#### CITY AND VICINITY.

THE WEATHER MAN SAYS THAT HE IS GOING TO PROVIDE IDEAL FOURTH OF JULY WEATHER TOMORROW. The celebration committee has provided for the rest of the show so that the whole program will be O. K.

Prof. H. Keppel of the Northwestern University at Evanston, Ill., has returned to Zeeland and will spend his summer vacation with his parents, Mr. and Mrs. G. Keppel.

J. D. Everhard of Zeeland called on the various pickle growers the past week. The pickle crop promises to be of the best this season. Frequent rains and continued hot weather have done wonders recently.

The Boone stable of trotters and pacers was shipped to Pontiac Monday and started in the races there to day, Thursday and Friday. The stable includes Camille, Neal Ball and Blanche Fainot. John Boone accompanied the horses.

Zeeland is making extensive preparations for the celebration August 21 of the founding of Zeeland and Holland. At a recent meeting of citizens it was decided to raise \$1,000 to defray the expenses of the occasion.

Muskegon Chronicle. Only one candidate has so far announced a desire to represent Muskegon county in the state constitutional convention. If Muskegon does not want the other place Ottawa could probably find a man to take it.

The mason work on the addition to the Holland Shoe factory is completed and the contractors are putting on the roof. The addition greatly increases the capacity of the plant, the building now being "U" shape.

The Central Manufacturing company, River and Fourth streets, have started their machinery to see that everything is readiness for the beginning of operations within a week. The company will manufacture plumbers' woodwork.

The contract awarded to Siersma & Dieters for the new Sixteenth street Christian Reformed church, gives the cost of the structure at \$6,027. The building must be ready for use November 1, but the contractors are allowed until December to do the finishing such as interior decorating, etc. Rev. Herman Tuls of New Jersey will preach to the congregation next Sunday.

The Holland Veneering Works is building an addition, 18 x 23, to its dry kilns.

The Wesleyan Methodist church has been kalsomined this week, N. E. Buck of Kalamazoo doing the work.

The treasury department has provided bankers in every part of the country with new \$10 gold certificates.

Charles Harmon caught a ten-pound catfish this morning, while fishing for white bass, of which he secured five.

Perch are being caught in large numbers today, the best sport for the anglers being fishing from the new breakwater.

The post office department has notified all postmasters that after July 1 the cost of stamped envelopes will be increased four cents a hundred.

The C. L. King & Co. plant has been equipped with two new machines—a veneer lathe and a jointer—adding materially to the capacity of the plant.

At a meeting of the board of directors of Holland City State bank held yesterday afternoon, it was decided to increase the surplus fund of the bank to \$30,000.

John Farmer, who has conducted a store at Drenthe for years, has purchased the grocery store of Visers & Son on West Twelfth street, which has been conducted the past 14 years by John Visser.

The fountain in Lincoln park will soon be completed and the park will be a pretty place. The board is each year expending more time and money on the little rest place, and in another year or two the east end residents will be as proud as is the whole city of Centennial park.

Beginning today all the bakers in the city will make a slight raise in the price of bread. Loaves will sell for 5 cents each, straight, and the rule of six for a quarter will be done away with, so the big consumer is the one who feels the raise the most. The advance in materials made this step necessary.

The uniforms for the chief of police and patrolmen, which were expected this week, will not arrive until July 2, but this will enable the officers to make a fine showing July 4. It is suggested that the squad be given a place in the parade, Holland having attained to the dignity of a chief under whom are five patrolmen.

Rev. A. J. Van Lummel, formerly of this city, who is now in charge of one of the Christian Reformed churches at Paterson, N. J., is said to be in very poor health, the result of overwork in his pastoral duties. His physicians advised a vacation including a trip to the Netherlands. Mr. Van Lummel's congregation numbers 500 families, and he has been very heavily burdened with church work.

Prof. John D. Nies, of Chicago, son of Alderman John Nies of this city, has gone to Niagara Falls as a delegate from Lewis Institute to the American Association of Electrical Engineers. Prof. Nies has been offered the chair of Electricity in Armour Institute but will probably not accept it as his position in the Lewis Institute is much to his liking.

The Italian murder case, which occurred two years ago, was revived Saturday when Henry Lezman found a box of 32 rim fire cartridges under an opening in the floor of an old barn which had been dismantled. With the exception of five all the cartridges were found in the box and were similar to those used in the revolver with which the fruit vender lost his life. The barn was located on a lot adjoining the fruit store on the rear, and it is supposed that it was hidden there after the crime was committed.

Fred Littlejohn is the owner of a fine Strongwood fill since Wednesday morning. This is without doubt the best colt ever foaled in the state, if breeding counts for anything and there is no doubt by that. The sire is the celebrated Strongwood, dam Flora Wilkeswood by Wilkeswood. Flora Wilkeswood and the dam of Joe Patchen are full sisters. Isn't that pretty fancy? So if the filly inherits the speed her ancestors have, she ought to trot or pace a mile close to the two-minute mark. It will take \$1,000 to buy the two-day old filly.—Allegan News.

Neal Ball won the 2:20 pace at Monroe Friday in straight heats, his fastest time being 2:16 1/4.

The Third Reformed church Sunday school will have a picnic at Macatawa park Thursday, July 18.

Hotel Ottawa opened for the resort season Monday, July 1. Hotel Macatawa is already receiving guests.

A night blooming cereus, owned by Mrs. H. Kremers, was taken to Hope church Sunday night and during the services six of its buds burst into bloom filling the church with its perfume.

Since the new automatic system has been in operation some of the telephone patrons may have had some difficulties in getting long distance connections. This is however, only the inevitable accompaniment to any change and in a short time the system will run as smoothly as ever.

The infant daughter of Mr. and Mrs. Jack Saunders died Friday morning in Benton Harbor, and the remains were brought here for burial Saturday. Mrs. Saunders was formerly Miss Bertha Roost of this city and Mr. Saunders is employed on the Puritan.

Jens Halversen, living in Robinson township, died Saturday from injuries received while working on a summer cottage in Saugatuck early this week. He suffered a fall which resulted in a fracture of the skull. Halversen was a middle aged man and is survived by a family.

Mrs. Hub Boone was quiet badly burned Saturday morning while pouring a quantity of kerosene on a fire in the kitchen stove which refused to burn. She supposed there was no fire at all in the stove, when a few coals caused the oil to flame up into her face. The injuries are painful, but not necessarily serious.

Dr. S. M. Zwemer, missionary to Arabia, who is spending the summer in Holland, is engaged in literary work for the Board of Foreign Missions of the Student Volunteer Movement. His new test book on Mohammedanism entitled "Islam a Challenge to Faith," will be out in a few weeks. Dr. Zwemer will preach in the Reformed church at New Holland next Sunday.

H. A. Hutchins of Dowagiac, has leased the rooms fitted up in the Vischer block last year for the Holland Treatment Rooms, and opened them Monday to the public. Baths and massage treatment will be given. Mr. Hutchins was formerly at the Battle Creek sanitarium, and has three years experience in the business outside of that institution. He comes well recommended.

Jackie Fris, a newsboy, narrowly escaped being crushed under the wheels of a heavily loaded farmer wagon, with which he collided while making his newspaper delivery on a bicycle. The little fellow was on the right side of the road, but was forced to the curb through the green tactics of the driver. His wheel was badly broken and the farmer escaped arrest after bystanders prevailed upon him to settle for the damage incurred.

Claims to the amount of \$75,000 have been made against the owners of the Naomi which was destroyed by fire last month. The two steamers, Kerr and Saxonia, who came to the rescue of the doomed vessel, have libeled the Naomi for \$25,000 for assistance rendered, \$10,000 in claims have been filed by relatives of the four coal-passers who lost their lives in the disaster. The 56 passengers who were aboard that night have also presented claims. The hull of the burned vessel, which is valued at \$22,000, has been surrendered by the Crosby Co. to court for the benefit of the claimants.

An instance of the prompt service provided by the Western Union Telegraph company is given by Captain Austin Harrington who sent to I. H. Garvelink the sad news of the death of his son last week Monday. Captain Harrington telephoned his message from the neighborhood where the tragedy occurred, and in fifteen minutes time the telegram was delivered to Mr. Garvelink at Englewood, La. This is certainly a record for dispatch seldom made, distance considered, and the manager of the local office, Miss Madeline Van Putten, is entitled to all credit due a faithful employee of the company.

