The St. Francis Catholic School Graduates Ten

FATHER RYAN, WHO IS SUPER-INTENDENT OF THE SCHOOL, GIVES DIPLOMAS

A belated commencement report but never the less very important, has to do with the graduation exercises by the pupils in the grades of St. Francis De Sales Catholic school on West Thirtieth street. There were ten students to graduate with honors and Father Ryan, who not only is the spiritual superior of the church but also the superintendent of the school.

Rev. Ryan, after giving the graduates some real sound advice, telling them how best to deal with the problems of life bravely, honestly, and without "side stepping," handed diplomas to the following ten graduates: Francis Flanagan, Josephine Fabiano, Josephine Van Bragt, Clara Covington, David Czerkes, Paul Green, Ed. Robinson, Harry Covington, Frank Versano and Zita Kuna.

The school has four able instructors in the grades namely the Sisters of Mercy.

A large percentage of the Catholic school graduates enter Holland High for advanced education. Father Ryan states and not a few have gone through Hope college in years gone by.

The school has been very successful and a bright lot of students have been graduated from year to year since the founding of the school some 15 years ago.

Father Ryan expects that when school opens again after Labor Day in the fall there will be an enrollment of at least 120.

St. Francis school is well-equipped and with an able teaching staff and the proper supervision rank well up with Holland's educational institutions, of which we are so justly proud.

ONLY DOZEN G. A. R.

AT REUNION

Less than a dozen veterans of the Grand Army of the Republic occupied the seats of honor at the 40th annual reunion of the Soldiers and Sailors' association of western Allegan and Van Buren counties at Oakdale park, Pullman, Allegan county, Saturday—all that were left of the ranks of the Boys in Blue numbering hundreds two decades ago.

Al De Weerd, president of the Holland-De Weerd Auto Company of this city, was severely injured in a head-on collision of two cars on US31 just west of the Central Park store.

Mr. De Weerd was injured while riding in a car driven by Jacob Dekker of Grand Rapids. The crash occurred when Mr. Henry Hamink, also of Grand Rapids, attempted to turn his car to the left into Central Park. He was coming from the west and had to cross the lane of traffic coming from the east. Both drivers expected the other to stop.

Both cars were badly damaged and Mr. De Weerd suffered a compound fracture of the knee cap. He is being cared for at the Holland hospital and will be laid up for at least two months.

PASTOR WHO WEDS TO BE INSTALLED TONIGHT

The home of Mr. and Mrs. Peter Selles, 50 Graves place, Holland, was the scene of a happy marriage Thursday evening when their daughter, Miss Catherine Selles, was wed to Mr. Leonard Greenway, son of John Greenway of Grand Rapids.

The marriage took place at 7 o'clock, Rev. John R. Mulder, professor at Western Theological seminary of this city, officiating.

The bride was given in marriage by her father and was charmingly gowned in a close-fitting frock of light blue embroidered chiffon with a large hat in pink, carrying a bouquet of pink rose buds and wainsonia.

Miss Bernice Beeuwkes of this city, bridesmaid, was dressed in pink crepe and a large blonde hat which looked very becoming. She carried a bouquet of rose buds and sweet peas.

Mr. Greenway, dressed in conventional black, was attended by Mr. Martin Miergas of Grand Rapids.

The wedding march from Lohengrin was played by Mr. William Welmers, and Mr. Menno Bas, who sang a most appropriate selection, "O Promise Me," by de Koven.

Preparations had been made by Landlord Dauchy of Warm Friend tavern to serve the guests with dinner in the private dining room, where covers were laid for thirty.

Mr. Greenway is a graduate of Calvin college and this year also graduates from the Western Theological seminary.

Mrs. Greenway, who is a popular young lady, has been a student at Hope college and later graduated with honors from Calvin college. For the last two years she has been instructor in Holland Christian High school.

The happy couple have just returned from a short wedding trip and Mr. Greenway is to be installed as pastor of the Second Reformed church at Grand Haven this Friday evening at 7:30 o'clock.

The installing pastor will be Rev. John R. Mulder, who also performed the marriage ceremony. He will be assisted by Rev. Van Wyck of Muskegon, a former pastor of the groom. This church was formerly served by Rev. H. Beltman, now of Los Angeles, Cal. Others to assist in the installation will be Rev. Bruggers, formerly of Holland, now of Coopersville, and Rev. C. Lepelak of Spring Lake.

ISSUE DEDICATED TO EDUCATION

This issue of the Holland City News is dedicated to Holland's educational institutions. Pictures and stories of pupils and faculties of Holland's public and Christian schools, as well as of Hope college, are given on four pages this week.

Holland stands high in education and this fact is known throughout the nation.

The News is pleased to contribute its small share towards the fostering of such institutions of learning.

MISSIONARIES VISITED BY STORK—TWINS

Word was received here telling of the birth of twin boys to Dr. and Mrs. Harry Brinkman at Resht, Persia, at the American hospital there. Mrs. Brinkman was formerly Miss Adriana Van Lopik, daughter of Mrs. Jennie Van Lopik of Grand Haven. Dr. and Mrs. Brinkman are medical missionaries to Persia and have been gone several months. Mrs. Brinkman is very well known here.

MORE ARE SENTENCED IN CIGARETTE AND TOBACCO STEAL

Since Andrew Postma appeared before Judge Miles on the charge of receiving stolen goods, others involved in that case have been tried and sentenced.

"Buddy" Fraam, who operates a poolroom in Grand Rapids, was convicted by a superior court jury, and Freddie Hale, 28, of the Eagle hotel, who pleaded guilty, Wednesday were sentenced by Superior Judge Arthur F. Shaw to serve two to fifteen years terms in Lonia reformatory.

The pair was charged with breaking into the Woodhouse Co. tobacco warehouse and stealing cigarettes valued at \$700. The robbery occurred at 2 o'clock the morning of May 17.

Two others who pleaded guilty to the same offense, Henry Krus and Clayton Gibbs, both of Grand Rapids, were placed on probation for two years each. They are married.

The quartet was arrested by police after the Woodhouse Co. warehouse had been entered twice. Officers reported some of the looted cigarettes were disposed of in Holland to Andrew Postma.

This disposes of the whole matter.

WARM FRIEND NEARLY HAS THAT

"The great need of the times is a furnace that will keep the home comfortable for those in wool coats and those in thin silk dresses," says the Detroit Free Press. You don't have to go much further than the Holland Furnace Co. comfort in the summer when the furnace fans you with cool zephyrs—warm in the winter when the same fans the fire to warm you. "Moisture when weather is dry and dry heat when the weather is wet. The furnace all but talks," Andy Klomp says, and he can add a dozen more temperature attributes.

Prof. Egbert Winter, head of the department of education in Hope college, formally announced his candidacy Wednesday for membership on the board of education of Holland's public school system. He is the first to enter the race against Henry Geerlings, Fred Beeuwkes and Mrs. George E. Kollen, who are seeking re-election. It is expected other candidates will file petitions before June 27, when the time limit expires.

BRIDE SEES MATE DROWN IN ALLEGAN

Archie Roberts, 24, farmer living in Manlius township, drowned late today near Pullman.

Roberts apparently misjudged his strength and had gone about 200 feet into the lake when he suddenly turned around, cried for help and sank. His bride of five months, her sister, Miss Betty Barnes of Bravo and Miles Trimm, also of Bravo, the other members of the swimming party dived for the body, but were unable to locate it. Other bathers then arrived and the body was taken from the lake, but attempts at resuscitation were futile.

Sheriff Guy Teed and Coroner C. Clay Benson were summoned, but decided an inquest was unnecessary. The body was taken to the J. Burch funeral home, Fennville.

The alumni of the Holland Christian high school held its eighth reunion Monday night at the picnic grounds of Pine Lodge on Black lake. Officers elected are: Don Drost, president; Richard Plaggers, secretary; Julius Bontekoe, vice-president and Stanley Rutgers, adjutant.

Harold Van Alsberg, 22, was arrested Monday on a forgery charge, the third time he has been nabbed on that count. The first two times he was released after making a settlement but this time he will not go so well.

A large snapping turtle measuring 15 inches in diameter and weighing 50 pounds was landed by Joe Kleesman when he hauled in a minnow net at Pine creek. Sportsmen say it is the largest turtle caught in Black Lake in years. The age is estimated to be 75 years.

LOCAL PASTOR IN CHICAGO

Rev. J. Lanting, pastor of the Immanuel church of this city, is in Chicago this week giving a series of addresses in the First Reformed church at Englewood of which Rev. J. Althoff is pastor. Mr. Lanting will return to his pulpit Sunday.

Holland Robber Kills And Then Was Killed

LOOKED LIKE RESPECTABLE TRUCK DRIVER; LIVED AT SIXTEENTH STREET AND LATER AT THIRTY-SECOND STREET.

Nearly a year ago there was quite a sensation at the Pere Marquette depot at Holland when one of Chicago's real bad men was arrested in which considerable gun play took place. Chicago detectives had phoned Holland that they thought some "stick-up" men were coming this way. The present chief, Peter Lieveens, Officer Frank Van Etta and his son, Bill Van Etta, at one time deputy sheriff, went to the depot to intercept the man in question. Bill Van Etta remembered a man answering that description and he was taken along in order to be sure of identification.

When the train arrived sure enough the man in question was identified. He knew something was up, but before he could draw a gun the arms of Bill Van Etta were about him and the gun dropped to the depot platform. Peter Lieveens then jumped into the fray and with further assistance of Frank Van Etta subdued the man who was terribly surprised to be caught in quiet, staid old Holland.

In the melee another detective was given a black eye. Lieveens kept the man covered until he was searched and another gun was found together with \$485 and some St. Clair Oil company station coupon books that must have been taken in a "stick-up" job in Chicago and was one of the reasons why the Chicago police phoned Holland and other cities in the neighborhood.

An investigation by the police found that Lawrence, as the man was known here, was driving a soft drink truck. It was also found that the man had been living with his wife on south Lincoln avenue and also on East Sixteenth street. The Holland officers searched the Lincoln avenue house and found a large number of dresses that had been secreted.

Anyway, to make a long story short, the Chicago police wanted Lawrence the worst way, first on a robbery charge and second on a murder charge. He was convicted of the robbery charge in which Chief Lieveens testified at the trial. However, he was wanted for the killing of a policeman at Cicero, but before the trial came off he endeavored to shoot himself out of the Chicago prison. The man will never be brought to trial as is evident from the following story in the Chicago Tribune.

A convicted robber awaiting trial for murder ran amuck in the county jail last night, shot and killed a guard, menaced two others and after terrorizing fellow prisoners in their cells killed himself.

For nearly ten minutes he created a reign of terror in the jail, riding up and down an elevator, running up and down stairways, and eluding rifle armed guards. Finally, when capture appeared imminent, he turned the weapon on himself, in view of a guard.

The prisoner was Jack Lawrence, 23 years old, with a sentence of one year to life for robbery. He was scheduled to go on trial Monday for the murder of Policeman John Nerad of Cicero. His victim was Guard Leo Nicholas, 50 years old, 742 North LaRabre avenue.

