### COUNCIL PASSES RESOLUTIONS OF SYMPATHY

TO ATTEND FUNERAL OF MRS.  
CHARLES DYKSTRA IN A  
BODY

The funeral of Mrs. Charles Dykstra will be held Friday afternoon at 1:30 from the home, 564 College avenue, and at 2 o'clock from Trinity Reformed church, Rev. C. P. Dams officiating.

The aldermen at the meeting of the common council Wednesday evening took cognizance of the death of the wife of their colleague by passing resolutions of sympathy, a copy of which is to be sent to the family and which are also to be spread upon the minutes of the council.

The mayor and council also informally decided to show their respect by attending the funeral in a body.

### PROMINENT POULTRY SPECIALIST COMING TO THIS VICINITY

E. C. Foreman, poultry specialist from M. A. C. is coming to Ottawa county July 14 and 15 for a series of demonstrations and meetings. Mr. Foreman needs no introduction in Ottawa county. His work has been of value here.

The schedule arranged for Mr. Foreman is as follows and will be adhered to as closely as possible. The men on whose farms the demonstrations will be held have requested me to secure Mr. Foreman for them. It is regretted that Mr. Foreman's stay is so limited and that many requests had to be turned down. However the county agricultural agent will endeavor to assist in those communities not visited by Mr. Foreman. Plan to attend the nearest meeting if you wish to learn how to cull chickens properly.

July 14, 10 a. m., Phil Lachman's farm, Chester township.

July 14, 1:30 p. m., Ralph Well's farm, Tallmadge township.

July 14, 4:30 p. m., Frank Merkins' farm, Crockery township.

The Crockery township Farm Bureau meeting will be held at the Grange hall in the evening. Mr. Foreman will be present.

July 15, 10 a. m., Henry Vrugink's farm, Blendon township.

July 15, 1:30 p. m., Herman Ter Horst's farm, Georgetown township.

July 15, 4:30 p. m., Thos. Beyer's farm, Zeeland township.

The Zeeland Farm Bureau meeting will be held in the Vriesland Town Hall in the evening. It is hoped Mr. Foreman can attend.

Arrangements for picnics are again being made. On Friday, July 29th, the 14th street church will hold its annual picnic at Jenison and on Wednesday, August 18 the 4th Reformed church will picnic at the same place.

Expires July 16

To Gerrit Berends—  
Please take notice that a tool chest and contents was left at No. 12 W. 16th St. on December 7, 1920. Unless the aforesaid property is claimed and the lawful charges thereon, including the expense of this publication is paid within three months from this date, the same will be sold according to the statute in such case made and provided.  
Mrs. H. E. EYING.  
Holland, Mich., June 15, 1921.

### YOUNG MAN FROM U. S. STEAMER "HAWK" IS DROWNED

STEPS OFF AT JENISON DOCK, DID NOT COME TO SURFACE AGAIN

The U. S. S. "Hawk", under command of Lieut. Ralph Smith has been anchored in the harbor for the past few days. Early last evening a number of the crew went bathing near Jenison Park dock.

A Jackie by the name of Adolph Theodore Czarnaki, aged 22, of Milwaukee, was one of the party to go in bathing. He was not a very good swimmer and had fortified himself against drowning by putting on a life preserver. After he had been bathing some time he found it too cumbersome and he threw it off, and waded about in the shallow water.

At this point however, there is a steep "step off" into deep water. The young man did not know this and no doubt the surprise took him off his guard.

Although several men were near the place-bathing, only one comrade, a friend by the name of Mr. Trader seemed to realize the danger young Czarnaki was in.

He attempted to save him, but also went under with a cramp, but was rescued by others.

Czarnaki sank from sight and did not come to the surface until Capt. Van Weelen with his crew of coast guards, assisted by men from the "Hawk", brought the body to shore, and resuscitation began.

They worked over the body for two hours and a half, but apparently a hemorrhage had taken place, as mixed with the water from the lungs blood also oozed forth.

Dr. Fred Warnshuis of Grand Rapids also assisted nobly in trying to bring the young man back to life. But nothing seemed to avail.

Undertakers Nibbelink & Notier took the body of the unfortunate young man to Holland and prepared it so that it could be shipped to Milwaukee, the home of the boy.

The casket was put on board the government steamer "Hawk" and the sad crew of comrades have sailed from this harbor to the port across the lake, where the parents, two brothers and two sisters are awaiting it.

The accident happened at 7:25 last evening.

Ald. Frank Brieve, chairman of the committee on poor, reported on Wednesday night to the common council that the sum of \$140.50 had been expended for temporary aid the past three weeks.

In the Holleman-Deweerd adv. of yesterday printed in the Sentinel there appears two very important figures in one of which the Sentinel made error. The first figure was that the company sold during 1920 new cars and tractors delivered at retail during the first 6 months of 1921 should not be 210 as appeared in the adv, but 291, or 81 cars more than was printed in this advertisement.

### CITY TAKES IN \$2,862.03 FIRST DAY

WIFE OF AN OLD SOLDIER FIRST WOMAN TO PAY TAXES

They say death and taxes are about the surest thing on this earth. About the second surest thing is that in neither case us poor creatures on this globe try to stave both off as long as possible.

A humble laboring man in the person of Gilbert VanderWater living on Michigan avenue and 22nd street was the first man to hand in his tax money to City Treasurer Henry Geerds, being on hand when the treasurer opened his door early in the morning.

Mrs. George Edgler, wife of an old soldier, living on West 12th-st. was right behind Mr. VanderWater with her modest little mite, no doubt gleaned from the well deserved pension money given our heroes of the civil war by a thankful government.

Anyway the tax dollars are rolling in and tax payers of Holland have until and including the 15th day of August to pay them in.

### REPAIRS ARE TO BE MADE SOON IS THE LATEST PROMISE

West 16th street is to be repaired and this is to be done almost immediately. Drivers who have to pass over this bit of street frequently are rather skeptical about such statements because they have been so often made before and this skepticism was voiced in the common council Wednesday night when the matter was brought up for discussion. But the positive statement was made there that the township has appropriated \$300 for this repair work and the city has done the same, and that the work will begin in the very near future.

This bit of road is one of the very roughest in this section of Michigan. The delay has been caused by the

### ZIMMERMAN OF LAKEWOOD FARM TO GIVE MORE POULTRY TALKS

The Holland Poultry Association is now preparing for an extensive drive on the culling of poultry some 6000 birds have been booked so far and more are being booked weekly. Thursday of this week Mr. Zimmerman of the Lakewood Farm will give the people in and around Saugatuck one of his able talks on General Poultry raising, care, housing, egg production, and so on. Meetings have been held at the school houses in both Ottawa and Allegan counties in the different districts and every person attending the meetings is more than anxious to have Mr. Zimmerman back there as they realize that there is abundant opportunity for improvement.

For weeks past the association has been giving these lectures free and the farmers are not letting these lectures go by unattended, all of which are free. Also the public will in the future be benefited by these lectures as Mr. Zimmerman also dwells upon the marketing of eggs and it will only be a matter of time and the public will be able to buy eggs under different standards, viz., fancy or choice, 1st, 2nd and barn lot or ungraded eggs. It is not much the size, as the quality which counts with the public and they are willing to pay the price for fancy eggs.

Mr. and Mrs. C. Rooks of San Francisco, Calif., formerly of Holland are visiting in this city. Mr. Rooks states that in the four years that he has lived in the West, where it is always summer, he has not felt as much heat as he did in Michigan since he has been here. He is doing well in California and naturally cannot help but boost for it. A few weeks before he came to Holland he experienced two earthquake shocks early in the morning. Mr. Rooks has been connected with Hotel Urban, and his son is also doing well in Vallejo, Calif.

It was figured by actual count that there were 297 bathers at Alpena beach near Lakewood Farm. Mr. Mulder is superintendent of the Hospers Public School. He is a Hope graduate of the class of 1915.

### BROTHER DOMINIE MARRIES DOMINIE'S BROTHER

MARTHA ELLA ATWOOD IS WED TO JAMES A. STEGEMAN

At the home of Mr. and Mrs. G. W. Atwood, 264 East 11th Street at 8 o'clock Tuesday evening their daughter Martha Ella became the bride of Mr. James A. Stegeman of Hudsonville. Rev. M. A. Stegeman performed the ceremony before an improvised altar of palms and ferns. The double ring ceremony being used.

The bride was gowned in white canton crepe and satin and wore a tulle veil. She carried a bridal shower of white roses and swainsonia. Her sister Miss Georgene who was bridesmaid wore peach organdy and carried sweetpeas.

The bridegroom was attended by Rev. Arba Dunnewold of Janquins, N. Y. Master George E. Atwood of Milwaukee, Wis., nephew of the bride carried the rings in a basket trimmed in tulle. The two little flower girls Marguerite Hiles of Edwardsville, Ill. and Helen Atwood of Milwaukee nieces of the bride carried dainty baskets of pink roses.

Mr. Stanley Stegeman, brother of the groom and Mrs. Percy H. Hiles sister of the bride acted as Master and Mistress of ceremonies.

The wedding march from Lohengrin was played by Miss Amelia Sywassink and Mrs. M. A. Stegeman sang from "Love's Garden" just before the ceremony.

The ceremony was followed by a reception for the guests. The bridal couple will take a short wedding trip after which they will reside in Lucas, Michigan, where Mr. Stegeman will become pastor of the Rohobarth Reformed church.

### TWO CHECKS WORRY OTTAWA COUNTY RESIDENTS

Orrie Sluiter, clerk of Ottawa county and Edward Van Lopik of Zeeland would like to know the address of Donald Stewart, late of Scotland, and later of Detroit, where he was in the lumber business. Stewart dropped into town from Colorado Springs and ask Sluiter to indorse a check for him for \$850 on a New York bank. A few days later Mr. Van Lopik accommodated the visitor in the same way.

The checks have now come back marked "no funds."

In a telephone call to County Clerk Sluiter, he stated that he had known Donald Stewart for three years and that he was expected to marry a cousin of Sluiter and had advanced the money covered by the check for the purpose of going on a wedding trip. Mr. Sluiter states it's a matter of misplaced confidence.

Marshall Irving at the Peoples State bank has a job open for a young ex-service man of 20 years old, with board and room included and good salary. Position is at Macatawa Park.

William C. Truine, 37, of Zeeland died of typhoid fever. Interment at Ravenna.

Beginning today all the business places in Zeeland will close each Thursday afternoon to give employees a half holiday.

Mr. and Mrs. John Kloote, sr. are announcing the marriage of their daughter Mayme Petronilla to Mr. Jas. Muilenberg, Thursday the 13th of June at their home in Grand Rapids. Both Mr. and Mrs. Muilenberg were graduates from Hope College and very popular students. Mr. Muilenberg during his college career at Hope was editor of the college paper, The Anchor, and was also much interested in the oratorical contests. Their many friends here wish them much prosperity and happiness.

Supt. and Mrs. C. Mulder and daughter Mildred E., of Hospers, Ia., left for home this morning at four o'clock by auto. They received a telegram last night that Mr. Mulder's mother was very ill. They spent a few weeks at the home of Mr. Mulder's parents, Mr. and Mrs. Vander West on 21st street. Mr. Mulder is superintendent of the Hospers Public School. He is a Hope graduate of the class of 1915.

