### H. H. STUDENTS GET DIPLOMAS THIS EVENING

SIXTY-THREE PUPILS GRADUATE  
AND WILL BE GIVEN THEIR  
DIPLOMAS BY SUPT. FELL

Prizes Given By Mrs. George E. Kollen and Also D. A. R. of Holland

The happiest days of the whole year are at hand for hundreds of Holland youngsters. This is the last week and in fact the last day of school and today books will be bundled up and taken home for the long rest between now and September. Many a youngster in Holland has been marking time during the last few days for the last minute when he can say goodbye to school books and school discipline for more than two months.

Schooling is compulsory in the United States for all children and that is probably the chief reason why the average young American is so glad to hear the last of the school bell in June. Perhaps they do not fully appreciate the advantage they get and no doubt they fail to fully realize what the education they are forced to undergo will do for them in after life. But it is natural for the scholar to wait longingly for the last day of school. It is hard for anyone to study in June when the warm days come and the out-of-door tempts.

There has been considerable lost time when the schools were closed during the coal shortage. Nevertheless the vacation is most welcome this June both to teachers and pupils. Any one who advocated the all year session of the public schools, just at this time, would become very unpopular in certain quarters at least.

The closing days of the present term mean more to the group of students in the senior class than to any one else in the schools. They are closing their high school career today.

Tonight is graduation night at the High school auditorium for sixty-three pupils, who, after today, must face their life's work, some to go on studying, some to teach others, some to fight for their glorious country and others to enter into life work to do what their hands and brains find to do.

On the whole the nineteen eighteen school year has been a very successful one, considering the great trials that this nation is passing through and the direct connection the children in our public school have with the conflict in which many of their brothers are taking a prominent part. Certainly with their minds diverted from their studies to a greater or lesser degree, because of these unusual conditions, it must have been a trying year for the teaching staff in Holland's public schools.

Principal Charles E. Drew has accomplished great work in giving the pupils diversion in the way of sports, mixed with their regular studies, which tend to take the humdrum out of the school life. Superintendent Fell has shown such excellent executive ability that Holland's schools stand at the very top in this country. What better can we ask?

The teaching staff is composed of the best instructors that the Board of Education can secure with the means at their command and that their selection merit the highest praise goes without saying.

The thirty-ninth annual commencement takes place at the auditorium tonight at 8 o'clock to which the public naturally is cordially invited. The printed program consisting of four pages contains, a service flag in red and blue. The flag has three stars, beneath which are printed the names of Stanley Wall, Morris Moody and Willard Leenhouts, the three young men now fighting in France and who would have been graduates of this year's class.

Prizes will also be offered tonight as follows: to the best pupil giving the best essay on American history. This prize is one created by the D. A. R. of this city and is sub-divided in a first and second prize.

Mrs. George E. Kollen also gives a first and second prize this year for the girl pupil making the best graduating gown. The qualification entering into the winning of this prize are style, appearance, workmanship and cost. There are several contestants for both of the prizes offered.

The program for tonight follows below:

Class Motto—"Strive and Succeed."  
Class Colors—Gold and White. Class Officers—Alfred Sirrine, Class Patron; Tennis Den Uyl, President; Arthur Van Duren, vice president; Beatrice Osborne, secretary and treasurer.

### INTERURBAN FARES GO UP TO THREE CENTS THIS MORNING

FARE TO MACATAWA NOW THIRTY-NINE CENTS INCLUDING WAR TAX

Fare to Grand Rapids and Return Is \$1.86; To Zeeland Thirty-Two Cents

Citizens going to Grand Rapids this morning must dig down much deeper into their pockets in order to make the grade on the Holland Interurban. Bulletin at every station and in every car now announce that the Michigan Railway Co. has raised its rates from two to three cents per mile, the same as the United States Government is doing on all steam roads. The schedule of fares will be considerably above the three cents because of the war tax.

Some peculiar incidents arise because of the raise of fare and war ax. Tickets of 35c or over are taxed three cents. Under thirty-five cents there is no tax.

For instance a round trip ticket to and from Macatawa costs 36 cents. With a 3 cents war tax makes the fare 39 cents. A single fare costs 18 cents, consequently patrons will be purchasing single trip tickets to escape the war tax. The fare to Zeeland is 32 cents for a round trip ticket, or 16 cents for one way, consequently there is no war tax to be paid in this instance.

The schedule of fares as it governs Holland and vicinity is as follows:

Grand Rapids, one way, 86 cents, 7c war tax, total 93 cents. Round trip, \$1.86.

Fare to Macatawa one way, 18c. Round trip, 36c; war tax 3 cents. Total, 39 cents.

Fare to Zeeland, one way, 16c. Round trip 32c.

Fare to Saugatuck, one way, 49c, war tax, 4c, total 53 cents. Round trip 98c; war tax 8c. Total \$1.06.

The fares in Holland will remain 5 cents.

F. W. Brown, traffic manager of the railway company in announcing the increase, stated:

"The Michigan Railway company was organized and is operating as a steam railway, having its own right of way and not traveling over street car tracks like an interurban. In only that our motive power is electricity, do we differ from other steam railways.

"While we were always recognized by the federal government as a steam road, the fact that we are operated by electricity has caused a doubt to exist in the minds of the members of the state railroad commission as to our exact status.

"The telegram from Mr. Payne clears up our status and we will increase our passenger rates to 3 cents a mile Thursday as we would have done June 10 with the other steam roads had our status been defined to the state commission.

"We will raise our freight rates to the level of other steam roads June 25, the day that their increased rates become effective.

### "HONOR FLAG" PRESENTED TO CITY

WAR BOARD GIVES BANNER TO COMMON COUNCIL

The city of Holland is now officially the possessor of a beautiful "Honor Flag." This banner which was presented to the War Board by the United States treasury department at the end of our recent liberty loan drive was last night officially turned over by J. J. Cappon, chairman of the war board, to the common council. It will occupy a place of honor in the council chamber.

"This Honor Flag will in years to come be a valuable relic to the city," said Mr. Cappon, in presenting the flag. "It will mean that Holland did its full part, and the War Board wants the city to have it and keep it and honor it."

### BIG FISH THROW BOYS IN THE RIVER

CAPTURE IT HOWEVER AND TAKE IT HOME IN A WHEELBARROW

Two small boys had the time of their lives in Allegan one evening this week when they spied a sturgeon in shallow water near the dam in the Kalamazoo river. They jumped into the water and after beating the fish on the head with stones succeeded in making it lie still long enough to get it to shore the fish threw both of them into the water with its tail and gave them a good scare and a thorough drenching. Imagine the pride of these two diminutive whalers when they went up the street toward home with a 100-lb. fish in a wheelbarrow. It was the first sturgeon that had been seen near Allegan for some time. The boys were sons of Willard Pierce and George Orisman. They dressed the fish and passed it out to their friends. The meat was very oily but those who know how to cook it were pleased with a roast of sturgeon.

Miss Anna Borgman took the interurban for Grand Rapids yesterday.

### COUNCIL IN FAVOR OF A CITY NURSE

ALDERMEN ARE UNANIMOUS ON SUBJECT WHEN STRONG APPEAL IS MADE BY CITIZENS

Hundreds of Signatures To Petition And Addresses of Men and Women Have Effect

Holland will have a city nurse. This was certain last evening at the meeting of the council after a committee of citizens representing the Children's Welfare League had addressed the aldermen. Every member of the council went on record as favoring the appointment of a city nurse in Holland and Mayor Bosch was instructed to appoint a committee of three aldermen to consult with the Hospital committee and the Board of Education in carrying out the wishes of the aldermen and citizens on this point.

The proposition was presented to the aldermen in a formal petition which contained hundreds of signatures. The petition set forth the fact that a city nurse is urgently needed in Holland to look after the health of the children. The county nurse has been doing splendid work but from the nature of the case she could devote only a small part of the time to Holland, and it was set forth that Holland needs a nurse all the time. The free dispensary and dental clinic is soon to open and its effectiveness will depend a great deal on the activities of a city visiting nurse.

Conservation of child life is the object sought. A city nurse will be a great asset to the city in conserving health. The need of such a service is urgent, as the county nurse has demonstrated by her work here. In recognition of this fact hundreds of parents, rich and poor alike, signed the petition asking for this service. Nearly all the members of the various Parent-Teachers' clubs signed the petitions as well as the members of the Forward Movement Club, Century Club, Social Progress club, Board of Education and their organizations in the city.

Talks were given last night at the council meeting by the following: Henry Geerlings, Mayor Bosch Mrs. G. J. Van Duren, Supt. E. E. Fell Dr. A. Leenhouts Mrs. G. E. Kollen, Henry Winter, Miss Dressler, Att. Thos. N. Robinson, Arnold Mulder, Aldermen Dykstra, Prins, Congleton, Lawrence, Blue, Brieve, Dobbins, Wiersma, De Vries, Brink, and Vander List, Mrs. C. H. McBride, Mrs. W. J. Olive, Mrs. A. Leenhouts, Mrs. L. M. Thurber, Mrs. G. W. Browning, J. J. Cappon, John Vanden Berg, Anthony Nienhuis, Geo. Woldring, Jacob Zuidema, Richard Overweg, Att. C. H. McBride.

### KNITS SEVENTY-THREE PAIRS OF SOCKS

HAS THREE CHILDREN IN THE SERVICE

Mrs. Braskamp living on East 13th street is not alone a very patriotic lady but a thrifty one also. Thus far she has knitted 73 pairs of socks for the soldier and is still knitting more. She says she will continue to knit until the boys come back.

This lady also has some brave sons and daughters. Two of the sons are "over there" serving under the Stars and Stripes, while a daughter is serving the flag of the one cross, namely the Red Cross. She is now a regular nurse having filled all the requirements to aid the sick and wounded soldiers coming from the battle lines.

### TO INVESTIGATE JUNK DEALERS

ALDERMEN WANT ALL TO PAY THE NECESSARY LICENSE MONEY

There is to be an investigation into the junk business in Holland. This was decided last night by the common council, when some aldermen claimed that some junk men were practically operating without a license. It was said that in some cases a dealer took out a license, paying \$5 as required by ordinance, and then had other junk men work for him on commission. The contention was that every junk man who worked on commission should take out a license.

The matter was referred to the ordinance committee for adjustment. One alderman complained that there are an unusual number of junk dealers in Holland just now. They gather junk from miles around, he said, and pile it up here, leaving it for a month or two in unsightly heaps. But since this is a legitimate business the other aldermen felt that nothing could be done about it.

Prof. Bruno H. Meinicke and Prof. Arthur Heusinkveld of Hope College are scheduled to take part in the program of the commencement exercises of the Zeeland high school this evening.

### INJUNCTION IS ASKED FOR BY THE CITY

MAYOR AND CITY ATTORNEY ASK JUDGE TO STOP INTERURBAN RAISING RATES

Declare It Is In Violation of the Franchise; Take Immediate Steps

The interurban rates on the Michigan Railway out of Holland are not going to be raised if Mayor Bosch and the city authorities have their way about it. When the announcement was made this morning that the rates were to be materially raised out of Holland to the resorts, to Zeeland and to Grand Rapids, the mayor got busy immediately to see what rights the city of Holland had in the matter.

He and City Attorney McBride went over the provisions of the franchise carefully and it was their opinion that the raise in rates is in distinct violation of the provisions of that franchise. As officials of the city of Holland the city authorities have given their oath to maintain the franchise rights of the people they represent and hence immediate steps were taken to prevent the company from putting the new rates into effect.

City Attorney McBride went to Grand Haven on the afternoon train today to get into touch with Judge Cross on the matter. He will ask the judge for a temporary injunction restraining the company from charging the higher rates for the time being until a court decision can be secured.

