This evening a prize waltz will be given at the Apollo pavilion at Jenison Park.

Smallpox bids fair to shake Holland from its visiting list soon. Quarantine was lifted from the Koning family in which there was one case and there now remains but one case in the city.

On the fourth of July take the next car and go to Jenison and you will run foul of one of the biggest celebrations that ever happened. All sports common to Independence day will be on the program, besides a lot that are uncommon.

Burglars broke into the Interurban freight office last Saturday night and robbed the cash drawer of about \$30. They got in by picking the lock and the evidence of their theft was not discovered until Sunday morning when the agent went on duty.

Waukazoo Inn will be opened tomorrow with M. E. Dick, formerly a teacher of the public schools here, in charge. Prospects are bright for an excellent season. A casino has been built near the hotel where confectionary, cigars and soft drinks will be sold.

Darius Green's flying machine and all the airships made in all the world since his time, have been knocked silly as far as the boys and girls are concerned by the latest invention in that line. The boys and girls will have a high old time in front of Vanderploeg's Bookstore tomorrow watching the new airship go up. Get in line.

If the Grand Rapids people have the circus going fever this season they will have to come to Holland to get it cured. The fact that no circus will visit Grand Rapids will have a tendency to make this city the Mecca for all the afflicted on the day that Forepaugh & Sells circus comes to town. It will puzzle the circus people to accommodate the crowds if the weather is fine.

The death of Henry DeWall occurred Saturday evening at 261 West Eleventh street. Death was due to cancer of the stomach. Mr. DeWall was 51 years of age and lived in this city for the last fifteen years. He is survived by his wife and one child. The funeral services were held Wednesday at the Central Avenue Christian Reformed church, Rev. A. L. Haan officiating.

Admission tickets and reserved chair seats for the exhibitions of The Great Forepaugh and Sells Brothers shows in this city will be sold circus day at the downtown office of Forepaugh and Sells Bros. for exactly the same price charged in the wagon on the show grounds.

Mose Yalomstein, formerly proprietor of the Boston store in this city, is now hailed as the king fisherman of them all by the press of the state. Mose is in business at Sault Ste Marie and being successful he sometimes has a little time to fish. This week he distanced all fishing records for St. Mary's river by pulling from the rapids the biggest rainbow trout ever pulled from that body of water—but it took 20 minutes of hard fighting to do the trick. The fish is 17½ inches long, 7½ inches through and weighs 7½ pounds.

Charles W. Garfield of the forestry commission states that all through western Michigan the farmers have been complaining that the leaves upon their sour cherry trees were turning yellow and dropping off. Mr. Garfield referred the matter to Prof. Taft, of the state agricultural college, who has informed him that this condition is due to a fungus disease which has been made worse through the continued rains and generally wet weather. Prof. Taft believes that after the leaves have dropped off the trees will again leaf out. Many of the early cherries are rotting on the trees, the excessive rains causing the fruit to decay before ripening.

Twenty six new seats have been placed in Centennial park.

Born to Mr. and Mrs. H. Kleyn, East Sixteenth street, Friday, June 23—a daughter.

All of the cars of the Interurban railway company will be in commission to take care of the fourth of July traffic.

The young ladies of Grand Haven have the bowling craze and a number of them frequent the alleys. Some of the young ladies are fast becoming expert in the game. Some very good scores are being made by the lady bowlers.

The tug Calumet, owned by the Starkey Dredging company, has gone to Saugatuck to do the towing for the dredge. The Calumet took the dredge to Saugatuck a week ago, but owing to the shallow water she could not get in, and the tug Pup was secured to tow the dredge. Sufficient work has been done to permit the entrance of the Calumet.

Ludington knows a good thing when it sees it and is trying to get the inside track of Grand Haven and induce the government authorities to assign the new hydraulic dredge Gen. Gillespie to Ludington instead of to Grand Haven but the latter city is sitting up and taking notice of things and it is not likely that Ludington will succeed.

Mrs. R. Schuitema died Monday forenoon at her home in Holland Center, east of the city at the age of 48 years. She had been in poor health for a number of years. Besides relatives in this city, she is survived by her husband. The funeral services were held Thursday from the Ninth street Christian Reformed church, Rev. A. Keizer officiating.

The new schedule of the Pere Marquette went into effect Sunday, adding two trains to the service on the Chicago division, while the Ottawa Beach Sunday and daily train service began. The resort trains added to the Chicago run are the early morning train south and the late evening train north. The train south will leave Holland for Chicago at 3:08 a. m., reaching Chicago at 7:22. The north bound train is due in Holland at 11:40 p. m. for Grand Rapids.

During the month of May 43 deaths occurred in Ottawa county, a marked increase over previous months of this year. In Allegan county 50 deaths occurred, and in Muskegon county there were 38 deaths. Holland and Grand Haven reported eight deaths each for the month. Two deaths were caused by tuberculosis of the lungs, two by measles, one by cancer, and the balance by miscellaneous diseases. The state bulletin of vital statistics for May states that 15 deaths occurred from smallpox in Kent county during May, and of these 15 were reported by Grand Rapids.

The big dredge Gen Gillespie arrived in Grand Haven last Saturday and is now dredging that harbor. The Gillespie resembles a steamer more than she does a dredge. Her cabin and upper works are finished off neatly and her quarters for the crew are comfortable. The steamer is lighted with electric lights from stern to stem. Capt. French, a salt water man from Boston, is in command and the odd ship carries a crew of about thirty men. The Gillespie has two fourteen inch suction pumps, and two great pockets, one both fore and aft receive the material pumped into the ship by the suction pumps. When the hoppers contain about 900 yards of dredged material the suction pipes are lifted and the vessel steams out to sea, where she dumps her load into deep water. All operations are under the ship's own steam and she has two great marine engines which drive her along at a good rate of speed. The engines can be stopped or regulated from the pilot house. And the dredging as well as navigating can be done by the captain. The Gillespie is built especially for heavy weather dredging and can operate in a rather heavy sea.

