## Girl, 8, Drowns While Wading At Grand Haven

GRAND HAVEN—An eight-year-old Spring Lake girl drowned Tuesday afternoon at Grand Haven State Park while her mother nearly lost her life in a vain rescue attempt.

Cynthia Nanette Riley, daughter of Mr. and Mrs. William E. Riley of 428 East Savidge St., Spring Lake, drowned after she was apparently swept off her feet by heavy waves at 2:40 p.m. as she and four playmates were wading in a roped-off safety area of the beach.

The girl's 27-year-old mother, Mrs. Nancy Riley, hysterical and exhausted, had to be pulled from the water by lifeguards after she tried to save her daughter. Mrs. Riley is expecting a second child.

The girl's body was recovered about 15 minutes later washed up on shore about 200 yards north of the spot where she had sunk.

Two unidentified swimmers found the girl's body and pulled her to shore where efforts of lifeguards, Grand Haven Fire Department, city police and sheriff's officers failed to revive her. The child was pronounced dead by Dr. Peter McArthur, medical examiner.

Mrs. Riley had been watching her daughter and the other children jumping into the waves as they waded. She said she had seen her daughter jumping one minute, looked away, and then looked back and saw the girl floating face down in the water.

The woman rushed into the water from the beach where she had been sitting. Before she could get to her daughter, the child sank into the water.

Mrs. Riley screamed for help and plunged further into the water herself. Lifeguards, who had to help the girl's mother from the water, continued the search for the girl's body with a boat.

Mrs. Riley was hospitalized at Grand Haven Municipal Hospital where she was treated for shock.

Cynthia, whose home address was 428½ East Savidge St., Spring Lake, and who was an all-A student in the second grade in Spring Lake School, had completed her second swimming lesson Tuesday. She was a baptized member of Second Reformed Church of Grand Haven.

Surviving besides the parents are the grandparents, Mrs. Harm Lubben of Grand Haven, Dr. and Mrs. W. H. Riley of Strawberry Point, Spring Lake, and the great grandmother, Mrs. F. B. Ewing of Strawberry Point.

## City Tax Bills Will Be Late

Summer tax bills in Holland City will be late this summer, City Assessor William Koop said today.

Koop explained that the delay is caused by protests of several school districts on millage allocated by the County Tax Allocation Commission.

Since Holland school district taxes are spread on the summer tax bills, the assessor's office is unable to do any billing until these matters have been resolved.

It is not known at present just when tax bills will be mailed.

## 4.15 Mill Allocation Protested

GRAND HAVEN — School Supt. Walter W. Scott of Holland and Harvey Scholten, Grand Haven attorney representing five school districts, protested the 4.15 mill allocation for county purposes at Monday's meeting of the Ottawa County Board of Supervisors.

Although the board was in no position at this time to change the 4.15 allocation for county purposes, members listened to presentations from Scott and Scholten, the latter representing West Ottawa, Hudsonville, Grand Haven, Spring Lake and Coopersville districts.

The protest was associated with a resolution which the Holland Board of Education passed June 12 which questioned the county's policy in transferring surplus funds into an improvement fund for capital purposes, thereby circumventing the 15-mill limitation.

Scott emphasized that the practice is not illegal but is unfair in view of the fact that school districts which all feel the pinch of operating millage must all vote special millage for capital improvements, and in many cases vote special operating millage.

Several supervisors were inclined to defend the board's policy which in the words of Robert Murray of Coopersville is "painless and a lot cheaper." Some supervisors were critical of large campuses, of elaborate school buildings and of sums spent by school boards for property, transportation and other costs.

Scott emphasized that the Holland school administration is highly appreciative of the frugality practiced by the county board and county officials, but he felt it was unfair to tax payers to have school districts vote special funds when such funds are affected by the board's method of financing capital improvements.

