FOR 1873.

HOLLAND CITY NEWS

S. L. MORRIS, Editor.

SATURDAY, JUNE 30, 1878

RAILROAD MEETING.

Last Saturday, a large delegation of gentlemen from Saugatuck and Douglas visited this city for the purpose of meeting with our citizens, and advising as to the probability of securing aid in building a railroad from Saugatuck to this city.

Among the prominent gentlemen of the delegation, we noticed Hon. F. B. Wallin, S. A. Morrison, John Wilson, Geo. E. Dunn, E. Denamore, H. Ebmeyer, and others, of Saugatuck. D. Gerber, J. S. Payson, D. C. Putnam, of Douglas.

Quite a number of our citizens were invited to meet with the delegation in the parlor of the City Hotel, when, on motion of Hon. F. B. Wallin, the meeting was called to order, and H. D. Post was made chairman, and S. L. Morris, Secretary.

Mr. Wallin then stated the object of the meeting to be, to ask the co-operation of our citizens in building a railroad as above stated. He said they had already surveyed two lines to East Saugatuck, and traversed a line to this city, and while they could shorten the distance, and reduce the expense by going to East Saugatuck, they nevertheless would prefer to make this the point of connection, and would Holland give enough to compensate them for the extra expense incurred in lengthening the line? He said that they would be willing to build the road to the county line if Holland would meet them at that point, a distance of one and three-fourths miles, probably not to exceed two miles. He had assurance from Mr. Joy, that he would iron and equip the road as soon as graded and tied. They had agitated this subject a long time, and hoped that some action would be taken at once, and they would govern themselves accordingly. He stated that the route to this city was the most feasible, and the cheapest one to build per mile of any yet surveyed, and that the heaviest grade would be only 83 feet per mile.

A free interchange of opinion was then entertained, and all expressed themselves favorable to the project; yet, owing to the fact that just at this time, every exertion must be put forth to first secure the Furnace, it was deemed prudent to reach a final disposition of that matter, which, if successful, would largely promote the railroad enterprise; our interest would allow of no relaxation in effort, and while doing all we can for the Furnace would only increase the prospects for the road.

The gentlemen seemed well satisfied with the position taken, and returned feeling that Holland was not inimical to the project, and that as soon as circumstances will permit, the road would be taken care of, and Holland would do her share in securing it.

As an expression of the sense of the meeting, Mr. Van Schelven offered the following resolutions, which were unanimously adopted:

Resolved, That we welcome the project of building a railroad between Saugatuck and Holland, and are willing to co-operate with our neighboring town in this important work; and to that end.

Resolved, That a meeting of our citizens be called, for next Monday evening, to appoint a railroad committee, and take such other measures as may be thought necessary to promote this important project.

HOPE COLLEGE.

We notice in the proceedings of the general Synod of the Reformed Church of America, which closed its session at New Brunswick, last week, that resolutions were offered looking to the more permanent endowment of Hope College in this city. A resolution was passed pledging extra efforts toward securing one hundred thousand dollars increase to the endowment fund of this institution. This move, if successful, will place the College upon a basis where permanency will be assured.

We congratulate the friends of the institution upon the favorable prospects before them and hope for a commanding influence for Hope College in the future.

The minutes of the meeting also inform us that the Rev. A. T. Stewart, Pastor of the Second Reformed Church of this city, was given the degree of D. D., a merited compliment to a worthy gentleman.

CORRESPONDENCE.

Mr. Editor:—For the want of something better, be good enough to publish the following letter, as received by me from a friend who has lately moved to the far West, and in these warm days it may have a cooling effect upon your readers:

A TRIP FROM HOLLAND TO CHICAGO BY WATER.

Truly, natural scenery and facilities for navigation surrounding the beautiful city of Holland are second to none in the western States. Such at least were my impressions one fine afternoon on sailing down Black Lake to Lake Michigan. The wind on this occasion was unfavorable, and in sailor parlance, we had to "beat down." The schooner on which I had taken passage was a fine running craft, bearing a kind of French title.

