CITY AND VICINITY.

Mrs. D. R. Meeng of Grand Rapids is visiting relatives and friends in the city.

Millard Harrington has moved into his new house 206 West Ninth street. He has sold his property on Central avenue.

Mrs. H. D. Moore, who has been the guest of her parents, Mr. and Mrs. John Nies, accompanied by her children, has returned to Seattle, Wash., to join her husband.

C. B. Stillman, Anthony Walvoord and L. Boeve have been chosen to represent the Hope College Y. M. C. A. at the Geneva conference which will be in session from June 20 to June 29.

Abe Jappinga and Tlemmen Slaght are now the proprietors of St. Charles hotel, the former having purchased the interest of J. Oosterhouse. N. Oosterhouse is now manager of the hotel and saloon.

Mr. and Mrs. L. A. M. Klemons and family left yesterday for the Netherlands where they will live in the future. Postmaster and Mrs. G. Van Schelven went as far as Grand Rapids with their departing friends.

At a committee meeting of the Old Settlers' society of Zeeland and vicinity it was decided to celebrate the 55th anniversary of the arrival of the first settlers in Zeeland on August 14 at Macatawa Park. They will cooperate with the Grand Rapids society and a large picnic is looked for at the Park on that day.

The Hope college boarding club have elected officers as follows: Tenth street club—Steward, T. Niehuise; commissary, Ned Hesseinus; secretary, C. Van der Mel; treasurer, Stuart. Scott house club—Steward, L. Boeve; commissary, Anthony Walvoord; secretary, A. Wubben, treasurer, A. Vander Naald.

The Graham & Morton line will inaugurate double daily daylight service between Holland, Ottawa Beach and Chicago, June 23. The Soo City will leave Holland every morning at 9 o'clock, connecting with the Grand Rapids train at Ottawa Beach. A morning boat will leave Chicago, except Saturday at 2 p. m. and Sunday at 10 a. m.

Charles S. Dutton has been ill for some time and though still unable to leave his room he heard Rev. Dr. Coe deliver the baccalaureate sermon to the graduating class of Hope college last Sunday evening. A telephone was placed near the speaker's desk and was connected with a 'phone in the sick man's room, enabling him to hear the sermon and the music.

The United Christian workers led by Miss Nellie Churchford assisted by Mr. and Mrs. Evans, singers, are holding meetings in large tent on the vacant lot back of Hopkin's photographer gallery every evening at 7:30 and Sunday afternoons at 3 o'clock. Miss Churchford has letters of recommendations from pastors of churches in different cities in Michigan and they highly compliment her work. She cordially invites the public to attend.

Attorney Arend Visscher, president of the board of public works, at the meeting Monday night appointed the following standing committees:

Water—Van Duren and Dykema. Light—Keppel and Van Duren. Sewers—Van Duren and Dykema. Machinery—Dykema and Keppel. Claims and accounts—Keppel and Visscher.

Purchasing supplies—Van Putten and Van Duren.

Building and grounds—Dykema and Van Putten.

The work on the Mayo lifeboat factory which is to be established at Hopkin's Station has been started and the factory is expected to be completed within six weeks. At first it will employ from sixty to seventy-five men and will turn out two or three boats a day. Later this factory may be enlarged and another started in Muskegon. Some changes have been made in the size of the boat themselves and they will hereafter be built of cedar sheathed with tin instead of iron, thus saving nearly a half ton in weight.

Born to Mr. and Mrs. Lane Schadelee, Tuesday—a son.

Born to Rev. and Mrs. Floris Ferwerda, Englewood Cliff, N. J., June 11—a daughter.

Ben A. Mulder has purchased two lots of J. C. Post on Seventeenth street between College and Columbia avenue. 10175

Postmaster Huty has received a letter from the department authorizing a site for the federal building 100 by 50 feet.

Another big stock of muslin underwear has just been received by our dry goods merchant John Vandersluis to which your inspection is invited.

The Graham and Morton dock at the foot of Eighth street will be extended west a distance of fifty feet giving it a total frontage of 300 feet.

Henry Karsten of Zeeland has taken a position in the cigar store of B. J. Reynolds and Con DePree. He will pitch for the Holland Base ball club.

The interurban railway company now has a loop at Macatawa Park and the Grand Rapids cars can run straight through instead of to the Saugatuck "Y."

The Rev. James Ossewaarde, formerly pastor of the Bethany Reformed church of Grand Rapids, left Monday for St. Paul to take up his duties as a regular army chaplain.

Muskegon Chronicle: Nicholas Van derList and John Husing of Holland have leased the store building at 126 Pine street from I. J. Fies and will open a grocery there next Wednesday.

Superintendent James DeJong of the board of public works during a weeks vacation attended the American Water Works Convention and visited the plant of the Westinghouse manufacturing company at Pittsburgh.

The steamer Joe of Saugatuck makes trips daily excepting Saturdays, between Douglas, Saugatuck and Ottawa Beach connecting with the Pere Marquette steamers. Boat leaves Douglas at 7 in the evening and Saugatuck at 8.

The Misses Julia Van Raalte, Candace Reynolds, Grace Clifton and Carrie DeFeyer, four of the teachers recommended for another year by the committee on teachers of the board of education, have not signed contracts and others will have to be employed in their places.

The river and harbor bill carrying an appropriation of \$73,000 for Holland harbor has been signed by President Roosevelt. Thanks to Congressman Smith who has ably looked after the interests of Holland this city will soon have one of the best harbors on the shores of Lake Michigan.

The Pneumatic Manufacturing company will be ready to begin operation in the plant constructed for the Toronto Shoe company the first part of July. Machinery has been ordered from Boston and Cincinnati and will soon arrive in this city. President Browning was in Ohio this week on business connected with the new company.

The annual commencement of the Zeeland high school will be held in the First Reformed church on Wednesday evening, June 25. The members of the graduating class are: The Misses Anna and Albertha A. Veneklasen, Alice Van Eenenaam, C. Martha DeJong, Jennie DePree and Messrs. Anthony Elenbaas and Arthur Roosenraad.

The steamer Post Boy is a model excursion boat; its upper decks and cabins making it most comfortable for passengers. The West Michigan band gave an excursion last evening which was well patronized and gave such strong evidence of popularity that Captain Harrington deems it advisable to repeat the trip and he will therefore give excursions at regular intervals during the summer under the auspices of the West Michigan band.

All of the passenger steamers of the Graham & Morton line will be equipped with the new hydraulic ship's signal system which Capt. Boswell has tested on the Puritan the last six weeks and which proves to be a great success. One of the merits of the system is that the boat is handled noiselessly in so far as everybody except those in the pilot house and engine room is concerned. The usual clanging of bells and tooting of whistles is very largely eliminated.

R. K. Dykstra of this city has taken a position as tinner for E. N. Parker of Coopersville.

Orlando Davis, of Bangor, has opened a jewelry shop in the Kamfer beek building 147 River street.

Ottawa Beach hotel will be opened June 25 with J. Mortimer Rathbone in charge.

In Justice Angel's court in Grand Haven Tuesday, Wm. Evans of Tallmadge was fined \$75 and costs for beating his horse to death.

The W. C. V. Y. will meet at the home Mrs. Nixon, 130 West 14th st. Thursday, June 25, at 3 o'clock. All women interested in the cause are invited to attend.

Congressman William Alden Smith will deliver a speech at the encampment of the Grand River Valley Soldier's Association to be held in Grand Haven Monday, September 1.

Louis P. Ernst, L. Rens and Nelson Stanton of the county board of examiners are conducting teacher's examination in the High school building. About forty applicants are in attendance.

Albert Tanner's recovery from the effects of pneumonia was so rapid that he was able to come to the city from his home at Macatawa Monday. He will soon be able to resume active work at his boat livery.

John Victory, a Jennison dairy man is charged with selling milk in Grand Rapids containing one third water. Because he lives in Ottawa county the Grand Rapids milk inspector does not know whether he will prosecute or not.

Sunday morning at the M. E. church An Old Peoples Day will be observed. All old people are invited to come and occupy front seats. The sermon and singing will be appropriate to the occasion. Carriages will be sent for those who are too infirm to walk to church.

Crescent hive, L. O. T. M., celebrated its ninth birthday anniversary last Tuesday evening and representatives were present from the West Side and Banner City hives of Grand Rapids, the Ottawa hive of Holland, and hives from Fennville, Saugatuck, Douglas and Bangor. A banquet was served to 200 guests.

The weekly prayer meeting of Hope church will be held tonight (Friday) and will be addressed by the Rev. John G. Gebbard of New York. Rev. J. T. Bergen will preach in Hope church Sunday morning. In the evening Prof. John Kulzenga of Orange City, Iowa, will preach. Rev. Bergen preaches the baccalaureate at Zeeland.

There is another case of smallpox in the city. Nicholas Jonkman came from Milwaukee on Thursday of last week feeling sick and last Wednesday it was reported that he has smallpox. He is staying at the home of his parents on Eleventh street and is getting along well under the circumstances as the case is light. G. Tubergen has nearly recovered and the quarantine of his house will soon be discontinued.

Chas. E. Smith, Principal of Rockford, Mich. school from '98 to '01, who has been doing graduate work in Cornell University during the past year, was recently appointed assistant in Geology department of Paleontology and Stratigraphic Geology, for the year '02-'03. For special work in Geology he was also elected to membership in the society of Sigma Xi an honor conferred only on those capable of doing original work in science. It will be remembered that Mr. Smith found his wife in Holland her maiden name being Miss Harriet Hanson.

Mrs. Peter Vork met with a serious accident yesterday forenoon while on her way to Crisp to visit her sister, Mrs. B. Van der Zwaag. When north of New Holland while leaning out of the buggy she lost her balance and fell to the ground and one of the buggy wheels passed over her head bruising her nose and cutting her forehead. She was taken to the office of Dr. J. W. Van den Berg, and after several stitches had been taken in the cut on her forehead she recovered sufficiently to return with her daughter, Mrs. Heltje of this city who was with her when the accident occurred.

East Holland.