Specifically, Scott and Scholten asked the board to approve 3.91 mills for county operations, the same figure as approved last year. Since action already had been taken at a June 20 meeting of the Ottawa County Allocation Commission on 4.15 mills, the board took no further action, and efforts of Scott and Scholten if pursued in the future might conceivably have some effect next year.

Function of the Allocations Commission is to allocate shares for schools, townships and counties in the 15-mill setup. In the case of home rule cities, the 4.15 county allocation will allow 10.85 mills for schools. In other cases, township needs also are considered in the 15 mills. The 4.15 mills will bring about \$70,000 more than the 3.91 mills last year.

Mayor Nelson Bosman of Holland, who was appointed chairman of the sheriff's committee after Howard Fied declined the appointment, presented a request from the sheriff for an additional turnkey for the new jail, a request which passed 17 to 12. The request for an extra turnkey was made in a letter from William H. Nestle, state inspector of jails. The board also approved a transfer of \$1,500 from the contingent fund for landscaping at the new jail.

The board also approved a \$5,500 appropriation to finance two con elections this year. These elections had not been scheduled when the budget was studied.

## Old Furnace Crew Invited To Reunion at Meijer Store

The opening of the Meijer super market on the north side Tuesday at 9 a.m. was something of a homecoming for the owner, Hendrik Meijer, who worked three years for the Holland Furnace Co. early in the century.

Hendrik Meijer is the tall young man in the middle of the rear row in the above picture showing Holland Furnace employees in 1908. Also in the picture are J. P. Kolla, Meijer's father, Landwehr, Chris Becker and other with familiar names.

Hendrik Meijer arrived in Holland during the "Teddy Roosevelt depression" in 1907 and worked at Heinz factory for a month during the pickle harvest. He later unloaded coal at the Klompereis coal yard and shoveled snow for the railroad and did a variety of jobs at Buss Machine Co. including shaking out castings.

He started work at the Holland Furnace Co. in 1908 and worked there three years. Back in those days the firm made five furnaces a day plus coal chutes. Each was made by hand in the foundry, doing two at a time. In those days he lived on West 19th St. the second house west of the tracks.

After leaving Holland Furnace, he traveled throughout the midwest and the west working in foundries. He learned the barber trade in 1912 in Chicago and later set up shop in Greenville. He started his first grocery store in 1934. A sister, Mrs. Jim Veltman lives on West 10th St.

The new store which opens Tuesday has 14,500 square feet of floor space for meats, groceries, produce, dairy products, frozen foods, household goods, children's clothing, hosiery, etc. The air conditioned store will be open from 9 a.m. to 9 p.m. Monday through Saturday. Bob Borst, of 31 East 26th St. is the manager and the

store will have 35 employees, nearly all of them from Holland. Those not already living here will be moving in soon. The new store has a paved parking area for 150 cars.

The thieves entered the Jesiek Ship Yard office and outboard motor shop, Jesiek's Galley and the Macatawa Park post office sometime after 2:30 a.m. today, Hemple said. They took \$50 from Jesiek's office and \$27 from the restaurant but failed to get anything from the post office after trying to open a safe.

The thieves entered the Jesiek office by knocking a window out of the front door. They pried open a fire safe and took the \$50. Hemple said they pried the lock off the door to the outboard motor shop, but apparently took nothing.

The restaurant was entered by breaking a window out of a back door, and the \$27, all in 50-cent pieces, was taken from a cash register drawer.

The thieves entered the Macatawa post office by breaking out a front door window. Nothing was taken although an attempt to open a safe was made. Hemple said marks indicated that the burglars hammered on the safe's combination lock in an unsuccessful attempt to crack the safe.

Hemple said the breakins appeared to be the work of the same person or persons.

## Hold Holland Youth, 16, For Assault

A 16-year-old rural Holland youth was picked up by Ottawa County authorities Monday for the criminal assault Saturday of a seven-year-old neighbor girl.

The youth, who had been missing since the incident late Saturday morning, returned to his home early today, Sheriff's officers said. The youth's parents called authorities.

