The school commissioner was allowed help for the summer not exceeding \$200.

Soule, chairman of the county officers committee, asked for further time to investigate the discrepancy in the dog tax returns as called to the board's attention by the state auditors during their audit last year. The county offi-

cers committee was also granted an extension of time to investigate the question of mileage asked by the prosecuting attorney.

This committee, which was also to investigate the purchase of a two-way radio system for the sheriff's department, was asked to investigate further and report back to the board at the October session. Soule informed the board that the cost for this system would amount to \$674, \$225 for each of three cars, plus an operating expense of about \$15 per month for each car, or approximately \$600 a year operating expenses. The chairman also stated that he does not wish to recommend the installation of this system.

The board voted to send Chairman Dick E. Smallegan to the annual joint convention of the board of supervisors and the county social welfare commission convention at Houghton July 22, 23, 24 and 25.

C. C. DIRECTORS APPOINT GROUP TO FETE BOARD

Miss Cappon to Succeed Miss Apel; Four Named for Three Years

Survey Shows Shortage of Homes Despite Heavy Construction

The board of directors of the Holland Chamber of Commerce, at a meeting Tuesday night in the summer home of Phillips Brooks at Macatawa park, appointed four members to the Tulip Time bureau for three-year terms.

They were Miss Carolyn Hawes and Harold Klaasen, reappointed, Scout Executive M. P. Russell and the Rev. W. G. Flowerday. The latter two succeed Vernon Ten Cate and the Rev. William Van't Hof.

Miss Lavina Cappon was appointed bureau member to serve out the unexpired term of one year of Miss Mabel Apel who has left the city to accept a position as teacher in Ohio.

After expressing regrets over the inability of Mr. Ten Cate to continue as a member of the bureau, the directors extended him a vote of thanks and appreciation for his cooperation and services rendered to the bureau in past years.

The housing situation in Holland and vicinity was brought to the board's attention through a report of a survey which was made by Les Essenburg at the directors' request.

The survey showed 89 homes had been built in Holland during 1940, 30 in Holland township, 35 in Park township, 35 in Robinson township or a total of 189 new homes. It is estimated that new home construction this year will total 280, or an increase of about 50 per cent over last year.

In spite of this building activity, there is a shortage of homes to rent, the directors were informed. The Chamber of Commerce hopes that by giving publicity to the shortage it will encourage more building of homes.

LOCAL J.C.C. IN SAFETY DRIVE

Joins State Campaign to Curb Death Toll on July Fourth

Melvin Van Tatenhove, president of the Holland Junior Chamber of Commerce, has announced that the local organization has joined the state-wide safety campaign to reduce the number of traffic fatalities in Michigan over the Fourth of July holiday.

The safety campaign is being undertaken by the Michigan Junior Chamber of Commerce in cooperation with the Michigan highway department. The plan is to distribute stickers which bear the inscription "49 too many," the Memorial day toll.

Forty thousand of these stickers have been ordered for distribution throughout the state.

"In view of an anticipated increase in traffic over the Fourth of July week-end, won't you do your share to make driving on Michigan's highways safe?" is the appeal on the stickers.

These stickers are suitable for placing on automobile windshields and may be obtained in Holland from police headquarters, any member of the local J.C.C., Meengs and Rynga filling stations and Yonker's drug store, Mr. Van Tatenhove said.

HOLLAND THEFT SERIES SOLVED; BOY SENTENCED

Second Youth Arrested as He Visits Partner in County Jail
Case Pieced Together as Each Involves Other in Robberies

Grand Haven, June 26 (Special)—A series of thefts in Holland was marked solved today as Fred Wise, 17, 101 East 25th St., Holland, faced a one to two-year sentence in Southern Michigan prison near Jackson and Andrew Klinge, 18, 198 East 24th St., Holland, was held to circuit court under \$2,000 bond.

Klinge was released Tuesday afternoon when he provided bond. He will appear in circuit court Saturday morning for arraignment.

Klinge was arrested Saturday night when he visited Wise who was in the county jail awaiting transfer to prison following his sentence Saturday morning in a case which started with his arrest for unlawfully driving away last April 2 a car belonging to the Hudson Motor Sales Co., Holland, and ended in his arrest on a charge of stealing \$35 from the Meengs Standard Service station in Holland.

Klinge, said by officers to have aided them in investigating Wise's case, reportedly signed a confession which revealed that he and Wise had committed a series of robberies in Holland. Klinge was specifically charged with entering the Geerts-Veltman Storage and Locker Co. in Holland Nov. 19, 1940.

A few weeks prior to this, according to Sheriff William Boeve, Klinge and Wise took \$10 from the company. On Nov. 19, it was said, Arthur Geerts of the storage company noticed that one of the lockers was open when he changed to return to the building at night. He was unable to find anyone, but officers said Klinge told them he (Klinge) was hiding behind a desk and escaped after Geerts departed.

Klinge also was said to have admitted that he and Wise took and divided about \$75 from the Meengs station on various occasions.

Following Klinge's confession, Sheriff Boeve said Wise told him that in 1940 he had stolen a set of auto horns from the Stokette Tire store, a spotlight from Marks' store and a bug catcher and car-batter from the Western Auto Associate store in Holland and sold them to Klinge. Wise said it was the understanding that he was to get the articles and Klinge was to buy them for small sums.

When arraigned before Circuit Court Commissioner Matthew C. Locke Saturday night, Klinge waived examination and was bound over to circuit court.

Wise's sentence included the recommendation that he be transferred to Ionia reformatory and that he remain there for two years or until he learned to tell the truth. In court Saturday, he admitted taking the \$35.

When he was arraigned May 12 on the automobile count, he pleaded guilty and was released on his own recognizance for later disposition of his case. Sometime between May 26 and 29 the Meengs station, where Wise was employed at night, missed \$35 from an open safe. Wise denied taking it and Klinge, a fellow employee, defended Wise, saying he had seen Wise have \$35 previous to the theft.

Upon further questioning, Wise declared he had \$20 of his own and later said he had borrowed \$35 from Klinge.

Klinge later found employment in Muskegon and it was there that he told Probation Officer Jack Spangler, who aided in the investigation, that Wise had revealed he had taken the \$35. Spangler, questioning Klinge about Wise's claim of borrowing \$35 from him, was informed that Wise had asked Klinge to tell any questioning officer that Klinge had owed Wise \$35 and had paid the sum to him.

