## Plan Vacation Shutdowns During Summer Months

### Most Local Industries Schedule Vacations During July, August

Most Holland industries are planning a complete shutdown during July, maintaining only skeleton office crews while employees take summer vacations. Several industries, however, are staggering vacations throughout the year.

A survey plans includes: Hart and Cooley—about 300 persons on vacation June 26 to July 5.

Donnelly-Kelley Glass Co.—closing down week of July 10 through 16.

Baker Furniture—shut down from July 1 to 10. Employees getting two weeks take second week at their own discretion.

Holland Furnace—closing down week of July 10 through 16. Office vacations staggered, generally during summer months.

Holland Furniture—about 95 employees on vacation week of July 10 through 16.

Western Foundry—operations shut down during week of July 3 to 11.

General Electric—plant and office will shut down Aug. 1 through 13. This affects about 276 office and plant personnel.

Chris Craft—shutting down week before Labor Day, beginning Aug. 26. The 682 men return to work on Sept. 6. Second week at own discretion.

Buss Machine—an estimated 65 persons will take vacations during week of July 3 to July 11.

Western Machine—vacations for the 75 employees are staggered throughout the year.

Wire Products—35 employees are staggering vacations.

Dunn Manufacturing—almost 100 employees stagger vacations, generally during the summer months.

H. J. Heinz—vacations are taken year around at the employees discretion. This applies currently to about 500 persons.

Holland City—vacation policy determined by each department, but generally most employees get two weeks vacation taken anytime during the year.

## Supervisors Will Meet Next Week

GRAND HAVEN (Special)—The Ottawa County Board of Supervisors will hold a two-day session next week opening Monday at 1:30 p.m.

One matter to be discussed will be a report from the special appraisal committee headed by George Swart, Grand Haven city assessor, as chairman. This issue involves the employment of independent appraisers to ascertain true cash value of property within the county.

The matter has been under consideration for several months and at the April session bids were opened from three companies for appraising the townships, the lowest bid being \$89,000. Grand Haven and Holland cities previously had been independently appraised.

Prosecutor James W. Bussard had previously ruled that the anticipated action of the board to hire independent appraisers was illegal, and an opinion by Attorney General Thomas M. Kavanagh June 14 upheld the prosecutor's ruling.

Another question for consideration is the suggestion made at a previous session by Henry Slaughter, Tallmadge supervisor, that the county sell to local units the voting machines previously purchased by the county for \$1 a piece. Slaughter contends that local units could give the machines better care and there would be fewer requests for new machines if each unit paid for machines from their own funds.

The county first purchased 81 voting machines at \$1,250 each and later voted an additional 16 machines at a price of \$1,370 each.

Grand Haven and Holland cities have passed resolutions opposing the transfer of voting machines to county units.

When the Board of Supervisors took action a few years ago to purchase voting machines for the county, the units which already had voting machines (Grand Haven city and Polkton township) were reimbursed at purchase prices.

## Hudsonville Girl Fatally Injured When Hit by Car

A two-year-old Hudsonville girl died Tuesday afternoon in Holland Hospital of injuries received when she was struck by a car at 3 p.m. in front of her home at 3317 Allen, Hudsonville, just off M-21.

The victim was Mary Ruth Bolt, two-year-old daughter of Mr. and Mrs. Clyde Bolt. The child's mother picked her up just after the accident and the parents took her to a doctor's office in Hudsonville. The parents rode in the ambulance with the child to the hospital. Holland city police, deputies and auxiliary police had intersections from the US-31 bypass on 16th St. blocked so that the ambulance could make a fast run to the hospital.

Tony Grit, 67, Hudsonville, driver of the car, told officers he did not see the child but felt the car strike something and then saw her in his rear-view mirror.

Deputies Leonard VerSchure and Bernard Gysen are investigating the case and expect to confer with Prosecutor James W. Bussard whether charges will be filed.

The child is survived by her parents; two sisters, Rebecca Joan and Deborah Jean; the maternal grandparents, Mr. and Mrs. Edward Smith of Holland, and the paternal grandmother, Mrs. Gertrude Bolt of Vriesland.

Funeral services will be held at 2 p.m. Saturday from Hudsonville Baptist Church with the Rev. Robert Murfin officiating. Burial will be in George town cemetery. Friends may call at Vander Laan funeral home tonight, Thursday and Friday evenings from 7 to 9 p.m.

## Collision Results In Free Tarring

ZEELAND (Special)—Eighty-eighth Ave. got a free tarring job by mistake Tuesday morning when about 5,000 gallons of hot tar spilled from a tanker following a collision.

The accident occurred on 88th Ave., about a mile and a half south of Byron Road, when two vehicles, a county gravel truck, going north and an Alby Asphalt Co. tanker, from Hammond Ind., going south, collided. No one was injured.

The county truck was driven by Lester Kamps, 27, route 1, Zeeland, and the tanker by Edgar Albert, 28, route 2, Surprise Park, Cedar Lake, Ind. Both drivers said that there was so much dust along the highway they did not see the approaching vehicle. The road is being traveled extensively because of a county tarring job in the area, police said.

Damage to the county truck was about \$500 and to the tanker \$800, deputies said. Both were damaged on the left side. The tar spilled onto the road and a wheat field. A county truck with a scraper was called to the tar and gravel over the road.

Ottawa County Deputies are continuing their investigation.

**Two Cars Damaged**  
Two cars were damaged this morning when they collided in a rear end collision at Gordon St. and Waverly Rd. Ottawa County deputies said Frances Wobbe, 31, Grand Rapids, told them the brakes on her car failed and she rammed the rear of a car operated by Justin Sagers, route 4. Damage to the two cars was estimated at \$350, deputies said.

## Zeeland Proposes Cooperation on Area Master Plan

ZEELAND (Special)—Mayor Robert S. De Bruyn is in the proposing a program of close cooperation and Holland township officials proposing a program of close cooperation in overall planning.

The mayor said that in view of the tremendous surge of expansion now evident, it will not be long before the two cities less than five miles apart will be virtually "connected." He pointed to the great increase in home development and commercial establishment that has tended to wipe out the "rural" complexion of the area between the two cities in the last few years.

It is suggested that officials of the three government units start plans for an overall master plan of a development in order to insure orderly expansion instead of hit-and-miss sprawling growth.

City Supt. Leon A. Sears advised that even though all three units should exercise firm control over development in their own areas, it would be highly advantageous for the program to be coordinated. For instance, he said, the three units might use the same water service, and in such a case early planning would be highly desirable. Such coordination also would be a big factor in the economic picture and could eliminate duplication of services. Other fields in which planning could be coordinated include streets, grade levels, zoning restrictions and electric service.

"We can see the growth and the need for good planning coming probably faster than we think," Mayor DeBruyn said. "We believe that growth should be orderly and protective, and now is the time to get ready for it."

John Hoffman, 18, of 87 East 25th St., and Robert Ooms, 17, of 452 West 22nd St., were turned over to Allegan County deputies to face charges of furnishing beer to minors.

The two minor girls, 14 and 15, were turned over to Probate Court for action.

## Anderson Appeals Local Zoning Case To Supreme Court

GRAND HAVEN (Special)—An appeal to the Supreme Court in the case of Walter E. Anderson of Muskegon versus the city of Holland was filed in Ottawa Circuit Court today.

