Out of this car crawled the driver, George Marshall, 25, of Hamilton, and another occupant, Paul Morley, 17, Holland, with only minor injuries. This car, unable to stop on a narrow road for oncoming traffic, hit a small tree and then flipped over the embankment taking the guard rail from the one-way bridge on 32nd St., a few miles east of Holland. On top the bridge, Lloyd Boeve, left, and James Rabbers, Jr., both of route 5, survey the wreckage.

## Synod Clarifies Restrictions on Divorced Members

The Christian Reformed church Synod today moved to impose rigid restrictions on members of the church who have remarried after being "unbiblically divorced."

The church only recognizes adultery as a Biblical reason for divorce.

The Synod approved a committee report, climaxing months of controversy and study, which in effect permits "unbiblically divorced" members of the church who have remarried to re-enter the church only under the following provisions:

If an unbiblically divorced member can be proven to the satisfaction of the consistory that the person committed these sins while living in the state of "spiritual darkness and Biblical ignorance," he cannot be a member during the lifetime of his former partner, unless, in addition to confessing guilt, he manifests repentance and returns to his former marriage partner—if this is possible, or if it is impossible, by means of ceasing to live in the ordinary marriage relationship with his present spouse.

This applies to both men and women members or potential members.

Three important denominational posts were filled today by the Synod.

The Rev. George Stob, Army chaplain formerly of Grand Rapids and now doing postgraduate work at Princeton, was appointed to the chair of historical theology at Calvin Seminary.

The Rev. William Kok of Chicago was named educational secretary at Calvin college. He formerly was pastor in Zeeland and formerly assistant to the Calvin president.

The Rev. Arnold Brink of Muskegon was named alternate.

The Rev. Harry Bylstra, pastor of the Graafschap church near Holland, was elected secretary of Home Missions.

## Summer Takes Vacation, Cool Weather Back Again

Yesterday's beachcombers shivered through their sunburns this morning and realized that summer hasn't yet established itself.

Not cold, but cool, described the weather today, and the U. S. weatherman predicts the same situation tomorrow. But things are definitely improving. Some—a very few—brave bathers felt the icy waters of Lake Michigan in quick and short plunges yesterday.

Pessimistic side—cold and wet weather, if it continues, will bring an army of bugs—all kinds of 'em, including mosquitoes. Farmers and gardeners can add destructive insects to their long list of complaints.

But weather or not, we hope summer gets settled soon.

## Attack Attempted

Grand Haven, June 19 (Special)—City police are investigating another complaint on attempted attack here. The latest offense occurred at 10:30 p.m. Wednesday involving a 22-year-old girl. In the struggle that ensued, the couple rolled down an embankment into a celery field and the pursuer ran.

## Vander Kolk Given License to Operate Bus Line in City

### Brinkman Application For Limited Service Is Denied by Council

John Vander Kolk, who has been operating the Holland City Bus Lines here for the last 22 months, was granted a license to operate in the city by a 9 to 2 vote of Common Council, which met in special session Wednesday night to discuss the local transportation situation.

Council at the same time denied an application of Al Brinkman, operator of the Lake Shore Bus Lines, who asked permission to operate a limited schedule in Holland.

Dissenting votes were cast by Aids. Fred Galien and John Beltman. Ald. Harry Harrington was absent.

Action taken by council was recommended by the licensing committee composed of Ald. Bertal Slagh, chairman, and Aids. Ed Prins and Raymond Holwerda. Slagh in his report to council listed four possible solutions but recommended the action which was supported.

The discussion was heated at times. About 60 interested citizens took all available visitors' seats in the council chambers.

By council's action, Vander Kolk is granted permission to operate anywhere in the city of Holland and within two miles beyond the city limits. He operates services to Zeeland under a Michigan Public Service commission permit.

Council's denial of Brinkman's application to operate on 17th St. and River Ave. limits the Lake Shore service to what is allowed in its MPSC permit. This permit allows buses to pick up passengers outside Holland and drop them inside, or pick them up inside Holland and deliver them outside, but does not permit them to pick up passengers inside the city and drop them off inside.

City Attorney Peter S. Boter said violation on the part of the Lake Shore Bus Lines allows legal redress under the criminal code of MPSC rules, or could be interpreted as a misdemeanor under the city's licensing ordinance.