Warden David Money and Sheriff William D. Meyerling immediately began an inquiry to learn how Lawrence had obtained the pistol with which he killed Nicholas and himself. The weapon was smuggled in, they said. They announced they would question Lawrence's widow who they said, had visited him during the day.

Asks to See Doctor

It was about 7:30 o'clock that the prelude to the one-man reign of terror started. At that time Lawrence engaged in a fist fight with several other prisoners. One of his eyes was blackened and he sent word to the jail office that he required medical attention. Assistant Superintendent Edward McDonald, in charge, examined Lawrence through a screened door and approved his request. He sent for Guard Nicholas.

Nicholas was at the time on duty in corridor E-1 on the first floor with Guard M. J. Devlin. He walked over to the prisoner. As he stepped outside, started back for his office.

Suddenly there was a shot, then two more. McDonald staggered around. He saw Nicholas stagger then fall. Devlin, unarmed and alone with the desperado, rushed for him, but Lawrence ran past him. McDonald hurried into the office and summoned armed guards.

Lawrence, waving the pistol, ran towards the corridor elevator, a self-operating lift. Prisoners in their cell blocks on either side covered in terror. Their cries added to the confusion. Lawrence got into the cage. He rode to the second floor—corridor C-2—and stepped out. Guard Fred Caruthers advanced upon him.

"Talk fast or I'll blow your head off," snarled Lawrence, pressing the gun against the guard. "How do I get out?" Caruthers motioned him toward the front, knowing that by this time the guards would be armed. As Lawrence turned around, the guard darted into the elevator, shut the door and barred this avenue of escape.

Momentarily bewildered, Lawrence ran up the stairs to the third floor, then down, then up again. While using the elevator he had followed similar procedure, riding to the basement, then to upper floors. On the third floor, in section D-3, Lawrence suddenly

DAUGHTER OF LOCAL PASTOR IS WED

A pretty June wedding and a social event in Holland occurred Tuesday afternoon at 4 o'clock when Miss Elizabeth Martin was wed to Mr. Raymond Van Raalte in the Third Reformed church of this city where the father of the bride is pastor. The wedding day was beautiful and the arrangements for the event were well planned.

Before the marriage party entered the church edifice which was beautifully and appropriately decorated, Miss Helen Bosman pleasantly sang "Because," by D. Harelott, "O Promise Me," by de Koven. A hush fell over the guests present as the wedding party arrived and the soft strains of Lohengrin's wedding march as played by the Henrietta Warnshuis thrilled the listeners. The march continued through the long aisle, halting before an altar banked with palms, ferns, hydrangeas and bouquets of daisies. It was a beautiful setting before which the happy couple stood.

The marriage was performed by Rev. James M. Martin, father of the bride, and the impressive double ring ceremony was used.

The bride looked charming in her gown of white peau de soie—rather an interesting feature is the fact that this gown, slightly altered, was worn by her mother thirty years before when she was wed to Rev. Martin at East Orange, N. J. The bride was veiled with net trimmed with lace the cap being caught up at the

bumped into Guard Joseph Washington.

"He held the gun at his hip, waving it as he swayed his body," related Washington. "He seemed in a daze. He took two steps toward me, paused, then took two more. I was unarmed; I thought I was done for. Then he put the gun to his left temple and fired."

By this time dozens of guards armed with rifles and tear bombs were posted at vantage exits. They had orders to "shoot to kill" once Lawrence showed himself. The single shot on the third floor ended the thrilling hunt.

Dr. Constantine Theodore, jail physician, examined Guard Nicholas. He found that he had been hit twice in the left side, and once in the right. Lawrence died instantly. Dr. Theodore said that Lawrence had been under mental observation several times and once had gone on a two weeks' hunger strike.

Lawrence was known as a troublesome prisoner. His home was in Holland, Mich. Last fall he was indicted for the killing of Policeman Nerad. Prosecutors lodged a robbery charge against him in addition to the murder, and after numerous delays he was convicted before Judge Rudolph Desort on Jan. 22, and sentenced on March 14. Stays of mitimus until July prevented jail authorities from removing him to prison, the stays being granted because of the pending murder case.

FIFTY YEARS AGO TODAY

Three weeks from today Guitau will swing off into eternity and "let God have mercy on his soul." Note: Guitau had just gone through a long trial for shooting President Garfield and as early as 1882 the defense lawyers endeavored to bring in the insanity plea—so that isn't new. Guitau was a disappointed office seeker who shot the president since he failed to get the patronage he expected.

Last Saturday was Jeff Davis' birthday. He was 74 years old. Note: The confederate President would have been 124 years old had he lived to this day—and, by the way, it was an Allegan soldier who captured Davis at the close of the civil war. Jeff, dressed as an old lady with sun bonnet, endeavored to leave camp with an unguarded by Michigan soldiers. Davis went to a spring in a thicket with a pail, with the pretence of getting water, but a man's boot protruding from under the long dress was his undoing.

Next Monday morning work on the new hotel at Macatwa Park will be started. Architect John R. Kleyn completed the building with a large gang of men in 16 days. The first dock for pleasure boats is also being built. Note: The hotel in question was the annex to the south of the present structure.

The bride, who entered in on the arm of her father, carried a shower bouquet of Kilarney roses and sweet peas.

Mrs. Francis Drake, as matron of honor, wore a dress of flowered pink net and carried a corsage of Kassarian roses, sweet peas and forget-me-nots. Mrs. Nelson Karsten and Miss Evelyn Hilarides, dressed in green net and blue net, respectively, were bridesmaids.

They carried corsages of Briar Cliff roses and snapdragons.

A pleasing feature was when little Miss Arlene Rose Vander Heuvel preceded the wedding party, casting rose petals from a basket in the path of the bride. The little Miss was dressed in silk of yellow pasted shade.

The bridegroom was attended by his brother, Arthur Van Raalte. Ushers were Francis Drake, Nelson Karsten, Palmer Martin and the bride's mother.

The bride's mother wore a white crepe de chine dress with a large white hat. The mother of the bridegroom wore a gown of light blue printed chiffon. Mr. and Mrs. Wilson Diekema were master and mistress of ceremonies.

Miss Warnshuis played Mendelssohn's recessional as the bridal party left the auditorium.

The bride is the daughter of Rev. and Mrs. James M. Martin and the groom is the son of Mr. and Mrs. Albert P. Van Raalte of Holland.

Following the ceremonies a reception was held at the parsonage for about eighty guests. Baskets of flowers adorned the home. Refreshments were served by members of Girl Scout troop No. 2. Decorations at the home and in the church were arranged by Miss Warnshuis and Mrs. R. B. Champion.

Immediately following the reception Mr. and Mrs. Van Raalte left on a motor trip east. They plan to be gone about three weeks. In September they will make their home in Coopersville, where Mr. Van Raalte is instructor in the high school. The bride is a graduate of Holland high school and Hope college.

The guests from abroad were Mr. and Mrs. John B. Master and son, Robert; Mr. and Mrs. Nick Prakkens, Miss Marian L. Siekman, Mrs. Albert J. Fecht and children, and F. L. Riechel, all of Grand Rapids; Mr. and Mrs. William J. Veldhuis, all of Coopersville.

Zeeland Goes Back To Half Holiday Weds.

LAST YEAR VIOLENT DIFFERENCES EXISTED; THIS YEAR THERE SEEMS PEACE AMONG MERCHANTS; CHAIN STORES ALSO JOIN

Zeeland will be back on a half holiday every Wednesday afternoon during July and August. This half holiday has been in vogue for many years until last year when the matter "blew up" when half the merchants wanted to keep open and the other half remained closed. There were signs and counter signs and in the store windows at that time "We Are Open" and "We Are Closed" was much in evidence. This year it would seem, however, that all is running smoothly for 55 names appear in a large advertisement printed in the Zeeland Record and that number represents about all of the merchants in that city.

Holland has had a half holiday for a number of years without any serious difficulty but then the "hard times" came and complaints also came in from resorters who trade here and long debate followed and serious consideration was given the problem and it was thought best to remain open Wednesday and get all the business in sight. In Zeeland independent merchants, as well as the chain store, have clubbed together to make this holiday possible. However, to offset the Wednesday half holiday, merchants have decided according to the advertisement—"For Your Convenience, Our Stores Will Be Open Tuesday Evenings."

The following merchants have signed the closing agreement for Wednesday afternoon during the months of July and August: Otto Achterhof, William K. Bareman, B. J. W. Berghorst, Book Shop, Boone & Company, Boonstra Mercantile Co., Central Market, City Market, De Bruyn Co., Inc., M. J. De Haan, Dekker's Jewelry, Peter De Witt, William De Free Co., Edward Dykema, John Fris, The Great A & P Tea Co., Hietje's Sanitary Market, Home Grocery & Market, George Kamp, Roy Kappel, K. Kuper, K. Kuper, Ladyfair Shop, Lokker Barber Shop, Lokker Shoe Store, Lookers Plumbing Shop, H. Middleboek, Nies Beauty Shop, Nies Shoe Store, Northuis Barber Shop, William Nijamp, John Ozinga, People's Food Market, Post's Jewelry Store, Quality Furniture Market, John Shoemaker, State Commercial & Savings Bank, The Style Hat Shoppe, The Style Shoppe, Ted & Ed Clothing Co., Chris Ten Hamel, Charles Teigenhof, Tjepkema's Barber Shop, A. Vander Ploeg, H. Vander Ploeg, Vereske's Barber Shop, Frank Verhey, Mrs. G. Warren, Bert Wissman, Zeeland Art Studio, Zeeland State Bank, Derks & Buter, Van Loo Fuel Co.

TWO FINED FOR BEING DISORDERLY AT DANCE

NIGHTHAWKS BACK IN HOLLAND PURSUING INSECTS

Nighthawks have returned to Michigan and Holland and once again are pursuing insects above the buildings at twilight. Round and round they go, dipping and sweeping gracefully as they take their prey on the wing. The birds are not as plentiful in the city as they will be in August when nesting duties are done. Then scores of them may be seen wheeling about and giving their curious cries, especially at night.

They are useful birds and it is unfortunate they have been given the name nighthawk. They are not hawks in the sense of the word. Two names, applied to them in times gone by, are more appropriate. They are "evejar" and "will-o'-the-wisp."

In Holland they circle and swoop mostly over Holland High and Junior High schools for on this broad expanse of flat roofs are found their nesting places. Nighthawks are seldom seen on the ground and that only when one of their young happens to fall from the roof. The birds have a bad time of it for they have creepers rather than feet and while they are unusually swift in the air their efforts on terra-firma has much to be desired. The nighthawks are a volplane better than any pilot never going into a "tailspin" nor do they ever "crack up" in their air maneuvers. Undoubtedly the Wright brothers in a measure must have received their first airplane inspiration from the nighthawk.

SEMINARY GRADUATES TO ASSUME CHARGES

Peter A. De Jong and Richard Oudemaj, graduates of Western Theological seminary, will be installed as pastors in their respective fields this month, the former June 30 at Peoples Park church, Paterson, N. J., and the latter at First Reformed church, Milwaukee, Wis. June 28.

John Vos and Harry Van'tKerkhof also graduates of Western, took formal charge of their first pastorate Sunday, the former at Beverly and the latter at Byron Center.

