Convention Of Exchangeites Opens Sunday

THE LOCAL COMMITTEE HAS
MADE EXTRAORDINARY
PREPARATIONS FOR
SEVERAL HUNDRED
GUESTS

The Michigan affiliated Exchange clubs are to meet in Holland beginning Sunday morning and will remain until early Tuesday morning. The committees in charge have made unusual preparations.

Sunday in reality will be a day of rest and religious service. There is no set program except on Sunday evening when the delegates, will hear Dr. John E. Kuizenga of Princeton university. This address will be given at Hope Memorial chapel and will be preceded by a musical service on the large Skinner pipe organ with Prof. Curtis Snow in charge. Other musical numbers of religious nature will constitute a part of the program in this beautiful chapel.

These religious exercises, while given in behalf of the Exchange delegates, are open to the public, in fact the public is cordially invited to participate. These are Holland's guests and Holland citizens, regardless of denomination, should show their interest through their presence.

The real big program starts on Monday with registration at Warm Friend Tavern. There will be several business meetings in the morning, dinner at the Tavern at noon, a drive about the city, to Lakewood Farm and the Holland Country club in the afternoon. Carter Brown of the Castle is to serve a real barbecue at 6 o'clock.

It is expected that fifty-seven clubs in Michigan will have representation here and many will bring their wives.

In a large circular picturing Holland resorts as well as Holland, the guests who are coming have an opportunity to see what this city and its environs are like and judging from the responses the delegates have become intensely interested and large numbers will be here.

The official program follows:

**WIFE OF LATE MINISTER
RECEIVES DECREE**

Mrs. G. J. Diekema, who has just received her master of arts degree at Michigan, has been attending announcement exercises at Hope college. She was the wife of the late minister to The Netherlands.

**FORMER HOPE FACULTY
MEMBER CIRCLES EARTH**

Mr. and Mrs. Oscar C. Cress of Grand Rapids have returned after an absence of several months and plan to spend the summer in western Michigan.

They were in Miami and Palm Beach for two months during the winter, spent three weeks in Havana and visited in South America, Central America, the Canal Zone and Mexico while cruising on the Santa Paula, a Graceline steamer. They landed at San Francisco and after a six weeks' stay in Los Angeles and Hollywood motored to Minneapolis where they were the guests of Mrs. Cress' parents, Mr. and Mrs. William A. Aldrich, former residents of Grand Rapids.

Just before returning to Michigan they visited a Century of Progress Exposition in Chicago. Mr. Cress was formerly on the faculty of the Hope college school of music.

**FORMER HEAD OF
MACATAWA PARK
COMES TO HOLLAND**

Mr. and Mrs. F. K. Colby and son, Harry, have just arrived from Claremont, California, to spend some time with Mr. and Mrs. Austin Harrington of Washington boulevard. The Colby family moved over a distance of 2,600 miles. They visited the Boulder Dam and other places of interest on the way and upon their return will take in the Century of Progress Exposition at Chicago.

For many years Mr. Colby was at the head of the Macatawa Park Resort association. This was in the time of pleasure steamers, ferry boats and interurban cars.

EDITORIAL

REORGANIZATION OR LIQUIDATION

Since February one Holland has been beset by bank difficulties aggravated largely through the bank holiday declared at that time. Holland is not the only city in Michigan where this condition exists. Bank defections are all around us. Today it is not a matter of how it happened but how best to remedy it quickly with the least possible hardship.

A few weeks ago one of the local banks held a depositors' meeting when the unanimous opinion was to give the institution a vote of confidence, which naturally must mean reorganization and not liquidation. This vote was taken following an investigation by a committee of five well-known men and women.

At the council meeting last evening, after a committee going to Lansing had conferred with the banking authorities as to what the status of the city impounded welfare fund really was, it was agreed upon by the state banking department, the two banking institutions in question and two attorneys, that a friendly suit be started in circuit court to ascertain whether city welfare funds have preference over other deposits and can be released.

This court matter has nothing to do with this editorial. It is what City Attorney Lokker and Attorney Arthur Van Duren said to the Common Council that is of tremendous importance. Both hold the opinion that this friendly suit should not interfere with the reorganization of the banks in question; that this suit should not go that far; that Holland wished to see smoking factory stacks and men going to work again and that a liquidation instead of a reorganization of our two local banks would set Holland back at least ten years.

This morning your editor conferred with a substantial citizen of Ottawa county who has had much to do with the inside workings of banks and banking although not connected with any of them. When asked what would be the best for Holland, liquidation or reorganization, he said: "Reorganization by all means." He stated that it would be unfair to banker and depositor to liquidate now while securities were at a low ebb, especially in the face of a rising valuation which is just in the offing. Under liquidation right at this time assets would have to be disposed of at a sacrifice, bringing little returns. Reorganization would bring 100 per cent on a large part of the assets if given a little time.

A case, for example, was a liquidated bank not so far from Holland, where the institution was closed in 1926, and now in 1933, seven years later, 40 per cent has been paid the depositors, and that liquidation occurred when valuation on assets were at peak.

It is the opinion of The News that reorganization, while not pleasant, is the safest and sanest road to follow. This is not advice with nothing at stake. Your editor, too, has impounded funds "and plenty," but with opinions similar from four different sources it seems that this should carry some weight. The banking officials, too, have promised that their banking structure will be strengthened with added cash from the stockholders, which should give a degree of confidence. It is problematical whether this added cash would be available under liquidation.

Another element operative next month, that should bring further assurance and recovery of confidence—is the Home Loan Bank bill just enacted and signed by the president. This will liquidate mortgages thus stabilizing the assets of all banks. This law cannot help but bring relief to banker and depositor alike.

Here is one fact we must not overlook, namely that a bank under liquidation means a closed bank. A bank under reorganization plans means a bank that functions and will still be of service to the community in a large measure. The state banking department has taken months to work out a workable plan upon which it is possible to re-organize. It may not be acceptable 100 per cent but we believe and advise so, that it is much better than liquidation, which to us looks disastrous. As to future payment of certificates of deposit covering a period of time, according to the plan, we believe there are some pleasant surprises in store.

Another ray of hope is the guarantee of deposits within six months and sooner if President Roosevelt sees fit—thanks to Senator Vandenberg.

Finally, whatever is done, anything is better than months of dangling, hanging fire and indecision. Let's get a workable banking structure in Holland and we will then sincerely believe that there soon will be a silver lining to our financial storm clouds.

WELFARE IS COMING DOWN

There is an appreciable lowering in the amount of the welfare, which is very gratifying, the total amount for two weeks being \$3,500.17. The items heaviest on the list are groceries, \$2,222.55; milk, \$564.71; gas and oil, \$217.52. During the past two weeks 116 have voluntarily come off the list, leaving 488 active cases.

Hope college commencement exercises of the senior class were ushered in on Sunday when Rev. F. W. Raymond, Clee of Jersey City, New Jersey, delivered the baccalaureate address at Hope Memorial chapel, which was filled to capacity.

Rev. Clee pointed out that the student should not lose his faith in the world. He is just entering upon a new life and to lose faith is bad beginning. Faith precedes belief, he added, and "belief is not complete until that in which you believe likewise believes in you."

Other attributes which Rev. Clee pointed out to be desired included "sacrifice, a spirit of adventure and love."

In a negative presentation the speaker pictured "sacrifice as progress in opposition to selfishness, which has always brought disaster and death;" a spirit of adventure in contrast to the cynic, who "has always been wrong;" and love opposed to hatred, which under force "was the World war."

News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

FIFTY YEARS AGO TODAY

Saturday as Senator Jan A. Roost was returning from the state capitol at Lansing his pockets were picked and \$80 was stolen by a couple of pickpockets. They very cleverly made their escape and our Holland senator has lost a large portion of his hard earned salary. Note: In those days they only had pickpockets in Lansing and think of it, they worked hard. Jan Roost was a striking character, a very tall man of the Lincoln type, a trifle round-shouldered, a big, deep, bass voice, a flowing tie, Prince Albert coat, a wide brim Kentucky colonel hat and boots. Jan Roost was very positive and what a temper at times—but withal as lovable as can be and "liberal to a fault." He did much to build our first harbor. He was a true pioneer type, however, neither his family nor the progeny that followed retained much of this world's goods which the old gentleman so richly deserved. Mrs. Roost, too, was of a refined type, tall, erect, fine featured with a beautiful head of pure white hair—as your editor remembers her. The property on the southwest corner of River Avenue and Ninth Street, occupied by the bicycle shop, is still the Roost property. The house directly east of Grace church is the Roost homestead, occupied by Mrs. Roost up to the time of her death and later by the two daughters, Miss Johanna and Minnie, who also passed away in that home quite recently. Neither of the girls ever married. They, too, were a fine, well educated type and for many years school teachers.

