Comparative Digestibility of Food

Made with different Baking Powders

From a Series of Elaborate Chemical Tests:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The relative percentage of the food digested is shown as follows:

Bread made with
Royal Cream of Tartar Powder:
100 Per Cent. Digested

Bread made with
phosphate powder:
68 3/4 Per Cent. Digested

Bread made with
alum powder:
67 3/4 Per Cent. Digested

These tests, which are absolutely reliable and unprejudiced, make plain a fact of great importance to everyone: Food raised with Royal, a cream of tartar Baking Powder, is shown to be entirely digestible, while the alum and phosphate powders are found to largely retard the digestion of the food made from them.

Undigested food is not only wasted food, but it is the source of very many bodily ailments.

NOTICE

The house and lot known as the "Schakelaar Estate" No. 65 River Avenue is offered for sale to the highest bidder. Sealed bids will be received at the office of James Kole, 139 River street, July 1, 1913. The right is reserved to reject any and all bids.

STEAM ROLLER AGAIN COMES UP.

Although last night's meeting of the council was one of the most exciting for some time there were very few people witnessed the discussions. Mayor Helfrick of the High School council was present at the meeting and was given the Mayor's chair for a short time. The principal discussion of the evening and one which brought on a hot debate between the mayor and aldermen was the famous steam roller question. Besides this many slams were shot at different members of the council and the Mayor.

The meeting opened with a line of petitions for the building of sidewalks for sprinkling, etc. The first petition was from the property owners asking that sidewalks be put in on West Eighteenth street. This was referred to the committee on streets and crosswalks.

There followed petition from the people on College Avenue between twenty first and Twenty fourth streets, people living on West Tenth street and people living on Maple Avenue from Tenth to Twelfth streets to have the roads oiled. Alderman Harrington explained to the council that they were out of oil at the present time and would like to have the consent of the council to order another tank of oil so the request of these people could be granted. His request was granted and the petition was referred to the committee on streets and crosswalks.

A petition to have West Fourteenth street sprinkled from First Avenue to Van Raalte Avenue was also granted. A request to move a boat house was granted and then a request from Ernest Cummings who has recently lost a bull dog, that the council look into certain irregularities in the office of pound master was referred to City Attorney A. Van Duren and a committee of three to investigate, upon motion of Alderman King.

Mr. Cummings claimed that on May 28, a valuable bull dog belonging to him disappeared and after advertising for the return of the dog looked into the matter more closely and that he believes Poundmaster Peter Ver Wey took the dog and did away with it without giving the three days notice required by law and moreover Mr. Ver Wey has no right to take the dog as it wore a tag.

He also stated that he is informed and believes that the city clerk is not given the kind and description of the dogs killed by him, but that each month a list is given to the clerk of the number of dogs killed and the amount due the poundmaster. In this way it is entirely up to the poundmaster to say how much money is coming to him, and nothing is to prevent him from being dishonest if he should so desire.

The petition was offered to this end: that the irregularities mentioned may be corrected if the council saw fit to do so for the protection of dog owners in one instance and of the city in the other; also that the disappearance of his dog be inquired into to see what can be done about it.

Affidavits from John Bouman and George Ver Hoek which were also submitted showed that the dog was last seen in Ver Wey's yard and that Ver Wey had threatened to sometime get Cummings' dog as he did not like it.

The proposition of grading Twenty Second street was again brought up when a petition was read requesting that the decision of the council to grade this street be reconsidered and that the street be not graded.

Alderman Hansen then asked, "Are they buggy? We had this proposition under consideration for four weeks and nothing was done about it and now after we have acted on a petition sent in last year requesting that the street be graded we get another petition asking that we do not grade the street."

William Beeks who owns property and resides on this street then addressed the council and claimed that they were not buggy but did not know the street was going to be improved until after it had been passed on by the council. This man claimed that they seldom read the Holland City News which seems to be the only Newspaper that invades that region and from his talk one would think the people of that country never saw a Holland Daily Sentinel or knew it was published. H. Mol another resident of that street then spoke to the council as follows: "We ain't know of this as Beek says. I didn't read that City News but when I heard the street was to be graded I make right away a petition and go against it. It is not very fair to improve what is not necessary."

Mr. Beek then explained that the petition sent in last fall was for the East End and that all the West End residents of the street were against it. Upon questioning by Alderman King it was found that the grading would have to be re-advised if the East and West Ends of the street were divided and that it would be cheaper for all concerned if the whole thing was done at the present time. Alderman Hansen claimed that he would never vote for a partial improving of any street. Alderman King recommended that the act of the preceding council be reconsidered but King was

declared ineligible to make this motion. Alderman Dyke then moved that the project be carried out as recommended at the last meeting and this motion was carried by an 8 to 2 vote.

A request from the people living on Tenth was that the order of the council and the Board of Health as to putting in sewers this year be taken back and that they be given until next year to get things in shape. Alderman Hansen stated that he was requested by these people to try and have their time limit extended and claimed that he knew of many people that would not be able to put in the sewers immediately as required. Some did not have the necessary means and others had to build additions to their houses to do this and various other reasons were given.

Mayor Bosch then stated that the council at no time would ever insist on people doing what was not in their power to do under good condition unless it was absolutely necessary.

It was recommended by some that the petition be granted but in answer to this Alderman Van Drezer claimed that all the people would want to put off and so he moved that the petition be filed. The motion carried.

Contrary to the other petition Mr. Zwemer, who owns property on East Ninth street requested that sewer connection be made in half a block on Tenth Street East of Lincoln Avenue. This was referred to the committee on sewers drains and water courses.

Alderman Harrington stated that the dairy inspection started by the council a short time ago had visited the different sources of milk supply for the city and examined the health conditions in regard to the milk supply, the ventilation, care of the stables, feed, etc., and have returned a very favorable report. In some cases he said conditions were not as they should be and so he recommended that the present dairy inspector Arie Prins be authorized to continue acting in this position for the next year for the sum of 100 dollars. The inspector should keep in touch with the committee and report on the health conditions of the different dairy farms bringing milk to the city and see to it that all the cattle were tested. The farmers he claimed are taking to it kindly and are willing to do as requested by the inspector or the committee.

The motion made by Ald. Harrington that Mr. Prins continue in his present position was carried unanimously by the council.

Mr. Harrington then showed a telegram he had received saying that the State Convention of the Fraternal Order of the Eagles were in meeting at Hancock and that Holland had a chance of having them meet here in 1914 if the council so desired. Mr. Harrington moved that the Mayor be authorized to send a telegram to them at Hancock inviting them here for next year. This was done. Alderman King then explained that this would mean that Holland would be advertised in almost every community in the State and that for three days the city would have between 3,000 to 6,000 visitors for three days and that there would be something doing all the time.

Ald. Van Drezer explained to the council that the new 90 lb. rail laid by the P. M. Railroad through the city were about one inch and one half higher than the plankings and moved that the council notify them to replank the crosswalks so as to make the walk level with the rails. The motion was adopted.

A. Keppel petitioned the council to have the street in front of his residence sprinkled and claimed that if the people on the other side of the street did not want to pay for part of the sprinkling he would stand the entire expense. The petition was granted.

Alderman Van Drezer read bids for the paving of twelfth street on each end from four contractors.

Following are bids received for the paving of East and West 12th streets:

Globe Company,	\$1.67 per sq. yd.
Marsman Co.,	\$1.47 per sq. yd.
Vanderveen	\$1.35 per sq. yd.
Seaman	\$1.53 1/4 per sq. yd.

Vander Veen's bids is thirty cents per yard higher than the City Engineer's estimate, and forty cents higher than the other work done on 12th street. As there are 5,000 yds. to be paved at 40 cents a yard difference, we would save \$2,000 or the price of the roller. Ald. Dyke moved that the bids be referred back to the Committee on Streets and Crosswalks, for them to decide what to do about it.

Alderman Prins then stated that he was not in favor of considering the bids at all and asked why the city Engineer could not do it and make a good job of it with his present equipment. Then the fire works started.

Mayor Bosch pushed back his chair and said that the thing might as well be thrashed out at that meeting as to put it off to the next meeting.

Alderman Prins said the city engineer had done good work and said rest of paving should not be taken out of his hands. The Mayor then said there should be no delay

and that if the city engineer could not do the work he would like to know why. Ald. Dyke then tried to explain his motion saying that he wished to give the committee more time to look into the matter but was jerked up sharply by the Mayor and told that it was foolish to do anything like that as the city would eventually do its own paving and there was absolutely no sense in looking into the matter of the bids. Ald. Dyke responded that he did not want to be interrupted when he was talking and said that they did not all look on the question alike and from then on the aldermen and the Mayor threw slams back and forth at each other without any regard for order.

Mayor Bosch said that he only wished to ask one question of City Engineer Naberhuis, "Could he or could he not do the paving to be done this summer with the present equipment?" Mr. Naberhuis rose to reply but many of the aldermen broke in saying there was a motion before the house and that it must be acted upon. The Mayor said there was no point of order and demanded the engineer to answer his question. Alderman Congelton called loudly for the council to come to a point of order but no one seemed to hear with the exception of Prins and Vander Hill, who sided with the Mayor on the proposition, called for order and wanted a vote on the motion before the house. Mayor said he would like to know if he did not have as much right as the aldermen to say what he thought in the council and said he had a perfect right to ask the question of the engineer but was promptly answered by

alderman King that he did not have any right to start out on another discussion when there was a motion before the house. The Mayor then accused the aldermen of being afraid of the question asked and said they were trying to avoid it. Ald. Harrington claimed that it was not fair to put this question to the engineer as he had done but should give him an opportunity to explain the matter. He claimed that it was doing Mr. Naberhuis an injustice. Ald. Vander Hill then got a word into the discussion and said that even if the paving could not be guaranteed it was not fair to take it out of the hands of the City Engineer and in sympathy with this the Mayor exclaimed, "Ridiculous". He said that he wanted the whole question settled then and there and in the debate cut off a remark by Ald. Dyke. Mr. Dyke finally was heard and he said that he wished to be shown ordinary courtesy when he got up to speak and did not wish to be interrupted by the Mayor or anyone else. The Mayor then with the gavel and the meeting again assumed an orderly appearance for the time being.

Alderman Hansen reminded the council that there was a motion before the house that committee look over bids received and report later. The motion was put to vote and carried. Mayor Bosch then called for a ye and nay vote and all voted in favor of the motion with the exception of Vander Hill and Prins.

The Mayor then asked city engineer to answer his question as to whether or not he could do the paving to be done this year but Ald. King moved that they proceed with the usual order of business and his motion was supported by alderman Harrington. The fireworks started again but the aldermen seemed to have wearied of the struggle and said they would like to hear the city engineer's answer. Mr. Naberhuis then explained that he had built two blocks on Twelfth street with his present equipment that were O. K. but then the weather conditions were absolutely perfect. No contractor in the business he claimed used the three wheel roller as the city now has and it is unreliable. The asphalt when spread on the street he claimed must be rolled while warm, else the stone would be crushed. It cannot be rolled while too warm and he claimed that in the cold and rainy weather experienced last year the roller could not keep up to the work and that the asphalt had hardened before the roller could get over it.

The mayor then jerked him up sharply and told him to come to the point. Could he do the work or not. "You have told me you could do it", he exclaimed. Mr. Naberhuis then claimed that under present conditions he thought he could do just as good a job again as on two of the blocks on the Twelfth street pavement. The Mayor then asked him why he had not said so before and claimed that he was doing the best he could for the Engineer and that he had backed him all along and was highly pleased with all his work last summer. He then called for the regular order of business but the aldermen did not seem to want to get away from the favorite subject and Ald. Hansen said that what he had made out of the argument was that was that if the Mayor would guarantee the weather conditions the paving could be done alright but that if he did not the paving would be no good. Ald. Prins responded that the city engineer had plenty of time to do the paving and said that Mr. Naberhuis had told him before that he could do the paving alright.

Ald. Drinkwater claimed that if only two blocks were good out of

FORMER HOPE STUDENTS DECIDE TO RAISE MONEY FOR DEFINITE PURPOSE.

College to Celebrate Semi-Centennial in 1915 When Question Will Be Definitely Settled

The Hope College Alumni association Wednesday in Winants Chapel practically decided to collect funds for the purpose of endowing a chair at the college. For a number of years past the Rev. Mr. Hekhuis has been acting as the financial agent of the alumni association, collecting money for some purpose to be designated later. In this way several thousand dollars have been collected according to the report of Mr. Hekhuis Wednesday. However it was found that the collection of money was made difficult because of the fact that the association had no definite purpose in view. Many of the alumni disliked contributing in a vague way without knowing what they were given the money for.

After a lengthy discussion this morning in the course of which a number of plans were suggested the endowment of a chair was tentatively fixed upon. Some of the members present suggested the erection of a building on the campus, or a fund that could be used to support students who wished to enter other professions than the ministry, etc.

For the present the financial agent will continue his work with the definite plan of the endowment of a chair in mind. In the letter to be written to all the members of the association it will be stated however that in case the contributing members should decide later at a meeting at which a large percentage of them shall be present to devote the money to some other definite purpose the present plan shall be abandoned.

In 1915 the semi-centennial of the incorporation of the institution as a college will be celebrated, and at that time it is expected that many former students will come to visit their Alma Mater. Then the question will again be brought up and finally disposed of. In the meantime strenuous efforts will be made to collect a large enough amount for the endowment fund.

Miss Beatrice Steketee suffered a broken wrist and several other people received minor bruises when a hayrack party of High school students and teachers was tipped over on the Alpena road, Saturday afternoon.

The students of the freshmen and Sophomore class and the faculty left here on four hay racks for a picnic at Tennessee Beach. On the Alpena road Dr. W. Winters passed in his automobile. The horses on one of the racks became frightened as the auto swerved to one side near them and started to run for the fields drawing the rack after them. They turned near the barb wire fence and started back across the ditch when the wagon broke in two and spilled the whole load in a heap off the back of the wagon.

Although all landed in a pile and a three gallon pail of ice cream and cake and sandwiches were shot over their heads, Miss Steketee was the only one to receive any serious injury. Others received sprains and bruises and one little fellow claimed

Studebaker

Your confidence is what Studebaker seeks to keep

Possessing this confidence, we have never tried to produce a cheap wagon. We could, but we don't dare try the experiment. Our constant aim has been to produce the best wagon.

And in living up to this highest standard, we have won and hold—the confidence and good-will of hundreds of thousands of farmers all over the world.

Studebaker wagons are built to last, to do a day's work every day, to stand up under stress and strain and to make the name *Studebaker* stand for all that is best in vehicles.

Don't accept any other wagon represented to be just as good as a *Studebaker*. The substitute may be cheaper, but it isn't up to *Studebaker* standards, and you can't afford to buy it.

For business or pleasure, there is a *Studebaker* vehicle suited to your requirements. Farm wagons, trucks, business wagons, surreys, buggies, runabouts, pony carriages—each the best of its kind. Harness also—of the same high *Studebaker* standard.

HEN BITTEN BY A MAD DOG DEVELOPS RABIES; ANTICS ARE WATCHED

GEORGETOWN, DEL.—A hen with the rabies is the strange sight on the farm of Wesley Donoho, near Georgetown, and one that is almost unbelievable unless actually seen. Hundreds of Georgetown people have witnessed the disease in the hen, and Donoho is carefully keeping it penned up to watch its movements and final death, when it will be sent to the state college for examination.

Rabies among hens had never been heard of before around Georgetown. A few weeks ago a mad dog ran into Georgetown. During its rush into the town, the afflicted dog bit the now afflicted hen. A few days ago the hen began chicking, it went into strange fits, falling on its back and sometimes, tying like dead, only to have another paroxysm again in a short time.

P. M. TRAIN JUMPS TRACK

Allegan Gazette.—The evening passenger train on the Pere Marquette, due here at 6:55 o'clock, went off the track last Saturday evening about a half mile south of Dunningville, and while it gave the passengers such a shaking as only a train off the track can give, and tore up the track about 200 feet, the coaches all stood right side up and no one was injured. The train was flying along when, for some reason nobody knows, the engine left the rails and so did some of the coaches. Automobiles from the city went down and brought the passengers to Allegan.