"We are not going to haggle over the matter," said the mayor today. "We are simply going to stand by our rights. In some places people are holding indignation meetings. We have decided to go directly to Judge Cross to see what can be done. If anything can be done by legal means it is going to be done and the franchise is going to be enforced."

### ZUIDEMA NAMED CITY ENGINEER

COUNCIL ELECTS HIM TO THIS POSITION AT MEETING LAST NIGHT

Jacob Zuidema, for many years assistant city engineer by the common council to succeed Carl Bowmer who resigned some time ago to take the position of superintendent of public works. Mr. Zuidema has been serving as acting city engineer for a few weeks pending the appointment.

The vote on the appointment was made unanimous, all the aldermen being agreed that Mr. Zuidema was the logical man for the place. By a special resolution his salary was placed at \$1,500. Both the appointment and the salary resolution will take effect immediately.

### ALLEGAN HAS TROUBLE WITH ITS WATER WORKS

HAS CAPACITY OF TEN MILES OF PIPE BUT HAS SIXTEEN MILES LAID

Allegan Gazette—The city is in its annual trouble about water and the usual restrictions of sprinkling will be in force next Monday morning. The difficulty is not that there is not plenty of water to run the pumps nor that there is not enough water in the artesian well, for in both places there is an abundance for the purpose; but the capacity of the pumps is insufficient to supply the great demands when sprinkling of lawns and gardens becomes necessary. The pumps were designed to supply only ten miles of pipes which were in use when the pumps were purchased. Now we have sixteen miles of pipes and correspondingly increased use of water. The Gazette has repeatedly called attention to this sad state of affairs and contended that the new pumps should be purchased instead of making some other improvements to the city which might better have been postponed in favor of this essential thing, plentiful supply of water.

### DIVORCE SUIT NOW IN PROGRESS

JOHN DE BOER AND MARY DE BOER AIRING DOMESTIC TROUBLES IN COURT

John De Boer, the veteran coal dealer of his city and Mary De Boer his second wife are having it out in circuit court.

Domestic troubles have been brewing for the past three years. Two years ago a suit was started but the matter was patched up. Now however John De Boer thru his attorney George E. Kollen has filed a bill for divorce alleging cruelty.

Immediately Mary E. De Boer files a cross bill alleging cruelty and non-support. Both seem to want to get rid of one another, but the great fight it is said will be over the property settlement, a good share of which Mrs. DeBoer claims was due her because of the marriage.

Mr. DeBoer has considerable property acquired through strenuous work while in the coal business.

## DRENTHE

One of our patriotic young men, viz., Benj. H. Lanning has taken up a course in wireless telegraphy at Grand Rapids and is now taking an advanced course at the U. of M. He did not claim exemption, but showed his patriotism by enlisting in the navy some time ago and was rejected on account of lacking weight. He was formerly employed by his father who owns a farm and later adapted himself for a bookkeeper. Ben says, "If our forefathers had not been patriots, we would never have enjoyed the freedom of our country which we were given for more than fifty years past." That is one reason why he is willing to offer his services for Uncle Sam.

Rev. Hoeksma of Holland delivered a speech in the Holland language here Monday evening in regard to Thrift Stamp proposition.

Messrs. Gerrit Brouwer, Henry Doezman and the Misses Grace Doezman and Jennie Brouwer went to Camp Custer a day last week via auto.

## GIBSON

The K. K. K. club of Central Park entertained the Bowasig of Gibson at Castle Park with a beach party, Saturday evening, June 15. Our young people went on a hay rack and enjoyed the night with music and song. Delicious refreshments were served and all declared the K. K. K.s were royal entertainers. The Bonasig expect to have the privilege of entertaining them in the near future.

At 2 p. m. Sunday, June 16, at the home of the bride's parents, Mr. and Mrs. Alvin Bauhahn, occurred the marriage of their eldest daughter Marion K. K. K. to Clarence N. Belden of Monterey. Rev. H. A. Day of Holland officiated. Promptly at 2 the bridal party entered the parlor, which was tastefully decorated with white peonies, roses and ferns, to the strains of Lohengrin's Bridal Chorus played by the bride's sister, Ruth. The bride was gown in dainty white batiste with blue rose buds in corsage and hair.

The groom wore a dark blue suit. The bride's sister, Irene, also in white batiste, with a pink sash was bridesmaid and Charles F. Miller of Monterey was best man. The wedding dinner was served on the wide veranda where dainty ices and cake were served to the bridal party and other friends who called to bid the happy couple farewell. Many useful and valuable gifts were received. Those present besides the family, were Rev. and Mrs. H. A. Day of Holland; Mr. and Mrs. G. A. Miller of Ganges; Mrs. E. E. Ervings, Miss Tina Peterson and Mr. G. Palmer of Laketown; Mr. C. F. Miller of Monterey; and Mr. Orvid Krueger of Chicago. Mr. and Mrs. Belden left by automobile about 5 o'clock for a short honeymoon and will be at home to their many friends at their home in Monterey after July first. The best wishes of their many friends, and relatives go with the happy couple.

## NETTINGA IS NAMED BY THE BOARD

At about 3 o'clock Wednesday afternoon the board of superintendents of the Western Theological Seminary elected the Rev. S. C. Nettinga instructor of historical theology of that institution for one year. Mr. Nettinga will be the successor of the late Dr. M. Kolyn.

The election was made by a two-thirds vote on the first formal ballot taken. An informal ballot, without resulting in a choice, was taken Wednesday forenoon, and when two o'clock the board reconvened and the formal ballot was taken Mr. Nettinga was named. The vote was then made unanimous.

Rev. Nettinga is pastor of the Fifth Reformed church of Grand Rapids, that being his third charge. When he graduated from his theological course he served the Reformed church in Spring Lake and later a similar church in Englewood, Chicago.

The new faculty member is a graduate for that institution late in the nineties. Mrs. Nettinga is a former local girl, being the daughter of Dr. and Mrs. James F. Zwemer.

Rev. Nettinga was extended a call by Trinity Reformed church some weeks ago which call he declined last week.

## AUTO GOES OVER IN BIG DITCH ALONG WEST MICHIGAN PIKE

While Richard Van Kolken and family and John Harmsen, Jr., and family were taking a turn up the Pike with their auto for the air, they turned too far and landed over into the big ditch along the highway. The occupants were considerably drenched and were taken home by Henry Vander Linde who happened to come from Grand Haven and saw their predicament. The men folks followed later with the wayward automobile that had to be pulled out of the mire by a farmer's rig. No one was hurt and the machine is not even scratched.

## WAR BOARD WILL TAKE HOLD OF THE THRIFT STAMP DRIVE

At a meeting held in the city hall Tuesday evening the war board decided to aid the war stamp committee in putting Holland right in the Thrift and War Stamp movement.

We have been somewhat lagging in this part of our war duties and the committee responsible for putting Holland over in the Liberty Loan, Red Cross and K. of C. Drives will also be on the job in selling the W. S. S.

A canvass will be made of every ward in the city by the men who made the rounds in behalf of the other drives and success is no doubt assured. Percy Ray, who heads the movement is adding new energy to the project and the War Stamp outlook has a more rosy appearance.

Grand Haven Tribune—As a star attraction for the Fourth of July the Grand Haven Industrial Baseball league has organized the Grand Haven All Star team. A game has been scheduled with the Holland Baseball team and will be played on the afternoon of July 4th at 3:30.

The Holland team puts up a very fast and heady game and has beaten several of the larger city teams in this vicinity including one of the best teams of Grand Rapids.

## ROAD WORK IS DELAYED BY LACK OF MEN

Automobilists going from Holland to Zeeland will not be able after this to take the usual route out from eighth street. The road to take is the 16th street road, going four miles from the corner of sixteenth and Lincoln and then turning north directly into Zeeland. The regular Zeeland road has been broken up and will be out of commission for at least forty days, during which time the contractors Hoffsteen & Oosting will put in concrete. The road will be eighteen feet wide from the Eighth street pavement to the Vander Har corner and sixteen feet wide from there on to the so-called Zeeland road concrete.

Work on the paving of the park road was resumed Tuesday morning after a short cessation of operations. The contractors have been handicapped first by the slowness of material to arrive on the ground, and lately there has been a dearth of men to do the work. By reason of so many young men going to war, the road work has suffered. But unusual efforts were made to get the work under way again and Tuesday the men were hard at it. It is estimated that at the present rate the job will be finished within ten days. This will give a concrete road from Central Park to Virginia Park.

The remaining mile from Virginia Park to Macatwa will not be improved until the latter part of the summer, probably not until after the resort season has been closed. It will also be concreted, Park Township paying the bill, but conditions are such that it was found impossible to get it until the end of summer.

## FORDSON TRACTORS ARE DEMONSTRATED AT COOPERSVILLE

To encourage farmers to use tractors in their intensive war farming pursuits, A. E. Bonner of Coopersville, a representative of the Fordson Tractor Co., held a demonstration Saturday at the Wilbur Van Atter farm, one mile south of Coopersville at which 500 farmers attended.

Four tractors were used with Oliver attachments with which ten acres were worked in two hours. All the farmers were permitted to operate the tractors to demonstrate the ease of running. Miss Iva Taylor, daughter of Charles Taylor succeeded in turning a tractor twice around the field, altho she had never driven anything but an automobile before.

Five bankers were present at the exhibition at the end of which orders were taken for seven tractors.

## MICHIGAN GIVES 25 THOUSAND MEN IN NEW REGISTRATION

Nearly complete reports to Provost Marshal General Crowder's office show that 244,866 young Americans who have become of age during the past year registered for military service on June 5. This is 266,724 below the estimate of the census bureau, but since more than 260,000 registered 21-year-olds already are enlisted in the army, navy or marine corps, the military authorities find the result entirely satisfactory.

The 1918 registration totals by states include Mich., 25,799.

## FIRST EXAMINATIONS ON MONDAY NIGHT

The first examinations since the beginning of the course will be given Monday night to the students enrolled in the Union Teachers' Training Class which has been conducted during the past four or five months by Dr. J. E. Kuizenga. The examinations will be held at 7:30 in Semelink hall of the local seminary and it is expected that some forty or fifty members of the class will take the tests.

The Union Teachers' Training class has been unusually successful. It is an interdenominational class, men from nearly all the churches in the city being enrolled in it. The membership at present is 84. It is the largest class of its kind of which the teachers' department of the State Sunday School Teachers' association has any record. There may be a larger class but it is not likely that there is.

The course covers three years of study and meetings are held every Monday evening in the Third Reformed church.

## CHAS. P. LIMBERT CO. PUTTING IN A NEW DRY KILN

The Charles P. Limbert Co. is making extensive alterations to their dry kilns and when completed it will be practically a new one with a much greater capacity than heretofore.

Percy Reed is superintending the job and the kiln will be in shape within a few days in order to take care of the timber and lumber required to turn out work for Uncle Sam.

The Limbert company has received from the government a large war contract which takes in the making of parts for escort wagons for the army.

Some added machinery and large saws had to be installed to handle the heavy lumber and timber needed to take care of this new departure in the local furniture plant.

The contract is already partially completed and calls for a quarter of a million dollars in war supplies.

Mr. Percy Reed is right on his toes hustling the government work out with the greatest possible speed.

Mrs. M. C. Bazaar, Mrs. Paul Estelle and Mrs. Jay Simmons spent the day visiting friends at Camp Custer.

## PLAN TO BURN GERMAN BOOKS AT THE STAKE

A large public demonstration will be held at Zeeland Wednesday evening when the German books used in the Zeeland High school will be burned. At a recent meeting of the board of Education of the Zeeland high school German was tabooed and it was decided to substitute the study of French in the school curriculum.