A very pretty wedding was solemnized in the presence of relatives and a few friends at the home of Mr. and Mrs. G. Rooks of East Holland on Wednesday evening when their daughter Kate was united in marriage to Dick Boonstra of Zeeland. Rev. J. Van der Meulen officiated. The wedding march was played by Miss Minnie Van Sloten. The bride wore a beautiful gown of swiss mull trimmed with lace and carried white roses. Miss Minnie Rooks attended her sister as bridesmaid. She wore a pretty gown of white and carried pink roses. The groom was attended by Mr. Veneklasen of Zeeland. A number of beautiful presents was received by the young couple and a dainty supper was served to forty guests. We hope Mr. and Mrs. Boonstra's pathway of life may lead through fields of golden richness upon which the uninterrupted sunbeams of Heaven may always shine.

Mortgage Sale.

DEFAULT HAVING BEEN MADE IN THE conditions of payment of a certain mortgage given by John Hoese and Susan Hoese, his wife, of the township of Zeeland, Ottawa county, State of Michigan, to Ewert Rychel, of the same place dated the first day of April, A. D. 1892 and recorded in the office of the Register of Deeds of Ottawa county, Michigan on the 6th day of April A. D. 1892 in Liber 38 of Mortgages on page 877 which mortgage contains a power of sale that has become operative by said default, and said mortgage having been duly assigned by Albert H. Bosch, the administrator of the estate of said Ewert Rychel deceased to John Rychel, Jacob Rychel and Kryn Rybrandt by an instrument in writing dated, March 27, 1902 and recorded in Liber 67 of mortgages on page 997, on the twenty-sixth day of March, 1902 which said mortgage has become due and payable, and by reason of said default it is claimed that the amount of principal together with the interest due thereon at the date of this notice is one thousand and eighty five dollars and fifty five cents together with twenty-five dollars attorney fee, provided for by law and in said mortgage; and no suit or proceedings at law or in equity having been had to recover said amount so due or any part thereof. Now therefore, notice is hereby given that said mortgage will be foreclosed by the sale of the mortgaged premises at public auction to the highest bidder, on the 18th day of September A. D. 1902, at three o'clock in the afternoon of said day at the north front door of the Ottawa County Court House in the city of Grand Haven, Ottawa County, Michigan, to satisfy said sum due on said mortgage, with costs of foreclosure and sale.

Said mortgaged premises are situated in the township of Zeeland, Ottawa County Michigan and are described as the East one half of the Northeast quarter of Northwest quarter section No. 15, Town 5, north of Range, fourteen (14) West.

John Rychel, Jacob Rychel and Kryn Rybrandt, assignees of mortgage.

GEORGE W. KOOTERS, Attorney for assignees of mortgage.

Mortgage Sale.

DEFAULT HAVING BEEN MADE IN THE conditions of a certain mortgage made by George F. Orcutt and Florence R. his wife to Mrs. Bridget Smith dated the 4th day of May A. D. 1897 and recorded in the office of the Register of Deeds for the County of Ottawa, and State of Michigan, on the Fourth day of May A. D. 1897, in Liber 35 of Mortgages, on page 356, on which mortgage there is claimed to be due at the time of this notice the sum of Five Hundred Eighteen Dollars and sixty-seven Cents, and an Attorney's fee of fifteen Dollars, provided for in said mortgage, and no suit or proceedings at law having been instituted to recover the money secured by said mortgage or any part thereof;

Now, Therefore, By virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, notice is hereby given that on Saturday the 28th day of August A. D. 1902, at 10 o'clock in the forenoon I shall sell at Public Auction to the highest bidder, at the Front door of the Court House [that being the place where the Clerk's Office for said County of Ottawa is held], the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage, with 7 per cent interest, and all legal costs, together with an attorney's fee of fifteen dollars, as provided by law and as covenanted for therein, the premises being described in said mortgage as follows, to-wit:

Beginning at the North East corner of the West half of the South East quarter of section 34 in Township 5 North Range 16 West, thence West thirty-one and 6-7 rods, thence south and parallel with the center line of said section 34 one hundred and thirty-one rods, eleven feet and ten inches, thence East at right angles thirty-one and 6-7 rods to the East line of said West half of said South East quarter, thence North along said East line 131 rods 11 feet and 10 inches to the place of beginning containing twenty-six acres of land, and also beginning at the North West corner of the East half of the South East quarter of said section 34, thence North along the West line of said East half of the South quarter to the South West corner thereof, thence East 20 rods, thence North and parallel with said West line about one hundred and sixty rods, thence West 30 rods to the place of beginning containing twenty acres of land be the same more or less. And also another place of land of said East half of the South East quarter of said section 34, beginning at the South East corner of said above described 30 acres thence East about 14 rods to a point where said line strikes the Potawatomi Bayou at low water mark, thence North 15 rods to a stake, thence west at right angles to the East line of said 30 acres lot thence south 15 rods to the place of beginning, containing about one acre of land be the same more or less. The whole of said land being forty-seven acres of land be the same more or less.

Dated May 16, 1902.

On reading and filing the petition duly verified of Fred B. Van Lente, Administrator of the estate of said deceased, praying for the examination and allowance of his final account as such administrator that he may be discharged from his trust have his bond cancelled and said estate closed.

Thereupon it is Ordered, That Monday, the Seventh day of July next,

at ten o'clock in the forenoon, be assigned for the hearing of said petition, and that the heirs at law of said deceased, and all other persons interested in said estate, are required to appear at a session of said Court, then to be holden at the Probate Office in the City of Grand Haven, in said county, and show cause, if any there be, why the prayer of the petitioner should not be granted: And it is further Ordered, That said petitioner give notice to the persons interested in said estate, of the pendency of said petition, and the hearing thereof by causing a copy of this order to be published in the HOLLAND CITY NEWS, a newspaper printed and circulated in said county of Ottawa, for three successive weeks previous to said day of hearing.

(A true copy, Attest.)
EDWARD P. KIRBY, Judge of Probate.
FANNY DICKINSON, Probate Clerk.

Headache

kills, not necessarily suddenly, but SURELY. It preys upon the intellectual powers more than we realize. It consumes the vitality faster than nature can replenish it, and we cannot tell just what moment a temporary or complete aberration of the mind will result. Headache and pain should be promptly removed—but properly. Many pain cures are more harmful than the pain. Beware. If you would be safe, take

Dr. Miles' Pain Pills.

"As a result of neuralgia I lost the sight of my right eye, and the pain I have suffered is indescribable. I was obliged to take opiates almost continually. A friend gave me one of Dr. Miles' Pain Pills and it promptly relieved me. I have purchased a box and now my trouble is gone. They have also cured my daughter of nervous headache, and I heartily recommend them to others."—W. J. COLEMAN, Houston, Texas.

ALL MINERS TO GO OUT.

Call Issued for a Special National Convention of United Mine Workers of America.

TO MEET AT INDIANAPOLIS JULY 17.

Just What Action the Convention Will Take in Regard to the Present Anthracite Strike in Pennsylvania Is Impossible to Say—President Mitchell Reticent.

Wilkesbarre, Pa., June 18.—The long-expected call for a special national convention of United Mine Workers of America was issued Wednesday by National President Mitchell at strike headquarters, to be held at Indianapolis at the earliest possible date. The date of the convention will be fixed by W. B. Wilson, national secretary at Indianapolis, who has charge of the machinery by which a convention is arranged.

The convention will be held for the purpose of discussing the advisability of involving all the soft coal miners in the United States in the struggle now going on in the anthracite coal fields.

Under the constitution of the union five districts must request action before the national president can issue a call for a national convention. The five districts that applied for this convention were the three anthracite districts, the Michigan district and the West Virginia district, where a strike is now on. President Mitchell has had

with the press correspondent at strike headquarters say that if the life of the organization was in danger the convention would not hesitate a moment to call for a national strike.

Object of the Operators.

It is generally accepted by the strikers that the real object of the anthracite operators is to break up the union in this part of the country at least.

It is not improbable that the conservative men in the convention will be able to prevent a general suspension and carry through the convention some sort of a compromise.

One plan that is talked of is to have only the central Pennsylvania and West Virginia men help the anthracite workers, and another plan is to have all the soft coal miners work only a certain number of days each week. Failing to gain anything by either of these two moves, then, as a final card, stop production altogether. All the coal that is now coming east is from central Pennsylvania, West Virginia and Maryland.

A delegation of Illinois leaders will be here Thursday. It is said they come merely to talk over a local difference in Illinois.

One Thousand Delegates to Attend.

There will be about 1,000 delegates in the convention. Each local union will have one vote for each 100 members or fraction of that number and an additional vote for each majority fraction. Ten delegates can be sent to the convention, yet the delegation may have but one vote among them. National Secretary Wilson has already started to send out the call for the convention. The call is sent direct to every local union and does not first go through the district offices.

An effort was made to get an idea from Mr. Mitchell when the convention would be held, but he positively refused

CUBAN RECIPROCITY.

How Long Are You Duffers Going to Take? Is It a Skin Game?

the consent of the five districts for some time, but for some reason did not see fit to issue the call until Wednesday. The request for the convention was made at Hazleton four weeks ago last Friday.

President Mitchell Reticent.

President Mitchell was extremely uncommunicative as to what the probable action of the convention might be. If the delegates should decide to inaugurate a national suspension of coal mining everybody at strike headquarters believes it would have a disastrous effect on the industries of the country. The supply of coal would become so short that large and small industrial establishments would be compelled to suspend operations and many railroads would also seriously suffer.

There are approximately about 450,000 coal miners in the United States. Of these about 350,000, Mr. Mitchell says, are affiliated with the union and an additional 50,000 comply with the legislation of the miners' organization.

No Forecast Possible.

It is utterly impossible at this distance to forecast what the national gathering will do, because not one delegate has yet been elected. The anthracite delegates will go into the convention with 142,000 striking hard coal miners at their back for a general strike. The West Virginia delegates will have approximately 25,000 behind them for a strike, and in Michigan, where the union has been having trouble, the delegates will also be instructed for a national suspension. Central Pennsylvania will contribute a certain number of delegates who will want a general strike, as will also Kentucky. It remains for western Pennsylvania, Ohio, Illinois and Indiana to offset this, as it is unofficially understood that the miners in those sections are not very enthusiastic for a general stoppage of coal production.

