H. W. Williams of Grand Rapids was here last Saturday consulting with the officers of the S. O. & W. A. Agricultural society with a view of giving a Chyuse game and a rough rider exhibition at the fair grounds. Chyuse is a great game. It is played by the flower of the cowboy and Indian rough riders of the west and is polo, baseball, football and horseracing all in one. It was played in Grand Rapids for the first time several weeks ago and since then has been attracting crowds that eclipse those attending all other attractions put together. If a game could be arranged at the fair grounds it would be the big event of the year.

The following instructors of the Christian school on Central Avenue have been re-engaged for next year: Principal B. Steggink, A. Bylstra, the Misses H. Jansen, Christine Holkeboer, Fannie Belt Lizzie Lenters, Maggie Ratschafet Anna Veltman, and Derkse. The school board has presented Principal Steggink with a Century bicycle a token of appreciation of his services, and the fact that he has agreed to stay here another year, declining the position tendered him of the principalship of the Dennis street school in Grand Rapids. The members of the board are G. W. Mokma, president, Rev. A. Keizer, vice president, A. C. Rinck, A. Pieters, A. H. Haverman, A. Wiebald, P. Derkse, Rev. D. R. Drukker and P. Blok.

Give us Sunday mail is the supplication of the Saugatuck Commercial Record. There is a space of 44 hours intervening between mails Saturday and Monday and the Record thinks this is too long. It says: "The regular patrons of the office, frequently get impatient mail Saturday afternoon that needs immediate attention, but which cannot be properly answered and delivered at the post Office before the departure of the last out going mail that day, and consequently it is delayed nearly two days. During the fruit season many shippers would welcome the change and in this way a large amount of mail which is now diverted to other Post Office and brought to this immediate vicinity by Rural Carrier would be retained at this office. This would also mean an increased sale of stamps and of cancellation. Again we have with us during the summer many visitors and strangers who have always been accustomed to their mail, and on being deprived of it carry away an erroneous idea of the town."

ChanYam's fireworks was the best feature of Holland's fourth of July celebration.

The game law passed by the legislature absolutely prohibits the sale of the plumage of non-game birds. This will affect the millinery industry but it is likely that it will not be difficult for them to get a substitute for plumage. This feature of the law was the work of the Audubon society of the country and aims to protect feathered songsters.

The whole matter was turned into the council last night and was in turn referred to the council library committee. The library matter is now up to the council.—Grand Haven Tribune.

B. C. Schmetgen of Grand Haven was arrested and brought before Justice Hoyt charged with using indecent, obscene, immoral and insulting language in the presence of women and children. Mrs. Schmetgen was the complaining witness. On account of a defect in the complaint the defendant was discharged by Justice Hoyt but he was rearrested as he left the court room by Officer Salisbury on charge of assault and battery upon his wife and Harvey. WILL DISCUSS TERMS OF PEACE

PRESIDENT ANNOUNCES NAMES OF ENVOYS SELECTED BY RUSSIA AND JAPAN.

Plenipotentiaries Given Full Power to Conclude Peace, Subject to Ratification by Their Governments—Date of Conference Not Fixed.

Oyster Bay, N. Y., July 3.—Official announcement has been made by President Roosevelt of the names of the Russian and Japanese envoys to the Washington peace conference. The character and ability of the men selected by both belligerents is an earnest of the desire of their respective governments to conclude, if possible, the tragedy being enacted in the far east. The plenipotentiaries are:

Russian—Ambassador Muraviev, formerly minister of justice and now ambassador to Italy, and Baron Rosen, recently appointed as ambassador to the United States to succeed Count Cassini.

Japanese—Baron Komura, minister of foreign affairs, and Kogoro Takahira, minister to the United States.

The president, in his announcement, says: "It is possible that each side may send one or more additional representatives. The plenipotentiaries of both Russia and Japan will be entrusted with full power to negotiate and conclude a treaty of peace, subject, of course, to ratification by their respective governments."

The president's announcement practically concludes the preliminary negotiations for peace. Minor details remain yet to be arranged, but the conference now seems to be assured. While no absolute date for the meeting of the envoys has been fixed, it has been determined that the first session will be held in Washington about the 1st of August. No decision yet has been reached as to the place of holding the sessions of the conference. For the purpose of organization and to determine upon plans for the future, the plenipotentiaries will meet in Washington, but it is regarded as highly probable that at an early date thereafter they will adjourn to hold the business sessions of the conference in some city on the north Atlantic seaboard.

Opinion in London.

London, July 3.—A dispatch from New York was the first intimation London had of the definite appointment of the Russian and Japanese delegates to the peace conference at Washington. When the news was communicated to the foreign embassies and the officials here, everyone expressed great delight at the successful issue of President Roosevelt's efforts. They were surprised that the delegates were empowered to conclude a treaty of peace, as it was feared that Russia would hold out for ratification by the government. One diplomat said that it was a great diplomatic achievement, and if President Roosevelt succeeded in inducing the belligerents to agree to an armistice before another great battle is fought, his triumph would be complete.

