserted. It is a menace to health. It provokes heart disease, kidney affections, consumption and all sorts of nervous disorders. It is a menace to the domestic virtues. It breaks up and destroys the home. The children are turned into the street or left at home to look out for themselves while father and mother go spinning. It makes women immodest. And when a woman throws off the beautiful reserve which the Almighty has placed around her she stands on dangerous ground. The bicycle opens the way for everlasting ruin to a multitude of young men and women who might otherwise escape. It is a menace to religion. The churches are being emptied of the young and middle aged. The Sabbath bells call in vain. While they are ringing the boulevards are crowded with souls that are losing their sense of reverence. The wheel mania is a craze that cannot last forever. Action and reaction are equal, and by and by the insanity must pass away. Sooner or later we will learn that, of all the foes of our Christian civilization, the bicycle is the most uncompromising and the most deadly. How is this for pessimism?

High School Lyceum.

The public exercises of the Holland High School Lyceum were held in Lyceum opera house on Friday evening. The Lyceum is a literary society, organized during the present school year, and limits its membership to the senior and junior classes. The society meets every two weeks and great progress has been made by its members in both elocutionary and musical attainments.

The officers and members of the Lyceum are as follows: President, John Winter; secretary, Will Damson; Supt. C. M. McLean, Prin. F. D. Haddock, Miss Marcia Masterman, Miss Addie M. Clark, Miss Julia C. Van Raalte, Miss Ella L. Strange, Elmer Avery, Albert De Vries, Carrie De Feyter, Inez Harrington, Ida Johnson, Maud Marslie, Lema Mokma, Minnie Schoon, Joe Borgman, Egbert Winter, Anna Van den Berg, Gertrude De Vries, Helen Markham, Agnes Mohr, Kate Praken, Jennie Jansen, Fred Gunn, Alfred Van Duren, Jake Van Putten, Cornelius Hoogenstyn, Fred Kulte, Minnie De Feyter, Lulu Boggs, Martin Kerkhof, Edward Van Landegend, Fred Bertsch, Claude Howell, Sadie Borgman, Leo Wise, Margaret De Vries, Aleta Fairbanks, Helena Mulder, Nettle Ten Houten, Ada Alcott, Inez Hadden, Rose Davidson, Martha Schoon, Anna Habermann, Jennie Werkman, Minnie Dok, Gola Smith, Mamie Steketee.

Owing to the largeness of the senior class, which numbers eighteen, the program was entrusted to their care. The stars and stripes on which rested a portrait of Washington comprised the decorations, aside from the beautiful array of potted plants. While the large assemblage was waiting, the members entered and marched to the stage and intermingled with hearty applause the following program was ably rendered:

Piano Solo—Polacca brillante..... Gola Smith.

Court Notes.

An adjourned session of the March term of the circuit court was held on Tuesday, to dispose of some litigation that had been held over. Notice hereof had been given to the inmates of the county jail that are awaiting trial at the August term, so that those who desired to come into court and plead guilty, could do so. Two of them availed themselves of the opportunity. The first was Henry Vos, charged with burglarizing a store in Harrisburg last winter. Since his bold attempt to escape from jail last week Vos has been kept in his cell, securely ironed, and the few days that he had been in solitary has changed him wonderfully. When in court Monday morning he did not bear the reckless air which has characterized him thus far. He was sentenced to ten years at hard labor at Jackson. When asked if he had anything to say why sentence should not be passed upon him, he asked the mercy of the court for the sake of his mother. Vos is a bad man in every way and would have been kept in irons until August if he had not entered a plea of guilty. Upon his return from court to the jail he asked to be allowed the freedom of the corridors, but the other prisoners are all afraid of him, and the sheriff, thinking he might get even by assaulting some of them, placed him in his cell. One prisoner, Bram Van Vuren, is afraid of his life in Vos' presence. Vos is now 26 years of age. He was born in Grand Haven and his parents were respectable residents of that city for many years. They now reside in Muskegon.

The second to plead guilty was John Borgers, the eighteen-year-old lad of this city, charged with the recent attack upon his employer Herman Van Ark. His parents were present in court; also his attorney Geo. E. Kollen. In reply to the question whether he had anything to say he expressed sorrow for the rash deed. The judges said he would take this in consideration, and also his youth, and the possibility of improvement. He would give him an opportunity of entering upon the age of full manhood, relieved of this charge, and with that object in view limited the sentence to two years and nine months at Ionia. This, with the allowance for good time, will make him a free man before he reaches the age of majority.

