It's Not a Question of Age.

Troubles of vision are liable to occur at any age. Some persons' eyes need a corrective when they are very young, or the disability, deformity continues and becomes permanent and more aggravated.

Many Young People

Are handicapped from the start, who might have been a power in the world had it not been for defective vision. It is probably easily remedied if attended to promptly.

Isaac Valkema who for the past two
years has had the contract to unload
coal for the Holland Sugar company,
has accepted a responsible position in
the machine shop of the Buss Machine
Works.

Mrs. Dykema, wife of Supervisor
John Dykema of Holland, Mich., who
has been a patient at St. Mary's hos-
pital for the past five weeks, returned
to her home yesterday, greatly im-
proved in health.—Grand Rapids
Democrat.

Henry Van den Berg, who has been
a substitute at the Holland U. S. L.
S. S. part of the past two seasons, has
been appointed surferman in the Mani-
towish crew and will leave for that city
today. Guy Gilmore of Grand Rapids
will take the position vacated by Mr.
Van den Berg.

Dr. Herwyn R. Floyd died suddenly
at his home two miles north of Sau-
gatuck Tuesday. Death was caused
by neuralgia of the heart and was en-
tirely unexpected as the doctor had
enjoyed excellent health up to the day
of his death. Dr. Floyd was 64 years
of age and had lived in this vicinity
the past three years. He is survived
by a wife, one daughter, Miss Anna
Floyd, a student of Hope College, and
one son, Charles Floyd, bookkeeper in
the office of the G. R. H. & M. rail-
way company in this city.

On Sunday following the adjourn-
ment of the General Synod, the
preacher in Hope Church, Holland,
Mich., a son of Long Island, who had
been in attendance upon the sessions
of the Synod, declared that in all his
travels in the East he had failed to
find a city which for beauty, enter-
prise and home attractiveness could
compare with the site of Hope Col-
lege. And all the people said, Amen
—not audibly of course, but they all
said it, nevertheless. New York City
is welcome to the title "Greater,"
provided the superlative "Greatest"
is reserved for Holland.—Christian
Intelligencer.

R. W. Irwin, commodore of the
Macatawa Bay Yacht club, was in the
city today. He is elated over the
success of yesterday's yacht races and
of the auspicious opening of the club
house Wednesday evening. Regarding
the plans for amusements at the
club house this season he said: "The
Regatta Committee is planning the
greatest year's racing we have ever
had. The crowning event to be a
cruising race from Chicago the latter
part of August for the Waukegan Cup
donated by Messrs. Everett and Post
the owners of the new Waukegan re-
sорт. The Committee are assured
of the entry of a large number of Chi-
cago yachts and we are sure to see
assembled in our Bay at this time the
largest fleet of sailing yachts that have
ever come together on this part of
Lake Michigan. The cruising race
will be followed by our Annual Regatta,
which is becoming more of an event
each year. The Entertainment
Committee has provided music (violin
and piano) for every afternoon and
evening and promise many new things
for the entertainment of members. A
Ladies Entertainment Committee
has been appointed to take charge of
afternoon entertainments, such as
Musicales, Card Parties and Children's
Parties."

Louis P. Ernst, county school com-
missioner, is in the city today. This
is the day his competitor, Benj. R.
McCrosen, was to have taken the
reins of that office, but as the latter
is not educationally qualified, he has
not made an attempt to take possession
of the office. Mr. Ernst will con-
tinue to conduct the office, as he has
the past four years, with capability.
If Mr. McCrosen had taken the office
there would have been a legal fight,
and he undoubtedly has decided not
to do anything towards taking the
office to which he was elected. Mr.
McCrosen and his friends should
have hearkened to the advice given
them at the late county convention.

E. Herold celebrated his 71st birth-
day Monday.

A force of ten men in charge of
Superintendent De Young is con-
structing the Thirteenth street water
works extension from Pine street to
Harrison Avenue.

Rev. P. Schut, pastor of the Chris-
tian Reformed church of Zutphen, has
accepted the position of field sec-
retary for the missionary district west
of the Mississippi river.

A 56-foot extension will be built on
the Graham & Morton steamboat
dock at the foot of Eighth street.
Will Van Anrooy has taken the con-
tract for driving the piles.

While entering Holland harbor
Saturday morning in the heavy fog,
the schooner Condor struck the south
pier and sustained considerable
damage. She was assisted inside by
the life-savers.

Prof. J. T. Bergen delivered an ad-
dress at the commencement exercises
of the Montague High school last Fri-
day evening. He spoke on "Moder-
Equipment."

Rev. A. Pieters, missionary to Japan,
now on leave of absence in this coun-
try spoke in the Seventh Reformed
church of Grand Rapids Sunday fore-
noon and the Ninth Reformed Sunday
afternoon.

Charles Floyd, book-keeper of the
G. R. H. & L. M. railway offices, bad-
ly injured his thumb Tuesday while
boarding an electric car. Dr. Betts
dressed the injury which is painful
but not serious.

Ben Kramer arrived in the city to-
day from Polson, Montana with 60
horses and colts. He will offer them
for sale at the farm of A. A. Mat-
tison, west Central Park, for a few
days only. The horses and colts are
well bred and many of them are
"broke" single and double.

Miss Bessie Belle Thew, the Grand
Rapids instructor in elocution, has
closed her studio in that city for the
summer and will spend July and
August in this city. She will conduct
classes in elocution and physical cul-
ture and has a large number of pupils
enrolled. Miss Thew is stopping at
the home of Mrs. I. H. Lamoreaux,
276 Pine street.

At Monday night's meeting of the
board of public works action was
taken looking toward the enlarge-
ment of the city's electric light plant.
The matter was referred to the com-
mittee on lighting and to Superintendent
De Young, and they will at once
proceed in the preparing of some plan
that will provide for the enlargement
of the lighting plant. The resigna-
tion of John Nies, Jr., as city electri-
cian, was the same to take effect July 16,
was accepted.

The first of the year's series of races
for the Foster-Stevens cup took place
yesterday. The race was run over the
triangular course on Lake Michigan.
The entries were the Ethel IV,
owned by Campbell and Boyne; the
Alpha, owned by Hoppe and Irwin,
and the Elizabeth, owned by Eagles-
field. In the run to the windward,
the Ethel led, with the Alpha second.
On the second leg the Ethel still led,
with the Alpha, Snipe and Elizabeth
following in procession. At this point
in the race the Elizabeth met with a
misstep, which caused her to finish the
race under almost bare poles. The
Ethel IV. was the first to complete
the course in 1:19, the Alpha crossing
the line 14 minutes later; the Snipe
third, followed by the Elizabeth.

Louis P. Ernst, county school com-
missioner, is in the city today. This
is the day his competitor, Benj. R.
McCrosen, was to have taken the
reins of that office, but as the latter
is not educationally qualified, he has
not made an attempt to take possession
of the office. Mr. Ernst will con-
tinue to conduct the office, as he has
the past four years, with capability.
If Mr. McCrosen had taken the office
there would have been a legal fight,
and he undoubtedly has decided not
to do anything towards taking the
office to which he was elected. Mr.
McCrosen and his friends should

left last Friday night on the steamer
Puritan for Chicago from where he
will go to Memphis, Tenn., where he
has accepted a position as shipping
clerk for a large furniture company.
Frank will be missed by a large num-
ber of friends as he has always been
a citizen of Holland.