The Eternal Why.

"Papa," said an inquisitive boy, "don't fishes have legs?" "They do not," answered papa. "Why don't they, papa?" "Because fishes swim and don't require legs." Then he asked, "Papa, ducks have legs, don't they?" "Why, yes, ducks have legs." "Well, ducks swim, don't they?" "Yes." "Then why don't fishes have legs, if ducks do? Or why don't ducks have any legs if fishes don't?" Papa gave up.

Mr. and Mrs. Bastian D. Keppel have sent out invitations to the marriage of their daughter Helene Gertrude to Arthur A. Visscher. The ceremony is to take place on Thursday, June 26, at 7 o'clock at Hope church.

Surely impossible. A wag the other day denied that John Bunyan was the author of "The Pilgrim's Progress." Being vehemently contradicted, "Nay," said he, "I question even if he contributed to the work; for it is impossible that a bunion could contribute to any pilgrim's progress."

JOHANNES BEINTEMA KILLED WHILE WORKING TUESDAY Was Doing Mason Work On the New Addition to the North Side Tannery Where Accident Occurred

The second serious accident on construction work in Holland happened Tuesday night when Johannes Beintema was killed by a plank from a scaffold falling on his head late yesterday afternoon at the North Side Tannery. Mr. Beintema has been a resident of Holland for about twenty years and until a short time ago was employed at the Cappel-Bertsch Tannery. When he left the tannery he commenced doing mason work and at the time of his death he was employed by Contractor Ming & Wanrooy, who are constructing the new addition to the North Side Tannery. He was passing under a scaffold where the men working on the same dropped a heavy plank to the ground and it struck him on the head crushing his skull. He was attended by Dr. Cook and brought to his home 168 East 16th street where he died Tuesday night. He is survived by a widow and seven children, all of whom are living in this city with the exception of Benjamin who is living in

Detroit. The children are as follows: Mrs. G. Dalman, Mrs. J. Westertoff, Mrs. J. Tripp, Miss Jennie Gerrit, John all of this city and Benjamin of Detroit.

The funeral will be held tomorrow afternoon at one o'clock from the home and at two o'clock from the Ninth Street Christian Reformed church. The Rev. Mr. Tuuk will officiate.

NIGHT PROWLERS IN ZEELAND DO DAMAGE AND MAY LAND IN JAIL.

Night prowlers again were at work in Zeeland Tuesday. During the night they opened three fire hydrants in different parts of the city and let the water flow out into the streets. It was not noticed until the water mains had nearly run dry and the pumps at the water station balked. They also smashed a big window in the home of Herman Derks and also the windows in a meat market owned by Dan Meeuwesen. A few nights ago prowlers entered the kitchens of some of the homes on Central avenue and stole food and generally upset things.

City Marshal Hietje is hot on their trail.

Zeeland Musical Organization Enjoys Feast in Colonial Cafe

Tuesday night the M. U. M. Glee club of Zeeland enjoyed a four course banquet at the Colonial Cafe. Plates were laid for 25. A dainty spread was laid before them after which Miss Isabelle Ronan and Miss Mina Coggeshall responded to toasts. This social affair was in the wind-up of the season.

All couples getting their wedding stationery printed at the Holland City News will be sent the "News" free for one year with a kitchen set thrown in to start house-keeping.

Received Their Diplomas From Commissioner Stanton Tuesday Night.

The graduating exercises of the Ottawa county Normal class were held Tuesday night in the Grand Haven High school auditorium and a fine program was rendered. The program opened with the invocation by the Rev. Fred Ollis, pastor of the Congregational church. Miss Mary Lysaght and Miss Nicola Edward, played a piano and violin duet. The address was given by Dr. Ernest Burnham of the western Michigan Normal College of Kalamazoo. Miss Rose Netzorg sang a group of songs and the diplomas were presented to the class by Nelson R. Stanton, commissioner of schools of Ottawa county. A double quartette from the choral union sang, and the benediction was given by the Rev. Fred Ollis.

HIGH SCHOOL PUPILS ENTERTAIN PUBLIC IN ASSEMBLY ROOM TUESDAY NIGHT

The Boys' Glee Club and the Girls' Glee club are among the successful organizations in connection with the Holland High school. Tuesday these clubs showed what they could do when they gave a public concert in the High school Assembly room. During the year under the able direction of Miss Cora M. Hearn the boys and girls have been doing good work and the program Tuesday was such that it was a fair indication of what they can do. The program was divided into two parts, the first part being composed exclusively of musical numbers, including a piano duet by Ruth Miller and Audrey Rank, a vocal trio by Misses McClellan, Knooihuizen and Dykhuis, a vocal solo by Herman Brouwer, a number by a double quartet and numbers by the Glee clubs.

The second part consisted of numbers by the Glee clubs, besides a piano solo by Marjorie Dykema, a violin solo by Ruth Keppel and selected reading by Bernice Jones.

The program was an excellent one and was thoroughly enjoyed by the music lovers of Holland. Miss Dorothy Hunt acted as accompanist.

RADICAL EXTENSION OF LAW'S FOLLOWS McREYNOLDS' DECISION.

WASHINGTON,—Probably the most radical and far-reaching extension of the food and drugs act since its enactment, was made Tuesday when Secretaries Houston, McAdoo and Redfield, charged with enforcing this statute ruled that meat and meat products in interstate or foreign commerce which hitherto have been exempted from the provisions of the pure food law, may be seized if misbranded or adulterated. Beginning at once manufacturers of meat foods will be required to comply strictly with the food and drugs act as well as with the meat inspection law.

The action was taken on the strength of an opinion by Attorney-General McReynolds. The three secretaries revoked a regulation adopted in October, 1906, only four months after the passage of the pure food law which had prevented the department of agriculture, according to a statement today by Secretary Houston "from prosecuting manufacturers of meat foods under the pure food law, or ordering seizure or prosecution for misbranding or adulteration of domestic meats."

Most Children Have Worms

Many mothers think their children are suffering from indigestion, headache, nervousness, weakness, costiveness, when they are victims of that most common of all children's ailments—worms. Peevish, ill-tempered, fretful children, who toss and grind their teeth, with bad breath and colicky pains, have all the symptoms of having worms, and should be given Kickapoo Worm

Killer, a pleasant candy lozenge, which expels worms, regulates the bowels, tones up the system, and makes children well and happy. Kickapoo Worm Killer is guaranteed. All druggists, or by mail. COLDS AFFECT THE KIDNEYS — MANY HOLLAND PEOPLE HAVE FOUND THIS TO BE TRUE.

Are you wretched in bad weather? Does every cold settle on your kidneys? Does your back ache and become weak?

Are urinary passages irregular and distressing? These symptoms are caused to suspect kidney weakness. Weakened kidneys need quick help.

Doan's Kidney Pills are especially prepared for weakened kidneys.

Holland people recommend them. William Van Dort, 95 W. Tenth St. Holland, Mich., says: "I suffered from kidney trouble and backache for over ten years. The kidney secretions were irregular and painful in passage and contained sediment. My back was so weak and lame that I could hardly stoop or lift. If I caught cold, it always settled in my kidneys, causing me to suffer more acutely. I doctored a great deal, but never succeeded in finding relief until I procured a box of Doan's Kidney Pills at Doesburg's Drug store. I was benefited in a short time and for sale by all dealers. Price 50c. before long I was cured."

HOPE COLLEGE GRADUATION WEEK

Again has Hope College sent out a class of graduates to take part in the solution of the great problems of life, in the wider sphere of the every day world. As in former years, the week in which these classes are sent out, is a week given by the people of this city to the college. Yes, and by the people of other cities for the circle of Hope's influence extends to the east and west as far as the islands of the sea.

Prosperity has been the lot of Hope, both materially and spiritually. This year there has been a substantial increase both in the preparatory and college departments. Its annual report shows a very satisfactory financial condition. There were many additions made to the equipment and the number of volumes in the library have been greatly increased, in fact the college has kept pace with the necessities and the advantages that are given other students in colleges larger than Hope and that have been blessed with more liberal endowments.

But greater than all this, is the Christian spirit that, always, prevails, the great attention paid to Y. M. C. A. work to bible classes and to missions. For in these things Hope excels. And for that reason, the city and the college can always feel proud of the young men and women who are yearly made ready for strife of the world.

Wisely and well, have the people planned who have made Hope the grand institution that it is and to them the people of Holland should extend congratulations, for it is well for Holland that Hope is of it and is in its midst.

DR. A. VENNEMA DELIVERS BACCALAUREATE ADDRESS TO HOPE SENIORS.

The impressive baccalaureate exercises of Hope college were held Sunday night at Hope church. The Seniors marched into the majestic strains of "The Son of God Goes Forth to War." They were followed by the faculty and council members.

The baccalaureate address was delivered by President Ame Vennema, D. D. Dr. Vennema based his address on the passage found in Acts 2:17. "Your Young Men Shall See Visions." This was the prophesy of Joel predicting a golden age. Eight centuries rolled by. Christ had come to earth and had returned to the Father and now on the day of Pentecost the Apostle Peter tells the people of Jerusalem that the time foreseen by Joel had come. We too, are living in this golden age, said the speaker. The Holy Spirit is here to equip and guide us in our life work. Joel's anticipation is our realization.

To have a vision is to be able to see in the future something which is possible of attainment. Peter and Paul were men of vision in the spiritual world, Columbus in the world of adventure, Lincoln in statesmanship. Men without vision are to be pitied. "Better to have an ignoble purpose than to have no purpose at all. Better a Paul breathing out laughter and threatenings, but breathing, than not breathing at all." "A city without a vision is to be deplored. Such a condition means stagnation, death. 'Ichabod' is written large over the portals of such a city. A nation without a vision will be destroyed. As the Scriptures state, 'My people are destroyed for lack of vision.' History is but the record of men of vision. Solomon, Joel, Alexander the Great, Napoleon all these were men of vision men who did things.

Natural vision is characteristic of youth. Old men dream dreams, they live in the past and are retrospective. To the young, imagination paints the picture, zeal spurs them on. The old sometimes see this enthusiasm of youth and say the young are visionary. True, there are visionary men who have their heads in the clouds and whose lives are failures. But then there are other men who are called visionaries who are really in advance of their age and are waiting for the crowd to catch up. Such vision is characteristic of men of all classes.

Then there is also a spiritual vision which belongs only to the children of God. This is the vision referred to by the prophet Joel. This vision may be attained only by Christians. Dr. Vennema then presented four visions of Christ. The first was that of Christ as a personal Saviour. Such a vision, he said, was necessary to give one strength and courage. This was the supreme vision and should be grasped above and before all else. The second vision was of Christ as the perfect man. We all have our ideal, the man or woman whom we most desire to become like unto. Such men were Moses, Joseph and John. They were very strong in some particular characteristics but they were also human in other

things they failed. Our ideal we wish to have combined all these perfect features and none less. Such is Christ. Even his enemies pay their tribute to his stainless character. His strong moral character made him immune to all the temptations and evils of his day. Catch a vision of Him and keep that vision ever before you until you become like him. Egypt worshipped the ox and became brutal. People today worshipped gold and their lives become sordid. We should worship Christ until our characters shall reflect the divine personality.

The third vision he presented was that of Christ as the solution of life's problems and the panacea for all ills. Every age presents its problems and this age has its full quota. The changes of the last few decades have been marvelous. Today there is more consideration given to the problems of the day than ever before. The great movements of the day are more and more toward the leveling of mankind and the exaltation of the common people. There is a class of reformers posing as altruists who propose an external remedy for the questions which vex us. They do not consider the fundamental causes of these conditions. They do not take account of sin as the first great cause of evil and of the great Healer as the remedy for the same. The need of the age is radical and must be found in Christ. As His truth gains sway oppression is broken and society is lifted to a higher level. It is His Great purpose to free the soul from sin, the mind from error and the physical from degradation and misery. The best social service today is the application of the principles of Christ to society.

The fourth vision was that of Christ as the redeemer of the world. He loved every land and every people. He was called visionary because he was called visionary because versal. That is the vision which those men have caught who have counted their lives as nothing and dared to cross seas and continents to carry out this vision of the Master. These men have accepted the challenge of the heathen world and this is the appeal to the young. You want a big job and here is your opportunity, see Christ as the Redeemer of the whole world and strive for the realization of that vision.

Dr. Vennema closed with a few words of farewell to the Class of 1913 and wished them God-speed with the Aaronic blessing. At the close of the address Frank Kleinheksel, a member of the class, sang "Evening and Morning."

A most delightful program was that held at Carnegie Gymnasium Monday afternoon marking the class day exercises of the "A" Class of Hope College. The class is one of the largest ever graduated from the Preparatory department, numbering thirty-nine. The class entered to the strains of the Festival Processional March played by Misses Ruth Blekkink and Dora Smith, after which Prof. J. W. Beardslee pronounced the invocation.

The class history was the combin-

A Lesson Not In Books

ed product of John Vander Broek, Emma Hoekje, Florence Voorhorst, George Lemmon, Henry Dalman, and was delivered by Miss Hoekje. The class history was written entirely in rhyme and recorded the progress of the class since their entrance into the preparatory department in 1909. It also contained a fitting tribute to Dr. Sutphen and Prof. Boers. A quartet composed of John Moore, Henry Dalman, Clarence Jalving and Zenas Luidens, sang a pleasing, humorous song "Simple Simon."

The next number was the class prophecy given by Paul Stegeman. The prophecy predicted futures for members of the class from future Carrie Nations, speakers of the House, Stage stars, Salvation Army lassies, preachers and editors. The prophecy was written by Henrietta Bolks, Elizabeth Pieters, Paul Stegeman and Zenas Luidens. Miss Gertrude Keppel sang a beautiful solo, "The Return". Millard Van der Meer delivered the class oration on the "Uncrowned Queen". He paid a splendid tribute to motherhood as the guide and inspiration of all men at all times and closed with Kipling's poem "Mother o' Mine."

The final number on the program was the Class Play, "As You Like It" (Shakespeare). This was a great undertaking for the class and they are to be very highly congratulated on the excellent manner in which they presented this classic drama. Miss Anna Visscher played excellently the

part of Rosalind. She was especially fitted for this part through personal appearance and through training. She had a hard task in playing the double role of Rosalind and Ganymede and did herself proud in both. Miss Eva Leenhouts was also very strong in the character of Celia. She played well the part of banished daughter and faithful friend to Rosalind. The leading man was Mr. Max Reese as Orlando. He portrayed well the young man in broken fortune and madly in love. Cornelius Wierenga and Zenas Luidens had all the austerity and dignity required by their parts as Dukes. Jack Moore was a fine interpreter of Touchstone while Nick De Young played the part of Adam, the old rejected servant who was faithful unto the end. The other characters were also excellently portrayed and were a great credit to the class. They were Clarence Jalving, Henry Dieters, Arthur Winter, Paul Stegeman, Henry Dalman, Arthur Voerman, Alice Hopkins, Emma Hoekje, and Dora Smith. Special credit belongs to Miss Moore of the Elocution department who coached the play.

The entire program was one of great merit and the class is to be highly commended for its splendid work along all lines.

The use of the Holland language was strongly championed Monday at the entertainment given by the

Ultras club when President Clarence Dame declared that the large audience that gathered in Carnegie hall was proof that there is still a great deal of interest in the language and that the statements of those who claim the Holland language is dying in this country is unfounded. Mr.

Dame made an address of welcome to the audience and took that occasion to say that he believed the language that would be used at the meeting was worthy of study and then went on to speak of the challenge that the club that gave the entertainment found its right to exist in this fact.

The program opened with a number of flute and piano duets by Gerard Raap and Alice Raap, and the invocation was pronounced by the Rev. A. J. Van Lummel of New Jersey. After the remarks of welcome by the president a quartet sang a number of songs in the Holland language. This quartet proved very popular and they were compelled several times to respond to encores.

