The Comforts of Travel

The knowledge that you will never be embarrassed by having to ask strangers to cash personal checks is one of the comforts of travel which you can enjoy.

Travelers' cheques are just as acceptable the wide world over as ready cash. Being valueless until countersigned by the bearer, they are much safer than money and more convenient than a letter of credit.

Let us provide you with them when you travel.

Announcement

We Have Adopted the Name

"Golden Motor Tonic"

For Our New Motor Fuel

The committee of judges of the Grand Rapids contest at their meeting Monday night, June 16th, selected the name "Motor Tonic" and we have decided to prefix the word "Golden," symbolic of the color of the fluid upon which we have standardized to their selection and hereafter use that name.

We were unable to use the name selected by the committee appointed by Mayor Kammeraad in the Holland contest because one of the large meat packing houses has a beef tea which they are marketing under that trade name.

Halfday Holiday

Every Wednesday Afternoon

During

JULY & AUGUST

By unanimous vote of the Holland Merchants Association the stores will be closed every Wednesday afternoon during July and August.

The Holland Merchants feel that all patrons desire that they and the hard working sales force deserve some of the recreation that a half holiday during the hot summer months affords and will adjust their shopping periods accordingly.

HOPE GRADUATE 54 SENIORS; 17 CAME FROM HOLLAND

EXERCISES DRAW LARGE AUDIENCE AT CARNEGIE HALL

Hope college is now closed for the long vacation and every train, interurban and boat carry a large delegation of students leaving this city for their respective homes or places where they will be occupied until their return next fall. The closing event of commencement week was the graduating of fifty-four seniors at Carnegie Hall and the presenting of diplomas to the members of the big class, the presentation being made by Dr. E. D. Dimment, president of Hope college.

Holland is well represented in the student body at Hope judging from the list of graduates in both departments. While the names of 17 Holland students appear in the senior class role there were 19 in the class graduating from the preparatory school making a total of 36.

Carnegie hall was all decorated up last night and a crowded house listened attentively to the following program:

The Hope college council met Tuesday just before the closing of the institution for the year. Secretary G. J. Diekema gave a financial report at the election held. Rev. G. DeJonge of Zeeland was re-elected president of the council. Charles M. McLean, manager of the Holland-St. Louis Sugar Co., was re-elected vice president, and George J. Diekema, secretary.

Miss Marion Van Drezer, graduate of Hope was appointed instructor in the department of French. Miss Van Drezer is now connected with the teaching staff of Holland high.

A resolution of gratitude and appreciation to the business men of Grand Rapids, Muskegon and Kalamazoo was adopted for their liberal donations toward the \$40,000 improvements made on the building and grounds.

It was also decided that the preparatory and college departments at Hope hereafter will be classed as separate academic organizations. Each organization will have its separate faculty with President E. D. Dimment at the head of the college and Prof. T. E. Welmers, head of the department of Greek since 1920, as principal of the preparatory school.

Carnegie Hall was well filled Thursday evening when the graduation exercises of the Preparatory School of Hope College took place.

The playlet entitled "Thank Goodness, the Table is Spread!" given under the direction of Miss Freda Heitland was well received as were the other number on the program.

The program as rendered follows below:

PLUNGE OF CARS INTO A DITCH INJURES SIX

Late Sunday night a phone call came in to Holland giving the details of a serious accident that had taken place on the Borculo road at the Beaverdam crossing about four miles east of Borculo.

The Borculo road is now heavily traveled since the highway between Holland and Zeeland at the old brick yards is broken up and it is stated that at times the narrow gravel road is very congested with traffic and is dangerous because of the many cars.

The accident occurred at 9 o'clock Sunday night and all of the injured were taken to Grand Rapids hospitals. The car driven by Harry L. Sanford of Hotel Rowe collided with another car, driven by John Vander Wall, a lad living at Beaverdam.

Sanford, owner of a chain of Grand Rapids drug stores, was returning with his wife after visiting friends in Saugatuck. When they came to the Beaverdam crossing they met with young Vander Wall who had another young and two young girls in his car.

The Sanford auto, a heavy touring car, was approaching from the west and the lighter car, driven by Vander Wall, was northbound, when the cars met.

In the impact, the Sanford machine swerved around in the road and careened over a culvert down a ditch and into a small creek. The Vander Wall car plunged in behind it and both cars with occupants either thrown out or attempting to extricate themselves, came to a rest, a jumbled mass of wreckage, at the foot of the incline.

Vander Wall apparently was thrown headlong from his car. The two girl occupants, who according to Vander Wall's parents, were accompanying youths to church, were found lying besides the car following the crash. Shattered windshield glass struck the Sanfords, but they were otherwise unhurt.

A few miles behind the Sanford car followed a daughter, Miss Gertrude Sanford, and a friend who had accompanied the Sanfords to Saugatuck where the latter had planned taking a cottage for the summer. They drove up a moment after the crash and aided in the removal of the injured to the Easterhof farmhouse nearby.

A Beaverdam physician was the first to arrive and later the Greeshoe-Hatch ambulance carrying a Grand Rapids physician brought the Sanfords and Vander Wall to Butterworth hospital. Mr. and Mrs. Clarence Vos of Beaverdam summoned Mr. and Mrs. Vander Wall, parents of young Vander Wall and brought them to Grand Rapids. The injured persons remained at the hospital Monday. Vander Wall's conditions was considered grave.

Failure of one of the drivers to realize the danger as the cars approached the intersection was given as the cause of the crash. No obstructions, witnesses said, obscured the view at this crossing.

The following are the injured: John Vander Wall, 18, son of Mr. and Mrs. Walter Vander Wall, Beaverdam, concussion of brain and badly cut about head. Condition critical.

Harry L. Sanford, Hotel Rowe, cut on face and scalp.

Mrs. H. L. Sanford, badly cut under left eye, bruised on left hand and suffering from shock.

Louis Steenwyk, 18, Beaverdam, badly bruised.

Grace Berens, 18, daughter of Fred Berens, Beaverdam, cut on arms and probably internally injured.

Rena Schreurs, 19, of Beaverdam, cut on arms and about head.

BEAVERDAM LAD SUCCUMBS TO IN- JURIES IN WRECK

John Vander Wall, 18, of Beaverdam, died Monday afternoon in Butterworth hospital of injuries received when an automobile driven by him and another driven by Harry L. Sanford, Grand Rapids drug man, collided and plunged into a ditch on the Borculo road at Beaverdam crossing. Five others were injured in the accident which occurred Sunday night.

The youth who was the son of Mr. and Mrs. Walter Vander Wall, never regained consciousness. Concussion of the brain caused death. Louis Steenwyk, 18, and Rena Schreurs, 19, all of Beaverdam, were in Vander Wall's car. They were cut and bruised and are in the Butterworth hospital at Grand Rapids.

Mr. and Mrs. Sanford, who live at the Rowe hotel, were badly cut and bruised. They were also in Butterworth hospital. None of the five is considered in a serious condition.

The D. A. R. society of Allegan has elected the following named officers: Mrs. Newcom Evans, regent; Mrs. Grover Tripp, vice-regent; Mrs. Frank Peck, secretary; Mrs. Robert L. Vahue, treasurer; Miss Nora Porter, registrar; Mrs. E. N. Hulley, corresponding secretary; Mrs. O. S. Cross, parliamentarian; Mrs. Burrell Tripp, historian; Mrs. E. Jackman, chaplain; Mrs. F. I. Chichester, organist; Mrs. Wilona Sherwood, director. Meadames Tripp, Sherwood, Hulley, Turner, Reid, Wilkes, and Stegeman were elected delegates to the state convention in Benton Harbor.

TO BE BURIED ON TENTH BIRTHDAY

Little Dorothy Marie Dunnewin will be buried on the anniversary of what would have been her tenth birthday. She died Monday evening at the home of her parents, Mr. and Mrs. Claude Dunnewin, 177 East Sixth street, from a complication of diseases. She would have been ten years old Thursday but instead of celebrating the day she will be laid to rest in Pilgrim Home cemetery.

She is survived by her parents, her brother Dale and her sister Claribel. The funeral was held at 2 o'clock Thursday afternoon, Rev. J. C. De Vinney officiating.

CHARGED WIRE KILLS HORSES IN ALLEGAN

A stunned, hopeless man, unable to voice his sorrow in a strange tongue; a frightened but plucky little boy, bravely trying to explain, while his eyes filled with tears as he gazed at the still bodies of the pets whose sleek coats showed so much loving care; a curious but cautious crowd around two dead horses—this marked a tragedy in the rear of the Grange store at Allegan.

For some time there had been electrical trouble in the stores on that side of Hubbard-st., a number of persons receiving heavy shocks of current, and the basement in particular seemed to be highly electrified at times. Various attempts had been made to locate the cause of the trouble, and when Mr. Van Auker was called Wednesday afternoon he tried to make a temporary alleviation by grounding the neutral wire to a guy-wire running down from a pole in the rear of the Newberry restaurant.

As this wire was partly grounded and would apparently not carry more than 110 volts, this did not seem unsafe. However, that very day a horse driven towards the fence post near the guy-wire was suddenly taken with what seemed a fit, but when unharmed and led away recovered.

Vincent Syssen came to Allegan county from Chicago to make a home on a farm on the State road just across the Valley line. All he had was a cow and a team of horses, and these last were the family pride, well fed, well groomed. With his little son, he came to Allegan and stopped back of the Grange store to hitch his team. He drove up to the dangerous post and one horse touched the fatal guy wire. In his struggles he came against the other which fell dead instantly, the first almost immediately falling with his head caught on the wire. Harry Dunton ran forward to help, thinking that the horse had caught the neckyoke in the wire fence attached to the post. He received a violent shock which told him the cause of trouble and he was just in time to prevent Mr. Syssen from taking hold of the charged guy wire. There was nothing to do but to wait at respectful distance until the current could be shut off.

Just what was the cause of the trouble could not be determined, but it is said by representatives of the Consumers Power Co. that the guy wire pressed against a high tension wire when the horse rubbed his nose against it, and that the contact of the "guy" wire with the ground wire was insufficient.