Frank Harry Goin Drowned While Bathing.

Frank Harry Goin was drowned
while bathing off King's dock this
forenoon. He is a young man about
22 years of age. He was the guest of
Geo. Forrester, book-keeper at Buss
Machine Works and was spending a
two weeks vacation in this city. Men
are searching and diving for the body
and the U. S. L. S. crew is out drag-
ing with the hook line.

Mr. Goin went to the dock for a
swim about 11 o'clock. Some boys
who were near saw him walk beyond
his depth and sink from sight. They
gave the alarm and in a short time a
number of swimmers were on the
scene and started diving for the body.
They found that the place where the
young man sank was at the edge of a
steep bank and that the water sud-
denly deepened from 5 feet to 20 or 30
feet. As no one could tell exactly
where the body sank it was a difficult
search and seines, grappels and hook
lifelines were brought into service
and assisted by the divers every fathom
of the spot was searched where the
body disappeared.

The life saving crew was summoned
and Captain Jensen and surfman
Beauduin reported. They searched
until 4:15 when their efforts were re-
warded by success. They caught the
body on the hooks in 25 or 30 feet of
water.

FRIDAY, July 5.

LIGHTNING KILLS ELEVEN.

Fishermen Seek Shelter from a Storm Under a Pier in Chicago and Find Death.

FOUR BOYS WERE AMONG THE VICTIMS.

Blue Roof of Their Retreat Draws Electricity to Where They Were Cuddled in Narrow Space—Disaster the Greatest of the Kind Ever Recorded.

Chicago, July 2.—Huddled together until there was scarcely standing room in the shore end of the Robbins pier at the foot of Marquette terrace, into which they had crowded in search of shelter from the fury of the storm, 11 persons had their lives snuffed out yesterday afternoon and a 12-year-old boy was paralyzed below the hips by a bolt of lightning. Ten of those who were killed died instantly. The eleventh still had a spark of life in his body when he was removed from the death-trap, but the physicians who worked over him were unable to resuscitate him. Four of the dead were boys whose ages ranged from 8 to 12 years. The ages of four were between 15 and 20 years and there were three men.

Crowded Together.
Willie Anderson, the only person to escape death, was taken from under the heap of bodies with his legs and back paralyzed by the shock, but it is thought he will recover. That portion of the pier covered by the rude zinc roof was so small that the victims had been crowded together in a heap. They were pressed so close together that all had been killed by the one thunderbolt as by a current in an electrocution. The Anderson boy was in such a position that he failed to receive the full force of the charge. The faces of the dead were blackened almost beyond recognition and the bodies were scarred and seared from head to foot.

Breaks the Record.
The catastrophe is unprecedented so far as recorded lightning fatalities are concerned. In Chicago, so far as ex-Chief Swenke's memory reaches, there has been no one instance where more than one or two persons were killed by a single bolt. In the early months of the world's fair four persons were struck by a lightning stroke at the Grant monument in Lincoln park, but only one was killed.

In "Haydn's Book of Dates" the largest fatality recorded is from a bolt which killed nine persons. That was in 1819 at a church in the Alps.

FOURTEEN KILLED.

Trains on the Wabash Railroad Run Into a Washout Nine Miles West of Peru, Ind.

Indianapolis, Ind., June 27.—By the wrecking of west-bound passenger train No. 3 at Cass station, on the Wabash railroad, 14 persons were killed and between 40 and 50 injured. Some of the injured will die.

The train, going at a high rate of speed, ran into a culvert, which had been washed out. The first four cars of the train, one of which was the smoker, were completely demolished, and the three sleepers in the rear were badly damaged. Eleven of the number killed and many of the injured were members of a party of Italian immigrants en route for Salt Lake City.

Sun's Rays Kill.

New York, July 2.—Ninety-six persons dead and 250 prostrated is the fearful record of yesterday's heat. These are the victims in Greater New York and its suburbs, and of those now in the hospitals it is feared scores cannot recover. In Philadelphia there were 15 deaths, Baltimore 14 and Pittsburgh 18. Many other cities report from one to six deaths.

Fears a Trap.

Shanghai, July 1.—Marquis Tseng has received a dispatch from Sian-Fu to the effect that the empress dowager, fearing a trap to capture her, declines to return to Peking and has notified the grand council that the future capital will be Kai-Feng-Fu, in the province of Ho-Nan.

Tobacco Crop Destroyed.

Madison, Wis., July 2.—It is estimated that by the destruction by heat of tobacco plants farmers will suffer a loss of over \$200,000 in Dane and Rock counties this year. A good crop is only possible with a second planting, with a very late fall.

Robbers Get \$9,000.

Minden, Neb., June 29.—Burglars broke into the courthouse, surprised and overcame County Treasurer Norlin, who was working overtime, secured \$9,000 in currency, set fire to the courthouse and escaped.

Only Four Counterfeits.

Washington, July 2.—During the 15 months ended June 30 there were placed in circulation but four new counterfeit notes, against an average of about ten for each year during the preceding ten years.

Postage Stamps.

Washington, July 1.—Postage stamps issued by the department during the fiscal year just closed numbered 5,116,236,000, against 4,377,727,000 the previous year.

NEIGHBORS FIGHT.

Desperate Shooting Affray in Iowa in Which a Father and His Son Are Killed.

Omaha, Neb., June 29.—A special to the Bee from Fort Dodge, Ia., says: As a result of a bitter neighborhood feud C. D. Guild and his 19-year-old son Clarence lie dead at Dayton, Ia., riddled with bullets fired from a shotgun. The man who did the fatal shooting is believed to be Oliver Bricker, one of a family of neighbors to the Guilds. The shooting was committed at one o'clock Friday afternoon. Bricker's story is that he met Guild and son. Guild pulled a revolver and began firing. Bricker was hit three times, on the lip, on the forehead and on the arm. All his wounds are slight. The last shot, Bricker claims, was fired by the boy, Bricker having knocked a revolver from Guild's hand. When Bricker got through the fence he says that his brother George met him and handed him a shotgun. He fired one barrel at the boy, who held the revolver. The boy fell, and as the father sprang to pick up the revolver Bricker shot and killed him. Both Brickers were arrested. Oliver Bricker was placed under \$10,000 bonds and George Bricker under \$5,000.

WAR TAX WIPED OUT.

Millions of Dollars Will Be Saved Annually by Business Men as a Result.