Prof. A. Raap has moved into his fine new residence on Twenty-fourth street.

Rev. William Wolvius of the Fourth Reformed church will preach his farewell sermon to congregation Sunday July 7.

Jacob Japenga and Peter Smith made a catch of 15 black bass, ranging in weight from two and one half to three pounds, Friday.

The annual school caucus will be tomorrow evening, July 5, in the Wilms building, River street. The election occurs Monday, July 8.

The Fourth Reformed congregation extended a call to Rev. James Wayer of East Holland. He has been pastor of the church there for three years.

M. Van Putten has moved his real estate office from his residence on Fourteenth street to a suit of rooms in Mc Bride's block. L. Sprietsma will be his assistant.

Captain Marinus DeBoe, who has been staying at the Soldiers' Home in Grand Rapids for three months, where he was being treated for cancer, returned home yesterday to spend a month. His hand is still in a bad condition.

The Saturday afternoon closing movement, so popular in many cities, has a slight hold in Holland, and it is probable next year it will become more general. Three factories are now closing Saturday noons giving employees an appreciated half-holiday. These plants are the Holland Furniture company, the Bay View Furniture company and the Holland Shoe company.

A can of burning lard started a blaze in Van Drezer's restaurant at five o'clock Monday afternoon. The can was standing on the floor near the gas range when the lard ignited, and the flames started the woodwork burning. Both companies responded to the alarm, and the fire was extinguished with the chemicals. The loss is nominal.

Albert Tanner has received from the state fish hatcheries at Mill Creek a shipment of 50,000 black bass fry, which he has planted in the big bayou. This makes in all 200,000 tiny fish that have been supplied by the state and that are now thriving in the waters of the bay. A few weeks ago Mr. Tanner received 150,000 wall eyed pike.

The building committee of the Sixteenth street Christian Reformed congregation has awarded the contract for their new church to Dieters & Siersma and work will begin at once. The church will be built at Sixteenth and Maple streets. It will be a frame structure, 60 feet long and 50 feet wide, and steel ceilings will be used in both the basement and the auditorium.

H. Lemmen, whose serious illness was reported sometime ago, died Friday evening at the Butterworth hospital in Grand Rapids. The remains were shipped here Friday and the funeral was held at Graafschap Monday. The disease of which Mr. Lemmen died was a very peculiar one called ankylostoma duodenalis, being a species of parasites in the intestines and baffled the skill of the physicians.

There were 42 death and 84 births in Ottawa county during May according to the state bulletin published monthly. A very singular circumstance in connection with the death record is that seven persons died by violence, an unusual record for one month, unless it be during the summer months when many deaths result from drowning while in bathing. Of the 42 deaths Holland reported eight, contributing one death by violence, one by cancer, four tuberculosis. The births in Holland during May numbered 23.

Charles Dykema, a well known Grand Haven young man was this morning taken into custody, charged with being responsible for the fire Saturday night in the rear of Boyink's saloon and between that building and Nyland's Bottling Works. Dykema was arrested by Officers Salisbury and Welch. He was taken before Justice Hoyt and demanded an examination. Next Monday forenoon was fixed as the date for the examination. Bail was fixed at \$1,000. Charlie denies that he was in any way implicated in the affair. The officer says they have a witness who saw the man who set the box of waste on fire. The examination will probably show what the case amounts to.

Miss Maggie Rookus was united in marriage to Mr. George Brouwer last Thursday afternoon at the future home of the young couple. The ceremony took place at 1:30 o'clock. At 7:30 o'clock in the evening a reception was given for the friends and young people. Mr. and Mrs. Brouwer will be at home to their friends after July 15th. Mrs. Brouwer is the daughter of Mr. and Mrs. Jacob Rookus and both bride and groom have a host of friends in this vicinity.

Miss Johanna Brower who has been staying in Princeton, New Jersey, for the past two years is at present visiting here with her mother and calling on her many friends. She expects to leave for the East again about the middle of July.

The recent rains have done much good to the crops in this vicinity, although corn is rather backward. The beet crop looks promising and the hay crop will be better than was expected a month ago. Oats are doing fair and the prospects for a fine crop of pickles are bright.

A horse belonging to Mr. Gerrit Alofs became frightened while standing hitched to a post and harnessed to a top buggy. Breaking loose the animal started up the road at a good gait. Passing by the farm of Dick Stegenza who was cultivating corn the run-away also frightened Mr. Stegenza's horse and the latter made speed over the cornfield with the cultivator dragging behind. When caught the cultivator had been bent and twisted in bad shape.

# DON'T MISS IT

WITH unfathomed seas to the east,  
With the cross of St. George to the north,  
With unpenetrated forests to the west,  
And the yellow banner of Spain to the south.  
Such were the narrow confines of the country, the new-born nation of freemen, over which Old Glory was first unfurled.  
When those fifty-six sires of a nation signed that imperishable document at Philadelphia in 1776 they were dreaming of a principle, not of territory.

Little did the comrades of Washington think that the starry banner, then meaningless save to one people, then despised and spat upon by many of the monarchies of Europe, was destined to encircle the world; to spread its protecting folds from ocean to ocean; cross the broad Pacific and cover the islands of that mighty sea, then practically an unexplored waste of waters.

But where flies Old Glory to-day?

Westward the star of empire took its way.

The hardy pioneer with gun and axe penetrated the forests and blazed the trail for the flag of civilization.

He planted his banner on the top of the Alleghenies.

He guided his canoe down the swirling waters and planted it again in the fertile valley of the Mississippi.

Westward, ever westward, marched Old Glory.

Across the broad stream the lilies of France offered defiance for a short time, and then gave way before the advancing power that brooked no opposition.

Beneath its protecting folds he builded his rude cabin.

Beneath it he turned the virgin soil of the prairie.

It floated from the flagstaves of the growing villages.

Under its cross-road settlements grew into cities; schools and churches thrived; industries prospered, and a nation grew strong and great.

Braving every peril, ever westward.

From the top of the lofty summits of the Rockies this agent of civilization looked down upon golden California, and advanced.

From the shores of the broad Pacific waved Old Glory.

To the south the banner of Spain had given way before it; to the north the banner of St. George had been crowded back, and its territory sharply defined; to the southwest Mexico had made way for it. It

floated unchallenged from the flagpoles that stretched from ocean to ocean. To every section of a broad nation it carried its guarantee of freedom.

But where flies Old Glory to-day?

It has given to Hawaii a freedman's rule.

It floats from the flagstaves of the Somoas.

It has displaced the rule of tyranny in the Philippines.

It represents justice and equality in Porto Rico.

From the mastheads of the ships on every sea, in every port, flies Old Glory. It is respected in every land and by every people. To its protecting folds flock the downtrodden and oppressed of all nations, and to all that are worthy it offers a welcoming hand. It represents to-day a world power, greatest in the counsels of nations. A power whose word is unquestioned; whose might has been proven.

But Old Glory has represented more than an expanding nation.

It has created a new hope in the breasts of men.

It has disputed the God-given rights of kings.

It has overthrown the absolutism of Europe.

It has driven Spain from the new world, and founded new nations.

It has dictated equitable terms of peace to nations at war.

Old Glory!

God bless the flag. God keep it right, and strong and powerful in the right.

May its white stars be never soiled by injustice to the weak.

May their blue field be ever as expansive as the sky of heaven.

May its red stripes ever represent the strength of a just cause.

Symbol of a people's freedom, of a nation's power, of its greatness, of its justice, of God-given equality, its meaning is known the world over.

To-day the sun never—and may it never—sets on Old Glory.

## ITALIAN WINS AUTO RACE

NAZZARO CAPTURES GRAND PRIX OVER FRENCH COURSE.

Frenchman Is Second While American Fails to Show—Nobody Seriously Injured.

Paris, July 3.—Felice Nazzaro, Italian, Tuesday drove a Fiat Italian-made automobile over the 477-mile Grand Prix course in 6:46:33 and won the most famous automobile event of the world from 37 rivals, Francois Sisz, a Frenchman, driving a Renault (French) car, was second, his time being recorded as 6:53 10.