It was further decided that the German books of which there are about four hundred copies should be publicly burned. So on Wednesday evening the students, faculty and citizens of Zeeland will see the end of German propaganda and Prussian Kultur in that city. Its death rattle has been repeatedly heard among the students and faculty members but the solar plexus that decided its fate was dealt by an unanimous vote of the school board last week. The funeral march of the Kaiser dictionaries and text books will not be to the tune of "Deutschland uber alles," but to the music of the "Star Spangled Banner" and other patriotic airs to be played by the Ottawa Band of Zeeland.

The band will head the parade in which the students will also participate. Superintendent W. L. Fuehrer plans to have the books drawn over the main street in a coffin. From Main street the parade will continue to the city park where the band will give a few selections and some speeches will be made. Then one of the high school students chosen by lot will kindle the pile of books which are branded "Made in Germany."

## ZEELAND SCHOOL TO GIVE A PROGRAM

The pupils of the Zeeland school for Christian instruction expect to close this semester with a sociable evening at the school next Wednesday, June 19. The schoolwork done in the various grades will be on exhibition from 7 until 10 p. m. At 7:30 the graduates will be given their diplomas in the general hall of the building. Immediately following this ceremony, the Willing Workers, a group of girl graduates of 1917-18 will place on sale in the hall of the first floor all articles they have sewed during this school year.

## ZEELAND HIGH TO GRADUATE FOURTEEN

The commencement week activities of the Zeeland High school was opened Sunday evening when the baccalaureate sermon will be delivered by Rev. Benjamin Hoffman at the Second Reformed church in Zeeland. The regular graduation exercises were held on Thursday evening, June 20, at the First Reformed church when diplomas will be handed out to the fourteen members of the graduating class.

In former years only the members of class participated in the program commencement evening but this year it was deemed best to secure some outside talent. Prof. B. Meinecke of Hope College will give a violin solo and Miss Henrietta Van Zee, a graduate of Hope College and Roscoe Page will give a few vocal selections. The Salutatory will be given by Jeanette Everts; class history by James Brummel and Mary Ver Lee; class prophecy Lloyd Heasley; reading, Anna De Haan; "Our Class," Henry DeVries; and Valedictory, Marvin Van Vessem. Supt. W. L. Fuehrer will present the graduates with their diplomas. The class colors are royal purple and ivory; class flower, salmon colored rose; class motto, "Over the Top."

## ZEELAND MILK SUPPLY GUARDED

The Zeeland health department has completed its task of testing the herds of cows which furnish the milk supply for Zeeland, with the result that only four were found affected with tuberculosis out of a total of nearly 160. This is a very good showing considering that three of the affected cows were found in one herd. Twelve of the herds were free of tuberculosis. Zeeland has made it a point to look after the purity of its milk supply with gratifying conditions as a result. The herds are tested annually for tuberculosis and when new herds are introduced they must be tested before the product can be sold there. The affected animals were turned over to the state authorities.

## BIG PAVILION AT SAUGATUCK TO OPEN

The Big Pavilion at Saugatuck, "the brightest spot on the Great Lakes" announces its grand opening for Wednesday evening, June 26. Barbino's eight-piece orchestra, which has been such a prime favorite of the pavilion patrons for several years, will be on hand for the season. The moving picture theater will be managed and booked by R. E. Unham of the Star Theater of Allegan.

## Public Auctions

Thursday, June 20, at 10 o'clock a public auction will be held on the farm of C. Klaassen, which is 1 1/2 miles east from the Tower clock.

Tuesday, July 2, at 2 o'clock p. m. a public auction will be held on the farm of Berend Kuylers, which is 1 1/4 miles west of Boreulo.

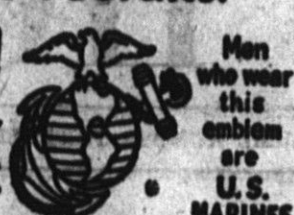

Raymond Hopkins left via Interurban for Ypsilanti Wednesday to visit his sister Prof. and Mrs. Mark Jefferson.

## BURN CHURCH AND SCHOOL OF REV. WEERSING

The sensational controversy between the congregation of the Rev. J. J. Weersing, formerly of East Holland, and the people of Peoria, Iowa, has resulted in a sensational climax, according to information received in a letter today to a Holland man. The letter was written by a former Holland man at Colfax, Iowa, and is to the effect that both the church of Rev. Weersing and the school for Christian instruction connected with that church have been completely destroyed by fire. The information in the letter is very meager, only the fact being given that the church and school have been burned. But the inference is that the fire was the result of incendiarism.

The letter is postmarked June 15 and was probably written on June 13. Being hastily written the date was omitted and it is not stated when the fire occurred, the information about it being contained in a brief postscript.

Rev. Weersing arrived in Zeeland the latter part of last week where he is visiting with relatives. Last Thursday the Sentinel told the story of how he had been arrested by the federal officials for safe keeping from the Peoria mob and how he had been asked to absent himself from the city until the passion of the people should have had time to cool.

His congregation claims that the passion of the people of Peoria is the result of jealousy aroused by the success of the Christian school, while the people of that city claim that the pastor and congregation are not loyal to the country in the war.

## COUNTY CLERK TAKES BRIDE AT GRAND HAVEN

The marriage of Miss Antoinette Juiistema, daughter of Mr. and Mrs. John Juiistema, to Orrie J. Sluiter was solemnized Wednesday evening at 8 o'clock at the home of the bride in Grand Haven. The service was held in the presence of the immediate relatives, thirty being present.

The ceremony was performed by the Rev. H. S. Juiistema of Fox Lake, Wis. the bride's uncle and Elmer Juiistema and Miss Ruth Juiistema were best man and maid of honor. Mrs. N. C. Sluiter presided at the piano and at 8 o'clock, to the strains of the Lohengrin Wedding March, the bridal party entered the parlor, where under a canopy of ferns, banked by the American flag, the words were spoken which made them man and wife.

The home was beautifully decorated for the occasion, crepe paper, ferns, smilax, carnations being used with pretty effect. After the ceremony a dainty luncheon was served. The bride was attired in a traveling suit of blue satin and wore a white crepe de chene hat. She carried a corsage bouquet of roses.

The bride who is one of the popular teachers in the Grand Haven public schools is a charming young woman. She has a very large circle of friends in Grand Haven. The groom is the clerk of Ottawa county, very well known in Ottawa county and in Holland as a young business man of much ability. He also has many personal friends.

Mr. and Mrs. Sluiter left immediately after the ceremony for a brief honeymoon trip. The groom, who recently joined the United States navy, will report shortly as a yeoman. His wife will remain in Grand Haven while he is serving his country with the colors.

## THIRTEEN GRADUATE AT SAUGATUCK

The Class of 1918 of Saugatuck High school is composed of 13 members. Frances Comey is the valedictorian and Margaret Seales the salutatorian. One member of the class, Winifred R. Sewers, died on March 17, 1917, just before the junior year was completed. At the beginning of this school year Principal Manley M. Ellis was called to the colors and Prof. Sidney P. Rose, who succeeded him as principal, has guided the class in its final year's work. The class night exercises were held at the Methodist church Wednesday evening and the Commencement exercises took place Friday evening at the same church. The class roll is composed of the following: Eva Ailing, Frances Comey, Leah and Leonard Durham, Gracia Eaton, Donald Falconer, Marguerite Heinen, Wright Lybarker, Claude McDonald, Irien Robinson, Madalene Seales, Lucile Todd.

William Schipper who completed his two years' course in manual training at the Kalamazoo Normal last winter and has since then been teaching in the Mt. Pleasant high school, has returned to Zeeland to spend the summer months at the home of his parents, Mr. and Mrs. John Schipper.

Henry Vrieling left Friday for the Mayo Brothers' Hospital at Rochester, Minn., for a diagnosis.

## UNIFORMS FOR BOYS ARE ALSO DECIDED ON

Following the example recently set by the committee in charge of deciding on the question of uniforms for Holland high school girls, the committee in charge of the proposal to clothe the boys in the high school in uniforms has decided on a design, and as a result both girls and boys next fall will wear uniforms.

The wearing of uniforms will however not be compulsory. The committee passed a motion to the effect that cadet uniforms be adopted and that the boys of the Senior, Junior and Sophomore classes be requested (not compelled) to buy them and that the matter be even more optional with the boys of the Freshmen class. The reason for practically leaving the Freshmen out of it is that most of the boys in that class still wear knickerbockers and also they are likely soon to outgrow any uniform made for them.

The uniform is to be made of the design of the regular West Point fatigue uniform. It is to be cadet blue. Although khaki was more popular, it was felt by the committee that khaki should not be used except by soldiers.

The price, including cap, coat and trousers, will be \$22. While this may seem high, it is pointed out by the committee that all suits have gone up in price and that another suit comes nearly to that much. The assurance is further given by those who claim to know that one uniform will outwear two ordinary suits.

The committee in charge of this matter was composed of the following: Mayor Bosch, Frank White, Dr. G. W. VanVerst, Supt. E. E. Fell and Prin. C. E. Drew.

## HOPE COLLEGE STUDENT GOES TO CAMP

Ralph Ten Have, son of Mr. and Mrs. Garret Ten Have of Zeeland left Thursday for Detroit and thence to the Great Lakes Training Station. Mr. Ten Have, who is a member of the Sophomore class at Hope College has volunteered his services to his country. He has a brother John, a former Hope student, who is stationed at Battle Creek.

## ARRESTED FOR TAK- ING SUGAR SACKS

Fred Kempker and George Ver Hage were arrested on the charge of taking sugar sacks from the Holland Sugar factory. One of them took about \$5 worth of the sacks it is charged, and the other about \$15 worth. The men were teamsters who did work at the place and they took the sacks while making the trips to the plant.

They were arraigned before Justice Kooyers and each was fined ten dollars and costs, making the bill for each \$13.45.

The sugar company has had a great deal of trouble the past few months with having things taken including sugar sacks, coal and other material. Finally the firm was compelled to resort to stringent measures to put a stop to it, and Kempker and VerHage were gathered in by the police as examples of what others who indulge in practices of this kind may expect.

## ALIEN FEMALES MUST REGISTER

Monday the registration of alien females began in Holland, Chief of Police Van Ry announced Saturday. All alien females of 14 years of age and over will have to present themselves to be registered. Those in the city of Holland will be required to call at police headquarters in the city hall where Chief Van Ry will be the registrar, and all those who live on the rural routes out of Holland must be registered at the Postoffice with Postmaster Van Eyck as the registration officer.

## THINGS LIVEN UP AT BLACK LAKE RESORTS

Macatawa Park is officially open for business although the season is as yet far from being in full swing. The Macatawa Park Hotel opened its doors on the 15th of June and it is being patronized by the early comers. The main body of people who spend their vacations at this hostelry however will not be here for some little time. But the opening of this hotel is looked upon as the official opening of the season.

All the other hotels at Macatawa are also open for business, some of them having done business for several weeks.

The cottagers, at least many of them are showing a disposition this year to come early. A rather unusually large number of them are occupying their summer homes and a big immigration of them is expected next week. This is the last week of school in most cities and many cottage owners usually wait until the week after school lets out so that their children can accompany them.

The hotels at several of the other Black Lake resorts will open a little later in the season, but by the first of July it is expected that all will be on the job for the summer.

James Price, architect from Grand Rapids was in the city Thursday.

## CROCKERY MAN IS FOUND GUILTY BY JUSTICE JURY

Charged with non-support Louis LeJuene of Crockery township was tried in Justice Dickinson's court in Grand Haven Saturday and found guilty by the jury. The court sentenced the defendant to spend sixty days in the county jail in addition to paying costs amounting to \$51.60 and putting up a surety bond guaranteeing the payment of \$4 per week to his wife for three months.