To Mobilize Army.

Stockholm, July 5.—An order for the mobilization of the Swedish army has been issued, and a proclamation to this effect will probably be issued within a week. The mobilization is intended as a means of giving added force to any proposal for settlement which the special committee appointed by the riksdag may make to the Norwegian storting.

BIG PACKERS INDICTED.

Close of Federal Inquiry Into Beef Trust Methods—Result of Investigation.

Chicago, July 3.—Five large packing house corporations and 21 officials and employees of various meat producing industries have been indicted by the special federal grand jury, which for over three months has been investigating the packing business. The indictments were returned to Judge S. H. Bethea in the United States district court Saturday afternoon, and the jury was discharged. The five corporations and 17 of their officials, as individuals, are charged with conspiring in a combination in restraint of trade and commerce, and four men connected with the traffic department of another packing firm are charged with conspiring to accept rebates from various railroad companies. The two indictments were voted under the Sherman anti-trust law and the interstate commerce laws, and carry, on conviction, penalties of one year's imprisonment and fines ranging from \$1,000 to \$20,000 for specific offenses. Imprisonment must be in a county jail, as the offense of violating either of the laws is accounted a misdemeanor.

The corporations named in the indictment are: Armour & Co., Armour Packing company, Swift & Co., Fairbank Canning company, formerly Nelson Morris & Co., and Cudahy Packing company.

Among the individuals indicted are: J. Ogden Armour, president of Armour & Co.; Patrick A. Valentine, treasurer of Armour & Co.; Arthur Meeker, general manager of Armour & Co.; Charles W. Armour, president of the Armour Packing company; Louis F. Swift, president of Swift & Co.; Edward F. Swift, vice president of Swift & Co.; Edward Morris, vice president of Fairbank Canning company; Edward Cudahy, vice president and general manager Cudahy Packing company.

A NEW CHAMPION.

Marvin Hart, in Defeating Jack Root at Reno, Nev., Takes Position Long Held by Jeffries.

Reno, Nev., July 4.—Marvin Hart won over Jack Root in the twelfth round here Monday afternoon, when the odds were three to one the other way. The punch which compassed the downfall of the Chicagoan was a short-arm, powerful jab of the right arm to the pit of the stomach. The blow was delivered with terrific force, and caught Root while he was coming up. He reeled and tottered and fell in a heap on the resined floor of the ring. Jeffries, towering over the prostrate form of the Chicagoan, tolled off the ten seconds, which made Hart champion of the world. He might have counted 20 seconds for that matter, for Root was hopelessly defeated. Up to this point of the fight Root had a commanding lead over Hart, and appeared to be winning well in hand, but was finally felled. Just before the fight began, Jeffries called the men to him and announced that the victor would be the heavyweight champion of the world.

Bishop Joyce Very Ill.

Minneapolis, Minn., July 3.—Rev. I. W. Joyce, bishop of the Methodist church for the diocese of Minnesota, sustained a cerebral hemorrhage, followed by an attack of paralysis, while addressing a meeting at Red Rock Sunday. The condition of the bishop is serious. Bishop Joyce is 69 years old.

Money for Michigan.

Washington, July 1.—The comptroller of the treasury has allowed the claim of the state of Michigan in the sum of \$47,698 for reimbursement for expenses incurred by the state in aiding the United States to raise the volunteer army for the war with Spain.

The committee on sports was at the Park Wednesday measuring out the ground for the athletic contests and mapping out the course for the races on the bay.

The launch race open to launches owned in Holland is attracting wide attention. A handsome cup will be given to the winner and there is scarcely a yacht owner in the city who is not already in fancy the proud winner of the trophy.

W. T. Bishop an Able Instructor

The Clinton Republican, published at St. Johns, published recently the following relating to W. T. Bishop who has been secured as superintendent of the Holland city schools for next year, to succeed Superintendent J. E. Clark:

"Patrons of St. Johns' schools will be sorry to learn that Superintendent W. T. Bishop has resigned his position as head of the schools and has accepted a position as superintendent at Holland, at a salary of \$1,560 for the first year with prospects of further advancement. Mr. Bishop is a very thorough and capable educator, who has made a splendid record as a teacher and superintendent, and leaves our schools in first-class condition. The local school board did not feel that St. Johns could pay the price offered, and did not want to stand in Mr. Bishop's way of advancement."

"Mr. Bishop is a graduate of the Charlotte high school and of Olivet college, and has taken one year post graduate course at the U. of M. He has also been granted a Master's degree by Olivet college. He has been principal of the Eaton Rapids high school and superintendent at Hart and Decatur before coming to this city three years ago."