Raymond Knothuisen of the First State Bank is enjoying a week's vacation. He spent several days in Chicago visiting friends.

Dr. Garrett Heyns, superintendent of the Holland Christian high school, has accepted an invitation to teach history in Marquette Normal college this summer.

William Falkowski, of Grand Rapids, pleaded not guilty before Justice Clark at Zeeland to a charge of stealing articles from an automobile which had been left on the highway partially burned. His hearing was set for Friday and bonds placed at \$100.

Rev. and Mrs. Leonard Greenway arrived in the city today to make their home here. Rev. Greenway will have charge of the Second Reformed church. The couple were married in Holland last Thursday. Mrs. Greenway was formerly Miss Elizabeth Selles of Holland—Grand Haven Tribune.

Chris Smith, age 91, died at Spring Lake. He was born in Germany in 1841.

BAND CONCERT ON "SHOW BOAT" POSTPONED

FATHER RYAN IN RETREAT

Father Fred Ryan of St. Francis De Sales Catholic Church of Holland has gone to retreat at St. Joseph seminary, Grand Rapids, where 125 fellow priests are also in retreat for the next four days. Rev. C. O'Malley of Kenrick seminary, St. Louis, Mo., is retreat master.

CAR WRECKED HOUR AFTER BEING INSURED

The automobile driven by Mrs. Lambert Bloomberg of Hudsonville was very badly smashed in that place Tuesday noon when it was struck from the rear by a Goodrich Transfer truck. Mrs. Bloomberg had come onto M-21 from her husband's gasoline station and the motor had stalled. While there the truck, coming up from the rear, struck the automobile with full force and caved in the rear end of the car badly, injuring Mrs. Bloomberg slightly. Curtis Weatherly, of Grand Rapids, driver of the truck, claims that he did not see the Bloomberg machine ahead of him. The automobile was almost new, having been delivered the day before, but it was fully covered by insurance since the policy had been transferred an hour before.

AGRICULTURE
IN MICHIGAN

The announcement by the crop reporting service at Lansing that the growing condition of Michigan crops is well above the general average for this time of year is a reminder that, while manufacturing has overshadowed it, agriculture is still an important occupation in this state.

The 1930 census showed that there were 169,890 farms in Michigan. They represented 17,182,800 acres, with land and buildings valued at \$1,168,453,100, and afforded gainful occupation to nearly 250,000 persons. Crops marketed from Michigan farms in 1929 were valued at \$431,192,000. The production of sugar beets, at the peak in 1925, amounted to nearly a million short tons. Wheat, oats and other cereals, apples and small fruits and vegetables are still grown in Michigan on an extensive scale.

Compared with a manufacturing output valued at \$4,636,261,417 in 1929, agriculture's marketed output of \$431,192,000 seems relatively small; but that does not tell the whole story. The farms of Michigan play a far more considerable role in balancing the state politically and socially. Without the independence and integrity of those who till them Michigan would soon become socio-politically lopsided. Originally famed as a timber state, with important deposits of iron, copper, oil and salt, and latterly one of the first industrial states in the Union, Michigan, as long as it retains this haven of agriculture, will remain one of the best balanced units in the United States.

CONCERT BY ALEXANDER KAMINSKY GIVEN AT IMMANUEL CHURCH
Alexander Kaminsky, Russian violinist, once member of the Royal Opera company at Petrograd and the favorite musician of Czar Nicholas, played to a crowd that taxed the seating capacity of the Immanuel church in the Armory Friday night, giving a concert of sacred hymns and classical concertos.

Through his masterful handling of the violin he gave his audience pictures in music of the Hebrews mourning for their lost lands, and also of the rabbi as he is crying in their day of atonement for the coming of the Messiah.

He followed with two Hebrew melodies, "Old Black Joe," "The Old Ragged Cross," after which he gave his testimony. Mr. Kaminsky stated that only day he had the world at his feet, having many honors and money, but that this did not satisfy and he considered this a life wasted on the world. He especially brought out the realism of His life today after his heart is right with his God. Mr. Kaminsky followed his testimony by the playing of "Rock of Ages," after which the audience joined in singing. Miss Anna Kaminsky, his daughter, accompanied him at the piano. Rev. Alfred E. Gidman, his manager, led the singing.

PURITY LEAGUE SECRETARY TO SPEAK IN ARMORY SUNDAY

Rev. Jennie Sharpless, national field secretary of the World Purity Federation, will speak in the Armory on Sunday afternoon at 3 o'clock. In her warfare against vice Mrs. Sharpless has cleaned out vice rings in oriental districts of America's greatest coastal cities. In one year 67,000 girls were entrapped and sold into white slavery, Mrs. Sharpless states.

Mrs. Sharpless will hold a special meeting on Sunday afternoon for men and women only.

The victory of the Mossers Leathers over the Holland Boosters Monday evening by a 9 to 0 score rates the city championship tanners as the likely winner of the first half of the 1932 season. Babe Wolring's team has five games to go, but the tils are with second division clubs.

The Boosters were toppled from first place for the first time this season when Lefty Sakkars was found for 13 hits while Larry Hyma set down the Boosters with 5. The Mossers triumph gives the Tanners a 2-to-1 edge over their rivals this year.

The Pure Oils created the biggest upset of the present league season by downing the Dutch Boy Boosters, 9 to 1. The losing team protested the game, however, on the grounds that the Pure Oils had not legally signed Players Gibson and Damoth of Allegan, who were instrumental in the victory.

Probate Judgeship

IRVING J. TUCKER HAS LEGAL MIND FOR PROBATE JUDGESHIP

Irving J. Tucker, Republican candidate for judge of probate for Allegan county, was born in East Saugatuck, Manlius township, Allegan county, and has been a lifelong resident there.

Despite his affliction caused by infantile paralysis covering a period of thirteen years, through sheer grit he worked his way through school, graduating with honors from Holland High school in 1925. He also received his A. B. degree at Ann Arbor from Michigan in 1929, completing two years of law course at the University of Michigan law school, which equips him with the knowledge of law absolutely necessary in handling the many cases that demand fair judgment as these come up in probate court, which largely deals with widows and children who have no knowledge of technical law points.

Mr. Tucker is a member of the Christian Reformed church at East Saugatuck and has been a worker in the church.

Mr. Tucker has another decided advantage in the fact that he speaks both the English and the Holland language. There are still a great many instances in Allegan county, at least where the older folks prefer to discuss matters in the Holland language. The primaries in Allegan county will be September 13, and Mr. Tucker's friends solicit your support for his candidacy for probate judge at this time.

WITH pleasure and pride the Holland City News presents to its readers these printed pages of the graduates and faculties of Holland High School, Holland Christian High and Hope College. Surely a galaxy of intelligent faces of young folks who will constitute the corner stone of at least a part of American society and who will carry on when the older folks fall out of the ranks.

On these pages are found the graduates of Holland High School. Our public schools have always been the pride of our city and county, conducted on a high

plane and patterned after by many other communities throughout the state and nation.

Our entire school system as well as our building programs have practically brought about a recreation during the past score of years until today Holland's public schools are second to none anywhere. Our present official and teaching staffs have been largely responsible for this recreation.

Holland can justly be proud as this relates to our public schools and in the final analysis the men and women at the head, including our Board of Education, could not have accomplished for education what they did without the fullest cooperation from the citizens of Holland, which they received so graciously and so unstintingly.

Faculty and Graduates of Holland Christian High School

On this page will be found the pictures of the faculty and graduates of Holland Chr. High School. The officials, the Board of Trustees and the teaching staff, together with those who create and foster the development of these Christian institutions, can be justly proud of the results.

The Holland Christian schools have had their trying periods of stress during the last quarter of a century and it was only sheer grit, perseverance and a self-sacrificing people that have brought these institutions of Christian instruction on the high plane in which we find them.

Superintendent Dr. Garrett Heyns and Principal John A. Swets have been able and trustworthy executives and the entire teaching staff reflect this meed of efficiency.

It is not out of place to repeat at this time what has already been written in the Holland City News before, namely a few lines on the development of the school.

The first school was a small wooden building on Central Avenue which was later enlarged. This building program was later augmented with a very serviceable high school built of brick located on West Fifteenth street. The school soon outgrew these quarters and a very fine high school building was erected on the fork known as the old Westerhof place on South River Avenue where State St. and Michigan Avenue diverge.

The pictures of the graduating class of 49 together with those of the superintendent and the principal and faculty are found on this page.

Following a plea by Rev. Wm. Kok of the First Christian Reformed Church of Zeeland that two student preachers be stationed during the summer months at two towns the Christian Reformed denomination is endeavoring to establish churches, enough money was subscribed by the members of the First Church alone to make it possible to appoint the two preachers to their charges. HOLLAND has often been called by those from abroad as being a city of culture and the thought is that there are few in this community who have not had a complete or a partial course in advance education. Elsewhere on these pages we have given concisely the fundamental reasons for this culture as this relates to our public schools. Blessed with a school system that is surpassed nowhere, Holland can boast of a finishing school that from the standpoint of education, wholesome environments, correct deportment and religious influences would be difficult to excel.

Hope College has been founded on the corner-stone of religion. The oft told story of Dr. Van Raalte and his little band gives Holland and Hope College a historic background so unusually unique that it reads like a page of fiction. Some four years

ago James O'Donald Bennett, special writer for the Chicago Tribune, was a guest of your editor, and he stated at the time that never had he been called upon to write up a community where the historic background, from the founding to the present day, was so unique, so interwoven, so substantial, so romantic and so interesting as the story of Holland and its institutions.

This preface is not intended as a historic resume any further than to say that glorious history was made and a wonderful institution of learning was gradually built between the periods when Van Vleck hall was first erected in '57 in the center of the campus that had the ear-marks of a wilderness and Hope Memorial Chapel, a pearl of ar-

chitecture in a beautiful well-kept setting of nature's greenery. Much time has elapsed since a small body of students in 1862 went into the woods nearby to hew the timber for the first wooden gymnasium the college could boast of and the time when Andrew Carnegie saw fit to help along this struggling institution with something better and more pretentious.

The fund of interesting historical detail available between the first commencement day, and the sixty-seventh just celebrated can well be imagined!

The Holland City News takes pride in printing at this time not only the photographs of the officials and faculty of Hope College but the bright and interesting faces of the 1932 graduating students as well.

Hope College is not the largest college, but what is lacking in quantity is made up in quality. The students at Hope have the advantage of being instructed individually if necessary and this advantageous attribute is so lamentably lacking—because of numbers—in the larger institutions of learning.

The fact that hundreds of Hope students at home and abroad have made a name for themselves and many have become nationally known, is positive proof that this local institution has done wonderful work to prepare the men and women who graduate therefrom to perform life's task ably and well, equipping them to meet the problems that are bound to arise.

We take pleasure in introducing a portion of the large Hope College family at this time.

Vernon Ten Cate Gives Impressive Memorial Address

OCCASION WAS DECORATION OF GRAVES OF 23 PYTHIANS WHO HAVE PASSED ON

The memorial rites instituted by the Knights of Pythias everywhere last Sunday was also observed in Holland.

