Oil Pipe Line Will Not Come To This City

\$75,000 ENTERPRISE WILL
TAKE VRIESLAND ROUTE

The \$75,000 Allegan-Muskegon oil line via Vriesland is the beginning of a pipe line from the oil fields of Allegan County whereby the crude oil can be pumped directly to the refineries without trucking. Former State Senator, Gordon Van Eenennaam, a Hope college graduate born in Zeeland, and now of Muskegon, is prominent in this movement, having oil interests in Allegan, the newly discovered Michigan fields.

It was first contemplated to have the pipe line run to Holland. However, property owners, who had purchased property in a plat east of the city, where the pipe line was to be laid if the oil company could purchase some property, put a stop to this movement. Property owners had representatives at the common council, objecting to an oil line being placed in a district that was to be used for residential purposes. The result was that the common council turned down the purchase of property there, upon which to build a plant. The property in question was Holland's first airport on 16th St., near the Allegan P.M. tracks, originally purchased for cemetery purposes. It

is understood that leading places and platforms and possibly warehouses would have been built there. The city of Holland still owns that property of several acres.

In a phone call to Mr. Van Eenennaam, he stated that the initial amount to be spent in the pipe line from the oil fields to Vriesland would be approximately \$15,000, and to continue the line on to Muskegon would cost possibly \$50,000 more. The Muskegon Chronicle prints the following story as this relates to the new enterprise.

Commonwealth Pipe Line company plans to start this week on a \$75,000 program for the construction of 21 miles of pipe lines providing tank car and truck outlets for Allegan oil at Vriesland in Ottawa county and Hopkins in Allegan county, it was announced by Gordon F. Van Eenennaam, a director of the company.

He said the program calls for installation of a power plant and pumping facilities, probably near Burnips, Allegan county, and the following pipe line construction: 14 miles of four and one-half inch line from Burnips to Vriesland reaching the Pere Marquette main line and US-21, leading to Grand Rapids; seven miles of four-inch line from Burnips through Dor to Hopkins, then connecting with the Michigan Central railroad and a macadam highway to Allegan.

If production warrants, the Vriesland line, according to Mr. Van Eenennaam, will be extended to Muskegon, a distance of 30 miles. Plans for building a line to Muskegon immediately were considered by the company earlier this year. E. J. Bouwman, recently of Lansing and formerly an official with the Peoples' Transport corporation, here, has been named superintendent of the construction job. He is a director of the Muskegon Oil Corporation.

The Commonwealth company operates gathering and transmission lines throughout the Allegan field. Chief stockholders are the Muskegon Oil and Muskegon Development companies, Allegan Crude and Regal Dutch Petroleum companies and Lents & Miller of Muskegon.

The Montello Park Ladies' Quartet, namely, Mrs. Marinus Koe, Mrs. Fred Brummer, Mrs. Henry Boss, and Mrs. E. Wiggers, visited Chicago Wednesday of this week shopping, and were privileged to visit station WLS in the studio itself during the broadcast of Home-makers' Hour, in charge of Ann Hart. Ann Hart is Mrs. Paul Gebhard, formerly Miss Angeline Poppo of Holland.

Dr. William Van Zoeren of Vriesland and Dr. James E. Cook of Virginia Park are testing cattle for tuberculosis at the present time. Reactors in Ottawa county are less than one-half of one percent, Dr. Cook reported.

City Assessor Peter H. Van Ark and City Attorney Elbert Parsons, members of the board of supervisors finance committee, were in Grand Haven Wednesday afternoon to attend a committee meeting in the county court house.

Cash dividends of \$14,000 were declared at the annual meeting of the Hamilton Farm Bureau Tuesday. Sales of \$91,007.46, a new all-time high, were reported.

LARGE FAMILY MOVES IN COTTAGE WITHOUT PERMISSION

The owner of a North Shore cottage near Holland was surprised the other day to find that a large family had moved in without making arrangements with the owner, and were occupying the cohesiveness of the basement floor. The owner, who wishes his name withheld, did not call a deputy sheriff nor a neighborhood constable but allowed the family to remain peacefully without asking the usual rent. The name of this surprising family is Mr. and Mrs. Pole Cat and nine children. The owner was surprised to find his rent since this rather presumptuous family circle is never without a cent.

The summer home dweller left the family undisturbed, watching quietly in the offing. The other morning he beheld the proud papa and mama with tails aloft and 9 little skunkettes, also with little tails hoisted, march from the cottage and disappeared in the thicket. A hurried survey showed the place had been left as "fresh as a daisy," largely because the cottage owner had sense enough to allow the unwelcome guests to remain without eviction.

CHANGE IN MORTICIANS AT ZEELAND

Fred A. Langeland, alderman in Zeeland, has resigned as a member of the common council for the reason that he is moving to Kalamazoo. He has sold his interest in the Langeland Funeral Home at Zeeland to Clarence Yntema, son of Mayor Yntema, of that city, and has entered a partnership with his brother, Marvin H. Langeland, who is conducting a funeral home in Kalamazoo.

Mr. Yntema became engaged as a mortician with Mr. Langeland when his brother, Marvin, left Zeeland for Kalamazoo. The young man entered Indiana college of Embalming in Indianapolis, from which he graduated the past winter. After that, arrangements were made to purchase the Langeland Funeral Home at Zeeland.

The Zeeland common council is casting about for an able man to take the place of Mr. Langeland for this aldermanic position. The Langeland Funeral Home on West 16th St., Holland, has nothing whatever to do with the Zeeland enterprise. The mortuary in Holland is owned by another brother, James Langeland, who has been here several years, and will continue in a well-established business here.

Holland Gets New Traffic Signal

The state highway department moved this week to rid trunkline railroad crossings of all remaining "center-of-the-street" traffic signals.

Thirty-two of 35 signals submitted by the department on its railroad grade protection program and approved by the state administrative board are to replace obsolete signals located in the middle of the street. When this work is completed, there will be no more obsolete signals at trunkline crossings. The center signals have infrequently figured in accident reports. One of these lights will be located at Holland on M21.

The Armour Leather Co. of Holland has inaugurated the vacation-with-pay system some time ago. Manager H. B. Gahagan stated that the Armour Plant on the north side would close down from June 25 to July 5, and during that period the employees would receive their pay. Only in those departments of the plant where a man here and there was necessary to keep the plant in order would these few men be on the job until the force returned after the 4th of July.

Holland To Meet Big Ship At Wharf Today

ARE TO HAVE BREAKFAST
WITH FELLOWSHIP CRUISE
ON STEAMER NORTH
AMERICAN

The second annual Fellowship Cruise, sponsored by the Grand Rapids Association of Commerce will close in a blaze of glory Friday morning when Holland public officials and yachtsmen turn out to exemplify their slogan "Welkom Vrienden," which means welcome friends.