Mayor Ben Steffens presided at the special meeting. City Clerk Clarence Greengood presented four petitions favoring Vander Kolk service. One was signed by 129 persons, mostly in the south part of the city. Another interested in maintaining hourly service in the city was signed by 25 persons. A third was signed by 96 persons living in the Maplewood area. A fourth with four signatures was a lengthy letter lauding the dependability of the Vander Kolk service.

Ald. Galien, one of the dissenters, accused Vander Kolk of wielding undue influence in having a large gallery present. Ald. Holwerda sought unsuccessfully to explain issues to Galien.

Among persons expressing opinions on bus service were Victor Van Oosterhout of West 20th St., Mrs. Ed Hindert of Lakewood road, Mrs. Claud Dunnwin of Central park, Mrs. Peter Trimpe of West 27th St., all of whom favored Vander Kolk service.

Mrs. Lloyd Van Lente of Central park pointed out that Brinkman extended bus service in Central park only after it was established on certain roads by Vander Kolk. She pointed to mixups of school children in using both buses.

Several spectators took sides with one or the other operators. Brinkman, Jr., who spoke for his father, said the Lake Shore line was asking for permission to operate on 17th St. and River Ave. only. Ald. Holwerda said 17th St. is normally the best street in the city for such service, but contended the licensee must take the bitter with the sweet and Vander Kolk will be traveling many unprofitable streets. Brinkman also explained the mixup in school service at Central park. He said he offered to help Vander Kolk when the latter lost four buses in a fire last January and Brinkman was assigned the Central park school route. He said Vander Kolk resumed the route without notice.

Vander Kolk, who contends Holland is not large enough for two bus lines, said he had no intention of running Brinkman out of business when he came here 22 months ago, but he understood he would have exclusive rights to Holland city. Six months later, he said, he offered to buy out Brinkman but the latter was not interested.

Vander Kolk said he did not expect to show a profit when he came to Holland and after 22 months is just about to operate in the black. He said Holland people are becoming educated to bus travel, particularly through the children who use bus facilities to school. He said his lines have carried 10,000 passengers in one week and also pointed out he pays \$2,620 a year in insurance.

## Superior Light To Be Restored By Coast Guard

### Local Protest Spurs Satisfactory Action After Blackout Period

The widely discussed problem of discontinuing the Point Superior light in the Holland harbor has apparently been settled, according to a mariner's report, received today. The report says that the Point Superior light will be re-established about July 25, 1947. The action undoubtedly arises after vigorous protests issued by the Holland harbor board, Holland Chamber of Commerce, Rep. Bartel J. Jonkman and Senator Arthur H. Vandenberg, local spokesmen, said. The local Harbor board, however, has as yet received no official notification of the restoration of the light.

The light question has been the subject of criticism and discussion since the discontinuance of the light, at the first of the year. At that time Comdr. B. H. Brailier, aide to the navigation officer of the Coast Guard at Cleveland stated that, "this action has been made necessary by the economical retrenchment due to the reduction in appropriations for the Coast Guard."

The local board maintained that the removal of the light was definitely a hazard to ships entering and leaving the harbor. They mentioned in their recommendation to Brailier that with the discontinuance of the light there would be only one permanent white blinker light as a guide on five miles of navigable water on three different courses. The board at that time had secured statements corroborating their opinion from captains of ships entering the harbor.

It was also announced today by Colonel F. A. Pettit, district engineer of the U. S. Lake Survey that revised editions of some Lake Michigan charts are now printed and are available for distribution.

Gustave Nynas, officer in charge of the local Coast Guard station announced today that he had received official notification of the re-lighting of the Point Superior light. He said he received confirmation in a telephone conversation with Comdr. B. H. Brailier of Cleveland Wednesday. Brailier said the re-lighting of the light would take place in the near future.

Nynas also said that an abandoned scow was found by the Coast Guard Monday near Jenison Park. The scow he said measured about 70 by 20 feet and three and one half feet deep.

Anyone who owns the scow or is familiar with it, is asked to contact the harbormaster or the Coast Guard.

## School Vacancy Is Speculation

Petitions are being circulated for Jay L. De Koning and Mrs. Kenneth De Pree for re-election to the school board but petitions for a third member to replace Mrs. George E. Kollen, who is not seeking re-election, remained a matter of speculation today.

The deadline for circulating petitions is 4 p.m. June 24 and the election will be held July 14. Albert E. Van Lente of the Board of Education will serve as chairman of the election committee.

Petitions may be obtained from John Orlert, clerk of the board. He also will take charge of the distribution of absentee ballots later.

It was pointed out that candidates must be property owners and taxpayers of the city to be eligible for election. This requirement comes under the state school laws.