Members of the local order, together with relatives and friends of departed brothers, gathered at Pythian Hall at noon and in automobiles quietly wended their way to the local cemetery.

There were forty members in line, each carrying a large bouquet of flowers to be placed on the graves of members of the order, who have died since the founding of Castle lodge in this city. The members marched from grave to grave, dipped the colors, placed flowers until 23 graves had been visited—it was an inspiring sight.

The memorial address was delivered at Pilgrim Home cemetery by Attorney Vernon Ten Cate, and it was one of the most impressive eulogies ever heard here on an occasion of this nature. Jay P. Garlough, C.C., who was in charge of the ceremonies, made a few opening remarks. Prayer was offered by Charles Emmick, acting prelate. The Pythian trio sang several memorial selections. The trio was composed of Martin Dyke-

ma, Prof. Robert Evans and Leon Moody.

During the last year four members of the local Pythian chapter died. They were J. B. Mulder, Chris Nibbelink, Roy B. Champion and A. M. Galentine.

Others who have passed on since Castle lodge was founded and whose graves were decorated, are John De Young, Jacob Nibbelink, James B. Brown, William J. Berghuis, John Moore, Ray L. Booth, William Lamoraux, Fred G. Aldworth, Benjamin Bosman, Charles S. Bertsch, Dr. O. E. Yates, George P. Hummer, Harry C. Lynch, H. H. Karsten, Fred A. Goodrich, Irving H. Garvelink, L. C. Bradford, Nelson R. Stanton, E. P. Stoddard, Adam McNab, Fred Steketee, William H. Orr, F. M. Gillespie, Allen G. Wilmot, William Botsford, Francois A. Tardiff, William Swift, Melvin E. Fuller, M. A. Sooy, John Van Vyven, Clarence H. Weed, John J. Cappon.

The address by Mr. Vernon Ten Cate follows:

BROTHERS AND FRIENDS:

We are met to do honor to brothers resting here and to others whose footprints have taken them beyond the pale of our small jurisdiction.

We have lain on these resting places a garland of flowers, symbolic of the regard with which we revere their memory.

Let us stop for a moment to meditate upon the significance of our action. Is it with a sense of deep mourning that we ply our task? Is it with the thought that here is marked the finish to these

individualities? Such thoughts are hard and harsh; yet there are those that cling to such tenets and to them rites such as these produce hours of sorrow and grief.

Let our service this day take on no such aspect. We have gathered to revere not persons, not graves, but the inclusive mark of our order, friendship. Had not each of these, whom the kind earth has again taken unto her, had that God-given quality of friendship, we would not long recall him. Great though his deeds may have been, unless he has made friends, who as bards may extol his virtues, the memory of him will fade, fade as a cut flower in a withering blast.

The memory of a mortal soul is by some called immortality. Not without some reason it seems to me.

By our effect upon our family, our friends and our acquaintances, we make certain indelible impressions which are patterned and reproduced in succeeding generations. The course we take through life is not foreign to that of our forebears. It seems comparable to the course of a mighty river, flowing on unceasingly through the ages. Occasionally it leaps its bounds to damage; again to comfort and to aid. Even the most firmly established course can be changed, sometimes by gentle guiding; then again by the fury of discharged explosives. In all cases the impression of its course remains.

Our order's great aim and ultimate purpose is to urge the course of conduct of its members, preferably by gentle guidance; then again

by forceful control, to that channel which will leave a permanent beneficial effect upon the brotherhood as a whole, and upon the society that its members contain.

The friendship of Pythias has stamped itself upon succeeding eras; it cannot be erased.

Over and over will the story of that Pythagorean philosopher Damon, be told. Dionysius had pronounced the death penalty. How Pythias pledged himself even to death, as a hostage, that Damon, his beloved friend, might return home to take his final farewell of family and fireside. The dark hour of death drew nigh. Damon had not come. Pythias stood ready to pay the supreme penalty in Damon's stead. Even praying the gods for unfavorable wind; that Damon's boat might be delayed. Unselfish, boundless, glorious, such friendship! Then the final hour had vanished; the execution at hand. The picture of Damon rushing dauntlessly back, in time to save his hostage from the penalty which was only his, stamps itself upon our memory. A friendship unending. In these two Athenians we see exemplified two of the essentials of friendship; one, unselfishness; the other, loyalty. Two men not testifying to their friendship, but showing themselves friendly.

The old proverb, "A man who has friends must be friendly, and there is a friend that sticketh closer than a brother" is surely not out of place with reference to this friendship.

It has been said:

"It is friendship that can prevent

business from being caught in the ice floes and jams of selfishness and deadly strife. It is this that puts dynamics into diplomacy and statecraft, and that keeps the stream of literature, music and art fresh and in steady flow. It is history's most precious cameo and the supreme achievement of a human life."

These are days when the tests of friendship exert themselves. Without regard economic strife has caused discomfort and worry to all; erstwhile wealthy men are poor; men and factories are idle, and in some cases there is actual suffering. It is a bitter trial to formerly prosperous Americans. Yet above all the grief how beautifully burns the light of common help and sympathy. Gifts to aid the workless, community funds in many cases subscribed.

It is a time to rededicate ourselves to the fundamental requirement of our order. It is easy to be happy and cheerful when the brightness of the day lends its stimulant, but when the nighttime of despair casts its shadows 'round about us, that is the time when "we should be as radiant stars, sending forth beams of hope."

No period has ever offered greater opportunities for worthwhile service. We are settling down to a mode of life which will give more time for the benefaction of our fellows.

When we realize that we cannot live unto ourselves alone, when we realize that by being friendly we make friends, then we have found the fundamental of this order.

The story is told about Harry DeWindt, the great explorer. He was engaged in mountain exploring in the bitter cold of higher altitudes. He and his weary companions came upon an old mountain cabin. Certainly no one could live here. To their surprise they found a fireplace filled with wood and brush ready for lighting. They had comfort by the side of that fire. When it came time to leave, his men gave no regard to replenishing the fireplace. Not so with the explorer. At his order, wood was brought in and prepared for a new fire. Who was to be the user he knew not. His was not to be the gain. His was an undiluted friendship for all humanity. His course was cut to comfort and to aid. His memory lingers with us.

So with those gone on, and with us who are cutting our way through life, it is our contacts, the joy we bring, the friends we make and the service we give that determines the memory we bear.

Pericles, the ancient Greek philosopher, said more than 2,000 years ago:

"But each one, man by man, has won imperishable praise, each has gained a glorious grave. Not that sepulchre of earth wherein they lie but the living tomb of everlasting remembrance wherein their glory is enshrined; remembrance that will live on the lips and blossom in the deeds of their countrymen in the world over. For the whole earth is the sepulchre of heroes. Monuments may rise and tablets be set up for them on their own land, but on a far off shore there is an abiding memorial that no pen or chisel has traced; it is graven

on the heart of humanity."

These whom we do honor have carved their place; they live never to die on the isle of never-ending memory. Names and faces may be forgotten, but their deeds, never! And we, their friends, pattern their influence and in turn pass it on, and so it goes into perpetuity. Our ideal is to pattern the very best and to lead humanity upward and onward to the goal of a more universal sympathy and understanding.

Friendship, our creed; service, our purpose—to earn in the hearts of men an everlasting monument.

CRAFT AND CHILDREN'S CLASSES AT TAYLOR ART SCHOOL AT SAUGATUCK

The Taylor Art School of Saugatuck promises to be a lively place this summer with "something for everyone." When the passing throng of Highway U.S.31 "looks in" the last of June on this enterprising young art colony it will find many of the activities of a larger art center. In addition to outdoor painting, the main reason for a summer art school, the Taylor Art School offers in its indoor studios regular art school courses in portrait painting and sculpture; and for the layman and amateur special classes and exhibitions.

A new feature this year is the craft class for adults which will meet Monday, Wednesday, and Friday afternoons beginning June 29, the same afternoons as the children's class. Mothers wishing to accompany their children may find here an interesting and profitable way of spending the long summer afternoons. Miss Dorothy Powers who has conducted similar classes with the women of Kalamazoo will be the instructor. Miss Powers has specialized in tooled leather, decorative painting, jewelry and batik.

The announcement of the children's classes at the Taylor Art School shows last year's class of boys and girls from fifteen years old down busily drawing and painting at long tables under the trees of the school grounds. "Boys and girls who learn how to draw and model when they are young," says the circular, "find it much easier than when they get older. Those who come three afternoons a week for eight weeks to the Taylor Art School this summer have a good chance to see whether it is painting, modeling, or the crafts."

A meeting of the Senior Christian Endeavor society of Bethel Reformed church was held Sunday evening. The meeting was opened with the singing of two hymns, followed with prayers by the members. A solo, "I Think When I Read that Sweet Story" was sung by Elaine Eding, accompanied by Mrs. Ruth Eding, John Swierenga read Scripture and gave a talk on the topic "How Honest Are We as Individuals and Groups?" Following discussion by several members a Bible drill was held.

Herbert Vander Ploeg was in charge of the meeting of the Senior Christian Endeavor society at Sixth Reformed church Sunday evening. His topic was "How Honest Are We As Individuals and Groups?" Several members took part during the open meeting.

Business Man Dies Suddenly Of Heat Trouble

A. C. VAN RAALE, GRAND-SON OF HOLLAND'S FOUNDER, PASSES AWAY

Friday morning at 7:30 o'clock, Mr. Albertus C. Van Raalet, aged 72, succumbed to heart attack at his home on East Sixteenth street just beyond the limits of the city.

Mr. Van Raalet was considered to be in good health, had taken care of some business transactions the day before, and was preparing for a day's fishing with former Postmaster William O. Van Eyck. He was just about to start when the attack came.

Mr. Van Raalet was the grandson of Dr. A. C. Van Raalet, founder of Holland, who settled in this wilderness before a tree was cut, establishing the Holland colony—the Holland of today.

For many years Mr. Van Raalet was interested with his uncle, Ben Van Raalet, in the implement business then located in a brick building on River avenue and Ninth street, the site of the Wolverine garage. He later was interested in a similar enterprise on North River avenue.

Mr. Van Raalet was quite a horseman in his day and for many years owned "Turk," considered Holland's "wonder horse" forty years ago.

Mr. Van Raalet had many friends and although retired from business he gathered with the "Koffie Kletzers" nearly every morning. He still did a little farming on the outskirts of the city in order to keep occupied.

Funeral services were held Monday afternoon from the home, Rev. Thomas W. Davidson, pastor of Hope church, officiating. Interment took place in the Van Raalet plot in Pilgrim Home cemetery.

The pallbearers consisted of cousins and nephews of Mr. Van Raalet: Ben Van Raalet, D. B. K. Van Raalet, Carl Van Raalet, Van Raalet Gilmore, Arthur A. Visser and John Van der Broek.

Mr. Van Raalet is survived by his widow, two daughters, Mrs. John Dalenberg of Chicago, and Mrs. Anthony Van Westenberg of Scotia, N. Y., and a sister, Mrs. Bostian D. Keppel of this city.

Holland Judge Tempers Justice With Mercy

MILES PLACES THREE ON PROBATION — ANDREW POSTMA MUST PAY UP — FINDS NOTHING AGAINST HIS PAST.