"Holland is a city of about 9,000 inhabitants and has a school which requires forty-one teachers. Mr. Bishop will have no class work."

"The Holland school board sent a committee here to look Superintendent Bishop up and investigate his

record. The position was tendered him without his having made any application, and without any effort on his part to secure it.

"During his residence in this city Mr. Bishop and his estimable wife have won a large circle of friends who regret their departure. They will move to Holland about the middle of July. Mr. Bishop says he has enjoyed his associations in this city and regrets leaving, but the advance in salary was such that he felt he could not refuse to accept the position."

Next Day

The next day is never as good as the day before. Don't wait too long before going to the Lokker-Rutgers Co. to get into a Clothcraft suit or overcoat.

The School Ticket

For School Trustees—
H. Kremers.
G. J. Van Duren.
Henry Geerlings.
E. R. Ballard.
W. A. Holley.
W. J. Garrod.

Only Twelve Attend Caucus

At the citizens caucus last evening H. Kremers, G. J. Van Duren, Henry Geerlings, E. R. Ballard, W. A. Holley and W. J. Garrod were nominated. The three first mentioned are members of the present board. Their terms expire and the election will be held Monday to fill the vacancies.

According to custom each elector present last evening placed three names on his ticket the names of the six men receiving the largest numbers of the votes cast to be the nominees. There was no contest.

On Monday each voter can designate on his ballot which three of these men he desires to have on the board of trustees and the three receiving the highest number of votes will be the favored ones.

The attendance last evening was microscopic, only twelve men good and true were there. This meager attendance spells apathy with a big A, but it may not be as apathetic as it looks. Had there been agitation of any particular question the people would throng to the caucus as in the days of old. In these days the people are satisfied, hence their lack of attention.

John Hay

Death is always a shock for some one. When it comes unexpectedly it is doubly so. When in the case of a man high in public life death comes and comes unexpectedly the shock in its effects is not only doubly severe it is severe a hundredfold.

In the death of John Hay, secretary of state, death came suddenly, it came to a man high in public life and thus does a hundredfold shock come to the people. No matter how remote from civilization the American citizen may have cast his lot; be he in the mountain fastnesses of the east or west, on the wind blown prairies, or in the "poor white" districts of Kentucky, be he high or low in life's station, the news of the death of John Hay, heard he but a whisper of the life of the man, would stun him with concern for a moment, and the next moment would allow grief to creep into his heart. For to learn of the life of this man is to hear of grand and noble achievement, to hear of his death is to hear of the loss of a man that this country scarcely can afford to lose, that mankind dislikes to lose, and that the world suffers to lose.

For John Hay belongs to this country, because of the noble work he did in its service; he belongs to mankind because of the literature he has left to mankind; and he belongs to the world because of the part he took in the making of the history of the world the last forty years. He lived in Lincoln's time and lent his integrity, his broadness, his diplomacy, his breadth of character to the aid of the great emancipator; he lived through the reconstruction period and with fine discrimination bent his energies to the solution of the vexatous questions growing out of the war for human recognition; he lived in McKinley's time, in Roosevelt's time, and it was in these times that his achievements towered to greatness. There was work to do in these times. The term "World Power" had become the Alladin lamp of advancement, and who did more than John Hay to make of the United States a world power? None did more than he. He touched the Chinese Wall with the wand of enlightened Americanism, of which he was typical, and this relic of barbarism crumbled into insignificance and made way for the onward march of the commercial spirit of the United States; he took up the tangled threads of chaos growing out of the Monroe Doctrine and made it a vitalized reality honored of nations; he met with Yankee fibre and Yankee honesty the intricacies of the tangled maze born of the Spanish-American war and brought clearness out of confusion in a way that redounded to the lasting good of this country; and challenged the admiration of diplomats the world over; he did more than any of his contemporaries in solving diplomatic questions of world wide importance, and his influence is world felt.

On account of these great achievements mourning is broadcast for his death; on account of these great achievements his name will live. It will live in history when men and women will read "Castilian Days" "Jim Bludso of the Praire Bell," or "Little Breeches"; live in diplomacy when the Monroe Doctrine is questioned, when the commercial invasion of China is contemplated; live in statemanship when treaties of world wide importance are to be made.

John Hay was great in life and his memory will not perish.

A WAY OPEN

Many a Holland Reader Knows It Well.