Albert Kracker, one of the prosperous farmers of Allendale, who has a fine farm on Section 22 in that township, should send a photograph of his family to President Roosevelt. It would do the latter's heart good. Mr. Kracker is the proud father of ten sons and four daughters, all in the best of health.... A marriage license was issued by County Clerk Brown to Charles M. Brown of this city and Miss Elizabeth McCracken of this city. Miss McCracken's mother's name is Brown and to do the thing up brown the Rev. Robert Brown of the Presbyterian church will marry the young people.—G. H. Tribune.

The leading socialist of them all spoke in Holland last Friday night. Eugene V. Debs, the great labor organizer and labor leader addressed a large audience in Maccabee hall and took as his theme Socialism viewed from the standpoint of the people. He bore down heavily on corporations and scored the so called commercial kings, prophesying that in the end the principles that he expounded would be acknowledged supreme in the government of man. Mr. Debs is a close reasoner, a well informed student of economic affairs. He was thorough master of his subject, and as he is eloquent it is needless to say that all who heard him were greatly pleased.

Saturday night's crowd of shoppers witnessed a fire between the hours of 9 and 10 o'clock that threatened for a time to become a devastation. The wooden building back of Con DePree's drug store on Central avenue, owned by Mrs. A. Charter and occupied by Hofsteen & Jappinga with a team of horses, delivery wagons, buggy etc., was badly burned and nothing but the most effective work by the firemen prevented the fire from spreading to one of P. F. Boone's livery barns adjoining. The damage suffered by Hofsteen & Jappinga was about \$150. Besides damage to some of the vehicles, the windows of the pool room adjoining were broken, the pool tables were soaked, and some of the carpets in the Hotel Bristol up stairs were damaged. There was considerable excitement for a time removing horses, vehicles etc., from the building burned as well as from Mr. Boone's barn. Mrs. Charter's building is a total loss.

Many a Holland Citizen Knows How Sure They are.

Nothing uncertain about the work of Doan's Kidney Pills in Holland. There is plenty of positive proof in this in the testimony of the citizens. Such evidence should convince the most skeptical doubter. Read the following statement.

F. Brieve, of W. First street employed at Moore's Soap factory says: "I suffered from kidney trouble for ten or twelve years and until I got Doan's Kidney Pills at J. O. Doesburg's drug store I never found a remedy which gave me effectual relief. I had constant aching pain in my loins and soreness over the kidneys. The kidney secretions became irregular, and I suffered from headaches and attacks of dizziness. I took Doan's Kidney Pills but a few days when I felt they were doing me good and I continued their use until the trouble left me entirely."

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, how do you know what you are getting? Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

LION COFFEE is sold only in 1 lb. sealed packages, and reaches you as pure and clean as when it left our factory.

REIGN OF TERROR EXISTS IN LODZ

CITY IN RUSSIAN POLAND IS
THE SCENE OF ANOTHER
GREAT HORROR

Cossacks and Strikers Meet in Bloody Battle Lasting the Best Part of Three Days, During Which Hundreds Are Killed and Wounded.

Lodz, Russian Poland, June 26.—"Black Friday" in Lodz surpassed all the horrors of "Red Sunday" in St. Petersburg. While it is not yet possible to ascertain the exact number of the victims, estimates place the number of victims as high as 2,000. Of these, 300 strikers and 60 troops were killed.

Vengeance Cause of Rioting. The troubles here were initiated by the social democrats and Jewish band, who determined to avenge their comrades killed in the rioting on Wednesday.

Thursday, the feast of Corpus Christi passed off quietly, but during the night workmen attacked the patrols. In this fighting two officers and seven Cossacks were killed. One of the latter was shot by a girl of 13 years.

At dawn Friday commenced a day of terror, given up to bloodshed. Anarchy and fierce street fighting prevailed all day. Two bombs were thrown from the crowd into the barracks, killing or wounding 20 soldiers. This started the shedding of blood, which continued until after nightfall.

All the factory hands then struck and flocked into the streets. Cossacks, dragoons and infantry charged the dense, surging mobs time after time, firing volley after volley into the serried mass. The rioters later replied with revolvers, while their comrades on roofs and in windows joined in the fusillade. Some dashed vitriol from points of vantage upon the troopers in the streets below. The burning fluid drove its victims into a frenzy and led to scenes of a terrible character.

Dead Scattered About Streets. The dead were carted off to the cemeteries in military wagons, the troops acting as undertakers. But Saturday morning many dead and wounded were still lying in the streets and courtyards. The casualties Saturday add 18 killed or wounded to Friday's appalling total.

Many Isolated Attacks. The most serious phase of the fighting between the military and strikers is at an end, but there are still isolated attacks in the suburbs. At Baluty Sunday morning Cossacks attacked a Jewish family of five persons who were driving in a cab to the railway station and shot and killed all, including the cabman. At Pabjanice, near Lodz, workmen attacked two policemen and shot and killed one and wounded the other. There is a general exodus from Lodz. Twelve thousand persons have already left, and all trains are crowded.

State of Siege. Lodz, Russia, June 27.—The governor general has proclaimed a state of siege here. Since the proclamation of martial law, the situation has become quieter. The rumor of an approaching massacre of Jews has caused 20,000 Jews to leave the town. Scattered cases of rioting as a result of the insurrectionary spirit, however, continue. One of these occurred Monday in the old Protestant cemetery when a patrol was fired on from behind a wall. The patrol charged and killed 12 persons, five men, four women and three children. Business is at a standstill, and all traffic has been stopped.

