Holland Banks Now Under New Guarantee Law

DEPOSITORS ARE INSURED
UP TO \$5,000 INSTEAD
OF \$2,500

The three Holland banks, namely the First State, the Peoples State and the Holland City State bank, are now under the new guarantee insurance of deposits law, signed by President Roosevelt a few days ago. In reality the law goes into effect Sunday, but the Holland banks as well as Zeeland State bank have the necessary acknowledgments from the United States government to assure this insurance guarantee. While the law dates as going into effect July 1, it will go into effect officially on Monday, July 2, since all banks are closed on Sunday.

Senator Arthur Vandenberg deserves unstinted praise in his fight on the floor of the senate fostering this guarantee of deposits, to which there was considerable eastern opposition in money circles and among a few of the eastern newspapers in these money centers.

The Holland City News will have more to say about this phase of the banking business in the future. Suffice it to say that the law has been passed, signed by the President, and the money of depositors is absolutely safe. Banks in Holland are stronger today than they have been in a decade, and this strength has been augmented by the guarantee of deposits to the amount of \$5,000 per depositor in any one bank.

According to the new law the amount of guarantee has been doubled from \$2,500 to \$5,000. There is absolutely no cause for any more hoarding or running to the post office. The three Holland banks in their respective announcements in today's issue of the News are stressing the added guarantee, and remember, too, that before any bank was in a position to advertise this guarantee, Uncle Sam saw to it that these institutions were worthy.

Holland is particularly elated that these terribly worrisome bank troubles are over. Every bank in the city has paid or is now paying on impounded deposits under their respective plans. Surely these payoffs cannot help but reflect tremendously in business circles and in alleviating stress in deserving and needy families where disbursed impounded money will aid materially.

According to state dispatches from Washington today, it is shown that bank deposits since February have increased over a billion dollars. Nothing could tell more forcefully than this late dispatch that the guarantee of bank deposits is surely bringing back confidence in our banking institutions.

POSTAL SAVINGS

(Detroit Free Press)

From 1919 to 1929 the deposits in the postal savings system remained at virtually the same level, around \$175,000,000. But in 1930 they began to mount. In the three years ended June 30, 1933, more than a billion dollars was entrusted to the safekeeping of the postal system, \$400,000,000 rolling in during the 12 months that followed June 30, 1932.

After midsummer of 1933 the tide of deposits slackened, and only \$21,000,000 was added during the next six months. On Dec. 31, 1933, the total stood at \$1,208,000,000, the high water mark. During the following four months an ebb set in, and \$10,000,000 had been withdrawn by the end of April of this year.

Whether this outflow will continue remains to be seen, but many financial authorities expect it will. There is no reason why that portion of the deposits which represents money withdrawn from savings and commercial banks should not now return to them. Under the provisions of the Federal Deposit Insurance Law bank deposits are protected as never before, and the circumstances which originally gave rise to distrust of banks no longer exist.

One of the principal effects of the deposit insurance law is to make deposits of postal savings safe as secure as those in the postal savings system, and thus remove one of the reasons for existence of an embarrassingly large accumulation of capital outside of the regular banking structure.

HOLLAND FOLKS INVITED TO BIG ZOO

Not a few Holland folks received invitations to attend the opening of Chicago's new zoo, the Chicago Zoological park, this week, Saturday.

The zoo, which includes the Getz animals, covers 133 acres and is a "wonder bar" zoo and a "made-to-order wilderness." In the park are 600 mammals, including lions, tigers and bears, in their barless outdoor play-ground; 1,500 birds from every winged race as well as 600 reptiles.

Two Holland men employed there are Mr. Roy Woodruff and Morris Ryenga.

Your editor was fortunate in also receiving a steel engraved invitation. Mayor Bosch of Holland was also remembered, in which we again see the hand of our old friend George Getz.

Others to receive bids are Mr. and Mrs. A. M. Petersen of Lakewood Farm, Herman Bos, Mr. and Mrs. Fred Woodruff, whose son is employed there.

Dr. J. E. Cook, veterinarian, has set up offices and a veterinary hospital at 124 East Eighth street. Dr. Cook, a son of Mr. and Mrs. Ed Cook of Grand Haven, is a graduate of Michigan State college and for two years was an assistant to Dr. E. K. Sales of the college. He has taken over all of the equipment, medicines, etc., of the late Dr. Edwards. Dr. Cook states that service calls on large animals will be given with small animals surgery a specialty at the veterinary hospital on East Eighth.

KEY OF FIRST REAL HOTEL

The Holland City News has in its possession a tremendous metal key, crudely made, that was used in the front door of Holland's first real hotel, built on the site of the Warm Friend Tavern. The hotel at that time was conducted by the Minderhout, known in Holland and Grand Rapids for three-quarters of a century. It is commonly said that a hotel door should have no lock, and that the key is generally thrown into the river. But in those days, 63 years ago, the City Hotel was locked after midnight and the key at the News office would indicate that it didn't find a resting place on a river bed.

The key was given to the editor by J. A. Vander Veen of the Holland Furniture company. John has always been very much interested in Holland's early history and historic keepsakes.

HOLLAND'S VALUATION IS BOOSTED NEARLY HALF MILLION BY BOARD

The report of the equalization committee of the board of supervisors was presented yesterday, which, according to law, must lie on the table for 24 hours before it can be discussed and passed. The equalization table for 1934 is based on a straight 5 per cent reduction of the total assessed valuation of this county, bringing the total amount to \$41,597,656.67 as against \$44,361,143 of 1933.

Grand Haven was given a reduction of \$1,270,582 which cuts the assessed valuation of \$5,991,750 to \$4,721,168. The personal property, assessed at \$1,203,105, remains the same under the equalization, making a total of \$5,924,273, which is a drop from \$6,240,791 of a year ago.

Spring Lake township was reduced \$586,962 over the assessor's figures of \$2,145,628, making the equalized amount \$1,700,516. Grand Haven township was reduced \$38,967, making a total of \$610,083. Robinson township was reduced \$43,883, making a total of \$431,282. Crockery township, \$150,959, making a total equalized valuation of \$587,966.

The City of Holland was boosted by nearly \$500,000, which it seems has always been the rule rather than the exception. Jamestown was boosted \$17,442, and Blendon, \$13,911. The balance of the townships were reduced over the assessor's figures.

The total amount of the real estate of the county as equalized is \$36,624,725; the personal \$4,972,621.67, a drop of over \$800,000 due to the state law of \$1,000 exemption for rural residents, and the elimination of the individual personal tax in Grand Haven.

ALBINO DEER SEEN AT MINERS RIVER

While trout fishing on Miners river in Alger county, Michigan, last week-end, Irvin A. Davis had an experience that comes to but a sportsman—that of seeing an albino deer.

Hiding behind a small balsam on the bank while he was dropping his lure into a deep hole, Davis heard a splash near the opposite bank and looked up to see this freak of the wild life kingdom.

Totally unaware, the deer pranced and drank in the stream about 30 feet from where Davis was hidden. The latter reported that the animal was entirely white with the exception of a small spot of gray on one side.

Hunters Urged To Buy Stamps

Duck hunters are being urged by the American Game Association to buy their duck stamps early so that the money paid for these can be put to work saving ducks at the earliest possible moment. The stamps, which are to be issued by the Federal Government at a cost of \$1 each, and which all of the coming season's duck hunters will be required to buy, will be put on sale at postoffices about July 1. Revenues therefrom are to be used in the purchase of areas to be converted into wildfowl refuges where the birds will be protected from slaughter, as well as provided with plenty of natural food to keep them in good condition, and safe areas in which to breed.

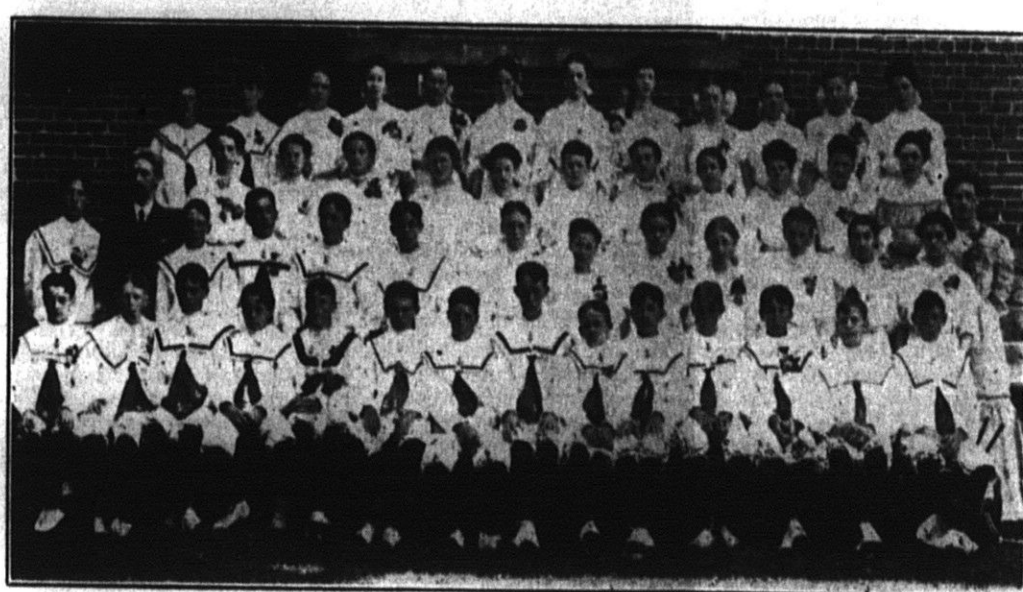

NEW STAMPS ORDERED

An order for the new tercentenary stamps, issued by the postal department in honor of the coming of Jean Nicolet to Green Bay, Wis., in 1634, believed to have been the first white man to visit that section, has been placed by the local post office. Collectors are advised that the stamps will be ready about July 7. The local office will be supplied with all of the new issues of stamps brought out by the government for many important occasions.

A special summer star route delivery service twice daily to resorts near Holland has been started. Postmaster A. J. Westveer announced today. The carrier leaves the depot at 6:10 a. m. and 5:35 p. m. The service is rendered to Macatawa Park, Ottawa Beach, Castle Park, Saugatuck and Douglas.

Mrs. John Faber entertained with a kitchen shower for her niece, Miss Mildred Ter Vree, of Holland, at her home on East Central avenue, last week, Wednesday evening, June 20. Mrs. P. Rooters and Miss Harriet Rooters of Byron Center, Mr. and Mrs. Henry Hollander of Grandville, Mrs. G. Youngsters who were studying the three R's three decades ago are pictured above in the galaxy of bright faces. The superintendent at that time is a man who few will remember. His name is J. E. Clark. He was a brilliant man, and after being here a year, he received an unusual offer from the West and accepted it. Following Mr. Clark 30 years ago, Superintendent Bishop was in charge for five

years and our able superintendent, E. E. Fell, followed Mr. Bishop, and has been here going on 25 years, during which time the greatest rejuvenation in our school system and in our school properties has taken place.

But coming back to these youngsters we find Frank Lievense, who since has become Aetnaized, and Bill Stephan, who makes furnaces burn oil; Johnny Hyma who made "wise cracks" in the Holland City

Rats Steal and Kill 300 Chicks

Three hundred chicks, supposedly stolen by humans, were discovered this week, the victims of a large number of rats. The chicks were found missing at the farm house of Chester Howe, Chesier Township, Allegan County, but an investigation revealed that the chicks had not been taken from the farm but had been attacked and killed by rats.

Fifty-seven chicks were found in a wood pile on the farm, where rats had taken them after they had been bitten through the back of the head. Other chicks were found buried under boards and in the ground. It is supposed that the rats had been attacking the chicks for two or three nights and that they cleaned up the last of the 300 on the night they were supposed to have been stolen. All of the chicks found had been killed by a rat bite on the back of the head and had been carried off and hidden.

SOUTHERN COUPLE COME NORTH TO RESIDE

From the southland an announcement comes from Mr. and Mrs. J. M. Sharp of Reidsville, N. C., that their daughter, Miss Sallie Blackwell Sharpe, was wed to Mr. Laurence Arthur Taylor, manager of Montgomery Ward store in Holland, on Friday, June 22.

After a short motoring trip through Kentucky and other southern states, they directed their course northward to Michigan and Holland, arriving here Monday.

Mr. and Mrs. Taylor were tendered a reception by the Montgomery Ward staff at Ottawa Beach Tuesday evening which proved to be a very pleasing affair, and a welcome homecoming. The party of twenty-two thoughtfully remembered the newlyweds with a gift eminently fitting for the home.

Miss Sharpe was a popular young lady in Reidsville, North Carolina, and devoted her time to teaching in the state institution for the blind. Mr. Taylor came to Holland nearly a year ago as manager of the Ward store and has made many friends in this city during his residence here. He has always been very much impressed with Holland, its beauty and its resort environs, and these features undoubtedly will also be pleasing to Mrs. Taylor.

Mr. and Mrs. Taylor are at home at 330 West Sixteenth street.

PEOPLES STATE BANK CELEBRATES ANNIVERSARY

The officials of the Peoples State bank are today celebrating their first anniversary as a reorganized bank and to say that they are elated over the progress made is putting it mild. Today, a year ago, marks the time when the banks opened its doors for its first payment on the 50-50 plan, and the bank has already made its third payment of 10 per cent on that state banking department exacts. This institution, after today, will also be covered with the \$5,000 guarantee for each depositor. The law was signed by President Roosevelt and becomes effective Sunday, July 1.

HALF HOLIDAY IN ZEELAND

Business men at Zeeland will alter a 25-year-old custom this summer when the stores of the city will remain closed Tuesday evenings and close Wednesday afternoons. This year the closing will be held Wednesday afternoon without opening Tuesday evenings.

