DEATH STILL PADDLE ARM OF OLD INDIAN OF 106 SUMMERS

Funeral services were recently held from the little Indian church at Kewadin, near Elk Rapids for Nah-Nah-ge-zhe-go, a better known as "P. M." said to have been the next oldest Indian in Michigan. "P. M." was 104 years old. His sister, Mrs. Jacob Sagot, of Kewadin, is 110.

Rev. J. C. Matthews officiated at the service and six Indian braves bore the aged Chippewa's body to the grave.

Paddling his canoe, which he had fashioned from a tree trunk with his own hands, "P. M." had been a familiar sight on Rapid and Torch rivers for many years. Since the death of his wife some years ago and the separation of his family the old Indian had lived a somewhat secluded life, altho he had many friends all through the region.

"P. M." was born at Old Mission in 1820. When still a boy, his parents crossed the river to Kewadin "Home of the North Wind" and here had lived since.

He was converted to the Christianity about 50 years ago and his simple, trusting faith had become a byword. He regarded his conversion as a miracle, the same being the outgrowth of the visit of a white man to his home at a time when he lay ill unto death. The white man, a Mr. Smith, himself even could not explain why he went out of his way en route for supplies to visit the Indian's shack.

Mr. Elmer Wiley of Chicago came Saturday to spend several days with his father Mr. D. W. Wiley.

Mr. Edson Heunese and family of Lansing spent the week end with his mother Mrs. Lester Heunese.

Mr. and Mrs. Roy McDonald, Mrs. Elizabeth Ellis and Miss Elsie Morgan spent Sunday with Mr. Claude McDonald and family at Berrien Springs.

NEW HOLLAND TO CELEBRATE THE FOURTH

GRAND HAVEN BAND IS TO FURNISH THE MUSIC

Sesqui-Centennial of the Nation's Birth To Be Observed

In order to conform with the request of President Coolidge, who in a recent message asked all communities to set aside some day during the coming year to fittingly observe the 150th anniversary of this nation's birth, North Holland has chosen July 4th or rather Monday July 5th, since Independence Day falls due on Sunday as the day.

For that time a large celebration is being planned by citizens in that vicinity. A united effort is being made by folks from North Holland, Noordeloos, Crisp, West Olive and Beruola. The central place of attraction or the celebration will be on the large school grounds at North Holland and this place will be arranged in such a way that a demonstration can easily be held.

The celebration will begin at nine o'clock in the morning and will continue until eleven o'clock at night, standard time. The day's doings will start with a unique attractive and well-planned parade with seven floats. These floats are now being built. A valuable prize will be given to the school district building the best float.

The program following the parade will consist of music by the Grand Haven band, singing of a Dutch psalm in four-part harmony, readings, drills, pantomimes, and a chorus of one hundred voices will render patriotic selections. A gifted speaker will deliver the address of the day. The orator has not been selected but a Holland man is proposed.

From twelve to one o'clock a basket dinner will be enjoyed during which the band will furnish the music. The afternoon will furnish joy to both old and young. A fine assortment of games and sports is being planned. A peppy ball game will also be played.

An attractive evening program will be rendered consisting of drills, duets, quartets, readings, chorus pantomime, instrumental music, a play and a budget. People of Holland and vicinity are invited to this celebration on Monday, July 5th.

Just recently Mr. Goodyk closed out his store in Holland, selling to John Van Vyven. He has now leased the John A. VerHage building and is purchasing an entirely new stock of pianos, phonographs and records, radios, and other musical merchandise for his new Zealand store.

PINE LODGE MAKES THEIR OWN BATHING BEACH

ALSO BUILDS FORTY FOOT CHANNEL TO AVOID WEED GROWING

Three Conferences Have Already Been Booked For the Summer

Big changes have been going on at Pine Lodge, the chautauqua of Western Michigan by the Reformed Churches of America. Rev. James M. Martin, pastor of the Third Reformed church, states that although not much publicity has been given the improvements made there, work has been going on right along, and one new feature was the digging of a four-foot channel forty feet wide, and several hundred feet long at a cost of approximately \$1,600. This channel was necessary in order to get rid of sea weed and vegetable matter that seemed to lodge in the inlets around the Pine Lodge estate. The new improvement works out very satisfactorily and Mr. Martin says the water now is as clear as that in Lake Michigan. The clean white sand that the excavation of the channel left behind was used to provide a large bathing beach from the water's edge to the sea-wall.

There are now two beautiful beaches, one on the Black Lake side of the property and the other on the Pine Creek side. All this adds materially to the looks of the property around the entire shore line. Improvements have also been made in the Lodge proper. The building has been repainted and trimmed, making everything look unusually inviting.

It is already noticeable so far this season that Pine Lodge is becoming more popular. Dinner parties are very frequent and often two functions are going on at one time.

PIPE ORGAN PURCHASE DELAYED AT FREMONT
The Christian Endeavor society of the Congregational church of Fremont will send several delegates to the state convention in Grand Rapids this week. Rev. W. E. Wilkins, pastor, has been given an extended vacation so he again can attend the theological school at the University of Chicago this summer. He attended the same school last year. Members of the church decided to postpone purchase of a pipe organ.

FORMER ALDERMAN INJURED IN AUTO ACCIDENT
Former Alderman Jack Blue was injured on the highway east of the city yesterday afternoon when his car swerved on loose gravel and collided with a bridge near the home of G. J. Deur.

The iron railing on one-side of the bridge was completely torn away, the Blue car was badly wrecked and Mr. Blue sustained two broken ribs and other minor bruises.

"OUR GANG" EMULATED BY G. H. BOYS
MAKE SPECTACULAR HORSE-LESS CARRIAGE FROM EVERYTHING IN SIGHT

Four Grand Haven kids have become quite prominent in endeavoring to emulate "Our Gang," made famous in the movies. A group of Grand Haven youngsters have turned out something in the automobile world altho to date they have received no orders for similar vehicles to be constructed. An ancient Ford chassis still running but pretty well dented in and a buggy body, served as component parts while wire, string, two by fours, tin, leather and endless knick knacks entered into the construction.

The "motor buggy" took a lot of patience in its building for many were the difficult engineering problems to be solved in putting it together. The Ford chassis was first hauled into place and some two by fours were put on to serve as "cross members" for the buggy body. These were all securely wired and bolted together and then came the finishing touches, carriage dash, board, whip for the buggy body. These were all painted "carriage" red.

Chief Pippel of the Grand Haven police force is having the forty-five minute parking signs placed up and down Washington street preparatory to having the parking limit put into effect on or about the first of July. So far it has not seemed necessary to enforce this summer ruling and unless the weather warms up and many resort cars are in the city it may not be necessary even then. This measure has not been popular with a great many citizens but during the crowded resort season it has been deemed wise to restrict the parking time.

ROAD TRAGEDY IS ECHOED IN DAMAGE SUIT

WM. VANDER HILL IS SUED FOR \$5000 BY WM. DONNELLY OF HOLLAND

This Accident Caused The Death of Mr. and Mrs. Assink of Holland

The awful tragedy of March 21, the first day of spring, when Mr. and Mrs. Henry Assink of Holland were killed in an automobile accident, is echoed in a civil suit that has been filed in the Ottawa county clerk's office this week.

The bill asks for \$5,000 damages by William Donnelly of Holland, who was run into by Gerrit Van der Hill, driver of the car in which the Assinks were killed.

Donnelly who was going south on M11, driving in careful manner, as all the testimony at the inquest indicates when his car was run into by Vander Hill, who in some way got off the pavement and in righting his car swerved over onto the right of way of the car driven by Donnelly.

The Donnelly car held five passengers, none of whom appeared to be seriously injured at the time but Donnelly claims in the bill that he received injuries that have incapacitated him ever since and that his car was completely demolished.

The Assink family who were driving with Vander Hill were the ones to receive the fatal injuries in the crash. Mrs. Assink, died in Dr. W. J. Presley's car as she was being brought to the hospital. Mr. Assink died the next morning. The three boys, Fred, Elmer and Arthur were very seriously injured the boys remaining in the hospital for weeks with a broken jaw, legs and other injuries. Vander Hill suffered from severe concussion and was unconscious for weeks, his life being inquired of for days. The coroner's inquest was delayed for weeks as Vander Hill was in such condition as to make it impossible to gather the details of the accident. It was finally held after two delays, the jury finding that Mr. and Mrs. Assink came to their death through accident but that Gerrit Vander Hill, driver of the machine had imbibed of a beverage of alcoholic content.

No further action has ever been taken on the part of the state and by many it was supposed the case would never be revived. Civil action for damages, however, will be tried no doubt in the August term of court and once more the details of some details will be gone into. Vander Hill, who is living in Holland, is said to have been more or less irrational for a long time and it is not known whether he has fully recovered from the effect of the head injuries sustained in the accident.

Robinson & Parsons, attorneys of Holland are the lawyers appearing for Donnelly.

DEATH ENDS SUFFERINGS OF WELL KNOWN PEDDLER RUN DOWN BY A TRUCK

Death ended the sufferings at 8:15 Tuesday morning at the emergency hospital in Zeeland of Teunis Nienhuis, a widely known peddler, who was run down by a truck on M-1 about half a mile east of Zeeland, on June 10. Nienhuis was so badly hurt that it was remarkable that he survived so long. Although he was about 78 years old, he lived for nearly two weeks in spite of the fact that four of his ribs were broken and one leg was so badly crushed that it had perhaps a dozen fractures in all. The bone of that leg was almost a complete mass of breakages. In addition he had two bad gashes in his hips and other injuries.