The appeal is in opposition to an opinion filed by Circuit Judge Raymond L. Smith who dismissed Anderson's bill of complaint without cost. Anderson has asked that Holland city be permanently enjoined from enforcing or attempting to enforce zoning ordinances, preventing him from building a filling station at the northwest corner of 13th St. and River Ave. in Holland.

Also in Supreme Court is another appeal filed sometime ago by Anderson opposing another Circuit order to raze two disreputable dwellings on the property.

Judge Smith who heard the case without a jury April 27 filed an opinion June 9 dismissing Anderson's bill of complaint on the grounds that the property in question is located in a predominantly residential district which is neither blighted nor becoming blighted. The opinion pointed out that there is some evidence that a multiple dwelling would be feasible.

## Unusual Clouds Sighted Over City

Many Holland residents were treated to an unusual sight today if they happened to sight a multi-colored cloud formation in the sky.

The thin wispy cirrus clouds were at approximately 25,000 feet in a southerly direction. The clouds ranged from a brilliant red, green, blue and yellow to pastel shades as they dissipated.

The phenomenon was the result of the sun's rays bending through the clouds which contain rain drops or ice crystals.

This bending or refraction of the light rays by the different thicknesses of crystals produces the various colors.

The same principal is involved when you place a pencil in a glass of water. The bending of light rays through the water makes it appear that the pencil is in two pieces.

## Second Offender Gets \$100 Fine and 30 Days

GRAND HAVEN (Special)—Elmo John Waite, 26, Grand Haven, pleaded guilty to drunk driving, second offense in Municipal court Monday and was sentenced to pay \$100 fine, \$5.10 costs and serve 30 days in the county jail.

If fine and costs not paid, he will be required to serve additional 30 days.

Arrest was by city police on Columbus St. Sunday. His previous conviction was in 1953.

## Case Dismissed

GRAND HAVEN (Special)—The jury case of Mahlon Huff, 39, Grand Rapids which was scheduled to be tried in Ottawa Circuit Court, was dismissed Tuesday on motion of the prosecutor because of lack of evidence and also with the consent of the complaining witness. Huff had been charged with larceny by conversion involving a number of vending machines. Huff had pleaded not guilty June 13. The jury was dismissed until Thursday.

## Pair Fined on Charge Of Beer in Possession

GRAND HAVEN (Special)—Donald J. Wittkowski, 19, and Thomas E. Carpenter, 18, both of Grand Rapids, paid \$40 fine and \$4.55 costs each in Justice F.J. Workman's court Monday night on a charge of possessing beer in a car. The pair was arrested by sheriff's officers Friday night in Grand Haven township and appeared in court Saturday afternoon. The court gave them until Monday to pay their fines.

Charles Holmes, 36, Nunica, pleaded guilty in Workman's court Tuesday to an assault and battery charge. Complaint against Holmes was made by his wife, Ruth, who was hospitalized for hip and face bruise allegedly inflicted by her husband last Saturday evening. The arrest was made by sheriff's officers. Justice Workman deferred sentence until Saturday.

## Gifts Assure Therapy Room For Hospital

### Mrs. P. T. Cheff and Kresge Foundation Makes Generous Gifts

A generous gift from Mrs. P. T. Cheff of Holland for the new addition to Holland Hospital which matches a conditional pledge of \$15,000 from the Kresge Foundation now assures a deep therapy room for the new addition. It was announced today by Clarence L. Jalving, general chairman of the hospital drive in Park, Holland, Fillmore and Laketown townships. Jalving explained that when it appeared last spring that the quota of the townships for the new hospital addition would not be reached, it was decided to obtain funds from out-of-town sources, if possible. Through the assistance of Alex Avery, a personal friend of Stanley Kresge, Jalving was successful in getting a conditional pledge from the Kresge Foundation of \$15,000.

The condition was that a matching contribution or contributions of the same amount had to be obtained by July 1. Mrs. Cheff, who has always been one of the most generous contributors to Holland Hospital in the past, came to the rescue making a gift greater than the amount required.

One of the items in the architect's plans calls for deep therapy equipment together with a lead lining for a room to house the equipment at a total of \$30,000. Due to lack of adequate funds it was feared this item would have to be eliminated, but with the Kresge and Cheff gifts, the much needed equipment will be included.

The Hospital board will memorialize these contributions by placing a plaque on the door of this room as a fitting memorial to the Kresge Foundation and to Mrs. Cheff.

To finance the new hospital addition which will cost approximately \$1,100,000, Holland city voted a \$500,000 bond issue last fall. Surrounding townships carried on a drive to raise \$175,000. More than 40 percent of the total cost will be financed by federal grants.

## Formal Dedication Held at Resthaven

The new Resthaven building was formally dedicated in services Sunday afternoon, attended by residents of the lovely new home, the Board of Trustees and their wives, several representatives of Resthaven Guild and a few friends.

Members of the Board of Resthaven Patrons, Inc., regretted that lack of space made it impossible to extend an invitation to the public for the ceremony.

Benjamin Lemmen, president of the board, presided at the services. The Rev. Raymond Van Heukelom of First Reformed Church read scripture and the Rev. Marvin J. Vandervorp of Ninth Street Christian Reformed Church gave the prayer. A message from City Council was read by John Van Eerden, alderman of the fifth ward. The actual dedication was conducted by the Rev. Paul E. Hinkamp, secretary of the board and building fund chairman.

Closing prayer and benediction were given by the Very Rev. William C. Warner of Grace Episcopal Church.

## June 18 Brings Special Memories For Holland Man

### Family History Shows 2 Great-Grandfathers Fighting at Waterloo

Andy Steenwyk, of 320 West 19th St., had a 140-year-old story to tell Saturday.

It concerns two of his great-grandfathers, who were fighting in quite a battle on June 18 back in 1815—one of the most famous of all time.

Students fresh out of school for the year should remember this date for the Battle of Waterloo, where the French armies were disastrously defeated. It was an extremely important battle because it led to the downfall of Napoleon Bonaparte.

Napoleon, who had come back into power after escaping from exile in Elba in March, fled to Paris and signed an abdication, thus ending the period of his power called the Hundred Days.

Steenwyk says his maternal great-grandfathers, Pvt. Martin Herder and Pvt. Anne Werkman, were fighting under the Prussian general, Gebhard Von Blucher.

The battle actually took place at Quatre Bras, Belgium, near Waterloo. It started at 10 in the morning between the French under Napoleon and Marshal Ney and the British under Gen. Wellington.

Von Blucher's army wasn't expected until about 8 that evening, and the British were taking a beating after six hours of fighting.

But Von Blucher arrived at 4 in the afternoon and the French were defeated in one of the bloodiest battles in history. The French lost 40,000 men and the Allied coalition lost 22,000.

Steenwyk said both of his great-grandfathers escaped alive, but Herder was wounded slightly.

He remembers the incident so well because his mother used to speak of it so much in The Netherlands. Steenwyk came to the U. S. States in 1920 when he was 17.

He says that he's always made a special study of the famous battle.

## Pancake Festival Will Open Friday

GLENN (Special)—Aunt Jemima will be here this weekend. She'll feel right at home, too, as she presides over the three-day 1955 Glenn Pancake Festival which is reported to be the biggest celebration in the festival's history.

She'll serve pancakes each morning of the festival, Friday, Saturday and Sunday, at 7. Saturday and Sunday evenings at 7, she will entertain those attending the festival.

This is actually the seventh festival for the community although the first one was held back in 1901. It was continued through 1940, when it was dropped because of World War II. Not until 1952 was it revived.

Other features of the festival are parades, amateur shows, pancake-eating contests, square dancing and concerts.

