POPULAR LOCAL GIRL IS GIVEN IN MARRIAGE MISS FRANCES MARIE BOSCH BECOMES BRIDE OF MR. ED- WARD JOHN YOEMAN

In the presence of hundreds of guests, in a church beautifully decorated with ferns, smilax and daisies, the marriage took place Wednesday evening at 7 o'clock at Hope church, of Miss Frances Marie Bosch, daughter of Mr. and Mrs. N. Bosch, and Mr. Edward John Yoeman, of Great Falls, Montana. While the guests assembled, Harris Meyer played the organ, and Miss Helene Van Raalte sang, "Oh, Promise Me" and "Oh, Perfect Love." After the ceremony she sang, "Beloved, It is Morn."

Miss Bosch entered the church on the arm of her father while Mr. Meyer played the wedding march. She wore a beautiful gown of white Duchess satin trimmed with pearls. Her veil was of Brussels net and was held in place with a coronet of pearls and orange blossoms. Her court train was edged with white georgette. She carried a shower bouquet of bride's roses and swansonia.

The maid of honor was the bride's sister Miss Colombe Bosch, who wore a gown of blue grau de laundre and silvercloth, trimmed with silver ribbons. She carried a bouquet of pink tea roses. The groom was escorted to the altar by a brother of the bride, Gerald J. Bosch.

The bridesmaids were Miss Grace Owen of Grand Rapids, Miss Grace Yoeman of Halstead, Kansas, Miss Nell Pelgrim, Miss Anna Kolyn, Miss Selma Landwehr and Miss Della Rospers of Holland. Their gowns were of organdie in rainbow shades and they wore picture hats to match. They carried bouquets of sweet peas, roses and swansonia.

The ring bearer was Master William Alan Wichers, little son of Professor and Mrs. Wynand Wichers. He gracefully carried the rings in a calla lily. The flower girls were Miss Donna Landwehr and Miss Leona Nystrom who were gowned in georgette, covered with lace and carried bouquets of roses and daisies. The ushers were Dr. Leon Cherest Bosch of Kansas City, Mo., brother of the bride, Arthur C. Cloetigh of Muskegon, Harold P. McLean, J. J. Riemersma, Edward Haan, and Edgar Landwehr of Holland.

The ceremony was performed before an altar of banked ferns, daisies and smilax. The form was read by Dr. J. E. Kuizenga, the double ring ceremony being used; and prayer was offered by Rev. P. P. Cheff.

After the ceremony at the church, a reception was given at the beautiful Bosch home on West Twelfth-st., the ideal evening conspiring with those in charge of the arrangements to make the event a memorable one. Mr. and Mrs. C. M. McLean acted as master and mistress of ceremonies. The decorations in the church were in charge of Mrs. A. H. Landwehr, and a committee, and the decorations in the house, which were of palms and daisies with a beautiful centerpiece of sweet peas and smilax were in charge of Mrs. Sears R. McLean and Mrs. A. L. Cappon. Miss Elda Van Putten was in charge of the dining room.

Mr. and Mrs. Yoeman left last night for a wedding trip thru the West. They will motor thru Kansas and Colorado and spend their honeymoon in the mountains. The bride wore a going-away gown of white poiret twill, with a white skirt and rose coat. She wore a white silk moire hat, trimmed with white daisies with yellow centers.

The bride is one of Holland's most popular young ladies. She is a graduate of Holland High, which institution she represented with signal success in oratory in several contests; she is also a graduate of Hope College.

In addition to serving with distinction as a teacher in Holland High school, she won wide recognition as a reader.

The groom, the less well known in Holland, has made many friends here during his visits to the city. He is a graduate of the University of Kansas, later winning his Master's degree from Yale. He served for nearly the whole period of the war in the United States Engineers' Division in France. He is employed in the government service in the U. S. Forestry Inspection Department at Great Falls, Montana.

Among the out of town guests at the wedding were: Dr. and Mrs. D. T. Vail and the Misses Charlotte and Della Vail of Cincinnati, Mrs. A. C. Smith of Chicago, Mrs. C. J. Yoeman and Mrs. L. Eldon of Halstead, Kansas, Mrs. S. K. Rogers, Evanston, Illinois and the following from Grand Rapids, Mr. and Mrs. G. Kuiper, Mr. and Mrs. D. Steketee, Mr. and Mrs. Sergeant, Mr. and Mrs. S. L. Sergeant, Miss Abby Sergeant, Mr. and Mrs. Edwin Owen, Mr. and Mrs.

WESTERN FOUNDRY OF CHICAGO TO MAKE HASTE SLOWLY

HAS PURCHASED SUPERIOR
FOUNDRY; WILL ENLARGE
LATER

For several months representatives of this paper have known that negotiations were pending by which the Western Foundry Co. of Chicago, a large iron industry had been negotiating to purchase the Superior Foundry of which A. Knooihuizen was the manager.

The closing of 9th street was subsequently published for four weeks, which was necessary before negotiations could be commenced.

This being completed, considerable property in the vicinity of the present foundry was purchased with the supposition that at some future date the land might be required.

That the deal was in progress was known quite generally, but this paper was asked repeatedly not to make the proposition public as the deal had not been signed up and any premature publicity might cause the matter to fall through.

Following its policy of the city's interests first and that of the newspaper secondary, the matter was kept on ice until it was ready to serve.

But in this particular instance the ice melted, and the item spoiled.

However we can now say that the project has gone thru, and that the company has already taken hold of the old Superior Foundry, but that the working force will not be enlarged immediately.

All the old men will be retained, who wish to stay, among them being John H. Glupker, who has been with the company since its inception. The foundry here will be a branch of the Chicago company and while at present the plant will continue to turn out castings as it has in the past, the officers are already shipping in new machinery and equipment for the making of small and exceptionally fine castings for which this firm has a great demand.

The buying of the plant here with several acres of ground surrounding it can mean only one thing, namely that the Western Foundry has an eye to the future when considerable expansion will be necessary here, and in that case the new company will not be cramped for room.

One of the representatives of Chicago, who was in Holland yesterday stated that this expansion would not take place immediately and that the company would not begin to enlarge until building conditions were such that construction could be done within reason and that present conditions make building prohibitive.

He stated that the plant would not be of a mushroom growth character, but that the expansion would be gradual.

Holland would not find itself hampered immediately because of the great influx of added labor, and while expert mechanics would soon come to the city, their coming would also be gradual.

The representative also pointed out that the Western Foundry would surely bring other industries to this city, for the reason that the small castings that are to be made here, are extensively used in other lines of trade, and in order to facilitate shipping and for the reason that castings could be quickly obtained, those small plants depending upon them would move to Holland for the reason that they could readily be accommodated when the new foundry gets well under way, and the fact that this city is connected with the boat line and in normal times with excellent railroad facilities as well, will also have considerable bearing upon the coming of these other plants.