FORMER HOLLAND MAN WEDS WISCONSIN GIRL

The following is from the Janesville, Wis., newspaper: "An announcement is made of the marriage of Miss Jessie Smith and William Kardux, both of this city, which took place Friday, June 6, at the Methodist church of Waukegan, Ill. The bride came to this city two years ago from River Falls and since her residence here has made her home with her brother-in-law and sister, Dr. and Mrs. Thomas J. Snodgrass, 1108, Racine street.

"Mr. Kardux came to Janesville two and a half years ago when he assumed the management of the Holland Furnace company, the position which he now holds."

MANY TOURISTS ARE ON THEIR WAY

The West Michigan Pike was lined with automobiles Saturday and Sunday bearing license plates of other states. The hot weather during the last few days caused hundreds of tourists to flock to Western Michigan. Many of the motorists are going to their summer homes. Another week is expected to see the tourist season in full swing.

GRAND RAPIDS HELPS REBUILD THE JAPANESE CHURCH PROPERTY

More than \$1000 has been raised in Grand Rapids Episcopal parishes toward the Japanese reconstruction fund.

The earthquake and resulting fires of last September wiped out practically all of the buildings of this church in the city of Tokio, including the cathedral and seven parish churches, St. Luke's international hospital, St. Paul's middle school for boys, St. Margaret's school for girls and many residences and other buildings belonging to the church. St. Paul's university was badly damaged by the earthquake, but was saved from fire.

The earthquake came as a severe blow to this church, just as 60 years of work was to be crowned by the consecration of a native Japanese as bishop of Tokio.

Delightful and instructive entertainment was furnished the American Legion Auxiliary Wednesday evening at its closing meeting for the summer. The Campfire Girls and their able enthusiastic leader, Miss Ethyl Dykstra, explained and illustrated the wholesome, attractive character of the organization. Miss Dykstra told of the origin in Maine of the now national organization in 1912, which began with a family camp instituted by a doctor and his wife for the all-around development of their own girls.

She explained the system of giving honors, showing how very practical all requirements are, while helpful to create a woman, whose everyday life is one of love, home building and service. The Auxiliary agreed with Miss Dykstra in the belief that the Campfire organization is a community asset and deserves both moral and financial support from the city.

The girls dressed in the camp uniform—white middie and bloomers—gave three sketches of camp life, arranged by Miss Arleen Haan. The first was the morning "sing" out in the open at camp. The second was a glimpse of the quiet hour in one of the tents; and the third, in costume, a part of the ceremonial. The bits of song interspersed among humorous, girlish dialogue, beautifully expressing ideals and sentiments, held the interest of the audience every minute.

The American Legion quartette also favored with three characteristically catchy and well rendered musical numbers.

Those elected to represent the Auxiliary at the state convention at Muskegon, September 1 to 3 are: Mrs. G. Peigim, Miss Katherine Post, and Mrs. G. J. Van Duren. Alternates chosen are Mrs. C. Van Tongeren, Mrs. E. Vande Woude and Mrs. H. Stanway.

The Auxiliary will hold a baked goods sale in the G. A. R. room on Saturday, June 28. This means an opportunity to buy baked goods made by some of the best cooks in Holland.

LEAVES FOR TRIP TO PACIFIC COAST

Sam W. Miller left recently for a trip to the Pacific coast to visit British Columbia, Washington and the Canadian Northwest. He went from Grand Haven to Milwaukee by boat and visited an old school mate there. In St. Paul he spent a few days with Roy Klompars and met Herman Brouwer at Minneapolis and Simon Bouwens of Zeeland. At Rochester, Minn., he met Patrolman and Mrs. Dave O'Connor.

"Tonight I go to Winnipeg," he writes, "the to Battleford, Sask., Calgary, Alberta, Kelowna, Van Couver, Victoria, B. C., Seattle, Portland, Spokane, Bonner's Ferry, Idaho." Mr. Miller has sisters living in Kelowna, B. C. and Spokane, Washington, with whom he will visit.

TO SEE COMRADES AFTER 60 YEARS

Mat Notter, veteran of the Civil war, will for the first time see the old comrades he fought with since the days from '61 to '61 when as boys they tented on the old camp ground. Mr. Notter was a member of the famous "Iron Brigade," 24th Michigan Volunteer Infantry and since the Civil war he has never attended a reunion of the brigade and has never seen a single one of his comrades. Notter was a boy of eighteen when he fought in the Civil war and most of the others were not much older. Now they are all old men and the Holland man is looking forward to greeting his old comrades when he goes to Janesville, Wis., this week to attend the reunion. Mrs. Notter will go with him to Wisconsin.

SAYS MEDICAL INSPECTION IS NEEDED HERE

In a comprehensive report of her work done during the school year that is drawing to a close Miss Alma Koertge, city nurse, at a meeting of the nurse committee Friday afternoon, drew attention to the fact that Holland needs some form of medical inspection in the schools.

Last year a high school girl dropped out during her freshman year because of tuberculosis and died as a result of the disease. This year another high school girl has been compelled to leave school on account of serious illness and is confined to her bed. About two years ago a high school girl dropped dead on the stairs because of heart trouble.

All these were cited by Miss Koertge as illustrations of a condition that is caused, she believes, by lack of medical inspection. If there had been medical inspection some years ago the trouble of the tuberculous girl would in all probability have been discovered in the early grades and could have been quite easily corrected. Similarly the trouble of the girl who died of heart disease would probably have been discovered years before and her life could have been saved.

The city nurse believes that there are others in the early grades now who have hidden diseases in their incipency that later will develop into major troubles fatal to life. A system of medical inspection would correct this, she thinks.

There are at present, Miss Koertge reported, 55 children in the grades unable to carry on the regular routine of a well child without possible harm. These, she thinks, should have a separate room where modified physical education and a supervised diet, together with constant medical inspection, can restore them to perfect health.

Miss Koertge made a full report of the work done the past year, giving statistics and also giving a general survey of child welfare in Holland.

HOLLAND GIRL SEEKS DIVORCE FROM A GRAND RAPIDS MAN

The Grand Rapids papers are telling of how a Grand Rapids man is being sued by a former Holland girl in Kent county circuit court, asking divorce under peculiar circumstances. Here is the dispatch:

Minnie Meyer of Holland has filed suit in circuit court for divorce from Charles E. Berger, who, she claims, married her in June 1918. She holds the marriage was illegal in that Berger swore falsely to his age when obtaining the marriage license.

Miss Meyer states she and Berger then 17 went to Grand Haven and were married. After the ceremony, she states they regretted, returning to Grand Rapids and telling their parents. The parents objected strenuously and the two abided by their wishes and separated. Both now have decided that the marriage should not be held legal.

FLOOD-DRIVEN FAMILY RESCUED BY CHAPTER

Washed out of their home by the recent flood at Harper's Ferry, W. Va., a typical Blue Ridge mountaineer, his wife and four children sought refuge on the slope of the mountain on the Virginia side of the Shenandoah river. Their only protection was a rudely constructed lean-to built against a rock above high-water mark on the slope of the mountain. A piece of cloth served for a roof and bed sheets were used for side walls.

A bed with few coverings and a cook stove occupied the entire space. The family either went to bed or outdoors when the mother cooked a meal.

Living this way for ten days with hard rains almost continuous, the family was still cheerful and well when discovered. The case was immediately reported to the Red Cross Chapter, which brought the family to Harper's Ferry, where two furnished rooms were secured for them. The lean-to was dismantled and the entire outfit loaded into a skiff, rowed over to the Harper's Ferry bank and hauled to their new home.

The entire family was furnished with dry clothing and food. All six were inoculated for typhoid. The father has secured a job repairing the bridge over the Potomac, when was damaged during the flood.

SPRING LAKE WILL HAVE NEW EATING PLACE AT HOTEL

The Cafenot, a new eating place operated by Hilma Seastedt and Alben Nelson of Grand Rapids, has been opened in the old Spring Lake Hotel. Lunches, Sunday chicken dinners, light meals, ice cream and sandwiches will be specialized in by the Cafenot. Orders for baked goods are also to be taken.

OTTAWA BOY FINDS DEATH IN CISTERN

Wichert, 2-year-old son of Ralph Bovenhous, was drowned in a cistern at the Bovenhous home Friday. The boy fell through the cistern cover which had been weakened by rust.

Mrs. Bovenhous had been in the house with her baby and was unable to find Wichert when she went in the yard where he had been playing with his 3-year-old brother. Becoming alarmed, she summoned her husband who, having just returned from work, recovered the body. It is believed the boy had been in the cistern for half an hour. Medical aid failed at resuscitation.

Funeral services were held at 2 o'clock Monday afternoon at the Borculo church.

Chief of Police Roger E. Reed of Saugatuck whose car was stolen when parked near the Elk pavilion a week ago, is happy now in its return. Although it was driven to Chicago and other places and rather roughly used. The thief has not as yet been captured.

Peter Van Kolken the Veteran tea and coffee man of Holland, has resigned his position in the grocery dept at Du Mez and has accepted a similar position with the Atlantic and Pacific. He assures his many friends that he is ready and willing to give them the best of service at the A and P.

Mr. and Mrs. James C. De Pree have moved to Montello Park, at the west limits of Holland, where they will spend the summer.—Zeeland Record.

ZEELAND CITY PROVIDES FOR PARKING SPACE

One of the best moves instituted by Zeeland people for a long time was begun by Wm. Wentzel last week when he conceived the idea of providing parking space for automobiles of people who came to Zeeland, where they can always find room no matter how many machines are out.

Mr. Wentzel immediately put his intentions into action and secured the co-operation of the other business men and soon a gang of men with teams were on the ground at the rear of where the old interurban station was located opposite the Zeeland Record office, clearing away the bricks and sand and leveling the ground to make parking room.

The space thus made available will provide room for parking more than one hundred machines. There is proposed to be provided an in-alley and an out-alley to the grounds and in the grounds will be lanes set off so that every machine can get in and out at will.

During the busy hours as on Tuesday and Saturday afternoons and evenings there will be attendants on the ground to see that cars are parked correctly and to look to the safety of the machines and other valuables left there. Parking on these grounds will be free of charge. During the evening the grounds will be lighted up by electric lights.

The need for more parking room has long been felt but early this season the need became more apparent than ever, which will become more increasingly so after the new M-51 road is completed. The congestion on Main street on Saturday evenings is severe and some means of taking care of the machines had to be provided and is now being done. The public is invited to take advantage of these facilities and avoid parking on Main street when possible to do so. It will save life and limb in the end.—Zeeland Record.