The defendant was represented by Walter I. Lillie and the case was prosecuted by Fred T. Miles, prosecutor. LeJuene was recently returned to this county from Detroit by the Sheriff upon a complaint charging him with non-support. Immediately after the sentence was imposed the attorney for the defense announced that an appeal would be taken.

## GRAND HAVEN HIGH SCHOOL HOLDS ANNUAL PICNIC AT FRUITPORT SATURDAY

The annual high school picnic was held at Fruitport Saturday and many students enjoyed the outing which has become a feature of commencement time. In former years it was the custom of the school to charter a Crosby steamer and hold the outing at Lake Michigan Park, near Muskegon. The absence of the Crosby line this year, however, made it necessary to change plans for this summer's picnic.

## HOPE GRADUATE GOES TO CAMP

Walter A. Scholten, a member of the class that graduated from Hope College on June 5, will go to Camp Funston, Kansas, on June 25. Mr. Scholten, who is spending some time at his home in Valley Springs, South Dakota, has received word from the government calling him into service.

While at college Mr. Scholten tried several times to get into the service, but he was rejected repeatedly because of poor eyes. About a month ago however he passed the necessary examinations.

## ADVISES GRADUATES TO GO "OVER THE TOP"

Commencement week of the Zeeland High school was ushered in Sunday evening with the baccalaureate sermon at the Second Reformed church. The fourteen members of the graduating class marched in led by two of the Junior boys. Rev. Benjamin Hoffman, who delivered the sermon told the graduates to follow their motto and go "over the top".

## LAKE STEAMERS NOW SHOW THEY ARE CONTROLLED BY U. S.

When the steamer Milwaukee of the Great Lakes Transit corporation arrived in Milwaukee early Tuesday morning the dock workers and the old sea dogs that watch the ships pass thru the bridges were startled to see the new inscription on the bow of the large package freighter. The seven freighters which were taken over for the Lake Michigan run are under orders of the U. S. Railroad Commission. The steamer Milwaukee of which Capt. Thomas Stevenson is master, was the first ship to have the inscription of the commission painted on its bow.

This means that the boats must all help to win the war and it also means that there will be no bridge hours for these big ships as they hurry in and out of the harbors of Great Lake ports.

William Potter, the genial mate of the Milwaukee, who is handy with the paint brush receives the honor for the artistic work performed in sketching the United States Commission emblem.

## WILL ENTER CHICAGO ENSIGN SCHOOL

John Diekema, Jr., and Percy J. Osborne are visiting their home in Holland awaiting a call to the ensign school in Chicago to which they have been awarded entrance by the government. Only college men are eligible for entrance to this school. The institution in Chicago is the only school of its kind where men can enter the ensign class and qualify for the United States navy.

## PASTOR'S HOUSE IS PAINTED YELLOW

The Sentinel is in receipt of a clipping from the Sioux Falls, S. D., Press, in which the story is told of the painting of the parsonage of the Lenox, S. D., Reformed church with yellow paint by a "vigilance committee" of Lenox. Rev. H. Huenemann, the pastor, the story says, persisted in preaching in the German language after the state council of national defense had passed a resolution forbidding the holding of church services in the German tongue. Other charges of his being unpatriotic were made against Rev. Huenemann and the members of the congregation were charged with being also unAmerican in their action. The pastor thus visited is known to a number in Holland.

# Real Patriotism Is Recognized By Its Results

There is a very significant difference between mouth patriots and heart patriots.

The loyal women of America are accomplishing a great deal by their unselfish devotion to the cause of Liberty through the use of wheat flour substitutes.

They have been inconvenienced and often put to their wit's ends to use substitutes with which they were not familiar, but they have used them intelligently and without complaint.

They have co-operated with the Food Administration to the best of their ability.

They have shown real patriotism which is producing real results for it is helping to feed and sustain the American Army and our Allies' Armies.

Of all the substitutes used probably none are better known than Corn Meal.

## Rowena Corn Meal

"It's Bolted and Sterilized"

is made particularly for home use.

It is manufactured from strictly No. 2 yellow kiln-dried corn and the meal is sterilized by us before packing.

Our process of manufacture and sterilization insures a thoroughly high grade quality in every respect.

It is ground just fine enough to mix well with flour but not too fine to interfere with its keeping sweet and cool.

Suggest you use this recipe for Corn Muffins and you will have better luck with Rowena Corn Meal.

### Corn Muffins

- 1 cup Rowena Corn Meal
- 1/2 cup Lily White Flour
- 3 teaspoons baking powder
- 1 teaspoon salt
- 1/4 cup molasses or
- 2 tablespoons sugar
- 1 cup milk
- 1 beaten egg
- 1 tablespoon melted butter

Sift the dry ingredients, mix the milk and molasses and add to the first mixture. Then stir in the beaten egg and melted butter. Bake about 25 minutes. This makes 12 muffins.

SHUR-ON EYEGLASS

## We Furnish Comfortable Glasses

GLASSES that fit perfectly, that rest easily and gently but firmly on your nose, that are adapted to your individual vision and face contour, are the kind we guarantee you'll receive if you favor us with your patronage.

No two noses are alike. The clip or frame just right for one nose might, and probably would be, just wrong for another.

It is our business to study the face and expression of each and every customer in order to provide the glasses or spectacles that will be least conspicuous—that will enhance, not mar, their personal appearance.

## We Positively Guarantee Right Glasses and Frames

Individual eye defects vary and naturally necessitate individual attention. We are extremely careful in this respect. Correctly focused glasses—the kind a painstaking and scientific examination proves should be worn, are the only kind we furnish.

## OPENS BRANCH TIRE HOUSE IN HOLLAND

One of the important changes of the past week in the motor car industry in Grand Rapids was the giving up of it local branch by the Republican Tire company and placing the agency for its tires with the Automobile Tire company, 447 Division avenue, S., Grand Rapids, which will act as Republic

tire distributors for Grand Rapids and western Michigan.

This announcement marks another step in the growth of a well-known local concern. Langerels & Son, who are now doing business under the name of Automobile Tire company are among the pioneer business firms of Grand Rapids having been engaged in business here for the past 27 years. Until less than a year ago they were engaged in the publishing business and importing of Holland books but the war put a big crimp in the book business so they entered the tire business in a modest way securing the agency for the Knight-Blackstone, the 9,000-mile tires.

Right from the start in their new venture proved a success. In fact this tire business grew so fast that it soon outdistanced the publishing business and they were buying

tires by the carload instead of only a few at a time, as at first.

The addition of Republic tires rounds out their line and enables them to supply every demand. Incidentally both these well known tires are now produced by the same company, the two factions having come under the same management some time ago.

In speaking of his success in the tire business, H. H. D. Langerels, Jr., founder of the company, states that in his opinion it is due to the honest quality of the goods he is selling and to the reputation of his company for fair dealing earned through their 25 years' of business life.

The Automobile Tire company will still farther enlarge its business by opening a branch store in Holland. This branch in charge of H. H. D. Langerels, Jr., will open for business this week and will be located at 80 E. 8th street. A full line of both Knight-Blackstone and Republic tires and tubes will be carried in stock at Holland as well as at their store in Grand Rapids. Their store in Holland will be located in the Slag-Zuidewind block near the Knickerbocker. G. B. Herald.

Three "bikes" that were stolen by young lads were recovered by the police. The boys were given a sound lecture by the chief of police and must report to him every Saturday for a month.

Marriage licenses have been issued in Muskegon to John Timmer, aged 23, of Muskegon and Ida Vandongen, 20, of Grand Haven. Also one to J. Earl Pratt, aged 41, of Muskegon to Viola G. Putnam, aged 35, of Grand Haven.

The Michigan Bulletin of Vital Statistics for April was issued by the department of state Friday. During the month there were 104 births in Ottawa County and 54 deaths; 67 births in Allegan county and 51 deaths. In the cities the figures were: Holland, 29 births and 15 deaths; Grand Haven, 12 births and 11 deaths; Allegan city, 3 births and 9 deaths.

No question about English becoming the universal language of the world following the war. While we are eliminating the German language from our schools over here our soldier boys are no doubt "murdering" the French language over there.

Quarantine has been raised by the Grand Haven health authorities on several patients who have been pronounced as recovered from small pox. Of these cases homes have been thoroughly fumigated and persons held within by the rules have been released. No new cases have been reported for several days and the authorities are hopeful that the disease has been definitely checked. Fortunately none of the thirteen cases reported resulted in death although some of the patients are said to have been seriously ill.

Never in the history of Holland were there so many flags displayed as Friday, Flag Day. There was scarcely a business place on the principal streets that did not have a flag showing and in some instances there were two and three flying from the same building.

If flag etiquette were to be strictly followed and every flag saluted the arms of the passerby would be going like a windmill and his exercises for the day would surely not have been neglected.

We saw a horse hitched on the west side of the post office building last Friday afternoon that had been shamefully whipped by some one. Its right side was covered with long ridges showing plainly every lash. We believe the person guilty of such a deed should have the same treatment. The rig on leaving town turned north at the old cider mill.—Fennville Herald.

## LIEUTENANT IS MARRIED TO LOCAL GIRL

At eight o'clock Tuesday evening, relatives and intimate friends assembled at the home of Mr. and Mrs. C. J. Lokker on West Eleventh street to witness the marriage of their daughter, Mary Christine, to Dr. William Manning Tappan, Lieutenant, United States Army.

The home was attractively decorated with a profusion of flowers. Yellow and white daisies were used in the library and white snapdragons and lighted candles beautified the dining room. Palms and bridal wreath were effectively combined with pink and white peonies in the banking of the fireplace in the living room, while two large silk flags appropriately stood sentinel on either side of this altar.

Before the ceremony Mr. Frank de Moen Kleinhekel sang "Beloved, It Is Morn." Following his beautiful rendition of this selection, a quartette composed of the Misses Evelyn De Vries, Janette Mulder, Evelyn Keppel and Florence Vennema and accompanied by Miss Marie Dykstra, sang "Lohengrin's Wedding March" to the strains of which the bride and bridegroom entered through an aisle made of white ribbons carried by Vernon and Myra Ten Cate, and John Lloyd and Helena Kollen, cousins of the bride. They were met at the altar by the Rev. John E. Kuizenga, who performed the ceremony. The single ring ceremony was used.

The bride wore a suit of turquoise blue Crepe Meteor and a black lace picture hat. She carried a bouquet of Ophelia roses and answanonia. Instead of the conventional black the bridegroom was in khaki. The Misses Helena Kollen and Myra Ten Cate wore beaded frocks of pink and blue chiffon and Vernon Ten Cate and John Lloyd Kollen were in white serge. The bride's mother wore a gown of black net and velvet and wore pink roses.

An informal reception followed, during which the bride and bridegroom received the good wishes and congratulations of the guests. Mr. and Mrs. George E. Kollen acted as Master and Mistress of Ceremonies. A delicious supper was served, Mrs. J. P. Ogge, Mrs. Daniel Ten Cate and Mrs. Clarence Lokker, presiding at the tables.

Mrs. Tappan has spent most of her life in Holland and is a graduate of Hope College, class of 1915. Dr. Tappan's home is in White Plains, Ga., and he is a graduate of the school of Medicine of the University of Michigan. He is at present stationed at Camp Dodge, Des Moines, Iowa, where after a few days in Holland, the young couple will make their home.

## DARING ESCAPE FRUSTRATED BY THE OTTAWA SHERIFF

SHERIFF DORNBOIS FINDS STAGE SET FOR JAIL DELIVERY AT THE COUNTY BASTILE

Heavy Plates Loosened in Ventilation Shaft; King and Lyons Plan The Coup

What promised to be the most sensational escape from the Ottawa County jail in many years failed to materialize Monday night because Sheriff C. J. Dornbos, discovered the plans of two of his prisoners in time to frustrate the attempt. Instead of gaining freedom the two men who had worked out the plot were locked safely in the cages and will be on their way soon to prison, where they have been sentenced to long terms of imprisonment.