From all appearances Holland's new foundry is going to make haste slowly, but substantially, and the ground work as we see it has the earmarks of a large industry of which the old Superior Foundry is to be the nucleus.

The Grand Haven Common Council last evening forbade any premature Independence day celebration. The action taken last night was called forth by the unusual amount and extreme premature celebration of the national holiday which has taken place this year. For a week past the youngsters of the city have been rushing the season on fire works and filling the city with noise until it resembled a young battle of the Marne.

Mrs. Charles Robinson of Racine, Wisconsin, who was in the city to attend the marriage of her daughter, Frances and Hector L. Grant, of Muskegon, which took place Saturday afternoon at the Presbyterian church, was guest of honor Wednesday evening at a party given by a number of her friends of the Methodist church. The affair took place at the home of Mr. and Mrs. Hans Dykhuus on 7th street. Mrs. Robinson was presented with a token by her friends.—G. H. Tribune.

Mr. and Mrs. Albert De Weerd are in Byron Center today attending the funeral of the father of Mr.

GRAND HAVEN PIANO CO., CAN'T SHIP CLOSE DOWN

HAS SEVEN HUNDRED PIANOS
IN STORAGE

The following item from the Grand Haven Tribune shows what way we're heading with our inadequate railroad facilities and constant strikes and labor difficulties that seem ever with us.

"Following out a policy adopted about two years ago the big plant of the Story & Clark Piano Co. in this city will close down on Thursday of this week in order that the annual inventory of stock may be taken. Succeeding the three days of inventory the plant will remain closed during the following week in order that the congested stock condition from which the factory has been suffering for some time may be alleviated to some extent.

"The policy of the management of the concern is conducting their inventory during the summer rather than during the winter has met with approval on the part of the employees of the factory. The policy as carried out gives the employees of the big shop the best time of the year in which to enjoy a little vacation, a vacation much needed by the workers this year because of the exceptional rush of work which has engulfed the plant for many months.

"This year the employees will have the benefit of an extended vacation for following the three-day inventory period the shop will remain closed for another week in order that some of the stock on hand may be disposed of. For several months the product of the local concern has been piling up on them in increasing amounts, until now there is no longer an inch of storage space left either in the factory nor about the city in which to place the pianos.

At the present time some 600 or 700 pianos are in storage in the city, unable to be shipped because of the lack of cars in which to place them. In addition to the scores of pianos stored in the factory itself, the management has found it necessary to hire storage space about the city in which to place their products. The old Arbeiter temple on First street is crowded to the eaves with pianos. The average daily output of the Story & Clark Co. is 60 pianos. For months it has been impossible to ship more than a part of this out."

"JOLLY FOUR" AND BAND TO MAKE MU- SIC IN THE PARK

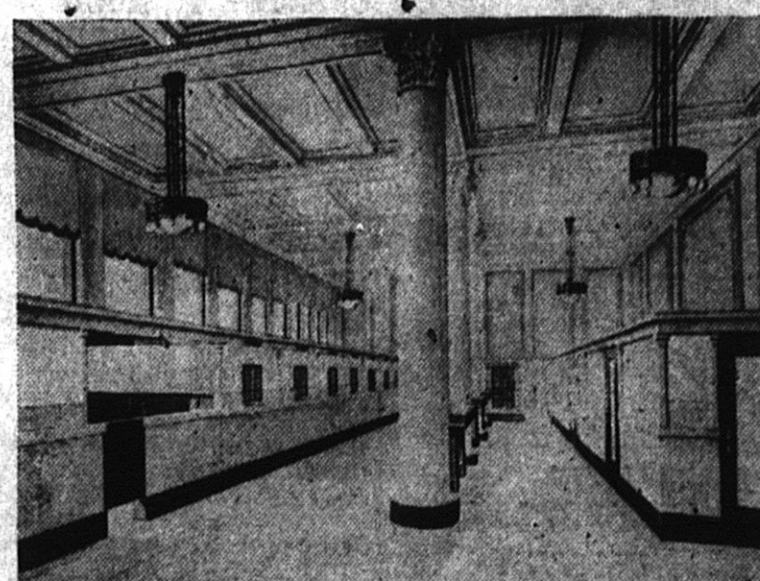

There is going to be a special program with the regular band concert Thursday evening at Centennial Park.

Bandmaster John Van Vyven of the American Legion Band has a program of exceptional merit.

The soldiers have been putting in some diligent study upon some very difficult selections and these will be among the numbers given on the program Thursday night.

Another feature aside from the band concert will be quartet selections given by the "Jolly Four". These four might also be called the four "T's". The warblers are John Ter Beek, Gerry Terbeek, John Ter Vree and Henry Top. The work of these young men is well known and Thursday night will find a substantial lot of numbers on the program selected from the repertoire of the "Jolly Four."

INTERIOR OF NEW HOLLAND CITY STATE BANK

Work at the Holland City State Bank has been progressing very slowly. The Cashier, Mr. Otto P. Kramer cannot give a definite date when the opening of the beautiful newly remodeled bank will take place.

When the project was undertaken late last summer the expectation was to occupy the new quarters at the time of the Michigan State Bankers convention, but it was apparent for some time that this could not be done.

The steel strike and the railroad strike brought the first delays in the bank construction and now we hear that the interior finishers, and workers in tile and marble have been out since last February and when this part of the work can be completed is a question.

Mr. Kramer hopes that by fall

BEGIN WORK ON NEW STRETCH OF CONCRETE ROAD

START TO LAY 4 1/2 MILES OF
HIGHWAY BETWEEN HOL-
LAND AND GRAND HAVEN

Work on four and one-half miles of road on the Harlem cut-off between Grand Haven and Holland has been begun by the contractors Oosting & Hofsteen who will handle the entire job. Only the first steps have been taken in the work, and activities for some time will be confined to grading the piece which before fall will add a fine stretch of concrete road to that which already runs between the county seat and Holland. The new bit of road will be part of the West Michigan Pike.

The contract for this stretch of road was let by the County Road Commission some time ago. The Holland firm found themselves up against the cement shortage proposition, however, and it looked for a time as though the work would not be completed at all this summer. By some tall hustling, however, the cement was only recently secured and with enough on hand to complete the entire job, it is hoped that the work will go forward without further interruptions.

Grand Haven motorists and all other car owners as well will be glad to learn that the last work on the new piece of concrete which has been in the process of construction on the Fruitport-Spring Lake road was completed today.