A statement has been made by Mr. I. F. Fay, the "celporteur" of the American Bible Society, who recently canvassed this city in behalf of the society. The statement embraces a report of his labors in Holland and is as follows: Families visited, 710; families found destitute, 38; destitute families supplied with the Holy Scripture, 38; Bibles and testaments given away, 34; value of books given away, \$10.45; value of Bibles sold, \$57.80; received from donations to American Bible Society, \$12.50. Note: We cannot find the word "celporteur" in our Webster's. We also note that there were 38 destitute families then and you can bet they were large ones, for this was long before "birth control." Remember, no welfare then; it was "help yourself." Let's see what Holland paid for its welfare for 190 persons.

"The poor directory reports the paying of \$29.30 to the needy during the last two weeks," according to official Council proceedings in the News.

TWENTY-FIVE YEARS AGO TODAY

Attorney Cornelius Vander Meulen announces his candidacy for the state legislature to succeed Nick Whelan, present speaker of the house. The News then gives the candidate a column writeup, telling of his qualifications and his wonderful family history. He was then known to his many friends as "Casey," now "Neil"—was a graduate from Hope and the U. of M. and had practiced in Grand Rapids and the upper peninsula.

"Casey" says: "I stand on no particular platform except that which represents the best interests of Ottawa county. I am not a factional candidate. If elected I will do everything in my power for the betterment and advancement of my constituents at all times" and the following cut with it, "stache" and all. Let's see later in the files how the election came out. The old Civil War veteran, D. B. K. Van Raalte—"the man with the empty sleeve"—announced his candidacy for the place and Vander Meulen withdrew in his favor. Van Raalte was the son of the founder of Holland.

**LOCAL TRANSFER CO.
IS SEVERELY SCORED**

Aldermen and spectators at last evening's council meeting seemed to all jump on the Rooks Transfer company, who have their headquarters and garages on East Fifteenth street. A petition signed by twenty neighbors stated the goings-on there were an outrage; that trucking, loud talking and back firing was going on until 1 and 3 o'clock in the morning. The petition explained that it was class A residence property where there passenger and two commercial trucks might be stored under the ordinance but that Rooks had seven large commercial trucks. John Wiersma, who had recently moved in the neighborhood, was the spokesman for the suffering neighbors and he surely told the council something in no uncertain tones.

Mayor Bosch, while the argument was going on, stated that regardless of law this state of affairs was an outrage in a quiet residential district. He wanted the aldermen to go the limit even if they have to take the case to the supreme court. The mayor could not understand how a common council in the past could have granted such privileges.

Alderman Kleis is also looking into the matter.

Prof. and Mrs. W. Curtis Snow and Miss Dorothy Eckerson left this morning on a motor trip to Charleston, West Virginia, where Miss Eckerson makes her home. Prof. and Mrs. Snow will return by way of Oberlin and Cleveland and expect to arrive here Saturday.

land and a soldier besides. What else was a young attorney just beginning to do against such odds? In the fall the entire Republican ticket was elected with Wm. Howard Taft and James S. Sherman as the "nation's standard bearers."

Five weeks ago Boven & Bros. caught a large mud turtle and painted on the shell was "Smoke Boven Bros. Champions." The turtle was thrown into Black River and it was never expected to be heard from again. Once again the slogan, "It pays to advertise," came true. Several weeks later Harley Scott found the turtle on a log and it was attracting the attention of several others in the neighborhood.

Clarence Fairbanks has returned from the postal clerks' convention held in Muskegon. He represented the Holland office. Note: We are happy to state the faithful old Clarence is still on the job.

FIFTEEN YEARS AGO TODAY

Charles A. Floyd, who has a 99-year lease on Jensen Electric park, again intends to put on his popular program this summer every evening at the pavilion there. Mr. Ogden's Knickerbocker theatre orchestra will furnish the music. Note: It is now the Holland theatre and the name never should have been changed—Knickerbocker sure was appropriate and distinctive. The name Holland is attached to scores of other enterprises.

Little Helen Shaw has successfully passed an operation for tonsils. She is the daughter of Mr. and Mrs. Carl Shaw.

Paving of Lincoln Avenue has begun and 100 feet has been completed the first day. City Engineer Carl Bowen is in charge of the work and the street will be completed in three weeks.

John Weersing was the first business man in Holland Friday to celebrate the great American victory in France. As soon as the first morning paper announced the results of the assault Mr. Weersing hung out "Old Glory."

Born-To-Attorney and Mrs. Thomas N. Robinson Sunday — a daughter. The happy attorney now has three daughters. Note: But that was 15 years ago!

Approximately \$13,000 in thrift and war stamps have been sold by our eight letter carriers. Simon Verwey led the carriers, selling \$4,550; Niel Sandy came second with \$3,000; and Jacob Geerlings third with \$2,600. Note: Remember war was still on.

300,000 TULIPS FOR HOLLAND

Alderman Henry Prins brought up the matter of tulip bulbs early this year since our Tulip Festival was such an unprecedented success. A resolution unanimously passed by the council is self-explanatory:

"Tulip Time in Holland in May for 1933 is history; it is time now to begin planning for 1934 and, of course, if the event is to be successful there must be tulips.

"Recognizing the beauty of Tulip Time and all that it means to our city and to the entire community be it,

"Resolved, that we evidence our continued support to this festival by authorizing the purchase at once of three hundred thousand (300,000) tulip bulbs to be distributed upon arrival under the direction of the park board and the Tulip Time committee, of which Mrs. J. E. Telling is the 1934 chairman."

THANK YOU, FLOWER FOLK

The editor of the Holland City News was indeed pleased to find upon his return home Saturday evening a mammoth bouquet with the following card attached:

"In appreciation of your co-operation. Holland Shut-In Flower Day Committee, H. Ebelink, chairman."

The editor is indeed appreciative of the kind token but the thanks are really due the flower folk, who gave more than 8,000 blooms to the "shut-ins." The News deems it a privilege to help foster a meritorious benevolent undertaking of this nature and only hopes that this may become an annual undertaking in which we may also participate in our humble way.

Seven G. R. Men Attack Grand Haven Officer

STEAL SACK OF FLOUR, THEN
ATTACK FORMER ZEELAND
MAN AND ESCAPE FRIDAY

Seven young men ranging from 15 to 20 years of age from Grand Rapids were taken into custody by the Grand Haven officers and sheriff's department and are being held until charges are preferred against them. Three of the group may have to answer to the serious offense of attacking an officer. Bernie Hirdes, formerly of Zeeland, was attacked last night as he tried to prevent the group from running off with a 100-pound sack of flour which had been taken from the East End Bakery. He is home today suffering from injuries received.

Officer Lawrence DeWitt, formerly of Holland, in company with two of the group went to Grand Rapids to learn more about the records of all before he will make any charges.

The group includes Adrian Den Hollander, Joe Dominiak, Albert Dominiak, Harvey Wichert, John Kolenda, Walter Liszkiewicz and Charles Bolevinski. According to a written statement made this morning by Den Hollander, the group left Grand Rapids in a car. They stopped at Spring Lake to examine a boat that belonged to a brother of one of the boys and then went on to Mena Lake. They had liquor with them and secured some more. They stole gas out of one of two cars and a truck and then returned to this city.

They were hanging around the East End Bakery, about midnight, when they thought they could get something to eat. The proprietor made them carry bags of flour from the store house to the bakery in exchange for some baked goods they got. While doing this one of the fellows hid a 100-pound sack of the flour, the statement said.

Bernie Hirdes, on night duty, saw the group and was suspicious of them. He later saw the boys in front of the Weber restaurant and one of them coming through the alley drawing the heavy sack of flour. He attempted to stop the man, when he jumped on Hirdes. Two of the other boys jumped from the car and the three husky youths on the one officer was more than even Hirdes could stand and the boys got away. The car was left running during the fight so they easily dashed back to the car and made off before Hirdes could get up.

The statement went on to say that the group went back to Mena Lake and then they decided to go back to Grand Rapids. They became very sleepy in the early morning and drew up to the side of the road on U.S.-16, where they all went to sleep. It was there that the officers found them and they were brought to the county jail about 3:30 a. m.

Charles Fabiano on River avenue was given a permit to sell beer.

A petition signed by 900 asking that the appointment of Dr. William Westrate as city physician be reconsidered because of court matters (well known to our readers), was filed by a unanimous vote of the council, on motion of Alderman Van Lente supported by Alderman Van Zoeren.

Mayor Bosch was very much opposed to a landing field for airplanes if it was to cost Holland \$10,000 to have one fixed up and leveled off. This was the estimate of the Kohler Aeroplane Co. officials, who, under state director, wanted to land here. The mayor and aldermen were very much in favor of a landing field, but Mayor Bosch emphatically stated "Not \$10,000 worth at this time." The North River avenue field could be purchased, but the price was considered too high.