The discovery of the escape plot and the breaking up of the plans by the sheriff, was the result of care exercised in keeping watch of the prisoners in the jail. Not only did the sheriff escape a jail delivery, but it has also been discovered that the men engaged in the escape plans had also arranged to assault Deputy Sheriff Peterson Saturday when he looked them in the upper cages. This plan also fell thru.

Daniel King, charged with the burglary of cottages on the lake shore, and Eugene Lyons a Holland lad, charged with violation of his parole were both confined in the upper cell block at the county jail along with other prisoners.

A few days ago Sheriff Dornbos making an inspection of the jail found that perforated plates at the base of an air shaft on the second floor had been tampered with. The bolts still held firmly however, and there did not seem to be any chance of them being loosened further.

Monday, however, he received a tip, the source of which he has not revealed, that King and Lyons were engaged in a plot to slip out of jail. Going into the upper cell block, the sheriff found the plates at the base of the air shaft had been completely loosened, and that all that was necessary was the removal of the plates which covered an opening into the shaft large enough to admit a man's body.

Once inside the shaft, the way to freedom was easy. The shaft leading to the roof of the jail, from which there are a number of ways to get to the ground. King admitted the plot to the sheriff when confronted and told the officer that the escaping pair intended to swing down from the roof on the north side of the jail building. "You are too careful, sheriff," King laughed good naturedly. "We would have been on our way tonight."

"I can't afford to let you get away after all the trouble I had landing you, King," said the sheriff.

"Oh, I don't blame you sheriff," said King.

King and Lyons, who were mixed up in the plot, were not depending upon only one means of exit from the jail, however. At the rear of the cell block there is another floor ventilator covered by a heavy plate. This plate is set firmly in the wall behind steam radiator. The pipe connected with the radiator had been broken and the coil moved out from the wall sufficiently to permit the plotters to dig at the heavy plate. They had along with the uncovering of the air shaft plot, it was also discovered that the men had planned to escape by a more desperate means, but for some reason they lacked the nerve to carry out the program. Watching their chance, when Deputy Sheriff Peterson was alone on duty at the jail Saturday night, they called for blankets after they had been locked in. The deputy went into the cell block and Lyons, who is the larger and heavier man of the two started a mix-up with the probable intention of drawing the deputy into it, thus affording King a chance to slug the officer leaving a free way out of the building.

A big iron bar had been secured for this purpose, it is alleged, and with this weapon the officer could be very quickly silenced. However Officer Peterson handled Lyons pretty vigorously and there was a fall down in the plans. Perhaps King lost his nerve about that time, fearing that he might either get the worst of the battle, or fearing the consequences if he failed. At any rate the assault was not pulled.

Sheriff Dornbos believes that the prisoners were also check-mated Sunday in an attempt to get away by a ruse accomplished by Mrs. Dornbos, the sheriff's wife. The officers were all called away from the building for a short time Sunday and Mrs. Dornbos, finding it necessary to go into the upper cell block for articles which had been left there, suspected that the pair confined there might make a break. As she entered the doorway of the corridor, she called down to her husband, who she pretended was in the office, and this convinced the prisoners that the officers were in the building. They therefore made no hostile moves against the wife of the sheriff, who in reality was alone in the building at the time.

Upon the discovery of the plots the prisoners admitted parts of the conclusions drawn by the sheriff as to their plans. They were taken into circuit court Tuesday afternoon, where Judge Cross gave King a term of from five to ten years in Jackson and Lyons a sentence of from one to five years at Ionia. They will be delivered to the prison as soon as possible, and it is needless to say they will be handcuffed to their custodians every minute of the journey. Sheriff Dornbos has given orders to his deputies to take no chances whatever with either of the men.

The M. E. church was filled to capacity Sunday morning when the baccalaureate sermon to the senior class of the Holland high school was delivered by Rev. J. F. Bowerman.

The class filed in led by class president, Teunis Den Uyl, and Miss Gertrude Kramer to the strains of the "Processional March" by Henry Parker. They were sixty-three in number. These were followed by the high school faculty and the Board of Education.

The choir rendered beautiful and impressive music, solo parts being taken by Walter Gunster, Martin Dykema, Dr. Walts Mrs. Walts, and Misses Ruth McClellan, Wright and Smith.

Rev. Bowerman's theme was, "The Empire of the Mind", and the text was from Phil. 4:8: "Think on These Things," the words of the Apostle Paul.

Mr. Bowerman said that God has given and endowed us with every necessary faculty and every power for great achievements. "God has given us the title deed to this kingdom but he has left it to you to enter in and possess the land."

Mr. Bowerman quoted George Knox when that worthy said concerning the mind, "Mind is the one indestructible agency that survives time. It cannot be weighed or measured. It out-reaches a million worlds. It is as limitless as the universe and as boundless as eternity. In a mere instant we can turn the mind back to the beginning of human history. That is but yesterday. Beyond the age of man it can go with as much ease—beyond the glacial period, beyond the age of mountains and hills, back a million years before the grass grew in the valleys or the waters found their way to the sea. Circumscribed by neither time nor space, its dwelling place is eternity and in a single moment of flight it can reach the most distant star, and then on and on and on and on. It builds every enterprise; accomplishes every purpose. With such an instrument at his command with such an agency to use, what can man not accomplish! What can man not achieve!"

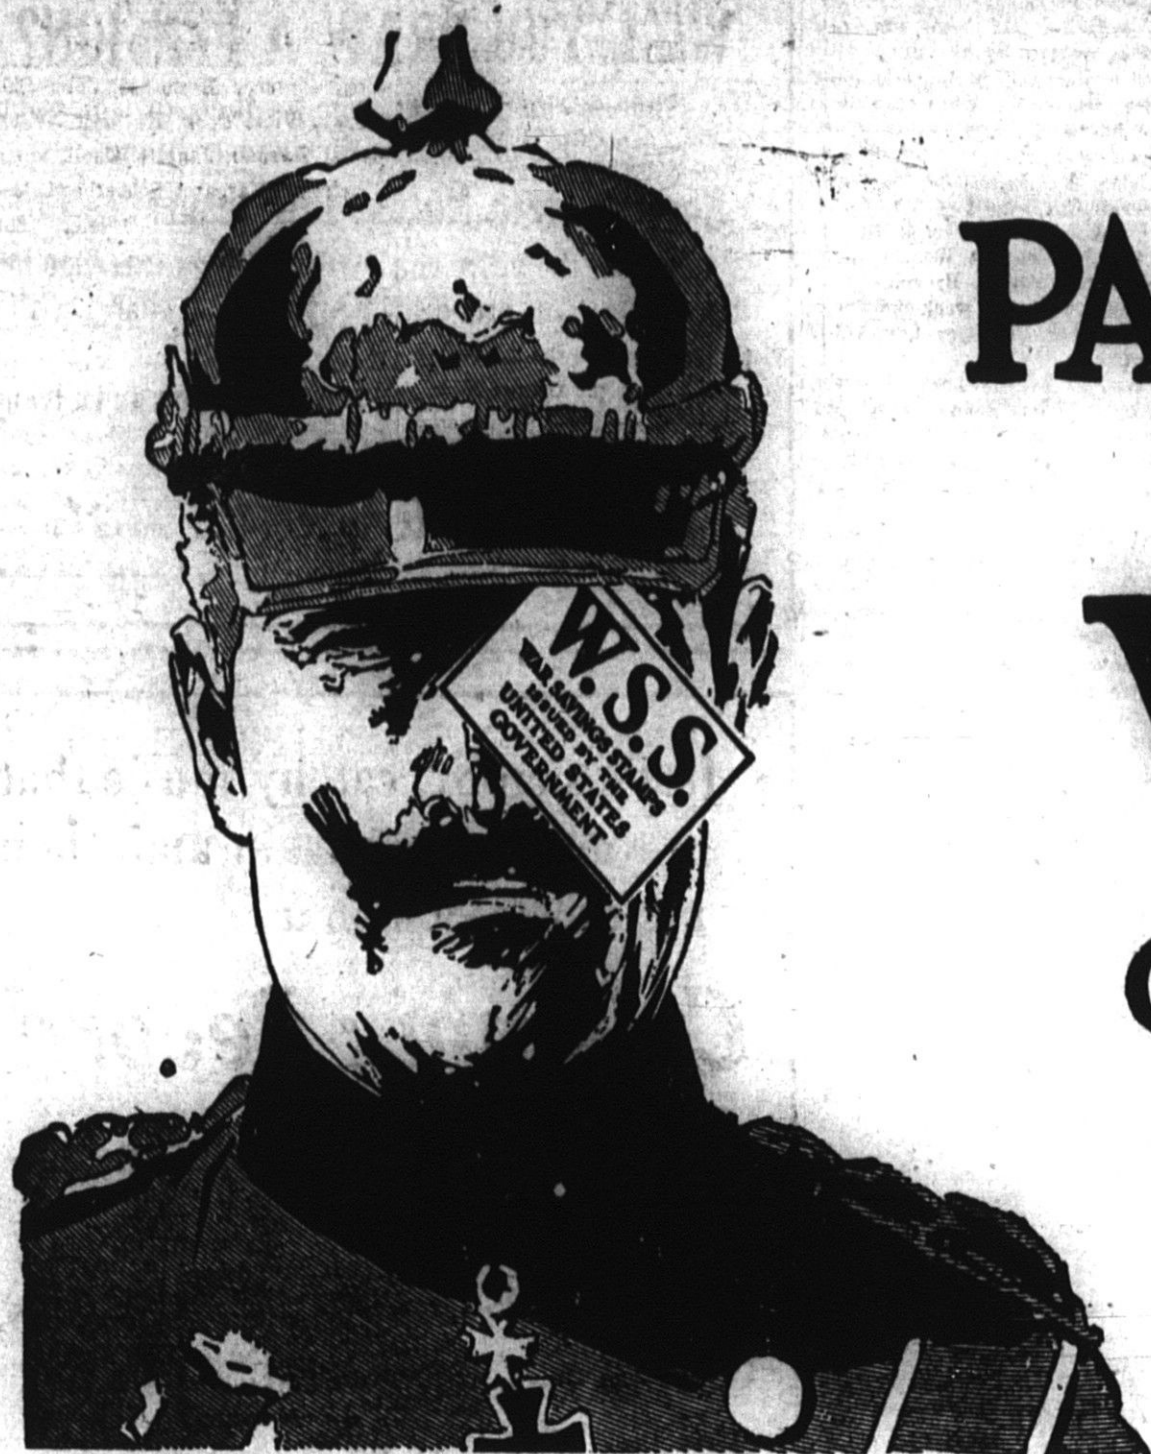

"Paul," said the speaker, "gave us the key to the kingdom of the mind—Think." Three things were given special stress by the preacher—think, think straight and think well. How we think determines what we do; what we think determines what we are. "The average American thinks only about 15 minutes per day after leaving school," the preacher stated. He lives on a low plane, lives on the lower nerve centers. Men who think low live on low planes.

Some people think to be religious is to be pious. This is not all but we should broaden our conception of religion to embrace every legitimate activity of man. Success in life is not determined by what we know, but ability to use knowledge. In the reconstruction period after the war men will be needed who can think.

Paul says: "To think on these things whatsoever or things are true, whatsoever things are pure, whatsoever things are lovely." The whole of man's relations after the war will undergo a change. Politics, capital and labor, society and the church will be united and stronger. Wrong thinking is responsible for more misery in this world than anything we can conceive of. Too many people are satisfied with a mere negative goodness. The main question is not, does a man have bad habits but the question is, does he have something positive in life?