Sheriff's officers said the youth attacked the girl after luring her into a wooded area near her home, north of Holland. The youth took the girl's bicycle into the woods, and the girl and her younger brother followed him into the woods to get back the bicycle.

Officials said the youth gave both children a piece of candy, sent the girl's brother back home, and then attacked the girl. The girl's brother witnessed the attack and ran home and told his father.

The father called for the girl and heard her scream. Her screams frightened the youth away. Officials said the youth hid in the woods until early Monday.

## Hospital Rates Go Up July 1

Effective July 1, a rate increase will be in effect at Holland Hospital, Director Frederick S. Burd said Friday.

The increase amounts to \$1 a day, putting the new rates as follows: wards and pediatrics, \$16.50; semi-private, \$19; private, \$22.50; and \$24.50; nursery (while mother is patient), \$9; nursery (after mother leaves), \$11.

The last rate increase amounting roughly to \$1 a day was last July 1.

Director Burd explained that the increase is expected to bring in an additional \$46,400 for the next fiscal year. This will care for the 5 per cent increase for salaries plus some adjustments in job classification. Total salaries in the new budget without the 5 per cent increase are listed at \$765,875. The 5 per cent increase will amount to about \$38,293, putting total salaries just over \$800,000.

## Allegan Fireman, 65, Dies in Health Center

Survivors include his wife, Edna; a daughter, Mrs. Ralph Werner; a son, Wilson; two granddaughters, Sandra and Marsha; and two sisters, Mrs. Walter Jackson and Mrs. Allen Vahue, all of Allegan. Mr. Hitchcock was a member of Allegan I.O.O.F. Lodge and worked at Rockwell Standard for 41 years.

## City Receives Identical Bids on Two Products

The City of Holland's rock salt and calcium chloride purchases in the past two years reveal identical bids from three of the salt companies named in a federal grand jury indictment Wednesday in St. Paul, Minn.

International Salt Co., Morton Salt Co., and Diamond Crystal Salt Co. submitted identical bids of \$14.70 per ton for rock salt in bulk lots of 27 tons. Dow Chemical Co. of Midland, Mich. submitted a bid of \$14.70 for crystal sodium chloride at the same time as the other bids.

The city council voted to buy a trial shipment but the contract for the rock salt went to Diamond Crystal Salt Co. on the basis of its overall low bid. This was figured on the basis of the company's price quotation for rock salt in bags also.

The city ordered 504 tons for use last winter.

In August of 1959 when the council requested bids for the supply to be used for the winter of 1959-60, they received identical bids from International Salt and Morton Salt Co. of \$14.70 per ton or \$1.08

per bag for rock salt.

International Salt Co. got the contract because of its previous service record. A City Manager's note at that time said he recommended awarding the contract to this company because "They received the price after they received the contract last year."

Similar conditions were found in bids received on calcium chloride which the city also uses.

Last July when bids were being received for the past winter's supply, Solvay Process Division, Dow Chemical Co., and Haviland Products all submitted identical bids of \$32 per ton for bulk calcium chloride flakes. Solvay was awarded the contract because they had guaranteed the old price of \$31 per ton until Feb. 15, 1961.

The year before the council received four identical bids of \$31 per ton from Solvay Sales Division, Haviland Products, Wyandotte Chemical and Dow Chemical.

All shipping charges quoted were the same since they were quoted F.O.B. Midland or freight equalized.

## Kevin Slagh Drops From Swing Rope

Had Been Fishing With  
Brother, Friend in Pond  
Owned by E. Teusink

An 11-year-old Holland boy drowned Wednesday afternoon in a pond on the Eugene Teusink property at 1468 West 32nd St.

Kevin J. Slagh, son of Mr. and Mrs. William R. Slagh of 652 Van Raalte Ave., died about 3 p.m. Wednesday after falling into 12 feet of water while playing at the pond with his 13-year-old brother, Michael, and 11-year-old Steven Hamlin.

