Speaker Sums World History In God to Atom

71 Graduates Receive Diplomas at Annual Chapel Commencement

Dr. John A. Dykstra, president of the board of trustees and pastor of Central Reformed church in Grand Rapids, summed man's history as "God to Adam to Atom," in an address to 71 graduates at Hope college commencement exercises in Hope Memorial chapel Wednesday night.

"To complete the triangle, we must go, not to annihilation, but to the Almighty," he said.

This can be done only if each individual feels that he owes the world Christ, he said. Man tends to be in the receiving line and to avoid the giving line, he averred.

President Irwin J. Lubbers presented diplomas and announced honors. The George Berkhoff, Jr., English prize went to Suzanne Leestma. The Dr. D. D. Godfrey chemistry prize was awarded to Gerrit Levey and the Patterson Memorial prize in biology to Marjorie Van Vranken. Miss Van Vranken has also received an \$800 assistantship at the Illinois university.

Patricia Haskin was given the music award, a gold key and chain, for her value to the Women's Glee club and general musicianship. The Gerrit H. Albers gold medal for the highest standard of scholarship, citizenship and service to the college, was awarded to Elaine Bielefeld.

Titus Hager, member of the Board of Trustees, read a resolution by the board honoring Dr. E. D. Dinnert, faculty member who is retiring after 49 years of service.

Musical numbers on the program included a vocal solo, "Pillgrim's Song," Tschakovsky, by Prof. Robert W. Cavanaugh of the music department. An ensemble of senior girls sang "Sings the Lute," Horner, and "Thou God of All Nations," Lester.

Special feature of the program was the conferring of the Doctor of Divinity degree upon the Rev. C. T. Tsai, secretary of young people's work in the Church of Christ in China. The Rev. Edwin Koeppe, a graduate of Hope college who is now a missionary to China, also received the degree.

Invocation was given by Dr. J. J. Sessler, pastor of Third Reformed church, and benediction was said by the Rev. M. Eugene Flipse, pastor of Community Reformed church in Douglass, N. Y. Mrs. W. Curtis Snow presided at the organ.

Four of the graduates received their degrees cum laude. They are Dorothy Irene Atkins, New Platz, N. Y.; Margaret Bakelaar, Passaic, N. J.; Dorothea Mae Dixon, Claverack, N. Y.; and Paul George Fried, Holland.

Truck Driver Loses Hand in Tank Explosion

Russell Baron, 32, truck driver living at 5601 College Ave., was in a serious condition in Holland hospital today after his right hand was blown off in an oil tank explosion at 5:15 p.m. Wednesday.

Baron also received burns to his face and upper part of his body in the oil tank blast heard three miles away. The explosion occurred at John Zoerhof's service station on M-21 just east of Holland where Baron had borrowed a portable electric drill to make a minor repair at the top of the truck, owned by the Holland Oil Transport Co.

The rear end of the empty 3,230-gallon tank was hurled 400 feet by the blast. One of the tank partitions flew 600 feet and sheared a two-inch branch before landing near Henry Poll's garden across the street. Both pieces, badly crumpled, weighed over 100 pounds.

Deputy Sheriff Edward Browner who investigated said he believed the explosion was caused by a friction spark. He later tested the drill and found it in good operating order.

Zoerhof, who also operated a service station across the highway, told officers Baron had borrowed the drill to make a minor repair near the six-inch cap at the top of the tank. After the explosion Zoerhof said Baron was hanging onto the ladder of the truck with his left hand. Zoerhof assisted him down and put him in the nearest car, shouting instructions to an attendant to arrange for a physician at the hospital.

The explosion occurred at the busiest time of the day's traffic and officers estimated that at one time 500 cars were parked along the road.

By a vote of 10 to 2, Common Council Wednesday night approved construction of a water softening plant for Holland. Dissenting votes were cast by Ald. Henry Te Roller of the first ward and Ald. Fred Galien of the fourth ward.

The measure, explained in detail at the June 5 meeting, provides for a new water supply east of the city, a water conditioning plant at the 5th St. location and a million-gallon reservoir.

Estimated cost is \$510,000 which includes \$126,000 for wells and pipe lines, \$277,000 for the water conditioning plant, \$37,000 for the reservoir and \$50,000 for engineering, inspection, tests and land.

The project would be financed from reserves of water department and the balance from a short term loan from the electric department which would be amortized from water department profits in three years.