# SON OF FORMER ALDERMAN DICK JELLEMA, MARRIES

Thursday, John Frank Jellema, a son of the former alderman and Mrs. Dick Jellema was married to Miss Betty Marion Hartigh of Grand Rapids. The wedding took place at Arlene at the home of Rev. and Mrs. Fopma.

The bride wore crepe de chine with a veil of tulle and carried a large beautiful spray of brides' roses.

The wedding took place at high noon Thursday, the Rev. S. Fopma performing the ceremony, using the impressive ring service. The bride and groom were attended by Mr. and Mrs. Bernard J. Robbert a sister and brother-in-law of the groom.

After the wedding an elaborate dinner was served and the happy couple departed soon afterwards making a tour of the Michigan resorts.

A unique feature incident to the wedding was the fact that Grandma Dobben also wanted to see her grandson married and altho 80 years old, she was one of the passengers who made the trip by automobile, going and coming, a distance of 320 miles. Upon her return she was as fresh as a daisy, and enjoyed the trip immensely.

In reporting the Jellema-Hartigh wedding another pleasing feature was brought to notice relating to Grandma Dobben who states that as long as she lives and has her health she is bound to see every wedding of her grandchildren. She was present at the marriage of Bernard Robbert and Miss Jeanette Jellema which took place at Prospect Park church on Sunday evening, May 29.

So enthused was the old lady of four score years that she prepared an elaborate wedding reception at that time for the newly married couple at the old homestead in East Saugatuck, she personally supervising all the details.

Miss Jellema has been an instructor in the Christian schools at Grand Rapids, and is an estimable young lady.

Mr. Jellema has for the past two years been on the faculty of the Christian High school in Holland. He intends to go to Ann Arbor the coming year in order to secure his A. B., and the couple will be at home to their friends after August 1 at University town.

Those who attended the Jellema-Hartigh nuptials going by automobile were Mr. and Mrs. Dick Jellema, Mr. and Mrs. Bernard J. Robberts, Miss Jeanette Robbert, Miss Frances Peters, Lyman Jellema, Harry and Dick Jellema of Holland, Grandma Dobben of East Saugatuck, Miss Ada Hartigh and Charles Zylstra of Grand Rapids.

## NUDE BATHERS

### DANCE TO LYRE OF

#### "CHI" SUBURB

The epidemic of nude bathing that broke out in Chicago along the south shore beaches and along the classic Desplaines river, has now spread to Glencoe, a haughty and aristocratic suburb, the inhabitants of which are all financially able to buy bathing suits.

Every night brings pseudo-bathers to the beach—all of them apparently well dressed, nice looking young people who dance instead of swim. This would be all right, but they dance in the altogether. They divest themselves of all clothing which is left in the costly cars—for this is not an aggregation of rough-necks—after which they disport themselves in Greek, Russian and other dances, to the strains of ukuleles.

Indignant citizens of Glencoe complained to the police that the stuff is all right in light opera and the various "follies" shows, but they object to have it delivered free made at their doorsteps. The police have made two attempts to raid the nude dancing bathers, but watchful sentinels have given the dancers warning in time to enable them to get away in their cars, dressing as they flew over the boulevards.—Chicago Tribune.

Dr. R. H. Nichols left Friday for a two weeks' fishing trip in Northern Michigan.

Mr. and Mrs. Clarence Fairbanks and family returned from a motor trip to Midland, Michigan, where they visited Mrs. Fairbanks' mother and a sister.

Horatio Smith, one of the early settlers of Allegan, died in the state hospital at Kalamazoo Thursday. The body was brought to Allegan for burial.

## HOLLAND CONCERN DO- ING BIG BUSINESS

A new concern in Holland called the Safety Release Clevis Co., organized March 1st, is doing a remarkable business considering its recent start. It has a force of sales men all thru the middle west, and has selected Henry Bender as sales manager for Michigan.

Although it took from a month to six weeks to get well started for business and the company it might be said has actually run only a little over a month, this institution has already sold more than 1,500 hitches during this short existence in business. The price of the clevises range from \$1.50 to over \$20, according to the use to which the hitch is to be put.

The local company seems to have a very excellent product invented by one of the managers, and many inquiries for these clevises come from all over the country and from foreign countries.

A letter from Stockholm, Sweden, will give some idea as to how the fame of the Holland Safety Release Clevis company has even reached across the ocean. The letter follows below:

Stockholm, Sweden, June 30,  
The Safety Release Clevis Co.,  
Holland, Michigan.  
Gentlemen—

We have been advised that you manufacture a safety release tractor hitch for the Fordson and would like to have you quote prices, export discount and also send your complete catalogue. At the same time we would like to know on what terms you would grant us the exclusive agency for this implement for the Kingdom of Sweden.

We represent the Ford Motor Co. in Sweden, and have sold several hundred Fordson Tractors over here last year.

Awaiting with interest your reply in his regard, we are,  
Yours very truly,

Amerikanska Motor Importer.

The clevis is a device used in connection with the tractor cultivation. It is a sort of coupling that attaches the tractor to the plow, the even-er or any other agricultural device used on the farm.

The clevis is so constructed that whenever the plow or other machinery strikes a covered up stump, a boulder or any other obstacle the extra pulling pressure caused thereby automatically releases the clevis from the machine and the implement is not pulled to pieces because of the enormous power of a tractor.

The stockholders of the company have recently chosen their management and the following are the men who will direct the affairs of the company.

Otto P. Kramer, President, H. Katel, Vice-President, Henry Geerlings, secretary and treasurer, A. B. Hulsebos, manager. Henry Bender, Michigan's sales manager. As has already been chronicled the Safety Release Company recently purchased the Holland ex-brewery Co. building and has remodeled it in such a way that it is now ideal for the manufacturing of this sort of device.

## RECEPTION IS HELD

### FOR NEW PASTOR

The Third Reformed church Friday evening extended an enthusiastic reception to its new pastor, the Rev. James M. Martin and family, who recently came to Holland from Hudson, N. Y. The reception was held in the church parlors and about 400 were present. Choir Director John Vandersluis led a community song service after which Rev. S. C. Nettinga of Western Seminary conducted the devotionals and introductory remarks were made by the chairman.

Prof. W. Wichers extended greetings for the congregation, Supt. W. J. Westveer for the Bible school, Mrs. Samuel Habing for the ladies' societies and Jay De Koning for the young peoples societies. Mr. Martin made a happy response.

Congratulatory messages were read from Rev. Henry Utterwick of Rutherford, N. J., the second pastor of the church; Rev. M. Flipse of Seattle, Wash.; and Rev. Henry E. Dosker of Louisville, Ky., both former pastors. Rev. E. J. Blekkink, also a former pastor, conveying the hearty greetings at the installation services on Tuesday night when he addressed the congregation.

A social hour followed and light refreshments were served under the direction of the social committee.

John Weersing was in Jamestown and Grand Rapids on business Friday.

## HOLLAND AMBULANCE PICKS UP INJURED AT GANGES

Saturday afternoon a hurry-up call came to the Nibbelink-Notier Undertaking parlors, asking for an ambulance quickly. Jim Nibbelink, accompanied by Dr. Thomas made the trip to Ganges quickly, no doubt burning up the road in order to give assistance quickly.

They found that a Mr. Brown and son from Chicago with a party of six others had run over into a ditch and several in the party were seriously injured and needed assistance. The way the accident happened as the Chicago people claim, was the fact that a farmer driving his machine was just turning into the main highway from the cross-roads. They didn't see the farmer in time and it was either a case of striking the farmer's rig and possibly killing him or chance the ditch.

They took the latter course with more or less serious results.

Besides the injured persons a beautiful Moline-Knight costing \$6,000 was found to be practically a wreck.

The car had just been purchased two weeks before and had scarcely been used. The Browns who live near Spring Lake on the beautiful Bayou nearby were taking a party of guests from Chicago to their summer home to spend the fourth.

The accident happened about two miles north of Ganges, near the home of Doctor Bronson.

The injured were loaded into the home for first aid in which Dr. Thomas of Holland assisted.

The injured were loaded into the Holland ambulance and were driven to Spring Lake, the home of Mr. Brown.

After an absence of several years, the chautauqua is again to visit Holland this summer. Time was a few years ago when the Lincoln Chautauqua used to play to filled tents on the Vander Veen property in the southern part of the city. But then came the disorganized conditions that accompanied the war, and the chautauqua entertainers no longer were invited to Holland. The entertainments were discontinued because the people of Holland were concentrating on more pressing matters. The same thing was true of a great many other cities.

# More Price Reductions by Lokker-Rutgers Co.

In the re-adjustment we are again marking down the higher priced goods in our Store to present market prices and some below.

No matter what the previous cost has been, we are going to mark our merchandise down to get back to normal business methods as soon as possible.

Get in the habit to buy Good Clothes.

## CLOTHCRAFT and KUPPENHEIMER CLOTHES

because they are the best and most economical to buy. Tailored of the best material, by the best and most experienced workmen.

We are headquarters for Men, Young Men and Boys Wearing Apparel and carry the most up-to-date line in Ottawa County.

A Large Stock of Carter's Underwear.

Come In And Let Us Convince You.

## The Lokker-Rutgers Company

39 - 41 East 8th Street.

# COLLECTION OF TAXES

## To the Tax Payers of the City of Holland:

**Notice is Hereby Given**—That the City Tax Rolls of the several wards of the City of Holland have been delivered to me for the Collection of Taxes therein levied, and that said taxes can be paid to me, at my office in the City Hall, cor. River Ave. and 11th Street, at any time before the

## 15th Day of August Next

without any charge for collection, but that four per cent collection fee will be charged and collected upon all taxes paid between the sixteenth day of August and the first day of September next.

All taxes not paid on or before the first day of September, shall be re-assessed upon the General Tax Roll for payment and collection. On all such there shall be added for interest the sum of four per cent to cover from September 1st to next thereafter, and a collection fee of four per cent.

I shall be at my office on every week day from the first Tuesday in July to and including the eighth day of August, between the hours of 8:00 a. m. and 5:00 p. m. and on Saturdays until 9:00 p. m. And from the eighth to the fifteenth day of August, between the hours of 8:00 a. m. and 9:00 p. m. to receive payment of such taxes as are offered me.

Dated Holland, Mich., July 5, 1921

HENRY A. GEERDS,

City Treasurer

## FINE PRIZES AWARDED AT RIFLE SHOOT

The Holland Rifle club shoot of July 4th was very interesting, a large number of members being present. C. Van Zyl and Henry F. Koops captured the high honors of the day each scoring 90 out of a possible 100. With W. Woldring second with 89. The prizes were given in the following manner, shooters classifying themselves by the first ten shots: Class A, 45 to 50, Henry Koops won first prize, box Knickerbocker cigars, H. Van Tongeren; 2nd prize, W. Woldring, jack-knife, De Pree Hardware; Class B, 40 to 45, C. Van Zyl and Henry Van Eyck tied for second prize, box of cigars W. Sutton, silk box by Boter, H. Ten Cate, pocket compass, Nies hardware; third, Althuis, Eversharp pencil, Fris Book store; Class S. S. Althuis, safety razor, Model Drug store; A. Klaasen, vase, DeVries & Dornbos; Geo. Vrieling, tire gauge, by Van Zyl, H. Mulder, fish bait, Superior Cigar Co.

Class D—Koop Knoll, reel by Corner Hardware; J. Van Putten, flashlight by H. De Fouw; F. O'Connor, tire gauge, by Van Zyl. The other prizes will be given at the next shoot the first Wednesday in August.