The Steamship North American, bearing several hundred business tycoons of Grand Rapids, with a complement of newspapermen from several states, arriving at the entrance of the Holland harbor at seven o'clock, will be escorted by a large convoy of power and sail boats to the docks of the Chicago, Duluth & Georgian Bay Transit Co. at Montello Park. Charles R. Sligh, President of the Charles R. Sligh Co., has been appointed commodore of the power boat fleet and O. W. Lowry, Secretary-Treasurer of the same firm, commodore of the sailing craft. The combined fleet will demonstrate to the visitors the supremacy in boating that has been attained by Lake Macatawa since the revival of this sport that has taken place in the last few years.

Lake Macatawa provides Holland with a six-mile harbor, on which much activity is taking place. A government project, involving \$125,000.00 is now under way for widening and deepening of the channel and the enlargement of the turning basin to six hundred feet. A survey is being made for the construction of a new coast guard station involving \$125,000.00. Shipping in and out of the Holland harbor at present consists of coal, pig iron, coke, stone, potash and petroleum products.

Holland is internationally known through its Annual Tulip Festival, a unique folk event, which is rated as one of America's three greatest floral festivals. It is the seat of Hope college and the Western Theological seminary. The population of the metropolitan area, which includes an unexcelled resort region is about 20,000. The leading manufactured products are furniture, furnaces and foodstuffs.

Mayor Henry Geerlings and Vaudie Vandenberg, President of the Chamber of Commerce, together with other officials will breakfast with the city's guests aboard the North American, which will be a fitting benediction to the week's cruise. William M. Connelly, Manager of the Chamber of Commerce, is in charge of the reception.

Tulip Time embellishments will not be forgotten at the boat dock. Mr. Connelly has enlisted a dozen Holland women who will be decked out in authentic garb worn in The Netherlands. Each one of the "good will guests" will flash a badge with two little Dutch figures, and pinned on coat lapels by the women from this city.

The Veneklassen and sons brick yard on the Zeeland road is doing a fine business and are making from 18,000 to 25,000 bricks daily. Customers can buy either white or red brick. Note:—This at one time was one of the best industries in Ottawa County. However, clay pits gave out and concrete took the place of brick largely, and the Veneklassen Brick Company at Zeeland and also at Hamilton were dismantled and nothing remains to show that big plants once occupied the sites.

Note:—John Kruisenga was the father of Miss Anna Kruisenga and Mrs. Florence Vanden Brink of the Vogue Shop. Mr. Kruisenga conducted a grocery store in the first ward for nearly a half century. Ed Kruisenga, the son, was the grocery boy, delivering with a rather stubby nose. He later made his mark in the grocery world, first going to the Muskegon Grocery Co., and later being an official in the National Grocery Co. and today is manager of the Western Grocery Co. He is now living in Detroit and spends his summers at the Holland resorts.

A cablegram from Amoy, China, announces the birth of a son to Dr. and Mrs. John A. Otte, on Wednesday, May 30, 1888. Note:—Dr. Otte passed away many years ago and his remains are in China. Mrs. Otte still makes her home in Holland most of the time. She is the daughter of Dr. Phelps, first president of Hope college. The exact date of Dr. Otte's passing was in 1910. He was buried on the Island of Ku Lung Su where Hope hospital was established and still is.

A man whose name was Vande Naste stood in front of the Holland City Bank herding the institution that he had forgotten to give him the amount of money he asked for—he was \$25 in bills short. While he was waiting a bright young lad stepped up, passed through the crowd attracted by the man, and handed him the \$25 in bills, which he had found in front of G. Van Putt's grocery, where the man had traded. The loser did not even thank the youngster with an honest face until the crowd jeered him when he fished out a Canadian quarter with a hole in it, which the lad promptly refused, so the quarter went back into Vande Naste's pocket with a growl. The bystanders were a better lot. They passed the hat and soon collected \$4.00, which they passed over to Cornelius Van Der Nagel, the young boy with the honest face. Note: We believe that Van Der Nagel, now an old man, is still living here. Undoubtedly, the "cheerful giver" of Canadian quarters has long since gone to his reward.

FORTY YEARS AGO TODAY

Chief Simon Pokagon is lying in a dangerous condition at Benton Harbor from blood poisoning. Several days ago the Chief ran a rusty nail into his hand and physicians state it will result in his death. It will be remembered that the Chief was a guest of Holland last year during the semi-centennial, when he made a speech to 15,000 people in Centennial Park.

The bicycle craze has struck Graafschap, the correspondent contends. Several of our village boys have invested their savings and those of their father's in the new-fangled "safety wheels" and can be found practicing on the highway on moonlight nights. Most of the wheels were bought at Lokker and Rutgers, Holland.

Tom Timsa, a typo at the News office, residing east of Holland, brought with him on Monday morning a quadruped chicken, hatched the day before. It was well developed and lived when born.

Dr. Edward Hofman of Grand Haven passed through Holland Monday to go to Vriesland to visit his parents, when he will bid them goodbye before starting on his Arctic exploring trip. They will journey to New York, then to Norway, and will take the Steamer Hekla, and the party will start their journey to the North Pole June 13.

Note:—These Arctic explorers went quite a way up North, but they never found the pole. There was one fake discoverer afterward—Capt. Cook; however, it took Admiral Perry to make the discovery years later. Since that time airplanes have flown over the supposed Arctic Pole several times. Dr. Hoffman later became State Senator and was a great lover of flowers and created fine gardens. Later he made a second trip North with Walter Wellman, staff correspondent for a great American newspaper.

Bessel Looyengroed, the well known landlord of tramps, has moved to Grand Rapids and part of his East 8th St. hotel is being moved down. Note: Looyengroed conducted a sort of "drop house" in the winter so tramps could come in from the cold. He charged "two bits" for a bed if the "Weary Willie" had it. The tramp hotel became so well known that even the town marshal here directed the "shoebots" to it. The building was torn down to make way for the Peter Prins grocery.

Holland Joins North Ottawa In Legion Program

TWO BIG DAYS, JULY 2 AND 4,
AT BERLIN FAIR GROUNDS

Gold Star Mothers of Holland Join
The Rest in 5th District

A large delegation from the Raymond Rankin American Legion Post of North Ottawa came to Holland recently asking for the backing of the Willard G. Shirley, 14-year-old daughter of Mr. and Mrs. Andrew Heyboer of Lincoln Street, Zeeland, has just graduated from the eighth grade of the Zeeland public schools with a unique record.