Herman Maasman gave a reading entitled "Hondentrouw," which told the story of the faithfulness of a dog who saved his master who had just attempted to drown it. This was followed by an oration delivered by Berend Vander Woude. His subject was "A Hero of Our Age," and the hero lauded in the oration was Dr. John Abraham Otte, the medical missionary to China, who died of a plague in 1910. The speaker called attention to the heroism of this missionary who gave his life for the cause he loved.

The budget was a very humorous one and it was read by Henry Jacobs. The program closed with a play entitled "Schuiven Gaa Ze" with the following dramatis personae:

Grijpvogel, Harry Hoffis; Joost, Aleck Van Bronkhorst; Julius, Henry Colenbrander; Fritz, Fred De Jong; Max, John Muyskens; Toon, John Kuite.

About ninety alumni of Hope college gathered at Hotel Holland for the annual alumni banquet. After an elaborate five course supper which satisfied the "inner man," Dr. J. J. Mersen as president of the alumni association introduced as toastmaster of the evening, Mr. H. Geerlings of this city. Mr. Geerlings was a very humorous and capable toastmaster. The first speaker he introduced was Dr. Rutgers of the Netherlands. He spoke very highly of the hospitality which he had been shown since his arrival here and the extreme pleasure he experienced in coming once more into surroundings where the Dutch language was so generally understood. He spoke of the contrast between the Dutch solidity and conservatism of character in contrast with the impetuosity of the American character and of their happy combination in the moulding of well rounded men and women at Hope College. The next speaker was Mr. Liang of China. Mr. Liang was also impressed by the hospitality of the Dutch. He said he had never had

very good opinion of the Dutch before but now thought them to be the "best people on earth." He also spoke of the great change which has

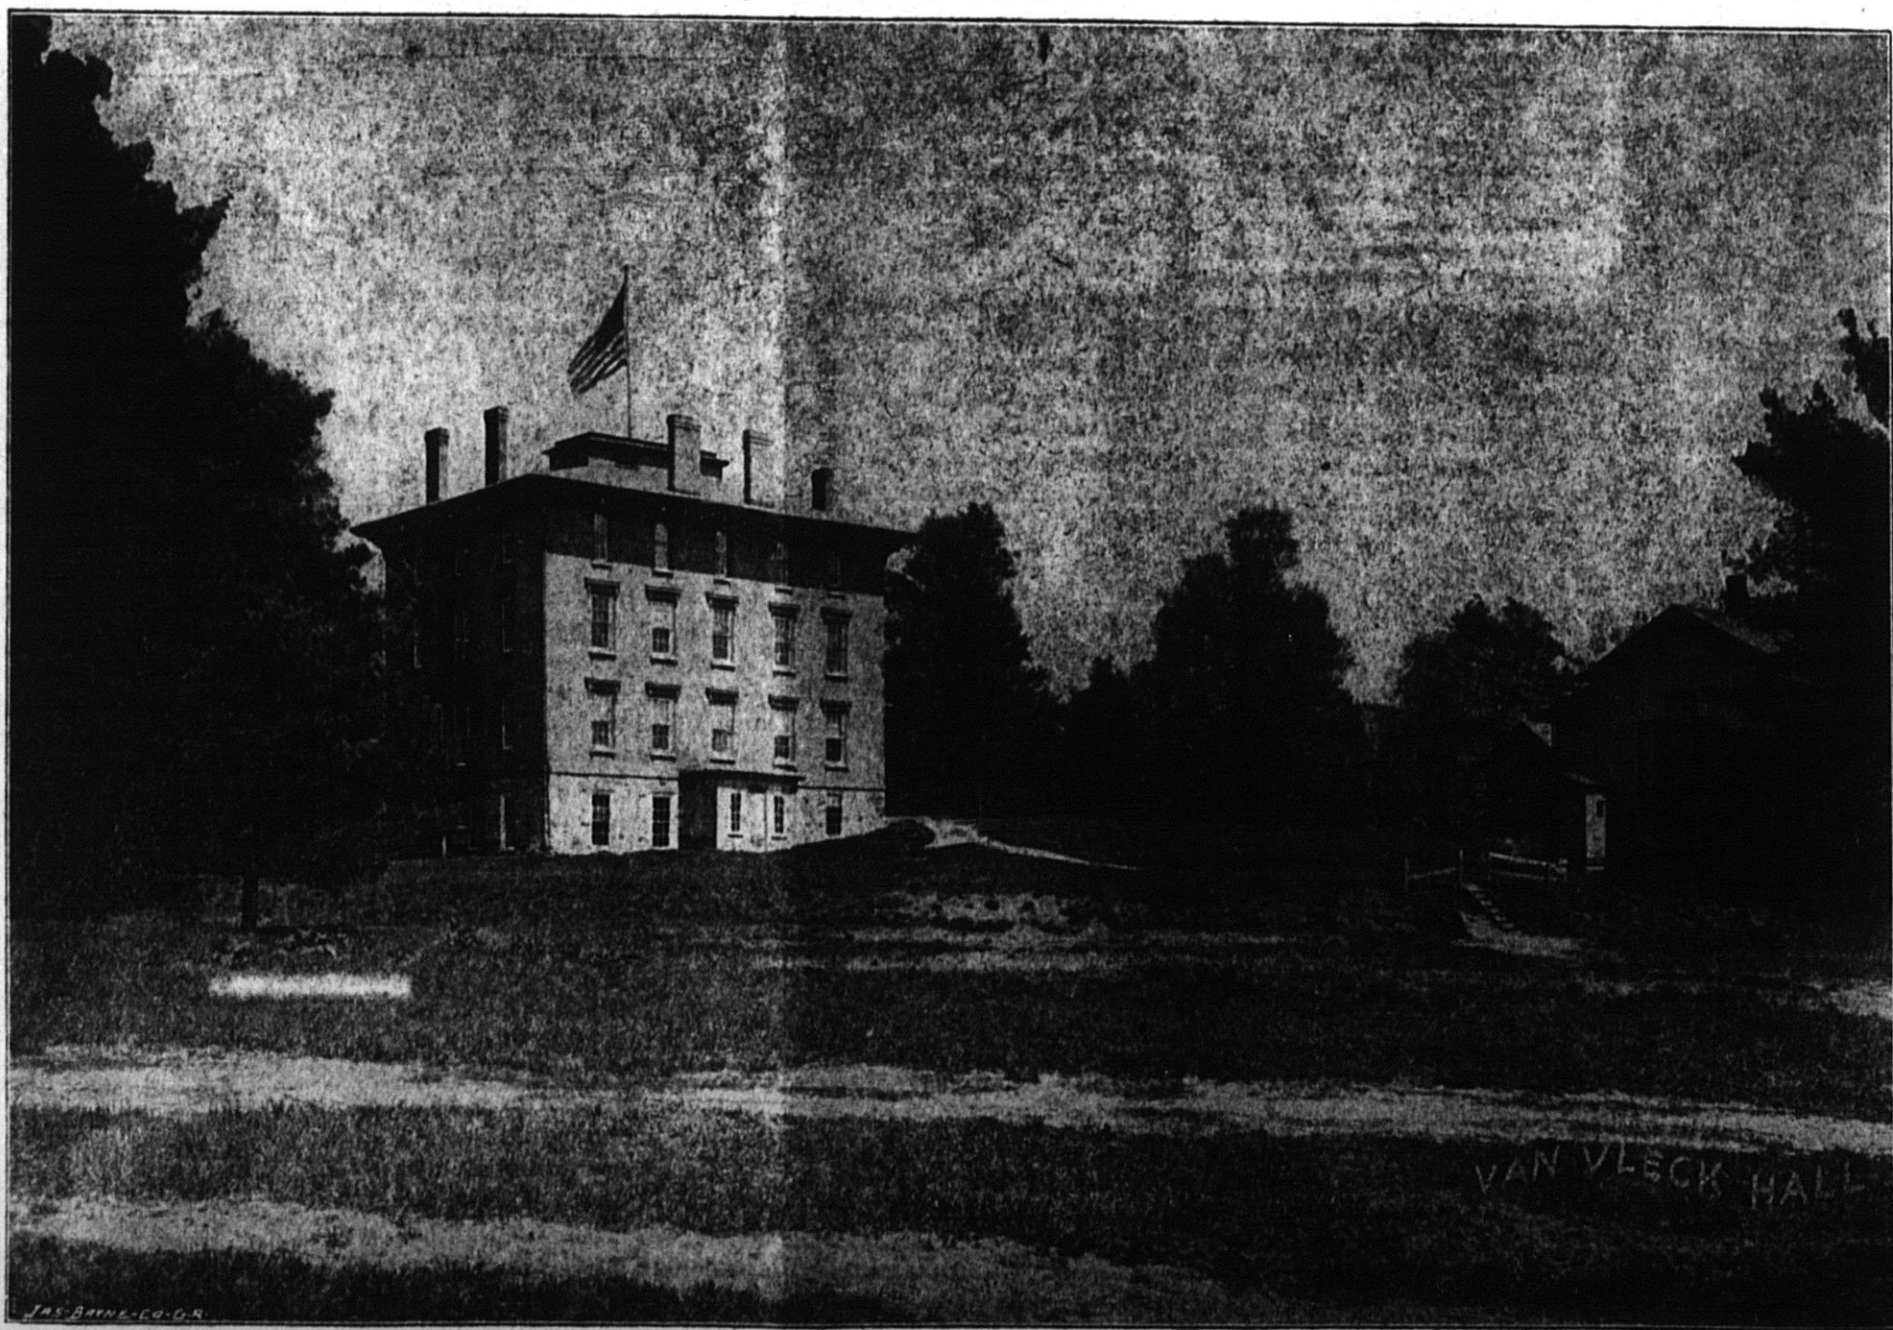

come over China in the past few years and mentioned some of the reforms which have marked the last three years in particular. In closing he extended the greetings of the East to the West and said he would never forget his happy stay at Hope college.

Dr. J. G. Gebhard was the next speaker. Dr. Gebhard first mentioned the splendid tribute paid to the ministry by Daniel Webster. He then went on to speak of the challenge to the church today. He said the intellectual line but was greatest in the religious sphere. If the young men want a career for the next 20 years, said he, the greatest theater invocation was pronounced by the for every kind of work will be found in the church. God chose the most talented man of his day, Paul, as a servant to the Gentiles and so he demands the very best today.

Miss Bata Bemis was the next speaker and spoke on the "Impressions of a Yearling." She brought out two main impressions. The one was that the Prodigal Son was home and the second was the spirit of Hope's alumni. She noted that they always boosted for Hope and wherever new timber was found it was quickly directed toward Hope. At this time two delightful solos were rendered by John Warnshuis, "Rolling Down to Rio" and "Bedouin Love Song." Mr. Edward Wichers of the present Senior class expressed the sentiment of the Seniors who are about to become alumni this year. He brought out how the greatest success has been attained where there has been singleness of aim. So it was with the Alumni association of Hope. He spoke of the fact that the president of the State University had remarked that Hope was doing the best work of any small college in Michigan. The aim should be to uplift every graduate who leaves the institution who in turn should uplift Christianity the world around. The Alumni association should be the heart which sends the blood coursing thru every vein.

Gelmer Kuiper of Grand Rapids spoke of the pleasure he experienced in annually returning for the commencement activities. Here was where the foundations of future usefulness were laid. Most people are more or less near-sighted until they have glasses which will give them a vision of the world beyond which they have never before known. Such is college, it gives one the vision of life and usefulness beyond. Frank Kleinheksel sang two solos, "Fairy Waters" and "I Know a lovely garden." The last address was given by Dr. Vennema. He first told of the cablegram he had received from Dr. Kollen. "Congratulations—Seniors—College." He was glad to welcome home once more the children of Old Hope and reviewed a little of the history of the college during the past year. He said this had been the best year financially for the college for a number of years past. He also assured the alumni that there would be no letting down of the bars in any line where the college now excelled.

The banquet closed with a song in which all the guests joined.

The committee was composed of President Vennema, Vice-President Kleinhessel, Professors Dimment, Beardslee and Dean of Women, Mrs. Durfee. The Mary Clay Albers Silver Medal, to be awarded to the young lady of the "A" class who made a similar record during her four years in the Preparatory Department; This prize was awarded to Anna Cornelia Hoekje.

The two prizes for the best and second best examinations in English grammar, open to the members of the "C" class were awarded as follows: First prize of fifteen dollars to Ethel Luidens; second prize of ten dollars to Peter Cooper. Honorable mention was made of Harold Veldman.

ARE ENTERTAINED AT VOORHEES HALL TUESDAY MORNING

One of the most delightful affairs in connection with the Commencement festivities at Hope College was held Tuesday when the Seniors were the guests of Mrs. Durfee at an 8 o'clock breakfast at Voorhees hall. Plates were laid for thirty-two. The dining room was very prettily decorated in green and white, the class colors, while the class banner occupied a conspicuous place in the room. The breakfast itself was a very dainty affair served by the Junior girls. After a few remarks by Mrs. Durfee, Burt Hekhuis, president of the class, responded with remarks expressing the gratitude and appreciation of the class. The class also decided to have class reunions in three, five and ten years from this date. They were cordially invited to meet at the dormitory by Mrs. Durfee for the reunions and the class most heartily accepted.

PREPARATORY BOYS ENTERTAIN A HUGE AUDIENCE

Before a house which taxed the seating capacity and also occupied all the standing room the Meliphone society Friday night gave its annual program. The first number was a piano solo, Meliphone March, by John Moore after which Prof. Wynand Wichers pronounced the invocation. The president of the Society, Cornelius Wierenga, then gave a few remarks of welcome. Charles De Vries next entertained the audience with a most amusing stump speech, "Stay on the Farm." A quartette composed of J. Moore, A. Winter, T. Prins and C. Beyer sang a southern lullaby "Mammy's Little Boy."

The next number was the oration. Every year the Meliphonians hold an oratorical contest to decide who shall give the oration at the annual program. This year the winner was Cornelius Wierenga. His subject was the "Negro Problem." He traced the history of the race since coming to our shores and described their present condition and showed how the nation has been neglecting the negro. As a remedy for the race feeling which exists today he proposed education and showed what had already been accomplished thru this means.

Lawrence Dalman gave a reading "Abaces to the Lions." It was the story of an innocent man being sacrificed to the lions in an Athenian arena for the expiation of another's guilt. The sudden eruption of Mt. Vesuvius and the discovery of the guilty party saved the life of Gdauhus. The budget was read by Millard Vander Meer and was the joint production of Dieters, Luidens, Lemmon and Vander Meer. It contained jokes on most of the members of the society and was very humorous and entertaining. At this time Dr. Vennema made a few remarks reviewing the work and history of the society which is the oldest on the Campus.

The last number was a one act farce, "Music Hath Charms." The following members took part: L. Dalman, P. Stegeman, J. Hoffman, J. Moore, M. Vander Meer, H. Dieters, C. Beyer, A. Voerman, N. De Young, N. Boon, A. Winter, T. Prins, A. Huizenga, C. Staplekamp, N. Reese, Z. Luidens.

The program was very entertaining and much appreciated by the audience. Saturday the Meliphonians went to Saugatuck for their annual "bust."

STUDENTS AND FACULTY HOLD FAREWELL LOVE FEAST

Friday afternoon one of the largest meetings of the year was held at Hope college in the beautiful grove on the north side of the Campus. It was a sort of farewell convocation of students and faculty and was probably one of the most enjoyable gatherings of the year. The program was in charge of the retiring Student Council and Alec Van Bronkhorst of the Senior class acted as chairman. After the singing of "America" by the entire audience, Dr. Vennema made a few remarks, a sort of retrospect of the work of the past year. He spoke very highly of the progress of the year along all lines, religiously; in the line of scholarship, mentioning particularly the fellowships and scholarships which have been awarded during the past year. He mentioned also the contest in which Hope has been successful and also the splendid record made in

athletics. He further had a word for the faculty and commended them on their faithfulness and efficiency, also speaking a few words of regret at the fact that three of the faculty will not be with us next year. Prof. Greer, Dr. Brush and Dr. Beardslee.

