### BARBER JUSTICE "SHORT SHINGLES" COUNTRY FISHERMAN

ALLEGAN IS ALSO HAVING ITS  
FISHING TROUBLES

Heavy Tax Payer Fined \$12.00 For  
Not Having a License To  
Fish

Allegan too is having its fishing troubles. Resorters who own property were dragged into court for not having a license and were soaked \$12 for not knowing the law.

They were taken before a justice who was a barber and as the barber shop was filled with tonsorial patients the justice was compelled to drag the poor defendants to a bed room where the justice did not clip the fine but "short shingled" the poor resort fishermen. The man's name is Stiles and here is what he has to say about the matter:

Mr. and Mrs. Stiles, who have owned a farm for four years on the town line road at Bravo, were fishing on Swan Lake Friday when they were accosted by the game warden for a fishing license and as they have been paying taxes and owning property here they understood they did not need a license, so did not have one. They explained the situation to the Warden who told them to appear at Allegan and purchase a license. When they got to Allegan they found out they were under arrest. They talked with the prosecuting attorney who was very nice and instructed the Warden to have them purchase a license and pay the costs. They were taken before Justice Brady who first escorted them to a room fitted as a barber shop where the Hon. Brady was busy cutting the locks of some gentlemen not having room to receive them there, they were again escorted into another room consisting of a bed, couch and a table full of dirty dishes. After a long consultation between the Warden and Justice Brady they were again escorted back into said barber shop and made to pay \$12. If the costs of said court rooms are \$12 in Allegan, we hate to think what the costs of a real court would be, it's certainly an attraction for people to buy property and a great boom to the county the way property owners are treated in this county.

### CHESTER LA HUIS TRIES HIS OWN CASE

WAS CAUGHT SPEEDING AT 40  
ON THE ZEELAND ROAD  
SUNDAY

Chester Lahuis of Zeeland who gave his name to Justice Van Schelven as Harry Lahuis, was so indignant because of the alleged injustice of his arrest for speeding Sunday that he asked for a jury trial. This was held in the city hall and Prosecutor Miles appeared for people. Chester not being accompanied by an attorney pleaded his own case, but a jury of six men "tried and true" couldn't see it Chester's way. The justice gave him the usual fine together with some good advice.

The jury members were John Van Berg, John Bosman, Byron Stevens, John Serier, Ed Steketee and Casper Beit.

### HOLLAND MAN TO AID IN RUNNING G. H. MUSIC STORE

HERMAN COOK ONE OF SALES  
FORCE IN NEW PRUIM  
EMPORIUM

E. J. Pruijn's new music store which for some weeks has been in the process of renovation for the opening, will begin business on Saturday of this week. Grand Haven's new business house is located on the corner of Washington and Second streets and will be the only exclusive music house in that city. Mr. Pruijn intends to devote the whole of next week to the opening. He will term it "Get Acquainted Week." Miss Vera Pfaff of Grand Haven will manage the new establishment. She will be assisted by Mr. Herman Cook of Holland, who has had ten years' experience in this line of business in his home city and by Bert Grinwiss of Zeeland.

It is estimated that it will take 15 years for the gas drenched soil of France to recover and become productive again.—Detroit Free Press. No wonder it took the boys so long to get over it.

George P. Hummer, proprietor of the West Michigan Furniture Co. has purchased the home of Mrs. C. Verschure on West Twelfth street. The consideration is said to have been \$9,000.

Rev. and Mrs. Dykstra have arrived in Holland from India.

### SHERIFF RACE PROMISES TO BE A HOT CONTEST FIVE CANDIDATES FOR REPUB-

LICAN NOMINATION; MAKE  
PRIMARIES INTERESTING

Grand Haven Tribune—Although the primaries at which the candidates for the various county offices will be named on Democratic and republican tickets is still some time off, campaigning is growing warmer every day in the contest for the offices. Among the Democrats as usual there will be but little rivalry in the quest for nomination and the big fight will be staged among those of the Republican faith who seek nomination.

The biggest and most hard fought contest of the primaries is looked for in the sheriff nomination. Five candidates are at present lined up for the job. Each of them is working hard to better their chances and each expresses confidence that he will be able to secure the necessary support to ensure his nomination. Of the five candidates three are from Grand Haven and two are from Holland. Emil Klumpel, at the present time a member of the Grand Haven police force, Lawrence DeWitt now a deputy sheriff in the sheriff's office and Del Fortney an ex-deputy of Grand Haven are the three men in the race. C. Steketee and Lou Bowman of Holland are the other two candidates. Steketee has had several years experience on the police force in the city of Holland. Fortney has been a candidate for the office once before.

Just how the chances of each of the men size up cannot be ascertained. Those who watch elections and politics have their own views on the matter, but they are almost as varied as the number of men who hold them.

Another pretty race will be staged for the office of prosecuting attorney. To date only two candidates for the nomination have appeared and it is not likely that others will intrude. Leo C. Lillie of Grand Haven and Fred T. Miles, present prosecutor, of Holland will stage the dual race for the prosecutor's office.

Among all of the other offices there will be no contest. Orie Sluiter, present county clerk will be a candidate to succeed himself. The same will be true of Judge of Probate James J. Danhof, Register of Deeds Rysenga and County Treasurer Den Herder.

The primaries will be held August 31.

### PREDICTS MILK AT TWENTY CENTS

Milk at 20 cents a quart before many months is predicted by Glenn Overton, of Allegan, president of the Michigan Allied Dairy association, which adjourned Wednesday night after a two-day meeting at Otawa Beach.

"Everyone is interested in the dairy business and in dairy products except the producers, is experiencing an unusual era of prosperity," said Mr. Overton. "If we cannot make money now, we should go out of business. The producer is getting the short end of the profit, but his day is coming. We are paying \$3.20 per hundredweight at our Allegan condensary—a record price—but it is apt to go to \$4 before long. The producer will get the benefit of this increase.

"When people learn that a quart of milk, even at 20 cents is worth four times in food value a like amount of many other foods, then they will be willing to pay the price and will demand more milk. Then also will the producer be compelled to maintain the best dairy herds to produce a sufficient supply of milk to meet the demand."

Mrs. Frederick Bouwman, 183 W. 28th street—daughter—Alice Mae.  
Mr. and Mrs. Adrian Hogenback, 287 Columbia Ave.—son—William James.

Milton J. Maatman, 118 West 15th street—daughter—Evelyn May.

Mr. and Mrs. Adrian Van Pernice, 295 W. 18th street—son—Henry William.

Mr. and Mrs. James Schuurman, 614 Lincoln Avenue—son—James Jr.

Mr. and Mrs. Matthew Bos, 158 College Avenue—daughter—Mildred Genevieve.

Mr. and Mrs. Bert Naberhuis, 244 W. 10th street—son—Herman Lewis.

Mr. and Mrs. John Vande Woude, 52 E. 18th street—daughter—Florance Vander Woude.

### CITY GAS RATE IS RAISED TO \$1.80 PER THOUSAND MICHIGAN PUBLIC UTILITIES COMMISSION ISSUES ORDER TODAY

With Discount of Ten Per Cent The  
Net Rate Will Be  
\$1.70

In an order issued by the Michigan Public Utilities Commission and received by City Attorney C. H. McBride this morning, the rate that the people of Holland will have to pay for gas in the future will be \$1.80 per thousand cubic feet, with a ten per cent discount if payment is made within ten days, instead of \$1.50 per thousand cubic feet with a discount of ten cents per thousand.

The order of the commission gives the figures in units of 100 cubic feet instead of in units of one thousand. In the language of the order the rate will be henceforth 18 cents per 100 cubic feet, with one per cent discount.

This order has been awaited both by the city and the gas company for some time. That an increase would be made was foreshadowed several weeks ago when a committee from the council, including Mayor E. P. Stephan, attended a meeting of the commission at Lansing and discussed the rate with the commissioners. The commission had summoned the city's representatives to appear, and at that time the commission indicated that on account of the increase in the cost of coal and labor the rate would have to be raised. These two items are instanced in the formal order of the commission received today, as the reason for the raise. The order gives a detailed analysis to show how the raise in prices of coal and labor make a raise in the prices of gas necessary.

There has been a gradual advance during the past year, on August 14, 1919, the commission fixed a temporary rate of \$1.35. On October 10, 1919, they set aside this rate and made it \$1.50. On June 14, 1920, the commission ordered both the city and the gas company to appear before them to consider a readjustment, the result of which is the present fixing of the price at \$1.80, less ten per cent.

### HOLLAND TO GET BIG AMOUNT IN PRIMARY MONEY

THIS CITY TO RECEIVE \$37,270  
FROM THE STATE THIS  
YEAR

A welcome bit of news came for the public schools of Holland today when a report from Lansing announced that the per capita primary school fund this year would be \$10. Although this fund will not get the Holland schools out of the financial woods, it will be a welcome help, as the amount Holland will receive this year will be \$8,869.50 more than was received from the state a year ago.

The Holland school census taken in June showed that this city has a school population of 3,727. At ten dollars per capita, this will mean a primary fund this year of \$37,270. Last year the school population of Holland was 3,495, and at that time the primary fund was \$7.90 per capita, making a total to be distributed to the Holland schools of \$28,400.50.

### "PUNCHING THE BACK"

"What possible assistance can be given diseased kidney, liver, stomach or uterus by 'punching the back'?" Pulling the trigger of a gun is remarkably easy and without a knowledge of the latent force within the line of fire might well appear incredible. But to those who can reason from cause to effect, the consequences are clearly defined. So it is with the Chiropactic "thrus." It immediately releases the latent force which is an inherent part of all living matter, stirring dormant vibrations to life and action. Its value in the restoration of conditions wherein normal functioning of the various organs may be resumed is testified to by thousands of "chronic" invalids who have regained health through its agency. # LARGE NUMBER OF SPEEDERS ARE TAKEN SUNDAY

This is the day for the speed cop and many are taken in by the officers.

Bontekoe gathered in Ralph Schrock and Mrs. George Dunn, both of Chicago, going 80 on River avenue. He also caught A. Bourke of Indianapolis and Judge Van Schelven fined him \$10.

Deputy Sheriff Homkes was also busy in the townships Sunday. George Brady of Grand Rapids going 35 miles on the north side was caught. Frank Harris of Grand Rapids going 35 miles on the Zeeland road—caught. Kenneth Butts of Holland went 35 with his little motorcycle—arrested.

