## Final Push on in Holland to Reach War Bond Quota

### City Still Quarter of a Million Short; Special Calls Will Be Made

This is \$1,000 E-bond week! And in response to a proclamation by Governor Kelly and State War Finance Committee Chairman Frank N. Isbey—Holland's 7th war loan committee and workers are going all-out in an effort to get 200 persons each to buy a \$1,000 bond and reach the \$1,020,000 goal in individual bond sales before the drive officially ends Saturday night.

With only a week remaining in the drive, Holland finds itself still short approximately one quarter of a million dollars.

To obtain this goal Mrs. Chester Van Tongeren and Mrs. Fred Ingles, sub-chairman in charge of the professional section of the merchants division, will phone or call on all doctors, dentists, lawyers, and real estate men in the city and request each one of them to purchase an additional \$1,000 bond.

A telephone campaign in which all retailers will be contacted will start tomorrow under the direction of Henry Wilson, division chairman. Likewise, Mrs. Ray Knoolhuizen and Mrs. Lester Klaasen, home sales division, who have already exceeded the quota set for them will comb their prospects and recontact those believed to be in position to buy extra bonds.

Henry Maentz, chairman of the industrial division, assisted by Peter Kromann and Alfred Joldema, is calling executives of all Holland factories requesting additional, large purchases and confidently expects to reach his \$475,000 quota this week.

Kelly, in his proclamation urging 50,000 Michigan residents to purchase \$1,000 E bonds, said: "Those responsible for this drive report they are experiencing the greatest difficulty in bringing home the consequences of failure to our people, who seem to feel that because all previous bond drives have been so successful this one is bound to be."

He said that "it now appears that Michigan will for the first time fail to meet its bond quota." He urged "all our citizens, who have so nobly responded in the past to make one more supreme effort to insure that Michigan shall not fail."

## Local Woman, Brother Meet After 28 Years

The thrill of seeing her brother, Robert Richards, for the first time since their separation at their parents' death 28 years ago, is being afforded Mrs. Edgar Lytle of 94 East 13th St. who only last year was reunited with a long-lost sister, Mrs. Wilbur Walk Sr., of Tyrone, Pa., from whom she had been separated for 26 years.

## Grand Haven Man Flees Jap Prison

Grand Haven, June 28 (Special)—The thrilling story of how 1st Lt. Richard Marvin Huizenga of the U. S. marine corps escaped from a Jap prison camp to Free China will have to wait until later, but at least friends and relatives here know he is in safe territory following receipt of a telegram from Gen. G. H. Vandegrift, commandant of the marine corps.

The wire, received by Lt. Huizenga's sister, Mrs. Lisle Kirkbride of Coopersville, said Huizenga had not yet rejoined American forces, "but when he returns to America control will be informed."

Huizenga was taken prisoner the day after Pearl Harbor in December, 1941, and for some time his relatives did not know his whereabouts. His mother, who died about a year ago, was informed in January, 1942, that her son was believed to be "a prisoner of war in the hands of the Japanese military forces in China." Huizenga and two other officers had been ordered to return to the United States prior to the commencement of hostilities, but apparently he did not leave Tientsin, China, in time.

During his imprisonment he reportedly was promoted to the rank of captain, but the telegram listed him as being a first lieutenant. He is an Annapolis graduate.

## Navigator Home From Philippines

First Lt. This happened in an area where his unit, the "Air Apaches," crack 345th bombardment group in the 5th air force, has been taking a heavy toll of Jap shipping. The navigator declined further comment. "Just let the people guess," he said.

Holder of the Air Medal with three Oak Clusters, Lt. Nienhuis spent nearly 11 months overseas and saw action over targets in the Netherlands East Indies and the Philippines.

Home on a 30-day leave, Lt. Nienhuis will report July 29 at San Antonio, Tex. He is visiting his parents, Mr. and Mrs. George W. Nienhuis, 37 East 18th St.

## Double House in Ottawa Is Razed

Olive Center, June 28 (Special)—A large two-family house owned by Harry Schemper and located 4 miles west and 4 mile south of Olive Center, was struck by lightning during an electrical storm about 2 a.m. today and destroyed by fire.

The bolt entered the living room and soon afterwards the house burst into flames. The Borchulo fire department was called but the living room suite, a few articles of clothing and a washing machine were the only articles saved.

