A new time table went into effect on the C. & W. M. last Sunday. It contains the usual summer trains and resort trains, and these with the withdrawal of the D., T. & M. from the Allegan division, restore the service to its old-time summer schedule. Every change in the arrival and departure of trains is an improvement over what we have had lately.

In starting up the auxiliary water works at Nineteenth street station this summer, the same trouble was experienced of last year, only to a greater extent, in this, that there was no flow of water, the screens on the points having become clogged and caroded during the winter season, when the works lie idle. The other day Sup't De Young pulled them all up, gave them a thorough cleaning and drove them back in their former positions, and now there is a flow larger than they can handle. There will be no scarcity of water this summer.

The government crop report shows that this year there is a total wheat acreage of 43,700,000, or three and a half millions more than last year. The average condition of winter wheat is 90.8, as compared to 78.5 last year, Spring wheat breaks the record at 100.9, as compared to 89.6 last year. Oats and rye also show increased percentages, but barley has fallen off in condition. In the face of such conditions considerable uncertainty must exist relative to the future of the market. Prices must certainly rule lower than for the past few months, but how much lower is the problem, for an accurate solution of which speculators would give a handsome sum. The granaries are swept bare throughout the world and there will probably be a demand for all the wheat we have to spare, either for consumption or for storing as a reserve.

Royal makes the food pure, wholesome and delicious.

At the present session of the synod of the Christian Reformed Church, which is held in Grand Rapids, steps have been taken towards the founding of a college in connection with the Theol. seminary of that denomination already established in that city.

It is intimated that the attention of the U. S. revenue officials has been directed to this locality for alleged violations of the liquor laws. The special offense charged consists of retailing beer in Zeeland under a license that is good only within the limits of Holland.

Wednesday was convention day in Grand Rapids and among the many that represented Holland were: D. B. K. Van Raalse, A. J. Ward, John B. Mulder, G. J. Diekema, W. O. Van Eyck, Geo. P. Hummer, M. The "diamonds" where the late D. T. & M. crossed the C. & W. M. tracks, north of the passenger depot, were removed last week. As long as they remained as part of the track every moving train and engine of the C. & W. M., in nearing the crossing was obliged, under the state law, to come to a standstill, before passing over.

Notices were sent out Saturday afternoon inviting "the general public to the hall over the Grandwet printing house, every Sunday, at 10:30 o'clock a. m., and at 7:30 p. m., where Rev. J. D. Fry, a Baptist minister, will conduct services towards the establishing of a Baptist church in the future. We are here not to tear down, but to build up the Kingdom of our Lord." Only a few of their immediate friends witnessed the ceremony and the couple departed on the 7:25 train for Grand Haven. They will visit with relatives in Grand Rapids and Detroit for a short time after which Mrs. Culver will accompany her husband on a business trip in eastern New York state where they will remain for several months.

FRIDAY, June 24.

OUR NEIGHBORS.

Ottawa County.

The town of Lisbon has the distinction of being in Kent and Ottawa county both. The post office and nearly all the business places are in Sparta township, Kent county. Gooding, a village north, is also partially in Kent and Ottawa.

About 1,500 pounds of wool was marketed at Coopersville last week at an average price of 19 cents. Farmers are well pleased with the advance in prices.

Spring Lake: The Reformed church was struck by lightning in the terrible electric storm the other day. The spire was nearly ruined and the church interior badly damaged. John J. Danhof carried the insurance on the building and has settled for the loss, paying \$286. Mr. Danhof says it was the largest loss of the kind he ever paid. A new barn is being erected in the rear of the parsonage, and the church edifice will be treated to a number of repairs and a new coat of paint.

Supervisor Enno Pruim of Spring Lake is mentioned as a candidate for the legislature in this district.

George M. Wells of Eastmanville died at his home Saturday afternoon of paralysis, aged 72 years. He was one of the old settlers, having lived in the vicinity of Eastmanville for more than forty years.

There were 32 deaths in Ottawa county last month, as follows: Holland city 6, Holland town 6, Grand Haven city 4, Chester 2, Olive 1, Polkton 8, Tallmadge 1, Zeeland 3, Spring Lake 1.

G. H. Tribune: We of this section of Ottawa do not know what fruit farms are until we see them in Chester and Wright. Hundreds of acres in those towns are devoted to fruit culture and annually produce thousands of bushels of pears, peaches, plums and apples. Most of this fruit is marketed in Grand Rapids. The old time theory that the lake shore is the only place to grow peaches is seen to be a myth when one visits that region. One farmer in Wright, a Mr. Wolverton, has nearly 160 acres devoted to peaches.