Wm. Ten Cate of Philadelphia was going 30 on Eighth street—gathered in.

J. Grepman, Grand Rapids, had the wheels of his motorcycle going faster than his should.

Albert Van Dyke did likewise with his two-wheeled steed.

Dan Pickett of Chicago went 40 miles on Alpena road—fined.

Henry Labus, whose name isn't Harry at all the officers say, but who gave his name as such to the justice, went 35 miles Sunday on the Zeeland road. "Too much," and the officer snatched him.

Then there was George Griffin who went 40 on the Alpena road. He was pinched by the deputy.

Mr. Todd of Grand Rapids, a business man there, pleaded guilty before Justice Van Schelven on the charge of reckless driving. He is the man who ran down the Vander Meulen boys resulting in one having his leg broken and the other receiving injuries to his head.

Mr. Todd told Justice Van Schelven that he was ready to make good the damages incurred as far as the young men were concerned and the judge let him off with \$8.70 fine and costs.

The cases were equally divided between Justice Van Schelven and Justice Den Herder.

## LOCAL GROCER DIES

### AFTER OPERATION

Peter K. Prins, aged 60 years, died Thursday evening at 8:15 at his home at 10 East 15th street. Mr. Prins submitted to an operation for appendicitis a week ago and for a few days his condition was considered favorable.

The deceased was born in Uquerd, the Netherlands and came to this country in 1866. He is survived by his wife, five children: Mrs. M. Dyke, Klaas Prins, Mrs. H. Prins, of this city, John E. Prins, Jackson, Michigan, and Gerrit Prins of Holland; also by seven grandchildren, four brothers and one sister.

The funeral was held Monday Mr. Prins worked for 22 years for the Du Mez Brothers, being in charge of the grocery department. He was very active in church work, having served for many years as elder in the Central Avenue church and also having served in the Sunday school of that church for many years.

## GRAND HAVEN HAS

### ANOTHER INVENTOR

James Batchelor, of Grand Haven has broken into the inventor's list with a new contrivance which he calls the piano drum. The apparatus according to Mr. Batchelor is constructed with the idea of imitating a drum corp. It consists of a large hollow cylindrical piece of galvanized iron, attached to a long wooden arm. From the drum to the end of the arm run four piano wires, which when struck produce the resonance from which the music is obtained. Mr. Batchelor declares he intends to

## WILL INSPECT DISTRICT STATIONS DURING THE WEEK

Capt. Lofberg, district superintendent of life saving stations left on Monday for a trip of inspection of coast guard stations to the south of G. Haven. Capt. Lofberg will be gone about a week during which he will visit Michigan City, St. Joe, South Haven and Holland. On his return he will leave for the northern part of the state to inspect the stations at Manistee, Point Au Sable, Ludington, Pentwater, White River and Muskegon.

The trip which Capt. Lofberg will make is his regular quarterly inspection trip, during which all of the coast guard stations in this district, except the one at Louisville, Ky., are inspected as to personnel and equipment. At this time of the year it is very essential that everything be kept in tip-top order at the life-saving stations as the hundreds of resorters who frequent the resorts and the bathing beaches must be watched constantly.

Capt. Lofberg has already inspected the Grand Haven station.

## COMPANY ASKS FOR

### RAISE IN ITS RATES

The East Saugatuck Telephone Co. today asked the Michigan Public Utilities Commission to be allowed to raise the rentals from \$7 to \$12. In their formal request to the commission the company sets forth that a re-adjustment of the rates was made necessary because of the fact that the expenses exceed the receipts, that officers and employees demand more pay, and that all materials have advanced in price.

Henry Riemersma, aged 47, died Monday at his home in Holland township. The deceased is survived by his wife, seven children and four brothers. The funeral will be held Thursday at one o'clock, standard time from the home and at 1:30 from the Niekirk church.

## TWELVE THOUSAND GALLONS OF GASOLINE SOLD IN TWO DAYS

Twelve thousand gallons of gasoline arrived in Grand Haven on Thursday from Hammon, Ind., for Vyn Bros. of that city. Before the end of the day more than half of the amount had been expended for consumption. The remainder, it is said, will be gone soon. The consumption of gasoline has increased enormously in the past few years and the business done in this commodity this year is breaking all the previous records. Another car for Vyn Bros. is now on the way to Grand Haven from Woodville, Penn. This tank also contains 12,000 gallons.

## RELATED FIREWORKS BROUGHT A YOUNG GRAND HAVEN LAD TO GRIEF

George Schmik, eight year old son of "Doc" Schmik of Madison St. Grand Haven, was a victim of some belated fireworks when his clothing caught fire from sparklers with which he was playing. Before the flames could be extinguished they had burned the clothing from the upper part of the little fellow's body and inflicted severe burns upon his back and arms.

## ZEELAND SCHOOLS HAVE ALL TEACHERS ENGAGED

With the close of the public school year in Zeeland, the officers in charge had already secured the teachers for the coming school year. Most of last year's teachers have been retained and a few new ones have been secured.

Supt. W. L. Feuhrer has been secured for another year as superintendent, and this will be the last year he will be there. It is said he will study law after completing his contract.

The high school teachers will be, H. A. Salyer, principal; Myrtle Mc Clatchie, Mrs. Henrietta Barnett, Alberta Bolen, Dora Van Loo, Vern H. Moore, and Mrs. H. A. Salyer.

The grammar department will be taught by Miss Sawyer Mrs. Martha Barense, Greta H. Whitcomb, Esther C. Den Adel, Ethel G. Race, Nella Ver Hago, Elizabeth Nykamp Louise Wierenga, Marie VanEenaam and Anna Huizinga.

Miss Lena May Viascher will be kindergarten teacher. At the school meeting to be held Monday evening there will be three trustees to be elected, two for full terms to succeed W. D. Van Loo and G. Lubbers, and one to fill vacancy caused by the resignation of John Moeke to fill which vacancy J. N. Clark has been appointed.

## HOLLAND FOLKS AGREE TO DISAGREE—DIVORCE

A decree for divorce was handed down by Judge Orien S. Cross in Circuit court in Grand Haven on Thursday to Nellie Israels of Holland against Henry Israels of the same city. The couple were married in Holland April 4, 1918 and have resided in this city and in Grand Rapids since. Cruelty are grounds for which the divorce was granted. F. T. Miles acted as attorney for the plaintiff and Diekema, Kollen & Ten Cate for the defendant.

## HAVING GOOD TIME IN OLD IRELAND

John I. Gibson, recently resigned secretary of the West Michigan Development Bureau, is enjoying his stay in Ireland. Mr. Gibson says that he reached there June 4, just 16 days after he left Michigan, the ocean trip being a smooth one.

"Ireland, beautiful always, is especially so at this time of the year writes Mr. Gibson. The hills are all ablaze with yellow gorse, and there are roses and flowers of all kinds in profusion. The cattle are knee deep in luscious pasture. There is no scarcity of good things to eat and drink, especially the latter, and devil it is to pass generally. Mrs. Gibson is feeling better, and I am loafing to my heart's content." Mr. Gibson expects to be in Battle Creek by September 1 to assume his duties there.

Mr. and Mrs. W. E. Langrill of Chicago are visiting Mr. and Mrs. E. S. Rice, the parents of Mrs. Langrill at their summer home Chuu du Lac, Holland Route 4.

Mr. and Mrs. H. Guichelaar and son John of Prairie View, Kas., are visiting Mr. and Mrs. A. Roebach.

B. Bloemendaal is visiting relatives in Chicago.

Ground has been broken for the Jewett Phonograph Co.'s new factory building at Allegan. The building will be 50x125 ft. three stories, and will mean a 100% increase in production.

## LOAN ASSOCIATION TO HOLD ANNUAL MEETING

The stockholders of the Ottawa County Building and Loan Association will be held at its office in First State Bank building on Tuesday evening, July 20, at 7 p. m.

The annual report will be read and directors elected to take the places of O. P. Kramer, Louis Vandenberg, C. W. Nibbelink and Thos. Marsilje, whose terms of office expire, and such other business transacted as may come before the meeting.

## SHIP STARTS FROM SEAT. TLE TO SOUTH HAVEN

The steamer Iroquois has started her return trip from Seattle, Washington, to South Haven. Her course takes her down the Pacific coast, through the Panama canal, up the Atlantic coast and through the St. Lawrence river and Great Lakes to South Haven.

The Iroquois was sent to Seattle for coastwise traffic seven years ago. It is planned to put her in freight service between South Haven and Chicago for the present season.

## THE VOTE AT A GLANCE

Full Term	Short Term
Henry Geerlings 994	George Mooi 761
Fred Beeuwkes 725	Frank Dyke 541
Gerrit Vander Hill 666	
G. John Koolker 607	
Martha D. Kollen 549	
Emily L. Mc Bride 317	

## FOUR MEN ARE ELECTED AS CITY SCHOOL TRUSTEES

With Henry Geerlings leading with his usual large margin, the candidates in the annual school election Monday came out of the contest with a vote that slanted down all the way from 994, more than two thirds of the total vote, to 317, less than one-third.

The members elected are Henry Geerlings, Fred Beeuwkes and Gerrit Vander Hill for the full term, and George Mooi as member for the short term. These four, together with the men who were holdover members, will constitute the school board for the coming year.

The vote, in the order of number of ballot cast for each, stood as follows:

Long term—Henry Geerlings, 994; Fred Beeuwkes, 725; Gerrit Vander Hill, 666; John Koolker, 607; Martha D. Kollen, 549; and Emily L. Mc Bride, 317; short term, George Mooi, 761; Frank Dyke, 541.

By the action of the voters Monday, Holland will be without a woman on its school board this year for the first time in six years. Six years ago the people of Holland, for the first time in the city's history, although attempts had been made before that, elected a woman, Mrs. Kollen. She has served with distinction for two full terms. At the death of Henry Peigum, Jr., Mrs. McBride was appointed to fill the vacancy and during the past year she has ably fulfilled the duties of the office. In the caucus both easily won the nomination, but the voters reversed the decision of the caucus and declared by the ballots for a school board without a woman member.

It was the first school election in which personal bitterness on the part of supporters of the various candidates played a prominent part. The election was not by any means free from mudslinging not on the part of the candidates themselves, but by their supporters.