## TWO GRAND RAPIDS MEN KILL THEMSELVES AT GRAND HAVEN

With bathers frolicking nearby, Roland and Blynn E. Scott, brothers, organizers of Great Scott Vaporizer company and Square Deal Milk Co. of Grand Rapids, ended their lives Saturday afternoon on the beach near Highland Park. Each drank the contents of a four ounce bottle of chloroform in carrying out what is believed to have been a suicide pact made following business reverses.

Blynn, 40 years old, was dead when the brothers were discovered, and Roland, 35, was crawling slowly toward the water a few feet away. "We've taken poison," he said, and as his voice failed him, he sank to the smooth sands of the beach, dying from the effects of the poison and faithful to the agreement he is believed to have made with his brother. Nelson Pellegam and Arthur Kaatz Grand Haven bathers came upon the two while walking along the beach about a mile south of the resort. The eldest was clad only in his underwear while Roland wore trousers over his undergarment.

Kaatz and Pellegam ran to the bathing beach for aid and a physician was called to the scene but both men had died long before help arrived.

Coroner Henry J. Boer of Ottawa county was summoned and the bodies were removed to the undertaking rooms of the official's brother Henry J. pending the sending of the bodies to Grand Rapids.

It seems that business reverses had nothing to do with the suicide, at least that is what friends say.

The two brothers had established what is called an honest priced milk station, and in one day had secured 800 customers. The brothers claimed that the citizens of Grand Rapids were robbed by high milk prices, and the new company in which the brothers were interested is responsible for bringing ten cent milk to Grand Rapids.

One of the brothers was an inventive genius, inventing a vaporizer that would do wonders on small cars. Because of this invention the Great Scott Vaporizer company established in Grand Rapids for the manufacture of an attachment for more economical use of gasoline in Ford automobiles had been created and managed by the brothers and from all appearances had prospered.

The trip to Grand Haven, it was said, was made for the purpose of inducing James Oakes, a real estate dealer, in promoting the sale of stock in that district. Whether the mission was successful was not learned.

The father of the boys can give no cause for the suicide pact any further than to say that the young men had too much on their hands.

Had they stuck by one business only they could have handled the situation in good shape. But two practically new enterprises he considered was too much.

Henry Geerlings is erecting a cottage at Tennessee Beach which will be ready for occupancy within a few weeks. They will spend the greater part of the summer near Lake Michigan.

## SMASHUP SLICES FOUR WHEELS FROM TWO CARS

An auto smashup on the Park road that converted two perfectly good cars into junk resulted only in some bruises and face wounds for one boy Saturday afternoon when the truck of Bert Slagh & Son and a Malbohn car owned and driven by M. T. Laser came together. Both of the left wheels of the Slagh truck and both of the right wheels of the Laser car were sliced off. With the wheels went the fenders, the running boards and the other side trimmings of the two machines. The whole frame of the Slagh truck was sprung so that it is practically useless and the front axle of the Laser car was broken in two places. Spokes from the wheels lay about the road after the accident like kindling wood.

The back end of the Slagh car was thrown to the side of the road about 10 feet against the guy wire of a telephone pole, and the Laser car received a jar that nearly turned it around from the way it was going.

The Slagh car was being driven by Bert Slagh and Bertal's little brother Woodrow was with him. The truck was headed for Macatawa. The Malbohn car was being driven by Mr. M. T. Laser of Chicago and he was headed for Holland. Laser was trying to pass a car ahead of him and in doing so he did not see that the Slagh car was approaching from the opposite direction. When he did see the truck it was too late but he swerved his car enough so that it was a glancing collision and not a headon. The Slagh car was as far to the right side of the road as possible and could not avoid the collision.

Little Woodrow Slagh was thrown out and received some cuts from the broken glass as well as some bruises but the other occupants of the two cars escaped with hardly a scratch.

## NO ACCIDENTS ON THE FOURTH

Holland's same Fourth has got to a stage of perfection. It was a 100% holiday as far as accidents were concerned. Chief of Police reported no accidents of any kind and the head nurses at the Holland hospital gives a similar report.

A majority of the physicians report that nothing of any serious nature has occurred and no accidents by fire arms or firecrackers or automobiles have been reported or heard from at this newspaper office, either at Holland or the Holland resorts during Independence day.

The Chief of Police also reports that there were no drunks, no arrests made for disorderly conduct, and that only two speeders were taken in.

## TWENTY-SIX ATTEND STATE CONVENTION

Twenty-six young people of the Epworth League of Holland M. E. church arrived home Monday having spent a week at the State Epworth League Institute at Albion, Mich. This gathering was similar to the recent C. E. convention held in Holland this year.

The program for the day consisted of morning watch at 6:30; classes in foreign and home missions, bible study, Evangelization, Life Work, and Epworth and Junior League Methods were held from 8 to 12 a. m.; during which time the campus took on the appearance of regular school days. The afternoon was given over to lectures, pageants and organized recreation, with base ball, and tennis tournaments. The vesper service was held out of doors on the campus at 6:30. The evening session was held at the church where pictures of the work of the church and inspirational addresses were given by the best speakers in the U. S. On Sunday six services were held for the delegates and in one service a Christian service flag for the Detroit area was dedicated.

This is the biggest year of the institute since its organization. By Wednesday the registration totaled 1100 and this did not include the registrations from the Albion district. The week end figures are not yet known as yet.

Grand Rapids district carried off all the honors in banners and social service work. The Holland League ran a close second to the leagues of the district getting all the second banners of the district.

Baker Co. of Allegan has purchased the piekie station formerly owned by the Benton Fruit Products

## GRAHAM & MORTON CO. TAKE 800 TO BENTON HARBOR

Holland folks availed themselves of the excursion to Benton Harbor given by the Graham & Morton Co. on the Fourth. There were 800 excursionists from this city who took the trip to the Twin Cities further down the lake.

The day could not have been more ideal for an excursion of this kind. Lake Michigan was as smooth as a mirror, and sea sickness was unknown.

The beautiful steamers, City of Benton Harbor and City of Grand Rapids were loaded to capacity taking resorters from Chicago and the West to the Holland Resorts.

Saturday afternoon the City of Grand Rapids took a load of more than 1100 to Holland, who had gotten accommodations at the different hotels around Black Lake.

Local Agent Johnson stated that the steamers had all they might carry, and not less than 2500 tourists took the respective boats to the Holland resorts. Incidentally he stated that the two large steamers plying between Benton Harbor and St. Joe were also loaded with excursionists.

The Graham & Morton Co. are the pioneers in lowering rates and giving popular excursions that were so welcome before the war.

If our big railroads would again put on their popular excursions that prevailed in "Ye Olden Days" they would pull large strings of coaches filled with happy excursionists, instead of lugging around a bunch of cars three-fourths empty, as is the case at the present time.

It seems that the Graham & Morton company has the right idea, and the officials are exceedingly pleased over the results.

## INTERESTING CASE WAS TRIED IN JUSTICE COURT

A lawsuit which created considerable excitement and brought a large crowd of court fans to the city hall was one between Joe White, taxi man and Bill Horn, Wilfred Horn, Harry Bronkhorst and Mr. Reynolds.

The case was quite a mixed up affair but as far as we can ascertain the story goes something like this: near midnight Joe White received a telephone call stating that there were passengers at the P. M. depot. When he arrived there he only found the four above named men at the depot. It is said that the men had played a hoax on him and that White said he'd get even.

White claimed that the men began to use abusive language and the men claimed he retaliated in kind. Anyway the men were arrested on a disorderly charge. Attorney Thos. N. Robinson defended them. As this was a city ordinance, City Attorney Mc Bride had to be the prosecutor.

This is the first time he has appeared in a case of this kind during his term of office. The four young men were exonerated by the following jury: Principal Riemersma, foreman, Leonard De Loof, Arend Sierms, John W. Kramer, John Schaftenaar, and Simon Lieveense.

## IN MEMORIAN

In sad but loving memory of my dear wife who left me one year ago the 3rd of July:

Earth has lost its look of gladness  
Heaven seems to us more bright,  
Since the Spirit of my dear one,  
Took her happy homeward flight.  
And we long to cross that river,  
Long to rest upon that shore,  
There to see and know and love them  
With the Saviour ever more.

Husband,  
Herman Rutgers.

## HOME BUILDING ESSAY WINNING 4TH PRIZE IN CONTEST

### HOW TO MEET THE HOME SHORTAGE

Below will be found the essay winning the fourth prize in the \$25 cash prize contest given by the Bolhuis Lumber and Manufacturing Co. How Shall We Remedy the Home Shortage (By John Albers)

When the dark cloud of war passed over a nation, it leaves behind a country whose ideals, interests and conditions are changed. This was the effect of the world war on the American nation.

The return of the soldiers, the cessation of home building, and the high cost of labor and material, have

confronted our country with the problem of home shortage. It is an immediate problem, because with every day that passes we are getting further in arrears. It is an imperative problem, because the present conditions gravely effect our national health and our social, industrial and financial structure.

There are two basic factors which are necessary for a building revival: efficient labor, and a flow of capital. By arousing the conscience of the American people and by revealing to the workingman his responsibility, efficient labor can be assured. If the different classes of labor will unite, they will find it successful to build houses on a co-operative plan. Several co-operative plans have been used in this country and in other countries, but the corporation itself, unless it is very sound, will find it a difficult task to build a house cheaper than the wise speculative contractor of the present day.

When the people will substitute the policy of investing for the policy of spending the capital for building houses will begin to flow in. In some instances the formation of companies for loaning money on very easy monthly payments, will doubtless prove more successful than a co-operative plan. A still more successful way to finance these homes however, would be to introduce laws into the state and federal legislatures which would establish bureaus in the Department of Commerce for the savings and deposits in the National Banks to be used for Building loans. Another law would establish a home loan bank system for federating all existing building loan societies. Still another law of great value, would provide tax exemption for any new residential building under five thousand dollars for five years. Tax exemption has proved a worthy bait for encouraging the home builder, in many localities. The legislature can also help a great deal by passing laws which will set up a bureau for spreading information about building methods; and which will provide means of assisting the laboring class to build.

History has taught us the benefit derived from the experiences of others. So we look to England and other European countries to see how they have overcome the home shortage.

In England an attempt was made to attract the private builders by offering subsidies equivalent to 24 per cent and more, of the cost of the house. The government has also been successful in taking over the control of building materials, and by introducing very efficient plans for building.

In comparing the conditions of England with those in America the story is told of a policeman who on leading away a criminal whispered audibly into his ear, "ow much rent do yez want for yer 'ouse?"

In Denmark Mr. Jensen has fostered a very successful plan of co-operation. He has the majority of the people of Denmark interested in his plan and backing him up. The corporation also has control of different banks and a number of large residential buildings.

Although the different European governments have taken hold of the financial part of the problem, and have in a way been successful, committees of investigation have reported against the governmental subsidies and they favor better transportation, abundance of fuel, home credits or loans, and full information on the best methods of construction. All of which would encourage and assure the people who build.

In New York the home shortage caused the introduction of a co-operative plan called the "Queensboro Corporation."