## There'll Be Plenty Water Here During the Summer

With a successful pumping test of the second of three wells being driven east of the city to supplement and improve Holland's water supply, residents may be assured of adequate water this summer.

Drilling operations on the new well were begun three or four months ago and the highly successful test was conducted from Monday noon to Tuesday noon.

The new well is described by Board of Public Works officials as being an exceptionally good well and by far the best drilled here. The three wells are part of a new water supply project authorized by Common Council a year ago. The first well on the East Eighth St. property near two other wells which have been operating for years, was completed earlier this year. The third well will be started soon.

The first new well is a little over 130 feet deep and the second well is 160 feet deep with nearly 100 feet of water in the hole. BPW officials are awaiting equipment to join the first well to the regular city supply, but are in a position to use the water if occasion demands. Water from the other two new wells will be piped to the site of the proposed new water plant which eventually will supply soft water to the residents of Holland.

The three new wells, known as deep wells, derive water from the same strata as the present wells but are about twice as deep. In the course of operations, engineers found conglomerate rock formations indicating glacier deposits. They also found many washed stones and bits of different rock varieties particularly interesting to geologists.

The new wells are packed with fine washed acid resisting gravel shipped here from Youngstown, Ohio. Water is drawn through a bronze screen tubular arrangement 25 inches in diameter and 40 feet long.

Construction of the wells represents the first actual step in work towards the new softening plant, and follows many months of surveys and studies. The board was assisted by the U. S. Geological Survey and the State Conservation department. Consulting engineers were Consoer, Townsend and Association of Chicago Drilling was done by Layne-Northern Co., Inc. of Mishawaka, Ind.

## Seniors Present Original Narrative At Commencement

230 HHS Students Get Diplomas in Exercises In Hope College Chapel

A flash history of the United States and the faith sustained throughout its growth was pictured in the narrative, "Faith of Our Fathers," presented by seniors of Holland High school at commencement exercises in Hope Memorial chapel Thursday night.

Written by Luella Knoll, Donna Mae Dykstra and James Hakken. It was presented by Phillip J. Citing the faith that rose up after each crisis in the nation's history, the narrative carried the audience through the birth of the nation, expansion to the West, imperialistic trends, growth of religion and education after World War I, and the results of World War II. The youth of today, the narrator said, has faith in the future and can make an everlasting peace by drawing courage from the "Faith of Our Fathers."

## Volley From Ambush

THE AMBUSER now knows how Washington must have felt when he was told of Benedict Arnold's treachery. The Ambusher noted that the weatherman had forecast rain for this day we are discussing. Somewhat later we happened to visit the weatherman and discovered him in the backyard sprinkling the lawn! It was a pretty harrowing experience.

"Whom can we trust?" was what Washington said. We echo the sentiment.

But one cannot trust the fishermen any more than he can the weatherman. We had glowing reports of the way the fish were biting. In fact we had visions of fish practically jumping into the buckets. So equipped with worms and minnows we joined about 200 other would-be nimrods at one of the more popular fishing spots around town. Sure, you guessed it. We didn't get a bite and neither did anybody else.

We got quite a chuckle out of what happened to Odellia, our ancient and honorable automobile. She quit us dead on one trip to Zeeland and a passing motorist with a good car gave us a shove into a garage. After duly poking here and there, the repairman announced the car needed a new fuel pump. So it was installed.

Away we went. Just outside Hudsonville, it all happened again. We had another fuel pump installed. And decided we'd better head for home. Just outside Holland, the car stopped again. So we investigated ourselves and found a screw that holds the choke rod was loose and was flooding the motor to death. With a fingernail file we tightened the screw and the car ran beautifully.

"What a joke on those mechanics that they couldn't find a simple little thing like that," we thought. But the joke, apparently was on the Ambusher. The repairmen, between them, had collected \$13.50.

The Farmers & Manufacturers Beet Sugar association has just passed out the good word that it still isn't too late to plant sugar beets. "Sugar beets are a sturdy crop. Although some Michigan crops are very sensitive to the date of planting, sugar beets planted in June sometimes yield as well as those planted in May. There is no problem of getting them 'ripe' before the first killing frost in the fall," they say.

Little Janet Wichers carried out the Dutch hospitality sentiments of her father, Holland's Tulip Time

manager, too far a few days ago. Fascinated by memories of the Tulip Time flower show, young Janet asked her mother if she could "play flower show" and Mrs. Wichers obligingly offered several bouquets about the house which Janet arranged on a card table outside.