Grand Haven.

The baccalaureate sermon to the high school graduates was preached Sunday evening by Rev. Geo. R. Parrish, of Constantine.

Christian Van der Veen, a former Grand Haven boy, and son of the late Rev. C. Van der Veen, graduates from the U. of M. this month. He is a physician and surgeon.

D. Cutler's family are moving into their handsome new house.

It is reported that a Chicago man has offered to donate \$2,000 for the improvement of Highland Park, if the city will donate the same amount.

Judge Padgham has given the common council of this city until June 30 to show cause why they do not act upon the appointments of mayor Baar. Mayor Baar's first petition to the court was for the council to show cause why they do not confirm his appointments, but this has been changed to read, "act upon the mayor's appointments." Until the time set by the judge the matter will rest. The judge also denied the mandamus in the petition of mayor Baar to have city clerk Kirby show cause why his veto of Ald. Kie's finance resolution was not filed on June 4.

Cashier Stickney of the National Bank delivered a paper before the Bankers' convention at Detroit on "War taxation of 1861-65 as compared with taxation for the Spanish war."

Saugatuck.

The railroad rate on berries, to Chicago, is fourteen cents per case, more than double the boat rate.

Work on the new barge at Brittain's yard is being pushed as rapidly as possible in order to have her ready for the peach trade between this place and Milwaukee.

Several families of Indians from Hamilton are camped in this neighborhood, engaged in picking strawberries.

The steamers Bon Ami and Saugatuck are both on the Chicago route, and there is a daily boat from Douglas, Saugatuck, and the Ganges piers. On Monday night the Bon Ami had over 2,000 cases of berries for Chicago, a bigger cargo than was carried out of there last season.

The strawberry crop of this township the present season will be the largest on record, and unless the market falls below the paying rate, the shipments will be immense.

The dredge is operating at the mouth of the river.

The bridge between Douglas and Saugatuck looks like a directory for some city.

Gooseberries of late years have proved to be a very unprofitable crop, and shipments from this port will be very small this season. Farmers have cut out thousands of gooseberry vines and abandoned the raising of them.

Cherry and current shipments will begin next week. The crop will be large.

Fennville.

The steamboat express began running Sunday and will take fruit from here for Chicago via Graham & Morton boats at St. Joseph.

Last season over 65,000 cases of strawberries were shipped from this fruit belt, and the shipments this season promised to be three or four times that amount, but returns so far have been so low that shippers have lost considerable money and many have ceased picking. The berries are very fine, but it costs about 35 cents to place a crate of berries from here on the Chicago market.

It has been generally thought that the wild swamp huckleberry could not be domesticated, or we might say propagated, by any cultivation, but our industrious and painstaking citizen, D. K. Freeland, has fully demonstrated that it can be grown for home use at any rate. Several years ago he pulled up two small bushes in berry picking time (probably the most unfavorable for taking them up) and planted them on a very moist piece of ground, and now he has quite a little plot of them in bearing. They gathered some 23 quarts of very nice berries last season. The berry has become so scarce that it is considered rather a luxury at present.—Herald.

John A. Pieters has been elected a delegate to the Democratic congressional convention.

Allegan County.

There are rumors afloat again that the C. & W. M. Railway company intends to extend its road to the manufacturing district of Allegan village.

The twenty-second annual meeting of the Allegan High school Alumni association will be held in the parlors of the Presbyterian church Tuesday evening, June 28.

The salary of the postmasters at Otsego and Plainwell have been decreased \$100 each. The salary of the former is now \$1,400 and of the latter \$1,300.

George E. Bardeen, president of the Bardeen Paper company, of Otsego, has established a free reading room for the employees of the paper mills, and sixty-eight papers and magazines will come regularly for use there. As soon as possible, a free kindergarten will be started for the children of the mothers employed in the mills, and a professional teacher in kindergarten work will be engaged to conduct it.

Religious services in the Holland language were held in Allegan last Sunday, conducted by Rev. P. Schut, of Zutphen.

A full company of the uniformed rank of the Knights of Pythias was organized here Thursday night, by W. H. Loomis of Grand Rapids.

The Allegan post office was transferred Tuesday evening by postmaster Bracken to Edw. C. Reid, his successor. Mr. Bracken retires with the good-will of the patrons of the office, having given them a generally satisfactory administration of its affairs. Mr. Bracken showed his successor all possible courtesy and helpfulness in acquainting him with the affairs of the office.—Gazette.