It was not until after Wise had been sentenced that officers learned of Klinge's implication. Wise involved Klinge while being questioned after being sentenced.

During the investigation, Wise went to Spangler and asked him to sign an application so he could join the army.

Obtain Addition to Tunnel Park

Supervisors Purchase 530 Foot Area to South of Present Site
Board to Take Up County Equalization Report on Thursday

Grand Haven, June 26 (Special)—By action taken Wednesday by the board of supervisors, Tunnel park on Lake Michigan which is owned by Ottawa county, will be enlarged by 530 feet to the south of the park's present southern boundary.

The supervisors voted unanimously to accept the report of its special committee which recommended purchase of this additional land for the park.

Isaac Kouw, Holland real estate man, appeared before the board Tuesday on behalf of the Trust Co. of Chicago and presented an offer of \$5,250 for this piece of property. Mr. Kouw reported that the Trust Co. of Chicago now has a deed to this property which the board has been considering for some time.

He said his offer was good only until June 27. Mr. Kouw reported that another piece of land, directly north of the park, had been sold for \$5,750. This strip was only 340 feet wide.

The newly acquired property covers about 1,000 feet from the lake front to the Tennessee Beach road and runs parallel the full length of Tunnel park.

The board referred Mr. Kouw's offer to its special committee with a request that it report on Wednesday.

The special committee composed of Clarence A. Lokker of Holland, chairman, Charles S. Loving, John H. Ter Avest, Henry C. Slaughter, Gerrit Bottema and Mayor Henry Geerlings, also of Holland, in a previous report to the board recommended that the county offer \$5,000 for the acquisition of two parcels of land, one to the south and one to the north of the park.

At present Tunnel park is only 200 feet in width. The committee was of the opinion that the present park was inadequate to accommodate the various gatherings that have in the past used the park "and that it would be advisable to enlarge the park so as to provide sufficient area for the purposes to which the park will undoubtedly be used."

HOLD SERIES OF MEETS TO TELL POINTS OF PLAN

Five Thousand Population Brings Need for Curbs on Building
Sentiment of Citizens to Decide Board's Move for Election

Faced with problems similar to those confronting the city of Holland, the Holland township board has drawn up a proposed zoning ordinance for the township and is now engaged in holding a series of meetings to acquaint residents with provisions of the suggested law.

From these meetings, the township board, according to Clerk Walter Vander Haar, hopes to obtain the sentiments of the residents and the voters in regard to the proposal. If sufficient interest is aroused, a special election to decide the question likely will be held, possibly next fall, he said.

The first of these meetings was held June 13 in Beechwood school and favorable expressions of opinion were obtained by the board. The second meeting was held Monday at 8 p.m. in Montello park school. One meeting will be held in Federal school and a fourth session for the benefit of the West End Boosters association of Zeeland will be scheduled. Dates for these two meetings have not been set.

Approximately 100 Holland township residents attended the meeting Monday night in Montello park school.

The proposed ordinance was read by Township Clerk Walter Vander Haar while explanations of the various provisions were given by S. P. Nelson of Grand Haven, county sanitary engineer, Justice of the Peace Ed Witterdink, Bert Wiersma, Fred Boeke and Supervisor John H. Heider.

The group went on record as favoring the ordinance.

Holland township has a population of about 5,000 persons and recent building activities have created a problem which the board is endeavoring to solve.

"In Holland city, common council at a recent meeting authorized Mayor Henry Geerlings to appoint a special committee to study the present zoning ordinance with the idea of amending it to meet present day problems.

Holland township's proposed ordinance is designed to protect the interest of the public health, safety, comfort, convenience, prosperity and general welfare of the township, the conservation of property values and natural resources and the general trend and character of building and population development. It regulates the location of buildings and structures designed for specified uses, the height, area, size and location of buildings and structures erected.

Under the proposed ordinance, the township would be divided into four "use districts," namely: Residential, commercial, industrial and agricultural.

For private and two-family dwellings, no building would be higher than 35 feet or two and one-half stories, would have a rear yard with a minimum depth of 25 feet and a side yard of not less than five feet in width on each side of the building, providing that on a lot having a width of less than 40 feet which was separate from adjacent lots and was included in a plat or record at the time of the passage of the ordinance, there could be a side yard on only one side of the building of less than five feet in width.

CUT LOCAL C.G. STAFF TO FIVE

Four Men and Officer Left on Duty Because of Emergency

Complement of the Holland Coast guard station has been reduced to four coast guardsmen and a commanding officer as a result of the national defense program, it was announced today by Capt. Charles Bontekoe, commanding officer of the local staff.

He said the local staff has been reduced upon orders from the Chicago district commander's headquarters. Captain Bontekoe was in Chicago Tuesday and Wednesday to receive his instructions.

Those on duty at the Holland Coast guard station besides Captain Bontekoe, are Emmett F. Foster, motor machinist mate, first class; Ivan F. Evans, Harold P. Groth and Earl Knight, all seamen, second class.

Originally the station's complement was 13 but later it was authorized for reduction to 11 men. Then four coast guardsmen were transferred from the local station to the eastern seaboard after President Roosevelt had declared an emergency, leaving on seven men and an officer at the station.

Upon orders from Chicago, Captain Bontekoe sent three men to the Charlevoix station Tuesday. They were Wilbur H. Bender, Charles W. Sell and Harvey D. Stubbs, all seamen, second class.

TWO CHARGED WITH RECKLESS DRIVING

Edward De Pree, 21, 99 West 12th St., pleaded guilty to a charge of reckless driving on arraignment today before Municipal Judge Raymond L. Smith and was assessed a fine of \$25 and costs of \$4.15 which he arranged to pay.

The complaint was sworn to by the sheriff's department who charged the offense occurred June 18 on M-21 between Holland and Zeeland.

The sheriff's department reported that two cars, one driven by De Pree and the other by Donald Cook, 21, of Zeeland were traveling at a high rate of speed, could not pass on the left because of oncoming traffic and finally passed cars moving in the same direction as their cars by traveling to the right.

Cook is facing arraignment this afternoon or Friday morning on a reckless driving charge.

ADDRESSES ARE EMPHASIZED IN SECOND DRAFT

Conscriptees Will Decide Exact Designation of Residence

Rules concerning the registration of young men who have become 21 years old since Oct. 16, 1940, have been received by the local selective service board from state selective service headquarters in Lansing.