The Captain, desirous of showing me a trick or two in navigation, would not employ a tug boat. This was, undoubtedly, for my especial benefit, and afforded to me the full pleasure of yachting. We arrived at the mouth of said Black Lake the following morning, having yachted all night to our heart's content. Out on the lake, there was a stiff breeze blowing, but inside, there was a dead calm. Upon inquiry, the Captain informed me that such a breeze would waft us over to Chicago in twelve hours. A few minutes later there came another schooner, loaded down with lumber, drifting slowly upon the bosom of Black Lake to where we lay. From intimations, I readily inferred that there was no immediate prospect of getting into the stiff breeze, outside because of the dead calm inside, which offered a fine opportunity of fully enjoying the magnificent scenery along the shore; lofty hills, shady dells, golden sands, and rolling waves! But very soon an unmistakable index of progress cut short my pleasant reverie; puff, puff, and sure enough, there was the steam tug-boat cutting the placid bosom of Black Lake like an arrow, and evidently bent on taking the two loaded schooners out on the lake into the stiff breeze from the north. However, before I was hardly aware of it, the tug-boat had turned about on its way back to the docks. A pecuniary misunderstanding, I believe, was the main cause of this sudden change of front. We were not again disturbed that day, by either wind or steam, and I turned into my sleeping apartment at night fully expecting to be

"Rocked in the cradle of the deep," and wake up in Chicago the next morning. But what was my astonishment when, on arising in the morning, to find that the vessel had not stirred. There we lay, ready, but no wind, no steam. I expected to see an exasperated sea captain, for when I remembered the net profits of a round trip to amount to about fifty dollars, and that such a trip is generally made in 48 hours, that we had waited about 36 hours, and not moved an inch, that the judicious outlay of four dollars in steam power might have put fifty dollars in the captain's pocket, I think my expectation was well founded. But the calm serenity of the good soul was equal to the emergency. Quietly he ordered his men to haul out, an operation I shall not give in detail. It simply means pushing out the vessel inch by inch. About 10 o'clock a. m. the craft stood stately and erect, her bow a few yards beyond the piers, all her canvas trimmed, and headed for Chicago, which port we entered three days afterward.

In my next letter I may give you an account of our haps and mishaps on arriving here. Meanwhile,

I remain yours, etc.,

TIMOTHY.

Citizens' Association.

Monday, evening, June 23, 1878.

Meeting was called to order by N. Kenyon, Esq., Vice President, and Henry D. Post, Vice elected Secretary *pro tem*, in the absence of the Secretary.

Mr. McBride reported that the dredging of the harbor was successfully completed, and that the "Tempest" had returned to Grand Haven. That soundings down the channel in Black Lake from Central Wharf to the harbor, show 20 feet to be the least depth of water, and that the average depth is 27 feet. That the depth between the piers to outside, is 10 feet, deepening at outer end of piers to 11 feet, and carrying a 10-foot channel straight out, the full width of the piers, to deep water in Lake Michigan.

Mr. Walsh read a letter from Mr. C. T. Ford, Jr., from which it appears that he has been successful in his effort to find capitalists to build a smelting furnace here, and that it only remains

for us to do our part, to secure its speedy construction.

Mr. McBride presented articles of association drawn for the formation of the Holland Iron Company, to engage in the business of mining and smelting iron ore.

On motion duly seconded and carried, *Resolved*, That the articles of association as presented, are hereby approved and adopted, and that all are invited to make their subscriptions.

Mr. Kenyon made a proposition to all who have any doubts as regards the investment proving a good one, financially; that he will bind himself to warrant ten per cent. annually, on any amount of full paid stock; provided, the parties asking such a guaranty, will bind themselves to transfer the stock to him at par within three years.

Subscriptions were then made to the Capital Stock of the Holland Iron Company, to the amount of \$5,975.

On motion of J. O. Bakker, duly seconded and carried:

Resolved, That we adjourn to meet again Thursday evening, June 26, and that bills be printed and posted, and efforts made to call out a large meeting.

The Democratic leaders are in a sad condition. They affect a high-toned morality in political affairs, but fail to convince the public that they are really converted from the errors of their ways. They have preached honesty so often, and practiced it so little, that no one has confidence in their sincerity. The short-comings of a few Republicans have been eagerly seized upon by these disconsolate politicians, and they have tried their best to convince the people that an exceptional piece of rascality was the rule of the party. But they have made slow progress in the work. So many Democrats have been mixed up in the corrupt schemes that have been exposed through the vigilance of the Republican party, that a blow at the head of an opponent is sure to kill one of their own friends. It is very perplexing to have their eloquent sermons on the necessity of political purity marred by the action of their friends. If they could only enforce honesty among Democrats for a few months, they could then point to their followers as models of political excellence; but to enforce an impossibility is beyond their power, so they are forced to accept one of two alternatives—the repudiation of their own rascals, or their defense for the sake of the power which they wield in the very element of strength which makes Democracy possible. To repudiate, is self-annihilation; to justify or defend, is to disarm them of the only weapon which they can wield against Republicans.