This new stretch extends from Welch's Crossing near the Country Club to the bridge over Petit's Bayou. While not a large amount, being less than a mile in length, the completion of the work will open the splendid drive around Spring Lake, which has been closed to motorists because of the building operations C. M. Blakeslee of Spring Lake built this piece of road. The road will remain closed about 20 days more to enable the newly laid concrete to properly harden before it is subjected to wear of traffic which will in all probability be run over it.

M. M. Buck, who for the past 11 months has been serving the county as engineer relinquishes the duties of his office. Mr. Buck will go to Muskegon where he will engage in engineering work for himself. He will, however, continue to make Grand Haven his home until he can find a residence in the city to the north. Mr. Buck has proved a valuable man and the county loses a good servant with his departure.

No successor to Mr. Buck has yet been named. It is expected that the Road Commissioners who meet at the court house in this city today will name a new county engineer.—G. H. Tribune.

Mr. and Mrs. Joseph Solo are enjoying a motor trip from Detroit to Holland where they will visit friends a short time.

Fred Beeuwkes and William Brouwer of the Jas. A. Brouwer Co. were taking in the Furniture Exhibit at Grand Rapids today.

William J. Olive was in Grand Rapids on business Thursday.

CHARMING WEDDING IN ZEEAND THURSDAY

Of interest to a large circle of friends in Holland as well as Zeeland was the marriage Thursday of Miss Margaret Den Herder, only daughter of Mr. and Mrs. C. J. Den Herder, to Dr. Otto Vander Velde of Detroit. The ceremony was performed by the Rev. B. Hoffman in the presence of a small company of immediate relatives. The bride was very beautiful in a wedding gown of white Brussels lace, with an afternoon veil caught with orange blossoms. She carried a lovely bridal bouquet of roses and sweet peas.

The tiny ring bearer was Miss Evelyn De Bruyn in a little frock of pink organdie and she carried the rings in a basket of sweet peas. The bride's mother wore white georgette and carried Aaron Ward roses. The wedding music was played by Miss Anna Kohn of Holland and just before the ceremony Mrs. Herbert S. Colth of River Forest, Ill., sang "Because" by Hardelot.

Following the ceremony Dr. and Mrs. Vander Velde left for an extended honeymoon trip thru Yellowstone Park and other western points of interest. The bride's going-away suit was of midnight blue embroidered tulle, with a close hat of Belgian blue tulle and flowers. The young couple will be at home to their host of friends after August first at the Stinson Apartments, Detroit, where Dr. Vander Velde, who has specialized in surgery is associated with Dr. Cassidy of that city.

The young couple's romance began in Holland, where the two were classmates at Hope College, and very popular with a large number of friends. Dr. Vander Velde will be remembered by many as "Ott" for he played for several seasons on Hope's champion basketball five. The bride has endeared herself to a large circle in this city as well as in Zeeland and has been the honor guest at a number of functions of late. Mrs. George Pelgrim gave a charming luncheon, and Mrs. Jay Den Herder entertained at a lovely breakfast. The Misses Della Hoppers and Elda Van Putten entertained with a luncheon at the Leland tea room, Saugatuck.

SUBMITS TO OPERATION FOR APPENDICITIS

Miss Esther Mulder, daughter of Mr. and Mrs. J. B. Mulder, East 14th street was suddenly taken ill with appendicitis Thursday and Friday. It was deemed necessary to operate. She submitted to the operation at 1 o'clock Thursday night. Dr. Winters doing the work at Holland Hospital. doing the work at the Holland hospital. he is recovering nicely.

FINE PROGRAM IS GIVEN BY PUPILS

A number of ladies were entertained Wednesday afternoon at the home of Mrs. Robbins, 93 W. 14th street, when a recital was given by her piano pupils. Since organizing her classes a few years ago, Mrs. Robbins has been one of the city's most successful and popular teachers of piano. Her pupils showed splendid training in their fine interpretation and techniques. The following programme was presented: "The Myrtles," (Paul Wachs) Misses Donna Landwehr and Leona Nyström; "Morning Bells,"—"Ship A. Hoy," Master Edgar Landwehr; "Fire-Fly Chase" (Strembles) "The Butterflies," (Reinhold) Miss Gertrude Haveman; "Tick Tock," (Blanch Dingley Matthews) Master Charles McLean; "The Minuet of the Premier," (Heller)—"The Distant Camp," (Reinhold) Miss Leona Nyström; "The Holiday," (Baumfeld); "The Goliwog," (Gabriel Hines) Master Richard Robbins; "Rondo," (Beethoven) Miss Mary Pieters; "The Lark," (Tchaikovsky) Kenneth Parrish; "Birds," (Grieg) "Tarentelle," (Heller) Miss May Hadden; "Gavotte," (Bach), Miss Harriet Vanden Bos.

\$100,000 ROAD BOND ISSUE IS APPROVED

The \$100,000 bond issue for good roads was carried by nearly two thirds majority at a special election held in Fillmore township. The vote was 130 to 80. The money will be used toward building and improving roads and repairing and building bridges. Among the first improvements contemplated will be the "bee line" to Hamilton.

AGED ZEELAND RESIDENT PASSES

After an illness of some 2 months duration during which time he gradually became weaker, David Bolter, died at his home in Zeeland at the age of nearly 73 years old. Mr. Bolter was born in the Netherlands and came to America with his wife and family about 30 years ago. They then located in Zeeland and have made that their home town since. The funeral was held on Wednesday afternoon, and interment was made in Zeeland cemetery. He is survived by his wife, three sons and four daughters.

HOLLAND MAN IS MARRIED AT KALAMAZOO

Miss Eugenia Alton of Kalamazoo and Mr. Edward P. Sooter of this city were married on Wednesday morning at the residence in Grand Rapids of Rev. King Beach. They were attended by Miss Alpha Alton of Akron, O., and Otto Huntley of this city. Mr. and Mrs. Sooter will be at home during the summer

LOCAL POST WANTS MONEY SPENT FOR SOLDIER RELIEF

The Willard G. Leenhouts Post of the American Legion wants the \$200,000 still in the Michigan "War Chest" to be expended for soldier relief and not for any "state survey" or any other fancy schemes that somebody far away from the state may concoct. This was made plain Wednesday afternoon when a hurlyburly was sent for a meeting of the executive committee to consider the matter. The question demanded haste, and the Commander had no time to call a meeting of the Post, so the executive committee took action.

A telegram was sent to the Michigan Community Service at Grand Rapids urging them to appropriate the money for relief purposes to take the form of a tuberculosis sanatorium for Michigan ex-service men. The executive committee felt that the money had been collected for soldier relief purposes and that it should be expended for those purposes or otherwise refunded to the people who contributed it.