The second registration has been set for Tuesday, July 1, between 7 a.m. and 9 p.m. by proclamation of President Roosevelt, augmented by a proclamation from Governor Van Wagoner.

The governor has called for co-operation of employers and government agencies in securing complete registration. He asked that sufficient time be given employees to register. It is expected about 33,000 will register in Michigan while 200 has been set as the quota for local registrations.

Each registrant will have the right to decide for himself which place he wants recorded on his registration card as his residence when he registers July 1, according to Col. E. M. Rosecrans, state director. The place he chooses will determine the local board that will always have jurisdiction over him.

Following the first registration day, many registrants wanted to change the address they had given for their place of residence. It was impossible for the selective service system to comply with these requests, according to Colonel Rosecrans, since the local board continues to have jurisdiction over every registrant whose residence is given in its local board area. In other instances, addresses given by registrants were incomplete, and the registration cards frequently reached the wrong local boards.

New selective service regulations now in the hands of local boards require each registrant to describe his place of residence so that its location may be determined easily. A registrant who lives on an R. F. D. route which goes through two states or two counties will be required to indicate the location of his residence rather than his mailing address. Because some registrants may wish to have their mail sent to an address other than the place of their residence, the new registration card will show both the place of residence and, in addition, the mailing address of the registrant.

Men subject to registration will be registered at the office of the local board having jurisdiction over their residence. Registrants away from home on registration day will register at the office of the local board wherever they may happen to be July 1.

INDIAN MISSION ISSUES VIEWED AT SYNOD MEET

Tribal Council in N.M. Prevents Work of Rev. Rikkers

Grand Rapids, June 26 (Special)—Synod of the Christian Reformed church discussed Indian mission affairs last week before adjourning.

Among other matters taken care of were:

1. The Rev. H. Rikkers of Shiprock, N. M., has been honorably released of his task there (the task being made impossible through the action of the Tribal council which persists in its refusal to have him on their reservation) and is recommended to the churches for a call.

2. The classis of Hackensack was released of its obligation to pay further the salary of the missionary-doctor at Rehoboth, and the church in general will now do so.

3. Rev. Bolby, representing the Lord's Day Alliance, briefly addressed synod on the work of the alliance in preserving the Christian Sunday. This is an actual matter, especially with a view to the president's pronouncement in regard to a seven-day work week in connection with the government's national defense program.

4. In the controversial matter of Dr. Richard Pousma's resignation as missionary-doctor and minister of the gospel in the Christian Reformed church, synod has accepted the resignation and gave the doctor an honorable dismissal. Synod also advised him to leave his ministerial status in the hands of his church and "await the leading of God's providence."

5. In regard to a great controversial matter, namely, the placement of the Rev. N. De Vries as a permanent pastor at Rehoboth, challenged by the missionary and his consistories, synod decided that "the executive committee of the board of missions in advising the four consistories of Roseland to seek a new field of labor for Rev. De Vries, was within the mandate of synod, 1940, and the provision of the Mission order I, Sec. 7."

The synod further appointed a committee of six (two members of the board, two of the Roseland churches and two of the synod) to confer with Rev. De Vries with a view to his future work.

6. A new experiment is to be tried on the Indian field in the appointment of a woman camp-worker in the person of Miss J. Marling.

7. Because of the turbulent conditions in China, the synod has given all their missionaries and their families the right to leave the field for home if they so desire.

8. Synod decided to add an ordained man and a registered nurse to the mission force in the Sudan field in Africa. This is the field in which Mr. and Mrs. E. Smith of Holland are stationed.

9. The board of missions was authorized to gather special gifts for certain special projects for which the mission quota makes no provision. The total of the mission budget for the Indians, China and African fields amounts to \$137,521.34 with \$13,364 for special projects.

10.—Synod is happy to have one of its ministers as an army chaplain in the person of the Rev. C. Oldenburg and guarded his ministerial status in the church.

11. The Rev. C. Van Dyk was honorably dismissed from the ministry in the Christian Reformed church.

12. The following organizations were placed on the "accredited kingdom causes"—National Christian Association, Union of Christian Schools, American Bible Society (Canada), Faith, Prayer and Tract League, and The Lord's Day Alliance of the USA.

Grand Rapids, June 26 (Special)—Synod of the Christian Reformed denomination adjourned its annual session at midnight Friday after a week and a half of meetings in Calvin seminary.

Among the important matters disposed of were:

1. Thirteen youthful theologians were granted licensure to preach in the churches of the denomination.

2. Synod, through its vice-president, Dr. George Goris, congratulated Prof. L. Berkhof on his 35 years of service in the seminary. The professor has instructed all the active ministry of the church except 10 per cent.

3. Dr. P. Hoekstra who is seriously ill will be visited by a committee of synod consisting of Revs. A. J. Rus and P. Eldersveld, a former classmate and former student.

4. In connection with the "expansion program" for Calvin college and seminary, several instructors and associate professors were appointed, Gordon Butler of Holland being one of them. After 1942 the churches in arrears will be excused, provided they do the utmost to pay them up. The quota for the college and seminary is to be increased from \$3 to \$3.50 per family per year.

5. Synod approved the report of a committee in regard to educational films for Calvin's students which advised no films, being satisfied that the students are interested in the varied and Christian Student program and society life, as well as athletic activities.

6. The movement of adding another year to the seminary training of ministers, making it a four-year course, and adding many subjects that cannot now be taught, was referred to the faculty of the seminary for study.

7. The Reformed Bible Institute asked for the intercession and financial support of the churches. Though synod is sympathetic toward this and various Bible institutes, it is still doubtful whether there is room for a central national, R.B.I. in the Reformed system and hence has recommended this for study to a committee to report at the next synod.

8. A committee was appointed to study the ecclesiastical body to examine candidates for the ministry of the gospel. At present this is done by synod itself. Classis Holland has requested this task to the local classes.

9. Synod disposed of various cases of protests, among them of K. Fortuin, the Rev. J. Dyk and a few folk in Columbus, Mont. The petition of Mr. Fortuin was that synod should reinstate him in the ministry, but was denied, and that of Rev. Dyk was a request that synod should aid him in domestic difficulties. The Columbus protest concerned the advice given by their classis to become a branch church of another nearby church, which they refused. Synod sustained the action of the classis Pacific.

