Dear, Dear, Me Too Many Deer In Hamilton

LONG PETITION WITH 200
NAMES GOES TO CONSERVATION
DEPARTMENT

Deer Eat Up Celery Plants. Very
Little Damage Done

The vicinity of Hamilton has become a large celery center—and fine celery it is too. And what is more, many little and big celery farmers make a fine return on their patches of muck. It is true all celery planters have been bothered, off and on, with harmful things that nature brings, but the Hamiltonian farmers always knew how to cope with pests that hurt growing things.

But, here is a problem that is a new one. Some ten years ago a few tamed deer were turned loose in the Kalamazoo River bottoms between Saugatuck and New Richmond, and these deer were "monarchs of all they surveyed." They are a prolific animal when in their natural state and soon little deer, or rather fawn, began to appear. There was still plenty to eat in the densely wooded river bottoms, but as years rolled around the herd became larger and larger and the deer children were numerous everywhere, until now it is said that the number in upper Allegan County is not far from 250.

They say deer have a woman's curiosity, and some of this herd traveled from the Kalamazoo River to the Rabbit River that undulates through the village of Hamilton. Undoubtedly they saw Hamilton, but investigated farther and spied these large celery fields, foreign to their native stamping ground. The celery didn't look bad so the exploring deer nipped off a few tufts to see whether the taste was as good as the looks. They must have struck celery hearts immediately. They told of their discovery, deer fashion, to the rest of the deer, and since that time these agile creatures have been going cross lots, jumping fence and bush to get to the Hamilton celery fields. They travel in the night like phantoms, and nobody knew of their coming or going until the owners visited their property in the morning and found row upon row of newly-sprouting celery browsed up.

One farmer, who owns a small farm, makes it almost as bad as the farmer who planted corn and when he turned around saw a crowd at his heels picking out the corn as fast as he planted it. He says, "The deer are right back of the boys picking out what they plant."

Anyway, the matter is more serious than to joke about, for Hamilton farmers hardly know what to do. They could rid the field of deer by shooting them, but that is against the Game Law, so they did the next best thing, and that is to have a petition signed, which was done by more than 200 farmers and residents, asking the State Conservation Department for relief against the four-legged celery thieves. Thus far from 15 to 20 deer have been seen, but the damage they did was noteworthy. If the whole herd should take it into their heads to march on the celery fields in Hamilton, then Hamilton wouldn't be the wonderful celery center it now is.

Since the deer have eaten celery they seem to crave for the brittle, crunchy morsels—and think of it—they eat it without salt, too. That is the story, so what will be the outcome is largely what the Conservation Department will do in the matter. Undoubtedly it is a fine thing to have a large herd of deer in the game preserves in the river bottoms if these can be confined there, but if they leave their reservation and eat the bread and butter that the farmers need to live on, that is a more serious matter and the celery farmers around Hamilton should have relief.

Eaters of Hamilton celery need not fear that this hearty product will not be on the market, for even now there are plenty "watchers in the night" holding vigil over the fields until some relief comes from Lansing.

The News verified this story by calling up several business men of Hamilton, who say that the petition has been signed and sent to Lansing. One business man stated that up to this time the damage has not been much and that talk made it appear more serious than conditions really are. He stated that at least 15 or 20 deer were seen and they seem to visit the seed beds more than the larger

LOCAL HOLLAND TEACHERS ON A TRIP TO HOLLYWOOD

Misses Margaret Van Vyven, Gertrude Vera and Henrietta Alt-huis, local school teachers, left Tuesday by automobile for California. The first stop they made was to go to the village where Lincoln was born and they will be privileged to drink from Lincoln's Spring. It will be remembered that Dr. Thomas W. Davidson of Hope Church wrote a poem about when Rev. Davidson and his family came to Holland some twelve years ago.

The ladies are going to visit Grand Canyon, Yosemite Valley, and, of course, many places of interest in the "Gold State." Their destination is Los Angeles and their great desire is to go through the studios at Hollywood. They carry letters of admittance from friends closely connected with some of the studios. They expect to be away at least six weeks, taking the trip by easy stages.

NORTH HOLLAND TO HEAR STANLEY M. POWELL

North Holland always has a 4th of July celebration, but since the 4th falls on Sunday the day is celebrated on Monday, the 5th. Stanley M. Powell of Ionia is going to be the oratorical speaker and he is a writer for many of the farm magazines in the nation, as well as being a good speaker on agricultural problems.

The usual 4th of July program and picnic will be held on the school grounds, and it goes without saying that all picnic sports and baseball games will be featured. One new feature, not held in this vicinity up to this time, is a horse polo contest. The best horse polo team in the neighborhood will contest and the owners will receive prizes. North Holland is making the usual Independence Day preparations.

The following are the committees for the North Holland celebration: Program—Bernard Bosman, Richard Machiele, Mrs. Harry Schut, Gerrit Lieverse; Stand—Gerrit Van Dornik, Floyd Kraai, John W. Nienhuis, Albert Siereema, Ed Schillema; Games of Skill—Peter Siereema, Dan Abels, Harold Nienhuis; Band—Gerrit Lieverse, Clarence Raak, John W. NEW PUMP COST ZEELAND \$800

Unfortunately Zeeland has been compelled to face the misfortune of replacing the water works pump at the old brick yard site, west of the city, at an expense of some eight hundred dollars. During the past year the oil circulation in the pump failed several times causing considerable damage, and it was considered wise to pull the old pump out. The new pump will be of twenty-four horsepower capacity and will be of sufficient power to draw the maximum supply available in this well. The work will be completed in about two weeks.

The Zeeland Garden Club will meet today, Friday at 2:30 o'clock at the home of Mrs. Peter DePree on E. Central Ave. Instead of at the home of Mrs. Van Koeveing as announced in the year-book, Miss Edna M. Brandt will speak on rose culture and Mrs. H. Van Eenemang will give a talk on "Color Combinations That I Like in the Garden."

Mr. and Mrs. Arthur Van Duren, 24 East 14th St., have returned home from Wyandotte where they attended the wedding of their niece, Miss Cecilia Melody to Ray Edward Mix, of Birmingham.

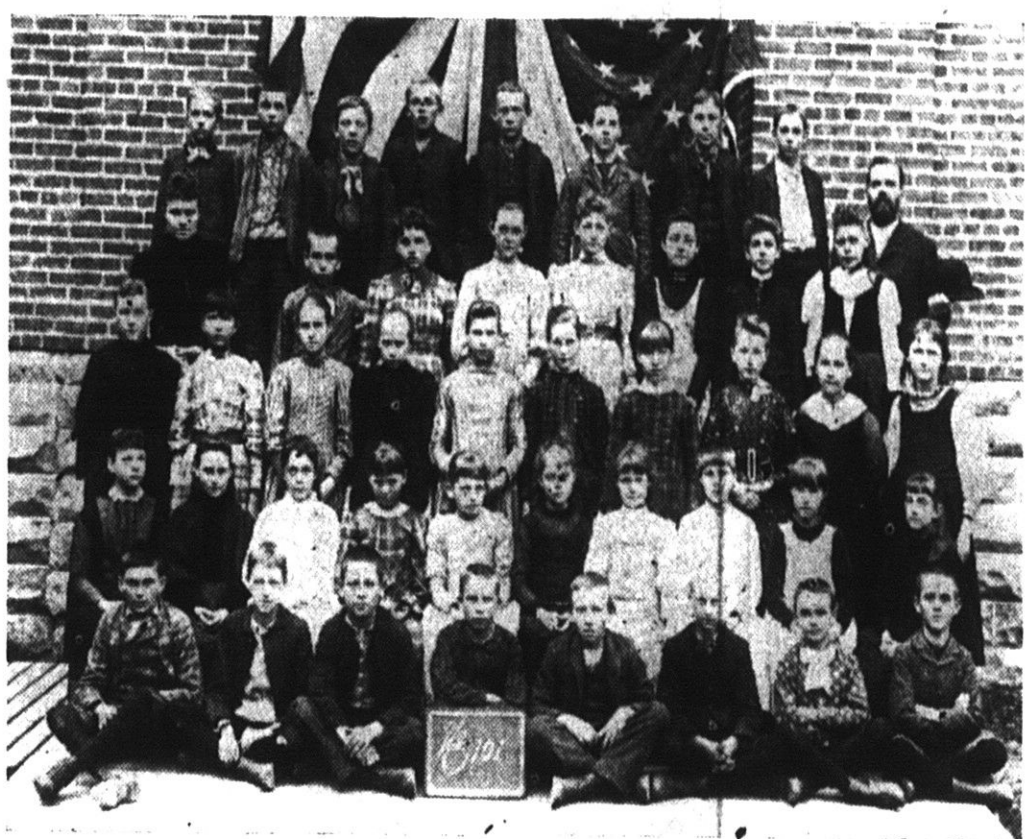

plants. He suggested putting an electric fence around each seed bed and the deer would not be so ready to enter after receiving an electric shock or two. He also stated that all celery fields are now well-guarded to prevent any more deer from going on celery jamborees.