Nienhuis is one of the best known characters in the rural sections of Ottawa county. He has followed the profession of peddling for about half a century and he is known to hundreds as "little peddler" who did not know his name. He was short in stature. Many years ago he was a peddler of religious books and he traversed the highways with two large grips, doing his work about 20 years ago he has been selling notions in the same way.

He was run down on June 10 by a truck driven by Jacob Van Hoven of Jamestown. According to the report given at the time of the accident, Nienhuis intended to get into another truck but changed his mind and stepped in front of the truck coming from the other direction. There were two witnesses, Miss Katharine Elenbaas and Mrs. T. Wynyarden and their testimony will be taken at the inquest.

An inquest was ordered Tuesday by Judge O'Brien at Zeeland. The coroner's jury has been impaneled by Coroner Vande Water and Deputy Beekman. It is composed of Herman Klanderman, Wm. Kamperman, John Welling, David Verbeke, John Fries, and David De Bruin, all of Zeeland. The hearing will be held on June 23 at 9 o'clock in Zeeland city hall.

Rev. Henry Beltman, missionary in China maintained by the First Reformed church of Zeeland, was presented with a check of \$100 by the congregation at a social held in Zeeland Monday night. Rev. John Van Peursen, pastor of the church, was presented with a check of \$150 by the congregation in appreciation of the fact that he has declined a call extended to him by a church in Grand Rapids.

The reception was held in honor of Mr. Beltman who is here on a furlough. About 400 members of the church were present. Addresses were delivered by Mr. C. Verliere, J. N. Trompen, father of Mrs. Beltman, Miss Nienhuis and Miss Holkeboer, missionaries. Rev. Fred De Jonge of Kentucky sang several solos.

Mrs. Cornelius S. Terpestra, aged 45, died last night at her home in Michigan. She is survived by her husband, five children, John of San Francisco, Harold Henry, Raymond Cornelius at home, Mrs. Harry Johnson and Mrs. John Stystra; also by one brother, Cornelius Wylgraf. The funeral was held Saturday at 2 o'clock at the home, Rev. C. P. Dame officiating. Interment was in Elmwood home cemetery.

William Kincade, keeper of the coast guard station at Milwaukee, with a crew of four men, arrived in Holland Tuesday forenoon in a coast guard power boat after searching all day Monday for a yacht containing a party of Chicagoans that was disabled in the terrific gale of Sunday night. The Milwaukee crew ran into Holland harbor for news but no word had been received this forenoon by the coast guard crew at Macatawa of finding the yacht. So the party came to Holland and tied up at the Goodrich docks.

Reports of the yacht's plight were flashed to the Chicago coast guard by a steamship that docked Monday at Gary, Ind. It had picked up the yacht up in the gale Sunday night off Milwaukee and thrown it a line.

Being towed rapidly against the heavy sea proved too dangerous for the little craft and its crew cut it loose, the captain of the steamer reported.

There were at least four people aboard, he said. According to Captain Kincade in Holland today the steamer picked up the yacht when it was found that the little sailing vessel was helpless, its canvas blown completely away by the gale. The steamer towed the yacht abreast of Racine and then the towing of the boat became too dangerous. It would have meant almost certain disaster for the yacht if the towline had not been cut. To cut the boat adrift was the lesser of the two evils.

The sea was too heavy to make it possible to send a boat from the steamer to the yacht and take off the four men that are known to have been on the craft. No boat could have lived in such a sea and no attempt was made to rescue the men on the sailing vessel.

In spite of the storm crews from the coast guard at Milwaukee, Chicago and Racine immediately started out in search of the yacht and they have been scouring the lake all day Monday and all last night.

"If the yacht weathered the gale of Sunday night," said Captain Kincade, "the chances are that it will be found."

The Mary Catherine Guild of Grand Rapids will hold a garden musicale Friday, June 25, at 3 p. m. at Ethelwate, the home of Mrs. T. S. Handley, of Spring Lake.

An invitation is issued to friends of Holland. Tickets may be secured from Mrs. E. P. Donnelly of Mrs. Vance Mase.

LEGION AGAIN CALLS ATTENTION TO AMERICAN FLAG

The Willard G. Leenhouts Post, American Legion points out that Independence day is close at hand and now is the time to order flags through the Legion. The committee appointed by the Legion about a year ago started this flag campaign and practically every business place has a flag and a socket in the sidewalk to place it. Many residences of Holland are also provided with this convenient arrangement.

Mr. Benjamin Lieveens, former commander, states that a new consignment of flags and sockets will arrive within a few days and it would be well for those who have no flags, either at home or downtown, to call up Mr. Lieveens at 2239 and make arrangements for a real good flag at a reasonable price.

Mothers Frantic When Tots A Bathing Go

The beach at Highland Park, Grand Haven, was the scene of an episode with a happy ending that might have turned out seriously. Saturday, two little tots, 3 years old, children of Mrs. Claude Vander Veen and Mrs. Hugh Lillie, had strayed away from the cottage, and the two mothers noticing the disappearance of the little ones frantically endeavored to find them.

The children, however, were on their way investigating the mysteries of big Lake Michigan, and when found by passersby they had laid aside their little jumpers and were paddling about in the water minus their little bathing suits.

As the mothers were about to call in the police another resorter advised the parents as to the children's whereabouts, and a grand rush was made to the water's edge and soon the mothers' arms were encircled about their children who seemed surprised at the goings on. The tots were hustled into their jumpers and were immediately taken home.

Holland had a distinguished visitor over night in the person of former Judge Keneas Mountain Landis, the czar of base ball. Mr. and Mrs. Landis and Mrs. Stevenson came to Holland by automobile from Chicago and having heard of the accommodations to be had at the Warm Friend Tavern they decided to stop here for the night.

They are on their way to the summer home of Judge Landis near Petoskey. This was the first time the base ball magnate had ever stopped in Holland and he became deeply interested in the city, asking a great many questions about Holland and its people and history. He expressed himself as highly pleased with the new hotel and showed a deep interest in Holland. The party left Friday morning to continue the journey to Petoskey.

Mrs. G. J. Van Duren, for the Red Cross, received a notice from headquarters Friday that President Coolidge has signed the bill extending the time limit for re-insurance and conversion of war term insurance to July 2, 1927.

For the past several months the service men have been urged to have their insurance converted or re-insured before July 2 this year, because that was the date on which the period expired. But it appeared that if that date were kept there would be many who would be deprived of their insurance and so a bill was passed extending the time limit for another year. Since that is a whole year's time of grace, it seems likely that there will be no further extension and that that will positively be the last date. Hence the Red Cross is urging all service men who have not yet done so to attend to this without further delay.

Mrs. Van Duren received a personal letter from Miss Virginia James, of the chapter service department for Michigan, who is to leave the Red Cross to get married, thanking her for her co-operation. "Before leaving," she wrote, "I want to tell you how much I have always enjoyed my correspondence with you. I have always known that all letters showed an immediate and adequate reply and that has meant much to me."

About two hundred of the parents, teachers, and children from the Horace Mann school enjoyed a picnic at Jensen Park Thursday afternoon. Cars and trucks left the building at 4 o'clock returning at 8.

Mr. Moody had charge of the service which were thoroughly enjoyed by the pupils. Cash prizes were given to the winners in all the games.

In an indoor baseball game between the Horace Mann team and an older team by Jake Lieveens, the boys taught their dads how to play ball. Miss Squires was the winner in the closely contested race by the teachers of the school.

The various families brought their own lunches. Lemonade was furnished to all. About nearly 300 tickets were distributed free to the children for rides on the merry-go-round and Ferris wheel.

FORMER G. R. WOMAN IS DEAD IN HOLLAND

Mrs. E. B. Bush, 65, of Pennville, formerly of Grand Rapids and Muskegon, died at the Holland hospital Thursday night after an illness of several years. Mrs. Bush spent the greater part of her life in Grand Rapids and came to Muskegon in 1904. She moved to Pennville some time ago.

She is survived by three sons, Walter, Melvin and Foster Bush of Muskegon; a stepdaughter, Mrs. Hattie Kaller, Hamilton; a stepson, Ben Bush, Pennville, and three brothers, George, and the funeral service was held at the Lutheran church at 2 o'clock Saturday afternoon.

Born to Mr. and Mrs. Charles Zeep, 93 E. 16th St., a son, Attorney Elbert Parsons is in Benton Harbor on legal business.

Garfield, president of Carroll college, Wis., will be the speaker of the evening. The meeting will be featured with special entertainment and leading of yells by the heads of the society.

Thursday night at Westminster Presbyterian church, a general young people's session will be held. Invitations will be extended to young peoples societies of the city such as the Epworth League and Handmaid Young Peoples Union.

Hope College has offered the use of its special exhibit of missionary curios for the convention. The exhibit will be placed in Central Reformed church and will be under the supervision of a curator from the college as it is never allowed away from the institution without direct supervision by the college.

The Junior and Intermediate departments of the society will hold a simultaneous rally at Westminster Presbyterian church Friday and Saturday. Robert Drake of Flint will be in charge of the Intermediate department, while Miss Vera Turk of Detroit will have charge of the Juniors.

C. D. Kalkman of Grand Rapids is state president of the society at present and will preside at the meetings. Special chorus music will be furnished at each session. Temple J. Baranca of Central Reformed church is in charge of the music for the convention. The closing address of the convention will be given Sunday evening by Dr. James King of Olivet College.

Beautiful in its simplicity was the wedding of Miss Marie Kalkman, daughter of Mr. and Mrs. C. Kalkman, to Mr. Cornelius Dirkse, also of this city, which took place at the Woman's Literary club rooms Thursday evening at 6:30 P. M.