Queen Joan Kwitkowski will reign over the festival with her court of Thelma Empson, Janet Hoyt and Betty Kopacz. Parades will be held both Friday and Saturday mornings at 10.

Friday night at 7 the Casco band will present a concert and children under 14 will present an amateur show at 9.

Another amateur show will be presented Saturday at 9 p.m. by those over 14. A square dance, a weekly event in Glenn, will start at 10.

Sunday evening at 8 the Carl Massey School of Music of Allegan and Otsego will close the festival with another concert.

## Accident Tuesday Punctuates Need For Bypass Probe

### Childs Tells Geerlings He Will Act Quickly; Cooperating Fully

A three-car accident at the intersection of US-31 and M-21 Tuesday added further emphasis to the announced need for an investigation of the bypass southeast of Holland.

State Senator Clyde Geerlings said "I'm contacting State Police Commissioner Joseph Childs and State Highway Commissioner Charles Ziegler today on this latest accident."

"I am positive that Childs and Ziegler will cooperate fully and give immediate attention to this grave traffic problem. This thing is getting out of hand and something has to be done immediately."

When reached in East Lansing Childs told Geerlings, "I plan an immediate and complete investigation of the Holland bypass situation with the highway department."

Additional letters calling for an investigation have been sent the two men by Holland City Council and Ottawa County Sheriff Jerry Vanderbeek.

Tuesday's accident sent an elderly Niles couple to Holland Hospital. Milton Truitt, 79, was treated for cuts and bruises and his wife, 73, received treatment for a fractured right elbow and cuts and bruises.

The couple were thrown from their car after they collided with a car driven by Erasmo Beltran, 22, route 1. Truitt's car swung sideways and hit a third car operated by Helen Kehrwecker, 203 West Ninth St.

Ottawa County deputies said Truitt was southbound on US-31 and the other two cars were eastbound on M-21. They said Truitt would be issued a ticket for failure to stop for a red light. The three cars received only minor damage.

## 'Model T' Boys Back From Coast

Two Holland youths arrived back in town Tuesday after a 5,500 mile round trip to California in a 1919 Model T Ford.

Peter Elzinga, 378 West 18th St., and Gerhard Ritsma, 578 South Shore Dr., both 20, crossed the Holland city limits around 11 a.m. after 26 days on the road.

During that time the pair said they ran into every kind of weather except a snowstorm.

The entire trip cost each of them \$69 plus the \$150 given them by the Holland Furnace Co. whose name was painted on the car.

Their old car stood up well except for minor motor trouble and two flat tires, both on the same wheel. The other three tires made the trip without a flat.

The biggest difficulty was a dead battery the last two days forcing the pair to push the car to get it started.

## East Saugatuck Child Hit by Car

EAST SAUGATUCK (Special)—A 23-month-old boy was injured Wednesday night when hit by a car driven by his mother as the child played in the front yard. The child, Ernest Race Jr., son of Mr. and Mrs. Ernest Race, was termed in "fair" condition today at Holland Hospital where he is undergoing treatment for head injuries.

Allegan County deputies said the child was playing in the yard as the father mowed the lawn. At the same time Mrs. Race moved the family car forward in the driveway a few feet.

Because of the angle of the drive the car rolled backwards. As Mrs. Race moved the car forward a second time the child walked in front of the car unseen by his mother.

Neighbors rushed the child to the hospital while other neighbors drove the parents.

## Two Girls Win Junior Citizenship Awards

Sonja Lee Bouwman

Suzanne De Pree

Two Holland girls have been declared winners of the Junior Chamber of Commerce Junior Citizenship awards.

Winner from the 15 to 17-year-old class is Sonja Lee Bouwman, who was graduated this week from Holland High School, and winner of the 10 to 14-year-old class is Suzanne De Pree, 14-year-old daughter of Mr. and Mrs. Kenneth De Pree. Miss Bouwman's parents are Mr. and Mrs. Anthony Bouwman.

Other young people who will receive certificates of merit are Jane Klaasen, James Boyd, Jack Hamelink, Marcia Bouws, John Kleinhekel, William Kail and Pat Harder. All these young people will be guests of the Junior Chamber at its next dinner meeting in Cumerford's Restaurant June 28 at 6:30 p.m.

In sponsoring the contest, the Junior Chamber has hoped in some way to counteract today's unfortunate publicity in many cases on delinquent deeds by so-called delinquents. The Junior Chamber and many organizations know there are many outstanding boys and girls that do not make headlines, and a contest of this type is one small attempt to make the public realize that teenage delinquency affects a very small percentage of the young people who make up America's future.

Judges based their selections on initiative and diligence in school ability to inspire and lead others, services to groups and organizations, awareness of civic responsibilities, high sportsmanship qualities, faithfulness and service to church, acceptance of family responsibilities, special proficiency in personal achievements.

Paul De Kok served as Jaycee chairman of the citizenship award contest.

Both Miss Bouwman and Miss De Pree have been active in extra-curricular work at school and in the churches they attend. Miss Bouwman attends Third Church and Miss De Pree Hope Church.

In addition to scholastic honors, Miss Bouwman has been active in the school band, Dutch dance, Camp Fire work, took a leading part in the senior play and participated in forensics. She has received a scholarship to attend Michigan State College.

Miss De Pree has been active in school band and Camp Fire circles and served as a member of the Junior High senate for two years. She has maintained an all-A average, plays piano for her youth group at church, and was city tennis champion in the midjet class for two years.

### Engagements of Former Hope Students Announced

Announcement has been made of the engagement of Miss Barbara Baker to Dr. Maynard T. De Young, son of Dr. and Mrs. Thies DeYoung of Sparta.

Miss Baker attended the University of Vermont and received her bachelor of arts degree from Hope College, where she was affiliated with Sigma Sigma Sorority. She is presently employed in the personnel department of Shell Oil Company in Denver, Colo.

Dr. DeYoung attended Hope College and received his bachelor of arts degree from the University of Michigan and his medical degree from the University of Michigan Medical School in 1953. He was affiliated with Phi Tau Nu at Hope College and Phi Alpha Kappa at the University of Michigan. He is currently doing residency training at the University of Colorado Medical Center in Denver General Hospital. Dr. DeYoung plans to go into private practice with his father in Sparta upon completion of his residency training next January.

The couple are planning a September wedding.

Former Holland residents Mr. and Mrs. A. W. Cole, 1117 East Columbia, Mason, will be honored at an open house celebrating their 50th wedding anniversary on Sunday, June 26, from 2 to 5 p.m.

The reception is being planned by the couple's children, Mr. and Mrs. Ralph Cole, Mr. and Mrs. Burton Robbins and Mr. and Mrs. Milton Cole of Lansing, Mr. and Mrs. Arthur Cole of Holt, Mr. and Mrs. Max Cole of Coleman, Mr. and Mrs. Maynard Cole of Clare, Mr. and Mrs. Hazel Webb of Traverse City, Mr. and Mrs. Theodore Cole of Charlotte, Mr. and Mrs. Richard Feight of Ypsilanti and Mr. and Mrs. Charles Cole of Mason.

The Coles, who were married in Holland June 25, 1905, have lived in Mason for 22 years. Mr. Cole retired from the Oldsmobile factory in Lansing in 1953, after working there 35 years.

The conference has no set program, but participants will exchange ideas and practices, providing mutual stimulation among recognized leaders in high school administration and supervision.