Mitchell Has Plan.

There is a strong belief that President Mitchell has some plan to submit to the delegates and this belief is strengthened by the fact that he delayed the call so long. He had a conference with President Patrick Gilday, of the central Pennsylvania bituminous district, on Sunday, and has been in frequent communication with other soft coal leaders in the west.

The great barrier to be overcome in the campaign for a national suspension is the yearly wage scale, agreement that many of the soft coal miners have with the companies. These agreements are looked upon as contracts, and a large percentage of miners in the west are rather averse to breaking them. The principal bone of contention in the anthracite region is for a yearly wage agreement. Those who are opposed to a general strike use the argument that if the soft coal miners break these contracts and go on strike to help the anthracite men they would be losing in the west what the hard coal miners are fighting for in the east. Some of the national leaders who have discussed the subject

to make any guess. He said Mr. Wilson would be the one to announce that.

Time of Convention, July 17.

Indianapolis, Ind., June 18.—The call for a special convention of the United Mine Workers of America, to be held at Indianapolis July 17 next, was issued from the miners' headquarters here. The call is addressed to the local unions of the United Mine Workers and is signed by John Mitchell, national president, and W. B. Wilson, national secretary and treasurer.

The call says credentials should be sent to the national secretary-treasurer as soon as delegates are elected. An effort will be made to get special rates of transportation, and instructions to delegates concerning the purchase of tickets will be published in the United Mine Workers' Journal.

Engineers Warned.

Shamokin, Pa., June 18.—Local engineers who went on strike at collieries operated by the Philadelphia & Reading Coal and Iron company, were notified Tuesday night by the foremen that unless they reported at once for duty their places would be filled with nonunion men who would not be discharged at the end of the strike. Despite the notices, it is stated that none of the engineers went to work Wednesday.

ARMED MAN AT WHITE HOUSE.

Apparently Demented Man Arrested with Two Loaded Revolvers on His Person.

Washington, June 18.—Cary J. McAllister, of 45 Crawford street, Newark, N. J., called at the white house and subsequently was arrested and held for examination as to his mental condition. He was armed with a revolver which he said he wanted to use on a mesmerist whom he said was ready to kill him. He is 26 years old. He said his troubles followed his rejection by a Newark girl.

National Children's Home Society.

Sioux Falls, S. D., June 18.—Twenty-five states were represented at the annual convention of the National Children's Home society which convened in this city Wednesday afternoon. The session Wednesday was opened with devotional exercises, led by Rev. B. H. Brasted, of North Dakota, following which the annual reports of state superintendents were heard.

Voluntary Advance of Wages.

Pittsburg, Pa., June 18.—Jones & Laughlins, iron and steel manufacturers, have voluntarily advanced the wages of all their employees excepting the tonnage men. The increase affects over 8,000 men and the increase will average ten per cent. Laborers who were paid \$1.35 a week, in the future, receive \$1.50 a day.

American Whist League.

New York, June 18.—The annual meeting of the American Whist League will open June 23 at the Oriental hotel, Manhattan Beach. Three hundred to 400 players will take part in the contests.

RIOT AND BLOODSHED.

Policeman and Striker Are Shot During Assault on Mill at Paterson, N. J.

MOB OF 5,000 FINALLY DISPERSED.

Striking Dyers and Helpers Wreck a Mill Which Refuses to Shut Down on Their Demand and Then Stone the Police Called to Quell the Outbreak.

New York, June 18.—A meeting of the striking dyers' helpers held at Paterson, N. J., Wednesday was followed by a riot in which one policeman and one of the rioters were shot. The wounded policeman, Charles Robinson, received a bullet wound in the arm. The wounded striker was shot in the neck. He was carried away by his comrades and the police have not learned his name. The trouble did not last long and the mob soon was dispersed and quiet restored in the city.

The dyers' helpers, angered at the apparent failure of their strike, held a stormy meeting Tuesday night and adjourned until Wednesday. All the strikers were present as well as a considerable number of silk-workers. Many outsiders were also attracted to the meeting, as some trouble was anticipated, and it is estimated that altogether fully 5,000 persons were in and about the place of meeting. The strikers decided to send details to all the mills in the city to order the men out. This programme was successfully carried out at all the mills with one exception.

Mill Is Wrecked.

When a big detail of the strikers, accompanied by hundreds of sympathizers, arrived at the mill of Banford Brothers the men there refused to go out and trouble immediately began. The strikers hurled volleys of stones at the mill, smashing every pane of glass in the building, and then forced their way through the main entrance and drove out the employees. The only physical resistance they met with came with two policemen who were on duty in the vicinity of the mill, but they were swept by the mob, which carried everything before it.

Police reinforcements were quickly dispatched to the scene. They were received with volleys of stones, and several shots were fired from among the mob, one of the bullets wounding Patrolman Robinson on the arm. Police returned the fire and one of the rioters fell. He was quickly picked up and carried away by comrades. The action of the police dispersed the mob, which scattered in all directions.

One arrest was made. The prisoner, an Italian named Tony Nast, had an open knife in his hand when arrested.

Two More Outbreaks.

There were two more outbreaks later in the day and several rioters are reported to have been wounded. A mob attacked the Augusta silk mill on Lawrence street and a scene was enacted similar to that at the Banford mill. The mob offered a fierce resistance to the police, who had to charge the crowd repeatedly before it could be dispersed. Another outbreak occurred in the Empire mill on Fulton street, and a number of shots were fired. It is reported that at least two or three of the rioters were wounded. The situation has become so grave that it is believed that the militia will be called out before night.

DIES IN NEW YORK.

M. J. Speyers, of Charleston, S. C., Picked Up in Streets While Young Woman Weeps Over Him.

New York, June 18.—A man partially identified as Mark J. Speyers, of Charleston, S. C., who was found unconscious on the sidewalk in Twenty-third street, near Seventh avenue, is dead at the New York hospital, apparently from morphine poisoning. A young woman known under several names, and who is said to have been employed at the Charleston exposition and later became a traveling saleswoman for an Atlanta (Ga.) mineral water company, was found weeping over the unconscious man when he lay on the sidewalk. She accompanied him to the hospital and remained at his side until he died. Then she is said to have returned to rooms in Seventeenth street which had been occupied by the couple, packed their belongings and disappeared. From fragments of letters in the rooms it appeared that her former home was Ithaca.

Atlanta, Ga., June 18.—Mark J. Speyers is a nephew of former City Marshal Mark Tolbert. He was at one time a traveling salesman, but was lately employed in some capacity at the Charleston exposition.

Mr. Tolbert says that on a recent visit to Charleston he was introduced to Speyers' wife and child. Tolbert did not know that Speyers had left Charleston.

Another Rockefeller Gift.

New York, June 18.—During commencement exercises at Smith college, Northampton, Mass., the announcement was made that John D. Rockefeller has offered the institution \$100,000 on the condition that the friends of the college subscribe a like sum.

Factory Burned.

Louisville, Ky., June 18.—The axle-handle manufacturing plant of the Turner, Day & Woolworth company at Seventh and Dumesnil streets, was damaged by fire Wednesday morning to the extent of \$35,000, which is covered by insurance.

Hope Commencement Week.

Laying of Corner Stone of Van Raalte Memorial Hall.

From the preparatory department of Hope college was graduated this week a class from the college department was graduated a class, and the exercises in honor of each event were impressive and interesting. Not only to graduating exercises has the week been devoted, but it has been devoted to the meeting of old friends of the alumni, to the interchange of social and fraternal greetings and to the fostering of the college spirit. Not only have these things been done, but a ceremony has been performed that marks a great enlarging of the influence of Hope. This ceremony was the laying of the cornerstones of Van Raalte Memorial hall. In the past, farther and farther in this and other lands has spread the beneficent effects of the work done in Hope college; in the past more and more this institution has become a power for good, and the laying of the cornerstones of the massive building dedicated as it is to educational advancement and the diffusion of religious sentiment presages the accomplishment of wonderful deeds of goodness in the future.

Hope college commencement week is one of the most noted weeks in the year in this city, not only to those interested in the work of the college but to all citizens, for all realize the valuable work done at Hope and are in sympathy with its noble aims.

This week has been unusually interesting. The baccalaureate sermon was delivered at Hope church Sunday evening by the Rev. Dr. E. B. Coe, of New York, before an audience that taxed the capacity of the church. At 7:30 o'clock, to the strains of a grand march played by Miss Anna Floyd, the Hope college faculty, headed by Dr. G. J. Kollen, the president, and Dr. Coe, proceeded down the aisle. Following them came the graduating class preceded by the four young ladies of the class.

After reading of the Scripture by Dr. Kollen, a quartet, consisting of Mrs. G. J. Dykema, Mrs. Elbert Dykema, Prof. J. B. Nykerk and Dr. A. C. V. R. Gilmore, sang "Redeemer Divine." Dr. Beardslee led in prayer and Mrs. G. J. Dykema sang "The Vesper Prayer." Dr. Coe's text was, "And the life which I now live in the flesh I live by the faith of the Son of God, who loved me and gave Himself for me." He said in part:

"Here we have given us a positive creed by the Apostle. The creed of the unbeliever is never the same to all unbelievers, each one has one of his own. To believe in nothing was impossible. We see this exemplified in the life of Paul. In his early life he was strict, narrow, conservative, but he had no belief or confidence in Jesus. He believed Jesus to be a blasphemer. Now in our text he says 'the life I now live I live by faith in Him.' What a change this living faith in the Son of God works in the lives of men. A man of the most fixed character can be converted and become a changed man. Paul does not stand alone. We have all seen what faith can do. Such changes in the lives of men are impossible except and by faith in the Son of God. The Apostle does not here speak with reference to the future eternal life; he has in mind the present life, and as we live it in the spirit and as we may rise above our low-railed self we receive a clue even to the life to come. It is not a faith to die by at last, but to live by in our business, our social and our temporal life, a life so often filled with adversity, suffering and sorrow. But do you think that Paul even amid all his suffering and hardship would ever wish that he had never been born? No. Paul lived his life in the Son of God. His life as to all others was a solemn, sacred trust.