There is a way open to convince the greatest skeptic. Scores of Holland people have made it possible. The public statement of their experience is proof the like of which has never been produced before in Holland. Read this case of it given by a citizen:

Mrs. B. Volmarei, of 65 West 13th street, says: "My kidneys bothered me for years until the dull aching pains through my loins became almost constant. I easily tired and became stiff from sitting or lying in one position for any length of time and I rose in the morning feeling thoroughly unrested and devoid of energy. Often I could hardly stand up straight and I walked about in a stooped position. There was also a stiffness and numbness in my limbs. I had seen Doan's Kidney Pills highly recommended and I got a box at J. O. Doesburg's drug store and commenced their use. The result was most gratifying, and in spite of my advanced age, I soon began to feel better. Aside from the natural stiffness of joints in a person of my age, I feel splendid."

Bent Her Double

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at W. C. Walsh's drug store; price 50c.

Hollands Business Holiday

YOU ARE ALL INVITED

Fine Program of Sports and Special Attractions.

You are all invited to go to Jenison Park next Wednesday. On that day will be held Holland's Business Holiday, the first recreation day of that nature in the history of the city. All of the business houses will close for the afternoon and the factories will close all day thus giving all who desire a taste of fresh air and a good time.

The Interurban railway company has entered into the spirit of the occasion and has arranged for a good program of athletic sports and special attractions. There will be races on land and water, fireworks, a balloon ascension and other sports outside of the regular park attractions.

Zeeland, Saugatuck, Douglas, Fennville and other places in the vicinity of Holland will be represented by good crowds and a large gathering is predicted.

The committee on sports was at the Park Wednesday measuring out the ground for the athletic contests and mapping out the course for the races on the bay.

The launch race open to launches owned in Holland is attracting wide attention. A handsome cup will be given to the winner and there is scarcely a yacht owner in the city who is not already in fancy the proud winner of the trophy.

SOME OF THE DOINGS OF THE BIG DAY

Here are some of the doings of Holland's Business Holiday at Jenison Electric Park next Wednesday:

Launch races for cup.

Log Rolling contest between men who wear corks in their boots and know how to burl.

Swimming races, tub races, rowing races.

Balloon ascension.

Fireworks display from huge raft in front of park dock.

Athletic contests of all kinds, open to all. Serious sports and funny sports.

Four Facts For Sick Women To Consider

Lydia E. Pinkham's Vegetable Compound Has an Unequalled Record of Cures—Mrs. Pinkham's Advice Is Confidential, Free, and Always Helpful

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful menstruation, leucorrhoea, displacements of the uterus, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, all uterine and ovarian inflammation, weakness and displacements, regulating menstruation perfectly and overcoming its pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

FOURTH.—Every ailing woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

TOPEKA BANK FAILS.

First National Closes Its Doors Owning Depositors a Very Large Amount.

Topeka, Kan., July 5.—By closing its doors Monday the First national bank of Topeka threw into liquidation the \$7,000,000 estate of C. J. Devlin, in which several Chicago banks are heavily interested. The comptroller of the currency has appointed National Bank Examiner J. T. Bradley receiver of the bank.

According to a recent statement the First national bank of Topeka owed depositors \$1,390,000. Of these depositors the state of Kansas has over \$500,000 in deposits, the city of Topeka \$39,000 and the county of Shawnee about \$30,000.

No definite statement has yet been made as to the condition of the bank. Col. W. H. Rossington, vice president of the bank, locked the institution's books in the vault to await the arrival of J. T. Bradley, the national bank examiner, whom the comptroller had appointed receiver of the failed bank, and he would only say: "The bank's trouble has not been caused by dishonesty on the part of anyone, but by lending too largely to one borrower. There has been no stealing." This borrower is, of course, Mr. Devlin, and the bank is said to hold the capitalist's paper to the amount of \$1,100,000. Mr. Devlin, whose sudden illness brought about the tangle in the big coal mining and railroad properties, valued it is estimated, at close to \$7,000,000, is still under the care of a physician, and no statement could be secured from him.

GIVES MILLIONS.

John D. Rockefeller Donates the Sum of \$10,000,000 for Advancement of Higher Education.

New York, July 1.—Ten million dollars, as an endowment for higher education in the United States, has been given the general education board by John D. Rockefeller. The announcement was made by Dr. Wallace Buttrick, of the board, at a meeting Friday. In his statement the latter says that the present gift differs from Mr. Rockefeller's first gift of \$1,000,000 to the board in the following particulars: The principal sum of the gift of \$1,000,000 made on the organization of the board could be distributed. The present gift of \$10,000,000 is held as endowment, the income only being available for distribution. The first gift was designed to be used exclusively in the southern states. The present gift is for use not only in the southern states, but throughout the United States without distinction of section.

MOB LYNCHES EIGHT.

Storms Jail in Watkinsville, Ga.—Secures Victims and Shoots Them to Death.