## Fennville Church Scene of Rites

Arrangements of white peonies and foxgloves against a background of palms formed an attractive setting in Fennville Bible Church Friday evening, June 10, for the wedding of Miss Geneva Lehmoine and Harold Franken. **Surprise Open House Held for HHS Seniors**  
A group of Holland High seniors had a big surprise Thursday evening just after the graduation exercises that ended their high school careers.

The graduates were invited to an open house, held from 10 p.m. to 1 a.m. at the Women's Literary Club and sponsored by parents of senior class members.

Biggest hit of the reception was a floor show put on by the parents. The show was a complete surprise to the high school group.

In a variation of the television show "Arthur Godfrey and His Friends," parents went through the antics of personalities appearing in that show.

The part of headliner Arthur Godfrey was filled by George Lumsden, who kept the show going with well-rehearsed ad libs. Even commercials were included, one featuring John Ver Beek as the most famous of home permanent models. The part of Tony Martin was taken by Anthony Bouwman.

Complete with tuxedo and fixed smile was Mrs. John O. Hagans, as vocalist Frank Parker, and "Holi Loli" appeared on the scene in Hawaiian costume, dancing to the tune of the "Hawaiian War Chant." The part of the dancer was taken by Gary Vanden Bos.

Singer Jeanette Davis, who was imitated by Russ Vander Poel; and Phyllis, Dorothy and Christine, the three McGuire sisters, appeared in the persons of Clarence Klassen, E. D. Wade and William Neff. Their rendition was "Something's Gotta Give."

Finally, a "talent scout winner from the year 1930," Mrs. John Van Putten, appeared with her winning act, a vigorous Charleston.

The grand finale, featuring the whole cast, included a song to the tune of Holland High's fight song, "Cheer, Cheer for Old Holland High," wishing all the graduates the best success.

About 150 ex-students and faculty members witnessed the show.

Funds and refreshments for the open house were donated by parents of the class members. Committee in charge of arrangements included the Mesdames John Van Putten, William Neff, Clarence Klassen, E. D. Wade and Anthony Bouwman. Mrs. Luth was in charge of the punch bowl, assisted by Mrs. Otto Dressel and Mrs. John Ver Beek. Mrs. Anthony Bouwman headed the program committee.

Music for dancing and for the floor show was provided by Bill Zeerip and his orchestra, featuring instrumentalist Bob Walters.

Besides the floor show and dancing, game tables were available in the basement rooms of the club house.

There were 62,000 visitors in 1954 to Apparatux Courthouse, where Grant and Lee ended the Civil war.

## Bareman, Moose In Softball Wins

Bareman's Service lost a chance to tie Barber Fords for the runner-up slot in City Softball League competition and Holland Moose banged out a 7-3 win over Zeeland Coliseum Friday night at Van Tongeren Field.

Bareman was upset by Raphael, Inc., as the winners put together three singles, a double and Jerry Prince's homer for the 7-2 victory. The win pulled Raphael down into a tie for the league cellar.

Two of the Raphael runs came in the fourth frame on singles by Ernie Prince and Howie Glupker and three separate Bareman infield errors.

Ernie Prince led off with a single in the big sixth inning. Mel Koenes walked and both scored on Jas Ebels' center field double. Vern Boersen drew a walk and Jerry Prins brought them both home with a clout over the center field fence.

Bareman got some decent hitting — two homers and a pair of singles — but they were badly timed. Joe Berens got his round tripper in the sixth with none on and the bases were also empty in the seventh when Ted Bos got his.

Jas Ebels was winning pitcher, Joe Berens the loser.

Moose got all the hits it couldn't get in losing to Hudsonville Thursday night, blasting out 11 safeties off two Coliseum pitchers to win 7-3. Don Hulst, Jas De Vries and Herk Cramer each collected two hits for the winners — the latter a second inning homer. Bill Zych got three for four — all singles.

Matt Numikoski was credited with the win. Carl Rietman took the loss, giving way to Howard Bosch in the second frame.

## No Food, But He Got Free Lodging

A Corbin, Ky., man learned to day it doesn't pay to speak to strangers.

Noah Jenkins, 37, hailed a man on Central Ave. near Eighth St. late Monday with a few well chosen words. When the man stopped Jenkins requested funds for coffee and a sandwich.

Jenkins insisted he wasn't under the weather but was a bit short of cash and hungry. He admitted having a "few shots of Bay Rum."

As the two men walked off Jenkins was obviously having trouble walking and repeated his plea for funds in a loud voice.

Whereupon the unidentified man identified himself as Holland Police Detective Dennis Ende, who was working in plainclothes at the time.

Jenkins spent the night in jail and was given a 60-day suspended sentence Tuesday by Associate Municipal Court Judge Fred T. Miles on a drunk and disorderly charge if he left the city.

The Kentucky resident said the climate would be better elsewhere and left vowing not to speak to strangers anymore.

## Grandstanding...

By Jack Kolo

Sam Doak gazed across the tennis courts at 21st St. "There's a guy who decided to play tennis instead of football in college," he said, pointing to Hal Burrows, who held the rapt attention of more than 100 of Holland's young netters.

"He didn't develop until after he passed the junior division, either," he continued. "That just shows you how hard he's worked on his game."

That ruling was installed last year and has probably done more to prevent under-the-table deals in amateur tennis than anything else the USLTA ever did.

"He's beaten 'em all," Doak testified. "Trabert, Seixas, Dobny—all the big ones."

Just this spring down in Jamaica, Burrows extended Seixas, the U.S. singles champion, to three sets and the final one went to 9-7 before Burrows finally succumbed.

His biggest victory was last year when he swept to the Paris Championships title where he beat some of the biggest names in tennis.

"Just look at the big guy," Doak said admiringly. "You can tell he's a natural athlete—quick and muscular."

Burrows, who makes his home in Charlottesville, will hit the tournament trail starting on July 17 in Philadelphia. This is the summer grass court circuit which includes seven tournaments ending with the national championships at Forest Hills, N.Y., late this summer.

"You just watch him," Doak predicted. "He's going to surprise a few people."

## Retired Farmer Dies In Holland Hospital

Henry Tenchline, Sr., 76, retired farmer who moved to route 4 a year and a half ago after spending nearly all his life in Olive township, died Tuesday in Holland Hospital where he was admitted last Wednesday. He was a member of North Holland Reformed Church.

Surviving are the wife, Mary; six daughters, Mrs. Peter (Gertrude) Baumann, Mrs. Adrian (Jennie) Baumann, Mrs. Jacob (Dora) Bakker, Mrs. Julius (Mary) De Haan of Holland and Mrs. Henry (Anna) Vander Wall and Mrs. Justin (Alice) Wabeke of Hudsonville; a son, Henry, Jr., Holland; 19 grandchildren and nine great grandchildren; a sister, Mrs. Dick Bazaan of Grand Rapids, and a brother, Louis Tenchline of Holland.

The 29-year-old graduate of the University of Virginia has also been among the top five U. S. doubles teams for the past five years with his partner, Straight Clark.

Now a sales representative for a Rhode Island firm, Burrows was touring the state along with Doak, who is a sales manager for the company. Burrows' territory includes three states—Kentucky, Ohio and Michigan.

As Doak pointed out, Hal is the first amateur netter to take advantage of the new U. S. Lawn Tennis Association ruling that tennis players can be sales representatives for sporting goods companies and still retain their amateur status.