HEASLEY'S HENS HOP TO 2ND PLACE

Second position in the second international egg laying contest at the Michigan Agricultural college at Lansing now is held by a pen of White Leghorns entered by L. F. Heasley of Dorr with a production of 1,427 eggs in 31 weeks. These birds crowded a pen of White Leghorns owned by W. C. Eckard of Paw Paw into third place. Another Eckard pen of White Leghorns, however, still leads the contest with a production of 1,554 eggs.

H. A. Keister of Bangor now has the distinction of having high pens in two classes. His Wyandottes are second in that breed with a production of 748 eggs. The leading Wyandotte pen is owned by Evergreen. Poultry farm of Greenville with a production of 1,251 eggs. Keister's pen of White Leghorns now is fifth in that breed and seventh among all breeds.

Other high pens from western Michigan are owned by Leon O. Dunlap, Delton; A. M. Wood, Grand Rapids; K. T. Murphy, Muskegon; A. R. Van Raalte, Holland, and Charles Hefferan, Newaygo.

NORTH SIDE COUPLE OBSERVE THEIR GOLDEN WEDDING

Mr. and Mrs. Dick Riemersma celebrated their fiftieth wedding anniversary on Wednesday, June 11th, by having a family reunion. All of the children and grandchildren were present. A six o'clock dinner was served at their home on the North Side. The table was beautifully decorated with roses.

Mr. and Mrs. Riemersma were early settlers of Holland and spent most of their lives in and about Holland. Both came to this country at a very early age.

WONDERS AT IMPROVEMENT OF TWENTY YEARS

"One of the best examples of the swiftness of the present age was revealed to us today when we motored to Port Sheldon," in a half hour," writes Dean Bergen, of Chicago, formerly of Holland. "Twenty years ago this trip north of Holland and over Robertson march meant a day over log and sand trails; today there are cement highways and cinder roads."

"Port Sheldon is the same old beauty spot of the days we hunted trapped and fished. Altho the body of water has lowered, leaving the shore line a golden path between the water and the forest, yet we believe the fishing will be better and it was in the old days for the low waters will cause the fish to collect in the deeper holes and in greater numbers. Port Sheldon bay is a tributary to Lake Michigan, fed by Pigeon river. It is a deep hole among the sand hills, clear cold water and covering an area of about 320 acres. The headwaters flow into the Pigeon river from Robertson marsh, a fertile stretch of country that is ever supplying the drainage with many natural foods. This condition cause the waters of the bay to be well stocked with food for fish and game. The result is obvious. The waters are alive with fish, but almost impossible to catch unless one fishes after a long spell of dry weather. Then the waters are free from food and the fish will rise to bait."

"This condition of well-fed water rules many fishing grounds, causing many fishermen to wonder why they cannot control their luck. To be an expert angler one must take these out door conditions into consideration. During a wet spell it is the best judgment to fish the longest distance possible from the mouth of a stream; but when little rain has fallen, then seek the places where a river, creek or stream flow into the larger body of water. Another good rule to follow is to fish in the lee of the shore and not on the weather banks, where the wind piles up food on to water thus feeding the fish and causing them to reject bait. During a rainy day the fish come close to the shore to feed and are not afraid of shallow water as long as the skies are dark. Some of our big catches have been made in four feet of water during a rainy day."

Gus Karsten was injured Friday when a scaffolding used for plastering the ceiling in the new building being erected by the Ottawa Furniture Co. broke. Karsten and his son Harry and Carl Fisher were on the scaffolding engaged in plastering the ceiling. The three men fell approximately nine feet. Henry Karsten and Carl Fisher being uninjured. Gus Karsten's ankle was crushed and he was taken to Holland hospital for treatment.

TO NAME HOSPITAL IN AFRICA FOR MRS. GILMORE

W. D. Donner, Sec'y of the American Mission to Lepers, came to Holland Thursday to say "thank you" to the Federation of Women's societies for the gift they gave to the lepers of Inhambane, Africa.

Mr. Donner gave his address in the afternoon, and stereopticon lecture in the evening to an appreciative audience. He told a story of great interest concerning this class of people, outcasts, found all over the globe, there being one person in every hundred thru-out the world who are leprosy. Nor are they confined to foreign countries for they have been found in thirty-two states of our union.

Mrs. Gilmore presented a banner with a draft for \$1000 which has been raised in three months' time to build a home for lepers. A few pledges have not been paid but will be forthcoming in September and the entire amount will reach \$1200.

The afternoon audience voted unanimously that the building be erected in Africa, under the direction of Dr. Stauffacher, be named "The Christine Van Raalte Gilmore Home," a fitting memorial to the president and originator of the organization.

LOCAL GIRL WEDS DETROIT MAN

Cards are out announcing the marriage of Miss Rena Mae Bazan, daughter of Mr. and Mrs. M. C. Bazan, to Mr. Willard Elderink of Detroit. They quietly slipped away and were married Thursday, June 12, by Rev. Stegeman at Grand Rapids.

Miss Bazan for the past six years has been employed at the Holland Furnace Company, and for two years was head of the stenographic department.

Mr. Elderink graduated from Holland high school, also attended Hope college and is now manager of the International Vinegar Company of Detroit. After a short honeymoon they will make their home in Detroit.

G. AND M. COMPANY MAKES IMPROVEMENTS AT SAUGATUCK

The Graham & Morton Transportation Co. are making a great number of improvements on their Saugatuck property this year. A new private side track is being put in, leading to the northwest corner of the dock, where a new concrete coal bin is being built for storing coal. Trees and shrubbery have been planted, driveways improved, etc., and when all improvements are completed the Saugatuck boat dock will be as good looking as any on the east shore.

SOCIETY WILL PRESENT HARRY LEON WILSON PLAY

All is in readiness for the Melphone program at Carnegie Hall tonight which is the hardest and biggest program ever put on by the society. The play "His Majesty Bunker Bean," takes two and a half hours. It is a 4 act comedy in 5 scenes. After 7 weeks of constant practice and study on the parts and characters the society, with the help of some of the young ladies of the college, is ready for the test.

Bunker Bean is a clerk in an uptown office of Mr. J. Breede. He is a shy, self-distrustful young man. His "pal," Max Bulger, takes him to an astrologer who tells him he was an old king of Egypt before he was Bunker Bean. And then the story begins. The meeting begins at 8 o'clock and is free to the public.

RELIEF CORPS HELPS JUNIOR R. C.

The Woman's Relief Corps has voted to donate ten dollars to the Junior Red Cross organization in Holland for the purpose of helping the Juniors to fill the Christmas bags for Uncle Sam's soldiers and sailors in Alaska. At a meeting of the Corps Mrs. N. Hofsteen, chairman of the Junior Red Cross movement in Holland explained to the members that the Juniors are hard at work on the Christmas bags. She told about the work of the Junior Red Cross in general and explained what the organization stands for, what it expects to accomplish and how it has grown in Holland during the past year.

When she reported that there was not quite money enough to put all the articles in the Christmas bags that the members would like to put in, a motion was immediately made and carried to give ten dollars for this cause.

OTTAWA GIRL TO ATTEND WORLD S. S. CONVENTION

The World's Ninth Sunday school convention convenes at Glasgow, Scotland, June eighteenth, and continues in session nine days. Representatives from far ends of the earth have been on their way for weeks. Michigan's delegates are now en route, some sailing from Montreal and some from New York City. The last date of sailing was June 7th when the steamer "Marlooh" put out from Montreal and the "Cameron's" sailed from New York City. The final set-acquainted party for North American representatives was held on the 6th at the Prince George Hotel, New York City.

WATCH FOR THE DANGER LINE

THRIFT has been defined as straight thinking on five things—on earning, spending, saving, giving and investing. It is more than merely accumulating all the money you can. If you are going to be thrifty, you must start when you start earning. Think straight then, so that you can give your employer full value for every cent he pays you. Keep on thinking straight when it comes to spending what you earn. You must always spend something for the necessities of life, but learn to distinguish these from the wasteful trifles, the useless indulgences.

And, when it comes to the matters of saving, giving and investing, the straightest of straight thinking is required. Looking at it in one way, you save to invest. The money you lay aside to be used in completing your education is an investment. You are investing in your personal preparation for a more useful life. When you save to buy a home of your own, you are also investing, not in real estate property alone, but in the comforts of life and the satisfaction that comes with possession.

The state papers are publishing the 1924 budget showing what for and where the Pere Marquette is to spend money the coming year. In the list no Holland depot appears. On the other hand, Grand Rapids comes in for an expenditure of \$1,500,000.00. Muskegon too, comes in for a \$60,000.00. Possibly the entire budget is not given. Maybe a supplementary list may follow later. At any rate we still have abiding faith in General Manager Alfred and feel that he cannot go back on Holland after all that has been said and done by him to foster Holland's depot project.

M. A. C. at East Lansing will hold its first annual poultry school and judging from June 30 to July 5. The school of instruction is for persons professionally or practically engaged in the field of poultry husbandry.

An opportunity will be given at this school to study production characteristics and the influence of environment factors as affecting the accuracy of modern methods of culling and selective breeding of poultry.

Such men as Prof. E. C. Foreman, C. M. Ferguson, Dr. T. W. Chamberlain, Prof. O. B. Kent, H. J. Stofseth and others will give courses of instruction and demonstrations as well as lectures.

The program is voluminous and touches practically all phases necessary in poultry raising. Ed Brouwer, secretary of the Holland Poultry Association, who has taken a live interest in all things poultry, will go to Lansing and take the course.

Andy Floto, formerly proprietor of the Riverside Hotel in Grand Rapids, which business he disposed of some years ago, was bound over to circuit court by Justice Dickinson in Grand Haven Monday on the charge that he had moonshine, wine and beer in his possession. Floto, on selling his hotel, bought a farm in Spring Lake and on Monday Ottawa county officers raided the place and claim to have found a quantity of moonshine, wine and beer. They assert that Floto attempted to destroy the evidence and that he had poured a quantity of the liquor into a cesspool, but they secured samples of each kind and had them examined by a chemist who, the testimony said, had found a high alcoholic content. The samples were brought into court Monday.