Zeeland.

The village council has referred the application for an electric street railway franchise to a special committee consisting of Trustees Kamps and Van Ees.

President Keppel has made the following appointments: Henry R. Van Eyck chief of the fire dept.; John Pyl ass't chief; John Van Eyck engineer.

Sunday evening Rev. Herman Frieling, a missionary in Arizona, was married to Miss Jennie Janssen of this place. The ceremony took place in the First Christ. Ref. church.

The graduating exercises of the Public schools took place in the Reformed church Wednesday evening. The graduating class numbers nine and is composed of Sarah Cass, George H. Rookus, Gertrude L. Van Loo, Albertina R. Veneklasen, James C. De Pree, Jacob A. Elenbaas, Susan G. Moorhoff, Mary M. Veneklasen and Cornelia E. Everhard.

The annual review of the fire department was held Thursday.

Rev. Wm. J. Van Kersen and wife, who were married in this village last week, will be "at home" at Raritan, Ill., on and after August 1st next.

Anthony Romeyn was arrested last week on the charge of selling beer without paying the government tax, taken to Grand Rapids before U. S. Commissioner McQuewan, and held to the next grand jury in \$200 bonds. One of the witnesses in the case narrowly escaped being hauled up for perjury. His conscience came to the rescue at the last minute, however, and he asked permission to retell his story and tell it correctly.

General Items.

Farm wages are higher than one year ago in each section of the state.

A Tennessee Confederate in referring to the late Civil war gave this reminiscence: "I recall that at the time of the firing on Sumter, many of our people were still 'on the fence,' as we said. The Lincoln electors had received few votes in the town. I remember that the tendency was in favor of the preservation of the Union, but the people were afraid of Lincoln. At that time they believed he had been elected for no other purpose than that of 'freeing the niggers and stealing the horses.' And so it happened that negroes and horses were locked up often at night, together, not in the same room, of course, but often in adjoining rooms in the outhouses. I have often thought that, if the people had understood Lincoln in the beginning of the war as they came to know him later, many a man who went

Hidden

Weakness.

Just as we sometimes see a tree or pole apparently strong and sound come rushing down with a sudden crash because of some undetected process of decay, so no matter how good an appearance a woman may present, if she is subject to any hidden weakness, gradually sapling away and undermining her vitality, some day her entire constitution will give way and leave her a prostrate physical wreck.

The average doctor gives a little something for the headache and a little something else for the backache and still another thing for the nerves and so on, never once reaching the hidden weakness in the distinctly feminine organism.

The vast experience and special practice of Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., in treating women's diseases, enables him to understand and cope successfully with these particular ailments. Any woman may feel the utmost confidence in consulting him by mail. She will receive, free of cost, sound professional advice whereby her health may, in ninety-nine cases out of a hundred, be promptly and permanently restored. All correspondence is held to be *strictly confidential*.

A lady living in Coshocton Co., Ohio, Mrs. W. T. Stanton, of Bluffsfield, writes: "I had female weakness very bad for nearly three years. Had dragging down pains in and above my hips and such dreadful pains in the back and top of my head (just as though someone was lifting me by the hair). Had no ambition, would try to work a few days then would have to lie in bed for a long time. No tongue can express the suffering I endured. I had much pain at monthly periods. I doctored most of the time with as good a physician as there is in the state, but had no case only when I was quiet and off my feet and then I had more or less pain in my head. When I began taking Dr. Pierce's medicine I weighed 120 pounds, and was very pale and weak. I took twelve bottles of his 'Favorite Prescription' and seven of the 'Golden Medical Discovery.' Now I feel like a different person. Have no pain in my head, can do all the work for myself, husband and one child; am gaining in flesh. I feel it is through God's mercy and your wonderful medicines that I am cured."

South would have fought for the Union."

St. Joseph: Two hundred tramps who have been roaming about Stevensville, a small town south of this city, for the past two weeks, refusing work, have threatened to burn the town because the inhabitants refused them food.

Major Jas. Long, formerly adjutant of the Soldiers' home at Grand Rapids, has accepted a position at the war department at Washington.

A tramp called at a St. Joseph house the other evening and demanded food. Mrs. Riley, an elderly lady, who was alone in the house, refused his request, and the fellow seized her by the throat and threw her to the floor. She succeeded in freeing herself, however, and escaped through the window just in time to meet her son, to whom she related the facts. The tramp had fled but was overtaken by the young man, who gave him such a thrashing that he supposed that he had killed him.

A new kind of worm which attacks the heads of the growing wheat has been discovered at Galesburg, near Kalamazoo.