Washington, July 2.—Millions of dollars will be saved annually by business men as a result of amendment in the war revenue tax act that went into effect yesterday. It is no longer necessary to pay taxes on these things:

Bank checks, 2 cents; bills of lading for export, 10 cents; bonds or obligations by guarantee company, one-half of 1 cent on each dollar; certificates of deposit, 2 cents; certificates not otherwise specified, 10 cents; charter party, \$3 to \$10; chewing gum, 4 cents each \$1; commercial brokers, \$30; drafts, eight 1/2 cents; express receipts, 1 cent; insurance, life, 3 cents on each \$100; marine, inland, fire, 1/4 cent on each \$1; casualty, fidelity and guaranty, 1/4 cent on each \$1; lease, 3 cents to \$1; manifest for custom-house entry, \$1 to \$5; mortgage for conveyance in trust, 2 cents for each \$1,000; order for payment of money on sight or demand; perfume and cosmetics, 1/4 cent for each 5 cents; power of attorney to sell, 10 cents; promissory notes, 2 cents for each \$100; proprietary medicines, 1/4 cent for each 5 cents; protest, 2 cents; telegraph message, 1 cent; telephone message, 1 cent; United States money orders, 2 cents for each \$100; warehouse receipts, 2 cents.

PHILANTHROPIST DEAD.

Close of the Career of Rev. William A. Passavant, the Founder of a Number of Hospitals.

Pittsburgh, Pa., July 2.—Rev. William A. Passavant, of this city, died suddenly of apoplexy Monday at Jumbonville, where he had gone for a few days vacation. Rev. Passavant was prominently connected with the charitable work of Pittsburgh and was widely known as a philanthropist. He was born in 1857, became a preacher in the Lutheran church and devoted most of his time to the endowment of hospitals, having established the Passavant hospital at Pittsburgh; Passavant Memorial hospital at Jacksonville, Ill.; Milwaukee hospital, Milwaukee, Wis.; Passavant hospital, Chicago; Passavant home for epileptics at Rochester, Pa., and orphans' home at Zellenople, Pa., in all of which he was a director under the care of the Protestant Deaconess association.

IS SAVING MONEY.

Uncle Sam's Finances in Splendid Condition—Receipts Exceed Disbursements by \$76,000,000.

Washington, July 1.—The comparative statement of the government receipts and expenditures for the fiscal year ended Saturday shows an excess of receipts over disbursements of approximately \$76,000,000. This is only about \$4,000,000 below the estimate made by congress at the beginning of the last session in December, 1900, at which time the secretary estimated the receipts from customs would be about \$245,000,000. The final figures will probably fall short of this amount by \$6,000,000.

Debt Decreased.

Washington, July 2.—The public debt statement issued on the 1st shows that the debt decreased \$17,737,374 during the month of June. The cash balance in the treasury was \$326,833,124. The total debt, less the cash in the treasury, amounts to \$1,044,739,120.

Noted Mason Dead.

Cedar Rapids, Ia., June 29.—T. S. Parvin, for 58 years grand secretary of the Iowa masonic grand lodge, died Friday. He was one of the most widely known masons in the country, and also probably the last of the original pioneers of Iowa.

Electrocuted.

Columbus, O., June 28.—Edward Ruthven (colored) was electrocuted in the state penitentiary for the murder of Police Officer Shipp in Cleveland on May 6, 1900.

Drowned.

Warren, Ill., July 1.—H. O. Gann, one of the publishers of the Warren Sentinel-Leader, was drowned Sunday at Millville, near here, while swimming.

Prize Money Awarded.

Washington, June 28.—The equity court has awarded \$288,000 to Dewey's sailors and \$500,000 to those of Sampson's fleet for war prize money.

Big Failure.

New York, June 29.—Henry Marquand & Co., bankers and brokers, have made an assignment, with liabilities of \$8,000,000.

NEGROES IN WASHINGTON.

Commendable Progress in a Business Way Has Been Made by the Colored Citizens.

The Union league of Washington has just made an exhaustive inquiry into the status of the colored population there. It finds that commendable progress has been made in business, in spite of a good many drawbacks, there being over 83 varieties of business in which colored people are engaged, says the Star. There are more than 1,300 colored proprietors, one-fourth of whom have been in business more than ten years. They give employment to over 28,000 persons. They have \$654,761 invested in business, and they do an aggregate of business yearly of \$1,750,000. Barber shops, restaurants, cobbler shops, express delivery and similar callings constitute the larger portion, but there are 17 contractors, 75 fish dealers, 130 grocers and 49 market stand proprietors, and in all this lot only 11 poolroom keepers and nine saloon keepers. There are 53 physicians, 12 trained nurses, ten dentists and 33 lawyers. Among other conclusions reached by the investigation is that colored people are not disposed to patronize one another in these classes of business in which the whites seriously compete for trade. "This is ascribed partly to lack of confidence, but partly to envy and jealousy."

Our Varying Seasons.

The longest cold season is found in the Rocky mountain region, where it exceeds the warm by about ten days. The warm season in Texas and the lower Missouri valley opens about ten days earlier than in the region near the middle Atlantic coast, and from 20 to 25 days earlier than on the southern coast of California. In the northwest the warm season opens from 20 to 25 days earlier than in the lake region and from 15 to 20 days earlier than in the north Pacific coast region.

Quakers in Cuba.

One of the curiosities of Cuba is a Quaker meeting house which has been erected at Gibara, near Santiago. The congregation of Friends is said to number over 200.

Bank Suspends.

New York, June 28.—The Seventh national bank has been closed by order of the comptroller of the currency. Heavy loans on doubtful security caused the closing.

Laying of Corner Stone of Wisconsin Memorial Academy.

The work of Dr. G. J. Kollen, president of Hope College, in the matter of arranging for the founding of an academy in Cedar Grove, Wis., has borne good fruit as the following from the Sheboygan Herald will show:

"Yesterday afternoon (Wednesday, June 26) at one o'clock about six hundred people gathered at Cedar Grove, on the site of the new Academy to witness the laying of the corner stone of Wisconsin Memorial Academy, an institution which we hope the public in general and especially those who have worked untiringly to have it located here, will look upon with pride in the future. The founding and establishment of this academy has been fully detailed in a recent issue of the Herald and we think our readers are fully acquainted with its purpose but on which we wish to lay particular stress is the fact that the exercises of which we speak is the initial step to its immediate construction.

The program was concluded without even a hitch, and that interest is not lacking in the establishment of the institution here is evidenced by the fact that several hundred attended notwithstanding that the strong rays of Old Sol were beating directly upon them. After these ceremonies a greater part of the audience repaired to the village church where they listened to an address on Education by the Rev. J. E. Gebhard of New York and the marked attention given the speaker showed that his able discourse was well received."

Common Council.

The common council met in regular session last Tuesday night and was called to order by Mayor Brusse.

Henry Vrieling petitioned for rebate for sprinkling street crossings with his additional sprinkling wagon.

Referred to the committee on streets and crosswalks.

The committee on streets and crosswalks reported recommending that the prayer of petitioners for a sewer on Eighth street from River street to Land street be granted, and that the Board of Public Works prepare the necessary surveys, plan, profile, etc., and said committee requested an extension of time to consider the petition for paving Eighth street.

Adopted and recommendations ordered carried out, and extension of time granted.