First Deer to find Home in Allegan County

Youngsters At School In Holland In 1890

The above is a picture of sixth graders in Holland Grade School when Dr. Higgins, the gentleman with the fine growth on his chin, so seldom seen today, was the Superintendent of Schools. This was in 1890-91. This too, was in the day when photography was done by posing and not relaxation. You can tell by the derby hat.

It would be difficult to get all the names of these pupils correct, whether they are married or have passed away, but we are doing our best. At least two of them met tragic deaths and many have moved away. Several of them are business men.

From left to right, top row, are: Louis Van Schelven, son of the late postmaster; Jerry Laepple of the Model Laundry; Walter Vander Haar; Joe York; John W. Kra-

mer; Raven-Kramer; Gene Leon McKay, brother of Miss Lilla McKay, drowned in Black Lake in 1894; George Pessink; name unknown.

Second row: teacher, Reka Verbeek; John Oostema (Evangelist); Mabel Harrington; Carrie DeFeyster, (both have passed away); Mary Stegenga; Jennie Verschure, sister of Mrs. Abe Cappon; Jennie Kroeke; Anna Alberti; Professor Higgins.

Third row: Jennie Mulder, now Mrs. Abel Smeenge; Anna Zaluski, now Mrs. John Hoffman of Milwaukee; Anna Mulder; Hattie Cotts; Anna Vandenberg; Norma Anderson; Miss Reidsma; Minnie Beuwkes; Anna Van Ry; Minnie Schoon.

Fourth row: Helen Astra, now

Mrs. George Huntley, West 15th St.; Anna Ver Hult, (Mrs. Tom Powers); Helen Markham; Miss De Kraker; Anna Prakkien; Minnie Bird; Jennie Seery; Anna Ver Lee; Lemma Mokema; Helen Winter; John Steffens; John Winter; Jacob Verschure (better known as Java); Bert Smith, (at Holland water works, also Holland's official weather prognosticator); Henry Narberhus; Eckert Winter, (on faculty of Hope College); John Dinkelo, noted singer; Robert Kremers, Niagara Falls, son of the late Dr. Henry Kremers, one time mayor of Holland.

This picture was taken in front of what is now East Junior High School.

Another picture of vestervear's school days will be published in our next issue.

DR. AND MRS. JOHN E. KUIZENGA AND FAMILY ARRIVE FOR SUMMER

Dr. and Mrs. John E. Kuizenga and family of Princeton, N. J., arrived in Holland by motor car, "Schools" cottage at Central Park which was closed last season was ready to receive them. Some years ago Mr. Kuizenga was head of the Western Theological seminary, the institution from which he graduated many years ago. He also was a Hope graduate.

Mr. and Mrs. Charles H. McBride, 280 College Ave., were in Grand Rapids Thursday to attend the funeral and burial for their granddaughter, Barbara Boltwood, daughter of Mr. and Mrs. Chester Boltwood, who died Tuesday in St. Luke's hospital, Chicago, during an operation for removal of her appendix.

The new pumper can throw more than a thousand gallons a minute, while the first pumper has a capacity of about 500 gallons a minute. Note—These pumps are still in use and are in fine condition. Even the one purchased nearly 25 years ago is receiving its inspection at intervals from the company who sold these trucks to the city. Holland can always feel proud of its splendid equipment, for these trucks "can go places."

Holland should and undoubtedly will replace another pumper in the near future. With such equipment and such a wonderful body of men Holland is well insured against disastrous fire.

A piano recital, given by pupils of Miss Jennie Karsten, held at her home, 51 West 14th St., was well received by the audience. It was the second recital thus far this season. The program consisted of duets, trios and solos, and altogether the offerings were carried out successfully. Miss Cornelia Nettinga pleasantly rendered two vocal solos and other pupils taking part were Harold Sketeke, Gerard Vanden Berg, Paul Nettinga, Helena Knapp, Alice Ithman, Dorothy Dekker, Delia Helder, Margaret Vander Hart, Dorothy Van Tak, Susanna Dees, Helene Lawrence, Amanda Vanden Berg, Henrietta Schrotenboer, Alyda Glupker, and Jeanette Van Sloot.

Henry H. Boeve of Fillmore Township brought to the News of some boxes of his prize Wilson strawberries. They are perhaps the finest berries seen in this city this year. They were grown from special stock Mr. Boeve used as nursery plants from which to replenish his berry patch. They certainly were beauties as to both appearance and flavor.

Zeeland High School scored a 14-8 victory over Holland High School in a baseball game played at Holland. Ostendorf and Veenboer were batteries for Zeeland, and Aldus and Wiersma were the batteries for Holland High. A large group of rooters from Zeeland attended.

The News, in a half column article, states that it is pleased to relate that Superintendent E. E. Fell has been re-elected by the Holland Board of Education as head of the public schools. It also states that it is equally pleased of the fact that John J. Rimmersma will continue as principal of the High School. "Joek" has made a host of friends among the pupils and his work among them has been excellent. The article states that fifteen new teachers will fill vacancies and the teaching staff altogether will be 82. Note—Fifteen years later Mr. Fell and Mr. Rimmersma are still on the job and all during this time have proved able and efficient executives. The teaching staff today is 120. Mr. Fell has served the public schools in Holland for 28 years.

Ed Zwemer was granted a license to operate a lunch wagon on West 8th St. His license fee was \$75.00 a year.

Mr. and Mrs. J. A. Vander Veen left for Boston where they will attend the graduating exercises at Simons College, School for girls. Miss Kathryn Vander Veen is one of the graduates of the class of '22.

The Holland Fire Department will have a new fire truck, costing \$12,000. The type of truck is an American-LaFrance pumper and hose motor car. For some years Holland has had motor-driven fire apparatus and trucks driven by horses were also maintained. Now the horses will go and the department will be completely motorized.

Schmid's Death Is A Reminder Of Early Days

DEATH TAKES FORMER ALDERMAN AT THE AGE OF 75 YEARS

Death came unexpectedly to Nicholas Schmid Tuesday night when he was suddenly seized with a heart attack as he and the rest of the family were listening to the radio.

Mr. Schmid comes from an old pioneer family and was born on October 16, 1861. He was the son of the late Mr. and Mrs. Simon Schmid, who were also interested as stockholders in the old Cappon-Bertsch Leather Co. when it was organized three quarters of a century ago. The Schmidts were the old German type who came here from Germany on a sailing vessel and moved to Holland.

The writer remembers that Simon Schmid had a wonderful old fashioned garden and fruit orchard west of his home between Ninth and Tenth Streets. The garden covered at least ten building lots and was surrounded with a high board fence at least eight feet in height. The garden was entered from 10th Street by a large gate, also of the uniform height of the fence, which admitted teams during harvest time. Otherwise the gate was closed for the rest of the year and the entrance to the garden was from 9th St. All sorts of fruit trees and grape arbors were well kept by the Schmid family.

