FEDERAL MFG. CO. NEARLY READY TO BUILD

MORE THAN 1100 FOOT SIDE-
TRACK NOW UNDER CON-
STRUCTION

While the contract has not yet been let for the new Federal Manufacturing Co., building to be located just east of Holland township town house on East 8th street, work started yesterday on the 1100 foot grade and the laying of a side track to the site of the company's plant. This will be completed in ten days or two weeks.

The company has purchased 17 acres in that locality and surveyors have already staked out the dimensions for the foundation and work on the building will begin directly after the contract is let.

The building is to be 180 by 300 ft. one story, "sawtooth" roof with north exposure and will be modern in every particular.

It is expected that the plant will be ready for occupancy early in the fall and will add a substantial list of employees to the payroll.

HOLLAND GIRL WEDS IN CALIFORNIA

MISS JENNIE ROEST, FORMER
TEACHER, MARRIES AT LONG
BEACH

The many friends of Miss Jennie Alette Roest, will be interested in this article clipped from the Long Beach Telegraph, Long Beach, Calif.

Miss Roest is a graduate from our local high school and for some years was on the teaching staff.

She is the oldest daughter of Mrs. Clara P. Roest, who lived for years on West 9th street and the niece of the Misses Hannah and Minnie Roest still living in the old homestead on West 9th street near River.

The late John Roest who in the earlier days was one of Holland's leading citizens, our harbor builder, and prominent in political life was her grandfather.

The California paper gives the following interesting item:

"Mr. and Mrs. Henry Conde Upton are spending their honeymoon at Coronado and will return to Long Beach for a few days before going on to their new home in Omaha, Neb.

"The wedding ceremony took place Saturday evening at the home of Mrs. S. C. O. Upton, mother of the groom, 2535 East Ocean boulevard. The impressive ring ceremony was performed by the Rev. Henry C. Buell.

Miss Elizabeth Van Etten played the Bridal Chorus from Lohengrin, preceding the ceremony, following with the Mendelssohn Wedding March.

The bride wore an exquisite gown of gray satin with trimmings of pink roses and silver. She carried a shower bouquet of cecill brunner roses, lilies of the valley and maiden hair fern. A necklace of pearls, the gift of the groom added an attractive touch.

"Following a short reception, a wedding supper was served. Fifty guests, immediate relatives of the bride and groom, were present.

Among the many beautiful gifts received were several from the principal and teachers of the junior high school of Ogden, where Mrs. Upton (Jennie Alette Roest, has been a popular member of the faculty. She is the daughter of Mrs. Clara P. Roest.

"Since the close of the school year Mrs. Upton has been a guest at the homes of her sisters, Mrs. Fred Kennett, Los Angeles; Mrs. Claud Wood of Huntington Park, and her brother John Roest of Monterey Park."

OTTAWA CO. WEATHER MEN ARE AS CHANGE- ABLE AS THE WEATHER

Observer E. W. Torrence who came here the 13th of May after coming from Wagonwheel, somewhere out West, now will go to Denver.

The first weather man died last February, and he was succeeded by G. S. Kennedy of Florida.

Torrence succeeded Kennedy and now Martin Keiter is to succeed Mr. Torrence.

Who will succeed Keiter within a month or two is hard to state, but we hope it's a man from Medicine Hat, clear up in Canada, where the weather is said to be made.

HOLLAND TOURISTS STRIKE BAD WEATHER IN EUROPE

While the United States is sweetening in the heat, the Holland tourists, namely Mrs. Martha D. Kollen and children, Mrs. C. J. Lokker, and Miss Lida Rogers, now in Europe must be wearing heavy wraps and thinking of the "Southland" in Michigan.

Dispatches say that Italy is having snow and ice while France is having frost, and listen to the following cable from England:

"Brittishers have given up hope of having any summer this year. Mid-June finds the whole of England experiencing intermittent frost, rain storms, biting winds and disagreeable fogs. The almost absence of sunshine has blighted many crops, and the farmers are in despair.

The present month is described as the coldest June within memory. The merchants, dressmakers, and milliners who laid in large stocks of light summer goods are facing bankruptcy, while the straw hat and soda fountain business have collapsed. Hot Scotch and the cup that cheers are still the favorite drinks in Britain.

"At the Ascot races this week the fashionable women's gowns were hidden under wrappings of steamer rugs and furs, while the men wore arctic ulsters and mufflers.

Hotel keepers who had only sufficient coal for the winter season are now finding it hard to keep the guests warm, and have been forced to resort to electric heaters because of the fuel shortage."

FOR SALE—Must be sold at once. One team bay horses, full brothers, weight 2800, 4 and 5 yrs. old, sound and true. Price \$350. One top buggy good as new \$50. G. H. Koolker, Fennville, Mich.