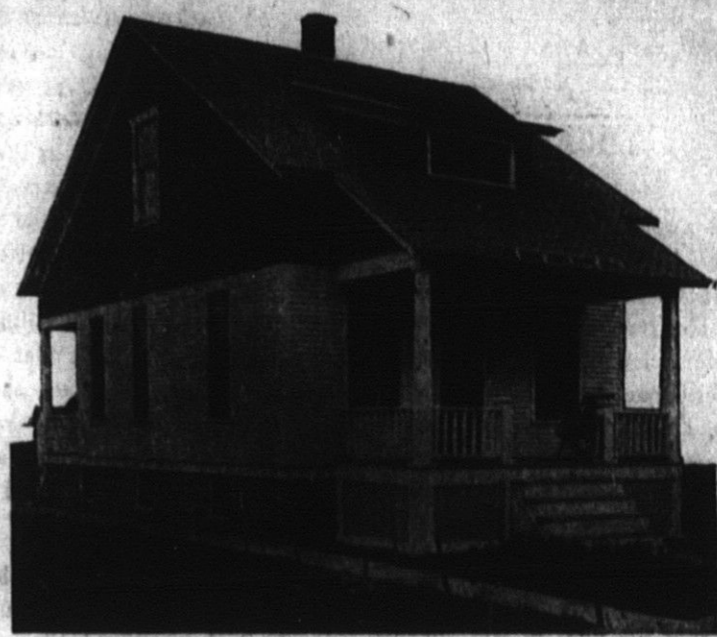

This corporation has control of several large and beautiful buildings. The tenants of which own the stock and govern in general, the work of the organization.

Another solution of the home shortage is the "Liquid Home Ownership Plan" which provided for the accumulation of savings in a company which will enable the depositor to rent a house until he has acquired the necessary credit, experience as a housekeeper, and stability as a wage earner, to make it safe to invest in an individual home.

The people themselves are in a way to blame for the home shortage because they have fought so hard to keep down the increase in the rents and the market of real estate that contractors think they cannot meet the costs if they do build. Thus the shortage will continue to grow. A good idea therefore would be to let the rents go up until they reach such a high point, that residential ownership will be considered profitable.

The real solution to the home shortage is to give free play to the law of supply and demand. This means the readjusting of family budgets, and setting aside a certain percentage of one's income toward the building of a home. down without national disaster. As America has a duty to her citizens, so we, American patriots, must consider it a privilege to uphold the honor of our country. We can best do so, at such a crisis, by a careful study to join a deeper insight into the solution of the Home Building Problem.

The public can stimulate and hasten new building by supporting, to the best of its ability a boom in the building industry. This would have a marked effect on labor, capital, and the people in common. "The greatest asset of a nation is its people." Their physical health and moral strength cannot be broken.

## THE HEART OF THE HOME.

Work is play for a dog. And here's the reason -- he puts his whole heart into it. Some people believe that dogs don't think, but whatever it is that gives a good dog his altruistic purpose, that's what makes his life a joy to himself, and to his master.

Is there anything we cannot do when we put our whole heart into our jobs? O, what great days they are when we KNOW we have done it! And what makes us do it? An inspiration, -- our HOMES more than anything else. When everything is merry at home, we are pretty apt to be merry everywhere else.

The Heart of the Home--the heating and ventilating system--how vital is it to have the best. The temperature in our homes -- the air we breathe -- the satisfying comfort that makes other things worth while -- surely these are worth guarding to the limit.

## LOCALS

Dan Cupid is doing a land office business these days in Holland. In some cases the results are quiet affairs, but yesterday the whole town was startled when a string of automobiles came rushing through the street, headed by one containing a happy couple who could not sneak away. A dog with a can tied to its tail was in it with this "Lizzie." Besides the decoration there was a string of pans and kettles trailing on behind the auto at least twenty feet long. This clattering on the pavement together with the blowing of horns surely announced that a couple had been chained for life. All sorts of inscriptions on the auto such as "we are just married," "she loves me truly," and kindred paragraphs were placed in conspicuous places on the automobile.

The Holland Fair book will be ready for distribution on July 15, says Sec'y Arendshorst.

The Ebeink Flower store on River avenue closes for the summer on July 9.

Excavation for the new Masonic Temple which will be constructed on the site next to the postoffice, was begun Saturday morning.

A new shoe store is being started in the old Jas. Aliber building at Saugatuck by Mr. John Benjamin of Holland. A full line of ladies and gents footwear is to be kept at this store.

Rev. and Mrs. J. H. Bruggers and child are on a vacation trip of one month. They are now in Orange City, Iowa. Mr. Bruggers is the pastor of the Sixth Ref. church.

J. B. Mulder and Rev. C. Muste caught 167 perch from the breakwater at Macatawa within two hours Friday night. Fred Slagh and son John hooked 50 speckled bass. Printer's bait must be exceptional.

Miss Irene Olson left Holland Saturday for Detroit from where she will motor to New York. She is to be the guest of Pietro Cardellos the Italian Counselor of Detroit at their summer home in Locust Point, N. J. The Model Drug store is charging 35c a quart for ice cream and 20c by the pint. Ice cream is now within the reach of nearly everyone. Malted Milk has also taken a drop at the Model, having declined in price from 15 to 25 cents.

The market report Saturday morning says new "spuds" advance and will go higher. What do we care when ice cream drops from 60 to 35c.

While residents of Allegan county have been looking forward to a drop in the gas rate, the Allegan County Gas company has been preparing to demand a new and higher rate. The citizens are simply up in arms about the matter. The rate now is \$2.10 per 1,000 cu. ft. The Holland rate is \$1.70 per 1,000. The Allegan Co. Gas Co. is now to ask for a \$2.65 rate or a raise of 55c.

The Ottawa county agricultural agent, C. P. Milham, will be in attendance at the Holland Fair, Sept. 13th and 16th to arrange demonstrations. The results of some demonstrations conducted this year will be shown. It is hoped that a fertilizer demonstration on wheat and rye can be arranged in each township next fall. The Holland fair is co-operating in excellent harmony with progressive agriculture.

Walter Gumser of Holland who during the school year of 1917-18 was high school principal here, was in town last Saturday night calling on friends. He has just closed a year's work at Mt. Pleasant and has been elected Supt. of schools at Reed City for next year. This is a distinct advance for Mr. Gumser and he has a lot of friends here who are glad to learn of his success.—Fennville Herald.

George Getz entertained over the fourth nearly a hundred guests from Chicago, Grand Rapids and other points. Lakewood is naturally a garden spot but the place was a fairy-land for the guests as they never have been entertained before and that is the George Getz way of entertaining. Excursions were given out into the big lake on the beautiful Getz yacht and Fourth of July night a beautiful display of fire works was enjoyed not only by the guests but by all the bathers along Lake Michigan.

The death of Mail Carrier John H. Grevengood will make the first death in Holland letter carriers' force since the service was started which is 24 years.

At 4:30 Saturday afternoon Reed of Allegan came riding into town and at the corner of River avenue and 8th street his car was hit by a westbound interurban just as the Allegan automobile and the street car were turning the corner at the same time. Reed's car had a wheel broken and a fender bent, and was shoved up against another car doing little damage. It is a wonder that more smashups do not take place at this corner, as the 4th of July resort travel and the city traffic were at its height Saturday afternoon and often congestion took place.

Peter Vander Woude, a brave young soldier who enlisted in the army while he was still 13 is in a serious condition resulting from shell shock while he was in France. His condition became more alarming within the last few days and officers of the American Legion took the matter up and a few of them together with Officer Peterson took the young man to Grand Haven for examination. The local Red Cross has also been watching the case, and the man was examined Wednesday at Probate Court and will possibly be sent to a sanatorium for treatment. The young man lives on West Thirteenth street.

There were only two speeders arrested on the fourth of July. This is no doubt caused by the terrible congestion, and it is simply impossible to speed. Speed Cop Irks Peterson did however get F. J. Blanding going 31 on North River, who was assessed \$8.70 by Justice Van Schelven and Ed Koningsburg of Holland who was going 35 with his motorcycle on the same street. The latter was assessed \$3.75 by Justice Wm. Brusse, it being his first offense.

Miss Ruth Mulder entertained a party of eight at Saugatuck Pavilion Saturday evening. The party motored down to this popular resort.

Advices came from Sioux City, Ia. that Russel Van Ry, son of Police Chief Van Ry and a former Holland boy, was burned seriously through the explosion of a gas tank. Van Ry, it is said, struck a match and the fumes of the gas caught fire and swept toward him, striking him on the chest and blistering his body from the chin to his hips. Chief Van Ry when called up about his son stated that while the injuries were very painful it was not considered that any dangerous results would materialize. Mrs. Van Ry, who was visiting in Chicago hurriedly left for the Iowa city to see her son. The young man is a representative of the Holland Furnace Co at Sioux City, Iowa.

Miss Gertrude Stephan of Holland and Miss Joana Niemeyer of St. Paul left for Benton Harbor on Saturday and returned again on Tuesday. Miss Niemeyer, who has been the guest of Mr. and Mrs. J. M. Stephan, will visit at Benton Harbor for some time but will again visit relatives and friends in this city later on with her sister Gertrude who for several weeks is taking a course of study in Art in Chicago. The Misses Niemeyer are both school teachers in St. Paul, Minn.

A shower was given at the home of Mr. and Mrs. C. Wyngraaf in honor of their daughter, Mrs. Harold Van Dyke, formerly Miss Agnes Wyngraaf. Beautiful gifts were received. Dainty refreshments were served and an enjoyable evening was spent by all. The girls present were the misses Fannie Beeker, Jane Dykman, Minnie Galien, Cornelia Klaasheek, Alice Lapingan, Gertrude Lievense, Elizabeth Michielsen, Getrude Pott, Anna Visser, Henriette Pott, Minnie Windemuller.

A wire has just been received from John Whelan announcing the birth to Mr. and Mrs. Whelan of twin boys, June 30. Mr. Whelan, a former Holland high school boy who later took a course at Annapolis, is now commander of a destroyer. He is stationed on the U. S. S. "Young" at Santiago, California.

Lake Michigan beaches Monday were filled with bathers and especially towards evening when the heat of the sun has become less intense. As far as the eye could see in both of the direction, Lake Michigan was filled with folks who tried to keep cool in the placid waters of big lake.

Two fires called out the firemen within the last few days. On July 4th, box 52 was pulled at 1:30 p. m. when it was found that some fire crackers had started a box of rubbish going. Tuesday morning box 112 was pulled for a grass fire on 18th street and Maple avenue. Both fires were put out quickly. No damage.

At the last regular meeting of the Zeeland board of education the tuition rate for non-resident high

school pupils, for the school year 1917-18, was raised to \$20. Attention at the same time was called to the amended tuition law which requires the district of which the pupil is a resident to pay hereafter up to and including \$20 of the regular tuition rate charged, by the high school attended.

Miss Fern Moore and Mr. John Slaga were quietly married at the bride's home in Lansing. Mr. Slaga is a Zeeland man and World War veteran while Mrs. Slaga was one of the Zeeland teachers the past few years. After spending a two-weeks vacation at Macatawa Park, they will settle down to house-keeping in their home in Zeeland.

Bastian Steketee has taken his place among the veteran Sunday School teachers in Michigan. During 1921 he will complete a record as a teacher for 49 years and during all these years he has taught classes in First Reformed church. Some of his former pupils are missionaries in the Orient.