The old gentleman Schmid, as well as Mrs. Schmid, were very hospitable people, but their motto was "not to take, but ask for fruit," and then they were liberal in giving. Often the boys in the neighborhood forgot that motto, consequently the fine fence.

The son, Nicholas Schmid, also a fine host, had many friends. The father owned a small tannery on the northeast corner of 8th and Pine Ave. This tannery was later purchased by John and Fritz Hummel, and was burned finally. The writer remembers that some of the vat holes remained for at least 25 years longer after the destruction of the tannery.

John Hummel, together with Nicholas Schmid, joined the Cappon-Bertsch Leather Co., where Mr. Hummel became an official in the company and where Mr. Schmid was a tanner for 55 years. When the Armour Leather Co. took over the plant Mr. Schmid retired from the company he had served so faithfully for so many years.

Nicholas Schmid had been alderman of the fourth ward for several years, serving some 40 years ago. For many years he was a volunteer fireman in the old Eagle Hose Co. No. 1, when the principal equipment was a two-wheel horse-drawn cart with a bell and was drawn by man-power unless hand-drawn horse-drawn cart could be thrown into service for the fire. There was a standard price for drays to pull the horse-cart in those days. It was \$1.00 per run.

For a time Mr. Schmid operated the Consumer's Fuel Co., however, the last 18 years he has been employed at the West Michigan Furniture Co. He was a life member in the United Lodge, Holland, and was a regular attendant at the meetings of this order.

His estimable wife, Mrs. Schmid, died September 30, 1935, and Mr. Schmid felt this loss deeply up to the time of his death.

Funeral services will be held Saturday afternoon at 2:00 o'clock from the Dykstra Funeral Home and will be under the auspices of Holland Unity Masonic Lodge, where he has been a member since his youth. The body will lie in state at the mortuary on Friday afternoon and evening, where friends are privileged to pay their respects.

Interment will take place in the Schmid family plot in Pilgrim Home Cemetery.

Surviving are three daughters, Mrs. T. Elliott Wier of Davis, Calif., Mrs. J. C. Pool of Lincoln Park, N.J., and Mrs. Pardon; a son, John Schmid of Holland; a daughter, Nicholas Pool of Lincoln Park; and two sisters, Misses Margaret and Katherine Schmid of Grand Rapids. Mrs. Pardon, his daughter, lived with him after the death of Mrs. Schmid.

Mrs. Frank Dyke held open house at her home on State St., Wednesday afternoon and evening for members of the Ladies Aid society of Trinity church. The afternoon was spent in playing games for which prizes were awarded to Mrs. H. De Weerd, Mrs. G. Glupker, Mrs. C. B. Dalman, Mrs. H. Visser and Mrs. A. Van Ry. Mrs. J. Nienhuis and her committee were in charge of games. A pot-luck supper was served on the spacious lawn after which an enjoyable evening was spent.

Miss Christine Verhulst, 309 College Ave., was hostess at a surprise kitchen shower Monday in honor of Miss Jeanne Potter, whose marriage to John Nieuwma, a recent graduate of Western Theological seminary, will be an event of June 29. The ceremony will be performed in Third Reformed church at 7 p. m. After the shower gifts were received by Miss Potter the group enjoyed a supper at the beach. A shower was given recently for Miss Potter by the grade school teachers in the Christian School.

Mr. and Mrs. John Fris and Mr. and Mrs. Hein Derks of Zeeland spent two days of the past week at Fris' cottage at Zwemer's Beach on Lake Michigan.

Mrs. Peter Kaas and Miss Eunice Kaas of Chicago and Mrs. Hattie Erdmans of Miami, Fla., are spending a week at the home of Mr. and Mrs. Dick Meengs on East 15th St.

REV. ANTHONY KARREMAN ACCEPTS CALL TO GRAND RAPIDS

Rev. Anthony Karreman of Wau-pun, Wis., formerly of Holland, has accepted a call extended by Bethel Reformed church, Grand Rapids. Mr. Karreman expects to take his local charge about the first week in August.

Mr. Karreman is a graduate of Hope College and the Western Theological seminary. Mrs. Karreman was formerly Miss Marguerite Mulder, sister to the Holland Mulders of which your editor is one. The Karreman's will spend a part of the summer at Central Park.

BRIDAL HOME BUILT IN 1860 SOLD

A landmark at Dauglas known as the Michael Spencer home, which Spencer built for his bride in 1860, has been sold to Charles and Katherine Koning of Saugatuck, who are rebuilding and enlarging it, though keeping to the original colonial design, for a public eating house. The place will be called Tara and has a seating capacity of 125.

HOLLAND FRUIT UNIT IS SEEKING WORKERS

The Holland office of the national re-employment service received a request from the Benton Harbor Fruit exchange Monday for from 75 to 100 women and girls to work in its Holland branch, which has been established in this city. All applicants for the positions with the company are being placed through NRS.

Charles Vos, assistant superintendent of the city's public works, announced Thursday that work of painting the standpipes at the Fifth St. power plant will get under way sometime next week. H. Kammeraad, local painting decorator will supervise the work. It will be painted a dark green to replace the present aluminum color. It is expected that the work will be complete within a week or ten days.

Vernon D. Ten Cate, Holland attorney, has returned from Chicago where he witnessed the Louis-Braddock fight Tuesday night. He accompanied his uncle, O. W. Dean, of Benton Harbor to Chicago and spent Tuesday night in the Dean home before returning to Holland Wednesday.

HOLLAND BOY SCOUTS GO TO WASHINGTON, D.C. TODAY

Today, Friday, everything is ready for a trip of the Ottawa-Allegan County Boy Scouts who are to participate in the National Jubilee at Washington, D. C. The troop from Ottawa and Allegan Counties will leave the Holland depot in a special car attached to the Pere Marquette train, which will go to Grand Rapids, Detroit, and so on East. The train will leave at 4:15, and the boys will be away for two weeks and will be back here by Friday, July 10, and will return by Friday, July 10.

Dr. Otto Vander Velde, local chairman of the health and safety committee, will assist other physicians in giving the boys a final inspection at 3:30 today. It is expected the troop will reach Washington Sunday afternoon at 4:45. They will make a stop over at Harper's Ferry, one of the show places of Civil War days. The boys will camp on Columbia Island in the Potomac according to Scout Executive Russell.

Harvey Hop, the delegate from Holland to go to The Netherlands as an international delegate, will also go to Washington, but after July 10 he will sail for Europe, where the World Jamboree will be held from July 29 to August 13. He will serve as representative from New Holland to Old Holland and will have a message with him from Mayor Geerlings.

The boys from Holland who are going are: John Avers, James Brooke, Robert Strowenans, Clarence Harris, Robert Rose, Dean White, Jack Krum, Seymour Padnos, Charles Dykstra, Leonard Dick, Dale Fris, Gerald DeRidder, Leroy Adler and Elmore Van Lent. Other boys from Otsego, Allegan, Spring Lake, Ferrysburg, Grand Haven, and Saugatuck are also scheduled to go.

The six leaders in charge of the scouts will be Scout Executive Russell, Jack E. Spangler, Jr., scoutmaster; Elmore Van Lent and George Prada, assistant scoutmasters; W. Preston Bick and Edward C. Roberts, regional staff members.

It will be remembered that Harvey Hop, 321 Central Ave., who will go to the Washington, D. C. Jamboree, will leave there after this convalescence is over, and go to the World Jamboree to be held at Vogelzang-Bloemendaal, Netherlands. Mr. Hop will take with him a message from Mayor Geerlings, written on a scroll in both the English and Dutch language. The message from Mayor Geerlings is: "To Her Majesty, Queen Wilhelmina of The Netherlands."

"I greatly appreciate the privilege, in behalf of the City of Holland, to introduce to Her Majesty, Mr. Harvey Hop, who is selected as the official delegate from New Holland to Old Holland, to attend the World Scout Jamboree at Vogelzang-Bloemendaal. The citizens of our city are very much interested in the scout movement. A great many of our boys are very active in this work and are giving a good account of themselves. They enjoy the work immensely and in every way meet the requirements of scouting."