Operating costs would be doubled with additional personnel, chemicals, depreciation and maintenance, and rates will be increased accordingly. The recommended rate will be a minimum of \$6.60 a year and an average of \$9 to \$10.

City Attorney Vernon D. Ten Cate explained that if council does not approve rate increases, the city would have to provide in its budget for additional costs of operation.

Advantages of a water softening system include removal of objectionable gases and saving of soap.

In other business, Ald. Harry Harrington said the special committee appointed by council to study the re-zoning of River Ave. from 12th to 17th Sts. from residential to commercial had met with the appeal board and has petitioned for reconsideration.

Only 200 gold fish played in the splashing waters of the central fountain in Centennial park today.

Last week there were 400 plus. Mischievous youths Friday night, searching for pennies, turned a valve which drained the fountain directly into the sewer, taking with it about half of the gold fish. The other fish remained in the deep pool under the fountain.

On complaint of incensed park department employees, city police immediately traced the act to three boys. Detective Sergeant Earnest Bear questioned a 12 year old who implicated two others.

After considerable questioning, the youth said one member of the trio had removed his shirt and probed the pond which is three feet deep. The valve which leads to the sewer is eight inches above

Nephew of Holland Man On Permanent UN Staff

Georges Thorgevsky, a nephew of Michel Thorgevsky, Marigold lodge, Waukazoo, is on the permanent staff of the United Nations organization, serving as one of the versatile interpreters upon whom revolves the important task of clarifying the historic deliberations which are conducted in many languages.

Mr. Thorgevsky was recently featured in a New York Times article, in which the work of the interpreters was headlined as a marvel of UN efficiency. In commenting on the qualifications of these specialists, the Times says that the skilled linguist, such as Mr. Thorgevsky, working in a council chamber post must have wide general knowledge, particularly on world affairs, a good general education, a knowledge of the classics, fierce power of concentration, perfect diction, a fair dose of diplomacy and training in public speaking and must not be shy.

A Parisian, Mr. Thorgevsky received his advanced education at the Sorbonne university. Before the war he was a champion swimmer. At the outbreak of the war he entered the French military service, being shortly thereafter hospitalized with an injury. It was during his long confinement in the hospital that he made the study of languages his avocation, being matter aided by the reading matter sent to him regularly by his uncle, Michel Thorgevsky of Holland.

Mr. and Mrs. Thorgevsky are leaving Holland this week-end for New York where they shall visit their nephew and also their daughter, Mary Jane Gold, who is a student at Columbia university. A visit to Holland by both Georges Thorgevsky and Miss Gold is contemplated for early in July.

Two Hurt as Car Crashes Tree

A car was demolished and two occupants were injured in a crash at 7:40 a.m. today on Michigan Ave. just 20 feet north of the north entrance to Holland hospital.

The two injured persons, Mr. and Mrs. Garvin Harrison, of Louisville, Ky., were taken immediately to the hospital for treatment. Two other occupants, Earl C. Harrison, 30, and Miss Frances Taylor, 25, who were in the rear seat, were uninjured.

The car, driven by Harrison, started to skid on the wet pavement just north of 26th St. and crashed into a large tree on the west side of the pavement a block further north, according to Holland police.

Harrison, 30, received a fractured left collarbone and fractured left ribs. He was semi-conscious and was placed in an oxygen tent. His wife, LeVerne, was treated for a severe cut on the head and for shock.

Hardin told police the car was headed for Chicago but got off the route at Indianapolis, Ind., where a garage man told US-31 would take them into Chicago. He said he believed Harrison was driving between 40 and 50 miles an hour.

A witness, Ray Kolk, who said the Harrison car had passed his car at 26th St., told officers he estimated the car was traveling about 60 miles an hour. He saw the car strike the tree and was among the first on the scene.

Hardin and Miss Taylor got out of the car through the rear left door and Mr. and Mrs. Harrison were removed from the front seat. Mrs. Harrison was assisted to the hospital building and her husband was carried.

The crash occurred during a light rain.

Park Twp. Passes New Zoning Act

By a margin of 40 votes, Park township voters approved a zoning act whereby the township board will have control over the use of the land for residential, commercial and business reasons.

The total vote was 169 yes and 129 no. The north half of the township voted 62 in favor and 88 against while the south half voted 107 in favor and 41 in opposition.