"Now, my young friends, your lives have been redeemed, not only the soul but also the earthly life. It is evident that as we live now so shall we live hereafter. This life is not yours, you cannot simply get out of it. It belongs to Christ. He asks you to devote it to his service, inasmuch as it was redeemed by Him.

"As to the divine purpose in life it will often be hard for you to see your way clear. It will be a puzzling question to you how, with your apparently insignificant life, you shall be useful in advancing the things of life that call to you for help. If God places you in human society, whether in business or professional life, if your life is consecrated that will be the divine purpose. Carlyle says, 'I will do the thing that lieth closest to my hand, the rest I leave to powers that are higher than I.' You cannot expect visions and dreams, but God speaks to you through deep convictions.

"Who would say that the Christian life is a life of narrow ideas? The broad thinker cannot equal the compass of a life lived in faith. Let your religion be not a mere adjunct, but very life itself. The Christian religion is the only religion that can be carried into the every day walks of life.

"Young ladies and gentlemen, I pray you to look daily to God as your guardian and strength. Believe in Him with all your hearts and minds, so as to be prosperous on your journey. The results of your life may be lost to the eyes of men, but nothing escapes Him who looks upon you and guides you with tender care."

GRADUATING EXERCISES PREPARATORY DEPARTMENT.

The graduating exercises of the preparatory department were held Monday afternoon and Winant's chapel was filled with relatives and friends of the students. Class colors prevailed in the decorations, and the class motto, "Today," was conspicuous above the center of the platform.

The Rev. Dr. Henry Dosker, of the Western Theological seminary, opened the exercises with prayer. Prof. J. T. Bergen was the presiding officer. He referred in opening to the excellent work done by the class and declared that its members were now fitted to enter the highest college in the country. He spoke of the excellence of the work done in the preparatory department and paid to the members of the class well merited compliments for their faithful adherence to duty, their studiousness and their progress.

Miss Amy Yates played a march from "Tannhauser," by Wagner, in brilliant style.

Raymond Vischer gave a declamation from McKinley's Buffalo address. He has a clear, well modulated voice, and his earnest delivery of McKinley's eloquent words was well received.

A. C. Dykema read an original poem adapted from Longfellow's "Minnehaha," and entitled "The Song of Nawadaha." It was a clever production, its wealth of imagery and felicitous phrasing bearing

strong testimony of Mr. Dykema's poetic power.

Will Breyman gave a violin solo, "Les Puritains," from Danella, with rare artistic skill. He responded to an encore with "The Angels Serenade."

A. J. Muste delivered an oration on "The Siege of Vienna." It was a masterly effort. In voice, gesture, emphasis and earnestness Mr. Muste possesses attributes that mark him as an orator and many a man of state reputation as a speaker would be glad to possess his pleasing manner of delivery. He said in part:

"Civilization is arrayed against barbarism; Turkey against Europe; Christ against Mohammed. Mohammed's two-edged sword flashes in the foreground; Mohammed's priest has done sacrifice at the altar of violence. Where then is civilization's champion? Where now is Europe's savior? Where now are those vicars of God who have taken delight in proclaiming the divine right of kings? If you would find the man of destiny seek him not among the great of Europe, for Peter of Russia is too busy, Louis of France too selfish, Charles of England too weak to rise to the great occasion. If you would find the hero of Vienna seek him in lowly Poland. For ten years he has been king of a grateful country. Three times he has repulsed Turk and Tartar from her gates. The aim of his statesmanship is to drive the Turk from Europe. Behold John Sabieski, the greatest general of his age, the greatest statesman of his country, a king and a hero. After his victory at Vienna Alasdair name is heard no more. Agassiz has triumphed; Agassiz has vanquished wrong. And history fits brings out the beauty of living when we see these rays from the beacon light of God's Providence."

Benjamin J. Bush read the class prophecy, and all agree that it was one of the best papers of that nature ever heard in this city. According to its forecasts Miss Nettie De Jong will some time in the future play the part of Juliet in a play to be produced in Zealand's magnificent theatre; Joseph Nanta, after inventing an electrical contrivance for solving problems in Physics, will fall in love, will be forsaken, will be ruined in fortune and will finally take up his abode in the Muskegon almshouse; Andrew Stegenga will take a post-graduate course in Greece and according to the philosophy of Plato will become stone blind and will take to the streets with a grind organ to make his living; Anno C. Dykema will fall in the grocery business and take to a buttermilk wagon for a living; Elmer P. McCarthy will go to congress and arouse his sleeping fellow members by voluminous eloquence when he pleads the cause of his brethren—the American Irishmen; Abraham J. Muste will become a spellbinder and will captivate audiences at Berculo West Olive, Noordeloos and Graafschap, Adolph D. Schafer will settle on a farm in Iowa and as he ploughs his fields will softly say, "Of all sad words of tongue or pen the saddest are these, 'It might have been'." John A. Zwemer will feed the monkeys in Lincoln Park; William De Bruyn will write poetry modeled after "Casey at the Bat"; Gerrit Slaght will lecture on "It is not good for man to live alone"; Reinder Leestma will be appointed professor in history at Hope college; Tony A. Nienhuis will lecture to his fourth son as the latter is about to start for college, telling him not to spend his money or time going out, with those heavenly links but to join the mission class and learn "how Banninga is working in Arabia, Van Ess in China, and Chamberlain in Africa"; Raymond Vischer will become a schoolmaster and will leave a clear field to his rival in love; Arle J. Muyskens will settle down and get married and will fill the west with his fame as a bicyclist; Miss Avis C. Yates, the class violinist, will become famous as a musician and will become principal of Arentine college, where she will seek to hasten the day when woman shall command and man obey; John B. Cronp will be arrested for resembling Agulnaldo.

The exercises were closed by a one-act farce, "Too Much Salt," translated from the German by Miss Avis G. Yates and Chester L. Beach. In this farce Hertha, a bride of six months, in the absence of her cook, prepares dinner for her husband, Arnold, and his friend. Her lack of culinary skill is responsible for the deplorable meal that ensues. The most laughable scene is the one in which the bride, the rice pudding burned on the outside and undone on the inside, and the soup contains too much salt. These defective dishes cause a domestic quarrel that takes a lawyer, his wife and a servant to unjar; but finally the clouds are rolled away by a declaration on the part of the bride that before she prepares another meal she will learn to cook. Following were the characters:

Wittkow, a lawyer.....Adolph Schafer
Ulrike, his wife.....Nettie De Jong
Arnold, his nephew.....William De Bruyn
Hertha, Arnold's wife.....Avis G. Yates
Seeborg, a friend.....Arle Muyskens
Hans, a servant.....Andrew Stegenga
Following is the class roll: Nettie De Jong, Avis G. Yates, Chester L. Beach, Benjamin J. Bush, William De Bruyn, Anno C. Dykema, Reinder Leestma, Elmer P. McCarthy, Abraham J. MEETING OF ALUMNI.

Nearly every state in the Union and a number of foreign countries were represented at the public meeting of the alumni Tuesday evening. The spirit of old times was resurrected and fraternal greetings were in order. It is this gathering of the representatives of Hope each year within the precincts of the institution wherein they received valued instruction that keeps alive the feelings of love and veneration felt towards the college. Following was the program rendered.

After this program the alumni association was entertained in the gymnasium by Ladies' Literary League.

LAYING CORNER STONE.

During commencement week a year ago it was announced that plans for the building a memorial hall had reached a successful culmination and that Van Raalte hall would be built. This week on Wednesday afternoon was laid the cornerstones of that hall and by the time that the fall winds blow that hall will be ready for occupation. It will be a massive, imposing structure and will be a source of inspiration not only to all students of Hope, but to all who have

in their veins Holland blood and who are affiliated with the Reformed church. The exercises Wednesday afternoon will long be remembered in Holland. On the first floor of the building which answered for a stage were grouped prominent city officials, the council of Hope college, the faculty of the seminary, prominent divines from Holland and other cities, the Knickerbocker club of Grand Rapids, and the faculty of the college. In his opening remarks President Kollen recalled the Centennial celebration recently held in this city and said that out of that grew the idea of building a memorial of the self-sacrificing, devoted band who came from the Netherlands and founded in this country the colonies that have done so much for the Holland race and for this country. He said that in this day of joy all present were connected in spirit with their forefathers, who laid broad and deep the foundations of religious faith and glorious citizenship. The Hope College Choral Union sang, "Except the Lord Build the House," and Rev. J. H. Karsten led in prayer. The first address was made by Prof. H. E. Dosker of the seminary, who traced with masterly sweep of the mind the life and deeds of the founder of the colony, Dr. Van Raalte. He brought to all a vivid word picture of the stalwart leader touched the hearts of his hearers by his eloquent reference to his noble work. Rev. Peter Lepeltak spoke on "First Beginnings." He was in a reminiscent mood, and with the wail of memory awakened thoughts of the past in a way that brought tears of joy and sorrow to the eyes of those who lived again the days of youth, the days of high endeavor. Rev. J. W. Conklin also touched the chords of memory in an address on "Immigration of '47, and the Reformed Church." Then came the laying of the cornerstone by the Hon. D. B. K. Van Raalte, assisted by Peter Semelink and B. J. Veneklassen. Their memorial hymn, composed by Prof. J. B. Nykerk, was sung. It follows:

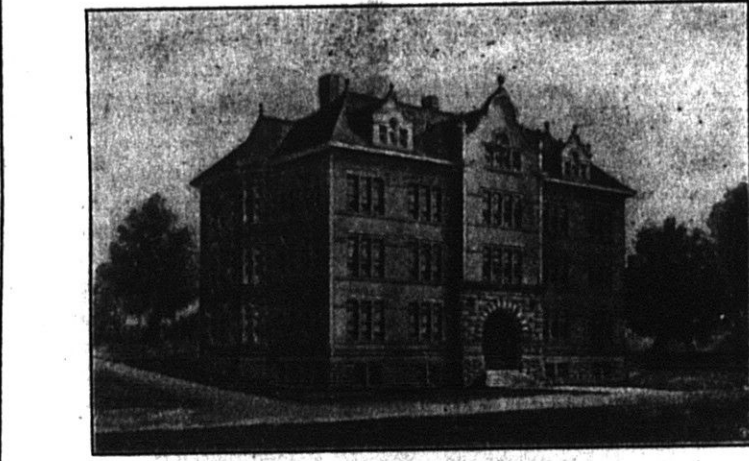

God of our fathers old,
Thro' dangers manifold
Safe thou has led,
Thy goodness we confess;
Thou didst in dire distress
On seas, or in wilderness,
Our table spread.