## BE A TEACHER

The high school graduate who can get along well with children should consider seriously a teaching career. Even the teachers' colleges are beginning to stress personality and knowing the subject more than methods in pedagogy. The young man or young woman, who has the gift of love and friendship for children, will make a much better teacher than the Phi Beta Kappa who has a head full of information and the latest technique in methods but does not have the desire and sympathy to impart it to the pupil.

Most successful adults can look back upon their school days and remember at least one teacher who inspired them in their former years. Not every teacher is nor can be a "Mr. Chips" or a "Miss Bishop" but the warm-hearted teacher who knows when to praise and guide is sure to win the friendship of the pupils and give them that spark of inspiration which will create in them the yearning for knowledge.

Other careers may look more interesting, more exciting, or pay more money. But what greater contribution could one make to society than to direct the minds of the young? Think it over—graduates, parents, and others who have the opportunity to advise young people in choosing their careers. No other profession is more in need of good personnel.

## THE NORTH POLE DISPUTE

The most vexing experience an explorer can have, beside the perils of his journey, is to accomplish his purpose and then find the credit snatched from him by a false claimant. That happened to Rear Admiral Robert E. Peary, who devoted his life to a quest for the North Pole, and finally succeeded on April 6, 1909. The flag he planted there has now been presented to the National Geographic Society by his widow.

Unfortunately five days earlier a claim to have discovered the Pole was put forward by Dr. Frederick A. Cook. Not till the following December did Danish scientists decide that Cook's data did not support his claim. Some, however, still believe in it.

Cook was a brilliant man who apparently went wrong. He had been Peary's surgeon on an Arctic expedition in 1891 and had set his broken arm. Later he was surgeon on the Belgica, a Belgian ship which in 1897-8 wintered in the Antarctic, the first expedition to do so. Then he claimed to have ascended Mt. McKinley in Alaska, an assertion which the Explorers Club of New York did not believe.

It expelled him for making it. After the fiasco of his Polar claim he served a term in prison for oil frauds. He died in 1940.

Road Amundsen, Norwegian discoverer of the South Pole, was on the Belgica with him. He called on him in prison, and said that whatever Cook's later deeds:

"The Dr. Cook I knew as a young man was the soul of honor and kindness, lion-hearted in courage. Some physical misfortune must have overtaken him to change his personality, for which he was not responsible."

Prayer focused on our world leaders is the most desperately needed thing.

If we pray for our enemies we can begin to love them.

If we refuse to pray for our enemies, we have cause to worry about ourselves.

**Holland Tennis Club Squad Loses Opener**

## Sunday School Lesson

June 26, 1955  
God and the Nations  
Zephaniah 3:1-5; 14-20  
By Henry Geertlings

In our study of this lesson we need to remember that Zephaniah was a contemporary of Jeremiah. It was now already a hundred years since the northern kingdom had been carried away by Assyria, and the desolation of Nineveh, the Assyrian capital, was not far distant. Moreover, in twenty years the first captives of Judah would be carried into Babylon, and in forty years Jerusalem would be destroyed.

Josiah was preceded in the throne of Judah by two corrupt and idolatrous kings. Manasseh and Amon. During their reign Jerusalem became a hotbed of evil. Zephaniah was a preacher of righteousness and denounced the evils of his age in unflinching terms. By this preaching it is believed that both people and king were moved to better things so that when the Book of the Law was found in the temple, matters were ready for the great and sweeping reformation which followed.

This return to the Law and a more orderly way of living stayed for a while the threatened judgments. The captivity however was impending and Zephaniah points out that the moral state of Judah which, because of the reformation under Josiah, was outwardly improved, nevertheless was not deep and sincere enough to avert it.

God had granted the kingdoms of Israel and Judah that which He had granted to no other people. They had a corresponding responsibility to live up to the covenant that God made with them. They had failed miserably. And it was not for lack of knowledge or light that they failed. It was because they deliberately chose to turn their back on God and His ways and worshipped and served strange gods. In spite of the long suffering and patience of God who constantly warned them through His prophets, they persisted in doing evil. God had warned them of judgment and now it had come. The judgment came at the hands of other nations who desolated their country and carried their people into captivity.

The first time that the word nations is recorded in the Bible is at the end of the record of the families of the sons of Noah. Up to that time the human family had been classed as one group. Now they were divided into three ethnic groups. After the call of Abraham the Bible divides the human race into two groups, the Israelites and the Gentiles or nations. The nations are mentioned in the Bible mostly as they come in contact with the chosen people.

We are not to think that the nations were not given the Law and the tabernacle services that God had left them to themselves. He had a purpose for them, and they had truth and light which if they were followed would have brought spirituality.

The Bible teaches that the nations began with light and degenerated into darkness. The Bible tells us what light the Gentiles had and to which they are held responsible. They began with the knowledge of the history of the race since the placing of our first parents in the Garden of Eden. They had a knowledge of all the truth that God had revealed as far as the days of Noah. They had the revelation which God has given to us in the universe. "For the invisible things of Him from the creation of the world are clearly seen, being understood by the things that are made, even His eternal power and Godhead, so that they are without excuse."

There was another means of grace that God intended Gentiles to profit by and that was the nation of Israel. God had a fourfold purpose in calling out Israel to be a separate people. Israel was called to be a witness to the unity of God in the midst of universal idolatry. Israel was to illustrate the blessedness of serving the true God. Israel was to receive and preserve the divine relation and she was to produce the Messiah. Moreover the geographical location of her inheritance was such as to make her witness world wide.

Palestine is situated near the center of the world. The great trade routes from north to south and from east to west passed through her territories. Wise men and scholars who traveled far to learn from other nations would come in contact with Israel, its worship and the truth about her God. This they would carry back to their own people. That this witness proved efficacious in some cases we have valid proof.

The queen of Sheba heard of the glories of Israel under the reign of Solomon and came to investigate. In the gospel of Matthew we read that a centurion sent to our Lord to heal his servant. Israel failed to fulfill her divine mission as a witness for God.

Robert Houtman also cracked the course par of 70, shooting a low gross of 68. The course was reportedly in excellent condition with "fast" greens.

## Allegan Historical Society Digs Into Past With 'On-Scene' Meets

### Michigan Blood Banks Organize

Dr. O. van der Velde of Holland, medical director of the Holland Community Blood Bank and chairman of the blood program for the Ottawa County Red Cross, was elected to represent the state of Michigan as a director of the North Central district clearing house of blood banks at an organizational meeting of blood bank representatives of Michigan, in Lansing Saturday.

Headquarters for the North central district are in Chicago. The district covers 11 states in the Midwest.

Saturday's meeting was called primarily to organize a Michigan Association of Blood Banks for the purpose of insuring adequate distribution of blood throughout the state of Michigan; to provide the exchange of ideas relating to blood banking by education, research and publicity; to encourage high standards of service, and to plan for cooperation in event of disaster.

A constitution and by-laws were adopted for such a state organization and officers were elected. Representatives were present from Detroit, Bay City, Midland, Flint, Saginaw, Grand Rapids and Holland.

The state organization and the national association are invaluable in processing "paper work" involving transfusions for persons hospitalized far from home.

The need for a state association of blood banks has been emphasized on many occasions, and the organization has been encouraged by the Michigan State Medical Society, the Michigan Pathological Society as well as the Michigan Department of Health.

Through Saturday's action, the Holland Community Blood Bank will become a member of the state association, and the state association becomes part of the district association. There are six such district associations in the United States.