Walter Christie, the American, who drove the 135-horse power machine bearing his own name, was one of the unfortunates who found the triangular 76 kilometer 998 meter course between Dieppe, Eu and Londinieres too strenuous for their cars. No contestant was seriously injured.

The pace was killing from the start, leaving a score of cars hopelessly beaten before the second round was ended. The race was full of surprises. Nazzaro was not prominent early, in the contest. Lancia took the first three laps, but when he broke down at the third and surrendered the lead to Duray, the latter, as he reeled off lap after lap under 40 minutes, looked an easy winner, but on entering the fourth round a broken bearing put his car out of action and he was forced to retire amid the plaudits of the crowds. In the meantime Nazzaro, riding like a demon but cool and steady, overhauled Lancia, and when Duray dropped out he continued on, unheeded, to the finish. Sisz came up from the rear and made a gallant effort during the last two laps to overtake the flying leader. Lancia's petrol gave out in the final round, permitting Baras to finish third.

Nazzaro's brilliant victory was acknowledged by all, but the heart had been taken out of the crowd by Duray's accident, and the French thousands received the news coldly.

## SALOON MEN HONOR MURPHY.

Close Places While Temperance Worker's Body Lies in State.

Los Angeles, Cal., July 3.—The body of Francis Murphy, the "apostle of temperance," will be buried at Rose-dale cemetery to-day after services at the Simpson auditorium, where the remains will lie in state for three hours.

Men prominent in the affairs of southern California, who were associated with the evangelist in his temperance work, will act as pall bearers. Addresses will be made by Rev. Frank Talmage, Robert J. Burdette and Dr. Robert McIntyre.

By order of the mayor flags throughout the city will be displayed at half-mast. A remarkable tribute to the memory of Mr. Murphy is the movement, instituted by liquor men, to close all saloons in the city during the hours the body will lie in state. A public memorial will be held next Sunday.

## Ex-Bankers Sentenced.

Fort Smith, Ark., July 3.—Judge Rogers Tuesday passed sentence upon the following officers of the defunct Southern Bank and Trust company, convicted by a jury Saturday last of using the mails to defraud: C. C. Waller, president, of Texas, and L. Lemen Lemon of Pittsburg, Pa., vice president, to pay a fine of \$1,000 each and to be imprisoned in the penitentiary for 24 months. Ed. Hunt, cashier, and J. H. Langston, Jr., director, to pay fines of \$500 and \$300 respectively.

## Lumber Yard Burned.

Denver, Col., June 3.—Fire, which was discovered in the Harwood Lumber company's yards in this city Tuesday morning, did nearly \$50,000 damage, but it was brought under control. The yards are in a thickly populated portion of the city, and it was only by hard work that the flames were kept from spreading. As it was nearly all the windows in the residences for a radius of a hundred yards were broken by the heat.

## Condition of Cotton.

Washington, July 3.—The crop reporting board of the bureau of statistics of the department of agriculture finds from the reports of the correspondents and agents of the bureau that average condition of cotton on June 25 was 72.0, as compared with 70.5 on May 25, 1907; 83.3 on June 25, 1906; 77.0 at the corresponding date in 1905, and a ten year average of 83.2.

## Training School Burned.

Huntsville, Ala., July 3.—The Calhoun building, home of the Condor training school, was burned early Tuesday. Prof. J. E. Condor, principal, and several students narrowly escaped. The building was one of the handsomest residences in the city, costing originally \$50,000.

## Fireworks Cause Heavy Loss.

Minneapolis, Minn., July 3.—The four-story building at 247-249 Nicollet avenue, occupied by the hardware stock of W. K. Morison, was destroyed by fire early Tuesday. The loss is \$150,000. Spontaneous combustion in the fireworks stock is supposed to have caused the blaze.

## Rob Post Office at Lyndon, Ill.

Sterling, Ill., July 3.—Burglars early Tuesday morning broke into the post office at Lyndon and blew open the safe with dynamite. Considerable money was taken from the safe, also a large number of stamps.

## DRASTIC MEASURES MAY BE EMPLOYED

LANDIS WILL ISSUE WARRANT FOR ARREST IF OIL KING DOES NOT APPEAR IN COURT.

## LAST WARNING IS SENT TO ROCKEFELLER

Time Limit on Patience Fixed—Jurist Prepared to Foil Attempt to Shield Trust Head from Ordeal as Witness.

Chicago, July 3.—John D. Rockefeller must be in Chicago July 6, next Saturday, or suffer serious consequences. This ultimatum was issued Tuesday by the United States district attorney's office.

"Ordinary methods in the service of subpoenas will be employed until the date set for the hearing," said an attorney of District Attorney Sims' office. "After that drastic measures will be employed. No attempt will be made to force a way to the oil king until July 6, but if it is necessary for Judge Landis to set another date for the hearing the government will consider that the gage of battle has been thrown."

From this expression of the position of the government in the Standard Oil case it is evident that Judge Landis will permit of no trifling. It is the belief of District Attorney Sims that Rockefeller intends remaining in hiding until after the date set for the hearing, next Saturday, in hopes that Judge Landis will get all needed information through the testimony of John D. Archbold and other Standard Oil officials who have already been served, and will not insist on the attendance in court of the head of the trust.

It is believed Attorney John S. Miller, after Archbold and the others have testified, will make a plea for recall of the Rockefeller subpoena.

## Judge Landis' Temper Firm.

From the temper shown by Judge Landis in answer to the first plea made by Attorney Miller, however, it is believed any repetition of it will be met with another rebuff, and that the United States marshal's office will be instructed to go to the limit of its power if necessary to insure the attendance in court of the richest man in the world.

After July 6, John D. Rockefeller, oil king, will be no more awe-inspiring than if his name were John Smith. The subpoena servers will employ the same methods in securing service on him that they would employ in securing service on any of the laborers in his employ.

Rumors that the Standard Oil head has made an agreement with the federal officials were met with denials Tuesday, and it was declared with considerable vigor that the government will enter into no compact with Rockefeller, but that he will have to submit to being served by the federal officers just like an ordinary citizen.

## Marshal Watches Forest Hill.

Cleveland, O., July 3.—U.S. Marshal Frank M. Chandler, accompanied by Deputy Frank Schwentner, again visited Forest Hill Tuesday morning. The two officials were admitted to the grounds and at once proceeded to the Rockefeller residence. Chandler, after remaining around the house for an hour, started down town, leaving his deputy on guard with a subpoena for Mr. Rockefeller. It was inferred that Marshal Chandler had reached the conclusion that Mr. Rockefeller was at Forest Hill, statements to the contrary notwithstanding.

"Basing my opinion upon private information and indications at Forest Hill, I would say that Mr. Rockefeller now is at his Cleveland house," Marshal Chandler said, on reaching his office. "Just how or when he arrived I do not know," the marshal continued, "but it looks as though he reached Cleveland Monday morning and entered his estate by way of the rear entrance on Eddy road. The only answer I have obtained to any of my questions at his house was from the front gate-keeper who repeatedly said: 'He has not passed through this gate.'"

"When I attempted to interview Miss Howard, Mr. Rockefeller's secretary, she said: 'You need not ask me any questions as I will not answer you.'"

"In serving a subpoena we are at a disadvantage, as we cannot force an entrance to the house and make a search as would be possible with a warrant for arrest."

"Deputy Schwentner was stationed upon the front porch of the Rockefeller home with instructions to remain there indefinitely and occasionally to walk about the grounds."

## Embezzled \$100,000; Failure.

Berlin, July 3.—The failure of the Marlenburg bank Monday is ascribed to the prevailing mania for speculation. It came as a great surprise. Many thousands of small investors lost their all and many tradesmen are ruined. There were pitiful scenes outside the bank. The manager, Herr Woelke, acknowledges embezzling \$100,000 from the bank. His wife has given her private fortune of \$18,750 toward replacing the deficit.

## Aleshire Is Given Post.

Oyster Bay, N. Y., July 3.—President Roosevelt Tuesday appointed Gen. James B. Aleshire quartermaster general of the army, with the rank of brigadier general, to succeed Charles F. Humphreys, who will retire.