Allegan County deputy Con Zeedyk said the three boys had been fishing at the pond and later began swinging on a rope attached to a beam over the end of the dock from which they had been fishing.

Michael and Steven told Zeedyk that they had each taken a turn swinging out over the water and back to the dock and that Kevin dropped into the water and became panic stricken.

Zeedyk said the boys told him they had warned Kevin not to swing on the rope.

The boy's body was recovered from the water about 3:40 p.m. by Holland policemen Dennis Ende and Len Ver Schure and Ottawa County deputy Gerald Witteveen, dragging the pond using the Holland police boat.

Resuscitation attempts failed to revive the boy. He was pronounced dead on arrival at Holland Hospital by Allegan County medical examiner Dr. James Hov of Saugatuck.

Zeedyk said 22-year-old Tom Van Putten, who lives in the area and was fishing in another nearby pond, dived into the water several times in an attempt to find the youngster but was unable to locate him.

No one was home at the Teusink residence when the accident occurred.

The pond in which the youngster drowned is about 200 feet long with the dock located at the north end of the pond. It is located south of 32nd St., in Allegan County, about a quarter mile west of the Holland city limits.

The boy's death was the fifth drowning in the Holland area during June.

Kevin had just completed the fifth grade at Jefferson School. He was a member of Boy Scout Troop 151 of Christ Memorial Church of which he was a baptized member. He was also a member of the Child Evangelism Choir of Wesleyan Methodist Church of Spring Lake.

Surviving besides the parents are two brothers, Michael A. and Scott E., and one sister, Laurel A., all at home, and the maternal grandparents, Mr. and Mrs. William Eby of Grand Rapids.

Funeral services will be held at 2 p.m. Saturday at Christ Memorial Church with the Rev. Edwin G. Mulder officiating. Burial will be in Pilgrim Home Cemetery.

Relatives and friends may meet the family at the Nibbelink-Notier Funeral Chapel Friday from 2 to 4 and 7 to 9 p.m.

## Car-Truck Crash Injures Three

Three persons were injured in a car-truck collision on 17th St. near Ottawa Ave. at 11:10 a.m. Wednesday.

Diane E. Rowland, 18, of Silver Creek, N.Y., driver of the car involved in the crash, and two passengers in her car, Mrs. Dianna Bopp, 20, of 10½ West 19th St., and 11-month-old Scott De Pree, son of Mr. and Mrs. John De Pree of 122½ Cherry St., Zeeland, were taken to Holland Hospital for treatment of injuries.

Mrs. Bopp was admitted to the hospital and was reported in good condition. Officials said she suffered multiple facial lacerations and a fractured nose. Miss Rowland was released after treatment for lacerations of the right knee, left arm and face, and the De Pree baby was discharged after examination.

Holland police identified the driver of the truck involved in the crash as Edward H. Yeomans, 18, of 206 East 29th St. Miss Rowland told police she was tending the baby and her car crossed over the center of the road striking the 1½-ton dump truck head-on.

## Bury Bulk Gas Tanks For Police Department

Two 4,000 gallon gasoline storage tanks were buried behind the Holland police station Wednesday afternoon.

The police department will now have storage capacity for 8,000 gallons of gas for use in the department's ten cars which patrol 1,000 miles a day and use 100 gallons of gasoline at an average rate of 10 miles per gallon.

The city has been buying gas for the police department both commercially and in conjunction with the street department. The new system will allow for easier access, better record keeping and savings in the city.

## Allegan City Raises Price Of Graves

ALLEGAN—In their final meeting of the fiscal year, city councilmen increased the cost of grave spaces from \$20 to \$30. Cost of perpetual care also was increased from \$25 to \$35.

Rates were last raised in March of 1959. Acting City Manager Clarence Wise was instructed to study the letting of a contract for diesel fuel used by the city.