The chairman then called on Dr. Rutgers from the Netherlands who is spending a few days at the college. Dr. Rutgers spoke of the origin and growth of the World's Student Christian Federation. Dr. Rutgers is a member of the executive committee of this organization and has just come from attending the annual conference at Lake Mohonk, N. Y. He said the membership had grown from 30,000 to 160,000, embracing students from every country on the globe. He spoke of the influence of the organization in heathen countries as well as in Christian lands, and said it was a very important factor in the promotion of world peace and unity among denominations. Dr. Rutgers also spoke a few words in the Dutch language. The next number was a piano duet by Della Baker and Evelyn De Pree.

Prof. Dimment was the next speaker. He took as his text "Circumstances alter cases." He spoke of a closer bond of fellowship between students and Faculty which made for the benefit of both. Conrad Jongewaarde spoke in behalf of the Y. M. C. A. Miss Moore then gave a reading from O'Henry, "The Messenger."

Another distinguished visitor at Hope College this week is Dr. A. W. Woo, a Chinese student at London College, England. He spoke of the Chinese Republic and brought greetings from the great republic of the West. While speaking Dr. Woo displayed the beautiful five-barred flag of the Republic at which he was given quite an ovation. He referred to China as the land of opportunity and said the next ten years would decide the destiny of the nation. What China needs, said he, is moral character and this must be given to her with the help of the Christian students of the West. After his remarks Gerarda Brooks sang a solo.

Prof. Raap was next called upon for remarks. This is the tenth year of Prof. Raap's connection with Hope and in that time he has twice been called upon to make a speech. Friday was the third time, and as the chairman expressed it, he made a decided hit. John Van Strien who is president of the Student Council for next year made a few remarks after which Leppo Potgeter gave a stump speech, "Campaigning for Pyle."

The next number was the awarding of the honor "H" for athletics during the past year. Miner Stegenga, manager of Football. The following received their letter in football: Clarence Holleman (Capt.), H. Poppen, C. Jongewaarde, J. Terborg, E. Steketee and C. Buyers. Richard Vanden Berg, Mgr. basketball then awarded letters to the following M. Stegenga (Capt.), Van Bronkhorst, Lokker Verburg, Hekhuis, VerHoek, Vander Velde. In Baseball. Mgr. Vander Velde gave letters to Riemersma (Capt.), Ver Hoek, Potgeter, Hyink, Stengenga, Vander Velde, Van Putten, Vander Meer, Stegeman and J. Poppen. For track work Mgr. Steinelinger awarded a monogram to the following. For cross country work the only two men to gain the required places were Capt. Van Strien and Heneveld. Ver Hoek, Koepe, Muyskens, De Roos, Bilkert, Peet, Heneveld and Van Strien were also given monograms for the relay race.

Under the new ruling of the Athletic association any man having played on one of the teams for a year and leaving school at the close of the same year is entitled to one of the suits in the department in which he played. According to this rule Van Bronkhorst, Hekhuis and Ver Hoek will receive basketball suits.

This was the first gathering of its kind held here and it is planned to make it an annual affair.

Voorhees hall presented a very busy scene on Tuesday morning. Mrs. Durfee entertained the Seniors at breakfast. At noon the members of the Hope college council were at the Dormitory for the annual council dinner which is served every year at this time when the council meets. In the afternoon the lawn before the Hall was the scene of action when an informal tea for the Alumni was held from three-thirty to five. The Senior girls acted as hostesses while Mrs. Vennema and Miss Martin presided at the tea pot. The affair was very informal, but nevertheless, very delightful and many of the Alumni were in attendance.

WANTS TO KEEP OTTAWA IN BUREAU

John I. Gibson, secretary of the western Michigan Development Bureau, well remembered in Ottawa county was recently in this city; to help arrange the details for the great good roads trip to be made in July from Benton Harbor to Mackinaw. He also went to Grand Haven to confer with Dr. DeKlein. He also came to see if something could not be done toward keeping Ottawa county in the Western Michigan bureau. The latter is of the most immediately important to the people of this vicinity, who believe in the good work of the bureau.

Ottawa county has been a member of the Western Michigan Development bureau for several years, but is now to be suspended because it has not paid its dues. The annual publication of the bureau is now being compared and unless something done, none of its space will be devoted to the interests of this county. The bureau is also preparing for a series of motion pictures, showing the industries, farming advantages, etc., of the territory included in the bureau district, and Grand Haven, Holland and all Ottawa will be left out of this splendid advertising plan also unless the county shows a desire to retain its membership.

At the recent session of the board of supervisors the request was made for the usual appropriation to the western Michigan bureau entitling Ottawa to membership, but for some reason the request was not granted, and no appropriation was made. Some of the supervisors rather frowned upon the plan with suspicion not withstanding that evidence of the good work of the organization was easily obtainable. Therefore Ottawa county, the richest country along the shore is practically under suspension. This county which will be left out because of refusal to contribute. Mason county supervisors followed somewhat the same tactics as the Ottawa county members did, but the people of Ludington and Scottville protested and between the two towns enough was raised to carry the county.

It is probable that an effort will be made in Grand Haven and Holland to raise enough to save Ottawa's membership, but action will have to be taken quickly if anything is done at all. The value of membership is too evident to need exploitation. Within the last four years less than \$50,000 has covered the total expense on the bureau. Only the secretary draws a salary, all the other work being done gratis by those chosen as directors. The district is extensively advertised plans have been worked out, for the placing of the district's products on the market, which will be of great benefit to farms. Some excellent work has been done in the colonization work. Within the last four years, 3700 settlers have come into the district covered by the bureau. It is figured by experts that each settler is worth at least \$1000 to the district in which he settles.

Twenty-Second Street Proposals
Sealed proposals will be received by the common council of the city of Holland, at the office of the City Clerk until 4:00 o'clock p. m. of Wednesday, July 2, 1913, for the grading of 22nd street from the P. M. R'y Co. right of way to Ottawa avenue, according to plans and specifications on file in the office of the City Clerk of said City. Said grading to be completed on or before, December 1, 1913. The Council reserves the right to reject any or all bids.

By order of the Common Council,
RICHARD OVERWEG,
City Clerk.

Frank Kraal, the father of Thomas Kraal who was accidentally killed at Grand Rapids the other day, has received \$2,000, the amount due on the certificate which his son held in the Knights of the Macca-bees.

A joint meeting of the teacher's associations of Allegan and Ottawa counties will be held at Macatawa Park in the auditorium Saturday June 24. The following is the program: 1st, music; 2d, prayer; 3rd, music; 4th, paper. The requirements of teachers, Com. elect, C. M. Goodenow, 5th, discussion, Supt. E. S. Briggs, 6th music; 7th paper—The teacher's work, Supt. C. M. McLean; 8th, discussion, Prin. H. S. Meyers; 9th, banquet at hotel at 1 p. m.; 10th excursion on Lake Michigan at 3 p. m. Banquet 40 cents.

FIFTEEN YEARS AGO

Geo. Ryder left Wednesday for the Macatawa Park Hotel where he will assume charge during the season.

Rev. H. G. Birchley left Thursday on a brief vacation with a friend in Ohio an old classmate. His pulpit in Hope Church will be supplied next Sabbath by Prof. J. P. Bergen.

The Eighth Mich. Inf., held its annual re-union at Bay City this week. Several boys of Holland village and township, to the number of fifteen or twenty, enlisted in this regiment in the fall of '61. Jac. Van Dyk and Adrain Wagenaar are the only resident survivors.

TEN YEARS AGO

Gustavus Maatman and Miss Slotman were united in marriage last Wednesday afternoon at the home of the bride's parents, Mr. and Mrs. S. Slotman of Overisel. Rev. A. Vanden Berg performed the ceremony. Mr. and Mrs. Maatman will reside in the residence of Mrs. Schlipper.

Mrs. G. J. Nykerk, who lives a few miles north of this city, successfully passed through an operation in Grand Rapids last Friday. At present she is doing nicely.

William E. Nugford and Lillian J. Hyler both of this city, were married by Justice Pagelson, of Grand Haven, last Tuesday.

MOVEMENT IS NOT MAKING MUCH HEADWAY THIS SUMMER.

In Zeeland a Petition Is Being Circulated, and Likely to Be a Success There.

Although the meat market men in Holland have decided to enjoy a half holiday each week during the summer months it is very doubtful whether the half holiday plan will be followed generally by the other merchants in other lines.

There may be some lines of business that may decide to give their clerks a half holiday off, but it is not likely that this summer, all lines will follow the plan. There has been some agitation for the half holiday, but it has met with a very strong opposition and it is unlikely that any agreement can be reached in which all the business of Holland will concur.

Zeeland will go in for this kind of thing the coming summer if the present plans carry. A meeting was held by the Zeeland merchants at which it was decided to call on all business men in that city with a petition. The petition calls for a half holiday each week during the warm months, probably Thursday afternoons. It is expected that the signatures of all or practically all the merchants can be

secured. A good many are said to be in favor of the movement and those who are working for the project believe that they can secure enough signatures to secure the half holiday.

Holland has tried the plan before, but it has never been an unqualified success. The trouble usually has been that some merchants held out against the plan, and naturally that made the other men in the same line a little timid about closing their places of business.

Old Resident of Filmore Township Passes Away.

Charles Van Dommelen, aged 79, died Sunday afternoon at his home in Filmore township near Hamilton. Mr. Van Dommelen is an old resident of this part of the country and is well known in this city. Mrs. Van Dommelen died about a year ago. He is survived by one son. The funeral was held Wednesday at 12 o'clock from the home and at 2 o'clock from the Reformed church at Hamilton, the Rev. G. Hankamp officiating.

Friends of Miss Reka Dalman Entertain In Her Honor.

A kitchen shower was given Thursday night in honor of Miss Reka Dalman who is to become a bride in August. The shower was given by the F. F. club at the home of Miss Henrietta Bloemendal. It was in the nature of a surprise to Miss Dalman, the club having ostensibly come together in regular session. The bride-to-be received many gifts and very dainty refreshments were served.

CARS WERE RUNNING OVER NEW CUT SUNDAY AND MONDAY

Monday the Interurban cars were running over the new cut off at the saugatuck end of the line. Wednesday evening a night shift was put on and they began to tear up the old track and put it on the new ties along the new route.

Bert Bradley carries the passengers from the station at Saugatuck to a point beyond the trestle where the new car No. 5 which is a double ender, and does not need to turn the loop, takes them to Holland.

Work on the north end of the route near Macatawa Park is being pushed rapidly by the use of steam shovels and dump cars.

Work at Saugatuck was delayed somewhat by a strike of the men who were putting up the poles and wanted \$2 a day which was 10c more than they were getting. Section men were sent to take their places and when they found what the trouble was they refused to work. The result was that both gangs of men are now getting \$2.

ALLEGAN SUPERVISORS

START ROAD CAMPAIGN

ALLEGAN, MICH.—The board of supervisors of Allegan county convened Monday to take up the good roads proposition pursuant to their adjournment from April session, when they were not sufficiently pested on the workings of the new county road system which the voters had just provided for. A representative of the state highway commissioners' office is expected to be present to help them in getting the campaign launched. They will also choose the three road commissioners.

C. G. Scott of Grand Rapids Passed Away at Home of His Parents

Charles Grant Scott of Grand Rapids died Friday at the home of his parents Mr. and Mrs. W. J. Scott 137 East Tenth street. Mr. Scott was 26 years and eight months old and had been ill for some time.

About a week ago he came to this city in company with Mrs. Scott, to visit his parents here. While here his condition grew gradually worse. He is survived by a wife and four small children whose ages range from seven weeks to seven years.

The Rev. P. E. Whitman officiated at the funeral which was held Sunday afternoon at 2:30 from the home of W. J. Scott. Interment took place at the Pilgrims Home Cemetery.

Young Man Who Shot Himself Tues- day Dies as Result.

Edward S. Ferry, the wealthy Salt Lake, Utah attorney, who shot himself, at his home, Tuesday, died of the wounds. None of the particulars have been learned in this city, and no word has been received since the telegram received by Grand Haven attorneys interested in the litigation. News dispatches state that Mr. Ferry had been suffering from insomnia for the last six months. This was the cause of the suicide.

NED LACEY TO PRESIDE OVER "CAP NIGHT" EXERCISES AT M. A. C.

Ned Lacey, son of Mr. and Mrs. G. A. Lacey of this city, has been selected to preside as Master of Ceremonies at the annual "cap night" at M. A. C. this evening June 19. Mr. Lacey was chosen for this honor from a class of 300. "Cap Night" is one of the principal events of the commencement season at M. A. C. and it is usually witnessed by from eight thousand to ten thousand people.

BUT THE OFFICERS FAILED TO CATCH A GLIMPSE OF HIM.

Sheriff Hans Dykhuis started out from Holland Friday in search of the big black bear which has been roaming over Ottawa county for the last week or two. The party however failed to catch Mr. Bear or even get a glimpse of him. The animal seems to be pretty shrewd and keeps away from parties who carry guns.

The Rev. P. P. Cheff Delivers Bac- calaureate In Second Re- formed Church

Sunday night at the Second Reformed church in Zeeland the Rev. P. P. Cheff, pastor of the First Reformed church, delivered the baccalaureate sermon to the graduating class of 1913, of the Zeeland High school. Special music was furnished by the choir of the Second church. This was a union service of the 1st and 2nd Reformed churches and the church was overcrowded.

CREDITORS OF HOLLAND COMPANY MEET LATER

The first meeting of the creditors of the Dearborn Printing and Engraving company of Holland was adjourned in Referee in Bankruptcy Wicks' office in Grand Rapids for an indefinite time. Instead two officers of the company, R. E. Brandt, secretary and Vincent P. Nash, president were examined. Liabilities of the company reach \$35,000.

MISS AGNES VISSCHER ACCEPTS FINE POSITION THERE.

Miss Agnes Visscher, daughter of Mr. and Mrs. J. Visscher, has accepted a very fine position as instructor in Latin and German in the Allegan High school. Miss Visscher is a member of the present senior class of Hope college and she was chosen the valedictorian of the class to deliver the valedictory address at the commencement exercises Wednesday. This honor is each year conferred upon the student who has the best record for scholarship during the four years of college work.

KNIGHTS OF PYTHIAS HOLD SOL- EMN SERVICES SUNDAY AFTERNOON.

Go to Cemetery in a Body to Pay Honor to Departed Members.

For the first time in the history of the Knights of Pythias lodge in this city the members journeyed to the Cemetery in a body Sunday and decorated the graves of the deceased members of the order. In other years it was the custom to have a committee attend to this but Sunday afternoon at 3 o'clock about 60 members of the local order of K. of P. gathered in the lodge rooms in the Visscher block and from there were taken to the cemetery in automobiles. About sixteen automobiles made up the procession and it was a very impressive sight.

Upon arriving at the cemetery, a line was drawn out by the direction of Percy Ray, who was acting marshal of the day, making a complete circle of both cemeteries. The graves of the deceased members of the lodge were then decorated with appropriate services at each grave. At the last grave a quartet composed of John Van Vyven, Henry Wilson, A. Tilt and W. A. Van Syckle rendered a selection after which acting Chancellor Commander Benjamin Van Raalte Jr., gave the ritualistic services of the order. Mortimer A. Sooy as orator of the day then delivered a very appropriate and impressive address. After prayer by prelate Dr. Stegeman the services were brought to a close and the party returned to their homes.

The method of having the members of the lodge decorate the graves in a body proved so successful that it will be made an annual event.

BOARD OF PUBLIC WORKS MAK- ES PROVISION FOR THE FUTURE.

Sup. Champion to Make Borings and to Look For Places Where Water Can Be Found

The board of public works Monday evening instructed Supt. Champion to make further borings and investigations with a view of securing a future water supply for Holland. Mr. Champion was also asked to look up sites for wells that may be dug in the future. While the present well is turning out in good shape, and while it is expected that the supply this summer will be fully adequate, and perhaps for some years to come, nevertheless, the board decided to keep ahead of the game and provide for a supply before that supply should be needed.

The proposition that the board made to Zalsman & Zuidewind has so far come to nothing. The board submitted a contract to these gentlemen who claimed that they could furnish an adequate water supply. But they have not yet accepted the contract, and it looks as though nothing will be done in that line. The proposition is however still open and can be accepted at any time that Zalsman & Zuidewind wish to do so.