Then she supplemented her display by picking between three and four dozen tulips in the colorful borders about the Wichers home and gave them to passersby.

The only consolation the family had was that Janet didn't go across the street into Centennial park and pick tulips there. They're valued at \$5 per bloom.

General Synod delegates in Holland June 5 to 11 witnessed a wide variety of almost everything, mostly weather. Earlier in Synod, there was cold weather and rain. The weather was pretty decent Sunday, but the first "heat wave" of the year hit Monday and Tuesday. Wednesday's 60-degree temperature was most welcome.

Synod visitors also had an opportunity to see Holland's tulips during the first few days. Then the hot weather descended, wilting the tulips but bringing out spirea and other early summer blooms.

The heads of the tulips were clipped a few days ago by park department employees, putting a "but final" close to Holland's Tulip Time. Although tulips bloomed more than two weeks late this year, the flowers were larger and approached standards of perfection not noted here the past few years. Prolonged rains accounted for lengthened stems.

# Weather Report Reveals a Rainy Month of May

Only Three Clear  
Days Out of the 31;  
Temperature Was Low

May 1947 will long be remembered in this locality as a month of rain and cold, with more rain and more cold. The local weather station report shows that there were but three clear days during the month, with precipitation falling on 25 out of the 31 days.

In the last five years, precipitation had not been present on more than 20 days. As if rain nearly every day was not bad enough, snow also fell on two days of the month. The report shows no record of snow in May from 1943 through 1946.

The maximum temperature in May of this year was 78 compared with a high of 88 in 1944. This year's high was the lowest on record in the last five years and perhaps longer. The minimum temperature recorded was 26, the same as that recorded in 1943. The average temperature was 52.7, although this was not low in comparison with the last five years. May of 1945 had an average temperature of 51.4. The high average temperature in the last five years was in 1944 when an average of 61.9 degrees was reported.

Total precipitation in May 1947 failed to set a new five year record as more precipitation was present in 1943. The recording this year was 5.14 inches while the low in 1943 was 5.58 inches.

In comparing the prevailing winds in the last five years, one look at the direction in May of this year will tell all. The prevailing wind was southwest in 1943 through 1946, but in 1947 a cold northwest wind prevailed.

**Chicago Pair Find Fishing—Expensive**

Two Chicago men, William Graham and Sam Robinson, found bluegill fishing in the Kalamazoo river exceptionally good last week—in fact they caught 586 bluegills and sunfish—but they couldn't eat them. The catch is that the fish were caught out of season and were all under size.

They also picked the wrong time to fish because they had an unexpected visitor in the person of Conservation Officer Harry Plotts. The fishing episode cost them more than \$60. The truth is that they had just enough left to return to Chicago.

On the following day, officers picked up another party of four Chicagoans with 140 undersized fish.

## Wide Activity Arranged For Cruise Passengers

About 375 local persons took advantage of the annual five-hour Chamber of Commerce cruise Friday night aboard the S.S. North American of the Chicago, Duluth and Georgian Bay lines.

A wide variety of activities aboard catered to all tastes. There was music for dancing in the ship's ball room, card games in the lounge and volunteer talent at all pianos throughout the luxury liner.

The ship sailed north beyond Grand Haven and on the return trip passengers saw the lights of that city. The night was dark but stars were out in abundance, and passengers had an added treat in seeing northern lights.

The wind-swept decks proved less popular than in previous cruises because of cool weather, but the "less-windy" side of the ship found many taking advantage of comfortable deck chairs.

The sailing was described as "smooth" and few, if any, were ill.

## THEY CAN HANDLE IT

This is the time of year when  
speakers take the platform with  
the idea of exhorting the young  
people. High school seniors, col-  
lege seniors, and graduate stu-  
dents must perform listen while  
the state of the world is described  
to them and responsibility for  
its future progress is laid in their  
laps.

Those who have been closely  
associated with today's young peo-  
ple are not likely to worry too  
much about their ability to take  
care of whatever responsibilities are  
come their way. They have been  
taught to think clearly and to ex-  
press their thoughts, both on  
paper and vocally. From the small,  
self-possessed kindergarten who  
announces the program given by  
the rhythm band, to the older stu-  
dents who participate in other  
programs and capably take charge  
of meetings, they outshine the shy  
youths of a generation ago. They  
are better informed about life and  
the world than were their parents,  
and if they seem to lack the  
gentle art of self-effacement, con-  
tact with the adult world will  
soon enforce that on them. Under  
their sometimes brash cock-sure-  
ness is concealed a real feel-  
ing for spiritual values and a serious  
realization of present-day prob-  
lems that cry for solution.