This action was taken by the local post because it became known a few days ago that plans were on foot to expend the money contributed during the war by the people of Michigan for a so-called state "survey" and for scholarships, using \$75,000 for the former and \$125,000 for the latter. The local Post believes that it would be dishonest to use this money. The executive committee felt that in its telegram it was expressing the sentiment of the service men here for whom part of the money was given as well as of the people who gave their share of the funds.

The present tuberculosis hospital facilities in Michigan are wholly inadequate to take care of Michigan ex-service men. A great many Michigan men had to be sent out of the

HOLLAND BOY GOES TO ALASKA

Charles Japenga, son of Mr. and Mrs. Abe Japenga of Grand Rapids formerly of this city has answered the call of the wild and has gone to Alaska, where he expects to remain for two or three years. Young Japenga was born and reared in this city and during the war he entered the army and went abroad. At the close of the war he became restless and staying in one place did not appeal to him. So he took ship and went to Alaska, where he is now staying, his address being Anchorage, Alaska.

In a letter to his relatives here he tells of the whales and sharks, he saw on the ocean trip and of the experiences he is having in the north country. During the coming winter he expects to go on a trapping trip into the mountains, which trip will last from September to July.

OVERISEL MAN WEDS ZEELAND GIRL

A wedding ceremony which united in bonds of holy matrimony Miss Alice Van Dragt and Mr. Willis G. Hulsman, took place on Thursday afternoon at 5 o'clock at the home of the bride's mother, Mrs. H. Van Dragt in Zeeland.

Miss Van Dragt is one of Zeeland's well known young ladies. The groom is the son of Mr. and Mrs. J. H. Hulsman of Overisel and proprietor of an extensive business in hardware at Overisel.

The ceremony was performed by Rev. H. Harmeling. The young couple will be at home to their friends after August first.

DRENTHE TO HOLD BIG CELEBRATION

The village of Drenthe will hold a Fourth of July celebration on July 5. A crowd, a program, and amusements will be the features of the celebration to be given in Doezeman's Grove on July 5th.

Programs begin at 1 P. M. and 7:30 P. M. The orators for the day will be Dr. B. Masselink of Grand Rapids, Rev. W. Vander Werp of Drenthe, and Rev. G. Vande Linden of Forest Grove. Following the program, contests of all kinds will be held and a ball game will be played by the Hamilton and Drenthe teams. Music for the day will be furnished by the Hamilton Band.

SPEEDER ARRESTED TWICE SAME DAY

He speeded in Holland, was arrested, left a forfeit to appear in court, and then went right on speeding, was arrested again and landed in jail. That is the rather exciting history of one G. R. Pennington of Cleveland an engineer in the ordinance department of the army.

Pennington was nabbed Friday afternoon by Speed Cop Bontekoe for speeding on 16th street. He was going 30 miles an hour. He left a ten dollar forfeit with Chief of Police Van Ry to appear in court in Holland Saturday morning and was allowed to go out of town.

Later in the afternoon he was arrested by Kent County officers for driving his car at 40 miles an hour on the Grandville road. They landed their man in jail, and hence he did not appear in the Holland court this morning, forfeiting there by his ten dollars.

MARIGOLD LODGE HAS A LUNG MOTOR

The death by drowning of a Holland youth on Wednesday afternoon has once more called attention to the fact that there is a lungmotor stationed at Marigold Lodge as well as at the police headquarters in this city. The Gold family at the Lodge are anxious that the fact shall be widely known so that the lungmotor may be used in case of emergency. It is very likely that sometime a lake tragedy might occur much nearer the Lodge longmotor than the one in the city. In that case all people are invited to use the one at the Lodge. It may mean the difference between saving a life and a tragedy.

It is announced at the Lodge that the lungmotor there can always be secured quickest if it is telephoned for. When wanted in an emergency, it will be rushed to the spot. The telephone number is 4122.

BOYS CAMP TO BE CONDUCTED NEAR GANGES

From fifty to sixty-five Holland boys between the ages of 12 and 16 will be engaged in fruit picking in Ganges fruit section the coming summer. The work of enlisting the boys and securing the place for them is under the direction of the Boy Scout organization. Arrangements have been made with two or three large growers near Ganges to take of about 65 boys and the committee has the names of about that many boys on its list. If there should however be others who wish to go in on this, they are asked to leave their names with Dr. Leenhouts or Wm. Vander Ven. In case some boys drop out there will be opportunity for others to be placed.

The boys will live in a camp under proper supervision. One of the growers will provide quarters in a large building supplemented by tents. Prof. Egbert Winter of Hope College has been secured as the supervisor of the boys. He will look out for their welfare and will be responsible to the growers for the boys as well as to the parents. A cook is to be hired who will prepare their meals. The boys will sleep on cots to be provided by the growers. They will have to take their own blankets and pillows, and also their own dishes.

It will in a way be a summer's outing for the boys, as in addition to work certain periods will be given to play. And they will live in the manner of a regular recreational summer camp. The work they will do will be paid for by the pound of fruit picked and it is estimated that they can earn from \$2.00 to \$3 a day.

Owing to the cool weather, the camp will probably not be started until a week from Monday. All the boys on the list will receive a card next week stating when they will have to go and where.

JOHNNY LEVAN STILL DOING GOOD WORK WITH STICK

The sensational work with the bat by Johnny Levan of the St. Louis Cardinals, former Hope College and Michigan State League star, has been a formidable factor in the recent spurt of the Cards which has brot the Rickey clan within nine points of first place in the race for the National League flag. Levan is now batting at a .292 clip and is also developing ability in poling out long drives. Yesterday he figured with a three-bagger, and from accounts by the St. Louis scribes it is inferred that the little shortstop is bound to keep up his present pace.

In case the Cardinals should beat out the World's champions from Cincinnati there will be an added interest in the world series in Michigan, three members of the team having formerly figured in Wolverine baseball circles. Levan, Manager Rickey and "Mike" Knode, the brilliant university star who recently joined the squad.

BIBLE CLASS HOLDS PARTY ON THE BEACH

The Men's Bible Class of the 14th Street Christian Reformed church enjoyed an outing Monday night at the cottage of their teacher, Mr. A. Peters at Tennessee Beach. The class has just closed its first year under the leadership of Mr. Peters. The class roll numbers 35, and these and their wives took part in the picnic, driving to the beach in autos. Four large tables were well spread for the occasion.

A feature of the entertainment was a baseball game between Geo. Tinnholt's Stars and Ed Heeringa's Greenbacks. They played to a nine inning tie of 19 to 19. In the extra inning the Greenbacks came out ahead, the final score being 21 to 19. The victory was due to good base running by C. Dornbos, hitting by Henry Venhuizen and good short stop work by Ben and John Lampen. The evening closed with a delightful bonfire party on the beach.