The first business meeting of the biennial general synod of the Christian Reformed church was held in the new Calvin college building, Wednesday morning. Tuesday evening preceding, Rev. A. Keizer, president of the synod two years ago, preached the synodical sermon, and also presided as the executive officer at the initial business meeting. At this time the election of a president took place and the choice for this office, it is stated, will rest upon either Rev. Wm. Stuart of Gr. Rapids or Rev. I. Van Dellen of Denver, Colo. After the election of the president, vice presidents and temporary, as well as, state clerk, the regular business affairs of the synod will be taken up.

There are several matters of importance to be worked out by the synod. Among these are the adopting of a foreign mission field, the establishing of a publishing house for the church, and seminary at Grundy Center, Iowa. It is possible that steps will be taken for the gradual elimination of the Holland language from the church and the substitution of English. Among the younger members of the church there is a decided sentiment for this change.

SHIP SUNK BY  
DEWEY NOW  
IN HARBOR

Local people who wish to make the trip have the opportunity this week to see one of the United States training ships from the Great Lakes Training School. It arrived in harbor Sunday afternoon and is now anchored off Jenison Park. The ship is the "Isa de Luzon" and it has some interesting historical associations connected with it. It was one of the vessels of the Spanish fleet in Manila waters during the Spanish-American war in 1898. Dewey disabled and partly sunk the vessel in the famous battle of May 1st, 1898, and later it was raised and converted into a training ship, keeping however its Spanish name.

There are about 75 sailors on the boat who are being prepared by the government either to go over seas or to serve on United States gunboats in home waters. While it has not been definitely determined how long the vessel will stay here, some of the members of the crew said Monday night that very likely it would be at least a week. The boat is being painted while in the harbor here and that usually takes several days.

In the meanwhile the training of the sailors is going forward as usual. There is plenty of room on Black lake in which to engage in their usual maneuvers. It is expected that later in the week drills will also be held on shore.

The vessel is attracting a good deal of attention from the resorters at Macatawa and Jenison, and also from people who motor to the resorts.

Catch Eagle in a Rat Trap;  
Sells It for Fifty Cents

Old man Tuttle of West Olive, a few weeks ago, had seen a large American eagle hovering about his farm apparently foraging for food. The great national bird seemed reluctant to leave the vicinity so the old G. A. B. veteran set a trap to catch the eagle. He caught a few live sparrows tied them to a steel rat trap, placed the trap in such a way that nothing but the fluttering bird was visible. He did not have long to wait. High in the air he saw the big bird circling around and around. Its attention was soon attracted by the flapping fluttering bait and with one swoop he pounced upon the supposed prey. At the same instant the trap was sprung and Mr. Eagle was caught by one of its legs and all the clawing and flopping of wings could not shake the trap from the fastened claw. The eagle measured five feet from tip to tip of its wings.

By means of a rope and a noose, Mr. Tuttle was able to capture the eagle alive. Tuttle brought the bird to Holland but found a poor market for him. Eagles are expensive animals to support as they demand much meat as a diet and they don't have meatless days.

Chief Van Ry, however purchased the bird for 50c and for two weeks tried to feed it but the bird would not eat after it had been taken from its natural surroundings and consequently died.

Mr. Van Ry was trying to rear the bird and had offered it to the Park Board as an added attraction in Centennial Park.

This is of course out of the question now. Eagles are mighty scarce around Holland and only a few stray ones are seen in this vicinity these days. Not so long ago a flock of eagles nestled and reared young in the woods at Waukazoo, but with the advance of civilization in the form of hotels and cottages, the national bird has left its old abiding place for more quiet surroundings away from the prying eyes of resorters and hunters.

EAGLE STORY RE-  
CALLS PAST HISTORYEAGLES TREE AT WAUKAZOO  
A COMPASS FOR MARINERS

In speaking of eagles at Waukazoo related in a story in the News of Friday, Chief Van Ry also has a story from that locality. He says that in the dense woods there, there is a tree twenty feet higher than its fellows and the foliage at the top at a distance has the exact appearance and shape of an eagle. The tree is plainly visible from the bay. When the Chief was a captain he used this tree to steer by. He had found that if the tree was in a certain position with the boat in the channel and he invariably followed this course. Nearly every lake captain sailing his ship into Holland harbor knew of this fact and practically made this land-mark a compass that never failed them at this point in Black lake.

But because the form of the tree was shaped like an eagle this fact did not give it the name. The truth is that for many years two large old birds had a nest in the very top and reared several young from year to year. The custodian of Waukazoo listed this tree as a show place for the resorters, pointing out the forest monarch and telling them of the home and habits of the national bird, whose nesting place was in its branches.

Mr. Van Ry also told incidentally, how this same custodian of years ago had two fine old mounds handy, designated as the graves of Chief and Mrs. Waukazoo. Passing by the graves was the old French and Indian trail winding no one knows where.

WELFARE DRIVE  
IS NOW ON  
IN HOLLAND

The opening drive of the children's welfare will be the weighing and the measuring test. By this test it is proposed to ascertain the physical fitness of the nation's children of pre-school age. No such test has ever been made in this country.

This test is being carried on in Holland now under the direction of Mrs. J. P. Oggel, Mrs. W. Thomas, Mrs. J. A. Vander Veen and Mrs. A. Heuer. These ladies are assisted by ward chairmen:

First Ward—Mrs. H. Kleis; Second Ward, Miss Churchford; Third Ward—Mrs. Jane Boyd; Fourth Ward—Mrs. M. J. Cook; Fifth Ward—Mrs. Kooyers; Sixth Ward—Mrs. Albers. These ward chairmen appoint a sub-chairman for each block in her ward and every home is visited where there are children and appointment cards made out for each child to be registered. The mothers are responding very well and Monday afternoon eleven babies under three years of age were weighed and measured by Dr. B. B. Godfrey, who gave the whole afternoon to the work.

Two record cards are made out for each child, one to be given to the parents, and one to be sent to the Child's Welfare Bureau at Washington, D. C. The ladies of the Woman's Literary club and of the different churches are doing the clerical work.

This clinic is being held every day from 9 to 12 o'clock in the morning and from 2 to 5 o'clock in the afternoon at the Woman's Literary Club house, corner Tenth Street and Central avenue.

## HOLLAND BOYS PROMOTED

Washington, June 18—The war department gave out late Monday a list of flying students in French, British and Italian aviation camps given commissions by Gen. Pershing. A number of Michigan men were in the list.

All the students named were given commissions in the nonflying branch of the aviation section, signifying that they have completed the ground work for aviation. They will be transferred to the flying branch if they qualify later as flyers.

Aviation students from Michigan commissioned by Gen. Pershing in the nonflying branch of the aviation section after completing courses at aviation camps abroad include Ned Lacey and Mayo Hadden of Holland, both second lieutenants.

Ned Lacey is the son of Mr. and Mrs. G. A. Lacey, local photographer 19 East 8th street and is in Italy.

Mayo Hadden is the oldest son of Mr. and Mrs. Frank Hadden, 106 West 12th street and is in France.

PLAN TO RAISE  
\$225,000.00 IN  
HOLLAND

If the people of Holland have not purchased their full quota of War Savings Stamps, the campaign now on will make fully aware of the necessity of subscribing to the 1918 \$2,000,000, campaign, so that Holland, Ottawa county and the State of Michigan will go over the top as usual in all movements of this kind. The 1918 Apportionment for the city of Holland is \$250,000 which is on the basis of \$20 per capita. Of this amount only about ten per cent or \$25,000 has been subscribed.

The government authorities, thru their Ottawa County chairman, Rev. Bowerman, have asked that an intensive campaign be conducted, closing June 28th, in order to secure pledges for the entire amount unsold, viz: \$225,000.

Mr. Bowerman, in making his appointments of Campaign managers for the various districts, appointed Mr. Percy Ray manager for the city of Holland, and it is needless to say that if the War Cry "Buy War Saving Stamps" is not all ready ringing in your ears, that it will be during the next ten days and Holland will go over the top as usual.

The purchase of War Savings Stamps is not a child's game by any means, but stands equal to the Liberty Bond movement in every respect. The method of payments are easier and the only limit is that no person can buy over \$1,000 worth. The interest is good, the time of redemption near, and it is the safest investment that any one can possibly make. There are many people in the city of Holland that can and will buy the maximum; \$1,000 and many others will buy in smaller lots, from \$750 down to \$4.17, which is the June price for a \$5 stamp. Every man, woman and child in the city of Holland should buy their share. The average is \$20 per capita, to be purchased between now and the end of this year.

The popular saying at the beginning of the war "Do Your Bit" is obsolete. The War cry today is "Do Your Utmost and Do It Now" and the way to do it now is to buy your limit of Saving Stamps. To be ready when the solicitor calls on you, so that the entire city can be covered quickly and advantageously.

## COMMON COUNCIL

(Official)  
Holland, Mich., June 10, 1918  
The Common Council met in special session and was called to order by the Mayor.

Present: Mayor Bosch, Alds. Prins, Blue, Brieve, De Witt, Congleton, DeVries, Dykstra, Dobben, Lawrence, Brink, Vander List and Wiersema and the clerk.

Sheriff Dornbos and Deputy Peterson motored to Holland on a fishing trip Friday.

The Clerk reported that the meeting was called for the purpose of considering and taking action in the matter of impatience concerning the unpatriotic attitude and expression of Ald. Jake DeWitt of the Second Ward on a question having direct reference to Liberty Loan bonds and War Savings Stamps.

Alderman De Witt read a statement to the Council in behalf of himself.

The Clerk presented the following report signed by the Chief of the A. P. L. of Ottawa County:

To the Honorable Mayor and Common Council of the City of Holland.

Gentlemen:—  
Pursuant to your request that the American Protective League of the County of Ottawa submit to you their findings in the matter of Jacob DeWitt we beg leave to submit the following report:

Attached herewith is the statement which we have obtained from the said Jacob DeWitt explaining his attitude relative to the war and his ignorance of war conditions and war measures, as well as certain promises relatives to his future conduct.

In view of this statement we deem it highly inadvisable that a person of such qualifications be allowed to continue to act as an alderman in the city of Holland, and we recommend that his resignation as alderman be obtained by your honorable body. We consider also that the said Jacob DeWitt holds above his duties to the people of his ward his duties to the Socialist Party, and in view of this fact we recommend that he place on file with the Common Council of the City of Holland his resignation as such Alderman, to take effect at the pleasure of the council, which resignation is hereto attached, a similar resignation having been filed by the said Jacob De Witt with the Local Socialist Council, pursuant to the laws of the Socialist Party.

Respectfully submitted,  
Percy Ray, Chief A. P. L.  
Chief A. P. L. Ottawa Co.  
Ottawa County.

On motion of Ald. Wiersema,  
The report was filed, all voting aye.

The clerk presented the following affidavit signed by Ald. DeWitt:

STATE OF MICHIGAN,  
ss.—

County of Ottawa

Jacob De Witt, of the City of Holland, County of Ottawa, and State of Michigan, being duly sworn deposes and says: That when casting a negative vote on the motion, presented in the Holland City Council at their last meeting, to invest One Thousand Dollars (\$1000) of the sinking fund in War Savings Stamps, he voted without knowledge of what a sinking fund was, without a knowledge of what War Savings Stamps and War Savings Certificates were; that he had not made himself familiar with any of the patriotic movements, such as Liberty Bonds, War Savings Stamps and Certificates, Red Cross, Y. M. C. A., contributions or K. C. contributions, and did not know what any of these funds were for, how they were used, or of what value they were; further, that he has not attended any patriotic meetings of any kind that have been held within the city of Holland; that heretofore he has believed but very little of what was published in the public press regarding war conditions, and for that reason was woefully ignorant of the condition of affairs in this country, in France, and in Belgium; that recently he has commenced to believe some of the reports of the atrocities committed by the Imperial German government; that he has changed his mind in regard to the justice of this government entering into the war; that now he is desirous of doing all he can as an individual and as a representative of the people of the Second Ward of the City of Holland to support the Government in the successful prosecution of this war; that he will devote his time, energies and money when and wherever he can do so to support the government in the above cause; and that before again voting against any patriotic measure that may be presented to the Common Council of the city of Holland he will thoroughly inform himself so that there will be no opportunity to plead ignorance as a cause for such vote.