Agitation for the new act was begun early in 1945 when voters filed a petition with the township board which in turn petitioned probate court. Judge Cora Vandewater appointed a permanent zoning board May 4, 1945, consisting of C. C. Wood and Ben L. Van Lente to serve two years and Carl Harrington and Henry Piers to serve four years. Harrington was named chairman and Piers secretary.

This committee studied the zoning needs of the entire township before making recommendations for Park township which were presented at public meetings Oct. 19, 1945, for the south side, and last June 3 for the north side.

The act itself was passed by the township board March 5, 1946, but a subsequent petition filed within 30 days made it necessary to submit the measure to the voters.

The study committee was assisted by Supervisor Dick Niessma and members of the township board.

Van Voorst Firm To Quit Retailing In Protest to OPA

Bernard Van Voorst, spokesman for a group of cement block manufacturers engaged in a bitter dispute with the OPA over price relief, Friday said his company was prepared to quit the retail business July 1 and switch to contracting.

Van Voorst termed the emergency five per cent increase granted by the OPA regional office in Cleveland as "grossly inadequate."

He explained that the procedure of switching over to contracting as the only way "of getting legal price relief." In the new program, the manufacturer will sublet contracts to mason contractors.

Other manufacturers in the Holland-Zeeland-Hamilton area, who joined Van Voorst Brothers, in shutting down deliveries in a price protest did not comment.

The manufacturers resumed limited deliveries, contingent on future prices, two weeks ago. The manufacturers requested a 15-cent a block raise plus 11 cents per block for deliveries. The five per cent increase amounts to about .6 cent a block.

Hope College Class Hears Missionary

Dr. Luman J. Shafer, secretary of the Board of Foreign Missions, the Reformed Church in America, told 70 Hope college seniors in baccalaureate exercises Sunday night in Hope Memorial chapel that the choices they will make may lead to "joyous and victorious living," if made in the light of God.

Speaking on the subject, "Life's Broken Cisterns," Dr. Shafer contrasted the "fountain of living waters," with the broken cisterns which yield no water, taking his text from Jeremiah.

Scoring politicians for their emphasis on expediency and begging for sincerity and truth with its requirements of moral courage, the speaker declared that the roads of life are littered with the broken cisterns of expediency.

Other "broken cisterns" emphasized by the speaker were the substitution of conviction for opinion, the substitution of morale for morality, self seeking for self giving, self reliance as against dependence on reality.

Dr. Irwin J. Lubbers, Hope college president, presided and introduced the speaker. Prayer was offered by the Rev. Jacob H. Joliderma of West Sayville, L.I., N.Y., and the Rev. James A. Stegeman of Muskegon Heights, Mich.

Both have daughters in the graduating class. Dr. Eugene Osterhaven, professor of Bible, offered the closing prayer.

Flying Dutchmen Beat Grand Haven; Lefty Allows Five

Harold Van Wieren Bats in Four Runs With Double, Triple

The Holland Flying Dutchmen defeated Grand Haven Millers at Riverview Park Thursday night, 7-3, on the five hit pitching of Lefty Clare Van Wieren and extra-base hitting.

Harold Van Wieren had a double and triple, Harry De Neff a triple and Don Van Lente and Clare Van Wieren, doubles.

Lefty fanned 11 batters. Grand Haven took a 2-0 lead, scoring once in the second and once in the third, before Holland tallied.

The Dutchmen got a run in the third when the centerfielder lost two fly balls which went above the lights. H. Van Wieren hit one high into the air and advanced safely to second base when the centerfielder stood motionless and the ball dropped 15 feet from him. C. Van Wieren hit an identical ball shortly thereafter, scoring his brother, when the centerfielder again lost the ball.

The Dutchmen got three in the fourth. H. De Neff tripled to start the inning and scored on Don Van Lente's two-bagger. Van Lente went to third on Juke Van Huis' single to left. On the throw home Van Huis went to second. Herk Van Wieren drove them both in with a single to left and when the ball got away from the leftfielder Van Wieren went to third. He scored on a long fly hit by Harold Ingraham.

Grand Haven got an unearned run in the sixth and Holland added three in the eighth.

Frank Bagladi beat out a roller between third and short. H. De Neff walked. Van Huis singled scoring Bagladi and then H. Van Wieren tripled scoring De Neff and Van Huis.

North American Carries 764 in Two Lake Cruises

Ideal weather and a full moon Friday night contributed to the enjoyment of 764 local persons who sailed on two cruises of the S. S. North American arranged by Holland Chamber of Commerce.