Before an arch of ferns and palms and yellow roses the marriage vows were spoken. A yellow and white color scheme was carried out. To the strains of Lohengrin's wedding march played by Miss Rena Vos, the bride party entered. First came little Betty Kalkman, dressed in a yellow and white gown, carrying a basket of flowers.

She carried the rings in a calla lily. Then came the bridesmaid, Miss Jean De Witt of Zeeland, cousin of the bride, who was dressed in yellow georgette over yellow and white satin dragons. Last came the bride on the arm of her father who gave her in marriage.

Her dress was white georgette, trimmed in silk lace and ribbons over white satin. Her veil was in place by tiny yellow roses. She carried a shower bouquet of white roses and swansonia. They were met at the arch by the groom, who was dressed in the conventional blue and his best man, Mr. Tom Vander Meer, of Zeeland. The double ring service was used, Rev. Mr. De Haan performing the ceremony.

Just before the ceremony Mrs. K. C. Kalkman, sister-in-law of the bride, sang "Beloved, It Is Morn" very impressively, accompanied by Miss Vos. Mrs. Kalkman's dress was pink silk crepe trimmed in cerise silk chintilly lace and she wore a corsage bouquet of pink and white sweet peas.

To the strains of Mendelssohn's wedding march the bride party marched to the dining room where congratulations were in order. A wedding supper was served to 125 guests. The tables were decorated with baskets of yellow roses and a large wedding cake adorned the bridal table.

Mr. and Mrs. Kryn Kalkman were master and mistress of ceremonies.

After a short wedding trip the young married couple will make their home in this city. Before her marriage, Mrs. Dirkse was honor guest at several showers.

The Hotel Monthly for June contains a paragraph about Holland and the Warm Friend Tavern. The reporter for the magazine came here and he describes his stay here: "From South Haven we drove north through Saugatuck and into Holland, passing the unique windmill at the town's south gateway. We spent the night at Warm Friend Tavern (described in The Hotel Monthly of June, 1925). This hotel, one of the best in the state, has been opened just a year and is a success. Manager M. L. Tyson reported constantly increasing business. The house is clean, the furniture of good quality and comfortable, and the foods good. We heard many all-around compliments of the Warm Friend Tavern. Holland is what might be called 'Spotless Town.' It is the cleanest town in America. The people have the habit of orderliness around their homes."

Big Fish Are Entered On The First Day

The fishing contest put on by the O. L. S. is starting with great deal of vigor. About 175 registrations have so far been made and more are signing up every day. On the opening day Ernest Brooks entered a three pound three ounce black bass. Later in the day this was beaten by two others. Bert Hulzena caught a black bass weighing three pounds seven ounces, and later still Louis Skeketek brought in a black bass that tipped the scales at three pounds eight ounces. Frank Whelan, Jr., has entered a nine pound pickerel.

Mr. and Mrs. M. J. Schmidt most delightfully entertained with a 6 o'clock dinner at their cottage, "Willingdale." Waukazoo on Thursday evening. About 15 guests from Holland, Gr. Rapids, Douglas and Waukazoo were present and a most delightful evening was spent in dancing on the new floor of the dining hall added this spring to the series of cottages built for the accommodation of summer guests. Among the guests were Alice M. Dawson and Lucy Gore of Douglas and Mr. and Mrs. M. P. Jeffries of Grand Rapids.

The institution, which is conducted under the supervision of Mrs. Schmidt, began with a single cottage a few years ago. It has developed into an institution of a number of sleeping cottages, with a communal dining hall as the center where all the guests from the group of cottages take their meals. This spring the facilities were greatly enlarged and improved to take care of the demand for accommodations of just that kind at Waukazoo. It is developing into one of the most popular institutions there.

One of the most gorgeous sights that can be witnessed anywhere in the line of flowers in bloom can now be seen in the flower fields of the Weller Nurseries on the Lugers road, three-fourths of a mile south of the Park road. At present there are 100,000 roses in bloom in 50 varieties and the sight is worth going miles to see. The Weller Nurseries company is inviting autoists to come and see the display.

The Weller peony fields are in blossom this week. They are located on the farm of the late Ben J. Van Raalte on East 16th St. about two miles east of Lincoln avenue. A peony show is being held this week in Holland.

The membership of the board of trustees of Calvin college remains unchanged following action of the Christian Reformed synod, in session at Chicago in voting down a proposal to reduce the size of the board.

The synod based its action in the matter on the contention that each classis is entitled to representation on the board in view of the fact that the institution is supported by the church. The proposed change, it was pointed out, would reduce the contact between the church and the school.

Tuition at Calvin college was raised to \$75 a year. The present rate of \$50 is said to be lower than that of any other college in the state. Two students from one family, however, will continue to pay the \$50 rate by action of the synod. The tuition at the seminary was not raised.

Rev. J. C. DeKorne gave an address outlining the conditions of missions in China. He urged the establishment of a Christian church in the Orient.

Representatives of the Near East Relief, the American Bible society and the United Presbyterian church addressed the synod.

With a view to granting every accommodation to resorters, the Greyhound line will place in effect Thursday a reserved seat plan by which passengers out of Chicago may reserve seats in the coaches operating from that city. The first 15 seats in each coach may be reserved, without extra charge, up to one-half hour before the leaving time of the coach. This plan is expected to facilitate the service.

The summer schedule of the line, which also goes into effect tomorrow, provides for several local changes. One of these is withdrawal of the 7 o'clock bus from here to Muskegon.

PASTOR SAYS HE'S VICTIM OF INJUSTICE

The Christian Reformed synod, meeting at Chicago, late Tuesday withheld final action in the case of Rev. H. Wierenga of Jamestown, who has appealed from the verdict of the Zeeland classis which a year ago found him guilty of holding views upon observance of the Sabbath contrary to the tenets of the church.

The case was referred to committee for additional data. Taking the floor in his own defense Tuesday Rev. Wierenga told the synod he is the victim of injustice in that the consistory's protest in his case had been ignored.

Should it be decided that the Zeeland classis erred in deposing the Jamestown pastor, the case will have to be reopened by the classis.

Prof. L. Berkoff, professor of New Testament doctrine at Calvin seminary, was elected to the chair of dogmatic theology. It was not known Tuesday whether he will accept the post. Prof. S. Volbeda and Rev. H. Schultz were also nominated for this chair.

The following nominations were submitted for the chair of practical theology: Rev. H. J. Kuiper, Dr. J. Van Lonkhuyzen, Dr. De Jong, and Rev. Herman Kuiper. Election probably will take place on Wednesday.

Prof. S. Greydams delivered a farewell address before the synod Tuesday afternoon. He is preparing to make a tour of the United States before returning to The Netherlands. He is expected to visit Grand Rapids during July.

Holland is to be the host to another church synod - gathering. This was decided at Chicago Friday, where the Christian Reformed church synod is now in session.

The question of what amusements are permissible and the advisability of allowing members of the church to belong to labor unions and kindred organizations was also discussed during sessions.

The overture adopted by the synod as offered by Classis Illinois, asked the appointment of a committee to consider constructive forms of amusement that are reconcilable with the teaching of the church, as well as those forms which the church disapproves. Reports upon the findings of this committee will be made at the next general synod in 1928.

Theater and movie attendance, card playing and dancing were declared in the overture to be a serious problem in the life of the church.

"It is an incontrovertible fact that these amusements are increasingly indulged in, especially by the youthful members of the church in the larger cities," the overture stated. "This indulgence is detrimental to spiritual development, impedes religious progress, undermines individual piety and devotion and of necessity jeopardizes the spiritual life of the church needs no argument."

"Classis believes that the time has arrived when this problem of worldly amusements should be thoroughly investigated and scientifically studied in order that methods may be devised to cope with the situation. It is also the opinion of the classis that this investigation should be of a positive, as well as of a negative nature. It should be the object of the church to discover means whereby the youth of the church may be provided with wholesome amusements and recreation."

The investigating committee will be asked to present to the next synod a decision as to whether the amusements in question shall become the subject of disciplinary regulation on part of the church and to recommend proper methods of recreation for the young people.

In the matter of labor unions and organizations the synod took no definite stand on church members belonging to such organizations. The synod decided, however, that if a member does belong to such an organization he must be prepared to face the fact and that if he concurs in questionable actions of the organizations he shall be held personally responsible.

The body stated that in case he has done all in his power to prevent action contrary to Christian belief, he shall not be held responsible for the same. The matter of definite action on the question was tabled until the next general synod in order to give the individual churches more time in which to consider the question.

It was decided by the meeting to hold the next general synod at Holland, Mich., in 1928, with the Central Avenue Christian Reformed church of this city as host.

Choir singing, except as an aid to congregational singing, was discouraged, although the matter was left to the decision of the local consistories.

The general synod rejected a proposed pension system for ministers based upon the number of years' service, but adopted the method whereby a church recommends to a synod how much a minister is to receive along the line of his retirement.

The synod reappointed for a term of six years at Calvin the theological professors, C. Bouma and M. Wynyarden. Three new courses were added to the seminary curriculum, making necessary the appointment of six professors. This will take place the early part of next week. Synod adjourned Friday until Monday noon to allow the ministers to fill preaching engagements.

Deliberation on the case of Rev. H. Wierenga, deposed pastor of the Jamestown, Mich., Christian Reformed church, who is charged with holding views on Sabbath observance contrary to the tenets of the church, was begun Monday by the synod of the denomination in session at Chicago.

Mr. Wierenga was removed from his pulpit a year ago when he is said to have contended openly one day that it is no holier than another and that no man may say to another what may or may not be

done on Sunday. Mr. Wierenga told his parishioners among other things that it was permissible to make hay on the Sabbath day if rain threatened to ruin the crop, it was charged.