## NUMBER OF VOTERS IN SCHOOL ELECTION BREAKS RECORDS

With a total vote of 1365, the largest vote cast in a regular school election in the history of the city, with all the accompaniments of an ordinary "political" election—boys passing out handbills, autos scurrying down the street getting out the reluctant or careless voter—the annual school election held Monday fully came up to expectations so far as excitement went. From 2 o'clock in the afternoon until some time after eight o'clock at night when the last ballot had been recorded, the polls attendants were kept on the jump. A number of tables were placed on the lower floor of the city hall with ballots and pencils on them so that a large number of people could vote at the same time.

Only once before in Holland's history was there a vote in a regular school election that came anywhere near approaching the vote of Monday. That was many years ago when the question was up of abolishing the high school. Then the vote was 1,001 and that has remained a record for all these years until Monday when the total of 1,365 established a new record which will probably not be surpassed or approached again for many years.

In normal years a vote of five hundred is considered big. It was freely predicted that this year the vote would be nearer fifteen hundred, and that prediction was justified as the results showed. The total vote polled by those who were at the foot of the ticket would have been enough in normal years to assure election by a good margin.

But in spite of the large total vote, not nearly half of the voters in Holland came out. The total vote of the city at present is in excess of 3300.

An anti-gambling raid was pulled on two local soft-drink parlors by a combined force from the sheriff's and city police department Monday night. Some half dozen local young men were caught in the net, appeared before Justice Wachs and fined \$2 and costs. It is understood that the operators of the two places will be prosecuted for allowing gambling. No action in that direction has yet been taken.—G. H. Tribune.

## WOMAN VOTE NOT AS LARGE AS WAS EXPECTED

The woman vote in the annual school election on Monday was not as large as had been anticipated. In view of the fact that the mothers of Holland's school children have fully as great an interest in school affairs as the fathers, the smallness of the woman vote was rather disappointing.

The exact figures are not available. A relatively small number may have been missed by those who kept tabs on the woman vote, but the figures secured are approximately correct. The total number would probably not be more than a dozen or so larger than the vote given.

So far as a check was kept on the woman vote, the total was 353. The third ward led the city, casting a total of a little over a hundred votes.

The first ward came next with a total woman vote of 90. Next in order was the fourth ward with a total of 85. The fifth and sixth wards were tied for fourth place, each having 35 woman votes to their credit. The second ward, the smallest ward in the city, had the smallest woman vote out. In that ward only eight women voted.

Of course, no official check is kept on the woman vote at a school election or any other election. Officially a vote is a vote, whether cast by a woman or a man. All are citizens now and no distinction is made between men and women on the polling books of the city.

But volunteer workers spent the time at the polling place Monday to record unofficially the vote cast by the women. Whenever the name of a woman voter was announced by the board member in charge of the ballot box, it was checked off on the list. The women in charge of this say they may have missed a few towards the end of the election, but the number given here is substantially correct. It indicated that only about one-fourth of the registered woman voters of Holland came to the polls.

## MOOI THANKS VOTERS FOR THEIR SUPPORT

George Mooi, the successful candidate for the short term in the annual school election, expressed his appreciation to the voters who elected him. Mr. Mooi declared that he would give the best there was in him to the schools of the city and that he would try to be worthy of the confidence placed in him by the voters.

Mr. Mooi has been very active in the Washington school Parents-Teachers club of which he has twice been elected president. The contest between him and Mr. Dyke was a friendly one throughout.

## FOREMOST CITIZEN OF HOLLAND TAKES A BRIDE

Hon. G. J. Diekema of this city and Miss Leona Belsar of Detroit, were married at noon Saturday by Rev. Paul P. Cheff, pastor of Hope church. The nuptials took place at the home of Mrs. Frances Browning, 87 W. 14th street.

It was a very quiet affair, with only immediate relatives and a few intimate friends present.

After the ceremonies a wedding breakfast was served and the happy couple started immediately on a wedding trip to Thousand Islands, Montreal, White Mountains, Quebec, and other points of interest in Canada.

Mr. and Mrs. Diekema expect to be away for three weeks, after which they they will make their home at the Diekema homestead, 134 West 12th street.

Mrs. Diekema, nee Belsar, is not a stranger to Holland folks. For some time she was instructor in English in the local high school, and ever since she has been connected with educational work in this state. Until very recently she was the principal of one of the Detroit public schools.

# Making Houses Into Homes

Do you blame us for enjoying our work when we know that we are making houses into homes?

Have you ever called on a family just when they are experiencing the use of a Holland Furnace for the first time? Isn't it a pleasure to see people as happy as that? And then in the Springtime, isn't it a joy to see these same folks just as healthful and happy as they were in the Fall?

Yes, we do like our job. What would life be without service, anyway?

This great organization not only makes the furnaces, but sells it direct to the Owner of the building, installs it and guarantees it.

DANGERS BITTER  
ABOUT TREATMENT  
WHILE FISHING

Clucas of St. Louis, Mo., and Alexander of Chicago, resort to Macatawa Park, appeared in court in Holland Tuesday on charge of fishing without having out a non-resident fishing license. They readily admitted that they did not have a license and paid costs, Justice Brusse in view of circumstances making it as nearly as law allowed.

for the privilege of giving opinion on the treatment received from Deputy Game Warden. "We are strangers here," said he, "just arrived. We had heard of the non-resident fishing law. We bought minnows and sent poles in good faith, wishing to catch some fish. No one told us such a law existed, and therefore it does not technically exist. It seems to me it would be a matter of common courtesy to put us wise. The deputy arrested us before we had a chance to fish. I don't

around my line and Alexander just thrown his hook into the line. We were given no chance to get out a license which we would gladly done, had we been told the law. I have since brought my family here and prepared to spend a good deal of money at this resort this summer. The treatment I received I consider nothing short of a raw deal. I am given a bitter feeling that nothing can remove. It isn't the money, but it's the idea of being treated to town as a law-breaker. We had not the least intention of violating any law. If that is the way strangers are treated, this is the place for resorters of my

I feel very bitter and I think I am just cause to feel that way," says Stephan, getting wind of the case, made the affair his own. He made it a point to see Mr. Clucas, Mr. Alexander and, on behalf of the city of Holland, apologized to the treatment they had received. He declared that the people of Holland were bitterly opposed to the visitors treatment of that kind and he promised them that he would make it an issue to have practices of that nature stopped. He declared that the men he wanted all strangers to know that they would not be treated unjustly while guests at the resort in Holland.

Interviewed Deputy Game warden Homkes. The deputy declared that he was following the instructions of the state game department. Mr. Stephan thereupon decided to make it an issue with the state game department, and as a result a gun in this campaign he will carry before the Merchants' association this evening to get them up in the subject.

"It is an outrage," said the Mayor. To enforce the law is all right, but to clap an arrest on a stranger who does not know such a law except without giving him a chance to explain it to his provisions is a shame. The practice and if it isn't stopped, it is going to know the reason why."

## THE MISSIONARIES RETURN TO INDIA BY WAY OF SCOTLAND

Mr. and Mrs. John Warnahuis, missionaries of Hope and sent out from the Reformed church of America for New York Tuesday morning en route to Scotland, the home of Mr. Warnahuis.

Mr. and Mrs. Warnahuis have been in America for the past two years making Holland headquarters. During that time the missionaries have been in poor health and prolonged their stay here until he had

recovered. Mr. Warnshuis

## LOCALS

There will be a band concert on Thursday night at 8 o'clock.

Otto Schaap, president of the South Ottawa & West Allegan Fair Association is seriously ill. His recovery is considered very doubtful. Chicken thieves are reported to be operating around Allegan and to be depleting the flocks of many of the farmers. A few nights ago the thieves visited the farm of Mr. J. Panches and took seventeen nice pullets and a Barred Cockerel he prized very highly.

Mr. and Mrs. E. A. Stowe of Grand Rapids drove to Allegan and were accompanied on a motor trip by Mrs. D. M. Eveland and Mr. and Mrs. J. J. Firestone, going from here to Hamilton, Holland, Macatawa, Jenison and Ottawa Beach, Grand Haven, Muskegon, Sparta, Grand Rapids, Zeeland, Saugatuck, Douglas, Pullman, Chichester and home on Monday evening. They drove over some of the most delightful roads and some of the worst in the state were encountered in Allegan county. The trip was the more pleasant because taken in their new Franklin sedan car that does not kick back when the roads are poor.

Allegan News. As far as the Allegan county poor roads go that is nothing new to the traveling public in fact it has become a by-word with a few other words thrown in for good measure.

A series of band concerts will be given in Zeeland by the Ottawa Co. band, the first one Friday evening.

The Venhuizen Auto Co. have made deliveries of a Studebaker to George P. Hummer and a Dodge to Wm. Vanden Berg.

John Westrate of the Overland Garage has gone to Toledo to drive in a Willys Knight for J. W. Himebaugh.

Ralph Hayden of the Hayden Auto Co. was in Big Rapids Friday on business.

The Peoples Garage have sold the following cars: a Nash to Cecil Huntley, C. Blom, Jr., and John Van Huis, and a Sport model to Andrew DuMez.

Walter I. Lillie, the veteran attorney of Ottawa county is not at all well. This winter he went to California for his health and now he is confined to his home at Grand Haven. Mr. Lillie is the oldest practicing attorney in Ottawa county.

Mr. and Mrs. George Nauta have returned from a six weeks visit with their children in Chicago. The children came by auto to take the old folks to Chicago and likewise returned with them by machine after a visit. Those who came to Holland are Mr. and Mrs. Joe Nauta, Mr. and Mrs. Ed Takken and son Willard. Another son Jake Nauta also lives in the "Windy City."

M. J. Westrate submitted to an operation at his home Monday. The operation was performed by Drs. Bos and Tappan.

Mrs. Martin Van Doren, aged 48, died Saturday evening after a nine months' illness with cancer. The deceased is survived by her husband, one son, Henry Zoet, and two daughters, Mrs. Roy Wise and Miss Bernice Zoet. The funeral was held Wednesday afternoon at 2 o'clock from the home. Rev. S. Vander Werf officiated.

The Bulletin of Vital Statistics for April issued by the Department of State Monday shows that the number of births in Ottawa county during that month was 89 and the number of deaths 54; Allegan county, 75 births and 39 deaths; Holland City, 21 births and eight deaths; Grand Haven, 12 births and six deaths; Allegan City eight births and ten deaths.

Deputy Sheriff Homkes is a wise deputy. Instead of planting those five cans of brook trout in Black river, where they would go for naught, he planted them all in the cool and pure Pine Creek and adjacent waters.