The Billiard Parlor proprietors again asked for a reduction in license fees, stating that they were also hit by the depression and they were paying much higher in Holland than elsewhere. The parlor on East Eighth street has eleven tables, but only seven in use. They must pay \$25 per table for the first two tables and \$5 for each additional table. Alderman Steffens met with the poolroom men and was inclined to feel that the Holland men were paying rather stiff when in Grand Rapids only \$2 per table was charged. Alderman Van Zoeren felt that if the pool rooms were run respectfully they should not be penalized, but if they were not run according to law they should be closed. We can say the parlors are well conducted.

The ice houses of West Sixth street owned by the Superior Ice Co. will not be torn down. An inspection was made by a committee and reported that the buildings were still in a substantial state and might be used for other purposes, undoubtedly having in mind future warehouse facilities for prospective freighters that will be coming to Holland soon from the seaboard via the St. Lawrence waterway.

Alderman Prins was very indignant as was his colleague, Alderman Kleis, relative to the buttermilk smell from the creamery. There was a delegation of neighbors present who protested bitterly. Relief had been asked for years, but the strange odor continues. It was unanimously decided that the buttermilk unit be closed indefinitely until the nuisance was abated and the council "didn't mean maybe." City Attorney Clarence Lokker pointed out that he believed this could not be legally done since it did not injure the health of any citizen. Anyway, the two aldermen of the First ward will have charge of the matter.

Alderman Huyzer announced that an ordinance would be presented to regulate radios from playing in front of stores on the business

Did You Notice and Why?

At the Tenth street entrance to Kollen Park to the right you will see large concrete abutments, apparently serving no purpose and nearly covered with scrub trees. They did once serve a purpose, holding up large boilers of the old C. L. King Basket factory, where millions of peach baskets and butter plates were made. There were acres of logs piled high. With the passing of the logs in Michigan the C. L. King Basket factory also passed out.

Do you know that night hawks nest on top of Holland High school and nesting time is now. They are an interesting bird to watch, climbing higher and higher in the air and then swoop down like an aeroplane and you can hear them put on the brakes too. The night hawk takes its food on the wing.

In front of Froebel school on Tenth Street in the curbing you will notice a strange looking hydrant. No, it is not connected with the Holland water works but it is a relic of more than fifty years ago, before water mains were laid. This was one of the means of the Holland fire protection. This was a mammoth "drive well" point to which the suction hose of Holland's hand engine was attached. These engines had long handles with fifteen men pumping at a side and in a large fire spectators were put to the pumps in relays. It threw quite a respectable stream unless the water gave out, which was frequent. Other means of water supply were deep street wells made of brick but in dry weather these were useless. Tanney Creek and Black Lake were always available if the fire was near enough.

In what formerly was potter's field in Pilgrim Home Cemetery stands a wooden slab. On the oak board are these words, which the weather has nearly obliterated. "Here lies my strong right arm."

The arm was that of a woman injured in an accident and the member had to be cut off and was buried. The grave is more than a half century old.

(To be continued)

How To Sleep

Did you sleep last night? No? Then forget it. This advice, which is the theme of a book entitled "Why Worry?" that was written by Dr. George L. Walton in 1908 remains today the most helpful that can be given persons who do not drift off into dreamless slumber the moment their heads touch the pillow.

Going to sleep is largely the result of an attitude of mind that banishes worry and nervousness. It is the anxiety and the strain that make us wretched on the morning after a night of tossing; as far as the body is concerned, the actual loss of sleep is a minor matter.

The first thing not to worry about when you go to bed, says Dr. Walton, is that you are still awake. What if you are losing part of those allotted eight hours? Lie quietly, let the body relax, and the hours and minutes of unconsciousness will not greatly matter. Put out of your mind the problems that belong to the daytime; let tomorrow take care of itself and accept the fact that the actions of yesterday cannot be undone.

Don't worry because it is noisy, or light, or hot, or stuffy. Try to be resigned to the weather or the location of the bedroom; one who goes from place to place seeking a quiet spot for sleep, says Dr. Walton, finally may find quiet itself oppressive, or worse yet, be kept awake by hearing his own circulation, from which escape is out of the question.

Above all, remember that when we suffer from sleeplessness it is our minds that are at fault. "He who would sleep by night must regulate his day," says Dr. Walton, "first by not undertaking more than he can accomplish without undue stress, and second, by carrying through what he does undertake without the running accompaniment of undue solicitude and anxious doubts." Don't fret. Take it easy. Relax and let your body and mind rest at night whether you sleep or not. Then you will.

PERKINS-POHL WEDDING TAKES PLACE SATURDAY

One of the season's prettiest weddings took place last Saturday afternoon at 5 o'clock in Grace Episcopal church, Rev. J. Wendell Davis officiating, when Miss Patricia Bradshaw Perkins, daughter of Mr. and Mrs. B. F. Perkins of Park road, and Wheaton, Illinois, was united in marriage to Carl M. Pohl, Jr., son of Dr. and Mrs. Carl M. Pohl, of Chicago.

Grace church was beautifully decorated with boughs of green and the season's flowers, daisies predominating.

To the strains of the Lohengrin wedding march the bride, looking beautiful in a gown of ivory satin, entered on the arm of her father. Her long tulle veil fell from a cap of heirloom rose-point lace and hearts, which had belonged to her maternal grandmother, the late Mrs. Hugh Bradshaw. Her shower bouquet was of white roses and swansons.

The bride's only attendant was her sister, Mrs. Arthur K. Oldin of Chicago, who was gowned in pale blue net with trimmings of pink, large pink hat and arm bouquet of daisies.

Dr. Pohl was best man for his son.

Bradshaw Fisher Perkins and David Bradshaw Perkins, brothers of the bride served as ushers.

Just before the ceremony Mr. A. K. Oldin sang "At Dawning," and "O Promise Me," accompanied by Mrs. Kink.

The home of the bride's parents, "Perk-Inn" where the wedding supper was served to the immediate families, was beautifully decorated with roses and boughs of syringa.

Later in the evening many relatives and friends called to offer congratulations and wish the young couple God speed when they left for a motor trip through the East. After August 1 they will be at home at 723 North Menard avenue, Chicago.

Mrs. Pohl has been a student at Wheaton college and University of Illinois. Mr. Pohl is finishing a medical course at Loyola university in Chicago.

Friends and relatives were in attendance from Grand Rapids, Kalamazoo, Chicago, Hinsdale, Wheaton and Rockford, Illinois, and Cleveland, Ohio.

The man was about 35 years old. He was neatly dressed.

Mr. Doyle told the Ottawa county sheriff that the man staggered against the side of the King automobile as it was passing another vehicle.

HOLLAND CUTS ELECTRIC RATE FOR INDUSTRIES

The Holland common council tonight adopted a new electric rate designed to aid the smaller industrial consumers of Holland. The special rate, which was submitted by the board of public works, was suggested as a benefit to industries where electric requirements are not great, provides for a monthly service charge of 30 cents per active horsepower and an energy charge of 5 cents per kilowatt hour for use above that amount. Power consumers will be allowed to use either the new rate or the present service charge of 60 cents monthly per active horsepower and an energy charge that ranges from 2.1 cents to 1.2 cents. According to the present rate, consumers of large amounts of power have the option of paying 75 cents monthly per kilowatt of maximum demand when their demand is 50 kilowatts or more.

HOLLAND GIRL BEST "M" STUDENT NURSE

Miss Loretta Schulling, daughter of Mr. and Mrs. George Schulling, 78 East Twelfth street, who completed a three-year course in the school of nursing, University of Michigan, held the highest scholastic ranking among 46 members of this year's graduating class.

Miss Schulling is a graduate of Holland High school and was a student at Hope college for two years.

Mr. and Mrs. Schulling spent the week-end in Ann Arbor, where they attended the commencement exercises Monday morning when Miss Schulling received a diploma in nursing.

A comparison of American and Dutch educational systems was made Monday night by H. A. Van Coenen Torchiana, Dutch consul-general at San Francisco, in speaking to an audience of more than 300 assembled in Carnegie hall for the annual Dutch program presented by the Ufilas club of Hope college. In The Netherlands, discipline is more severe in the lower schools and that of the universities is more lax than in American schools, which maintain a more uniform control throughout the students' academic life, stated the speaker. Each system, he added, is best for the type of student being instructed. Miss Lenore Sikkema of Grand Rapids, a junior student, in her oration, "Wat is een Hollander," described the Dutch as "religious, honest, tolerant, lovers of freedom and morally straight." Miss Sikkema was assisted by Miss Anne Dethmers of Waupun, Wisconsin, in the presentation of the dialogue, "In de Lappenkorf," which Miss Sikkema wrote for the occasion. A one-act comedy was presented, "Fotografist," which gave Harri Zegerius, a senior student, the leading role of Kantel, who in trying to hold down two positions slighted both. A group of eight other students of Hope college, who speak the Dutch language, assisted in the humorous complications of the production. Prof. Thomas E. Welmers, instructor of Greek at Hope, had charge of the program and its direction.