### Wisconsin a Disappointment.

Wisconsin has refused to adopt a two cent railway fare bill, and has even declined to permit the names of the leading candidates for United States senator to be voted on at a primary election. Advanced railway legislation and primary election progress have been regarded as the pet possessions of Wisconsin. Indeed Senator LaFollette has been sent out from that commonwealth as leader and teacher in such directions, and very scathing have been his references to the states and their leaders whose progress has not equaled that of his boasted Wisconsin. And now the state of LaFollette is far in the rear of Michigan, Indiana, Ohio and Illinois. It may be necessary to invade Wisconsin with an emissary of reform and progress from Michigan.

### Can Be Paid Out of Treasury.

The construction of the Panama Canal is being paid for, or can be paid for, out of the current receipts of the national treasury. Notwithstanding the requirement of between two and three million dollars each month for that great enterprise, the surplus in the treasury at the end of the fiscal year, which closed a few days ago, June 30, was surprisingly large, between eighty and ninety million dollars. It is fortunate that most of the unexpected incidents in our country's business affairs are in satisfactory and desirable directions. They are disappointing only to those who have long been looking and hoping for a "change." But fortunately the great mass of the American people are looking and hoping in an opposite direction.

### H. J. Luidens Resigns.

The Citizens band held their annual election last evening. Reports showed the band to be in a very flourishing condition. H. J. Luidens, who for the past four years has been manager, has resigned. The following officers were elected: President and manager, Wm. Van der Hart; vice president and treasurer, Benj. DuMez; secretary, Geo. Damson; director, J. C. VanVlyen; instructor, Frank Wurzburg; librarian, Geo. Moomey.

Henry J. Luidens resigned as manager owing to business reasons. The band unanimously elected him an honorary member in appreciation of the past four years of faithful and efficient service. Mr. Luidens organized the band in the fall of 1903 and has since that time built up a strong organization.

The band will not give a concert this week Friday evening, it following immediately after the Fourth of July celebration.

### Will Holland Have a Hospital?

A meeting was held Monday night in the First Reformed church to consider the advisability of raising funds for a hospital. For a long time the necessity of a hospital for a city as large as Holland has been felt by the physicians and those interested in the public health.

But it seemed Monday night that the majority of citizens are not ready to appreciate the detailed plans. Several plans were discussed but no definite conclusions could be arrived at.

Dr. J. J. Mersen believed that the people should be educated to the hospital idea. The Hollanders as a rule do not believe in going to a hospital when they are ill, but he believed that if the public was made to see the necessity of such an institution here there would be no difficulty in raising the money and securing maintenance.

No plan was yet advanced for supporting the hospital in case it should once be built. Of course the churches would give their support but that would hardly suffice. It would be necessary to have something more to fall back on. Dr. D. G. Cook said that the support would come later if only the funds for the building were advanced. But it was objected that the people would not be willing to give money to a cause as insecure as that.

Dr. Leenhouts stated the physicians had formulated no plan for the season that they desired the hospital to be entirely free from the management of the medical fraternity, and inasmuch as the people would be asked to contribute to its support they should have a voice in deciding upon the plan of operation. The advisability of a private com-

pany erecting a hospital was also discussed; but if private parties own a hospital, it will relieve those who can pay for but not those who are down on their luck and it is chiefly for the poor that a hospital should be erected.

The upshot of the whole discussion was a motion that Mayor Van Putten appoint a committee of five including a couple of physicians, to draw up definite plans as to how the hospital is to be run and supported. These plans will be read at the next public meeting so that gradually the citizens may come to a definite plan.

### Board of Public Works.

At a meeting of the board of public works last Monday night the matter of securing electric current from the Grand Rapids-Muskegon Power Company was considered. The representative of the company, J. B. Foote could not give definite figures and so Superintendent De Young was instructed by the board to ask the company for definite figures for supplying light and power for the coming winter, so that the city can make arrangements at once.

The determination of the board is to purchase current to tide the city over next winter, when the load is heavy and the current inadequate to meet steadily increasing demand. This will give the board and the city ample time to investigate fully whether it will be for the interest of the city to make a permanent contract for power and light from said corporation or to negotiate the board recently authorized to be issued for the enlargement of our present plant.

### Speak Highly of Miss Pessink.

Miss Kathryn M. Pessink, of Holland, who appeared in this city one week ago last Sunday at the Richard street M. E. church and the Central Presbyterian church, has returned to her home in Holland. Miss Pessink, who made her first appearance at that time before a Joliet audience, made a most favorable impression, favoring with two selections at each service. She possesses a voice of rare quality, power and sweetness. Her executions show much ability of expression and her perfect control of her voice. Miss Pessink is comparatively a young musician; she is a pupil of Professor Clarence Pease, of the Metropolitan school of Music, Chicago, and the Conservatory of Music of Hope college, Holland, Mich.—Joliet Herald.

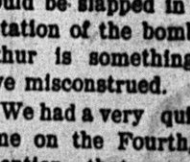

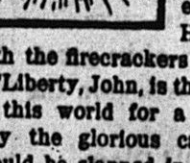

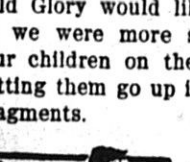

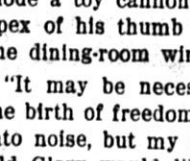

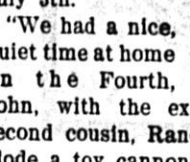

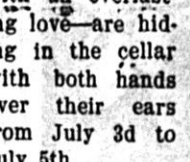

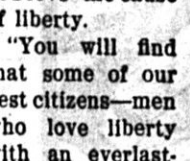

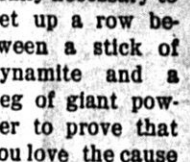

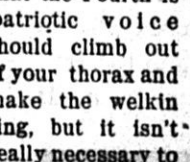

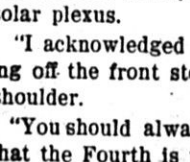

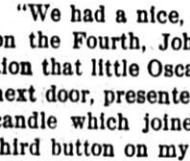

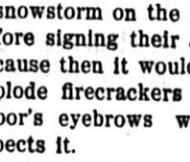

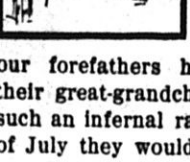

### Scathing Criticism.

"I am of the opinion," observed the editor of the Buntown Bazoo, having reference to the mentality of his rival, the editor of the Buntown Banner, "that if the brains of that manikin were of dynamite they would be quite insufficient to blow his hat over his eyes."

## UNCLE PETER'S FOURTH

BY GEORGE V. HOBART.

### UNCLE PETER

the Fourth of July at his old home in Ohio. I must show you a letter he wrote me a few days after that noisy event:

"Dear John: We had a nice, quiet time on the Fourth, with the exception of my ankle, which was somewhat dislocated because my foot stepped on an infant bombshell, which same exploded for my benefit.

"I like the idea of the Fourth with the exception of the noise.

"I believe that if our forefathers had suspected that their great-grandchildren would make such an infernal racket on the Fourth of July they would have waited for a snowstorm on the 16th of January before signing their John Hancocks, because then it would be too cold to explode firecrackers under your neighbor's eyebrows when he least expects it.

"We had a nice, quiet time at home on the Fourth, John, with the exception that little Oscar Maddy, who lives next door, presented me with a roman candle which joined me between the third button on my waist-coat and the solar plexus.

"I acknowledged the receipt by falling off the front step and barking my shoulder.

"You should always remember, John, that the Fourth is the day when your patriotic voice should climb out of your thorax and make the welkin ring, but it isn't really necessary to get up a row between a stick of dynamite and a keg of giant powder to prove that you love the cause of liberty.

"You will find that some of our best citizens—men who love liberty with an everlasting love—are hiding in the cellar with their hands over their ears from July 3d to July 5th.

"We had a nice, quiet time at home on the Fourth, John, with the exception that your second cousin, Randolph, tried to explode a toy cannon and removed the apex of his thumb and about half of the dining-room window.

"It may be necessary to celebrate the birth of freedom by bursting forth into noise, but my idea, John, is that Old Glory would like it much better if we were more subdued and kept our children on the earth instead of letting them go up in the air in small fragments.

"We had a very quiet time at home, John, on the Fourth, with the exception of your distant relative, Uncle Joseph Carberry. Uncle Joe annexed about six mint juleps and then went to sleep on the front porch with five packs of firecrackers in his coat pocket.

"Full of the spirit of liberty, your interesting cousin, Randolph, set fire to your uncle's pocket, and when last seen your Uncle Joe was rushing over hill and dale in the general direction of Hartford, Conn., with the firecrackers cheering him on.