North Holland Has Prepared Fourth Program

FOURTEEN COMMITTEES
HAVE INDEPENDENCE
DAY CELEBRATION IN
CHARGE

North Holland, after celebrating the Fourth of July for many years without a miss because of the depression failed to commemorate the day with a celebration the last two years.

The pent-up patriotic spirit generally rampant around Independence Day, is asserting itself again and North Holland and the entire countryside are making preparations, having arranged a program, and have invited Holland and lower Ottawa county to celebrate the Fourth with them.

There will be a tremendous parade at 9 o'clock that will pass through the village headed by the Christian Reformed church band of Zeeland. There will be plenty of floats of patriotic nature for which prizes will be given. The rural schools in that vicinity will play an important part.

The entire schoolyard in the heart of the village will be thrown open as a picnic grounds and naturally the stands and canteens will all labor to one end, namely making the celebration the usual grand success.

The respective committees who are working out plans ways and means as well as the official program for next week Wednesday, July 4, will be found below:

Executive Committee—Albert H. Stegenga, chairman; Abel J. Nienhuis, secretary; Bert De Vries, treasurer; Bert Sazan, assistant treasurer.

START SOON ON
ZEELAND POST OFFICE

Early construction of the new federal building in Zeeland is expected following dispatches from Washington Monday that the heads of the treasury and postal departments had authorized \$25 projects to be started soon.

Allegan and Kalamazoo will also have new post offices.

FIFTY YEARS AGO COLUMN HELD OVER

The Fifty Years Ago feature was held over because of belated news and advertising. It will appear without fail again next week.

LOCAL ATTORNEY GIVEN STATE APPOINTMENT

It was announced yesterday that the Michigan public utilities commission had appointed Attorney Arthur Van Duren of Holland to serve as a member of the consumption subcommittee of the natural gas committee, which is to aid the public utilities commission in

writing rules and regulations governing the relations between the consumer and the natural gas distributing companies. Natural gas is a new thing in Michigan, and naturally there are problems that the state commission must iron out.

Attorney Arthur Van Duren has had a great deal of experience in the utilities work and besides his years of experience on the board of public works of Holland also gives him a broader knowledge of matters pertaining not only to the public service companies but to the patrons of these companies as well. Mr. Van Duren makes a good man on that commission. The first meeting will be held at Lansing Monday.

SON OF JUDGE MILES
GRADUATES

Judge and Mrs. Fred T. Miles motored to Kalamazoo to witness the graduation of their son, Frederick Miles, from Western State Teachers' college, where he has been studying for the last four years. Mr. Miles is also a graduate from Holland High.

While he is now prepared for the teaching profession he expects to take up a law course soon.

LIGHTNING HITS CABLE

The lightning storm the other morning put Ferryburg in darkness. A lightning bolt struck the cable that runs under the river from Grand Haven, putting its large feed wire out of commission. The same bolt also put out of commission the power of the large swing bridge that connects Grand Haven with Ferryburg. Temporary cables have been stretched and the little town is again lighted. There was one inch of rainfall during two hours while the storm lasted.

The Saugatuck Art association opens its first exhibition of the season at the gallery at the village hall Saturday afternoon with a reception and musical program. The exhibit will continue for two weeks or more. Celia Gamble House is art director.

A number of artists of Holland and vicinity organized an artists guild recently, establishing a shop at 27 West Eighth street, with Ernest Wanroy, young Holland man in charge. Plans are also being made to have art classes at the shop if interest warrants such.

Program All Set For Big Rally At Pine Lodge

LARGE CHORUS TO GIVE CONCERT; DRS. MACHEN AND BOUWMA ON SPEAKING PROGRAM

Committees who have the big Christian schools rally day in charge have been putting in some strenuous effort the past two months and preparations for the all-day picnic at Pine Lodge next week, Wednesday, July 4, have all been made, with an exceptionally fine program of music and speakers not only, but also a sport program in which old and young can participate.

Mr. A. Peters, general chairman of the committees in charge of the festivities, together with Superintendent Garrett Heyns, secretary, and the several other committee chairmen and members of the various committees are leaving no stone unturned to make this a day long to be remembered by the many who will attend, and feel assured that the day as a whole will prove a big success.

The program begins at 9 in the morning, with a sports program in charge of C. W. Dornbos and committee. The sports will include events for children and adults, and folks should not fail to be on hand in time for this part of the day's events. The speaking program in the afternoon, to be preceded by a short band concert by the local Christian High school band, will begin at 2 o'clock, with Dr. J. Gresham Machen of Westminster seminary of Philadelphia as the first speaker of the afternoon. Dr. Machen's subject will be "Christian Schools, the Hope of America."

Following the address by Dr. Machen, Dr. Clarence Bouwma of "The College of St. Mary" will speak on "The Christian School." Both of the above named men are speakers of note, and no doubt many will be present to hear what they have to say on their respective subjects.

Music during the afternoon will be furnished by a chorus of more than 75 of Holland's talented young folks and also by the Holland Christian High school band.

The evening's program is to be devoted especially to the young folks, although doubtless many who spend next Wednesday, both old and young, will stay for the evening program also, and the committee states that all are more than welcome.

Dr. Machen will be the speaker of the evening, his subject at that time being "Saviors of Christ, Arise." Music for the evening will again be furnished by the large chorus and the school organization.

Refreshments may be had at the several canteens which will be on the grounds all day and evening, with Dick Plaggenmans as general chairman. He will be assisted by several of the men folks and also by a number of ladies of the local Monica and Eunice societies and others.

Other committee chairmen are: Finance, George Tinnhof; parking, John Bartels; committee on order, William Mokma; music, John Swets; transportation, Henry Venhuizen.

The committee extends an invitation to all folks interested to come to Pine Lodge on the Fourth, to enjoy a day of good fellowship, a fine program and a pleasant day generally. They invite them to come early and stay late.

Transportation will be provided for those who desire such, cars to be on hand at several of the local churches.

CHIEF LIEVENSE ASKED TO
RESIGN BY SATURDAY

The board of police and fire commissioners Monday afternoon requested Peter A. Lievense, chief of police, to vacate his position by 6 p. m. Saturday. The order mentioned no specific charges, stating only that it was "for the good of the service."

The resolution adopted by the board contains the request that Lievense submit his resignation in writing to the clerk of the board, October 1, before the time set. It states that failure to do so will not alter the board's decision in the matter.

Lievense's conduct of the office had been investigated by the board several months ago, at which time he had been vindicated. He was appointed in October, 1931.

The motion was made by John Donnelly, the new commissioner, and supported by Edward Brouwer and voted for by Chairman Luidens, Commissioner Huizenga, Henry Kester, the fifth member on the board, who expressed whether the board had the power to discharge Chief Lievense without a hearing, and the city attorney in that respect states in substance as follows:

"The charter provides that the police chief and the patrolmen are hired 'during the pleasure of the board,' Attorney Parsons declared. 'In my opinion the board has absolute power over the chief or any members of the force, and the board does not have to give reasons for dismissal, or even have any, as far as that goes.'"

Announcement is made of the marriage of Miss Loretta Schulling, daughter of Mr. and Mrs. George Schulling, and Kenneth R. Sandy, son of Mr. and Mrs. Neil Sandy, on Wednesday afternoon at First Reformed church. A detailed account will be given in the next issue of the News. The marriage of Miss Edla Champion, daughter of Mrs. Roy B. Champion, and Mr. Harold Japina, son of Mr. and Mrs. Henry Japina, also occurred Wednesday afternoon at the home of the bride's mother. Another announcement is made of the marriage of Miss Hermine Derks, the daughter of Mr. and Mrs. Dick Derks of rural route 8, and Donald Walters, son of Mrs. Abel Elders, at the home of Mr. and Mrs. Elders last evening. Detailed accounts of the above happenings will be given in the next issue of the News.

NEW 165 FOOT FIRE TOWER TO BE RAISED

Allegan County's fire tower, that is located in the center of about 80,000 acres of second growth timber land, is to be taken down and replaced by a far larger one, Harry Plotts, conservation officer, announced this week. The present tower reaches upward for sixty feet and the new one will raise its lookout for a distance of 105 feet. The new tower has been shipped and is expected to arrive here within the next week. Erection will be started at once. In addition to the greater height, the tower will have a larger cabin at its peak and will give a view of nearly the entire county.

CLOSED ALL DAY JULY 4

Many merchants have placed ards in their respective windows embellished with "Old Glory" and reading "Store closed all day Fourth of July, Wednesday—open until 9 p. m. Tuesday." It would be well for folks from Holland and vicinity to plan their shopping for Monday and Tuesday or on the evening of the day before the Fourth. Food stores, delicatessans, clothing and merchants in other lines about the city, have been planning specials before this holiday and all patrons can be well served by adjusting their shopping hours and not be worried with holiday needs the last minute.

ANNUAL MEETING OF CHAMBER OF COMMERCE

The annual meeting of the members of the Chamber of Commerce will be held at the Warm Friend Tavern Monday, July 2, 7:30 p. m. There will be an election of directors whose terms expire, the submission of the annual report and such other business as might properly come before the meeting.

PASTOR OF THIRD REF. CHURCH GIVEN FARE- WELL BY MANY FRIENDS

A very happy gathering took place at Tunnel Park Tuesday evening when at least 200 friends and members of the Third Reformed church came together for a picnic, the purpose being to honor Rev. James M. Martin who has been their pastor for thirteen years.

It was a farewell given by many friends honoring the minister and his family who left Holland yesterday morning for Maplewood, New Jersey. The informal gathering elected G. John Koelker as its chairman.

Words of appreciation and farewells were spoken to the pastor and Mrs. Martin by Miss Hanna G. Hoekje, Rev. E. J. Blekkink, Henry Geerlings, Mrs. Ella Arnold, Frank Marion Boot, Henry Boone, Frank Bolhuis and John Vander Sluis.

A substantial purse, donated by friends, was presented to the minister by Mr. Koelker, and both Mr. and Mrs. Martin responded to the good wishes expressed. Their son Charles was also a guest at the picnic.

Many homes have been opened during the past week and social events in farwell have been held, while more than 125 thronged the parsonage after the services on Sunday night to speak farewell to the Martins, who have spent thirteen years in Holland.

The singing of "Blest Be the Tie that Binds" and individual messages of farewells closed the gathering Wednesday night.

JIMMY MATTERN, FAMOUS
FLYER, VISITS HOLLAND

At 10 o'clock yesterday morning Jimmy Mattern, who made a world's record flying around the world, swooped down on Holland from Saginaw, a distance of 100 miles, which he negotiated in one hour and ten minutes.

At 3 o'clock he rose from Holland's flying field to attend a municipal banquet at Kalamazoo where he was the guest speaker.

Mr. Mattern was the guest in Holland of A. J. Boeve, president of the Main Oil company, who made all local arrangements. Mr. Boeve had with him at the airport at least 100 citizens who welcomed the famous man of the air. There was a hearty exchange of greetings and the motorcade, headed by police escort, and in charge of Police Officer Ben Kalkman, formed a parade to Warm Friend Tavern where more business men and manufacturers were met and a reception was held.

The crowd then went to the city hall where Jimmy Mattern extended to Mayor Nicodemus Bosch greetings and a personal invitation to be the guest of President Rufus C. Dawes of the Century of Progress at Chicago. At noon the flyer was the guest speaker at the joint membership luncheon of the Lions, Exchange and Rotary clubs.

The coming of the flyer and what he had to say is something altogether different than the usual run of speeches, and Mr. Boeve is to be congratulated in being able to bring such an illustrious guest to Holland.

Mattern is best known for his attempt to fly around the globe in record time last June. At 29 years of age Mattern has flown the Atlantic twice and has established 12 world flight records.

Tour of the Tropics

The old theory that the white
man is apt to deteriorate when he
stays in the tropics too long seems
to have received official confirma-
tion by act of congress.

President Roosevelt has just
signed the Logan bill, which re-
peals the former requirement that
army, navy and marine corps of-
ficers stick to their posts at least
three years when assigned to duty
at tropical stations, and puts the
length of their tour of duty up to
discretion of the President.

Evidence heard by a committee,
says a senate report, showed that
"because of the conditions, climatic,
social, and otherwise, prevailing in
the various foreign service sta-
tions," the minds of officers were
strained so badly that a consider-
able number went violently insane.
Now it will be possible to feed
the tropics to the officers in smaller
doses. And an old theory, beloved
of novelists, is congressionally con-
firmed.

lar events at all track and field
meets, is 53 feet.

The amount of energy possessed

by an average-sized automobile
traveling at 60 miles an hour would
be sufficient to throw that shot 52-
800 feet—nearly ten miles.

To use another illustration, a car
traveling at 60 has the same ca-
pacity for inflicting damage as if
it were driven off a twelve-story
building.

Those facts, brought out in a re-
cent report of a nationally known
insurance company, give some idea
of the potential menace of speed
on the highway. During recent
years the death and injury rate per
accident has been rising—and the
increase was especially marked in
1933. The chance of a person be-
ing seriously hurt or killed in an
accident is substantially greater
now than it would have been five
or ten years ago in a similar acci-
dent. The reason can be expressed
in one word: Speed.

Today's cars have better brakes,
better steering, better lights and
stronger bodies than those of the
past. By all engineering standards,
they are safer. What has happened
is that the public has exaggerated
the increased safety factors—and
actually turned these improve-
ments into dangers.

Watch your speed—adapt it to
local conditions at all times—and
you'll have taken a long step
toward becoming a safe driver.

fence posts.