The Schempers and their children, Chester and Phyllis, were residing in the downstairs rooms and furniture belonging to Mr. and Mrs. Richard Nykamp, who had occupied the upstairs apartment, was also a complete loss. Mrs. Nykamp, now in Connecticut while her husband is away on submarine duty, is also a daughter of Mr. and Mrs. Schemper.

## Two Days Left For Car Stamps

Postmaster Harry Kramer today reminded car owners that only two days remain in which to purchase the annual motor vehicle use tax stamp which must be affixed to vehicles by July 1.

To date, only about 600 stamps have been sold at the post office, less than 10 percent of the 6,500 issued to motorists in this area last year. Post office personnel expect an avalanche of business the remainder of the week.

Charles K. Van Duren, deputy collector of internal revenue, said he expects the federal inspectors to check cars here shortly after July 1.

The portrait of Daniel Manning, secretary of the treasury from 1885 to 1887 under President Cleveland appears on the \$5 stamp this year. He happened to be next in line in the series of secretaries' portraits used on revenue stamps.

The law provides both cash and jail penalties for failure to pay the tax.

Motorists will find that the stamps usually stick better if they dampen the windshield instead of the stamp. They should not repeatedly dampen the stamp. Motorists are advised to keep a separate record of the serial number which appears on this stamp.

## Saugatuck Resident Has Community Spirit

Saugatuck, June 28—Roy D. Jarvis has the community spirit—but good.

Twenty years ago he organized the high school band to bring in and assist students in their music lessons, including many who could not afford to buy their own instruments.

Jarvis, a jeweler, not only trained and conducted the high school band but did the same for the school orchestra. Many of his students are now in army bands overseas.

Jarvis doesn't confine his community spirit to the bands, however. Whenever he is called upon for anything, he is willing to help.

## One Cup of Soup For Eight Days

Fennville, June 28—Except for eight days during which he received only one cup of soup and was packed into a boxcar with 121 other officers going from a prison camp in Poland to a prison camp in Germany, Lt. Lawrence Naab's prison experiences were not too bad. He said the men in his camp were treated better than most others.

Lt. Naab joined the Michigan national guard at the age of 17 and when the 32nd division absorbed the guards in 1941 he was sent to officers training at Ft. Sill, Okla.

Captured Oct. 26, 1944, on the Italian Gothic line, he was taken to Stalag A-7 and shortly after to Oflag-64 in Poland.

Because of the approach of the Russians, the Germans started the prisoners on to Camp Stalag A-3. This time on foot and after marching for seven days, Lt. Naab dropped out because of a back injury sustained at the time of his capture. So, with 121 officers under 11 guards, he was locked in to box-cars and taken on toward Berlin. This took eight more days. Each man, during the 15 days, was allowed but four cups of soup and one loaf of bread.

Lt. Naab's wife, Florence, and their two children have been making their home with his parents.

## Hamilton Youth Is Drowned in River

Hamilton, June 28 (Special)—Robert Vance Borton, 16, son of Mr. and Mrs. Jesse Borton of Hamilton, was drowned shortly after 6 p.m. Thursday at the "swimming hole" in Rabbit river where his body was recovered at 11 p.m. by Sheriff Louis Johnson and Conservation Officer Harry Plotts.

Other boys went to the river at 7 p.m. and found young Borton's clothes on the bank but no trace of him. Dragging operations were begun at 8:30. Two and a half hours later the body was recovered not far from the swimming hole.

Scoutmasters Jesse Kool and Ed Jansen worked an hour or more on artificial respiration and Dr. H. W. Ten Pas also worked on the youth who was a Boy scout. Coroner William Ten Brink of Hamilton announced an "accidental" verdict. The youth had completed his sophomore year at Holland High school last week.

Besides the parents, the youth is survived by a brother, Seaman I C Ivan Glenn Borton, with the quartermaster department of the navy, who happens to be home on leave. Other survivors include uncles and aunts and more distant relatives.

The body was removed from the Ten Brink funeral home to the residence of two aunts, Della and Myrtle Vander Kolk, where friends may call Saturday night and Sunday.

**Two Youths Take Hubcap And Each Pay \$29.15**

Two Zeeland youths probably won't have any intentions of taking any more hubcaps—particularly after paying \$58.30 and ending up with no hubcap.