The clerk presented invitation to the common council from the City of Kalamazoo to attend the celebration at Kalamazoo July 3 and 4, 1901.

The clerk was instructed to acknowledge receipt of invitation.

The clerk reported the following bids for grading and graveling West Twelfth street.

Bert Riksen, grading 20c per cu. yard; graveling 85c per cu. yd.

Hendrick Costing, grading 20c per cu. yard, graveling 93c per cu. yard.

B. Kammeraad, grading 12c per cu. yd. graveling 82c per cu. yd.

The contract was awarded to B. Kammeraad as per his bid, the job to be completed within sixty days and city attorney instructed to draw up necessary contracts, all voting aye.

By Ald. Van Putten, Resolved, that the Clerk be instructed to request the board of public works to purchase and place an electric fan in the common council rooms. Carried.

Certificates Granted.

The Board of School Examiners for Ottawa county met at Coopersville in the office of Louis P. Ernst, commissioner of schools, Saturday, June 29th. Of the forty-two applicants for teachers' certificates who wrote at Holland City June 29th and 21st, twenty were successful. There were 73 certificates granted, including re-newsals to those teachers whose certificates expire and who have been doing successful school work. Following is the list:

Hope Congregation Bids Farewell to Old Church.

The new Hope church is practically completed and services will be held there for the first time next Sunday. Last Sunday night pastor and congregation bade farewell to the old church which in the future will be used as an annex to the new and for Sunday school purposes, prayer meetings and society meetings.

The last services at the old building were very impressive. Rev. J. J. Van Zanten, of Cedar Grove, Wis., read the scripture lesson and asked divine blessing and Rev. J. T. Bergen preached the farewell sermon.

In tracing the history of the church he said that the first English preaching began in Holland in 1854, the first sermon being preached by Rev. Mr. Vineland, a teacher in the academy from which Hope College has grown. He was followed by Rev. J. Van Vleck, who was succeeded by Rev. Charles Van der Waal, who later was called to Bloemfontein, S. A. These three men, said Prof. Bergen, were the pioneers in the establishing of English religious services in this city. In 1862 church organization was advised, although there were but ten regular members, of whom two are now living, Mrs. H. D. Post of this city, who was present Sunday night and Mrs. Charles Post, of South Bend, Ind. The organization was effected July 20, 1862, and the first communion was held the next Sunday, July 27.

Rev. Dr. Philip Phelps, president of Hope academy, was pastor of the new organization; and faithfully and well did he perform his duties. In 1864 the first house of worship was erected at the rear of the present building and facing Tenth street. Between two and three hundred people composed the congregation. In 1866 Rev. A. T. Stewart was called to the pastorate and under his influence the church grew from a membership of 35 to a much larger number. In 1871 the big fire destroyed the church, although the parsonage was saved, and Mr. Stewart took upon himself the task of soliciting funds in the east for the new building; this together with the \$800 raised in Holland formed the sum with which the erection was begun of the new structure in which last night's service was held. This building was dedicated in 1873.

The succeeding pastors were Rev. Daniel Van Pelt, who was accidentally drowned about a year ago. Rev. Walter Jones, whose work was revivistic in nature; Rev. J. T. Bergen and Rev. H. T. Birchby.

Rev. Bergen was pastor some years ago when he resigned to take a position as one of the faculty of Hope College. He is still a member of the faculty; but upon the resignation of Rev. H. T. Birchby two years ago he again took up the duties of pastor and has fulfilled them ever since. He will continue in that capacity until a new pastor is called. His duties at the college makes it impossible for him to fill the position permanently. One thing is certain and that is that, the day will never come when the congregation of Hope will cease to remember the noble work he has done for the church.

Fourth of July in Holland.

Though no definite plans were made by the citizens of Holland for a Fourth of July celebration there was plenty of excitement and amusement in this city and a large crowd from the surrounding country was present.

The East Holland band arrived in the city at twelve o'clock and gave a fine band concert on River and Eighth streets until 1:30 o'clock when they went to the base ball park and played in the grand stand the entire afternoon.

At the ball grounds the fun was fast and furious. Before the base ball game a program of athletics sports was carried out. Sack races, potato races, running races and hanging contests were given by a dozen competitors under 14 years of age. Then there were hurdle races, running races and hanging contests by men. These events furnished excellent sport and kept the crowd in good humor until the ball game.

At Macatawa Park there was an immense crowd all day yesterday and they had all sorts of enjoyment. Hotel Macatawa was crowded and did an exceptionally large business.

F. K. Colby found it difficult to care for the wants of the visitors who thronged the pavilion and ice cream stands. He did a very large business.

At Ottawa Beach it was the same way. In fact every resort on Macatawa Bay, as well as the city of Holland, was visited by large crowds. It kept the street car company busy until midnight taking care of the heavy passenger traffic.

Cars Running Between Holland and Zeeland.

Cars are now running regularly between Holland and Zeeland on the G. R. H. & M. electric road. The first regular passenger car was run Wednesday afternoon. John Winter, president of the company, was motorman and B. S. Hanchett, Jr., vice-president was conductor. The other officials aboard were M. J. Kinch, superintendent, F. A. Smart, superintendent of right-of-way, and John Campbell, superintendent of construction. They were delighted with the condition of the track and found a royal welcome awaiting them in Zeeland.

On the return trip to Holland in the evening the car was loaded to the guards with a crowd of Zeelanders. They were elated over the establishment of railroad connections with Holland and gave vent to their joy with shouts as the car moved up Eighth street.

Vice President Hanchett is greatly pleased over the condition of affairs. He says that it is the desire of the company to treat every one with fairness and that nothing but the best of feeling exists between the company and the farmers along the road. In proof of this it is only necessary to state that Marinus Brunt, the man who was with the farmers of Zeeland township when they tore up the track was one of the first passengers.

Annual Meeting of Stock Holders of Ottawa County Building and Loan Association.

The annual meeting of the stock holders of the Ottawa County Building and Loan association will be held Tuesday, July 16 from 4 to 8 p. m. Directors will be elected in the place of G. J. Diekema, J. W. Bosman, C. A. Stevenson and L. M. Thurber.

ADDITIONAL LOCAL.

Rev. J. J. Van Zanten, of Cedar Grove, Wis., was in the city this week. He has taken an active part in the work of establishing the Memorial Academy in Cedar Grove and is greatly pleased with the success of the work.

Great closing out sale of lace curtains at John Vandersluis. He has about twenty pair of lace curtains that must be closed out at once to make room for new stock. Take advantage of it.

The G. R. H. & M. electric railway company handled one of the largest crowds in the history of the road yesterday. And this it did without a single accident and no unnecessary delay.

Gerrit Van der Meulen, of South River street, had his right hand shot to pieces by a cannon fire cracker yesterday. He was attended by Dr. Tuttle who found it necessary to amputate one of the fingers at the first joint and sew up the lacerated parts.

On Saturday night the Graham & Morton company will run an excursion to Chicago on the elegant steamer Puritan, leaving Holland at 9 p. m. Ottawa Beach at 11:05 p. m. Returning the steamer will leave Chicago Sunday night at 10 p. m. This will give an opportunity to spend the entire day Sunday in Chicago. Round trip \$1. Berths 50 cents each way.