The victims of last week's outbreak total over 1,200. Thus far the bodies of 343 Jews and 218 Christians have been buried. The wounded number over 700.

Revolt Spreads. Warsaw, June 27.—Disorderly crowds have thronged the streets since early Monday morning. They erected barricades at Ogrodowa, Krochmalna and Wronia streets, on top of which they placed red flags. The police and soldiers stormed these barricades, and ten persons were wounded by bullets or bayonets. Another affray took place at Zelazna street, where Cossacks charged the crowd and wounded three persons. In the central market a crowd attacked a patrol with revolvers, to which the patrol replied with volleys, killing a boy and wounding three other persons. Five workmen who had refused to strike were stabbed to death by their comrades.

Kovno, Russia, June 27.—A mob of 1,000 persons surrounded and attacked the police station and the governor general's palace Monday. All the windows were broken before the rioters were overpowered by the police. Five policemen were wounded. A detachment of dragoons finally arrived on the scene and dispersed the rioters.

Prisons Are Full. Warsaw, Russian Poland, June 28.—All the prisons are full to overflowing, no less than 672 persons, mostly Jews, having been arrested during the last 24 hours. It is expected that a state of siege will be proclaimed as great riots are anticipated during the mobilization. The laborers on 32 beet root plantations in the government of Podolia have struck and it is feared the harvest will be lost.

Secret Meeting Surprised. Warsaw, June 28.—A secret meeting of 200 socialists in the forest of Zgierz, near Lodz, was surprised by Cossacks at noon Tuesday. Eighteen of the socialists were wounded and 130 arrested. The authorities received information that the meeting was being held, and sent a squadron of Cossacks, who surrounded the forest and fired into the socialists, taking them entirely unawares.

Veto of Tonnage Bill

Governor Warner's veto of the so-called tonnage bill, which provided that vessels should be assessed according to tonnage instead of according to value proves disappointing to the people of Holland. The bill would cause the taxes on vessel property to become much lower than under existing conditions and this lowering would cause the Graham & Morton company to have their steamers hail from Michigan ports instead of from ports in other states, and probably some of the steamers would hail from Holland.

Those who worked hard for the passage of the bill are also disappointed. To their minds there were a considerable number of reasons why the bill should pass. As it is now the big passenger and freight steamers hail from ports in Indiana and other states where they pay a small tonnage instead of a large valuation tax such as they would be forced to pay in Michigan, and this hailing from another state is not only a blow to Michigan pride but it affects Michigan coast cities financially. For if the steamers hail from other states they generally lay up at other state ports and the money spent in fitting them out and in making repairs does not come to Michigan. The friends of the bill thought that, taking everything into consideration, the interests of the state would be better served by a tonnage tax on vessel property instead of by an ad valorem tax.

Governor Warner however looked at the bill in a different light. In his veto he says that the enactment of it into law would be a distinct step towards a return to the specific tax for corporations and would therefore be a step backward. He also cites that the enactment of the law would cause a net decrease in taxes paid on this class of property of about \$50,000 and that though the tax is evaded in some instances by removing the property to other states, that this should not be considered an argument for the bill.

Taking these things into consideration, and also heeding the fact that nearly every township supervisor in the state was against the bill as they always are against anything that will take a dollars worth of property from the tax rolls, the governor concluded to exercise the veto power. It took grit to do it as the governor knew he would make enemies in some of the coast cities, but if Governor Warner's administration has proved anything it has proved that he has the grit to do what he thinks is right regardless of the loss of a few votes.

Send Them to Hope College Congressman

Charles B. Landis, congressman from the Ninth Indiana district, addressing the convention of the Chicago synod of the Evangelical Lutheran church recently at Lafayette, Ind., spoke strongly in favor of "small colleges."

"I would no more think of sending my boy to a city to college with the unrestrained influence of the university of today, than I would of sending my daughter to Paris without an escort," was the sweeping assertion he made in an argument in favor of the small town for the college.

He severely arraigned cities where colleges are located and said the environments of the students contain contaminating influences which are never found in the smaller town.

He said: "I am a firm advocate of the small college. I would send my son to the small college even though some one would give him free tuition to the large college or university. I prefer the small town because of its influence."

Judging from the foregoing remarks it is up to the eloquent statesman from the Hoosier state to send his son or his daughter, prospective or actual, to Hope college.

Michigan's Revised Game Law. Praise For It.

Michigan has sportsmen in every corner, no matter how remote. Some are of the broad stripe; some are not; but broad or narrow there is one thing upon which they all agree namely:—that they will agree to disagree upon nearly every point as to what the game laws of the state shall be. Session after session they go before the legislature and ask for changes in the game laws and when the state solons stumble upon two of them who think alike the startling disclosure almost causes a panic. Therefore it is a cause for congratulation when a paper like the Detroit Free Press can find sufficient warrant in the game law situation to say, as it did in last Sunday's issue that the "revised game law will be found an apt and just one." Following is the opinion of the Free Press regarding some of the salient points of the new laws:

"The new statutes embody the sentiments of the great majority of sportsmen from all parts of the state of Michigan, and are framed in such a manner as to afford the residents of every section equal advantages with his neighbor, and at the same time provide that protection to our game animals and birds as is necessary for their propagation.