Daily shipments of strawberries from Benton Harbor aggregate 50,000 crates and over. Six boats from Chicago and Milwaukee are now making that port regularly for the fruit and passenger trade.

"Wet" or "dry?" Berrien county will decide on Saturday which it will have. It promises to be a great contest.

Washington: Congressman William Alden Smith Saturday afternoon called at the pension office and saved Miss Fanny Ford, sister of the late Congressman Ford, from being discharged.

Ann Arbor: Thomas M. Cooley, the great jurist, who has been in retirement at the private asylum at Flint since last July, has returned to this city, looking much better physically, although he appeared on the streets this afternoon with an attendant. Prof. Cooley will probably never recover his mental vigor, but his many warm friends here are glad to see him back again.

A teacher in the Addison public schools received the following note explaining the absence of one of her pupils the day before: "Please excuse Henry for absents yesterday. Him and me got a chance to ride to a funeral in a carriage, and I let him stay to home, as he never rode in a carriage and never went to a funeral nor had any other pleasures. So please excuse."

A Petersburg, Mich. saloon was ordered to pay \$5,000 for the death of an intoxicated man named Byron Sapler, who purchased the liquor at the saloon.

Two hundred fifty Saints came over on the steamer City of Kalamazoo to South Haven from Chicago, one night last week, to attend the Saints' camp-meeting at Grand Junction.

The approaching coronation of Queen Wilhelmina of Holland is the occasion for a very pretty burst of sentiment from the New York Mail and Express. "A brave little nation," it says, "which through centuries fought the Spaniard and the sea, surrendering to the sea to defeat the Spaniard, and then gradually winning back the country from the sea—a sturdy, honest, God-fearing people, within whose friendly dikes were nurtured our own Pilgrim fathers, and with whom our relations have always been those of pleasantness and peace—a gracious little lady, whose good sense, good heart and good training have admirably fitted her to be the actual sovereign of a loyal and loving people who have watched with pride and affection the growth of Wilhelmina to womanhood—all combine to make the august ceremony one to draw America to Holland in generous sympathy." It is to be hoped that a Dutch-American special ambassador may be commissioned to carry to the young queen, in behalf of the United States, our message of congratulation.—G. B. Press.

Two Sparta young men, who found a purse on the highway containing \$250, kept the money and spent part of it. One of their pals peached and the young men were heavily fined in Grand Rapids Saturday. Money or articles found on the road should be advertised, or the finder is guilty of theft.

WAR NOTES.

After filling up the four volunteer regiments from this state that have already left for the front to their maximum number, Michigan is entitled, under the second call, to furnish still another regiment, the Thirty-fifth. This regiment will be commanded by Col. E. M. Irish of Kalamazoo, who has in part assigned the territory in which the companies for the regiment are to be recruited, and the captains that are to command them:

Capt. R. S. Locklin, of Marshall; company from Calhoun, Barry and Eaton counties.

Capt. W. G. Fleischbauer, of Reed City; company from Oscoda and Kalamazoo counties.

Capt. J. B. Haynes, of Dundee; company from the west part of Monroe county and surrounding territory.

Capt. W. F. Simpson, of Hartford; company from Van Buren and Cass counties.

Capt. W. A. Prince, of Alpena; company from the territory just south of Alpena.

Capt. H. F. Sands, of Pentwater; company from Oscoda, southern Mason and northern Muskegon counties.

Capt. A. E. McCabe, of Petoskey; company from Charlevoix, Emmet and Otsego counties.

One company will be selected from the upper peninsula.

This leaves four companies still to be provided for. It will be noticed that Ottawa county is not included in the above.

Chickamauga Park: Gov. Pingree, accompanied by Inspector-General Case, came quietly into the camp of the Thirty-first Monday morning, just a day ahead of the time he was expected. It was the intention of Col. Gardener to meet the governor at the depot with an army wagon, drawn by four mules and have the band ready to welcome him upon his arrival at camp, but the first notice the regiment had of his arrival, was when he got out of an old carry-all, driven by a negro, and was recognized by a sentinel at the guard house. The news spread quickly through the camp and every one turned out to give him a hearty welcome. Just as mess call sounded the governor started on an inspection of the companies' rations and the manner in which they were cooked. He told some of the cooks how to bake beans and have them nice and brown, and said that he was much pleased with the way the regiment was living. After dinner, accompanied by Col. Gardener and Lieut.-Col. Stadel, the governor spent quite a little time with Gen. Brooke at headquarters. The next day the governor reviewed the regiment.