The marriage took place Thursday evening at the parsonage of the M. E. church of Mr. Harry L. Zeerip and Miss Alice Miskotten, both of Hamilton. The ceremony was performed by Rev. G. B. Fleming. The couple will live at Hamilton where Mr. Zeerip is in the garage business.

Little Marie Ruth, the three and a half year old daughter of Mr. and Mrs. Jack De Ridder, died Thursday afternoon at the home of Mr. and Mrs. John De Ridder, 289 East 19th street. The funeral will be held from the place where the child died on Monday afternoon at 2:30 o'clock. Rev. James Ghyssels, pastor of the 9th street Christian Reformed church officiating. The funeral will be private.

Carl Wright, ticket clerk in the office of the Michigan R'y station sustained a badly lacerated hand while pulling an express truck to an interurban car.

W. J. Remus, state dairy and food inspector, has completed an inspection of all local dairies which furnish milk to the city of Grand Haven. He reports their condition good. Samples of milk were examined and found to be of good quality.

Cherry and strawberry picking has almost been finished in the Hamilton vicinity. The strawberry crop was the best in years.

The woodwork on the Hamilton dam which was damaged by spring floods now is being repaired.

According to the report of the committee on academics and education 104 students have been aided by the board of education in the Reformed church during the past year. The offerings received for the contingent fund totaled \$18,307.88 while the amount paid to the students was \$20506.95. The beneficiaries include students entering the ministry and mission fields and medical missionaries.

The heating plant in the Ottawa county infirmary at Eastmanville will be repaired instead of the installation of a new plant. This action was taken at a meeting of the committee on infirmary and poor held in Supt. Van Schelven's office here Thursday. The committee comprises Supervisors Lubbers of Zeeland, Richards of Polkton, Luben of Coopersville and Kleyn of Holland and Keeper Peck. The home houses about 35 people.

At the annual meeting of school district No. 1, fractional, of Zeeland Johannes Osseward and W. D. Van Doo were elected trustees for three years and James Kossen for one year. The number of voters at the meeting was not as large as in other years.

At the annual school meeting for the Fennville village schools the women of the district turned out in force and saw to it that two of their number were elected to the board of education for a period of three years. The two ladies elected were Mrs. Kate Barron and Mrs. Bernina Du Vall. It was also decided at the meeting to purchase a site for a new school building.

There is talk of holding the annual school election at the annual spring election for city officers in the future. The two were separated several years ago in order to keep the public schools out of politics, but as the city election has for many years been conducted on a non-partisan basis it is proposed to combine the two. If the sentiment of the people is strongly in favor of the movement, a petition for a change in the city charter will be essential. It is doubtful if this plan will ever materialize however. The talk is now stirring because of the hot campaign just passed thru.

After a layoff of over a week the Hamilton brick yard again has resumed operations. The broken machinery has been repaired.

Daniel Kruidenier, 258 James-av. for 30 years has owned a strip of property adjoining the Grand Trunk railroad, but until Saturday did not know that the warranty deed conveying the property to him was faulty. Finding the deed in an old bureau drawer, Kruidenier took it to the register of deeds office to have it recorded. He found the required affidavits and signatures of notaries were missing and had been since 1890 when the deed was made out. Kruidenier will take legal steps to have his claim in the property established.—G. R. Press.

Sheriff Dornbos of Ottawa county has appointed Harold Nieboer of Holland as deputy sheriff to succeed S. Boomgaard who resigned. The new deputy assumed his position Monday morning.

Frank Lillie, old time Grand Havenite is visiting old friends and scenes in and about this city. Mr. Lillie was connected with the old Sisson-Lillie lumber mill operated in this city years ago. Mr. Lillie is now operation a large cotton plantation in the south.—G. H. Tribune.

Fred T. Miles, prosecuting attorney, has thrown his hat in the ring for re-nomination on the republican ticket for the office which he now holds. The political scrap for the nomination at the August primaries in this office, as well as the fight for the nomination for republican candidates for sheriff promises to be a lively affair.—G. H. Tribune.

County Farm Agent Milham thru the farm bureau will make an elaborate display at the Holland fair this fall.

The Woman's Relief Corps will hold a meeting Wednesday afternoon at 2 o'clock. Delegates' reports will be given and memorial exercises will be held. A large attendance is desired.

The Eureka Rebekah Lodge will hold their annual picnic on Friday afternoon, July 16, at Jenison Park. All Odd Fellows and Rebekahs are cordially invited. Members are asked to furnish their own dishes. A fine program is promised by the committee.

The Holland Retail merchants will hold their meeting in the city hall Tuesday night. A large attendance is desired.

Persons to get licenses to marry during the past week in Allegan county are: V. Vern Anspach of Otsego and Pearl E. Carlisle of Plainwell; John H. Thompson of Otsego and Atha Kridler of Bloomington; William J. White of Otsego and Beagle M. Hickerty of Grand Rapids; Earl Chapman and Myra Freyer of Douglas; P. J. Gannon and Pearl Wolfinger, of Hopkins; Chas. Wade and Pearl Arlene McLaughlin of Otsego; Elliott L. Stauffer of Nashville and Olive C. Frank of Moline; Leonard G. Carlin and Helen C. Floyd, both of Indianapolis; Clayton Lindsley and Lily Lewke, both of Allegan; Alpha G. Burgess and Esther L. Stratton, both of Otsego; Gerald S. Case and Geraldine L. Clark, both of Fennville; Baxter K. Richardson of Springfield, Ill., and Helen C. East of Saugatuck.

Grand Haven held its school election Monday. There was no excitement as there are only two persons to vote for with only two candidates on the ticket and those were Edward Moll and Charles R. Shupe, who have already been serving. An election is really unnecessary as two votes would elect both men.

M. Franzburg, for a number of years conducting a fruit and vegetable business in the Visser building next to the Holland City State bank, has removed to the building on the corner of Thirteenth street and Central avenue, formerly occupied by E. Post & on. Mr. Franzburg will be ready for business there in a day or two.

Louis Schoon submitted to an operation at Holland Hospital Tuesday evening. The Junior Priscillas held a meeting July 13 and organized with the following officers: president, Miss Florence Van Drie; vice president, Miss Evelyn Ruth Hilarides; secretary, Miss Maud M. Van Drie; treasurer, Miss Marion J. Lordahl. The meeting was held at the home of the president. Dainty refreshments were served.

The new building for the Weny & Hills vinegar factory near the New York Central station at Allegan is nearing completion but there is much work yet to be done before manufacturing can begin. A solid concrete floor and foundation are to be constructed in the basement to hold the large tanks, after which the machinery may be placed. Another building 24x40 is to be constructed for the cider mill. This will stand to the south of the main building and will be of cement blocks one story in height. The factory will be ready for business by the time the first apples are brought to the market.

Word has been received in Holland announcing the marriage of Dr. Wm. K. Scholten, formerly of Holland, and Miss Amy M. Elliott of Inwood, Iowa, on June 30th. Dr. Scholten is the son of Rev. and Mrs. D. Scholten of Inwood, Ia. He is a graduate of the preparatory department of Hope College, and completed his education at Iowa institutions.

Aldermen Damstra of the Fifth Ward and James De Young of the Board of Public Works subcommittee of the city having to do with the negotiation of buying the Holland City Gas Works as a municipal plant were in Grand Rapids Tuesday conferring with officers of the American Public Utilities Co. who owns the Holland plant.

In South Haven the city is divided into three sprinkling wards in each of which sprinkling is permitted only two hours per day two days a week. If one has an automobile to wash he must do it during the regular sprinkling hours. Violators of this rule are punished by having their water shut off. South Haven's source of supply is lake Michigan.

Dr. Benjamin Bush, pastor of one of the Presbyterian churches of Lexington, Ky., and a prominent member of the Rotary club of that city, will be the guest of the Holland Rotary Club at the noon luncheon Thursday noon. Dr. Bush will give an address, and all members are urged to be present and bring a guest as the speaker is well worth hearing and has a message for the Rotarians.

A letter from Egypt states that Rev. J. Kruidenier, of Holland, a Presbyterian missionary, is recovering from a serious attack of erysipelas. Mr. Kruidenier is a native of this city and a graduate of Hope college.

14th street Christian Reformed church of Holland Monday evening extended a call to Rev. H. H. Meeter, pastor of Neland-av., church of Grand Rapids.

From the NEW ROYAL COOK BOOK

**BREAKFAST** is too often eaten as a duty rather than a joy. The success of the day may depend upon the spirit of breakfast. The Royal Educational Department presents some breakfast dishes that will send the children to school with a hip hip hurrah and his majesty man to his daily duties with the "up and doing" feeling which knows no discouragement.

## Muffins

2 cups flour  
4 teaspoons Royal Baking Powder  
1 tablespoon sugar  
1/2 teaspoon salt  
1 cup milk  
2 eggs  
1 tablespoon shortening

Sift together flour, baking powder, sugar and salt; add milk, well-beaten eggs and melted shortening; mix well. Grease muffin tins and put two tablespoons of batter into each. Bake in hot oven 20 to 25 minutes.

## Egless Muffins

2 cups flour  
4 teaspoons Royal Baking Powder  
2 tablespoons sugar  
1/2 teaspoon salt  
1 cup milk  
2 tablespoons shortening

Mix and sift dry ingredients, add milk and melted shorten-

ing and beat until smooth. Bake in greased muffin tins in hot oven 20 to 25 minutes.

## Corn Muffins

1/2 cup corn meal  
1 1/2 cups flour  
4 teaspoons Royal Baking Powder  
1/2 teaspoon salt  
2 tablespoons sugar  
1 cup milk  
2 tablespoons shortening  
1 egg

Sift together corn meal, flour, baking powder, salt and sugar; add milk, melted shortening and well-beaten egg; mix well. Grease muffin tins and drop two tablespoons of mixture into each. Bake about 35 minutes in hot oven.

## Popovers

2 cups flour  
1/2 teaspoon salt  
2 eggs  
2 cups milk

Sift together flour and salt. Make a well in flour, break eggs into well, add milk and stir until smooth. Pour into hot greased gem pans and bake 25 to 35 minutes in a very hot oven. If taken out of oven too soon they will fall.