Chief among the manifold commendable features of the new game law is that providing for the protection of quail for a period of two years. With the coverts almost depleted as the result of the two past rigorous winters the step was a wise one and may give the game little bird a chance to recuperate and replenish. The great fault with sportsmen has been the ruthless slaughter of game animals and birds during a season of plenty, with no thought of sparing sufficient numbers for breeding purposes. Hereafter the open season for quail will be from October 15, 1907, to November 30 of the same year, both days inclusive, and thereafter only between the same periods of each year. It will be unlawful for one person to kill more than twelve quail in one day, or to have in his possession or in the possession of any person, firm or corporation for him, more than fifty such birds at any one time.

The ruffed grouse or partridge season will hereafter be from October 15 to November 30, both days inclusive, except in the upper peninsula, where the season will be from October 1 to November 30. The bag for grouse is limited in the same number as that for quail.

The season for water fowl will be hereafter from September 1 each year to January 1 of the succeeding year. By adopting this measure the local state department has made its law coincide with that of the province of Ontario, lying across the great lakes chain, and this fact should much lessen the toils of the game departments of each country, as formerly there was all kinds of trouble when the laws of the two conflicted. In addition to the open season for water fowl spoken of above, it will be lawful to kill blue bill, canvas back, red head, widgeon, pin tail, whistler, spoon bill and butter ball ducks as well as wild geese, brant and saw bill ducks between the 15th day of March and the 10th of April each year, both days inclusive. No person shall have in his possession at any one time more than 75 such game fowl.

This it will be seen, will do away with the evil of keeping game birds in cold storage, a practice that has done more to annihilate game birds than the pot hunter or law breaker. Taking game by use of snares, hooks or drugs is also stringently regulated against.

In the matter of the protection of animals the legislature has made it unlawful to harm or molest any deer in Ottawa and certain other counties in the lower peninsula until January 1, 1908. In other sections the open season for deer will be from November 10 to November 30 each year. No one shall kill more than two deer, a very wise provision over the old regulation, which allowed each hunter three deer in a season.

The squirrel season will be from October 15 to November 30, coinciding with the partridge and quail season. This is a very wise regulation, apparent from the face of it, as it should do away with much of the pot hunting evil. Persons will now have no excuse or pretext for shooting field birds out of season and having the mask of squirrel hunter to fall back on.

A leeway of ten days previous to the opening of the season for field birds is given sportsmen in which time to train dogs on game, but in no case must fire arms be carried in such work.

No part or parts of any game bird or animal must be sold, given away or given in exchange for any merchandise or reward of any kind.

Twenty-three Bills Rejected

Twenty three of the forty eight watchmen whose bills in contagious disease cases have been rejected several times by the board of supervisors were again doomed to disappointment by the action of the board of supervisors. The committee on claims to whom the matter was referred decided to follow the interpretation furnished to the effect that only watchmen who have guarded the houses of indigent persons should be paid by the county. The rate, too, was cut from \$1.50 per day to \$1.25 per day. Under this ruling twenty three bills were rejected. The Grand Haven supervisors led by Jacob Glerum made a strong fight against the adoption of the report and Mr. Glerum's amendment to allow all bills in full was defeated with only the Grand Haven supervisors as supporters. The report of the claims committee, however, was adopted. An amendment providing that the watchmen should be allowed interest of six percent up on the amount of the bills from the time they were first rendered until they were allowed. The amendment carried by a vote of 13 to 8.

Zeeland the Pattern For Grand Rapids

Again has the fame of Zeeland spread abroad. The following from the Grand Rapids Herald shows that it has been held up as a model for other places to pattern after.

"The common council indulged in considerable oratory recently when the issue of permitting pool rooms to remain open until 12 o'clock came up. Heretofore the ordinance has limited wielders of the cue to 11 o'clock. When Ald. Falor proposed to raise the limit, Ald. Thompson was quickly on his feet with a loud Amen.

"We're running a metropolitan town now," said he. "We're living in a big city. We've outgrown the petty village customs. If a man wants to play pool or billiards until midnight, we ought to let him do it. Pool rooms run all night in most places."

Thereupon Ald. Tilma (formerly of Holland,) threw down the gauntlet with a challenge.

"You say we're growing," said he. "I'd like to ask you what standard you apply to cities. How do you size them up? I maintain the village of Zeeland is far ahead of New York city in some things and one of these is morality. In the first place, if the men play pool until 12 o'clock it's morning before they get to bed and they're sorry the morning after. Let's put men to bed a little earlier. And as far as measuring cities goes, I think quality and not quantity should apply. How do you size up a city anyway?"

"By morality, integrity and honesty," promptly responded Alderman Thompson, sarcastically, amid hilarious laughter. "But just the same, we can't run Grand Rapids on Zeeland principles. Down in Zeeland a man kicked because the electric car line was going to run through town. He got out his hose and played on the wires in an endeavor to rust them out before the cars commenced to run. When they turned on the current, he was still squirting on the wires—and he was electrocuted."

"If the United States is going to be run according to Zeeland principles," chimed in Alderman Hensler. "I think we had all better move over to Germany, where a man can live as he wants. This is a free country and we ought to be free."

The limit was finally raised to 12 o'clock."

Holland Business Holiday July 12

Holland will have a Business Holiday, Wednesday, July 12. This was determined at a meeting of the business men held Wednesday evening in DeGroot hall. After discussing the desirability and advisability of having a day set apart upon which the business men, factory men, laboring men and all should rest from their labors and enjoy a holiday, John Nies made a motion that the chairman of the meeting, Jacob Lokker, appoint an executive committee of five including the chairman to formulate plans for the holiday and appoint subcommittees. The motion carried unanimously and then plans were discussed. It was the opinion of all that on July 12 all of the stores and factories should close for the afternoon and that all citizens should betake themselves to Jenison Electric Park with lunch baskets and have a big day of rest, recreation and enjoyment. It is the intention to invite residents of nearby towns such as Zeeland, Saugatuck, Douglas and Fennville to participate in the holiday.