MRS. NATHANIEL ROBBINS DIES AFTER OPERATION

Mrs. Nathaniel Robbins, who died at Mayo Bros. hospital in Rochester, Minn., following an operation, was born in Spring Lake 54 years ago. She was the only daughter of the late Hunter Savidge, pioneer lumber man and was the sister of the late William Savidge, at one time state senator. Mrs. Robbins was known for her benevolent works, among which was to build a paved way thru Spring Lake in memory of her brother Wm. Savidge.

Mrs. Robbins is survived by her husband and two sons, Hunter S. and Nathaniel, Jr., and her mother Mrs. Sarah C. Savidge, of Spring Lake.

LOCAL MAN'S CAR GOES IN DITCH NEAR BORCULO

The new Oldsmobile driven by B. A. Mulder went into an eight foot ditch one mile south of Borculo.

Mr. Mulder was taking his brother J. B. Mulder to Blodgett Hospital because of a phone call received giving the information that Mrs. Mulder, who is confined there was in a serious condition.

When on the Borculo road, a business man from Grand Rapids was also bowling in the same direction toward the furniture city. The driver in the Mulder car blew for passage. The driver in the Grand Rapids car did give "gang way", but as the Mulder car came up the driver turned directly in front of the on-coming Mulder car. There were only two things to do, collision with the car ahead or chance the ditch. The driver in the Mulder car tried the latter, steered straight for drain, jumped it, with the car settling on all fours in the mud. A fender was slightly bent, a wheel was dished, and a hole in the radiator was the result of the impact. No one was hurt in the Mulder car, and two minutes after the accident J. B. Mulder was being driven to the hospital by the Grand Rapids man, who was responsible.

The Grand Rapids man was very nice about the affair, giving his card stating that he would take the matter up with the owner of the local car immediately.

CHILDREN PLAY WITH BODY OF DEAD MONKEY

Police officers with Police Magistrate Jerome E. Turner chased about Muskegon docks Sunday on a report that the body of a baby had been found in Muskegon lake near the Crosby docks. Both county coroners were out of the city and the police judge was hauled about by the police to act as coroner.

After visiting a number of docks they came to the old Crosby boat landing and found some children playing with the body upon the beach.

Close inspection revealed the body as that of a small monkey.

JUDGE BUSY WITH ALLEGAN COUNTY CASES

Frank Jennings, of Allegan, who was last week arrested for deserting his wife and who was bound over to the circuit court, entered a plea of guilty before Judge Cross. The judge will investigate the case before pronouncing sentence. Similarly Verner Goucher of Hopkins was arraigned in court for non-payment of alimony. He was committed to jail in default of \$185.55 and later furnished a bond that he would meet the requirements of the court. Divorces were granted Harriet from Burton Harrington, Thelma from Leo Knickerbocker, and Sarah from Ernest McWilliams last Wednesday. Testimony was taken in the injunction proceedings of George J. Sewers and others against John J. Hacklander and others. This is the case growing out of the hunting of muskrats along the river near Saugatuck, the plaintiffs seeking to establish the right to hunt on land which the water covers in certain seasons of the year and which the defendants claim is theirs.

TO HELP MEMBERS GET VICTORY MEDALS

An interesting suit was on trial be Willard G. Leenhouts Post of the American Legion to secure Victory Medals for the members of the Post on a wholesale scale instead of having each member secure his medal individually. By having the matter taken care of by the Post, the service man will avoid sending his discharge papers through the mail, which is always more or less dangerous.

The applications for Victory Medals must be sent to Major McCoy of Grand Rapids. Every service man in the army, navy, marine corps and all army nurses are entitled to the medals. There will be a silver star for every citation and a battle clasp for every campaign or occupation of a defensive sector. The first Victory medal issued by War Department has been conferred upon President Wilson.

He took him to headquarters and he was arraigned before Justice Van Schelven.

Mulder is one of the polite sort of Hollanders who salutes and takes off his hat on the least provocation.

When he was asked by the judge why he had stolen the flowers he saluted and said, "Ja! ik wilde maar een ruikertje hebben voor mijne dochter."

The judge then said, "Ik zal je een ruikertje geven." fifteen "ruikertjes," fifteen dollars.

The man cheerfully paid for his bouquet, saluted and walked away. Mr. Vauschelven stated: "I gave this man a heavy fine because the parks have been literally robbed of flowers, and no one has ever been punished for it. Even the grave yard has not been left untouched."

This is the first arrest, and I am bound to make example of this or any other man who comes before me. These parks and the flowers in them belong to the public and that property must be protected the same as private property."

ADOO TO END

McAdoo for president despite the latter's refusal to run. Mr. Misner departed for the trip to Frisco Thursday night, and in Chicago will join the rest of the Michigan delegation for the coast.

MULDER STEALS ARRESTED ON MORNING AFTER HIS WEDDING

Married at night and arrested early the next morning was the unique experience of Albert P. Kleis of this city. Kleis was wedded on Thursday night to Mrs. Thos. Tasker, the ceremony being performed by Rev. James Wayer at the parsonage of the First Reformed church. According to some of those who were implicated in his arrest, he tried to make the marriage a surprise affair and have it over with before anyone got wind of it.

But a number of men learned of the affair in time and they began trailing the auto of the newly married couple about the city. To get away Kleis stepped on the accelerator rather hard so that he broke the speed limit. Also, he had taken the precaution of disconnecting the taillight so that he could not be followed so easily.

The trailers thereupon concocted a scheme by which a mock arrest was provided. Kleis was halted before Justice Den Herder and pleaded guilty to breaking the speed law as well as the law regarding tail lights. The justice thereupon sentenced him to provide cigars for the crowd taking the trouble to trail and get the goods on him.

BEAUTIFUL CHURCH WEDDING IS SOLEMNIZED

A very beautiful wedding was solemnized at the Methodist church Thursday night when Miss Hazel Fairbanks and Mr. Albert Lovel Mc Clellan were married. In the presence of 250 guests, six bridesmaids, the Misses Georgia Atwood, Clara and Ruth McClellan, Lucy Moody, Ada Whitman and Lillian Congleton, attired in pastel shades of organdie and carrying shepherds' crooks from which hung bouquets of sweet peas, advanced to the strains of Lohengrin's wedding march played on the organ by Miss Audrey Rank, accompanied by Harvey Fairbanks with violin.

Two ring bearers and eight flower children, nieces and nephews of the bride and groom, followed the bridesmaids and ushers, throwing rose petals in the aisle.