Should the Philippine insurgents set up a government of their own the Washington administration might find it difficult to justify further possessions of the islands. The administration very likely intends to hold the Philippines, if only for the purpose of making Spain pay indemnity. This intention may meet opposition from the insurgents, for the policy of Gen. Aguinaldo, the chief of the insurgents, is said to embrace the independence of the Philippines, its internal affairs to be controlled under American advisers. American protection would be desirable temporarily on the same lines as that may be instituted hereafter in Cuba. The ports of the Philippines would be free to the trade of the world, safeguards being enacted against an influx of Chinese. There would be a complete reform of the present corrupt judiciary of the country under experienced American or European law officers. The entire freedom of the press would be established, as well as thought and public meetings. There would be general religious toleration, and steps would be taken for the expulsion of the tyrannical religious fraternities who have such a strong hand on every branch of the civil administration. Full provision would be given for the exploitation of the natural resources and wealth of the country by roads, railways, and by the removal of all hindrances to enterprise and the investment of capital. But whatever shall be the policy of the United States toward the Philippines, English capitalists, whose investments in the Philippines give them a right to speak, are of one mind, and have urged Ambassador Hay to acquaint his government of their desire that the United States retain permanent possession of the Philippines.

The schedule of pay of officers in the U. S. Army is as follows:

	Yearly.	Monthly.
Major-general.....	\$7,500	\$625.00
Brigadier-general.....	5,500	458.33
Colonel.....	3,500	291.67
Lieutenant-colonel.....	3,000	250.00
Major.....	2,500	208.33
Captain.....	1,800	150.00
Regimental adjutant.....	1,800	150.00
Regimental Q. M.....	1,800	150.00
First lieutenant.....	1,500	125.00
Second lieutenant.....	1,400	116.67
Chaplain.....	1,500	125.00

Out of this they must pay for their own subsistence, clothing and accoutrements. The pay of privates is \$13 a month; corporals, \$16; sergeants, \$18; principal musicians, \$23; chief musician (leader of the band), \$60; sergeant-major, \$23; quartermaster sergeants, \$23; acting hospital stewards, \$25; private in the hospital corps, \$18. Veterinary surgeons receive \$75 to \$100 a month, according to class. In addition to this the government furnishes clothing and substance, and also arms.

Rightly Made.. ...CLOTHING!

MEANS a great deal—more perhaps, than you think. Everybody admires a nicely dressed, stylish man. You do—we do. Few stop to think why he seems nicely dressed. Few know that it is because his clothing is rightly made. Not necessarily tailor made—rightly made. A rightly made ready to wear suit will fit just as well as, and wear sometimes better than a tailor made suit. You can't tell the difference.

Calumet Baking Powder

has turned the tables on high price baking powders. The directions on High Price cans are the same as on Calumet cans, viz.: 2 teaspoonfuls to a quart of flour, but they say that one can of High Price will go three times as far as any other. Can any claim be more ridiculous? The frantic cry of adulteration, danger and poison made by the high price baking powder people is a blind to intimidate the public and induce them to pay fancy prices for their goods—also to divert attention from this defect in their own goods.

Calumet Baking Powder is safe. Food baked with Calumet is absolutely free from Rochelle Salts, Alum, Lime, Ammonia or any injurious substance.

CERVERA IS DESPERATE.

Will Attempt at First Favorable Opportunity to Escape with His Ships.

HOPES TO SAVE PART OF HIS SHIPS.

Spanish Soldiers at Cienfuegos Reported as Eager to Fight—Provisions Landed at Trinidad—Proigious Activity in Construction of Defense Works About Havana.

New York, June 22.—A special dispatch from Santiago de Cuba, June 20, via Kingston, Jamaica, Wednesday says that Cubans have brought information to Admiral Sampson that Admiral Cervera is prepared to make a desperate effort to take his ships out of Santiago harbor at the first favorable opportunity. The Spanish warships, it is reported, have been coaled to their full capacity, and the crews are refused shore leave. Every night the vessels drop down the bay to be prepared to embrace the first favorable opportunity to attempt a dash past the blockading squadron. It is said to be the Spanish admiral's hope to save at least a portion of his ships from capture, and in a fight to sink some of the American craft.

Will Cut Off Reinforcements.

New York, June 22.—A special cable to the Tribune says: A crisis is approaching at Santiago. Blanco is trying to reinforce the town and Garcia and Shafter are endeavoring to prevent him. Sampson thinks Cervera will attempt to escape, and is ready to crush him if he tries to do so.