SUNDAY DINNER SUGGESTIONS

By ANN PAGE

Now that school is out and boys and girls have all day to play in the sun and get up big appetites, it is time for mother to plan ways to spare herself. Sun suits, overalls and plays suits adapted to such games as "cops and robbers" or "cowboys and Indians" simplify the laundry problem and simple, wholesome meals can be easily and quickly prepared. Let shell peas, green beans, bulling strawberries or pitting cherries be their summer "homework."

Many vegetables are now home-grown including spinach, peas, beets, carrots and cabbage. Garden lettuce is tender and homegrown berries are fragrant, firm and sweet.

In addition to fruits, there are many delicious and healthful desserts which can be quickly prepared including gelatin, cornstarch and tapioca puddings and egg custards.

ZEELAND AREA LOSES ITS OLDEST RESIDENT, WOMAN OF 98 YEARS

(Grand Rapids Press)

Zeeland township and the southeastern part of the county lost their oldest resident Sunday when Mrs. Althea (Ma) Klomp died at the home of her son, John Klomp of Drenthe. Mr. Klomp had expressed a hope Saturday that she would reach her ninety-ninth birthday anniversary October 15.

Mrs. Klomp was quite a prominent figure in the farming community about Drenthe. She had been a messenger of mercy and an agent of kindness to the suffering, as her personal sufferings had wrought for her a heart of gold that will make her long remembered in the vicinity of Drenthe.

She came to this country from The Netherlands with her husband and family together with her parents, when she was 31. Hardship seemed to follow the little family. Scurvy entered the ranks of the young mother's family and three children died while aboard the vessel. She proceeded to Albany, New York, where a triple tragedy struck the two families. Mrs. Klomp's parents, Mr. and Mrs. Arend Meyer, died of a disease contracted aboard ship, and the fourth child died in Albany also. The three deaths occurred while the little group was awaiting transportation to Michigan, their new home.

Mr. and Mrs. Klomp, then alone in a new world, went directly to Overisel township in Michigan. They established a residence in the woods that later became Zeeland township. A small log cabin was built. After the first few years the young husband cleared all the trees from the farm until now it is one of the best farms in the vicinity. Mr. Klomp died a few years ago on the same farm.

Mrs. Klomp was a charter member of Oakland Christian Reformed church and was very active until shortly before her death. She attended the funeral of her son's wife a short time ago in the very home from which her own funeral services will be conducted.

Mrs. Klomp was the mother of eleven children of whom there survive four sons, Arthur of Fremont, John of Drenthe and Gerrit and Edward of Hudsonville, and one daughter, Mrs. H. J. Schortenboer. There are thirty-two grandchildren and several great-grandchildren.

Funeral services were held on Wednesday afternoon at 12:45 at the home of John Klomp of Drenthe, and at 1:30 at Oakland Christian Reformed church. Burial was in Benthem cemetery.

ANNIVERSARY DINNER AT GRAND HAVEN

(Grand Haven Tribune)

A six o'clock dinner was given on Sunday evening at Mr. and Mrs. M. Jacobs' home in honor of their son, Samuel's, thirteenth birthday, and Mr. and Mrs. Jacobs' seventeenth wedding anniversary. The children were seated at a long table and another table was arranged for the other guests. Seasonal flowers were used as decorations. There were seventeen guests from Holland, Muskegon and Muskegon Heights.

Rev. Pyle on the subject of "Visions and Ideals," stated that the world is "in need of men and women with high ideals and Christian standards." The speaker told the graduates "to go into life with some vision of something that you may accomplish" and "to strive to accomplish that which you have set out to do."

HAMILTON

The local baseball teams have a busy time this week. The Merchants will play three games, while the Independents are scheduled for two contests. The latter team has shown old-time form in its last two games. Last week they motored to Martin and won by a 15-to-9 score. Both teams were in their batting togs, but they hammered out 18 hits to 10 for the Martinites. Wentzel was on the mound for the Independents and allowed 5 hits and gave 2 free passes for 7 runs in the first inning, but pitched splendidly during the remainder of the game. His teammates, however, were determined to give their star pitcher, who has been ailing this spring, a victory by putting up a stiff defense and driving two of the opposing pitchers to the showers. While all the locals featured in the hitting, Lugten, Brink and Callahan had a slight lead, the first two obtaining 3 singles, while Callahan had a triple and two singles. Monday night the senior team shut out the Zeeland Cook Oils, 8 to 0, in an abbreviated game. Young Lugten held the visitors to 2 hits, struck out 9 and gave two free passes. His teammates gave him a comfortable lead when Brink opened the offense with a single and Merton and Duff Dangremond, Ashley and Ross followed suit, driving in 5 runs. In the sixth inning another rally was started and Zeeland's hurler was taken out. Although the game was rather one-sided the fans were happy to see the team come through with their usual snap and pep. They LOOK Expensive

Funny how people judge the cost of things by their looks and quality. That isn't always fair. Now you take a Lloyd carriage or stroller. Put it alongside of a really expensive model and you'd swear the price was away up in the "expensive" class. Who ever thought such fashionable design and refinement of details could be moderate in price! Yet they are. These two Lloyd values and dozens of others now on display prove it.

CITY AND BANKS START FRIENDLY SUIT

The matter of welfare money impounded in two Holland banks came up before the common council again last evening when Alderman Al Van Zoeren had made a report relative to the visit of the ways and means committee to Lansing to confer with the banking department. With the committee was Attorney Arthur Van Duren, who was asked by Mr. Van Zoeren to make the report.

Mr. Van Duren stated that he would rather give the report verbal in order that the aldermen might ask questions relative to the action taken.

After the conference with Mack Taylor, deputy banking commissioner, to find out the exact status of an impounded welfare fund in a closed bank, it was agreed finally by the banking department together with the conservators of the two Holland banks and representatives of the city of Holland to start a friendly suit in circuit court of Ottawa county and thus get the correct legal opinion on this matter.

Both Mr. Lokker, city attorney, and Mr. Van Duren stressed the fact that the suit was not brought to prevent reorganization of these institutions. That, they felt, would be financially disastrous and would set Holland back at least ten years.

City Attorney Clarence Lokker emphatically stated that he wished to see smoking stacks in Holland again and an army of men going back to work but this could never be done unless the reorganization of banks was made possible.

The aldermen unanimously concurred in a friendly suit and many expressed their desire to help rather than to hinder the banks in their plan of reorganization.

Mr. Arthur Van Duren and the ways and means committee composed of Al Van Lente, Al Van Zoeren and Fritz Jonkman, were given a rising vote of thanks for their able handling of the situation.

The commissioner has named Albert Stegenga as his local correspondent. All requests for information will receive prompt and courteous attention.

ZEELAND DEPOSITORS APPROVE BANK PLAN

Depositors of the State Commercial and Savings bank were unanimously in favor of the plan for reorganization presented Wednesday evening by Fred P. Kieft, Zeeland custodian. In the plan of procedure for the reorganization a 50-50 payment plan was adopted. Cash deposited would get a certificate of deposit to cover a period of years on the first 50 per cent and the second 50 per cent will go into a trust fund.

Stockholders will reincorporate the present bank for \$35,000. A depositors' committee, including Dr. J. A. Van Kley and A. Van Koevering, was elected to meet with the board of directors in relation to the disposal of deposits in the trust fund. No definite date for the reopening has been set.

The Zeeland State bank will also be open for business Monday under the state plan in an announcement in the Zeeland Record, as follows:

"As previously announced, we will be ready to resume business and to serve you again as a licensed bank on next Monday, June 26. For the past two weeks our organization has been working overtime to have the certificates issued in accordance with the advertised plan, ready for exchange on that date or any time thereafter that our depositors come in. Because of the large number of our depositors, it will no doubt take some time to complete this exchange. There will be available when we reopen as a licensed bank the full amount of the first-year certificate, or 20 per cent of the 60 per cent based on February 11 balances. Interest will be added on savings accounts and certificates of deposit at the old rate to March 4."

TILLIE MASSELINK BECOMES BRIDE OF HARRY FRIESEMA

The home of Mr. and Mrs. John Masselink, 222 West Tenth street, was the scene of a beautiful wedding last week, Thursday afternoon, when their daughter, Miss Tillie Masselink, became the bride of Harry Frieseema of Detroit. Rev. James M. Martin, pastor of Third Reformed church, performed the single ring ceremony at 4 o'clock before an altar banked with palms and ferns and tall candelabra. Mrs. Henry Masselink played Lohengrin's wedding march, and at the conclusion of the ceremony played Mendelssohn's wedding march. Dick Dykstra of Detroit sang "Oh, Promise Me," and "I Love You Truly."

The bride, who was given in marriage by her father, looked charming in a beautiful gown of De Marte satin with fitted bodice, long full skirt and muscatine sleeves. Her veil was of lace net cap-shaped and held in place with little pearls. She carried a bouquet of white roses, swansonias and snapdragons.