In South Haven the city is divided into three sprinkling wards in each of which sprinkling is permitted only two hours per day two days a week. If one has an automobile to wash he must do it during the regular sprinkling hours. Violators of this rule are punished by having their water shut off. South Haven's source of supply is lake Michigan.

### THE BELVEDERE FARM SOLD FOR \$100,000.00

Rumor has it that "Belvedere Farm" has been sold to a party by the name of Leonard. The purchase price paid to Mr. Williamson was \$100,000.

The rumor has been verified and was found to be correct. Holland folks will not be pleased with Mr. Williamson's decision to leave this vicinity. He has taken a live interest in the Holland fair and other things in Holland, and this city count on the aid of such men as Mr. Getz, Mr. Golds and Mr. Williamson.

Belvedere Farm is a splendid layout and the owner has spent a great deal of money in making it beautiful and up to the minute.

### GRAND HAVEN MAY BE WITHOUT MEAT SOON

Many Grand Haven butchers have been forced to go without their usual supply of meat from the Chicago packing houses this week. A strike among the employees of these concerns has made it impossible to deliver any meat products. Grand Haven butcher get from 80 to 90 per cent of their meat supply from the Chicago market and should the strike prove to be an extended one Grand Haven will experience a meat famine. Most of the concerns have enough meat on hand, it is understood, to last this week. —G. H. Tribune.

Holland meat markets have not yet complained and citizens were not supplied Sunday and garden truck is coming in fine—so we should worry.

### SENSIBLE COAST GUARDS

Henry Roossien, Ferdinand Kinkba and Barney Peterson all of Grand Haven, returned from Muskegon on Saturday afternoon in their small gasoline launch, which they had taken there several days ago. The boys were forced to leave their boat in the Muskegon harbor until Tuesday because of high seas which prevented their return. On one attempt to get out of the harbor they were stopped by the Muskegon coast guards and forced to return their launch to the dock.

### ALLEGAN ELECTS WOMAN ON SCHOOL BOARD

At the annual school election at Allegan the districts voted to buy additional property which joins the present high school site.

Director E. W. Delano was elected to succeed himself. Mrs. Weldon Smith was elected to succeed R. E. Davidson. Mrs. Smith is the first woman to be elected to the board in several years.

### EXPOSED ELECTRICAL SWITCHES CONDEMNED

"Open knife" or exposed electrical switches in homes and business places throughout the state of Michigan must go, under a ruling by State Fire Marshal Frank H. Ellsworth. Michigan will be the sixth state to adopt such a course. Enclosed and externally operated switches must be installed in all shops and homes as a protection to life and property. The ruling points out that loss of life and property has been heavy in the state because of defective wiring and carelessness in use of electrical appliances.

### MUSKEGON GOES TO GRAND HAVEN FOR GAS; GETS NONE

Grand Haven Tribune—Six gasoline trucks from Muskegon arrived in Grand Haven Saturday afternoon in search of gasoline for the demand of that city. The drivers applied at Vyn Brothers but were forced to return without a gallon more of gasoline than they had when they arrived. The dearth of fuel is causing no small amount of inconvenience in Muskegon. This city is well fixed for some time now with a good supply of both Standard Oil Co's and Sinclair gasoline.

### FERRYSBURG GIRL IS MARRIED BY PROBATE JUDGE

The marriage of Robert Brayley of Muskegon and Anna Kruszenga, a daughter of Mr. and Mrs. Albert Kruszenga of Ferrysburg, was performed by Judge of Probate James J. Danhof at the court house Saturday morning. The groom is employed as a mechanic in Muskegon. The bride has been living at home of her parents. The license was obtained at the office of County Clerk Orrie Sluiter. It is understood the couple will make Muskegon their home.

### MERCHANTS MAKE AN ISSUE OF THE FISHING LAW

The Holland Retail Merchants' association has gone on record as being strongly opposed to the general system of enforcing the non-resident fishing law in the manner in which it was enforced Tuesday morning against I. H. Clucas of St. Louis, Mo. and W. H. Alexander of Chicago. The matter was called to the association's attention Tuesday night by Mayor Stephan and he strongly condemned the spirit of the whole thing.

The merchants, after a thorough discussion in which they showed that Holland and the resort interests were not at all in sympathy with that kind of treatment for resorters, decided to take the matter up with the Michigan State Game and Fish Commissioner. A committee was appointed to get into close touch with this official, the committee being composed of Jacob Lokker, Andrew Steketee and Gerard Cook.

Neither the mayor nor anyone else is opposed to the enforcement of the non-resident fishing law. This law is a statute passed by the Michigan legislature and it was passed to be enforced against prominent non-residents as well as against the unknown. No one wants to have any discrimination made. All who have interested themselves in the matter want the same consideration shown to the common man as to the wealthy resorter.

But they believe that the stranger at the resorts be he rich or poor, should be shown the courtesy of being told by the deputy game warden that there is such a law and should be given a chance to take out a license instead of being arbitrarily dragged to court and placed under arrest.

The present agitation is not a personal one against Deputy Game Warden Monkes. He claims to be carrying out the strict instructions of the game department. The merchants' association is determined to bring about a change in the warden's spirit of the enforcement of this law.

### DIAMONDALE WOMAN TO DIRECT SEAL SALE

Miss Ruby B. Carlton of Diamondale, has been retained by the tuberculosis association to conduct the annual Christmas Seal sale throughout the state. Miss Carlton was in charge of the sale last year and made a success of it. She already is at work getting the state organized for the year's sale.

### PUSH OF OAR CAUSES DROWNING AT MACATAWA PARK

Isaac Vander Molen, aged 23, lost his life by drowning at Macatawa Tuesday evening at 5:40 o'clock when in a rowboat in which he and a friend were fishing capsize throwing both men into the water. The U. S. Coast guard crew was on the spot in less than five minutes, going to the scene in the surf boat. Members of the crew immediately dove for the body, but being unable to recover it that way, they dragged the bottom and brought the body to the surface about forty minutes after the accident happened. Dr. J. Mas-selink of Zeeland, who happened to be present, worked over the body for two hours, but life was extinct.

Vander Molen and Kort Konoelje of Zeeland were fishing just inside the harbor near the end of the north breakwater. The little boat was getting too near the pier and Vander Molen, with an oar, attempted to push it away from the breakwater. In doing so the boat capsize, throwing both men into the water. Vander Molen could not swim. Konoelje could swim a little, and twice he got hold of Vander Molen as he reappeared above the surface, but each time the drowning man broke away from his grasp. Konoelje finally succeeded in getting onto the spiles. The depth is about twenty feet at that point.

Vander Molen was an employee of the Phoenix Cheese Co. of Zeeland. He was unmarried. The body was taken to the Pruiim Undertaking establishment in Zeeland.

This is the third drowning to which the Coast Guard crew has been called this year, one in Holland and two at Macatawa Park. The crew was called to another case in which they saved four persons from drowning when their sailboat capsize. In that case the people thrown into the water were able to hang on to the boat long enough until help came.

### PIONEER'S STORY TELLS OF WILD CAT MONEY

Allegan historians are writing many interesting articles relating to Allegan county's early history.

Mr. H. H. Hutchins is securing a great deal of data and is contributing his findings to the papers in this vicinity.

Within the last few weeks he has been writing about Saugatuck and Singapore, the lumbering town that was, but is no more.

He recently explored the story about this small metropolis in lumbering towns at the mouth of the Kalamazoo, stating that the store buildings, banks, theaters churches and all such, written about in the national press, made good reading, but never existed.

There are some facts that he does relate that are true, however, that has to do with "wild-cat" money issued by the bank of Singapore that wasn't worth any more than cigarette papers. In fact, it took \$40.00 of this class of currency to pay for a dining needle, and one boot dealer held up the banker in order to get gold for the money issued by the bank. Mr. Hutchins tells all about it in the following story:

"We read in Dr. Thomas' history of Allegan county, 1907, page 34, that Oseba Wilder and sons of New York were the promoters of Singapore. That they built a sawmill and founded a bank, etc., and from an interview in 1906 with the late Mr. John P. Wade, who came here in 1844, that Oseba Wilder & Co. came here in 1836 or '37 and built the Singapore bank, which was financed by the Lancaster bank of Lancaster, Mass., and James G. Carter of the same place was president of the bank.

"But, as stated in a previous letter, it was Johnathan Wade and Asa Bowker who built the mill in 1835. (See earlier letter.) These differences are immaterial as the object of the research is dates and doing and extent of advancement from time to time.

"I have never known the extent of business transacted by the Singapore bank nor on what financial basis it was established, but the purchasing power of wild-cat money can be better understood when we know that people had to be informed at all times as to the standing of a bank before the money could be accepted in trade. My grandfather paid forty dollars in Singapore bills for a dining needle and had accepted those bills a short time before at par. I was told by men who were boys in 1837 that they had pockets full of Singapore bills after the bank failed and used to trade with it as play money.

"The late Mr. Levi Loomis told an interesting story of the Singapore bank. Mr. Loomis was born in New York state in 1810 and in 1835 came to Singapore, and, as I understand, he helped to construct the first mill there. His sister, Emily, was the wife of an Indian trader and first settler, Mr. Wm. G. Butler, before mentioned.

"There was a scarcity of boots here and Mr. Loomis, though a carpenter by trade, decided to send back east for a supply. When the goods came the men offered him bills issued by the local bank, which he refused to accept, and demanded 'good money' or no sale. There were about 200 men at the burg and in the woods that wanted boots and there was no other place where they could be supplied, but Mr. Loomis preferred to hold the goods or receive good money in exchange. This state of affairs did not suit the officers of the bank, so they arranged to redeem their bills with eastern money in time for Loomis to remit to the eastern dealers, to which he agreed, and the whole stock was sold out, amounting to \$600.

"The day was fixed on which the bank was to redeem the money, but as might have been expected, the bank was not prepared and put him off four days. Then a draft was made on an eastern bank and after a short time it came back as worthless. Things went on until more than another month had passed and Mr. Loomis became desperate. His credit and honor depended on the payment of his debt and he resolved to have good money at any cost. Hill, the cashier of the local bank, slept in the chamber of Loomis' house, with other boarders, but in separate bed, and did not rise as early as the others.