Overisel had a grand celebration yesterday. A large crowd was in the pretty little village and participated in the amusements until late in the evening. The feature of the day was an eloquent oration delivered by Rev. John Van der Meulen. It was received with great applause and made a deep impression.

The equalization table adopted by the board of supervisors for the year of 1901 shows that Holland City real estate was assessed at \$2,109,410 and equalized at \$2,181,160; personal estate is assessed at \$1,007,163. Holland township is assessed \$1,813,070 and equalized at \$1,160,230. Grand Haven city is \$917,565 and equalized \$923,806. Zeeland township assessed \$1,281,650, equalized \$1,095,420. The total real estate as assessed is \$13,259,745, as equalized is \$12,641,116. Total personal is \$4,058,884, making a grand total of \$16,700,000.

Prof. O. S. Reimold, who for the past two years has been principal of the Holland High school, has been appointed educational instructor in the Philippine Islands. He will be one of a party of fifty that will leave for Manila in about a month to take charge of the work of perfecting the educational system in the islands. Prof. Reimold is well qualified for the position. He is a graduate of the U. of M. and holds a state teacher's life certificate. The salary is \$1,200 per year and the appointment is for three years. Prof. Reimold left Wednesday for his home in Saginaw to make arrangements for the trip. He will return to Holland for a short visit before he leaves for the Philippines.

A. I. Kramer's special July clearing sale will begin Saturday July 6 and will last two weeks only. He has planned particularly low prices upon his fine line of underwear, skirts, walking suits, lace curtains, parasols, etc., and will give every customer a bargain on every article in his store.

The outlook for the sugar beet crop in this section is very encouraging. Every farmer that contracted for acreage is meeting with success and the yield will be larger per acre than it was last year. The 300 acre beet farm in McDonald, Mich., which has been rented by the Holland Sugar company is in fine condition and promises a large yield.

Sneak thieves broke into the grand stand at the base ball park last night and stole some peanuts, lemons, sugar and soft drinks. Marshal Kamferbeek is on their trail and thinks he can land them.

Work on the Grand Rapids, Holland and Lake Michigan electric line is progressing rapidly and it is now the hope of the company to have cars running over the entire line in a few weeks. Between Holland and Zeeland the last rail has been laid and on Saturday a trial trip was made by several of the road officials. At the big sink hole where hundreds of feet of piling have been put down as well as tons of other material to fill up the seemingly endless gap, a track has been constructed around the opening and is arranged after the plan of pontoon bridges.

It Baffles the World.

No Discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. It's severest tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Colds, Asthma, Croup, Hay Fever, Hoarseness and whooping Cough it is the quickest, surest cure in the world. It is sold by Heber Walsh, who guarantees satisfaction or refund money. ZEELAND H. DE KRUIF HOLLAD

BOTH SIDES ARE WAITING

No Exciting Features in the Strike of Steel Trust Employees Are Reported.

NO RESULTS EXPECTED FOR SOME TIME

Real Test Will Not Come Until Close of Hot Weather—Big Strike Fund Being Raised—Working Members of Union to Be Assessed—Trust Makes Queer Move.

Pittsburgh, Pa., July 2.—The second day of the strike of the sheet steel and steel hoop workers of the Amalgamated association opened without interesting or exciting features. It was evident that neither side anticipated early developments, as there was no unusual activity about the combine offices and the utmost quiet prevailed at the headquarters of the workers. As President Shaffer remarked the conditions of the present strike were peculiar and no decided results were expected for ten days or two weeks. By that time the manufacturers, having all necessary repairs at their mills completed, would be anxious to resume operations. The struggle would then begin in earnest.

The belief is quite general, however, that the real test will not come until the close of the hot weather and the general resumption of business in the early fall, and in the meantime it is thought that the conflicting interests will see their way clear to recede from the present positions.

Preparing for Rainy Day.

That President Shaffer, of the Amalgamated association, is preparing for the rainy day which may come if the strike is prolonged indefinitely is evident from the circular mailed to the association lodges Tuesday. The circular directs the lodges to lay assessments upon their members, the money to be used for the relief of such members of the association as might be out of work. The money collected by these assessments of the lodges will be forwarded to Pittsburgh where it will be placed in the general fund of the association. The latter has for years been creating a strike fund, systematically and methodically. This fund is said now to amount between \$200,000 and \$300,000.

Combine Officials Not Worried.

The combine officials do not appear to be worrying over the situation and say they do not recognize a condition of a strike as yet. Some of the officers intimate that there may be a renewal of negotiations at any time and a settlement effected. In outside circles the belief is growing that the strike will be called off before it gets fairly well under way.

Outside Companies Ready to Sign.

Outside the combine plants, there is little apprehension over the situation. Among the independent companies in Pittsburgh who have closed down, but who are ready to sign, are:

Zug & Co., limited, will sign; the Pittsburgh Forge and Iron company, who are satisfied to grant the men's demand; A. M. Byers & Co., of the South side, at present closed for repairs, but ready to sign the scale whenever the committee waits on them, and Brown & Co., who are closed for repairs.

A Strange Maneuver.

The announcement Tuesday that the sheet combine had cut prices occasioned surprise, as it is known that all the mills have been busy and many orders remain unfilled. The heaviest cut is on No. 28, the standard gauge, which is reduced from \$3.35 per 100 pounds to \$3.10. The lighter gauges have been cut in price from one to three dollars a ton. The move puzzled the Amalgamated officials, and President Shaffer said:

"It has been done merely for the purpose of having an effect on the independent sheet manufacturers who have signed our scale."

The advisory board of the Amalgamated association has not yet been called to meet to consider the situation, but a meet will be held soon if the American Sheet company shows no disposition to reopen negotiations. President Shaffer says the call for another conference will not come from the Amalgamated association, as the ultimatum of that organization was given at the last conference.

Both Sides Make Concessions.

Dayton, O., July 2.—In conformity with the agreement reached in Washington Monday, many of the machinists of the National Cash Register company returned to work Tuesday morning. A concession on the part of the company which will allow the nine-hour day schedule was made. It is believed the employees also made concessions. The pay for ten hours is not understood to have entered in the agreement. It is not denied that some of the union molders have also returned to their places. The National Cash Register company has now adjusted almost every difficulty with the possible exception of the carpenters and woodworkers.

To Return to Work Friday.

Reading, Pa., July 2.—The Reading railway striking shop hands Tuesday notified the agreement between Chairman Boschor and President Baer and it was decided to return to work on Friday morning. Over 1,200 men were present at the meeting.

Strike at Joliet Settled.

Joliet, Ill., July 2.—The strike of the machinists at the plant of the Bates Machine company, which tied

up that plant several days and threatened to involve other mills here, has been settled and 250 men return to work at once. The men get 23½ cents, a nine hour day, time and a half on Sunday, double time on holidays and enforcement of union and apprenticeship rules. None of the mills in Joliet is affected by the recent strike order of the Amalgamated association.