Before Justice Pagelson Arend Verlee of Holland was arraigned on Monday, on the charge of defrauding the Cappon & Bertsch Leather Co. He pleaded guilty and was fined \$100 and costs, which were paid for him. Jacob Kulte, who was convicted on a like charge a few weeks ago and had appealed, changed his mind and paid the fine and costs assessed against him by Justice Pagelson—fine \$25 and costs \$35.05.

Monday morning two young men, of the ages of eighteen, were arraigned in justice's court in this city for improper behavior on the previous evening in the vicinity of one of our large churches. One of them was charged with jostling his companions in a crowd on the sidewalk, while the congregation was returning home, and the other with throwing a stick of wood through an open window during the service. They pleaded guilty and were sentenced to pay three and ten dollars respectively.

On Saturday when the cases of The People vs. Frank Haven and D. Blom were called, the Prosecuting Attorney dismissed the examination, owing to the mysterious disappearance, between two days, of the complaining witnesses.

Cut Out the Rye.

Owing to the increased production of rye in Michigan, considerable trouble and loss has arisen in the past two or three years from the admixture of rye with wheat.

Michigan has become justly celebrated for the excellent flour produced by her mills, and it is impossible for millers to maintain this high standard excepting by the use of the best wheat, and it must be free from any rye mixture. Such a mixture is often not worth more than the price of rye, in fact, it is hardly worth that as it will not make a satisfactory rye flour as it were pure rye. The miller wants good wheat, and good rye, and wants it in separate bags.

The farmer may secure pure wheat by careful selection of pure seed, provided the wheat is not sown in a field that has contained rye as a previous crop. When it is found, however, that rye is coming up in the wheat it can in June easily be cut out, or, better still, pulled out, with a small outlay of labor, and it will save the farmer from being cut on the price of his wheat.

Send your address to H. E. Rucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For the medical fraternity, Catarrh of Malaria and Liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size 25c per box. Sold by H. Walsh, Holland, and Van Bree & Son, Zealand, druggists.

"Our little girl had diarrhoea in a very bad form. We tried everything we could think of, but without effect, until we got Dr. Fowler's Ext. of Wild Strawberry, which helped her right away."—Mrs. Ann Borgman, Verban, Sanilac Co., Mich.

Is it "overwork" that has filled this country with nervous dyspepsia?—that takes the flesh off their bones, the vitality from their blood, and makes them feeble, emaciated and inefficient? No. It is bad cooking, over-eating of indigestible stuff, and other health-destroying habits.

The remedy is an artificially digested food such as the Shaker Digestive Cordial. Instead of irritating the already inflamed stomach, the Cordial gives it a chance to rest by nourishing the system itself and digesting other food taken with it. So flesh and strength return. Is not the idea rational? The Cordial is palatable and relieves immediately. No money risked to decide on its value. A 10 cent trial bottle does that.

Laxol is the best medicine for children. Doctors recommend it in place of Castor Oil.

Beautiful books, booklets and medals, just the things for graduating presents, at Martin & Huizinga's.

Bicycle riders, football players and athletes generally, find a sovereign remedy for the sprains and bruises and cuts to which they are constantly liable, in Dr. Thomas' Electric Oil.

Never in the history of sales were goods sold as cheap as at the sales of muslin underwear at M. Notler's on Fridays and Saturdays.

Rio Coffee only 13 cts at Will Botsford & Co.

Poisons engendered by food fermenting in a dyspeptic stomach are the direct cause of rheumatism, gout, bronchitis, liver and kidney complaints, asthma, pneumonia and many nervous ailments.

These results are prevented by the use of the Shaker Digestive Cordial, a remedy discovered and prepared by the Shakers of Mount Lebanon, N. Y. It is in itself a food and has power to digest other food taken with it. Thus it rests the diseased stomach and finally masters the worst cases of dyspepsia. It acts promptly and fresh strength and increase of weight soon follows. The first dose, taken immediately after eating, abates the pain and distress so dreaded by dyspeptics. Trial bottles—enough to prove its merits—10cts.