Miss Mildred Essenburgh, maid of honor, was very becoming in a gown of pale pink chiffon orandy with huge puffed sleeves and a long, full, gored skirt. She carried a bouquet of roses, forget-me-nots and swansonias. Mary Cook of Allegan, flower girl, was dressed all in white, and carried a Colonial bouquet. The bridegroom was attended by Wallace Masselink, brother of the bride. Dr. and Mrs. Henry Masselink were master and mistress of ceremonies.

Mrs. Masselink, mother of the bride, was gowned in Washington blue crepe, with a shoulder bouquet of sweet peas. Mrs. Frieseema, mother of the bridegroom, wore black and white crepe, with a shoulder bouquet of sweet peas.

Following the ceremony a buffet luncheon was served with the Misses Janet Spyker and Dorothy Haan as hostesses. Mr. and Mrs. Frieseema left on a trip to the World's Fair, after which they will spend some time at Mr. Frieseema's summer home at Jackson. They will make their home in Detroit.

NEW OFFICERS NAMED FOR HOLLAND BANK

Directors of the People's State bank of Holland, closed since January 9, 1932, were elected at a meeting of stockholders held in the bank offices Saturday and by-laws adopted. Following adjournment of the stockholders, the directors held a meeting and elected officers as follows: President, George Tinholt; vice president, Jay H. Den Herder; cashier, Clarence J. Jalving, and directors, Edgar G. Landwehr, H. S. Covell, Martin Oudemool and John H. DeVries. June 26 has been set as the tentative date for reopening the bank, Clarence J. Jalving, receiver, said.

According to the depositors' agreement entered in last fall at a public meeting held in the Holland armory, the People's State bank will make approximately \$121,000 available on the basis of the ten per cent of 50 per cent of respective deposits under the terms of this agreement.

The bank is closed this week to permit the termination of the receivership. The receiver must file his final report in circuit court, make a list of all assets to be submitted to the new officers and obtain his discharge as receiver.

Attorney Jay Den Herder, who was named vice president, was a director of the old People's bank. George Tinholt, who has served as a member of the depositors' committee, was elected president of the People's State bank at a meeting of the directors which followed a session of the stockholders Saturday evening. Mr. Tinholt is credit manager of the Holland Furnace company.

Clarence Jalving of Lakewood boulevard, who became receiver shortly after the bank closed, was named cashier. In taking over his office here, Mr. Jalving will sever connections with the state banking department. He has served as bank examiner for four years. He is well known in this vicinity and for several years was an employee of the Holland City State bank. He is an able banker and his connection with the state department has added to his bank knowledge.

The depositors' committee, during the reorganization, were Mr. Gee Tinholt, Fred Beuwickes, Oscar Peterson, John Vandersluis and George Steffens.

Concluding their season's activities the Beechwood band and orchestra appeared in a public concert last night in their auditorium.

The orchestra has seventeen members; the band has eighteen. Violin solos were played by Florence Hansen and Lloyd Van Raalte (third and fourth grade pupils). "Sweet and Low," a trumpet quartet, was played by Max Schriber, Robert Weener, Calvin Brown and Russel Vantil; a baritone solo by Howard Jalving; "Merriment Polka," clarinet trio, by Marjorie Plakke, Roger Stroop and Bert Brandt; "Hungry Five," combination, by Max Schriber, Harold Borgman, Raymond Terbeek, Roger Stroop and Marjorie Plakke, directed by Raymond Lamb.

Cornet solo by Thomas Kole (third grade), "Golden Sunset," saxophone trio, by Gilbert Tors, Cecil Bachellor and Bert Brandt. Other members of the band or orchestra are Charles W. John, Lewis Van Slooten, Delbert Strowenjans, Florence Wassink, Esther Kouw, Edith Kuker, Robert Emmick, Leola Bocks, Morris Tardiff, Frederick Bocks, Cecil Van Slooten, Warren Vantil, Edward Riemersma and Elmer Brandt.

The kindergarten band opened the program with two selections. These youngsters showed exceptional ability with their rhythmic instruments. They were trained by Miss Kraai, the kindergarten teacher.

Instrumental music was introduced into the school three years ago by Mr. Brandt and has been under his direction ever since.

HENRY H. HUTCHINS DIES AT GANGES

Henry H. Hutchins, 79, who died at his home in Ganges last night after a long illness, was one of the best known pioneers of this section. Possessed of remarkable mechanical skill, he constructed the lines and plant of the Saugatuck & Ganges Telephone company about 40 years ago, it being one of the oldest strictly co-operative telephone lines in America. He was interested in preserving a record of the pioneer life of Michigan, and was a recognized historian of western Michigan. He had been a member of the I. O. O. F. for many years. Funeral services will be under Masonic auspices Friday afternoon at the Ganges M. E. church. He leaves three children, Mrs. Lora Heberle of Washington, D. C.; Prof. Harry Hutchins, a noted engineer, and Dr. Lee Hutchins, plant pathologist of the U. S. department of agriculture, Fort Valley, Ga.

Grand Haven Mayor Is Still In Lockup

PETITION SEEKS RELEASE OF MAYOR FROM JAIL TO ATTEND MEETINGS

A petition directed to Sheriff Ben Rosema, bearing 1,015 names, requesting that Mayor Lionel Heap of Grand Haven be released from jail long enough to conduct city affairs and attend to welfare work, was presented at the sheriff's office on Saturday night by a committee of six workers.

The names come from all sections of the city and were gathered on several petitions which were scattered throughout the city and

Mayor Lionel Heap

then bound into one. The petition is headed by the name of Mrs. John Post.

The petition reads, "We, the undersigned, being electors of the city of Grand Haven, respectfully request of Ben Rosema, sheriff of Ottawa county, Michigan, to grant such liberties to our mayor, Lionel Heap, that may be necessary so that he may conduct our city affairs, especially welfare work which is now in a critical condition."

Sheriff Rosema when approached had nothing to say on the matter and would issue no statement as to what he would do.

The city council met in regular session Monday, the first regular meeting since the mayor was put in jail two weeks ago after he was allowed to attend that meeting. Sheriff Rosema stated at that time that Mayor Heap was told it would be the last meeting he would be allowed to attend.

The city council met in special committee meeting following the mayor's incarceration and resolutions were presented requesting the release of the mayor for city duty. This, however, was not passed and the council has had no meetings since.

Mayor Heap has been allowed to confer with city officials and welfare men in the jail on other than visiting days. He has been allowed the privilege of seeing his family every day and of having some of his meals sent to him. In other respects he has been kept in the jail in conformance with jail regulations with the exception of one time when he was allowed to go to his home to get some personal effects.

Sheriff Ben Rosema is a stickler for rules and he won't break them even when the jail registry lists a mayor among the county guests.

Following the council meeting two weeks ago Mayor Lionel Heap gave himself into the sheriff's custody to start serving a jail term on a body execution.

So Martin Boon, president of the council, wielded the gavel. None of the councilmen would comment on whether they would be as particular as the sheriff and enforce the rule which automatically removes any mayor who misses four consecutive meetings.

Mrs. Etta Whitman spent the week-end in Lansing.

DOGS KILLING MANY SHEEP IN ALLEGAN COUNTY

The number of sheep being killed by dogs in Allegan County is becoming alarming. My suggestion to men raising sheep in the communities of Allegan County would be; tell some of the older sheep dogs "get busy," when animals are damaged, notify the nearest justice of the peace to make adjustment, form a local committee to hunt these dogs, working on the sheep, other live stock or poultry. Several thousand dollars are paid out yearly for damages by roving dogs.

PEACH CROP IS LIGHT BUT APPLE TREES ARE LOADED

The peach crop will be just the opposite of last year. There are good crops in Georgia and the Carolinas whereas last year these states were very light. However, the late states have light crops and producers, who have peaches to harvest after the middle of August, are likely to meet with but little competition this season.

With the exception of the Virginias virtually all the big apple states have good crop prospects. Indications are the apple production will be a bumper one if conditions are favorable for the balance of the season. Washington, Idaho, Illinois, Michigan and New York are five of the big apple states that have good prospects.

SAVES NO. 11 AT KOLLEN PARK

"Chet" La Shagaway, Sea Scout official, dived fully clothed off the dock at Kollen park Monday to rescue Robert Van Tatenhove, 14, who had become exhausted after swimming under water. This is the eleventh lad that Mr. Shagaway has rescued. He lives at Waukazoo in the Scout lodges. He has donated his services at Kollen, feeling it a civic duty. "Dutch" Vander Schel is to provide this "first American" with a canoe so that he can paddle over to Waukazoo instead of walking around the lake as he has done up to this time.

HOLLAND'S OVAL REMAINS OPEN

Closing of half of Michigan's state parks July 1 was ordered by the Conservation Commission at its June meeting. Holland's Oval at Ottawa Beach, nor Tunnel Park are included.