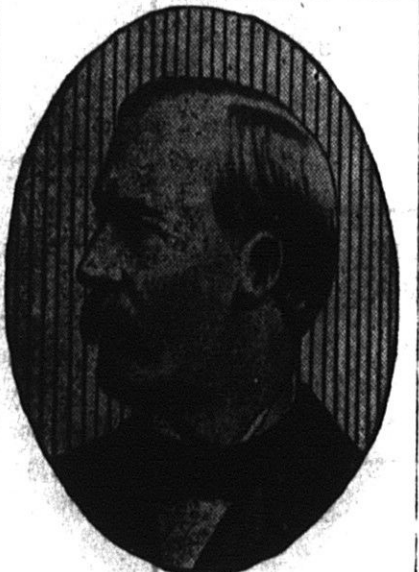

SENATOR KYLE'S FUNERAL.

To Occur on Thursday—Committees of the House and Senate Appointed to Attend.

Washington, July 2.—The following committees have been appointed on behalf of the senate and house of representatives to attend the funeral of Senator Kyle, at his late home at Aberdeen, S. D.:

Senators Gamble, Hansbrough, McCumber, Nelson, Clark, of Montana; Gibson, Penrose, Mallory, Daniel and Bard.

Representatives Martin and Burke, of South Dakota; Marshall, North Dakota; Edwards, Montana; Tawney, McCleary, Heatwole, Stevens, Fletcher,

SENATOR JAMES H. KYLE.

er, Morris and Eddy, of Minnesota; Dolliver, Heitfeld and Harris.

Sergeant-at-Arms Ransdell has been notified that the funeral will take place Thursday afternoon, which renders it impossible for an official representative of the senate to reach there in time for the ceremony. On that account Col. A. B. Tinsley, Senator Kyle's private secretary, has been requested to act as the official representative of the senate.

IOWA MAN CAUGHT.

Thomas F. Ward, Involved in Le Mars (Iowa) Bank Failure, Arrested at Jersey City, N. J.

Washington, July 2.—Chief Wilkie, of the secret service, Tuesday received a telegram announcing the arrest of Thomas F. Ward at Jersey City, N. J., by Special Operative Peeke. Ward was vice president of the Le Mars (Ia.) national bank and is said to have lost heavily in the stock market last April and is charged with having used the bank's funds. He left Le Mars and was not located until about two weeks ago, when he was seen by a former acquaintance to enter the Jersey City post office. He was located Tuesday by Operative Peeke and arrested. He is said to have signed his willingness to return to Iowa without extradition formalities.

Water Famine and Fire Burning.

Huntington, W. Va., July 2.—This city has a water famine. The pumps at the water station are broken and the reservoirs are empty. Thousands of laborers are made idle, as the factories are unable to run. There is great suffering in consequence of the water famine. The Adelphi hotel is burning in the thickly populated part of the city. The absence of water threatens the destruction of the entire town.

White House Usher Promoted.

Washington, July 2.—Harry Acheson, who has been an usher at the white house since Gen. Garfield was president, will become a pension examiner next week. He will be succeeded on the white house staff by Charles J. Pusey, of Maryland, the Pullman conductor who was in charge of the train on which the president and party recently made the trip to the Pacific coast.

Salt Lake Herald Sold.

Salt Lake City, Utah, July 2.—The Salt Lake Herald announces the sale of that paper by A. W. McCune and the R. C. Chambers estate to William Igleheart, who, since October, 1898, has been manager of the paper. Mr. Igleheart was for several years connected with the Salt Lake Tribune. Previous to 1894 he was financial editor of the Chicago Record.

Leaves Navy for Railroad.

New York, July 2.—Lieut. J. H. Scott, of the revenue marine service, who distinguished himself at the rescue of the persons on the disabled torpedo boat Winslow, off Cardenas, on May 11, 1898, has resigned and gone into the railroad business, under T. C. Pollock, the foreign freight agent of the Pennsylvania railroad.

Catholics Celebrate.

St. Paul, Minn., July 2.—The Catholics of the northwest celebrated at St. Paul Tuesday the semi-centennial of the arrival here of their first bishop, Rt. Rev. Joseph Cretin. Only two priests were then located in the whole diocese, Fathers Ravoux and Lacombe, both of whom were here Tuesday.

Alleged Defaulter Disappears.

Philadelphia, July 2.—William E. Douglass, until recently an assistant to the receiving teller in the Guarantee Trust and Safe Deposit company, of this city, has disappeared owing the institution \$13,000, which loss is covered by a Baltimore surety company.

ELOQUENCE OF THE NEGRO.

Notable Example Was That Presented in the Preaching of Rev. John Jasper.

Rev. John Jasper represented the highest type of ignorant eloquence. Frank Leslie's Popular Monthly contains an interesting account of the famous old preacher.

There were many other discourses, says the author, just as good as the "Sun-do-move" sermon, though not so well known. In every one he wrought himself up into a pitch that was astonishing. In preaching one Sunday on the final triumph of Christ's kingdom he soared aloft in his imagery. The audience, white and black, were wrought up to the highest pitch.

"An' Death," he said, "whar will Death be den? Chained—tied fas' to de golden chariot o' de Lawd. He will be groanin' an' stumblin' an' fallin'!" And taking up one foot in his hand with the suppleness and the activity of a trapeze dancer he hopped and hobbled and sprawled and fell around the pulpit until the congregation, run wild with the perfection of the acting, almost thought they were in the very presence of the chained Death, and the women shrieked and shouted and the men rose in their seats and shouted like wild.

In his speech John Jasper was denunciatory and as sarcastic as a man could be. He roasted his enemies alive. His strong point was his ability to ridicule his opponents. He could say more in a cynical grunt or a laugh or a wave of his long arm than most men can say in a paragraph.

Jasper could argue all day, if necessary, and none could beat him. He knew nothing of syllogisms, of their premises and their conclusions, but he proved what he said by staking upon it his own character.

"Ef tain' so, frien's, go into de high-ways an' de byways an' de streets an' de hedges an' tell ev'body you meet dat John Jasper is a liar!"

STILL LEFT IN DOUBT.

Pronunciation of St. Louis Remains a Problem Even to Residents of That City.

At the recent national convention of police chiefs one of the New York police captains called Chief of Police Kiely, of St. Louis, aside and requested a point of information of national importance, says the New York Times.

"Chief, will you tell me how the citizens of your city pronounce its name? Do they say Saint Louis—giving the sound of the final s, or do they say Saint Lewi, which I believe is the French way of pronouncing it?"

"You've got me," replied the chief. "Our people are divided on that point. The plain, breezy westerner avoids the French pronunciation by the dropping of the final letter, and the so-called cultured adhere to it with persistent tenacity. I can best answer the question by a story they tell out of my town. A New Yorker came west on a visit to the metropolis of Missouri, who used the French pronunciation when talking to a friend and old resident of the city. The westerner called the easterner aside and told him that the people of the town didn't say 'Saint Lewi.' The visitor thanked him and decided to follow the custom of the town and do as the Romans did. Shortly afterward he met another friend and he used the name of the city as he was told by his other acquaintance. He was immediately corrected, and informed that the real people of St. Louis avoided the Anglicized pronunciation, but said 'Saint Lewi.' Again the New Yorker thanked his friend tutor, and later returned to New York. On his arrival home he met another old acquaintance, who inquired where he had been and what city in the west he had visited. The traveler hesitated for a moment and then answered: 'I'll be hanged if I know how.'"