The above affidavit is made voluntarily, of my own free will and accord for the purpose of putting myself in the right light before the people of the City of Holland and the Department of Justice of the United States of America.

JAKE DE WITT.

On motion of Ald. Dykstra,  
The affidavit was filed, all voting aye.

Alderman DeWitt tendered his resignation as Alderman of the Second Ward to take immediate effect.

To the Honorable Mayor and Common Council of the City of Holland.

Gentlemen:—

I herewith tender my resignation as alderman from the Second Ward of the City of Holland, to take effect immediately.

Jake De Witt.

On motion of Ald. Prins,  
The resignation was accepted and ordered placed on file, all voting aye.

There being no objection on the part of the council, the Committee on Licenses to whom was referred the application of James Kotros for a license to operate a motion picture theater at No. 10 West Eighth street, reported that the proprietor desired to open his place of business to the public at once, and recommended that a license be granted him at the next regular meeting of the council, and that he be permitted to open his place for business, beginning June 11, 1918.

On motion of Ald. Wiersema,  
Resolved that it be the sense of the Common Council that a license be granted to said James Kotros at our next regular meeting.

On motion of Ald. Congleton.

Said resolution prevailed.

Resolved, that James Kotros be permitted to open his Theater for business beginning June 11, 1918, and until the Council takes final action granting a license for same, at its next regular meeting.

Carried.

Adjourned.

Richard Overweg,  
City Clerk.

Supt. R. B. Champion was in Grand Rapids on business Friday.

## DOUBLE FUNERAL TO BE HELD FOR G. H. COUPLE

Within a few hours following the announcement of the death of her husband, Jerry O'Brien, in the hospital at Escanaba, Mrs. Sarah O'Brien died Wednesday at her home, 323 North 2nd street, Grand Haven. Mrs. O'Brien had been ill for some time, and because of the condition of her health she was not told of the death of her husband, who died Monday. She knew that he was very ill but at the time of her passing she was not aware of his death.

Mr. O'Brien's remains arrived in Grand Haven Friday morning and the funeral services for both were held Saturday morning at 9 o'clock in St. Patrick's church, with Rev. Fr. Hyland in charge. Burial was in Lake Forest.

Mrs. O'Brien was born in the city of Dublin, Ireland, 74 years ago, but came to this country when a girl. She had been a resident of G. Haven for many years, where she had many friends. She is survived by her three daughters, Mrs. Bessie Bank of Grand Haven, Mrs. Allie Huff and Mrs. May William of Chicago.

## HOPE CHURCH CHOR ON A TEN DAYS' OUTING

Members of Hope church choir are enjoying a ten days' outing at the Pinta cottage at Macatawa. The use of the summer home was donated by Dr. J. O. Scott, who has also placed his auto at their disposal. Hope church is sparing no expense to give these faithful musicians a good time for a week. Mrs. Kuita has been installed as cook and Mrs. Adams as assistant cook, so good eats are always assured. Mrs. G. W. Browning has sent her beautiful Victrola down so there will be music aside from what the members of the choir furnish themselves.

Friday Mr. and Mrs. C. E. Westveld of Macatawa took the party out for a launch ride and luncheon with Professor J. B. Nykerk, master of ceremonies. Mrs. Paul P. Cheff and Mrs. Frank de Moea Kleinhekel are chaperoning the party.

## FRUIT BOAT IS OPERATING ON GRAND RIVER

The Grand Haven Fruit Growers Association has secured the river boat Little May, to handle the Grand River route during the present season, and the boat made her first trip Thursday. Hereafter until the end of the summer or as long as the farmers have produce to ship, the craft will make daily trips starting down from Bass river. When the traffic becomes heavier the Little May will take a scow to carry the fruit to the wharves at the Grand Haven port.

The fruit growers association has representatives on the other side of the lake who will receive the fruit up on its arrival and see that it is delivered at once to the commission houses, which have been selected to handle it. Fruit shipped recently by the ice car route to Milwaukee, is said to have brought better prices on the market than any of that which came in on that day.

The river boat will make all of the stops and landings on the way down from Bass River, calling everywhere on signal. All shipments will be accepted. The freight rate will be fixed at once by the board of directors, and it is likely that the rate for members of the association may be lower than the regular freight rate.

## D. A. R. CHAPTER HOLDS ITS CLOSING MEETING

The last meeting before the summer vacation of Elizabeth Schuyler Hamilton Chapter D. A. R. was held at the home of the regent, Mrs. W. J. Garrod, Thursday afternoon. The guest of the day was Miss Dawson of Allegan, who gave in a delightful manner, a review of the book "A Thin Volume." Although it is a thin volume it contains many lessons for everyday life and a story of war time, without which no book is complete these days. The music of the afternoon was furnished by Miss Gertrude Kramer who played two beautiful piano selections. The regent completed the program by reading "Your Flag and My Flag" and reminding the daughters to display the flag on Flag day.

Although the monthly meetings are over for the year, knitting and Red Cross work will be kept up during the summer.

## HOPE HAS FOUR FLYERS IN SERVICE

John Vander Broek of the Hope College Class of 1917 left for the U. S. School of Military Aeronautics at Urbana, Ill., on Friday. This makes four students of Hope College who are now at this school taking the twelve weeks course as future aviators for Uncle Sam. Bernard D. Hakken of the Junior Class left in April of this year, Harvey J. Ramaker, president of this year's Senior Class was called on May 24. Irwin J. Lubbers of 1917 went June 6. All report very enthusiastically of the government's equipment and methods and are anxious to qualify for a flight to Berlin.

Miss Alma De Young only daughter of James De Young of this city is the guest of Mr. and Mrs. DeYoung, 119 W. Eleventh street. Miss DeYoung is an accomplished instructor in music in Chicago.

Mrs. Fred Toerman and daughter Maggie and the Misses Hattie, Maggie and Minnie Tymes spent Friday visiting in Grand Rapids.

## KOOYERS NOT IN FAVOR OF NEW BUILDING

State Representative G. W. Kooyers today declared that if the opportunity were given him to vote on the question of erecting an \$800,000 office building in Lansing now at the expense of the people of the state he would unhesitatingly vote "no." The office building proposition has been under fire for some time, many newspapers and legislators declaring that the project should be postponed for the duration of the war. Recently the Grand Rapids Herald printed the opinions of a number of legislators who served in the 1917 legislature and their answers were almost solid against the building project at this time. Mr. Kooyers unhesitatingly placed himself along side of those when asked by the Sentinel how he stood on the matter.

"I was one of those who voted or the appropriation," said Mr. Kooyers. "I have no apology to make for voting that way. The office building is unquestionably needed. The state departments in Lansing are scattered in five different places throughout the city, besides those in the capitol building itself. No one can serve in Lansing a week without being convinced that the proposed office building is one of the state's great needs."

"But it isn't needed as urgently as one hundred per cent concentration on the war is needed. There isn't a man woman or child in Michigan, if really patriotic, who isn't doing without a great many things that are urgently needed. Everyone of us is devoting or should devote all our energies to the war. And I see no reason why the state shouldn't do the same thing. The appropriation was a perfectly legitimate one when made, but times have changed. At the time the Senate, where the bill originated, was unanimously in favor of it, and the House voted 67 to 12 in favor of it, showing that it was looked upon as without question a necessity. But I am convinced that a large majority of both Senate and House, if allowed to vote on it now, would vote to postpone the matter until the end of the war."

"Then there is of course the very important reason that to erect the building in time of war will cost about twice as much as it would in peace time. I would suggest that the building be erected at a cost within the estimated appropriation as was done with the present capitol building. But that can't be done if it is erected today. It is more likely to be several hundred thousands dollars on the other side of the ledger. The proposal to lay the foundation this year is ill advised I believe. What good will the foundation alone do? You can't conduct an office on a foundation."

"By all means the state government should wait with beginning the building operations—wait till the war is over. Then let the building be put up because it is certainly needed."

## ANNUAL RECEPTION OF W. C. T. U. IS HELD

The annual reception of the W. C. T. U. was held Friday afternoon in the parlors of Hope church. The program was a patriotic one and the decorations were of a patriotic character. Mrs. R. B. Champion presided and she gave a talk on the coming liquor fight in Michigan. Vernon Ten Cate, accompanied by Mrs. Carl Shaw, sang "We'll Never Let the Old Flag Fall." Four little girls gave a patriotic exercise, "The Power of Example." Miss Ruth Keppel, accompanied by Miss Imogene Dykema sang a solo with a flag drill by eight little girls. A reading was given by Miss Dean Weersing entitled "As the Fleet Goes By," Ruby Spears played a piano solo.

One of the features of the program was a playlet "Columbia's Appeal," in blank verse written by Mrs. Henry Van Ark. In this playlet Miss Columbia impersonated by Tena Holkeboer, tells of conditions that led up to the war and she appeals for help of the women of the country. This appeal is responded to by Virginia Van Verst in the costume of a Red Cross nurse, by Esther Prakken as a garden girl and by Katherine Prakken as a work-shop girl.

Mrs. Mills talked on the W. S. S. campaign and Mrs. DeMerell gave a talk on liberty bonds which have just arrived.

## FREIGHT INCREASE WILL BOOST PRICE OF COAL

The 25 per cent increase in the freight schedule will again hit Holland hard, and as a result coal prices will be given a material boost. An addition of 50 cents a ton on the \$3.90 anthracite coal price will be one of the immediate results; 40 cents will be added to the \$2.20 West Virginia coal rate, and a like sum will be added to the \$1.75 Indiana rate.

The 15 to 20 per cent per ton increase which went into effect May 1 last and the war revenue tax of 3% will also have a decided price boosting effect.

## HERE IS A GOOD WAY TO START A THRIFT STAMP BUYER

Percy Ray of the American Protective League received from New York this morning, a thrift stamp card containing one 25c thrift stamp securely pasted thereon. Also a letter from a business associate from that state asking him to fill out the rest of the card and to go to the Postoffice and buy five more cards and also fill them out. Percy is 35 cents to the good having followed out the instructions from his New York friend. This is a great deal of patriotic work going on in the eastern states along these lines.

## ALL PATRIOTS WORK, SAYS PRINCIPAL

In one of the closing talks given by Principal C. E. Drew to the members of the graduating class of Holland High school during the closing week of school he told them that they cannot lay claim to the name of true patriots the coming summer and next fall if they become idlers. The high school boy must do some productive work when out of school, according to Mr. Drew, or he cannot lay claim to being a true supporter of his country.

It is often the case that a high school boy is very much at sea on the day of graduation as to what he will do. Many of them of course plan to go to college or university in the fall, but there are others who have no definite plans either for the summer or for the coming fall.

But that attitude cannot be taken this year by true patriots, according to Prin. Drew's talk to his students. If the graduates have no plans they should either make them or else go to work anyway for the summer. No matter what the work is, whether it is dignified or not, so long as it is of a productive nature. Uncle Sam needs the work of everybody and the lazier this year is a slacker. While advising his students to enter college in the fall if possible, Mr. Drew emphasized the fact that the only alternative to going in for further study would be to work.