From the time she entered kindergarten at the age of five, Miss Heyboer has never been absent tardy from school. She has certificates at home to certify her record.

She plans on entering high school in September.

MAYOR AND ALDERMEN WANT TO DELAY HEARING ON SERVICE STATION

This coming Saturday, at 10 a. m., in Grand Haven, a hearing has been scheduled on a mandamus writ, filed in Ottawa circuit court, Monday, by the Nu-Way Service Stations, Inc., against common council of Holland. The writ was filed as a result of council's refusal at a recent meeting to grant a permit for the construction of a filling station by the plaintiffs on the southwest corner of Central Ave. and Ninth St.

Since Attorney Nelson A. Miles is serving as attorney for the plaintiffs, Judge Fred T. Miles, because of family relationship, disqualified himself as judge in the case. Mayor Henry Geerlings called a special meeting of council Wednesday at 5 p. m. to consider the case.

At the meeting of council, in the absence of four members, it was ruled by City Attorney Elbert Parsons that it would be necessary for all council members to be present to consider the matter, since all were present the night the petition was rejected by the local governing body.

Judge A. Sanford of Muskegon was to have presided over the court Saturday. Council instructed Parsons to seek a delay in the hearing. Parsons was to attempt to arrange with Nelson Miles, attorney for the Nu-Way Co., for the authorities to grant the permit. He stated that he would ask the court to grant the desired delay.

Setting forth a number of reasons why the plaintiff believes the permit should be allowed, the complaint charges that, in denying the permit, council is denying the plaintiff the rights and privileges of other citizens and property owners. If council's refusal is valid, the concern demands adequate and valid reasons for council's action.

If the hearing is to be held Saturday, council must show cause why a writ of mandamus should not be issued, requiring that governing body to grant the permit of the Nu-Way Service Stations, Inc.

It is understood that Mayor Henry Geerlings and several of the aldermen this Friday morning, while endeavoring to delay this hearing until after the councilmen can be gotten together to go into the matter again.

Burt Post of the Post Jewelry store states today that he will move his place of business from the Vander Veen building, where he has been located for the past five years, to the building now occupied by Ollie's Sport Shop, also on West 8th St. The building in question will be remodeled throughout, putting it in shape for an up-to-date jewelry emporium. Mr. Post expects to be in his new location by July 15.

Mr. Post is moving from his present quarters since the Vander Veen building is to be remodeled throughout, to be completed by fall. The store will house the J. C. Penny Co., now located on College Ave. and 8th St.

Mr. Post extends an invitation to his many friends and patrons to call on him at his new place when it is remodeled. Ollie's Sport Shop has been in their present location for 15 years. Mr. Jake Liovevo stated that the company had not fully made up their mind where their new location would be.

Miss Lucille Kardux, 244 West Ninth St., will spend the summer as counselor at Camp Kewano Wahelo, on Lake Michigan.

Fifty Perch at Holland Is The State's Limit

Get Your Fishing Tackle Ready
For Saturday of This Week

A last minute glance at a digest of the state's fishing laws, before the 1938 season opens this coming Saturday, shows a number of points which sporting fishermen always keep in mind.

Six inches is the minimum legal size for perch, bluegills and sunfish, among the most popular of the "pan-fish" species. Keeper size for both large and small mouth bass is 10 inches; 14 inches for pike; and seven inches for all three species of trout—brook, brown and rainbow.

The maximum number of perch which a fisherman can take in one day or have in his possession at one time is 25 for inland waters and 50 for the Great Lakes (at Holland, for instance), and certain inland lakes designated by law. This is the first year a limit in number has been applied to this species on the Great Lakes.

The legal maximum for pike is five, as well as for black bass. There is a limit of 25 on bluegills, sunfish, warmouth bass, crappies and rock bass, which may be figured for any one of the species or for a combination of them so long as the grand total does not exceed 25.

Under the new regulations, resident anglers who purchased licenses for the trout season are legally qualified for the pan-fish season, this permit being good for all species which are lawful take. Other anglers who do not intend to try for trout, may obtain the "resident non-trout license" for 50 cents, which with an identification will entitle his wife to fish without additional charge. Provision for wives was not included with the trout license.

Out-of-state fishermen are offered two kinds of licenses. One is a "non-resident annual fishing" permit which costs two dollars and allows the licensee to take all authorized species. The other license, costing one dollar, is the "non-resident 10-day" permit, which entitles the licensee to take all legal species for 10 days from date of issue. In both cases, wives may obtain the licenses for 50 cents.

All persons over 17 years of age must have licenses this year, the minimum having been reduced from 18.

The old saying, "His eyes were bigger than his stomach," may contain the explanation of the following. Responding to a report from fishermen that a large pike had been found on the shore of Baker lake, Allegan county, death apparently due to strangulation, Conservation Officer Plotts investigated and was shown a 25-pound fish which had attempted to swallow a four-pound black bass. The pike was 43 inches long and the bass 19 inches long. But, for all its apparent greed, the pike was far from starving. On cutting it open, an officer found two bluegills and a small pike in its stomach.

MR. AND MRS. LOUITT ATTENDING CONSERVATION MEET IN SOUTH

Mr. and Mrs. William H. Loutitt of Grand Haven are in Asheville, N. C., to attend the annual convention of the International Association of Fish and Game Commissioners. Sorrow Upon Sorrow

The tragedy, suffering and devastation the Yellow River is causing in one of the most populous parts of China is nothing new to the people who are its victims.

For ages "China's Sorrow" has shifted its course and has overflowed its banks when and where it has chosen to; and has killed or made homeless its thousands and hundreds of thousands. Neither human power nor ingenuity has been able to curb its viciousness.

The present outbreak will be like all the others. The river will take its greedy toll and when surfeited will retreat sullenly to its banks, leaving famine and pestilence in its wake.

The magnitude of the present devilish sportiveness of the stream is indicated in part by the fact that the Japanese invaders and the Chinese population are forgetting their enmities (as carnivorous beasts and their prey are said to do under such conditions) in order to unite against the common peril threatening them. The Nipponese who slaughtered yesterday, today are trying to save the victims they hunted.

It is a pity that the Yellow River cannot quench the islanders' thirst for blood permanently, but this is beyond even its great might.

Beavers Are Still Busy

Sluggards may not yet be going to the ant, but the Department of Interior's Division of Grazing has put 600 beavers on its payroll in Idaho. "Crews of beavers" are to be placed in strategic positions where the following of their natural instincts for dam-building will check the flow of small streams, increase watering facilities and prevent soil erosion.

That is just what beavers were doing when the white man first moved westward across the continent. The pioneer's admiration for the beaver's industry and perseverance made "busy as a beaver" a frontier figure of speech.