Watkinsville, Ga., June 30.—Nine prisoners were taken from jail here Thursday and eight shot to death by a mob of masked white men within 200 yards of the center of the town. Eight men were carried to the scene of the lynching, but one miraculously escaped death by falling to the ground when the volley was fired and feigning that he had been killed. The names of the prisoners who were killed are: Lewis Robertson, Rich Robertson, Sandy Price, Claude Elder, Rich Allen, Bob Harris, Jim Yearly (all negroes), Lon Aycock (white). Joe Patterson (negro) feigned death and the mob left him thinking he, too, had been riddled with bullets.

Four of the prisoners were charged with being implicated in the murder of Holbrook and his wife several weeks ago, and one was held for an attempted criminal assault. The others were in jail on minor misdemeanor charges.

Martial Law Proclaimed.

St. Petersburg, July 1.—Martial law has been proclaimed in the governments of Sebastopol, Nikolai and Erivan. An imperial decree confers on the viceroy of the Caucasus the rights of a military commander, with special powers. The same powers are bestowed on the commander of the Black Sea fleet, so far as the districts of Sebastopol and Nikolai are concerned.

Seven Killed.

MUTINOUS SHIP TO BE DESTROYED

RUSSIAN GOVERNMENT SENDS TORPEDO BOAT AFTER THE KNIAZ POTEMKINE.

Orders Are to Sink Her—Will Attempt to Rid Black Sea of Mutineers—Latter Declare War Against All Russian Vessels.

St. Petersburg, July 5.—According to a dispatch received by an official agency the torpedo boat destroyer Sneltily, with a volunteer crew, has sailed from Odessa with the intention of sinking the Kniaz Potemkine. With Kusteni and other unprotected ports of Roumania, Bulgaria and Turkey at the mercy of the battleship's guns and with the inability of Vice Admiral Kruger's squadron to interfere with her career tacitly admitted by retiring from commission, this desperate expedition was seized upon to prevent international complications and to rid the Black sea of the mutineers.

Mutineers Declare War.

Bucharest, Roumania, July 5.—Before the Kniaz Potemkine sailed for Kusteni a delegation from the crew handed the prefect a proclamation addressed to the representatives of the powers in Roumania formally declaring war on all Russian vessels which refuse to join the mutineers. The proclamation says the Kniaz Potemkine will respect neutral territory and foreign shipping. The delegation requested that the proclamation be forwarded to the powers.

Baltic Fleet Appears.

Odessa, July 2.—Under orders from St. Petersburg, the Black sea fleet, under command of Admiral Kruger, arrived here. The Kniaz Potemkine was signaled to "surrender or be sunk." Steaming at full speed, with her decks cleared for action, the mutinous vessel defied Kruger's squadron. She was joined by the cruiser Georgi Pobiedonozet, whose crew mutinied and deserted Kruger. The latter, with the remainder of the fleet, steamed away without firing a gun, apparently fearing to give battle. The Kniaz Potemkine and Georgi Pobiedonozet remained in the harbor.

Sorry for Their Action.

Odessa, July 3.—The Kniaz Potemkine sailed Saturday, apparently in the direction of the Roumanian coast, and nothing has since been heard of her. With her departure the situation for the moment has taken a more favorable turn. The crew of the Georgi Pobiedonozet sent 40 men ashore Sunday morning as hostages and have asked the emperor's forgiveness for having mutinied, pleading that they have not damaged the ship.

Kruger's Action.

Sebastopol, via St. Petersburg, July 3.—Immediately after the Black sea squadron arrived here Saturday a council of admirals and captains was held on board the flagship Rostislav, Vice Admiral Kruger presiding. The council resolved to unguar the machinery and authorize the officers and men to go ashore. The Katerina II. is here and has been disarmed.

Georgi Formally Surrenders.

Odessa, July 4.—The surrender of the Georgi Pobiedonozet was formally carried out Monday morning. The warship's officers returned from Nikolai, went on board and picked out the ring-leaders of the mutiny and several of their followers, all of whom were sent ashore. A torpedo boat destroyer and a gunboat arrived here during the night, bringing Rear Admiral Choukinn, commander of the Black sea fleet. The city is quiet. Many strikers have returned to work.

Dead Estimated at 6,000.

Estimates of the number killed during the fires and rioting of last week run as high as 6,000. A far greater number were shot down, but many of the bodies were incinerated.

HIS LAST TERM.

Ill-Health Causes Senator Alger to Announce That He Is Not a Candidate for Re-election.

Detroit, Mich., July 4.—United States Senator R. A. Alger announced on Monday that he will not be a candidate for re-election to the senate when his present term expires in 1907. Senator Alger was appointed by Gov. Bliss to fill the vacancy when Senator James McMillan died in 1902, and was elected to fill out his unexpired term by the legislature of 1903. Senator Alger's decision not to again be a candidate is the result of his poor health. He said: "I am troubled with my heart and the doctor tells me that I absolutely must not enter the field again. That is the only reason I have for retiring. It is a great disappointment to me, as I had hoped to round out my life with another term."