DEEP LAKE FISH NET
USED IN GRAND HAVEN

The J. H. Howard Co. has moved
in a deep lake fishing outfit for
operation out of this port. The out-
fit uses a so-called submarine net
operated similar to the local fisher-
men's pound nets, except that the
cribs and hearts of the submarine
nets are closed. The nets are an-
chored at great depths in the lake,
catching the jumbo fish that are
spawning on the bottom, and it is
reported this type of fishing has
been highly successful. A new law
has been passed by the state legis-
lature restricting the use of these
nets to 80 feet of water to take
effect Aug. 1. The nets have been
used as deep as 120 feet.

A SOUND LOANING POLICY

BANKS must adopt commercial banking as the only safe method of conducting a bank under present conditions, meaning quick asset banking. It means loaning only to borrowers who can pay and who can either collateralize their loans or furnish a statement of net worth and net income that will entitle them to a line of credit.

All lines of credit, either to individuals or corporations, that are not "gilt edge" as to security and permanency, must be secured by collateral or guaranteed by individuals in good financial standing.

In good commercial banking the extension of a line of credit means that the entire line must be cleaned up and repaid within one year from the date of the extension of credit.

The banker really has but one great duty to perform and that duty is to his institution and his depositor. Just as every other business in his community should be helpful to the community, so should his bank—but not at the expense of his depositor and sound banking.

Safe management will be absolutely insisted upon by the Directors of the **FIRST STATE BANK.**

LOCAL MAN INTRODUCES DRINK IN THIS TERRITORY

While visiting relatives this past winter at Portsmouth, Ohio, Phillips Brooks of 488 College avenue became interested in a new drink called 7-UP. Mr. Brooks says that the growing popularity of the beverage and the fact that its Ohio sales continued to increase month by month impressed him to the extent that he became interested in learning more about it. He finally secured the bottling rights for western Michigan from the national manufacturers of 7-UP, The Healy Company of St. Louis.

Mr. Brooks is still connected with the Visscher-Brooks Insurance Agency here, but is devoting much of his time to 7-UP.

His experience is such that 7-UP will be assured proper production and merchandising. Brooks was factory manager of The Brackett Chemical Company in Cincinnati for four years following which period he represented their sales department on the road for three years before moving to Holland to join his brother, former Mayor Earnest E. C. Brooks.

Mr. Brooks says he is happy to have been able to start bottling 7-UP right here in Holland. He says that the Holland City Bottling Works products are very carefully prepared. Mr. Frank Underwood, the owner of the plant, personally supervising the mixing of all their beverages, and this work is done within a closed-in elevated syrup room where every ingredient going into any drink is carefully weighed or measured and skillfully blended to produce pure, wholesome drinks in a most scientific manner.

Making Money Snaring Fish With Hands

SHARP EYES, NIMBLE FINGERS POOL WARY TROUT ON AUSALE RIVER

On the banks of the AuSable river in Michigan where he was born, an amateur showman is making a nice living by catching brook trout with his hands. When a man lays down a wager of \$10 that the exhibitor cannot take two trout from one hole, he wins the money. It was as a boy while he was playing with his brothers in the cool water of the AuSable that he first learned the trick of catching a slippery and wary fish with his hands. After that, he never bothered with fishing tackle or flies. He just went and picked out of the water enough for the family meal. Fishermen, hearing of the feat, came long ways to witness the dexterity of the lad's hands and he gave free exhibitions of his skill.

So many came to witness the novelty, he decided that it might be a good way to earn his living. So exhibitions were arranged, which fishermen paid for in the placing of wagers, which the lad always won. When an exhibition is arranged, which is always through friends, he removes his shirt, greases his body and stands on a log. His sharp eyes single out a dark form in the troubled waters, and splash, a trout is in his hands.

Many exhibitions are arranged by fishermen along the AuSable to witness this catching of fish with nothing but his bare hands. He is a little puzzled as to the legal status of the stunt, as there is something in the law about limiting the removal of trout from the streams to hook and line fishing, but the fish are used only for home consumption, so he is sure of himself there.

The amateur showman gets a great kick out of his findings in the stream, aside from the trout which he never fails to catch. He may dive and bring up a turtle, and sometimes he scatters his audience by bringing up a snake. But when he sets out to catch two trout in a certain hole, two trout are caught in that hole.

EIGHTY-FOUR CANDLES ON BIRTHDAY CAKE

The past Wednesday evening Mrs. Jane R. De Vries, widow of the late Rinke De Vries of Drenthe celebrated her eighty-fourth birthday anniversary at the old home-stand where she has lived for the past 66 years.

Mrs. De Vries is one of the oldest residents of Drenthe and is loved and respected by the entire countryside. The eighty-four candles on the large birthday cake were blown out by the honored guest without any extra effort to the great delight of the large gathering of relatives and friends. The children, grandchildren and great-grandchildren were present to help celebrate the event.

Mrs. De Vries is well and able to perform her household duties from day to day. She still sews, knits and makes quaint rugs for her grandchildren. She is never idle and also enjoys reading the newspapers. Her modern methods have helped to retain her youth, and she is very thankful for the years of longevity that have been bestowed upon her. Her many friends wish her "many happy returns of the day."

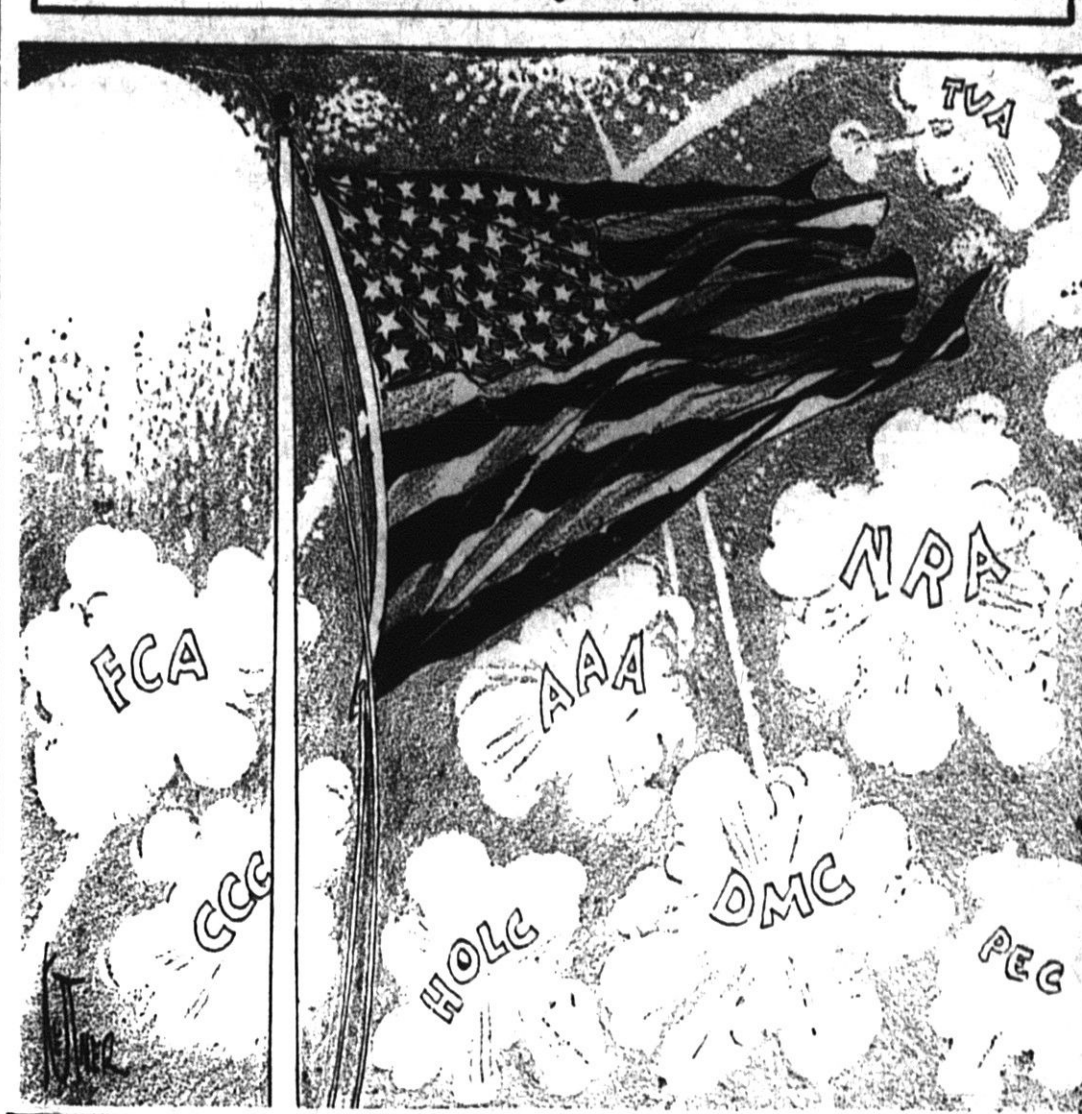

MOTORBOAT REGULATIONS NOW IN FORCE ON LAKES

Numerous complaints of illegal operation of motorboats received by the Department of Conservation recently have led conservation officials once more to call attention to the fact that State law requires the use of a muffler on motorboats and forbids their operation at an excessive speed so as to endanger life or property. Motorboat enthusiasts and fishermen are also reminded that it is illegal to operate a motorboat or to fish over posted fish spawning areas, even in the so-called pike lakes that are now open to fishing.

People are supposed to do this for themselves and it is quite proper for them to do their own licking. So when the polite and gentlemanly clerk does it don't forget to thank him. — Allegan Gazette.

Local City Mission Takes On New Life

TROTTER BROTHERS OF MISSION FAME ARE NOW AT HELM OF INSTITUTION

Work at the local city mission is bringing new life and new spirit into that institution and meetings are again being held nightly with the exception of Mondays and Thursdays, with attendance increasing at each service. Time was when Holland's City mission was attended by a large audience at each meeting and the building of a new mission meeting place was an absolute necessity. That was in the days when Miss Nellie Churchford, ardent mission worker, was

GEORGE TROTTER

superintending the work here. Since Miss Churchford's death, owing to lack of funds caused largely by the depression, the mission has been having its struggles and the board felt that new life should be instilled. A new board of directors was chosen; Mr. Mel Trotter was named the new superintendent, the mission became incorporated, and new life has been taken on by the mission generally.

Mr. Mel Trotter will be assisted in the work by his brother, Mr. George Trotter, who since his conversion in the Grand Rapids mission, has continually been in mission work or the evangelistic field. With these men at the head and with many of Holland's citizens and mission members putting forth every effort, Holland's City mission will again be filling their niches in the community.

The new board of directors chosen from among Holland's business men is composed of Isaac Kouw, president; Dick Moenga, Con De Pree, Nelson Miles, William Arendshorst, J. A. Hoover and Mel Trotter.

It is the desire of this board to obtain support for the work to meet all obligations and carry on according to the wishes of Holland's residents.

Keep absolutely FRESH
the FOOD they eat...

with an ELECTROLUX refrigerator!

SAFEGUARD the health of your family by keeping food always at a temperature below 50 degrees F. That's what government food authorities advise. And you can—with certainty—with an Electrolux!

For Electrolux produces cold—constantly—without machinery. It is the big new idea in automatic refrigeration. There's no alternate stopping and starting. A tiny gas flame and a tiny flow of water take the place of all moving parts.

Foods keep fresh in Electrolux. And because Electrolux has no moving parts—nothing to vibrate—it is absolutely silent.

Electrolux prices are no higher. Terms are liberal. Its cost to operate is probably far less than you now pay for refrigeration. And should your Electrolux ever require adjustment, you may expect the same prompt and efficient service you are accustomed to receive from your gas company.

A complete line of beautiful Electrolux models is on display in our showrooms now!

SPECIAL TERMS

Only \$10 down puts Electrolux in your kitchen right now; 24 months to pay the balance.

Last year the club made fine success with a smaller allotment which, when developed to a few inches in size, were planted in neighboring lakes. Dr. Dimment, Minister of the Gospel

A signal honor was paid Dr. Edward D. Dimment of Hope college during one of the sessions of general synod of the Reformed Church of America. At the request of the classis of Hope college, synod agreed to Dr. Dimment being ordained a minister without first obtaining a professional certificate. Dr. Dimment, it was explained, had in his youth a desire to enter the ministry, but was only able to attend theological school one year. He came to Hope in 1896, after finishing his course there, as instructor in Greek then became Greek professor and registrar and finally president, a post he held from 1918 until two or three years ago, when he resigned. The grant was made in recognition of the services of Dr. Dimment to the church, and was considered an unusual honor inasmuch as the possession of a professional certificate granted by a theological

seminary hitherto has been a rigid requirement for ordination. Dr. Dimment never was graduated from a theological seminary, although he has done extensive study in theological subjects.

In 1919 Dr. Dimment received honorary degrees from several schools, Litt.D. from Rutgers university, L.H.D. from Hope college, and LL.D. from Central college, Pella, Iowa. In 1932 he was chosen vice president of the general synod of the Reformed Church in America, the first layman ever to be delegated to that office.

Dr. Dimment was born in Chicago in 1876. He was graduated from Hope college and studied thereafter at University of Chicago. In 1898 he joined the faculty of Hope college as an instructor in Greek and economics. In 1918 he became president of the college and held the post until he resigned three years ago.

The graduation class of the Zeeland Christian schools with the principal, Mr. Peter Dekker, motored to Battle Creek last week Thursday where they visited the Kellogg plant and enjoyed supper at one of Battle Creek's parks. They also visited Gd Lake, where they enjoyed a boat ride.—Zeeland Record.

Miss Naomi Van Loo visited in Detroit and Lansing before coming to Zeeland for her vacation, and appeared on programs for musical selections. Miss Van Loo graduated from M. S. C. at Lansing a year ago, where she specialized in music.