Floto was not represented by an attorney but appeared in his own behalf, producing several character witnesses. Prosecutor F. T. Miles appeared for the people. Floto will be tried at the August term of circuit court.

"Employees who have been with the company for one year will receive \$500 policies and these will increase \$100 each year for 11 years, with a \$1,500 policy as the maximum amount of insurance under the plan. All policies will be issued without medical examination."

Deputy State Game Warden, Frank Salisbury accompanied by Deputy Warden De Young of Jenison went to Rockford Monday and completed an investigation of the report that the Nash Creek and Rogue river had been poisoned. The state officers found that a manufacturing plant has been cleaning its vats, letting the refuse into Nash creek.

Some cows a short distance down the creek drank the water and died almost instantly. A great number of fish including trout were reported floating on the surface. The poison is believed to have gone into Rogue river to some extent but the wardens were of the opinion that the river water purified itself before it reached the Grand.

The company which caused the difficulty agreed to pay for the dead cows and to make good other damage required by the state.

"Golden Motor Tonic" is the name that has been decided upon by the Vandenberg Brothers Oil company for their new motor fuel. The name that won the \$100 prize in the Holland contest could not be adopted because one of the large packing companies has a beef tea that is called "Vigorol." Moreover, Vandenberg Brothers did not guarantee that they would use the name that won the prize in Holland but they announced they would wait until the contest in Grand Rapids had been decided.

More than one of the cards submitted in the Grand Rapids contest suggested the name "Motor Tonic" and that name was decided upon, the company prefixing the word, "Golden," because of the golden color of the motor fuel. One of the cards submitted in Grand Rapids did not contain the name of the sender and now the company is advertising for the identity of that person in order to divide the reward with him.

The cement work on trunk line M-51 between Zeeland and Holland will be completed at the end of this week. There are about three blocks to be put in to connect them with the main street in Zeeland. Road will be open from the brick yard to Holland about July 4th.

Ben Steffens has bought a new Rea Sedan equipped with balloon tires from the Peoples Auto Sales Co.

A big surprise was sprung on Mr. and Mrs. W. J. Poppe last Saturday when their daughter Myrtle was united in marriage to Albert Olsen at the Lutheran church in Muskegon. After the ceremony the young couple came to Holland where a wedding feast was prepared for them. The bride was gown in light green, trimmed with gray, with a hat to match.

The couple, after a wedding trip, will reside at 145 Huston street, Muskegon. The groom is a foreman in the continental Work in Muskegon, drinks to one John Scymonowski.

John Benjamin of Holland was bound over to circuit court Monday by Justice Dickinson of Grand Haven on the charge of furnishing liquor and of having it in his possession. Mr. Benjamin will have his trial at the August term of court.

Benjamin was represented at the examination Monday by Robinson & Parsons and Fred T. Miles appeared for the people. Very little evidence was produced. The prosecution produced witnesses who tried to prove that Benjamin had furnished three James Bosc of Dorr township and Matthew Gilligan of Hopkins, Allegan county, were arrested Tuesday afternoon by Sheriff Hare and Under-sheriff G. W. Hare on complaint of E. J. Friar, a representative of the state department of agriculture, for selling to the Hopkins creamery milk containing less butter fat and milk solids than are required by state law. They were arraigned before Justice Brady Tuesday night and paid a fine of \$4 and costs of \$10. Bosc pleaded not guilty and demanded a hearing which was set for June 23. Friar also made complaint against C. O. Curry of Otsego for operating a creamery without a license from the state department of agriculture. He was not arraigned.

Mr. and Mrs. Charles Sandy celebrated their golden wedding at their home at 360 College avenue Tuesday evening. The event was marked by a family reunion at which all the brothers and sisters of Mr. and Mrs. Sandy and their children, grandchildren and great-grandchildren were present. Mr. and Mrs. Sandy were presented with a number of beautiful presents and quite a few gold pieces. About fifty were present at the reunion and a fine wedding supper was served.

The out-of-town guests were: Mrs. A. A. Stearns, Mr. and Mrs. John Sandy, Mr. and Mrs. Eugene McNamara, and Mr. and Mrs. Henry Vander Hof of Grand Rapids, and Mrs. Henry Kleis of Muskegon.

The body of Robert A. Miller, 21, a soldier at Fort Ringgold, Texas, and formerly a resident at the home of Martin Dutmer in Chester township, Ottawa county, arrived in Grand Rapids Tuesday and was taken to the Albert Alt mortuary. A telegram from army officials said the soldier was drowned but did not state how.

Miller until he was 7 years old stayed at St. John's orphanage but at that age the Dutmers adopted him and he resided with them at their farm home until January 4, when he enlisted. A letter received some days before the news of his death said the young man, a member of Troop E, 12th cavalry, had been unhorsed while fording a stream and it is thought here a similar accident caused his death.

A military funeral was held Wednesday morning at ten o'clock at St. Mary's church. Burial will be in Mt. Calvary cemetery, Grand Rapids.

A farewell dinner was given Thursday evening at the home of Miss Florence Van Dree, 212 W. 14th St., in honor of Richard Jager, John Vander Heuvel, Neal Bosgraaf and Zip-fung Cheung. Hope College students who will soon return to their respective homes for the summer. The table was spread with many appetizing dishes which were relished by all. Wholesome recreation such as singing and playing of games made the evening an enjoyable one. The absence of these young men will mean a big loss to the reminder of the young people's class of the City Mission as they have always taken an active part in the work of the class. But they expect to return again in the fall to take up the work which they have so nobly begun. Those present were the four students above named also Martin Huizenga, another Seminary student, Florence Van Dree, Thelma Tidd, Anna Rotman, Ruth Fletcher, Dorothy and Marie Modders, Lester and William Van Dree, Mrs. Van Dree, Mr. and Mrs. Modders, and Mr. and Mrs. Faye Ewers.

NEARLY FAILED TO GET HIS CAR FOR WEDDING TRIP

The many automobile friends of "Heinie" Ter Haar, salesman for the Hudson-Essex, played rather a trying joke on their friend.

You see, "Heinie" was to get married on Thursday, in fact was tied up for life to a lovely young lady. "Heinie's" friends, however, knew that he was to make the wedding trip in his brand new Essex.

They forthwith planned to kidnap the machine—one of those pre-wedding jokes, you know. "Heinie," however, thought his car had been stolen and got the police busy. Happy dreams for a lovely trip over beautiful country roads with his bride had gone glimmering. "Heinie" thought.

The local salesman chased about to every corner of the city, and country too for that matter, endeavoring to get trace of the stolen machine. The night before the wedding, he understood, the search was on from midnight until six in the morning.

When the hunt was considered hopeless a voice over the telephone, supposedly coming from West Olive, informed "Heinie" that an Essex car was found in a ditch there wrecked.

With trepidation the young man motored to West Olive but he was told that there was no such wreck but that a car had been towed to Holland sometime before.

Exceeding the speed limit, "Heinie" drove past the police station and found the car at a local establishment.

However, before the machine could be released tow charges had to be paid. "Heinie" gracefully turned over the necessary five spot, only too glad to have found his car intact and ready for the wedding trip.

Now it develops that the wags had kidnaped the car, had stored it in the local garage, and the Essex wasn't in Holland, 10 miles of West Olive at anytime.

We understand that when "Heinie" comes back the tow charges will be refunded and a substantial present will be added.

NOT "RESTRAINED" FROM PREACHING FOR SIX WEEKS

Believing that an injustice has been done to Rev. B. H. Einink, pastor of the Central avenue Christian Reformed church, in a news story published Tuesday in which it was declared that the classis "concluded in a resolution restraining Mr. Einink from occupying his pulpit for six weeks." The News is printing a copy of the resolution that was passed. The resolution does not force the local pastor to take a vacation and does not "restrain" him from occupying his pulpit, but the classis "advised the consistory to give Mr. Einink 6 weeks' release," which is quite different from forced action. In justice to Mr. Einink the full text of the resolution that was passed is given:

"Classis, considering that an untenable condition of relations between Rev. Einink, consistory, and congregation of Central Avenue is evident from given statements, classis advises consistory of Central Avenue to give to Rev. Einink six weeks' release from all service and meanwhile classis appoints a committee of seven members to investigate the matter, said committee to report at a future meeting of classis."

CITY LEAGUE TEAMS HAVE HARD SCHEDULE

Monday night the Federals beat the West Michigans 5 to 4 and the standings of the city league now are:

City League			
	W	L	Pct.
South Ends	4	0	1.000
Shoes	2	1	.666
Merchants	2	2	.500
Montellos	1	1	.500
Cubs	1	3	.250
Pine Creeks	1	3	.250

Factory League			
	W	L	Pct.
De Prees	3	0	1.000
Limberts	2	2	.666
Federals	3	1	.750
Heinz	1	2	.333
West Michigans	0	4	.000

The schedule for the coming week is: Tuesday, South Ends vs. Merchants; Wednesday, Cubs vs. Pine Creeks; Thursday, Limberts vs. De Prees; Friday, Shoes vs. Montello Parks. All games this week will be on Sixth street diamond.

The Federals have a habit of winning ball games in the ninth inning. Monday night with the score 4 to 2 against them the Federals still succeeded in sending three runs across the platter with their last bat, which defeated the West Michigans 5 to 4. Gerrit Boerman was on the mound for the Federals and his brother Jake for the West Michigans. Both pitched nice ball.

Last Friday night the Federals expended the same kind of game when they stacked up against the Limberts.

With the score 3 to 1 in the 8th inning in Limberts' favor the Federals settled down and still won 10 to 3. Next week the Federals meet the Heinz team for the second time in the league play.

The Federals won the first encounter 16 to 8.

John A. Stokette, son of Mrs. A. Stokette, Sr., of this city, died Wednesday at his home in Kalamazoo. He left Holland 36 years ago and has made his home in Kalamazoo ever since, being engaged in the grocery and dry goods here. The first of the year he retired from active business.

He was 58 years old. He is survived by his wife, one son Andrew, his mother, Mrs. A. Stokette, Sr., six brothers and two sisters. The funeral was held at the home of Mrs. A. Stokette, Sr., 68 West 1st, Saturday afternoon at 1:30. Rev. James Weyer, pastor of the First Reformed church officiated.