FULLY 1200 ATTEND SHOEMAKERS PICNIC AT JENISON PARK

MANY ARE THE LUCKY ONES
WHO GET BEAUTIFUL
PRIZES

John Wins a Nice Suit of Clothes;
Josie Get a Fine Traveling
Bag

Last Saturday, June 30th, the Shoemakers and their families held their annual picnic at Jenison Park. Again this year, as usual, they were lucky in picking a day on which the weather man furnished ideal weather for the occasion. Fully 1200 availed themselves of the opportunity to enjoy a day of recreation and amusement at this spot on Macatawa bay which is second to none for holding picnics of this kind. The crowd was well entertained for two hours in the forenoon by a fine program of sports. Directly after dinner the drawing contests took place. John Hoogstraate won the men's suit of clothes and Josie Hoogstraate held the lucky number that won the lady's traveling bag. For the boys under 14 Donald De Kraker won the suit of clothes and Henry Gebben a pair of shoes. And for girls under 14, Wilma Gebben drew the coat and Ruth Riksen a pair of shoes. At two o'clock the youngsters journeyed to the fish pond where 230 prizes were given away. These consisted of toys and other articles, that are dear to the hearts of the little ones. The refreshments stands were kept busy during the entire day redeeming tickets for peanuts cracker-jack and frost lites. And the familiar sounds of the merry go round in action was evidence that this amusement is just as popular as ever with the little folks. In the volley ball tournament the team from Bottoming Department copped the prize by winning four straight games. The complete program of sports and winners follows:

PROGRAM OF SPORTS

1. Boys under 12 years. Candle race. 1st Prize, 1 pair Shoe 2nd Prize, \$1.25 Ball

Winners—1st Edward Flanagan 2nd Francis Palmer

2. Peanut scramble. Girls under 12. 1st Prize, \$2.00; 2nd Prize \$1.00

Winners—1st Annabelle Arnold 2nd Elma Plakke

3. Lady-employees 100 yard dash. 1st Prize, Elec. Curling Iron; 2nd Prize, Ivory Comb.

Winners—1st Nella De Bree 2nd Theresa Bloomers

4. Sack race for men—50 yards. 1st Prize, Silk Shirt; 2nd Prize, Qt. Thermos Bottle

Winners—1st Peter Unema 2nd Jerald Schuurman

5. Three Legged Race for Boys under 18. Prize—Flash Lights.

Winners—1st Edward Nyland 2nd Gerrit Kienstra

6. Water carrying Race for Girls under 16 years. 1st Prize, Kodak; 2nd Prize, Compact Case

Winners—1st Maggie Van der Wege 2nd Mildred Flanagan

7. 100 Yards Dash for Foremen. Prize Silk Shirt

Winner—Ed Munson

8. Running Broad Jump for Men. 1st Prize, Fish Pole and Reel; 2nd prize Minnow Pail

Winners—1st John Stevens 2nd Fred Bocks

9. Nail Driving Contest—Married Ladies. 1st Prize, Aluminum Double Boiler; 2nd Prize Pyrex Cake Dish

Winners—1st Mrs. Westdorp 2nd Mrs. C. Plakke

10. Balloon Blowing Contest—Ladies' Free for All. 1st Prize, Silk Umbrella. 2nd Prize, Bottle Perfume

Winners—1st Ella Bohls 2nd Florence Van Ewaarden

11. Pillow fight for Men. Prize, Bathing Suit

Winners—1st John Ter Beek 2nd William Bekuis

12. Tug of War—10 Men on Team—N. & S. Wings—Capt. J. Van Braght E. & W. "A. Borgman

Prize—\$22.00

Won by East and West Wings A. Borgman, Capt.

13. 100 yard dash for Girls, 15-18 yrs. 1st Prize Silk Hose; 2nd Prize Eversharp Pencil

Winners—1st Jeanette Hoekstra 2nd Catherine Meengs

14. 100 Yard dash for Boys, 12-15 yrs. 1st Prize \$2.00; 2nd Prize \$1.00.

Winners—1st Tommy Parker 2nd Benj. Smeenge

15. Ball throwing Contest for Girl employees. 1st Prize, Fountain Pen; 2nd Prize, Eversharp Pencil

Winners—1st Henrietta Brunson 2nd Dora Kraai

16. Archer Contest for Boys 14 and under. Prize, Archery Set

Won by Peter Kalkman

17. Rope Skipping Contest for Girls, 15 and under. 1st Prize, Brownie No. 2, 2nd Prize, Toilet Water.

Winners—1st Louise Van Slooten 2nd Dorothy Dalman

18. Lemon Race for Girl employees, 3 lemons apiece on a teaspoon. 1st Prize, Ivory Mirror; 2nd Prize, Hair and Powder Containers.

Winners—Georgeanna De Witt 2nd Ruth Juber

19. Pillow fight for boys under 13. 1st Prize, Catchers Mitt. 2nd Prize League Ball.

Winners—1st Albert Kuyers 2nd Herman Knoll

Drawing Contest for Ladies—Traveling Bag

Won by Josie Boonstra

" " " Men—Suit of Clothes

Won by J. Hoogstraate

" " " Boys under 14—

1st—Suit of Clothes

Won by D. DeKraker

2nd—Pair of Shoes

Won by H. Gebben

" " " Girls under 14—

1st—Coat

Won by Wilma Gebben

2nd—Pair of Shoes

Won by Ruth Riksen

Fish Pond 2:00 P. M., Boys and Girls under 8

2:30 P. M., Volley Ball Tournament—8 men teams. Prize \$8.00.