### Shower Compliments Mrs. Melvin Van Dyke

Mrs. Melvin Van Dyke was guest of honor at a shower Wednesday evening given at the home of Mrs. Nelson Klungle. Assisting were Mrs. Vern Van Langevelde and Mrs. Orley Van Dyke.

Games were played and duplicate prizes awarded. Lunch was served. Invited were the Mesdames Peter Van Dyke, Jake Van Dyke, Dewey Van Dyke, John Van Dyke, Roger Van Dyke, Russell Van Dyke, John Slothaak, Ken Slootkaak, Clarence Nyhof, Cornie Vanden Bosch, Don Van Den Bosch, Corwin Van Den Bosch, Don Meussen, Ben Cooper, Joe Cooper, William Vande Heide, Ben Wolters and Don Breuker, and the Mesdames Arlene Van Dyke, Mildred Van Dyke, Lavine Van Dyke, Jo Anne Van Dyke, Judy Van Dyke and Elaine Klungle.

At the close of the session, Mrs. Sherwood used some of her antique dishes to serve refreshments to the guests.

Month by month, the historical society is "meeting" its way around the county, adding considerably to the known and recorded history of the area through the recollections of early settlers and their children. The sessions are usually informal affairs with the remarks of one person bringing forth recollections from another. Items of an historical interest are often displayed at the meetings and the society itself is assembling quite a collection of old documents and other items from the county's past.

The Girls Choir sang two appropriate selections for Children's Day at the morning service and all the Children's Department during the Sunday School hour presented the opening exercises in the main auditorium for the older classes, under direction of Mrs. Don Stehower, including singing, speaking and prayer. Mrs. M. Ten Brink served as pianist.

At the evening church service, Ronald and Sharon Albert furnished the special music, accompanied by their mother, Mrs. J. H. Alberts. Mr. and Mrs. Robert Nykamp of Holland announced the birth of a son, Randall E., at Holland Hospital, last Thursday. The former is a son of Mr. and Mrs. Ben Nykamp and a resident of Hamilton, until the past year.

More than thirty church women of the local Reformed Church attended the "Missionary Retreat" for all women of the churches of Grand Rapids, Holland, Muskegon, Kalamazoo, Coopersville, Zeeland and the surrounding rural areas, last Friday at Camp Geneva, and in spite of cloudy skies, the chapel was filled to capacity for both services.

Mr. and Mrs. Marvin Van Doornik announce the birth of a son, Frederick Jay, last week Tuesday at Holland Hospital. The maternal grandparents, Mr. and Mrs. Jacob Bouwman of Fremont were in Hamilton, following the event.

Henry Gunneam of Coopersville visited in the home of his niece and family, the James Koope's for a few days last week.

Several Hamilton people attended the Holland High School Baccalaureate Service at Hope Memorial Chapel on Sunday afternoon. Local graduates include, Klennme Eding, Glenn Folkert, Carl Kemme, Jerome Wassink, Barbara Strunk, Ronald Van Dyke and Shirley Schipper.

Mrs. Marvin Kaper entertained her 21 piano students and their mothers at her home. After a program of music, refreshments were served on the lawn, wicker roast, with ice cream for dessert, composing the menu.

The Rural Letter Carriers Association of Allegan County held the June meeting at the Hamilton Boy Scout Cabin, with local rural carriers in charge of arrangements. After a cooperative supper, Mr. Fleming of Plainwell presided at the program and Dale Matman presented Rep. Ben E. Lohman as speaker. He talked to the group about Michigan highways. Slides in color, taken on a recent trip to California were shown by H. D. Strabbling. Business sessions of the Men's Group and Ladies Auxiliary concluded the meeting. In July no county meeting will be held as it is State Convention month, the group to convene at Lansing for the event.

The King's Daughters Missionary group of the Reformed Church held a regular meeting in the church rooms with Eleanor Schievink in charge. Devotions were conducted by Phyllis Joostens and Barbara Folkert played a piano selection. The latter and Judy Nykamp presented a film strip and Mrs. Robert Dykstra addressed the group. Blanche Eding, daughter of Mr. and Mrs. Henry Eding was among a group of 23 Holland High Seniors who received high ratings in scholastic honors. She was on record as 7th from the top.

The birthdays of Ben Kooiker and his granddaughter, Sally Hoekma, which occur on the same day, were observed with a family party at the home of Mr. and Mrs. John Hoekma.

Ronald Kaper, son of Mr. and Mrs. John Kaper has returned to the local area with Mr. Kaper and baby daughter, Pamela Sue, upon completion of military training at Fort Knox, Ky.

Allegan plans to "go west" for the two-day event, according to Clifton Schelhas, show chairman. Members of the business community and of the Elks lodge, which is providing local sponsorship for the show, will don western hats and shirts for the weekend. A whole flood of silver dollars will also be put into circulation in the weeks before the event to help publicize it, Schelhas said.

More than 600 horses and some 1,800 horsemen are expected in town for the two-day period which will be filled with events in the morning, afternoon and evening. Schelhas said playing host to horsemen and their families does not result in as much of a housing problem as some other event might, since most of them prefer to rough it by sleeping out at the fairgrounds or in trailers or tents they bring with them.

In addition to judging events for halter, saddle, western and quarter classes, there will be many side events similar to those scheduled for rodeos.

Kenneth Grinnel is serving as show manager and Mrs. Beth Nichols is secretary. The Elks Lodge will devote the proceeds from the gate to its Christmas fund for needy children.

Dr. Miner Stegenga read the double ring ceremony, assisted by the Rev. John Hains, pastor of Trinity Church. ## Shortage of Pipeline Slows Water Project

The 16-man crew that's laying the pipeline under the water at Tunnel Park for Holland's \$3 million waterworks project has run into some unexpected trouble during the last few days.

"We ran out of pipe," explained R. W. Bauer, superintendent for the Luedtke Engineering Co. of Frankfort which is handling the underwater job.

When the crew started laying the pipeline a couple of weeks ago, they were working around the clock, but they went back to regular schedule late a week ago when the necessary pipe failed to come through.

As of Saturday, 192 feet was laid, a sum which Bauer says his crew can normally handle in one day—if they have the pipe.

This week, however, he expects the supply to start flowing again so he can put his crew on the gruelling 24-hour schedule.

The crew uses a huge barge and derrick to do the job. Pipe is unloaded from trucks at the channel at the entrance to Ottawa Beach and transported out to Tunnel Park. The trucks haul the pipe from Grand Rapids.

At night, the barge travels to Tunnel Park to dig the underwater trench. In the day, the derrick lowers the pipe sections into the water and two divers go down in suits to put them in place.

The pipeline is laid under the bottom of the lake. When in place it is about two feet under the Lake Michigan bottom.

In all, 4,240 feet of pipeline must be laid—just over 8 of a mile. The trench was started 130 feet out from the beach where the water is about seven feet deep.

When the men come to the end of the job they will be laying pipe 45 feet under water.

The concrete pipeline with steel ends is 42 inches in inside diameter. At first, the crew handling 32-foot sections of pipe but the Grand Rapids firm has been sending 16-foot sections for the past 10 days.

They handle this by bracing three of the sections together with steel girders and lowering a 48-foot section into the water. Then the bracing is unfastened by the divers and hoisted up again.

Despite the lack of pipeline, Bauer is confident.

"We'll make it by the Labor Day deadline, if not before," he predicts confidently.

## Hulst Keeps Rolling Along

Hulst Brothers keeps right on rolling along.