William Haak, residing one-half mile north of this city, and Mrs. Johanna Vander Woude of Holland were united in marriage at Grand Rapids Saturday evening by the bride's brother, Rev. John Dykstra. They will make their home in Mr. Haak's home, Zeeland.

Arthur De Pree returned from Spokane, Wash., where he has been visiting with his sister, Mrs. E. Henry. After a few days visit with relatives in Zeeland he left for Detroit, where he resumes his former position.

Born—To Mr. and Mrs. John Kraai, West Central Ave., a daughter, Joan Doris, Saturday, June 16; to Mr. and Mrs. Lester Volkers, at the home of their mother, Mrs. S. Ensing, on North State St., a son, on Monday, June 18.

The lady employees of the Zeeland telephone office enjoyed a steak roast at Ottawa Beach after which they surprised one of their number, Miss Patilda Lamer, a bride-to-be, at her home on Garfield Ave., Zeeland. reported having received the Annual Audit from Malhofer & Moore; the committee further reported that the audit discloses the books and records in excellent condition. They further reported in this connection that they had met with the auditors relative to starting out the new fiscal year with a new system of bookkeeping and recommended that they be given power to act in working out with the auditors various fund balances with which to begin this new year.

Adopted.

The Street Committee, to whom had been referred the request from citizens on Van Raalte Ave., to have their street treated with calcium chloride, reported having given the matter considerable thought and study. They reported that citizens from other parts of the city had also asked for this same consideration, and Mr. De Cook then called upon the City Engineer to make further report on the findings of the committee.

Mr. Zuidema stated that there are four ways of handling the matter which have been considered by the committee:

1st—By sprinkling the street as is being done at present.

2nd—By treating the street with calcium chloride. This would require about three applications per year at an estimated cost of \$300.00 to \$350.00 per mile per year, or about 7c per running foot. Since no appropriation has been made this year for this service, the committee felt that they are not in a position to go ahead with it due to the fact that there are so many streets in the city that would require the same treatment.

3rd—The third method is an application of a 2-inch course of tar and gravel which would cost approximately 65c per running foot. It was reported that this would take care of the matter for a period of from five to ten years. It was also reported that this could be done on a special assessment basis and charged against the abutting property owners.

4th—This method of treatment is a permanent paving which would run about \$6.00 per running foot. The committee stated that they will welcome suggestions from the property owners relative to their wishes in this matter, viz., if they desire tar and asphalt treatment, on a special assessment basis, or whether they prefer to put in a permanent paving either now or at a later date.

After considerable discussion on the matter, and on motion of Ald. Van Zoeren, seconded by De Cook, the City Assessor was instructed to inform the City Assessor to send out return post cards to the property owners on Van Raalte Ave., between 9th and 17th Sts., requesting them for an expression on their desires in this matter.

Adopted.

On motion of Ald. Kleis, seconded by Prins,

The Clerk was instructed to have the City Assessor send like return cards to the property owners on E. 11th St., between Columbia and Fairbanks Aves.

Claims and Accounts Committee reported having examined claims in sum of \$9,376.24.

Committee on Ordinances reported for introduction an Ordinance amending our present Peddlers Ordinance, said new Ordinance being No. 380, Chap. 30.

Referred to the Committee of the Whole and placed on the General Order of the Day.

Committee on Public Buildings reported recommending that two new urinals be purchased for the men's toilet in the City Halls. Mr. Drinkwater reported having received estimates of cost from Mr. Ray Lighthart of two different sizes; the smaller would cost approximately \$146.00 and the larger \$154.00. Ald. Kleis called upon Ald. Thomson for an expression of his views in the matter. Ald. Thomson stated that in his opinion it would not be necessary to go to this expense but recommended that the present small toilet be changed and a larger pipe used which he stated would eliminate the odors which now prevail.

After some discussion on the matter, the matter was referred to the Ways and Means Committee for investigation, they to report back at the next meeting.

Committee on Public Buildings further reported having received bids on the city's requirements of coal, these bids all being the same, viz., \$7.75 delivered. They further reported that this same coal at the present time could be purchased direct by the city in carload lots, f. o. b. Holland, at a cost of \$6.25 per ton. They estimated that the cost of hauling from the cars to the bins would run from 50c to 75c per ton. Ald. Van Zoeren thought that no action should be taken at this time since in his opinion the prices are exorbitant and the city should buy just what it needed in a carload lot at a time.

Matter dropped for time being.

Sidewalk Committee reported that the wooden walk on N. River Ave. that was put in when the new bridge was constructed, is in bad shape, and recommended that the State Highway Department be requested to build a new cement walk in place of this old wooden walk.

Adopted.

Ald. Drinkwater reported having received complaint in regard to the light that is located across from the Sewage Disposal Plant, and recommended that the committee investigate to see what is wrong.

Adopted.

Ald. Thomson reported having received a request from property owners on W. 19th St., between Washington and Van Raalte Aves., for a street light.

Referred to Public Lighting Committee.

Reports of Special Committees

Ald. Drinkwater brought in a complaint in regard to the establishing of a junk yard on N. River Ave., in the 2nd Ward. After some discussion in regard to the legality of establishing such a junk yard, the matter was referred to the City Attorney with instructions to see that the Ordinance is properly enforced.

Ald. De Cook, a member of the Building Committee, to whom had been referred the matter of a new bandstand, reported that in view of the recent communication presented to the Council by the American Legion Band, no further action was necessary, and recommended that the matter be dropped for the present.

Announcement

I wish to announce that I am a candidate for the office of Sheriff of this County, on the Republican Ticket. I am a taxpayer, am married, and have two children. I have had eleven years of actual experience in your county jail, I have been Turnkey, and Under Sheriff, and have served under three Sheriffs. I have been a Police Officer for three years. During seven of these eleven years I have served as Court Officer. This gave me a wide knowledge of the Laws of this State. With this experience, I am sure that I could save the taxpayers of this county a considerable amount of money, as they would not have to pay to educate me for several years while I would try to fill this most important office.

For the past two years I have been Probation Officer, having been appointed by Governor Brucker. While this position carries no salary, it has given me a wonderful training in dealing with the criminal, and I believe that the Probation System in this County has been very successful.

With this store of experience I believe that I am qualified to fill this office. I believe in cooperation with all law enforcing bodies and do not care who makes the arrest as long as the offender is brought to justice. I do not belong to any "click" or group and my hands are not tied. My record is clean and I am campaigning only on my merits. I believe that the Sheriff's Office in the county is the most important office in the county. I also believe that experience has no substitute. Should the citizens of this county feel that I am qualified to hold this office, I will appoint only experienced and fearless men as deputies, regardless of their political standing.

It has always been my ambition to become sheriff of this county, therefore I have endeavored to train myself for this work, and should I be successful, I will be able to serve the public as they have a right to be served.

SUNDAY DINNER SUGGESTIONS

By ANN PAGE

THE vacation season for housewives begins when they decide to make things as easy as possible for themselves by taking advantage of what the market affords in fruits, salad greens, vegetables, ready-to-eat meats, and packaged foods. Fruits and simple puddings can replace pies, cakes and elaborate desserts most of the time. Cold meats and salads follow well after a hot canned soup, and canned beans or spaghetti help out the luncheon or supper menu. When it is necessary to cook, choose a relatively cool day and cook foods which can be served cold a second or third day. Cheese with a fruit or vegetable salad and bread or rolls makes a simple and well-balanced meal with little trouble.

Dogfish, Gars,
Carp Must Go,
Says the State

CONSERVATION OFFICERS
WILL ISSUE PERMITS TO
PARTIES FOR CLEAN-UP
WORK

By Albert Stoll, Jr.
Detroit News

While spearing fish with the aid of an artificial light is prohibited in the inland lakes of Michigan, except at certain periods when whitefish, ciscoes and carp may be taken in designated waters, State Conservation officials are now urging parties to rid our lakes of dogfish, gar pike and carp.

In suggesting this, departmental officials say: "Many fishermen have discovered that night spearing for dogfish, gar and carp is a source of fun and recreation besides affording an opportunity for ridding lakes of these predators." Such efforts would only aid the obnoxious fishing crews now maintained by the state to cut down greatly the undesirable fish population, which in many instances has caused the ruin of excellent fishing water.

Fishermen who are interested in this night sport are informed by the state authorities that groups should be formed, boats and lights obtained, and, under the permission and direction of a local conservation officer, the expedition can set out and start spearing on any favorable night. "Don't be surprised if your gear is O.K. and the spearer's aim true, to come back with the boat loaded to the gunwales with noxious fish," say the officials. They point out that many lakes not suspected of harboring these three species will show hundreds of the fish lying in the shallows at night resting, feeding or spawning.

Dogfish, gars and carp are all spring spawners responding to rising water temperatures by seeking the shoal waters to spawn. At such times they are rather easy to approach and the light serves as an attraction to them.

Outside of the carp none are used for food purposes but they do make excellent fertilizer, to which purpose they should be turned.

If you want to go night spearing under these circumstances see your local conservation officer who will grant you a permit provided he is convinced you can tell the difference between a bass and a carp when both are under water.

Boom in Pennies

The present demand for pennies is the heaviest in a decade. Calls for new stocks for the coins are pouring in upon Washington from every section of the country. In Michigan the retail sales tax has much to do with this. And small price increases probably have a wider general effect.

But experts say that the phenomenon is also symptomatic. Increase in the use of pennies, they report, is being accompanied by increases in the circulation of nickels, dimes, quarters and bills of small denomination. And this phenomenon in the past always has preceded noticeable growth of business activity. And certainly business is looking up.

Zeeland After Fly-By-
Nights Again

The common council of Zeeland, at a recent meeting, passed a transient merchants' ordinance that requires a license to permit them to conduct business within the city limits and prohibits any one from conducting business in this city unless the license fee has been paid. The fee established in this ordinance is \$5.00 for one day, \$7.00 for one week, \$10.00 for one month, \$50.00 for a six month's period, and \$75.00 for one year.

The license fee is in lieu of taxes that might otherwise be paid, and every merchant, no matter in what business he may be established, must pay the fee in order to do business here. Much complaint has been evident in the past among local merchants that transient merchants were permitted to enter into this city and do business without the burden of paying taxes which they were compelled to pay annually. This has resulted in placing these transient merchants on an equal basis with those permanently established here.

In common with other cities Zeeland has experienced in the past that merchants opened stores here at about the time the tax assessor had made his roll and after the season of good business these merchants again moved out in time to avoid the assessment for taxes, permitting the local merchant the burden of carrying the community's burdens.

10 PUPILS OF OTTAWA
SCHOOL OF 50 YEARS
AGO BAND TOGETHER

Grand Rapids Press—Friendships formed at a country school 50 years ago have been maintained throughout the years and finally culminated into a group of former pupils, who as heads of families, meet twice a month during the fall and winter months and every two months during the remainder of the year.

The school, known as the old Van Raalte school, is about three miles east of Holland and in pioneer days had an enrollment of about 50 pupils.

Former pupils forming the group as heads of families are: Peter Hoeksma, Albert Wiltink, E. Naber, Jacob Hoeksma, Mrs. John Terbeek, Mrs. Klaas Kragt, Mrs. Anne Brink, Mrs. Alice Riemersma, Gerrit Riemersma and Andrew Vanderploeg, all of Holland and vicinity.

So far as is known, two teachers of half a century or more ago are living, including Dr. John B. Nykerk, head of the department of English at Hope college.

COATS NEEDED; WATER
IS COLD AT MICHIGAN

(Allegan News) While residents of Allegan and the state a few miles inland from Lake Michigan swelter in the peak heat wave those visiting the shores of the big lake are wearing coats, refusing to go in swimming because of the cold and enjoying the comforts of cool breezes.

A steady lake breeze from the northwest is responsible, it is believed, and the cold surface waters from the northern reaches of the lake have been blown to the Michigan shores. The wind bringing the cold water also brings the cool air, the latter being lost a scant few miles inland.

SENIORS EARN
MORE HONORS

Announcement has been made of new honors and scholarships won by members of this year's graduating class. Miss Vivian Behrmann has been awarded an assistantship in the physiology department of the University of Michigan, while Richard Van Dorp received word of his being granted an assistantship in zoology at the same institution. John Vandenberg has accepted a post in the graduate school of Boston University, teaching chemistry, while Charles Dykstra has been offered a history scholarship at the University of Vermont. From Rutgers University comes the news that Theodore Renszema has been awarded a preceptorship in mathematics and physics. Lester Kieft has been awarded an assistantship in inorganic chemistry amounting to more than \$800 at Pennsylvania State College.

STAN JOECKEL
HEADS JUNIORS

With a snap and vigor seldom found in class meetings, the Sophomore class met on the last day of Tulip month at four o'clock in Prof. Winter's room to elect officers for next term. A highly capable administration was chosen for the Junior class in Stanley Joeckel, President; Howard Hartough, Vice President; and Florence Vis, Secretary-Treasurer. An important step toward the publication of an excellent 1935 Milestone was taken when Ralph Danhof was made the new Milestone editor. Two new Student Council representatives of well known merit were elected in the persons of Vera Damstra and Herman Van Ark. Sophomores feel they are giving the

"break" with George Douma and Ben Plasman as the future Pull captains. We trust Prof. McLean is satisfied, as we have selected the very cream of what he knows is a highly educated class of Sophomores.

FERA MAKES
IMPROVEMENTS

The results of F.E.R.A. activities on the campus are evident in improvements in general landscaping and athletic grounds. Forty-four students who otherwise could not have attended college were employed in laboratory, dormitory, museum and field work, often having valuable experience to compensate for the lessened amount of time available for study.

The expenditure of three thousand dollars has aided many worthy students. The work done by these students has been very satisfactory and beneficial to the college.