Broken Java Coffee 10 cts at Will Botsford & Co.

M. Notler is selling muslin underwear at less than the cost of the material on Fridays and Saturdays.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known for the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

The steamer Virginia of the Chicago-Milwaukee line, with 200 passengers aboard, ran down the schooner Eveline, bound from Menominee to Chicago, near Milwaukee Wednesday evening. The Eveline's cabin was shifted and her yawl was demolished. A panic prevailed for a while among the Virginia's passengers, but the steamer continued on her course to Chicago and the Eveline was towed to Milwaukee for repairs.

Henry P. Scott died Wednesday morning at the home of his brother Alex W., at Fort Collins, Colorado, at the age of 44 years. He was the oldest son of the late Rev. Dr. Charles Scott, formerly president of Hope College. Henry has been associated with the News on various occasions and devoted most of his time to journalism. He was a bright scholar, a ready writer, and well liked. He left Holland a year ago last spring and for some time was located in Chicago. While visiting with his brother in Fort Collins, he was taken sick with lung trouble, which terminated his career. The funeral occurred this afternoon from the Episcopal church at Fort Collins.

A fitting close to the work of the "American Year," was the celebration of "Holland City Day," by the Bay View Reading Circle, at the home of Mrs. C. C. Wheeler, Tuesday afternoon. The large number of members and invited guests present showed the great interest in the course. Much praise is due the leader, Mrs. Wheeler, for the literary program. This consisted of instrumental music by Mrs. W. C. Walsh and Miss Allie Wheeler, and two papers, one by Mrs. H. Krenners, being a description of "Holland City To-day," the other by Mrs. H. D. Post, entitled, "The Early Days of Holland City." The thrilling narrative of her adventures was told in a very graphic manner and was listened to with the greatest interest. At the close of the program dainty refreshments were served and each presented with a card having the day and class motto neatly written, also the class color and a conundrum which was to be answered by the name of some flower. Although the American year closes with the regrets of all, the class will finish the four years' course next year, which is the German year.

Frank E. Pilbeam, publisher of the Pilbeam's Improved City Directory, is canvassing the city for the purpose of compiling a city directory of Holland. Mr. Pilbeam is an experienced man in the work, and has consolidated with the Holland Cycle Club, which favors the improvement of good roads. Ten per cent of the proceeds netted from the advertising contracts will be used for this purpose. The printing contract has been placed with Mulder Bros., and their work as jobbers needs no recommendation. Mr. Pilbeam will call upon our merchants and business men and they should not hesitate to place their advertising contracts with him, as a good directory is a necessity and saves any business man time, which is money. The houses being numbered with the street signs to be affixed, Holland is in need of a correct and first-class directory, and Mr. Pilbeam is fully equal to the task.

A goodly number of ladies met at the home of Mrs. H. D. Post for their annual Flower Mission social last Friday afternoon. The parlors were beautifully decorated with cut flowers and a very pleasant program was prepared consisting of a most interesting paper on Flower Mission work by the Supt. Mrs. H. D. Post, a reading very finely rendered by Mrs. G. W. Browning, and the best of music by Mrs. W. H. Wing, Mrs. G. W. Browning, and Miss Lalla McKay. After the programme light refreshments were served and many of the ladies found hidden in their napkins souvenir cards containing beautiful quotations from some of our best poets. These the guests were asked to read for the entertainment of all. Little Miss Amy Dutton presented each lady with flower favors consisting of white carnations. The departing guests were united in expressing their thanks to the hostess for a very pleasant afternoon.

The executive committee of the S. O. T. A. has sent out the following card: "The association will hold its session of Saturday, June 10, at the Auditorium, Macatawa Park. It is necessary to make the change because the school buildings at Holland will be in the hands of the carpenters, and also the C. E. young people and teachers of Holland had made previous arrangements to go to the Park. We hope all the teachers will take advantage of this occasion to enjoy a day's outing. The boat leaves Holland at 10 a. m. Round trip tickets 15 cents. Plenty of music."