Joe Halligan, for years foreman at the Bush & Lane Piano Co., now working with a large piano concern in Chicago was in Holland, hurriedly calling on his friends in this city and stating that he was on a motor trip through New York state. He and his young son were all loaded up for the occasion driving an Olds eight.

Many are trying to estimate the number of cars that came into Holland for the purpose of going to the resorts. The lowest estimate was 3,000, and the highest 5,000. Of course this is only guess work. One autoist on the Zeeland road stopped for 15 minutes to count the cars that went by during that time and counted 67 cars. Another report has it that cars were parked from the loop at Macatawa to beyond Jenison along Jenison east to beyond the cement highway and Ottawa Beach did not have near accommodations enough to take care of the autos.

George Getz has started to restock his menagerie at Lakewood farm and the first animals to enter the place are two saddle horses, two monkeys and a brown bear. It is possible that eventually the menagerie may rival the one owned by him before the World war and which made Lakewood farm the most attractive spot on Lake Michigan. Mr. Getz probably maintains the largest poultry farm in this section of the state. Besides two large incubators, each of more than 50,000 capacity, he has upward of 2,000 chickens which produce eggs for the Chicago market. Every egg is stamped "Lakewood farm" before it is crated and shipped. The poultry department is in charge of K. A. Zimmerman. The greenhouses are the most attractive from six to eight feet high, with tomatoes fast ripening, ripe muskmelons, grapes, early apples and peaches, all beginning to color, and a variety of other fruits and vegetables can be found aplenty.

Rev. Samuel M. Zwemer, who recently returned from Cairo, Egypt, expects to remain in this country until October. Most of his time already has been promised for address.

Mayor E. P. Stephan was named chairman of the evening, and Henry Geerlings served as secretary. There were 21 women at the caucus and 24 men. The six persons who received the highest number of votes, in order were: James A. Brouwer, F. T. Miles, Martha D. Kollen, Wm. Vander Ven, C. J. Dregman and W. H. Wing. These six were declared nominated, but Mr. Wing withdrew his name, and this vacancy in the list of candidates will not be filled, so that there will be but five names for the voters to choose from on election day.

Miss G. Marcelle Galentine is spending the week the guest of Miss Ruth Stratton at Kalamazoo.

## The Year of Thrift

This year marks the anniversary of the establishment of the first savings bank in the United States. In commemoration of this centennial, bankers' organizations are speeding up the thrift movement.

Strangely enough, this effort comes at a time when national progress in commerce and industry depend on the people's power to save.

No longer can America draw on the savings of the thrifty people of Europe for capital with which to develop its resources.

From now on the United States must produce its own capital.

An account in a savings bank insures national progress and your own independence.

Womanly Ailments Affect Beauty

Health Talk No. 21

By JOHN DE JONGE, D. C.

UNCLE BEN SAYS: "Sickness is a frost that nips success in the bud"

AILMENTS peculiar to women affect their attractiveness. The fact is admitted. It is common to the experience of every one. No woman willing suffers a decline of her womanly qualities.

Many of these sufferers have been sent to the operating table, as a last resort. But with the advent of the Science of Chiropractic, a great change was brought about.

Interference with the transmission of nerve impulses at the spine it has been found, lowers the natural vigor of these organs. Chiropractic Spinal adjustments, following nerve lines, gives nature a chance to act with vigor and health returns. Few such operations are necessary now.

"I was sore and swollen all the time after having fifteen small tumors and two vital organs removed. For five months after the operation I could not walk and sleep. I wish every suffering woman would consult a Chiropractor first. I shall always regret I did not know of it before I surrendered myself to the surgeons."

Mrs. D. C. Gafford, Chiropractic Research Bureau, Statement No. 1267 h.

Rev. Peter Moerdyke of Holland, one of the oldest and best known ministers in the Reformed denomination, has celebrated the 52nd anniversary of his ordination as a minister of the gospel. Mr. Moerdyke was a member of the pioneer class of 1869 to be graduated from Western seminary and since he retired from his last pastorate at South Bend, Ind., about seven years ago, he has spent his summers here and his winters in Pasadena, Calif. During his active ministerial career of 45 years he missed preaching at 3 services.

Mrs. Charles Dykstra, wife of Alderman Dykstra, died Wednesday noon at her home at 564 College Avenue, after an illness of about three weeks. Mrs. Dykstra had reached the age of forty years. She is survived by her husband, five children, three sisters and one brother.

The arrangements for the funeral have not yet been made but they will be announced later.

Lavola Russell, who pleaded guilty in Superior Court, Grand Rapids, to violation of the liquor law, was sentenced Saturday to pay a fine of \$200 and \$50 costs or spend nine months in jail. She is a sister of Lawrence Page, who is serving a life sentence for the murder of his grandfather, Frank Sprague, about five years ago. The family formerly lived in Grand Haven.

The U. S. S. "Hawk" steamed into the harbor Tuesday night at midnight and it is now anchored off Jenison Park where it will be for the rest of the week, going from there next Saturday afternoon to Milwaukee. The "Hawk" is here on one of the reserve cruises and her sister ship, the "Wilmette," which was in the harbor a few weeks ago was expected to arrive here yesterday or today.

# A NEW RECORD

## 3 7 9

New Cars and Tractors delivered at retail during the twelve months of 1920.

## 2 9 1

New Cars and Tractors delivered at retail during the first six months of 1921.

## AN INCREASE OF MORE THAN 50%

This represents an increase in new car and tractor deliveries of more than 50 per cent during a period considered far below normal. Our first Ford contract, about seven years ago, called for 24 cars, or 2 cars per month. At the present time we are delivering an average of about two cars per working day.

## SERVICE QUALITY & UTILITY MAKES REMARKABLE RECORD POSSIBLE

Only the manufacturer with a popular product, designed to meet the requirements of the big majority-of the masses-built to give service-can maintain such a remarkable record of sales. Backed by the service maintained by our three sales and service stations, we are able each month to exceed old sales records by a large percentage.

We believe this sales record is the best recommendation we can offer for the Ford Pleasure or Commercial Car. Unless the public recognized the Ford car as the BEST in the small car class, sales could not continue to pyramid year after year. Let the stamp of approval of the buying public be your guide in the selection of a light car and your verdict must be a Ford.

### SPRINKLING HOURS HAVE BEEN CHANGED

The continued drought has compelled the members of the Board of Public Works to treat the sprinkling regulations more rigidly than they have before. Now if consumers don't adhere to the rules laid down by the Board of Public Works, their water will be turned off without notice.

It is unfair that a large majority of the consumers who cooperated should suffer because of the few who violate the regulations.

For instance the former notice sent out stipulated, sprinkling hours in which lawns could be sprinkled. The word gardens in some way was omitted, and there were not a few who took advantage of this omitted clause and sprinkled gardens on the off days when they could not sprinkle lawns.

The new stipulation that will be set forth in a circular sent to every consumer, states very plainly that lawns and gardens are meant, and that either in one half or the other half of the city, lawns and gardens can be sprinkled three days during the hours given in the new regulations.

The hours of sprinkling have also been changed. The morning hours will remain the same, namely from six to seven. The evening hours will be from six to eight, instead of from five to seven.

Many requests have come in to Mayor Stephan and to Mr. Champion of the Board of Public Works, especially from laboring men, who stated the later hours would not be only more convenient for them, but the daylight saving really meant four o'clock sumtime instead of five, and if the regulations were made an hour later, the watered lawns and gardens would receive more benefit from the sprinkling when the sun would not be so high up, and the heat would not be so intense.

The folks on the hill have been suffering severely because of water famine. In fact they scarcely get a chance at all, when the rest of the city begins to sprinkle.

Keeping up lawns there has been practically out of the question. For

that reason the Board of Public Works is going to give the hill people a chance. Those residents of the hills in the south part of the city will be given two hours more every other day, starting both morning and evening one hour earlier than do the rest of the consumers in the city. In the hill district is included that part of the city south and including 24th street, west of Central avenue, and also south and including 22nd street east of Central avenue.

Of course the hill residents are regulated as to sprinkling time the same as the rest of the city, namely all that part of the city East of the center of River avenue may sprinkle Mondays, Wednesdays and Fridays. All the rest of the city on Tuesdays, Thursday and Saturdays.

Although the Board in its former schedule did not lay special stress on Sunday sprinkling, it now states that sprinkling of lawns and gardens is permitted on Sunday.

Mr. Champion also wished it understood that when consumers hear the alarm of fire, all who are using water for sprinkling purposes must close off their hydrants immediately.

This has been a hard and fast rule for some time, and has been printed on the electric light bills for years back, but it will do no harm to put in a reminder.

The pressure for fire purposes is ever so much better when the surplus water otherwise used by consumers is available.

Under the circumstances the Board has done wonders considering that aside from a few showers, Holland has had no rain in six weeks.

A drenching rain would no doubt solve the problem immediately for within the next two weeks the new wells on the Zeeland road will be connected up. The last two points of the 14 points to be driven will be in this week. These wells will give Holland an added supply of water of 1400 gallons per minute, the augmentation of which will solve our water problem at least for a few years.

### INTERESTING BOAT RACES ARE HELD

An interesting series of Evinrude races was held Monday at Virginia Park. All persons owning Evinrude motors were eligible to enter and about twenty took advantage of the opportunity to race for a silver shield trophy. The first honors went to John Knell of Virginia Park and second honors were won by John Harding.

The next race is scheduled for July 16 also at Virginia Park, and in that race it is expected that there will be double the number of entries that appeared in the first race. During the summer other races and tests of speed on the water will be held from time to time.

### CONTRACT FOR BOULEVARD LIGHT SYSTEM IS LET

There were five bids on file in the Board of Public Works office Tuesday night when the board met, in which figures were given for the installation of a boulevard lighting system on River avenue and Eighth street.

When the bids were opened it was found that the Gray Electric Co. of Detroit had the lowest and most advantageous bid, the price being \$16,453.45.

The slow progress of getting the money together by the business men, and the waiting on the part of the Board of Public Works for material to come down has meant a tremendous saving over the first figures given three months ago which was \$20,293.00.

Not alone is Holland getting a wonderfully low figure on this system, but an engineer of General Electric company by the name of G. J. Goselink one of the best draftsmen of the company has planned one of the latest standards and lights, that has proven to be a beauty and was immediately chosen by the Board of Public Works, and because of the fact that Holland selected this light and was quick about doing it the Gray company has decided to catalogue this type of lamp and standard as "The Holland." This

some valuable indirect advertising unlooked for.

Holland will be the first city to adopt this lamp. The artist, Mr. Goselink is from the General Electric company, the largest electrical firm in the world.

The first installation of Holland's illuminating system which comes under this contract will extend from the Pere Marquette Depot to the Tower Clock west and from the Bank south on River avenue to 12th street.

The lamps will be 85 feet apart with a light on each side of street, opposite each other. It will take about two months to manufacture the new Holland design of standards but within that time the streets will be put in such shape, the cable will be laid and everything will be made ready in order that when the standards arrive the only thing left to do will be to set them up and connect them with the cable, which according to Mr. Champion is the smallest part of the job.

Superintendent Champion is endeavoring to have the work completed by September 1st, but he is in doubt that this will be possible.

He is sure however that September 10th will see the "White Way" of Holland that we have been looking and longing for for years, a reality, unless of course some unlooked for obstacle should prevent it.