It is said that Spanish troops under Gen. Pando, second in command to Capt. Gen. Blanco, are marching in a large body to reinforce the Spaniards at Santiago. The insurgents under Garcia are so distributed as to cut off Pando's approach.

Spanish Soldiers Eager to Fight.

Kingston, Jamaica, June 22.—The steamer Adula, which arrived here from Cienfuegos, brought 100 well-to-do Cubans and Spaniards. They aver that the Spanish soldiers there are anxious for a fight, but that the populace is disheartened by the long struggle. Food is no dearer now, they say, than it was a month ago and while flour and meat are scarce, rice, fish and vegetables are abundant.

Supplies Landed at Trinidad.

Kingston, Jamaica, June 22.—The captain of the steamer Adula, which arrived here from Cienfuegos, reports that while on the way to this port he met the United States auxiliary cruiser Yankee, 70 miles off the Cuban coast, which was the only vessel sighted during the trip. The captain further said he learned at Cienfuegos that the Spanish steamer Purissima Concepcion, which sailed from Kingston on June 16 with food supplies for the Spanish troops, and carrying, it is understood, \$100,000 in gold, had arrived at Trinidad, province of Santa Clara.

Show Prodigious Activity.

Key West, Fla., June 22.—A warship which arrived from the blockade off Havana reports that nothing of interest can be seen from the ships there except prodigious activity in the construction of defense works on shore.

The vessel brought in W. Henderson, chief armorer, and J. Herman, gunner's mate, of one of the gunboats, who were wounded Tuesday while at work in the armor room of the ship trying to extract the fuse from a one-pound shell. Henderson was struck in the abdomen by a piece of the shell and Herman had his right arm lacerated. The men will be placed in the marine hospital. Both will recover.

Terror Reigns in Spain.

New York, June 22.—A special dispatch to the Tribune says: Spain is in a state of terror. The Cadiz fleet has been recalled to Cadiz. Every fort is being strengthened. Eight thousand more troops have been marched into Madrid.

Arrives Safe in Port.

Vancouver, B. C., June 22.—Steamer Transfer No. 1, which was incorrectly reported wrecked a few days ago, has safely arrived here from Alaska, where she carried a large batch of cattle. She reported that there are about 1,000 head of cattle and a large number of horses at Pyramid harbor, destined for the Klondike. The transfer reports that three of Moran's fleet of 12 steamers, which recently left Seattle for the mouth of the Yukon river, are at Juneau disabled.

Heavy Rains and Melting Snows.

Vancouver, B. C., June 22.—Heavy rains and the melting of snow has caused Kootenai lake to rise four feet during the past week. The lower portion of Kaslo is under water and trains take on passengers on the hill top near the station. The lower portion of the town is navigated in boats, and business is at a standstill. Still higher water is anticipated. The financial loss will be heavy.

Two Negroes Executed.

Jefferson City, Mo., June 22.—Tobe Iamahan and Ed McKenzie (colored) were hanged at 9:10 a. m. A high stockade had been built about the scaffold in the jail yard and only a few persons were present at the execution. McKenzie killed a farmer for his money and Iamahan murdered a 12-year-old negro girl after assaulting her.

Killed Himself in Jail.

Bloomington, Ill., June 22.—Frank Mellinger committed suicide during the night by taking morphine. He was under arrest charged with counterfeiting. A large quantity of material and machinery were found in Mellinger's home.

SHELLS THE FORTS AGAIN

For the Third Time Admiral Sampson's Warships Pound the Batteries at Santiago.

SHOTS CAUSE TERRIBLE DESTRUCTION.

Arrival Of Santiago of the First Division of the American Army of Invasion—No Attempt Made to Land—Conference with Gen. Garcia—Other War News of Interest.

On Board the Dispatch Boat Dauntless, Off Santiago de Cuba, via Kingston, Jamaica, June 20.—A careful inspection of the fortifications along the crest of the hills defending Santiago harbor since the bombardment Thursday morning shows that the American gunners spread wreck and ruin everywhere. Some of the batteries were demolished beyond repair. The vultures which circled on level wings over the hills as thick as swallows around a chimney for hours after the firing ceased furnished gruesome evidence of the fatality among the Spanish soldiers. Hundreds of troops could be seen from the ships digging in mounds of earth piled up by the explosions of the projectiles from the heavy guns for bodies while their heads were fanned by the wings of the black scavengers of the battlefield. There were two spots, one on the east and the other on the west of the harbor entrance, which were denuded of the foliage. The hillsides seem literally blown away. These marked the places where the 200-pound charges of gun cotton blown by the Vesuvius landed.