Harvey Maatman, of Virginia Park, aged 20, arrested for violation of his probation and picked up in Chicago by one of the officers, appeared before Judge Fred T. Miles on Saturday and the judge reinstated the probation following a trial which opened up the circumstances of the case thoroughly. There were several witnesses. Maatman, who was arrested at the time of the several raids in the southern end of the county about the first of the year, was placed on another two-year probation period and must pay costs of \$35.

Joseph DeVries, aged 31, Holland, pleaded guilty to liquor law violation and was placed on probation for two years. He must also pay costs of \$45, at the rate of \$2 per month.

Andrew Postma, aged 31, Holland, was placed on probation for two years for receiving stolen goods. He must pay \$100 fine at the rate of \$15 per month and was ordered to pay \$200 to Woodhouse company of Grand Rapids for the loss of cigarettes which Postma pleaded guilty to selling.

Relative to the Postma sentence Judge Miles stated:

"I have been to much pains in your case, owing to the fact that a letter was given you by Holland's police chief. I find that your connection with the police was solicited by the police, and not by you. That you did honestly attempt to secure some information for the police. That in the attempt you purchased property which you knew was stolen, and then, threatened by the seller if you told, you became alarmed and sold part of the stolen property, hoping to get out of the whole matter that way.

"You have made two serious mistakes.

"In the first place you should never have attempted to ferret out matters for the police.

"In the next place, when you did go into it, you should have had courage enough to defy the gang, and give the information to the police.

"You have been widely advertised in this case as a 'prominent' churchman. I find this is not true. 'I have carefully investigated your life, and have found no one to speak against your past. This seems to be your first defection from the path of rectitude. It must be the last.

"In accord with the usual practice of this court, where the crime is one of weakness, fear or ignorance, and is a first offense, you are being placed on probation. However, the conditions must accord with justice.

"As near as I can learn, you and one other are responsible for loss to the owner of this property, and you must make good a reasonable share of that loss. You must understand that crime never pays, but is always a very expensive thing. You are required to make good the loss to the extent of \$200. The county has been put to expense and you are required to pay costs in the sum of \$100, and you will be required to report to the probation officer and pay the regular probation fee of \$1.00 a month for two years.

"In placing you on probation, I have considered the fact that you came in voluntarily and pleaded guilty, and acknowledged your transgression frankly. Also, you are convinced that you have had a severe lesson. If any of the conditions which are here imposed, or others which are imposed by law are violated by you, you will be sentenced to imprisonment.

"Payments of the amounts here ordered to be paid will be made by you, and not someone else at the rate of \$15 a month. We expect you to live up to the terms both to the letter, and according to the spirit, as it is up to you probationers to prove that probation is a proper method of treatment of men of your situation."

Mr. and Mrs. John Jappings and Mr. and Mrs. Henry Van Ry celebrated their thirtieth and first wedding anniversaries, respectively, last Friday, June 17. Both couples spent the day in Detroit visiting relatives.

Funeral services for Mrs. Mary Huling, 65, who died June 8 at her home in Pasadena, Cal., were held Saturday afternoon at 2 o'clock at Nibbelink-Notier funeral home. Rev. J. O. Randall, pastor of First Methodist Episcopal church, officiated. Burial took place in Pilgrim Home cemetery. 4-H CLUB TRIP TO CHICAGO JUNE 30, IS CALLED OFF

We have just received a telegram from the railroad company regarding the proposed 4-H club tour to Chicago on June 30 and it is with regret that we have to announce that the tour has been called off. Quoting from their telegram it reads as follows:

"4-H club tour called off on account of insufficient reservations. We are sorry that this had to occur, but it seems that the times were not right to warrant this expenditure of money.

AL. H. WEBBER, EDITOR CHEBOYGAN OBSERVER, HAS KNOWN THIS BIG CO. FORTY YEARS

The following clipping is taken from a recent issue of the Cheboygan Observer and as the Michigan Mutual Windstorm Insurance Company of Hastings is publishing special announcements in this paper we are pleased to pass it along to our readers.

"In another column in this paper appears a large advertisement for the Michigan Mutual Windstorm Company. This company has a lot of policy holders in our part of the state, and should have a lot more, because it is one of the strongest companies of the kind in existence and has never failed to treat its policyholders fair and square. Already it has paid out considerable sums to losers of property by wind in our section and in every instance the settlement has been fair and just. The editor of the Observer knew and dealt with the officers of this company nearly forty years ago, as he was then employed on the

Hastings Banner where most of their printing was done, and he is advising dealing with the company because of his personal knowledge of their way of doing business and the stability of the company."—Cheboygan Observer.

Ottawa County Road Body To Be Appointed

SUPERVISORS REJECTED PETITIONS TO HAVE ROAD COMMISSIONERS ELECTED

Holland Tax Valuation Reduced More Than Half Million—Ask Prosecutor to Remain in Grand Haven During Board Sessions

The board of supervisors have been in session all week for this is the June term and many important matters came up. One of the paramount issues was whether to make the Ottawa county road commissioners elective offices or to have them appointed, the system in vogue for many years.

It was decided at Wednesday's session that the commissioners would be appointed - by a vote of 19 to 8.

Substitute motions by William O. Van Eick of Holland and Peter Van Ark of Holland suggested the matter be placed before the people for determination.

The question was brought up by D. Cline of Spring Lake, who proposed adoption of the report of the good roads committee submitted to the board last April and which was tabled. He related the history of the present system, which has been in force some twelve years. Peter Bouwman of Port Sheldon led the discussion against the present method of appointment. He was supported by several supervisors from the southern end of the county, with the Holland contingent voting almost solidly against the appointive system.

The board accepted the proposed schedule of salary reductions from 5 to 20 per cent on a graduated scale for salaries from \$700 to \$2,500 and over.

John R. Dethmers, prosecutor, and Fred Den Herder, clerk in the treasurer's office, were not approached by the committee, as it was believed their salaries should not be reduced.

The other county officers at the court house consented to a reduction willingly, which under the state law would not be possible for the present but for their consent. It was a fine attitude to take on the part of the Ottawa county officials.

A plan prepared by a special committee, including William M. Connelly, Charles E. Misner and John R. Dethmers, was presented in a report to the board of supervisors Tuesday, including suggestions for refinancing highway bonds.

The plan, together with the diminishing interest requirements, will make a possible reduction of (Continued on page 2)

COTTAGE OWNERS AT MACATAWA PARK WANT MORE LIGHT

A delegation of home owners from Macatawa Park came before the state public utilities commission at Lansing Tuesday at a hearing on their effort to force the resort electric company to lengthen the season on its service.

The Macatawa Park Co. operated by Swan A. Miller, now furnishes residents with service from June 1 to Sept. 15. Residents are petitioning for service from March to November. Many home owners spend the greater part of the year at their cottages since the advent of the automobile. Twenty years ago cottages were used only after children had left school for vacation but today week ends even in the winter time at the cottage has become quite the thing.

O. S. Cross, attorney for the Macatawa Resort Company, who presented his case at the hearing before the state utilities commission, today stated the petition is confined to an attempt to obtain the extension of electrical service to a time beyond September 15 of each year. The resort company has the right to provide electricity from June 15 to September 15 under a charter granted by the state commission, it was explained. Cottage owners at the park are seeking to have the electrical service available throughout the year and to arrange a grant to this effect from the commission. Swan Miller, head of the resort company, is willing to extend the time of service when a sufficient number of consumers have been obtained to guarantee the actual expenses will be met, it was said. Resorters at the park, including persons from Washington, D. C., and Kentucky, attended the hearing. The cottage owners are represented by Lansing attorneys.

CENTRAL PARK "SAINT'S REST"

"Men of the Cloth" are migrating to Holland Resorts for the summer. For many years the main summer settlement was Central Park and the place was called by many "Saint's Rest."

This year Holland again will be the Mecca for ministers and their families from many parts of the country on their annual vacations. Many of these are Hope graduates and former Holland residents. Several families occupy cottages at Black Lake.

The number will be augmented by those from western Michigan who attend the school of theology and general Bible conference at Pine Lodge, mission fests and other sessions.

BIBLE CONFERENCE TO BE HELD AT FRUITPORT

A Bible conference will be held at Fruitport, Mich., on the Fourth of July. Rev. J. Lansing of this city will be one of the speakers. Many other good speakers and special musical numbers are on the program.

Other speakers will be William R. Newell of Florida, Rev. Harry Bultema and missionaries.

HOW HOLLAND'S VALUATION STACKS UP

On the next page of this issue will be found a complete and official tabulation of the assessed valuation of every city and township in Ottawa county. Holland has had a substantial reduction of \$661,513, and we won't cry about that. Anyway a complete compilation of the county equalization table is found by turning over the page, and is worth cutting out for future reference. The article on the proceedings of the board of supervisors also contains much of interest to this vicinity.

TAX COLLECTION STARTS TUESDAY

City Treasurer Nicholas Spriensma will begin the midyear tax collection campaign next Tuesday. The amount to be collected totals \$378,240, of which \$174,876 is for the support of the school system. The rate is \$25.99 per \$1,000 assessed valuation.

PROJECT FOR NEW BRIDGE AT DOUGLAS ABANDONED

The proposal to build a new bridge across the Kalamazoo river at Saugatuck and Douglas and re-route US31 over the hill east of the village has been abandoned by the State Highway Department. The present location of this road through the village will be maintained until the people clamor for a change. This is the assurance Mr. Fred Wade had from the state highway commissioner in an interview held last Monday. It would seem that the new road into Holland over First avenue which carried with it so much agitation is off for the present.

Some Fish Like The Cat Always Came Back Home

Like a cat that always finds its way home, a wall-eyed pike wasn't fooled when the Department of Conservation took him out of the Cheboygan River and moved him to Crooked Lake. In less than two months the pike was back after a journey through a maze of lakes and streams scattered through the northern tip of the lower peninsula.

April 11, a wall-eyed pike was taken in a trap net set in the Cheboygan River below the dam at Cheboygan. A metal tag bearing the number "14011" was placed on the fish and it was released in Crooked Lake at Ponshearing. June 4, the same fish, identified by the number on the tag reappeared in the net at Cheboygan. The fish must have swum down Crooked Lake, down Crooked River, across Lake, down Indian River, then traversed the whole length of Mullet Lake and made its way down Cheboygan River, over the dam and into the trap net again. The fish was taken back for a second time to Crooked Lake.

The Institute for Fisheries Research is conducting tagging experiments with wall-eyed pike as well as with trout.

THIRD PARTY FORMED IN ALLEGAN COUNTY

James McIntyre has filed a petition with County Clerk William G. Tisdale as a candidate for sheriff on the Independent ticket. McIntyre gave his residence as Allegan but at present he resides in Heath township.

This announcement brings news to many that a third party effort has been organized in Allegan county or is contemplated.

SAVE THE EXPENSE OF AN INQUEST—NOTHING GAINED

The coroner's jury impeached by Coroner Gilbert Vandewater several weeks ago for investigating the cause of the truck-truck collision at the intersection of M-50 and US-31, which resulted in deaths of three men and a narrow escape for two others, likely will be dismissed without further action.