"We feel highly honored that one of our number will represent our city. We believe that he will measure up to our expectations. He has been engaged in scouting since 1930. He is assistant scoutmaster of Troop No. 9, sponsored by Hope Reformed church."

Farmers Pay Loans Better Than Before

ALBERT STEGENGA OF HOLLAND AGAIN HEADS GRAND RIVER NATIONAL FARM LOAN ASSOCIATION

700 Borrowers in County

At a meeting of the Grand River National Farm Loan Association stockholders held Tuesday at Alendale, an enthusiastic gathering of Ottawa County agricultural borrowers were present. The purpose of the meeting was largely to hear read the annual report, which Albert Stegenga of Holland states is the best report since the depression; in fact, was ahead of even last year. He states that the loan payments on farms and the interest payments are met promptly and that delinquents are about 1/3 of what they were before. He stated that where there were three delinquents a year ago there are less than one now, and that surely appears to be healthy sign.

He stated that in Ottawa County there are 700 borrowers, who borrowed from three branches from which government loans could be secured. They are the Federal Loan, the Land Bank Loan and the Commissioner's Loan, the interest rate being very low, simply for the purpose that the farmer can meet this interest periodically and also pay something on the loan. The lowest rate is 3 1/2% interest and slightly higher in one of the branches where the risk is greater, or a second loan would be involved.

Formerly Albert Stegenga was Secretary-Treasurer of the Grand River Association with offices in Holland, but the three borrowing units have now been combined as far as administration is concerned, and the work is done by one secretary and treasurer, namely, Vern Shotwell of Grand Rapids, who was re-elected for the ensuing year.

At the Alendale meeting, held at the town hall, it was also decided to hold a picnic sometime in the early fall when the borrowers from "Uncle Sam" and their families will go on a day's outing and will forget all about money matters. That surely will be a unique picnic, with 700 borrowers and their families in one group enjoying all the picnic sports and taking with them well-filled baskets of food.

The meeting closed with the election of officers, Albert Stegenga being elected President; Albert Knoll, Vice President. Both are from the vicinity of Holland. William Nienhuis, also living near Holland, was named director as were Harm Bennink and Henry Gunnsman, both of Coopersville.

BIG PAVILION OPENS OFFICIALLY, WED, JUNE 30

The activities of the resort season of our neighbor, Saugatuck, is marked largely by the opening of the Big Pavilion, one of the most attractive and beautiful recreational spots in this vicinity. The Pavilion interior has always had rather a fairy-like, enchanting aspect with its beautiful music, lighting arrangement, its moonlight effect through subdued lights, and all those features that are so foreign to the everyday, busy life.

The Big Pavilion will open its doors next week Wednesday, June 30, and Stan Norris, nationally-known band director from the Merry Garden Ballroom, Chicago, has been engaged for the summer by

STAN NORRIS

the Big Pavilion authorities. Norris and his noted band have broadcasted nightly over WMAQ, the Chicago Daily News station. The reception from this station has always been wonderful, and Stan Norris' organization has been received with loud acclaim. With the orchestra there will be a celebrated woman vocalist, who comes highly recommended.

Elsewhere in this issue will be found the fee charged for all night dancing during week nights, which is slightly advanced on Saturday nights. The Big Pavilion has been completely changed with separate entrances for both theatre and ballroom. The refreshment lounge has been enlarged to double its former capacity. There is a remarkable change for the better in the Big Pavilion, which has always been a wonderful spot, not alone to the tourist public, but for residents embracing nearly all of Western Michigan. It is a show place in this state's resort area.

Miss Barbara Telling, daughter of Mr. and Mrs. J. E. Telling of Sunset Terrace, has returned to her home here after spending a week with friends in Chicago. Miss Telling recently completed her year's work as a student at the University of Michigan.

Henry W. Mulder, 58, and his wife, Mrs. Mary Mulder, 58, residing on rural route No. 5, Holland, had narrow escapes from being crushed to death in an accident which occurred Monday about 9:45 P. M. on US-31, one and one-half miles South of Holland. The two escaped with only minor cuts and bruises. A heavy freight truck, the property of the Wolverine Express Corp., driven by James Hulbert, 39, 1543 Biedler St., Muskegon, and a small pickup truck driven by Mr. Mulder were proceeding south on the highway at the time of the accident. Mr. Mulder passed the truck and when he decided to turn to the left he became confused by the lights of another truck following the one driven by Mr. Hulbert. The small truck struck the larger one near the middle and became wedged under the tire rack. Careful handling of the truck by Mr. Hulbert is believed to have prevented Mr. and Mrs. Mulder from being more seriously injured. Messages From Genesis — Hebrews 11:3-10; 17-22.

Henry Geerlings

Genesis is a great book of beginnings. It links up its readers with the faraway, if they have imagination and minds open to suggestions. It is a pity when the reader approaches this hoary old book with fixed ideas and preconceived notions and with the determination that he is going to make the book conform to his ready-made conception. A true reader of this book will let the book inspire him and stir his imagination and open wide windows in his soul. The wise reader will lay all the emphasis on the windows and will care nothing about the jams. He will be wanting to see and seeing will be the chief thing with him. So every honest, suggestible and reverent reader of the book will learn many lessons from it.

The first thing we discover is that God is back of everything. We have not found any other theory of creation and creation processes. We have not worried about the "day" problem nor about the order and process of creation. We are not concerned about the "how" of creation; just about the fact of it. We want to be able to say that God did it. The book confirms this belief. It is a most inspiring and comforting belief that God is back of the whole universe in ways beyond our comprehension, but nevertheless back of it. It is the only rational thing we can do. We have not the least disposition to believe that we are living in a chance universe, and that the problem of God is best settled by

DATES SET FOR 1938 TULIP FESTIVAL

Tulip Time in Holland in 1938 will be held May 14 to 22, inclusive. It was decided at a meeting of the Tulip Time Committee, held Monday afternoon, in the Chamber of Commerce headquarters. The committee received the resignation of Mrs. J. E. Telling, the general chairman, with deep regret. Mrs. Telling, who has served in this capacity for seven years, deserves much credit for carrying the burden of the festival development from a very humble affair to one of the nation's three greatest floral festivals.

Appointment to fill the vacancy is made by the president of the Chamber of Commerce and no successor has yet been named.

Specifications for tulip bulb requirements, requiring 113,700 bulbs were decided. This includes new plantings at Windmill Park, mass plantings at Kolk Park and the remainder to be distributed over the lanes and other points which need replanting.

A complete audit of the financing of the 1937 festival will be made at the end of the fiscal year, which is July 31. Figures available at this time show receipts of \$7,492.72 and disbursements of \$8,118.74, leaving an operating deficit of \$626.02. Voluntary subscriptions of \$190 have been received to apply against this deficit. Those interested in aiding the committee to clear up this deficit are urged to send in their contribution at once, otherwise it will be necessary to send out a soliciting committee, which should not be necessary, it was pointed out.

HATCHERYMEN ELECT NEW OFFICERS AND STAGE OUTING

The annual outing and picnic of the Michigan State Poultry Improvement association and their guests was held Tuesday at Tunnock park. More than 300 poultry raisers of Michigan were present. Three new directors and officers of the year were elected during the business meeting Tuesday morning. At noon a basket lunch was served. Coffee and ice cream were supplied through the courtesy of the M.S.P.I.A.

The three new directors are W. A. Downs, Romeo, reelected; M.J. Kole, Holland, reelected; Earl Loudon, Rives Junction.

New officers are W. A. Downs, president; Prof. J. M. Moore, Michigan State College, extension specialist; reelected secretary-treasurer. Annual reports of the secretary-treasurer and the field manager, Ray Connolly, were submitted. Honored guests at the outing were Prof. C. G. Card, head of the poultry department, Michigan State college; James Davidson, in charge of the Michigan State experimental plant; William Wisner of the bacteriology department of Michigan State college; A. C. Moreley, Allegan county agricultural agent; L. R. Arnold, Ottawa county agricultural agent; and Otis Shear, Michigan State college extension specialist.