## NOW THE CHAIN LETTER TO STOP HUN

Below is a chain letter that is fettering the citizens of this nation in one bond of loyalty to country and flag and condemns every effort of the Hun to circulate poisonous virus of sedition and lies, or unwarranted statements of our soldiers, of our government and the Red Cross that have been proven too often to be untrue and absolutely without foundation. We would almost believe a man traitorous to entertain in thought for a moment these false stories. Anyway, the letter follows:

June 11, 1918.

Mr. Percy Ray,  
Holland, Mich.  
Friend Percy:—  
The false rumors and malicious stories constantly being circulated as facts discrediting our high officials, the Red Cross, the case and conduct of our troops, and the condition of our cantonments, etc., are German propaganda intended to create distrust and discontent among our people and to discourage those working for our country.

These stories are accepted as news and unfortunately are being given the widest circulation by patriotic Americans who do not realize they are aiding our enemies.

The Espionage Act provides punishment for those who "convey false reports or statements" concerning our government. Those who are fighting for us deserve the fullest measure of our loyalty and support, both in word and deed.

We have resolved to close our ears to all such stories and so discourage their circulation. Will you do the same?

Every loyal citizen should assist in stopping these malignant lies, so enlist your friends by mailing today three or more exact copies of this letter. Do not break the chain.

Your truly,

Chas. S. Bertsch.  
Most of the Holland citizens may not realize it but there is a propaganda going forth in this country. It is a German propaganda, and it is very prevalent and fervent in the east, more so than in the west and it goes much like this: "Did you know that Mr. So and So told me last night that Mrs. So and So said that Mr. So and So had been told by Mrs. So and So such a thing about the Red Cross? Of course I did not believe it but that is what he said."

Now that is nothing more than German propaganda. It is going to be stopped, not because of any authority exercised by the Red Cross, but because the public are going to demand that it must stop. Whatever else any body is going to do in this country, if the people know it, they are not going to contribute to German propaganda.

There is another criticism of the American Red Cross that is a thousand times more harmful and that also ought to be stopped, and the way to stop it is this: Somebody may say in very good faith that he is told such and such a thing is so. It is our duty to say to that person: "Do you know it is so? If you don't, stop repeating it until you find out, and if you find out that it is so write a letter to the Red Cross. They will thank you for your letter."

Don't make any mistake about it—the Red Cross not only permits but it urges criticism when it is constructive and honest. But this idle talk going on is harmful, and it must be stopped. We have an organization which is perfectly enormous. Six months ago we started with 200,000 members; today we have 6,000,000 members. We started with 200 chapters, today including branches and auxiliaries, we have 10,000 chapters. We have 10,000,000 women working for us in the country—all at the same salary. It is a voluntary organization, and we are getting on wonderfully. We have not 100 per cent efficiency, but if you people will see to it that the Red Cross is not criticized except constructively we will get the efficiency.

Miss Dena Graveland of Grand Rapids and formerly of Zeeland is spending a few days at the home of Miss Minnie Butler on West Main street.

Dr. A. J. Brouwer of Drenthe passed through the city Saturday morning on his way from Chicago.

## TEACHERS NOT TO REMAIN IDLE THIS SUMMER

Principal Charles E. Drew of Holland high school will not let any grass grow under his feet about getting to work after the present term of school lets out. The end of school work will come on Friday morning and on Friday night Mr. Drew will leave for New York to begin his summer's course at Columbia University. The local principal has spent several summers at Columbia putting in work for a Master's degree in education and he will continue his course for this the coming summer.

Mrs. Drew and children will leave at the same time for Denver, Colo., to spend the summer there.

A considerable number of the teachers of the schools will attend summer school. Several have decided to go to the university of Wisconsin, while others will go to other universities to store up more education and teaching inspiration for the next school year in Holland.

Superintendent E. E. Fell for the first time in several years will not go to New York city this year for work at Columbia. Mr. Fell finished his work for a degree there last summer. This summer he will go to Kalamazoo to teach six weeks in the Kalamazoo Normal school. The school term there will begin on June 24.

The teachers have been advising the students to work this summer, and they are practicing what they preach. Few of them will be idle the coming summer months, and the so-called vacation will not be a period of leisure but will merely mean a change of work for most of them.

## MAY FORM ANOTHER FIRST AID CLASS

The members of the Ladies First Aid class, some forty in number, have taken their examinations and are ready for work. There is some sentiment in the city for conducting another such class, a number of women being desirous to take the course.

A meeting has been called for three o'clock Friday afternoon in the office of Dr. A. Leenhouts. All those who wish to join such a class are requested to be present at this meeting, as on the attendance will depend whether or not a class will be started. If enough women respond a class will be organized. The course covers six weeks of work. Dr. Leenhouts is the instructor.

## NEW SYNOD PRESIDENT RETURNS TO HOLLAND

Dr. E. J. Blekkink, the new president of the general synod of the Reformed church in America, has returned from Asbury Park, N. J., where the synod was in session the past week. Dr. Blekkink presided over several of the meetings and during the coming year he will be the head of the denomination.

The selection of a western man for this important position is all the greater compliment to the man named because of the fact that the main body of the denomination's membership is in the East. There are three particular synods there to only one in this section of the country. For a number of years past the presidency of the synod has been held by an eastern man.

All the other delegates from Holland and vicinity have also returned home.

## WARNS AGAINST REV. NUE AGENT FRAUD

Internal Revenue Agent Thomas Keppel, Zeeland, who is spending some time in Holland going over income records of some local concerns has received word from his superiors in Detroit that attempts are being made by book agents to work a fraud in the name of the department. Persons selling a farmers' account book are using the name of "war income tax agent" in the attempt to force the sale of this book, and Mr. Keppel is warning people against them.

Mr. Keppel declares that taxpayers should assure themselves that persons seeking information regarding their income tax statements are authorized officers of the Treasury department. Any persons using the name of internal revenue officer in an attempt to sell something should be reported to the nearest revenue agent or collector for investigation. The penalty for impersonating a revenue officer with wrongful intent is a fine of not more than \$1,000 or imprisonment for not more than three years, or both. Arrests will be followed by vigorous prosecution.

Miss Alma De Young only daughter of James De Young of this city is the guest of Mr. and Mrs. DeYoung, 119 W. Eleventh street. Miss DeYoung is an accomplished instructor in music in Chicago.

## Wanted to See His Girl; Took a Leave of Absence

Clarence H. Meyerink, whose home is about two miles south of Graafschap wanted to see his girl once more before he was sent to France and so he took a leave of absence from Camp Custer on his own responsibility. So homesick did he become for his girl and his folks at home that he became desperate and didn't care what was done to him, if only he had first seen his people.

He tried to get a leave of absence but was refused. With a few others he then took French leave, going to Indiana where his girl was he took her with him home to his folks in Allegan county and visited with them, intending to go back to camp after that and give himself up to take his medicine. But the camp authorities wired to Chief of Police Van Ry to be on the lookout for Meyerink and the local officers picked him up and turned him over to the camp authorities. Yesterday Serg. Curtis of Camp Custer came to Holland to escort the man back to camp. The girl for whose sake the young soldier returned home stayed with him to the last moment, clinging to him as he boarded the train for camp.

## OFFICERS USE CARE IN TAKING THE MEN TO SERVE PRISON TERM

Daniel King and Eugene Lyons, the principals in the sensational jail breaking plot, which was discovered by the Sheriff Monday in time to prevent plans from being carried out were taken away Wednesday morning to serve their terms in prison. King who drew from five to ten years in Jackson was taken in charge of Deputy Sheriff West, who shackled his man to him and took no chances on any attempt of the prisoner to make a getaway. Lyons was taken to Ionia by Sheriff Dornbos to serve from one to five years in Ionia.

Lyons was sent over for stealing a bicycle from Holland.

## BANKERS OF LOWER OTTAWA COUNTY TO MEET FRIDAY

A meeting of all the directors of the different banking institutions of lower Ottawa county will be held in the City Hall Friday afternoon at 3 o'clock in order to consider the purchase of War Certificates which the government will issue soon.

Uncle Sam expects the banks of the nation, and that includes Ottawa county and Holland, to absorb the certificates up to at least 2 1/2% of their total assets.

The government expects that the banking house thruout the country will have done this before the next Liberty Loan drive for six billion dollars is launched in October. The meeting no doubt will be well attended by the influential financiers of lower Ottawa county.

## HOLLAND INDEPENDENTS TO LOSE BENNY BATEMA

## STRONG THIRD SACKER WILL GO TO THE WAR LATTER PART OF JUNE

The Holland Independents will cross bats with the Eagles of Grand Rapids Saturday afternoon at 3 o'clock on the College Campus. The visitors come with a strong team and a good reputation. Their lineup includes a few players who are well known to Holland fans as they played at Holland last year with the Zeeland Independents. Barrand who will probably do the twirling for the Eagles is a player of unusual ability and two years ago he pitched the Greulicks of Grand Rapids to a state championship.

Holland will present its strongest lineup of the season. Batema will appear for the last time in a Holland uniform in this game as he has been called to colors and leaves on the 26th. This undoubtedly strikes a hard blow as the midget third sacker has been a tower of strength and is now putting up a better brand of baseball than when the covered third for Holland in the state league. His loss will leave a big hole that will be hard to fill. Holland fans should be on hand to give Batema a rousing farewell and root for victory.

Dr. A. J. Brouwer of Drenthe passed through the city Saturday morning on his way from Chicago.

John F. Van Anrooy of Grand Haven was in town Friday.

## NEW ALDERMAN IS CHOSEN IN SECOND WARD

## ABEL SMEENGE SELECTED BY COUNCIL TO SUCCEED JAKE DE WITT

## Named on the First Ballot, Receiving Nine Out of Eleven Votes

Holland today has a new alderman. As predicted by the News a day or two ago, Abel Smeenge received almost the unanimous vote of the aldermen at their meeting last evening on the first ballot, and this was made unanimous by a second vote. The balloting did not take more than five minutes and was conducted without any discussion. A short recess was held earlier in the evening at which presumably the candidacy of Mr. Smeenge was discussed.

At least when the ballots were counted it was found that Mr. Abel Smeenge had received nine votes and Mr. J. J. Rutgers two.

Mr. Smeenge came near receiving the election at the hands of the voters of his ward and that fact was taken into consideration by the common council in choosing a successor to ex-alderman De Witt.

It was not decided definitely last night how long Mr. Smeenge's term of office is to be. The aldermen were not quite clear on the charter provision governing that matter and so they made the election "for the term as provided for by the charter." The charter holds that in case of vacancy the council is to select a man under the next general election, which would give Mr. Smeenge a one year term. And that will also mean that at the next general election the second ward will have to choose two aldermen at one time which is an unusual condition.

## Wants to Know About Rabbit Canning Factory Here

Is there a rabbit canning factory in Holland? It appears that one of the Detroit newspapers has written up such an institution in this city. Mayor Bosch received the following letter from Grand Haven and he is passing it on to the attention of the canners of bunnies in this city if there are such:

June 12, 1918

Mayor of Holland:—

Dear Sir:—Sorry to take up your valuable time but I saw a notice in a Detroit paper about your city having a rabbit canning factory and wanting members to contract to raise rabbits. We expect to raise the bunnies and would like to know more about it. If you will give the parties my address or send us their address you'll be doing me a great favor. Thanking you in advance, I am,

## TRUMAN H. NEWBERRY

A Worker

TRUMAN H. NEWBERRY is a worker,—always has been and always will be,—because he loves work.

As a lad he went out and joined a railroad construction gang and worked up to be passenger and freight agent of the road.

Later, he sailed the Lakes and worked his way to a pilot's license, which he holds to-day as one of his proudest possessions.

Afterward, he went into business life, where, by hard work, he made a name, and place for himself.

As Assistant Secretary of the Navy under President Roosevelt, he gave the closest attention to his duties and his good work advanced him to the position of Secretary of the Navy and a member of Roosevelt's Cabinet.