Charles Floyd, general passenger and freight agent of the Interurban, was present and said that the railway company would see that a program of sports and amusements would be furnished for the day and that some good special attractions would be secured.

It was the sense of the meeting that should the celebration of "Holland's Business Holiday" prove a success that it should be repeated each year.

Following are the committees in charge:

Executive—Jacob Lokker, A. B. Bosman, Frank Hadden, N. J. Whelan, J. B. Mulder.

Hotel Holland under New Management

Hotel Holland has changed hands. Tuesday Mrs. James S. Whelan transferred her lease and the hotel furniture to Martin Howard of Chicago, who has associated with him Jay G. Wilbraham of New York.

Mrs. Whelan retained possession of the hotel after the death of her husband early in May, but on account of the associations desired to relinquish it. The property had been brought to a point where it was a paying investment and the task of disposing of it to advantage was comparatively easy. Mrs. Whelan will spend the summer at Hotel Macatawa.

Mr. Howard is a through business man and an experienced hotelman. He is largely interested in business enterprises in Chicago and has the means and the ability to make a go of whatever he undertakes. He is a married man and with his wife and daughter will prove a valuable and desirable addition to Holland's population. He will not be here all the time as Mr. Wilbraham will have control of the hotel and will give it his personal attention.

Mr. Wilbraham has gained his experience as a hotelman in some of the largest cities of the union. He has been connected with Avon Inn at Atlantic city and Avon Inn, Avon-by-the-sea, N. J.; Hotel Monroe, Portsmouth, Va.; Devon Inn, Devon, Pa.; Mountain Park Hotel, Hot Springs, Mo.; Hotel Gladstone and Grecian Gardens at Narragansett Pier, N. J., and Hotel Leonori, New York City. He has the hotel business down to a science and undoubtedly will conduct the place in a manner that will redound to the advantage of the hotel and to the good of the city.

The new management have already begun making improvements to furnishings and the equipments of the hotel. Baths will be installed in four or six rooms, a new office desk and cigar case will be put in, the interior decorations will be changed, and part of the back portion of the barber shop will be changed into a private office and a cloak room.

We call your attention to the fact that you buy the very best of fireworks at the very lowest possible price at the 5 and 10 cents store, 56 East Eighth street. Pure candies at wholesale and retail.

Warning

In a few days we shall reach another Fourth of July. I would kindly ask the parents to use a little forethought as to the method of celebrating the day. It is proper that the young should want to celebrate the anniversary of the nation's independence. The day should be intelligently observed so as to impress the lessons of history and develop the spirit of patriotism. To sacrifice sight, limb, hand, and life is not patriotic. The toy pistol, the toy cannon, and the giant cracker are considered very dangerous. Scientists tell us that the toxin of all lockjaw germs is the most dangerous poisonous substance ever discovered. All these explosives contain this germ and when once in the system the result in most cases is death and a fearful one. While our community has been singularly fortunate on the fourth in the past, it is of the greatest importance that we be very careful. Let me urge the discontinuance of the use of any explosives that will endanger life or property.

Henry Geerlings, Mayor.

The Drenthe Canning Co. commenced this seasons run last Saturday, the pea crop being ready for the factory.

Dr. G. J. Kollen, president of Hope College, and Rev. N. Boer of Grand Rapids, will be the speakers at the fourth of July celebration in Drenthe.

IN STRICT CONFIDENCE.

Women Obtain Mrs. Pinkham's Advice and Help.

She Has Guided Thousands to Health.—How Lydia E. Pinkham's Vegetable Compound Cured Mrs. Fred Seydel.

It is a great satisfaction for a woman to feel that she can write to another telling her the most private and confidential details about her illness, and know that her letter will be seen by a woman only, a woman full of sympathy for her sick sisters, and above all, a woman who has had more experience in treating female ills than any living person.

Over one hundred thousand cases of female diseases come before Mrs. Pinkham every year, some personally, others by mail, and this has been going on for twenty years, day after day. Surely women are wise in seeking advice from a woman of such experience, especially when it is absolutely free.

Mrs. Pinkham never violates the confidence of women, and every testimonial letter published is done so with the written consent or request of the writer, in order that other sick women may be benefited as they have been.

Mrs. Fred Seydel, of 412 North 54th Street, West Philadelphia, Pa., writes:

Dear Mrs. Pinkham:—“Over a year ago I wrote you a letter asking advice, as I had female ills and could not carry a child to maturity. I received your kind letter of instructions and followed your advice. I am not only a well woman in consequence, but have a beautiful baby girl. I wish every suffering woman in the land would write you for advice, as you have done so much for me.”

Just as surely as Mrs. Seydel was cured, will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills.

No other medicine in all the world has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound. Therefore no prudent woman will accept any substitute which a druggist may offer.

If you are sick, write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and always helpful.

NO ARMISTICE YET AGREED ON

JAPAN'S LACK OF FAITH IN RUSSIAN SINCERITY CAUSES THE DELAY.

Will Not Enter Into Agreement for Cessation of Hostilities Until Envoys Have Met to Discuss Terms.

Washington, June 24.—Japan informs the United States that she will not agree to an armistice until the peace plenipotentiaries have met and found each other's credentials entirely satisfactory. She would be willing to do so if a guarantee of some kind could be given her that Russia will negotiate a peace in good faith. The president's efforts to stop the fighting in Manchuria have thus met with a temporary check. So far as can be ascertained Russia has not asked for an armistice, and will not do so. She is in the same receptive mood she was when the president broached the idea of peace. It is Japan this time which is not welcoming the suggestion of an armistice. Marshal Oyama has a force greatly superior to that of Gen. Linvitch. A tremendous victory will insure better terms for his country.