Today the consequences of man's recklessness in a land of abundant resources have made it necessary for him to go back to Nature's way of doing things.

More than 200 years ago the beaver's fur was coveted as much as his habits were admired. It was largely because beaver hats were the fashion as the French court that explorers and fur-traders pushed through the wilderness to the Great Lakes, rich in fur and forest.

100,000 DEATHS OF SYPHILIS. DR. TEN HAVE SHOWS LIONS

Dr. Ralph Ten Have, Ottawa county health commissioner, Tuesday night showed the film, "For All Our Sakes," dealing with the subject of syphilis, at the regular meeting of the Holland Lions club. The showing was held at the North Shore Park community club hall.

The film showed how 100,000 deaths result from the disease each year, and how one in every 20 persons has syphilis. Only one in ten cases are under medical care.

William Nies, retiring president of the club, gave a resume of activity of the organization through the year. Carl Harrington is the club's new president. Among projects mentioned by Mr. Nies were among the blind, notably on behalf of Fred Ten Cate, whose broom racks were placed in stores in the city, a Christmas party for the blind in Holland and Zeeland, presentation of milk to the blind, and the sending of Harry Beckman, local man, to Mayo Brothers clinic to save his sight. In addition, Mrs. Milton Anderson was sent for treatment to the Warm Springs, Ga. foundation.

First place in attendance and activity in a state-wide contest went to the local club. The Zeeland Lions club was also sponsored by the Holland group. Among other items, the Crisler-Yost basketball banquet was staged.

SOUTH SIDE LAKE SHORE FOLK WANT DIRT ON THEIR LAND

Mayor Henry Geerlings, City Attorney Elbert Parsons, and aldermen Ben Steffens, Edward Brouwer, and Henry Ketel, together with owners of property along the south side of Lake Macatawa, near Virginia Park, met informally on Monday night at Club Gra-Jac to discuss points for silt deposit. Property interests represented at the meeting were those of the Fruit Growers bank of Saugatuck, Peter Van Domelen, Jr., Jack Stevenson, and Charles R. Sligh.

It appears that representatives of the Lyon's Construction Co., which holds the government contract on the local dredging project, obtained easements from the property owners in question and, although silt has been dumped along the north shore where, it is alleged, easements have not been obtained, low places on the south shore property have not as yet been filled.

Stevenson, one of the property owners, stated that Jack Lyons of the contracting concern had told him that the discharge pipe from the dredge is unable to reach the properties in question and that the cost would be prohibitive. Whether protests will be filed with the U. S. Army engineer's office at Milwaukee depends on the outcome of a conference, scheduled to take place between Mayor Geerlings and Mr. Lyons.

JAMESTOWN FARMERS TO CONTROL HUNTING

A group of farmers from the southern part of Jamestown township has organized a hunting club program to be carried out under the Williamson plan. They have selected the name Forest Grove Conservation club. The officers elected are: President, Raymond Van Bronkhorst; vice president, Steven Roofofs, and secretary-treasurer, Herbert Doornbos. The club has not adopted a constitution, but has placed a ban on Sunday hunting.

HOLLAND POSTMASTER MAY HOLD JOB FOR LIFE

Despatches from Washington indicate that Congress has decided that postmasters in the first, second and third classes shall become "career men," who may hold their jobs for life. Lou Vanderburg, of Holland, comes under that head, since this is a first-class postoffice. Legislation extending the civil service to these offices, previously filled by political appointees of the party in power, was enacted recently and sent to the White House for the president's signature. The bill would permit incumbent

POSTMASTER VANDERBURG

postmasters to retain their posts by taking a non-competitive civil service examination when the present four-year term ends. Otherwise, if a vacancy occurs, the president in power will select three persons making the highest grades on competitive civil service examinations. The Senate must confirm these appointments, which will be for life. The only bar to the extension of the appointments made by one party would be the repeal of the bill should another party regain power.

Communication

IS IT A S-T-R-E-T-C-H OF IMAGINATION TO ANTICIPATE FOR HOLLAND A PUBLIC LIBRARY AND HOLLAND MUSEUM BUILDING?

The Pride of Our Citizens Should Furnish the Answer

For a long time our City Fathers have realized the need for more room in the City Hall, in order to more efficiently conduct the city business.

The public library has been in cramped quarters long enough. Its requirements, in order to properly care for the enlarged needs of high school and college students, doing research work, must be met.

The educational value alone of the present exhibits, comprising what is known as the Holland museum, justifies appropriate quarters. Adequate quarters encourages additional contributions on the part of public-spirited citizens and organizations.

There are the valuable records of the Sons of the American Revolution with no permanent home, at present almost inaccessible. These are valuable records which should be open to the public.

There are several other organizations that should be provided for. Civic pride should welcome some immediate action to provide a permanent home for these educational, patriotic and character-building public benefactors.

Every progressive city is looking for ways by which its citizens can best be benefited through government PWA or WPA cooperation. This is Holland's great chance to build, not only for present-day needs but for future generations, a structure to the mental and spiritual needs of our City of Tulips.

A united front by all civic organizations, led by our Chamber of Commerce, all churches and educational institutions, can make this long-felt want a reality. All the movement requires right now is leadership. Do you feel the urge to lend your moral support? Then start the movement to change this possibility into a reality.

Paul Zimmer and John Hall, of Muskegon, both 19 years old, pleaded guilty to a charge of larceny when arraigned before Circuit Judge Fred T. Miles. Both boys admitted they had stolen tires and tools from a car parked on US31 belonging to Robert Moore, and that they had stolen gas from other cars on eight different occasions.

Zimmer graduated from the Muskegon high school and he requested Judge Miles to release him in order that he might appear with his classmates at the graduating exercises. Judge Miles denied the request with the rejoinder that Zimmer's classmates would probably not be proud to include in their numbers a boy who had pleaded guilty to larceny.

Robert Bontekoe, Holland, was discharged from probation which was fixed in May, 1936, for violation of the motor vehicle law.

Traveling Around America

SPANISH ACCENTS

THE beauty, glamour, and color of early Spanish colonial days still cling to many parts of the New World. This lovely scene was photographed in front of one of the colorful mosaics of the Casa de Espana in San Juan, capital of Puerto Rico on the route of the weekly cruises to the Caribbean and Nassau. The island of Puerto Rico was discovered by Columbus in November, 1493, while he was on his way to Santo Domingo. At that time the island was a riotous untamed jungle edged with coral reefs, called "Borinquen" by the natives living there.