Mr. Charles Waldron of Lansing was best man and Mrs. Ethel Fassen, sister of the bride, was matron of honor. Mrs. Fassen was dressed in rose and silver taffeta and carried opelia roses.

Then came the bride on the arm of her father, Mr. Charles Fairbanks, meeting the groom at the altar. The bride wore a dress of silk chantilly over bridal satin, having a silk Brussels net veil draped with orange blossoms. She carried the conventional bridal bouquet of roses and swansons. The bouquet was grouped in three sections so that after the reception each mother was presented with a section and the other was thrown.

The ceremony was performed by the Reverend Mr. Fleming, assisted by the Rev. Mr. Bowerman, of Grand Rapids, the double ring ceremony being used.

After the ceremony to the strains of Mendelssohn's wedding march, the bridal party proceeded to the dining room of the church. Here tables, beautiful in smilax and daisies were arrayed for the bridal party and all the guests. The gift room was then visited after which punch was served in the dining room. It was very fitting that this service should have been in the church as Miss Fairbanks has done a great work in all the activities of the church, especially among the young people. Her Sunday school class of 24 girls, attired in white, composed the bridal chorus which sang "Her Wedding Morn." preceding the service. They were trained by Miss Ruth McClellan, sister of the groom who also sang, "Sunset" by Dudley Buck. During the reception three selections were sung by a quartet from St. Paul's Methodist church, Grand Rapids.

The decorations were elaborate and beautiful and were in charge of Mrs. Ernest Fairbanks, sister-in-law of the bride.

After July the bride and groom will be at home in Lansing where Mr. McClellan is an employee of the Melling Forge Co. Mr. McClellan is a son of Mr. and Mrs. A. E. McClellan and is a graduate of the Holland High school, and the Michigan Agricultural College. He served two years in the Aviation Department during the war, acquiring the rank of First Lieutenant. A trio composed of the Misses Grace Miller, Clara and Ruth McClellan sang from "The Bridal Chorus" from "Lohengrin," following which Miss Ruth McClellan sang "Oh Perfect Love." Mrs. Ed De Pree acted as pianist. The bridal procession was led by Miss Atwood, sister of the bride, who acted as maid-of-honor. She was followed by Miss Etta Atwood and Miss Ruth Cook who were the bridesmaids. Little Marguerite Hiler and George Atwood, niece and nephew of the bride, carried the rings in dainty baskets tied with mauline. Helen Atwood, another niece carried a basket of rose petals.

The groom, accompanied by his best man, Edward Cook, met the bride and her party at altar. Rev. A. Balgooyen of Milan, Michigan, uncle of the bride, performed the ceremony, using the double ring service.

The bride was gowned in bride's satin and wore a full length veil, fastened with a wreath of orange blossoms. The maid-of-honor wore a gown of blue and goldorgette. Miss Ella Atwood was dressed in a pink crepe de chene combined with brocade satin of the same shade, while Miss Ruth Cook appeared in a pink and white taffeta.

Mr. and Mrs. Hiler acted as Master and Mistress of Ceremonies. Mrs. Wm. Atwood had charge of the gift room and Miss Zora Barnaby presided at the punch bowl.

Following the ceremony a reception was held. After a short wedding trip to Chicago and Milwaukee, Mr. and Mrs. Cook will be at home at Central Park about July 1.

FALSE ECONOMY

Would you buy a horse of a band of gypsies? And if you did, would your faith in a gyp horse warrant paying the price you would pay for a horse guaranteed to you by a responsible dealer?

A certain per cent of automobile owners are buying "gyp" tires; not because of their faith in "gyp" tires, but merely because some house offers an unheard of brand of tires at a slightly reduced price.

Let your next tire be a Standard Tire—a Firestone, Goodyear or United States—sold at our service stations, who apply the tire for you—where FREE AIR is supplied for your convenience.

HOLLAND HAS THE KEY TO THE SITUATION

A very unique badge denoting Holland's welcome to the Michigan State Bankers' association is one of the features of the conclave that is being held here.

The proverbial latch-string comes in the form of a key in gold, which has the inscription, "Michigan Bankers' Association, 1920, at Holland." The word Holland is neatly engraved over a large door, and to the doorway a road leads, upon which is inscribed "Where the door is open wide to greater opportunities." Through the widely open door the sun of prosperity shines and contentment apparently reigns within.

This is all found upon a key, one and a half inches long by a half inch wide. It is the Aladdin key of welcome, opportunity and prosperity in this city of ours.

Five hundred of these badges have been stamped out of metal and have been distributed to the visiting guests and to the citizens of Holland who are represented upon the committees and have been closely identified with the bankers' convention that is being held here this week.

LOCAL COMPANY WINS LAW SUIT

Judge Sessions of Grand Rapids, of the United States Court, handed down a decision Tuesday in the case of A. W. Wigglesworth and Hill Clarke & Co., of Chicago against the Western Machine Tool Works of this city, which is a complete victory for the local concern and their attorney, G. J. Diekema. Judge Sessions in his decision dismissed the case brought by the Chicago parties on all points.

The Chicago parties in their suit charged breach of contract on the part of the local concern. The contract was entered into by the Western Machine Tool Works and Hill Clarke & Co., in 1906 and was to run for 20 years. The suit was started in 1917.

Mr. Diekema was attorney for the Western Machine Tool Works and

HUNDREDS ATTEND BANQUET AT OTTAWA BEACH HOTEL

A large number of the people of Holland gathered with the members of the Michigan State Bankers' Association at Hotel Ottawa at a banquet on Tuesday evening. It practically amounted to an overflow meeting. There were scores more than had been expected and all could not be accommodated in the main dining hall where the banquet was held but had to be seated at tables in the alcoves.

In many ways it was a unique banquet. One unique feature was that there was no after-dinner speaking. While this may have been disappointing to some who love after-dinner oratory, it was pleasing to a great many others. Instead of the after-dinner oratory there were various amusements, chief of them dancing in the beautiful ball room of the hotel to the accompaniment of the famous Jules Stein orchestra.

During the banquet a quartet of colored singers made things lively by passing among the tables and singing catchy tunes. They drew a lot of applause and were the hit of the evening.

The banquet opened with an invocation by Rev. P. P. Cheff, pastor of Hope church. There were hundreds of guests and every available seat at every available table was occupied. During the meal people from all over the state of Michigan representing the banking interests of the state, together with a large number of people from Holland,

formed a big family group at small tables scattered throughout the large dining hall. After the meal the guests adjourned to other parts of the large hotel for after-dinner amusements of various kinds.

BROTHER OF EDWARD P. KIRBY KILLED

John O'Brien Kirby, Detroit, was killed when the car in which he was riding from Detroit to Grand Haven turned turtle about 11 miles east of Lansing. Two women, Mrs. Patrick and Mrs. Reynolds, were the only other occupants in the car and both escaped uninjured.