Mr. Stokette, according to a story in Wednesday night's Kalamazoo Gazette, was one of the best known merchants in that city. He served as alderman, holding the office for several years. He served on the Kalamazoo county board of supervisors when 22 years old. Among the other city offices held by Mr. Stokette were those of police, fire, and water commissioner.

Hone College, who spent some years in India in missionary work and who is now instructor in English at Hope co's the \$100 prize for a name offered by the Vandenberg Bros. Oil company. Not only did Mr. Lubbers win the prize but he also submitted the name that was the second choice of the committee. Third honors went to Jacob Boer of Rural Route 9.

The winning name is "Vigorol" and the reason Mr. Lubbers gave for suggesting this name was that "it puts vigor in the gasoline." The name that won second place, also submitted by Mr. Lubbers, was "Vimoline." The name that was given third place and submitted by Jacob Boer was "Power-plus."

The Vandenberg company today sent their check for \$100 to Mr. Lubbers together with their hearty congratulations. Whether or not Mr. Lubbers' name will be used by the company for their new motor fuel will be determined later. A similar contest is being conducted in Grand Rapids and the company reserves the right to select whichever of the winning names in the two contests they consider most appropriate.

The committee met last night to select the name. Those present were: Mayor Kammeraad, R. B. Champion, John Vandersluis, Dr. A. Leenhouts, Prof. Wynand Wichers, and F. S. Grimes of the Grimes-Madigan Company. Over 300 names were submitted and the committee used the process of elimination, throwing out the obviously unfit names, until they had about 100 cards left.

Again elimination was resorted to until there were four cards left. Mr. Wichers held the cards and read the names. He was the only member of the committee that knew the names of the senders. The others knew only the names suggested for the motor fuel and their decision was made without their knowing who the authors were. When the final decision was made on the four cards left Prof. Wichers was excused from voting so that the whole process might be entirely fair. The committee worked from 7:30 to about 11 o'clock to select the name.

Mrs. V. W. Green and son Bobby of Detroit are visiting her parents, Mr. and Mrs. F. Veldman and other relatives in the city.

LOCAL CASE MAY DECIDE ISSUE FOR WHOLE STATE

As a result of case that originated in Holland the question may be settled for the whole state of Michigan whether or not, under the provisions of the Workmen's Compensation Act, a chiropractor is a medical practitioner or not. The case is of extreme interest not only locally but for the whole state and it will be watched with interest if it is carried up before the full board of workmen's compensation commissioners at Lansing.

The man injured is named Rogers and he worked for E. H. Golds of Waukazoo. The injury happened some months ago and there was no difficulty about the compensation in other ways, only the medical provisions coming into dispute.

Under the terms of the compensation act an injured man is entitled not only to compensation but to free medical treatment during the first 90 days. Rogers was treated by one or two physicians but claimed that they did not help him. Finally he went to a chiropractor in Holland, John De Jonge, and he claims that the treatment he received from him cured him.

DeJong naturally put in his bill for services and the commissioner of labor and industry of Lansing came to Grand Haven Monday to hear the case and pass on the chiropractor's bill. The question to be determined was: Is a chiropractor a medical practitioner? If so, the bill would be allowed; if not, it would be rejected.

The state commissioner of labor and industry, after hearing the testimony on both sides, decided that a chiropractor is not a medical practitioner within the meaning of the terms of the workmen's compensation act, and hence the bill was not allowed. But the other side is not satisfied with this decision and plans are being talked over to carry it up before the whole board. If that is done the question will be settled for the whole state. It is a legal point on which no decision has so far been made and it would be a test case for Michigan.

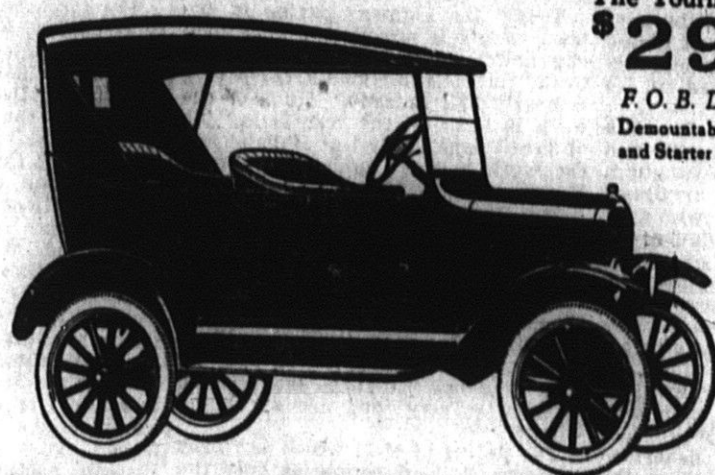

SLAIN PUGILIST HAS SUMMER HOME AT HAMILTON

"Bill" Brennan, heavyweight pugilist, who was shot and killed in his Washington Heights cabaret in New York, was well known in Holland and this whole section. Brennan owned a summer cottage at Hamilton and he has been in the habit for a number of years of coming to Hamilton for about eight weeks every summer, accompanied by his sparring partner. At Hamilton he was naturally a personage of great interest and he attracted to that village many sports fans from Grand Rapids, Holland and other places. He was in the habit of putting in his vacations fishing and boating and he often gave boxing exhibitions.

The killing occurred at 4:30 Sunday morning, when the cabaret was deserted, save for the waiters. Brennan was with his sister, Shirley Sherman, employed as an entertainer, and Cullen.

One of the men whom Miss Sherman identified later as Hughes entered and asked Brennan to step into the hall for a moment. Brennan complied and almost immediately two shots were heard. Miss Sherman and Cullen rushed into the hallway on the second floor and found Brennan lying. The girl snatched at the coat of one of the men and as he broke away he fired twice. One of the shots lodged in Cullen's neck and the other narrowly missed Miss Sherman. Brennan died while being carried to an ambulance.

Brennan's greatest claim to fame rested in his having stayed 12 rounds with Jack Dempsey. He had a record of 65 knockouts in 121 ring battles.

GAME WARDENS ARREST TWO HOL- LAND OFFENDERS

Deputy Game Warden Salsburg of Grand Haven and DeYoung of Grand Rapids were in the city two days before the fishing season opened to see what they could see.

The Wardens gathered in Ben Breuker who had two blue gills and John Nyssen who had also caught a very few. These men were arrested before Justice Van Schelven who gave them the lightest possible fine under the law, namely \$3.00. Nyssen and Breuker were violating the law no doubt and the wardens were within their rights to arrest them and in this they are upheld by local sportsmen. However, it is contended by the enthusiastic fishermen that the wardens took the name of several men who had strings of crappies or specklebas. If this is true, as many fishermen claim, they are wondering what the wardens will do with the list.

Anyway, this crummy fishing problem, as far as this lake is concerned has been threshed out repeated between the state game department and the Holland Game Protective association and an understanding is supposed to have been reached as far as these waters are concerned.

Only at this season of the year specklebas are good eating and in hot weather they are practically worthless as good fish food.

"Why have a closed season when these fish are eatable and an open season when they are not," fishermen ask.

What members of the game club in Holland would like to know is why this velleed way of scaring fishermen on this "crummy" proposition by taking names and that within a few days of the opening of the season. This sort of nibbling about without doing anything seems to be uncalled for. Either the law is right and should be enforced or it is wrong as far as this locality is concerned and upon which it is understood generally the game department has passed. Why then this pretention of doing something on the part of the game wardens?

This fish question should be settled here once and for all and the Holland Game Protective association should find out just where Holland is at. This fish problem has been agitated periodically for the past 10 years. Let's find out definitely which laws apply here and which don't and abide by the law. Let's find out if a crummy is a specklebas or something else.

ENGAGEMENT OF MISS VERA KEPPEL IS ANNOUNCED

At a lovely dinner party given for Miss Babe VanPutten, Mr. and Mrs. A. C. Keppel, 85 East Tenth-st., announced the engagement of their daughter Miss Vera Jane to Mr. Kennedy Crumrine, Jr. The home was charmingly decorated with large baskets of lavender and rose flowers. In the dining room places were laid for ten of Miss Keppel's most intimate friends. In the center of the table was a mass of rose sweet peas and blue forget-me-nots encircled with marigolds, while lavender candles flickered at either end. After the meal was completed the center-piece was broken up revealing ten corsages, in each of which there was hidden a tiny, heart-shaped letter breaking the news to the guests.

Miss Keppel, who is a graduate of the class of 1921 of Hope College, is well known for her talent in dramatics and oratory. In 1921 she placed in the state oratorical contest. For the past two years she has held a splendid position in the Dramatic and English department of Pennsylvania State College. Mr. Crumrine is the son of Mr. and Mrs. Kennedy Crumrine of Meadville, Pa. The date for the wedding has not been definitely determined.

MAGAZINE RUNS OUT OF

LOCAL PRINTING HOUSE
"Ben Franklin and Western Printing," a trade publication published in Chicago, contains in its June issue a cut of the Stokete-Van Huls Printing House on East Tenth-st. Accompanying the cut is a column story telling about the progress made by this printing firm since it was started in Holland a few years ago. It is headed "Uncle and Two Nephews Work Day and Night to Serve Customers," and it tells how the firm was organized in 1919 and what steps it has taken since to forge ahead in their chosen field.

WHY NOT MAKE RAISE ON ALL POSTAL MATTER?

Local poultry raisers have become quite disturbed over the fact that Congress was about to pass a bill to increase the parcel post rates on eggs and "baby chicks" as a method to acquire the means with which to pay unpaid postal clerks and the claim is made that one of the principal defects in the postal service results from parcel post. The Paige Bill, so-called, would increase Parcel Post rates it is claimed. This would not materially affect shippers of eggs for hatching, for the bulk of such shipments go by express. However it would affect shippers of baby chicks, who now enjoy direct mail routing for packages containing baby chicks. These shippers employ parcel post and usually prepay postage. The bill would double the postage on their "parcels."

For that reason the local "baby chick" shippers have been quite exercised over the matter. The chicken men concede that the postal clerks and carriers should have more pay, but why strip the feathers from the chicks only? Why not a horizontal percentage increase on everything that goes by Uncle Sam's mail, including love letters? The "baby chick" will stand its share but does not want to be stripped.

Dr. and Mrs. Wm. Weststrate will leave Saturday for Ann Arbor and Detroit to spend a few days.