In the afternoon a program of folk dancing by a group of Holland high school girls was given. Musical numbers were given by a quartet composed of Donald Lievense, Frank Kammeraad, Elmer Brandt and Robert DeVries.

Ben and Jack DeWitt, brothers, gave a humorous dance. Accordion and saxophone musical numbers were played by Mr. and Mrs. Roy Nykamp of Zeeland. Later in the afternoon, races for children, fat man's race, three-legged race, sack race and horse-shoe pitching contest were held.

The Ottawa county hatcherymen, who challenged other hatcherymen of the state to a baseball game, lost to the acceptors of the challenge by a 11 to 10 score. In a challenged tug-of-war, county hatcherymen also lost to the state hatcherymen.

The poultrymen voted unanimously to invite the International Baby Chick association to hold its 1938 convention in Grand Rapids.

The annual tour of the Michigan Record of Performance association was set for June 29 and 30.

NEWSPAPER FRATERNITY FROM ABROAD SEES AND HEARS OF HOLLAND

A score or more editors, traveling representatives of organizations who are taking a tour of Michigan, "the playground of America," also had Holland in their itinerary. The delegation stopped for twenty minutes under the shade in Centennial Park, and in the absence of Mayor Henry Geerlings, Bill Connolly, the town greeter, greet the visitors, pointed out that Holland was in the heart of the resort district and welcomed them. He thanked the newspapermen present, many from large publications, for their liberal publicity before the "Tulip Festival." He pointed out how a city of 15,000 had been recognized the nation over as the Tulip City and center and that this small spot, where the Hollanders first settled, entertained three quarters of a million people in nine days, a feat that had not been surpassed anywhere. He pointed out that while Holland was the center of attraction, the cities all about us benefited tremendously because of the large influx.

The local committee had to put on a little Dutch stunt so Mr. Connolly brought out Misses Janet Oudman and Helen Mae Heasley and Eitel Eberhardt, dressed in Dutch costumes.

The visitors came here from Grand Haven where they were met by a group of local persons, including John Good, Lou Van der Burgh, Dr. Garret Heyns, Joe Rhea and Major Henry Geerlings. The visitors, traveling in a chartered bus and preceded by two state police officers, left Holland about 11:20 a.m. for South Haven where a luncheon was to be served.

Denies Motion For New Trial In Assault Case

DEFENSE FOR MISS ANDERSON, C. TRICKER, R. VAN STRAAT BROUGHT IN HIS REASONS FOR HIS LEGAL PROCEDURE

Arguments for and against a new trial for Cleatus Tricker, Russell Van Straat and Miss Margaret Anderson, now serving prison sentences for assaulting and resisting a special officer in Grand Haven on April 30, were made before Judge Fred T. Miles by Charles E. Misner, attorney for the defendants, and John R. Dethmers, prosecuting attorney, for the people.

Judge Miles, after two hours of arguments by the attorneys, stated he would examine the transcripts of the charge and the testimony before rendering a decision as to whether he would either deny or grant a new trial.

Motion asking for a new trial was denied in an opinion filed by Judge Fred T. Miles in circuit court early in the week.

Judge Miles states: "Every point made by the motion has received careful consideration. While no new trial may be granted even if there were error, unless such error has resulted in a miscarriage of justice and unless upon the whole record it appears that some prejudice has resulted, still in this case not even an error has been pointed out."

"Some attention is given in the argument regarding the refusal to admit to bail pending appeal; however, the situation existing and as shown by subsequent events, indicates that the court did not abuse the discretion declared by the statute."

"For the several reasons pointed out, that under the evidence and the spirit of the law, no error has been committed, and the motions for a new trial are denied."

Judge Miles in an opinion of some length went over every point raised by Charles E. Misner, attorney for the respondents, in the arguments made before Judge Miles Thursday, June 17.

The Judge ruled the verdict was not contrary to the weight of evidence, and that the verdict was based on the evidence. He ruled that the court did not err in rejecting certain testimony, and that it was a fair trial.

Since Judge Miles has refused a new trial, Att. Charles E. Misner of Grand Haven has asked for an appeal of the case to the Supreme Court.

COVERED WAGON LIKE A PRAIRIE SCHOONER VISITS HOLLAND

The "covered wagon," much like a "prairie schooner," advertising the charter celebration to be held in the City of Chicago this summer, arrived in Holland Monday from Grand Haven. The wagon was not drawn by horses but mounted on an automobile chassis. It stopped at the City Hall, where there was a committee headed by Mayor Geerlings to greet the delegation that occupied the "covered wagon." Members of that unit carried an impressive-looking document, or rather a scroll of parchment, with a message from Mayor Kelly of Chicago.

Miss Bernadine Bayston, a pretty Chicago lass, presented the scroll to Mayor Geerlings. Other ladies were Miss Dorothy Levie, Miss Francine Ames, also comely-looking Chicagoans. Others in the party were John Ryan, Miss Kathryn Darlier, director of production, and Russell O'Brien, business manager.

Mayor Henry Geerlings, in behalf of the city, welcomed the group and stated, "The latest thing in Holland is always hanging out for a friendly neighbor." The bearing of the message asked Mr. Geerlings to write a special one to Mayor Kelly in a book which the young lady had with her.

"Bill" Connolly, Holland's greeter, came in somewhere and the Chicago party were all inducted into the "Ancient Order of Klompen," when each received a pair of "Klompes" as a password certifying to their membership.

The young ladies in the party were properly gowned in costumes typical of the colonial era of a century ago. That was also true of Mr. Ryan, who wore a long-tailed frock coat. Miss Bayston was tented all around in the old-fashioned hoop skirt of yesteryear, while Miss Levie and Miss Ames were topped off with the old-fashioned poke bonnets and colorful voluminous skirts.

The group has been on the road since May 6 and has visited six states including Illinois, Indiana, Kentucky, Tennessee, Ohio and Michigan, and the province of Ontario in Canada. They have returned to Chicago after visiting in South Haven, Benton Harbor and St. Joseph. They will leave on another trip on June 27.

The message of Mayor Kelly follows: "In token of the traditional friendship and good neighborliness which I feel unites the citizens of your city and those of Chicago, I take great pleasure in extending through you—in your honored and official capacity—as mayor—Chicago's official welcome to the people of your city to come to Chicago during its charter jubilee and join in the celebration of its hundredth anniversary as a city."

Common Council Does Much Work At Special Meet

LONG ORDINANCE MAKES
MANY CHANGES IN TRAF-
FIC RULES

Half Hour Parking Contemplated.
No More Fire Cracker-Shooting
Says the Mayor

At the special meeting of the Common Council the Aldermen maulled for hours over a dozen columns of printed traffic ordinance copy that has been held in abeyance for the last few months, and after more than a year's work on the part of the Ordinance Committee in collaboration with the Board of Police and Fire Commissioners. Going over such a long ordinance section by section, is a tedious chore, and for that reason a special session was called for that purpose and when nothing else would bither.

But, despite this fact, many things did come up. For instance, the shooting of fire crackers weeks before the great day of Independence, which, according to a message of Mayor Geerlings, "will be stopped from now on under the state law," re-routing of trucks away from Holland Hospital; buying of Tulip Time gloves; the purchase of a grass cutter to cut away noxious weeds along the curb; and other matters of interest will be found in the official council in this column.

In going over the traffic ordinance certain changes were made, namely, the parking on River Avenue and 8th Street be limited to only a half hour instead of an hour, which is now in vogue. That portion of Eighth St. for which the shorter parking time limit is proposed extends from College Avenue west to River Ave. On River Ave. from Seventh to Ninth Sts. As proposed in the ordinance, this time limit would be in effect from 8 a. m. to 6 p. m. on week days and Sunday and on Saturdays from 8 a. m. until 10 p. m. The continued time limit of one hour as is now in effect is proposed for Eighth St. from College to Lincoln Aves., Eighth St. from River to Pine Aves. and for River Ave. from Ninth to 12th Sts. between the hours of 8 a. m. and 5 p. m. on any day except Sunday. Another habit that is going to be cured by the ordinance is the "sponging" of young folk in parked automobiles along the street, in dark places—sometimes. This habit is growing again as summer comes on, and a section of the ordinance covers that point.