Won by Bottoming Dept.

BABY THROWN FROM AUTO ONTO PAVEMENT

BAD WRECK AT 17TH STREET
AND FINE AVENUE MONDAY
NIGHT

At 5:30 last night two cars came together at the Pine avenue and 17th St. intersection.

Carl M. Ebest and wife and baby and V. M. Leth and wife from Chicago were "bowling" along the pike intent upon a trip to the northern resorts on the 4th of July.

They were going east on 17th St., when John De Haan of Holland, driving a Star Sedan run across the path of the Chicago car on Pine avenue.

When Ebest who was at the wheel, saw that he was bound to have a collision he jammed on the brakes. Notwithstanding this fact, he slid 19 feet, threw the Star sedan clear of the pavement onto the curbing and made a sorry mess the Star.

Wheels were broken, sides were stove in, most of the glass was demolished, however the driver, John De Haan crawled out of the overturned car unhurt.

The big car which is a Durant Sport model, driven by the Chicago parties was also severely damaged about the radiator, front fenders and from wheels.

The impact was so severe that the baby in the arms of Mrs. Ebest was thrown from the car onto the pavement, but according to Dr. Brower living at the corner and who was hastily summoned, he found no bones broken, but naturally the child of a year old was severely shocked.

At least 500 people crowded about the two wrecks, a few minutes after the collision and Chief Van Ry detailed officers to the spot immediately to straighten matters out and to clear this well traveled pike road, in order that there might be no congestion of automobiles at that point.

The Chicago man claims that he was going only 15 miles an hour in conformity with the city ordinance.

GRAND HAVEN TO BE OBJECTIVE OF EXCURSION

Grand Haven Tribune—The Graham & Morton Co's steamer "City of Grand Rapids" will bring an excursion from Holland to Grand Haven on July 4. The steamer will leave Holland at 1 o'clock in the afternoon giving the excursionists time to visit the State park and attend the big beach fair which is being conducted this week by the Grand Haven Lodge No. 1200 B. P. O. Elks.

The company is making an exceedingly low rate for the trip, 50c for the round trip. The company's prize steamer, "City of Grand Rapids" will make the run, and Grand Haven people who wish to make the return trip on her may do so. It is expected that a least 1000 excursionists will come if the weather is fine.

The "City of Grand Rapids" is in command of Capt. M. F. Morgan, a well known mariner, who commanded the old steamer Pontenac when she ran into Grand Haven a number of years ago. Jack Golden of this city is First Assistant engineer of the steamer.

The "City of Grand Rapids" will leave the Holland dock for Grand Haven on July 4 at 1 o'clock P. M.

DIED OF HEART DISEASE WHILE FISHING FROM A ROWBOAT

Frank Meyers, aged 65, 425 North 7th street, Grand Haven, died of heart failure while fishing from a rowboat in Grand Haven Sunday.

Mr. Meyers fell forward into the water but Gerald and Robert Dykhouse who were in the boat at the time rowed ashore and with the help of Lawrence Miller who was nearby, Mr. Meyers was taken from the water.

Police were called and responded with the pulmotor as it was first reported that the man had been drowned but upon arrival it was seen that the lungs were clear of water and death had been instantaneous due to heart failure. Coroner Boer was then called to take charge of the body.

LETTER CARRIERS GIVEN SATURDAY HALF HOLIDAY

Grand Rapids letter carriers now are enjoying a half holiday on Saturday. Following a test day last Saturday, when only one delivery was made, Charles E. Hogadone, postmaster, announced that during the remainder of the summer months the carriers will continue to have the half holiday.

A canvass of postoffice patrons was recently conducted by the carriers to determine what the public's sentiment was. Out of more than 30000 ballots only 80 bore the negative mark.

The boulevard light standards are again being repainted a battleship gray.

Miss Gertrude Holkeboer, a student at Moody Bible Institute, Chicago, and Henry Holkeboer also of Chicago are spending a few days with their mother, Mrs. D. Holkeboer, 37 East 15th street.

Don't light a match in an automobile! A few days ago an auto load of young chaps at Grand Haven, filling a Ford sedan at the station of Ed Smith, proceeded to "flash" out a dollar and a quarter between them to pay for the five gallons of gas. One of the boys dropped a quarter, another lighted a match to find it and puff! The fumes in the car exploded. The boys made a hasty exit, and but for the presence of mind of Ed Smith the car would have been consumed in the street. He ran into the station, grabbed a fire extinguisher, checked the flames and with the aid of the fire department the car was saved although slightly damaged.

The steamer "City of Grand Rapids" will leave Holland dock on the Fourth of July at 1 o'clock P. M. 50c round trip on this excursion.