10. Synod directed its board of missions to continue the Rev. N. De Vries on the Indian field for another year. In the meantime synod's committee will investigate the whole mission setup. This was one of the big controversial matters before synod. The missionary pledged whole-hearted cooperation with the board.

11. C. Kuipers, one of synod's missionaries in Zuni, N.M., handed the members of synod a copy of the Gospel of St. John in the Zuni language, the first in this language by the Rev. George Yiff.

12. Classis Holland was advised by synod to proceed to the ordination of E. H. Smith as minister of the word and sacraments on the Sudan field in Africa.

13. Synod decided not to reopen the case in regard to white pay patients at Rehoboth hospital at the present time and instructed its board of missions in consultation with general conference to study this problem.

14. Classis Holland was advised by synod to proceed to the ordination of E. H. Smith as minister of the word and sacraments on the Sudan field in Africa.

15. Synod decided not to reopen the case in regard to white pay patients at Rehoboth hospital at the present time and instructed its board of missions in consultation with general conference to study this problem.

THE UNOFFICIAL CENSOR

It is interesting, and disquiet-
ing, to note how censorship is be-
ing imposed on the American peo-
ple, without the necessity of a
specific censorship law. The dominant
faction has gradually been
hinting, and now it is coming out
in the open with it, that the time
has come to consider people like
Lindbergh, Wheeler, and others of
that type "unpatriotic." That is
merely a polite way of saying that
they ought to be suppressed, that
the free speech they are insisting
upon is a menace to the safety of
America.

It was all right, they argue ret-
rospectively, that such people
talked against war in the early
stages of the present situation.
But the American nation has
taken certain steps for the security
of the American people. Those
steps are now being endangered
by the free speech of the Lind-
berghs and the Wheelers, and
hence America should take steps
to defend its own security.

A most beautiful case of argu-
ing in a circle. Inch by inch and
foot by foot the advocates of war
have been pushing the American
people closer to the edge of actual
participation. All the time they
have been giving the assurance
that any specific move would re-
main "short of war." The president
kept saying, "Again and
again I have said that America is
not going to war." And the others
kept giving the same assurance.

On the strength of such assur-
ances the American people have
given the administration powers
that are hardly short of dicta-
torship. Now that they have such
powers the advocates of military
participation are saying to the
American people: "You have gone
this far; you are really in it al-
though not in name; you can't
turn back, and you can't even stop
where you are, with honor. There-
fore those of you who are still
arguing that we ought not to go
in, that we ought to stop where
we are, are endangering the security
of America. They should be
branded as unpatriotic, because
they are undermining public con-
fidence in America's war efforts."

That is the argument. The time
has not yet come to suggest con-
centration camps, but that will
almost certainly come. The first
step is to convince the American
people that free speech is un-
patriotic; the next that its sup-
pression is necessary; the next the
act of suppression. Lindbergh and
Wheeler and others of that type
may yet find themselves in jail be-
fore the actual shooting begins—
unless the American people insist
on the American principle of free-
dom of speech.

If America is to remain truly
democratic, there can be only one
principle: Even if only one Amer-
ican citizen in 130,000,000 dis-
sents he should have the right to
say so. Anything short of that is
the first step in America on the
way to Hitlerism.

THE CHURCH INVITES YOU

General Pershing says: "Amer-
ica needs a change of heart. A new
spirit can grip your heart and
mind and muscle—if you are will-
ing. Our fathers looked to God for
direction. We've looked about
every place else. We still print
"In God We Trust" on our money.
Everybody carried that idea
around in his pocket."

William Penn said, "Men must
be governed by God, or they will
be ruled by tyrants."

Wake up America! Learn how
to really trust God. It will help
you to do so if you accept the in-
vitation and go to church next
Sunday?

Lessons From the Early Church
1 Corinthians 3:1-15

By Henry Geerlings

There are people who do not
realize that the church has had to
face problems all through its
history. So many persons seem to
think that the New Testament
church had a kind of golden age
existence, and that the early
Christians lived in a state of am-
bient bliss. Nothing can be farther
from the truth. The churches in
the ancient world had problems
that were very much like the prob-
lems of our churches today. Prac-
tical difficulties of human life have
always been the concern of the
Christian community, and it is
part of our task as Christians to
find solutions for these difficulties
here and now. By applying the
standard of Christianity to our
relations within the church, we
learn how to be better disciples of
Christ.

In the Corinthian church Paul
often had to deal with difficult
leaders, each having his own pre-
ference. It is an old story, as old
as Christianity itself. Paul knew
when he went to Corinth he would
have to listen to many pleas from
different groups. He forestalled it
all by saying that he determined
to know nothing among them save
Jesus Christ and him crucified. He
was sagacious and spiritually
minded enough to know that when
men believed in Christ other things
would fall into their places.

Upon this foundation men are
to build humbly but wisely. Some-
times their work will be unworthy,
as hay would be or stubble, in-
flammable and inadequate. Some-
times it will be good, beautiful,
lasting. This touches us as indi-
viduals, for none of us ever builds
everything well. It touches us as
members of the Christian church.
The church has done many things
badly, but the combined efforts of
its people are at last to make a
perfect temple on a perfect founda-
tion. That temple is not in the
soul of the individual only, but of
all men put together.

When Paul visited Corinth the
city had a population of over half
a million souls. Practically all of
them were immigrants. The races
of all the world mingled in its
streets. There were temples to the
gods and goddesses of a dozen pan-
theons. In the temple of Aphrodite
there were a thousand priestesses,
prostitutes, and foul indeed were
the ceremonies displayed in the
name of religion.

Corinth was preeminently im-
moral. It was a popular saying
that only a man of courage kept
decency there. The life of the rich
was abominable and of the poor,
miserable. Paul had not originally
intended to locate there, perhaps
because of the utter worldliness of
the place. But he was led to enter
the city by a revelation. He re-
mained for eighteen months and
established a congregation which
grew in numbers and in trouble for
the founder.

The church members of Corinth
were converts from the lower clas-
ses in pagan society. Many of them
were obviously from the seamy
side of life. The apostle once re-
fers to them as having been im-
moral, adulterers, gigolos, per-
verts, drunkards, revilers and ex-
torioners. Doubtless there were
some of the better class. A few
were probably from Jewish fam-
ilies. But in some respects they
were a recalcitrant, stubborn,
loose, emotional lot.