The ordinance also provides that not more than three persons shall occupy the front seat of a car, nor shall adults or minors be allowed to sit in the lap of a driver, nor sit in the lap of a person occupying the front seat.

The matter of parking a half hour brought up some discussion. Mr. Van Ry, Chief of Police, feels that with the marking of cars every half hour it would need more help; in fact, one man would have to be constantly on the job. City Att. Parsons conveyed this message from the Chief to the Common Council. The Chief also contended that a half hour limit would scarcely be long enough for reporters and other tourists to make their purchases. It was then brought out that most of the time it would give a purchaser nearly an hour because when the shopper arrives at his car it did not say that the officer would be right there to mark the car, but would mark it on a 30-minute basis when he made his rounds again.

Alderman Henry Prins objected to having two or three traffic cops at every intersection on the main streets on Saturday night when traffic lights are there for that purpose. He stated that some of these could be transferred to car-marking and the expense could be thus saved.

Everyone is not entirely satisfied, however, that half hour parking will be ample for shoppers. The angle parking situation, we are happy to say, has been amicably solved, and according to the car-marker, Officer O'Connor, the angle adds about six feet to the width of the street, and that ought to help some. It is hoped that the time limit for shoppers may be settled as satisfactorily. It might be tried out just as the angle parking has been done and a quarter of an hour extra might alleviate that situation if a half hour is not long enough.

Anyway, it is a case of a problem that is never going to get better considering the ever-increasing number of cars that find their way on the streets and highways. It is expected that the new ordinance will come up for final reading and passage on the first meeting in July, which will be on Wednesday, the 7th. The usual time of 20 days must elapse before the ordinance is put into effect. The official council as compiled by City Clerk Oscar Peterson is found below:

COMMON COUNCIL

Present: Mayor Henry Geerlings, Aldermen Prins, Drinkwater, Kalkman, Brouwer, Oudemool, Steffens, Damson, Huyser, Bultman, Smith, and the Clerk.

Mayor stated that the meeting had been called for the purpose of considering the new proposed Traffic Ordinance.

On motion of Alderman Prins, seconded by Brouwer,

The Council went into the Committee of the Whole with Alderman Oudemool in the Chair.

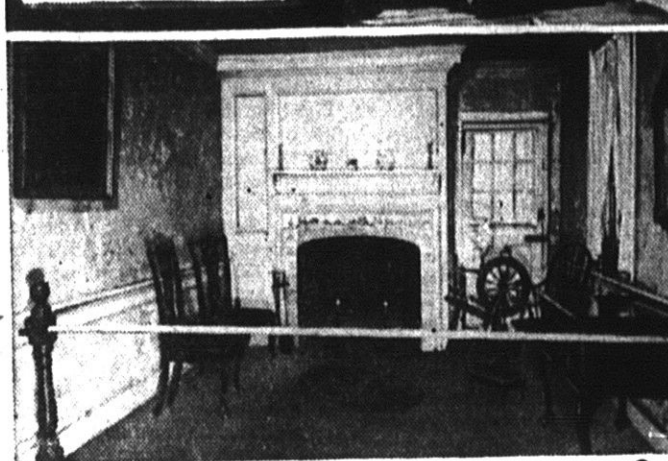

After considerable time spent therein, the Committee arose and through its Chairman reported that they had practically completed the first reading of this new Ordinance

Where First American Flag Was Made

THE Betsy Ross House in Philadelphia, where the first American flag was made, is being restored to its colonial condition, through the generosity of A. Atwater Kent. For many years this house has been visited by thousands of tourists annually.

Falling rapidly into ruin, the dilapidated condition of the historic shrine was brought to Mr. Kent's attention through a newspaper article which pictured the falling plaster, the leaking roof and general condition of disrepair.

The living-room, shown, still has the gorgeous fireplace with white marble framed with the original blue Dutch tile. The room was originally decorated in blue.

The Star Spangled Banner

UNDER the starry flag that waves over this fair land, every citizen is a king, and there is no avenue to wealth and fame, position and power, that is not open to every child of the Republic.—W. A. Prosser.

THE Star Spangled Banner was designated as the national anthem by an Act of Congress, approved on March 3, 1931. It was written by Francis Scott Key after he had witnessed the British bombardment of Fort Mifflin in Baltimore, in 1814. The words of this stirring song were sung to the tune of "Anacreon in Heaven" and immediately became popular and it was regarded as the national anthem though it was not made legally so until 1931.

OTTAWA COUNTY FARM AGENT TELLS HOW PRIZES CAN BE ATTAINED

Several Ottawa County growers have enrolled in the 1,000 bushel contest sponsored by the Pennsylvania Railroad. This contest has been carried on for two or three years. Growers who can show an acre of onions which gives a yield of 1,000 bushels receives a gold medal. Those who have a yield of 850-1,000 bushels receive a silver medal. Medals are presented to winners at the Muckmen's banquet held at the College during Farmers' Week.

No grower in Michigan has yet won the gold medal. Several won silver medals in 1936. No Ottawa growers enrolled in 1936. L. R. Arnold, Agricultural Agent, and S. D. Friend, Agricultural Agent of the Penn. lines contacted lowland farmers recently and enrolled quite a number for this event. Mr. Arnold found 2 growers who might easily have won a gold medal in 1936. In addition to the medals the onion grower who has the highest yield in the state receives a ten dollar cash award. The grower who records highest yield in the county gets a five dollar cash award.

Mr. Arnold also discussed the state-wide muck growers show to be held at Plainwell in September. Any crop grown on muck will be displayed. Only one state in the union holds such a state-wide show. This is Indiana which has only about one tenth as many acres of muck land as Michigan.

The September show is sponsored by business men of Plainwell and the American Legion Post of that city. If successful it is contemplated that it will be an annual event.

Any lowland grower interested in the 1,000 bushel contest or in displaying at this show should contact L. R. Arnold, Agricultural Agent, Grand Haven.

FISHERMAN POSTPONE GRAND HAVEN MEETING

Lake Michigan Fishermen's Association election which was to have been held here last evening, has been deferred until August 9, due to small attendance. A social meeting featuring a supper will be held July 12.

Deer Meets Strange Death

An extraordinary accident which killed an adult buck deer in the Van Owen yard, western part of the upper peninsula, was witnessed by I. F. Schneider, state game man. Schneider jumped a deer which ran into a sharp branch projecting from a partially fallen tree, the end of which entered the deer. The buck ran 100 feet and dropped dead.

START ON NEW ZEELAND PLANT

Zeeland—Work began on the new \$85,000 municipal electric light and power plant Friday under supervision of City Superintendent Gerrit P. Rooks. The plant is to be located on Washington st. on the property recently acquired from the state highway department, near the new city warehouse.

The revenue bonds placed on sale early in March by the city were purchased by the Fairbanks Morse Co., and the city will not have to resort to personal or property tax assessment.

The equipment in the plant is to be installed at a cost of \$59,544. This will include two 375-horsepower Diesel engines, which can be operated as a dual unit or individually.

Construction of the new building will be done under direction of Peter Brill, local alderman and contractor. The concrete base and walls will be placed Monday. The building is to be of brick, 42x68 and 26 feet high.

FIRECRACKER MAY CAUSE LOSS OF SIGHT

Jemina Ensing, oldest daughter of Mr. and Mrs. George Ensing, Zutphen, suffered injuries to the left eye, Tuesday morning, caused by the exploding of a firecracker. The firework bounded back as she hurled it on a stone for the explosion and the results were disastrous, indeed. She was immediately taken to the Blodgett hospital where she remained until Friday evening. A surgical operation is necessary in two weeks, when it is hoped she may regain her eye sight.