In addition to 22 parks listed for closing July 1, it was also announced that eight more parks would be closed because an expected revenue of \$10,000 from the State Athletic Fund has been diverted to another use and would not be available for park purposes. This will mean the closing of 30 of the 53 state parks now open to the public. The Holland parks are way at the top for popularity and number of visitors.

SHIPMENT OF AUTOS VIA GRAND HAVEN, IS HEAVY

(Grand Haven Tribune) The steamer, Virginia, was put on the Grand Haven-Milwaukee run on Saturday to take on a load of automobiles, which are being shipped from all parts of Michigan, through this port. The congestion of cars on the Robbins dock made it necessary to put on the extra boat. Several times this spring an extra boat has been put on to accommodate the car shipments which have been the heaviest in the history of local shipping. During April and May there were 3,000 cars shipped through here for the west. The shipments are keeping up remarkably and indicative of the tremendous increase in automobile manufacture. One Ford agency not in Grand Haven, recently reported accounts to be in the black, the first time in two years.

8 TEAMS GIVEN FRANCHISES IN NEW BALL LOOP

At a meeting of the newly organized Western Michigan Baseball league here tonight the following teams were awarded franchises: Chicky Bars, P. M. Giants, Burton Heights Merchants, Michigan Tanners and Ramonas of Grand Rapids, the Mosser Leathers and Boosters of Holland, and the L. & B. Cartage team of Muskegon. Lloyd Lane of Grand Rapids, president of the Chicky Bar company, was elected president, with Walker Lawrence of Muskegon vice president, and Watson Spoelstra of Holland secretary and treasurer. A meeting of the schedule committee, with Wilbur Swanson of Muskegon acting as chairman, will be held in Grand Rapids Saturday night. It is planned to open the season on July 1.

MERLINE PERRINE OF GRANDLINE ARRESTED FOR UNTRUE HOLD-UP TALE

(Grand Haven Tribune) False reports to an officer is no longer to be trifled with in Ottawa county as evidenced by the arrest of Merline Perrine of Grandville, Michigan, who recently reported a hold-up on M-21 purporting to have lost \$28 last Wednesday night when driving a truck for the Farm Crest Baking company.

In a written confession to Sheriff Ben Rosema and Peter A. Lievense, police chief of Holland, Perrine admitted he told his brother, Leland, that he had been held up on M-21 west of Jensen and that Leland in turn reported the matter to the police. The \$28 was Perrine's own and it was really lost in the process of attempting to identify the "red card," a gambling device which three strangers manipulated near a stand at the east limits of Holland.

He was arraigned in Holland on Saturday charged with giving false reports to an officer and was bound over to circuit court. His father provided the \$200 cash bail demanded by the justice.

This is one of a series of reports of hold-ups that have been given to state, county and city officers and much time and expense has been spent to follow up the report and capture the supposed bandits. The officers are pretty sick of the game so when Sheriff Ben Rosema learned that the man had lost considerable in the game of chance, they confronted him with the matter and Perrine broke down and confessed to the story which he gave to try to cover up his losses. There have been two such reports from Muskegon and one from this city, but hereafter it is expected people will be more careful about relating the truth to an officer, as a circuit court offense is a serious matter, the officers declared.

CELERY CROP THREATENED WITH BLIGHT

The early celery crop of Michigan is threatened with early blight damage. Hot wet weather combined with much rain has started early blight in many fields. Spraying or dusting with copper lime dust at the rate of 35 pounds per acre or bordeaux mixture at the rate of 100 gallons per acre. Most growers do not apply a spray or dust to cover the plant protective covering until the blight shows up. Protection should be given before the blight starts and repeated cover sprays of dusts made to produce a clean crop. Those who irrigate with an overhead system should apply the water in the morning and soak the ground well. Evening or night spraying promotes blight as does frequent spraying. A new reprint bulletin is available on this subject from Mr. Milham at the agricultural office at 506 Lake Avenue, Grand Haven, Mich., and growers may call at the office or write a post card and the bulletin will be sent.

SIX INJURED IN CRASH NEAR GRAND HAVEN

Six persons were in Muskegon Heights Hospital with more or less serious injuries Saturday, after a motor collision on the Grand Haven road near Grand Haven. Jack Boongarden, 45, of Spring Lake, accompanied by his cousin, Anthony Boongarden, Muskegon, collided with a car driven by Mrs. Edith Goss. With the latter were her two small sons, Melvin and Donald, Mrs. Jessue Shiveley and Mrs. Mary Herendeen, 70. All were injured except Melvin Goss.

Police Chief Peter A. Lievense and Sheriff Ben Rosema interviewed the five bandit suspects in the state penitentiary at Michigan City for the recent bank robbery at Culver, Ind., in an effort to link them with the robbery of the First State Bank here Sept. 29. Jack Patrick, 27, alias Gorman, claimed he was confined in a hospital in Chicago at the time of the Holland bank robbery, but the others refused to talk. Lievense obtained pictures of the five men.

REPRESENTATIVE BROUWER NOT PLEASED WITH RELIGIOUS ASPECT

The Holland Civic club had for their guest speaker Friday evening at the city hall Representative Edward Brouwer of Holland. Mr. Brouwer gave a review of the government aid received by the state through the RFC, its distribution and the requirements necessary to receive that aid.

He gave a picture of the difficulty to get through legislation speedily. He stated that legislators were hampered greatly by folks from home who felt that their particular bill should receive first consideration. Nearly every spot in Michigan was so represented daily making work difficult.

He pointed out that such matters as delinquent taxes, mortgage relief, banking and beer bills could not be passed haphazardly, but deserved most earnest consideration which takes time. He stated that there were plenty of lobbyists for and against bills, but these were never found around the capitol building. The hotels are the rendezvous for these boys.

Mr. Brouwer was not especially proud of the religious complex at the capitol. He said many of the groups he had met were totally devoid of religion and profanity was the order of the day among many legislators. The opening prayer of the house was taken more as a matter of routine than a matter of religious service that had a meaning.

He compared "Michigan, our Michigan," with Sodom and Gomorrah, with few "Lots" present. Since there are no women in the state legislature "Lot's better half" impersonated in the salt pillar is still not in evidence on the capitol lawn.

Mr. Brouwer was introduced by Rev. Winfield Burggraaf and Rev. John Vanderbeek opened the meeting with prayer.

It is estimated that Senator Gordon Van Eenennaam will also be invited to speak when the club opens again in the fall.

SWEDISH SHIP ATTRACTING ATTENTION AT ROBBINS' DOCK AT GRAND HAVEN

Grand Haven Tribune: The ship "Norho," which arrived here Wednesday with a full Norwegian crew, has been attracting a host of visitors. The story is told of a local man, who speaks the language fluently, going aboard and engaging one of the men in quite a conversation.

He had a great time with the Norwegian until he asked where he was from. "Oh, out in the east end of Grand Haven," replied the man. The ship is flying under the flag of Norway but came here with a cargo of woodpulp from Sweden.

MAN FOR WHOM CONKLIN WAS NAMED SUCCUMBS

Oscar F. Conklin, 96, died at Jacksonville, Ill. He and his brother, William P., engaged in business here after the Civil war and built the two-story business block of three stores here, which was destroyed in the big fire July 21, 1898. The village of Conklin, Ottawa county, was named after Oscar, who donated land to the Grand Rapids & Indiana railway.

Mr. H. O. Maents joined Rotarians in Holland for their luncheon meeting last week in order to keep perfect his one hundred per cent attendance record in the Rotary club. He was in Chicago, Monday night, when the usual weekly meeting and supper of the Allegan Rotarians was held. —Allegan Gazette.

FIRE CHIEF PIPPEL OF GRAND HAVEN, FALLS DEAD

Anthony Pippel, fire chief of Grand Haven for the past 20 years and director of welfare, died at Kalamazoo where he had gone to attend the graduation of his son, Truman, from the Western State Teachers college. Mr. Pippel was taken ill shortly after arriving, in fact fell dead from a heart attack.

The body was returned to Grand Haven and the funeral was this afternoon at 2:30 p. m. at the Van Zantwick funeral home. Burial took place in Lake Forest cemetery.

Mr. Pippel left Grand Haven early Monday morning with his wife and daughter, Beatrice, a nurse at Blodgett Home for Children, Grand Rapids. He had been called Grand Haven's man of many jobs. For years he was both chief of the fire department and chief of police. With the police duties he was keeper of the port, sealer of weights and measures, had charge of the streets, inspection of the milk, and answered all ambulance calls and emergencies. He also policed the Oval, state park, until the state realized the size of the job and put on two men.

He was born in Grand Haven 53 years ago. He had a modest education, went to work in the saw mills and later he learned cabinet making. He worked in the Story & Clark Piano company before he joined the city force.