These Corinthian Christians had
two unsteady traits. On the one
hand, they admired high-sounding
ideas. They loved titles. They were
typical Greeks of the period, will-
ing to discuss any abstract subject
in philosophy, but blind to ele-
mentary moral duties. Vives were
tolerated among these people of
lowly even decent pagans would
be ashamed. On the other hand
they were individualists. They had
the prevailing weakness of the
Greeks to divide. The spirit of
party, which had destroyed Greece
politically, soon appeared in the
Corinthian congregation. While he
remained at Corinth, Paul had dif-
ficulty in holding the community
together, and as soon as he was
gone it broke up into parties, quar-
reling with each other and all re-
sented the authority of the apos-
tle himself.

In his letters to this church Paul
condemns their partisanship and
writes his interpretation of the
Christian ministry. He rebukes
them for liking this preacher and
disliking that one. Apollos was an
orator, Paul an organizer and
thinker. Apollos was an evangelist,
Paul a theologian. Perhaps Apol-
los was handsome. We are reason-
ably certain that Paul was not.
But these are not matters which
the believers of Christ should use
as standards of measurement for
the ministry. Some of the members
of the Corinthian church declared
that Paul should be honored more
than Apollos because he established
the church. Other members argued
that Apollos should be honored
more than Paul because under his
preaching the congregation had
a phenomenal growth.

According to Paul's idea the
Christian ministry must be thought
of in its official capacity, not in its
personal capacity. After all, so
far as the Christian community is
concerned, both Apollos and Paul
are servants of the Lord. Each
of them has to use such talents as
God gave him. But no matter what
his talents or his qualities, his
work as a minister has no value
aside from the value given to it
by God Himself. The real source
of blessing for the members of
the church is neither Paul or Apol-
los, but God. It is not the personal
adorment of the minister that
counts, but the substance that is
offered through him to them.

Son of Local Minister Weds Port Huron Girl

Mrs. John Frederick Van Dyk

In a charming ceremony per-
formed Friday night in the First
Methodist church at Port Huron,
Miss Jessie Eileen Amey, daugh-
ter of Mr. and Mrs. Albert
Emory Amey of Lake Shore drive,
Port Huron, became the bride of
John Frederick Van Dyk, son of
the Rev. F. J. Van Dyk, pastor of
Central Park Reformed church.
The Rev. Dwight Large assisted
the groom's father in performing
the single ring ceremony before
the altar, decorated with peonies,
roses, and orange blossoms and
flanked by seven-branched can-
delabra.

Preceding the ceremony Earl
Allen of Detroit sang "O Promise
Me," and "Because." The
Lohengrin and Mendelssohn wed-
ding marches were played by
Miss Olive Peckham, organist.

Approaching the altar on the
arm of her father who gave her
in marriage, the bride was lovely
in a gown of sheer white stamped
marquise and train-length
bridal veil held with a tiera of
orange blossoms. She wore a
locket, a family heirloom 150
years old, and carried a bouquet
of calla lilies and gardenias.

Mrs. Howard E. Morse, Jr., as

matron of honor, wore a gown
of powder blue marquisette fas-
hioned with shirred waist and
puffed sleeves, and a tiera of
roses and gardenias. Her bouquet
was of tallman roses and lark-
spur.

Miss Ann Jane Van Dyk sister
of the groom, was bridesmaid.
Robert F. Van Dyk was his
brother's best man. Ushers were
Gerald Amey, the bride's brother
and Edward McDougall of De-
troit, friend of the groom.

Following the service a recep-
tion for 130 guests was served
in Wesley hall of the church, and
a wedding repast was served by a
unit of the church Aid society.
The bride's mother wore a green
and white redingote and a cor-
sage of gardenias and rose buds.

The couple left Friday night
to spend their honeymoon at a
Lake Michigan cottage at Grand
Haven. The bride wore a printed
green sheer dress with plain
jacket and buff accessories.
The bride was graduated from
Port Huron high school, and the
groom from Holland high school.
He is a salesman for the Reid
Murdoch and Co. They will re-
side at 3620 Charles St., Lake-
port.

Vows Are Exchanged in Methodist Church

At 4 o'clock Saturday after-
noon in First Methodist church,
Miss Louise La Verne Schip-
pach, daughter of Mr. and Mrs. August
Schipach of 312 East Sixth St., and
Peter Lugers, son of Mr. and Mrs.
Henry Lugers of 149 West 16th St.,
spoke their nuptial vows. The
Rev. W. G. Flowerday read the
single ring service in the presence
of a large number of friends and
relatives.

Vows were exchanged before a
white arch intertwined with deli-
cate green vines and banked with
palms and ferns. Two tall white
baskets filled with white blossoms
flanked the arch and two seven-
branch candelabra gave added il-
lumination. The altar with its
white satin pillow and the flowers
were arranged by Mrs. Estelle De
Vries, the bride's Sunday school
teacher. A single talisman rose,
the class flower, appeared on the
altar.

Wedding attendants included
Mrs. John Kolean, Jr., sister of the
bride, as matron of honor; La
Vonne Nichols, niece of the bride,
flower girl; Lyle Schippach, nephew
of the bride, ring bearer; and
James Essenburg, best man. Peter
Schipach, brother of the bride, and
Theodore Steketee served as us-
hers. Master and mistress of cere-
monies were Mr. and Mrs. Dick
Brandt. In charge of the gift room
were Mr. and Mrs. August Schip-
pach, Jr., brother and sister-in-law
of the bride.

Mrs. Rudolph Mattson, church
organist, played several appropri-
ate selections and the traditional
Lohengrin and Mendelssohn wed-
ding marches and also accompan-
ied Peter Kolean as he sang "Be-
cause," and "At Dawning," pre-
ceding the service.

A reception for about 75 guests
was held at 5:30 p.m. in the main
dining room of the Warm Friend
tavern where tables were decorat-
ed with smilax, white peonies and
other flowers. On the bride's table
was a beautifully decorated tiered
wedding cake, the gift of the em-
ployees of the hotel. Music during
the reception was furnished by Al-
vin Schutmaat's orchestra.