A total of 144 adults and 65 children were afternoon passengers on a cruise through Lake Macatawa, south towards South Haven on Lake Michigan and some distance north toward Grand Haven.

Taking the voyage at 6 p.m. were 123 guests who enjoyed early dinner at 6:15 p.m. and 161 who were accommodated at the second dinner at 7:30 p.m. There were 271 persons whose tickets did not include dinner reservations.

The group traveled several miles past Grand Haven on Lake Michigan and guests enjoyed watching the sunset and moonrise, dancing to orchestra music in the ship's ballroom or sitting in the various lounges. Impromptu singing of popular favorites by the Tulip City Four local quartet, entertained guests on deck.

The bride wore an afternoon dress of white linen trimmed with Italian cutwork on sleeves, yoke and pockets, and a white hat. Her flowers were orchids, and her pearls were a gift of the groom. Her daughter also wore white linen, the dress designed with deep yoke and corded neckline. Her flowers were roses and sweet peas.

Summer flowers decorated the rooms and were used as centerpiece on the table from which a buffet supper was served following congratulations.

FORGIVING THEIR DEBTS

A professor of economics of the
University of Chicago named
Maynard C. Krueger came to
Michigan the other day to tell the
people of this state how the debts
should be handled that other na-
tions owe us. His solution was
characterized by the simplicity of
genius. It was simply to take a
sponge and wipe the slate clean.

No, he was not indulging in
satire; he meant it literally. And
he argued persuasively for his
solution. Before he left the state
he had convinced himself, and
some others, that it would actually
be what he called "good business"
to wipe out all those long-term
debts.

"You won't be here and they
won't be here when the loans
come due," he argued. "The grand-
children of those who are now
hungry will not be disposed to
pay the grandchildren of those
who were not hungry." Hence he
was convinced that the loans
would never be repaid anyway.

So why make a virtue of in-
debtedness? Why make a virtue of
turning our debtors from irritated
opponents into good friends, win
their gratitude, add them to our
list of good customers, and casu-
ally on the business that would flow
from such a policy?

Sounds good, and it is almost
certainly true that most of those
long-term loans will never be re-
paid—including the current loan
to Britain. But it does not follow
that wiping out those debts would
turn the debtors into good friends.

Quite the contrary, they would
probably simply put us down as
economic saps—and they would be
right. Does anyone ever have a
friendly feeling for another who
has wiped out a just debt? Such a
person may pretend friendliness;
in his heart he usually has quite
the reverse feeling. The wiping
out of the debt is felt as an in-
sult to human dignity.

There is another count against
the professor's plan. If we should
wipe out all the long-term loans
that we know in our hearts the
borrowers will not repay to our
grandchildren, those borrowers—
and many others who have not
yet worked up the gumption to
make a touch—will crowd into the
market for still more easy money.

They will reason that they have
discovered a way of pulling econ-
omic rabbits out of a hat, that
they can get all the money they
want without working for it. They
will be free to engage in economic
experiments like the socialism of
the present British government,
confident that whatever it costs
will be paid for by loans from
Uncle Sam.

The loans already made may
never be repaid, but keeping them
on the books is likely to pay divi-
dends in the form of restraining
the ardor of international borrow-
ers to get still more money. The
learned professor had evidently
not thought of that. He might
profitably go take a course in hu-
man nature.

Strengthening Bonds of Fellowship

Luke 22:14-27; John 17

By Henry Geerlings

Christianity is more than a per-
sonal religion. It is also a social
religion. It begins in the individ-
ual life and reaches out to include
all other individuals and all other
relationships of life. A genuine
Christian does not live to himself,
and certainly not for himself. He
lives for others and with others.

Desire for fellowship is strong
among young people. They like to
do things together, and they know
the value of cooperation in getting
things done. Indeed, teamwork
seems to be native to their emo-
tional makeup. They understand
the desire of Jesus for friendship
in the closing days of His earthly
ministry and His prayer for a
spirit of unity and fellowship
among His followers for the fu-
ture.

We all know that in union there
is strength. Think of the strength
of the Axis powers in the recent
war and the still greater strength
of the Allies. No one power could
have stopped Hitler. It took the
combined strength of the United
Nations to do it. In the uniting
of many hands there is great
strength.

What would happen to the forces
of evil if the Christians of this
generation were to unite their
forces against them? What would
happen to the liquor traffic; to
organized vice and crime; to in-
dustrial strife; to international
brigandage and war?