If the elders will just lean back  
and let them take over, standing  
by to help when needed, giving a  
good word when asked, but show-  
ing complete faith in the young  
people, their abilities and their  
ideals, life will be better for every-  
body.

The Fall of the Southern Kingdom

2 Kings 25:1-12; Jeremiah 27

By Henry Geertling

Today we come to the final  
chapter in the life story of Judah.  
The end of that story is tragic  
defeat and deportation to Baby-  
lonia. Despite the warnings of the  
prophet Jeremiah and the other  
prophets, Judah persisted in a pol-  
icy that led to her downfall as a  
nation. As we recall the course  
of events in this great tragedy,  
we should become aware of the  
danger signals along the way that  
our own nation is traveling.

One of the tragedies of war,  
even in our day, is the displacing  
of large blocs of people, with the  
consequent rise of social and polit-  
ical problems. In China we watch-  
ed whole cultural centers and vast  
numbers of people trudge across  
the mountains from the attack-  
ed coastal lands to the relative  
safety of the west. Universities—  
their personnel, student body,  
scientific laboratories, libraries,  
were transported bodily in carts  
and on the backs of devoted citi-  
zens.

Before the sweep of fierce  
troops and alien ideologies, there  
was a mass exodus in our own  
day of the peoples of central Eu-  
rope. Even as we study this week's  
lesson, refugees by the thousands  
await hopefully some agreement  
that will enable them to enter the  
Holy Land. Probably large num-  
bers are descendants of the Is-  
raelites who, centuries before,  
brushed their tears aside as they  
were prodded forward on their  
long journey out of Jerusalem to  
far-off Babylonia.

Nebuchadnezzar, the Baby-  
lonian king, who played such a  
dramatic role in the conquering of  
the Israelites, was the son of the  
founder of the new Babylonian  
empire. It was he who, more than  
any other person, made Babylon a  
wonder of the world. He fortified  
the city with a triple line of walls  
and a protective moat. Through-  
out the kingdom, he restored the  
many temples and cities.

The Israelites were in a sorry  
plight. To fight the Babylonians  
on an equal footing would in it-  
self have been a strenuous feat.  
The Babylonian armies were pow-  
erful. But the defenders of Jeru-  
salem had no chance, either to  
wage aggressive war, or to re-  
treat, without serious loss. Strong  
fortifications were thrown around  
Jerusalem, and eventually the  
food ran out. By night, the war-  
riors fled, hoping, perhaps, to be  
able to rejuvenate their forces.  
When daylight broke, the Chal-  
deans took off in pursuit of the  
Israelites and their king, and on  
the plains of Jericho they over-  
took the chieftain and dispersed  
his troops. No mercy was shown  
the conquered. Zedekiah's sons  
were slain, and the king himself  
was tortured, blinded and bound,  
and finally roasted in flames.

Riblah, the town to which Zed-  
ekiah was taken, was an important  
military station on the bank of  
the Orontes. The town was ap-  
parently, in addition, the head-  
quarters of the Babylonian gov-  
ernment. The destruction of Jeru-  
salem was complete. Temple, pub-  
lic buildings, homes, palace—  
everything. Most of the families  
went with the Chaldean army to  
a new home in a new land. Only a  
few people were left in Jerusalem.

The prophet Jeremiah lived  
about 2500 years ago, but when a  
man speaks the truth he is al-  
ways up to date. Surely, he spoke  
the truth. Therefore talking about  
him is not a dead issue. It is up  
to the minute. He was a great  
preacher. God talked to him be-  
cause he had his mind open to  
God. We can see him and esti-  
mate him better than we can  
great men now living. We see liv-  
ing men through our prejudices  
and personal interests. We can see  
George Washington better than  
his contemporaries did. So it is  
with Jeremiah.

He knew that God called him  
for a special work. That knowl-  
edge is a great experience for  
anyone. One of the hardest things  
that a young person has to do is  
to find his place in life, to know  
what to do. God calls us to know  
what to do. We can hear Him if we  
keep quiet in His presence. Jerem-  
iah was a fearless man. God told him  
not to be afraid, and he took God at  
His word. The prophet did not like  
suffering, any more than we like  
it, but he met every issue and  
stood over against the high and  
mighty of this world.