Czar Won't Ask Armistice.
Washington, June 26.—President Roosevelt has learned through diplomatic “feelers” here and in St. Petersburg that Russia will not now ask an armistice. Japan declined to ask a cessation of hostilities, declaring that the initiative should come from the beaten nation. Russia's disinclination to take the first step renders it impossible that an armistice will be concluded before the peace envoys meet in Washington. Meanwhile a battle in Manchuria may upset all the pending peace negotiations. Russia's delay in naming her plenipotentiaries causes uneasiness here, as no plausible explanation is given.

Agree on Time.
Washington, June 27.—The president has expressed a wish to the Japanese and Russian governments that the plenipotentiaries meet in the United States on the first day of August and if not on that date then at the earliest date thereafter. The following statement regarding the meeting of the plenipotentiaries was made public at the white house Monday:

“The president has received from both the Russian and Japanese governments the statement that the plenipotentiaries of the two countries will meet in the United States during the first ten days of August, and the president has expressed to both governments the wish that the meeting should take place if possible on the first of August, and if not on that date, then at the earliest date thereafter.”

The Plenipotentiaries.
Washington, June 27.—Russia has given reassurance of its intentions in the peace negotiations by placing the president in possession of the tentative selection of her plenipotentiaries, as follows: M. Nelldoff, the Russian ambassador at Paris, and Baron Rosen, the newly-appointed Russian ambassador at Washington. Russia thus having taken the initiative, it is believed that Mr. Takahira, the Japanese minister, during his call at the white house Monday informally told the president that Japan's selections, also tentative, were Baron Komura, the Japanese minister for foreign affairs, and Kokoro Takahira, the Japanese minister at Washington.

Interest regarding an armistice has largely diminished in the last few days because of the receipt of information that the rainy season is beginning in Manchuria. It is believed here that this will serve the purposes of an armistice in preventing a clash before the convening of the conference in August.

THE JAPANESE ADVANCE.

Russian Outposts Forced to Fall Back—Unconfirmed Rumor of Kuropatkin's Death.

St. Petersburg, June 28.—A report received from Gen. Linevitch indicates that the Japanese advance continues steadily, and that the Russian van posts, under pressure, are retiring fighting.

A rumor spread throughout the city last night that Gen. Kuropatkin had been killed. This rumor was connected sometimes with a report that 70,000 Russians had been cut off by Gen. Nogi's army and that Kuropatkin had been taken prisoner. Nothing confirmatory of these rumors has been received, either by the general staff or in press dispatches. The members of the general staff say that no reports of special importance have been received.

St. Petersburg, June 28.—The military experts take anything but a hopeful view of Gen. Linevitch's situation. They do not believe he can be surrounded, but apparently the experts do not consider the possibility of a Russian victory. Linevitch's retirement to Harbin and the isolation of Vladivostok seem to be regarded as foregone conclusions when Field Marshal Oyama strikes.

Former Governor Dies.
Austin, Tex., June 24.—Former Gov. Frank R. Lubbock died here Thursday night, aged 90 years. Gov. Lubbock suffered a stroke of paralysis last Tuesday. He had been on the personal staff of Jefferson Davis, and was with President Davis when the latter was captured.

TELLS OF DUTIES OF GREAT COLLEGE

**PRESIDENT ROOSEVELT SPEAKS
AT HARVARD COMMENCEMENT EXERCISES.**

**HEARTILY ADVOCATES
PURE SPORT, HE SAYS**

Professionalism Among Collegians Executive Declares Is a Curse—His Second Day at Cambridge—Sends Warm Message to Kaiser.

Cambridge, Mass., June 28.—The second day of President Roosevelt's visit to Harvard college, to participate in the celebration incident to the twenty-fifth anniversary of the graduation of his class, that of 1880, included a varied programme. Wednesday was Harvard's annual commencement, and the visit of the president to his alma mater lent additional interest to an event that is always interesting.

After having breakfast at the home of Bishop William Lawrence, the president was driven to Massachusetts hall, in front of which ancient structure the commencement procession was formed. The commencement exercises included the granting of diplomas to the graduates in the various departments of the university and the bestowal of honorary degrees.

Greeted Colored Woman.

The day was beautiful. After the long and active day Tuesday the president had a restful night at the home of Bishop Lawrence. He did not arise until about eight o'clock. Even at that hour a visitor was waiting to see him, in the person of Mary A. Taylor, the colored woman who did the president's washing while he was at college. Before going to breakfast President Roosevelt appeared on the veranda, where the caller was sitting, and shook hands with her and gave her a cordial greeting.

President's Speech.

The president spoke at the exercises, in part, as follows:

"A great university like this has two special functions. The first is to produce a small number of scholars of the highest rank, a small number of men who, in science and literature, or in art, will do productive work of the first class. The second is to send out into the world a very large number of men who never could achieve, and who ought not to try to achieve, such a position in the field of scholarship, but whose energies are to be felt in every other form of activity.

"As a people I think we are waking up to the fact that there must be better pay for the average man and average woman engaged in the work of education.

Believer in Sport.

"I believe in outdoor games, and I do not mind in the least that they are rough games, or that those who take part in them are occasionally injured. I have no sympathy whatever with the overwrought sentimentality.

"It is a bad thing for any college man to grow to regard sport as the serious business of life. And finally it is a much worse thing to permit college sport to become in any shape or way tainted by professionalism. Professional sport is all right in its way. I am glad to say that among my friends I number professional boxers and wrestlers, oarsmen and baseball men, whose regard I value, and whom in turn I regard as thoroughly good citizens. But the college undergraduate who, in furtive fashion, becomes a semi-professional is an unmitigated curse.