### NOTICE OF MEETING

To whom It May Concern:

Whereas, on the 13th day of June A. D. 1921, an application was filed with Henry Sierma County Drain Commissioner of the County of Ottawa for the cleaning out of its entire length of a certain drain, which said drain will traverse the town-ship of Olive in said county.

Therefore notice is hereby given that in accordance with the statute in such case made and provided, a Board meeting of the Township

## Kalamazoo Lake

SAUGATUCK

## YACHTMEN'S RENDEZVOUS

JULY 17 to 24

Leaving Chicago, Milwaukee and Racine at 5 P. M., Saturday, July 16.

Every yacht club on Lake Michigan will enter their fastest yachts, numbering in all 50 to 75 yachts, in the greatest racing event ever sailed on Lake Michigan, namely sailing from these three ports directly across the lake to Saugatuck

**Monday, July 18, at 2 P. M.**

A Tri-Regatta will be held off the piers on Lake Michigan over a twelve mile course.

**Tuesday, July 19, at 2 P. M.**

Yacht Racing on Lake Kalamazoo, Dingy Racing, Swimming Race and other aquatic sports will be held.

**Tuesday Night, July 19**

The Most Spectacular Event Ever Seen in Western Michigan.

## Venetian Night

50 power and sail boats will be decorated and in the parade for prizes for the best decorated boats. The shores of Lake Kalamazoo will be ablaze with Japanese lanterns.

The Greatest Display of Fireworks Ever Seen in Saugatuck

Cash Prizes amounting to \$1200 will be awarded to the winners of the above events.

Board of the Township of Olive will be held on the 18th day of July A. D. 1921 at the residence of Wm. Eelman in the township of Olive in said county of Ottawa at 6 o'clock in the afternoon of said day for the purpose of determining the necessity of said drain and whether the said proposed drain is necessary and conducive to the public health, convenience and welfare. At said meeting any and all persons owning lands liable to assessment for benefits or whose lands shall be crossed by said Drain may appear for or against said proceedings, and may be heard in relation thereto.

Dated this 5th day of July, 1921.  
Markus Vinkemulder,  
Township Clerk,  
of the Township of Olive.

# HOLD CELEBRATION AT VENTURA BEACH

Monday was a gala day at Kelvin Grove, Ventura Beach. Starting in the morning at 10 o'clock the great throng gathered at Nysteds corners for the parade which was unique indeed. B. P. Donnelly was marshal of the day and the parade was led by John J. Good, followed by all the little Goods dressed in appropriate costumes. Little Mary led her little lamb with beautiful red, white and blue ribbons, then followed Thomas Hogan with his boy Richard and John Donnelly, all dressed and representing beautifully the famous picture "The Spirit of '76."

Then followed the orator of the day, J. Taylor Graves of Chicago, and immediately following the five and drums followed the people of the neighborhood who in turn were followed by a brass band. The music was in charge of John A. Kelley.

After completing the march to Kelvin Grove, Thos. N. Robinson, as chairman of the day took charge of the meeting and in a wonderful burst of oratory introduced Mr. Graves as speaker of the day. Mr. Graves graduated from Yale college just 55 years ago, and in an able and eloquent way described the meaning of the day, and the many changes that have occurred in the history of the world during his life. He also discoursed at some length on the famous boy scouts organization and what it meant to the future of America.

Miss Canfield, also of Chicago, gave a very pleasing talk on the celebration of the 4th through the world. Mr. Robinson then called on J. A. Kelley to lead the audience in patriotic songs and after closing with the singing of America the meeting adjourned to 7 o'clock in the evening when the program of field sports was held, the contests and prize winner of each being as follows: 100 yd. dash for boys, John Hogan; 100 yds. dash for men, John J. Good; 50 yd. dash for girls, Emily Hobson; Sack race, Richard Hogan; Potato race, Tom Byrne, Jr.; Mary Donnelly; John Good, Tom Hogan; boxing contest, No decision; married ladies' race, Mrs. T. J. Byrne; Wheelbarrow race, Tom Byrne, Jr.; Mary Donnelly; Mr. Roy Bard of LaPort, Ind.,

and Mr. T. J. Byrne of Chicago acted as referees and starters. Then followed the fire works on the beach in charge of Mr. Vance Mape. All enthusiastically stated that it was a very pleasing and splendid display, unanimously voting that it was one of the most pleasant Fourth of July celebrations they had ever attended.

# MUSKEGON MEN STRIKE OFFICER

Walter Brown and Wallace Brown of Muskegon were arrested by ex-speed cop Peter Bontekoe and Speed Cop Irkson Peterson at 1st avenue Thursday.

The two Muskegon men drove in with a horse and rig intending to go to Saugatuck. They violated the traffic ordinance by cutting sharp corners with their "nag."

They were politely informed by officers that this was against the law, but the Brown Brothers laughed at the speed cops, and told them to keep their noses out of the business of Brown & Co.

The officers could not stand for this and Bontekoe immediately colared one of them, but was struck over the head with a whip.

In the melee that followed Bontekoe, altho victorious, had spoiled a good suit of clothes and the sole was ripped from one of his shoes.

The two officers however gathered their men in, bringing them to police headquarters where they were soon arraigned before Justice Wm. Brusse.

The two men made the plea that they did not know that Bontekoe was an officer, as he was in plain clothes and off duty at the time.

Justice Brusse insisted that the Browns apologize to the Holland officers, that they buy Mr. Bontekoe a new suit and pair of shoes and besides the judge fined the two men \$4.70 each for violating the traffic ordinance.

The two Muskegon Browns were very penitent after that and proceeded down to Saugatuck more meek than they had entered into Holland.

# GRAND HAVEN IS NOW HAVING ITS GAS SCRAP

Grand Haven is now having its gas scrap with the gas company at that city, and Holland is being used by the city officials to demonstrate to the Michigan Public Utilities commission that the Grand Haven rate is altogether too high.

Sometime ago the mayor and city attorney of Grand Haven came to Holland to consult Mayor Stephan and City Attyr McBride to find out just how Holland took up its gas matter with the Michigan commission.

Upon investigation it was found that Grand Haven pays about 45c a thousand more for gas at the present time than does the city of Holland.

Some discrepancy in rates may possibly result from the fact that Holland being a larger city a greater volume of gas is used and the gas rate is governed to some extent by by volume.

Anyway the Grand Haven officials are to use Holland with the commission as a criterion.

What the result will be will no dobt be published at a later date.

# JOHN C. HOEKJE BECOMES REGISTRAR OF W. S. N. SCHOOL

The Western Normal Bulletin has the following about John C. Hoekje, formerly of Holland.

"With the beginning of the summer term, John C. Hoekje, director of the extension department of the Western State Normal will also assume the duties of registrar, to succeed E. D. Pennell, who will take the position as head of the Commerce Department made vacant by the resignation of Arthur L. Loring.

"Mr. Hoekje, through his work as director of the extension department has a large acquaintance among the students and alumni of Western Normal, including both those who have been in residence and those who have taken only the extension courses. He has been associated with the school for several years, and is admirably suited to succeed Mr. Pennell. In addition to his work as registrar, Mr. Hoekje will continue as head of the extension department which has experienced a very splendid growth under his capable direction."

Postal Station No. 2, formerly located in the Schouten Drug store will after this be located in the store of Wm. Van Eselt, East 8th street. The station will open in that place Friday.

Improvement of the West Michigan Pike was assured when the contract was let for nearly four miles of concrete road in Casco township. This is the rotten stretch of road pointed out by this paper north of South Haven.

# HOLLAND HAS A NEAR DROWNING AT OAKLAWN PARK

But for the timely arrival of "Vaudie" Vandenberg at his summer home at Oaklawn Park on Black Lake a tragedy would have occurred.

Mrs. Vandenberg and her sister, Mrs. Grace Buhl of Chicago were bathing in Black Lake near the home. Both ladies are just learning to swim and in their eagerness to learn some of the strokes, Mrs. Vandenberg had gotten into deep water and the result was inevitable. Mrs. Buhl began giving the alarm and at the same time attempting to rescue her sister, soon became exhausted.

To the lady the case seemed hopeless, for Mr. Vandenberg had told his wife in the morning that he would not be home for lunch, because he was extremely busy in Holland and could not spare the time. Something however prompted him to go home, and he had just arrived on the shore and had taken his little son in his arms, when the call for help came from the water.

Mrs. Buhl was making frantic efforts to keep her head above the water and at the same time trying to rescue her sister, when Vaudie arrived, but his arrival was just in time.

Mrs. Vandenberg was about to go under for the third time, when Mr. Vandenberg succeeded in rescuing her. Being all alone, together with the exhausted sister-in-law, he began the work of resuscitating Mrs. Vandenberg. He rolled her body over a large log in the neighborhood for at least ten minutes before there was any sign of life.

Some more diligent work soon revived her however, and today she is little the worse because of the terrible experience.

This is the second time that a near drowning has occurred at this beach because the bather could not swim.

A young Bennett boy two weeks ago was rescued by Frank Owens who cold swim, which again demonstrates the art of swimming should be taught every youngster early in life.

It would be well for the public to know that at Oaklawn Park there is a steep drop just east of the dock that is very deceiving and the knowledge of this fact should be known by bathers who go into the water at that vicinity.

When "Vaudie" was questioned about the matter he was very careful about saying anything. He did say however, "whatever impelled me to go home for lunch is more than I can say. I didn't intend to go home for I was as busy as ever, at noon. But I simply jumped into the machine and went, and no doubt I got there just in time."

# PERSONALS

Miss Marie Zwemer left Friday for Annville, Ky., to assist in summer mission work.

Lalla E. Mc Kay is laid up at home with a sprained ankle due to a severe fall.

Jean Bazan and Fern Farries have returned to their home after spending the winter in Florida.

Mr. and Mrs. Walter Lane have gone to Rochester, N. Y., and Toronto, Canada, to visit some of their old friends.

Mr. and Mrs. T. Koelekamp and family of Chicago motored to Holland Friday and are the guests of Mr. and Mrs. L. Smith.

Gabriel Kuite of Holland, left for Milwaukee, Wis., where he will visit his children, Mr. and Mrs. A. Davis over the Fourth.

Ryn Voss and John Vander Meulen Friday drove in two Maxwell cars from Detroit. Both cars have been sold.

Mr. Frank Stansbury and Mr. and Mrs. Arthur Drinkwater and daughter Ella, motored to Sheridan, Mich. to spend the Fourth with Mr. and Mrs. Archie Johnson.

Mr. K. De Roo and Mr. A. Chepkema, his son-in-law and two children, Erma and Vernon, of Zeeland, left for Waupun, Wis., to attend the funeral of Charley Chepkema, his grandson.

Ex-Sheriff and Mrs. H. J. Dykhuis of Holland Friday celebrated their golden anniversary. It was a family gathering and many from Grand Haven attended. Mr. and Mrs. Dykhuis have eleven children, twenty-six grandchildren and five great grandchildren. Mr. and Mrs. Dykhuis during their residence in Grand Haven at the time Mr. Dykhuis was sheriff of Ottawa county, made many friends who joined in with the family in wishing them many good wishes on the occasion of the celebration of their fiftieth wedding anniversary. Among those who were there was F. Van Zanten of this city, who was best man at the wedding fifty years ago.—G. H. Tribune.

# ZEELAND MAN INJURED IN SERIOUS AUTO ACCIDENT

A serious automobile accident occurred three miles west of Coopersville at 4 o'clock Saturday afternoon when several furniture men were on their way to Highland park.