TENA HOLKEBOER EXPLORES UNKNOWN REGIONS OF CHINA

Was Second White Woman to Enter
So Far Inland

In Letter Tells of Unusually Inter-
esting Trip to An-khoe
Mountains

About the most interesting communication that has come to the notice of this paper for some time is one from Miss Tena Holkeboer, a graduate from Hope College and whose mother, Mrs. D. Holkeboer, lives at 54 East 15th street.

It will be remembered that almost three years ago Miss Holkeboer, together with Miss Jean Niephts, also of this city, sailed for the orient and has been doing remarkable work in the Tong-an district, and her letter describes most vividly an extended trip inland, which is not made by automobile, horses, or even rickshaw, but the travelers are carried in sedan chairs up the mountain side.

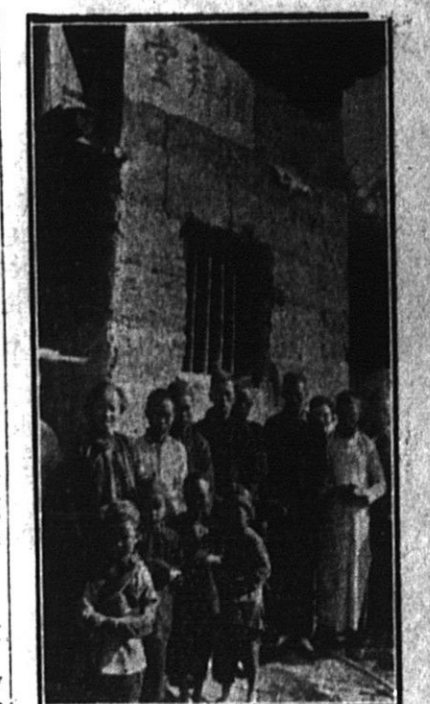

Miss Holkeboer, one of the party, is accompanied by Miss Nellie Zwemer, sister of Dr. Samuel Zwemer, also a noted missionary, and who is a member of the famous Zwemer missionary family.

Miss Holkeboer has a most pleasing way of presenting the details of her work, and especially this trip, in writing, and we take this occasion to give this most interesting and delightful letter to our readers, which follows in detail below:

A Week in the An-Khoe Mountains

In the Tong-an district there is a very mountainous section in which we have seven chapels. As the nearest of these is 20 miles from the station, and the journey is over two ranges of mountains, we only get to these chapels once a year, i. e., the women do—the men usually get there at least two or three times. As it is impossible for us to foot this distance the only other means of travel is the sedan chair. As I am very tall and not exactly thin, I am quite a load for the chair-bearers, and so I walk about a third of the way, especially on the steep climbs, as I am too much for the men. This 20-mile journey takes a whole day, and we had to make an early start at that. On a long trip like that the men must take quite a little time off for resting along the way, and the steep ascent must be taken very slowly—hence so much time taken for such a short distance.

It was a beautiful day—bright and clear. After about 5 miles riding the real climbing began—and up and hundreds of cobble-stone steps until finally we got to the top of the first peak. From then on all through the day the views were simply grand. Mountains, mountains, range upon range, on every side, with here and there lovely green valleys with per-

Here you have the farthest chapel of which I wrote. The (x) shows the window of the little "upper room" where I spent the night. The Chinese characters shown are those for church (le-pai-ting). The boy in the long garment conducts the services on Sundays—can only read and pray—is not a preacher. Notice the cards the children are holding. See that darling little girl with the baby on her back.

happas a stream running through them, hundreds of feet below us. The mountain sides were covered with trees and shrubbery arrayed in all the shades of green imaginable, from the dark, gloomy green of the staid old pines to the bright, fresh light green of the newly-sprouted locust trees. Some of the mountain slopes were fairly covered with azalias, a bright red flower, also growing wild in parts of U. S. A. These were interspersed with lovely white roses, very similar to the pink wild rose we know at home. Can you imagine what a treat it was to get away from all the cares and troubles of school work and just revel this way in the beauties of nature? Of course, having a companion to share it with made it just so much more enjoyable. It filled us with mingled awe and adoration and gratitude to the Creator of all for His wonderful, beautiful world.

When we finally got to the top of the second range of mountains we were able, with the help of my field glasses, to get a glimpse of our destination in the distance, and after an-

22 W. 7th St. With IXL Mach. Shop. Holland, Mich.

Rev. James M. Martin is driving a new Dodge sedan purchased from the Venhuizen Auto Co.