GOLFERS WIN
M.I.A.A. TITLE

The Hope golf team beat out Kalamazoo by three strokes in the M. I. A. A. field day golf meet to break a seasonal tie and take the first golf championship awarded by the conference.

In the struggle for the individual conference championship Ben Timmer, Hope's ace, lost to Brown of Kalamazoo in three extra holes after playing the regulation eighteen holes with the same score as the champ and Ball of Olivet. These three all shot 78's in their initial rounds of the course. Ball lost out first in the playoff and Timmer succumbed on the third hole.

For an aggregate score Coach Hinga's boys got a 344 total which gave them the first place in the meet and for the championship of the year. Kalamazoo's 347 was good for second place, while Albion captured third with a 351 aggregate. Hope has the honor of taking the first M. I. A. A. golf championship, for, although the conference schools had representative teams in other years, this is the first year that it was officially recognized as a conference sport.

In seasonal play the Kazoos were the real menace to the Dutch and this proved true at the field day as well. In their first dual match at Kalamazoo the Hornets gave the Orange and Gold their only conference defeat of the year by eking out a 6 1/2 to 5 1/2 win in sinking two crucial putts on the eighteenth green. Their return meet at the Holland Country Club was scored in favor of the Hope boys 7 1/2 to 4 1/2. Again in the conference meet the two teams battled for top honors. Ben Timmer tallied a 78 to tie with Brown, Kalamazoo's No. 1 man and Western Michigan open champ. Although being an underdog after two defeats in the seasonal matches, Russ Paalman, downed Garrison with an 83 compared with his opponent's 86, to give the Hope outfit a three stroke advantage. When the Kritz-

balanced by Harvey Scholten who had defeated Wood by the same margin.

it was discovered that Marv had given up twelve strokes to his opponent but this was completely

These four boys have represented Hope on the golf course all season and boast of wins over Albion, Olivet, Hillsdale and Kalamazoo, while losing only to Kalamazoo and Grand Rapids Junior, which has one of the best small college teams in the state.

The star of the past campaign was Ben Timmer, who is a sophomore and thus eligible for two more years of competition, but he is the only survivor for next year's golf team, as Paalman, Kruizenga and Scholten all receive their diplomas this spring. Although Timmer stood out in his first year in college competition and placed runnerup in the conference after a stiff race for the championship, he will encounter difficulty in his next two conference field days, as the present champ, Brown, has a like rating, and is also eligible for two more years, but Hope followers believe Ben has a good chance to dethrone the champion after playing him on such even terms this year.

PICTORIAL BOOKLET

The college authorities are at present compiling a booklet for advertising purposes including pictorial views of the campus and buildings and articles of human interest about the school. It is expected that the pamphlet will be completed before the close of the educational year when copies will be sent to prospective Hope students throughout the country. SOME SEE IT AS "CATALOG-
ING SIN," OTHERS NEED

ADVICE

Whether to ask Christian Reformed ministers to preach at more or less regular intervals against the sin of drunkenness or to leave the subject of temperance warnings to the ministers' discretion, occupied the attention of synod of the Christian Reformed church, now in session at Calvin college.

Rev. W. P. VanWyk, president, warned that enemies of the denomination are ready to charge "this is a half-wet synod."

From the floor came comment that to "require ministers to preach against drunkenness is 'cataloguing sin,' a proceeding abhorrent to the Christian Reformed church. Both the chair and speakers from the floor agreed that ministers of the denomination are already teaching temperance.

President VanWyk suggested that Dr. Clarence Bouma of Calvin seminary be asked to write a testimony, defining the dry sympathies of synod, but this suggestion, put in a motion, was voted down.

Dr. George Goris, pastor of Fuller Avenue Christian Reformed church, made a strong plea for adopting on this subject the overture of classis Illinois: "To issue a timely warning against the sin of drunkenness. To urge our ministers to preach from time to time wisely but firmly, on the evils of strong drink."

Dr. Goris declared that in his work with young people he found need of temperance instruction and that in some cases, at least, he felt that the elder generation was not by example and precept furnishing as much of this instruction as it should.

The proposed committee report on the overtures of classis Illinois and the consistory of Lafayette, which brought in a strong overture on the teaching of temperance, is as follows:

"We advise synod to decide: 'That synod certainly condemn the excessive use of liquor as a great sin; 'But that it does not deem it necessary to act according to either of these instructions since the matter urged therein is already included in the regular preaching of the Word, and, e.g. the form for the celebration of the Holy Supper of the Lord.'"

Synod, after considerable debate, voted to return this report to the committee for further consideration.

Rev. I. VandenDellen of Denver, who is traveling in Europe this summer, was authorized to present fraternal greetings of the church to the Christian Reformed churches in The Netherlands at their centennial synod this year.

Prof. Henry Schultze and Dr. Martin J. Wyngaarden were reappointed to the faculty of Calvin seminary.

Prof. Albert J. Rooks, dean of Calvin college, has been congratulated by the synod of the Christian Reformed church, on the completion of 40 years of service to the college.

Needs of the South American mission field and the possibility of the Christian Reformed church taking over the work now carried on their in co-operation with the Church of The Netherlands were discussed by the Christian Reformed synod, now meeting in Calvin college.

"The last general synod in Holland," the committee for South America reported, "expressed the wish to transfer classis Buenos Aires and the whole South American field to our church, with definite financial regulations."

The committee entrusted with mission matters yesterday brought in a report recommending that this matter be held in abeyance "since the classis itself has not acted upon this matter finally," and recommended that negotiations be continued.

Candidate William V. Muller, who has informed the committee for South America that he and his wife are anxious to do missionary work in that continent, was a speaker yesterday afternoon on conditions in South America, and the need for missionary work there.

The following were appointed representatives of their various classis for a term of two years to the board of Christian Reformed missions:

Classis California, Rev. J. De Jonge; Grand Rapids, east, Rev. H. Verduin; Grand Rapids, west, Rev. H. J. Mulder; Hackensack, Rev. J. Beebe; Holland, Rev. R. Bolt; Oostfriesland, Rev. H. C. Bode; Pacific, Rev. J. Mulder; Pelaa, Rev. I. Van Dellen; Sioux Center, Rev. J. C. De Bruyn; Wisconsin, Rev. J. C. Schaap; Zeeland, Rev. G. J. Vande Riet.

Orange City, Rev. J. Pauwe, Illinois, Rev. J. H. Monsma; Muskegon, Rev. J. J. Dolfin.

H. Denkema, H. Hekman and J. Kos were elected delegates-at-large.

The following delegates from the classes to the General Home missions board, were appointed:

Classis California, Rev. J. De Jonge; Grand Rapids, east, J. B. Hulst; Grand Rapids, west, Rev. H. Baker; Hackensack, Rev. D. De Beer; Holland, Rev. N. Monsma; alternate, Rev. H. Blystra; Hudson, Rev. P. Van Dyk; Illinois, Rev. F. Doezema; Muskegon, Rev. J. R. Van Dyke; Oostfriesland, Rev. H. C. Bode; Pacific, Rev. J. Mulder; Pelaa, Rev. C. Witty; Sioux Center, Rev. J. Gerdling; Wisconsin, Rev. J. J. Holwerda; Zeeland, Rev. H. Oostendorp.

Frank Beebe was struck by a car while walking on U.S.-81 at Ganges Sunday night when one carried to pass another. He was taken to Dr. Brunson's office, where it was found Mr. Beebe had suffered a broken rib and other injuries. He is being cared for in the O. H. Hall.

FISH LIFE HAS GENUINE ENEMY IN MOTORBOATS

Thoughtless boating enthusiasts, seeking relief from the heat by speeding their boats around the various inland lakes are causing serious damage to fish in the spawning areas. If they would chart their course in the deep part of the lakes no harm would be done, but unfortunately they follow the shore line, directly off the break-off, where they not only frighten the adult fish away, but also wash the nests in which the eggs are being incubated.

Conservation officers have been directed to post such fish spawning areas after which it will be illegal to operate a motorboat over the posted area or fish over them. Co-operation upon the part of the motorboat operators will do much at this time to save thousands of fish from being killed.

It might be well to note that the state law requires the use of a muffler on all motorboats and forbids their operation at an excessive speed so as to endanger life or property.

"Bob" White

For years, quail have been fighting adverse conditions in what seemed for a time to be an unaccountable attempt to stage a comeback. But in spite of hard winters and the ravages of predators they have won out. Quail are back and back to stay. They are healthy, strong birds and appear to be able to cope with the hardships which confront them. Louis Richmond of 321 Benson, reports that a small covey has taken over his garden and are using it for their home. No more does one have to hie to the country to hear the whistle of "bob-white." He has moved into the city and seems to be faring well in his adopted habitat.—Grand Rapids Herald.

FOUR-LEGGED CHICK UNABLE TO STAND UP

In a brood of 15 chicks hatched by a hen owned by Mr. and Mrs. C. L. Heinlen of Benton Harbor, was one which had four legs, one on the right side and three on the left. The chicken appeared normal otherwise, but in spite of all its legs it couldn't stand up.

THINCLADS WIN FOURTH PLACE

Hope placed fourth in the M.I.A.A. track meet at Kalamazoo two weeks ago, while Kalamazoo successfully defended its title by taking 57 1/2 points and first place. Albion got second place, while Hillsdale landed in third place, just two points ahead of Hope.

In Hope's 19 points was listed one first place, that being by Clarence Tyse in the 440-yd. dash. Donna began the scoring for the afternoon with a fourth in the 100-yd. dash and a third in the 220. The 440-yd. dash seemed an interesting race when Seakamp, a favorite, was boxed in, but Tyse went out to win it, and his team-mate placed third after breaking loose. Joe Esther captured thirds in the mile and two-mile runs. The relay team, composed of Clarence Tyse, George Douma, Ed Damson, and Harold Seakamp, ran a good second in that event. Bob Freeman threw the javelin for Hope and took third.

The only conference record broken by this year's meet was in the high hurdles by Carleton of the champion Kalamazoo team. He was expected to crack the low hurdle record also, because of his accomplishment a week previous in breaking the record in that event at the state intercollegiate meet in running it in faster time than has been recorded in the middle west this year, but he failed. Davis of Hillsdale was also conceded a good chance to set a new mark in the shotput, but he did not come up to the previous standard.

Next year the Hope team expects to increase its squad and have a better balanced team. They have already organized with Ben Plasmann manager and Joe Esther, star distance runner of the past two years, was elected captain for the 1935 team.

"PHONY" FISHES ON EXHIBITION

Michigan schools will be supplied with life-size celluloid fish next fall, according to C. A. Paquin, head of the educational division of the Conservation Department. The fish will be placed in cases behind glass and will be colored to resemble living specimens. These fish have been found to be less in first cost than either plaster casts or live skin mounts and much more durable. In all there will be 52 different species in the series.

New President Of Furnace Co. Is Named

OTHER OFFICERS RECEIVE
WELL-DESERVED
PROMOTIONS

There have been many changes in the official staff of the Holland Furnace company, during the last few days, the firm that has been one of this city's greatest industrial mainstays for more than a quarter of a century.

The Holland Furnace company reports that Mr. Edward H. Muehlenbrock, who accepted the presidency of the company, succeeding Mr. H. W. Thorne, who came with the company last August from New York. Mr. Muehlenbrock represents the group comprising the original founders of the Holland Furnace company, having been one of the incorporators. He has served the company in numerous capacities, and for a number of years has been a member of the board.

Other changes made this week in the organization includes the appointment of Mr. P. T. Cheff, vice-president and general superintendent, as general manager of the company, and Mr. George B. Tinselt, assistant secretary and assistant treasurer, as treasurer. Mr. Cheff, who is now in active charge of the affairs of the company, has been employed by the company for upwards of twelve years, and Mr. Tinselt for the past seventeen years. Both have been regarded as exceptionally valuable members of the organization.

Mr. Paul W. Bruns, vice president in charge of sales, and Mr. A. W. Tahaney, secretary, are the other officers of the corporation. The new officers were unanimously elected at the same meeting at which Mr. Thorne's resignation was acted upon.

The board of directors made the following statement concerning the officers: "Their close association with the company during the period of its steady growth, assures the continuation of those policies that have produced successful results in the past. The new officers are assured of the confidence, support and co-operation of the entire organization."

In an interview, the men now at the head of the "Warm Friend" organization stated they have high hopes for continued progress, and there is already much evidence of an increase in the volume of business. The financial statement shows a condition far more flattering than the year before.

A spirit prevails, indicating that from president down, all officials and employees will be "on their toes" to advance the interests of the Holland Furnace company. There is plenty of optimism that cannot help but auger better times ahead for the local enterprise.

It is a fine recognition indeed that capable men within the organization who deserve promotion have received advancement that was well merited.

NEW DUTCH TIME

LOSSES 20 MINUTES
The Netherlands is to have Greenwich, or west European, time, which will retard affairs in Holland by 20 minutes, according to a bill which was recently introduced in parliament.

Up until now The Netherlands had its own national time, which, especially in later years, caused growing difficulties to the needs of air traffic, radiocasts and the international scientific observatory traffic.

Police Board Can Discharge Chief Lievense

JUDGE MILES DENIES
MOTION IN LIEVENSE CASE

As the Holland City News goes to press, Judge Fred T. Miles handed down his decision denying the motion to discharge the injunction which restrains Chief of Police Lievense from retaining his position as chief of police after his resignation was demanded by the board of police and fire commissioners.

The decision covers five typewritten pages and in substance states that while the chief of police can be fired by the board of police and fire commissioners, his appointment must be confirmed by the common council. On the other hand, Section 10 of the city charter makes it the duty of the police force, under the direction of the mayor, to enforce law and order. Aside from the above limitation the charter leaves the entire management of the police department in the hands of the police board.