Their car was passing another car and struck some loose gravel near an embankment and the car simply slid over, turning over four times before it reached the bottom. One furniture man, William B. Tidd of St. Louis, Mo., a young furniture salesman was killed, while Max A. Bath, 48, and vice president of the Michigan Star Furniture Co., of Zeeland, is in a serious condition because of the accident.

Several of the others were also shaken up and injured. One man, a Mr. Beiersdorff claims that his straw hat saved him.

His story apparently is the most correct. Here it is.

"It was very dusty at the time. We had just passed the other car and we got quite close to the edge of the road. We had slid over to the left to pass and as we drove alongside the other car, our driver put on a little more speed. All of a sudden I could feel the left rear wheel sink away right below me. As far as I know we rolled over four times, and the engine caught fire after it stopped rolling.

"I distinctly felt every bump as we rolled over, and I believe the edge of my straw hat, which was flattened, saved my head from being injured. We were scattered along for about 40 or 50 feet in the ditch. How we got out of the car, the top of which was up, is a mystery to me.

"When it was over I saw the car lying with the front upon the road and the rear in the ditch. Tidd was curled up upon the ground. Dugan appeared with his face cut, and Bechtold's arm was bleeding badly. Bath was conscious, but was in great pain when I got to him. Mr. Hathaway and others stopped and aided us to Coopersville."

Upon investigation it was found that the dead man, Mr. Tidd, had a mother living in Missouri, and that the young man was her sole means of support.

Collections are being taken up at the furniture market in all the exposition buildings and it is understood that quite a large sum is being subscribed and will be sent to his mother.

Martin Oudermool suffered severe and painful injuries Wednesday afternoon when he fell backward off the top of the new grandstand that is being built on the Holland fairgrounds. Oudermool was working on top of the grandstand when in some way he lost his footing. He tried to save himself by grasping a board but was not successful and he fell down among the scaffolding.

His thigh was severely injured and he also suffered internal injuries. He did not lose consciousness. His condition, while perhaps not critical, is considered serious. He was taken to his home.

Harry Kramer, son of Mr. and Mrs. John H. Kramer, 43 West 17th St. and Miss Eliza Zwemer, 119 W. 10th street, staged a surprise Thursday night for their friends when they went to the parsonage of Trinity Reformed church and were united in marriage, Rev. C. P. Dame, performing the ceremony. Many of the closest friends of the couple were not in the secret.

Mr. and Mrs. Kramer have both been employed in the office of the North Side tannery for a number of years. Before taking a position there Mrs. Kramer was for several years bookkeeper in the Sentinel office.

The young couple left Saturday for a wedding trip to California.

## Ship and Sail under the Stars and Stripes

More than fifty freight and passenger services under the Stars and Stripes are ready for your use

IN the harbors of strange lands where the Stars and Stripes had become but a memory, they are now found once more on regular schedule time. The grandsons of a generation dead and gone have seen the return of the flag to all the seven seas.

Help to keep the Stars and Stripes in its rightful place, all over the world, by sailing and shipping on American owned and operated ships.

"We cannot sell successfully," said President Harding, "where we do not carry." American ships are now available. Be sure to use them whenever possible.

### HOLLAND MEN SPEAK AT CARRIERS' CONVENTION

Joe Padnos of Hudsonville, has been chosen delegate of Ottawa County to the Michigan State Rural Letter Carriers' convention to be held in Lansing early in August. G. J. Heetderks of Holland has been chosen alternate. These men were chosen at a meeting of the rural letter carriers of Ottawa, Muskegon, Kent, Newaygo and Oceana counties at Cooper'sville.

At that meeting the following program was given: welcome, W. J. Bennett, Cooper'sville; opening remarks, J. Brinkman, state committeeman; "Good Roads," B. Vander Heide, Zeeland; "Co-Operation," Frank Nims, Muskegon; "Dignity," Courtesy," Anthony Resbach, of Holland; "Efficiency," R. P. Davis, Fremont; "Conditions Past and Present," C. E. Ford, Calhoun; "Welfare," G. Rutgers, Holland.

### COMMON COUNCIL

Holland, Mich., June 30, 1921. The common council met pursuant to adjournment and was called to order by the Mayor.

Present—Mayor Stephen, Alds. Blue, Prins, Vander Brink, Brive, Leoppe, Kammeraad, Brinkman, Lawrence, Damstra, Wiersma, Dykstra, and Vander Hill and the Clerk.

The minutes of the last two meetings were read and approved.

J. H. Oosting petitioned for license to engage in the business of constructing sidewalks and presented bond as required with Henry Oosting and Egbert Kars as sureties.

Bond and license granted.

O. Kalkman petitioned for license to engage in the business of constructing sidewalks and presented bond as required with A. B. Boonman and John Kars as sureties.

Referred to the committee on sidewalks.

Alfred Baldwin petitioned for license to engage in the business of constructing sidewalks and presented bond as required with A. A. Boone and Samuel Habing as sureties.

Bond and license granted.

John Van Vleet petitioned for license to engage in the business of dealer in second hand goods at No. 80 E. Eighth street and presented bond as required with K. Buurma and Dick Beter as sureties.

Referred to the committee on sidewalks.

G. Houting and others petitioned for the construction of a sidewalk abutting lots No. 122-126 inclusive. Steketee Bros. Addition. Referred to the committee on sidewalks.

The Holland Gas Works submitted their report of the earnings and operating expenses for the months of March and April, 1921.

Bond approved and license granted.

Reports of Standing Committees.

The committee on Ways and Means to whom was referred the matter between A. Michenerhuizen and the Board of Public Works relative to the purchasing of a certain parcel of land near the Fifth Street light and water station reported that after carefully going into the matter they would recommend that the Board be authorized to purchase the land for the price originally offered by them.

The committee reported that they were unable to have the price reduced but that they said Mr. Michenerhuizen had agreed to furnish a deed to the city for that part of the land upon which College avenue is located and being adjacent to his premises that being the only concession granted.

Adopted an authority to purchase said property granted, and that the deed to that part of College avenue as above stated be accepted.

The committee on Sewers, Drains and Water Courses to whom was referred the petition of E. J. O'Leary to have the road water of his premises on East Eighth street enter the storm sewer reported recommending that the petition for same be granted.

Adopted.

The committee on Sewers, Drains and Water Courses to whom was referred the matter relating to costs of running sewers into lots on streets where no laterals are laid, reported recommending as follows:

That such property owners pay for laying an amount of sewer equal to the amount they would pay if there were a lateral sewer in the street or avenue plus the difference between a benefit on the sewer to which he connects and the part of a benefit which he actually paid.

Adopted.

Reports of Select Committees.

The building is situated well back from the sidewalk line, and faces the south, while the operating rooms have a north exposure.

"It is a fire-proof structure, faced with buff colored brick and trimmed with stone.

"The arrangement of the building may be described as follows: the basement is used for power purposes, refrigerator plant, cooler, store rooms, kitchens, dining rooms, laundry, lecture rooms, ex-Ray room and morgue.

"The first floor is occupied with business and administration offices, a reception room, a receiving and first aid room besides the rooms and wards for patients. Excepting for the space given over to offices for administration and receiving rooms, the same general arrangement is found on all floors. The corridors extending east and west through the length of the buildings with stairways and elevators located in the center of the building. Each floor has a nurse's station, diet kitchen, work and supply rooms. The largest ward has only four beds, the other rooms being occupied by two beds, or one bed, and patients are charged accordingly.

"So many details of construction were called to our attention that it would be impossible for us to attempt to itemize them in this report, however, we herewith submit a photograph of the hospital and the general floor planning for your information. Some of the noteworthy features which occur to us are the following: the automatic elevator service, the heating system, the refrigerator plant which not only furnishes the ice but refrigeration for each floor, the telephone service, not only to the hospital itself which has three separate telephone leads, but the service provided for each floor of the hospital. The corridors are laid with cork. The interior surface of the hospital are all arranged so that they are readily accessible to cleansing. The operating rooms are surfaced with green tiling. The ex-Ray machine was installed at a cost of approximately Five Thousand (\$5,000) Dollars. The hospital is completely equipped with the latest appliances and modern furnishings.

"This is a sixty bed room hospital, however, if necessary, twenty-three additional beds can be placed. It is our understanding that the plans

were submitted to a society of American surgeons before they were adopted. After your committee had thoroughly inspected the hospital we had an extended conference with the committee in charge of the building operations and the contractor who did the work.

"While your committee is not in a position to make definite recommendations at this time, nevertheless it is our unanimous opinion that the Memorial Hospital at Owosso is ideal, not only in size but arrangement and equipment. The city of Holland could not possibly do better if it would duplicate this institution. It is our understanding that this could be done for approximately 20 per cent less than the cost, however, first of all, it is our opinion that it will be necessary to decide upon another location before we definitely consider the actual plans for construction."

### Communications from Boards and City Officers

The Board of Public Works reported relative to electric and water rate schedules for the year commencing July 1, 1921, as follows:

#### Water Rate Schedules

Water for street sprinkling, \$1800 per annum; Sewer flushing connection, \$5 each semi-annually. Fire hydrants, \$40 each annually.

Meter Rates—For the first 100,000 cu ft used semi-annually 11c per 100 cu ft; for the next 100,000 cu ft used semi-annually 10c per 100 cu ft; for the next 100,000 cu ft used semi-annually 9c per 100 cu ft; for all over 300,000 cu ft used semi-annually 7c per 100 cu ft.

Semi-annual Minimum Charges—For service having a 5" meter \$3.00; 3.4 meter, \$4; 1" meter, \$7; 1.2" meter, \$10; 2" meter \$17; 3" meter \$25; 4" meter \$50; 6" meter \$70. Prompt payment discount 10 per cent.

Rural Water Meter Rates—For the first 100,000 cu ft used semi-annually 16c per 100 cu ft; for the next 100,000 cu ft used semi-annually 14c per 100 cu ft; for the next 100,000 cu ft used semi-annually 12c per 100 cu ft; for all over 300,000 cu ft used semi-annually 10c per 100 cu ft. Semi-annual Minimum Charges—For a service having a 5.8" meter \$4; 3.4" meter \$5; 1" meter \$8. Prompt payment discount 10 per cent.

Electric Rate Schedules

General Lighting Rate—Rate: 6c per kw-hr. used monthly.

Minimum Charge—90c per month for residences; 90c per month where less than 400 watts are connected for all lighting services other than residences. \$1.80 per month where 400 watts or more are connected for all lighting services other than residences. Prompt payment discount 10 per cent. Free lamp renewals—none.

Cooking Rate—Rate: 4 1/2c per kw-hr. used monthly.

Minimum Charge—\$50 per month per kw. for the first two kw.; \$25 per month per kw. for each additional kw. connected. Prompt payment discount: 10 per cent.

Power Rate—Service charge \$55 per month per active h. p. connected. Energy charge, 2 1/2c per kw-hr. used monthly.

Determination of active H. P.—First 10 h p of connected load 90 per cent active; Next 10 h p of connected load 80 per cent active; next 30 h p of connected load 60 per cent active; next 50 h p of connected load 40 per cent active; all over 100 h p of connected load 50 per cent active.

Minimum Charge—Equal to the Service Charge. No bill will be less than \$1.00.

Prompt payment discount: ten per cent.