The board, however, is going ahead without depending on this source. If this source should prove available there will have been no harm in having made preparations; if not the city will be safeguarded against a lack of water in the years to come. The board has a number of places in view where they believe water can be found and these places will be investigated.

GRAND RAPIDS MAN MAKES ANALYSIS OF CITY'S WATER.

Superintendent Champion received a communication Tuesday from W. A. Sperry, chief chemist of the Filtration plant, Grand Rapids, giving a detailed account of the bacteriological test made of the water from the new well sent there recently for examination. This is the second test that has been made since the water was let into the mains and it proved entirely satisfactory. Mr. Sperry said that the water submitted to him was entirely safe for drinking purposes.

MEN AT WATER AND LIGHT STA- TION TO HAVE A DAY OFF.

Board to Employ An Additional Man To Give All One Free Day in Seven.

E. P. Stephan, member of the Board of Public Works, has won his fight for one day a week off for the employees at the water works station. At a meeting of the board Monday at which Messrs. Bosman, Pifer and Stephan were present, it was decided to take this step that has been under consideration for some time.

In order to make this plan possible it will be necessary to employ an extra man. There are six employees at the main station and by engaging an additional man each one of them can be off one day a week without crippling the service. These men from now on will work 54 hours each. Although at present only six men at the main station are affected the plan is to extend the principle to all the employees.

The project of giving the men one day off was brought up by Mr. Stephan four weeks ago. At that time it was referred to Supt. Champion and he was asked to draw up some feasible plan that would work out so that the efficiency of the station would not be impaired by the change. Two weeks ago he reported that by employing an additional man this could be worked out satisfactorily. At that meeting however the measure, after a lengthy and interesting discussion was postponed for two weeks more, and last night it came up for final consideration.

The day off comes as a gift to the employees by the board of public works. The men have not asked for it, but it goes without saying that the plan will be very popular with them.

DON'T TRIFLE WITH COUGHS OR COLDS.

Many Have Filled Consumptive Graves Because They Neglected a Cough or Cold.

You never know how soon a cold will become a serious malady. It may be in the head to-day; in the lungs to-morrow and the next day you may be fighting deadly pneumonia for your life. It's much the same with a cough. Inflamed and cough-worn throat and lungs offer the best chance to consumption germs to begin their murderous work. There's only one way to prevent these deadly diseases getting a hold on you. As soon as a cough or cold attacks you, take Dr. King's New Discovery until you are entirely cured. Sometimes a dose or two will do the business, saving you suffering and a doctor's bill. Thousands of cures like these below prove its wonderful power to cure coughs and colds.

"I feel sure it's a Godsend to humanity," writes Mrs. Effie Morton,

Columbia, Mo., "for I believe I would have consumption to-day, if I had not used this great remedy."

"I take great pleasure in recommending your Dr. King's New Discovery for the benefit of suffering humanity. It's a thoroughly reliable remedy for all coughs, croup and lung troubles. We have used it in our family for fourteen years with the best results. It saved my mother when two doctors gave her up. She had a very severe case of pneumonia and was in bed seven weeks and part of the time 'out of her mind' so that she did not know me. I told father to get me two 50c bottles of Dr. King's New Discovery, which he did, and on taking it she soon began to improve, and four bottles cured her entirely. You may publish this if you wish and I will answer all inquiries, with postage enclosed for reply.

"Yours respectfully,
"Wm. Cogger."

ATTORNEY VAN DUREN HAS COMPLETED PRELIMINARY ARRANGEMENTS IN GAS CASE.

Will Be a Great Deal of Delay Before a Decision Can Be Reached By Court.

City Attorney Arthur Van Duren returned from Washington, D. C., Friday where he was admitted to practice in the United States Supreme court and where he took the preliminary steps in the Holland gas case hearing. The main argument in the case will not be made for a long time to come unless the hearing is advanced which is possible because of the character and importance of the matter at issue. Only preliminary steps were taken last week and the Supreme Court has adjourned until October. It holds only one session a year, beginning the second Monday in October, and it has just now completed its work of the session that began last October.

Nothing will be heard in regard to the Holland case until after the court goes into session next October. The Holland case was number 1157 on the list of the present session of court and only some seven hundred cases of those scheduled have been disposed of so that it will take a long time before the case is reached, probably a year or more after the session opens. If however the case is advanced, it will be number 21 or 22 on the list in which case a decision can be looked for sometime during the coming winter.

It is not likely that the attorneys for the city will have to go to Washington again. The chances are that the case will be heard on briefs submitted by the litigants.

Mr. Van Duren was admitted to practice in the supreme court on motion of Congressman Carl E. Mapes of the Fifth District. The requirement for this is to be an attorney in good standing and to have practiced at least three years in the state supreme court. When Mr. Van Duren was admitted twenty-three other attorneys from various parts of the country were also admitted.

Mr. Van Duren was present at the session of the supreme court when Justice Hughes read his famous railroad rate decision in Minnesota case which was hailed the country over as a case of more than ordinary importance. Mr. Van Duren says Justice Hughes is a very poor reader, no matter how brainy he may be and many of the other justices are also poor readers, with the exception of Chief Justice White who is a fluent reader and talker.

Mr. Van Duren saw many of the interesting sights in Washington including all the rooms in the White House. He failed to meet Wilson, the president being too busily engaged on his job for callers.

WILL PLAY ONCE A WEEK AND ON SPECIAL OCCASIONS.

The Ottawa Band of Zeeland will again render musical pieces, at least once a week and whenever their services are needed on any holidays or other special occasions. For the past two years concerts have been given for the benefit of the public. A band stand was built which is very neat in appearance and which will last for a number of years. The concerts rendered so far have been well attended. The council has granted the Ottawa Band a suitable sum of money in return for which the band will not render less than twelve concerts the coming summer.

Centennial of Great Victory Will Be Observed.

Perry Day is to be officially observed by the school of Michigan on Sept. 10, the 100th anniversary of that notable victory of Perry and his fleet on Lake Erie. The importance of this victory to Michigan is incalculable so the department of public instruction is earnestly urging that Perry Day shall be observed in every school room in the state. Teachers will necessarily have to begin planning their programs at once in order to be ready for Sept. 10, as it comes right at the beginning of the fall term.

It is suggested that the program be of a patriotic nature with suitable tributes to Perry and his heroes predominating. As the event is associated so closely with the history of the United States and Michigan the program is expected to give zest to the regular school program.

The legislature of Michigan at the recent session appropriated \$30,000 toward the million dollar memorial which is being erected at Put-in-Bay. The accepted design, when completed as contemplated, will cover, with its plaza, almost all of the reservation dedicated as a park to the memorial. The plaza, rising in a grad-

ual ascent from the water's edge to the level height of 12 feet, is 758 feet long and 461 feet wide. The Doric column in the center is 335 feet in height from the base to the light on the tripod surmounting the cap, which is 300 feet high, with a spectator's gallery reached by elevators from the crypt at the base, where the bones of the dead in the battle of Lake Erie will be interred. The column is 45 feet in diameter at the base and 35 feet at the top—the highest monument in the world, with the exception of the Washington monument at the national capital, and the highest column without exception. The material used in the column will be granite.

MORTGAGE SALE NOTICE

WHEREAS default has been made in the payment of a certain mortgage dated the 18th day of March, A. D. 1890, made and executed by John Pyl and Elizabeth Pyl, his wife, then of Zeeland, Ottawa County, Michigan, as parties of the first part, to Jacobus Boone, then of the Village of Zeeland, said county and state and now of Grand Rapids, Mich., which said mortgage was recorded in the office of the register of deeds in and for the County of Ottawa and State of Michigan on the 20th day of March, A. D. 1899 at 10½ o'clock A. M. in Liber 34 of mortgages on page 625;

AND WHEREAS The amount now due on said mortgage at the date of this notice is the sum of \$626.60, being the entire principal sum of said mortgage viz. \$550.00 and \$76.60 interest unpaid to date, and an attorney fee of \$25.00 provided for in said mortgage and in the statutes in such case made and provided, and no suit or proceeding having been instituted at law or in equity to recover the debt now remaining unpaid and secured by said mortgage, or any part thereof;

AND WHEREAS said mortgage, contains a power of sale in case of default being made in the payment thereof, which power of sale has become operative;

NOW THEREFORE notice is hereby given that by virtue of the said power of sale in said mortgage contained, and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by sale of the premises therein described at public auction to the highest bidder at the north front door of the courthouse in the City of Grand Haven in said County of Ottawa on the 15th day of Sept., A. D. 1913 at three o'clock in the afternoon of that day.

Said premises are described in said mortgage as follows: All of that certain piece or parcel of land situated in the Village of Zeeland, County of Ottawa and State of Michigan, and described as follows, to-wit: That part of lot number eleven of Block number four of the Village of Zeeland bounded on the east, south, and west sides by the east, south and west lines of said lot eleven and on the north side by a line sixty-four feet north from the south line and parallel therewith, according to the recorded plat of said Village.

In the District Court of the United States for the Western District of Michigan; Southern Division; In Equity.

To whom it may concern:—

Take notice that a session of said Court, held at the Court House, in the City of Grand Rapids in said District, on the 31st day of May, 1913, present, Hon. Clarence W. Sessions, District Judge, the following Order was made and entered:

Cornelius J. Dregman, Complainant, vs. C. L. King & Co., and Louis J. Hanchett, Sr., Defendants.

On reading and filing the petition of Henry Pelgrim, Sr., Receiver of said Defendant, C. L. King & Co., by Colin P. Campbell, his solicitor, praying for a reference of claims against said defendant to the Master of this Court, and on motion of said solicitor, it is ordered, adjudged and decreed that a reference is hereby made to John S. Lawrence, a Master in Chancery of this Court, residing at Grand Rapids, in said District, to take proofs of the claims of all such creditors of said Defendant, C. L. King & Co., as may desire to come into and participate in this proceeding and share with the Complainant therein, and it is fur-

ther Ordered that all claims of the First State Bank of Holland, Michigan, to be paid certain sums called stumpage upon the cutting or sawing of logs taken from the lands of the Defendant in Kalkaska county, Michigan, as well as the claim of the Peoples State Bank, of Holland, Michigan, to be paid interest now due upon its mortgage upon the Jamestown farm of said Defendant be filed, hearing had, and report with opinion thereon be made by said Master with all convenient speed.

It is further Ordered that Henry Pelgrim, Sr., Receiver of said C. L. King & Company, forthwith furnish to said Master in Chancery, a list of all persons, with their respective places of residence, so far as known to said Receiver, who are, or claim to be, creditors, as aforesaid.

That said Master is hereby Ordered to cause a notice of the making of this Order to be published once in each week for four (4) successive weeks, beginning within twenty (20) days from the date hereof, in a newspaper of general circulation in each of the counties of Kent and Wayne in the State of Michigan; in the county of Cook, in the State of Illinois; in the city of Holland in the State of Michigan; and in the city of Cleveland in the State of Ohio; and that within such twenty days he also mail a copy of this Order, together with a copy of such Proof of Claim as he may deem proper, to each and every person, firm or corporation, known to him as being, or claiming to be, such creditor.

It is further Ordered that all such creditors shall file their claims in this cause and present them to said Master in Chancery within four months from the first day of June, 1913, and that all claims not so filed and proven shall be forever barred from coming into this cause and participating therein, unless on special application and Order of the Court on good cause shown.

It is further Ordered that proof by affidavit, in form prescribed by the Master, shall be considered as sufficient proof of any such claim unless the claim is objected to by the Receiver, or a creditor or other party in interest within five (5) months from June 1st, 1913; in which event such further proofs shall be made and proceedings had as may be required by the Master.

It is further Ordered that said Master shall report said claims to this Court, with his recommendation thereon, as to the amount, validity and priority thereof.

It is further Ordered that said Master forthwith proceed to determine whether or not an audit of the books of C. L. King & Co. be made and report his recommendation to the Court thereon, together with his nomination of a suitable person to make such audit, if he recommends that an audit be made.

THE DISGRACE OF ST. JOHNS

The crime for which Rev. E. J. Gregory of St. Johns was sent to Ionia is perhaps the most infamous on the list of offenses involving moral turpitude. Many a man has been given short shrift for acts no more reprehensible, and it is most unfortunate that the peculiar forms of Gregory's misdeed prevents his incarceration in prison for the remainder of his natural life.

The fact that the victim in the case was a defenseless and innocent child of 11 years would itself have protected her from injury by any man of decent instincts, and it should have acted as an insuperable barrier to a man whose profession was to preach the gospel promulgated by the Friend and Protector of children. But Gregory took ruthless advantage of his position as a clergyman, and of the very conditions which should have urged him to forbearance, and in the pursuit of his object, employed methods generally adopted only by the most depraved.

And when he was caught he took refuge in sickening repetition of cant phrases. The world can sometimes tolerate a sinner, but it has no use or place for a sniveler.

Scarcely less disgusting than Gregory's crime was the attitude taken by the other clergymen of St. Johns. From first to last they used every means within their power to suppress the scandal and obstruct justice, some even going so far as to betray the confidence imposed in them by a representative of the law.

In doing this they did not even have the excuse that they were trying to protect the child victim, which perhaps might have operated to minimize their offense against the public interest. In fact, no one seems to have cared very much what became of the girl, and according to report she is now considered in the light of a social outcast by a large portion of the so-called good people of the town, and other children are pulled aside as she passes them on the street.

So far as can be learned the extraordinary attitude on the part of the St. Johns clergymen was inspired by a fear that a scandal might have a bad effect on the anti-saloon fight. The "drys" won a victory at the last election, and Gregory was prominent in the ranks of the victors. The warfare, however, was so bitter that it caused a cleavage in the community on church and anti-church lines. Consequently when the ministers heard of Gregory's misdeed their predominating sentiment was not one of horror and sorrow, but of apprehension over the probable effect on "the cause."

Such an attitude cannot be condoned or excused. The manly, the wise, the honorable thing for the ministers to have done would have been to stand aside and let the law take its course, and to have relied on the justice they believed inherent in their cause to tide them over any consequent crisis. The course they actually took has deservedly earned them the contempt of the whole state.—Detroit Free Press.

INDIAN MISSIONS GET \$32,386.83

The Christian Reformed Churches Contributed Arizona Uplift Work

\$32,386.83 was collected last year in the different Christian Reformed churches for the support of the Indian mission in Arizona and New Mexico. The classis of Oost Friesland has the best record, contributing \$2.55 per family, while the classis of Grand Rapids west, comes next, with \$2.42 per family. This is one of the largest years the Indian mission has ever had.

The Christian Reformed church has four posts among the Indians, one at Zuni, Arizona, of which Rev. J. Fryling is the head. The other posts are among the Navaho Indians at Rehoboth, where a large hospital is also established; at Tschahat and at Two Gray Hills, all in New Mexico. Rev. J. W. Bring and Rev. D. H. Muyskens are at the head of the Navaho field. Attempts are being made at present to have two more ordained missionaries in the Navaho field.

the six paved on Twelfth street out of two blocks to be paved this summer there would be only about one half a block of good pavement. After another long string of argument between the Mayor and the Council as to the paving the city engineer was again asked if he could do the paving under good conditions and he answered that he could.

Ald. Hansen claimed that the whole question was not a question of economy to the city but was played up by someone for political effect.

Ald. Harrington said that the city needed the new roller because the three wheel roller was not reliable and this is shown because none of the contractors in the business use them or will recommend them for use.

The argument waxed hot again as to whom was to blame for present condition of Twelfth street without any definite conclusion until Ald. King announced that it was time the council assume some dignity at the meeting and not get angry over a question like a bunch of kids.

All were of the opinion that the city could do the work cheaper than a contractor but the differences as to the need of a roller still remains and the question will most likely come up for discussion at the next meeting.

A request to have a sidewalk and crossing put in on Fourth street and Columbia Avenue was referred to the committee on Streets and Crosswalks and the Committee on Sidewalks.

The City Clerk and the City Engineer will be given places to keep their dockets in.