The Zeeland classis, of which the Jamestown church is a unit, held Mr. Wierenga's attitude strictly in violation of the fourth commandment and dismissed him. The pastor took the case to the synod the supreme body of the denomination, on the grounds that the Zeeland classis is prejudiced and that he has been done an injustice.

Besides the addresses, awards will be made to the winners of the afternoon golf tournament at the Holland country club. The course is in excellent shape. This tournament will be in handicap style and the club golfers are planning to enjoy themselves as much as those who break around 80.

Returns from various chapters indicate attendance will be large. Many delegates are planning to attend the 16 o'clock business session and election. Noon luncheon guests also have signified attendance in large numbers. The women will have luncheon at the hotel and the men at the country club, after which the men will go on the course and the women will enjoy bridge at the club.

Expense has been set at a minimum to insure the largest possible attendance. There will be a registration fee of \$1. The women's luncheon will be \$1.50, the men's \$1 and the banquet \$2.50. These will be the only charges.

PEOPLE ARE FLOCKING TO RESORTS HERE

With summer residents coming pouring in at the Black Lake resorts, these places are busy getting ready for a good season, in spite of the fact that until now the weather has been unfavorable. Macatawa Hotel, this year was somewhat ahead of schedule and opened on June 15th, while the usual opening date is the latter part of June. Waukazoo Inn will officially open for the season on July first, at which time nearly all the summer residents will be on hand at that popular resort.

The closing weeks in June will see all the other hotels and boarding houses at the resorts that have not yet opened begin their season's business. In about a week everything will be in full swing at most of the resorts. Advance queries indicate that the season will be a good one, provided the weather takes a turn for the better. Resort owners are banking on a hot summer to make up for the cold spring and they are expecting one of the busiest seasons in years.

Cottage owners have been coming flocking in over the week-end. In many cities the schools closed during the past week and the cottage owners waited for that to return to their summer homes, accompanied by the whole family. Many are arriving daily and the life at the resorts is assuming its usual summer swing. By the first of July it is expected that the season will be fully in progress.

There have been many improvements made at a number of the resorts during the past spring. Workmen have been busy for weeks getting the summer places in shape for the season. The resorts bordering on Lake Michigan had been liberally sprinkled with dune sand during the winter, the sidewalks in some places being covered several feet deep. Most of this excess sand has been removed. Cottage owners on the lake front have dug themselves out just as in winter they dig themselves out of the snow drifts.

The editor of the Christian Intelligencer has the following comment in this week's issue about the recent meeting of the synod of the Reformed church in Holland:

"The feature which impressed the editor was the interest in the meetings manifested by the people of the vicinity. It is a long time since the popular meetings at night have been so well attended. Even on the last night of synod, when a number of delegates had already gone home, and a mass meeting was being held in Grand Rapids in the interest of Foreign Missions, the church filled the auditorium. And Ladies' Day, at Hope church, taxed the capacity of that spacious auditorium. 150 women were there from Grand Rapids, and 80 came in three busses from Kalamazoo, to say nothing of the great numbers who came from Holland and vicinity."

"The accommodations for the members of synod were excellent. The new hotel proved to be all that was claimed for it, and rooms and meals were first class. For those who wanted more formal meals occasionally, the restaurants of Holland proved very satisfactory. The dinner given by the council of Hope had at least 500 diners, and in spite of an accident in the kitchen which held up service for a while it was finely served. Naturally when it was remembered that all the waiters were students, who in this way helped along the smooth working of synod."

"The weather was all that could be desired, there being rain only on one day—Sunday morning early. It cleared up by the time some of the churches were dismissed, and thereafter it was cool and clear. Overcoats were often in evidence."

A mass meeting of the citizens of Spring Lake was held Friday night to discuss and review the proposition of widening the main street, Savidge street, from the corner of Buchanan street to Lake Ave.

The village council brought up the proposition and wished to get an expression from the people. The sentiment expressed Friday night was almost a unanimous declaration that the street was wide enough and the citizens were well satisfied with the street as it is.

The present pavement, which is ten feet on either side of the car tracks, is kept up by the state and directly under the supervision of the State Highway Commission. Any additional pavement would have to be borne by the abutting property holders and all future repairs assessed in the same way. The request was for four feet extra on each side of the street and naturally the owners of property were against such a move.

An important business transaction took place recently when the City Sign Co., owned by R. Tromp, purchased the outdoor advertising business of the Johnson Co. The purchase includes all the painted bulletins along the highways leading into Holland, Zeeland, Saugatuck, Allegan, Wayland, Rockford, and other towns formerly owned and operated by Johnson Co., together with the shop supplies and equipment. This business will be immediately merged with that of the City Sign Co.

The boards will all be revamped and painted and this section of Michigan is assured of having one of the finest painted bulletin plants in the state.

Mr. Tromp started in the sign painting business in a very small way a few years ago and has gradually increased his holdings and is operating a plant that would be a credit to a city much larger than Holland.

WOMAN HURT IN CRASH ON GRAND HAVEN ROAD

Mrs. Oreste Posenkisz, Grand Rapids, was slightly injured Sunday afternoon when the automobile in which she was riding, driven by P. Spallink, collided with another machine on Grand Haven road. She was brought to Butterworth hospital for treatment and later removed to her home. Her hurts were confined to cuts on the nose inflicted by glass.

LOCAL BUSINESS COLLEGE CLOSES SUCCESSFUL YEAR

Holland Business College closed its thirty-second year on Friday, June 18, having had an attendance of 133 in day and evening classes—the largest in its history. With the exception of a very few all students competent to fill positions have secured position through the placement service of the school. That an increasing number of graduates are applying for each year by Holland industries and merchants is one of the surest signs that Holland is growing in a healthy and substantial way.

The complete list of students placed comprises the following: Kathryn Knoll, bookkeeper and stenographer, De Vries & Dombros; Harriet Rutgers, bkpr., Holland Furnace Co.; Elsie Steinfert, typist, Holland Furniture Co.; Nina Elzina, sten., J. Arendshorst; Josephine Jekel, bkpr. and sten., Lambert Furn. Co.; Sadie Modder, sten., Macatawa Garage; Gertrude Vanden Brink, sten., Diekmann, Kollen & Ten Cate; John Elzinga, clerk, P. M. F. depot; Marjorie Lamberts, bkpr., American Cabinet Co.; James Dykstra, cashier, P. M. F. depot; Richard Plagemeers, bkpr., Dunn Mfg. John Brinkman of Holland, president of the District Association of Rural Letter Carriers, embracing the counties of Kent, Muskegon, Newaygo, Oceana and Ottawa, will preside over a convention of the association at Muskegon, Tuesday afternoon and evening in Elk's temple at Muskegon. The business session will be followed by a banquet, for which reservations should be made with Charles A. Anspach at Muskegon by Wednesday.

Richard Gill Hopkins of Waukazoo, fifteen years old, caught three black bass Saturday near Waukazoo on four casts. Two of the three fish weighed three and a half pounds each. Young Hopkins is an expert in the game. Two summers ago when he was only 13 years old, he caught 88 black bass in the course of the season.

In an attempt to retain the college demonstration agent for Allegan county, various means were employed by various districts to raise money to pay for this service. The demonstration agent was voted out some months ago but then the offer was made to continue her work if individual communities would raise funds. District No. 1 of Fillmore township will give a social on Thursday evening of this week at the school house for the purpose of raising the funds for that district. Women of the district who attend are asked to bring cakes. Ice cream and cake will be served at the social. Attendance is desired as much depends on the success of this social. There will be a ball game and a program.

Highway shoppers who buy any fruits, vegetables, and dairy products from roadside stands in Michigan will be protected under a new ruling of the state board of agriculture. State inspected stands will have posted the state seal and registration number so customers of these roadside counters will be able to report unscrupulous operators who misrepresent or sell them inferior products. Complaints will be turned into Whitney Watkins, Lansing, Michigan.

The new ruling is the outgrowth of the increased buying direct from the growers over roadside stands, in order to dodge high prices. Each operator of a stand signs a pledge agreeing to sell farm products according to the rules and regulations. He must keep his stand in the best possible sanitary conditions, and conform to the general food and dairy law in the selling and serving of all food products. He agrees not to sell any fruits nor vegetables that are wormy or in any stage of decay. He promises not to misrepresent the wrong name of a variety or by facing the package with high quality, mature, large, well-colored fruit or vegetables to cover inferior low-grade products in the bottom of the package.

Under the new ruling every package must have a cover properly marked with the growers name and the grade of the product and if a roadside operator is caught violating the rules and regulations his card will be taken away from him and he is subject to prosecution.

The engagement of Miss Margaret Tromp, daughter of Mr. and Mrs. John Tromp, of Lafayette-av., Grand Rapids, to Herman Deauver of Logan-st., was announced at a luncheon Saturday afternoon in her home.

The wedding will take place in the early fall. Miss Tromp is a graduate from Hope college.

BOARDS AND MEN HOLD A GET-TOGETHER

The members of the board of police and fire commissioners, the members of the police force and the members of the fire department, a company of about fifty men, held a banquet Friday evening at the Masonic temple for the purpose of getting together and discussing the problems that are common to both departments. A delightful evening was spent and a fine banquet was served. The meeting was informal in character and not a person present who did not take part in the discussion. Mayor Kammeraad was present to represent the city at the meeting.

Charles Hansen, chairman of the police board, presided and he introduced the toastmaster, Henry Kraker. Mr. Kraker did not miss a single person in the gathering but called upon everybody to say a few words. Mayor Kammeraad started off with a brief talk and after that there was general discussion of police and fire department problems.