"Mr. Loomis suspected that Hill carried with him the good money of the bank and slept with it under his pillow, so formed his plan, and one morning after the others had gone down Mr. Loomis went to his room, entered and locked the door and awakened Hill, laid the wild-cat bills on the bed, drew a pistol and told him that the exchange must be made then and there. Hill was surprised and indignant and began to protest, saying he could do nothing until he went over to the office. 'I know better,' said Loomis, 'and you will not go down these stairs until you are carried down unless you fulfill your promise and make the exchange.' These words with the look of determination and the pistol were sufficient and without more ado Hill raised his pillow and took from a roll containing about one thousand dollars, the total genuine capital of the bank, the six hundred dollars and received his bank's bills in exchange. Mr. Loomis said one evening in the winter of 1838 he and a man by the name of Molton were invited to the home of one of the officers of the Singapore bank to witness the destruction of the bills on hand at the bank at the time of its suspension. When they arrived they found a table 3 1/2 by 4 feet in size covered with bills in packages lying in piles from three to six inches deep. These they were requested to burn in a stove. This was the closing chapter of the famous Singapore bank.

"We are indebted to Mrs. Flora Loomis Goodrich, eldest daughter of Levi Loomis, for the foregoing story. Aside from the amusing incident it proves to furnish the only account of the date of suspension of the Singapore bank we have been able to secure. "Captain A. A. Johnson, who was at one time foreman at the Singapore mill, told the writer that the brick with which the vault of the bank was built were shipped around the lakes from Massachusetts at considerable expense. They were costly bricks and my impression is that they were glazed, but it might have been they were pressed. My memory fails me there. More about Singapore next week.

"H. H. HUTCHINS."

### TIN LIZZIE PUT TO NEW USE BY NAT BROWN; SAWS WOOD

Genius solves many difficulties. Obstacles in the way of progress, prove no obstacles at all when ingenuity is applied to the problem.

So at least thinks Nat Brown, a Grand Haven inventive genius who in his many years spent in that city has invented and perfected device after device of a wide variety. Now Nat has come across with another indication of his resourcefulness, this time putting his idea to a most practical use.

In the rear of the old Peerless Glove company factory on Second st., at the county seat, Mr. Brown has hitched together a small hand saw mill with an omni-present Ford, and with the combination is cutting and sawing the great amount of lumber which he has removed and expects to remove from the old structure. With its art and perched in the air and its hind wheels well cleared from the ground, the Tin Lizzie perched like a wrecked craft rattles on and the little saw attached to the back end, buzzes merrily and the sawdust flies and the Ford finds itself put to another use.

"It works fine," says Mr. Brown, "and is saving in time and money. I don't have to worry about breaking the speed limits, nor punctures and the little machine will never be where I can't get gas for it when it needs it. I think I get more enjoyment out of watching Lizzie cut up this wood than I should in riding it along Ottawa's concrete roads. And anyhow after I get through with it here it will still be good for many miles yet."

Mr. Brown believes that many owners of Fords in and about the county might well profit by coming to see his arrangement and without doubt there would be many Ford owners putting their machines to other uses than that of driving. If they inspect the contrivance which the Grand Haven inventor has rigged up. Even Henry Ford himself would be interested and who can say but that another Ford joke might originate with Nat Brown's original contrivance.

### NAMES OF SIX HOLLAND MEN ON CIRCUIT COURT JURY

A jury panel for the August term of the Ottawa Circuit Court was drawn at the court house in Grand Haven Monday. Five Grand Haven men appear on the list, six are from Holland City, one each from Olive, Park, Polkton, Robinson, Spring Lake, Tallmadge, Wright, Zeeland City. The Grand Haven men are Frank Kaats, John Gleason, George Swart, Jr., Charles Raymond and R. W. John.

The calendar for the August term of the court is not large, nor do any of cases of importance appear upon it. It is expected that the entire amount of work, will, with proper conditions be cleared away before the term is brought to a close.

Among the cases to be heard are 19 criminal cases. Of these six will appear for sentence without trial. A distinctive feature of the criminal calendar for this term is that only five cases for violation of the liquor law appear. This is an unusually small number. There will be nine jury trials under civil cases and 14 non-jury, a total of 23 civil cases. Eleven cases will come before the court for dismissal because no progress has been made on them for more than one year. In the Chancery division there will be 22 contested cases of which 11 are divorces. There will be thirteen chancery cases of which nine are divorce cases.

The August term of court opens on Monday, August 2. The first jury case will be tried on August 9, it is thought, on which day the jury will report for duty.

Following is a complete list of the jurors drawn for duty at the August term:

Olive.....Henry Ten Brink

### WANT ALL LEGION MEMBERS PRESENT

The officers of the American Legion want a large representation of the membership to be present at the regular meeting on Wednesday evening in the city hall. The meeting is not solely for the purpose of making out papers for Victory Medals. That will be only a small part of the business. The usual work of a regular meeting will be conducted.

One of the important things to be discussed will be the annual picnic. All members are asked to be present to take part in that discussion not only but to get all the necessary information in regard to the picnic so that no special notices will have to be sent out to the membership later.

## SHERIFF DORNBOS AND DEPUTY DE WITT TAKE BODY FROM RIVER

The first drowning fatality of the season for this vicinity occurred at Grand Haven Saturday at Lloyd's bayou when Lewis Belmont, aged about thirty of Chicago, met death in the waters of that body of water.

Belmont, who it is said was considered a strong swimmer, has been employed at the Lloyd's Bayou resort for the past three months. He was engaged in cleaning the weeds from a swimming beach connected with the resort when a small boat he was using broke away and drifted out into the bayou. Belmont who was lightly dressed started out after the craft which, however, was blown by the wind even faster than he could swim. After reaching almost the middle of the bayou, he was called on by some people upon the shore to return. He started to do so and had nearly gained shallow water when he suddenly called for help. Before aid could get to him he had sunk. He did not come to the surface once. Help was within ten feet of him as he disappeared beneath the water.

The fire department was called at once in the hope that Belmont's body might be recovered and the pulmotor be used to resuscitate the man. The run from Grand Haven to the bayou was made by Driver Conant and Officer Spangler in six minutes, but at the body had not been recovered at that time the equipment was returned to the city.

Sheriff Dornbos and Deputy Lawrence De Witt were then called to the resort. Belmont had been at the resort since the opening of the season and was planning on remaining there for the rest of the summer. He was employed by Mr. Guerhober, who owns and manages the hotel at that place. The body was recovered with the dragging outfit.

## ARE WEDDED AT HOME OF BRIDE

A pretty wedding took place on Thursday evening at the home of Mr. and Mrs. John Tripp, when their daughter Henrietta was united in marriage to John Dyke, also of this city. The bride wore a beautiful gown of white satin and a bridal veil caught with orange blossoms. She carried a shower bouquet of white sweet peas. Miss Clara Bowman, friend of the bride, served as bridesmaid, and James Brower acted as best man. Little Fay Gladys Kalmink, niece of the bride, who served as ringbearer, wore a pale green silk chiffon dress. The color scheme of the decorations was white and yellow.

The bride and groom tried to escape from their friends Thursday night to start out on their wedding journey, but the house was guarded by a cordon of friends. The couple escaped to the home of a friend, which house was thereupon picketed, so that they did not get away until Friday morning.

## THEY DO LIKE TO SPEED ON THOSE CEMENT ROADS

Three motorists were gathered in by local officers. Deputy Sheriff D. Homkes got two and Speed Cop P. Bontekoe one. Ed Gamble took a gamble against the Speed Cop and lost. He was going 40 miles on Alpena road. Gamble is a Grand Rapids man.

Gerrit Glupker of Holland was also sprinting along at 40 on the same road and paid a fine of ten "bones" to Justice Den Herder.

Dewey White of Kansas City, was "hitting her up" for 35 on West 8th street when Peter took him in and he paid the judge \$8.70 for so doing. These county roads built of concrete certainly offer a temptation for the motorist.

## WAS HOLLAND'S FIRST AUTO WRECK DEATH

So far as the police records show the death of Ray Marble, who was the victim of the automobile accident near the Grand Haven bridge Wednesday, was the first case of a person killed in any automobile accident within the city limits of the city of Holland. There have been a considerable number of smash-ups but so far as could be ascertained from all the records available no one ever before lost his life in an auto tragedy within the city limits. As it is, the tragedy of Wednesday night came very near being outside of the limits, having happened within a few feet of the boundary line. Another minute would have taken the machine outside of the city.

The immediate environments of Holland have had their fair share of deaths in auto accidents. A number of persons have been killed during the past years on the park road and on other roads leading into the city.

## VETERAN BOOK SELLER MAKES LAST TRIP TO CITY

Francis A. Lasher of Kalamazoo, well known representative of the F. A. Lasher & Co., book jobbers who represent the publishers direct, made his last business trip to Holland Friday. Mr. Lasher has been coming to Holland for more than a generation and has sold thousands of dollars worth of books. Year after year large orders have been given him by the Public Library as well as by individuals. Mr. Lasher will continue in the book business but from now on he will do his work by mail. He declared today he was getting too old to be on the road. On account of his wife's health he will make his home in California.

## STATE DAIRYMEN HELD PICNIC HERE TUESDAY AND WEDNESDAY

The Holland resorts entertained its fifth large convention so far this season. Tuesday and Wednesday July 13 and 14 were the dates chosen for a state dairymen's picnic at Ottawa Beach, Jenison Park and Macatawa. The dates are specially timed to suit best the season and also the dairymen and it is expected that 500 will be present.

N. P. Hull, Lansing, president of the Michigan Milk Producers association and Milo D. Campbell of Coldwater president of the National Milk Producers association were the speakers. Michigan is fast developing into one of the foremost diversified dairy states of the union. Practically every known variety of dairy products is now manufactured within her borders. The picnic program was:

### Tuesday, July 13

8 a. m., breakfast, Hotel Ottawa; 9 a. m., visiting, Hotel Veranda; 10 a. m., meeting, ball room; address of welcome, R. A. Page, Zeeland; response, E. G. Pray, Charlotte; remarks by the chairman, Glen Overton, Allegan; address, Fred L. Woodworth, Lansing; 12, reception.

Hull, president Michigan Milk Producers association; 2 p. m., address Things in Knapsack, Milo D. Campbell, president, National Milk Producers Federation; 3 p. m., ball game between Producers and Manufacturers.