"Liberty, John, is the only real thing in this world for a nation, but just why the glorious cause of freedom should be slipped in the face with an imitation of the bombardment of Port Arthur is something which I must have misconstrued.

"We had a very quiet time here at home on the Fourth, John, with the exception that another interesting cousin of yours, my young namesake, Peter Grant, tied a giant firecracker to the cat's tail, and the cat went to the kitchen to have her explosion.

"It took two hours and seven neighbors to get your good old Aunt Maggie out of the refrigerator, which was the place selected for her by the catastrophe.

"The stove lost all the supper it contained; little Peter Grant lost two eyebrows and his Buster Brown hair;

the cat lost seven of its lives, and the glorious cause of freedom got a send-off that could be heard 19 miles.

"We all missed you, John, but maybe it is better you were not at home on the Fourth, because the doctor is occupying your room so that he can be near the wounded—otherwise, we are all well.

"I think, John, that when freedom was first invented by George Washington the idea was to make it something quiet and modest which he could keep about the house and which he could look at once in a while without getting nervous prostration.

"But George forgot to leave full instructions, and nowadays when the birthday of freedom rolls around the impulsive American public wakes up at daylight, shoves up the window and begins to hurl torpedoes at the house next door, because a noise in the air is worth two noises on the quiet.

"We had a very quiet Fourth at the exception of your second cousin, Hector, who patriotically attached himself to a hot-air balloon, and when last seen was hovering over Erie, Pa., and making signs for his parents not to wait supper for him.

"Most of our neighbors for miles in every direction have sons and daughters missing, but what could they expect when a child will try to put a pound of powder in four inches of gaspipe and then light the result with a match?

"The Fourth is a great idea, but I think this is carrying it too far, as the little boy said when he went over the top of the house on the handle of a sky-rocket.

"We had a very quiet time at home on the Fourth, John, with the exception of our parlor, which took fire when your enthusiastic cousin, Randolph, tried to make some Japanese lanterns by setting fire to the lace curtains.

"The firemen put out the fire and most of our furniture.

"Your cousin was also much put out when I spanked him.

"We hope to recover from the excitement before the next Fourth, but your aunt hopes that somebody will soon invent a new style of noise which will not be so full of concussion. Yours with love, UNCLE PETER."

### CANNON CRACKERS

Let him go. It is a part of a boy's education.

It does seem to the small boy that he should have one day to spend unhampered by rules and regulations.

What does your boy care if you did only have one bunch of firecrackers for the entire Fourth when you were a boy? He knows that the world was slow and sleepy then anyway.

One reason why this country has a population of nearly 80,000,000 is that so many glorious Fourths have been rainy.

A Chinaman invented the firecracker, but it was some other fool who made the first toy pistol.

If there had been cannon crackers when George Washington was a little boy, this country might never have had a father.

As usual, we start in the day after determined to have a sane Fourth next time, and henceforth to use no other.

ALL FOR HOME, SWEET HOME.

### A Memorable Day

One of the days we remember with pleasure, as well as with profit to our health, is the one on which we became acquainted with Dr. King's New Life Pills, the painless purifiers that cure headache and biliousness, and keep the bowels right, 25c. at Walsh Drug Co. Drug Store.

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently."—Hon. John R. Garrett, Mayor, Girard, Ala.

Your brain goes on a strike when you overload your stomach; both need blood to do business. Nutrition is what you want and it comes by taking Hollister's Rocky Mountain Tea, 35 cents. Tea or Tablets, Haan Bros.

### Alward-Gunn.

A very pleasant social event took place at the home of Mr. and Mrs. Robert Alward last Tuesday evening (June 25th) when their daughter Lila B. was wedded to Mr. Fred M. Gunn of Holland, Michigan.

The house was very prettily decorated with ferns, marguerites and pink and white roses. At the hour of 7:30 Lohengren's Wedding March began to swell on the air, played by the bride's sister, Miss Fern Alward. The bride and groom took their places in one corner of the front porch which was banked with beautiful ferns, marguerites and roses, the relatives and friends gathered in a group on the green and the words were soon spoken by the Rev. Luther, which made them one. The beautiful and impressive ring service was used.

The bride was daintily attired in a white silk batiste dress trimmed with lace, and carried bride's roses. The guests from out of town were as follows: Mrs. Mary Crittenden, and Mrs. Julia Chapman Lansing; Mr. and Mrs. William Mutton, Mr. and Mrs. Sidney Saith, Dr. and Mrs. J. A. Heasley, Miss Lillian Roberts and Mr. and Mrs. Lafayette Alward, Grand Rapids; Miss Fanny Dickinson, Grand Haven; Mr. and Mrs. B. F. Gunn, Mr. and Mrs. Seigle Gunn, Miss Sylvia Gunn, Charles Dikhuisen, Mr. Fred T. Miles, Misses Izzie and Belle Gunn, Messrs. Sidney and Ralph Gunn, Holland.

Many beautiful and useful gifts were received, light refreshments were served and the bride and groom departed at a late hour on their wedding tour.

### Feel Every Change of Weather

A Bad Back is Always Worse During Wet or Changeable Weather.

Is your back like a barometer? Does it foretell every change of weather?

Does every cold settle on your kidneys?

Bring aching, throbbing pains? Does it disorder the urine?

The kidneys are calling for help.

Use Doan's Kidney Pills. Guaranteed by Holland testimony.

Mrs. M. Van Houten, 287 W. Thirteenth Street, Holland, Mich., says: "I can certainly speak well of Doan's Kidney Pills. I was a sufferer from kidney trouble for a great many years. The pains through my back and loins and under my shoulder blades were nearly unbearable. I could hardly bend stoop or lift, or exert myself in any manner and when I caught cold, I could always feel it in my kidneys. I was very weak, lacked energy and my housework was only performed with great misery. As a further indication that I was a sufferer from kidney trouble, the secretions became disordered, being very irregular in action and at times weak and unnatural. I was very restless during the day and at night was unable to procure refreshing sleep. I finally procured a box of Doan's Kidney Pills at Doesburg's Drug store and I used them only a short time when I was cured. I gave a statement telling the above facts in 1900 and I am very glad to confirm the same now. I have appealed to Doan's Kidney Pills on several occasions, when feeling tired or run down and they have always given the most satisfactory results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, Sole Agents for the United States.

## FLEES THE CZAR'S POLICE

## YOUNG POLE GOES TO FAR WEST TO HIDE IDENTITY.

Fugitive Who Participated in Student Riots Thinks He Was Followed to Kansas City.

Kansas City, Mo., July 1.—Exiled from his native land for treason in participating in the student riots in Poland last year, and followed, as he believes, by Russian police who desire to arrest him and return him to Russia, Vasi Kotoff, a member of a noble Polish family, has given up his position with a local packing house and fled to the far west in an effort to hide his identity from his would-be oppressors.

While the student riots were in progress in Warsaw, Poland, last year, young Kotoff, according to his story, mounted on a horse and headed one of the processions of rebellious subjects of the czar. He was there to denounce the czar for not giving Poland her promised assembly. He was arrested and placed in prison. Through an interpreter Kotoff told thus of his escape:

"With two others I escaped. We spent two weeks in a wheat field living on grain and fruit. After almost starving we reached Germany. In order to cross the border out of Russia we walked into the sea at night until our heads were just above the water. At a German seaport town we arranged for passage for Mexico.

"I went to San Antonio, Tex., where I worked in a mill. I made my way to Kansas City by riding the trucks. Now I want to go west so no one will know me."

"What would have been your punishment?" he was asked.

"Death, or perhaps, if I had friends, a life sentence in a Siberian prison, chained to a truck which I would have been compelled to push all day."

Kotoff speaks four languages, but very little English.

## NAMED TO TEST MRS. EDDY.

Federal Judge Aldrich Will Determine Her Mental State.

Concord, N. H., June 29.—Judge Edgar Aldrich, of Littleton, was appointed master to determine the competency of Mrs. Mary Baker G. Eddy by Judge Robert N. Chamberlain, of the supreme court, late Friday. The master is named in connection with the suit brought by Mrs. Eddy's son, George W. Glover, of Lead, S. D., and others as "next friends" for an accounting of Mrs. Eddy's property.