The request made by Chris Karose to continue running the Palace Pool Room was granted by the council.

It was reported by Ald. Vandell Hill that the bridge on Twenty-Ninth street was now repaired and ready for use.

The resignation of George H. Huizenga from the Board of Police and Fire commissioners was accepted and on the fourth ballot Henry Brusse was elected to fill the vacancy. On the last ballot the vote stood Brusse 7; F. White 2; and W. Arendhorst 1.

The gas tests for the past three weeks show that out of 35 tests made, 11 were below 600. The highest test was 622, the lowest test was 549. This made an average of 603.

Arend Visscher submitted his resignation as member of the board of Public Works to the council saying that he could not take care of the duties. In the second election that followed Frank White was elected to fill the vacancy. The vote stood, White 6; Yonker 2; and Keppel 2.

Ald. Harrington moved that the resolution drawn up by the council two years ago be looked up and put in effect. The resolution is against the use of any heavy fireworks on the Fourth of July in the city.

Ald. Van Drezer, on recommendation of Chief of Police Dykhus moved that Saturday should be set aside for cleanup day as that day set aside before was a rainy day. The motion was adopted.

Alderman Van Drezer then submitted a motion to make the contractors who paved Central Avenue repair the street. It was seconded by alderman Harrington and passed unanimously. The motion reads as follows:

By Alderman Van Drezer, Whereas, Herman Van Der Veen, the contractor to whom was awarded the contract for the paving of Central Avenue, at the time of executing the contract therefor, guaranteed said street for a period of five years from and after its acceptance; and Whereas, the said street is in bad repair, and in need of immediate repairs, therefore,

Resolved, That the city clerk be and hereby is ordered and directed to notify the said Herman Van Der Veen and his bondsmen to repair the said street within thirty days from and after the time that notice is deposited in the mail, with postage prepaid thereon, and that in default of his so doing that the repairs will be done by the City of Holland, and the cost thereof collected from him and his said bondsmen.

A certain resident of the Southern part of the city offers to donate to the city a strip of land on Pine Avenue in the Southern part of the city 66 feet in length and a triangular strip bordering on Michigan Avenue with frontage on that street of 115 feet if the city would refund to him the money he had expended in building a sidewalk from Twenty third to Twenty-fourth street. Ald. Hansen said that he thought this the best proposition ever submitted to the city and moved to accept it. The motion carried.

It was decided at last night's meeting to hold a special election to submit the new city charter to the people on July 14, the date set for the school election. The school election will take place in the city hall but the charter will be voted on in the different wards.

QUEER INDIAN CEMETERY ATTRACTS ALMA CURIOUS

Alma, Mich., June 17.—Nested in a secluded spot near here and shaded by large maples in the summer, lies an Indian cemetery. Hundreds of visitors go there to read the curious inscriptions on the markers that show the last resting place of restless tribesmen who once roamed over Michigan. One of the stones shows clearly that the last Indians were Christians. Chiseled on its surface are several biblical quotations. The first one reads: "Jesus Christ, the same yesterday and to-day and forever. Heb. 13:8" Above the graves is a rude wooden cross.

GRAND HAVEN NOW HAS ODD BOAT

N. E. Brown, a photographer of Grand Haven, has invented and constructed a novel water craft, with which he hopes to revolutionize the present type of speed boat. He calls it an aero-hydro motor boat, and although he has been unable to develop more than 15 miles an hour with it, he hopes some day to skim down the waters of the Grand Haven river and out on the lake at a rate of 35 miles an hour.

The boat is nearly 25 feet in length, three feet wide at the stern and two feet at the prow. From the body of the boat on the sides are suspended two flat galvanized iron tanks, and it is on these that Brown pins his hopes of success. He figures that the speed that can be generated with the three-cylinder 90-horse-power engine will raise the prow of the boat out of the water, and that the whole weight would rest, in flight, on the two galvanized tanks, thus reducing resistance to a minimum.

Brown has been working with the boat every day for a month. Every day he makes a few changes—and runs up and down the Grand river, optimistic that he will soon discover the one impediment that is keeping his speed down.

The craft has already attracted the attention of motor boat men throughout the neighborhood and of Chicago financiers, who have visited Brown and made him several flattering offers for it. Brown steadfastly refuses to sell, however, maintaining that when the boat is completed and is in first-class working order it will mean that his fortune is made.

People of Grand Haven are watching his work with more than usual interest, because of the fact that in the past Brown has turned out several inventions which have proved successful. The greatest of these was his kite-flying kodak, which he eventually sold to a kodak company for a large sum. Brown contrived, by fastening a kodak to a huge kite and flying both over the sand hills near the lake, to take photographs of the earth at a height ranging from 500 feet to a half-mile.

Last winter Brown traveled all over the western part of the state in a sleigh run by a huge gas-driven propeller. At times on the lake he made 40 miles an hour with the sleigh.

JOHN H. BOONE DRINKS POISON

Sales Manager For Wegner Brothers Attempts Suicide After Quarrel With Wife

John H. Boone, well known in Holland aged 40 years, 609 Col. avenue, Grand Rapids, sales manager for Wegner Bros., attempted suicide in the Arcade at 11 o'clock Wednesday night by drinking poison. According to the story told Thursday morning by his wife, he had, had trouble with her in the street, and had told her that she and the two children would never see him again.

He was taken to Butterworth hospital, where the stomach pump was used. The poison has not been determined.

Boone was taken in custody by an officer shortly after 10 o'clock Wednesday night, for creating a disturbance by quarrelling on the street with his wife. The wife appeared at headquarters and pleaded with the officers until she obtained her husband's release.

Mrs. Boone did not know until this morning of her husband's act.

START BOOM FOR 'WEIDE'

Van Buren Representative Out For Congress

Friends of Charles A. Weidenfeller, formerly of Holland, representative from Van Buren county, are booming him as a candidate for congress from the Fourth district and it is said his name will be placed before the people at the primaries in August, 1914.

Representative Weidenfeller has the reputation of being a "hard runner" and should he enter the race his chances for the nomination on the Republican ticket seem good.

Representative Henry C. Glassner no doubt will be the Democratic nominee, and in case "Weide" lands on the Republican side, the public would be given the grand spectacle of two house members struggling for the pole in the congressional race.

CANT DISPOSE OF ROAD BONDS

Ottawa Supervisors Refuse Low Bids Offered On \$100,000 Issue

The special committee appointed by the board of supervisors of Ottawa county to dispose of \$100,000 worth of bonds for improving the roads has been unsuccessful, and have thrown up the job until a special meeting of the entire board is called to give it direction in the matter.

The committee has received few offers and all of these were below par. They did not feel justified in such a disposition of the bonds without the consent of the other members.

County Clerk Glerum has issued a call to each of them to meet in the court house June 23 and adopt some plans for selling the bonds. In former years many substantial bids were submitted by bonding companies all over the county.

PASTOR'S WIFE TRIES SUICIDE

Cuts Throat With Razor In Home Of Friends At Grand Haven

Mrs. J. B. Steketee, wife of Rev. Steketee, who is a graduate of Hope college and former pastor of a Reformed church in Holland, cut her throat Thursday in the home of J. C. Lehman on Second Street in Grand Haven following a fit of despondency, caused by nervous troubles, for which she has just been taking treatments at Ann Arbor. She is a daughter of L. Schoon of Holland.

Rev. Steketee is a close friend of Mr. Lehman. With their baby child the couple stopped over here for the night on their way from Ann Arbor to Holland, and remained at the home of the Lehmans.

Thursday morning Mrs. Steketee asked Mr. Lehman if he would get her a glass of milk, and while he was absent from the room she obtained possession of Mr. Lehman's razor. She hacked at her throat several times, but just missed the jugular vein.

It required the combined efforts of Mr. and Mrs. Lehman to hold and quiet the frantic woman, and it was a half-hour before a physician arrived. Drs. Walkley and Presley were in attendance all the forenoon, and Thursday said there was perhaps an even chance for her recovery, although she lost much blood. Mrs. Lehman is prostrated from the shock. Mrs. Steketee was taken to Hackley hospital in Muskegon.

OTTAWA MAN QUARRELS WITH BROTHER, BECOMES HERMIT

LETS PROPERTY DECAY

Mourned by none save a relative from Portland, Ore., William H. Bell, aged 75, the eccentric hermit of Spring Lake, died Tuesday night in his weatherbeaten homestead, after an illness of several weeks, brought on by a stroke of paralysis.

The story of his life reads like a romance. His parents brought him to Spring Lake in 1864, when his father came to assume charge of the prosperous lumber mill bequeathed him by Jabez Barber, a brother-in-law.

The pine lumber industry was booming when the elder Bell took charge of the plant, and with plenty of inherited timber to keep his mill running, the family prospered. They had boats of their own for towing the logs from along the shores of Spring Lake. They owned many acres of the finest pine timber land in the state near Fruitport, and all that was necessary was to cut it, draw it to the lake and tow it to the mill.

Leaves Mill to Two Sons

In 1871, C. Y. Bell died, leaving his entire estate in the hands of his eldest son, according to the old English law. With his brother, Edward, William Bell took hold of the business, and for a time everything went along swimmingly. The output of the mill was increased. A blacksmith shop was added and new machinery installed.

Then the brothers quarreled. What it was about nobody knows. It was a sealed book with both of them the rest of their lives. Whether it was a matter of business, or of love, will never be known, for Edward died a few weeks ago in Providence hospital, Washington.

The mill was permitted to run until the Saturday night following the quarrel, when the whistle blew for the last time, and the dumbfounded workmen were paid off and told to return until called back. Many waited, thinking it was simply a matter of inventory or repairs. But they waited in vain. The brothers still remained apart, in spite of the efforts of business associates and relatives to effect a reconciliation. The men finally drifted away, one by one, and found employment in the other camps and mills, which were then numerous in this section of the state.

The younger brother, Edward, went to Grand Rapids, where he held positions, then located in Washington, D. C., where he died recently.

William Bell shut himself in his house, closed the store in front of it, which, until that time had done a prosperous business, and never stir-

red without, except when his provisions were exhausted and he had to reimburse his larder.

The strangest feature of his state of mind is that he refused to sell a thing. Twenty head of horses in use at the time of the shut-down were allowed to wax fat and die, without doing a tap of work for any one. He received repeated offers for the horses, the mill, the machinery, boats, tools and the whole outfit, but turned a deaf ear to all of them. Even after the wave of prosperity for the lumbermen has shipped in by rail, he was offered \$9,500 for the place, but drove the insistent buyer from his door.

Later on the mill began to crumble. First the huge smoke stack fell and now lies like a huge snake, crawling over the ruins. All but one of the four walls caved in and the roof is now but a sprawling heap of rotten boards. The stout timbers which supported it are in the last stages of decay and the wagons, pilot-houses and boats stored within the mill are in the same lamentable condition.

Barely Left His Doorway

The old hermit has not ventured from his house more than once a month for the last 30 years. On warm days he would take his rustic seat on the low limb of an old apple tree and sit for hours, wistfully viewing his buildings falling to decay—and gazing upon the splendid view along Spring Lake.

Now that he is gone away, it is believed that the ruins will be cleared away, the once valuable machinery sold for junk and all that remains of any value sold at auction. Bell View, as the place is called, is one of the most delightful spots on the shore of Spring Lake, and there are people living in the vicinity who have been waiting for the old man's demise to submit their bids on the property. Edward C. Bell, the only heir, is a relative from Portland, Oregon, and he stated some time ago that he had no desire to resurrect the old place and make it once more habitable.

Few Will Mourn His Death

William Bell had plenty of money. He owned large pieces of property in and around Fruitport and

300 PAIRS OF SHOES SOLD IN TWO WEEKS

Allegan Gazette.—If someone were to tell, in speaking of Allegan, that the shoe merchants of the city sold 2,500 or 3,000 pairs of shoes of various kinds in Allegan during the past two weeks, that person would probably laugh and say the story was considerably stretched; but everyone knows that shoes have been bought here of late—as they never were before, so a visit was made to the four leading shoe stores and inquiry made about the sales of these two weeks. The number of pairs of shoes sold was estimated by the amounts of money received from the sales of the two weeks, and as nearly as we can get at the truth, there have been sold in the Grange store, shoe department, Stein & Griswold, Tripp's and the Model about 4,400 pairs. How is that for a story? The best part of it is that it is the truth. D. Stern & Co. are willing to take an oath that more than 1,000 pairs of shoes left their store Saturday, two weeks ago today. The other stores had just such a volume of business that day. The buyers knew when they had a grand chance, and many heads of families purchased ten and twelve pairs. It seems as though there ought not to be a person in or near Allegan without a pair of shoes.

MRS. C. M. McLEAN IS ELECTED HONORARY REGENT FOR LIFE.

Local Chapter Gives Flag Day Program and Elects Delegates to State Conference

On Thursday afternoon at the home of Mrs. Wheeler and Mrs. Duffy, Elizabeth Schuyler Hamilton chapter, Daughters of the American Revolution celebrated flag day.

The National colors were displayed in profusion throughout the spacious grounds and residence and made a fitting setting for the program of the afternoon. The local chapter concludes its year's work by dedicating the last meeting to the children; and the Daughters and friends to the number of a hundred enjoyed the following program:

History of Our Flag, Clara Yntema; Origin of "Star Spangled Banner", Katherine McBride; dialogue, "Why We Love Our Flag," Gertrude Kramer, Harold De Pree, Dwight Yntema, George Frances Pardee; Gerard Hanchett, Roeloff Pieters, Paul Burkholder, Jack Van Putten. Flag drill by six boys and Katherine McBride, Virginia Van Verst, Maxine McBride, Gertrude Kramer, Helen Brush, Marjory McBride. Recitation "Hats Off", Roeloff Pieters; "Symbolic Import of Our Flag", Helen Congleton; Pantomime, "Star Spangled Banner" Miss Elsie Gowdy, solo Miss Lora Little. Salute old Glory, Ensemble; Song "We'll Rally Round the Flag, Boys".

Among the out of town guests were Mrs. H. W. Masters and Mrs. E. S. Walker of the Springfield (Ill.) chapter. Mrs. Walker has held many offices of honor in her own chapter and state and is now chairman of the State committee on Historic Places and Relics. She made an earnest plea for co-operation of the Holland chapter in the nation-wide movement to preserve and forward to Washington all historical data and relics from this community. She has offered to have sent to our city library a copy of the Illinois Historical Journal.

Mrs. Walker's activity in D. A. R. work has brought her into close touch with the women of our Southern States and she stated in her talk that she believed the D. A. R. had been the most potent organization in wiping out sectional prejudices between the North and South.

Delegates were elected to the state conference to be held in Port Huron: Mrs. Burkholder, regent; Mrs. Garrod, regent alternate; Mrs. Hall, delegate; Mrs. Wheeler, delegate alternate.

In recognition of her devotion to the welfare of the chapter from the time she organized it five years ago and in appreciation of her services as its Regent during that time, Mrs. C. M. McLean was elected as Honorary regent for life.

CLASSES GRADUATE FRIDAY DAY; SEVERAL HAVE SECURED POSITIONS

The Holland Business College brought to a close Friday one of the most successful years in its history, graduating a class from both the business and stenography departments. The following members of these classes have already secured positions: Gerrit Nevenzel and Marinus Beckman as stock clerks in the Supply department of the G. R. H. & C. R'y; Ruby Wise, stenographer, West Michigan Furn. Co.; Anna Nyenhuis, stenographer, Diekema, Kollen & Ten Cate, Belle Koning, C. H. McBride; Grace Klomparsen, P. M. R'y.

C. B. SCOTT TO ENGAGE IN THIS BUSINESS IN POST BLOCK.

C. B. Scott, better known in this city as Ben Scott, is making preparations to open a real estate office here. He will be located in the Post block over the Model Drug store, and the office was opened Monday when Mr. Scott was ready for business. He will handle all kinds of real estate and will do the line of work usually conducted by any first class real estate agency. The name will be the "C. B. Scott Real Estate Agency".

Mr. Scott has recently returned to Holland after having spent three years in Grand Rapids. He will sell not only his own holdings in real estate here but will do a general business in the real estate line.