Slap at Rich Lawbreakers.

"A great many people in the ranks of life from which most college men are drawn seem to forget that they should condemn with equal severity those men who break the law by committing crimes of mob violence, and those who evade the law, or who actually break it, but so cunningly that they cannot be discovered, the crimes they commit being not those of physical outrage, but those of greed and craft on the largest scale. The very rich man who conducts his business as if he believed that he were a law unto himself is a menace to all."

Message to Kaiser.

President Roosevelt Wednesday sent the following cablegram to Emperor William:

"I take this occasion to thank you and through you the German people for the many acts of courtesy and kindness which in recent years have steadily brought closer together the German and American peoples. This growing friendship between the two nations means much for the future welfare of mankind, and I wish to thank you personally for the efforts you have made to foster it.

(Signed)

"Theodore Roosevelt."

Yale Gives Degrees.

New Haven, Conn., June 28.—Degrees were awarded to 669 candidates at Yale Wednesday in connection with the formal exercises which annually mark the closing day of the commencement week festivities in New Haven.

Women Want Pardon.

Harrisburg, Pa., June 28.—The applications of two women for commutation of their death sentences to life imprisonment were heard Wednesday by the state board of pardons. These women are Mrs. Catherine Danz, of Philadelphia, and Mrs. Kate Edwards, of Berks county, both of whom have been convicted of killing their husbands.

TO HAVE FAIR TREATMENT

President Roosevelt Takes Steps to Insure It to Chinese Exempt from Immigration Laws.

Washington, June 26.—By direction of President Roosevelt, action has been taken by the administration which not only will facilitate the landing in this country of Chinese of the exempt classes, but will also eliminate from the emigration bureau such administrative features as have been the subject of criticism by Chinese. It is the declared intention of the president to see that Chinese merchants, travelers, students and others of the exempt classes shall have the same courtesy shown them by officers of the immigration bureau as is accorded to citizens of the most favored nation.

Representations have been made to the president that, in view of alleged harsh treatment accorded to many Chinese seeking a landing in the United States the commercial guilds of China have determined to institute a boycott on American manufactures. The representations, backed by the authority of the American Asiatic society and commercial bodies throughout the country, induced the president to make an investigation of the situation with a view to remedying the evils complained of, if they were found to exist.

In addition to the president's orders, Secretary Metcalf has issued instructions to the immigration officers which, it is believed, will remedy the difficulty heretofore complained of by the Chinese government and individuals. It is anticipated that the prompt action taken by this government to meet the objections made by the Chinese will eliminate the possibility of serious trade difficulties between China and the manufacturers of this country.

Peking, June 28.—The question of Chinese exclusion from the United States continues chiefly to occupy the attention of the Chinese. The extent and depth of the feeling manifested astonishes foreigners, and is regarded as an evidence of the growth of a national sentiment of public spirit which five years ago would have been inconceivable. Advertisements of American goods continue to be refused by the native newspapers, and letters and telegrams from all parts of China, as well as from abroad, are being received, urging the central government to take a firm stand. The Chinese deplore the risking of American good-will, but claim to have genuine, legitimate grievances. In the meantime, the boycott of goods from the United States continues, and the anti-American campaign is increasing in vigor.

MRS. ROGERS REPRIEVED.

**New Lease of Life Is Granted Woman
Condemned to Death in
Vermont.**

Battleboro, Vt., June 23.—A reprieve until December 8 for Mrs. Mary A. Rogers, the condemned murderess, was signed Thursday by Gov. Charles J. Bell, and for the third time the woman who was to have been hanged at Windsor to-day for killing her husband has been saved through the operation of the governor's power of staying the execution. Thursday's reprieve was granted in order that the case may be carried to the supreme court of the United States on constitutional questions, which were raised at a hearing before Judge Hoyt H. Wheeler, sitting as a justice of the United States circuit court. Mrs. Rogers' attorneys petitioned for her release on a writ of habeas corpus. The court declined to grant the petition, but suggested that the points of law raised by the petitioner were such as to be passed upon by the supreme court of the country. The refusal of the judge to grant the writ was at once followed by the filing of an appeal. Judge Wheeler thereupon announced that he would render his decision on the question of appeal late in the afternoon, in order to give Gov. Bell an opportunity to reprieve Mrs. Rogers. Thursday afternoon Judge Wheeler received a telegraphic message from Gov. Bell at White River Junction announcing that Mrs. Rogers had been reprieved. The judge at once signed the paper which gave to Mrs. Rogers the legal right to have her case heard by the supreme court of the United States.

Old Man Stoned to Death.

Sterling, Ill., June 28.—Jesse Koser, 18 years old, has confessed that he stoned to death Jacob Weaver, aged 65, at Savannah last Saturday night. Koser and his brother Frank, aged 16, and their father, Edward Koser, have been held to the grand jury. Weaver and the three Kosers were laboring men, and they became engaged in an altercation early in the evening. When Weaver started to return home later in the night he was waylaid and fearfully beaten, dying a few hours later.

Governor to Stop Races.

Indianapolis, Ind., June 28.—Gov. Hanly has asked the state board of agriculture, which owns the state fair grounds, to cancel its contract with the Indianapolis Racing association and stop the two weeks' race meeting which began Monday. The governor says that pool selling has annulled the contract.

Death of Graeme Stewart.

Chicago, June 28.—Graeme Stewart, one of Chicago's leading merchants and foremost citizens, died at 2:30 o'clock Tuesday morning at his residence, No. 181 Lincoln Park boulevard. Mr. Stewart's illness, which lasted slightly more than a month, was paralysis resulting from a stroke of apoplexy.