Rural General Lighting Rate—Rate:—Where the consumer is located within one mile of the city limits measure along the pole line, 10c per kw-hr.; Beyond one mile and within two miles, 11c per kw-hr.; beyond two miles and within three miles, 12c per kw-hr.; beyond three miles and within four miles, 13c per kw-hr.; beyond four miles and within five miles, 14c per kw-hr.; beyond five miles and within six miles, 15c per kw-hr.; beyond six miles and within seven miles, 16c per kw-hr.; Minimum charge: \$1.50 per month. Prompt payment discount: ten per cent. Free Lamp Renewals—none.

Street Lighting Rate: Mazda type C lamps—Overhead system—600 c p. .... \$45.00 per year 250 c p. .... \$31.50 per year 200 c p. .... \$27.00 per year 80 c p. .... \$23.50 per year 60 c p. .... \$20.50 per year 400 c O (ornamental) system \$35.50 per year.

The Board of Public Works reported the collection of \$7,804.37 Light, Water and Main Sewer Fund collections.

Accepted and the Treasurer ordered charged with the amount.

The Board of Public Works reported recommending the transfer of \$193.67 from the Light, Water, Main Sewer and Fire Alarm Funds to the Compensation Fund.

Adopted and such transfers ordered.

The city treasurer reported the collection of \$497.44 from Holland Hospital, \$313.13 interest on daily balances in the local banks, \$85.50 for sidewalks repairs, and \$15.75 from the sale of manhole covers.

Accepted and the Treasurer ordered charged with the amount.

Supt. Van Schelven reported the collection of \$199.80 from the sale of Cemetery lots and presented treasurer's receipt for the amount.

Accepted and the Treasurer ordered charged with the amount.

Justice Bruns reported the collection of \$24.80 Ordinance Fines and Officers' Fees and presented Treasurer's receipt for the amount.

Accepted and the Treasurer ordered charged with the amount.

Justice Van Schelven reported the collection of \$53.50 Ordinance Fines and Officers' Fees and presented Treasurer's receipt for the amount.

Accepted and the Treasurer ordered charged with the amount.

The Clerk presented oath of office of Arnold Mulder as Member of the Library Board.

Accepted and filed.

The City Engineer submitted plans, specifications and estimate of cost of the grading and otherwise improving of Ninth street from the west line of Lincoln avenue to the east line of Garretson street and Garretson street from the north line of Ninth street to the south line of Eighth street to an estimated cost \$11,508.92.

Adopted and ordered filed in the Clerk's office for public examination, and the clerk instructed to give notice that the council meet at the Council room, Friday, July 8, 1921, at 7:30 p. m. to hear objections.

On motion of Ald. Kammeraad.

The clerk was instructed to advertise for bids for the grading and for the furnishing of all material and the paving of Ninth street from Lincoln avenue to Garretson street and Garretson street from Ninth street to the south line of Eighth street to an estimated cost \$11,508.92.

Adopted and ordered filed in the Clerk's office for public examination, and the clerk instructed to give notice that the council meet at the Council room, Friday, July 8, 1921, at 7:30 p. m. to hear objections.

On motion of Ald. Kammeraad.

by the Common Council at a regular meeting held June 1, 1921, be and the same is hereby taken from the table. Carried.

On motion of Ald. Kammeraad.

Resolved, that the report of the committee on streets and crosswalks submitted at the meeting held on June 1, 1921, recommending the paving of 19th street from Columbia to First avenues be and the same hereby is adopted, and

Resolved further that the City Engineer be instructed to prepare plans, specifications and estimate of cost of same.

Carried all voting aye.

Upon the suggestion of City Engineer On motion of Ald. Wiersma,

The city engineer was instructed to establish street grades for 10th and 19th streets west of Van Saasle avenue and 25th street from Michigan to First Avenue.

Special Order of the Day

The Council here proceeded to hear objections and suggestions to the paving of Seventh street from River avenue to the west line of the Michigan Railway Co. viaduct at Lincoln avenue, westward.

The clerk reported that objections had been filed by the Michan R'y Co. Several property owners interested being present were permitted to be heard.

On motion of Ald. Prins.

Resolved, that the paving of Seventh street from River to Lincoln avenues be postponed until the spring of 1922.

Ald. Damstra moved a substitute motion as follows:

Resolved, that Seventh street be paved in accordance with the plans, specifications, and estimate of cost for same heretofore submitted and provisionally adopted.

Said substitute resolution did not prevail by ayes and nays as follows: Ayes Alds. Vandenberg, Kammeraad, Damstra Dykstra Brive, S; nays—Alds. Blue, Prins, Leoppe, Brinkman, Lawrence, Wiersma and Vander Hill, 7.

The question then recurring on the original resolution.

Said resolution prevailed all voting aye.

On motion of Ald. Kammeraad.

The clerk was instructed to return the several bids received for the material for the improving of Eleventh street from River to Lincoln avenues, to the respective bidders.

The mayor reported that the Willits Road Construction company objected to the \$30,000 maintenance bond required of them for the paving of Ninth street, but that they would be willing to furnish such bond in the sum of \$15,000.00.

On motion of Ald. Wiersma.

Resolved, that a maintenance bond in the sum of \$15,000 from the Willits Road Construction company for the paving of 9th street be accepted and that the Mayor and the clerk be authorized to execute same.

Carried.

Adjourned.

Richard Overweg City Clerk.

PROPOSED IMPROVEMENT OF EAST 9TH STREET AND GARRETSON STREET

Notice is hereby given that at a meeting of the Common Council of the City of Holland held Monday, June 20, 1921, the following resolutions were adopted:

Resolved, That Ninth street between the west line of Lincoln Avenue and the east line of Garretson street be improved and paved with a two inch asphalt wearing course on a six inch graded or stone foundation, and that such paving and improvement shall include the construction of the necessary curbing, gutters, manholes, catch basins and approaches in said portion of said streets said improvement being considered a necessary public improvement; that such paving be done in accordance with the plans, diagrams and profile of the work prepared by the City Engineer and now on file in the office of the City Clerk; that the cost and expense of constructing such pavement, with the necessary curbing, gutters, cross-walks, manholes, catch basins, and approaches as aforesaid be paid partly from the General Street Fund of the city, and partly by special assessment upon the lands, lots and premises abutting upon that part of Ninth street between the west line of Lincoln Avenue and the east line of Garretson street and Garretson street from the north line of Ninth street to the south line of Eighth street as follows:

Total estimated cost of paving and improvement including cost of surveys, plans, assessment and cost of construction, \$11,508.92; that the entire amount of \$11,508.92 be defrayed by special assessment upon the lots and lands or parts of lots and lands abutting upon said part of Ninth street and Garretson street according to the provisions of the city charter; provided, however, that the cost of improving the street intersections where said part of Ninth street intersects other streets be paid from the General Street Fund of the city; that the lands, lots and premises upon which said special assessment shall be levied shall include all the lands, lots and premises abutting on said part of said streets in the city of Holland; also the street intersections where said part of Ninth street intersects other streets; all of which lots, lands and premises as herein set forth, to be designated and declared to constitute a special assessment district to defray that part of the cost of paving and improving part of Ninth street and of Garretson street in the manner hereinbefore set forth, said district to be known and designated as the "East Ninth Street and Garretson Street Paving Special Assessment District," in the City of Holland.

Resolved, that the profile, diagram, plans, and estimate of cost of the paving and otherwise improving of Ninth street from the west line of Lincoln Avenue to the east line of Garretson street and Garretson street from the north line of Ninth street to the south line of Eighth street be described in the office of the clerk for public examination.

That the clerk be instructed to give notice thereof of the proposed improvement and of the district to be assessed therefor, by publishing notice of the same for two weeks and that Friday the 8th day of July, A. D. 1921 at 7:30 o'clock p. m. he and is hereby determined as the time when the council will meet at the council room to consider any suggestions or objections that

may be made to said assessment district, improvement, diagram, etc.

Richard Overweg, City Clerk.

Dated, Holland, Mich. June 21, 1921.

# Strand Theater

TODAY

Louise Lovely in "While the Devil Laughs"—a drama of white youth mired by criminal environment. Charley Chaplin Comedy "The Count."

FRIDAY, JULY 8th

Dorothy Dalton in "The Dark Road." The story of a voluptuous London Beauty who believed herself to be a reincarnation. Comedy.

SATURDAY, JULY 9th

Owen Moore in "The Chicken in the Case"—Friendship is all very well in its way, but when it comes to borrowing a man's wife—not so good. A comedy drama that is guaranteed to bring laughs from start to finish.

Monday and Tuesday, July 11-12

Mae Marsh in "Nobody's Kid". Tragedy and comedy are so nearly allied in this story that Miss Marsh has full opportunity to display her unusual talents for portraying whimsical, lovable roles and there is just enough romance to add piquancy to the production. Comedy.

Wednesday, July 13

Laine Hammerstein in "The Miracle of Manhattan." Like a gilded butterfly Evelyn Whitney was beautiful—but not real, until one night she came in contact with life then transpired "The Miracle of Manhattan." Comedy.

Thursday, July 14

Harold Goodwin in "Oliver Twist"—from the celebrated story by Charles Dickens. See Fagan, the crafty dodger, Bill Sykes, Nancy and others in this story that created a great literary and social sensation. Comedy.

Mr. and Mrs. P. Dirkse and son motored to Hudsonville to spend the Fourth with their daughter Mrs. E. Ten Brink.

That Muskegon man who has been arraigned 102 times in the last eight years on drunk and disorderly charges shakes his head sadly and says he fears the police are forming a habit.

Rev. M. Duven of Greenleaf, Minn., has accepted the call to the First Reformed church of Vriesland. He is a graduate of both local college and seminary.

The Holland Independents play the East Hastings team at Waterworks Park Saturday at 3:15.

Mr. and Mrs. William Van Hemert returned to their home in Flint today after visiting their parents, Mr. and Mrs. Vos at 12 E. 16th-st.

There will be big doings at Saugatuck for three days beginning on Saturday, July 16, including a regatta, a Venetian Night, motor boat racing and other events of a similar nature. The three day entertainment is to be put on under the joint auspices of the Big Pavilion management of Saugatuck, the Yacht Clubs of Chicago and Milwaukee.

Two hundred yachts of the Chicago and Milwaukee Yacht clubs will come to Saugatuck from Chicago and Milwaukee and will engage in a series of what are expected to be exciting races. These boats will be decorated appropriately, and substantial prizes have been hung up for the best displays.

Walter S. Zwemer of Holland was paroled from Ionia reformatory and has regained his freedom. Friends of the young man for some time past have been making efforts to secure a parole for him feeling that there were circumstances connected with his case that fully justified a parole.

When prison doors opened for Mr. Zwemer he was met at the gate by Miss Della M. Schultz of Muskegon formerly of Holland. The couple went to the prison chapel and there they were married by Rev. E. R. Meader, pastor of the M. E. church of Ionia.

It was the first marriage ever performed inside the Ionia prison walls, and it was witnessed by the clergyman, the bride's mother and Deputy Frederick Godson. Zwemer was convicted and sent to prison on complaint of Miss Schultz.

Harry Hartford of St. Louis, a "floater" stepped into the city on Tuesday and it is alleged stole a bicycle belonging to Leonard Steketee, that was standing at the curb on River avenue.

Chief Van Ry says he has the goods on Hartford, but Hartford, who comes from St. Louis, stated "I'm from Missouri, you've got to show me."