The following statistics, connected with Astor, Vanderbilt, and Stewart, the three richest men in America, are given by the correspondent of the Cincinnati Commercial: Astor's wealth is mainly in real estate and revenues Vanderbilt's in railway stocks and dividends. Stewart's in goods, houses, stores, factories, lands, and stocks. The aggregate wealth of all of them is supposed to be between seventy-five and one hundred millions. Astor lives plainly, Vanderbilt occupies a three-story brick house on a third class street; Stewart lives in a marble palace on Fifth avenue, one of the finest residences in the world. Astor is a native of New York, and a large, heavy man of 70, with strong features, and rubicund face. He is an Independent Methodist. The Commodore, also a native of New York, is a tall, slim, handsome, proud-looking man of nearly 80, straight as an arrow. Stewart, a native of the North of Ireland, is a medium-sized man, rather slender and tall, with a face like parchment, which gives the impression of being hard up. Astor has heirs; Vanderbilt, children; Stewart is childless. Astor gave a couple of hundred of thousand dollars to the Astor library, and two golden candlesticks, nine feet high, to Trinity Church. The other two are inclined to be close-fisted. Stewart is the scholarly man; Vanderbilt the shrewd man; Astor, the man of the world. Such are the three wealthiest men in America. Are they the happiest?

A business man in Adrian, Mich., was fortunate enough to find in the gutter in front of a bank a crumpled envelope belonging to himself, and containing two \$100 bills, which had been dropped and swept out from the bank two days before.

It seems to be settled that the man arrested at Cedar Rapids, Iowa, is not Bender. Meanwhile the members of the family are being arrested in every enterprising town in the West and South, Vicksburg being one of the latest to get them.

STATE OF MICHIGAN:

The Circuit Court for the County of Ottawa—In Chancery.

Henry D. Post, Complainant, vs. Jan Ailing, Mary Ailing, Daniel Baert, Tryntje Baert, Willem Arendse, Hermanus Gezon, John Roost, Michiel P. Visser, and Aaltje De Jonge, Guardian of the heirs of the estate of A. Plugger, deceased, Defendants.

In pursuance and by virtue of a decree of said Circuit Court, in Chancery, made in the above entitled cause, on the fifteenth day of February, in the year eighteen hundred and seventy-three, Notice is hereby given, that, on the sixth day of August next, (1878) at one o'clock in the afternoon, I will sell, at public auction, to the highest bidder, at the front door of the Court House, in the city of Grand Haven, in said County of Ottawa, all that piece or parcel of land, situated in the County of Ottawa and State of Michigan, known and described as Lot numbered one, (1) in Block numbered sixteen, (16) in the village (now city) of Holland, according to the recorded map of said village, in the office of the Register of Deeds, of Ottawa County, Michigan.

EDWIN BAXTER, Circuit Court Commissioner, in and for Ottawa County, Michigan.

(Dated—June 9, 1878. 17-23)

Twelve Good Reasons Why I Should Trust.

1. The pleasure of purchasing and opening a set of books.
2. The employment of a book-keeper at a high salary.
3. The employment of one or two men to collect your accounts.
4. When called upon to pay some demand—is so convenient to have a good number of accounts on your books.
5. The pleasure of sending in your bills through the post-office, and receiving nearly one-half you paid out for postage, returned to settle some account.
6. To hire persons to make collections, and have the greater part of the bills returned unpaid, bringing you in debt to the collector.
7. Trusting parties who have always been your customers, and have the pleasure of seeing them go around one or two blocks to shun your place of business, and take their cash to a rival establishment.
8. To wait a year or two, send in your account, and see the party get up and curse and swear, but that if you ask them, you will never get your pay, and they will be cursed if they ever patronize you again.
9. The pleasure of having parties leave town, forgetting to settle that little account on your books.
10. Being compelled to take legal measures to collect your just dues, and thereby make friends with all the relations, friends and acquaintances of the party.
11. The knowledge that you must add all the bad debts in as expenses, and charge all your customers an additional price to cover, is very consoling.
12. The pleasure of making any number of enemies (if you ever ask your own), who will be sure to run down your store and all connected with it.

NOTICE.

For the above twelve good reasons, I hereby give notice that on and after this date, all goods sold at the City Drug Store, will be for CASH, or its equivalent; and shall give my customers the advantage of an immense stock of goods, and a cash trade.