The Fish that got Away

ACQUITTED AT HOLLAND

George Schrotenboer, proprietor of a filling station, was found not guilty in Justice Hoffman's court this afternoon, where he was tried for violating the city building ordinance. The ordinance provided for the taking out of a permit if additions or alterations amount to over \$150. Schrotenboer claimed his addition stayed below that sum.

MAN BREAKS BACK

Both were unconscious when found. Holden was taken to John Robinson hospital, where X-rays were taken. At his request he was taken Sunday to Chicago, where he formerly resided. Mrs. Holden is visiting in Chicago.

Bass, Bluegill Fishing Legal Next Sunday

EVERY ANGLER OVER 18 MUST HAVE LICENSE FOR FISHING INLAND WATERS

Next Sunday the inland lakes of Michigan, including Black Lake, or Macatawa Bay, will be open for another season's fishing, and with this opening the angling campaign for 1933 will begin in earnest. Not only may small mouth bass and large mouth bass be caught, but bluegills, sunfish and Warmouth bass are legal catches, up to the limit defined by the law.

Lake fishermen are anticipating a better opening than the trout fishermen had on the first of May.

It's The Law

Black Bass: Size limit, 10 inches; catch not more than 5 in possession.

Bluegills: Size limit, 6 inches; catch not more than 25, including other pan fish in possession.

Perch: No size limit; catch not more than 25, including other pan fish, excepting from Great Lakes, where catch is unlimited.

Northern Pike (Pickerel or Grass Pike): Size limit, 14 inches; catch limit, 5 in possession.

Sunfish: Size limit, 14 inches; catch limit, not more than 25, including other pan fish.

Calico, Rock, White and Speckled Bass, Crappies: Size limit, 7 inches; catch limit, not more than 25, including other pan fish.

Mackinaw Trout: No minimum size; no catch limit.

Trout, Brook, Brown and Rainbow: Size limit, 7 inches; catch limit, 15.

That day furnished high waters and swollen streams full of surfed fish, which did not show much interest in artificial lures.

Bass fishermen are confident that June 25 will see the opposite condition prevail for their quarry. The warm weather of the past two weeks has speeded up spawning (which is dependent upon temperature), with the result that few bass or even bluegills will be on their spawning beds; especially in the southern half of the State.

In the northern part of Michigan, anglers should observe the rule against fishing on spawning beds. It is well known that to catch a female bass off its bed is like taking the mother bird off her eggs, but it is less generally known that the male bass guards the young for a number of days after they are hatched. If the male is caught away from the school of young which he is guarding, the fry rapidly become prey to other fish.

This year it will be necessary for every angler to carry a fishing license, not only for fishing trout but for fishing any species of fish in any of Michigan's inland lakes. However, no license is required to fish in the Great Lakes.

Resident Fee is 50 Cents The cost of a resident fishing license is 50 cents, which is good for the balance of 1933. Wives can obtain fishing licenses without any charge upon presentation of their

husband's license. Children under 19 may fish without a license.

Anglers who have purchased trout licenses do not need to buy another license, since the trout licenses already issued permit all types of fishing. In order to qualify as a resident Michigan angler, one must have lived in the State at least six consecutive months. The new law also fixes a non-resident anglers' fee of \$2, which is reduced from the former charge of \$4.

Outstate anglers' wives may obtain their licenses for 50 cents, upon presentation of their husbands' licenses. A temporary non-resident fishing license, good for 10 days, costs \$1, and the wife of a non-resident holding such a license also may obtain one for 50 cents.

Resident fishing licenses, costing 50 cents under a recent act of the state legislature, will go on sale in Holland and other parts of Ottawa county Monday, Maurice Kuite, conservation officer, announced today. Officer Kuite distributed the licenses to bureaus in the county today. The licenses are required for use on inland lakes. Enforcement will start June 25 in conjunction with the opening of the bass and bluegill season.

Alabama sells a non-resident license, good for seven days, for \$2; in New Hampshire a three-day license costs \$1.25; West Virginia has a one-day license for \$1, and Wyoming a five-day license for \$1.50.

Other states having similar regulations are: Arizona, 15 days, \$2.50; Arkansas, 15 days, \$1.00; Kansas, 15 days, \$1; Maine, 30 days, \$3.15; Missouri, 15 days, \$1; Oklahoma, 10 days, \$1; Texas, 5 days, \$1.50, and Vermont (Lake Champlain), 5 days, \$1.50.

Born to Mr. and Mrs. Harold Charles Joenicke, 13 East Eighth street, on June 8, a son, Charles Edward.

Mr. and Mrs. John Tiesenga spent the week-end visiting relatives in the city.

REFORMED GENERAL SYNOD FORMALITY IS OBSERVED

Grand Rapids Press—Dr. Edward D. Dimmet of Hope College, Holland, vice president of the general synod of the Reformed Church in America, Thursday afternoon banded his gavel in the almost empty auditorium of Central Reformed church and called to order the one hundred and seventh session of that body. Dr. James M. Martin, permanent clerk, also of Holland, proceeded to call the roll of the classes, but received response only when he called Grand Rapids for delegates from the Grand Rapids classes. Members of the latter body, who had met at the same place to examine a ministerial candidate, had recessed a half hour to allow the synod formality. When the roll had been called the secretary announced that a quorum was lacking and the vice president officially postponed the meeting to 1934.

Postponement of the 1933 meeting had been voted by the churches earlier in the year as an economy move, but the formal calling of the assembly was necessary because of constitutional provisions.

The 1934 meeting is assured for Grand Rapids, the Central Reformed church having repeated its invitation for the body to come here and arrangements have been made so delegates elected for the 1933 meeting will attend next year.

GIRLS IN HOLLAND CHURCH WIN AWARDS IN CONTEST

Four members of Trinity Reformed Sunday school have been awarded prizes in contests. The winners are girls and the contests were three-fold: Dorothy Steketee and Gene Kleinheksel of Holland High and Hope High schools respectively, placed first and second in oratory, sponsored by the Ottawa County Sunday school association; Esther Bultman placed first in the W.C.T.U. silver medal contest, and Ruth Verhey placed first and was awarded the \$25 prize in oratory at Hope College, entitling her to compete in the Woman's M.O.L. contest in March.

VETERAN PASTOR RESIGNS

Rev. William Stegeman, veteran Reformed minister, has resigned the pastorate of the church at Lucator, Kan., after an active career in the ministry of 41 years. He was granted an honorable emeritus by the classis of East Sioux in the particular synod of Iowa. Stegeman was born in New Groningen, about four miles northeast of Holland, in 1865, was awarded his bachelor of arts degree at Hope College in 1889 and completed his theological course in New Brunswick seminary in 1892.

WARNS OPERATORS OF BOATS ON SPRING LAKE: MUST HAVE MUFFLERS

Conservation Officer Maurice Kuite of Holland is giving operators of motor boats and outboard motor boats on Spring lake fair warning. Several complaints have reached his office on the noise of outboards by property owners on Spring lake.

Boats must be operated more carefully, said Mr. Kuite. Operators must show discretion as to spawning areas of fish and also must be careful as to the safety of operators of smaller boats, he said. As to the noise, the officer said all boats, inboards and outboards, must be equipped with mufflers.

Mr. Kuite will patrol the waters of Spring lake during the next 30 days and offenders will be prosecuted, he said today.

ZEELAND SCHOOL PUPILS PICNIC NEAR HOLLAND

These have been very busy days for Zeeland high school pupils. Several classes and organizations of the school have enjoyed their annual parties. On Tuesday evening the sophomore class journeyed to Tennessee beach, near Holland, and enjoyed a social time at the Van Kley cottage. Sports on the beach were enjoyed. The annual teachers' party took place on Wednesday evening. Friday evening the senior and freshman classes enjoyed a party at Ottawa beach and the junior class had their picnic at Tunnel park where Charlie Jackson of Holland is custodian.

LIGHTNING STRUCK WRONG PLACE

Wallace Williams reports that the geraniums which he planted on his parents' graves in Douglas cemetery have been stolen. People doing acts of this nature are very undesirable citizens for any community and should be prosecuted, says the Saugatuck paper. Lightning struck in at least two places in Douglas in Monday night's storm. The roof of George Durham's house was damaged slightly and a lawn mower which was leaning against a tree at George Hoy's residence was badly damaged. Why didn't lightning strike the geranium thief? How a skunk like that can enjoy the beauty and smell of flowers is beyond conception.

OTTAWA TO HARVEST RECORD ALFALFA CROP

Ottawa county farmers will harvest a record crop of alfalfa this season, according to County Agricultural Agent C. P. Milham. There now are about 3,300 acres of this legume in the county, or an acre for every 10 cows, Milham said. This is higher than most counties in the state.

ZEELAND SENIOR GIRL HAS NOT MISSED DAY IN HER SCHOOL CAREER

(Grand Rapids Press)

The outstanding record of the Zeeland senior class is held by Lila Wiersma who has not been absent or tardy one day in her school life.