Van Norden, 28, Holland; James Heerspink, 28, Holland and Cornelia Ten Hoer, 30, Holland; Earl Van Dort, 25, Holland and Betty John, 25, Holland; Henry C. Seekamp, 28, Holland and Leona May Frederick, 24, Kalamazoo.

Rev. and Mrs. John Roggen left for Maurice, Iowa today coming to Holland to take back their children from school and Hope College. While here they also visited their daughter in Hamilton. For more than twelve years Mr. Roggen was pastor of the Reformed Church at Hamilton.

Mr. and Mrs. Leonard Steketee and daughter left yesterday for a vacation trip by automobile. They will tour in Indiana, Illinois, Wisconsin, will visit Chicago, Milwaukee, and will visit the celebrated Wisconsin Dells, one of Wisconsin's resort wonders.

Funeral services were held, Wednesday at 1:30 p. m., at the home, for Alma Mae Franken, infant daughter of Mr. and Mrs. Frank Franken, who died Sunday night at her parents' home at 315 East 11th st. The Rev. L. Velkamp, pastor of Central Avenue Christian Reformed church, officiated. Burial was in Fairlawn cemetery. Besides the parents, she is survived by two brothers, James and Harold.

Inland Lakes Open for the 1937 Season To-Day Friday

FISHERMEN NEED ONLY 50-CENT LICENSE TO FISH
ALL INLAND WATERS

Today, Friday, June 25, all of Michigan's inland lakes will be thrown open to fishing of every kind. This means that fishermen will not be restricted as to the waters they may choose for their fishing sport nor the species they may take. The day marks the opening of the annual bass and bluegill fishing period. The season has been closed to the former since Jan. 1 and to bluegill fishing since May 1.

While many changes in the fishing laws have been contemplated this year, none apparently will affect the size and daily limit as established last year. What changes will be made by the Legislature cannot possibly go into effect before 90 days after the Legislature adjourns, and perhaps not until Jan. 1. This all depends on how the new law reads when finally approved.

Fishermen will not be required to pay more than 50 cents for a resident fishing license when the season opens, notwithstanding the many rumors that a \$1 license fee has been enacted. This is not true as yet.

Large and small-mouthed black bass are held to the old 10-inch limit, with five in one day or in possession at any time. Pike and walleyes must be 14 inches long and not more than five can be taken in one day. Perch, rock and calico bass must be six inches long, and the combined daily limit is 25.

Last year witnessed rather heavy planting of bass and pan fishes in a large number of inland lakes, and this should show up in good catches this year for many of them were advanced fingerlings.

Fly fishing for bluegills will increase in popularity, for many fine catches were made by this method last year. Likewise bass fishermen are leaning more and more to flies rather than plugs.

The coming season should furnish better inland lake fishing than last year due to increased planting of game and pan species and higher water levels.

The Holland Fish Game Club has again done its share in planting the waters in this vicinity and undoubtedly this will be reflected in the strings of fish caught this coming season.

THIEF TAKES \$50 FROM GRAND HAVEN CONVENT

The home of the Sisters of Mercy of St. Patrick's parish at Grand Haven, was reported broken into and \$50 taken from the dresser drawer while the Sisters were in church preparing for early Mass between 7:30 and 9:30 a. m. yesterday. Chief of Police Lawrence De Witt said the job appeared the work of someone familiar with the absence of the Sisters. The back door was forced open he reported.

ESCANABA SAILS TO UNDERGO REPAIRS

The coast guard cutter Escanaba sailed for Manitowish, Wis., where it will be drydocked for repairs to its hull. The ship is expected to be out of service 25 days. Officers said its hull took a severe beating when it was used to break ice in the Straits of Mackinac.

The Welcome Corner class of the First Methodist church met at the home of Judge and Mrs. Fred T. Miles Friday evening for a pot-luck supper. Twenty-five members were present. The next meeting will be a finely picnic, July 16, at Ottawa Beach.

The final meeting of the Beechwood Boatsteries was held, last Wednesday evening, in the school gymnasium. More than 50 women were present. Plans were made for a pot-luck supper to be held June 30 at Tunnel Park.

PEONY GARDENS AT STALL- KAMP HOME ATTRACTIVE

The mass plantings of peonies in the gardens of Mr. and Mrs. Leonard Stallkamp, just beyond Sunnycrest on the Park road, are extremely attractive and may be seen from the main road. The peonies are of the finest varieties known and range in color from deep reds to solid whites. To view the exquisite landscape effect and beautiful gardens, created in a natural setting, one must drive in the side road, immediately west of the home of the Stallkamps to a back road which overlooks the ravine, according to William M. Connolly, Chamber of Commerce manager, who made a visit to the gardens.

MOTHER AND DAUGHTER OF ZEELAND PUNCTUAL PEOPLE

Miss Helen Fairbanks, 18-year-old senior being graduated from Zeeland High school this year, has established some kind of record, her teachers believe.

She never has been absent from school or tardy throughout her entire scholastic career of 18 years. Helen is an honor pupil and has been class treasurer all four years of her high school course. Her record for punctuality she attributes partly to good health and a keen interest in sports.

Miss Fairbanks is the daughter of Mrs. Fred Fairbanks, school librarian, whose record for punctuality nearly equals that of her daughter. The mother completed 11 years of perfect attendance before being graduated from the same school.

RUFUS CRAMER BACK IN POLICE WORK

The discharge of Clarence Kammeraad, 224 West 17th st., as driver of the night car of the police department and the hiring of Rufus L. Cramer, former deputy sheriff, to replace him was announced by Cornelius Huizenga, chairman of the board of police. The personnel committee including Mr. Huizenga, Fred Kamferbeek and Cornelius Stokette made the recommendation to police chief Frank Van Ry. Kammeraad was appointed to the police department some time ago when a change was made.

Jay Dalman, night driver, was changed to the day force and was assigned to motorcycle duties. The change created a vacancy on the night force and Mr. Kammeraad, who previously had filed his application with the board, was named to fill the post. Now Rufus Cramer a former policeman and deputy sheriff has the place.

HOLLAND IS TO BE A GOOD NEIGHBOR TO MUSKEGON IN THEIR CENTENNIAL CELEBRATION

Housed behind a log stockade in the Municipal Mart grounds, Muskegon will stage its Centennial and Lumber Jack Festival, July 17th to July 31st. There will be a Log Exposition Building constructed in the primitive architecture of the lumber camps and trading posts of 100 years ago. The program includes champion wood choppers and log rollers, exhibits of art, agriculture and industry, the house of Magic, an authentic Indian village, aquatic events and lumber jack contests.

The invitation issued by the committee reads: "Muskegon, the city that cut the lumber that built Chicago and 100 prairie towns, invites its children to come home and revisit the scenes of their childhood."

Perhaps not many residents of Holland hailed from Muskegon, but Holland nursing its good neighbor policy will participate in the event on Thursday, July 22nd when floats, Dutch costumed marching units and Klompen Dancers enter the parade on that day at 11:00 A. M. This is designated as Netherlands Day and all participating will be given tickets of admission to the Centennial grounds and the participants remaining for the evening will be the guests of Mayor John Vander Werf at a lumber jack supper.

The Holland Chamber of Commerce has appointed the following committee to organize the units—James Butler, Chairman; John Eaton, Sip Houtman, Bruce Van Leeuwen and Herb Marsijle. Boys and girls, men and women in Dutch costume who would like to join in the event are requested to notify any member of the committee. One of our Klompen dancing units will appear on the stage in the afternoon and perhaps again in the evening. Any manufacturers or other advertisers wishing to enter a float should advise William M. Connolly, Manager of the Chamber of Commerce.

SOILS MEETING SET FOR OTTAWA JUNE 24

Throughout Michigan meetings are being scheduled and held, including a meeting in Ottawa county, today, to discuss methods of conducting the 1938 federal agricultural conservation program, it is announced by County Agricultural Agent L. R. Arnold.