Political Prisoner Freed.

San Domingo, Republic of Santo Domingo, July 3.—Friends of Gen. Candelario de La Rosa, who was a political prisoner at Barahona, on the Bay de Neiba in the southern part of this republic, have released him from prison by force. Several men were killed or wounded during the affray. Gen. de La Rosa and his party have left Barahona for the mountains.

Fatal Explosion.

Danville, Va., July 4.—Four men were killed and seven injured in an explosion of a threshing machine engine near Axton, Henry county, Monday. It is reported several of the injured will probably die. The accident occurred far in the country and particulars are hard to obtain.

THREATENED WITH PARALYSIS.

Peter E. Summers, of Kalamazoo, Mich., relates his experience: "I was troubled with Nervous Debility for many years. I lay it to indigestion and excess in early youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me, guessed my secret. Imaginative dreams at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbness in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, were an electric belt for three months, went to St. Clements for treatment, but received little benefit. While at St. Clements I was induced to consult Dr. Kennedy & Kergan, though I had lost all faith in doctors. Like a drowning man I grasped the New Method Treatment and it saved my life. The improvement was like magic—I could feel the vigor going through my nerves. I was cured mentally, physically and sexually. I have sent them many patients and will continue to do so."

PAY LAST TRIBUTE TO DEAD STATESMAN

PRESIDENT, CABINET AND OTHERS GATHER AT GRAVE OF SECRETARY HAY.

IS LAID AT REST IN CLEVELAND CEMETERY

Funeral Services Are Simple—Assemblage of Officials Is Small at Request of Family—Memorial Services in Washington.

Cleveland, O., July 5. — The body of John Hay was laid to rest in Lakeview cemetery Wednesday. Around the open grave at the last moment stood, with bowed heads, the president and vice president of the United States, members and ex-members of the present cabinet, and men who had in former years served with the dead secretary in the official family of President McKinley. There were many others who willingly would have paid a tribute of honor and respect to Mr. Hay, but it was the wish of his family that the funeral should be conducted for John Hay—the man they knew and loved in private life, and not for the brilliant and forceful premier whose name is honored wherever clean and successful statesmanship is esteemed among men.

Small Assemblage at Funeral. The assemblage at his funeral and around his grave was therefore small. The visible honors accorded him in death were in a ratio directly inverse to those freely given him in life, and perhaps no greater testimony to the worth of the man could have been given than the quiet manner in which his countrymen, who appreciated his character and achievements, stood aside, at his family's wish, to take hostage of the future for the endurance of his fame.

On the arrival of the special train the president, the members of the cabinet and the reception committee entered carriages, and headed by the hard-riding members of troop A the procession moved off at a sharp trot for the chamber of commerce two miles away, where the body of Mr. Hay lay in state.

In the presidential party were Leslie M. Shaw, secretary of the treasury; Charles J. Bonaparte, secretary of the navy; James Wilson, secretary of agriculture; E. A. Hitchcock, secretary of the interior; Victor H. Metcalf, secretary of commerce and labor; Postmaster General George B. Cortelyou, Attorney General W. H. Moody, Senator P. C. Knox, of Pennsylvania, former attorney general; Charles Emory Smith, formerly postmaster general; Paul Morton, former secretary of the navy, and Elihu Root, former secretary of war.

Enormous Crowd at Building. An enormous crowd had gathered in front of the chamber of commerce. The members of the presidential party entered, the doors were closed and the sentries resumed their guard. It was the wish of Mrs. Hay that President Roosevelt should be allowed to see the face of his secretary again if he desired to do so. The president, however, declined to disturb the arrangements and the coffin was not opened.

There was a brief pause, during which the president and members of the cabinet stepped forward to pay their respects to Mrs. Hay as she entered the auditorium from an ante-room. Then the members of the cabinet, present and past, ranged themselves in advance of the tier of six non-commissioned officers of troop A took their places at the side of the coffin. It was borne along the hallway and out to the hearse at the door. The sabres of the cavalrymen flashed in the sun in a salute as the casket appeared, and every hat in the great waiting crowd was removed.

The carriages of the pallbearers then formed a line in advance of the hearse, and those of the family of President Roosevelt and of the committee followed. The cavalry wheeled into column and passed to the front of the cortege. At a quick trot it passed straight south to Euclid avenue and then due east to the cemetery five miles away. In this cemetery are buried President Garfield and Senator Hanna. John D. Rockefeller has a plot there on which is the largest granite monolith in the world.

Simple Services at Cemetery. The drive to the cemetery occupied the greater part of an hour. The services, held in a small chapel, were simple in the extreme. A hymn, Tennyson's "Crossing the Bar," was sung by a male quartette, a passage of the Scriptures was read by Rev. H. C. Haydn, pastor emeritus of the old stone church, and this was followed by a second hymn, "For All the Saints Who from Their Labors Rest," by the quartette. A brief prayer from Dr. Haydn brought the exercises to a close.