He was to preach against the  
folly of sin. Forty one years he  
did that very thing without wav-  
ering. He often stood almost  
alone, against the priests and the  
people alike. He charged the peo-  
ple with a two-fold folly: "They  
have forsaken me the fountain of  
living waters, and have held out  
cisterns, that can hold no water."

The figure is very expressive.  
It indicates just what people are  
doing today. In some cities peo-  
ple have been talking about clear,  
pure water for many years. They  
have spent a great deal of money  
in plans, but are still building wa-  
ter basins into which they pump  
the water from two rivers which  
drain numerous towns. They pour  
chemicals into the water and the  
citizens drink it, when all the  
time great resources of water are  
a little over 100 miles away and  
could gush forth as a life-giving  
fountain.

The prophet was persistent in  
his message. No matter how he  
felt in his own life, and no mat-  
ter how futile his preaching seem-  
ed to be, he did not give up. But  
he had hope because he believed  
God. He preached captivity, but  
he also preached restoration. He  
was a man of God in this dreadful  
period of Judah's history.

Miss Elizabeth Sikkel

Mrs. Raymond Sikkel played

and the full skirt terminated in  
a long train. Her lace-edged fin-  
ger tip veil was held by a seed  
pearl tiara and she carried a bou-  
quet of Easter lilies. Her single  
strand of pearls was a gift of  
the groom.

Miss Martha Sikkel, sister of  
the bride, was maid of honor in a  
gown of blue taffeta. She carried  
a bouquet of pink roses and white  
snapdragons. The other bridal at-  
tendant, Mrs. Jerry Overbeek,

of yellow net and carried a bou-  
quet of white and pink snapdrag-  
ons and blue iris.

Jerry Overbeek assisted as best  
man. Ushers were Albert Van  
Dyke and James Van Dyke.

Margaret Van Dyke, Gertrude  
Gorter and Alice Coppersmith.  
Mr. Sikkel sang "I Love You  
Truly," accompanied by Mrs. Sik-  
kel, who also played several piano  
selections.

The bride, a graduate of Hol-  
land high school, has been em-  
ployed as a clerk at Harry Prins  
grocery store. The groom, also  
educated in Holland schools, is a  
meat cutter in Draper's market.

Following their return from a  
wedding trip to Northern Michi-  
gan, Canada and Niagara Falls,  
N. Y., the couple will live at 247  
West 15th St. For traveling the  
bride wore a grey and white pin  
stripe suit with black and white  
accessories.

Local Bank Adopts  
Bond-Month Plan

Henry Maentz, president of  
First National bank, Holland, an-  
nounces that the local bank has  
adopted the new Bond-a-Month  
plan for the automatic purchase  
of United States Savings bonds.  
More than 90 per cent of the  
commercial banks of the nation  
are offering this plan, according  
to the Treasury department in  
Washington.

Mr. Maentz explains that under  
the plan a depositor signs a form  
authorizing the bank to debit his  
checking account with the pur-  
chase price of a bond or bonds  
of the denomination he desires  
issued to him each month. The  
bank delivers the bonds monthly,  
free of charge.

The plan was originated by  
bankers and was tested across the  
nation before the Secretary of  
the Treasury asked all banks to  
offer it to depositors with check-  
ing accounts. Authorization forms  
and franked envelopes for mailing  
bonds are supplied by the Treas-  
ury department to the banks. The  
executive council of the Ameri-  
can Bankers association pledged  
the support of member banks to  
the plan as a valuable aid in the  
management of the national debt.

The Bond-a-Month plan extends  
a privilege to bank depositors to  
whom the payroll savings plan is  
not available.

and to arouse enthusiasm in the educational opportunities of such a college. Because of the importance of this position, it was deemed advisable that Synod should appoint this educational secretary from a nomination submitted by the executive committee of the Board of Trustees.

Synod also recognizes the fact that a chair of Missions is vitally needed in Calvin Seminary. Therefore it decided to allow the Seminary faculty and the executive committee to make a careful study of the advisability of the new post. It instructed the committee to bring a complete report, if possible, to the 1948 Synod.

The ruling body, in other action, encouraged the Board of Trustees to do all in its power to expand the Seminary and render it qualified to confer a Th. D. degree. It also appointed a study committee to consider the question of establishing a Junior college on the West coast. The Rev. Peter H. Eldersveld of Chicago was named minister of the air, a post he has held during the last year.