Jesus had a strong desire for
fellowship with His disciples. That
desire became especially strong as
the end of His earthly ministry
approached. For three years they
had followed Him, and to them
He had taught the truths of His
kingdom. Soon He was to die up-
on the cross, and He would have
to leave to them the task of evan-
gelizing the world. So, in view of
the suffering He was to endure,
He greatly desired to eat His last
Passover with them.

At the close of the Passover
meal He instituted the Lord's
Supper. This supper is not an or-
dinary meal. It is a feast, but
unlike feasts planned and spread
by men for men. It is the Lord's
Supper. Jesus started it. He had
a purpose in so doing. He intended
it to be a means for imparting
Himself to believers. Those to
whom He gave the bread and cup
were first searched spiritually to
discover their fitness to receive
what He had to give. The idea of
preparation for the Supper came
from Him, was practiced by the
early church, was in the direct in-
junction of the apostle Paul and
is emphasized now in the prepara-
tory service. A supper that is to
be safeguarded against being re-
ceived unworthily must have ex-
ceptional significance. This fact
should impel young Christians to
be diligent in their preparation to
be acceptable guests at the Lord's
table.

The place for this is the church,
unless for good reasons one must
receive the Lord's Supper else-
where, as for example at home in
case of illness. The elements used
are set apart by using the words
which Jesus used in the institution
of the Supper.

It would seem that much of the
meaning of communion is in the
fact that fellow believers gather
in remembrance. Perhaps that is
the difference between ordinance
and sacrament. We are reminded
first of all as we partake of the
communion together with Jesus,
the head of the church first in-
stituted the observance with that
small group of followers. Down
through the years, Christians have
come together in loving fellowship
to take the bread and the cup and
remember in holy silence the
Christ who on the cross gave His
all for each of us.

We are to remember the warn-
ing Paul gave to the Christians
at Corinth who forgot the mean-
ing of fellowship in the celebra-
tion of the Lord's Supper. They
had fallen into the evil practice of
thinking first and foremost of
themselves. Apparently each
brought his own food for the oc-
casion. He that had much, ate
much; he who was poor, had lit-
tle. What fellowship was there in
that kind of observance? Paul is
emphatic when he insists that
Christians must be worthy when
they meet to partake of the bread
and the cup.

The fellowship that centered in
Christ did not end with the small
group of friends who heard His
inspired words in the upper room.
There He projected the fellowship
down the ages, a fellowship based
first on Jesus' own obedience to
God. His Father. He was not
afraid to profess that His own
works gave backing to His new
fellowship.

In His longest recorded prayer
(600+ words) He embraced all
coming generations in the extend-
ed arms of His world brotherhood.
With the Great Commission on
their lips the disciples were soon
to go out to teach all nations.
Jesus assumed their willingness to
go and the success of their en-
deavor. Also He assumed the Chris-
tian family in all succeeding years.
All who believed the testimony
were to become part owner of the
world brotherhood. Men were to
become brethren by virtue of the
power extended to them when
they should receive Christ and be-
lieve on His name. A golden chain
would be thrown about all the dis-
ciples in all ages and in all lands,
a circle in which Jesus Himself
would be the central figure and
the source of life.

In the Good Old Days

(Following is the 16 in the new
series of weekly articles taken
from news of the Ottawa County
Times published 45 years ago.)

Robert Dick who carries mail
from the West Olive postoffice to
Ventura, is the oldest mail car-
rier in Ottawa county, according
to a news item appearing in the
April 19 issue of the Ottawa
County Times published in 1901 by
M. G. Manting. He cannot lay
claim to having been in the ser-
vice of Uncle Sam for the longest
period, but there is not another
carrier who has celebrated so
many birthdays. He is 80 years of
age.

Two bills now in the legislature
will be of much interest to the
various villages of the state. One
provides for the election of a mar-
shal and the other provides for the
election by the people of a marshal
and street commissioner.

The Allegan creamery shipped
13 tubs of butter last week of
806 pounds. During March 500
pounds more were made than in
March a year ago. The creamery
runs four days per week now and
receives over 12,000 pounds of
milk during that time.

Before long a willow ware fac-
tory will be one of the new enter-
prises here. Prof. J. H. Kleinhe-
sel who for several years past has
been growing willows in the
marsh lands near Waverly, has in-
terested a Muskegon party and a
factory 4x48 feet and two stories
high will be built on Fairbanks
Ave. About 20 hands will be em-
ployed at first.