## MAN OF 80 EXCAVATED FOR BUILDING 50 YEARS AGO

Minkie Dykhuys of Grand Haven, who is 80 years old is still able to show some of the younger generation how to dig. Mr. Dykhuys' particular specialty is excavating for basements, and he has a record of his own in this line of work. Advanced years have not seemed to slow him up to any noticeable degree and he can do a bigger day's work now than ever when he gets on the job. His secret of success is hard work. He forgets all about the clock when he goes to work and long hours on the job are the least of his troubles. Fifty years ago Mr. Dykhuys did the excavating for his first building in Grand Haven. That was the Monroe building on Washington street, now occupied by George Vandenberg's bowling alleys. In the years following there was a great deal of building on Washington-st. and Mr. Dykhuys was on the job with his teams in most of the work.

The Gray block, known now as the Orpheum theater, then known as the George E. Hubbard building. Then came the erection of buildings further up Washington street, as the business section of Grand Haven began to spread out toward the east.

Mr. Dykhuys can remember most of the buildings which occupy sites excavated by him. He points out places rapidly, and sometimes recalls little incidents connected with the work on particular buildings. In the fifty years of his active life, he has accomplished a tremendous amount of digging, and he has not forgotten how it is done. In many ways he believes he is a better man on the job now than he used to be in his younger days. When he gets his hands on a shovel, he can still load sand on a wagon at a speed which will make some of the younger generation break their backs keeping up with him.

The most recent excavation made by this hardy citizen, was the preparation for the new building on Washington street for the Addison-Pellegroni-Coleman Company just east of the Peoples Savings bank. Mr. Dykhuys with his crew and his teams hustled the sand out of this big hole in short order. The fact that much debris from the big Grand Haven fire was encountered in the rigging did not slow up the work to any great degree.

Mr. Dykhuys, however, regretted the fact that he was not in the best possible trim for this work, and had to let some of the crew do the biggest part of the digging. Some weeks ago one of his horses kicked him in the arm, and he has been rather laid up since. At the same time the injury did not keep him off the job and he did a lot of one-handed shoveling.

Mr. and Mrs. Wm. Arendshorst returned Friday evening from White Cloud where they have been guests of Mr. and Mrs. Herman Steketee. Mr. Arendshorst reports that crops are looking very good in that vicinity.

## CROP PROMISE IN THIS COUNTY IS VERY GOOD

Declaring that in the entire southern part of the state there are no counties in which the crops surpass those of Ottawa Farm Agent C. P. Milham of this county, predicts a good year for the farmers in this vicinity.

On a recently completed trip made through more than a dozen of the counties of southern Michigan, Mr. Milham discovered nowhere crops or promises of crops which were better than they are here at home. In speaking of the outlook he said: "In fifteen counties through which I recently traveled the wheat, rye, hay, corn, oats and other products do not compare with the same crops in this county. In general," said Mr. Milham, "the prospects are very good. Though I do not look for a banner year in fruit, it will, I predict not fall below any of the former years."

That there are more insects, attacking all kinds of crops this summer than ever before is also the opinion of Mr. Milham. Causes for this other than ideal weather conditions for their preservation and propagation cannot be assigned. The hopper is still working in destruction in this and other counties. The Hessian fly, an especially deadly enemy of wheat is working havoc in some of the counties of the state, and has made its presence felt in this county also. On some of the Ottawa farms as much as ten per cent of the wheat crop has already been destroyed by this pest. The striped cucumber beetle another comparatively new insect in these regions has made its appearance and is working a great deal of destruction among cucumbers, melons, squash, pumpkins and like vegetables. There has been much complaint concerning this insect.

A hurry call for more poison with which to fight the hopper was sent in from the local office on Saturday. Fifteen hundred pounds of the insecticide was asked for, and it is believed now on its way from Houghton, Mich. It will be ready for distribution on arrival.

From other parts of the state have come reports that the hopper pest scourge is thought to be past.

## MANY MINISTERS ARE ARRIVING FOR VACATION

The annual army of ministers and their wives and children has begun to march into Holland and the surrounding communities. A large number of ministers' families from widely separated points in this country, and even a few from foreign countries are spending their vacations here now, and a little later in the season still more will arrive.

No statistics have ever been gathered of how many persons of the cloth come to Holland with their families during the summer months, but anyone familiar with the facts knows that the number would be found to be a considerable one.

Many of these families come to Holland and spend their free weeks with relatives here. A number of others maintain cottages at Central Park, Montello Park and some of the other resorts. Still others who do not indulge in the luxury of owning a cottage themselves, make a practice of regularly renting quarters at one of the resorts for a few weeks.

Holland is the mecca for these minister families because of the presence here of Hope College and Western Theological Seminary. Most of the ministers received their education at the local institutions and during that time they learned to like Holland and to see its advantages as a place in which to spend their vacations.

It is joyful if there is another city of its size in the United States that entertains so many ministers during the summer months as Holland. The early clergymen vacationists have arrived but the main guard will be here in August.

## STATE TROOPERS AGAIN PROTECT FRUIT MEN

Patrol of the fruit districts of the state by the Michigan State police, which last year was successful in saving thousands of dollars for the farmers in the state, has begun again this year. These men have been instrumental in checking depredations of motorists and excursionists from cities, which in the past years have been particularly destructive in orchard counties along the shore of Lake Michigan.

Under direction of H. H. Halliday of the State Live Stock Sanitary Commission, several of the troopers are engaged in checking up unlicensed dogs in the state and compelling owners to prevent them from running wild. There has been annually a big loss in sheep and lambs through marauding dogs.

## OTSEGO EASILY WINS OVER HOLLAND

Otsego outplayed and out hit the Holland team Saturday afternoon and easily won the game 10 to 5. The locals played the poorest game of the year and possibly the crippled condition of some of the players was responsible for the defeat. G. Batema was out of the game with a badly sprained ankle. Woldring hobbled in left field with a charley horse, Steggerda who eventually took the mound in the 4th inning was suffering from a lame shoulder and Shaw who started pitching was fairly good but received ragged support. But putting all aside Otsego won mostly on their merits. They scored 2 runs in the second on a single, base on balls and a double. Again in the third four runs were put across on 2 errors and three hits. After the disastrous third, a general shakeup of positions was made. Steggerda who was playing center relieved Shaw in the box but was greeted with a fusillade of hits netting three runs. From then on he held the visitors at bay. Holland tied up the score in the second when after two were out Ashley and Shaw singled scoring on Hoover's line drive to right. Holland scored again in the 4th on hits of Ingham and Ashley and two more in the 8th on hits by the same parties. The lead which Otsego had taken early in the game could not be overcome and the locals went down to defeat for the second time this season. Otsego's hitting and errorless fielding and hitting of Ingham and Ashley featured the game. Of the eleven hits made by the locals seven of them were divided between Ingham and Ashley three and four consecutively. A good crowd attended considering the short time for advertising. Next Saturday Watervliet comes to Holland, nothing is known of their record but they may be a dark horse. Score by innings:

R H E  
Otsego...0 2 4 3 0 0 0 1—15 10 0  
Holland...0 2 0 1 0 0 2 0—11 5 4  
Batteries—Otsego, Budrow and Shears; Holland—Shaw, Steggerda, and Spriggs.

## DAUGHTER OF FORMER HOLLAND MAN MARRIES

Friends of the family have received cards announcing the marriage of Miss Charlotte Kinch, youngest daughter of Mr. Melvin J. Kinch, formerly of Holland, to Mr. Lawrence Solway Iverson, at Rockford, Ill., on Thursday, June 24. The couple will make their home in Cincinnati O.

The Kinch family is well known in Holland. Mr. Kinch built the interurban railroad and served as superintendent until the time when John Busby came to Holland to assume that position. The Kinches lived in Holland about ten years.

### Common Council

Holland, Michigan, July 7, 1920  
The Common Council met in regular session and was called to order by the Mayor. Present: Mayor Stephen, Alds. Prins, Blue, Brive, Vanden Brink, Kammeraad, Leopold, Lawrence, Brinkman, Dykstra, Damstra Vander List, and Wiersma and the clerk.

The minutes of the last meeting were read and approved.  
Petitions and Accounts  
N. Henry Boeve and B. B. Zwiergers petitioned to come under the Compulsory Sewer Ordinance, being Ordinance No. 304, and presented the agreements, visiting service of police and everything else necessary to come under said ordinance and have their respective premises connected with the Sanitary Sewer.

Granted and accepted.  
August Ausieker petitioned for permission to move a barn from College Avenue and Thirteenth street to 113 West 16th-st. and presented signatures of property owners in the vicinity to which the said barn is proposed to be moved signifying that they do not object to same.

Granted subject to Ordinance.  
August Ausieker petitioned for permission to place building material in the street adjacent to 113 West 16th street.

Referred to the committee on streets and crosswalks with power to act.  
The Holland Roofing and Concrete Co. petitioned for a license to engage in the business of constructing and relaying sidewalks and crosswalks and presented bond as required with a A. De Feyler and Egbert Kars as sureties.

Referred to the Committee on Licenses with power to act.  
The Holland Salvage Co. petitioned for license to engage in the business of junk deal and presented bond as required with T. M. Robinson and H. Boone as sureties.

Referred to the committee on licenses.  
The clerk presented the following petition signed by some eight hundred citizens of Holland city and vicinity:

To the Common Council of the City of Holland, and to the Board of County Road Commissioners of the County of Ottawa.  
Gentlemen—We the undersigned parties interested living in the city of Holland and the surrounding community respectfully request a change in your proposed plans relative to the West Michigan Pike thru the City of Holland.

We believe it for the best interest of everyone concerned that the Pike should extend south on River avenue from Eighth street to Sixteenth street, thence West, instead of being built as proposed, on West Eighth street to First Avenue and then south to Sixteenth street.  
This would bring the Pike through the principal part of the city; would require about the same amount of pavement; and be more desirable from every point of view.