It all came about as a motorist saw two youths removing a hubcap from a car at Ottawa beach about 9:45 p.m. Friday. He didn't get the license number but did get a fairly good description of the car the two boys had been in.

Sheriff's officers checked the oval with no results but at 11:30 p.m. they found a car in Holland answering the description, and a search revealed the hubcap in the rear. After long questioning the youths confessed.

Thus, Harvey J. Huizenga, 18, route 2, Zeeland, and John C. Mesbergen, 17, 140 Wall St., Zeeland, pleaded guilty to a larceny charge upon their arraignment in municipal court Saturday morning and chose to pay \$29.15 each rather than serve 30 days in the county jail.

Sheriff's officers said they had received several complaints of similar cases in which hubcaps were missing. They pointed out that hubcaps are particularly hard to replace at present.

**Two Cars Damaged, Lamp Pole Down in Accident**

Two cars were damaged, a boulevard lamp pole was knocked down and one driver was slightly injured in an accident at 11:15 p.m. Saturday at Eighth St. and College Ave. involving cars driven by Alvin Geurink, 19, route 1, Zeeland, and Miss Marjorie Vander Velde, 18, Grand Rapids.

Miss Vander Velde who was discharged from Holland hospital after treatment of a bruised hip was given a summons for running a red flasher. She was traveling south on College and Geurink was traveling west on Eighth. The impact shoved the Vander Velde car into the boulevard pole on the southwest intersection.

Ruth Kruthoff, 131 West 28th St., was listed as a witness.

NOT BECAUSE  
HE IS AN ALIEN

Associate Justice Frank Mur-  
phy of Michigan had the most  
puzzling reason for voting against  
the deportation of Harry Bridges.  
Said Murphy in explanation:  
"The significance of this case is  
far reaching. The liberties of the  
3,500,000 other aliens in this na-  
tion are also at stake. Many of  
these aliens, like many of our fore-  
bears, were driven from their origi-  
nal homelands by bigoted authori-  
ties who denied the existence of  
freedom and tolerance."

That would seem to give the im-  
pression that Bridges was being  
prosecuted because of his alien  
birth; he is an Australian, and a  
lower court had ordered his de-  
portation to Australia. Mr. Mur-  
phy seems to suggest that the  
United States department of jus-  
tice and the courts in which the  
Bridges case was tried were pre-  
judiced against him because of his  
alien birth.

Almost certainly Mr. Murphy  
did not mean it that way, because  
Mr. Murphy is not stupid, and  
such a charge would come near  
to being stupid. There might be  
some color for it if Bridges origi-  
nally came from a country with  
which we are now at war. But why  
should any man be persecuted in  
the United States because he came  
from Australia, a country for  
which most Americans have the  
friendliest possible feelings?

The charge was—a charge that  
the supreme court has now repu-  
diated—that Bridges had engaged  
in activities that had for their  
purpose the eventual overthrow  
of the government of the United  
States. His being an alien has no  
bearing on the case, except that it  
gave an opportunity for shipping  
him back to where he came from,  
if he was convicted.

Mr. Murphy's concern for the  
rights of our 3,500,000 aliens is  
creditable to him as a man and  
as a member of the supreme court.  
The rights of those people should  
be protected with jealous care. No  
matter what land they hail from, they  
deserve the protection of our laws  
as long as they behave themselves  
and conform to those laws.  
But if Mr. Murphy means that  
they should be allowed to do about  
anything they please—he just can't  
mean that—that things must be  
excused in them that would be  
tolerated in a citizen, then the  
time for protest has come. If the  
things Bridges did should be per-  
mitted in a citizen, then he would  
have a reason to protest. But  
Bridges' birth was not on trial;  
his acts were.

## THE CHURCH INVITES YOU

Philip Gibbs, world-famed jour-  
nalist, in his book "The Day After  
Tomorrow," writes: "I am old-fash-  
ioned enough to believe that ulti-  
mately the world can only be saved  
by getting back or forward to the  
Christian ideal and law of life,  
with a spiritual authority admitted  
humbly and worshipfully in the  
hearts of men and women  
and with power above and beyond  
reason and not wholly to be ex-  
plained by reason—which will be  
obeyed cheerfully or with resigna-  
tion when it denies one's selfish-  
ness; when it demands sacrifices  
for others and charity to all men;  
when it says, 'Thou shalt not kill';  
when it says we may gain the whole  
world but lose our soul; and when  
it seems most divinely unreasonable  
and totally inexplicable by  
scientific formulae or patriotic  
principles."