HIGHWAYS ARE BEING PAVED AT GOOD CLIP

Trunk line highway paving in Ottawa county is progressing at a good clip and on Trunk Line 51 between Grand Rapids and Holland, the paving is nearly half finished. Much of the work is done on the resurfacing job of Trunk Line 11 west of Holland and the work is well under way near Marne on Trunk Line 16.

The Trunk Line 16 job is of more interest to people as its completion will bring Grand Haven and Grand Rapids within an hour's drive of each other on smooth concrete pavement. Much time will be clipped by the rounding curve that circles the village of Marne. This curve cut off two rail road crossings and three sharp turns. It forms a very long arc about the village.

The paving of M-51 which as vitally concerns Holland people as does the paving of M-16 Grand Havenites, is progressing at a speedy clip. Engineer Carl T. Bowen, found upon his making a reckoning Monday morning that nearly seven miles or almost half of the job had been paved. At this rate, the concrete circuit from Grand Rapids to Grand Rapids to Grand Haven to Holland and back will be completed in the very near future. Most of the M-51 job is rerouted highway and the old road is still in use. It constitutes a much needed piece of paving.

West of Holland, the curbing and widening extensions on Trunk Line 11 macadam road are in and workers are waiting for conditions to be such that a roller may be run over the old highway preparing to resurfacing it with asphalt. Many potholes on the traveling very bad, the past year.

The detour west of Marne on Trunk Line 16 is to be put in operation this week it is stated. The railway fence was moved over with the permission of the Interurban company and two way detours are to be provided so that traffic can be routed beside the road.

"Horace Mann School" Name of Former Junior High

A new school name has been added to the list in Holland and from now on one of the buildings will be referred to as the "Horace Mann School." Because of the completion of the new Junior high school the old Junior high school located next to Froebel school has been vacated and it will be converted during the summer into a grade school. And since all the other grade schools have names the board of education decided to give this one a name also. "Horace Mann School" was the name chosen. It is very appropriate because Horace Mann was one of the greatest men in American education. He was born in 1796 and died in 1859, and during his life he took a prominent part in shaping the American educational system.

During the summer the Horace Mann school will be cleaned up and repaired. It will be put into first-class shape to receive the sixth, seventh, fourth, fifth and sixth grades. This will relieve the crowded conditions in the other grade schools and all grade pupils will be comfortably taken care of the coming year. Some readjustment of the school boundary will be made during the summer.

The club wishes to thank the merchants for their splendid donations, those who donated automobiles, the committee, boy scouts and all who helped to make the picnic a success.

The Holland Independents scored another victory Wednesday night, the Standard Oils of Grand Rapids being defeated by a 9-3 margin. Poppen was on the mound for Holland opposed by Lefty Dobbs former local pitcher. Poppen had way the better of the argument, striking out 8 and yielding seven hits, while Dobbs was touched for 13 bingles and he breezed only three.

Born to Mr. and Mrs. Fred E. Wise at Holland hospital a nine pound boy, Edward Jr.

SEMINARY GRADU- ATE MARRIES ILLINOIS GIRL

The following account of the marriage of Rev. Francis P. Ihrman, this year's graduate of the Western Theological Seminary, appeared in the Canton, Ill., Daily Ledger:

"One of the most lovely of June weddings took place on Wednesday afternoon at the home of Dr. and Mrs. R. E. Wasson, when their only daughter, Miss Glenna, was united in marriage to the Rev. Francis P. Ihrman of Holland, Mich., the Rev. Mr. McKinley of Galesburg, performing the double ring ceremony. Promptly at 2 o'clock, to the strains of Mendelssohn's wedding march, played by Mrs. A. C. Wilson, the bridal party descended the stairs and marched to a bower of fern leaves and roses where the marriage was solemnized. The father gave away the bride, Fay Wasson, brother of the bride, acted as best man and Alice Ihrman, sister of the bridegroom and Catherine Wasson, cousin of the bride, were the bridesmaids.

"The bride was attired in a white satin backed crepe dress trimmed in white lace and ribbon and wore a wedding veil held in place by orange blossoms and carried a bouquet of pink roses, sweet peas and lilies of the valley. The bridesmaids were dressed in pink crepe and blue crepe with bouquets of pink roses and snap dragons.

"Beautiful bouquets graced the home. The bride and groom received many beautiful gifts of silver and cut glass. A two course lunch was served. Mr. and Mrs. Ihrman left immediately for Holland, Michigan, to spend their honeymoon. They will be at home to their friends in Mohawk, N. Y., after July 1."

MISCELLANEOUS SHOWER IS GIVEN FOR MISS ADA WHITMAN

Miss Clara McClellan entertained very delightfully Tuesday evening in honor of Miss Ada Whitman, who will be married late in the summer. The party was in the nature of a miscellaneous shower. The guests spent the early part of the evening making golders and dustcloths for the bride.

In the games Mrs. Whitman won first prize at a guessing contest, while Mrs. William Vandenberg was consoling. Miss Whitman received many lovely gifts. Dainty refreshments were served.

HOLLAND CRAFT GOES ON SPRING LAKE FERRY

Spring Lake will again have ferry boat service from Grand Haven to its lake resorts after an absence of over a year of such transportation. John Grindle of Spring Lake has chartered the gasoline boat "May Bee" from Jesiek Bros. of Holland and has rechristened it the "Ottawa." He intends to put it on the run as soon as possible, possibly by this week end and not later than next week. The "May Bee" was also owned for sometime by George Bender of the local boat livery.

Grand Haven and Spring Lake have not had ferry boat service since the Hazel B. owned by Capt. Walker of Ferryburg, burned at her dock on the island about a year ago. The boat was a fine craft and was a very popular means of transportation. Capt. Walker made an effort to secure a boat after this one burned but was unsuccessful in locating the boat that was suited to him.

The "Ottawa" is 45-ft. long, 10-ft. beam and carries 75 people. This is a comfortable capacity for the ferry which will hold a few more in case of need. Accommodations are being fixed up and the boat put in first class shape. The boat was built in Holland in 1918.

Powered with a 4-cylinder, 4-cycle Halliday marine engine developing 35 horsepower, the "Ottawa" will make nine miles per hour. This should make the trip up the lake and back in an hour each way counting all the stops. Mr. Grindle intends to pilot the boat himself for some time and will carry one other man to help him with the docking and the care of the engine.

A ferry boat to Spring Lake points has been needed for a long time and its advent will be the cause for rejoicing. Pleasure parties are to be specially catered to and a schedule is to be arranged altho it had not yet been announced.

The part time school conducted in Holland under the auspices of the board of education is to have its request for state and federal aid for the home economics department for girls approved as a result of a visit made to the school recently by Miss Ruth Freegard, state supervisor of home economics education. Supt. E. E. Fell is in receipt of a letter from Miss Freegard in which she declares the department is in very good condition and has been approved by the state department of education. On the basis of this approval the state and federal aid will be extended.

Similar aid has been extended the past year to the boys' classes of this school that are being conducted by Mr. Welch. This school is of comparatively recent origin, having been conducted for about two years. It is now on a firm footing and the quality of the work done can be judged from the fact of the formal approval by the state department.

WHITE STONE BAND STAND SUGGESTED AS A MEMORIAL

The American Legion Auxiliary is glad to announce the collection of an even \$250 thru its recent sale of poppies for Memorial Day. The sale was managed by Mrs. Chester Van Tongeren who along with the whole organization feels very grateful to the people of Holland for their kindly cooperation in the raising of this money.

The Auxiliary in addition wishes especially to thank the three local movie houses for running slides concerning the poppy sale; also Mr. H. Geerds for the army tent used downtown.

The memorial fund now totals a little over \$1500, every dollar of which represents both service on the part of the Auxiliary and, better still, good will and appreciation on the part of Holland citizens, who have patronized Auxiliary affairs. In fact the organization considers this fund almost a public affair, as the public has con-

tributed so largely toward it, and as the Memorial to be built will be accredited to the city of Holland.

The most favored type of Memorial thus far seems to be a white stone band stand of Greek or Roman architecture, upon which would be placed a bronze table engraved with the names of the Gold Star lads from Holland. This would be best erected in one of the city's parks, where floral tributes could be brought to it from time to time. The idea of a band stand seems the more appropriate since the American Legion band is at present and promises to be for years the city's one band.

The Auxiliary at any time, however will welcome suggestions from any one as to the character or location of Holland's memorial to the heroes fallen in the World war.

Kills Pesky Bed-Bugs P.D.Q.

Just think, a 35c box of P. D. Q. (Pesky Devil's Quietness), makes a quart, enough to kill a million bedbugs, roaches, fleas or mosquitos and stops future generations by killing the eggs and does not injure the clothing.

Liquid fire to the bedbugs is what P. D. Q. is like, bedbugs stand as good a chance as a snowball in a justly famed heat resort. Patent spot free in every package of P. D. Q., to enable you to kill them and their eggs in the cracks. P. D. Q. can also be purchased in sealed bottles, double strength, liquid form.

Health is Welcome After Asthma's Agony

HEALTH TALK NO. 15 BY JOHN DE JONGE, D. C.

HEALTH is indeed most welcome to any one after having suffered the agonizing struggle for breath which is characteristic of the spasma peculiar to this trouble. Asthma, some have considered a climatic trouble. Those who change climate in the hope of relief are nearly always disappointed.

14 Years Experience

Graduate of the Michigan College of Chiropractic and the Palmer School of Chiropractic

A moist lake or sea atmosphere may irritate but does not cause asthma, or the big majority of those who live in such an atmosphere would have asthma. The cause of asthma is practically every case that becomes chronic is pressure on spinal nerves to the bronchial region of the lungs. There is a peculiar spinal stoop noted in the asthmatic sufferer. By my chiropractic health method this disturbance of spinal nerves is corrected and health naturally follows.

Suffered for 20 Years—
Then Relief

"I suffered from asthma for twenty years. I was told the California climate would cure me, but it didn't. Then I was advised to go to the mountains, and it had no effect. I consulted one physician after another and received no benefit. I tried a sanitarium treatment that was highly recommended and it failed. I am satisfied now that none of the things that I tried had a chance to succeed because none of them reached the cause of my particular trouble until I began taking chiropractic spiral adjustments. I had good results in twenty-five adjustments, but continued until I was entirely well. During the past winter I caught a hard cold and expected a return of the trouble, but it did not appear. I am sure now that I have a permanent cure."—Mrs. Mary S. Desjardis, Chir. Res. Bureau, State ment No. 1575E.