Millard Harrington received the sad news last week of the death of his son Dana G. at Wayne, Ill., at the age of 20 years. Since Mr. Harrington was divorced from his wife a few years ago Dana entered into correspondence with his father and only recently accepted an offer from him to establish him in business here. For several weeks Millard's letters were unanswered and he concluded that his son would surprise him by an unexpected arrival. The surprise was turned into sorrow in not being informed in any way relative to his sickness or death until after the funeral and Millard and his friends are justly indignant at his former wife's conduct.

CONGRESSIONAL.

Proceedings of the Special Session.

The senate had a period of tariff speeches on the 9th, and, as a result, little progress was made on the bill. The following nominations were received from the president: To be envoys extraordinary and ministers plenipotentiary of the United States, Henry L. Wilson, of Washington, to Chili; William F. Powell, of New Jersey, to Haiti, and John G. A. Leishman, of Pennsylvania, to Switzerland....The house was not in session.

In the senate on the 10th the agricultural schedule of the tariff bill was completed and the sugar schedule was taken up....In the house James T. Lloyd, elected to succeed the late Representative Giles, of the First Missouri district, took the oath. The house then adjourned to the 11th.

The first test vote on the sugar schedule was taken in the senate on the 11th, resulting in the adoption of the republican amendment increasing the duty on refined sugar from 1.675 to 1.55 cents per pound....The house was not in session.

The sugar schedule was again the subject of democratic assaults in the senate on the 12th and practically no progress was made. Only one amendment was voted upon and that was defeated. When the senate adjourned the amendment of Senator Lindsay (Ky.) to strike out the differential on refined sugar was pending....The house was not in session.

Let The Whole World Know The Good Dr. Miles' Heart Cure Does

HEART DISEASE, has its victim at a disadvantage. Always taught that heart disease is incurable, when the symptoms become well defined, the patient becomes alarmed and a nervous panic takes place. But when a sure remedy is found and a cure effected, after years of suffering, there is great rejoicing and desire to 'let the whole world know what Dr. Miles' Heart Cure has done for me. For ten years I had pain in my heart, shortness of breath, palpitation, pain in my left side, oppressed feeling in my chest, weak and hungry spells, bad dreams, could not lie on either side, was numb and suffered terribly. I took Dr. Miles' Heart Cure and before I finished the second bottle I felt its good effects, I feel now that I am fully recovered, and that Dr. Miles' Heart Cure saved my life."

PETITIONS AND ACCOUNTS.

HOLLAND, MICH., June 15, 1897.

To the Honorable the Mayor and Common Council of the City of Holland:

GENTLEMEN:—We the undersigned, a committee appointed by Columbia Hose Co. No. 2, for the purpose of investigating into the matter of the justice of the claim of Edward Glerum, one of the members of the company, against the city, beg leave to submit to your Honorable Body that they believe the recent action of the council in refusing the bill presented by Mr. Glerum was based upon a misunderstanding of the facts connected with the accident, and that they are fully convinced that if the facts are fully and fairly brought before the council, the council will see that the bill is a just one and ought to be allowed. We therefore in behalf of Columbia Hose Co. No. 2 hereby respectfully ask you to reconsider the resolution by which said bill was disallowed and to allow the same.

REPORTS OF STANDING COMMITTEES.

HOLLAND, MICH., June 15, 1897.

To the Honorable the Mayor and Common Council of the City of Holland:

GENTLEMEN:—Your committee on streets and bridges to whom was referred the petition of Mr. Luidens and others petitioning to change the name of Market street to Central avenue, would respectfully report that your committee have investigated and interviewed the property owners on said street and have met with no opposition. Therefore your committee would recommend that said petition be granted and your committee further recommends that the committee on ordinances be instructed to draft an ordinance governing the change of names of streets, parks and avenues, and that all such changes heretofore or hereafter made, be recorded in the office of the Register of Deeds for the county of Ottawa.

EVART TAKKEN,
PETER A. KLEIS,
J. A. KOOTEN.

Com. on streets and bridges.

The report was adopted, and recommendations ordered carried out.

HOLLAND, MICH., June 15, 1897.

To the Honorable the Mayor and Common Council of the City of Holland:

GENTLEMEN:—Your committee on streets and bridges to whom was referred the petition of Homer Van Landegast asking your Honorable Body for steel tape line and reel, would respectfully recommend that the amount asked for be allowed, said tape and reel to be considered and held as city property.

EVART TAKKEN,
PETER A. KLEIS,
J. A. KOOTEN.