It is the church that presents  
Christian ideals and the law of  
life, with spiritual authority. Why  
not accept the invitation and go  
to church next Sunday?

God's Joy in Creation—Genesis 1:  
1-5, 10-13, 16-18, 26, 37, 81  
By Henry Georling

Our wonderful universe! Just  
how wonderful, we are slowly  
finding out as scientific measure-  
ments become more possible and  
accurate. We are told that a mile-  
a-minute train traveling constantly  
for more than two hundred  
years would reach the sun and  
that the nearest star is 274,000  
miles as far away as the sun. It  
takes a ray of light possibly a mil-  
lion or more years to reach the  
earth from some remote stars.  
Some stars are larger than we can  
imagine. Betelgeuse has a di-  
ameter of 260,000,000 miles. Our  
big earth is but a speck in com-  
parison.

From telescope we turn to mi-  
croscope and find even more start-  
ling wonders. We hear of elec-  
trons, probably the last word in  
the infinitesimal. In a second so  
many of these fly through an elec-  
tric light bulb that it would take  
all the people in the second city  
in the United States a century to  
count them. Nature as we see it  
on the earth, or from the earth, is  
a multiplicity of wonders; count-  
less things of extremes in size,  
from the largest to the smallest,  
forever moving at incredible speed  
without collision. Whence came it  
all? What maintains it all? The  
simplest answer is, "In the begin-  
ning God created" them, and since  
creation He has directed them.

The Biblical story of the uni-  
verse starts with the beginning. It  
puts God at the start of every-  
thing, having complete charge of  
it all. Beyond what man can know  
as earthly lies what he was lead to  
call the heavenly—the limitless  
spaces out yonder where he sees  
light-reflecting, or light-giving  
bodies, which he calls planets, sun,  
moon, stars. The Bible attributes  
all to the creating power of God.  
The universe, of which he knows  
none too much, and the earth of  
which he knows a little more, man  
seeks to examine and explain. But  
some power, a living thinking, di-  
recting power, must be back of  
everything, unless man tries to  
delude himself into saying that it  
all came about by some mysteri-  
ous process. Putting God at the  
beginning, as responsible source  
for everything that is, leaves it to  
God to employ whatever means He  
chooses to bring about a created  
universe and this earth with its  
myriads of creatures. The earth at  
first was in darkness. It did not  
have its present adaptability for  
the use of God's creatures. Over  
that chaos brooded the Spirit of  
God. It was God-ruled and God-  
destined.

Can we think of the beginning  
of light? That transformation was  
essential to the earth as we know  
it. Light got its start when the  
Creator called "let there be light."  
Words are striking, "and there was  
light." It is beyond us to under-  
stand the secret of the first light  
that could assert itself in the uni-  
versal darkness. We enter a dark  
room and push a button and mys-  
teriously there is a flash of light  
that continues to illumine the  
room until the button is pushed  
again; but the mystery is explained  
by the fact of wires and switch-  
es and lamps. What process God  
used in putting forth light has  
not been discovered. The Biblical  
record attributes the coming of  
light to God's potent word. No  
matter how it came to be, God  
was its source. The light was  
pleasing to Him, but He did not  
allow it to complete away. Darkness  
was to share with light in the  
passing of the hours. When there  
was light it was daytime. When it  
was dark it was night time. So  
God arranged the range of light  
and darkness and gave the names,  
day and night, to each  
portion of time. One portion of  
darkness followed by one portion  
of light came to be called a day.  
The story of creation is divided  
into six days, in each of which a  
definite part of it came into being.  
Like one who builds and furnishes  
a house preparatory for people  
to live in it, so God made the  
earth fit for the habitation of His  
creatures. But the creature, need-  
ing particular fitness in the earth  
he was to occupy, was man. When  
all was ready God made man.  
He was made in God's image and  
likeness. That gives him value and  
dignity to man in these days when  
the effort is being made to cheap-  
en him. If he believed everything that  
is being said about man as  
such he should believe that some  
malevolent force has played a joke  
on him, from the effects of which  
he will never be able to recover.  
We should believe that he is a  
tragedy in a universe of tragedies.  
But when we read that man was  
made in the likeness of God then  
we begin to believe that here we  
have a marvelous being, a creature  
who is capable of thinking as  
God thinks, of loving as He loves,  
of willing as He wills, of appre-  
ciating beauty as He does and of  
sitting on a throne of power as  
He does.