He is directed to ascertain, determine and report whether Mrs. Mary Baker G. Eddy was capable of intelligently managing, controlling and conducting her financial affairs and property interests, March 1, 1907, and during such time before that date as may to the master seem reasonable. No limitations are made as to the evidence to be introduced. The master is directed to make and file his report with the clerk of the court on or before September 30, 1907.

## HOLDS WAR TAX ILLEGAL.

Decision Rendered by Judge Pollack, of Federal Circuit Court.

St. Louis, June 29.—A decision was handed down Friday by Judge Pollack, in the United States circuit court, holding that the tax of \$3,173.39 levied upon the estate of Judge George A. Madill, as a Spanish-American war tax, was an illegal action. The suit was instituted originally as a test case by the Union Trust company, executor for the Madill estate. It has gone through the federal courts and to the United States supreme court twice, the supreme court dividing each time. If Judge Pollack's decision is affirmed by the supreme court the result will be that \$7,000,000 collected by the United States as a war tax must be returned.

## FARMER KILLS HIS WIFE.

Says That She Attacked Him with a Bread-Knife.

Waverly, Minn., June 29.—John J. Mooney, a well-to-do farmer living near here, killed his wife shortly after noon Friday. Then he came to town and surrendered himself. He says that when he went home to dinner he found no preparations made for a meal and when he complained to his wife she told him to cook his own dinner. He was doing so when the woman attacked him with a bread-knife, cutting him on the wrist. Mooney had a block of wood in his hand, which he was about to put into the stove. He hit his wife over the head with this and killed her instantly.

St. Paul Men Accused of Fraud. St. Paul, Minn., June 29.—Lewin A. Wood, George W. Wood, Bruce D. Tuttle and Martin P. Quigley were arrested by United States deputy marshals Friday afternoon on warrants charging them with using the United States mails for fraudulent purposes.

Bechtel Given Five Years. Minneapolis, Minn., June 29.—W. F. Bechtel, former president of the Northwestern National Life Insurance company, was sentenced Friday to state's prison for five years. He was convicted of grand larceny from the company while in office.

## INDIAN UPRISING FEARED.

Lives of Whites at McDowell Agency, Arizona, in Danger.

Washington, July 2.—A telegram was received Monday from Superintendent Goodman, of McDowell agency, Arizona, by the Indian bureau confirming the report of trouble at that agency. He says the shooting of an Apache by Farmer Gill grew out of an effort to remove some troublesome Indians from the agency, which was undertaken on orders from Washington, and was in self-defense.

Mr. Goodman says the lives of whites, friendly Indians and of the Indian police are in danger, but that the sheriff of Navajo county with seven others is on the way to the scene of trouble and that the territorial militia will be available if needed. The aid of the national troops will not be asked unless the situation assumes a more serious aspect than at present. Gill is a preacher.

## PINKERTON SPIES AMONG THE MINERS

MANY DOCUMENTS FROM THE AGENCY READ TO THE HAYWOOD JURY.

State Does Not Object—Former Stenographer Friedman Defends His Taking of the Papers—Wallace Tells of Misuse of Militia.

Boise, Idaho, July 2.—Morris Friedman, the young Russian stenographer who left the employ of the Pinkerton agency at Denver to write a book in which he published certain correspondence of the agency that passed through his hands, was again the principal figure in the Steunenberg murder trial Monday.

More than half of the court's day was occupied in reading to the jury copies of the documents which Friedman took from the Pinkerton records. They were chiefly the daily reports of secret agents operating as spies among the unions and union men at Cripple Creek, Victor, Globeville, Colorado City, Trinidad and Denver, and showed a complete surveillance of the Western Federation of Miners and the United Mine Workers of America during the labor troubles in Colorado in 1903-04. Pinkerton men sat in the federation convention at Denver in 1904 reporting all proceedings.

## Refuses to Be Called Thief.

The prosecution offered no opposition to any feature of Friedman's testimony, and no objection to the introduction of any one of the documents that the defense obtained through him, and when Friedman was handed over for cross-examination it endeavored to ascertain if Friedman had any more reports or letters bearing on the general issue. It attacked Friedman on the ground that he had played the Pinkertons false, had violated his pledge to them and had stolen the documents which he produced, but the witness would not admit that he had stolen the papers and would not allow Senator Borah to call him a "Pinkerton." He insisted that it was not stealing to take information that had been obtained by the fraud and deceit of secret service men, and declared that the public service which he performed in informing the people of the methods of the agency fully justified anything that he had done.

## Misuse of Militia Charged.

Another interesting witness was James I. Wallace, an attorney of Cripple Creek, who served with the militia, first as a private and then as a lieutenant, during the strike of 1903-04. He related several instances as tending to show the misuse of the power of the militia by the mine owners; gave the criminal records of some of the gun fighters imported by the mine owners; told of the working of the card system; recited the circumstances connected with the looting of the union stores and a newspaper office, and swore that he saw K. C. Sterling, chief detective for the mine owners, fire the first shot in the Victor riot the day of the Independence station incident.

M. E. White, an organizer for the Western Federation, was the last witness and brought the trial participants back to great good humor with the drollest kind of a tale of his arrest by the militia with all the pomp and ceremony of war times, the activities of the vermin in the bull pen and his happy release by a brother Woodman of the World, who commanded the militia.

Counsel for the defense said Monday that they might succeed in finishing with all of their witnesses except Haywood and Moyer by the end of the week. Their plan is to reserve those two principals for the last. The defense has prepared its draft of instructions and the state is working up its rebuttal case, so that the end of the trial approaches.

## "AHH!" for Orchard.

Boise, Idaho, July 1.—The defense in the Steunenberg murder trial began Saturday morning with a further attack on the testimony of Harry Orchard, and then presented testimony to show that Jack Simpkins was cruelly treated in the Idaho "bull pen" and that union miners were whipped and driven from Cripple Creek.

Dominick Flynn, who conducted a cigar store in Mullen, Idaho, in 1899, swore that Orchard was in his store playing poker the day that the Bunker Hill and Sullivan mill was blown up, and Pat McHale, who gave the occupation of barkeeper and said he gambled whenever he got a chance, swore that he sat in the game with Orchard. McHale, who is a bartender in Mullen, followed Flynn on the stand. He said he played poker with Orchard in Flynn's cigar store the 29th of April, 1899, and had never seen the man since.

Frank Hough, who testified to conditions in the Idaho "bull pen" and the treatment of Jack Simpkins, swore that Orchard told him at Wallace in the fall of 1905 that he had just come from Alaska, the first mention in the case by the defense of the supposed visit of Orchard to Alaska. Morris Friedman, a former employee of the Pinkerton detective agency who recently left the service and published a so-called expose of Pinkerton methods, was called to the stand shortly before noon.

Friedman testified as to the methods of the Pinkerton agency in connection with the strikes in Colorado.

Francis Murphy is Dead. Los Angeles, Cal., July 1.—Francis Murphy, the temperance lecturer, died at 10:30 a. m. Sunday.

## CURRENT PROBLEMS.

## GOES HIGH IN SKY CYCLE

OHIO LAD CARRIED UP A MILE BY STRONG AIR CURRENT.

Nervy Young Aeronaut Makes Remarkable Ascension in Foot Power Air Ship.

Columbus, O., July 1.—Cromwell Dixon, the 14-year-old aeronaut, made an ascent Sunday in his "sky cycle" and was carried up more than a mile by an adverse air current and drifted several miles before he was able to land. The propeller of the airship is run by foot power, and Dixon has been able to handle it readily in a light breeze.

Sunday, after the ship had ascended a short distance, it was caught by a strong current of air which whirled it about, and it shot rapidly upward until only the gas bag could be discerned by the naked eye. After being up about half an hour, Dixon landed safely several miles away from the starting point.

The boy was nervy throughout his trying experience, and declared that he did not feel concerned at any time for his safety, although thousands of people below were much alarmed.

## AUTO PLUNGES OFF BLUFF.

Falls 40 Feet Into Lake—One Man Dangerously Hurt.

Ortonville, Minn., July 1.—While going at a high rate of speed Sunday afternoon, an automobile containing three persons suddenly swerved and went over a sheer embankment of 40 feet into Big Stone lake. One of the passengers was probably fatally injured, another is seriously hurt and all had narrow escapes from drowning.