According to some of the earlier reports, Columbus discovered the island none too soon, for the drinking water carried on his battered barks was beginning to grow foul—the island was an oasis in a desert

of salty sea to the thirsty adventurers and the first act of the crews as the ship dropped anchor—near the spot where the town of Aguada now stands—was to rush the water casks ashore. The discoverer christened the newly found land San Juan de Bautista, "Saint John the Baptist." Later, however, the island came to be known as Puerto Rico, "Rich Port." After bestowing a name upon the island and taking possession of it for Spain, Columbus continued his voyage to Santo Domingo and the colonization of the island was left to Ponce de Leon who returned fifteen years later and ruled as governor until his death which resulted from a wound inflicted by the Seminoles during the third of his famous trips to Florida in search of the fabled Fountain of Youth.

FORMER ATHEISTIC DENOUNCES ATHEISM; WAS EDITOR OF ATHEISTIC PUBLICATION

For years, the A.A.A.A., the American association for the Advancement of Atheism, the "no-God lobby," had a great and very able defender in Ralph E. Underwood of Portland, Oregon, a young man of Dutch descent. With other writers he edited a publication fostering that belief, and, as lecturer, debater, and editor, his voice reached over the length and breadth of the land. Quite a sensation was caused in these Atheistic circles when one of the big leaders in this line of thought was first converted and by his work, influence and prayer, Ralph E. Underwood was also brought to Christ.

Underwood is now with his co-

RALPH E. UNDERWOOD

worker preaching the Christ whom he first persecuted. Now, for the first time local audiences are privileged to hear Underwood speak, and see the unusual screen-pictures of anti-Christian activities the world over, which he brings with him. These films were especially produced for the Underwood Campaigns from actual photographs.

Films include the following titles: "Organized Atheism in America," "Communism in Action," "Spanish Civil War," "Soviet Russia's War Against Religion," and "Hitler and the Nazi Menace."

Underwood will appear in Holland only two evenings, Monday and Tuesday of next week, June 27 and 28, at 7:30 p. m., at the Berean church, corner Maple Ave. and 19th St. No admission will be charged, but a collection will be taken.

ZAGERS-YNTEMA MARRIAGE SOCIAL EVENT AT JAMESTOWN

The spacious and beautiful lawn of Mr. and Mrs. Albert Zagers was the scene of a very pretty wedding when their only daughter, Emma Jean, became the bride of Mr. Clarence Yntema, son of Mr. and Mrs. Gerrit Yntema of Zeeland. Rev. P. A. De Jong, pastor of the bride, performed the double ring ceremony.

The ceremony was performed before a pagoda covered with roses in full bloom. Wedding music was furnished by a ten-piece orchestra in charge of Lester Vande Bunte of Forest Grove, uncle of the bride, and under the direction of Fred Rabbi of Grand Rapids. Mrs. Carl Hollis was at the piano.

Preceding the ceremony, Miss Eudora Vande Bunte, cousin of the groom, sang "O Promise Me" by De Koven, and Mrs. Hiram Yntema, sister-in-law of the groom, sang "Because" by d'Hardelot with Mrs. Carl Hollis at the piano. The bridal party entered to the strains of Mendelssohn's wedding march, and "Bridal Chorus" from Lohengrin.

The bride was given away in marriage by her father. The bride was beautiful in a floor-length gown of satin appliqued silk marquisette over satin with a long train and a fingertip veil held in place with a cap and crown set with pearls, and she wore a pearl necklace. She carried roses and swainsonia with showers of satin ribbon.

The bride was attended by Miss Anne Cotts, a friend, and Miss Marian Vande Bunte, a cousin of the groom, as bridesmaids, each wearing pastel shades of blue and yellow georgette respectively. Their bouquets were of candytuft and snapdragons. Miss Elizabeth Van Noord, cousin of the bride, was maid of honor, and wore a gown of pink lace and carried tea roses and lavender stocks. Their gowns were floor length, and they wore dainty caps of net held in place by a spray of flowers.

Cecilia Yntema, niece of the bridegroom, wore pink, and Ethel Vande Bunte, cousin of the bride, dressed in blue, were flower girls and strewed red and pink roses in the bridal path. Julius Zagers, brother of the bride, attended the groom. Ushers were Edward Van Dam and John De Witt.

The bride's mother wore a navy embroidered marquisette floor length gown. The groom's mother was attired in a beige lace dress. Both wore corsages of sweet peas and roses tied with peach ribbon.

Mr. and Mrs. Dick Smallegan were master and mistress of ceremonies. The orchestra softly played appropriate selections while congratulations were extended.

At 6:30 o'clock a three-course wedding supper was held at the Y.M.C.A. hall which was decorated in the May Pole effect in a four-color scheme. Tables were decorated with bouquets of daisies and roses. A profusion of cut flowers and orange blossoms gave a delicate fragrance.

The orchestra favored with selections during the supper which was served to about 190 guests by several friends of the bride. A three-tiered wedding cake graced the table, and motion pictures of the

bride cutting the cake were taken by her aunt, Mrs. J. Eleven.

The gift room was in charge of Mrs. Lewis Zagers and Mrs. Peter Van Noord. Many very practical and beautiful gifts were received.

The bride was born in Jamestown. She is a graduate of the local high school and Hope college. She has been a teacher in Martin for two years.

Mr. Yntema was born in Forest Grove and is a graduate of the Zeeland high school and the school of Morticians at Indianapolis, Ind. He is manager of the Langeland Funeral home.

The couple left on a wedding trip to Kentucky and other places of interest.

For traveling the bride wore a brown linen skirt and yellow embroidered organdie blouse, yellow linen bolero and yellow accessories.

Mr. and Mrs. Yntema will make their home in Zeeland on 16 East Main St.

Out-of-town guests were Dr. and Mrs. S. Yntema, and son and daughter of Saginaw; Miss Maggie Vande Bunte of Washington, D. C.; Mr. and Mrs. J. Langeland of Holland; Mr. and Mrs. Marvin Langeland of Zeeland; Mr. and Mrs. J. Schouten of Holland. Several relatives from Muskegon, Fremont and Grand Rapids were also present.

DEATH TAKES MRS. TEUSINK LAST NIGHT AT CENTRAL PARK

Mrs. Henry Teusink, aged 57, died suddenly at her home near Virginia Park last night. She had been making a seemingly good recovery since she was taken sick in May. Mrs. Teusink had been up and around most of the day. Besides her husband, the following children survive: Mrs. Gordon Van Putten, Eugene, and Grace at home; Russell, Mrs. J. H. De Pree and Elmer of Central Park; Lottie of Hastings; Mrs. Niels Harms of Paw Paw, and John Henry of Virginia Park. She was a member of Central Park church and active in the Ladies Missionary Society, the Willing Workers Aid Society, and the Ladies Adult Bible Class of which she was the president at the time of her death. Before her marriage she was Miss Anna Derks and for a number of years served as matron of the American Indian girls at the Rehoboth Mission of the Christian Reformed church in New Mexico. Funeral services will be held at the home Friday at 1:30 P. M. and at 2 P. M. from the Central Park Reformed church. Dr. Henry Beets of Grand Rapids, an intimate friend of the family, and the pastor, Rev. F. J. Van Dyk, will officiate. Burial will be in the Graafschap cemetery.