The Citizens' caucus for the
nomination of three school trust-
ees for full term will be held at
the Lyceum Opera House on Wed-
nesday evening, May 1. Double
nominations will be made.
Albert Tanner has been granted
a license to run a ferry at the
mouth of Macatawa Bay.

A party of young people gave a

Work on repairing the wagon
bridge across Black River, will be

Adult Staff Selected for Boy Scout Camp Season

Camp Ottawa, the summer training camp for Boy Scouts operated by the Ottawa-Allegan Boy Scouts Council will begin its 14th season July 8. Camp will be in operation for five weeks.

For the first time since the war, camp will have an adult staff. The camp director, L. D. McMillin, council field executive, is a veteran in camp leadership, as well as wilderness camping and canoeing in Michigan and Canada. The assistant camp director, who will direct waterfront activity, will be Fred Bocks, Jr., former Coast Guardsman and graduate of the national scout aquatic school. His assistant will be Jack Seidelman who has also had aquatic school training.

Three men will serve as scoutcraft experts, and when necessary, as scoutmasters of provisional troops. Lloyd Weigerink, veteran bomber pilot, now a medical student at the University of Michigan will fill one of these jobs, and Donald Javling, formerly of the air corps, now a student at Hope college, another. The third man is waiting for his discharge from the Navy. The camp has yet to secure a senior scout for quartermaster, and a bugler.

The cooking will be handled by Mr. and Mrs. Virgil Smith of Allegan, assisted by Miss Marian Luttrell.

Several new pieces of equipment will add to the efficiency of the

camp this year. Two new oil-burning cookstoves will give a quicker easier controlled heat for the cooking. A new 3,000-watt motor generator, automatic in operation, will furnish ample, trouble-free power for the camp.

For program and activities, the camp has three new dory skiffs on hand, and is expecting two additional canoes by the time camp opens. Four activity fields are being constructed, each having ample equipment for the teaching and practice of Scout camping and woods-engineering skills.

This year, camp periods will begin with registration on Monday morning, and close with the evening meal on Saturday. Troop reservations have been coming into the scout office and at present time, the third week, July 22 to 27, seems to be the most popular.

Following the regular camping season, there will be a wilderness canoe trip on the Pine and Manistee rivers. This trip will be a six-day trip that will bring the Scouts real wilderness camping, and some fast water canoeing.

Because of the rugged nature of this activity, it is open only to scouts 15 years of age and over who have the canoeing merit badge, who are in good physical condition, and have the recommendation of their scoutmasters.

Macatawa Races Start Saturday

The Macatawa Bay Yacht club will open its 1946 racing season for sailboats with a special "tune-up" series Saturday and Sunday. The following week-end the regular summer series will start, divided into July and August sub-series.

One race will be held Saturday afternoon and two Sunday for class "C" boats, lawleys and crescents. Ten "C" boats, six lawleys and ten crescents are expected to race this season.

Commodore Chester Van Tongeren will present club pennants to the winners of the "tune-up" series.

Sailing for youngsters will be stressed this summer.

The racing committee consists of S. Curtis, chairman; Edward M. Den Heider, Dr. Otto Vande Velde, R. C. Bosch, Judge O. S. Cross, Henry Geerds, Carl Harrington, Floyd Harrett, Charles Van Domelen.

Good Will Conference Is Planned for Saugatuck

Dr. J. Burt Bouwman of Lansing, executive secretary for the Michigan Council of Churches and Christian Education, will be in Holland Friday to make initial plans for a Good Will conference to be held at Westminster lodge in Saugatuck.

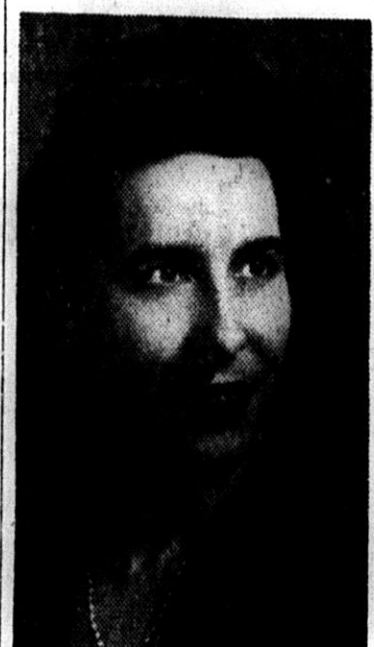

The conference, tentatively set for Aug. 30 and 31 and Sept. 1, is one of 15 week-end conferences throughout the state.