Committee on Streets and Bridges.

By Ald. Van Patten,
Resolved, that the report be adopted and warrant ordered issued for the amount.—Carried all voting aye.

HOLLAND, MICH., June 15, 1897.

To the Honorable the Mayor and Common Council of the City of Holland:

GENTLEMEN:—Your committee on claims and accounts to whom was referred the bill of Dr. Kramers against A. Glerum, beg leave to report that they have investigated the matter and recommend that said bill be allowed.

Respectfully,

H. GREENLASH,
EVART TAKKEN,
L. SCHOON.

Com. on claims and accounts.

By Ald. Schouten,
Resolved, that the report be adopted and bill allowed.—Carried all voting aye.

same are hereby established of the following width, unless otherwise authorized by resolution of the common council, to wit: On Eighth street, between River street and College Avenue—feet, and between College Avenue and Columbia Avenue—feet; on River street between Sixth street and Twelfth street—feet; on Market street between Eighth street and Twelfth street—feet; and on all other streets and avenues and parts of streets and avenues six feet.

Sec. 2. Eighth street between River street and Columbia Avenue and River street between Seventh street and Ninth street are hereby constituted a cement sidewalk district.

Sec. 3. Sidewalks hereafter constructed or repaired within said cement sidewalk district shall be constructed or repaired of cement, laid upon a solid and substantial foundation, after the approved manner of constructing cement sidewalks, and under the general supervision and direction of the street commissioner.

Sec. 4. Sidewalks hereafter constructed outside of said cement sidewalk district shall be either of cement, coal tar, or plank, as the common council may direct.

Sec. 5. Coal tar sidewalks or cement sidewalks constructed outside the cement sidewalk district shall be laid with a foundation not less than four inches in depth of coarse sand or gravel, which shall be covered by a coat of coal tar or cement not less than three inches thick.

Sec. 6. Plank sidewalks shall be constructed of good, sound two-inch pine plank, not less than six inches nor more than twelve inches in width, laid on not less than three round pine, hemlock, cedar or oak stringers not less than three by four inches in dimension, well and securely placed, not more than three feet apart, upon a good and firm foundation, and each plank securely nailed to each stringer by at least two twenty-penny nails. The boards shall be evenly laid and shall be nailed to a line on the street side. The stringers shall be so laid that there shall be no more than one joint under any one plank.

Sec. 7. All sidewalks constructed under the provisions of this ordinance shall be brought to a grade fixed by the common council, and it shall be the duty of the city surveyor to set proper grade and line stakes for such walks whenever the same shall have been ordered.

Sec. 8. Whenever the common council shall by resolution have determined that a sidewalk be constructed in any of the streets or avenues of the city, and shall have required the owners or occupants of the lots or premises abutting thereon to construct or lay the same, it shall be the duty of the street commissioner to serve a written or printed notice upon such owners or occupants, ordering them to construct such sidewalk adjacent to and abutting upon their respective lots or premises within such time as shall be fixed in the resolution; provided however, that such time shall not be less than thirty days from the date of service of such notice.

Sec. 9. If any lot or premises in front of, or adjacent to which any sidewalk is ordered to be constructed, shall be unoccupied, or the owner or occupant thereof, cannot be found in the city or if the owner thereof be unknown, the street commissioner shall serve said notice by posting up the same in a conspicuous place on such lot or premises.

Sec. 10. It shall be the duty of every person notified to construct a sidewalk as hereinbefore provided, to construct the same in the manner and within the time specified in the resolution of the common council ordering the same, and under the general supervision and direction of the street commissioner. In case any sidewalk shall not be constructed within the time specified by the common council, the street commissioner shall construct the same, unless otherwise ordered by the Common Council, and shall keep an accurate account of the expense of such construction, including his own time at the rate of two dollars per day, the amount of which said expenses, properly itemized, shall be reported by him to the common council, duly verified; such report shall also contain a description of the lot or premises upon or in respect to which the expense was incurred, and the name of the owner or person, if known, chargeable therewith. The cost and expense of the construction of such sidewalk shall be a lien on the lot or premises adjacent thereto until the same shall be paid.