BEYOND THE SPAN OF LIFE.

Culprits Are Sometimes Sentenced to Centuries of Imprisonment.

To be sentenced to imprisonment for the term of one's natural life is hard enough, but to be consigned to a dungeon cell for a couple of thousand years is indeed harrowing. Yet foreign judges not infrequently impose sentences of several centuries without it being considered anything remarkable. Not long ago an Italian adventurer was convicted of 63 distinct forgeries. He was sentenced in each case, with the result that he will be free in the year 2089.

A couple of years ago a young man was arrested in Vienna who, upon his own showing, should have been sentenced to 2,500 years' imprisonment. A total of 400 charges was brought against him, and he was convicted and sentenced on all of them. But the judge was a merciful man, and in passing sentence he threw off 1,000 years in consideration of the man's youth. A little time ago, in the great Calabrian brigandage trial in Naples, the public prosecutor demanded sentence upon 248 prisoners, and although the average sentence imposed was a little over five years the aggregate of the sentences amounted to 1,300 years' imprisonment.

Exploring Syrian Castles. Castles in Syria, to the eastward of Moab, are being explored by Dr. Alois Nusli, of Vienna. On an earlier tour he came across one of these ruins and reported its plan, at the same time that he showed photographs of the frescoes that survive on its walls. They are believed to belong to later Roman centuries and to have been erected by powerful princes of Aral stock. Architecture and ornament show the influence of Perso-Grecian art.

Beyond Doubt.

THESE FACTS MUST CONVINCE EVERY HOLLAND READER.

That which follows is the experience of a resident of Holland. Incredibly cannot exist about the statement because it can easily be investigated.

Mrs. John De Kok, of 214 West 11th street says: "I was bothered for years more or less with heavy aching pains in my back. I could not rest comfortably and it was painful for me to stoop or to straighten up. Seeing Doan's Kidney Pills so highly recommended I got a box at J. O. Doesburg's drug store and tried them. They relieved me right away and in a short time my complaint disappeared entirely. Doan's Kidney Pills are a fine remedy."

THE DREYFUS CASE IN TATTOO

A French Coachman's Skin Bears 120 Scenes in the Celebrated Trial.

A French coachman in Paris is a walking illustration of the Dreyfus case. Some time ago he was in one of the punishment companies in Africa, says the New York Commercial Advertiser, and an artistic comrade killed time by tattooing him all over his body and legs with no less than 120 illustrations of prominent scenes in the case, including portraits of the leading personages connected with and various allegorical and emblematic devices as well. Black, blue, red and green colors have been employed, and the work has been executed with much skill. One of the surgeons of his regiment offered him 400 francs for his skin, explaining that he could remove the surface without pain or risk, and that a speedy recovery would follow. The soldier, however, preferred to keep his hide and the sketches tattooed on it, and therefore declined the offer. So, at least, he avers, and the wonderful success of the performance, which took about 20 months in the execution, is calculated to confirm the idea that the proposal may really have been made. What may be styled the two "pieces de resistance" are to be found on the back, and on the portion of the body on the other side, which afforded the most space for the flights of the artist's genius. On the former the terrible ceremony of degradation at the Ecole Militaire is graphically depicted. Three months were devoted to it, and it is surmounted by a number of allegorical designs, with hosts of figures personating goddesses, among whom may be seen one representing France, pointing out to the ill-fated captain the distant Ile du Diable. The other ambitious production gives the spectacle of the court-martial by which Dreyfus was condemned. Above it, on the left breast, a dagger pierces a heart, from which blood is flowing, and on the other side is beheld a serpent in the act of strangling a man. The arms are chiefly dedicated to counterfeit presentments of the generals whose names were so much before the public—Mercier, Billot, Zurlinden, De Boisdeffre, Gonse, and so on—and also to a portrait of the late President Felix Faure. Innumerable flags and other patriotic emblems garnish the things and legs, and there are other sketches as well.

STEAMBOAT IN THE WOODS.

Kansas Man's Story of a Captain Who Cut Through the Timber During a June Rise.

"Did you ever notice?" asked an observing man, according to the Chicago Tribune, "that when an unusual event occurs anywhere there is always somebody who is reminded of an event which overshadows the news of the day? I met a Kansas man today, who, after he had talked about the great calamity in Texas, told me that it was 'nearly as bad as one of the June rises of the Missouri river.'"

"Then he went on to tell me some of the experiences which Kansas and Missouri farmers had in consequence of great overflows that often changed the boundary lines of counties, and two states. In one case a Kansas town by reason of the shift of the channel of the river found itself in Missouri. But his capsheaf story was that of an old steamboatman who, during one of the rises of which he spoke, cut across a field in Kansas with his boat, hoping thereby to make time. The water was high and swift in the forests, and the steamboatman took the wheel and steered his craft right through the woods and across fields. He concluded to tie up to one of the big trees during the night and resume his voyage on the following morning. But lo! when the morning came the waters had abated considerably, so that the steamer was stuck in the mud. The waters continued to abate, and by the second night there wasn't enough to drink. The river gradually resumed its old channel, according to the Kansas man, and the boat was finally left there, right in the woods. The boat was dismantled of most of its furnishings, but there were the outlines of a boat just the same. A farmer lived in the craft one winter, and in the following spring the boat became the abode of crows and other things. The moss gathered about the hull, the smokestacks rusted away, and at last there was a crash in the stillness of the forest, and the only dry land steamboat in Kansas, or anywhere, fell to pieces."

Sporting News.

Fennville sprung into prominence as a base ball town Monday when the Fennville club administered a stinging defeat to the Zeeland club on the grounds of the latter. The game was rather wild and was remarkable chiefly for the heavy batting of the Fennville boys. They knocked Slabbeekorn all over the field and won by a score of 5 to 4. The batteries were Slabbeekorn and Schouten-Nelson and Redick. Umpire-Sooy.

The base ball team is rapidly rounding into form. They have almost overcome their weakness in batting and are playing a wonderfully clever fielding game. By July 10th the date of the Holland game, they will be in the pink of condition and Holland, who has such a clever team, will have to hustle to hold her laurels. The Grand Haven team will spring some fast team work on the cranks.—G. B. Tribune.

The Grand Rapids boys who played at Holland Thursday have many kind words for their treatment and the people in the bustling Dutch city on the lake. It seemed to be the aim of everybody in Holland to make it pleasant for Grand Rapids boys and they all say they had a royal good time.—G. B. Democrat.

The first blood on the base ball diamond will be "spilled" July 10 when the business men on the north side of Eighth street will be arrayed against the business men on the south side in deadly strife for the championship of the world.