We quote a paragraph from the report which reads as follows: "An unfortunate situation has arisen. The police board has removed defendant; as no hearing is provided by the charter, none was had and quite naturally public opinion is divided and it is desirable that the responsibility be fixed and determined. With that end in view the mayor and common council of the city are very properly asking for a judicial determination of the rights and responsibilities and powers of both the board and the council. The council has no desire, it is assumed, to exercise any of the powers or duties delegated to the board by the people through their charter. It is also assumed that the board desires to accord the common council all the powers and duties conferred on such council by the charter. It is also assumed that defendant does not desire to violate any of the provisions of the charter, but desires only to have the legal status determined."

1. The police board is empowered by the charter to dismiss defendant, Mr. Lievense, without a hearing and without giving reasons therefor, as he holds this appointment during the pleasure of the board.

2. The plaintiff board may enforce the powers laid on it by the charter by a suit or action in court.

3. Injunction is a proper method to prevent a threatened wrong-doing or interference with public office.

4. The motion to dissolve the injunction and dismiss plaintiff's bill is denied, but without cost as this is a public question. If there be a disputed question of fact which it is desired to have determined, defendant may file his answer within the time allowed by rule and a hearing will be arranged for as soon as possible.

Judge Miles sustains his ruling by decisions handed down by the supreme court of this and other states.

These are the highlights in the decision signed by Judge Miles, which in substance, means that the board of police and fire commissioners has full authority, according to the charter, to discharge a chief or patrolman without sanction from the common council and according to that decision, the Holland board of police and fire commissioners had the authority to dismiss Mr. Lievense.

FIRST LOCAL CHRISTIAN SCHOOL RALLY DAY IS DECLARED BIG SUCCESS

The Christian school rally day held at Pine Lodge, July 4, was carried out very successfully, with more than 4,500 persons at Pine Lodge. A sports program opened with the day's festivities at 9:30 a. m. and the afternoon being devoted to a program of music and speaking.

Rev. J. Gresham Machen of Westminster seminary, Philadelphia, Pa., world famous leader of the opposition movement in the Presbyterian church of the United States against modernism, and Prof. Clarence Bouma of Calvin seminary, Grand Rapids, were the principal speakers. Rev. Machen also spoke in the evening, giving an address especially to the young folks at that time.

The affair was the first of that kind in Holland and vicinity. Mr. A. Peters being general chairman of arrangements. Since the day proved such a success the event will possibly become an annual event.

TWO BROTHERS PREACH IN ONE CHURCH

The First Reformed church of Hamilton was privileged Sunday to hear two brother preachers, not brothers in the work, so to speak, but brothers in the blood. One was Raymond Schaap, and the other is Theodore Schaap, both residents of Holland and just finishing up their studies at Western Theological seminary.

Raymond Schaap delivered his sermon in Dutch Sunday morning, while Theodore Schaap gave his Biblical discourse in English Sunday afternoon. Both have been students at Hope college, graduating with honors. They were in the classroom together, they will graduate from the local seminary together and they are generally found in each other's company wherever they go. Undoubtedly there will be a parting of the ways after graduation, for surely two able pastors will be more than enough for a single church.

DETAILED REPORT OF POLICE
FLAREUP IN COUNCIL
PROCEEDINGS

Chief VanRy Now Acting Chief
Until Judge Decides

As was stated in the last issue of the Holland City News, the board of police and fire commissioners asked the resignation of Chief of Police Peter Lievense "for the good of the service," full details of which were given at that time. Since then matters have been coming thick and fast, Mayor Bosch assuming authority as police head shortly before the hour designated by the police board when the chief was to surrender the keys to the old chief, Frank Van Ry, who put in nearly a score of years of faithful service before he was released some two years ago and Mr. Lievense took his place.

Mayor Bosch contends that he has the power under the charter as chief executive of the city to be acting or directing chief until such a time as the police quibble is ironed out. City Attorney Elbert Parsons holds a contrary view and the aldermen and of City Attorney Parsons are fully given in the official proceedings found in this column.

It is not uncommon for a mayor to assume authority during a crisis in a city, should mob rule prevail or if a great catastrophe has taken place. That is rather a common occurrence. Whether this authority can be assumed in a case such as the one in question will undoubtedly be decided by Judge Miles.

The whole matter went beyond the mayor and common council as well as the police board when the board of police and fire commissioners decided to enjoin Chief Lievense from serving. The temporary restraining order was issued by Judge Fred T. Miles and served by Deputy Egbert Beekman on Chief Lievense at his home shortly before the time Mr. Lievense, under the mayor's orders, was to retain the office, which acting Chief Van Ry was to assume.

The injunction was heeded by Chief Lievense and he retired, his work being taken up by Mr. Van Ry until the matter is fully settled and definitely decided in circuit court by Judge Miles, whose decision is expected at any hour.

Friday's council meeting, devoted entirely to this police matter, was an exciting affair, and the official common council, giving all the details, and the vote of the aldermen is hereby given as officially compiled by City Clerk Oscar Peterson.

COMMON COUNCIL

Holland, Mich., June 30, 1934.

The common council met in special session pursuant to call by the mayor.

Present: Mayor Bosch, Aldermen Kleis, Prins, Kalkman, Van Zoeren, De Cock, Steffens, Damson, Huyser, Bultman, Van Lente, Thomson and the clerk.

Absent: Alderman Drinkwater.

The mayor stated that he assumed that all of the aldermen were aware of the reason for calling this meeting. The mayor then briefly stated that the police board had requested Chief Lievense's resignation without giving any reason therefor. He further stated that he felt this was unfair since it is only a short time since that Mr. Lievense had been exonerated from charges that had been preferred against him at that time. He stated that he had written a letter notifying Mr. Lievense and the police officers to continue to acknowledge Mr. Lievense as the chief of police. The mayor further stated that since Mr. Lievense was to be out at 6 o'clock p. m. on June 30, 1934, which is today, the city would be without a chief of police since it will be necessary for the council to take action by appointment by the police board.

The mayor further stated that Mr. Lievense had now been served with an injunction restraining him from continuing in that capacity after today. The mayor further stated that he felt this was a matter for the council to handle, and therefore, had called this meeting.

On motion of Alderman Kleis, seconded by Prins,

"WHEREAS, it has come to the attention of the common council of the City of Holland, that the board of police and fire commissioners has requested the chief of police of the city to present his resignation as such officer before Saturday, June 30, 1934, at 6 p. m., and upon his failure to so resign, that he shall stand as removed from his office and the only ground thus far given therefore is the vague and indefinite expression of 'the good of the service,' and

"WHEREAS, the common council is informed and believes, that a

The board of police and fire commissioners on motion of Commissioner John F. DUTCH PRINCE CONSORT SUDDENLY DIES; AGE 58

The Dutch royal family was thrown into mourning for the second time in a few months when Prince Henry, husband of Queen Wilhelmina, died suddenly of heart disease. The queen, who was at another palace, did not reach his side in the royal palace before the end came. The death of the beloved Queen Mother Emma threw the country into grief recently.

The prince consort, who was 58, was stricken on June 28 with a fainting spell in his office at the Red Cross. The queen at that time cut short a holiday in Switzerland and hurried home.

Prince Henry's death brought a tragic end to ten days of gayety of Princess Juliana, the only child of the royal pair, who was a guest

of the British royal family in London. She was reported overcome with grief. She left London with two ladies in waiting on the first boat train.

As Prince Henry of Mecklenburg-Schwerin, the prince consort made one of the most triumphant matches of his generation when he married the reigning queen on Feb. 7, 1901. The people of Holland had grown to love the German, turned loyal Hollander, for his simple and unaffected manner. In 1907 he won their admiration when he went to sea in a rowboat to assist in the rescue of survivors of the steamer Berlin, which had sunk off Holland.

The nation's flags are at half staff in tribute to Prince Henry. All social life is halted. The American legation has canceled its proposed Fourth of July celebration.

FIFTY YEARS AGO TODAY

This week Student Te Linde of Hope college tried to catch a baseball with his eye. Dr. Robert Best of Holland says that within a few days he can again try the experiment.

Next Sunday two young men of our city, graduates of Hope college, will preach in Hope church. Rev. Ame Vennema is to occupy the pulpit in the morning and will then go to a large influential church in New York state, and Rev. Bastian Smits, who will preach in the evening. Both men have passed excellent examinations in the various branches of theology. Note:—Both men became venerable preachers and have long since passed to their reward after years of faithful Bible teaching and preaching. For a time Mr. Vennema was the president of Hope college. He was followed by Dr. E. D. Dimment.

In 1880 Holland had a population of 2,620. In conversation with our census taker this week he stated that our population would be considerably over 3,000 this year. The third ward alone had 1,100. Note:—The first ward had 1,010. Note:—Today Holland has a limits population of over 15,000. Holland has outgrown its limits to the north, at least a half mile to the west, more than a mile to the east. By a mile we mean a residential district built solidly out from the limits into the township. In that area at least 2,000 people live who get their gas, electricity, fire protection, telephone service and have trading centers and church connections here. Repeated elections have failed to take them into the city simply because these neighbors folk did not see fit to join the city which they are a part, only an imaginary limit line separating them.

TWENTY-FIVE YEARS AGO TODAY

A carrier pigeon wearing a silver band about one of its legs was found by Isaac Jappinga in his yard on East Ninth street. The band is engraved with the number E-26641, and the bird seems to be a long time and it is being taken care of until the owner arrives.

While driving alone in a rig to meet her brother and sister, Maggie Exo, aged 12, was the victim of a daring holdup. As she was passing Centennial park a man suddenly leaped from the shadow of the trees, climbed upon the step of the buggy and tore a wrist bag containing \$10 from her arm. The little girl was terribly frightened and drove back home on the north side, never thinking to report the robbery until she reached there, thus giving him plenty of time to escape.

Carroll Van Ark, young son of Mr. and Mrs. Henry Van Ark, 107 West Fourteenth street, while swinging in the hammock last Friday (possibly the 13th), fell to the porch and broke his leg. Note:—Later, Carroll was a "side kick" of

a news writer. Now he is in the East breaking records as an advertising man. Breaking things seems to be Carroll's long suit. What's breaking a leg anyway, when it is followed by record-breaking records.

George Schuiling of the local post office was a graduate from Hope "prep school" 25 years ago. Now you see where George gets that oratorical ability—he is nearly a preacher now. Other graduates were Minnie Bell, Edward Boeve, George W. Bonte, Julia E. Brittain, (Rev.) Clarence Dame, Cor. De Jonge, Gerrit De Motts, Aeneas G. De Jong, George Heneveld, John H. The News gives a quarter of a column on the marriage of Miss Ada Kuite, daughter of Mrs. A. Kuite, and Paul Fredericksen. The ceremony took place under a floral arch of ferns. Rev. John M. Vander Meulen officiated. The bride looked beautiful in a gown of pale yellow messaline, and carried white roses. A sister of the bride, Miss Julia Kuite, was charmingly gowned in white, organdy with roses to match. Mrs. Fredericksen was a stenographer at the Bush Machine Co. and her husband is identified with the Bush & Lane Piano company. Both are very popular in the younger set. Note: The Fredericksen marriage proved to be an ideal match to this day, 25 years later. Mr. Fredericksen has become identified with the poultry industry and the farm. Located at the west limits of Holland, has been very successful.

The celebration was especially important since it was staged in honor of returning soldiers from overseas.

Local Chamber of Commerce Does Things

HAS ADDED FIFTH OF A
MILLION DOLLARS TO AN-
NUAL PAY ROLL

Local Body Has Squashed All Stock
Selling and Advertising
Schemes; Saving Mer-
chants and Citizens
Much Money

There was a fine representation of members at the annual meeting of the Holland Chamber of Commerce held in the ball room of the Warm Friend Tavern, when the annual report was read and approved by Manager Connelly, and election of officers was a part of the deliberations. It surely was a well written report besides showing accomplishments hitherto not dreamed of.

President Arthur W. Wrieden opened the meeting, telling at the purpose of it, and stated that at a previous meeting of the directors "Bill" Connelly again was the unanimous choice as director of the Chamber for the ensuing year. This announcement was greeted with hearty applause from the men assembled.

Mr. Wrieden, before and after the reading of the report, gave unstinted praise to the accomplishments of Mr. Connelly, and also lauded the work of the directors and the members of the various committees doing Chamber of Commerce work as well as sub-committees working in connection with the Tulip Festival and kindred activities fostered by the Chamber.

Relative to Mr. Connelly, Mr. Wrieden said that Mr. Connelly had turned down a very flattering opportunity extended him by the city of Muskegon, first because he had learned to love Holland and the work mapped out for him here. Further, that he had scarcely started, and felt that his task here was far from being completed.

Mr. Wrieden also stated that the coming of Mr. Connelly created a spirit of helpfulness in the Chamber, to often lacking before his coming. Now all members endeavored to show how much they could do to aid the new director rather than sit back doing nothing except "kick" about the "Chamber's inactivity."

Mr. Wrieden pointed out that the annual payroll in Holland had increased nearly a quarter of a million dollars annually because of different industries re-established or secured.

"Where would Holland be today but for these Chamber of Commerce successful activities?" Mr. Wrieden asked.

He stated that the only criticism he had heard was the coming of furniture factories, but said Mr. Wrieden, "we have accepted only those knocking at our door seeking to come—surely no city would turn them down."

"I wish to say further that never have we gone out of our way or have we made an endeavor to induce plants from neighboring cities to come to Holland. If these plants were bound to go elsewhere anywhere—then it was up to Holland to make a try, but not otherwise and that policy is to stand for the future."

"We have frowned on stock selling schemes and when such industrial proposals come up we tell the promoters to apply when their stock is fully subscribed with outside capital. Our rigid policy of not allowing merchants to be pestered with advertising schemes outside of the regular legitimate mediums, has saved the merchants thousands of dollars and will continue to save them much money annually. This also applies to charity solicitations not sanctioned by the Chamber."