DRAWS LESSON FROM BRUTAL CHICAGO MURDER

The Leader this week prints a part of the address that Dr. J. E. Kuizenga delivered at Asbury Park, N. J., in connection with taking the office of president of the general synod. The Leader's report follows:

"The recent brutal crime in Chicago by two young men who had enjoyed all the advantages of wealth, education, and our complex civilization has shocked our world and made us face anew the significance of religious education. In the words of a recent editorial 'If any generalization may be made from this strange and recent criminal episode, it is that the privilege of unusual education unaccompanied by effective moral or religious influence may result only in a dangerous and coldblooded cruelty, a snobbery of brains as brutal as and devoid of social fellowfeeling as that which caste has sometimes created elsewhere. Education without motives and without brakes is a menace.'

"Let me therefore suggest to you the greatness of our opportunity and the deadliness of our neglect. First of all the utter dependence of the child. I mean to say deliberately that God so shaped life that each generation need mould its successor. The child is a mould to be filled, in some sense an empty form. By his human constitution he must get the ideas of God, self, and morality so that he will always differ from the brute in just this unerasable tendency to think these ideas. But the content of these ideas, the actual thoughts he will form of God and self and moral obligation will be largely dependent upon the positive teaching he receives in his home and in community of which he is a member. On that conception of transmitting the achievement of the past all education is built; and it is emphatically true of religious education.

"There is another road to the same conclusion. The child is a self-starter, a self-organizer. He is fitted out with many instincts, which crave satisfaction. These must all be organized to form a self-directing personality. But how is the child to know which needs are higher, which goals supreme, which involves largest happiness and a satisfaction of the implanted urges of life? Must each generation work out the bitter puzzle without help from the generation that goes before? Is there no method of learning except the deadly method of trial and error? Parents and the community must make clear to the child what are the supreme things of life. The so-called 'lengthened infancy period' indicates how large is the cultural inheritance that is to be transmitted; and so the law 'Thou shalt diligently teach them unto their children' is engraved on the constitution of the child mind. If the new psychology has added anything to the truth, it has made more certain the great importance of religious training in early childhood. It has but reiterated the old Reformed conception of the covenant training of children.

Let me suggest next the issues at stake in the training of the child. No less than progress of the Kingdom and the revelation of the glory of God.

By early training we make it easier for young people to come into the glory of conscious discipleship. All their ideas, ideals, sentiments and associations will predispose them to the glory of a Christian life, as all the ideals of a heathen predispose him to reject Christianity. In Europe mistrust of one nation of another is so deeply rooted in every mind that it takes more than a generation to uproot the false conception. In the mind of the immigrant and plant the American ideal of 'charity toward all and malice toward none.' And what if by our neglect in home and in church we fail to predispose our children for the Gospel, shall we be able ever to reach them again?

The neglect of early home and community training in religion also cripples and jeopardizes the Church itself. Even though converted later in life, untrained men and women without background set the whole Church back a generation. We have to lay again the old foundations when we ought to advance. And it becomes almost impossible to give them a true conception of all the lordly enterprise in which the Church is engaged to bring in the Kingdom. Therefore the supreme need of the day is religious homes and religious communities.

At a recent commencement of our Western Seminary two young men graduated whose parents had come from Iowa and Nebraska to be present. One of these mothers said in a way that impressed me 'This is a day I shall never forget. This is the achievement of the one hope that I have been living for.' From such homes always come our church leaders. We cannot turn the clock back and reduce home life to its old simplicity, but it ought to be possible still to have the home in which religion is first.

We need also the religious community. Whatever counts first in the community impresses itself on the children. What we are counts more than what we say. As soon as our American communities think more of religion than they do of luxury and pleasure, so soon shall the new generation serve a living God. As a matter of fact most of our church communities do not even try to make the Sunday school a real school, and the old Reformed ideal of teaching the children the Bible and indoctrinating them in the great truths of Christianity has been forgotten. God gave his new pastoral office at Hommon generation what we wish it to be. As we train the child, so goes the world tomorrow.

TEACHERS AND OFFICERS HOLD QUARTERLY MEETING

The teachers and officers of the 3rd Reformed church Sunday school held their regular quarterly meeting last evening at the home of Mr. and Mrs. Jacob Geerlings. Addresses were given by Mr. and Mrs. Henry Stegeman. Musical numbers included a piano duet by Hazel Lokker and Ruth Van Kersen and a vocal solo by Dr. A. C. V. R. Gilmore. The meeting was well attended and was in the nature of a reception for Mrs. Stegeman who is supported by the Sunday School as a missionary in Japan. Rev. and Mrs. Stegeman presented the school with a fine painting of the sacred mountain Fuji. Refreshments were served by a committee of the teachers.

Miss Iva Fleming spent the weekend with Miss Clara McClellan. Miss Fleming is a teacher of history in the Junior high school at Albion and she will return there next year, after spending the summer at her home in Scottville. Miss Fleming was a former teacher in Holland.

FIRST HONORS IN CONTEST WON BY LOIS MARSLIJE

A very successful and pleasing contest was given at the high school Friday evening. The program opened with a beautiful number by the Junior high orchestra conducted by Miss Ruth Keppel. The three numbers rendered by the orchestra were all enjoyed but the first was especially fine. The Girls Glee Club, directed by Miss Grace Mills, also rendered three numbers, each worthy of high praise.

James Whitcomb Riley's patriotic poem, 'The Name of Old Glory,' was well rendered by Dorothy White of the 7-1 grade. Gertrude Baker who had been chosen to represent the 7-2's was unable to be present and her place was taken by Eleanor Hietje who interested the audience with the stirring 'Tubal Cain,' by Charles McKay. The third speaker, Loretta Schulling of the 8-1, gave most artistically Edwin Markham's beautiful selection, 'The Christ of the Andes.' The last contestant, Lois Marsilje of the 8-2, had a splendid subject, 'The Eighteenth Amendment,' from the 'Save America' book and she gave it very forcefully. Every word she said could be heard throughout the building.

While the judges were absent making their decision the audience was well entertained by several numbers in lighter vein. Jeanette Herman and Alvina Slagh, in Dutch costume, gave a reading 'Peterkins and Polly,' ending in a clog dance. Alice Boter read 'As the Moon Rose,' very pleasingly. Wilma Kasten gave two cantatas, 'The Youngest in the Family,' and 'I've got a pain in my Sawdust,' in a delightfully charming manner. Seven girls in pretty brightly colored organdie dresses, led by Margaret Schurman, gave a clever song pantomime called 'Hats,' which greatly amused the audience.

Miss Grace Mills described the plan of the music memory contest and awarded a first prize of \$5.00 to Mary Kotocka and two prizes of \$1.50 each to Mary Harper and Evelyn Beach, who tied for second place.

The person selling the most tickets in the grades was Helen E. Smith, who sold 16 tickets; in the Junior high it was Harriet E. Boot who sold 23 tickets. They each received \$1.00. The room which sold the most tickets in the grades was Miss Leenhout's 5th grade in Washington school which was given a beautiful copy of 'The Song of the Lark.' In the Junior High Miss Zwemer's room, which sold the most tickets, received 'The Pilgrims Going to Church,' by G. H. Boughton.

Mrs. Henry Van Ark, president of the Holland Union, gave the report of the judges who were Mrs. W. A. Van Syke, Mrs. E. J. Blekkink, Mrs. C. J. Dregman, Mrs. Jas. Wayer, and Miss Katherine Post. Second place was given to Loretta Schulling, who gave 'The Christ of the Andes,' and the silver medal was awarded to Lois Marsilje, who gave 'The 18th Amendment.'

The whole contest meant a great deal of extra work on the part of the Junior high teachers and the Woman's Christian Temperance Union appreciated their efforts and was gratified by their success.

The awarding of prizes to the graduating students of our high school is being recognized as giving deserving consideration for meritorious work. School authorities have always been of this opinion and very happily it is now being taken up more and more by outside organizations.

This year the local lodge of the Knights of Pythias are again presenting medals to the winners of their annual essay contest. The broad subject of Citizenship is the one covered in these papers by the competing students. Such inducements as a gold medal to the prize winner and a silver medal for the second place are looked upon by the scholars as worth while rewards for their study. On the other hand, the Knights of Pythias feel they are lending their influence in the encouragement of the study of the fundamentals of true American citizenship.

The prize winners of the local contest receive their medals at the graduation exercises, but the prize winning essays go on to the state contest, to be judged with other papers from all over the state for the grand prize, which is a solid gold watch, and a trip with all expenses paid to the state convention of the order, held at Petoskey.

The Holland Chapter of the Sons of the Revolution also think well of prize giving for their hard work that research into historical matters demands. They are presenting fifteen dollars in gold—ten dollars for the first place and five dollars for second, to the winners of an essay contest which deals with the leading characters of early colonial history. The number of studies turned in by the history pupils for these fine rewards indicates the real interest created in subjects which should be considered as of more than passing interest.

The organizations fostering these efforts towards higher attainment on the part of high school students should be commended and the additional work demanded of the teachers conducting the contests, as well as that of the members of the organizations who acted as judges, is not lacking appreciation from those interested.

The Melphone society of Hope college gave its annual program last night before a house filled with capacity. The audience was vastly pleased with the program rendered. Dr. A. Pieters opened with prayer and the president of the society, Lambert Oigars, gave a few words of welcome and appreciation. Theodore Boot gave the budget and Marvin Kuizenga gave a reading.

The play, 'His Majesty Bunker Bean,' took the house. It was full of laughter and fun and yet underneath was a sound moral. Lambert Oigars as Bunker Bean held the sympathy of his audience and the joy of his subjects at his triumph. The fapper, Anna Ruth Van Alsburg, carried her hearers with her and made them feel her own feeling. Peter De Rutter as Pope brought side-splitting explosions from the whole audience. The whole cast was so excellently chosen and each person took his part so naturally that the audience lived for the time being in a new and transplanted world—the world of finance and New York. The other members of the cast are: Harry Grond, Harry Clarke, Theresa Smallen, Sadie Modders, Christine Holkeboer, Adrian Ter Louw, Elizabeth Visker, Matilda De Witt, John Tyse, John Moedt, John Nyboer, Harry Lemmen, Glenn Nykerk, Julius Schipper, Peter Holkeboer. Coach—Miss H. Warnshuis.