The City League softball leaders got the same number of hits as Bareman's Service Wednesday night, but used them to get three runs while Al Bosch was forcing Bareman's to chalk up seven goose eggs on the scoreboard.

Each team collected four hits, but Hulst bunched theirs in the fourth and sixth for runs.

A pair of passed balls and an error put Bosch in a hole in the first as Bareman's had men on second and third with no one out. But that's as close as the losers ever got to a run as Bosch did a magnificent job, striking out 11 batters along the way.

Jud Gebben's single, a fielder's choice, an error and a safety by Al Velthuis produced the first run in the fourth.

Hulst added insurance in the sixth on Bosch's double into left and Gebben's triple to the center field fence. A fly ball brought Gebben in with the final run. Joe Berens was the losing pitcher.

Barber Fords showed the Zeeland Coliseum how softball is played in Holland with a 14-0 rout of the visiting team.

How Bosch flipped a masterful two-hitter. Both of those, by the way, were infield scratches.

Barber, meanwhile, teed off on Don Bowman and Al Glupker for 12 hits and used a flock of walks for their runs.

The Fords scored four runs in the second and third innings, and three in the fourth and sixth.

Jay Hop and Don Overbeek had three hits apiece, with Hop cracking the only home run of the evening in the sixth with a man on.

## Raphael Scores Another Victory

Hey, what gives with this Raphael outfit?

For three solid weeks they failed to win a game—occasionally getting some hits but never enough runs. Then, bang! First they pick off Moose—a modest enough beginning.

Then Bareman Service—even tougher.

Then Monday night they bang out 10 hits, collect four runs, hold the Vets to only a lone tally, and climb out of the league cellar for the first time since opening day.

The 4-1 win included some powerful hitting by Bill Vryhof and Ernie Prince who both homered in the fifth for Raphael. Jerry Prince also had a big night at the plate with a double and two singles in four trips.

Raphael also scored once in the first frame on an error and Jerry Prince's double. In the fourth Mel Koenes singled, went to second on a passed ball, third on a walk and scored on Glupker's single.

Lone run for the Vets came in the seventh when Al Glupker led a home run over the left field fence.

Winning pitcher was Jas Ebels, and Cast Velderman the loser. He got an assist from Lum Veldman in the fifth frame.

Meanwhile Holland Moose had little trouble keeping a half game ahead of Raphael in league standings as practically everybody in the lineup got hits in an 11-3 win over Vandenberg Buick.

Included in the monumental 14 hits were two homers by Walt Hudzik and lone round trippers by Don Hulst and Gil Vanden Berg.

For Vandenberg the best effort at the plate was by Ron Israels whose double to right field set up two runs for the losers. The loss gives Vandenberg undisputed possession of last place.

Matt Numikoski was credited with the win Bob Fortney and Norm Japiga shared the mound for the losers, Fortney taking the loss.

## 9 Holland Errors Bring First Loss; Retain First Place

What a night it was at Riverview Park.

The Flying Dutchmen would rather forget about it, however. With a good crowd at Riverview Park Monday evening to cheer on the unbeaten league leaders, the Dutchmen blew it—but good.

When it was all over, Fennville had romped to a 12-0 triumph and handed Holland its first defeat of the season.

The Dutchmen are still anchored in first place in the Southwestern Michigan Baseball League, however, a full game ahead of the second place clubs, Fennville and South Haven at 2-2 and Grand Haven at 1-1.

Fennville's win caused the three-way deadlock for second place.

Still all alone in the cellar are the Zeeland Chix at 0-2.

Monday night, the Dutchmen looked little like league leaders. They couldn't do anything right. If the pitching was shaky, which it was, the fielding was terrible.

They made nine errors, seven of them in the infield, to give all three Holland pitchers the jitters every time they let go of the ball. You didn't know what was going to happen next.

Duane Westerbeek started for the Dutchmen and Jack Kemper took over in the fifth. In the eighth, Roger Smith looked good putting out Kemper's fire.

At the same time Dutchmen pitchers and fielders were having a nightmare. Fennville's hard-working Bill Macleak was having a ball.

He threw a nifty four-hitter. Only in the sixth did he allow more than one hit and a double play erased that Dutchman effort in a hurry. And he received airtight fielding support.

Three hits, an error and two walks put Holland behind, 3-0, in the first and the Dutchmen never made a whimper after that.

They just watched Fennville get three more runs in the third, five more on four hits and a comedy of errors in the fifth and a final tally in the ninth.

In fact, the Dutchmen even helped the cause along by booting a few here and there.

Next game for the Dutchmen is a home affair Thursday night with Muskegon Home Furnace. It will be the first venture out of the league for the Dutchmen and it will be a dangerous one. The Muskegon club is loaded with top-flight college stars.

Friday night, the Dutchmen will travel to Zeeland for a league encounter with the winless Chix.

The standings:

	W	L	Pct.
Holland	3	1	.750
Fennville	2	2	.500
South Haven	2	2	.500
Grand Haven	1	1	.500
Zeeland	0	2	.000

MORE THAN 2,000 persons gathered in Civic Center Thursday night for the 72nd annual Holland High School commencement which highlighted a talk by Supreme Court Justice John R. Dethmers, formerly of Holland. Graduates, wearing maroon and white caps and

gowns, were seated in the front rows of the auditorium. Board members and program participants were on the stage. The processional and recessional were played by the school orchestra.

## There's Plenty of Room for Improving Human Relations, HHS Graduates Told

"There's lots of room for you and youth to bring about improvements in the field of human relations," Supreme Court Justice John R. Dethmers told 223 graduating seniors at the 72nd annual commencement of Holland High School Thursday night in Civic Center.

It was the first time Civic Center was used for a commencement, and the largest crowd ever to attend such exercises in Holland, more than 2,000 persons, witnessed the event. The stage was beautifully decorated for the occasion, and for the first time the processional and recessional were played by the school orchestra. Graduates in their maroon and white robes marched down a broad central aisle.

Speaking on the subject, "A Living or a Life?" Justice Dethmers, a former Holland resident, told the graduates that after 2,000 years of teaching brotherly love, man still persists in war. "Our culture and breeding are higher than ever, yet men seem to know less about getting along together than the animals of the field. We have plenty of invention, resources and wealth, yet there is want and misery in the midst of plenty."

"Many desire to upset the old and support the new, yet we must not reject all the old values, virtues and qualities, for many have been tested and proved and life

cannot be successful without them. There is nothing wrong with good old hard work, yet many want to do less and less for more and more, and they look to the government for the solution of all human ills.

"Our country was built on Christian principles, but today those principles are under assault. There is Communism, crass materialism . . . and I'm afraid we adults have left the world in something of a l.m.s. But it was not the failure of the Christian principles that caused this. It was our failure to apply them."

"The whole concept of real living is not what you get out of life but what you put into it. If you devote your time and energies to so-called 'getting ahead,' forgetting civic interests and development of friendships, you probably will end up friendless, alone and unhappy, the product of greed and unhappiness."

"But if you make an effort to be of service to others and seek to advance the cause of justice and righteousness based on good will, you will achieve success and happiness. Everybody has this capacity for service, not just doctors, teachers, etc. The housewife at home bringing up her family can do just as much as the professionals to help her family recognize the privileges and responsibilities of citizenship."

"We as individuals must acquaint ourselves with the functions and problems of the government, and on the basis of knowledge must come to conclusions. We deserve only such government as we create through that process. The person who stands for nothing will fail for everything."