Members of the boards of directors of the county agricultural conservation associations, county agricultural agents and members of the county agricultural planning committees will attend. The meeting in this county, to be held in the Court House, Grand Haven, is open to the public.

One of the most important questions which the county group is to discuss, is the relative emphasis which should be given in next year's program to soil building practices and diversion payments to be made for diverting land from depleting to fertility conserving crops. Another question involves the relative importance of various factors on individual farms which might influence participation and payments.

Many farms in Michigan are relatively small in acreage. The county committees are to recommend whether such small farms should be encouraged to further reduce soil depleting soil acreages.

Farms including submarginal lands where crop production is inefficient and wasteful also are to be discussed in these county meetings. The problem is acute in parts of Ottawa county.

Reports are to be made out in duplicate and mailed to the state office in Lansing. A summarization will be made of Michigan conditions and recommendations through the office of Maurice A. Doan, state chairman of the Michigan agricultural conservation committee.

Cut Worms Have Been Very Active in This County

County Agr'l Agent L. R. Arnold states that cutworms have been quite active recently. Many growers have been complaining of destructive activity of these pests. Great damage was done by these creatures in 1936. They possibly may be as troublesome in 1937.

Cutworms are the larvae of moths. Generally they pass the winter partially grown in sod. They get busy in the spring attacking green vegetation. Fine stands of different crops are often destroyed in a short time by these worms.

The best and easiest way to get rid of them is to poison them by means of poison-bait. The mixture generally advised consists of: Bran, 3 pounds; White Arsenic, or Paris Green, 4 ounces; Molasses, 1 pint; and Water, sufficient to moisten.

Moisten the bran until crumbly. Add one lemon or orange, skin and all, chopped fine. Scatter the bait after sundown. It should be moist at time the worms are out working. These worms work mostly at night. Do not scatter dry bait. A few drops of banana oil will well replace the orange or lemon. If a large field is to be treated, mix a larger quantity in the same proportions.

Bulletin 117, Control Methods for Insects of the Kitchen Garden, is available at the agricultural agent's office. It tells how to eliminate dozens of common pests.

Planting of smooth brome grass with alfalfa seedlings is advocated by the Farm Crops Dept. M. S. C. This grass has proved itself so valuable for pasture and hay.

Planting this grass with alfalfa gives a crop considered more valuable than alfalfa alone. One particular advantage of this combination comes from its use as summer pasture. The smooth brome adds to palatability. It is eaten readily by all livestock. There are many factors which makes this grass worthwhile and which will cause thousands of dairymen to adopt it in the future.

Circular Bulletin 159 gives full details on this grass, discussing its adaptability, advantages, feed value, cultural methods, grazing management, etc. This bulletin is available at the agricultural agent's office. Mr. Arnold believes that all dairymen should inquire into this new feed. Bulletins are available upon request.

Extension bulletin No. 179, Bean, Cabbage and Onion Maggots, just off the press is at hand at the agricultural agent's office.

Each year these maggots do thousands of dollars of damage to growers. The above bulletin discussing prevention measures will be sent out upon request.

THE WHOLE NEIGHBORHOOD LOOKS BETTER SINCE WE PAVED WITH CONCRETE

"I WISH we had put concrete on our streets long ago. Aside from being the best to drive on, it keeps itself clean, looks better, and has made our neighborhood more desirable. Property values are up."

That's not half the story. Your own experience tells you that concrete helps you to drive safely; that it effectively checks skidding; that its light-grey surface helps you see at night.

And concrete saves you money because it is moderate in first cost, low in upkeep and long lasting.

Be guided by your experience and observation. When your streets come up for paving—insist on concrete.

Fruit Growers of This and Ottawa Section Attention

Fruit growers in this county and in other sections of Michigan's apple and peach producing area are warned that hot weather has brought out hatches of codling moth and curculio two weeks ahead of time and that the first arsenical spray should be applied now.

Millions of dollars in quality fruit is involved, says Ray Hutson, entomologist at Michigan State College. If the first hatches are permitted to build up they will do extensive damage later in the summer.

Apples are affected by both the codling moth and the curculio, but the same spray can be used for protection. Three pounds of arsenate of lead is recommended in each 100 gallons of spray. Spraying should be thorough, for the eggs are laid on both leaves and small fruit.

Each orchard is different, for only the codling is the active pest of the two now hatching. The curculio, if left uncured will be found in ripe peaches as a little white, footless worm. For 100 gallons of spray Hutson recommends two pounds of lead arsenate plus some corrective to prevent burning of young wood.

Later as the second brood hatches at different dates in different sections of the fruit belt, the college extension staff plans to issue its usual timely warnings to fruit growers as the proper spraying dates arrive.

STATE OF MICHIGAN

The Probate Court for the County of Ottawa.

At a session of said Court, held at the Probate Office in the City of Grand Haven in said County, on the 2nd day of June, A. D., 1937.

Present, Hon. Cora Van De Water, Judge of Probate.

COMMON COUNCIL

Holland, Mich., June 10, 1937

The Common Council met in special session pursuant to call by the Mayor.

Present: Mayor Henry Geerlings, Alds. Prins, Kleis, Drinkwater, Kalkman, Oudemool, Steffens, Damson, Bultman, Vogelzang, Smith and the Clerk.

Mayor stated that the meeting had been called to consider petitions relative to the present system of parallel parking on River ave. and 8th st., these being trunk line highways.

Clerk presented a petition signed by 96 merchants doing business on 8th st., in which they petition the Council to go back to the former system of angle parking at an angle of 65 degrees instead of the present parallel parking.

Clerk presented another petition signed by 186 citizens of Holland and surrounding community in which they also request the Council to go back to angle parking at a 65 degree angle instead of the former 45 degree angle.

Clerk presented a further petition signed by 115 citizens of Holland and surrounding community in which they petition the Council to continue the present system of parallel parking, as recently established.

Upon presentation of these petitions by Ald. Prins, 2nd by Ald. Kleis, that the City go back to angle parking as requested in the petitions, this angle parking to be marked off on an angle of 65 degrees instead of the former angle of 45 degrees.

Ald. Bultman requested City Attorney Elbert Parson to make a report on the recent meeting the committee had at Lansing with the State Highway Commissioner—Murray D. Van Wagoner, relative to the position the State would take on the matter. Mr. Parsons reported that the Highway Commissioner had agreed to the committee that they had requested the Police Dept. to establish the system of parallel parking on trunk lines as a safety measure. It was further stated that such a policy was being put into effect all over the State where the Highway Department felt it was necessary. Mr. Parsons stated that they had informed Mr. Van Wagoner that there was a strong public demand by the people in Holland, especially the downtown merchants, to go back to the angle parking.

Mayor Henry Geerlings stated he had received figures from the City Engineer showing that during the past year the State had contributed \$6,501.00 towards the maintenance of the trunk line highways through the City. The Mayor further stated that if snow conditions had been bad last year, this amount would have been increased considerably since the State pays for the snow removal expense on trunk lines, and if the trunk lines should be routed off 8th st. to the State, of course, would not pay for snow removal if it were no longer a trunk line.

Mr. Ray Nies being present, spoke in favor of going back to angle parking. Ald. Albert Kleis also spoke strongly of going back to angle parking. It was Mr. Kleis' contention that the merchants in the downtown district were losing much more by the parallel system of parking than they would lose if they could have the trunk line snow removal instead of having the State take care of this item.

Ald. Vogelzang and Smith spoke in favor of continuing parallel parking, at least for some time.

A vote was then taken on the motion of Ald. Prins that the City go back to angle parking at an angle of 65 degrees.

This resulted in a vote of 5 to 5 as follows:

Ayes: Alds. Prins, Kleis, Oudemool, Steffens and Damson—5.
Nays: Alds. Drinkwater, Kalkman, Bultman, Vogelzang and Smith—5.

Mayor Geerlings cast the deciding vote in favor of going back to angle parking.