DR. A. T. GODFREY LEFT FOR CHICAGO TO SPEND SIX WEEKS AT THE UNIVERSITY.

Sunday night Dr. and Mrs. A. T. Godfrey left for Chicago where Dr. Godfrey will do six weeks' work in the chemistry department of the University of Chicago. Dr. Godfrey has spent a summer at the university previously and he will put in some hard work there again this vacation. The summer quarter of the university opens Monday so that Dr. Godfrey was unable to remain in Holland for the Hope Commencement exercises.

DR. A. F. BRUSKE DELIVERS ADDRESS TO HIGH SCHOOL GRADUATES.

Tells Them to Lay Aside All Impediments and Run Steadily To The End.

With President Mersen of the Board of Education and Superintendent E. E. Fell occupying places on the platform and the faculty and graduating class of the high school occupying seats in the front of the church the baccalaureate address was delivered to the class of 1913 in Hope church by Dr. Bruske, Sunday morning. The church was crowded with interested listeners and Dr. Bruske delivered a most eloquent sermon, full of helpful and inspiring advice for the young men and women who are about to leave the local high school.

The theme of the address was Roosevelt's phrase, "The Strenuous Life," contained in the figure of St. Paul in which he likens life to a race. Dr. Bruske told the graduates that in their race of life they would have to lay aside all impediments, they would have to run swiftly, persistently and to the end, and they would have to keep their eyes fixed on the only goal that is a worthy one namely, the Christ, who holds the crown. The gist of the speaker's advice was contained in the words, "Lay aside" "run" and "look."

"Some impediments you have already laid aside," said Dr. Bruske. "You have necessarily laid aside much ignorance, so much so that instead of exclaiming 'How much I know' you more likely now exclaim, 'how little I know.' You must also remove the impediments of over confidence, unreasonable fear of man, you must lay aside the mere ambition for the applause of men, the desire merely to excel your neighbor. You must moreover get away from provincialism and narrowness. This can be done by omnivorous reading, by close and careful and honest observation and by worldwide travel. There are a great many more impediments that you must lay aside if you wish to run the race successfully and earn the crown, but these will serve as examples.

"Don't forget that the race is a long one. Don't spurt, but begin steadily and keep it up persistently, for only such reach the goal. Be not an unreasoning optimist who ignores the facts of life nor a cynical pessimist who looks at life in a mere aimless way. Do not always be looking within for that eventually spells asceticism, nor be always looking without, for that means selfishness. But love above you all ways to the Christ of God, the only worthy object, and the one who holds the prize of life."

JACOBUS OSSEWAARDE DIED SUNDAY AT THE AGE OF

Champlain James Ossewaarde arrived home only a short time before his father, Jacobus Ossewaarde of Zeeland, died. The son however was in time to see his father. Death came to the old pioneer Sunday afternoon at the home of his daughter, Mrs. Johannes Pyle in Zeeland. The deceased was 83 years old. He was born in Nieuwland, Province of Zeeland, the Netherlands. In 1847 he came to America, being a member of the original colony that came to settle here. Twenty-eight years ago he retired from his farm a short distance from Zeeland and went to live in the town. Mrs. Ossewaarde died about twenty years ago.

The deceased is survived by two daughters, Mrs. Helen Veneklasen and Mrs. Johannes Pyle, and four sons, Peter, William, James and John. The funeral was held yesterday at 1:30 from the home of Mrs. Johannes Pyle and at two o'clock from the First Reformed church of Zeeland, the Rev. Mr. Cheff officiating.

THE REV. MR. VELDMAN SAILED FOR EUROPE TUESDAY

Sunday morning, the Rev. H. J. Veldman, pastor of the First Reformed church, conducted the services for the last time before leaving for the Netherlands. Mr. Veldman left Sunday noon for Grand Rapids and he sailed from New York Tuesday.

The Men's Adult Bible class which Mr. Veldman organized five years ago and of which he has been the leader ever since gave a farewell reception in his honor Sunday forenoon at 11:30. Mr. Veldman will conduct the services at the English church in The Hague during the summer and return to his own congregation in the fall.

MRS. A. BALGOOYEN WAS PAYING A VISIT TO FRIENDS.

Mrs. A. Balgooyen died suddenly last Wednesday at the home of N. Van Zanten a short distance south of the city. Mrs. Balgooyen had gone to the Van anten home to pay them a visit. She was in good health and death came very suddenly, due to an attack of heart failure.

Deceased was sixty-four years old. She was born in this country and was married 28 years ago. She has lived here all her life. She is survived by a husband and five children Henry, Fannie, William, Thomas and Peter.

The funeral was held Friday afternoon at two o'clock from the home of N. Zanten. The Rev. Dr. Henry E. Dosker officiated and interment took place in the Graaschap cemetery.

MISS JENNIE PIKAART BECOMES BRIDE OF HENRY VUWINK

Newly Married Couple Will Do Missionary Work Among the Indians of Oklahoma

A most beautiful wedding was solemnized last Wednesday afternoon when Miss J. Pikaart became the bride of the Rev. Henry Vruwink at the bride's home at Forest Grove. The wedding was celebrated in the grove before the house. To the stately strains of the Bridal Chorus from "Lohengrin", played by Miss Nellie Veneklasen of Zeeland, the bridal party moved from the house to a small grove where the ceremony was performed. First came the bridesmaids, Mrs. Winand Wiebers, Misses Mae De Pree, Della Baker, Evelyn De Pree, Jennie Bos and Charlotte De Pree, followed by the ring bearer, Miss Jennie Veneklasen was maid of honor. Next came Mr. Vruwink attended by his brother, Mr. John Vruwink. They were followed by the bride on the arm of her father. The ceremony was performed by the Revs. J. E. Kuizenga and J. Broekstra. After the happy couple had received the hearty congratulations of their many friends, the guests were entertained with solos and recitations by Miss Vruwink, Mr. James Dykema and Clarence Lokker. A very delightful wedding dinner was served on the lawn.

Mr. and Mrs. Vruwink are very well known in this city, both having graduated from Hope College in the class of 1910. While in College, Mr. Vruwink was active in athletics and other student activities. Upon graduation he continued his studies at the New Brunswick Theological seminary from which institution he graduated this year. Mr. and Mrs. Vruwink will leave soon for Colony, Oklahoma, where they will be engaged in missionary work among the Indians. Mr. Vruwink will take the place of the late Walter C. Roe.

LOCAL TALENT PLAY SCORES A HIT SATURDAY NIGHT.

"Rip Van Winkle" staged at the Knickerbocker Theater was without doubt the best home talent play ever produced in this city. Under the direction of Manager J. A. Simon, supported by local talent, everything was gotten off in good shape and there was not a hitch in the performance. The scenery was of the best and the costumes used were very fitting to the play.

Mr. Simons in the part of Rip drew the applause from the audience on many occasions and proved himself to be one of the best actors in this part in the business. The other parts were all well played and the actors and actresses received many compliments. The parts were as follows:—Rip Van Winkle, J. A. Simon; Derrick Von Beekman, Roy Heath; Nick Vedder, Dr. W. P. Scott; Hendrich Vedder, Wm. Vander Hart; Cockles, Clarence Lokker; Seth, Leon Mulder; Little Hendrich, Master Herold White; Gretchen, Mrs. Grace C. Luscomb; Meenie, Miss Ethelyn Metz; Little Meenie, Miss Clara Thorton.

ENTERTAINMENTS TO BE GIVEN HERE WEEK OF AUG. 18 TO 23.

Place Still to Be Chosen and Many Other Arrangements to Be Made

The Chautauqua Week in Holland the coming season will be August 18 to 23 inclusive. President John Vandersluis of the Holland Business Mens' association has just received notice from the Lincoln Chautauqua association that these dates have been decided upon for Holland, and all preparations for the week of entertainments can now be pushed with vigor.

The place where the great tent will be erected has not yet been decided upon. The local committee will have to look for that some other time, but hitherto they have been waiting for some other matters in connection with the entertainments. However the place will be decided on soon, and then the details of the meetings can be worked out.

Judging from all indications the chautauqua week in Holland is going to be a success. This city has always patronized well entertainments of this kind, in which the grave and gay are happily blended and there is little doubt but that Chautauqua Week will become a permanent feature for this city. It is expected that the movement will be popular with the people who make their homes at the various resorts the coming summer, and the local people will doubtless also come out in numbers to hear the best speakers and musicians that this country and Europe has produced.

MISS ROSE WHELAN HAS RELATIVES JOIN IN CELEBRATING SEVENTH BIRTHDAY

Nineteen cousins and many other relatives gathered Friday afternoon at the home of Miss Rose Whelan, daughter of Mr. and Mrs. N. J. Whelan, West Sixteenth street, in celebration of her seventh birthday. Miss Whelan devised the plan of having all her cousins attend her birthday party and many of them responded to her invitation coming from their homes outside of the city for the reunion.

The entertainment started at about 5 o'clock with a field meet on the lawn in front of the house. Men, women and children took part in the meet and some very interesting races and jumping contests were the result. Prizes were won by the following: Ray Whelan, running race; Edward Wendel and Elmer Witt, potato races; Gertrude Boot, standing broad jump; Anna Whelan and Sarah Robinson, walking races; Thos. N. Robinson, high jump.

After the meet an elaborate lunch was served on the lawn presided over by Miss Whelan.

The evening was spent with music and recitations and all were called upon to contribute to the entertainment. Under the direction of Att. T. N. Robinson an exceedingly good program was rendered. The features of the evening were solos by Miss Sarah Robinson and impersonations by Leslie Whelan. Both these people are artists in their line and are royal entertainers. Solos were also given by Miss Rose Whelan and John Whelan. Remarks were made by many other guests. Miss Gertrude Boot and Niel Blom rendered several piano solos.

Miss Whelan was complimented very highly on her party and was presented with many beautiful presents.

Those present were as follows: Mrs. W. Robinson and family, Sarah, Ellen, Mary and Nicholas of Detroit Harbor, Wis.; Att. Thos. N. Robinson of this city and Edward Robinson of Grand Rapids; Edward and Leslie Whelan of Muskegon; Mrs. J. P. Whelan and family, Marguerite, Declan, John, Anna and Raymond of this city; Mrs. O. Deto and Miss Marcelene Deto, this city; Mr. and Mrs. W. Witt and son, Elmer, city; Mrs. E. Bertsch and son Harris, this city; Neil Blom, Willard Kellogg, Mrs. C. Blom, Mrs. Martha Blom, of this city; Miss Gertrude Doot as the guest of Thos. N. Robinson; Miss Eunice Stuller, of Dresden, Ohio, as the guest of Mr. Robinson; Edward Wendle, Cadillac and Mr. and Mrs. N. J. Whelan and children Rose and Nicholas Jr. The missing cousins are: Miss Hazel Whelan, attending Ypsilanti State Normal, Mrs. T. Martin, Detroit; William Robinson, Patterson N. J.; John Robinson, attending West Point Military academy, Joe Deto, Chicago, James Deto and James Whelan attending Northwestern University, Evanston, and Francis Deto, China.

DATES HAVE BEEN FIXED FOR OTTAWA BEACH AND MACATAWA HOTELS.

Resorts are Beginning to Show Effects of Pleasant Weather; Many Resorters Arriving

Ottawa Beach hotel will open for the season on June 25 and the Macatawa Park Hotel will open three days later on June 28. The Ottawa Beach hotel will be under a new management the coming season and in both places some changes and improvements have been made for the accommodation of the summer visitors to the resorts. Many of the other hotels and boarding houses at the resorts along the lake are either already open or will open soon and the season has practically begun.

Practically all the Macatawa stores are open and doing business and the resorts are beginning to look lively and to assume an atmosphere of the summer season. Many of the cottagers have returned to occupy their summer homes, and each boat from Chicago brings many more. The Macatawa Park Resort Co., is more optimistic about the prospects of a good season than has been the case for several years. There has been considerable demand for cottages and also inquiries for places later on in the season. This is in marked contrast to the situation last year this time when the demand was not very brisk.

A number of changes and improvements have also been made by the resort company and the building of the new boat dock at Jentson has also changed the looks of the place considerably.

ROAD COMMISSIONERS FIND "FOR SALE CHEAP" ON THEIR FORD CAR.

Thursday while the Ottawa County road commissioners were in session in the court house in Grand Haven some members of the committee of the board of supervisors happened along and noticed in front of the building the Ford car that the commission uses in making its rounds through the county. They proceeded to prepare a large placard reading "For Sale Cheap" and this was placed on the car.

The sign attracted all kinds of attention and several Grand Havenites examined the machine carefully. Some asked the price and several more were getting ready to make a bid. When the commissioners finally came out of the court house there was a considerable crowd of purchasers collected and they had some difficulty in persuading them that the car was not really for sale.

SPANISH WAR VETERANS TO BE REPRESENTED AT LANSING.

At a meeting of the Spanish war Veterans in the G. A. R. hall Thursday night M. Vander Bie, John Homfield of this city and Anthony Westra of Zeeland were appointed delegates to the G. A. R. State Encampment that is to be held in Lansing June 17, 18, and today. The Spanish War Veterans held a special meeting for this purpose Thursday evening.

Practically all the members of the post expect to attend the state encampment. A number of the G. A. R. veterans also intend to go as well as a number of the members of the Woman's Relief Corps.

MEMBERS OF THE WOMAN'S LITERARY CLUB ARE GUESTS THERE SATURDAY.

Lakewood Farm on Saturday afternoon, was the scene of a most delightful function, when Mrs. Goetz and Mrs. Harry Goetz received the members of the Woman's Literary club of this city.

About a hundred ladies motored out to Lakewood and enjoyed the beauties and many attractions. It would be difficult to find a more interesting spot than Lakewood farm now is; wide lawns with fountains playing, flowers blossoming and flags flying; long shady avenues, inviting summer houses and cool retreats, with Lake Michigan stretching away to the westward. And when one tires of natural beauties, there are representatives of most of the animal kingdom to be seen—bears from Japan, monkeys from Madagascar, pheasants of royal plumage, splendid peacocks strutting before their own particular mirror, in fact everything down to interesting families of peepers and some eight thousand peeping chicks. After admiring all these things, the ladies gathered in restful chairs on the broad veranda with Mrs. Carter, Mrs. Grannis, and Miss Diekema at the punch bowl.

The return to the city was made about 5:30, the guests expressing in no measured terms their pleasure in the gracious hospitality which had been extended to them.

YOUNG LADY ONCE LIVED HERE; TO BE MARRIED IN THE NETHERLANDS.

Mr. and Mrs. J. B. Mulder Tuesday morning received an announcement of the marriage of Miss Adriana Valtentina Riemans, who at one time made her home in this city. The name of the groom is Lambert Cjea Dilman and the wedding is to take place at Hilversum, the Netherlands, June the nineteenth.

The bride, her sister, Miss Anna Riemans, her parents and her brother, Dr. L. A. M. Riemans, at one time lived in Holland for a number of years. They owned and occupied a home on the corner of Twelfth and Maple streets. Dr. Riemans occupied an office in the McBride block. The Riemans sisters are remembered as the young ladies who started the endless-chain plan for the aid of the Boers of South Africa when that country was fighting England.

BOTH TEAMS PLAYED GOOD BALL BUT HOLLAND GOT THREE SCORES IN LAST INNING.

Holland Boys Show the Goods in Seven Inning Game That Ended in 3 to 0 Score

The Holland Independents defeated the Chippewa Indians 3 to 0 on the 19th street grounds Monday afternoon. It was a seven inning game and until the last inning neither team could score although both teams had made strong attempts. At one time the Indians had a man on second and a man on third but Sirrine pitched himself out of the hole.

With Sirrine in the box for the locals and Vick behind the bat from the first the Chippewa's had hard work getting their men on base. The fielding of the Holland boys was excellent. Nash on short sprang a surprise on the fans when he nailed a liner out of the air that would have been a safe hit and possibly meant a score. Peterson also made some good catches.