TO SHOW FUTURE GENERATIONS WHAT HOLLAND IS LIKE

The cornerstone of the new building of Henry Kraker Plumbing and Supply Co. was laid Friday afternoon at 2:30 o'clock, the stone being laid by At. Arthur Van Duren. Mr. Kraker, well known citizen and booster, is erecting a three story building, 40x110 feet, corner 9th street and River Avenue. The foundation has been laid on the superstructure, which will be of old rose brick, is about to be begun.

Mr. Kraker decided that future generations should have an opportunity to get an idea of what Holland was like in 1924 and so he had a copper box placed in the heart of the cornerstone with a number of documents in it. The box was sealed by John Walters, one of Mr. Kraker's oldest employees, and mason work was done by Jacob De Feyter. The following items were sealed in the box:

Roster of Blue Lodge Members; report of the board of public works; Masonic Temple Dedication program; Masonic medal; pictures of the old building which occupied the corner where the new building is being erected; photograph of Mr. Henry Kraker; seven photos of Holland's most prominent buildings, viz., Holland County Club, Masonic Temple, Junior High School, Van Jeck Hall, etc., in which the Henry Kraker Co. installed either the plumbing or heating or both; one Holland Daily Sentinel in which was found the news that Henry Kraker sold the building now yet occupied to James A. Brouwer Co. bank statements from both Holland City State Bank and Peoples State bank, with various names of directors and employees; one 25c piece of 1918 in which year the armistice was signed; a nickel of 1887 and a dime of 1904; pamphlet of Crane Co., Grand Rapids, Michigan; pamphlet of City of Holland; History of Henry Kraker's career; one small revolver bullet from Speed Cop Bontekoe, one less to go through some one's tires; one small Stilson wrench and 1 3-8 in. galvanized cross pipe; photograph of Henry Kraker and family; cards and letters of A. Harrington, Fred Beuwkes, Damstra Bros., Yonker Pig. Co., Nell De Cook and Son, carpenters, S. and B. Habing, masons, Bert VanderPoel, Russell Vander Poel, Fred Slag, G. A. Van Landegard, maker of box, P. S. Beter Co., employees of J. A. Brouwer Co.; Crane Co.—R. J. Douglas, manager, G. C. Collins, asst. manager, M. J. Burch, salesman. Also a card from Mr. George Belder, one of Mr. Kraker's most esteemed friends who stood by him through thick and thin and reared him in the beginning of his business career. Cards from employees of H. Kraker Co., John Walters, Floyd Stauffer, Ray Lighthart, Alec Wilson, John Boeve.

Now it has been decided to bring these sketches up to date. Many of the men have had careers since the date at which the story ends in the two biographical volumes, and those subsequent careers will be followed in the biographies that are to be written. This however would be too great a task for any one individual since there are hundreds of biographies to be considered. So the State Historical Commission has adopted the policy of having each county take care of its own public men. One person will be appointed in each county to whom a list of names will be submitted that he is to take care of and the biographies of which men he is to bring up to date. For Ottawa county Arnold Mulder has been appointed by the State Historical Commission.

JOINT CANVASS IS REGARDED A HAPPY THOUGHT

The canvass that is being made in Holland for the city rescue mission and the Boy Scouts is slowly getting into its stride. It being conducted quietly, but the people of Holland know these two causes so well that it is no necessary to make very much noise about them. However, in the near future, when the canvassers come back with the returns, the amounts from the various business institutions will be listed and published from day to day as the reports are made.

Three thousand dollars for the city mission and fifteen hundred dollars for the boy scouts represents a good investment in community welfare, according to those who are backing this movement and who are in charge of the canvass. It is pointed out that in a sense the two causes supplement each other and that for that reason it is appropriate that the two shall be joined in a single canvass. The city mission reaches out to many who have fallen, or who have perhaps merely stumbled and need help to get back to the straight road of good citizenship. It also helps those who have been merely unfortunate and tries to give them a chance. It salvages that which has drifted away.

The boy scout movement, it is pointed out, is in some ways the other side of the same thing. The scout movement is an attempt to prevent conditions that shall later lead to the kind of thing that the mission remedies. By reaching out to the boys early in life and by getting them interested in the wholesome things, the movement starts the boys on the path that leads to good citizenship. It is a case of prevention and cure, and the two go together in any community. So it is looked upon as a happy inspiration to join the two movements in a single canvass. As announced before, unless otherwise specified, all contributions given will be divided two-thirds to the mission and one-third to the boy scouts.

TWO SONS TO GRADUATE FROM UNIVERSITY OF MICHIGAN

Mr. and Mrs. Arthur Van Duren left for Ann Arbor Thursday by auto to attend the commencement exercises there. Their son Charles will graduate from the law department and their son Arthur, Jr., will receive his Master's degree from the literary department, having done a year of post-graduate work after receiving his A. B. last June. The Van Durens are accompanied to Ann Arbor by Mr. and Mrs. Albert H. Golds, whose son graduates from the engineering department.

The population of the United States totaled 112,826,000 on Jan. 1, 1924, according to estimates just given out by the National bureau of economic research. This compares with 110,883,000 on Jan. 1, 1923, and the census count of 105,711,000 on Jan. 1, 1920.

WILL START IN BUSINESS FOR HIMSELF

Mr. H. Vander Heuvel, who has been with the Holland Engine Company for a number of years, has resigned his position and will start a business for himself.

He has been in Holland for about twelve years, working for the Bus Machine Works as machinist, afterwards at the Keller Pneumatic Tool Company as tool maker and has now been with the Holland Engine Company for six years working as a tool maker, later as chief tester and expert repair man until about a year ago, he was given a position as general foreman.

The Holland Engine Company is losing a good foreman, but they have wished him success in his new enterprise and are helping him get started.

Mr. Vander Heuvel will start a shop equipped with the latest tools to do all kinds of machine work and general repairing, making gas engine repairing a specialty. He will also handle a complete line of new and used gasoline engines, pumps and water supply equipment for the farm and resort trade. He also expects to have a service car giving immediate attention to all outside repair work on engines, pumps or any machinery that may need it, besides stocking a line of repairs for all standard makes of engines which will make it very convenient for those that may have purchased engines of some outside make.

The new shop will be located on 5th street in the new Ottawa Furniture Company Warehouse basement near the city dock.

TO FINISH 'LIVES' OF OTTAWA'S PUBLIC MEN

The biographies of the public men of Ottawa county who have figured in political history of Michigan are to be brought up to date. This is part of a general movement to complete the biographies of all the public men of Michigan. The State Historical Commission recently published two volumes of biographies of the men of Michigan who have made their mark in public life. The biographies of those who had passed away were written to the end but the policy was followed of writing the biographies of the living only up to the date of the last appearance of the subjects in Michigan.

Now it has been decided to bring these sketches up to date. Many of the men have had careers since the date at which the story ends in the two biographical volumes, and those subsequent careers will be followed in the biographies that are to be written.

This however would be too great a task for any one individual since there are hundreds of biographies to be considered. So the State Historical Commission has adopted the policy of having each county take care of its own public men. One person will be appointed in each county to whom a list of names will be submitted that he is to take care of and the biographies of which men he is to bring up to date. For Ottawa county Arnold Mulder has been appointed by the State Historical Commission.

Ottawa county has furnished quite a number of men to public life of the state and nation, among them G. J. Diekema, Luke Lugers, Fred McEachron, N. J. Whelan, Wm. M. Connelly, G. W. Kooyers, C. H. McBride and a host of others. In several cases the stories of their lives are complete or nearly so but there are some who have done perhaps more after they left public life than before and the tale of those events will have to be told.

FORTY-NINTH H. S. COMMENCEMENT THURSDAY NIGHT

The forty-ninth annual commencement of Holland high school will be held Thursday evening at 8 o'clock in the high school auditorium. The program will consist of the following: invocation, Rev. P. P. Cheff; vocal solo, "Life," (Pearl Curran), Mrs. D. B. K. Van Raalte, accompanied by Mrs. Martha Robbins; salutatory, Miss Hazel Anders whose average grade was 97.75 during her high school course; address, Rev. Charles William MacKenzie, of Coldwater; piano solo, John Lloyd Kollen; valedictory, Theresa Mool, whose average grade was 97.964; presentation of diplomas by Dr. A. Leenhouts; presentation of the class memorial by Eugene Kammeraad.

There will be no graduation exercises of the eighth grade in the public schools this year and the chances are that these exercises will be permanently discontinued. This new system is being inaugurated because of the completion of a new Junior high school. The students in Junior high are made up of pupils from the 7th, 8th and 9th grades. When they complete the eighth grade they have been in Junior high for two years and are still one year short of finishing that school. They are expected to finish the Junior high school course as a natural thing and eighth grade promotion exercises would be more or less meaningless.

REGULAR SERVICE RE-ESTABLISHED TO GRAND RAPIDS

Holland passengers for Grand Rapids will be able to go right through to the Furniture City from now on. The blockade of the Michigan Railroad company's tracks by the village of Grandville which has prevented through interurban service between Grand Rapids, Holland and Saugatuck since Saturday morning, was lifted shortly after 8 o'clock Tuesday

night, following the appointment of George Stuart Hanley, Detroit, receiver for the railroad by Judge C. W. Sessions in U. S. district court at noon Tuesday.

The village trustees had intended to lift the blockade Wednesday morning but when it commenced to rain about 7 o'clock Tuesday evening, Trustees Tibbets, Bouwmeester, DeRyke, Mil-Prentice and Frentice who constitute a governing majority of the board, got together in Mr. De Ryke's home and, deciding not to put the public to any further inconvenience, ordered the immediate lifting of the blockade. The first car to go through the village with the exception of a coach carrying mail, which went through Monday, was the Holland interurban leaving Grand Rapids at 7:55 Tuesday evening.

It is expected that work will soon begin in preparing the roadbed for the paving awaiting the purchase and arrival of the paving material after the certificates have been sold. Receiver Hanley is to report to Judge Sessions after 60 days as to progress under his management. It is said the paving in Grandville will cost the road about \$70,000.