Vandewater's viewpoint, that with drivers of both machines dead, nothing can be gained in an attempt to place the responsibility and will confer with Prosecuting Attorney John R. Dethmers before making his final decision.

Swan Miller, head of the resort company, is willing to extend the time of service when a sufficient number of consumers have been obtained to guarantee the actual expenses will be met, it was said.

Resorters at the park, including persons from Washington, D. C., and Kentucky, attended the hearing. The cottage owners are represented by Lansing attorneys.

JUDGE HOFFMAN

Nicholas Hoffman, Jr., will take the office of justice of the peace next Monday, succeeding Cornelius DeKeyser who failed of re-election against Hoffman at the April election. Cornelius DeKeyser held the office four years. It will be Judge Hoffman on Independence Day a double reason for the young jurist to celebrate.

Former Holland Man Receives Signal Honors

STARTED HIS CAREER WITH THE BELL TELEPHONE CO. IN HOLLAND IN '95

Arthur E. Huntley, formerly of Holland, now of Saginaw, Central division commercial superintendent of the Michigan Bell Telephone company, has been elected president of Wolverine Chapter, No. 10, Telephone Pioneers of America, by the Chapter's 600 members scattered throughout the state. Mr. Huntley has been in telephone service since 1895 and is widely known throughout Michigan. He will assume office July 1. The voting was by mail and announcement of the result was made by Frank L. Curtis, secretary, in Detroit yesterday.

Mr. Huntley, who succeeds Eli L. Dietrich of Detroit, division construction superintendent, as president, became a telephone inspector at Grand Rapids in 1895, advanced to manager at Holland in 1896, manager at Muskegon in 1900, district manager at Ludington in 1905, district manager at Benton Harbor in 1911, went to Petoskey in the same position in 1915 and to Saginaw in that capacity in 1919. He was named district commercial superintendent in Saginaw district in 1919, and Central division commercial superintendent in 1920. He is president of the Saginaw Rotary club.

In reality Mr. Huntley started his telephone career in Holland before he went to Grand Rapids. He started from the bottom of the ladder—or rather let us say the bottom of the pole up. Art has gone through every phase of the business from digging holes for telephone poles to stretching wire, going out on trouble calls on stormy nights, etc. He has been at the switch board and has also installed them. Mr. Huntley is considered one of the best informed telephone men in Michigan and, by the way, he was a school mate and "side kick" of your editor and that should help a little.

SQUIRRELS NICE BUT EAT PARK FLOWERS

The fox squirrels that make their homes in the Allegan Park and city cemetery are pretty creatures and afford not a little pleasure to visitors; but there are conditions to the contrary. They are overfond of geraniums of which the cemetery always has many. They eat the blossoms, leaves, and even the stems, in some cases ruining the plants completely. Sexton Shaum keeps watch over them so that the aggregate damage is not seriously great.

CANDIDATE FOR BOARD OF EDUCATION WITHDRAWS

Prof. Egbert Winter, head of the department of education at Hope college since 1919, announced Wednesday the withdrawal of his name as candidate for membership on the board of education at the July election. Six candidates are left in the field. The candidates who qualified will be found in the official notice on page 2, section 2.

WORK ON ROAD LEADING TO MACATAWA PARK

The work on the road leading to Macatawa Park near the harbor has been discontinued. Highway Commissioner George Souter in examining the records of the township discovered that there was no road ever laid but according to law or otherwise, beyond where Black Lake road strikes the county line between Ottawa and Allegan counties and consequently having no jurisdiction, stopped work. The property, it is claimed, belongs to the Park Association and they will have to provide the road. Note: That stretch of road later was the bone of contention in many a court proceeding and it is still not settled. When the life saving station was built later the government demanded that access be given to the station for the men and for supplies. It also brought bad blood between local merchants and the Park Association for the association had privileges to sell to park grocers and Holland merchants were entering the ground over the supposed government road to the coast guard station. Anyway for a time the Holland merchants were stopped from entering the Park Association grounds without a permit. For the last ten years there has been no argument about the road and undoubtedly the coast guard family can buy where they please and have it delivered if that is required. The difference was not so much in supplying the life savers with food, but often a local grocery would go beyond that boundary and deliver through the park and then there was fire works. Anyway the park association was simply protecting their interests in an enterprise they had created.

FRUIT FOR THE NEEDY

The Karsten post, American Legion, relief committee of Zeeland, has made arrangements to have a number of fruit growers in this section who were not planning to harvest their crops this season on account of low prices donate the fruit to the unemployed. The committee obtained several orchards from which the needy were allowed to pick cherries free of charge. Since sugar was needed to can the fruit, the legion staged a campaign for sugar. Response to the request proved even better than expected.

The canned fruit will help the unemployed next winter. The legion is seeking other fruits to be harvested later in the season.

BRADSTREET MAN SEES BUSINESS IMPROVING

E. B. Moran, New York, executive sales manager for the Bradstreet Co., was the week-end guest of Mr. and Mrs. John Moran of Grand Rapids. At one time he was a resident of this city. Last week he attended the convention of the National Association of Credit Men in Detroit. According to Mr. Moran reports to Bradstreet's on trade conditions recently indicated a pick-up in business and here and there a larger volume than a year ago.—Grand Rapids Press.

Holland's Twin Steamers

The South American, sister ship to the North American, left her docks at Montello Park on her way to fill out the summer sailing schedule between Chicago and Buffalo over the chain of lakes.

The beautiful steamer looks like a white swan on the water and many Holland folks along the lake availed themselves of the opportunity of seeing the steamer make her first trip out from this port this season.

Several hundred residents also crowded the docks to watch the white steamer leave. Many were shown over the boat earlier in the evening in observance of the annual "open house" policy. A. C. Anderson is captain of the vessel.

The North American will leave for the summer on Tuesday.

The boats recently were taken to dry docks at Manitowoc, Wis., for inspection.

TAX ON LOCAL TELEPHONE CALLS NOT BAD

Comparatively few telephone calls are subject to the new federal revenue tax, and there is no tax whatever on toll and long distance messages that cost less than 50 cents each, or on local telephone calls according to C. E. Ripley, manager in this area for the Michigan Bell Telephone company.

Manager C. E. Ripley states that the Holland telephone office has had numbers of inquiries in that regard, indicating that many persons do not understand clearly all the provisions of the new revenue act that was passed by congress and signed by President Hoover June 21. The act became effective June 21.

The great volume of long distance telephone calls from Holland, he says, is to Grand Rapids and other nearby points, the charges on the messages being so low that they are not affected by the act.

George Morgan of Douglas has built an artificial ice plant for the resorts there. Winterless winters coming quite regularly now started the idea.

HAMILTON'S \$10,000 EGG EXCHANGE IS COMPLETED

Plans by the Hamilton Farm Bureau that had its inception early in March authorizing the building of a \$10,000 structure to be used as an egg exchange, have been completed. The news at that time gave a full description of the building program.

This Friday afternoon and evening there is to be a reception in the new building and a suitable program at night. The building has been erected on the site of the old Pere Marquette depot and commodious quarters in the new building for passengers and freight have been provided for. The building, constructed of brick, is three stories high and approximately 40 by 80 feet, and contains one of the best refrigerating systems of the present day.

Hamilton, during the past year, has done its full share in its building program. The large community hall has become a fact, the Ashley establishment, built after the fire, was one of the structures put up, and the egg exchange by the farm bureau is the crowning building feature covering a year's period.

Fennville Tax Is Low—No Houses Can Be Rented

WILL DO STREET PAVING THIS YEAR—THAT'S GOING SOME

The following interesting article appears in the Allegan county papers and speaks well for our neighbor to the south, at least the village has no cause to worry much. Here is the item:

"While other neighboring towns are complaining of the depression, Fennville is pressing ahead in making public improvements and at the same time reducing taxation. At a special meeting of the council Tuesday evening a resolution was adopted, to legalize the paving of the side and cross streets in the village with tarmac. The paving will be fourteen feet wide unless property owners desire to bear the expense of a wider pavement, which our factories will not doubt do. The estimated cost is less than \$2,000 and owners of abutting property are to pay forty per cent, being given time in which to meet payments. The village is in good order, having a balance on hand of \$9,000, and a tax rate this year of but five mills. Our village debt is being reduced with consequent saving in interest and an economical council is trying hard to keep down expenses. We have been spending \$340 each year on calcium chloride for the unpaved streets and that was insufficient, so that in five years we will have saved the cost of this paving. With boulevard lights through the business section and all streets lighted, Fennville claims to be the best lighted town of its size in the state. No wonder that a vacant house or store is a rarity in this thriving village."

PORT SHELTON TO OPEN ITS COMMUNITY HALL WITH PLAY AND DANCE

It is not known to many that through the good offices of Bert Gebben of Holland at community hall has been built at Port Sheldon with a seating capacity of about 350. This hall has a suitable stage, musical instruments and all the necessary attributes found in a place of that kind.

The hall is to be dedicated Saturday night and the Port Sheldon folks are putting on a home talent play entitled "Hannah's Hen-Pecked Vote." It is a real farce comedy in which a cast of fifteen make up the character role. They say the play is a scream and mixed in it is a regular lawsuit with judge, jury, lawyers and everything.

After the play Saturday night the floor will be cleared and a dance will be in progress when Knoll's orchestra of Grand Rapids will furnish the music.

The public is invited and it will be an interesting trip to this resort of many legends and natural beauty, which is becoming more popular every year.

Old Time Excursion On July 3 and 4

The Goodrich Transit Co. of Holland is planning an old fashioned Lake Excursion on July 3 and 4, on Independence Day, July 4. One of their large steamers will be at the disposal of the citizens of Holland and vicinity.

The steamer "City of Holland" will leave Holland dock Sunday at 1:45 p.m., returning at 5:00 p.m. for a pleasurable, quiet ride on Lake Michigan.

On Monday there is to be a dance on board and Van Duren's popular orchestra from "Castle Park" is to furnish the music. Orchestra music begins one-half hour before sailing time... working overtime on return... Spend the day in a different way... Enjoy the scenic beauty of Holland from the spacious decks of this large steamer... Old and young alike get real enjoyment from these delightful three hour cruises... Something for the entire family.

No celebrations in Western Michigan in the larger cities over July 4th. We will not enjoy one of these popular lake excursions! The excursion price is 50 cents for adults and 25 cents for children.

The same boat Monday, July 4th, leaves Holland docks at 3:00 p.m., returning at 6:00 p.m.

No. 9 is the third to be dropped from 12 routes formerly covered by the Holland postoffice.

GRAND HAVEN MAYOR GETS LETTER ASKING ABOUT FORMER CITIZEN

Mayor Ver Duin received a foreign letter yesterday addressed "Lord Mayor of Grand Haven." The letter came from Dresden asking for the whereabouts of Miss Clara Roland and enclosed as the letter said, "information" regarding her for postage. Miss Roland lived here some 25 years ago. Her mother, the late Mrs. Vandenberg, was well known here also.

Mayor Ver Duin will endeavor to get information concerning the lady and send it on to Germany.

SHOCKING!