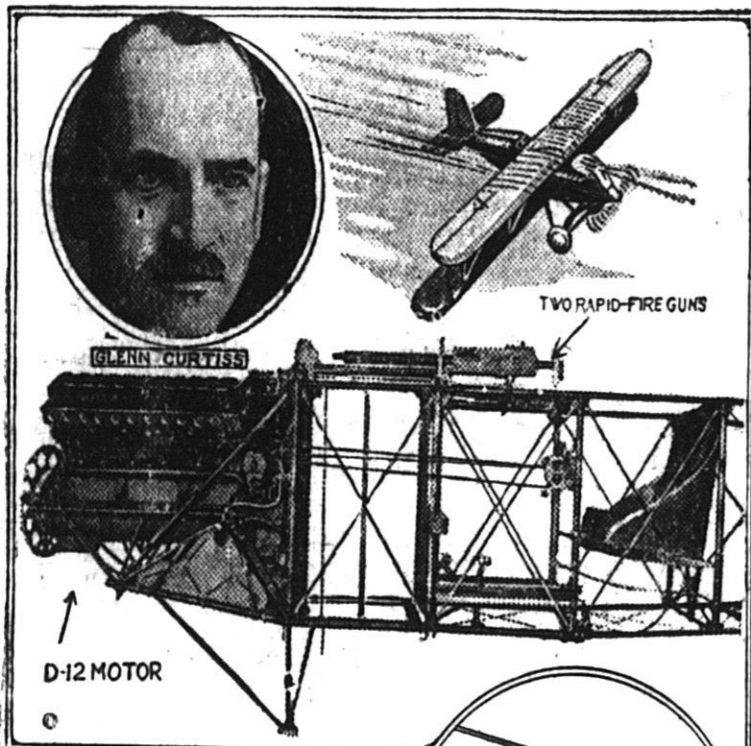

F. C. Hall, former secretary of the Holland-St. Louis Sugar Co., now living in Grand Rapids, was looking up friends in Holland Friday.

The Michigan Railway is giving excursion rates over their entire line all over the state. On the 3rd, 4th, and 5th all the fares will be at the rate of one and a third fare, returning on the 5th of July. The Holland Inter-urban will make special excursion

rates between Holland and Grand Rapids all day July 4th at 85 cents the round trip and 45 cents for children under 12 years. Sounds like old times.

A baseball game was played here with the Holland Shoes last Saturday. The score was 9 to 0 in Hamilton's favor when the two teams got into an argument that ended in a quarrel. Holland left without finishing the game.

Fastest Pursuit Plane in World Gives America War Mastery of Sky

Skeleton View of New Curtiss Pursuit Plane, Showing Metal Construction.

The test performance of a new Curtiss Pursuit Plane has caused a sensation in the Army and Navy services. Ever since the Pulitzer Race at Detroit, in which a new all-American motor finished in the first four places, it has been expected that military planes of a super-type would make their appearance at almost any time. The actual performance of the first pursuit ship of a series surpasses expectation.

In many respects, this aeroplane is a departure from precedent. It uses the same Curtiss motor used in the racing ships at Detroit. It is equipped with wing radiators, the most radical advance in the art of cooling a motor since 1917, and which reduces the resistance of the air almost to zero. These features were expected. The construction, however, is said to possess, also, a new feature, in that the entire machine can be stored for a period of twenty years, if necessary,

Engine Water Is Cooled by Wing Radiation—Diagram Indicates How Water Is Pumped Through Tiny Grooves in Wing Surface.

and taken out of storage, ready to assemble and fly on twenty-four hours' notice.

This machine is also stated to be the first real fighting ship of all-American construction and design. While tests are not completed, expert opinion is that it is not only the fastest, but also the most powerful fighting ship in existence in any nation today.

FIRST FUNCTION IN NEW TEMPLE IS A BRILLIANT AFFAIR

The local Masonic lodge members again proved themselves master entertainers at a dance given at their temple Friday evening. Barbin's orchestra, playing at Saugatuck during the summer months, furnished the music, through the courteous arrangement of Mr. Weed, manager of the Pavilion. The ball room was elaborately decorated with flags and pennants. An enthusiastic crowd helped make the evening a success.

In addition to dancing, Prince Sad-hoo and Princess Isis of India, in Hindu costumes, presented an act of mind reading. The prince and princess proved themselves very adept in reading minds and in telling many things of interest. The prince has 16 different methods of character reading, having been instructed by his father in India. He also has one scientific method of his own along the same line, and will demonstrate these at the pavilion at Saugatuck this week in his booth without charge.

Both the prince and princess are masters of the English language, having studied the language two years in this country, before going on a tour of the United States.

Mr. Harvey Maxwell of the Regent Stock Co., of Kalamazoo, and for the last two years with the Grant Hawkins players of Muskegon, very peeringly sang "Pal of Mine," and "I Love Your Eyes." Mr. Maxwell is a much sought for entertainer and it was only thru some difficulty that he was secured for the evening. During the intermission an elaborate lunch was served, the dainties having been prepared by the ladies of Star of Bethlehem Chapter, O. E. S.

The program given Friday is just the beginning of a series of entertainments planned by the local Masonic Order. On August 4th they will hold dedication exercises for the new temple. This affair promises to be one of the most brilliant functions ever put on in Holland.

A. T. Powell

Through his many years of association with young people, A. T. Powell of Missouri is well fitted to bring to the younger generation in our Chautauqua communities, an inspirational address that will long be remembered by those who hear him. His lecture, entitled "THE CALL OF THE WILD," which he illuminates by illustrations from Jack London's famous story by the same title, is an address which every boy and girl, young or old, should hear. While this lecture is directed principally to the younger people, it is of broad enough application so that everyone will benefit from the inspiration it brings, and is the type of lecture that makes the individual feel that life is more worth living.