Those in the automobile were: Charles and Walter Bucholz, prominent merchants of Appleton, and the three-year-old son of Walter. They were driving along the lake shore road which, at the point where the accident happened, runs along the edge of a bluff. At the highest point the machine got beyond the control of the driver, swerved and went directly over the embankment. The heavy car did not turn over as it fell, but landed in 20 feet of water. Charles was struck by the steering wheel and received internal injuries which may prove fatal. A gasoline launch was near the scene of the accident, and those on board hastened to rescue the automobilists.

## CLOUDBURST AT CLEVELAND.

Cellars Are Flooded and Street Car Traffic Demoralized.

Cleveland, O., July 2.—A cloudburst broke over this city Monday afternoon, doing great damage especially in the east end. Within five minutes the precipitation was 45-100 of an inch. Cellars were flooded in business houses and street car traffic was badly demoralized for two hours.

Pittsburg, Pa., July 2.—A rainfall resembling a cloudburst occurred in this city and vicinity shortly before five p. m. Monday, causing a flood in the streets and the cellars of many houses. The precipitation was 43-100 of an inch, making the total precipitation for the day 66-100. Considerable monetary damage resulted.

## Liveryman Kills a Drummer.

Lincoln, Neb., July 2.—J. A. Corey, traveling salesman for a wholesale harness establishment, with headquarters at Hastings, Neb., was shot and instantly killed by Charles Gloe, a liveryman of the town of Hallam, 20 miles from Lincoln, Monday afternoon. The men quarreled about the manner in which Corey's team had been cared for.

## Prudential Quits Texas.

Newark, N. J., July 2.—The Prudential insurance company announced Monday that, following the example of a number of other life insurance companies, it would withdraw from Texas, considering it impossible to comply with the law recently passed in that state.

## STRIKE OF GARBAGE DRIVERS IS ENDED

MAYOR OF NEW YORK INDUCES MEN TO RETURN TO WORK BY PROMISES.

City in Great Distress—Streets Blocked by Heaps of Putrefying Refuse—Police Sergeant Badly Injured by a Bomb.

New York, July 2.—The strike of the city garbage collectors is over and the fears of a serious epidemic as the result of the conditions which have existed for the past week are at rest.

A committee representing the striking drivers conferred with Mayor McClellan Monday. He promised that if they would return to work he would take up their grievances. Later the committee announced that they had decided to send all the men back to work, trusting to the mayor's promise. It was also announced that the men would work overtime until the accumulation of garbage in the streets had been removed.

## Police Protect the Carts.

All day long the health department officials put forth their utmost efforts to gain some headway against the rapidly increasing accumulations in the streets. About 250 carts were in use, but strike breakers were hard to find and difficult to hold.

Every cart was protected by police and detachments of officers preceded the squads in which the carts were sent out, driving loafers off the streets and out of the saloons and doing all possible to prevent assaults on the drivers. Even on the East Side, where the danger to health from the heaps of putrefying refuse was rapidly becoming very grave, hundreds of people hooted the strike-breaking drivers from the windows of tenements and hurled missiles at them.

## Officer hurt by a Bomb.

Police Sergeant William Duggan was seriously injured by the explosion of what the police believe was a bomb while escorting two carts in One Hundred and Sixteenth street late in the day. The sergeant was blown several feet. He was taken to a hospital suffering from shock and lacerations.

Several of the drivers were badly beaten by strike sympathizers before they could be rescued by the police. On the East Side streets conditions are almost unbearable. The return of hot weather has added to the seriousness of the situation.

## Refuse Blocks Streets.

In places the heaps of garbage practically fill the streets and traffic is interfered with. Attempts to dispose of the accumulations by burning have been largely unsuccessful.

But it is not alone the East Side that suffers. The entire city is affected by odors. The health department is still struggling to make some impression on the mountainous heaps of refuse, but even if the full force returns to work Tuesday it will require several days of hard labor before normal conditions are restored.

## FIVE ASSAYERS ARRESTED.

Stolen Gold Ore Worth \$50,000 Recovered at Goldfield, Nev.

Goldfield, Nev., July 1.—Five assayers were arrested Saturday and 1,500 pounds of high grade ore alleged to have been stolen from Little Florence mine and valued at \$50,000 was recovered. The men under arrest are M. J. Smith, S. H. Prince, C. J. Trask, Henry Lutzenheiser and Fred Lutzenheiser. All gave bail in the sum of \$1,000 and the cases were set for hearing on July 12.

## Wisconsin Girl Murdered.

Wausau, Wis., July 2.—Jennie Rehle, daughter of John E. Rehle, aged 16 years, was assaulted and murdered Sunday afternoon in a strip of woods near her home. Two men were arrested on suspicion.

## OPERATORS' STRIKE LIKELY TO SPREAD

MEN IN KANSAS CITY AND ST. LOUIS MAY WALK OUT WITHIN A WEEK.

Are Restive in Chicago—Telegraphers in That City, if Called From Keys, Will Spend the Time at Michigan Resort.

Chicago, July 2.—Secretary Wesley Russell, of the Commercial Telegraphers' union Monday admitted for the first time that active preparations were under way for the extension of the strike against the Western Union and Postal companies.

This is taken to mean that the union leaders have despaired of winning their contention with the big telegraph companies by a single strike demonstration at San Francisco, and are now ready to enlarge their operations. Kansas City and St. Louis are two western cities that are mentioned in connection with the proposed strike field. It is believed that the operators will be called from the offices in those cities within a week.

## To Extend Strike This Week.

Secretary Russell was unwilling to divulge the details of the plans that have been made by the union leaders to carry the new operations into effect. The exact time and place for the next move in the union's guerrilla warfare against the companies were known only by President Small, said Russell. He expected to hear definite news of the projected war plan within a few days. It is his belief that the men will go on strike in one or more towns outside of San Francisco and Oakland, Cal., by the end of the present week. He refused to hazard a guess if Chicago would be included in the new strike operations. St. Louis and Kansas City were said to be more probable locations.

## Officials Express No Fear.

Although the union leaders are said to have been satisfied with the strike situation in the west they have decided that in order to win a decisive victory they must extend their lines to include more big cities. Many operators in Chicago are beginning to lose interest in the fight and have expressed the opinion that more vigorous blows should be struck. The telegraph company officials in New York and the west have expressed no degree of fear over the situation and have taken no particular pains to avert a possible universal strike. They say they have made no preparations for a strike as they do not believe that the men will vacate the keys.

## Delicate Situation in Chicago.

The situation in Chicago has become somewhat complicated by the action of the Western Union company in discharging Operator William W. Main last week. Main is said to have been violating rules of the office when he was dismissed. The operators believe that his discharge is a slap at the union and will make a contest to have Main reinstated. In the present state of feeling against the company the incident is felt to be unfortunate and may provoke radical action by the men. The case was taken up by the local union's grievance committee.

## Outing Planned if a Walkout.

Unique methods for the entertainment of the Chicago telegraphers will be followed in the event that local operators are called out on strike. Secretary Russell explained that a movement is on foot to provide an outing for life Chicago operators that will extend during the entire time of their idleness. It is proposed to charter a lake steamer and transport the 800 or 1,000 operators and their families to some Michigan resort at the expense of the union.

## Looks Better in Frisco.

San Francisco, July 2.—Manager O'Brien, of the Western Union Telegraph company, said Monday that the situation showed decided improvement. He had opened five branch offices in this city. Several operators had returned to work and the company was taking on competent men who applied for positions.

## ROCKEFELLER NOT YET FOUND.

Oil King Succeeds in Eluding the United States Marshal.

New York, July 2.—The search for John D. Rockefeller by United States Marshal Henkel and half a dozen deputies, who wish to serve him with a subpoena directing him to appear before Judge Landis, of the United States circuit court in Chicago, on July 6, is still unrewarded and Mr. Rockefeller's whereabouts are as much a mystery as ever.

Three other Standard Oil officials, Charles M. Pratt, I. Q. Barstow and Wm. H. Hutchinson, were served with subpoenas Monday.

## Epidemic Among Wyoming Sheep.

Cheyenne, Wyo., July 2.—The board of sheep commissioners of Wyoming has appealed to the bureau of animal industry of the United States to assist the Wyoming stockmasters in investigating and stamping out an epidemic which is killing thousands of sheep and threatening the sheep industry of the entire state. It is believed the trouble is caused by a small fly which enters the nostrils of the lambs.