God of the pilgrim band
That sought this favored land
When dark the hour—
God of the leaders bold
That did this people mould,
O may we still behold
Thy grace and power.

God of the pioneer,
Memorial halls we rear,
Thy name to praise,
Hope's anchor, sure and fast,
That held through storm and blast,
Was in thy favor cast
With upturned gaze.

This Ebenezer now,
With prayer and solemn vow,
We raise to thee;
Thy glory ever shine
Within these halls of thine;
Our minds, our hearts refine—
This is our plea.

Peace and prosperity
Our peoples' portion be,
Where'er they move;
May discord ne'er prevail,
Nor doubts our church assail,
Abide, never to fall,
Faith, hope, and love.

VAN RAALTE MEMORIAL HALL.

The Rev. J. F. Zwemer, president of Hope College, spoke on "Hope College and the People." The Rev. G. J. De Jong, on "The Hall," and Hon. G. J. Diekema on "Hope College and the State." The Rev. E. Winter offered the closing prayer and the ceremonies ended with the singing of the Doxology. In the cornerstones were deposited the following records:

COMMENCEMENT EXERCISES OF SENIOR CLASS.

Fond parents, sisters and brothers in attendance on seeing their loved ones receive merited honors, citizens of Holland and neighboring cities, members of alumni from the four points of the compass, members of the council of Hope college, all gathered at Winant's chapel Wednesday evening to witness the commencement exercises of the senior class of Hope College. They came in such numbers that every seat was occupied, chairs were placed in the aisles and standing room was gladly appropriated. The occasion was worthy the large, the cosmopolitan attendance, and those who were there will ever treasure in their memories the impressive, instructive, interesting exercises.

Down the aisle and upon the stage at 8 o'clock filed Dr. Kollen in cap and gown, Rev. J. W. Conklin of New York city, the members of the graduating class, the faculty of Hope college, consisting of Professors Cornelius Doesburg, Henry Boers, John H. Kleinhekel, James G. Sutphen, John B. Nykerk, Doune B. Ynetma, Rev. John Tallmage, Bergen, Henry Vegte, Edward D. Dimont, Adoniram J. Ladd, Samuel O. Mast, Rev. Albert De Jonge, Mrs. C. Van Raalte Gilmore, representatives of the press, members of the Hope college council, the graduating class of the preparatory department.

Above the stage in letters of green was the class motto, "Date Et Dabitur," and the class colors.

Invocation was offered by Rev. Dr. Conklin. Then Dr. Kollen, the presiding officer, introduced Miss Stella M. White and Miss Mabel C. Warner, who sang with musical voices and sweet expression "Night Hymn at Sea." This song was well received by the audience, as were other numbers contributed by them during the evening.

Mrs. Amy Yates and Thomas Welmers were accompanists.

The orations by the members of the class were exceptionally good and will hold a high place in the records of Hope. There was not a dull moment during their delivery, and the audience was irresistibly brought to the conclusion that the thoughts advanced were worth storing in mind and that a class showing such great capability was entitled to much consideration. Brief outlines of the orations follow:

Henry De Free had for his subject "The World's Decline." He told of some of the great battles of history and explained their great effects upon nations and humanity. But the greatest battles he maintained are fought in the hearts of men. It is there that daily questions of great moment come up for settlement. The man who conquers self will be disciplined for future trials and in the end, when nations of national importance are to be settled, he will be well fitted to take a leading part in the deeds of the hour.

John Van Peursen told of "The Poetry of Robert Browning," analyzing his claims to greatness and paying him a fervid tribute. He said in part: "To him that has ever learned to know Browning, he is full of life and meaning. Every word is a pulse beat of new love, every sentence a gem of truth. Free from all conventionalities, he does not strive to draw a smile from his admirers, but he has a voice for every one; every touch of his harp is meant to vibrate to where every man may dwell. Browning is a

philosopher. With him there is no art for art's sake. He looks up at the distant stars with sealed eye to learn the secrets of their mystery. He probes into the depths of the earth to read the design by which materials were called into existence and does still exist. From every trifling and ordinary event of life he draws an abstract teaching and in these events he finds a high worth as manifestations of universal truths. By the beautiful his soul is attracted into poetic feelings, but he is charmed into it only as the bee that lights upon the gaudy flower to extract the honey from its cup. The beautiful has no value in its various shades of color, but only as it reflects the secrets of its hidden reality. The hero of his songs is not the man that craves life's end with glorious success, but he that reaches forth, 'yea, success to gain the good that lies beyond.' Browning is an idealist, who forms his ideals and strives after their realization."

Miss Minnie Van Der Ploeg told of "The Waning of the Crescent," bringing out the idea that with the rise of Christianity and civilization Mohammedism fell. She closed with the following prophecy: "In fact, on all sides, Mohammedism is undermined and erosion needs but time to become universal. What then shall be the faith to which the enlightened mind shall trust itself? Shall we allow this product of this Christian civilization to remain un-Christianized? For that which now has penetrated cultured homes will sometime find its way to humble hearts. Shall those who have been destitute so long go hungry still? A no! The sun of righteousness shall rise o'er every Moslem land. The heart of every Christian man shall glow with sympathy and love. Our sons and daughters shall go forth, instilling hope where dwelt despair, proclaiming peace instead of strife, and spreading joy where sorrow reigned. The cross, the emblem of our faith, shall be their hope, and Ishmael shall live."

John Van Der Beek spoke on "The Renaissance of the South," telling of the disadvantages under which that section of the country has labored since the civil war, and saying: "As a remedy for these lamentable conditions of some parts of our country, we look hopefully forward to the elevating and far-reaching influence of elementary education. What the south sorely needs is an intellectual awakening, a revival of learning. A southern writer says: 'Everything in the south waits upon the general education of the people.' It needs better schoolhouses and better teachers. The people must be aroused to realize the responsibilities that rest upon them regarding the training of their children. They must feel that as fellow citizens they form a part of our great republic and have a share in the duties we owe to our government, as well as in the benefits that are derived from it. They must be made to understand that one of the best ways to acquire these results is by elementary education."

John E. Winter spoke on the subject "Our New Navy," bringing out the idea that a large navy meant not a guarantee of war, but of peace. He traced the history of the American navy from its humble beginning to its present proud position as the fourth in rank among the maritime powers of the world. Re-

marking the necessity of a large navy he said: "But now, as a result of our expansion and the aggressiveness of other nations, we need more power to stand against the invasions of a greedy England, a bold Russia, a progressive Japan, and a jealous Germany. Then, too, of late there has been a phenomenal increase in our commerce and wealth, and just as a tender plant needs a kindly shelter from the heat and storm so United States needs a navy to protect her growing interests. Formerly to possess the implements of war was to make haste to use them. Today the nations with the strongest armaments are the most reluctant to use them. The United States is building up a powerful navy for the express purpose of preserving the peace, and every battleship that hoists her flag in commission is a pledge that peace will be preserved. In all sincerity, we call ourselves a peace-loving people, and every ship we add to our navy makes more remote that day when the jealous ambitions of other nations might have led them to violate those clearly stated and easily understood principles by which we wish to regulate our conduct as one of the great nations of the world."

Miss Anna Riemsma was the valedictorian of the class, and her parting words were received with close attention. She referred feelingly to the bitter-sweet occasion that marked the parting of the ways. Her address was a scholarly production and was delivered in a charming manner. It was a fitting end to the commencement orations and its words of fraternity and farewell will ever retain a place in the memory of the class, the council, the faculty, the alumni of Hope.

After the orations were delivered Dr. Kollen briefly addressed the members of the class from the preparatory department and presented them with certificates of graduation. He admonished them to strive to attain greater heights in life that they were facing and to press onward and onward until great success should be theirs.

The degree of A. M. was conferred upon the following members of the class of 1890: Hal G. Birchby, William A. Birchby, Peter Braak, Arthur Dangremont, J. James De Free, Simeon B. De Free, Andrew Gansvoort, John E. Kalleng, Folkert Mansens, P. J. Maritelle, C. Mulder, Fred Reeverts, Henry Schipper, Henry Sluiter, C. Spaan, J. H. Ter Avest, G. Te Kolste, John Van Eas, B. Van Heuvelen, John Verney and Fedda Wiersma.

The degree of A. B. was conferred upon the graduating class and each member was presented with a Bible contributed by Gerard Beekman of New York City.

At this stage of the exercises Dr. Kollen took occasion to make an announcement that caused a spontaneous tribute to Rev. Dr. H. E. Dosker of the seminary and civilization Mohammedism fell. She closed with the following prophecy: "In fact, on all sides, Mohammedism is undermined and erosion needs but time to become universal. What then shall be the faith to which the enlightened mind shall trust itself? Shall we allow this product of this Christian civilization to remain un-Christianized? The Womans Literary club will hold its annual picnic July 1.

The official report of the proceedings of the common council will be found on page 7.

The Grand Haven council has appointed a committee of five to draft a franchise for the Grand Rapids, Grand Haven & Muskegon railway and present the same to that company. The new franchise will contain all the concessions the city is willing to make.

Miss Beulah Smith, the Crescent lodge delegate to the annual L. O. T. M. convention at Marquette will make a report of the convention at a meeting of the Crescent hive next Tuesday night and all lady Maconbees of the city are invited to attend.