ESTHER BURTON BECOMES BRIDE OF PETER MICHAELY

A pretty wedding took place Thursday evening at the home of Mrs. Ida Burton when her daughter Esther was united in marriage to Mr. Peter Michaeley of this city.

Among palms and roses the ceremony was performed, the bride being beautifully gowned in grey silk crepe, trimmed with lace and carrying a bridal bouquet of roses and carnations.

Miss Evelyn Burgh and Mr. Russell Burton sang "I Love You Truly." The bridal March was played by Miss Evelyn Burgh.

The happy couple are now on their wedding trip and will be at home to their friends after August 1.

Professor M. H. Jackson

Professor M. H. Jackson of Wisconsin has a happy way of talking to his audiences without seeming to preach or exhort that the people like; they seem to feel that he is one of their own number, skillfully leading them in the discussion of a few of our economic and social problems. With the aid of a keen sense of humor he enlivens his discourses with apt illustrations drawn mainly from his European travels, with the result that they are both popular and instructive. He is the type of lecturer that you wish would come again.

OLIVE TOWNSHIP DIVIDED INTO TWO UNITS

At a special session of the board of supervisors held Saturday morning it was decided to split Olive township in two, the west half to be called "Port Sheldon township" and the east half to remain "Olive Township." This matter came up at the spring session of the board last March, but it was postponed until the June session.

There was quite a large delegation present at the session Saturday morning for and against the proposed division. However the same question prevailed that was dominant when Holland township was cut in two, and the west half was called Park. The resort interests felt that they did not have so much in common with the east end of the township and for that reason it was decided to split the township and call the west half Park.

Port Sheldon is also becoming quite a summer resort and many of these interest feel that they will be better represented by officers in a separate township, who are more vitally interested in that part of the township embracing the Port Sheldon territory.

The division of the township has all been surveyed by the County Engineer, Carl T. Bowen and cuts Olive township in twain. Continuing north from the township line between Park township and Holland township the new township line will create a junction with the township line between Grand Haven and Robinson at its northern extremity. There was only one vote against the division; that vote was cast by Supervisor Vinke-mulder of Olive township.

FRIDAY PITCHERS' BATTLE IS LOST BY INDEPENDENTS

In a beautiful pitchers' battle, Winters vs. Dahlstrom, Dahlstrom lost a heart-breaker Friday afternoon 1 to 0, because the locals didn't have the breaks and punch to push over a few runs even in the fifth with nobody out the sacks loaded and better still the four most dangerous men to bat, namely Hoover, Woldring, Japenga and Batema, three of these four being put out by flies not even long enough for a runner to score from third. Battle Creek tallied their one run in the sixth. Van Dorn, first up hit, sacrificed to second by Coxey Smith and came in on a pretty triple by Radtke, who was the demon with the sticks Friday getting three hits out of four attempts.

Holland threatened several times in the first, third, fourth, fifth and 8th, had men on as far as second and third but could not send them over.

Summary—3 base hit—Radtke; 2 base hit—Japenga; double play—Japenga to G. Batema; bases on balls—Winters 2; Dahlstrom 3; strikeouts—Winters 4; Mc Millan 1; Dahlstrom 3. Time—1:50. Umpire—Toney.

Real good game today. Hamill will pitch for the locals this afternoon.

The chautauqua company have just put their pennants across the principal streets of Holland, a sort of a fore-runner announcing their coming on July 9th.

INSURANCE RATES MAY BE CUT 10 PER CENT IN MICHIGAN

According to Fred A. Grimes, special writer for the Grand Rapids Press at Lansing, the welcome news comes that a cut is to be made in the state fire insurance rates of ten per cent. The rate will be effective beginning Sept. 1. The insurance buying public spends in excess of \$23,000,000 a year in premiums in Michigan and the 10% cut would save them at the least two and a half million each year.

The action of the inspection bureau is a complete victory for the state insurance department, which more than a year ago opened war on the inspection bureau because it was contended a discrimination was being made in the rates charged against various classes of risks.

Following the formal filing of the charges, hearings were held before the state anti-discrimination board, and the bureau was finally found guilty as charged, and was ordered to make its rates in certain instances conform to the orders of the insurance department.

UNCLE SAM AGAIN TO DEMAND RECEIPTS FOR SPECIAL DELIVERY MAIL

Holland recipients of special delivery mail must in future sign receipts for letters and packages when they receive them from the messengers.

This order will become effective on July 1. Until two years ago receipts were demanded by messengers. Then the practice was discontinued. Now the postal department believes the former system vastly superior, hence the return to it.

Under the receipt system, the handling of the mail is slower, in that each letter or package must be recorded on the receipt before it leaves the office and that messengers often are required to wait considerable lengths of time while recipients are signing their names.

WINCONSIN MOVES TO SAVE ITS BUCK DEER

Madison, Wis., June 28—The one-buck law is doomed in Wisconsin.