Prominent G.H.  
Resident Dies

Grand Haven, June 28 (Special)  
—George William Swart, Sr., 93  
who came to Grand Haven from  
the Netherlands in 1867, a year  
after the Civil war, died unex-  
pectedly Monday at 11:15 p.m. in  
the home of his son, George, Jr.,  
642 Pennoyer Ave.

As a resident of the community  
for 78 years, Mr. Swart was fam-  
iliar with the history and romance  
of Grand Haven and vicinity and  
since he possessed a remarkable  
memory he could tell interesting  
stories. He retained all his facul-  
ties to the time of his death.

He was born in Groningen, the  
Netherlands, Jan. 20, 1852, and  
came to this country in June,  
1867, the ocean voyage taking 72  
days. Also crossing on the trip  
was the family of his future wife,  
Sena Vogel, who was then 11  
years old. They were married  
April 8, 1873, in the port of the pan-  
ic. They lived in Port Sheldon  
for a few years but returned to  
Grand Haven. Mrs. Swart died  
April 21, 1921.

For 20 years, Mr. Swart was an  
engineer at the Grand Haven tan-  
nery and for 10 years was super-  
intendent of the Grand Haven  
water department. Upon the  
death of his wife, he retired from  
active work and for the past 24  
years made his home with his son  
and daughter-in-law.

Surviving are three sons,  
George, Jr., president of the  
Grand Haven board of education,  
Capt. Cornelius D. Swart, chap-  
lain of Michigan Soldiers' home in  
Grand Rapids, and William Swart  
of Spring Lake; a daughter, Mrs.  
George Colson of Muskegon; 12  
grandchildren and 12 great grand-  
children. A daughter, Mrs. Wil-  
liam Van Raalte, died in 1922 and  
a son, Sidney, in 1928. Two grand-  
sons have served in the present  
war. Alfred Swart is now with the  
army in Burma and Theodore  
Swart was killed in Italy in De-  
cember, 1944.

## Big Fifth Inning Nets Zulu's 10-4 Win Over Holland

The Zulu Cannibals of Lexington, Ky., climbed on Jim "Jumbo" Walsh in the fifth inning for six runs and six hits, batting him from the box and getting a big enough lead to rest on their oars for the other four frames and gain a 10-4 decision over the Holland Flying Dutchmen Monday night in Riverview park.

Until the fifth when four of the colored boys doubled in succession and two more singled, Walsh had matters fairly well in hand. The

Zulu's got two in the initial inning on a walk, a single and a double but the Dutchmen tied it up in the second with a single by Harry De Neff, a triple by Lloyd Driscoll and a single by Sonny De Witt.

O'Connor came to Walsh's rescue in the fifth and retired two men in order to end the inning. The large crowd, biggest this season, started leaving in the sixth inning when it became apparent that the Zulu's hurler, "Lefty" Gudhad, had the Dutchboys in the palm of his hand. He was effective with men on bases and, although the Dutch were out only 11-10, they did not at any time stir up a rally off Gudhad.

According to Zulu Manager O. J. Crook, the Zulu's have now won 22 straight games.

The Dutchmen looked better in the field and their hitting was sharper. They have now lost four games in five starts but may be on the upgrade. They face Winters and Crampton of Grand Rapids in Riverview Thursday and Battle Creek at Battle Creek Saturday.

## Vrieling Offers Friendly Service

John Vrieling, head of Vrieling Motor Sales, 159 River Ave., states that giving car owners good service and a friendly handshake helps build good will and a post-war business.

"Millions of American customers, and you are among them, are reaching out and hungrily groping for a friendly handshake—one that vibrates with warmth, sincerity and appreciation," he stated.

Mr. Vrieling says that by and large, we've all been "pushed around" a little for the last three years and nobody likes it—everybody tires of it. Goods became scarce, organizations became disrupted and the element of service to customers lost much of its mien.