Not a Man Lost.

There were no casualties in the fleet, although the ships held a fixed position, as if inviting the Spaniards to fire upon them. The half-stripped ships' gunners never worked with more enthusiasm. The words of Rear Admiral Sampson were: "First silence the batteries on the shore and then continue firing until the fortifications are reduced." This order was strictly obeyed. It was the first time that such instructions had been given, and the men responded with a will. In 38 minutes the order was given to cease firing, and the message went to each ship from the admiral: "Well done;" and the officers and men turned in for breakfast.

SHAFTER'S TROOPS.

Transports Arrive Off Santiago, But Soldiers Do Not Try to Land.

On Board Dispatch Boat Dandy, Mole St. Nicholas, June 22.—The United States army for the invasion of Cuba, commanded by Gen. Shafter, arrived off Santiago de Cuba Monday at noon. The troops, numbering about 16,000 men, were on board 37 transports. The time and place for the landing of the soldiers has not been decided upon.

General Landing Delayed.

Mole St. Nicholas, June 22.—Rear Admiral Sampson says that the general landing of troops of Gen. Shafter's expedition on the coast of the province of Santiago de Cuba will necessarily be delayed several days. Reports published in the United States to the contrary are pure guesswork.

A Conference with Garcia.

On Board the Dispatch Boat Dandy, Off Santiago de Cuba, via Kingston, Jamaica, June 22.—Gen. Callito Garcia and the other Cuban officers gave Gen. Shafter and Admiral Sampson a hearty welcome at Asereder Monday afternoon, when the American officers on board the steamer Segurana went to his headquarters for a consultation. The Cubans showered upon their distinguished visitors all the blessings of Cuba libre for the assistance of the United States in the Cuban struggle for freedom and they expressed the conviction that victory was at hand and that the power of Spain would soon be driven from the island by the combined strength of American and Cuban arms.

Gen. Garcia gave the Americans assurances that they need have no fear of contracting diseases on the southeastern coast of Cuba, as the climate there is not unhealthy, only extremely hot at this season of the year. The Cuban general declared that his own troops, ill fed and poorly clothed as they were, were in good health, and therefore the Americans need not fear fevers or other serious ailments.

Communication Opened.

Washington, June 22.—Gen. Greeley received from Lieut. Col. Allen Tuesday afternoon a dispatch stating that the first American military station in Cuba, Camp McCalla, Guantanamo bay, had been brought into electrical communication with the rest of the world by the establishment of a telegraph office, which opened at five o'clock.

Hobson Is Safe.

New York, June 22.—In response to a cable inquiry Mr. Ramsden, the British consul at Santiago, sent the following dispatch to the World: "Nothing happened to Hobson or others during bombardment."

Michigan Populists.

Grand Rapids, Mich., June 22.—The middle-of-the-road populists held their state convention here Tuesday, and nominated a full ticket, headed by Sullivan Cook, of Hartford, for governor. The platform is lengthy, and denounces fusion in strong terms.

Opposed to Annexation.

Lawrenceville, N. J., June 22.—In an address here at the college commencement ex-President Cleveland stated his opposition to the annexation of additional territory by the United States.

Charged a Hot Machine.

Columbus, O., June 20.—Judge E. P. Hammond, of the United States court, sentenced Nathan Nethercutt, of Wells, to serve three years for passing bogus checks on a slot machine.

MORE NEWS FROM DEWEY

He Says the Insurgents Surround Manila and Have Taken Many Prisoners.

HEALTH OF HIS SOLDIERS IS EXCELLENT

The Spanish Power Seems to Be Rapidly Crumbling—Wants Our Troops to Have the Honor of Receiving the Don's Surrender—Message from Aguinaldo.

Washington, June 18.—The navy department has received the following from Admiral Dewey:

"Cavite, June 12, via Hong-Kong, June 17.—There is little change in the situation since my telegram of June 1. Insurgents continue hostilities and have practically surrounded Manila. They have taken 2,500 Spanish prisoners whom they treat most humanely. They do not intend to take the city at the present time. Twelve merchant vessels are anchored in the bay with refugees on board under guard of neutral men-of-war; this with my permission.

"The health of the squadron continues excellent. The German commander-in-chief arrived to-day. Three German, two British, one French, one Japanese men-of-war now in port. Another German man-of-war expected. The following is a list of the Spanish vessels captured and destroyed:

Spanish Power Crumbling.

Manila, June 16, via Hong-Kong, June 18.—Spanish power is crumbling in the Philippine islands.