The senate sent to a third reading a bill by the assembly on fish and game repealing the laws which limit killing of deer to males.

The bill which has the approval of both houses provides that there shall be a deer hunting season in even numbered years only, but that each hunter may kill one deer of either sex.

Hunters claim that deer breeding is being hampered in the state because of a great preponderance of females, with some sections nearly mil-

NUTRITION TALKS REACH CHILDREN

Nearly 50,000 children were reached during the school year just closed by the series of nutrition talks sent to the school teachers of the state by the Home Economics extension department of the Michigan Agricultural college.

Teachers reports indicate that the effort was so successful that a second year's work is being prepared and will be available in schools using the first year course this year.

Approximately 1,774 schools used the nutrition course from the first. Of the 47,000 school children reached, 32,065 used at least two glasses of milk daily during the same period of one month. More than 35,000 used fruits daily during the month.

CO-OP BOARD MEMBERS

HOLD SOCIAL MEETING

The board of directors of the Holland Co-operative association with their wives met at the home of Mr. and Mrs. Maurice Luidens of Crisp on Thursday evening. The usual monthly business was transacted and the report of the business transacted during the previous six months is very encouraging.

The Rev. Van Vliet is expected to preach his inaugural sermon at South Olive church on Sunday, July 8th.

Saugatuck authorities have received word that a Lizzie had collided with another car between Holland and that town and that the parties who owned the Ford came to Saugatuck for help. However when they arrived at the place where accident had occurred not a vestige of the Lizzie remained. Some one must have picked her up bodily and carted her to parts unknown. No clue to the Ford's whereabouts has been secured up to this time.

COLLECTION

TAXES

To the Tax Payers of the City of Holland:

NOTICE IS HEREBY GIVEN—

That the City Tax Rolls of the several wards of the City of Holland have been delivered to me for the Collection of Taxes therein levied, and that said taxes can be paid to me, at my office in the City Hall, Cor. River Ave. and 11th St., at any time before the

15th Day of August Next

without any charge for collection, but that four per cent collection fee will be charged and collected upon all taxes paid between the sixteenth day of August and the first day of September next.

All taxes not paid on or before the first day of September, shall be re-assessed upon the General Tax Roll for payment and collection. On all such there shall be added for interest the sum of four per cent to cover from September 1st to January 1st next thereafter, and a collection fee of four per cent.

I shall be at my office on every week day from the first Monday in July to and including the 15th day of August, between the hours of 8:00 a. m. and 5:30 p. m. And on the 16th day of July and 15th day of August, between the hours of 8:30 a. m. and 9:30 p. m. to receive payment of such taxes as are offered me.

Dated Holland, Mich., July 2, A. D., 1923

M. B. BOWMASTER, City Treasurer

The Easy Way to Own a

Ford

ONE-TON TRUCK

Here is a chance for you to get started toward greater profits—or to build up a business of your own—and it costs only \$5 to make the start.

Everywhere, Ford One-ton Trucks and Light Delivery Cars are saving more than this every year for their users. So, as soon as your truck starts running it will quickly take care of the purchase price and add new profits as well.

It will widen the area in which you can do business, enlarge the number of customers you can serve—and keep your delivery costs down to the lowest point.

Start now toward the ownership of a Ford Truck or Light Delivery Car—use the

Ford Weekly Purchase Plan

\$5.00
Enrolls You

Under the terms of this Plan, we deposit this money in a local bank at interest. Each week you add a little more—this also draws interest. And in a short time the truck is yours to use. Come in and let us give you full particulars.

WIFE FINDS "HUBBY" WHO WANDERED AWAY TO THE WEST

Two misplaced bones in the spine occasioned the lapse of memory that twice caused Charles E. Carson, 35, mysteriously to desert his wife and four children on their farm in Ottawa county, near Conklin, and wander aimlessly in the west.

This was asserted by friends of the family yesterday when they learned that Mrs. Carson's search for her lost husband had proved successful. She found him in Canton, Mont.

Carson first vanished on Aug. 29, 1922, while in Grand Rapids to consult a chiropractor. For seven months his family did not hear from him and gave him up for dead. Then in May they received a letter, dated from Helena, Mont., in which he reported that he had regained his memory and intended to make his way back home.

At the time Carson was penniless. He could not remember where he had been or why he had left home. His friends believed he had not completely recovered his memory, because in many places the letter was strangely worded.

About three weeks ago Mrs. Carson learned because she had received no further word from her husband went to Green Bay, Wis., to consult a brother, Archie Carson. Finally she decided to go west herself and make a personal search for the farmer. She found him in Canton, working on a ranch.

Mrs. Carson's telegram did not give the details of her search. Addressed to the mother, Mrs. William Marsh, who resides on the farm near Conklin, it said simply "Have found Charlie. Will be home soon. Julia."

By a strange coincidence Mrs. Marsh received almost simultaneously a long letter from her son-in-law, in which he reported that he had completely regained his memory. This letter, addressed to Mrs. Carson, apparently was sent about the time she started west, although of course she did not know that it had been mailed.