Besides this record of perfect attendance she also has the distinction of seldom having been off the school honor roll. After leaving the lower grades she became an honor pupil. This honor work continued until she finished Junior high school. As a sophomore in high school she had difficulty in keeping her record as sickness tried to hold her back. But she finished the year with a perfect record. This same work was accomplished as a junior.

In her senior year Lila found it hard to keep her record clear. There is an old established custom of Zeeland seniors to hold a "skip day." Miss Wiersma decided to forego the pleasures of the annual "skip day" and maintain her record. This was the hardest time of her school life as she wanted to be with her classmates, but did not want to spoil her record.

Miss Wiersma will be graduated Wednesday evening eighth in her class of 32 members. She has an average of 96 per cent, only 4 per cent behind the leaders of the class. She is the daughter of Mr. and Mrs. S. Wiersma of this city.

The ponds will be emptied next fall and the fish planted in local streams. Since the ponds were constructed a few years ago more than a million fingerlings have and other streams.

JUNE HEAT RECORD IN OTTAWA COUNTY IS BROKEN

A second county heat record for June was made Friday when the temperature reached 89, a new record for 1933. The old record was 83 degrees in 1876. A cool wind came up in the evening, cooling off this section to such an extent that blankets were used in the night and bathing costumes were a little too scant for beach wear. The thermometer dropped to 59 degrees Saturday.

Common Council

Holland, Mich., June 7, 1933.

The Common Council met in regular session and was called to order by the Mayor.

Present: Mayor Bosch, Alds. Kleis, Woltman, Brieve, Van Zoeren, De Cook, Habing, Steffens, Jonkman, Huyser, Van Lente, Thomson, and the Clerk.

Minutes of last meeting considered and approved.

Mayor Bosch presented a message to the Council recommending that an additional water supply be brought into Riverview Park from the river for the purpose of sprinkling the grass. The message further stated that this could be done at an estimated cost of \$200.

June 7, 1933.

TO THE HONORABLE, The Common Council of the City of Holland.

Gentlemen:

A matter has been brought to my attention which I believe should meet with the approval of the council.

For many years our ball park at the water station on Sixth street has given pleasure and enjoyment to many of our citizens.

However, it seems that the water supply necessary for sprinkling is inadequate and during the summer months the grass withers and dies.

Plans have been made for diverting water from the river nearby and using this water for sprinkling purposes.

This can be done at a cost of not to exceed \$200 by digging a trench from the river to the limits of the park and then forcing the water by means of a small electric pump onto the field. Much of this labor can be done from those now on the welfare department.

I believe that the results to be accomplished justify the small amount of expense involved and I ask the favorable consideration of the council.

Respectfully submitted,
NICODEMUS BOSCH,
Mayor.

On motion of Ald. Van Zoeren, seconded by Van Lente,

The message of the Mayor was accepted and the work of putting in such necessary piping be started at once.

After some discussion on the matter, a substitute motion of Ald. Kleis, seconded by De Cook, was offered that the matter be referred to the Playground Commission with power to act, providing, however, that the expense shall not exceed \$200.

The substitute motion prevailed by ayes and nays as follows:

Ayes: Alds. Kleis, Woltman, Brieve, Van Zoeren, De Cook, Habing, Steffens, Huyser, Van Lente, Thomson—10.

Nays: Ald. Jonkman—1.

The Mayor presented a further message to the Council recommending that an ordinance be adopted setting up a housing code for the City of Holland. The matter was brought out at this time due to the fact that a small building, about 16x20 ft. in size, was recently erected on West 16th St. in a nice residential district, and at the present time there is no provision in any of our ordinances to legally prohibit the erection of such a small building.

June 7, 1933.

TO THE HONORABLE, The Common Council of the City of Holland.

Gentlemen:

I feel that I should call the attention of the common council to a matter, which in my judgment requires immediate attention.

I refer specifically to the necessity of a housing code in our city. My attention was called a few days ago to a small dwelling house which has just been erected on West Sixteenth street, near Van Raalte avenue.

This dwelling house is a small building approximately 16x20 feet in size, and is entirely out of proportion and keeping with the other homes in that vicinity.

It not only is an eye sore in itself, but the erection of such a home in a good residence district tends to greatly depreciate the value of adjoining property in the vicinity, and will discourage other people from building anywhere near it.

Action should be taken immediately to make a reputation of this kind impossible in the future.

Respectfully submitted,
NICODEMUS BOSCH,
Mayor.

On motion of Ald. Kleis, Message of the Mayor accepted and the matter of presenting such a housing code for the consideration of the Council was referred to the Ordinance Committee.

Mayor further presented a communication from N. J. Spaulding, Mayor of the City of Ionia, inviting the Mayor and Council to attend the Centennial Celebration at Ionia on June 14 and 15.

Accepted.

Mayor Bosch also presented a communication from the State Board of Aeronautics recommending that the City of Holland furnish the necessary land on which to develop a landing field. The State Board further recommended that providing the City of Holland will furnish such suitable land that their Board would recommend the development of the field, said development to be paid for with State funds.

It was further recommended that by securing an additional 10 acres on the west end of 40 acres on the south end of the present landing field north of the city on U.S.-31, that such location would be suitable to the State Board. Referred to Committee on Ways and Means.

The Ordinance Committee gave notice that they will introduce at a subsequent meeting, an ordinance regulating the operation of radios on the public streets in the City of Holland.

Clerk presented communication from B. P. W. offering to purchase a \$500.00 bond from the local Red Cross, subject to approval of Council.

Approved.

Ald. Steffens reported that the local merchants who were furnishing groceries to those on the Welfare list had not received any money for the month of May and wished to know if some action could be taken by the Council so as to hurry along RFC or other funds so that these merchants can be paid.

There was considerable discussion in regard to how the City should finance itself in order to take care of these bills. Mayor Bosch suggested that the State Banking Department might be induced to order the local banks to release some of the City's impounded moneys for Welfare purposes.

Attorney Van Duren, who was present, suggested that some satisfactory action might be obtained if the Ways and Means Committee would consult with the State Banking Department on this matter.

Attorney Van Duren also recommended that the Ways and Means Committee come to some decision in regard to the City's impounded moneys. It was suggested that since the banks are now proposing a reorganization plan, that if anything is to be done, it must be done now before the reorganization goes into effect.

After considerable discussion by different Council members, it was moved by Ald. Van Zoeren, seconded by Jonkman,

That the Ways and Means Committee be instructed to take whatever action may be necessary in order to get the local banks to release the City's impounded funds which are now necessary to carry on the Welfare work.

Adjourned.

PAYS BACK MONEY AFTER GETTING HELP FROM VETS

George Borck, secretary of the Soldiers' Relief Commission of this county, received \$5.00 a few days ago from a local man in return for assistance given him from the commission during a time when he was without employment. He expressed the determination to pay back every cent he had received.

The commission does not require any fixed amount to be paid back nor does it suggest the idea too strongly, said Mr. Borck. He believes that most of those helped are independent enough to want to return the money when possible. But we might add they don't.

The strawberry crop is one of the finest in several years ever harvested here. The yield is large, the condition of the fruit perfect, and the quality never better. The real hot weather of last week put it forward rapidly. Prices must have been satisfactory in the main to growers and consumers alike. The abundance of the fruit has placed it within reach of everybody. By going to the fields and doing their own picking some consumers got supplies for very little cost. For instance, Elmer Barge, of Watson, Allegan, sold berries at fifty cents per case under such conditions and the berries were fine in all ways.

Funeral services for William Paddock, age 67, who died at his home near Fennville last Thursday night, were conducted Sunday afternoon. Burial was at Ovid. Mr. Paddock is survived by one sister. A cooper by trade, he spent many years working in the fruit country of Michigan and New York.

TAYLOR ART SCHOOL OPENS

This week the casual visitor in Saugatuck will note with interest the renewed enthusiasm and excitement displayed at the Taylor Art school, where the energetic Cora Bliss Taylor, the director, is supervising the preparation for the summer activities and everyone awaits expectantly the arrival of Wellington J. Reynolds, the distinguished portrait instructor, who will be in Castle Park very soon.

Several Holland students who recall with pleasure the delightful hours spent painting last year in the carefree atmosphere of the school, are watching these preparations with great anticipation and marking July 1, the date of the school's opening, as their red-letter day. And it is no wonder that they are so eager when one considers the nice sunny sketches most of them brought back and the good time they all had "working hard and playing hard" in creating them. Besides, they found studying near home a good "depression killer," because a short twenty-minute ride made it possible for them to work in the school without the expense of boarding in the village. Of course, this idea is becoming rather popular among the people here, and there have been many indications that others besides last year's group from our city will be setting up their easels in the bright sunshine luscious paint on shining palettes. And those who come will surely find their summer both worth while and joyous.