GIVING THE DOUGHNUTS "A RIDE"

That is just what is happening in the new Kroger store show window on West 8th St. Many window shoppers look in to see how it is done. A large machine, nickel-plated, occupies the west show window, and the first thing that strikes the eye are doughnuts being driven around a circular conveyor, also made of nickel. This machine does everything but talk. Doughnut dough is fed in from one end and the mechanism dumps the "crullers" into a lard bath and they come out on the other end a light brown—in other words, fried cakes with a "hungry" smell.

Looking into the interior of the machine reveals many gadgets and contraptions that turn over floating doughnuts and cleverly scoop them up, sending them on that cooling ride, and having made one circuit, dumps them into a receiving receptacle ready for the bags, for the customer, and for that appetite.

Jim Ver Hey, the manager, was presiding at the machine the first day and believes the machine can turn out at least 50 dozen an hour. It is really something worthwhile seeing and you can see everything but the hole in the doughnut.

Big Cruiser Stalled South Of This Port

HOLLAND COAST GUARDS TOWED "ROSALIE" INTO LOCAL PORT

Coast Guards from the Holland station under Boatwain E. J. Clemens located and towed into port the 27-foot cabin cruiser Rosalie, out of fuel and adrift 32 hours with eight men aboard Sunday 22 miles southwest of Holland. The station boat located the pleasure craft after speedy coast guard patrol boats from the west shore and airplanes failed. When the Rosalie was reported missing, lifeboats from South Haven and St. Joseph were sent out. The cutter Escanaba is absent in Lake Huron on special radio work.

Fear was expressed for the vessel when the lake was shrouded in fog Monday. The Rosalie left Milwaukee for Saugatuck Saturday.

Those aboard, including D. E. Ellsworth, of Milwaukee; Jack Ellsworth, William Petzloff, E. R. Dicks, Charles B. Gray, T. W. Hoehnen and James Brady, planned to return to Milwaukee Monday by airplane, Capt. Clemens said.

Capt. E. J. Clemens of the coast guard said he had picked up the Rosalie 22 miles southwest of Holland at 8:45 p. m. Sunday and reached port with it in tow at 11:35 p. m.

Capt. Clemens said the Rosalie had both its anchors down but was unable to reach bottom. He said the passengers told him they had not eaten since they left Racine, Wis., Saturday, and had "no idea of where they were."

The boat had been drifting about Lake Michigan for about 16 hours when it was found. Five of the men were seasick when discovered. Search had been conducted throughout Sunday by two coast planes, lake-craft, and coast guardmen. Aided from the local coast guard station in the search was solicited Sunday night by a call from the Grand Haven coast guard station. Besides Capt. Clemens, members of the Holland station participating in the search were Carl Walters, Forrest Flaughter, and E. O. Sedick.

Recovery of the Rosalie resulted after two hours of search by Holland guardmen along the Holland-Chicago coast.

William M. Connelly, manager of the Holland Chamber of Commerce, took the men to a local restaurant following the rescue, where they ate sumptuously of the first meal they had since Saturday noon. The men were then conducted to the Warm Friend Tavern, where Mr. Connelly looked after their comforts.

The Ellsworth brothers and Mr. Petzloff were driven by Mr. Connelly to the local coast guard station when the Chamber of Commerce was informed that a plane was to arrive here to take the men to their homes. When the plane landed at Kollen Park, Mr. Connelly and the men returned there. The plane reached Holland in 48 minutes, but, since a strong tail wind aided it in maintaining a fast speed, it took an hour and 20 minutes to take the men to 10:50 a. m. Monday. When it left the city, Mr. Connelly informed the Lange Aircraft Co. at Milwaukee, that the plane had left the local harbor.

Others of the party left Holland at 12:42 p. m. Monday, on a Pere Marquette train, to Milwaukee. D. E. Ellsworth, owner of the boat, will return to Holland in the near future to take his cruiser back to Milwaukee.

OLD WAUKAZOO TRAIL IS NOW WELL DEFINED

A marker was placed Thursday afternoon at the intersection of the Ottawa Beach road and the Waukazoo drive by the Elizabeth Schuyler Hamilton Chapter, D. A. R., to mark the old Waukazoo trail. Miss Laura Boyd, regent of the local chapter, presented the marker to Charles Lowing, superintendent of the Ottawa County board of supervisors. Dr. Bruce Raymond, of Hope College, was the speaker of the day at the unveiling, which was in charge of Billy Vandenberg, son of Mr. and Mrs. William Vandenberg, Jr., and Mary Ann De Weese, daughter of Dr. and Mrs. F. MOTHER DIVES FOR DROWNING SON

Little Howard William Shinn, five-year-old son of Mr. and Mrs. Howard W. Shinn, was drowned in the waters of Spring Lake Sunday afternoon at the Barrett boat works, as he attempted to step from a floating dock to his father's cruiser.

Mrs. Shinn, aboard the boat, immediately dove into the water fully dressed and continued diving to rescue the little fellow, but as he never came to the surface her efforts and those of Edward Bruggema, Grand Rapids, owner of the Alice M., a cruiser that was moored nearby, proved futile.

The boy's father had been working on the boat during the day. He went into the boat works to get some tools and was accompanied by his son. On their return, Bill as he was called, carried two wrenches and he had them in his hands when he slipped into the water. He went down between the boat and the floating dock near a pile and his body was recovered almost in the exact spot where he was seen to go in. Mr. Shinn was directly behind the child and yelled when he saw him go.

Mrs. Shinn, who is an excellent swimmer, was in the water in a second. Had the little fellow come to the surface she undoubtedly would have saved him as she is also schooled in Red Cross lifesaving methods. Whether the weight of the tools held the boy under water, whether he came up under the boat or the dock is not known.

THIEVES STEAL FINE PAINTING FROM NETHERLANDS MUSEUM

Last May 18, between 11:30 a. m. and 1 p. m., a Joseph Israels painting was "lifted" from the Netherlands museum, it was made public this week. In co-operation with Holland police and museum authorities, newspapers have not publicized the theft up to the present time. Since the time that the picture was taken, a quiet nationwide search has been in progress for the lost work of art, which police Frank Van Ry characterized as "valuable" in a pick-up circular released by his department this week.