According to state regulations, straps on men's bathing suits will have to be over the shoulders, if they wish to remain on the beach at Ottawa Beach this season. The style of baring the body down to the waist does not appeal to the state authorities and the official in charge here has had orders to warn the men when they try it. It is reported that several have received two warnings with the admonition that the third time they will be removed permanently from the bathing beach.

A group of young folks last evening held a "weenie" roast at Rosabelle Beach and a program of aquatic sports and picnic games were featured. It was a most enjoyable night and those present were the Misses Alice Bronkhorst, Dorothy Heeringa, Thelma Vanden Brink, Henrietta Van Lier, Audrey Gezik of Holland; Miss Marie Kersco of Zeeland, Miss Julia Wiersma of Castle Park, Miss Marguerite Wiersma of Grand Rapids; also Messrs Joe Drost, Lester Yocum, John Terpstra, Bill Dreyer, Glimora Mow, Lloyd Molengraaf, Milo Nelson and Frederick Norlin.

GETS SEA SICK—LOSES TEETH

Sea sickness is a most uncomfortable disturbance and Fennville has one man who can get up a real case when sitting on the pier while fishing for Lake Michigan perch. In fact the other day he was in such a hurry to relieve his burdened stomach that he sent his "store teeth" on a lake trip. Now George is advertising for the missing molars and in the meanwhile is living on soups.

AMERICA'S DEBT TOPIC

The pie-eaters have defeated the spinach-eaters in the battle of the Detroit Board of Education to decide what the school children shall be given for luncheon. A grand old American institution has thus been saved.

Spinach is an estimable vegetable—but America was not built up on spinach. This country was founded on pie. George Washington and Thomas Jefferson, Alexander Hamilton, Andrew Jackson, Abraham Lincoln and Theodore Roosevelt were brought up on pie. American poets have been inspired by it, American philosophers have extolled it, American battles have been won on it, American children still cry for it.

Among the humble pie's contributions to the upbuilding of the nation has been its elimination of the gastronomically unfit in order that the strong might survive. Think of what might have happened at Gettysburg if the North had been fed on spinach! The refinement of our national diet to the exclusion of that grand old culinary institution, which has been in the process of perfection ever since the Fourteenth Century, would be a blow below the belt of American stamina.

Ottawa County Road Body To Be Appointed

(Continued from Page 1)

\$47,535 in the county-at-large tax budget, which together with the suggested reduction of \$50,000 in the road budget and some other reductions in county expense will mean a total tax cut of at least \$100,000 or 30 per cent of the cost of county government last year, the report says.

The committee was sent to a conference in new highway finance held in Detroit recently to discuss the act of the special session of the legislature of 1932 to provide for a return of all the motor vehicle weight tax to the counties. This will mean approximately \$115,000 additional revenue for Ottawa county and must be used for highway debt obligations. Covert act bond being given priority. A series of conferences over the terms of these new laws resulted in the conclusion that each county would have to work out its own policy, as no uniform plan could be arrived at to apply to all counties, since the respective problems vary so. Any plan the report says, must be consistent with sound municipal financing.

The committee estimates that at least \$60,000 will be available in April, 1933, under the new laws. It recommends that the Covert interest be spread on the tax rolls as usual and the additional amount required for principal be loaned from the general fund until June, when the receipts from the weight tax will make up the deficiency.

The sinking fund has to its credit at this time \$112,000, the 1933 commitment from the sinking fund is \$38,000, which is due in May or thirty days after the first receipts from the weight tax. This clears the way until 1934, when the weight tax will take care of the entire Covert obligation and each year thereafter with an increasing margin to apply on the general highway bonds. It had been generally understood at the appropriation session last October that the general highway bonds, listed in table two below would be refunded in 1934 and payments amortized over a long period. The committee recommends the refunding of the remaining \$360,000 over a period of six years issuing serial bonds maturing 1936 and each year thereafter.

Table Three Bonds
The following tables list the Covert and general highway bonds with the principal, interest and dates of maturing:

TABLE NO. 1
Covert Bonds
Principal—1933, \$87,890; 1934, \$87,890; 1935, \$87,890; 1936, \$50,000; 1937, \$50,000; 1938, \$41,000; 1939, \$17,000.

Interest—1933, \$21,158; 1934, \$16,990; 1935, \$12,586; 1936, \$7,830; 1937, \$4,330; 1938, \$2,825; 1939, \$850.

TABLE NO. 2
General Highway Bonds
Principal—\$35,000, \$238,000, \$122,000.
Interest—\$18,000 \$15,000, \$3,900.
The "soldiers' relief committee presented a report showing a balance of \$138.14 in the fund after the payment of an overdraft of \$1,692.64 and expenses of \$669.22. The board appropriated \$2,500 in the April session to pay up the overdraft and the committee was warned not to make any more debts. The committee asked for an appropriation of \$1,500 for relief work until the October session. The matter was sent to the finance committee.

The equalization table for 1932, as prepared by the committee on equalization, was presented to the board of supervisors and was laid on the table for the customary 24 hours. According to the consensus of opinion on the board, it will probably be adopted in its entirety. A cut of over \$4,000,000 over the 1931 assessment has been made in real and personal property.

The amount deducted from the real estate assessment rolls of the various townships and cities was \$2,378,059 with no change made in the personal. The real estate as assessed totaled \$46,136,101; the real estate as equalized is \$42,758,042. The personal property as equalized is \$4,884,394.

The largest drop was made in Holland City with \$661,513, for which Holland City is deeply thankful, closely followed by Grand Haven city with \$613,292. Polkton was the township to receive the largest slice with \$238,073. Spring Lake township was cut \$195,975; Grand Haven township, \$37,037; Robinson, \$24,113, and Crockery township, \$24,644.

The equalization assessments last year totaled \$47,222,761; the personal property was \$8,661,559, totaling \$55,884,320. The total for 1932 is \$49,642,436. The clerk read the table following which there was no discussion and it was placed on the table for the required time.

A special order of business on Thursday morning was the discussion relative to the continuance or abolishment of the soldiers' relief commission. Peter Danstra, supervisor, (Continued in next column)

LIGHTS BLINK ON HILLS AT MIDNIGHT: GHOSTS ABSOLVED

Old Ghost stories, tales of bootleggers, and reports of tampering with Grand Haven's water supply tanks on Five Mile hill were resurrected Friday and Saturday when a small light was seen blinking on the summit until after midnight each night.

Residents out near Rosy Mound, three miles away, reported the same thing. No explanation had been given and as both hills are rather high, no one cared to investigate.

Saturday night there was a report the water tanks on Five Mile hill were leaking. Water department employees investigated about 9 p. m., but found the water running to be merely overflow and not coming from loose rivets as first supposed.

The light on the hill was burning about 11 o'clock Sunday, residents reported to police. Investigation showed the light to have been placed by the United States coastal geodetic survey for the purpose of taking ranges and bearings. The light on Rosy Mound was placed for the same purpose. Capt. Abram J. Wessel, of the United States coast guard, assistant commander of the tenth district, said he had heard a permanent station was to be located on Five Mile hill.

ROAD BEYOND SAUGATUCK IS NOT SO PASSABLE

A. R. Morris, superintendent of state highways in Allegan county, has a force of men at work placing 750 yards of gravel on the shoulders of the pavement from Glenn to South Haven on US31. If motorists desire they can leave the pavement and drive with safety on the gravel on the stretch, a distance of seven miles.

MICHIGAN NOT THE ONLY APPLE COUNTRY

Word from Wenatchee, Washington, tells of the plan of Washington apple growers not to pack any C grade apples nor any apples smaller than 198 to the box the coming season. This means that, on the basis of last season's crop, the shipments from Washington will be cut from 36,000 to 24,000 cars. The C grade of apples is lacking in color and permits of some imperfections such as are allowed in Michigan's commercial grade. C grade apples seldom have paid freight charges and their elimination should strengthen the market for the higher grades. Washington has a reputation for producing apples that are packed in Michigan. It is quite an apple-producing state, but in 1930 Washington 45,000 cars of boxed apples, and these all come from three valleys of the Wenatchee, Okanogan, and Yakima rivers.

SLAUGHTER OF BASS AT MUSKEGON DAM

Concentration of small mouth bass and wall-eyed pike below the Hardy dam, operated by the Consumers Power Company on the Muskegon river, and the resulting "slaughter" has caused the department to close an area just below the dam to all fishing.

For a period of five years all fishing will be forbidden for a distance of 500 feet below the dam and the limits will be marked with signs. The dam is located in Big Prairie township, Newaygo county.

OTTAWA MAN CHOSEN HEAD OF STATE GROUP

Grand Haven was chosen for the 1933 meeting of the Michigan Association of Register of Deeds at the close of the Eighteenth convention at Flint Saturday. Frank Bottje was elected president of the Michigan association. George Reed, Grand Rapids, was named vice president, and Don R. Pears, Detroit, was elected secretary.

JUST LOOK IT THIS STATE IS TO CUT SALARIES

The department of state has worked out a plan of staggered, part-time employment that will affect about 125 employees. On June 15, practically all typists and clerks employed by the department will start to work on a part-time basis.

This plan will allow the department to retain 28 employees who would otherwise have been dropped. It also works to the advantage of the department because the employees of any division can immediately be returned to a full-time basis, whenever there is an unusual rush of work.

ported by D. M. Cline, moved to grand the request of the commission \$1,500 for relief work up until October. This was later withdrawn in favor of a recommendation by the finance committee, to which it was referred and a general discussion.

Simon Kleyn, one of the poor commissioners, was requested to be present at the Thursday morning session that the subject of getting in touch with him more conveniently than is possible now be discussed.

NEW BOAT TO RUN AT GRAND HAVEN

The Wisconsin-Michigan line will put on a new boat for the summer business beginning July 1. The Missouri has been the only boat on the run for several years, leaving Grand Haven each day at midnight. The new boat is expected to be the Illinois and will probably mean a boat leaving here at noon and at midnight.

Rate schedules have been lowered to compete with the Pere Marquette line which is running between Muskegon and Milwaukee. The line has been a popular one for tourists from the northwest to the east and efforts are being made, with the reduction in carrying charges, to greatly stimulate this business.

The extra service is an added stimulus to resort business in this section, affording fine transportation service across the lake with two daily services, one to Chicago and one to Milwaukee.

LOST AUTO PLATES COST \$1.00 EACH

About 8,000 motorist will lose a truck or automobile license plate during 1933, it is estimated from a department of state records. Duplicate plates are furnished by the department for \$1.00 per plate. From Jan. 1 to June 15, records disclose that 2,328 duplicate plates were issued to replace those lost. Experience in past years has shown that about three times as many plates are lost during the last half of the year as during the first six months.

MONA LAKE REFUSED "PIKE LAKE" SANCTION

A petition signed by a number of residents of Muskegon Heights that the designation of Mona Lake on U.S. 31 just south of the city, be changed from a "bass lake" to a "pike lake" was rejected by the Conservation Commission at its June meeting. A change in designation would mean that the lake would be open to fishing May 1 instead of June 25.

The commission rejected the application principally on the grounds that the digest listing designations have already been distributed and that it is too late in the season to cause any material difference.