In the 7th inning Mersman got on first and was soon advanced around to third by Nash who also got on base. G. Smith the next man up walked and with the bases full the red-skin twirler was unable to keep them from scoring and shortly Mersman came home when the catcher missed a wild one. Smith and Nash also reached home safely before the end of the inning netting the Independents their three runs. In the last half of the seventh the Indians were shut out.

ALSO TRIED TO GET AT THE CHICKENS OF A GRAND HAVEN MAN.

The big black bear which has been forging about Ottawa county, was seen Sunday at Ben Noween's place near Pottowattomie bayou near Grand Haven. The big bear attempted to raid some of the milk which had been set out. The family heard him growling about the chicken coops also, and in order to save their poultry the members of the family kept watch and succeeded in scaring the bear away.

The big animal made no attempt to attack any members of the family but seemed to be anxious to get a drink of milk, and a taste of the poultry. He made off into the woods during the night and did not put in further appearance.

The big fellow has been rambling around the county, but from the reported attempts upon farmers' chickens and pigs, indicates that he is getting hungry and willing to take chances to get something to eat.

The bear has been seen several times in the Pottowattomie country within the last day or two.

THE REV. M. FLIPSE ANNOUNCES HIS DECISION TO LOCAL CONGREGATION.

Word has been received that the Rev. M. Flipse, pastor of a Reformed church in Roseland, Chicago, has accepted the call extended to him a few weeks ago by the congregation of the Third Reformed church in this city. When the installation will take place has not yet been decided, but the announcement of the acceptance of the call was made to the congregation Sunday.

The Third Reformed church has been without a pastor for less than a year. About September last Dr. Blekkink resigned this charge to become a member of the Seminary faculty. Mr. Flipse was the first man to be called since the vacancy occurred.

MUSCALLONGE WEIGHS THIRTY-SIX POUNDS; MEASURES 4 FEET, NINE INCHES

The prize fish story of the season comes from Virginia Park and the queer part of this story is that every bit of it is true. Scores of people at Virginia Park have seen the fish in question and it is still on exhibition there for anyone to look at who may be skeptical.

The fish is a monster, four feet and nine inches in length and weighs 36 pounds. It is claimed to be the biggest fish ever caught in Black Lake, and the queer part of it is that it was caught by four women who were merely out rowing on a pleasure trip and had not come prepared to catch any fish. The muscallonge was floundering about in the water, evidently having been wounded. The women, Mrs. Fred Burns, Mrs. Charles Anderson, Mrs. Frank Nelson and Miss Marinel Wellers, of Virginia Park rowed up to it and succeeded in catching hold of the monster. They passed a rope back of the gills and tried to lift the fish into the boat but the 36 pounds proved too much for the women's strength, and they were compelled to tow it to shore. So excited were they that one of them made a miscalculation in stepping ashore and she went down into the water up to her chin.

Fire Does Fifty Dollars Worth of Damage In Benjamin Store.

About \$50 damage was done Sunday forenoon by fire in the Benjamin Shoe store, East 8th street. Fire started in some rubbish behind the stove. The blaze was put out before the fire department arrived and this prompt action given the matter probably saved the store from being consumed. The loss is covered by insurance.

CITY MAY TAKE OUT POLICY WITH NEW ENGLAND CASUALTY CO.

The city's insurance under the liability law provisions is likely to be taken out with the New England Casualty Insurance company. Some time ago the insurance was given to the Aetna Company but this action was later rescinded by the Board of Public Works and new bids were asked for. These bids were referred to weeks ago to a committee composed of Messrs. Visscher, Bosman and Stephan. According to the report of the committee at the meeting Monday the independent insurance companies were practically \$300 a year lower than the so-called conference companies, and hence the insurance will be given to one of the independent companies. Two of these submitted bids, the Prudential and the New England Casualty, the latter being a little lower than the former. Further investigation will be made by the committee in regard to the New England Casualty company, and if this investigation is satisfactory, the insurance will be given to this concern.

HEALTH OFFICER GODFREY GETS AFTER A MEAT DEALER

Keeping Away At His Job of Safeguarding the Things of the People of Holland

Tuesday Health Officer Godfrey condemned a quantity of sausage and other meat in the market of one of the local meat dealers. The meat that was found below standard was effectively treated with kerosene so that it cannot be used for any purpose and the market man was given to understand that this was in the nature of a warning and that in case it happened again there would be more strenuous measures resorted to.

The inspection of the markets and other places where food of any kind is offered for sale is steadily going on. On the whole the places are in good condition, but occasionally the health officer finds things that should be looked after. Dr. Godfrey is using his influence with all the places where food is sold to have them keep their refrigerators in good condition.

In regard to the milk situation Dr. Godfrey declared today that often he saw bottles of milk on porches or on door steps many hours during the forenoon. He said no housewife could expect milk to remain sweet this way. The milkmen are required to see to it that the farmers from whom they secure their milk keep it at 60 degrees or less all the time and they are not allowed to sell milk in the city that has a higher temperature. For that reason the health officer thinks the householders should do their share toward helping the cause of pure milk along by taking proper care of it after it has been delivered.

LARGE CLASS OF EIGHT GRADERS TO GRADUATE THAT TIME.

This evening the 8th grade promotion exercises of the local schools will be held.

A large class of eighth graders is to graduate. The invocation will be pronounced by Dr. E. J. Blekink, after which the Glee club will sing "Merry June" by Charles Vincent. The main address of the evening will be delivered by Dr. A. Leen houts. Gerald and Bertal Slaght will play a piano duet "Fantaisie Brillante" by Frank Supple. Supt. E. E. Fell will hand out the certificates after which the program will close with "A Slumber Song" by the Glee club.

The motto of the class is "Live and Learn;" the class flower is the white rose and the colors are royal purple and white.

NEW TRACK BEING LAID BY HOLLAND INTERURBAN LINE IS USED.

The first car went into Saugatuck last night over the new track being laid by the Holland interurban line. Not all the track which is to comprise the new Saugatuck line is yet in place but the section in the direct vicinity of the village, and that which skirts the old trestle and crosses the sink hole which was filled with much difficulty, has been thrown open to traffic.

The big trestle over which the cars have run many years was razed in less than 12 hours, actual working time. The men have been working night and day getting the new track in place, and now that it is completed the Saugatuck grade crew have moved north to Knoll's where work on the new grade was commenced Monday morning. It is stated that the cars will undoubtedly be running as far as Castle park over the new route by July 3.

The new dock at Jenison park is so far along that S. S. W. Stevenson has landed there and is unloading a cargo of 17,000 cedar ties to be used in the construction of the road.

GOVERNMENT WANTS A BACTERIOLOGICAL TEST MADE.

Tuesday Health Officer Godfrey received a communication from the federal government to the effect that Uncle Sam wanted a bacteriological test made of Holland's water and the result sent by the state bacteriological department to Washington. At first glance it may seem strange why the United States government should be interested in Holland's water. But this is made plain when it is explained that the water of this city is used in the trains that come through here and in this way it comes under the jurisdiction of the interstate commerce department. It is Uncle Sam's business to safeguard the people who travel through the state and hence the government's interest in Holland's water. A copy of this test is to be sent to Washington and a duplicate will be sent to Holland.

HERMAN BONTKOE AND MISS DENA ROTMAN WILL MAKE THEIR HOME IN THIS CITY.

Miss Dena Rotman of Allendale was married to Herman Bontkoe Thursday afternoon at their new home, 166 West 19th street. Mr. Bontkoe is a plumber in this city and the bride has worked here for the past three years. The ceremony was performed by the Rev. Mr. Tuuk. The bride wore a beautiful dress of voile over white silk and was attended by Miss Ida Bontkoe who wore a gown of white messeline. Both carried bouquets of carnations. The groom was attended by David Rotman. The wedding march was played by Harry Kramer.

In the evening a reception was held for the friends and relatives and Mr. and Mrs. Bontkoe were recipients of many beautiful gifts.

Was Taken from Boone Livery Sunday and Was Not Returned.

Sunday morning a man, whose identity is not yet known, rented a rig from Boone's Livery on Central Avenue saying that he would be back towards evening. Monday morning he had not returned and Sheriff Dyk huls was notified. He immediately set out in search of the man and found the rig at Bravo but did not find the man who rented it. He returned the rig Monday afternoon and will make an effort to find the man.

ROBERT KROODSMA OF HOPE COLLEGE AUTHOR OF LITTLE VOLUME OF VERSE

A volume of poems written by Robert Kroodsma, a member of the Junior class of Hope College, which was announced some time ago, is now out and is being sold by the author to his fellow students and other friends. The poems are very neatly printed and the volume contains some eighty odd pages. The poems were written at intervals during the past six years while Kroodsma has been a student at Hope. The book is elaborately illustrated.

The Rev. G. De Jonge of Zeeland, formerly pastor of the Reformed church of Vriesland, the home of the author, contributes a biographical sketch of the author to the book, and in a few introductory remarks Mr. Kroodsma tells of the reasons that impelled him to publish the poems. Some of the poems were written while Kroodsma was a mere boy while some were composed at a more mature period. A number of them are reprinted from the Anchor and from the Archives of the Hope College literary societies of which the author was a member.

Mr. Kroodsma has already sold some three hundred copies of his book, and he expects to sell many more during the coming summer.

He has the distinction of being the first Hope College student who published a volume of verse while still an undergraduate. Once before in the history of the college a Hope man published a volume of verse after graduation, but Kroodsma is the first student to engage in such a venture.

NATIONAL HOLIDAY DECIDED UPON RECENTLY

Labor Day Selected as Time for Festivities; Ten Thousand Hollanders Expected to Gather in Grand Rapids

Next labor day will be known to all the Hollanders in the United States as "Orange Day". On that day cablegrams will pour forth from all the large Holland settlements congratulating Queen Wilhelmina of the Netherlands on her birthday and honoring the House of Orange for its century of existence and what it did for history and the Holland people all over the world.

These plans were arranged recently at a meeting of a Grand Rapids committee which originated the idea and carried it to the present status. It is expected that more than 100,000 Hollanders in the United States will participate.

Engrossed resolutions will also be drafted so that besides receiving the cablegrams the Queen will also receive resolutions on that day.

The most important Holland settlements outside of Michigan which are to partake in the celebration are to be found in Chicago and throughout Illinois, in New Jersey, Iowa, Minnesota, South and North Dakota and Washington and other places throughout the west.

In Grand Rapids the day will be especially celebrated. Garfield park has been selected and it is expected that 10,000 Hollanders not only in Grand Rapids but of all Western Michigan will come that day to participate in the doings. The celebration will be given in conjunction with the Young Peoples' Alliance of the Holland churches and noted speakers will be secured by both the committee in charge of the Orange Day celebration and the Alliance, among them Congressman G. J. Diekema, Dr. Tiesman De Vries of the Chicago University and Rev. Johannes Groen.

The committee to arrange for the program and speakers is Prof. B. K. Kuiper of Calvin college, J. Van Aalderen, Dr. J. Von Lankhuizen and J. G. Stekotee, the vice counsel of the Netherlands.

All Hollanders have joined in the one common cause. No church ties nor denominational affiliations are considered and the Hollanders are joining in one large force to the honor of their fatherland. The similarity of the Netherlands with the United States in regard to freedom of religion has especially caused the young Hollanders to join.

The day is not only to arouse Holland spirit, but to create more patriotism for the United States.

Mrs. Ray Knooihuizen Passes Away After an Eight Months' Illness

Monday night at 8:30 at the home of her parents, Mr. and Mrs. L. Beetswkes, Mrs. Ray Knooihuizen died at the age of 35 years. Mrs. Knooihuizen had been ill for about eight months. She is survived by one son, Raymond.

The funeral will be held at two o'clock this afternoon from the Third Reformed church.

J. NEWTON NIND DECLARES THAT'S BETTER THAN HAVE ENCAMPMENT HERE

"Now that it has been definitely decided that the Michigan State Military camp will not be located on the 12,000 acres of ground between the city of Holland and Ottawa Beach, I hope the many energetic busi-

ness men of Holland and the authorities will turn their attention to developing that 12,000 acres—twelve square miles of farming land—as I believe it is possible to develop it," said J. Newton Nind, secretary of the West Michigan Park association and for thirteen years a summer resident at Ottawa Beach.

"I did not favor the location of the camp at that place proposed, first, because I believed that to have a large body of men encamped so near the resorts on Black Lake, even for a period of ten days would damage the resorts. I know that without exception the property owners at Ottawa Beach were opposed to the proposition. Second, I believed that greater potential possibilities are to be found along the north shore of Black Lake than the military camp could have contributed. It is entirely probable that within the next year or two if not this year, the Ottawa Beach Branch of the Pere Marquette railway will pass into the hands of the company which has so recently taken over the Holland interurban. With frequent trains early and late in the season and some change in the line of the road, the North Shore of Black Lake will become dotted with cottages just as the south shore is now lined with them. There will be a steady growth at Ottawa Beach, and at Waukazoo, the latter already a community of fully 40 cottages, with a hotel which is always well filled when open. Presumably when the present Ottawa Beach branch of the Pere Marquette is electrified the line will be swung into Waukazoo and then up through what is known as Evanston Point and into the very considerable community in the neighborhood of the Gelatine works and the North Side Tannery.

"This all means increased summer population—not simply for ten days in each year but for from three to four months each year, and the consumption of supplies, household goods and building material purchased of Holland merchants. It ought to be made possible also for the summer resorters to buy vegetables, garden truck, chickens, eggs, milk and cream etc., from the farmers who should be settled on that twelve square miles of land which it was proposed to render desolate for at least eleven months of each year for military camp purposes.

"It isn't possible to purchase these last mentioned things as freely as they should now be purchased. When the military camp proposition was before the Grand Rapids Association of Commerce I opposed it and said it would make it even more difficult than it now is for the cottagers to get enough to eat. I was laughed at. They thought I meant the troops would eat up everything in sight. But the fact remains that at Ottawa Beach, which has a summer population of between 400 and 500 people, we are dependent upon one market gardener for green stuff, and this season apparently must buy all our cream and milk from one milkman. Between three and four hundred quarts of milk are sold each day at Ottawa Beach, during the summer months and sold at city prices, yielding a profit of about 4 cents a quart to the handler, and yet there are no farmers in the vicinity who have the enterprise to get into the game and gather in that profit—one, I am sorry to say.

"I made a census of the Black Lake resorts a couple of years ago and found that the summer population was approximately 6,000 people. That population can be increased if the citizens of Holland will lend their aid in settling up the untitled lands contiguous to the resorts, and help somewhat in making living at these resorts something more than a mad scramble for enough food to feed the ravenous appetites which the good lake air and the sunshine create.

"I know that most of the land which was to have been taken for military purposes is light and worn out. But I had hoped that the Alfalfa Kent and Allegan counties would get over into Ottawa county and show the farmers that Alfalfa cannot only be raised on the lands under consideration but would be a missionaries who have so recently sides improve the land. Milch cows presumably are not kept in any considerable number in the district under consideration because there is little good pasture and not enough fodder raised. But alfalfa would change all that.

"Possibly there are some people who would urge that if the twelve square miles of land which it was proposed to devote to a ten days encampment was turned into a dairy district for the benefit of the summer resorters their would be no market for milk after the season was over. Don't be afraid of that. The most prosperous cities and communities are the ones located in a

dairy district. The most prosperous farmers you will find in, say our neighbor state of Wisconsin, are the ones who are selling milk, and making cheese and butter, or disposing of milk to creameries and factories that make these things. If your local board of trade, or merchants association will turn attention to the development of the dairy interest, with the special and profitable consistency which the Black Lake resorts have attracted, always in mind, more will be done for Holland than could have been done by reason of the military encampment, or is likely to result from the location of an occasion factory.

"I understand that the supplies of food stuffs from truck and dairy farms is much better on the Macatawa side than it is on the Ottawa Beach side. But we want more competition and freer supply on our side and will welcome hucksters and milk men. No license fee is charged on the Ottawa side. The members of the West Michigan Park association would rather have food than the money because a license fee in the very nature of things, we argue, comes out of the ultimate purchasers—the property owners at the resort—and put out of the milkmen and hucksters who serve us. I wish you would try and induce some of the farmers in Ottawa county to investigate and get into the game."