Miss Abby Van den Berg, who has been the guest of Mr. and Mrs. Ed Vaupell since last summer, left last night for a visit to her home in Alton, Iowa. She will return to this city the last week in August and will start a musical studio.

Norris & Rowe's show proved no exception to the general rule in its efforts to separate the public from its loose change. Though it was advertised that children would be admitted for 15 cents, when they reached the grounds large and small were taxed 25 cents. Mayor DeRoo heard of the imposition and told the managers they would either have to admit children for 15 cents as advertised or quit doing business. They saw that the mayor was in earnest and not only allowed children under nine to enter for reduced prices but refunded the money of those they had overcharged.

Three Games.

Next week is Holland's busy week. Three baseball games will be played against three of the best independent teams in Michigan. The Greenville club with the colored wonder Buckner in the box and strengthened for the occasion will be here Tuesday afternoon; the Ionia club, smarting under its recent defeat and loaded with imported players, will be here Thursday; and the Union-Giants, the black wonders of the baseball world, will be here Saturday. Good crowds should turn out as the games will be more than worth the money and it costs a good sum to get the visiting teams.

The Hope college council at its meeting this week decided to discontinue the practice of conferring the degree of A. M. in course. Hereafter it will be given only to those who hold A. B. degrees, who have pursued professional studies or work for three years and who shall be recommended by the faculty.

Struck by Trolley Car.

John Boersen of Oakland stepped in front of an interurban car on the Grand Rapids Holland & Lake Michigan electric railway near Jamestown Centre last Sunday night and was struck with such violence that injuries were received which it was thought at first would cause death. Mr. Boersen had been visiting his sister in law and with her and her husband was near the track waiting for the homeward bound car. He stepped across the track to give a bystander a match and was recrossing when the car struck him throwing him a couple of rods. He was taken to the home of Charles Floyd, one of the office employees, in this city, where he was attended by J. J. Meren and Dr. J. A. Mabbs. Examination revealed that his right leg was broken at the thigh, his shoulder blade fractured and that he was injured internally. For a time the doctors despaired of his life but he rallied and is now on the road to recovery. Mr. Boersen is 16 years old and lives with his widowed mother.

Stores Close Early.

We, the undersigned merchants of the city of Holland, in order to give our clerks a better opportunity for the rest and recreation which they so much deserve, and to enable us to spend our evenings at home and with our families, do and hereby agree to continue to close our several places of business at six o'clock every evening throughout the summer, with the exception of Tuesdays and Saturdays.

This system is in vogue in all the larger cities and has been heartily endorsed by the people in general. All the leading and up-to-date merchants of this city who have the best interests of their clerks at heart adopted this closing system Sept. 1, 1901, and have met with the approval and good will of the majority of our citizens.

The trading public is cordially requested to co-operate with us in this movement.

NEW DEPARTURE!
One Month Free!

Dr. A. B. Spinney, of Detroit, also proprietor of Reed City Sanitarium, is coming to your town, where he will remain for one day only, to give the sick an opportunity to consult him that cannot see him at his Sanitarium. The Doctor has so much faith in the experience he has had in treating chronic diseases that he will give one month's treatment and medicine free. Also Free Surgical Operations to all those that are too poor to pay.

All that he asks in return is that every patient will state to their friends the results obtained by his treatment. All forms of chronic diseases and deformities successfully treated. No man in this State has had such extended experience in the treatment of CATARRH, EYE, EAR, THROAT AND LUNG DISEASES as the Doctor. He graduated 37 years ago from Cleveland, Ohio; was 15 years in general practice; after that lectured as Professor of Anatomy and Physiology in Detroit Homeopathic Medical College for 3 years; was 3 years Superintendent of Alma and Ypsilanti Sanitariums. This experience, combined with many years' study in the best hospitals in the country, and examining and treating thousands of chronic cases, has prepared him to cure when the general practitioner fails. Have you been sick for years? Are you discouraged? Call and see us; we will tell you whether we can cure you or not. If we cannot cure you, we will tell you what relief we can give you.

Remember, one month will be absolutely free—medicine, surgical operations and the benefit of all our skill—to all who are too poor to pay. Our methods of treatment embrace all that is known by all the schools, with the aid of electricity, that most wonderful of all agents in Paralysis, Loss of Power, Rheumatism, and all diseases of the nervous system. Go early, as my office is always crowded.

J. P. Cancers, Tumors, Blood and Skin Diseases cured by a new system. First cured in from 5 to 10 days without the knife. Female and private diseases of all forms treated successfully. Many patients that cannot be treated at home can be cured at our Sanitarium, which is in charge of the best of medical skill, under the Doctor's direction. Terms for board and treatment the lowest of any sanitarium or hospital in the United States.

Remember, we give a written guarantee to cure every case of PILES and HEMPTURE. Also, we have a lying-in hospital department in our Sanitarium. Send for Journal.

Dr. A. B. Spinney will be at Hotel Holland July 22.

CYCLONE VISITS ILLINOIS

Sweeps Through a Number of Towns, Leaving Death and Destruction in Its Path.

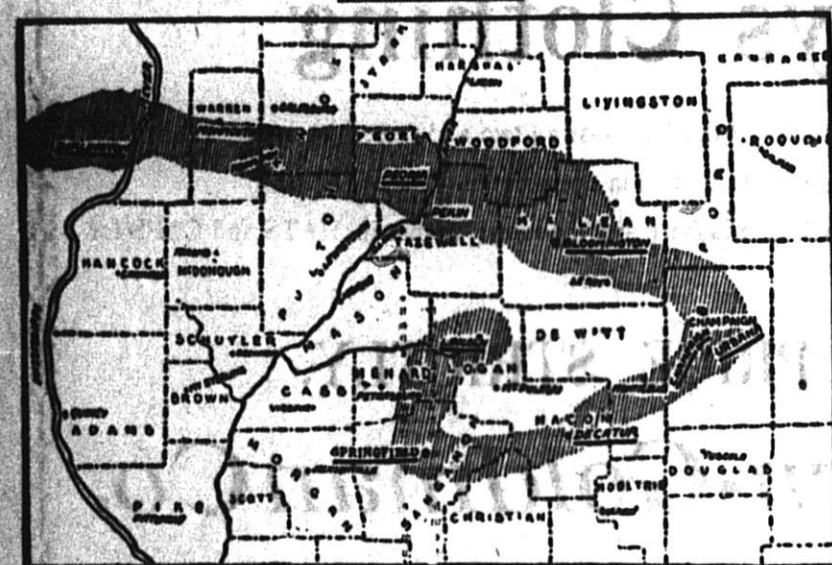

TEN PERSONS KILLED AND MANY HURT.

Bloomington, Peoria and Other Cities Suffer—Crops Entirely Ruined by the Wind and Rain—Property Loss in Cities and Towns Will Exceed \$1,000,000.

Chicago, June 12.—Ten persons are known to have perished, scores were injured, hundreds of head of live stock killed, and, roughly estimating, \$1,000,000 damage done to farm and town property by a terrific storm that swept a path 80 miles wide and nearly 200 miles long, through central Illinois, Tuesday night and early Wednesday morning.

The tornado struck the richest portion of Illinois, devastating McLean county, the banner county of the United States in farm property, wiped half a dozen hamlets off the earth, wrecked many buildings in Bloomington, Peoria, Lincoln, Champaign, Urbana, and a dozen other Illinois towns, demolished farmhouses over a wide area, blew down barns and outbuildings, ruined growing grain, tied up railroad traffic, and practically cut off the entire section from telegraph and telephone connection with the outside world for over 12 hours.

TORNADO'S WIDE SWEEP ACROSS MANY COUNTIES IN ILLINOIS.

Shaded portion on map indicates path of ruin wrought by windstorm, which killed fourteen persons and caused property loss of \$1,000,000.

The list of dead probably is incomplete and there is no way of securing a complete list of the injured. Three boats plying on the Illinois river at Peoria are missing and are supposed to be at the bottom of the river.

Following is the result of the storm in tabulated form:

Lives Lost.	
At Merna.....	1
At Kingston Mines.....	1
At Morton.....	1
At Peoria.....	1
At Champaign.....	1
Total.....	5
Persons Injured.	
At Bloomington.....	75
At Merna.....	50
At Kingston Mines.....	10
At Morton.....	1
At Peoria.....	1
Total.....	137
Property Loss.	
At Peoria.....	\$150,000
At Bloomington.....	40,000
At Kingston Mines.....	40,000
At Morton.....	10,000
At Clinton.....	10,000
At Champaign.....	5,000
At Merna.....	5,000
Farms, shade trees, etc.....	250,000
Total.....	\$1,000,000

The path of the tornado is clearly marked. It extends from Macoupin county on the south to Livingston on the north, straight across the state to the Indiana line, where its fury was diminished.

Dancers Killed. Three girls and one man were killed at Merna in the destruction of a dance hall, while at least 40 other dancers were seriously injured, and the property loss in the county, exclusive of growing crops, is estimated at from \$350,000 to \$400,000, of which at least \$250,000 in this city alone.

One Saving Babies. The greatest loss of life is reported from Peoria county, Kingston Mines, a small town, being almost swept away by the gale. Four persons were killed here, two of them being women whose deaths were caused by attempts to escape with infants, while on Peoria lake, near by, a tugboat with a crew of three men was lost in the fierce blast.

Dies from Fright. In Champaign the buildings, railway property and electric wires were destroyed, and trees and crops throughout the surrounding country ruined. Mrs. Martha Hayworth died from fright. The roofs of the Avenue public school and of the new German Catholic school were blown off, and the German Catholic church was wrecked. The business section suffered severely. The loss is placed at \$50,000.

Plot to Kill the King. London, June 18.—Persistent rumors are current here that a plot to assassinate King Edward before his coronation has been discovered, and that his majesty only feigned illness in order to prevent the carrying out of the conspiracy against his life. The reports have created no end of sensation in newspaper and diplomatic circles.