Allegan engineer Don Allen presented a progress report on proposed paving of DeLano, James, Thomas and Davis Sts. Eleven petition signers from Davis St. stated that they did not want paving at least this year. The council approved a plan to go ahead with plans to construct curbs, gutters, and storm sewers prior to paving DeLano St.

The council sought to eliminate a traffic hazard by the installation of stop signs. Robinson and Russell Sts. will be made thru-streets with the installation of stop signs at the Grant and Lincoln St. intersections. The councilmen felt that this would have the effect of discouraging traffic on Lincoln and Grant as a raceway between DeLano and Western Ave.

The purchase of a used truck for use by the park cleanup man was approved.

Councilmen approved extra pay for two hours work by the street sweeper. Under the new personal plan, the city all but eliminated overtime after granting a raise for the employees and setting a new work schedule.

The result was the loss of \$24 a week for the street sweeper who had previously been paid for two hours overtime a day. The council approved paying the sweeper for two extra hours per day but at regular pay rather than overtime pay. It would make up \$16 per week of the lost \$24.

If the employees union approves in writing for the paying of overtime not at the time and a half rate . . . the pay will go into effect. The council will also try to iron out work scheduling and overtime pay with the street department in a special session called tentatively for Wednesday evening.

Former Mayor Harvin Hays was presented with an inscribed gavel in honor of service to the city as Allegan Mayor from 1959 to 1961. The city also has acquired a new style key for presentation to visiting celebrities. The large brass key becomes a letter opener.

## HIGHWAYS

The people are traveling about the state and the nation. We recently traveled US-131 from Grand Rapids to the top of the state and were more and more of the opinion as we traveled along that millions and millions of dollars are being spent for underpasses, overpasses and bridges.

Then when one moves a few miles out of the area where all of the millions are being spent, we run into some of the old roads that have been patched and patched for more than a quarter of a century.

We wonder just how many people are thinking the same thing, that is: why spend all of the money in concentrated areas in or near the large cities? It would seem that with all of the long range planning and the studies that have been made, it would produce a more even flow of the dollars for more and more road improvements over a longer distance.

Just where are we going when we finish all of the underpasses, overpasses and bridges with the same old roads to drive over.

Recently we noticed that there has been a seven-man group to start July 1, with the present freeway coordinator Joseph E. Wilbur, as chairman.

It might be a good idea for some of these people who have been in the highway department for many years to back off and take another look. A trip over some of the U.S. highways in Michigan that are sadly in need of replacement might change their thinking in their next planning. We are well aware that it takes time and money. We are also aware that it takes time.

It does seem that it is time to do something other than continue to spend large sums of money for so many underpasses, overpasses, bridges and cloverleafs or parts of cloverleafs. What are your opinions? Write a letter to your representatives and the highway commissioner. Tell them what you think. Send a copy to The Sentinel and be sure to sign your name and address.

## Lesson

Mary, the Mother of Jesus  
Luke 1:26-31; 2:41-49; John 19:25-27  
By C. P. Dame

During this new quarter we will study some of the men and women of the New Testament. These 13 persons all stood for something. The study of Bible characters ought to be very interesting and profitable. In this first lesson of the series we will study Mary, the mother of Jesus.

I. God bestowed an unexpected honor upon Mary. Today many tourists go to Nazareth in Palestine where Mary lived as a peasant girl. The town did not have a high reputation. Nathanael asked, "Can any good thing come out of Nazareth?" Sometimes good people come out of bad communities.

Mary was betrothed to a carpenter named Joseph. Both Joseph and Mary were descendants of David which was considered a great honor. In Jewish life a betrothal was equivalent to marriage which followed when the bridegroom took the bride to their new home. The name Mary comes from the Old Testament name Miriam. In the New Testament there are six Marys mentioned—Mary the wife of Cleopas, Mary Magdalene, Mary of Bethany, Mary the mother of Mark and the unknown Mary of Romans 16:6.