One question considerably emphasized at the meeting was that of giving the firemen a better opportunity to fight fires free from interference of citizens who have business there. It was pointed out that everybody owns an automobile it is getting to be a big problem for the firemen's cars to get near a fire. Everybody with a flivver now rushes to a fire and blocks the streets. The suggestion was made that firemen have a distinctive badge on their cars so that they need always get the right of way when there is a fire. Another suggestion was made that a law be passed making it a misdemeanor for anyone except a fireman or an owner to drive to a fire or to get within a block from the place where there is a fire. This would give the firemen a real chance to do their work.

The location of a possible new fire station was also freely discussed and ideas were exchanged as to how the best service could be given to the people. The city's traffic problems, becoming more pressing every day, were given much attention, and the meeting pleasant.

Miss Helene Tien and Mr. Peter Shen married on Monday forenoon at ten o'clock at the home of the bride's parents in Graafschap. The ceremony was performed by Rev. J. L. Heeres in the presence of the immediate families of the bride and groom. A 3-course luncheon was served. The couple left Monday noon for a two weeks' motor trip to Boston and New York.

The foot bridge that is being built on the bridge just past the Challenge Restaurant on Grand Haven, is almost completed and pedestrians and motorists alike will welcome the convenience that will take the people off the highway.

This rather narrow bridge has been the scene of some narrow escapes and while there have been no fatalities there have been some hair raising escapes.

This foot bridge which is built of steel has high railing on either side and a wooden floor that will make for comfortable walking. Two by four rails are being used to serve the public for many years by the first of next week this will be ready for the public and one more hazard removed that might have been the scene of a serious accident.

Holland's street paving program for this season began Monday morning when the crew of men of K. B. Olson, the contractor who made the successful bid for the job, began work on 23rd street. City Engineer Zeldema and his men were ahead of the contractor putting in the curb and gutter and they are now at work on 21st street doing the same thing there because that will be the next street paved.

The order of streets after that is not certain. It is likely that 11th street will be taken next although it is possible the Pere Marquette depot job will be sandwiched in between. The depot job has been turned over to the city and to Mr. Olson so that it may be made a part of the summer's paving program, the construction to be uniform with the other paving.

Holland is to put in more than two miles of street paving this season and the chances are that the work will take until well on into the fall. The beginning of the job was delayed by the proposal to put in some concrete. If the original plans had gone through the weeks ago.

Since no paving was laid last season the city will in a measure make up for that year by putting in a long stretch this year. The city took advantage of the enforced late start to make some repairs on some of the streets that were laid years ago. If rainy weather does not interfere too much it is quite certain that the summer's program can be finished before winter comes.

Leon French of Spring Lake was arrested by Corporal Friday Baugh of the state police Friday night while driving through the business district of that village at forty miles an hour. He was fined \$15 and costs of \$2.75 which were paid. This sort of driving is the kind that the state officers are after. Speeding in business districts or on congested streets is considered a much more serious offense than on the highway where there is very little traffic and will be dealt with accordingly, the state officials state.

About two hundred of the parents, teachers and children from the East 38th school enjoyed a picnic on the school grounds Saturday afternoon. Mr. S. Vander Ven and Mr. J. Buurman were in charge of the sports. Cash prizes were given to the winners of the games. Each family brought its own lunch. Hot coffee, lemonade and ice cream were served by Mrs. Van Meurs and her committee.

118 GRADUATE FROM LOCAL HIGH SCHOOL

One hundred and eighteen diplomas were handed out Friday evening by Supt. E. E. Fell when the senior class of the high school graduated. The commencement exercises were held in the high school auditorium and a capacity audience gathered to see the members of this large class graduate.

The graduates, faculty members and members of the board of education marched in to the strains of the Holland high school procession, written by Mrs. Adriana Kolyen-Efferdink. Miss Ruth Kessel composed the music. Miss Keppel and Miss Mildred Stein were the accompanists.

It was the 47th annual commencement of Holland high school and during recent years the size of the classes has been increasing from year to year. The program opened with the invocation pronounced by Rev. W. J. Van Kersen, D. D. Miss Alice Brunson pronounced the salutatory by virtue of the fact that she had attained the second highest average in scholarship during the four years of her high school course, her grade being 96.21. Miss Trixie Moore, accompanied by Miss Gladys Cooper, sang "Springtime of Love," by Moszkowski.

The speaker of the evening was Dr. J. E. Kuizenga, who delivered an eloquent commencement address, packed with thought and delivered with the charm for which he is known. Miss Sarah Lacey and Miss Marjorie Du Mez played a piano duet, "Overture from William Tell," by Rossini.

The valedictory was pronounced by Miss Helen Eberhardt, one of the most talented students ever graduated from Holland High school. She won the right to give the valedictory to her class by virtue of having the highest grade for the four years of her high school course, her standing being 97.29.

The diplomas were presented by Supt. E. E. ell and the prizes were handed out by Principal J. J. Riemersma. The presentation of the class memorial was made by William Winter.

A large number of Pere Marquette R'y time table changes have just been issued and those that interest Holland and vicinity are the following:

On the Chicago-Grand Rapids division the existing terminal times are unchanged with the exception that train 16, the Chicago local runs through to Chicago instead of New Buffalo, arriving 10:00 P. M. and train No. 17, leaving Chicago, 3 P. M. and arriving Grand Rapids 9:45, week days, is restored.

The resort special will leave Chicago 6:30 P. M. and arrive Grand Rapids, 11:30 P. M., and Vay View 7:40 A. M., the next day. Its companion southbound special No. 10 will leave Bay View 6:35 P. M., daily except Saturday, Grand Rapids, 2:45 A. M. and arrive Chicago, 7:55 A. M. This train will carry a full complement of sleeping cars, dining car, club car and coaches.

On the Holland-Pentwater line trains 101 and 108 will run daily between Holland and Pentwater instead of Muskegon only. The time of each is unchanged south of Muskegon. Train 101 arrives at Pentwater, 9:30 A. M. and train 108 leaves Pentwater 7:30 P. M. The Pere Marquette Railway went on summer schedule Sunday.

PERE MARQUETTE FREIGHT WRECKED SOUTH OF HOLLAND

Rail traffic on the Pere Marquette was suspended Saturday following an accident in which six oil cars plunged through the bridge over the Black river near north of Bangor after one of the cars had jumped the rails. The bridge was stripped clear of everything but the steel girders. A wrecking train on its way from Grand Rapids was derailed near Fennville.

H. S. PAPER TELLS WHERE TEACHERS ARE GOING

The Maroon and Orange, high school publication, in its pre-vacation issue, gives the following interesting account as to how high school teachers will spend their summer vacation:

"Good-bye, we'll all see you again next year!" So say the high school teachers at the end of the second semester. Everyone is glad about that little word all.

"A happy vacation to you, as we shall have!" Now what do you suppose those schoolmasters and schoolmistresses think makes a happy vacation?

Miss Hanna Hoekje says that teaching at two summer conferences of ten days each, and then learning to drive "Bessie," is the thing she is looking forward to. Miss Davidson, Mr. Riemersma, and Mr. Hinga may be enrolled in the University of Michigan for eight weeks. Miss Ruth Mulder and Miss Zwemer will be at Columbia, and plan to give little old N. Yawk the once over; and Mr. Mayhew will hit the trail for a metropolis in his Ford. Miss Stegemann prefers University of Chicago.

Miss L. Nelson's idea of a good time is having her tonsils removed in Chicago; but Miss Anthony would rather attend Grand Opera at Ravinia. Miss Van Dyke says, "I hope to drive through northern Michigan a sunny life for me," and Miss Vranj says, "I'll be in the Heart of Nature's Playground, Traverse City." Mr. Harmon goes to White Lake and Quincy. Miss Jeannette Mulder will be in Philadelphia part of the time, attending the Sesqui-centennial National Exposition. Mr. Zell, we suppose, will be superintendent of construction all summer. Perhaps he can get some help from Miss Rogers, Miss Geiger, and Miss Emma Hoekje, who will be his fellow citizens in Holland."

SERVICE IS KEY TO HAPPINESS, SAYS DIEKEMA

Grand Rapids Herald—"The road to happiness is the unselfish service of love. A man or woman who will not work and serve can never be happy," former Cong. Gerrit J. Diekema of Holland said last night in his address to the 206 graduates of Grand Rapids South high school at their commencement exercises.

Speaking on "The Road to Happiness," Mr. Diekema abjured the graduates to remember that happiness is not found by looking for it.

"You can't buy happiness," he said. "You can't inherit it. There is no high school that can give it to you through the education you acquire there. Wealth, nor pleasure, nor knowledge will not of themselves give you happiness. Happiness is the flower of love, the result of human industry, the result of a right relation between you and God. No man was ever genuinely happy without religion. Your road to happiness lies in service; your conscience is your compass and Jesus of Nazareth is your guide."

Orders have been received from the adjutant general to the effect that Company D, 126th Infantry, Holland, will entrain for Camp Grayling August 6th, arriving in camp August 7th for an intensive 15 day training period. Company D will remain at camp until the 21st, at which time all the different regiments will be homebound. Camp time is one of the bright spots in the life of a guardsman, for at camp he is given an opportunity of putting into effect all the theories and principles he learned during the theory drill periods. This will be the sixth consecutive year Company D has gone to camp. There are still in the outfit several men who attended the first camp after the war. These men are Captain H. A. Geerds; 1st Lt. southern and western sections. The
boom also has extended along the
south shore of Black Lake, espe-
cially near Virginia Park.