Sentenced for Highway Robbery. Des Moines, Ia., June 16.—Ike Bradford was Saturday sentenced to 17 years' imprisonment for participating in a hold-up with his son, aged 18, who recently received a 20-years' sentence. They secured four dollars by their crime.

WORK DONE IN CONGRESS.

Senate and House Consider Measures of Importance—Daily Summary of the Proceedings.

Washington, June 12.—The senate yesterday agreed to finally vote on the isthmian canal bill on Thursday, June 19. A bill was passed to provide for the issuance of passports to citizens of Porto Rico and the Philippines.

Washington, June 13.—In discussing the isthmian canal bill in the senate yesterday Senator Hoar presented an amendment to the measure, providing it shall be the duty of the president to cause a canal to be built by such route as he may select, and appropriating \$10,000,000 with which to begin the work.

Washington, June 14.—The situation in the senate yesterday regarding the Cuban reciprocity bill indicated a continued deadlock. The message of the president on Cuban reciprocity was read and referred to the committee on relations with Cuba.

Washington, June 15.—The irrigation and District of Columbia bills were passed in the senate on Saturday and Senator Elkins (W. Va.) introduced a joint resolution providing for the annexation of Cuba and its admission as a state of the union.

Washington, June 17.—Senator Culom (Ill.) in a speech on the isthmian canal bill in the senate yesterday favored the Panama route.

Washington, June 18.—Bills were passed in the senate yesterday to regulate the commutation of United States prisoners for good conduct; to amend the act providing for a permanent census office, so as to include "unskilled

laborers" in the list of those employed not included in the civil service, and to provide for refunding taxes paid on legacies and bequests for uses of religious, charitable or educational character. The rest of the day was devoted to debate upon the canal bill. The republican members of the committee on Cuban relations agreed to the acceptance of the Spooner bill providing for reciprocity with Cuba.

House.

Washington, June 12.—The Corliss Pacific cable bill was killed in the house yesterday, the argument being that appropriations already exceed revenue by \$51,000,000.

Washington, June 13.—In the house yesterday the time was spent in discussing the irrigation bill. A memorial was presented requesting the appointment of a congressional committee to visit the Philippines and investigate conditions.

Washington, June 14.—The house yesterday resolved itself into committee of the whole and resumed the consideration of the irrigation bill. Assistant Secretary Barnes transmitted the Cuban reciprocity message from the president.

Washington, June 15.—In the house on Saturday the committee on appropriations reported the general deficiency bill and 199 private pension bills were passed.

Washington, June 17.—Two bills were passed in the house yesterday to amend the general pension laws, one to provide for the restoration to the pension rolls of the widows of soldiers who subsequently married and were again widowed, and one to increase the pension of those who have lost a limb or were totally disabled while in the military or naval service.

Washington, June 18.—The house spent the time yesterday considering bills reported from the judiciary committee. By far the most important measure was that to amend the existing bankruptcy law, and the bill passed amends the law in 15 particulars to meet defects which, it is said, experience has proven.

Illinois Democrats.

Springfield, Ill., June 18.—The democratic state convention was held here Tuesday. The following ticket was nominated: Clerk of the supreme court, John L. Pickering, of Springfield; state treasurer, George W. Dudley, of Chicago; superintendent of public instruction, Anson L. Bliss, of Hillboro; trustees of the state university, Dr. Julia Holmes Smith, of Chicago; J. A. White, of Urbana, and S. S. Paxton, of Monmouth.

Quits the Bench.

Des Moines, Ia., June 18.—Justice Charles M. Waterman, for four years a member of the supreme bench of Iowa, has tendered his resignation to Gov. Cummings, to take effect July 1. He forms a law partnership with ex-Congressman Joe R. Lane at Davenport. He served on the district bench at Davenport for ten years.

Palma's Salary Fixed.

Havana, June 17.—The senate has approved the bill fixing President Palma's salary at \$25,000 a year and that of Senator Estevez, the vice president, at \$6,000 a year.

KILLED HER SIX CHILDREN

A Mother in Mississippi Shoots Five of Her Little Ones and Cremates the Baby.

SHE WAS DRIVEN CRAZY BY THE HEAT.

The Murderess Made Her Escape, But Was Found in a Graveyard, Where She Attempted to Kill Herself—Burning House Aroused Neighbors, Who Discovered the Crime.

Jackson, Miss., June 17.—Mad from the effects of the heat, Mrs. Louis Westrop, wife of a well-to-do farmer, shot five of her children to death with a Winchester rifle, then tied her infant girl to a bed in the farmhouse and set fire to the building with a torch. The baby was cremated and the mother fled from the scene. She was finally located Monday afternoon in a country graveyard, where she had spent the night. When she saw the searching party she placed the same rifle with which she had the day before wrought the destruction of her own flesh and blood to her heart and pulled the trigger, the bullet passing one inch below the heart, seriously but not necessarily fatally wounding her.

Five Shot to Death. Mrs. Westrop pleaded illness when her husband prepared to go to church Sunday afternoon and remained at home with her six children. After the husband had disappeared down the road she managed to send the farmhands away on one excuse or another, and then she turned to her task of blood. She sent the children back of the barn to play. Recalling the eldest boy, she sent him to the house for a rifle. He brought it to her, and she told him to walk over to the fence and turn his back to her. Then she sent a bullet through his brain. The body was dragged out of view, and another of the little ones was summoned to his death. In this way, calmly and with the greatest deliberation, she slew five of her offspring.

One Baby Cremated. Only her baby remained. The bodies of her five victims were dragged to the cotton storehouse and piled one on another in a corner near the door. The rifle was dropped where the last execution was performed, and the woman, now mad with the frenzy of killing, turned back to the farmhouse. She went to where her infant daughter was sleeping and tied the child securely to a bed post. Setting fire to the house, she dashed into the woods. The burning house drew the attention of neighboring farmers to the Westrop home, and the woman's deed was discovered at sundown. Immediately the men organized into little squads to search for the fugitive, and finally found her, as stated, in the cemetery.

A JEALOUS SOLDIER. He Kills Woman with Whom He Was Infatuated and Himself at Columbus, O.

Columbus, O., June 17.—Harry W. Bragg, a private in company F, Twentieth United States infantry, Monday night shot and killed Mrs. Lizzie Tibbitts and then shot and killed himself. The tragedy was enacted on the grounds at the Columbus barracks and jealousy was the motive. Bragg, whose home is in Pelican, Wis., served in the Philippines in the Thirty-fourth United States volunteers. Mrs. Tibbitts came here from Chicago as cook for Maj. Augur, of the Twentieth regiment. Her husband was an enlisted man, but was dishonorably discharged several weeks ago. Bragg became infatuated with the woman. Monday night, just preceding the tragedy, Bragg quarreled with her because she had gone out with another man.

A Race War.

Carbondale, Ill., June 17.—The race war which has been in progress at Eldorado, Ill., since May 29, when a mob attacked the colored normal and industrial institute, a school modeled after the celebrated Tuskegee, Ala., school, still continues. The homes of colored citizens have been stoned, warnings sent to occupants to leave the vicinity and shots fired into their homes late at night. Many through fear have left, and only five families remain.

Three Find Watery Graves.

Racine, Wis., June 14.—Three deaths from drowning were reported in Racine county Friday. Leo Smollen, the four-year-old son of a mail carrier, was drowned in a cistern. The three-year-old son of John Weimer was drowned in a watering trough and John Buchenberger lost his life on Michigan lake by the capsizing of a boat.

Has Given Millions.

Chicago, June 18.—A gift of \$750,000 from John D. Rockefeller to the University of Chicago was announced at the convocation exercises of the university. This amount makes a total of \$11,000,000 given to the university by Mr. Rockefeller.

Death of a Jurist.

Bloomington, Ill., June 12.—Judge Alfred Sample, for 12 years circuit judge of the Eleventh Illinois district and five years member of the appellate court, Fourth district, died here Wednesday, aged 55.

Chosen President of University.

Milwaukee, June 18.—Henry Smith Pritchett, of Boston, has been chosen as president of the University of Wisconsin to succeed Charles Kendall Adams.

Beyond Doubt

THESE FACTS MUST CONVINCE EVERY HOLLAND READER.

That which follows is the experience of a resident of Holland. Incredulity cannot exist about the statement because it can easily be investigated.

Mrs. Jan DeKok, of 214 West 11th St., says: "I was bothered for years more or less with heavy aching pains in my back. I could not rest comfortably and it was painful for me to stoop or to straighten up. Seeing Doan's Kidney Pills so highly recommended I got a box at J. O. Doesburg's drug store and tried them. They relieved me right away and in a short time my complaint disappeared entirely. Doan's Kidney Pills are a fine remedy."

HONORED IN BRONZE.

Statue of Late Richard P. Bland Is Unveiled at Lebanon, Mo.

Lebanon, Mo., June 18.—A statue erected to the memory of Richard Parks Bland, who served in congress almost continuously from 1872 until 1899, was unveiled here Tuesday with impressive ceremonies. An immense crowd gathered to hear addresses by William J. Bryan, William J. Stone and others. The statue is of bronze, life size and rests on a pedestal of stone six feet.

Three Children Drowned.

Zanesville, O., June 16.—Willie Saunders, aged ten; Carl Gunion and John Roach, each a year younger, children of Mrs. Naomi Saunders, Charles C. Gunion and John Roach, respectively, started to wade across Licking river, almost within a stone's throw of their homes. Gunion led, and going over an offset, called to his companions for help. All were drowned. The bodies were recovered.

Students Drown.

Madison, Wis., June 12.—George L. Lohr, of Milwaukee, and Miss Ada Hawley, of Madison, both members of the graduating class of the state university, were drowned while boating on Lake Mendota Wednesday evening. When about a mile from shore their boat capsized, throwing them into the water. They yelled loudly for help, but went down before rescuers could reach them.

One Hundred Years Old.

West Point, N. Y., June 12.—The celebration of the one hundredth anniversary of the establishment of the West Point military academy reached its climax yesterday. President Roosevelt was the chief guest, and made an address, as did also Gen. Horace Porter and Secretary of War Root.