NOMINATE FOR GOVERNOR.

Ohio Democrats Select Pattison for
Head Office—Houck for Lieutenant Governor.

Convention Hall, Columbus, O., June 28.—After an exciting contest, in which eight candidates participated actively, John M. Pattison, a Cincinnati business man, whose home town is Milford, a suburb of that city, was Wednesday nominated as the democratic candidate for governor. Two ballots were taken, the second showing a bare majority, and several delegations then changed their votes to Pattison, the announced vote giving Pattison 457, or 26 more than enough to nominate. On motion of a delegate from Richland county the nomination was made unanimous.

Senator Louis B. Houck, of Knox county, was chosen for lieutenant governor. The announcement of the resignation of John R. McLean as national committeeman for Ohio and the contest in the committee of resolutions were two of the exciting features of the convention. The vote was announced as follows: Neal, 22½; Welty, 17½; Whitlock, 73; McCann, 48; Pack, 64; Hunter, 15; Pattison, 457.

Drop Fraud Cases.

Washington, June 28.—Upon motion of District Attorney Beach the cases against James T. Metcalf, Harry C. Hallenbeck and Norma R. Metcalf, indicted for conspiracy to defraud the government in connection with the contract for money order blanks, were nolle prossed in criminal court Wednesday. Mr. Beach announced that after a careful investigation of the evidence he had decided to take no further steps looking to the trial of these persons and asked that the indictments be dismissed.

Fatal Explosion.

A repetition of the good old times when Zealand and Holland used to play base ball for blood is promised at Jensen Park July twelve, for the two clubs will again cross bats after a vacation of a couple of years. The last time the leading teams met was when they played for money in Grand Rapids and Holland took home the money. The Interurban railway company is preparing for a big business day celebration at the park. Athletic sports of various kinds and aquatic contests have been arranged for, and at 8:30 a grand pyrotechnic display will be given on the lake front. The program for the evening includes an illumination of the harbor and water craft. Balloon ascension will be given by Prof. Maxwell.

Windows were broken and residents of Grand Haven were awakened by an explosion of what is supposed to have been dynamite on the tracks of the Grand Haven Interurban last Saturday morning at 12:40 o'clock near Third and Fulton streets. The car which exploded the charge was the theatre car from Grand Rapids. Half the windows on one side of the car were broken. Store fronts in Peter Verduin's grocery and Juistema's shoe store were blown out. There were only two passengers aboard. No one was injured. John Mahon of Grand Haven was arrested charged with placing the explosive on the track. He pleaded not guilty and will be tried tomorrow before a jury in Justice Hutton's court. He is in jail in default of bonds.

Ferry service from all resorts has been started, the steamers Post Boy and Harvey Watson now making trips between all points. The Post Boy is in charge of Capt. Albert Beckman, Engineer Henry Bender, purser Joseph Kelly. The crew of the Harvey Watson is composed of Captain W. D. Ackerill, a new man from Oconto, Wis., Engineer Glen Ellis and Purser A. Misner. Capt. Austin Harrington will stay ashore this year and look after the boat livery of the Macatawa company. The liveries are in good shape and a fine business is anticipated. Lake Michigan excursions will be run by the Post Boy every Thursday night of the season, leaving here at 7:45. A band will provide music. Regular trips from Holland to the park will not be made by the ferries this year, as the Waukazo ferry is expected to give regular service on the bay.

The directors of the Fennville Fruit Shippers' Association are not sleeping on a bed of roses just now if they are paying any attention to the mutterings of the storm whose center is at the board of trade. When the lightning strikes we may expect to hear something drop. The cause of all this lies in the fact that some changes were made by the said directors in the personnel of the employees of the association at a recent meeting of that body. Realizing that the position of the loader should be given to a capable and experienced man, the selection was made accordingly, as was the work of unloading at the Chicago end of the route. But general dissatisfaction seems to be the result of the appointments, and a rival organization is in contemplation, which will provide positions for more loaders and, incidentally, furnish as good or better or worse service to the public.—Fennville Herald.

The contract for the painting of the Leindecker Inn at Saugatuck has been granted to Visser & Dekker.

Marshal Crook of Saugatuck was kept busy for a while Monday evening with some bums whom he at first locked up and then, thinking it advisable to get rid of them, conducted them to the edge of town and sent them on their way rejoicing. It looks as if Holland has gone into the sere and yellow leaf on its ball playing. Time was when we were worthy the prowess of the best in the state, and not only Zealand, Saugatuck, Fennville and Grand Haven, but Grand Rapids and Muskegon jumped with avidity at the chance to meet us on the diamond. Now, none so poor as to do us reverence. The Walpole Indians said they would come and play our boys Tuesday. They came not and in desperation every nine within reasonable distance was asked to fill the vacant place. They did not give us a pleasant look and there was no game. At that we have a good club here, and though disappointed the boys are not disheartened, and will give the fans a game worth seeing when they meet the Walpole Indians on the fourth of July—for strange to say the Indians are coming. Not only that but they say they will make good for Tuesday's flunk by obliterating our boys from the map. Our boys say nay, nay Pauline and the game will be a stinger. After the game the Indians will give a war dance. All this on the fourth at Jensen Park. Take it in.

The sensations began early in the case and one of the jury who refused to serve was brought into court under a bench warrant by Justice Hutton under the instruction of the prosecutor and fined \$5 and costs, all amounting to \$9.25 for disregarding the court's summons. The case originated indirectly over dispute over a line fence between the Burch and Malone farms in Tallmadge. Burch was the complaining witness and had the satisfaction of turning the tables. The four young men pleaded guilty and Justice Hutton fined each of them \$5 and costs amounting in all to \$9.25. The fines were paid.