The painting had been lent to the museum for the Tulip festival. It is an 8x12 watercolor on heavy white paper, and depicts an autumn scene with a peasant woman crossing a field. She has a heavy bag thrown over one shoulder. The signature of the artist appears in the lower right-hand corner. Framed under glass, it had a narrow black molding.

Since the picture was wired securely to a wall in the museum, it is believed that the thieves or thief used a wire cutter in securing the painting. A man and a woman, who recently toured the country, under pretenses of purchasing articles for the museum, were apprehended by police following the arrest, but were released.

RECEIVES APPOINTMENT AS CHERRY FLY INSPECTOR

With the emergence of the cherry fruit fly, during the past week, the Michigan department of agriculture entered the second stage for the control of the pest by the appointment of 18 inspectors to serve in 13 cherry growing counties, according to Commissioner J. B. Strang. The list of inspectors includes Harold Dickinson of Fennville. Preliminary information obtained by the inspectors will be used for the state's traveling laboratory, which will cover the cherry belt, testing cherries during the canning season.

As soon as the cherries start reaching the markets, the inspectors gather samples, ordering those cherries that are found to be infected with the maggot to be picked and destroyed by burying the pits.

He will be here Saturday evening, June 25, and will continue his journey west to preach to the Sioux.

PHEASANTS HATCHED FOR CONSERVATION CLUB AT COOPERSVILLE

One hundred twenty-five little pheasants are dispersing themselves in the display window at the Leach Used Furniture store at Coopersville, the building formerly occupied by the L. G. Stalkamp Feed Store. The pheasants were hatched the first of the week at the Hillcroft Hatchery, of which Wm. P. Browne is the proprietor. Mr. Browne also reports that a large number of pheasants are being hatched for the North Ottawa Rod and Gun Club.

The little pheasants have been attracting a great deal of attention as they hover around the electric brooder which was arranged for them by the Consumers Power Co. The pheasants will be released in this part of the county as soon as they are old enough to shift for themselves.

Miss Helene Van Kersen, daughter of Dr. and Mrs. W. J. Van Kersen is confined to Holland hospital where she submitted early this week to a major operation.

Marjorie Borgman, Alice McClay, Adam McClay, and Vivian Tardiff are among those who are attending the 12th annual summer conference of the Diocese of Western Episcopal churches at Monrovia. The conference includes classes and recreation.

Expect More Than 5,000 At School Rally

CARDEAU ON LAKE MICHIGAN WILL BE BUSY PLACE MONDAY, JULY 4

Members of the propaganda committee of the Holland Christian schools, composed of Abraham Peters, Rev. L. Van Laar, Rev. R. Danhof, Peter Selles, John Sturing, George Tinkhof, members of the committee, and John A. Swets, superintendent of the school, secretary, announce that Dr. Walter A. Maier of St. Louis, Mo., prominent preacher, has accepted the committee's invitation to be principal speaker at the annual Christian School rally to be held Monday, July 4, at Cardeau beach.

This event has been an outstanding one for several years and thousands attend it each year.

Dr. Maier addressed approximately 5,000 persons at the Rally Day program last year and, because of his popular appeal, plans were immediately made to secure him again for this year. The committee was gratified to receive the letter of acceptance as Dr. Maier is an extremely busy man.

His duties as professor in the Concordia Seminary at St. Louis, Mo., his broadcasts and his editorial duties in connection with the Waltham League Messenger require so much of his time that he finds it almost impossible to accept out of town speaking engagements. It has been authentically reported that during some weeks his mail averages more than 5,000 letters per week.

The committee states that with favorable weather even more than 5,000 will be present; and some venture to put the figure at least 8,000.

The first meeting is 4th of July afternoon at 2:00 o'clock and a second meeting is at 7:30 in the evening. Secretary Swets states that besides the newspaper publicity, this year they have sent postal cards to several of the churches of the Chr. Ref. church covering a large area, and it is expected that many will make plans to spend Independence Day in Holland and vicinity and take part in the rally which has been planned.

The tentative program also gives room for recreational features and a canteen since dressing tents will be provided at the beach, which will be roped off for safety purposes and also to avoid trespassing on the property of others. In case of accident or for other needs, first aid can be secured at the main canteen, one of the features at this large Christian school rally.

It is understood that the committees will be largely as last year. These tentative committees are as follows:

General Committee: A. Peters, Chairman; Garrett Heyns, Secretary; Rev. H. Hylstra, Rev. N. J. Monema, Rev. L. Van Laar, K. Bultuis, P. A. Selles.

Canteen: Dick Piggemars, Chairman; Miss Dena Kuiper, Mrs. D. Piggemars, Mrs. A. De Weerd, Mrs. H. Vander Veen, Ben De Boer, James Muusse, Harry Kalmink, Ben Timmer, H. Vander Veen, Tyde Warner, Bert Barenman.

Printing and Finance: Peter Marcuse, Chairman; Gerrit Appolom, K. Bultuis, James Hietprink, William Pott, Louis Steketee.

Music: John A. Swets, Chairman; Miss Johanna Boersma, Miss Agnes Zwier, Marvin Baas.

Parking: John Bartels, Chairman; Albert Drost, John Klingenberg, Edward Slenk, Jacob Vander Ploeg, Andrew Westerhof, John Wiggers, Gerrit Verhoef.

Sports: Henry Boersma, Chairman; Harry Boer, Bessel Fredricks, C. W. Dornbos, John Tuit, John Timmer, Peter Unema.

Transportation: Bert Baazin, Chairman; H. Beelen, Henry De Goed, Thomas Buter, James Langeland, L. Tinkhof, Herman Van Paasen, Henry Venhuisen, George Wierstra.

MANY SUFFER IN AUTO CRASH

In a head-on collision occurring Thursday about 11:45 p. m., automobiles driven by Franklin Wolff, 19, rural route No. 4, and Ervin Diepenhorst, 25, Saugatuck were severely damaged. Stanley Brunzell, 19, 184 West 17th St., suffered a likely skull fracture, and William Clark, 26, 78 West Eighth St., suffered glass cuts. Deputy Sheriff's William Van Etta and William Kruthoff investigated. The injured were treated at Holland hospital.

William Pigeon, 33, Robert Michmershuizen, 19 West 16th St., and Frank Baker, 84 West First St., suffered miscellaneous injuries at 1 a. m. Friday, when a car driven by Michmershuizen, crashed into a stalled truck and trailer, driven by Olin Seymon of Saugatuck, about four miles south of the city. Mr. and Mrs. Pigeon received medical attention at Holland hospital, while the others were treated at Douglas hospital. Deputy Sheriff Ben J. Sternberg investigated.