Journalist and Author Dead.

Council Bluffs, Ia., June 18.—Howard W. Tilton, editor of the Nonpareil and author of "Lay Sermons," who died at his home in this city Tuesday morning after an illness of but three days, was one of the best known newspaper men in Iowa, having been in the newspaper business in this city since 1886.

Proposed Lateral Sewer

On East Fourteenth street, between Central avenue and the west line of the right of way of Pere Marquette Ry. Co., City of Holland, Mich.

City Clerk's Office, June 4, 1902.

Notice is hereby given that the common council of the city of Holland, at a regular session held Tuesday, June 3, 1902, adopted the following resolution:

Resolved, That a lateral sewer be constructed on East Fourteenth street, between Central avenue and the west line of right of way of Pere Marquette Ry. Co.; that said lateral sewer be laid at the depth and grade and of the dimensions prescribed in the diagram, plan and profile for same adopted by the common council of the city of Holland, June 3, 1902, and now on file in the office of the City Clerk; that the cost and expense of constructing such lateral sewer be paid partly from the general sewer fund of said city and partly by special assessment upon the lands, lots and premises of private property owners abutting upon said part of East Fourteenth street, and being adjacent to said lateral sewer, assessed according to the benefits thereto determined as follows:

Total estimated cost of lateral sewer, \$2,342.80.

Amount to be raised by special assessment on adjacent private property according to benefits received, as determined by the common council, \$1,933.16.

Amount to be paid from the general sewer fund, \$309.64.

That the lands, lots and premises upon which said special assessment shall be levied shall include all the private property adjacent to said lateral sewer, between Central avenue and the west line of the right of way of the Pere Marquette Ry. Co., all of which private lots, lands and premises are hereby designated and declared to constitute a special sewer district for the purpose of special assessment to defray that part of the cost and expense of constructing a lateral sewer in said part of East Fourteenth street, in the manner hereinbefore set forth, as determined by the common council and as hereinbefore set forth, said district to be known and designated as "East Fourteenth street special sewer assessment district."

Resolved, further, that the city clerk be instructed to give notice of the proposed construction of said lateral sewer, and of the special assessment to be made to defray part of the expense of constructing such sewer, according to diagram, plan and estimate on file in the office of the city clerk, and of the district to be assessed thereby, by publication in the Holland City News for two weeks, and that Tuesday, the 1st day of July, 1902, at 7:30 o'clock p. m., be and is hereby determined as the time when the common council and the Board of Public Works will meet at the council rooms to consider any suggestions or objections that may be made to the construction of said sewer, to said assessment district, and to said diagram, plan, plat, and estimates.

Virulent Cancer Cured.

Startling proof of a wonderful advance in medicine is given by druggist G. W. Roberts of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. MILK IN POWDERED FORM.

Swedish Process That Is Likely to Be of Economic Value at Home and Abroad.

News of the Swedish discovery, which is likely to be of importance in dairy farming, has come from Consul R. S. Beyh to the state department at Washington.

Dr. Max Ekenberg, of Gothenburg, has invented an apparatus by which milk can be reduced to powder, while possessing all the qualities of milk in concentrated form, except moisture. This milk flour, moreover, is completely soluble in water, and can be used for all the purposes for which ordinary milk is employed.

It does not get sour, does not ferment, and in its dry state is not sensitive to changes in the weather. It can be kept and transported in tin cans, barrels or bags.

The cost of reduction, Dr. Ekenberg estimates at about 27 cents for every 106 quarts, and he thinks that the flour made from skim milk can be sold for about 13 cents a pound. No rennet or acid, or lye is used in producing it.

At a recent meeting of the Swedish academy of agriculture Dr. Ekenberg exhibited samples of his milk flour, and it was favorably commented on. In an address to the academy he said that he believed his invention to be of the greatest importance for the utilization of skim milk, hitherto largely wasted, as in a dry form it could be transported all over the country without losing any of its original good qualities.

TRAINS AT EDWARD'S COURT.

The King's Attempt at Dress Reform Leads to a Tilt with the Dressmakers.

King Edward undertook to reform the conditions at court by ordering that no trains should be worn by ladies attending the royal functions. This pleased the ladies, but horrified the dressmakers, who reap a rich harvest from the additional cost of the long trains of court dresses, says a London paper. Then the king was besieged by influential personages, spurred on, and it is even hinted, commissioned by the dressmakers to secure a change of the orders. The royal mind was finally convinced that trains were necessary to the maintenance of a proper standard of court dignity, and the original order was canceled. The train-makers had triumphed. But the change in orders left many ladies trainless, they having eagerly welcomed the chance to lighten both the physical and the financial burdens of train-wearing. So another appeal has been made to the court to admit these trainless ones to the functions, and a special dispensation was granted in their cases. But hereafter woe betide the woman who presents herself to the lord chamberlain for admission to the royal presence bereft of a sweeping following of silk, satin, lace and the other costly materials which enter into the composition of those useless, cumbersome and bill-swelling features of ceremonial dress.

ENVY OF PROFESSIONALS.

According to This Authority Architects Have the Least and Actors Have the Most.

An Italian philosopher, Signor Ferranti, has amused himself by constructing a scale of degrees for the measurement of professional envy, reports the Buffalo Commercial. The highest point in this envy measurer is ten. Architects are happily placed lowest on the scale. They register only one; advocates, priests and military men are ranged at two; and in the ascending scale he gives us professors of science and literature four; journalists, five; authors, eight; physicians, nine; actors and actresses, ten. The small amount of envy among architects is held to be due to their precise, severe and rigid studies. The same thing applies to advocates. Among the clergy envy is found mostly in preachers. In the military career envy is quiescent in time of peace, but can become acute in time of war. Envy makes men of science and literature lead solitary lives, diffident of each other. Among physicians envy is still more prevalent, and they do not spare their colleagues, often terming them charlatans. In the theatrical world envy, according to Signor Ferranti, reaches its acute form, vanity playing a great part in its production.

Resuscitating Power of Light.

The extraordinary resuscitating power of light received a very curious illustration a few years ago in the silver mines at Laurim. The mines had been abandoned more than 2,000 years ago as unworkable, and an enterprising Briton discovered some poppies of a species which had disappeared for 20 centuries, the seed of which had lain dormant beneath the slag for 2,000 years. When the slag was removed to the furnace the next visit to the mine found the entire space covered with a most gorgeous show of poppies. After their 20 centuries' rest they had bloomed as vigorously as ever, without the aid of a single drop of water or any restorative other than the rays of the sun.

Holland Defeats Ionia. 8 to 4.

Eighth street, particularly in the vicinity of B. J. Reynolds & Co's. cigar store was in a turmoil yesterday while news of the Holland-Ionia game at Ionia was received by innings and great were the cheers that broke out when the victory of Holland was announced. The game was hotly contested, the Holland boys encouraged by fifteen Holland fans, finding it necessary to play not only the Ionia club but the crowd and the umpire. Andrews led in batting and Tibald, DePree, Van den Berg, Van der Hill and Ball were there with hits when needed. The Ionia Sentinel has the following regarding the game:

"The Holland base ball team arrived at noon and took dinner at the Dexter. This is one of the fastest independent teams in the state, and they have been winning games right and left with Neil Ball, their crack pitcher. They have the backing, too, as a dozen or fifteen leading citizens and stockholders from Holland and Zeeland accompanied them.

"The game was called at 3 o'clock with a fair attendance present. Harris, of Greenville, was on short for Ionia. The score was as follows:

Holland.....0 1 1 0 0 1 3 2-8
Ionia.....0 0 0 1 0 2 0 0 1-4

Holland's first two scores were on Ionia's poor field work."

Karsten Blanks Kalamazoo.

Henry Karsten, the young man from Zeeland who pitched the Albion team to victory this season, will do. He did the box work in the game against Kalamazoo college last Saturday and showed that he is able to travel in the fastest company. He throws a swift ball with a wide curve and has good control.

The Kalamazoo boys are good players and kept the score low on the Holland side. But low scoring is better than no scoring and the Kalamazoo were in the no scoring class Saturday. They couldn't find Karsten with a lantern and if it were not for an electrical display they would not have received the two hits with which they were credited. Fourteen of them struck out, not one of them got as far as third base and but one reached second. Ball, Andrews, Tibald and DePree in the infield were invincible and there was nothing doing in the outfield excepting in Fairfield's corner and he did not allow the ball to touch the ground. Willie Bill Tibald, the beardless youth that made Big Rapids famous last year made a home run, his second one for this season. He will make the third one next game if the atmosphere is not too thick.

The score: Holland, 5; Kalamazoo, 0. Umpire Java Verschure.

Sporting News.

The Twin City team defeated the Giant Clothiers Saturday by a score of 7 to 5. McNutt and Ver Stay did the battery work for the Saugatuck and Douglas aggregation and Rockwell and Rouch for the Giants.

It is up to the H. J. Heinz Co. nine to win a game. The pickle factory boys submitted to another defeat last Saturday afternoon. The C. L. Klog & Co. club did the trick. Score 11 to 6. Batteries: Crispell and Valkema for the basket factory; Oakley and Stuart for the pickling works.

Zeeland with Slabekoorn in the box defeated Hope college Tuesday afternoon by a score of 8 to 7. Huizenga pitched for the students.

Holland will soon play the White Lake club, and if a sufficient number signify their desire to go to White Lake to see the game Manager DePree will arrange with Capt. Austin Harrington to run an excursion to White Lake on the steamer Post Boy.

The Twin City club representing Douglas and Saugatuck was smothered by the Holland club Wednesday afternoon by a score of 12 to 6. Root was in the box for Holland and his wide outcurve and his deceiving drops kept the visitors from piling up a heavy batting average. McNutt was no puzzle to the locals and every kink that he put in his curves was promptly knocked out by the Holland batsmen. Andrews found a nice spot for the ball to land outside the fence and his sagacity brought him a home run. Tibald and DePree officiated in a double play. Karsten and Ball played in the outfield but neither had many chances for brilliant work and Root lugged off the honors. Umpire, Java Ver Schure.