During this season of the year
the countryside in the vicinity of
Holland is beautified by num-
bers of less wild violets. Those persons
who favor this modest plant will
go seeking it throughout the
months of June and July as well
as May, for no sooner do the ear-
liest blue violets set their seed
than the harder violets begin to
scatter their gorgeous tints over
the landscape. They bloom pro-
fusely in the shaded woodlands
and on the sandy plains so that
one may take his choice of local-
ity in almost any open or secluded
spot.

NEW RULE IS
MADE BY THE
TEAM HEADS

At a meeting of the managers
of the teams in the factory league
held Tuesday evening at the Van
Tongeren store it was decided to
allow players in the league to
play with the Independents and
still keep them in good standing
in the factory league. This ruling
was made because there was a
regulation in the bylaws of the
league to the effect that members
of the Independents could not play
in the factory league.

At least three factory league
players, Kleis, De Groot and Elen-
baas, have been picked to play
games with the Independents and
it is said that Spriggs has his eye
on at least two other members of
factory league team.

By virtue of the ruling made
Tuesday night, players who were
not on the Independents' team at
the beginning of the season can
continue in the league and still
make try-outs with the Indepen-
dents. In this way there will be a
spirit of co-operation between the
league and the latter will become
a constant feeder for the former.
The players picked for the Indepen-
dents can get their try-outs and
still secure the practice that
membership in the league will give
them. If they start with the Inde-
pendents next spring they will be
looked upon as members of the
Independents and then of course
they cannot continue in the fac-
tory league.

The factory league is developing
some fine players and these will
make good material for the Inde-
pendents. In this way it is hoped
to have a self-perpetuating team
all the time.

There was a great deal of en-
thusiasm at the meeting Tuesday
evening. All the managers were
on their toes and they reflected
the popular interest there is in
the games of the factory league.
Holland has never had a factory
league that was so popular as this
one and the closeness of the
standings makes quite certain that
this interest will continue. The
games are well attended and the
collections are very satisfactory.

CARL HAGENBECK-
GREAT WALLACE
CIRCUS COMING

Brilliant and highly colored
circus posters throughout the city
and surrounding countryside pro-
claim the coming of Carl Hagen-
beck-Great Wallace circus to
Grand Rapids for afternoon and
night performances on Monday,
June 28. Hagenbeck-Wallace is
known universally as the "Highest
Circus on Earth."

During the past week advance
representatives have been in this
community heralding the appear-
ance of the "big circus in Grand
Rapids for two exhibitions. Addi-
tional billposters and lithographs
are headed in this direction as
Hagenbeck-Wallace bills all towns
within a 50 mile radius of their ex-
hibition stand.

Advance men state that the Ha-
genbeck-Wallace circus this year
has more novelties and features
than ever before, and the exhibi-
tion will mark an epoch in trained
animal feats and equestrian acts.
A menagerie containing practically
a specimen of every living animal
today is being carried, while the
performance is said to be the last
word in gorgeous costumes, pretty
ladies, and beautiful horses.

During the winter months espe-
cial attention was paid to the wild
animal portion of the program. A
corps of trainers, including Clyde
Beatty, the youthful American,
and Bob McPherson, noted Euro-
pean subjugator, worked extra
hours at the Perue, Ind., winter
quarters instilling new tricks, feats
and stunts into the savage jungle
beasts.

In the rings and on the stage, as
well as the hippodrome track there
will be features of interna-
tional reputation, including the
Olin Dayenport family of eque-
strians and the Ward-Kimball
Troupe of daring aerialists. Noted
clowns, such as the Ore Borella
trio, the Three Harding Brothers,
Joe Coyle, Earl Shipley, Mickey Mc
Donald and others will produce
new pantomime stunts assured to
bring laughter from all.

In view of traffic congestion
there will be no street parade. But
for the convenience of the public
a city ticket office will be estab-
lished on circus day at a downtown lo-
cation. Reserved and general admis-
sion tickets will be sold at ex-
actly the same price as charged at the
ticket booths on the ground.

Grand Haven Tribune—Summer
camp in Monday night at 11:30
p. m. standard time heralded by
a rather stiff breeze from the west.
The velocity was exactly
thirty-two miles an hour although
earlier in the day it had reached
34 miles.

This, so the old sailors and
weather men say, will be the pre-
vailing wind for the next three
months. If weather conditions
make for a hot summer the west-
erly wind will temper the heat,
coming as it does across the lake.
If this is to be a cold summer then
it will not make for much comfort.

The inquest in the case of the
death of Tenuis Neinhuis about a
half mile east of Zeeland on M-51

not able to be present on the ear-
lier date. The inquest will be held
at nine o'clock in the forenoon in
the Zeeland city hall.

The funeral of the peddler,
Tenuis Neinhuis, will be held on
Thursday afternoon at 2 o'clock
from the undertaking chapel of
Claver & Co., corner State and
Main streets, Zeeland. Rev. Jacob
Hulzenberg of a Baptist church
Holland will conduct the services.

sister, Mrs. J. Kamps of Grand
Rapids.

and Beth Marcus.

where a two course luncheon was
served, the color scheme being
carried out in pink and yellow.

The plans and training depart-
ment of the 32nd division has
completed and issued the schedule
for the Michigan National Guard to
be held at Camp Grayling August 7th to 21st in-
clusive. The schedule calls for 3
days of range work and 7 days
combat exercises, besides rest days
(Sundays) and the field day. This
schedule seems to meet with the
approval of everybody concerned,
as range work is very interesting
and combat exercises are always
thrilling and instructive. For sev-
eral years these exercises have
been reproductions in miniature of
actual battles each involving an
important military principle. The
Holland company, Co D 126th In-
fantry, always gets his share of the
thrills, as the Dutch machine-gun-
ners seem to draw a big kick out
of "beating the bulleseye."

The United States civil service
commission invites special atten-
tion to the fact that in examina-
tions held recently in Grand Rap-
ids, Mich., and other cities
throughout the country for junior
typist and junior stenographer to
fill vacancies in the departmental
service, Washington, D. C., appli-
cants were not secured in the num-
ber desired, and that these exami-
nations will be held again. Appli-
cations must be on file at Wash-
ington, D. C., not later than
September 4 or December 4, 1926.
The date for assembling of com-
petitors will be stated on the ad-
mission cards sent applicants after
the close of receipt of applica-
tions.

Persons interested in these or
other examinations should apply
to the secretary of the United
States civil service board at the
local post office for detailed in-
formation and application blanks.

As long as Holland fans con-
tinue to support the Factory league
they will be assured of a fast in-
dependent team for many years.
Manager Spriggs Te Roller of the
Independents is giving the players
in the league a try-out on his team
and at the present time he has
three men Kleis, Elenbaas and De
Groot in his lineup. These three
men have been playing with the
National Guard team. There are
many more men in the league that
are fast developing and will be
ready to step up most any time.
The league is keeping up the in-
terest for base ball in Holland
and will be the starting place for
many players.

John Kelly and his ice cream
freezers failed to freeze out the
Holland Independents Saturday
and were taken into camp by a
score of 8-5 at Riverview Park.
There were fans present and they
witnessed the most exciting
game of ball thus far this season.
It must be remembered that the
Kellys are Western Michigan's
strongest team, that aggregation
having won gold watches, \$1,500
in money and the championship
last year.

NEW SYSTEM OF BILLS TO THE TAXPAYERS IS BEING TRIED BY CITY TREASURER

It is possible that before another fiscal year ends, all Holland's tax payers will receive bills giving the amount of their taxes just as they now receive bills for electric light. Instead of monthly, the tax bills will of course be semi-annual since taxes are paid twice a year.

The decision to use bills for all has not yet been made definitely but it is under discussion now and it will be thoroughly investigated before the end of the year. Mayor Kamenrad is very much in favor of such a system and he has been conferring with the city treasurer on the possibility of putting it into effect.

To find out how it works it has been decided to send bills before the summer tax campaign to the large tax payers, such people as manufacturers and others whose taxes run up into large figures. If it works out satisfactorily with them the system will be put into practice for the whole city as soon after that as possible. If the new system is put into effect a loose leaf system will probably have to be used, calling for different kinds of blanks. Moreover, an addressograph would have to be installed in the treasurer's office by which the addresses could be stamped on the envelopes. All that will take time and cannot be put into effect on the spur of the moment.

There has been considerable demand, according to Mayor Kamenrad, for a system of that kind. Many taxpayers would like to have a statement some time in advance as to how much they owe the city in taxes. The tax rate is always published in the newspaper some time before and it is possible for taxpayers to figure out the amount themselves but many are in doubt about their valuation and besides the rate does not take care of the special assessments.

Taxpayers are always cheerfully furnished with the figures by the treasurer if they call up, but some taxpayers believe that a regular bill sent some time before the tax campaign opens would simply matter. The system is in vogue in a number of cities and it will be put into practice here as soon as this can be done.

Two representatives of the state conservation department pitched their camp at Fremont lake and with 3,000 feet of nets have begun the removal of garfish from the lake. The first section of nets hauls recently brought in 11 large fish. As soon as they have completed their work at Fremont lake, they have orders to move to Stony lake.

OTTAWA COUNTY TOWNS WILL GO FROM OIL TO ELECTRICITY

Electric service was restored to the villages of Ravenna, Conklin, Marne, Eastmanville, Walker Station, Lamont and Nunica Friday evening when the Power Co. restored its connections with the Consumers Power Co.

Representatives of the Ravenna company Thursday and Friday visited the villages served in order to put through a schedule of increased rates effective Aug. 1.

Service was discontinued about ten days ago, pending disposal of the increased stock issuance.