We therefore desire your most careful consideration of our request.  
On motion of Ald. Dykstra,  
Resolved, that the action of the Common Council at a meeting held November 5, 1919 relative to the improvement of that part of Sixteenth street which extends eastward from the West Limits of the City of Holland, at the point where the county road improvement ends to First Avenue, and to improve First Avenue from Sixteenth-st.

to Eighth street, and the turning over of said part of said streets to the County Road Commissioners to be established as part of a trunk highway and for adoption as a county road to improve in accordance with the statute in such case made and provided, be, and the same is hereby rescinded. Said resolution prevailed all voting aye.  
On motion of Ald. Prins,  
The petition relative to the West Michigan Pike and the routing for same was referred to the Committee on Streets and Crosswalks, the mayor and the city attorney.  
The said joint committee to take up, same with the Board of County Road Commissioners and report to the Common Council at a subsequent meeting.  
H. P. Zwemer petitioned for permission to move a house from 277 East 9th Street to 274 East Eighth street, and to move the house now located at 274 East Eighth street to about East Ninth street.  
Referred to the Committee on Streets and Crosswalks.  
On motion of Ald. Prins,  
The matter relative to the opening of a public alley by the Western Foundry Co. to East Ninth street from Eighth street was referred to the Committee on Streets and Crosswalks.  
At this stage of the proceedings the mayor called President Pro Tem Wiersma to the chair and the Mayor excused himself.  
The committee on Ways and Means submitted the report of auditors Hulsapple & Parks relative to the audit of the city's books.  
Accepted and filed.  
The Committee on Streets and Crosswalks reported having met with a representative of the Michigan Railway Co. to take up the matter of repairing its tracks within the city limits and that they had received the assurance that the request and instructions of the council would be complied with.

TO BE STATE SENATOR  
ANOTHER BOLT WANTS

There is bound to be a Bolt in the state senate from the district to which Ottawa county belongs. Monday a citizen of Muskegon named Arthur J. Bolt announced his candidacy for the republican nomination, and Tuesday another Bolt, also from Muskegon county announced that he was in the race. The latest Bolt to announce himself is Tom J. G. Bolt of Ravenna, Muskegon county. He has served the 23rd senatorial district before in the state senate and he will make an attempt to land the position again.

Though of the same name and from the same county, the two Bolts who will oppose each other in the primary campaign in August are not related. They are the only two who are known to be candidates for the nomination so a Bolt in the state senate from this district is almost as sure as an Ohio man in the White House next year.

**ALLEGAN CHERRY CROP IS LARGEST**  
Despite the prediction that cherries would yield only a 50 per cent crop the cherry harvest on the lake shore is the largest in 20 years. Cherry pickers put in a strenuous week and the harvest will be pushed until the close of the season. Thruout the fruit belt in Allegan county the crop is immense and is yielding the growers handsome returns.

**CHANCERY SALE**  
In pursuance and by virtue of an order and decree of the Circuit Court for the county of Ottawa, in Chancery, in the State of Michigan, made and entered on the 1st day of April, 1920 in a certain cause therein pending wherein Isaac Kowr and Maude Kowr are plaintiffs and Derk J. Te Roller, Anna Te Roller, Adrian Van Patten, John C. Chaney, Mrs. John C. Chaney and the Peoples State Bank of Holland are defendants.

Notice is hereby given that I shall sell at public auction to the highest bidder at the front door of the court house, in the city of Grand Haven, Ottawa county, Michigan, said courthouse being place for holding of the circuit court for said county, on the seventh day of September, 1920, at 10 a. m. local time of said day for the purpose of realizing the amounts due the plaintiffs from the defendant, Derk J. Te Roller, for principal, interest and costs, as well as for taxes paid and interest thereon, the property hereinafter described.

The property that I shall sell as above stated is described as follows: The South one-half (8 1/4) of the Southeast quarter (S. E. 1/4) of Section twenty-five (25) Town Six (6) North Range 16 West, all in the township of Olive, Ottawa County, Michigan.

Dated Grand Haven, Michigan, July 9, 1920.

**SPINE OF MAN**

Chiropractic is safest because it is scientific. The properly trained Chiropractor knows exactly what he is doing and why he is doing it and cannot injure the patient. The correctness of the principles and the experience of the Chiropractor.

Again, there is nothing inherent in Chiropractic, as well as not dangerous in Chiropractic Adjustments. The news columns are full of accounts of death resulting from mistaking the label on a bottle, taking an overdose of a dangerous drug, a medical doctor prescribing an overdose, deaths from the use of vaccines and serums, and many like occurrences in the drug and serum squirting systems. Chiropractors use no drugs or serums and such results do not occur. Many a man, thru quite a pardonable error in diagnosis (no infallible diagnostician ever lived,) has had the wrong organ removed by an operation. No Chiropractor ever removed an organ under any circumstances.

Stimulation of an overstimulated organ is dangerous. The Chiropractor is safeguarded against this by the fact that an adjustment always followed by the NORMAL functioning of the nerves. NATURE NEVER MAKES A MISTAKE.

FINALLY, THE MOST IMPORTANT OF ALL—Chiropractic is safest for the patient whose disease is dangerous because it offers the surest chance of recovery. To select the wrong method and waste precious time in finding out the mistakes has sometimes permitted the disease to make such inroads on health that the case passes beyond hope of recovery before the necessary spinal adjustments have been made.

Since Chiropractic is the safest as well as the surest way, why not use Chiropractic first? Consultations and Spinal Analysis without obligation.

### GOVERNOR WANTS TO RING HOGS' NOSES

**MILO D. CAMPBELL SPEAKS AT DAIRYMEN'S CONVENTION; TALKS OF HUMAN HOGS**

More Than 500 State Dairy Men Attended the Convention; Closed Yesterday

The State Dairy Men's convention at Ottawa Beach, Jenison and Macatawa was a great success and closed yesterday. Among the speakers was Milo D. Campbell, a candidate for governor of Michigan, who was one of the speakers. More than 500 dairymen about the state attended.

Mr. Campbell is the same speaker who spoke in Holland on Decoration day and his speech at Ottawa Beach was just as peppy as the one here. This is what Milo D. Campbell had to say:

"The biggest job now ahead of the American people is that of ringing hogs' noses.

"Hogs and hog fattening are all right in their place, but we want them to quit rooting up other yards than their own. It is bad enough that they get all the swill in the trough away from the little fellows who try to live with them.

"The hogs I refer to are the woolen manufacturers who are now buying wool from the farmer at 30c a pound (about half the cost of production) and then selling cloth to retailers at an exorbitant price. By cutting the farmer below cost of production they save \$2 on a suit of clothes, but instead of giving the advantage to the consumer, they are feeding fat on the profits the public is compelled to pay for its clothes. Last year they made in this country 620,000,000 yards of so-called woolen cloth and put into it enough of rotten shoddy and old rags, to make 380,000,000 yards of that amount.

"They wove in just enough of virgin wool to make the stu hold together. The consumers and few of the merchants who sold the cloth had any means of protection or method of detecting the fraud. 'All wool' has come to be a meaningless term. Retail dealers are helpless and consumers are getting it in the neck, largely thru fraud and deception.

"There is a bill before congress, known as the pure fabric measure, that would compel the manufacturer to stamp on his goods the component parts of virgin wool and shoddy, along the lines of our fertilizer, food and drug laws. It should be passed.

"If a farmer should put a quart of water into a gallon of milk and sell it as milk, he could be sent to jail and ought to go there; but these hogs are unconfined in their rooting, and we are fast making our soil ready for the soviet.

"Of late we have been talking much about the silk shirt of the laboring man, of the Ford car in which he rode, of his family extravagance, etc.

"He has been spending more money, it is true, and what he gets and spends, shows up where people can see and talk about it. His money is not spent at the bar however, but in better living for his family and himself. I for one am glad he can live better. If he doesn't always use the best of judgment in spending his money at first, that is a matter which time will remedy.

"A rubber company, the other day, just one of thousands of similar concerns, told the public in one of its paid advertisements to float more societies that every dollar invested in the stock of the company eight years before had grown to \$48 of stock, now above par, and that 12% cash dividends had been paid every year.

"The American people are willing to pay for what they get, but they want to get what they pay for. We are more endangered by the hogs within than by wolves outside of this country. The problem is to correct these wrongs, before the republic is destroyed.

"A decent respect to the opinions of mankind, exposure, will do more to right some of these evils than jails. Cards, face up on the table, frauds and swindles uncovered, a genuine return to the old law of 'supply and demand' will get us back to earth again, and save us from radical socialism."

### FORD PLANT SELLS

### NEW MOTOR FUEL

**BENZOL HAS HIGHER COMBUSTIVE POWER; IS BY-PRODUCT OF COKE**

Five thousand gallons of benzol, a By-Product of coke used for motor fuel, is now being daily extracted and refined at the Ford Motor Co's Balst Furnace Coke Ovens near Detroit, Michigan. This fuel, which is more highly combustible than gasoline, is now being sold at a public station at the above named plant, and has proven highly satisfactory. This price at present is about the same as that of gasoline.

While the Ford Motor Co. is not the first to discover use of this fuel for motor cars, still the public station is the first ever opened to sell benzol exclusively for motor car consumption. This filling station carries a supply of 25,000 gallons of benzol on hand all the time. To date some 300,000 gallons of benzol have been sold and used by car and truck drivers in Detroit. Particularly during the recent strike there was an exceptionally large demand for this product.

Benzol has not as yet reached the highest stage of refinement, and the

present results are best when it is mixed in equal portions with gasoline. Heat and cold also affect differently from gasoline. But the Ford chemical laboratory are doing a great deal of experimenting and soon hope to be able to refine it so it can be used alone and under all conditions. Of course, its chief effectiveness comes from its high combustion power which is between 12 and fifteen per cent greater than gasoline.

Ford officials state there is no possibility of benzol ever displacing gasoline as a motor fuel, since it is a by-product of coke and therefore obtainable only in limited quantities.

### Notice to Dog Owners

By the law of 1919 every person owning a dog must pay a license fee required to the county treasurer.

The law further requires that on June 15, 1920, and each year thereafter the county treasurer shall make a list of all unlicensed dogs, as shown by the records in his office, and deliver copies of such list to the sheriff and prosecuting attorney of the county. It then becomes the duty of the prosecuting attorney to bring an action, and of the sheriff to kill such unlicensed dogs.

This law being new, we are giving this notice so that every owner of a dog who is unaware of the law may immediately pay to the county treasurer the license fee and secure their tag.

After August 1st necessary steps will be taken to enforce this law by proper action and killing of dogs.

## FREE AIR SERVICE.

We have just installed an automatic air station. Every pound of air going into your tires is cleaned—positively cleaned—and free from oil and dirt.

This air service is automatic—at any hour of the day or any hour of the night this free—clean air—no oil—no dirt—is at your disposal.

This air station was installed at a cost of—\$410.00. We want every one of our patrons to enjoy the use of our free air station.

In return we will appreciate your purchases of tires and tubes. We do not sell cheap "gyp" tires. Standard tires—Firestone, Good-year, United States—filled with clean air—free from dirt and grease—will give you the most miles per dollar.