Out-of-town guests were Mr.
and Mrs. Clarence Van Fall and
Miss Louise Van Fall of Grand
Haven; Mr. and Mrs. Lyle Deneau
of Port Huron; Mr. and Mrs. Arvid
Walgren of Port Huron; Mr. and
Mrs. Paul Juneman, Joyce and

Mae Schippach, Mr. and Mrs. Otto
Sack, Miss Dorothy Sack of Big
Rapids; Mr. and Mrs. John Vanden
Boesch of Zeeland; and Mrs. John

FEDERAL FUNDS BOOST OTTAWA NURSES' WAGES

Equalization Basis Argued in Other Business of County Board

Grand Haven, June 26 (Special)—Three nurses of the Ottawa county health department, the Misses Leona Britton, Winifred Fisher and Martha Allen, each will receive salary increases of \$200 through federal funds, the board of supervisors was informed Tuesday afternoon.

Dr. Ralph Ten Have of the health department said the increase from \$1,600 to \$1,800 will become effective July 1. The state has provided a part of the nurses' salaries in the past. The federal funds apply to minimum salaries.

With the federal funds increasing the three salaries, a motion to raise the salary of Miss Madge Bresnahan, head nurse of the department, from \$1,936 to \$2,100 through county funds was presented, but was voted down, 13 to 14. Each nurse is allowed \$600 a year for traveling expenses in addition to her salary.

The matter of putting in a new boiler at a cost of approximately \$1,350 and a boiler at a cost of approximately \$700 for the laundry, at the county infirmary, was referred to the social welfare committee.

The buildings and grounds committee was given authority to get prices on two stokers for the heating system at the court house and jail, with power to act.

Sheriff William Boeve was allowed travel and hotel expenses while attending the sheriff's convention in Marquette.

John H. Ter Avest was excused so he could go downtown and see his son, Paul Ter Avest, former teacher in the Spring Lake schools, who was leaving for induction into the selective service.

A resolution upon the death of John Elander, Holland township, was presented by a special committee.

School Commissioner D. H. Vandebunte, in a communication, asked for clerical help for the summer, and for expenses in attending the school commissioners' convention Aug. 21 and 22. These requests were referred to the committee on schools and education.

The board was invited by the Ottawa county social welfare board to visit the county infirmary and see the new refrigeration system which has been installed there during the past year.

CATCHES FEW AS NEW FISH SEASON OPENS IN MICHIGAN

Yesterday was the beginning of the general fishing season in Michigan and from early reports everybody cooperated but the fish.

While some sportsmen took to the streams and lakes shortly after midnight, the general rush did not begin until daylight. Perfect weather prevailed here as the sun rose over Lake Macatawa.

But the bluegills and bass declined to bite the inviting bait which the fishermen offered and only a few reports of good catches were heard about Holland during the forenoon. Some sportsmen returned empty handed without a single bluegill and some who went after bass didn't even get a "strike."

However, the state conservation department fish division experts at Lansing predicted a good season on bluegills, crappies, perch, bass and all types of panfish. The recent heat wave was said to have increased fly hatches and warmed smaller lakes and streams, improving chances for a record catch.

The department advised fishermen that best results could be obtained during the middle of the day on all but trout streams for the first few weeks of the season.

Among the Jersey breeders who will send cattle to the show are Tony Zahm, Coopersville; Bert Titus, Coopersville; Peter Van Noord, Hudsonville; and D. R. Danenberg, Allendale.

HOFFMAN SAYS LAW IS ANSWER TO STRIKE ISSUE

Asserts He Put Finger on Communists in Plants Four Years Ago

Washington, June 26 — Cong. Clare E. Hoffman in his weekly summary here discussed Annapolis appointments, labor trouble, seizure of plants and Wagner law amendments.

He said: "Owing to a change in the law, shortening the course from four to three years, two appointments to Annapolis will be open in 1942. Applicants must not be less than 17 nor more than 21 years of age on April 1, 1942. Anyone wishing to take the preliminary examination, which is usually held in October, should write, giving name, post office address, age and one—not more—and I mean not more—letter from a well-known citizen, showing good character and loyalty of applicant and that he is a resident of the fourth congressional district.

"More than 150,000 copies of a statement made by me on the floor of congress on June 1, 1937, pointing out that the sit-down strikes and many others were led by Communists, using Communist methods, were sent out; but it was not until this week that the administration finally took action to break the Communist strikes.

"On the west coast, in Cleveland, in Wisconsin, in Michigan and elsewhere, strikes which have been crippling national defense industries were led by Communists and all too often by convicts who are on parole, and some of whom are now being sent back to prison.

"In my humble judgment, it is not necessary for the president to seize industrial plants in order to end the insurrection and rebellion—and it was termed that by me in 1937—which are sometimes concealed under the guise of labor disputes and strikes.

"The solution of our trouble is simple. We need law enforcement, not only by the president of the United States, who is authorized to use the forces of the army and navy to put down insurrection and to enable men to go about their work without interference, but by the governors of our states and other officers charged with law enforcement.

"Another needed remedy is an amendment to the NLRA to the effect that a man shall have the right to join or not to join any labor organization.

"Another is an amendment to that act to the effect that interference from any source (and that means interlocking goon-squads) to a man's right to organize, to bargain collectively, to join, or not to join, or to work, shall be unlawful.

"Employers have been held guilty for discharging an employee who was a Communist, a convicted criminal, because it was claimed the discharged employee was also a member of the union. Will men driven off the picket line by the army be ordered back on the payroll by the national labor relations board?

"Philip Murray, head of the CIO, claims that the army was used to prevent strikes. It was not so used. There is a law against strikes. A man can strike when and where and for as long as he wishes. What the army did on the west coast was to disperse the picket line which was preventing men who wanted to work from going to work.

"My theory is let men strike, if they wish, for as long as they wish. But, when they do strike, there is no reason why the public should support them through relief or unemployment compensation. Nor should they be permitted to prevent other men from working.

"I believe in unions, but it is time they clean house and get rid of controlling officials or racketeering members who use that union either for their own financial or political gain or to prevent national defense.

"In the smaller cities and in towns such as exist in the fourth congressional district, the Communists and racketeers are very few in number and usually they are outsiders or men who act hastily.

"Always will I support legislation which is in the interest of the workingman. Always will I oppose legislation which protects and gives encouragement to, grafters, racketeers, crooked union politicians and Communists."