Hon. E. J. Diekema, on account of the experience in settling quarrels which he has gained as a member of the Spanish war claims commission, will act as umpire and will issue a capias ad respondendum to any player who throws the ball more than 6 miles an hour. The opposing batteries will wear suits of armor made from the steel plates of the steamer Fortian, the infield will carry baskets to catch the ball, and the outfield will be stationed outside of the fence to take care of the long drives of the heavy batters. Any man caught stealing a base will be prosecuted for petty larceny and whoever knocks the pitcher out of the box will be arrested for assault and battery. Boxing gloves will be used instead of "mits" and Marquis of Goosebury rules (run when you get a chance) will prevail.

After the game a grand balloon ascension will take place from the pitcher's box and both sides will "go in the air." A small admission fee will be charged to pay doctor's bills.

The News got in heaps of trouble on account of the article regarding the base ball argument between the "buffers" and the "skivers" of the Cappon-Bertsch leather company. The "skivers" say that they are not and never have been afraid of the "buffers." One of their number visited the sporting editor of the News and in the course of a hot interview said that he had told the "buffers" that before he would recognize them they would have to make a reputation and suggested that they begin doing so by playing Zeeland, Hamilton or Overisel.

The buffers were angered at this and have issued a formal challenge offering to play for the championship of the tannery at the Holland Base ball association diamond any time within a month for fun or money. Game to be played under National league rules and John Cappon or some other good base ball authority to act as umpire.

It is expected that committees representing the two factions will get together next week and make arrangements for a game.

A ball game has at last been arranged for. Holland and Grand Haven will cross bats at Recreation Park this city, on July 10. Holland being county champions the game should be as interesting one. Our boys are practicing regularly and are confident of beating out the boys from Colony.—S. H. Tribune.

The game at Fennville yesterday between Fennville and Saugatuck-Douglas resulted in a victory for the latter club by a score of 11 to 7. Both teams hit the ball hard and often but the fielding was of the ragged order. Zeeland has won a game. A rift came in the dark cloud that has been encircling them and they defeated a

team from Jenison and Grandville yesterday by a score of 25 to 5.

Manager Van Dam has arranged games with Grand Haven, Saugatuck-Douglas and Rockford and is negotiating for a game with Fennville. The boys will meet the Grand Haven club at Recreation Park in that city July 10 and a return game will be played at the Holland grounds about two weeks later. The boys will go to Saugatuck for a game July 13 and it will be a sorcher. The "Indian" will pitch for the twin city nine and they say his arm is death to the average batter. The game with Rockford will be played at Grand Rapids July 18 and every fan in Holland will go to see it as Rockford holds the championship of Kent county and would like to wipe Holland and Ottawa County off the map.

McLachlans Win by Score of 8 to 5.

The game of base ball played yesterday afternoon by McLachlans and Holland was exciting and kept the fans guessing until the last inning; but it seems that Holland can not win a game on the Fourth of July especially when pitted against the McLachlans. Last year the local nine was defeated by the same club by a score of 11 to 7 with Van Putten and Ver Schure in the box and the fans are wondering what the result will be next 4th. Probably they will have a chance to know more about it before next 4th as the clubs may cross bats again before the close of this season.

Yesterday Rob De Pree pitched the whole game for the Holland nine and might have won out if he was given strong support; but it was the Holland boy's day to miss files and they could not drive away the hoodoo.

The McLachlans are stronger than ever and played a perfect game. They gave Rockwell great support and "Rocky" repaid them by pitching excellent ball.

The fans were disappointed over the result of the game. They wanted to see Holland win and thus wipe out the defeat of a year ago. If the action of "Tards" in refusing to play had not caused a change in the line up, forcing the boys to play positions they were not accustomed to, Rob might have pitched to victory. He struck out eight men, the best record ever made by a local pitcher against a team of heavy hitters. He is cool and heady and makes an ideal field captain. So pleased are the other members of the club with his generalship that they talk of electing him captain.

Lake and Marine.

The reported heroism of the Ludington lifesavers in rescuing a drowning woman from the channel last week proves to have been a hoax. The woman, who was something of a vagrant, was known as Catharine Tuiley. It appears that while in an intoxicated condition she wandered in the vicinity of the life saving station and lay down to rest. In watering a flower garden Surflan Geo. Robinson accidentally showered a few pailful of aqua pura upon the woman who suddenly aroused from her lethargy and made a savage attack upon the lifesaver. As a matter of self defense Robinson promptly turned the hose upon his assailant, drenching her thoroughly. But this punishment did not have the desired effect; the woman still continued her assault upon George and finally compelled him to drop the hose and run. This ended the little dramatic sketch and a hack was sent for to convey Miss Tuiley to the quay. The next day

the officer released her upon her promise to leave town.—Ludington Record-Appen.

The new life saving station which will be built at Chicago to take the place of the old one will be commenced in a few weeks. It will be built east of the old station.

Supervisor Wade of Saugatuck has been elected as a delegate to represent Allegan county at the meeting of the state board of equalization which will convene in Lansing next month. The board voted to allow \$3.00 per day and necessary expenses.

FARMING IN ALASKA.

Investigation Shows That Its Agricultural Resources Are of Considerable Importance.

Coming back to Alaska, Uncle Sam, as well as the engineers, is doing his part in making that land habitable, says the Little Chronicle. The agricultural department has established experiment stations above Sitka and in the Yukon valley, and they have found many places where the vegetables and grains and small fruits may be grown and many more where cattle and sheep may be raised. Indeed Dawson is no more than a hundred miles farther north than St. Petersburg, and the most northern point of Alaska is in the same latitude as Hammerfest, Norway, a town of 2,500 people. Certain parts of it—the seacoast and the great valleys—are warmer than Siberia, which, being chiefly a country of frozen plains, is exposed to arctic winds. If Norway, Sweden and Finland are self-sustaining countries, raising grain, root crops, live stock and carrying on fishing and lumbering, there is no reason why Alaska should not also become a busy country filled with people engaged in other industries than mining.

Evolution of the Hat.

According to the Washington Times, the hat of the modern American is a more or less direct descendant from the ancient helmet. The shape of a derby could have been evolved from nothing else, and it has little save tradition to recommend it. It is not beautiful or comfortable, as compared with the cowboy's soft felt hat or the cap of the European peasant. It does not keep the ears warm, nor stay on with any degree of success, and it goes out of fashion every season, reappearing later in a slightly different form. Its sole recommendation is the tradition that it is the proper headgear for a civilized and enlightened man; and when it is cocked on one side of the head of a rowdy it does not make him look either civilized or cultured.

Indigestion of Loneliness.

At a time like the present, when the marrying age of the average man of the middle classes is being more and more postponed, the physical ills of bachelorhood become increasingly under the notice of the medical man, says the London Lancet. The experience of countless generations, from the red Indian of the woods to the white-shirted diners of a modern party, has perpetuated the lesson that a man should not eat alone, nor think much at this time, but should talk and be talked to while he feeds.

White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50 cents. Sold by Heber Walsh, druggist.