Gen. Pena and a thousand Spanish soldiers have surrendered at Santa Cruz; similar surrenders have taken place at La Guna and at Pampanga, and in each case hardly anybody was killed.

The insurgents, under Gen. Aguinaldo, and the American sailors and marines of Admiral Dewey's fleet, completely surround Manila.

The foreign residents have fled to the ships.

The governors of the provinces of Cavite, Balacan and Bataan, were also made prisoners.

All interior sources of supply are now cut off from the Spanish forces in Manila.

The Americans can take Manila within 24 hours after the arrival of the troops. The city is now at the mercy of the American fleet.

Saw Our Troops.

London, June 20.—The Hong-Kong correspondent of the Times says: The rebels hold Manila at their mercy, but Admiral Dewey is anxious that the American troops should have the honor of receiving the Spanish capitulation. The steamer Yuen Sing reports passing the United States troopship City of Peking on the morning of the 15th near Manila.

Message from Aguinaldo.

New York, June 20.—John Barrett, former minister of the United States to Siam, cables from Hong-Kong as follows:

"Emilio Aguinaldo, the leader of the Philippine natives and colonists, by whose side I have witnessed several of his splendid battles against the Spanish, has asked me to forward this as a true statement of the causes of the revolt against Spain, and the intentions of himself and his followers as to the future:

"As America protects the Cubans, so she will protect the Philippines. She will give us the liberty for which we have struggled for years. All the world will respect us when America protects us. We rebelled against Spanish authority because of the corruption of the government officials, her crushing taxes, her horrible cruelty, and her refusal to execute the reforms which she promised.

Insists He Is Humane.

"I want to tell America that I am humane. The Spanish governor put a price of \$25,000 on my head. I have been poisoned once and stabbed by his bravos. My generals have captured his wife and children. They are treated like royalty and will be freed. I promised American Consul Wildman I would forget and forgive.

"I consider Admiral Dewey the lion of Manila, and I thank America from my heart for giving us Wildman and Williams. They are wonderful men for freeing my country from Spanish cruelty and licentious greed. God and history will repay them. I do not believe America will sell the Philippines to the highest bidder."

Insurgents at Manila.

Washington, June 21.—News was received yesterday from Manila that the insurgents now hold 5,000 prisoners. Admiral Dewey will permit no attack on the city until the American troops arrive. The Baltimore left Manila on the 17th to meet the transports. The rebels have formed a provisional government and acknowledged the protectorate of the United States.

Cannot Longer Resist.

Madrid, June 21.—The belief is expressed in government circles that Capt. Gen. Augusti will ask the foreign warships to land detachments to occupy Manila on the ground that he is no longer able to resist the insurgents. He wires that he has retired within the walls of the city and will be unable to communicate further with the government.

Brother and Sister Drowned.

Springfield, Ill., June 20.—As Charles Sargent and his sister Goldie were crossing the Sangamon river in a buggy on Buckhart bridge, five miles south of Dawson, the horse became frightened, throwing the girl into the water. Her brother jumped in the water to rescue her and they were both drowned.

Blew Out His Brains.

Burlington, Ia., June 22.—D. J. Thayer, a well-known and prominent civil engineer of Chariton, Ia., blew out his brains while insane in a sleeping car berth on the Burlington train entering Burlington Tuesday morning.

Internal Revenue Receipts.

Washington, June 22.—The collections of internal revenue for May amounted to \$14,098,117, an increase over May, 1897, of \$3,281,225. The net increase in receipts during the last 11 months was \$19,938,808.

Murderers Lynched.

Wetumpka, Ala., June 18.—The four colored burglars who murdered William Gordon and his wife and William Curley at this place and burned their residence, have been taken from jail by a mob and hanged.

Dr. Miles' Heart Cure

Cures a Prominent Attorney.

M. R. C. PHELPS, the leading pension attorney of Belfast, N. Y., writes: "I was discharged from the army on account of ill health, and suffered from heart trouble ever since. I frequently had fainting and smothering spells. My form was bent as a man of 80. I constantly wore an overcoat, even in summer, for fear of taking cold. I could not attend to my business. My rest was broken by severe pains about the heart and left shoulder. Three years ago I commenced using Dr. Miles' Heart Cure, notwithstanding I had used so much patent medicine and taken drugs from doctors for years without being helped. Dr. Miles' Heart Cure restored me to health. It is truly a wonderful medicine and it affords me much pleasure to recommend this remedy to everyone."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind. Sold by all druggists.