Mr. Kirby suffered internal injuries and died soon after reaching the hospital. He was driving to his summer home at Grand Haven. Mr. Kirby is the brother of Edward P. Kirby, former judge of Probate, who was married last week.

AGED RESIDENT PASSES AWAY

One of the oldest residents of Holland—in fact the very oldest, so far known—passed away Monday morning at nine o'clock when death came to Mrs. Sarah Harriet Dunning, at the age of ninety-two years. Mrs. Dunning is the mother of Mrs. W. W. Hanchett and she has been living with her daughter at 70 West 12th street for the past twenty years. While her death had been anticipated for some time, the end came quietly Monday morning. Death was due to old age.

Mrs. Dunning was born in New York State January 24, 1828. She is survived by her daughter, by three grandchildren, Gerard Hanchett of Holland, Irene Warren and Paul Warren of Chicago; and by four great grandchildren.

Seven members of the Christian Endeavor societies of Holland—three from Third Reformed church. Mr. Jay De Koning, Miss Florence Dubbink and Mr. R. Huizenga; three from First Reformed church, Miss Geneva Van Lente, Miss Ella Van Putten and Mr. L. Hamburg; and one from Trinity Reformed church, Miss Susanna Hamelink, attended the 31st annual C. E. convention which was held in Saginaw, on June 24, 25, 26 and 27.

PRESIDENT DIEKEMA ADDRESSES STATE BANKERS CONVENTION

At the Michigan State Bankers' association convention that opened at Ottawa Beach Monday afternoon, Hon. G. J. Diekema, president of the association, gave the annual president's address outlining the work of this organization. Mr. Diekema spoke as follows:

Members of the Michigan Bankers' Association:

The Reports of the Officers of the Association and of the various Committees will give you full information concerning the activities, the work and accomplishments of the Association during the past year: I will, therefore, not enter upon this field for it would be mere duplication and waste of time.

The Preamble of our Constitution reads as follows:

"In order to promote the general welfare and usefulness of banks and banking institutions, and to secure uniformity of action, together with the practical benefits to be derived from personal acquaintance, and from the discussion of subjects of importance to the banking and commercial interests of the State of Michigan, and especially in order to secure the proper consideration of questions regarding the financial and commercial usages, customs and laws which affect the banking interests of the entire State, and for protection against loss by fraud, we adopt the following Constitution and By-Laws for 'The Michigan Bankers' Association.'"

It has been the constant aim of your officers so to conduct the affairs of the Association as to attain in the largest possible degree these hopes and aspirations of its founders as set forth in this Preamble.

The group meetings held during the year have been full of information and inspiration. They have constantly kept before the members the new opportunities and obligations arising from the ever-changing industrial and economic conditions through which the State and Nation are passing.

The resolutions adopted a year ago relating to private ownership and control of the railroads have been enacted into federal law, and the danger of Government ownership and operation which then threatened the country has passed away.

The war, except in Washington, is over and the Federal Reserve System stood the strain without bending or breaking. It was the back bone of the Government and enabled the Secretaries of the Treasury to raise and expend the billions of dollars which that gigantic world struggle demanded for a successful issue.

Almost as great, if not a greater, test has come during these days of reconstruction. The world is on a joy-ride. Inflation has produced ever ascending prices of commodities and wages. Labor is restless. Strikes are abundant. Normal conditions cannot be found. Production is at a low ebb. The high cost of living is intolerable. Extravagance runs riot, and we are on an artificial basis both industrially and economically.

The great question now is:—Can we return to normal conditions without causing a break which will engulf the country into a financial and industrial panic? Can we, so to speak, from this high altitude to a safe landing place without wrecking the machine?

By normal conditions and a safe-landing place, I do not mean pre-war conditions. They cannot and ought not return. A higher level must be reached and kept. I mean safe and sane conditions which have within them the promise and guarantee of permanence and stability. By increasing their interest rates the reserve banks are checking inflation, and bringing about deflation. This is undoubtedly wise and prudent, but the process must be gradual. Prices and costs are beginning to turn downward. Merchants are buying with greater care and more conservatively. Manufacturers are receiving cancellations of orders. Traveling salesmen are no longer mere order takers but have again become active, competing, working salesmen. This must not go on too rapidly. The trend is in the right direction, but there must be no speeding if we would prevent the machine from turning turtle. This is to a large degree the work and responsibility of the banker, both large and small. Unreasonable and dangerous expansion, waste, diverting of funds from legitimate industry to speculation, extravagance, foolish and dangerous investments can all be curtailed, if not entirely prevented, by the banker. He is the guardian of the public and if his ward has lost his mental balance, he must act with promptness and courage. The safety of the person and property of his ward, and not his own commissions, should be his first thought and care. He is the custodian of the people's money, and must invest the funds not only safely and profitably, but in such a manner and in such hands as will work for the public good. He must not sit tight and thus invite disaster, but with the loftiest patriotism, the deepest devotion, and often in the most unselfish spirit, he must give and withhold.

This, in my opinion, is the duty of the hour which cannot be pressed home too strongly. If the Federal Reserve System and the National and State Banks will join hands in this spirit, we will guide to safety and prevent the threatened wreck.

War Lessons.

The great War has taught the Banker many lessons which he must not forget in times of peace. Among these are:

1. Unselfish Service.
2. A consciousness of his power and responsibility.
3. A deeper interest in the various activities of the community in which he lives.
4. A conception of the really big things of life which money cannot buy.
5. A better and more tolerant attitude toward his competitor, which tends to prevent his town from dividing into factions revolving about banks and their directorates as their centers.
6. A purer patriotism.

7. A Community Spirit.

8. A sane attitude toward re-accounts, which were the deadly dread of the old Banker, but have now become in many instances the measures of his capacity and public spirit.

State Examinations.

Under the admirable Michigan Banking Law, the depositor is enjoying the greatest degree of safety, and the Banker the greatest degree of confidence, which make the business both pleasant and profitable.

Examinations are no longer superficial, but thorough. The best and most up-to-date methods used by the experienced and skilled bankers are recommended to all, and adopted by most, thus raising the average to a higher degree of efficiency.

No bank can, however, be successfully conducted in all of its operations from Lansing. A stereotyped banker is a failure. Room must be left for individual initiative and enterprise. The little country bank and the metropolitan institution each has its own legitimate field of action, and methods which bring success to the one might bring disaster to the other. The largest liberty and freedom from dictation, consistent with public safety, should always be allowed by the State Banking Department.