The Rev. Nicholas Rozeboom of the Eighth Reformed church of Grand Rapids brought greetings from the Reformed Church in America. Rev. William Van Peursem of Holland responded.

"Personalized Printing" is the motto of the George Schreur Printing Co., owned and operated by John Vander Vliet and George Schreur. This motto means that each job, no matter how great or small, is given close personal attention. The printing firm, which has been in existence almost a year and a half, is located at 177 College Ave.

The owners claim the distinction of being the only off-set and letter press commercial printers in Holland. The off-set press doesn't require type, according to Mr. Schreur. Other new equipment has been purchased making the business one of the most modern in the city.

With a total of 49 years of experience, Mr. Schreur and Mr. Vander Vliet are well-qualified to produce the best in any and all kinds of business forms, letterheads, envelopes, wedding stationery, church and school printing. The fine printing experience and friendly service of the owners has caused the printing company to expand a great deal since its beginning.

## Soapboxers Get Call to Action

Holland Kiwanians today told soapbox builders to get ready for the annual race in Holland.

August 13 has tentatively been selected as the date of the annual Soapbox Derby. Committeemen decided Monday night that last year's winning car would be ineligible to compete this year. This should be a stimulus to new entrants. Age limits are 7 through 13 years and fathers can help build cars.

The committee, headed by Bill Meengs, ordered building of a ramp that will be higher and longer than years. A starting system will be included to start cars without a push.

A board meeting will be held within a few days to determine the prizes for three classes: 1. speed, 2. distance, 3. style (originality of design).

The committee is considering a proposal by the Grand Haven Junior Chamber of Commerce for an All-Ottawa county final contest.

At the regular meeting preceding the youth committee session, the Phil Rich pictures of Alaska were shown. The films were run off by Jim Frans, and were supplied by courtesy of The Sentinel. President Simon Borr conducted the meeting. Tony Last read a letter from national headquarters announcing the death of Jay N. Emerson of Pullman Wash., international president. The club forwarded tokens of sympathy to the family.

## Tax Allocation Rates for Schools Are Determined

Grand Haven, June 19 (Special) —The Ottawa county Tax Allocation commission has completed preliminary allocations of county, township and school taxes and a hearing will be held in the court house June 30 at 10 a.m. to hear complaints that might come from school units.

The county's allocation was set at 4.25 mills, an increase of a quarter mill over the rate for the past several years. This rate was requested by the Board of Supervisors at the April session. Taxation is limited to 15 mills according to state law.

All townships with the exception of Grand Haven and Tallmadge requested none. Schools generally benefited by slight increases in tax rates due to a slight reduction of the township rates. This is likely due to sales tax diversion money which is already coming into the school coffers.

Grand Haven school rate was set at 10.75 mills, a slight reduction from 10.90 of a year ago and Holland rate was set at 10.75 against a rate of 10.92 last year. Spring Lake district No. 2 which includes the village school has a rate of 8.85, the same as last year. The township rate was set at 2 mills.

The commission is composed of Adrian Van Koeveing of Zeeland, chairman; Dick H. Vande Bunte, school commissioner; Fred Den Herder, county treasurer; William Wilds, county clerk; Henry C. Slaughter of Tallmadge township, chairman of the finance committee of the Board of Supervisors; Howard W. Erwin of Coopersville, representing the 12-grade schools, and Peter Boter of Holland, who replaced Oscar Peterson, representing the city schools.

## Mission Union Hears Reports

At a meeting Friday in the home of Mrs. E. M. Den Herder in Zeeland, the Women's Missionary union of Holland classes, Reformed Church in America, heard annual reports of officers and committee chairman and planned the annual conference to be held Oct. 8 in First Reformed church, Holland, Mrs. Edith Walvoord, president, presided.

Mrs. W. J. Hulbert of Zeeland, chairman of the committee on missionary activities, reported that 33 large cartons, totaling 1,300 pounds of supplies for Knox Memorial hospital, had been sent to New York for shipment to Muscat, Arabia; 27 churches had met their assignments for domestic mission work and in addition had dispatched 25 Christmas boxes to Indian and Kentucky mission fields. It was also reported that missionary treasurers in New York had received increases above their quota for salaries of conference missionaries, Miss Doris Wells of India and Alfred Oppenier of Kentucky.

To cut expenses for individual societies which contribute to hospital articles, the committee decided to purchase material at wholesale. The spring conference offering will be used for this purpose.