The coffin was then borne once more to the hearse, the members of the funeral party reentered their carriages, and the cortege passed up the hill to the final resting place of the dead secretary.

When the body had been lowered into the grave and the pastor had pronounced "earth to earth," President Roosevelt stepped forward to speak a few words to Mrs. Hay and then walked quietly to his carriage, which bore him directly to the Pennsylvania station.

Memorial Service in Washington. Washington, July 5.—A memorial service in tribute to the late Secretary of State John Hay was held at the Church of the Covenant at the same hour the funeral services were being conducted at Cleveland. Practically all of official Washington was present, and the members of the diplomatic corps who were in the city attended in a body.

ENDEAVORERS AT BALTIMORE INTERNATIONAL CONVENTION IS CALLED TO ORDER.

Old Officers of Society Are Re-elected—Several Reports Are Presented.

Baltimore, Md., July 5. — All the incoming railway trains Wednesday brought thousands of additional delegates and visitors to the twenty-second international convention of the Christian Endeavor society, every state in the union, Canada and many foreign countries being represented.

Preceding the formal opening of the convention late in the afternoon there was held a business meeting of the United Society of Christian Endeavor (corporation), at which officers and trustees for the ensuing year were elected and annual reports of the officers were presented. All the old officers were re-elected, as follows: President, Rev. Dr. Francis E. Clark; general secretary, Von Ogden Vogt; treasurer, William Shaw; publishing agent, George B. Graff.

President Clark was not present and a letter expressing his regret was submitted. It was announced that Rev. Dr. Smith Baker, of Portland, Me., will preside at the sessions of the convention. Mr. George B. Graff, manager of the publishing department, reported the total receipts for the year as \$66,515.40 and the expenditures \$64,767.35, leaving a cash balance of \$1,748.05.

Included in the expenditures is \$3,586.26 contributed by the publishing department to the united society to carry on its work of organization and extension.

William Shaw, treasurer of the United society, reported the balance from last report \$94.85. Receipts from the publishing department, United Society of Christian Endeavor, \$3,546.26. Life membership fees, \$9.00, a total of \$8,690.11. Expenditures \$8,591.24, leaving a balance of \$93.37.

Denver, Col., July 5. — Delegations of members of the Epworth leagues from Minnesota, Wisconsin, Illinois, Iowa, Kansas, Nebraska and South Dakota to attend the seventh international convention have arrived. The extreme eastern and Pacific coast delegations were due Wednesday, and when all have arrived it is predicted that at least 5,000 visitors will be in the city. The convention opens Thursday in three divisions, held in as many different halls.

DISASTROUS EXPLOSION.

Nine Men Instantly Killed and Many Others Injured in West Virginia Mine Accident.

Roanoke, Va., July 5.—A disastrous explosion occurred in the Tide Water coal mines at Vivian, W. Va., Wednesday, causing the instant death of nine men and the injuring of four score others. The details are very meager, but it is known that in addition to the nine dead 15 have been rescued in a dying condition. There are 30 more men in the mines and it is almost certain that they have perished. A special Norfolk & Western train was rushed to the mine to take the wounded to the company's hospital at Welch, W. Va.

The wildest excitement prevailed at the scene of the disaster. Wives and children of the doomed men gathered at the mouth of the mine and it required force to keep them from throwing themselves into the pit. The work of rescue went on as fast as possible and men from every section were rushed there. The explosion occurred shortly after the men had gone to work for the day and nearly all of them were in their places. The cause of the explosion is not known, but the impression prevails that it was caused by an accumulation of gas. This is one of the worst explosions in the history of the West Virginia coal fields.

WANTS PERMANENT PEACE.

Russia Willing to Suspend Hostilities, But Refuses to Ask for Armistice as Matter of Pride.

St. Petersburg, July 5. — The situation regarding the armistice is as follows: Russia has formally signified to President Roosevelt her desire for a lasting peace, not only by the appointment of plenipotentiaries who will be accompanied by eminent experts fully empowered to conclude a treaty subject only to the ratification of the respective governments, but as a final step has indicated her readiness to suspend hostilities. She has avoided formally asking for an armistice as a matter of pride, but under the circumstances Russia could hardly go farther than she has. Japan, so far as known, has not yet indicated her attitude, or if she has Russia up to Wednesday non had not been so informed. In diplomatic circles the most earnest hope is expressed that Japan will consent, both for the sake of avoiding further bloodshed in Manchuria and perhaps in order to prevent a catastrophe in Russia which may shake the Romanoffs' throne and appall the world by its horrors.

To Import American Wheat.