## Lumberjacks Trip Phillies With Last Inning Rally, 6-5

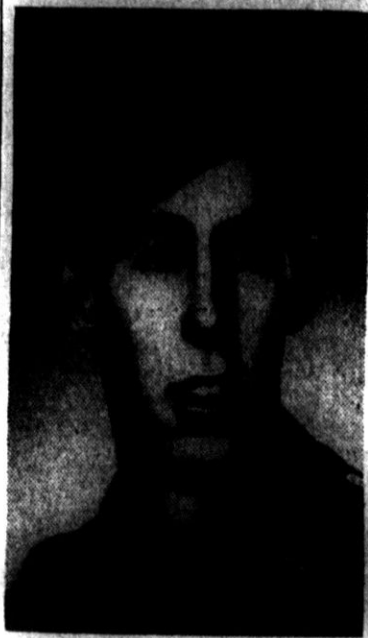

Northern Wood pulled one out of the fire Friday night in River-view park to stay in the fight for the crown in the first round of the American Legion Baseball league. They defeated the Ford Phillies, 6-5, with pitcher Dale Artz driving in the winning run with a solid single to center in the final inning with the score knotted at 5-5.

It was a heartbreaker for the Ford nine which had led 4-0 at the end of the first and seemed to have things going their way. The Lumberjacks got three back in the third as Austin Chamberlain walked two, allowed a single and then an extra-base blow to Slim Dykstra.

Then after the Ford outfit had taken a 5-3 lead in their first half of the sixth the Lumberjacks started punching singles just over the infield. Through that process they tied the game in the sixth on singles by George Slikkers, Butch Fortney, Kearney Zoerhof and Al Van Meeteren.

In the seventh after Artz retired the Phils in order, Ken Zuverink batting for Dykstra singled to right. Slikkers fanned. Fortney dropped one over the third baseman's head and Dale Artz then slammed one into centerfield with the winning run scoring from second.

## Local Fishermen Get Limit of Black Bass

Although Michigan anglers as a whole greeted the opening of the panfish season Monday with only mild enthusiasm because of rains and overcast skies, some of those fishermen from Holland who did venture out were successful.

City Clerk Oscar Peterson and Gerrit Hoving, both caught their limit of black bass at Chippewa point; Ted Du Mez and Les Cook also got their limit by 6:45 a.m. on Lake Macatawa; and Jim and Herb Stoel along with Bob Ver Beek took six pike, a speckled bass and a black bass from the Kalamazoo river.

Jack Ver Hey and Ray Weyssche caught five pickerel and one bass on Silver Lake in the morning. Three of the pickerel weighed 12 pounds each. The bass weighed three pounds, six ounces.

Adopted and hearing set for August 1, 1945.

The Sidewalk Committee to whom was referred a petition presented at the previous Council meeting for the construction of sidewalks on both sides of West 23rd Street between Washington and Van Raalte avenues, reported recommending that said walks be constructed and that the City Engineer be requested to send the necessary notices to the property owners.

Adopted.

Public Buildings Committee to whom had been referred a request from John Van Putten for permission to use the former voting booth on the corner of College Avenue and 19th Street as a Childrens Nursery, reported that the Board of Public Works is in receipt of a letter from the State Health authorities in which they object to the use of this property for such purposes. Their objections are based upon the fact that the City has well points on the property and for this reason feel that the sanitary sewer connections are too close to well points for safety. Because of this fact, it was moved by Alderman Slaght, by Mooi, that the request be denied and the interested parties be informed of the City's position on this matter.

Public Lighting Committee reported for information of the Council that they have been receiving some complaints relative to the several boulevard lights that have not been kept burning but were now informed by the Board of Public Works that they are going back to the old system of checking these lights themselves and anticipate that there will be less difficulty in the future.

Committee also reported recommending that a street light be erected at the entrance to Kollen Park on West 10th Street just west of the tracks.

Adopted and the Clerk requested to ask the Board of Public Works to install this light. Park and Cemetery Contact Committee reported for information of the Council that the O.D.T. has turned down the request by the Cemetery Board for a new truck so that they will have to reapply later on.

Clerk presented applications and bonds of Peter Dryer and John Van Nul for licenses to construct sidewalks, etc.

Bonds approved and licenses granted.

Clerk presented communication from the Fourth Reformed Church Building Committee for permission to widen the street on both Washington Avenue and 15th Street in front of the church property for parking purposes. The request is for widening by 3 1/2 feet for a distance of 80 feet on 15th Street, and 84 feet on Washington Boulevard.