"The business men have not been bothered with them lately for the reason these are stopped at the desk of the director of the Chamber who, with his committee, have the final say, and members of the Chamber are faithfully and gladly giving their co-operation to stop these unnecessary drains, a large proportion of which go to outsiders who have done nothing for Holland but take all when they leave."

"The Holland Chamber of Commerce is endeavoring to bring to Holland diversified industries, metal, iron, etc. Several of the factory buildings have already been filled, and we have some fine prospects for some of the other buildings still unoccupied. These will be occupied soon if plans for the

Dutton to Caledonia by the state of Michigan.

On Decoration Day a fine \$15 flag was stolen from the soldiers' plot in Pilgrim Home cemetery. The flag was given to the Spanish-American war veterans by the Women's Relief corps and was prized highly by the local soldiers. The local post is in hopes that the flag will be returned soon.

Dave Blom paid the usual fine for going 25 miles an hour with his driver. Justice Tom Robinson assessed the fine. John Van Eenennaam of Zeeland also went 25 miles when Speed Cop Bontekoe nabbed him. Five dollar fine, please. Note:—Today police would catch that slow going and 25 miles would soon bring about traffic congestion.

Percy Ray of the West Michigan Furniture company caught a 15-pound pickerel in Black lake and it isn't a fish story either since it brought an occasion for a fish dinner for several friends.

Miss Helene Dyke, daughter of the local contractor, graduated from the local high school.

When there was plenty of money in Holland. This was fifteen years ago when \$2,600.75 of \$5,000 was raised in two days to stage a Fourth of July and home-coming celebration. The Holland shoe company gave \$400, Holland Furnace \$250, Limberts \$150, West Michigan \$100, Western Machine Tool \$50, and so on down the line. Merchants gave either \$25 or \$15 each and there was a list of one column. The common council headed the list with \$500. The celebration was especially important since it was staged in honor of returning soldiers from overseas.

COLOR INTERFERES IN GIVING PRIZES

Your editor was one of five judges of floats at the North Holland Fourth of July celebration yesterday and one of the floats—and by the way, these were all poetical subjects—was "The Little Brown Church." An endeavor was made to produce a replica of the church of the village. Anyway the subject was marked high in the percentage of the judges, but the float builders had forgotten one important feature, namely that the "brown" church was painted "blue-gray," an error of workmanship which could easily have been remedied by repainting the "brown" paint pale.

The error in construction prevented this real worthwhile float from being placed first or second, but by a narrow margin was squeezed into third place.

Women at Work

The girl at the typewriter, the
girl behind the sales counter, and
the woman engaged in skilled pro-
fessional work are so much a part
of the economic picture in the
United States that it is hard to
imagine a great city without its
women workers.

Yet Herbert S. Mills, professor
emeritus of economics at Vassar
College, reminded alumnae of that
institution the other day that
woman's freedom in choosing a
career in the home, business or
professional life has been definitely
curtailed in three great countries,
and warned that if they value this
freedom they must be prepared to
defend it.

In Germany women once more
are taking the Victorian role of
home-maker — and giving up all
work outside the home. In Italy
they are honored only as mothers
of men. In Russia, on the con-
trary, home life is ignored and the
wife who spends her days toiling
in the factory or fields must forego
her heritage of home-making and
rearing a family.

No matter how one may feel
about the desirability of women
confining their activities to the
home or working outside it, young
women in this country who have
definite leanings toward one or the
other — or wish to combine both —
should give thanks for the privi-
lege. For others, this particular
phase of the German, Italian, and
Russian innovations in government
remains one of the most interesting
to watch.

OTTAWA INFIRMARY IN
EXCELLENT CONDITION

Ottawa county infirmary at
Eastmanville now lists 81 residents,
within 2 of the highest number
ever recorded. There are 60 men
and 21 women.

Mrs. Marie Kuhlman of Holland,
oldest resident, now in her one
hundred third year, rides about in
a wheel chair, due to her crippled
condition, resulting from a fall
shortly before she became a cen-
tenarian.

The home was found in excellent
condition and farm crops appeared
promising, according to a report
made by the three poor superin-
tendents, Simon Kleyn of Holland,
G. Zagerman of Grand Haven and
John J. Lubben of Coopersville,
who made the monthly inspection
last week.

The property receives a perfect
rating annually by state inspec-
tion. Louis W. Peck and his sister,
Mrs. Minnie Schippers, have served
as caretaker and matron, respec-
tively, for more than 25 years.

Mr. and Mrs. Charles Kirchen

land are at their beautiful cottage

SUNDAY DINNER
SUGGESTIONS

By ANN PAGE
THE fruit season is on! The first
green apples, the first Bartlett
pears, the first Elsie Belle peaches
are here and if not yet available
everywhere, they will be soon. Other
fruits which are plentiful and well
distributed are the various melons,
an assortment of berries, cherries,
plums, grapes, bananas, oranges and
grapefruit — as well as the indispen-
sable lemon. Since most fruits are served
raw and require little preparation,
they are a boon to homemakers who
want to make their work as simple
as possible in the summer.
Vegetables, too, are plentiful and
low-priced. Salad vegetables, like
tomatoes, are labor savers.

MAPES CHECKS ON GRAND
HAVEN POST OFFICE

Through the co-operation of
Congressman Carl E. Mapes fed-
eral agents are being sent to
Grand Haven and Grand Rapids
to inspect the post offices in both
cities, as to improvements now
under the appropriation deficiency
act. Rep. Mapes was informed by
telegram from his office in Wash-
ington, D. C., that there will be
no definite action taken on either
of the federal buildings until a re-
port is received from these agents.

MRS. DE GLOPPER IS
EIGHTY-NINE YEARS OLD

Mrs. Mary DeGlopper of Grand
Haven celebrated her eighty-ninth
birthday anniversary Monday.
She came to Grand Haven from
The Netherlands when about five
years old and has lived there since.
She is among the oldest residents
of the city and her memory goes
back to pioneer days that are being
revived now in connection with the
centennial celebration in Grand Ha-
ven August 9-12.

She has many relatives living in
Holland and vicinity.

MASTER BEDDING MAKERS
OF AMERICA HOLD YEARLY
CONVENTION IN HOLLAND

The Master Bedding Makers of
America came to Holland for a
three-day session, transacted the
ordinary business of the organiza-
tion, and had a mighty good time
in the bargain. Meetings were
held in Warm Friend Tavern, at
Castle Park and at the Holland
Country club.

The first session was held at the
Tavern followed by a dinner dance
in the evening at the country club.
Delegates represented practically
every city of importance in the
United States from Boston to San
Francisco, and from New Orleans
to Grand Rapids.

Charles Karr and his staff of
the Karr Company, manufacturers
of Spring-Air mattresses, did won-
derful work to look after the wants
and pleasures of the guests who
numbered altogether approximately
200.

There was also a southern bar-
becue at Castle Park to which the
delegates and their wives were in-
vited. It was a real treat, and one
of those unusual features that cre-
ate zest in a gathering of this
kind.

Delegate sessions were also held
in the beautiful natural amphithe-
ater at Castle Park. This unique
place of meeting was also a wel-
come change to the many guests
present.

At the first session held at the
Tavern a program of instruction
was conducted by representatives
of the Karr company of Holland.
Delegates and visitors who came
to the convention were loud in their
praises of Holland. Many of them
were well loaded down with wood-
en shoes, windmills and trinkets
a la Dutch, and it goes without
saying that they will be anxious to
come to this city again on a simi-
lar occasion. Our resort environ-
ments and especially the bathing
beaches had a great appeal to
them as was evident from the
many expressions of praise.

At the closing session election of
officers was held and S. L. Dur-
ham of Louisville, Kentucky, was
named president of the Master
Bedding Makers of America; Em-
mett Salisbury of Minneapolis was
elected secretary, and Marvin C.
Lindeman of Holland was voted
treasurer.

Mr. Durham, Mr. Salisbury and
Charles Karr of Holland were
named as the executive committee
of the association, the controlling
body, with Mr. Lindeman as sec-
retary and member ex-officio.

The Holland Chamber of Com-
merce, including William Connelly
and staff, did their full part in
contributing their aid to this con-
clave of bedding makers.

CHRISTIAN REFORMED
SYNOD ADJOURNED TO 1936

Synod of the Christian Reformed
church concluded its work and ad-
journed after a three weeks' ses-
sion. The body had begun its de-
liberations in Calvin college, Grand
Rapids.

Included in the business at the
final session was the acceptance
of a budget calling for an annual
payment by each member family
of \$11.30. This sum will be paid
in 1935 and 1936. This marks a
reduction from \$14 in 1933 and
1934 and \$18.50 in 1931 and 1932.

Included in the \$11.30 are as-
essments of \$3 for the emeritus
fund, \$1.60, and for the synodical
treasury, 25 cents. Other major
items classed as quotas were: In-
dian and China missions, \$3.75;
general home missions, \$1.30, and
Jewish missions, 75 cents.

Dr. Henry Beets was re-elected
stated clerk and Tony Noordewier
was appointed synodical treasurer.
A committee entrusted with the
task of setting up a missionary
training and Bible school in Cal-
vin college was appointed.

On the committee of conciliation
appointed to go to Chicago to at-
tempt to bring about amicable re-
lations between the young people
and the local ministry are Rev. D.
Zwier of Holland, Rev. William
Kok of Zeeland, Rev. Herman
Keegstra of Allendale and Rev.
Herman Bel of Grand Rapids.

The 1936 synod will meet in
Grand Rapids with Oakdale church
as the inviting body.

Among the major decisions tak-
en up was the one on the divorce
issue which resulted in a final set-
tlement of what has been a ques-
tion in the denomination for 20
years. According to the definite
position now taken persons di-
vorced on other than Biblical
grounds cannot be admitted to the
church.

This decision represented a re-
versal of the majority opinion of
the committee which has been
studying the matter for some years.
It recognized also the need of
defining the church's position on
birth control and appointed a com-
mittee to study the problem and
report to the synod of 1936.
A decision of some importance
was taken also in the field of
educational policy. Hitherto the
principle has been generally ac-
cepted that education was the busi-
ness of the parents and should not
come under the direct supervision
of an ecclesiastical body. The
synod concurred, however, in the
opinion of President Ralph Stob
of Calvin college that higher edu-
cation under church auspices had
now become definitely necessary
if the church was to maintain its
life and it was to exert any con-
siderable influence.

very near future materialize fa-
vorably."

Mr. Wrieden spoke in glowing
terms of the co-operation received
from the mayor and common coun-
cil since the city of Holland had
gone in partnership.

"I feel I would be remiss in my
duties if I did not mention our
affiliation with official Holland.
The city officials have shown a
great interest in the work of the
Chamber of Commerce. They are
more a part of this organization
and are officially represented on
the board. Their collaboration with
the other officials and directors
has been most helpful and this has
been especially true as this relates
to new industries. Full co-opera-
tion is always given and I feel that
the adding of the mayor, city clerk
and city attorney to the director-
ate has added strength and a spir-
it of confidence to the organization.
It was a move than other cities are
endeavoring to emulate and edi-
torials in neighboring newspapers
are commenting favorably on this
new departure."

Mr. Wrieden then stated that
the election of five directors for
the ensuing year was next in or-
der. On motion of Henry Gering,
supported by Ben Mulder, the
retiring directors who have served
so faithfully and well during
this exceptional year of the
organization's progress, were re-
elected by acclamation. They are
H. S. Covell, J. A. Hoover, W. L.
Eaton, Andrew Klomprens and
Dick Boter.

An amendment to the by-laws of
the organization ratified at the
meeting provides that the mayor,
city clerk, city attorney and man-
ager of the Chamber of Commerce
serve on the board of direc-
tors in addition to 11 directors
elected by the membership.

Wm. M. Connelly, Manager Holland Chamber of Commerce

Major Activities

It seemed to be the wish of the
membership that we major on new
industries and trunk line road im-
provements. Thus far we have ac-
complished very little in the way
of inducing the state to pave M-40
and U.S.-31 entering the city from
the south. At this time there is re-
newed prospects of the improve-
ment of U.S.-31 when funds are
made available after July 1st un-
der the Cartwright bill. The paving
of M-40 is still somewhat remote,
but we are not lessening our ef-
forts in that direction. The indus-
trial payroll of the city has been
augmented by more than \$200,000
annually through the several new
industries named above. This, of
course, has been offset to a con-
siderable extent by decreased ac-
tivities in some of the older plants
due to the very low ebb of the fur-
niture business.

Municipal Dock Project

A strong sentiment prevails for
the erection of a municipal dock to
encourage increased shipping by
water. Through the action of the
city council, an application has been
filed with the Public Works Ad-
ministration at Washington for a
\$250,000.00 loan for dock construc-
tion. This application has been
passed on by the examiners and
placed in the hands of the Review
Board, and it is assumed that that
board will call on us for additional
information, providing they con-
strue the application as having any
merit as a self-liquidating project.

Airport

The matter of a municipal air-
port comes up for consideration
periodically and the State Board of
Aeronautics has just indicated that
they have some funds available to
spend on the port if the city will
acquire a suitable site.

Tourist and Resort

Inquiries from tourists and re-
sorters for 1934 indicate that we
will have a fair season. Increased
activities at the Macatawa Yacht
Club will add to the enjoyment of
the resorters. Plans for improve-
ments at the Holland State Park
are under way. A new issue of
wooden shoe booklets is now in the
hands of the printers. We are run-
ning a full page ad in the Vacation
Directory of the Michigan Tourist
& Resort Association at a cost of
\$200.00.