London, July 5.—The correspondent of the Morning Leader at Lisbon says that in view of the bad harvest prospects owing to the drought and the storms, King Charles has sanctioned the importation of 75,000 tons of American wheat and has ordered the reduction of the customs duties by 50 per cent.

American Tennis Player Defeated.

NOTABLE CAREER ENDED BY DEATH

JOHN HAY, SECRETARY OF STATE, DIES AT HIS HOME IN NEW HAMPSHIRE.

His Demise Quickly Follows Relapse of His Long Illness, and Was Entirely Unexpected—Famous as a Diplomat.

Newbury, N. H., July 1.—Secretary of State John Hay died at 12:25 this morning. The signs immediately preceding his death were those of pulmonary embolism. Mr. Hay's condition during all of Friday had been entirely satisfactory. Mrs. Hay and Dr. Scudder and Murphy were at the secretary's bedside when the end came. The secretary bade good-night to his wife and to his attending physicians about 10 o'clock last night. At the close of one of the best days he has had since his illness. The local trouble was clearing up satisfactorily, according to Dr. Scudder. The secretary suffered none of the old pains in his chest which characterized his earlier illness. He had been perfectly com-

fortable all day, and happy in the anticipation of leaving his bed for the greater freedom and comfort of a couch. At 11 o'clock he was sleeping quietly. A few minutes after 12 o'clock Mr. Hay called the nurse, who at once summoned Dr. Scudder. Both Dr. Scudder and Dr. Murphy hastened to the bedside. The secretary was breathing with difficulty, and expired almost immediately afterward, at 12:25.

AWFUL RESULT OF FLOOD.

Mexican Town Swept by a Cloudburst—Over 200 Said to Have Been Drowned.

Guajuato, Mexico, July 4.—Loss of life, estimated at more than 200, and property damage to the extent of over \$1,000,000, have been caused by the flood which swept over the town, as the result of a cloudburst. The storm, which began Friday night, and continued through Saturday, was unprecedented in violence. Part of the river, which was built over with masonry, burst through, augmenting the flood and the scene became one of terror and consternation.

With one rush the mighty flood burst its bonds, foundations of solidly built masonry and houses being undermined and many buildings fell with a crash. Their inmates in many cases were crushed beneath the falling masonry. In those houses near the river the water rose rapidly, and the inhabitants went to the upper floors, even to the roofs, where they were exposed to the full force of the storm. Many people thus seeking refuge in their own houses went down in the crash of their dwellings. From the center of the city, the flood rolled to both sides of the town, and the people madly rushed out to flee to the mountains, many being caught and swept away.

FOUND GUILTY.

Jury at Portland, Ore., Convicts United States Senator Mitchell of Grave Charges.

Portland, Ore., July 5.—The jury in the case of the United States against United States Senator John H. Mitchell returned a verdict of guilty as charged at 11 o'clock Monday night. The charge was that Senator Mitchell, while occupying his public position, accepted a pecuniary compensation for practicing before the federal departments at Washington, which, under the federal statutes constitutes a crime. It is expected that the other indictments pending against Senator Mitchell, charging conspiracy with Puter and others to defraud the government of its lands will be dropped. What penalty will be imposed by Judge De Haven can only be conjectured. The statute provides for both imprisonment for not more than two years and for a fine of not to exceed \$10,000.

To Import American Wheat.

London, July 5.—The correspondent of the Morning Leader at Lisbon says that in view of the bad harvest prospects owing to the drought and the storms, King Charles has sanctioned the importation of 75,000 tons of American wheat and has ordered the reduction of the customs duties by 50 per cent.

To Separate Church and State.

Paris, July 5.—The bill for the separation of church and state passed the chamber of deputies late Monday night by the decisive vote of 341 to 233. The result was greeted by governmental cheering and opposition hisses, and there was intense excitement.

"Thunder Canes" were the implements of destruction in Holland on the fourth. Several accidents occurred through the demolition of the canes when pounded on the walks to cause an explosion. The fine new suction dredge Gen. Gillespie, at present working at Grand Haven, continues to win the praise of all who have visited and inspected the craft. She carries a crew of 32 men and they are all salt water men as the Gillespie since coming out has been employed at Atlantic ocean ports. As yet no orders have been received where the boat is to proceed but South Haven will probably be the place as that harbor is in bad shape. The men's quarters in the Gillespie are neat and commodious. She is electric lighted and the ship is kept as spick and span as a war boat. On the Gillespie's deck now are two huge stones which were brought from the bottom of Boston harbor by the Gillespie suction pipe at a depth of 31 feet. A little thing like that does not bother, but when a log gets into the pipe, as was the case at Ludington, there is likely to be trouble. The Gillespie makes fair running time and on the trip from Ludington averaged ten miles an hour.