In conclusion, he said: "Don't be angry, if, when you write your representative, you do not get an answer, or get an answer in an envelope on which your name is misspelled. Some letters come so written that it is difficult to read the signature; others are unsigned. If you do not write an open hand, print your name, or don't cuss me if I misspell it, or you fail to get a reply."

HINKAMP URGES AID OF HOLLAND IN DRIVE OF USO

Cannot Dodge Fact That Thousands Are Now in Camp, He Says

After all arguments have been exhausted, the cold fact remains that thousands of American youths are in training camps, the Rev. Paul E. Hinkamp said today in support of the USO campaign in Holland.

Rev. Hinkamp, who is chairman of the four-minute speakers committee of the local USO drive, stated:

"What a wonderful privilege and blessing it is to be an American! Especially in these days of turmoil, confusion and suffering! We can scarcely imagine what miseries millions in Europe and Asia and Africa are enduring today. While most of the world is at war, we are enjoying peace. While many nations cannot look forward to anything but 'blood, sweat and tears' for months to come, we enjoy security and prosperity. While many countries are being ground under the cruel heel of the oppressor, we have liberty and freedom. While others are forced to bow to dictatorship, we still enjoy the benefits of democracy.

"In order that we may not have these blessings taken from us our nation has entered upon a huge defense program. Whether we individually agree with all the measures taken by our leaders or not, the fact remains that hundreds of thousands of the best young men of our country have been called away from home and friends into military training.

Our own state of Michigan has already 30,000 draftees, and 28,000 enlisted men. And this is not the whole story. One hundred and ninety-two draft boards in our state alone have given freely of their time and thought to the selection of these young men. Seventeen hundred physicians have given of their time and skill in providing proper physical examinations of these men.

"Besides all this, there are thousands of defense workers, many of them far from home and friends, building munition plants and cantonments and all the things needed for defense. An honored citizen of our own state, William S. Knudsen, has been placed at the head of much of this work. This is an honor to our state. Surely the thought comes to every citizen, what is my part in this program, and what can I do to show my gratitude to my country?

"The answer is easy. There is an immediate pressing need calling for the cooperation of all. The concentration of so many men in crowded places brings peculiar temptations, especially when the cantonments are far from any city large enough to furnish adequate recreational facilities. Soldiers and sailors on leave and defense workers when not on duty desire relaxation and recreation. This is only natural and normal. In order to provide this the government is building 360 recreational centers, where these men can obtain clean and wholesome recreation, and be free from temptations to things which degrade.

"The USO has been called upon to raise the needed funds to furnish the personnel and management of these centers. The campaign to raise these funds began June 2 and is to end on July 4. Holland's quota is \$2,500. Surely we want our boys to come back to us with unimpaired morals and manhood. We must not, we dare not fail to do our part in this drive. Here is your immediate opportunity to show your gratitude to America. Have you made your contribution to the USO? If not, surely you will do so before July 4. You can leave it at either bank or at the Office of the Ottawa County Building and Loan association. And be sure to make it an Independence day thank-offering."

CHILD READING CLUB FORMED

To encourage local children to spend their time profitably during the summer by reading good books, Holland library has organized a vacation reading club.

Miss Dorca Schermer, local librarian, reported that 60 children already have enrolled. Before the closing of school, the librarians contacted students of the fourth, fifth and sixth grades who are eligible for membership and explained the plan to them. Students of the third grade who will enter the fourth grade next fall also are eligible.

All children are asked to go to the library to register as reading club members. They will be presented with a booklet entitled "Books I Have Read" which contains several blank pages.

After reading a book, the child is requested to write the title and author and a short sketch of the story on one of these pages. They are requested to read 10 books from their reading list during the summer. Two of these must be non-fiction.

When two books have been read, the student will be presented with a blue pin which reads "I belong to the Public Library Reading Club." A star for each book read will be placed opposite each member's name on a poster in the library. At the end of the summer, a diploma will be awarded to each child who has read the required 10 books.

OTTAWA BEACH AWAITS RECORD SEASON CROWD

Head Expects Attendance to Surpass Million Mark of 1937

Ottawa Beach state park, which is located about seven miles northwest of Holland, will undoubtedly have a record-breaking tourist business this summer, according to Park Superintendent Carl Van Weelden.

Over 1,000,000 persons are expected to visit Holland's largest park this season. Only in 1937 when 1,306,225 persons enjoyed camping, swimming and recreation facilities afforded by the park, has attendance passed the million figure.

This is the first year since 1937, Mr. Van Weelden explained, that construction has been completed so that camping could get off to an early start. Over 100 camps have been made at the park already this year.

The park was open Tulip Time, but officially opened May 30 when all the rest of the state parks did.

Construction this year has consisted of the laying of sidewalks all the way around the main pavilion and the building of a new \$18,000 service building, a combination laundry, laundry and shower at the north end of the park. The park will also have its own water system for the first time this year, having formerly used that supplied by Consumers Power.

Only the finishing touches have to be put on the new building and it is expected that it will be completed this week. However, as Mr. Van Weelden explained, getting certain materials nowadays is "like pulling teeth," and for that reason completion might take a little longer.

This latest modern addition is 63 feet long and 27 feet at its widest part. Exterior will be of brick and reinforced concrete construction while the interior finish will be in tile. The pump house is of similar construction.

Park improvements are being done with WPA labor, \$10,836 being spent for labor and 7,341 for materials and equipment.

As soon as a guard can be put on night duty so that it cannot be wrecked by after-dark vandals, playground equipment will be set up.

Assisting Van Weelden at the park this summer will be Senates Vanden Berg, assistant park superintendent, Corrie De Boer and Charles Vander Linde, rangers, and Marvin Den Herder, beach guard.

Campers are allowed to stay at the park eight days after registering at the park office. Then they must leave the park for 24 hours before they can re-register.

The park is a gift of the city of Holland and private donors. Last year nearly 900,000 persons visited it while more than 7,500 campers from other parts of Michigan and 844 campers from other states took advantage of its facilities. It consists of 44 acres with 1,540 feet in frontage on Lake Michigan and 1,620 feet on the channel. Its sand beach is ideal for bathing and overnight camping facilities are excellent.

Honorable mention was given Jack Palmer of the junior class.