**Base Ball Notes.**

Sprigy Te Kolier has resigned as manager of the Independents, too much brain worry says Sprigy. "Babe" Wolfering has been elected to fill the vacancy.

John Fick, former catcher for the Interurbans has jumped his contract. He is now wearing the Holland uniform. The Interurbans were too fast for Johnie.

Sy Hansen, who has been taking life easy at Port Sheldon, has returned home and promises to pitch winning ball for the Holland City team.

The Madison Squares failed to show up for the Saturday game with the Independents. They probably heard that "Babe" was going to do the twirling.

The Interurbans play the Lawrence nine Saturday. This team holds the championship of Van Buren Co., and is after the state amateur pennant.

The Interurbans have secured the services of Moses Wize, formerly of the Grand Rapids high school to catch. This addition greatly strengthens the team and places them in the front ranks.

Two good ball games are promised for the 4th. Independents will play the fast Junior Highland Club of Grand Rapids, and manager Wilson promises to give the Burton Height Junior nine a good good drubbing.

The Interurbans defeated defeated the J. W. team of Grand Rapids by too large a score to be printed.

The All Stars went down to defeat by a score of 24 to 4 against the illusive curves of Miles, the crack Holland City pitcher last Saturday.

The Independents play the old time favorites, "The Garlands" July 27.

July 4th the Interurbans will test the metal of one of the big six of Grand Rapids, when they meet the Valley City Independents. Ossegnaack promises to win the game and prove to the rooters that the Interurbans are in the first-class and in line for the state honors.

**THE TALE OF A FISH.**

As Related to His Friends by the Veracious Jenkins.

They had been discussing fish and fishing, when Jenkins suddenly added: "Did I ever tell you about Pitti Sing, my pet Japanese fan-tailed goldfish? Bought her from Jake Hope for \$45 and she is no longer than your finger. But about her intelligence. Of course, she comes when called and eats out of your hand and all that childish nonsense; but here's a thing she did which indicates thought, reasoning, brainwork. One day a candlestick fell from the mantel on to the thick glass bowl in which Pitti Sing was dreaming. The candlestick cracked the bowl and knocked a small hole in it Pitti Sing, all alone in the drawing room, saw the water that was essential to her existence flowing through the hole, and what do you think she did? She plugged up the leak with her tail, and in that position I found her on my return an hour or so later. She had saved her life, but the end of her tail, from exposure to the air, was all shriveled and cracked. I had to massage it with cold cream before the poor little thing could swim again." There was painful silence for a few minutes; then when Dumphy said it looked like rain everybody but Jenkins followed him out.

**Smoked In Church.**

Although the present universal habit of smoking is of comparatively recent date, the use of tobacco was carried to a great excess when it was first introduced. Our ancestors smoked even in church. All such offenders were solemnly excommunicated by Urban VIII in 1624, and again by Innocence XII. in 1690, when the practice seems to have extended to Rome itself. There was William Breedon, too, vicar of Thornton, "a profound divine, and absolutely the most polite person for civilities in that age," of whom the astrologer Lilly says that "when he had no tobacco he would cut the bell ropes and smoke them."

**Rabbits in the Water.**

Mr. Millais tells how rabbits swim—when compelled to: "They swim with the head held as high as possible, while the hocks of the hind legs appear above the element at each stroke. The shoulders and front part of the body are buried beneath the water, while the rump and tail are high and dry."

**Refund Money.**

With the reception by Justice Osterbaan of Muskegon last week of a check for \$31.92 from Walter H. Clark, county treasurer of Ottawa county, ends, perhaps, the episode of the two Muskegon boys who were sent to the Detroit House of Correction nearly two months ago by the authorities of Ottawa county. The Muskegon Chronicle says that the authorities of Ottawa county tried to hold up the parents of the boys when they tried to secure their release. The check was for James Clawson, father of Charles Clawson, one of the boys sent to the Detroit institution and represented the sum wrung from him by the Ottawa county official in what the Chronicle says was an illegal attempt to wring from the sheriff's costs and other expenses incurred in sending the boy to Detroit. The Chronicle goes on to say: "By refunding the money the Ottawa county officials saved themselves some uncomfortable notoriety in their own county on the methods employed by them in handling criminal cases, and the way the county treasurer is mulcted there. When Mr. Clawson decided to pay the fine and costs assessed against his son by Justice Roosenraad of Zeeland, who sent the boys to Detroit in the first place, and which amounted to a little over \$28, the justice having multiplied the costs by three by making separate charges against the three boys, who were arrested for a petty theft which was clearly a joint offense, he was informed that the boy could not be released until the county had been reimbursed for the sheriff's costs and other expenses incurred in taking the boy to Detroit."

**Get a Copy of Pilot Rules.**

Beginning with July every craft on the lakes and inland rivers must be provided with a revised copy of the latest pilot rules. They may be had free of charge from the steamboat inspectors in the respective districts. Ordinary small launches, motor boats and even row boats come under the section of pilot rules relating to "open boats," and that if such craft, when navigating between sunset and sunrise, will carry a combination lamp, placed at a slight elevation at the bow of the boat which displays a green light on the starboard (right side) a white light in front and a red light on the port side, it will meet the requirements of the law. A rowboat should carry an ordinary lantern lighted.

It would, therefore, behoove those concerned, to display lights when required in the future, and thereby preclude the possibility of the "cutter" officers reporting any irregularities in this respect.

Persons in doubt should communicate with the inspectors.

**Good For Charlie.**

Charles A. Floyd, general manager of the Michigan state fair, learned Friday morning in the lobby of the Griswold house that he had a cousin, of whose existence he had not before known. The cousin is Richard Floyd, of Coburg, near Rochester, N. Y.

"Mr. Floyd," a boy shouted as he meandered through the hotel.

"I'm Mr. Floyd," said two men in chorus, as they marched up to the desk.

"I'm Floyd," each one repeated again and each one looked at the other.

"Yes," came the answer in chorus.

Then came rapid fire questions as to identity, relationship, birthplace and present abodes which had the limbs of the genealogical tree whipping as in a gale.

"And the sister of your father and my father down in Coburg is worth half a million dollars," Richard declared, after their relationship was established.

"This is too much, but if I can get in on it I'll see if Fred Postal won't sell me the state fair," answered Charles.

Charles was not born when his father and mother left Coburg, their ancestral home, 37 years ago. Richard was aged 8 at that time.—Grand Rapids Herald.

**Raise Salaries in Fire Department.**

The board of police and fire commissioners has increased the annual pay roll of the volunteer fire department \$972.

The salary of the fire marshal has been raised from \$150 to \$175, the assistant marshal's salary has been advanced from \$75 to \$100, the salary of the members has been increased \$15, making \$65 a year and the night men have been allowed an advance of \$25, making their salary \$100 for night service, and in addition they draw the regular fireman's salary of \$65 per year making their total salary \$165.

The board will continue the volunteer department, making no material change in the system now in

force. All the old members were reappointed by the board, and except for a more rigid enforcement of the ordinance prescribing the duties of the firemen the members of the department will not notice that they are under new control.

The board has increased the number of night men to four at each engine house, there being three formerly.

One sub-driver for each station has been appointed, and each is required to be on duty every other Sunday and two evenings each week. This arrangement takes the handling of teams out of the hands of the

firemen in the absence of the regular driver, and insures the capable handling of the teams.

All these changes in the department were made subject to confirmation by the council.

The board has ordered that the several bunks in the city jail be cleaned and repaired.

It was also ordered that electric flashlights be purchased for the use of patrolmen nights.

The clerk was directed to purchase 15 badges for the use of special policemen.

**Shimmel Examination.**

The reading of the testimony in the William Shimmel examination is on in Justice Wachs' court today. All of the witnesses who testified last week are here having their testimony read to them and signing same. The proceeding is a tedious one but it is necessary. The testimony was taken in shorthand by the court stenographer and was then typewritten. Prosecuting Attorney Coburn and Attorney L. L. Park take turns in the reading of the testimony.

It is expected that as soon as the reading is completed that Shim-

mel's attorney will move that the respondent be discharged for lack of evidence, but it is generally conceded now that the men will be held to the August term of circuit court.