Tulip Time

A drive for funds for the 1935
Tulip Time is now under way.
Many changes and additions to the
program for next year are under
consideration which include enlarg-
ing on the street scrubbing cere-
mony, revamping of the planting
of the tulip lanes, and a pageant
of an outstanding character. One
of the hits of last Tulip Time was
the "Made in Holland" exhibit. It
is hoped that the same building
may be made available next year
and plans are under way to that
end.

NRA

During the early part of the fi-
scal year the Chamber of Commerce
took a very active part in promot-
ing NRA activities which brought
about a large amount of re-employ-
ment in the city. We assisted in
ironing out many difficulties, there-
by avoiding labor strife which has
been so numerous elsewhere. Efforts
in this direction will be contin-
ued.

Sanction Committee

It is difficult to secure financial

sound industries for any city. Com-
petition among the cities is keen
in this respect. We have many ap-
plications from questionable con-
cerns who would locate with us if
they were permitted to sell stock to
finance their operations. It has
been necessary for us to reject this
type of prospect. The Sanction
Committee functions to prevent the
soliciting of subscriptions and
money for useless advertising. Al-
most daily high-pressure salesmen
with some advertising or sales
scheme applies for permission to
go out and take money from both
business houses and private homes.
We have been successful in pre-
venting many of them. You are re-
quested to report any unsanctioned
solicitor immediately by telephone
at the time you are being solicited.
This will be a great aid towards
the efficiency of this department.

Information Desk

The Chamber of Commerce con-
ducts an information desk in the
lobby of the Warm Friend Tavern.
Scores of people take daily advan-
tage of this service. Hundreds of
inquiries of every imaginable na-
ture are taken care of by mail. To
cite a few examples we recently
had an inquiry from Wisconsin for
twenty thousand celery plants; an-
other from a honey buyer in the
southern part of the state who
wanted to know where he could buy
honey in quantities in the vicinity
of Holland; another inquiring for
willows for basket making; an in-
quiry from a Dutch inn from Mi-
ami wanting to know if there is
anyone in this city that could laun-
der the fine lace caps worn by the
maids in that hostelry; numerous
requests to locate certain persons;
scores of requests from pupils of
schools all over the country re-
garding various things of interest
about the city. The Chamber of
Commerce acts as a clearing house
for all this sort of thing.

Municipal Partnership

The Mayor and the City Council
took a forward step when it decided
to give its financial support to the
Chamber of Commerce and it has
set an example to other cities, some
of which are now contemplating a
similar step. Close cooperation be-
tween our municipal government
and the Chamber of Commerce,
particularly in handling new in-
dustries has made Holland the envy
of many other communities during
the past year.

Cooperation of Members

With more than six hundred
members it has not been possible
to call on everyone for committee
work. Those who have been asked
to serve have done so with the ut-
most willingness and we take this
means of thanking the members for
their service during the year.

Future Plans

Plans for the ensuing year con-
template filling the remainder of
our empty factory buildings, which
number has been materially less-
ened; the erection of a municipal
dock; the promotion of water ship-
ping, if funds are available; organ-
ized effort to secure the paving of
the trunk line roads entering the
city; the further enhancement of
Tulip Time and the encouragement
of a better resort business.

It is not always easy to measure
the value of the activities of a
Chamber of Commerce. To do so
we must try to picture what our
situation would be if we had not
carried on.

CHAPEL AT CENTRAL PARK
IS OPEN FOR THE SEASON

It is evident that folks from
abroad are back at Central Park
for the summer season, since the
Central Park chapel is open again
and an outstanding program has
been arranged. Attorney M. Den
Herder of Grand Rapids has al-
ways taken a deep interest in re-
ligious matters at this resort cen-
ter, and is president of the Central
Park Chapel association.

Sunday the initial service took
place and Dr. Harry Hager of Chi-
cago occupied the pulpit. The serv-
ices in part were of a memorial na-
ture in deference to four old sum-
mer residents of Central Park,
who had passed away during the
winter months. These were the
following:

Mr. George Dalenberg of Chi-
cago who had been superintendent
of the Sunday school as well as sec-
retary of the Chapel association for
many years.

Mr. George Fletcher, one of the
oldest residents of the Park.

Mrs. Emma Waalkes, one of the
pioneers of Central Park, and a resi-
dent of Grand Rapids during her
life time.

Mr. Frederick Gray of Grand
Rapids, and Mr. Walter Brown of
Chicago.

Mrs. Hesselink, Central Park.

The schedule as handed in by
Attorney Den Herder for the sum-
mer follows:

10 a. m.—Morning worship.

11:15 a. m.—Bible school.

7:30 p. m.—Evening worship.

July 1—Dr. Harry Hager, Chi-
cago, Ill.

July 8—Dr. Henry Beets, Grand
Rapids, Michigan.

July 15—Rev. William Headley,
Grand Rapids, Michigan.

July 22—Rev. John A. Van Dyk,
Marion, New York.

July 29—Dr. John E. Kuizenga,

It is with much chagrin and sadness that we report the loss or misplacement of our valued column last week. After a great deal of trouble in gathering the news and after so much effort was spent in arranging it, someone in the News office lost it.

Michigan allows no fireworks or explosives in the celebration of the Fourth of July. For that reason the entire population of our grand commonwealth took up residence in Indiana yesterday. A little oil of soda on those burning fingers will ease the pain, gentlemen.

The picnic season is upon us. A little sand may not have any fatal effects but it is a little rough on the teeth.

The news this week is scarce. A few days at the world's fair, a wedding anniversary, and Independence Day leaves the mind a total blank.

After our meeting next week we will again be in perfect form.

COMMON COUNCIL

(Continued from Page One)

temporary order of injunction, restraining the present chief of police from continuing to serve as such, and from assuming any authority as an officer of the City of Holland from and after the day and hour above stated, has been issued; and

"WHEREAS, the mayor has taken a stand for good order and stable government in our city; and

"WHEREAS, the common council is deeply concerned in protecting the rights and interests of the public, and that their persons and property should be carefully safeguarded;

"NOW, THEREFORE, BE IT RESOLVED, that the actions of the mayor taken in the present situation, be and are approved and confirmed by the common council, and

"Further RESOLVED, that the mayor be, and he hereby is authorized and empowered to carry out the spirit and intent of this resolution, by such action as he shall deem proper."

The mayor then called upon the council for an aye and nay vote on the resolution. However, when the roll call reached Alderman Steffens, he asked to have the resolution re-read, which was done by the clerk.

This opened up considerable discussion. After a brief discussion, the mayor asked the city attorney, Mr. Parsons, to explain to the council just what had transpired. Mr. Parsons then outlined to the council his part in this affair. Briefly stated, Mr. Parsons stated that the police board members had asked him for an interpretation of the charter relative to their power and authority in regard to asking for Mr. Lievens's resignation without giving any particular reasons therefor. Mr. Parsons stated that he had given as his opinion that since the charter provides that the police officers and the chief serve at the pleasure of the board, they have the power and authority to discharge the chief or patrolmen at any time they see fit without a hearing.

Mr. Parsons further stated that it was not his purpose to take sides in this matter whatever. However, he felt that as city attorney, it is his duty to give an opinion to any city officials who might ask for one since he is city attorney for the entire city. He further stated that he was unaware that there was any movement on foot by the mayor or council to take exception to this opinion, and he still felt that the opinion which he gave is correct. Mr. Parsons further outlined to the council what had transpired in regard to an injunction having been served by the police board on Chief Lievens, since he, Chief Lievens, had received instructions from the mayor not to relinquish his office.

In the discussion that followed, different aldermen asked questions from the mayor and city attorney in regard to just what the present status of affairs are.

Alderman De Cook wanted to know why the council should be called upon to decide this question, and Alderman Bultman wanted to know if Frank Van Ry, former chief, who had been appointed as a police officer by the board, would be acting chief. Mr. Parsons stated in answer to Mr. De Cook that in his opinion it is not a question for the council to decide; and in reply to Alderman Bultman, he stated that charter did not provide for an acting chief. It was Mayor Bosch's contention that the city would be endangered if there was no chief of police in charge. In reply to that, Mr. Parsons stated

that since the injunction had been served on Chief Lievens, he would be unable to act until he was either reappointed by the police board or after a hearing on the injunction, which could not be held short of four days.

Attorney Lokker, counsel for Mr. Lievens, retorted: "You would not demand this four days, would you, Mr. Parsons?"

Mr. Parsons's reply was: "Yes, if that much time was necessary to get ready."

Mayor Bosch then called upon the council for Chief Lievens, viz.: Mr. Clarence Lokker, former city attorney, and Mr. A. Van Duren, to state their side of the case. Both Mr. Lokker and Mr. Van Duren gave eloquent pleas before the council and both contended that inasmuch as the charter provides that a chief of police appointed by the board must be confirmed by the council, it would naturally seem that the discharge of a chief should also have the approval of the council.

In the discussion among the aldermen that followed, Alderman Van Zoeren wanted to know why a council meeting had not been called earlier since this matter had been known since the early part of the week.

"Why wait until the last minute?" asked Mr. Van Zoeren. The mayor's reply was that he wanted to know what the police board would do at their final meeting before calling a council meeting, and this was only held on Friday.

Alderman Prins then wanted to know if Mr. Parsons represented the council or the police board. Mr. Parsons replied that he had given an opinion to the provisions of the charter upon request of the members of the police board, and he still felt that his opinion was correct, and it was not a matter of representing one department against the other. However, he

did not feel that he was in a position now to go back on the opinion that he gave to the police board since he still felt that was correct. After considerably more discussion, different aldermen called for the question on the original motion as presented by Alderman Kleis and supported by Prins.

The resolution prevailed by the following vote:

Ayes—Alderman Kleis, Prins, Steffens, Damson, Huyser, Bultman, Thomson and Van Lente—8.
Nays—Alderman Kalkman, Van Zoeren and De Cook—3.

The mayor then adjourned the council.

After just a few minutes, the mayor called the aldermen back to their seats.

A motion was made by Alderman Prins, seconded by Kleis, that the city attorney assist the council in this matter.

In talking upon this request, Mr. Parsons stated that it would be impossible and inconsistent for him to go back on the ruling which he had made in regard to the provisions of the charter. However, if the council so desired, he would step out of the picture entirely, and the police board could employ some other attorney if they saw fit. However, he could not take issue with the police board upon an opinion that he had already given it.

A further motion was then made by Alderman Kleis, seconded by Prins.

That the city attorney be requested to be relieved from any further participation in this "row" that has come up between the police board and the mayor and council.

SCHOOLING-SANDY WED-
DING BRILLIANT AFFAIR

Miss Loretta Schulling, daughter of Mr. and Mrs. George Schulling, and Kenneth R. Sandy, son of Mr. and Mrs. Neil Sandy, were united in marriage at the afternoon of Wednesday, June 27, at 4 o'clock. The wedding took place at First Reformed church, Rev. Henry J. Veldman of Muskegon, former pastor of First Reformed church reading the double ring ceremony. He was assisted by Rev. James Weyer, present pastor of the local church. Rev. Veldman also officiated at the marriage of Mr. and Mrs. George Schulling, parents of the bride, 24 years ago.

Music before the ceremony consisted of selections by Roy Mooi, violinist, and the singing of "For You Alone" by Miss Martha Barkema of Rochester, New York, and this city. The bride party proceeded up the aisle to the strains of "Lohengrin's" "Wedding March," beautifully rendered on the church organ by Miss Geraldine Walvoord, church organist, the bride being escorted by her father who gave her in marriage. Included in the group were Miss Eleanor Sandy, sister of the groom, as maid of honor, and Miss Pauline Past of Mt. Clemens, and Miss Margaret Schuurman of Holland, bridesmaid. Little Miss Beatrice Ter Beek, daughter of Mr. Gerrit Ter Beek, dressed in sheer pink organdy with matching hat, and Douglas Lemmen, small son of Mr. and Mrs. Ray Lemmen, as flower girl and ringbearer, respectively, lent charm to the occasion as they preceded the bride party. The bride party was met at the altar by the groom, dressed in conventional black. The altar was beautifully made of palms, white lilies, ferns and candelabra, artistically arranged.

Miss Schulling, looking charming in a gown of ivory satin with elbow length puff sleeve and skirt draped to form a train, and veil of tulle, caught with a halo braid of tulle with pearl trimmings, carried a beautiful bouquet of white calla lilies tied with ivory satin. Miss Sandy, groomed in blue mouseline de soie with organdy of the same hue, carried a bouquet of pink roses, swainsona and baby's breath. The bridesmaids were dressed in harmonizing shades of yellow and green, respectively, with matching picture hats and floral bouquets.

After the ceremony Miss Walvoord played Mendelssohn's wedding march as a recessional and Miss Barkema beautifully sang "O, Day of Golden Promise."

A reception was held for the newlyweds at Pine Lodge, where more than 150 friends and relatives gathered following the ceremony at First Reformed church. As guests were being received, Miss Barbara Lampen rendered several piano selections. Guests were served a buffet luncheon with Mrs. Elizabeth Den Herder, Mrs. Richard Van Kolken, and Mrs. C. Van Duren pouring. Mr. and Mrs. Martin Slager of Grand Rapids were master and mistress of ceremonies. Mr. Gerrit Ter Beek and Mr. Earl Cook sang several solos during the evening.

The Holland Pure Oils played the Hamilton baseball team here last Friday and won to the tune of 7 to 5. But, oh, what sweet revenge on the Fourth! July 4 the tune changed (the Pure Oils began to sing "Show Me the Way to Go Home"), inasmuch as the home team won the game that day, 10 to 3. The local players were ahead from the first inning on scoring 5 runs at the start of the game. The game might have been monotonous, if it were not for the ridiculous pitching of the opposing pitcher during the last half of the game, and also for the remarkable hitting ability of some of our non-hitters. Not a bad game at all.