The angel Gabriel one day appeared to Mary and said to her, "Hail, thou that art highly favoured, the Lord is with thee: blessed are thou among women;" and then he told this troubled girl that she would become the mother of a son whom she should call Jesus. The announcement made by the angel is called, "The Annunciation." The historic creeds of Christendom teach that Jesus was "conceived by the Holy Ghost, born of the virgin Mary." Matthew and Luke teach the virgin birth of Jesus.

The New Testament tells us more about Mary than the lesson text gives. Mary appears five times in the New Testament after the events in Bethlehem. Three events are mentioned in the lesson text, in addition there is the story of the wedding at Cana (John 2:1-12) and a story in Matthew 12:46 which records how Mary wanted to bring Jesus home and she is also mentioned in Acts 1:14—this is the last place she is named in the New Testament. Mary is not mentioned in the story of Pentecost, nor in any of the epistles and as far as we know she was not counselled by the leaders of the early church. The growth of Mariolatry in the Roman Church is not based on Scripture.

II. Parental piety is a blessing. According to the law of God all Jewish males were supposed to appear at three religious feasts—Passover, Pentecost and the Feast of the Tabernacles. The parents of Jesus went regularly. Although women were not commanded to go Mary went. When Jesus was twelve he went for the first time. The family remained for the seven days. When Joseph and Mary left Jerusalem they thought Jesus was with boys of his age. They did not miss him until the close of the first day's journey. When they missed him they hurried back to Jerusalem and found Jesus in the Temple "sitting in the midst of the doctors, both hearing them and asking them questions."

The words of Mary spoke to Jesus made him answer: "How is it that ye sought me? wist ye not that I must be about my Father's business?" These words reflect the teaching of the home. Early in life Jesus realized that worthy lives have "a must" in them.

III. A prophecy concerning Jesus was fulfilled. In the temple Simon the aged said to Mary, that "a sword shall pierce through thine own soul" and these words were fulfilled at the cross when Mary saw Jesus suffer. Jesus commended his mother to the care of his beloved disciple, John, who took her into his own home. Protestants honor Mary but they do not believe in according her veneration because the New Testament gives no grounds for so doing.

## Rotarians Hear Detailed Talk

"Using Community Resources in Teaching" was the subject of a talk before the Rotary Club Thursday by Dr. Harold Bottrell, professor and chairman of the Foundation of Education Department at the University of Houston.

Dr. Bottrell, who is directing a community resources workshop this summer for about 40 teachers of the area, explained "Operation Footsore" in which these teachers visit local industrial firms, probe the cultural past and discover the resources that relate to a meaningful educational experience. He said the workshop activities are quite removed from the one-visit or "gimmick" type of appearances, and are designed to take the teacher from the four walls of the classroom or two covers of the book and really find out what makes a community operate.

He said he was amazed by the vigor and enthusiasm of the local class in its quest for information and invited Rotarians to visit the workshop at any time in the special education department at Thomas Jefferson School. An open house will be held in the closing week of the workshop when the community may view materials which the class has introduced.

Mr. and Mrs. James R. Workman are expected home this week from a honeymoon trip through the eastern and southern states. The couple was married June 16 at 7 p.m. in the Fourteenth Street Christian Reformed Church by the Rev. John Botting, pastor of Faith Christian Reformed Church.

The bride is the former Mary Schroyenwever, daughter of Mr. and Mrs. George Schroyenwever, 243 West 25th St., and the groom is the son of Mr. and Mrs. James Workman of Muskegon.

Vows were exchanged in a double ring ceremony performed in an array of palms, bouquets of white gladioli and peonies, flanked by spiral candelabra. Pews were marked with white bows. "O Perfect Love" and "The Wedding Prayer" were sung by Roy May, accompanied by Mrs. Lee Huizenga who also played traditional wedding music.