Mr. Riemersma also announced the John Kolla Nystrom fund, established by Mrs. Catherine Nystrom Cheff in memory of her son and through which many urgent needs of the students of Junior high school have been met, and the Kolla Landwehr fund which Mrs. Louise Landwehr Cosello established in October, 1940, in memory of her father, John P. PLAN INSTITUTE AT CLINIC HERE TO AID NURSING

County Red Cross Chapter Announces Two-Day Event in July

Preliminary to expanding its program of home nursing instruction as a civilian preparedness measure in the national defense program the Ottawa county Red Cross chapter will sponsor a home nursing institute at the clinic rooms, 12th St. and Central Ave., July 1 and 2, beginning at 9 a.m. Mrs. R. L. Schlect, the chapter's nursing service chairman, said.

Nurses who are willing to teach Red Cross home nursing classes, as well as authorized instructors, are invited to attend. The primary purpose of the institute is to assist nurses in methods of teaching and presenting the material. The first session will be devoted to the promotion and organization of these classes.

Discussions on latest developments in home nursing fundamentals, particularly those which will enable a family to be self-reliant in caring for simple illnesses and in guarding against disease will be led by Mrs. Martha B. Hatch, nursing consultant from Red Cross midwestern headquarters in St. Louis.

"Red Cross home nursing classes are considered a very important adjunct in the entire national defense nursing program. Our citizens must guard against increased disease and ill health which sometimes grow out of war economy. Since emergencies may arise which may cause a shortage of nurses for civilian duty and also overtax hospitals, resourcefulness and intelligence in combating disease and ill health in the home becomes increasingly important."

Mrs. J. E. Holmes, chapter executive secretary, said.

Home nursing classes are taught by registered nurses who are enrolled in the Red Cross nursing reserve, and with the American Nurses association.

Courses in home nursing provide training in care of the sick in simple illnesses; care of babies, children and the aged; individual health and personal hygiene; and the prevention and control of communicable diseases; community health; and home sanitation.

Steketee-Van Huis Printing Company Marks 22nd Anniversary

RECENTLY INSTALLED 31 x 45 SHEET SIZE AUTOMATIC PRESS

This month the Steketee-Van Huis Printing Co. is celebrating the 22nd anniversary of its organization in June, 1919. After buying out the Klaasen Printing Co., the business was continued in the same building at 9 East 10th St.

The company employs 19 persons whose work covers a total period of 365 years of printing experience. Louis Steketee, John L. Van Huis and C. Neal Steketee are the present owners of the concern.

required 350 points and were presented with the shield letter.

Miss Solomon's room — Patsy Beyer, Jane Visscher, Bill Ross, Roger Knoll, James Wojan, Roger DeWeerd and Ray Haasjes, Ronald Colton and Corinne Cornelissen, shield letters.

Miss Mulder's room — Roger Kuiken, Billy Van't Hof, Arlene Beekman, Jackie Mickelson, Patty Parker, Denise Raffenaud, Carol Deane Van Lare, Betty Baldu, Ruth Prince and Helen Van Dyke. Mary Houtman and Teddy De Graff, shield letters.

Miss 'Zonnebelt's room: Louise Baskett, Harriet Navis, Lois Holtgeerts, Robert Sloothaak and Ronald Vander Hill. Ronald Bos and Elizabeth Muyskens, shield letters. Ronald Bos compiled an unusual record in winning first in three and second in his class in two of the five athletic events open to all city public school competition. He was also captain of the baseball team for his grade and maintained a B average in scholarship.

Van Raalte school:
Miss Ihmme's room — Donna Boeve, Betty Borr, Ablynnne De Roos, Maxine McFall, Howard Meyer, Dale Mooi and Marvin Verschure. Edward Koster and Beverly Visscher were awarded the double letter for the most points.

Due to increase of its business, Knoll and Knooihuizen, local farm implement dealers, have expanded their quarters until the firm now occupies the entire building at 55-57 West Eighth St.

Knoll and Knooihuizen started in business here seven years ago after having bought out Groenewoud and De Vries.

They handle the complete line of John Deere farm products and the tractor in the above picture is one of 22 models manufactured by the John Deere Co. At a tractor demonstration held in Iowa last fall, the John Deere line carried off five places in the rubber tired line and a first and second place in the steel-wheeled contest.

The model "H" placed first with a fuel cost per acre of 9.35 cents; second, model "H", 9.55 cents per acre; third, model "A", 10.7 cents per acre; fourth, model "H", 10.8 cents per acre; fifth, model "H", 12.1 cents per acre.

Knoll and Knooihuizen point out that fuel economy like this is a conclusive demonstration of the real money to be saved in using low-cost fuels in John Deere two-cylinder tractors.

"And the reason for this economy is exclusive John Deere two-cylinder engine design—after 17 years still the most practical development in farm tractors," they said.

This firm also handles a complete line of farm implements and is equipped to make repairs of all kinds to farm machinery and tractors.

Miss Bernice Hazzard, daughter of Mr. and Mrs. A. I. Hazzard, 116 East 19th St., and Henry J. Derksen, son of Mr. and Mrs. G. Derksen, 248 Pine Ave., were united in marriage in an attractive ceremony Saturday afternoon at 3 o'clock in the parlors of Trinity Reformed church. The double ring ceremony was performed by Dr. H. D. Terkerst.

Mrs. Joe Otting, sister of the groom, as matron of honor, wore a blue net gown and carried a bouquet of pink roses and sweet peas. Joe Otting, brother-in-law of the groom, assisted him as best man.

Decorations were palms, two large baskets of lilies, and two seven branch candelabra. Viola Baldwin played "Melody of Love" as a piano solo preceding the ceremony. "At Dawning" and "The Lord's Prayer" by Malotte were sung by Gordon Van Den Brink.

A reception for about 40 guests was held in the church parlors following the ceremony. Waitresses were Elaine Lundie, Goldie Koop, Mildred Gramsmeier, Beatrice Oosterbaan, and Laura Post, friends of the bride.

Both the bride and groom are graduates of Holland high school. Mr. Derksen is employed at the General Motors plant in Grand Rapids. Following a short trip through northern Michigan, the couple will make their home at 92 East 17th St. For her traveling costume, Mrs. Derksen wore a green shantung dress with white accessories.

Out-of-town guests at the wedding were Mr. and Mrs. Jack Benham of Bangor, Mr. and Mrs. Donald Crandell of Bay City, Mr. and Mrs. Arthur Wakeman and Virginia also of Bangor, and Mr. and Mrs. Henry Derksen of Racine, Wis.