Principal J. J. Riemersma called the senior roll and Supt. Walter W. Scott presented diplomas. School Mayor Carl Ver Beek led the audience in the flag salute, and Robert Saunders, president of the senior class, gave the class appreciation. The speaker was introduced by Myrna Cook.

A vocal duet, "The Lord Is My Life," Buck, was sung by Coral West and Lynn Kadwell, accompanied by Ruth Wendt. A clarinet solo, "Concertino," Weber, was played by Sandra Dressel, accompanied by Helen Wade. The Rev. Henry A. Mouw of Sixth Reformed Church gave the invocation and benediction.

A souvenir 12-page booklet listed scholarships and other awards which previously had been given recognition at an honors assembly earlier this month.

Civic Center proved satisfactory in every way for a commencement program except for mosquitoes attracted to the light through open windows.

## Pair Takes 12-Foot Boat From Saugatuck to Soo

ALLEGAN (Special) — Two Alleganites, who decided to attend the Michigan Elks convention at Sault Ste. Marie last weekend, solved the highway traffic problem by making the 800-mile round trip in a 12-foot motor boat.

Elton Hiscock, a radio technician, and Wilson Hitchcock, a machinist, spent eight days "at sea" as compared to two days spent at the convention, but they returned home agreeing it was a "wonderful trip."

"It sure beats battling traffic," they said—after sleeping the clock around after returning home late Wednesday.

Their 12-foot boat, equipped with a 25-horse motor, used 140 gallons of gasoline on the 800-mile trip up and back down the eastern shore of Lake Michigan from Saugatuck to Sault Ste. Marie. They were four days on both legs of the journey.

The pair left Saugatuck June 6, arrived at The Soo June 10, spent two days at the Elks convention and arrived home Wednesday.

Except for two nights at The Soo, where they rented a cabin, they camped on the beach every night of the trip. They usually got up around 5 a.m. and got underway by 6 or 7 o'clock.

Their course followed the shoreline, ranging from a half-mile when it was foggy—to 15 miles out in the lake. They had equipped their boat with an auto compass, "but the bouncing kept it whirling most of the time," according to Hitchcock, and they had luckily been forewarned enough to bring along a pocket compass. The amateur navigators—both were army men during World War II—relied on the hunting compasses the two times they were out of sight of land. They crossed Traverse Bay in a heavy fog and visibility was also poor while they crossed the Straits of Mackinac.

Sunday and Monday of the return trip were the roughest of the tour Sunday at about 6 p.m. they were about halfway across the Straits when wind-whipped waves, some five feet tall, gave them a bad time. Again, on Monday, the surf forced them back into Mackinac City twice before they finally got out into calmer water late in the afternoon. They made it to Charlevoix by dark.

The first day out was almost discouraging enough to be their last. It had drizzled most of the day and, while beaching the boat near Ludington, heavy surf began breaking over the stern, filling the craft with water and soaking their gear as well as dampening their spirits. But the sun came out the next morning and they continued the trip.

Another highlight of the journey came at The Soo when they decided to look for dock space above the Canadian locks. They were amazed by the fact that the locks would be operated for their small boat at all—let alone without charge. They came home with a

season permit to use the locks, but doubt if they'll have any further need for it.

## Rambling Sportsmen Give Details On Canadian Travel, Filleting Fish

By Phil Rich & Bill Butler

BRANDON, Manitoba—June 8. After roughly 1,200 miles we are still travelling on pavement—some of it rough in places—a little of it full of holes being repaired and a little construction. But as yet, despite high water we haven't been on a detour. This town is 141 miles west of Winnipeg, or about 250 miles east of Regina, which we hope to reach tomorrow and probably over the roughest road yet if the maps are right.

But to get back to yesterday: We had the big walleye (pickeree) fish fry in front of us. Fred Rodway, who turned out to be a gentleman and a scholar, furnishing boat, motor and know-how to Lake of the Woods fishing, put on the "fry." Phil suggested his favorite formula after he and Fred had filleted the fish and exchanged tips on the same. The formula is simple and anyone can do it: Use a good pancake mix and throw in an extra egg or two, mix with milk, season to suit and make the batter a wee bit thick. Deep fry till good and brown.

Fred was good enough to try it out and declared it would be part of his menu in the future. We and other customers including Ray Kenner, who is a master fisherman, tried it and approved.

First night at Beckett's court our cabin was a bit frontier-like. It was our own fault as we were late. For five bucks we got an electrically heated place with comfortable and clean double beds. No toilet and no shower. The toilets were 100 feet away and so was the hot water tap. We did have cold water in the place. Bill tried the shower. Phil was satisfied not to. After fishing we got into the modern cabins they have right back of Fred's eat drive-in. These were super—swell bath, electric heat, double bed apiece, and as modern as one could ask. We hear there are other cabins and good ones. Price of these was \$8.50 or \$4.25 each. Signs: No "guests" after 10 p.m. If you want to have a drinking party let us know and money will be refunded. Please do not slam the door. One note of tragedy left us sad. On the way in from fishing we saw some boys with short speed boats—square at both ends and looking about 5 feet long. They were zipping around and as we came into the inlet at Kenora one passed us with two boys in it. Another had one boy. Shortly after we saw them, they again went into the open lake,

and off toward Devil's Gap—a long arm running through to another lake. A strong wind had whipped up quite a sea. The boats with two lads tipped over. Two adults went to their rescue but one of the boys drowned. The poor lad was only 12. It seems that his bike was wrecked a short time ago and the police raised a fund and replaced it. He was a carrier boy on the Winnipeg Free Press and was riding in a home-made boat with a 10 h.p. motor and at the turn the boat went over. A life preserver might have saved his life quite easily.

The roughest part of the road today from Kenora to this town was between Kenora and Winnipeg. Some nasty holes are found in parts of the road and repair is underway at half a dozen points. It has been wet, and the break up plus that, caused trouble. Big heavy trucks didn't help much and a couple of weeks ago cars were being towed at three points. The road is now dry but lots of chuck-holes.

Beyond Winnipeg the road has some miles of smooth, excellent blacktop but also some road with a lot of "jack rabbits" or "atomach" as my daughter called such bumps when she was a youngster. The rough parts of the road can be done nicely at 40 or at 50 the limit. High speeds are not legal, nor recommended, though, following an old western custom we tried some at 70 and stayed in the car.

Other day we mentioned losing our strip maps. The search has ended: Found 'em in our briefcase along with a flock of other stuff . . . so all that work was not in vain.

Had intended to stop in Winnipeg. But it rained and blew and blew and was cold so after a couple of hours getting a list of dealers and a letter from the Nash zone office, cashing some checks and bills, we decided to move on here. Winnipeg looks mighty interesting. Many do not realize that it is listed at 235,000 but according to residents is closer to 400,000. It is the capital of Manitoba, has enormous rail yards for CPR and CNR, and is one of the greatest grain markets in the world. New houses and apartments are going up all over the place and this spot looks prosperous—and so do its people.

We had a fine lunch near the garage in Winnipeg—braised chicken \$1.25 and tenderloin

cube steak \$1.50 with all fixings. In stopping, we had a good exhibition of northern hospitality. After filling our car we asked about the restaurant. The man at the gas station said: "I'll drive you down and bring the car back here—it's only a couple blocks and when you finish your business it'll be parked here."

Asking about the post office to get out an airmailed story he said: "I'll mail your letter on the way back." We have found friendliness and hospitality on all hands and it well matches any of the southern brand we have ever experienced. The only difference: northern hospitality hasn't had the advertising.