The wedding party included Miss Nancy Van Regenmorter as maid of honor; Barbara and Carol Schroyenwever, twin sisters of the bride, as bridesmaids; Dave Bos, best man; Victor De Jonge and Ralph Honderd, groomsmen, John Link and Charles Gaffin, ushers.

Bands of small Venice point lace petals trimmed the bodice and skirt front and the cuffs of the sleeves. Single petals were scattered over the entire skirt and

this detail was repeated on the capulet which held her butterfly veil of French illusion. She carried a cascading bouquet of shasta daisies and ivy.

The bridal attendants wore gowns of pastel blue shadow print, with sleeveless bodices and bell shaped skirts. Velvet ribbon encircled the waists and fell to the hem. Halo headpieces of velvet with pearl trim held the circular veils and bouquets of blue daisies completed their costumes.

For the honeymoon the bride changed to a print sheath with patent accessories. She wore the corsage from her wedding bouquet.

A buffet supper was served to 125 guests at a reception held in Faith Christian Reformed Church with Mr. and Mrs. Al Zagers acting as master and mistress of ceremonies. The tiered skirt of nylon tulle was enhanced with a peplum of chantilly lace.

The bride's veil of English bridal illusion was held in place by a half-hat of chantilly lace trimmed with imported sequins. Her bouquet was of white orchids and pale yellow roses with white streamers.

Miss Thelma Vanden Bosch, as maid of honor, was attired in a pastel pink nylon dress with a sheer bodice, scoop neckline and brief, shirred sleeves. Encircling the midriff was a satin cummerbund trimmed with braid and rhinestones. The ballerina-length skirt was of nylon net over tulle and her matching band-hat was of pastel pink.

The bridesmaid, Miss Betty Ver Beek, was attired identically to the maid of honor. Miss Beverly

Vanden Bosch, cousin of the bride, was flower girl, while Jimmy Vanden Bosch, brother of the bride, served as best man.

## Red Barn's 'No Flowers' Delights First Nighters

A fairly large first-nighter audience at the Red Barn Theater Monday night thoroughly enjoyed "Send Me No Flowers," a laugh-packed farce which Producer-Director James Dyas previously directed on Broadway.

The three-act play by Norman Barasch and Carroll Moore was a laugh from start to finish as Dyas' performers made the most of the hilarious situations which developed when the leading man, a real hypochondriac, overhears his doctor talk about a patient who is dying and believes it to be him self.

Bruce Hall and Dorothy Lee Tompkins, in the Broadway roles of David Wayne and Nancy Olson, did an excellent job in maintaining the pace of the play, piling up hilarious situation on hilarious situation, aided by William Cain as the sympathetic lawyer-neighbor all set to take care of funeral arrangements and eulogy.

Doctors in the audience particularly enjoyed John LeGrand's role as the doctor and his philosophy on fees. Don Bonevich had a great time as the lusty Texan, an old flame of the leading lady whom the husband decided would be the right kind of second husband. Perhaps the most hilarious role was that of Robert James Moore as the ingratiating salesman of cemetery lots for Eternal Rest Gardens.

Although the entire action took place in the living room of the couple's home, there were many little side scenes which husband and wife imagined would take place or had taken place. Into these little scenes, each one a gem, passed several members of the cast including Fred Dehn, Alan Causey, Melvin Chatman,

Helen Jean Arthur, Margaret Taylor and Karen McCrary besides principals of the cast.

Although "Send Me No Flowers" played about 40 performances on Broadway, it is just the kind of fare for summer theater and undoubtedly will become a favorite. Asked whether Monday's performance was a reasonable carbon copy of the New York production, Producer James Dyas said he'd "fared it up a bit" and got more laughs in Saugatuck than in New York or Palm Beach, Fla.

An attractive stage setting designed by Richard Seger, lighting by Anthony R. MacLane and well selected costumes added to the performance.

Fonger and his wife received slight injuries but neither required medical attention.