CELERY MEN RETURN FROM CHICAGO TRIP

A group of celery growers from Holland, Zeeland, Hudsonville and South Haven, 28 strong, returned Thursday morning on the City of Holland after spending the day in Chicago, the guests of Nathaniel Robbins, agent of the Goodrich Transportation Co. While there they were given a royal time seeing the new Goodrich Terminal on the Municipal Pier and especially watching the facilities for handling all sorts of perishable merchandise.

The party was then taken to the new Fourteenth St. Market, the one that takes the place of the old South Water street quarters, which for years had been the market place of that great city. Due to the immense boulevard system that Chicago is building this section had to be entirely torn away. The city has built splendid new houses where about one hundred and sixty-three commission houses have their stalks.

These are vested with the privilege of buying after a certain occupancy. This market is one of the most up to date in the world and takes rank with any world's markets in point of size. Facilities for handling produce are much ahead of the old street but many of the older men missed the familiar quarters and scenes of the Water street market.

This trip has made a nice feeling of co-operation between growers and boat line and they have the assurance that the Goodrich line is doing everything is can to insure safe, quick and dependable transportation.

LOCAL FIRM IS GIVEN LOVING CUP

Some rather unique happenings featured the Maytag Washing Machine district convention held in Holland, with headquarters at Warm Friend Tavern. One of these features was the street parade led by the American Legion band and followed by the motorcade of Maytag representatives. In the first automobile were P. L. Maytag, head of the Maytag company at Newton, Iowa, and other officials of this company. Following were C. Dornbos and family and Milo Dornbos and family, local representatives of the Maytag make of washing machines.

There were forty automobiles in line following the band, besides a large truck filled high with Maytags. The parade proceeded from the depot to Centennial park where fifty delegates and guests were provided and a tour was made all about the city, with bands playing and banners flying.

The parade lasted until nearly seven o'clock, and after disbanding at Central avenue and Eighth street, the delegates filed into the Tavern where Manager M. L. Tyson had provided a fine spread.

Of course Maytag washing machines were the trademarks everywhere in the banquet hall; in fact, a couple of them occupied places of honor in the center of the room and in the lobby of the tavern.

The dinner was handled very successfully and the delegates were filled with enthusiasm over their recent contest held in connection with a sales campaign of the Maytag Washing Machine Co., which was held in the city.

Prominent among the guests was P. L. Maytag of Newton, Ia., chairman of the board of directors of the company. He told the men gathered together of the trials and triumphs of the company and gave a resume of the history of the organization.

The purpose of the meeting was to celebrate fittingly the record established by De Vries & Dornbos, local Maytag dealers. In about eight months' time they have sold more Maytag washers than any other Maytag dealer in the district in which the selling campaign is being held, the contest being Mommouth, Ind. The Hoosier firm gave the local dealers a close run but failed by five Maytags.

Because of this winning record a silver loving cup was presented to the De Vries & Dornbos company. Mr. Fall presented the cup and Mr. De Vries and Mr. Dornbos both responded fittingly.

Other dealers who were called upon to tell of their success included Messrs. Vos, Allegan; Looisgood, Wayland; Kohling, Saugatuck; Rogers, Muskegon; Field, Grand Rapids; Rosamond, Holland; and James, Bay City.

The cup presented to the local firm is on display at their new store on East Eighth street.

Miss Martha Klingenberg and Richard Jacobs were united in marriage Wednesday evening at a beautiful and simple wedding at the home of the bride's parents at six o'clock.

Marching in to strains of the wedding march, "Flower Song," played by Miss Gertrude Kiegestra, Mr. Richard Jacobs, bridegroom, and Mrs. Wm. Klingenberg, best man, were met at the arch by Miss Martha Klingenberg, bride, and Miss Henrietta Jacobs, bridesmaid.

The bride was dressed in a conch shell true crepe dress trimmed with rosettes of rosettes of pearl beads centered with crystal stones. She carried bouquet of white roses and swansonia.

The bridesmaid was dressed in a powder blue fall crepe dress, and carried a bouquet of sweet peas and swansonia.

The groom was dressed in a suit of conventional blue and the best man in light gray and white. The ceremony was officiated by Rev. J. J. Riemersma. The young couple will make their home at the home of the bride's parents after July first.

The Muskegon Trust company, assignee of the defunct Ravenna Private bank, filed in the circuit court at Muskegon a petition asking permission to pay an additional dividend of ten per cent. to the creditors. The petition says that the company now has \$11,693.52, which is more than sufficient to pay the dividend.

The dividend, when ordered paid by the court, will bring the total payments to the creditors to sixty per cent. Three ten per cent dividends were paid and then last March a twenty per cent dividend was paid from money obtained by assessing the co-partners.

At the time the twenty per cent dividend was paid Judge Vanderwerp granted the petition allowing the co-partners one year's time to settle the affairs and pay in full.

The Trust Company also filed a quarterly report and a third petition asking that the firm be released from all liability on a certain agreement made with Milton Kraft, former cashier, on payment of \$1,300. The assignee will then release property held by Mr. Simon at Muskegon Heights.

emized forty years ago was recalled Friday night with a celebration in Eagle hall. The participants in the ceremony forty years ago were Mr. and Mrs. E. H. Weller and Mr. and Mrs. K. Buurma. The brides were sisters. About 85 relatives gathered in Eagle hall Friday night to observe the anniversary and they presented the two couples with many beautiful gifts.

A luncheon was served. Music was furnished by the Weller orchestra. Mr. Weller and Mr. Buurma both made addresses and a reading was given by Wilma Kasten.

Pillar of Fire Advertises Holland Now

Beginning Thursday night Holland in future will be advertised to railroad, interurban and automobile passengers through the city by what looks very much like a pillar of fire. The board of public works has equipped the new chimney at the waterworks with floodlights that light it up to the very top and the result is as good an imitation of a pillar of fire as can very well be secured. The lights were turned on for the first time Thursday evening and the tower of light attracted a great deal of attention.

The chimney is 200 feet high. On the east end on the west side the words "City Light" are spelled out in large letters to catch the eye of the railroad and automobile passengers. On these two sides of the chimney lights of 2,000 candle power are thrown, lighting up the chimney to the top. It can be seen for a distance of several miles. All the lights have not yet been adjusted properly and it is planned to place some of the lights on the south side of the chimney also.

Rev. Anthony Meengs, recently ordained pastor of the Spring Lake Presbyterian church, the son of Mr. and Mrs. Dick Meengs of Holland, was married Wednesday evening after the Hope graduating exercises, to Miss Frieda Heiland of Monroe, S. NO POLITICS DURING VISIT OF GOVERNOR

Saturday afternoon was rather a busy one for Gov. A. Smith of New York who has been the guest of George Getz at Lakewood farm for three days. Wheel-horses of the Democratic party in Michigan slipped into the city all day Saturday and were taken to Lakewood in order to have a few words with the dynamic democratic chieftain of New York state.

Included in the delegation were men from Detroit, Muskegon, Jackson, Lansing and Grand Rapids. A Holland delegation, led by the Democratic party, came at the invitation of Mr. Getz. There were many representatives of big city daily newspapers seeking interviews and fishing for a political announcement, but Gov. Smith laughingly put them off, stating that he was not here to talk politics but to have a good vacation as the guest of Mr. Getz, his old friend and business associate. "I have been promising Mr. Getz," he said, "to look at his big farm and all its attractions since 1921, and that's why I am here with my family. This is the first time I was ever inside Michigan's state line, but I hope to get here more often."

Mr. Smith was contently on the miniature nine hole golf course while at Lakewood for the governor is an enthusiastic golfer. When newspaper men asked him whether he was an aspirant for the nomination for president on the Democratic ticket, in 1928, he waved the copy get a good time and said, "I am here for a good time and I'm having it. We will leave other things for their own occasion. I am not talking politics today."

He did, however, speak on the coming prohibition referendum to be voted on in New York. This he did in general terms.

"We are having a vote this fall in New York," he said, "to determine the popular mind regarding Volsteadism. It is an advisory referendum. It always is useful to get advice from the people. This is their country. New York voters will be asked whether they would favor a different statute for the validation of the eighteenth amendment. They will be asked whether they would favor action by congress permitting each state to say for itself by law what alcoholic content, not in fact intoxicating, shall be permitted in each state—all limited, however, by a general national maximum, fixed honestly by congress, beyond which none of these state permissions shall go."

During the two years that he dropped out of public life, Mr. Smith was a business associate with Mr. Getz at the head of the big New York trucking company—and he was precisely the same sort of a business success. Getz testifies that he is a political success. The men are close friends—and this explains why the governor is stopping off at Lakewood farm, en route to the Chicago Eucharistic congress at Chicago to tarry a few days.

"The secret of Gov. Smith's hold on people," says Mr. Getz, "is the fact that they know he is absolutely honest. Whatever he thinks to be right, he does. All the enemies who have been eager to see him dethroned never yet have been able to charge one single act of doubtful integrity to him. Then, too, he has the courage of his convictions. When he fights he fights—and never compromises. This makes his leadership dependable. And he always sticks to his friends. He believes in playing teamball—and he always does his full share. He is absolutely honest in his love of people. It is no mere political pose. People are quick to sense this fact. His democracy is the real thing. He always is just himself."

Mr. Smith's Sunday was rather a quiet one compared to Saturday. The governor's family attended mass at St. Francis church at 11 o'clock. There was no extra preparation and while the church was well filled there was no obnoxious tedium manifest at the church or when Mr. Smith and party landed in Holland. After the service there was shaking of hands but no unusual demonstration. Father Ryan returned from Denver in time to officiate. The governor's party left Sunday night for Chicago, accompanied by Mr. Getz.