Frederick Miles, Saugatuck attorney, will serve as area chairman for the conference, expected to attract 50 to 60 representatives of occupational and minority groups of southern Ottawa, Allegan and part of Van Buren counties. These groups include labor, business, manufacturing, farming, church workers and educational leaders.

Dr. Bouwman said a picked group of leaders will attend each of the 14 week-end events but special resource leaders will be lined up in the various areas.

Michigan, Dr. Bouwman said, has pioneered in this work and during its five years of experience has laid a pattern now being followed by other states.

The 15 area meetings last year attracted an average attendance of 44 persons and a total of 700, Dr. Bouwman said.

Chicagoans Draft Klompen Dancers For August Fete

Music Festival Will Present Holland Girls As Feature Event

Holland's Klompen dancers, 150 strong, will go to Chicago Aug. 17 to be the feature attraction at the nationally famous Chicago Land Music festival at Soldiers field, Willard C. Wichers, manager of the 1946 Tulip Time festival and the 1947 centennial celebration for Holland, announced today.

Arrangements for the Klompen dancers to appear at the Chicago fete were made at a conference in Chicago this week attended by Wichers; Philip Maxwell, director of the festival; Mayblossom MacDonald, director of pageantry, and Fred Miller, director of musical events.

Wichers explained that staging the Dutch dance at the Chicago event is the "opening gun" in Holland's program to promote its 1947 centennial which opens officially Feb. 9, 1947. Staging of an event such as the Klompen dance is an innovation in the Chicago festivals.

The Dutch wedding fantasy as well as the popular street dance will be given in Chicago.

Plans are still in a tentative stage, but Wichers said the Holland dancers may be supplemented by 1,000 Chicago dancers, many of them children, forming a background for the Dutch folk dance which possibly may be staged around huge beds of tulips on the expansive fields. The supplementary dancers may wear Dutch costumes, Wichers said.

Music for the Dutch dancing and for the fantasy which will climax the festival will be provided by the Chicago Land Music festival symphony orchestra of 110 pieces, directed by Henry Webber.

Music for the wedding fantasy was brought to this country from Arnhem by Mrs. Lester Tazelaar of Grand Rapids, who danced to this music at weddings when she was a girl. During Allied action in the Netherlands, the Tazelaar home was the only house in the block which was not destroyed. Mrs. Tazelaar salvaged the music as well as music for the other dance when she fled from Arnhem.

Miss MacDonald and Maxwell of the Chicago Land festival staff will come to Holland Friday to outline plans with Wichers, Mrs. Robert Cavanaugh, Klompen dance director, and Mrs. Clyde Geerlings, who assisted with dance accompaniments. The Klompen dancers will stage a special rehearsal for the Chicagoans' benefit. Mrs. Cavanaugh will call an advance rehearsal and dancers are asked to watch The Sentinel for announcements.

Transportation for the dancers to Chicago will be arranged by the Tulip Time committee and the Chamber of Commerce.

Better Rural Telephone Service

for More People

Is on the Way

MICHIGAN BELL's big 5-year program of extending and improving rural telephone service is gaining momentum daily.

In recent months we have added over 2,000 miles of wire in rural areas . . . installed telephones for many waiting applicants . . . and reduced the number of parties per line on more than 1,000 overcrowded lines . . . and, wherever we could, we have replaced crank-

type telephones with more modern equipment.

Our further liberalized rural construction plan* will enable additional thousands of rural folks to get telephone service without payment of any line construction charge.

Altogether, this big program will cost \$13,500,000. Our purpose is to assure better rural telephone service at the lowest possible cost to more Michigan people than ever.

*If you live within 1/4 mile of a Michigan Bell telephone line and don't have a telephone, we will extend the line to your place without construction charge. The plan also provides: No line construction charge for two or more applicants if the new line extension to serve them averages no more than 1/2 mile per applicant. . . . Monthly payments of 45 cents (spread over 5 years) for each 1/10 mile in excess of the 1/4 mile allowance, with total cost prorated among those served by the new line.

The Ford Phillies copped the opener from the Hart-Cooley Registers when Pitcher Clyde Kehrewecker batted in the winning run in the last inning, 6-5.