Referred to the Street Committee.

Clerk presented communication from retiring Superintendent E.E. Fell expressing his sincere thanks for the token and kind expressions as voiced by City Attorney Ten Cate on behalf of the citizenry of Holland. Such token having been presented at Commencement Exercises on June 14, 1945.

Accepted and filed.

Reports of Standing Committees  
Claims and Accounts Committee reported having examined claims in the sum of \$6767.91, and recommended payment thereof.

Adopted.

Street Committee to whom was referred a petition from the Salvation Army to erect pipes on the sidewalks along Central Avenue in front of their building in order to prevent cars from parking on the sidewalk, reported that they have given this matter very careful consideration. The Committee reported that there are several other places besides the one on Central Avenue where cars park on the sidewalk, and inasmuch as this is a traffic problem, suggested that it be referred to the Commission of Public Safety so they may handle it with the Police Department.

Adopted.

Street Committee presented a report relative to petitions that have been received recently for vacating of certain alleys throughout the City. It was the recommendation of the Committee that all of these 3 alleys for which petitions have been received to vacate, be vacated and that the date for hearing on such vacating be set for Wednesday, August 1, 1945, at 7:30 p.m. The alleys

that are recommended for vacating are located as follows:

1. The alley between 29th and 30th Streets between Michigan and Maple Avenues.
2. The alley between 20th and 21st Streets running from Van Raalte to Harrison Avenues.
3. The entire alley between 31st and 32nd Streets between Central and River Avenues.

Adopted and hearing set for August 1, 1945.

Their objections are based upon the fact that the City has well points on the property and for this reason feel that the sanitary sewer connections are too close to well points for safety. Because of this fact, it was moved by Alderman Slaght, by Mooi, that the request be denied and the interested parties be informed of the City's position on this matter.

Public Lighting Committee reported for information of the Council that they have been receiving some complaints relative to the several boulevard lights that have not been kept burning but were now informed by the Board of Public Works that they are going back to the old system of checking these lights themselves and anticipate that there will be less difficulty in the future.

Committee also reported recommending that a street light be erected at the entrance to Kollen Park on West 10th Street just west of the tracks.

Adopted and the Clerk requested to ask the Board of Public Works to install this light. Park and Cemetery Contact Committee reported for information of the Council that the O.D.T. has turned down the request by the Cemetery Board for a new truck so that they will have to reapply later on.

The request is for widening by 3 1/2 feet for a distance of 80 feet on 15th Street, and 84 feet on Washington Boulevard.

Referred to the Street Committee.

## CITIZENS OF HOLLAND . . . WE NEED YOUR HELP NOW!

The U. S. Treasury has asked the City of Holland to subscribe \$1,023,600 in Individual Bonds in the 7th War Loan Campaign. We are still short \$264,738 of this goal with only two weeks remaining. We are behind the national averages. Holland is a proud city. Proud of the tools our factories have supplied our fighting men. Proud of the boys we have sent to fight our enemies and of those who are still fighting the Japs. We must not let these boys down. We must not let them read in their paper that their home town is lagging in their support. Most of you are buying bonds regularly out of income, perhaps to the full extent of your ability. But savings accounts in Holland Banks are bulging as never before. War bonds offer all the advantages of saving accounts plus more interest. They can be cashed IMMEDIATELY, as easily as you'd cash a check or withdraw savings from the bank. The U. S. Government guarantees they will be redeemed at any time (after you have held the bond sixty days) by merely presenting it at any bank or issuing agency. Won't you please consider how much of your savings should be put into higher income producing War Bonds. The World's Safest Investment!

RETAILERS — EMERGENCY RETAIL CAMPAIGN RUNS 4  
DAYS — TODAY, JUNE 25 THRU THURSDAY, JUNE 28th.  
EVERY RETAIL ESTABLISHMENT IS EXPECTED TO SELL  
AT LEAST A \$1,000 EXTRA BOND OR EQUIVALENT!

Many older people prefer the G-Bonds to the popular E's. These bonds pay 2½% interest annually. You draw your first interest payment in six months and every six months thereafter.

Bond Workers — you have done a good job, but we're not there yet. Don't relax your efforts. Keep selling them until we're over the top.