CATCHES TAIL HANGER FROM THE SOUTH LAND

Willie Whitebeck of Fennville captured an opossum near the Indiana line one day last week and it attracted much attention. It is a female and its pouch was filled with numerous tiny young. This queer mar-supial bears from six to sixteen young at a birth and carries them in a pouch until they are able to care for themselves. Opossums in the north of late are considered quite a delicacy in the south where they originated. The opossum sleeps hanging to a limb of a tree by its tail. When attacked by hunters they play dead and therefor the saying, "play possum."

FIVE-YEAR-OLD GIRL IS RESCUED FROM GRAND HAVEN BAYOU

Little Kathleen McCarthy, five years old, narrowly missed drowning in Potawatamie bayou, near Grand Haven, on Sunday when she got into the water beyond her depth. She was rescued by Jack Wolfe, one of the staff at Camp Sheboygan. She was semi-conscious when the young man brought her in.

COAST GUARD MEN ARE INSTRUCTED IN SHOOTING

Grand Haven Tribune—The crew of the local Coast Guard station was given the first instruction in handling firearms at the rifle range north of Ferrysburg today by Surfman Chapman of the Ludington station, who has been assigned to the several stations in the tenth district for instruction in arms.

Capt. Victor Colson, commander of the local military company, was offered to co-operate in any way possible and will assist in the training if he is called upon. Rifles and ammunition were issued to the stations some time ago as use of firearms is one of the new orders issued as regular duties.

GRAND HAVEN FINDS THAT HATTON HOSPITAL RUNS BEHIND IN MAY

Hatton hospital submitted a favorable report for the month of May. Operating loss to date this year is \$1,892.38 compared with \$3,291.70 for 1931.

The May report shows an income of \$1,220.85 and expenses of \$1,402.60, a loss of \$181.75. The same month in 1931 showed income of \$749.50 and expenses of \$1,807.77 with total operating loss of \$1,058.27. Expenses were cut more than \$400 this year despite double use of facilities.

During the past month with 60.9 per cent of the facilities in use, the operating cost a day was \$45.25 compared with \$50.03 a day last year with only 30.9 per cent of facilities in use.

WOULD-BE VOTERS URGED TO REGISTER AT GRAND HAVEN CITY HALL

Grand Haven Tribune—Many individuals are going to lose their votes in Michigan this fall on account of the strict ruling regarding citizenship. Heretofore there were many in the state who have been voting on first citizenship papers. According to the new registration one must be a full-fledged citizen.

One example came to the attention of the city clerk here from a man 76 years old who has voted practically all his life on first papers. He was told that he could not continue. Many older voters have considered themselves too old to study for second papers and as long as they were voting saw no reason for continuing their citizenship requirements.

To date there have been 500 registrations or about one-sixth of the total eligible vote. Half of the time remains in which to register. There have been only a few women thus far, according to the city clerk.

A 15-pound pickerel was caught by Wesley Dexterhouse of Grand Haven on Grand River after a struggle of about three-quarters of an hour, the angler reported. Tiring the big fish so he was able to bring him near the boat, a blow on the head deadened the pickerel so that he was submissive to being landed without difficulty.

It was later remodeled into a hotel and by recent improvements has proved an attractive place. Its hospitality is enjoyed by patrons far and near.

County Clerk Tisdale has a fine property near Douglas fronting the inner lake which he has this summer improving to great extent. He is raising the shore line some feet. Using a big tractor he piled on the shore 1,000 yards of earth to be graded back from the water. He has placed a cement retaining wall along 200 feet of the shore and has planted several hundred trees and shrubs, torn down some old bathhouses, and is building a bungalow. Labor cost the past sixteen months has been \$1,400.

What might have proved to be

a serious accident was averted by the presence of mind and skill of Miss Fay Teninga Tuesday evening. HAMILTON

Approximately 200 men gathered at the farm bureau garage last week, Thursday evening, for the annual business meeting. John Elzinga, bookkeeper, gave the report, which showed that the gross sales were about \$390,000, gross profits more than \$39,000, and net profits of \$17,236. Gross sales were less than last year, which is explained by lower prices. Although a greater amount of business was carried on it was on a smaller margin. This is indeed good news in times such as we are experiencing. It makes us all feel different for some reason to hear a report of this kind. A great deal of the credit, of course, goes to the board of directors, the manager, Andrew Lohman, and his helpers. But the organization also has shown what can be done when there is a spirit of cooperation and willingness to work with business. A few humorous readings in the Dutch language were given by Heinie. Harry Polt recited several original poems which were enjoyed so much that he was compelled to repeat several times. Donald Lohman also told the crowd about the busy life of a farmer. After the business session all enjoyed an ice cream treat.

The organization has recently built a beautiful and up-to-date egg exchange. This building will be formally opened this week, Friday. A program will be given in the evening to which the community is invited and which will be attended by prominent men from the state college of Lansing and from the national and state farm organizations. A large crowd will no doubt be on hand and a big day is coming for Hamilton and vicinity.

The Merchants were defeated in a listless game at Drenthe last week, Wednesday, by the score of 8 to 2. The youngsters are giving as an alibi that they could not find the ball in the grass. The Independents defeated the Holland Puruls on the local diamond on Monday in a one-sided game. The score was 14 to 4. Lugten on the mound for the locals fanned 7 and allowed 6 hits, while his opponents were pounded for 16 solid hits several of which were for extra bases. Duff Daneremond, Bud Ten Brink, Roy Ashley, John Brink and Merion Dargemond led at the bat. However, the whole team made life miserable for the visitors. The locals showed a generous spirit during the last three innings by allowing six of the Hollanders to reach first base by dropping the oval.

Two games will be played here on the Fourth in the morning. The Merchants will play East Holland at 8 o'clock. These two teams are evenly matched, although the local youngsters have the edge in the two games played this season, having won one and tied the other. This junior team has played 9 games and lost 2. They play a smart and fast game for cubs. At 10 a. m. the Independents will meet Hamilton's favorite rivals, the Holland Boosters. In the first game this season the Holland squad trimmed the locals, but that does not mean that they will do it again next Monday. The Spoel-

stra, Slighter, Japenga and Norlin combination may look for a hard day.

No admission will be charged but a collection will be taken during the games. Come early and see two exciting games. First game starts at 8 o'clock sharp and if we do not want to miss anything we will have to be in the stands on time.

BRAVEST BIRD IS A KINGBIRD

The small bluish gray and white bird of the flycatcher family known as the kingbird is considered by some the most courageous of all birds. They are a hot weather bird and have just arrived in this vicinity.

It is willing to attack and able to put to rout birds much larger than itself.

Frequently one of these little warriors may be seen driving a crow away from the vicinity of its nest by darting down upon its back every hundred feet or so to administer a painful peck.

The kingbird is a valuable aid to the farmer because of the large number of flies and other insects it consumes.

FOUR HOME RUNS IS A RECORD OF YEARS

Lou Gehrig performed a feat that is unequaled in "modern" major league history, that of hitting four home runs in one game, to carry the Yankees into a series of record breaking slugging stunts Friday as they pounded out a 20 to 13 victory over the Athletics.

Not since 1896, when Ed Delahanty of the Phillies turned the trick, had a player hit four homers in a game, and the only one who ever hit four in a row was Robert Lowe of the Boston Nationals, who did it in 1894.

THE ZEELAND C. OF C. PLANS FOR AUGUST FIELD DAY

The Zeeland Chamber of Commerce, organized several months ago is arranging plans for one of the first functions which it will undertake since its organization with a field day, scheduled to be held about the middle of August.

According to the plans so far arranged by the committee, this year's meet will resemble those of previous years to a large extent, especially with regard to the program of contests. Merchants will be solicited during the early part of next week as to the merchandise prizes which are usually offered for the winners in these contests. Owing to the fact that Zeeland has no special annual affair such as Fourth of July celebration or other like event, this field day has usually been the subject of much interest among its members.

Heading the committee as its chairman is George Caball. The other members are Geo. Meengs, Gil Van Hoven, Ross Vander Wall, Jack Lamberts, and Wm. Vande Water. The first meeting was held at the city hall, Tuesday afternoon.

ACCIDENT AT SINKHOLE LAST SUNDAY

In an automobile accident near the Vriesland sinkhole on M21 late Sunday afternoon, Mrs. H. B. Lemmen of Grand Rapids suffered an arm fracture and body bruises. Mr. Lemmen was bruised.

The car Mr. Lemmen was driving was forced into the ditch by a passing motorist. His wife was treated at the local hospital and returned to Grand Rapids.

Efforts to locate a small dog which was thrown from the car when it went into the ditch were unsuccessful up to the time Mr. and Mrs. Lemmen left for their home.

HOLLAND FIRM WINS IN 'CELERY PLANTERS' CASE

The Holland law firm of Diekenma Cross and Ten Cate has received information that the Holland Celery Planters Co. has won in a case decided by the U. S. board of appeals in patent cases. Their client, it appears, has won in their long battle embracing certain patent rights as this relates to a certain part of a celery planter.

The case covered an appeal by George Schutmaat of the Hamilton Manufacturing Co. on a decision awarded the Holland concern by the United States patent examiner. The board of appeals affirmed the decision and awarded priority to Louis Poll.

The findings of the board covers many pages of typewritten copy, most of which is "Greek" to the layman or men not of an inventive turn of mind.

Anyway it has to do with certain grippers on the planter in the Poll invention.

One who knows about these grippers states that these are the finger in the machine that holds the plant upright while said plant is being placed in the soil, all of which is done by intricate machinery. The U. S. board refers often to elastic and non-elastic grippers, whatever these may be.

These differences about celery planter inventions have been in court and before the U. S. patent board for some months, and this point has been decided in favor of the Holland concern, which is doing a good business, it is said. The Holland Celery Planter Co. is owned and operated by Louis, Henry and Benjamin Poll.

ZEELAND GIVES SUGAR TO HELP THE NEEDY

The City Welfare committee has received several promises of donations of fruit for Zeeland unemployed, if they will do their own picking.

With the knowledge that these donations are available, the American Legion Welfare committee has taken upon itself the task of obtaining gifts of sugar so that those on the city welfare list may preserve these fruits for their use the coming winter.

Large wooden barrels will be placed at the entrance of all the grocery stores to receive your donations of sugar. Can you give two, five, ten, twenty-five or even one hundred pounds? All donations, whatever the size, will be greatly appreciated. Just drop them in the barrel.

FOUND GUILTY OF GUN THEFT

William Falkowski of Grand Rapids, who was arrested here last Tuesday by Chief of Police Ed Ryenga for theft of a rifle belonging to John Shirer of Glen Ellen, Ill., was found guilty of the theft in Justice Jarrett N. Clark's court Friday afternoon.

Falkowski had found the gun in the wreckage of Shirer's automobile the previous Saturday and was traced through his automobile license number which was reported to the local officers. He was arrested upon complaint of State Trooper Barry of Grand Haven and arraigned before Justice J. N. Clark, pleading not guilty to the charge of larceny. Bound over for trial Friday, Falkowski appeared and was found guilty of the charge.

He was assessed court costs of \$8.85 with fifteen days to pay and if payment is not made within the fifteen days he will be sentenced to serve thirty days at the county jail.