Now I Mean Business.

I have on my books, accounts ranging from twenty five cents to hundreds of dollars, and I want all who read this notice (if in my debt), to call at once and pay. I must have the money, and I will let you settle without costs, but if it is your wish that I shall add interest and costs I will do so. Remember this. I intend to have my pay and close my books, and have what is my just due.

Local News.

The proprietor of the Etna House informs us that warm meals will be served at his house on the day of 4 paws great show for 25 cents each.

We call attention to the advertisement in to-day's paper, of "New Millinery Rooms," where may be found a complete assortment of the latest styles of Millinery and Hair Goods. It is the only place in the city where hair goods are manufactured and kept on sale. Ladies, call and see them at the rooms two doors east of the City Hotel.

Mr. A. P. Luse, of the firm of Marder, Luse & Co., Chicago, called upon us Monday last. This firm is known as the "Chicago Type Foundry," one of the largest institutions of the kind in the Northwest, where printers can find anything wanted in their line, courtesy and accommodation not excepted.

NEW POSTAL LAW.—This law goes into effect next week. All subscribers will have to pay postage on all papers received by them through the post office after the 1st of July. The postage on THE NEWS will be only five cents per quarter. We shall arrange the subscription list for the city next week, after which subscribers in the city will receive THE NEWS from the carrier. If any of our subscribers should be missed, they will confer a favor by notifying us at once, that no mistake of the kind may occur the second time. Those who prefer can call for their papers at this office.

Mrs. Diana Tromp was drowned in the afternoon of June 25th, by the capsizing of the boat in which she was coming from Lake Michigan with her husband, John Tromp. A very severe rain squall passed over Black Lake, and she took refuge from the rain under the forward deck of the boat, while her husband commenced getting in the sails. But the squall was too quick for him, and the boat capsized, carrying Mrs. Tromp under with it. Her husband clung to the boat and was rescued by a boat from shore, but they did not succeed in saving his wife. Her body was recovered and brought to town in the evening, and an inquest held by H. D. Post, Esq., who did not consider it necessary to call a jury after examining witnesses in the case.

At the adjourned meeting of the Citizens' Association on Thursday evening for the purpose of securing subscriptions to the capital stock of the Holland Iron Company. Much earnestness prevailed. As the project progresses, the people are becoming better informed relative to its promises, and are more fully inclined to favor it. Owing to ill health, Mayor Harrington tendered his resignation as President, which was accepted, and Nathan Kenyon promoted to the position, thus leaving a vacancy in the office of Vice President, which was filled by electing Gabriel Van Putten. The total amount subscribed to the stock is \$7,225. A committee was also appointed to look after the Saugatuck Railroad project, consisting of John Knol, H. D. Post, and G. Van Schelven.

Meeting adjourned till Monday evening next, at same place.

Holiday for Ottawa County.

Wednesday, July 9, Adam Forepaugh's great Menagerie, Museum, and Equestrian Aggregation is to exhibit at Holland, afternoon and evening. (This is the largest and finest Animal Show, Museum and Circus in existence, and one of the very few exhibitors that we can commend to our readers as worthy their support. In all the leading cities of this country, it has received a most liberal patronage from the public and the eulogistic notices from the press

ever accorded to a similar institution.

A FREE MENAGERIE

is presented to the public afternoon and evening. A magnificent procession, made on the morning of each exhibition day, and FIVE great show tents are and to canopy the attractions of this mammoth show. We shall expect to see the largest gathering of people at Holland on the day Forepaugh exhibits here, that ever assembled in the town. Don't forget the day, Wednesday, July 9th.

JOSLIN & BREYMAN,
Cor. 8th and Market St., Holland, Mich 1-

Vinegar Bitters are not a vile Fancy Drink, made of Poor Rum, Whisky, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the appetite to drunkenness and ruin, but are a true Medical Preparation, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition, enervating it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unwell, provided their bowels are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Sleeplessness, and Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, In young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by vitiated Blood, which is generally produced by derangement of the Digestive Organs.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Itch, Scabies, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworm, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurl, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever nature or cause, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Fits, Tape and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist: "There is scarcely an individual on the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of medicine, no vermifuges, no anthelmintics, will free the system from worms like these Bitters."

Mechanical Diseases.—Persons engaged in Pains and Minerals, such as Plumbers, Typographers, Gold-beaters and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS twice a week.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially in the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.