Sec. 11. The amounts charged against the several lots or premises under the provisions of the foregoing section of this ordinance, shall annually, in the month of September, be reported by the city clerk to the board of assessors for assessment, in the manner prescribed by the charter. To the amount thus charged to each description, the clerk shall add and place in a separate column, the legal interest computed from the date of the report of the street commissioner to the first day of February next ensuing, and shall also add in an additional column, the sum of one dollar for the expense of assessment and advertising. Any person may pay the amount thus charged against any lot or premises, with legal interest computed thereon to the date of payment, to the city treasurer, at any time before the same shall have been reported to the board of assessors for assessment. Receipts for such payments shall be issued by the city treasurer, in duplicate, and shall be countersigned by the city clerk, and one copy filed with him.

Sec. 12. Whenever any sidewalk shall be found out of repair, it shall be the duty of the street commissioner to give the owner or occupant of any lot or premises adjacent to said sidewalk, a written or printed notice to repair the same within two days after the service of such notice. If the lot or premises are unoccupied, or if the owner be a non-resident of the city or cannot be found within the city, the street commissioner shall serve the notice in the same manner as hereinbefore provided for the construction of a sidewalk. If such sidewalk shall not be repaired within the time fixed by such notice, then it shall be the duty of the street commissioner to proceed forthwith to repair such sidewalk at the expense of the owner of such lot or premises, and he shall keep an itemized account of all expenses thus incurred, which shall be reported by him to the common council in the same manner as hereinbefore provided in cases where sidewalks are constructed by him, and such expenses shall be payable, and the collection thereof enforced, in the same manner as is hereinbefore provided for the assessment and collection of expenses incurred in the construction of sidewalks by the street commissioner.

Sec. 13. An ordinance entitled "An ordinance relative to sidewalks," passed December 29th, 1896, and approved December 29th, 1896, is hereby repealed.

Sec. 14. This ordinance shall take immediate effect.

Calumet Baking Powder

has turned the tables on high price baking powders. The directions on High Price cans are the same as on Calumet cans, viz.: 2 teaspoonsfuls to a quart of flour, but they say that one can of High Price will go three times as far as any other. Can any claim be more ridiculous? The frantic cry of adulteration, danger and poison made by the high price baking powder people is a blind to intimidate the public and induce them to pay fancy prices for their goods—also to divert attention from this defect in their own goods.

Pr. sec. JOHN V. B. GOODRICH, Judge of Probate.

In the matter of the estate of Martha Veerboer, deceased.

On reading and filing the petition, duly verified, of James Brandt, administrator of said estate, praying for the examination and allowance of his final account, that he may be discharged from his trust, have his bond cancelled and said estate closed.

Thereupon it is Ordered, That Monday, the Nineteenth day of July next,

at 10 o'clock in the forenoon, be assigned for the hearing of said petition, and that the heirs at law of said deceased, and all other persons interested in said estate are required to appear at a session of said Court, then to be holden at the Probate Office, in the City of Grand Haven, in said county, and show cause, if any there be, why the prayer of the petitioner should not be granted. And it is further Ordered, That said petitioner give notice to the persons interested in said estate, of the pendency of said petition, and the hearing thereof by causing a copy of this order to be published in the HOLLAND CITY NEWS a newspaper printed and circulated in said county of Ottawa for three successive weeks previous to said day of hearing.

(A true copy Attest) JOHN V. B. GOODRICH, Judge of Probate. 21-3w

Sheriff's Sale.

Notice is hereby given that by virtue of a writ of fieri facias issued out of the Circuit Court for the County of Allegan, in favor of John D. Everhard, against the goods and chattels and real estate of John De Vries, in Ottawa county, to me directed and delivered, I did on the Seventh day of Jan. A. D. 1897, levy upon and take all the right, title and interest of the said John De Vries, in and to the following described real estate, that is to say: A piece of land bounded by a line commencing at a point thirty rods south of the north east corner of section sixteen of town five north of range thirteen west, running south along the section line five rods, thence west sixteen rods, thence north five rods, thence east sixteen rods to the place of beginning; all of which I shall expose for sale at public auction to the highest bidder, at the north front door of the court house in the City of Grand Haven, in said County of Ottawa, on the twenty-sixth day of July A. D. 1897 at ten o'clock in the forenoon.

Dated this 9th day of June, A. D. 1897.

FRANK VAN EY, Sheriff.