Burton H. Hanson, Jr., of Grand Haven has passed his final entrance tests for entrance to the United States Naval Academy at Annapolis. The young man was appointed to the cadetship by Congressman Carl E. Mapes, subject of course, to the entrance examinations.

The mental test was passed successfully by the applicant some time ago. He was then notified to report for the physical examination, which is very exacting. Burton went to Annapolis for this examination and a message was received Saturday morning announcing that he had successfully passed the test. He will be assigned to the midship corps within a short time, and begin his course at what is perhaps the greatest naval school in the world.

The young man is a graduate of Grand Haven high school and also completed a preparatory course at the Ferris Institute in Big Rapids.

Rev. A. Selles, recent graduate of the seminary of the Christian Reformed Church in America at Grand Rapids, was ordained as a foreign missionary at impressive services in Central Avenue church Holland, Thursday evening.

Rev. Henry Beets of Grand Rapids, Rev. J. C. Oelkorne, missionary on furlough from China; Rev. L. Veltkamp and Rev. W. Mase-link of Holland were the speakers.

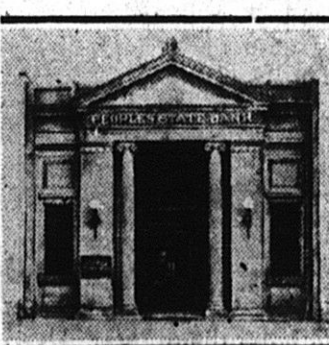

Alumni records at Hope College show 3 families have contributed 19 persons to its membership. The family of Rev. Albertus Pieters, newly elected professor of English, Bible and missions in Western seminary, heads the list with seven and the families of Rev. J. Hoeksema of Holland and Mrs. D. B. Tienema of Holland township each are credited with six.

STATE POLICE IN DRIVE FOR ROAD SAFETY

The state police will this week open a campaign to see that the motorists of this section are operating their cars with brakes in good condition, light in running order, license in plain view and in proper place and registration cards and drivers' licenses at hand.

A general activity to guard against any accidents that might occur on any road in the Fourth will be included in the campaign. This year the 4th comes on Sunday and will be celebrated in most instances on the following Monday. There will be a good three days for most people in which to enjoy a week-end vacation and the exodus from the cities will no doubt be tremendous.

To make the highway as safe as possible, the state police are endeavoring to get rid of every hazard and let no stone remain unturned in their efforts to promote the safety of the motorists of Ot-tawa county.

A brake test will be made, where by a car driven at 20 miles an hour will be required to stop at a white line within fifty feet. Anyone accused will be required to stop and go through this test. If their brakes are O. K., they will be given a sticker with approval plainly marked. But if they are found wanting they will be recommended to have everything adjusted, brakes tightened and adjusted and all little things checked up.

If after this test anyone so warned has not taken advantage of the tip to put their car in good condition, it will be hard on them when next stopped by the officer as he will not doubt check up on all those advised to seek the repairs. A fine will be imposed on those found not complying with their suggestions.

So motorists will save time if they will, on their own responsibility, fix those brakes that they know are a little weak and clean and adjust the lights. Cards plainly setting forth the defects will be given to the car owners and woe to the ones not heeding the admonitions.

About a week will be devoted to this rounding up of motorists and as these officers have already impressed the public by their courteous attentions to those having a little hard luck or perhaps to those who were not quite within the law, it is certain that they will be met with courtesy from the public.

The old adage "An ounce of prevention is worth a pound of cure" is to be a working factor. The adjusting of lights, and the compelling of motorists to look after the sometimes forgotten rear light will be of much help to the night driver. The one-eyed monster is to be eliminated if possible and with the co-operation of drivers dimming at proper distances, the highways should be reasonably safe.

So let not your heart be troubled, when the officer rides up to you this week. You are not breaking the law but only going to be given the once over, that you may be given a clean bill of health and the feeling that you are yourself in no danger of accident through sliding brakes or anything else liable to cause accident.

Another violation that is now and then met with here, the officer stated, is driving with only one license plate. The state law requires two plates and more than one local motorists have been stopped who had only one, having lost one. From now on more excuses will no longer be accepted, the state police being required to enforce the law. If any one loses a plate he can secure another from the office where he got the plates originally. The fee is one dollar. Another thing that motorists are asked to observe is to have their license plates in plain view, not back of a tire or anything else, it must be possible to read it from a distance. And in addition to that the plates must be clean, not covered with mud.

There are some of the rules which which are called. The state police do not wish to be dictatorial, the officer explained, but they merely want to help the public, resorting to arrest only after warnings have failed.

Many modern Woodman from Holland, Muskegon, Grand Rapids and neighboring cities took part in the demonstration at Grand Haven Monday night. There were more than 500 in the line of march, many of them in uniform. The parade was headed by a drum and bugle corps and a Woodman drill team. A large team from Holland was also present. Fred Cummings of Kalamazoo and F. Barnes of Muskegon Heights stated that the object of the meeting was to educate people in the accomplishments and advantages of the organization of the Modern Woodman.

INDIA TRIP IS DESCRIBED BY DR. D. T. VAIL

Dr. D. T. Vail, Sr., of Waukazoo and Cincinnati, has contributed an interesting article to the Cincinnati Journal of Medicine under the title, "Eye Clinics of India." Some time ago Dr. Vail and party made a trip around the world and in the article he describes the occasion for the trip.

"My party consisted of myself and wife, my son, Dr. D. T. Vail, Jr. and his wife. We were invited to come to Shikarpur not only to visit the clinic but to help in the operations on the eye. The founder of that clinic, Dr. Holland, had been on constant duty for ten years previously and was taking a year's vacation visiting England and America. He had turned over all his hospital work, not only at the Seti Hiranand Eye Hospital at Shikarpur (which is open only six weeks in the year, namely, from January 1 to February 12), but also the much larger mission hospital at Quetta, which is in operation the year round, to Dr. Joseph Nicholl, his first assistant. Dr. Nicholl is himself a master surgeon, splendid executive officer and expert diagnostician. Besides all this he is the finest type of man and a noble Christian character.

"I did not have the pleasure of meeting Dr. Holland, as he was absent, but Dr. Nicholl greeted us most heartily upon our arrival; in fact when our train arrived at 2:00 a. m. at Shikarpur on the 14th of January, 1925, he was there with a lantern to meet us and he was so happy to see me that he almost embraced me. I understood the genuine warmth of his greeting when he explained that he was almost swamped with his undertaking at the hospital, that he had a class of four surgeons who had come to Shikarpur to attend the eye clinic to learn the cataract operation and that he did not have time to show them the operations they had come so far to see as he was so busy with other departments of the hospital on account of Dr. Holland's absence, and that he wanted me to take entire charge of all operations for cataract and glaucoma, and also teach the class, that he may use his time in the general surgical, medical and administrative affairs of the hospital which kept him busy.

"This indeed was a rare privilege. Here was I, an American who had planned to be merely a visitor at a clinic to see others work, and if possible, to help a little, and who was immediately given control of all the operations for cataract and glaucoma, to run that department of this immense eye clinic as if it were my own. I accepted the honor and the trust and I did my utmost to carry on the work in the best possible way with credit, I hope, to America and with satisfaction to the missionaries who were running the hospital and also to the native benefactors who were maintaining the hospital—factions which were watching closely to see how things were running in Dr. Holland's absence. The visitors, aside from myself, were my son, Dr. D. T. Vail, Jr., of Cincinnati; Dr. Louis E. Stegeman, of Battle Creek, Michigan; Major Worthington, of the British Army, located at Quetta; Dr. Cox, in charge of a mission hospital at Lahore, India; Dr. Paul, his native assistant, and Dr. Wunla, a parsee from Karachi. All of these performed a large number of operations and assisted greatly in the work.

"In that country news travels fast and so when thrown open the next year. Dr. Holland had a small hospital and large clinic already established. This was growing in a rapid manner that now the attendance during the month of January is enormous. On one of the busy days we had there, I learned there were over five hundred new patients applied for examination, treatment and operation. I am sure that there was no day that we had less than three hundred new patients and the amount of operations that were done on four operating tables in two operating rooms in the thirty-four actual working days that elapsed between January 1st and February 12th is unbelievable. For instance (consulting my notebook) I find that we had an actual experience of 2,522 operations on the eye in that period of time and this will average over seventy-five operations a day. Where in America have we a hospital with four operating tables and a list of new patients running between three and five hundred a day, that can or does afford accommodations for over seventy-five eye operations every day. It cannot be found in this country. There is too much necessary detail that has to be done. The ordinary operating list in any of our largest eye hospitals may run from twenty to thirty operations a day and there are nearly as many surgeons and helpers to do these operations, but over there on one day for instance, we had 98 actual cataract operations, 45 operations for glaucoma and 36 other operations on the eye (entropion, trachoma, etc.) making in all 179 operations in one day."

The concluding paragraph of the article shows how greatly this work is appreciated: "Considering the problem from all standpoints, we must admit that the Smith-Indian operation is a God-send to those benighted people of the Punjab and the Sind. They come to the hospital and in a few days are returned to their families with their eyesight restored. They do not know anything about what was done nor do they care so much about that. They simply know that they were blind but now they can see. They make their own comparisons and they draw their own conclusions, for they are human beings and they think with perfect reason, that the Smith operation gives them back their eyesight in one operation, and they go to the place where such operations are performed. This accounts for the enormous amount of material that applies daily at these clinics for many go who have not cataract but glaucoma and still more who are blind from trachoma."