Marked improvement was shown early this week in the conditions of all who were injured in both accidents. Indications were that, if they continue to improve, all will be released from the hospitals where they are confined, before the end of the week. Due to a misunderstanding, William Clark, who was riding with Diepenhorst, was reported to have been an occupant of the Wolff car.

Mrs. Peter Weststrate of rural route No. 4 and Miss Florence Dubbink, 188 West 15th St., have left for Norfolk, Va., to return Mrs. Dubbink and son, David, with them to this city.

NEGROE "MAMMY" 131 YEARS OLD—TELLS FOLK TO LIVE IN THE SOUTH

There is an old negro "mammy" living at Carleton, Georgia, who is 131 years old, and who claims to be the oldest woman in America. Medical men look rather skeptical upon old age that exceeds the 100-year mark, but Aunt Sarah Stevens, who sits all day in front of a little negro cabin, insists that it is old, and it is so recorded on her old age pension paper.

Welfare authorities asserted also that it was well established that she is at least 125. Eighty-two-year old M. B. Taylor said he had known her since he was a baby and that:

"She was older than my daddy who would have been 120 years of age now."

Her recipe is simple. "The best way to live a long time," she said, "is to live in the south and work on a farm."

FENNIVILLE SCHOOL CENSUS SHOWS GAIN

The school census at Fennville recently completed by Mrs. W. B. Sheehan shows 252 in the district between the ages of 5 and 20. Fifty-eight entries were recorded, 21 being 5-year-olds, and 25 new families have been enrolled. There was 43 withdrawals, of which 21 moved away, one died, 21 passed 20th birthday, making net gain of 15. Last year there was a loss of 20. The number of five-year-olds was greater than at any other time during which Mrs. Sheehan has taken the census and is the same as the number of 20th birthdays, which is taken to indicate that, in this locality, the birth rate is not decreasing.

Among those who will lead groups at the Golden Jubilee Christian Endeavor convention, which opened yesterday at Kalamazoo, are Mrs. Edith Walvoord and Dr. John R. Mulder, both of this city.

Richard Brown, president of the local Eagles lodge, and C. O. Kuite, past secretary of the local organization, are in Muskegon, where they are attending the state convention of the order.

Employees of the Holland board of public works, including the office force, held a picnic at Tunnel Park Tuesday afternoon.

Improvement is being noted in the condition of H. Batjes of rural route No. 4, who recently submitted to an operation at University hospital, Ann Arbor.

A daughter was born Sunday at Holland hospital to Mr. and Mrs. Edward Scholten of rural route No. 5; and a son, Sunday, at Holland hospital, to Mr. and Mrs. Elmer J. Van Ruler, rural route No. 5.

Sharing Service with the Living Christ—Mark 16:1-8
By Henry Geerlings

One of the striking facts about the resurrection of Jesus is the unexpectedness of it to his intimate friends. One would at first suppose that they would have been eagerly expecting it. But the fact of the matter is that we humans take in most slowly the unusual and unfamiliar even after it has been told us and explained to us. Jesus foretold the Easter fact. He did say that he would rise again, but his friends did not lay hold upon its significance. It was too hazy for them. It was just another of those profound sayings of their Master whose meanings seemed to vanish into thin air as soon as he had uttered them. Remembering how slowly we learn and with what difficulty we lay hold upon truths that are out of line of our experience, we can understand somewhat the attitude of Jesus' friends toward his resurrection from the dead. His empty tomb was the greatest surprise of their lives. The good women who loved him with an undying love and who came to the tomb to anoint his precious remains approached that tomb with not the faintest idea that they would find an empty tomb. It rather aroused terror in them at first than joy. It was an unbelievable fact to all his friends. But finally its tremendous truth took hold of them and they believed and nothing could shake that belief. They staked their very lives upon it as a fact as true as anything in the world was true. It was as true as the crucifixion, as the reality of the temple, as the existence of the Holy City. They saw not only the empty tomb, but the risen Christ, and he talked with them and they with him. Their senses did not deceive them. Their souls did not play a trick on them. They knew what they knew and they knew what they felt and they were ready to testify to the reality of their experience. The resurrection is a well-attested historical fact and it requires vast temerity to attempt to disprove it. So many other things must be disproved when one wants to disprove the Easter fact.

We hasten to add that the resurrection is so good and great a fact that we want it to be true. Of course, all that we want to be true is not true. Now when we say that we want the resurrection to be true, we are saying that it fits in with our sense with the fitness of things. We are saying that thus the human mind rises to the highest conception of what ought to be. Certainly one so good and lovely and strong and gracious and inspiring should not now be lying under the cold Syrian sky in a tomb. With all our soul we resent the idea that death should have power over those values incarnated in and manifested by Jesus, values that glow more and more with radiance as the years come and go. We feel that the empty tomb proclaims Jesus as the Master of both the dead and the living. It thunders down through the centuries that there is a greater power in this universe than death. It tells us that a man has a right to feel that life has more ahead of it than a hole in the ground.

The empty tomb, too, is consistent with the very thought and life of Christ. He carried around with him the atmosphere of another world. He seemed to be living there at the same time he was living in Palestine. While he stooped low to identify himself with the life of man he left the impression that he rose high into the fellowship of those who were in the unseen world. Immortality was not a strange idea to him. It was not an uncanny thought, a mere speculation. He assumed that fact of another world as he assumed the existence of the lilies of the field and the birds of the air. He came out of that other world into this seen world that he might take men back with him. He came to prepare them for its loves and its goodness and its atmosphere and its trends.

The empty tomb is one of the mightiest facts of history. Without it history would be something

MOTHER HAS FALLEN ASLEEP

IN MEMORY OF OUR DEAR MOTHER, MRS. G. RUTGERS, WHO DIED THREE YEARS AGO JUNE 26:

1 Mother was tired and weary. Weary with toil and with pain. Put by her rocker and glasses, She will not need them again.

2 Never to sigh or to weep; After long years with life's struggles, Mother has fallen asleep.

3 Near other loved ones we've laid her, Low in the church-yard to lie; And though our hearts are near broken, Yet we would not question "Why."

4 The o'er her dear grave they creep, She has gone into the Kingdom. Mother has fallen asleep.

5 Rest the tired feet now forever, Dear wrinkled hands are so still, Blast of earth shall no longer Throw o'er our loved ones a chill.

6 Angels through Heaven will guide her, Jesus will still bless and keep, Not for the world would we wake her.

7 Mother has fallen asleep.

At this season fruit lovers can feast, in variety or almost any favorite for melons, small fruits, berries, pineapples and citrus fruits are all available. Even new apples are beginning to come to market.