Mrs. Ray Kuiper, chairman of the missionary home committee, gave her report, Mrs. Dick Vander Meer, chairman of young women's work, reported seven new Leagues for Service organized last year, making a total of 26 leagues. Other reports were given by Mrs. John Wolterink of Forest Grove, of the spiritual life and stewardship committee and by Mrs. Kenneth De Pree of the baby roll committee, a new project this year and by Mrs. G. Vander Borgh of the literature committee.

Conference committees will meet in August. Officers will arrange the program. Other committees are printing, Miss Jeanette Westveer, Mrs. Den Herder, Mrs. Vander Borgh; place, Mrs. J. Kobes, Mrs. John Veltman, Mrs. Henry Tyssse; hospitality, Mrs. Irwin J. Lubbers.

## Advice Given To Prevent Mildew

June rains and dampness are causing mildew trouble for homemakers. Mildew not only leaves spots and a musty odor on clothing, but it eventually rots the fibres.

Mary E. Bullis, home extension agent, points out that the best way to treat mildew is to prevent it. "You will save valuable clothing for longer use," she says.

First, keep things dry and well aired. Remove as many causes of dampness as you can. Then dry out the room or article affected. Windows and doors should be closed when it is warm and damp outside to keep down the amount of moisture in the house.

Burning a small electric light continuously in a closet or storage space is a good way to dry the air. Unless the space is too large, the heat from the light will be sufficient to stop mildew.

Keep fabrics in the house as dry as possible. Dry all articles before throwing them into the hamper for soiled clothes. Dish and wash cloths should be spread to dry before storing.

Stretch out wet shower curtains left bunched together or sticking to the wall or tub. Sprinkle for ironing only as many articles as can be finished in a day. Shake out those not ironed.

## Lopsided Win Features Tilt

Dykema Tailors, behind the superb four-hit pitching of big Ben Jansen, overhauled the Hart and Cooley softballers 18-0 in a Holland Softball league game, Tuesday night. Dykema's scored in every inning but the fifth as they had little difficulty with the Hart-Cooley squad. Dykema's tallied 16 hits.

The Tailors got off to an early lead as they tallied four runs each in the first three innings. They bunched three hits and an error for four big runs in the first and three more safe blows in the second for another four runs. A Hart and Cooley error sandwiched in between proved costly. The Dykema's continued to swell their total with two runs in the fourth, two in the sixth and two in the seventh. Wes Vryhof paced the winner's attack with four successful singles.

Hart and Cooley never seriously threatened as Jansen kept the four hits well scattered.

Harmen handled the hurling chores for the losers.

## Dutchmen Wallop Brann Brothers In 18-Hit Attack

### Locals Show Power In Winning Seventh; To Play Detroit Nine

The Holland Flying Dutchmen demolished all opposition Monday night when they blasted out 18 hits behind the nine-hit pitching of George Zuverink for a 21-0 win over the Brann Brothers of Grand Rapids. It was the seventh consecutive win for the locals without a loss.

Not only did Zuverink turn in a spectacular mound performance but he also led his club in batting by cracking out three singles and a double in five trips to the plate. Harry De Neff hit safely three out of six times on two singles and a double to right field.

The Hollanders wasted no time in destroying Brann's victory hopes. Six hits, combined with nine errors, and one hit-by-pitched ball netted eight runs in the first inning. Twelve men came to bat in the big first for the locals. The Grand Rapids nine got their leadoff man on first with a single in the first, but Zuverink retired the side immediately to head off any trouble.

In the second inning the Brann Brothers hit safely twice, but the Holland hurler whiffed the side. The Dutchmen didn't score in the second, third or fourth inning but rallied five runs on five hits in the fifth inning. The locals went scoreless in the sixth inning, but came back with eight big counters in the seventh. Four hits were made in the seventh by the Dutch, one of which was a home run to center field by Gene Schrottenboer, new relief catcher. Schrottenboer went in to catch in the eighth inning but batted for Wenzel in the seventh. Wenzel was hit in the head in the first inning but still caught seven innings.

The locals went scoreless in their half the eighth and the contest ended with the lopsided result of 21-0. Frank Cook who started on the mound for the Brann Brothers was charged with the loss when he allowed 20 runs in seven innings. He was relieved by Vander Woude in the seventh.

It was the fourth win of the season for Zuverink. Zuverink has now allowed two runs in four games and built up his strike out total to 50.

Batema will send his ace left hander, Lefy Van Wieren, to the hill against the Detroit Senators Thursday at Riverview park. Van Wieren will be seeking his fourth win, and the eighth win for the Dutchmen.