Object of Convention

We are here to receive and give instruction; to discuss and solve difficult problems; to become better bankers and better friends. The problems of finance are as old as the history of the world and yet are ever new. The ancients stamped upon their coins the image of a god, feeling that then no one would dare to mutilate them; their successors substituted the image of a king and made mutilation punishable with death; but neither the appeal to superstition, nor fear, saved the coin. Kings vied with common thieves to debase and steal.

Neither will the "Eagle," the "E Pluribus Unum" or the "In God We Trust," upon our coin, save the integrity of our financial system. It is old-fashioned honesty, the good faith of the Government, the intelligence, morality and religion of our people that has kept and will keep the American dollar worth one hundred cents.

Conclusion.

You have been heartily welcomed here, both on account of what you are and on account of what you represent.

Grand Rapids has generously joined hands with Holland to make this occasion and the entertainment incident thereto possible and in behalf of the three Banks of Holland, I desire at this time to express our sincere appreciation to these large-hearted and generous bankers of the Metropolis of Western Michigan for their splendid spirit of Co-operation.

I would be less than human if I did not feel and express a deep sense of appreciation for the honor which you have conferred upon me by selecting me as your President.

We will be greatly disappointed if on Wednesday afternoon you do not join in the proposed visit to Holland. We want you to see our Parks, our College, Schools, Churches, Banks, and Homes; our paved and shaded streets; our large manufacturing institutions and our people.

Holland is not only clean and prosperous, but beautiful as well. We want to show you a Dutch town that is one hundred per cent American.

MISS CHURCHFORD IS GRATEFUL FOR DONATIONS

Miss Nellie Churchford was back in Holland Tuesday to conduct a prayer meeting at the City Mission Tuesday evening. Miss Churchford has been in northern Michigan conducting evangelistic meetings there.

"Please thank for me," said Miss Churchford, "the employees of the Holland Furnace Co., who donated \$356.25; also the Elks, who sent \$50; and the employees of the Brown-Wall Engine Co., who sent \$16. I feel very grateful to these men and I wish them and the public to know it."

PROMINENT GUESTS AT ROTARY MEETING

Two prominent men from out of the city were guests at the regular meeting of the Rotary Club Thursday. They were T. K. Webster, a prominent Chicago business man and father of the novelist, Henry Ketchell Webster, and Prof. Harry Kremers, Coe College, Cedar Rapids, a brother of the late Dr. Henry Kremers of this city. Mr. Webster was introduced to the Rotarians but did not give a talk. Prof. Kremers gave an interesting address. Prof. Kremers is a graduate of Hope College and has been connected with Coe College for many years.

Commander Henry Geerds of the local Post of the American Legion gave a talk to the Rotarians on the proposed National Guard Unit in Holland and the plans for grounds and a possible armory here.

TRAPPERS SUIT IS ON IN ALLEGAN COUNTY

In interesting suit is on trial before Judge Cross in circuit court Monday and Tuesday. The trial involved the right of parties to fish and hunt on bayous in the Kalamazoo river near Saugatuck. In this case the complainants were the men who seek the right to fish and hunt. The complainants were George Sewers and about forty others, and the defendants John Hackleman and Roy Schaefer. The land in question is owned by David V. Webster of Chicago.

The contention is made in this case that the owner of property controlled it to center of the stream and trappers had no right to set traps in the water even though they did so without going on the adjoining land. Wilkes & Stone of Allegan appeared for the defendants and Lillie & Lillie of Grand Haven and W. R. Gardner of Saugatuck for the complainants.

Oosting, spokesman of the evening addressed the pastor and his wife voicing the sentiment of the gathering that they had taken this method of expressing their esteem and affection for both and their appreciation of the work they had done in ministering to the spiritual advancement of the church, and at the conclusion presented them with a little box containing \$25 in gold as a token of regard and affection by the Ladies Aid and Missionary society, adding that the husbands, not to be outdone by their wives, had decided to install a telephone in the parsonage. Both pastor and wife responded feelingly to this expression of kindness stating that they regarded the good will and the friendship as true and genuine as the gold in the little box.

HOLLAND WINS CLOSE GAME SATURDAY

Holland barely won from Grand Haven Saturday afternoon by the score of 1 to 0. It was the surprise game of the year, for it was a foregone conclusion that the locals would romp away with the game. Some three Saturdays ago Holland won from the Havenites at Grand Haven by an overwhelming score, but gave the locals the hardest fight of the year Saturday. The air tight pitching of Steggerda was largely responsible for the win, allowing a measly 4 hits, and striking out seven, but Van Horst of Grand Haven was not much more generous with his hits, allowing only 6 blows and striking out nine. Holland won the game in the third inning after 2 were out. Steggerda hit safely to center, was advanced to second on Spriggs' single to left and scored when Waltz's high fly dropped safe in short left field. Ingham was the only one to hit safely more than once and copped the \$5.00 offered by Geo. Getz of Lakewood Farm for the local players having the best batting average. The local team won the other \$5.00 prize of Getz.

LEO C. LILLIE

Candidate on the Republican Primary Ticket for Prosecuting Attorney of Ottawa County. Except for two years Mr. Lillie spent in the service in France during the World War, when he voluntarily gave up his practice, he has been City Attorney of the City of Grand Haven for the past five years.

Mr. Miles of Holland, who has held the office for two terms is his opponent at the coming primary August 31st, 1920. On his merit as a lawyer, Mr. Lillie will appreciate your support. He will need your vote, go to the polls and cast a favorable ballot. Pol. Adv.

We Pay 4 per cent on Savings

Money saved and deposited in the First State Bank is wealth that works.

Wealth that works is capital. Unlike brain and muscle, it does not wear out or deteriorate. It grows and improves.

Building Your Character

The name of the bank with which you do business is one of the best references you can give.

A checking account stands for modern business methods, available liquid funds.

A savings account stands for good habits, thrift and ambition.

So not only does a bank account yield you monetary returns from your investment but it returns a dividend in good reputation.

The Only Shade Made With A Ventilator

VENTILATING
PORCH SHADES

JAS. A. BROWER CO.

The new Patented

VUDOR Ventilating Shade

permits the hot air to escape from the top of the porch through a wide open VENTILATOR woven in the shade it self at the extreme top, where the sun cannot shine upon you. This Vudor woven-in-the-shade Ventilator automatically clears the porch of impure hot air and permits a continuous, gentle circulation of air without drafts.

The New VUDOR Self-Hanging Device

enables you to hang a shade in five minutes—not a screw used. The old way of attaching a shade to the porch with screws took twenty minutes or more. With the new Self-Hanging way you can unhook the shade in the Fall—if you wish—and rehang it in the spring in less than two minutes and this doubles the life of the Shade.

Let us demonstrate the new VUDORS for you.