Carson's letter said that after he started back home in May his memory apparently gave way again. He was taken to a sanitarium and the doctors after an examination have adjusted two misplaced bones in the spine.

BENTON HARBOR EXCURSION IS ALL OFF NOW

Because of some unforeseen change in the schedule of the Chicago boats which compels the Graham & Morton company to take care of the Holland resort passengers properly it was necessary for the company to cancel the Benton Harbor excursion and to substitute Grand Haven as a city to which the excursion is to be run.

While the price to Benton Harbor would have been \$1 the round trip, the price to Grand Haven is to be only 50 cents or one-half the price, and children from 5 to 12 can go for 25c. A trip to Grand Haven is especially desirable. First because the excursionists can visit the big state oval park, and second, because a big beach fair is going full blast on the shores of Lake Michigan at Highland Park, Grand Haven.

The large steamer "City of Grand Rapids" will take the excursionists up and back, leaving the Holland dock at 1 P. M. fast time, arriving at Grand Haven at 3 P. M. and leaving Grand Haven at 5 P. M. and arriving at Holland at 7 P. M.

The Graham & Morton company will see to it that the passengers receive every comfort on the large boat and the trip will surely be an ideal one.

FAREWELLS GIVEN FOR PASTOR AT EAST SAUGATUCK

Two receptions were given for Rev. and Mrs. John H. Geerlings of East Saugatuck by the people of the Christian Reformed church there this past week. Rev. and Mrs. Geerlings are to leave for Rock Valley, Iowa, soon to make their home there. Tuesday evening the Sunday school and teachers gave a farewell reception at the home of Mr. and Mrs. J. Lubbers. Henry Hindrick, superintendent of the Sunday school was in charge of the program. The pastor and his wife were presented with an electric percolator. Miss Mary Lubbers making the presentation speech and Rev. Geerlings making the response.

Wednesday night 155 young people gave a farewell reception at the church. A program was given and Rev. and Mrs. Geerlings were presented with an International Dictionary and stand. Rev. Geerlings will preach his farewell sermon Sunday afternoon and will leave for Iowa after a two weeks' vacation. He has been in East Saugatuck for four years.

TWENTY-THREE BIDDERS ON OTTAWA COUNTY ROADS

Twenty-three bidders were on hand at Grand Haven when the Ottawa County Road Commissioners met to open the bid on five miles of road. A part of it in Muskegon county on the West Michigan pike which the supervisors of the Ottawa county road commission together with a stretch adjoining in Ottawa county will make the cement highway between Muskegon and Holland complete.

The following were the lowest bidders on the different stretches of the road:

On the two miles of Trunk Line 11 lying in Ottawa county, Cline & Boelens of Spring Lake who have been constructing roadway on the Alpena Beach road near Holland, were announced as the lowest bidders although the amount of their bids or the amount of the other bids was not announced at the time.

G. E. Scharl of Muskegon was the low bidder on the three miles of road construction which will be done in Muskegon county on M-11. This road is very badly needed as the macadam road at this point is in as poor shape as it has ever been.

Clark & Clark of Spring Lake were low bidders on the construction of a bridge over Crocker Creek on M-16, and Peter Brill of Zeeland was low bidder on the Black Creek bridge to be built at Vriesland.

Marsma & Tabor of Grand Rapids were low bidders on grading work to be done near Marne. All of this work will go forward as soon as the bids are awarded and the activity of the county roads will be unusual considering the handicap under which road construction is laboring.

CONNELLY GIVES HIS VERSION OF ROAD FRACAS

William M. Connelly, Ottawa county road commissioner who has been under fire the past week at the meeting of the board of supervisors, was in Holland Friday and gave his view of the situation to persons who had been following the fracas in the board. The question of Mr. Connelly's right to two offices at the same time has been up before and in each instance the board of supervisors has stood by him and has voted to reappoint him as road commissioner.

"There was a time," said Mr. Connelly, "when I wanted to resign as road commissioner, when I was elected senator once before. The board at that time did not want to accept my resignation and so I served on both bodies. At the present time I do not want to resign, not because I am so anxious to have two offices but because I believe I am in a position to render Ottawa county a distinct service. As everybody knows, it takes some tight-rope walking to get appropriations from the state under present circumstances and because of my intimate connection with the state program I feel that I can get things for Ottawa county that another man not so connected could not get."

"I have an ambition to carry out a program for Ottawa county. I have an ideal I am working for in the completion of Ottawa's trunk line system and I am not ready to abandon this purpose because of a mere technicality. This very week while I was facing this struggle in the board of supervisors I should have been in Lansing to get service for Ottawa county. By means of long-distance negotiations I was able to get what I was after anyway and as a result another stretch of road between Zeeland and the Kent county line will be contracted for this season. While an attack was being made on me I was doing my best for the county and getting results for it."

"I do not want the two jobs for their own sake but because the two supplement each other in advancing Ottawa's road program. Both ends of the line are needed and I believe I have the opportunity to do things for Ottawa county that need to be done. Moreover, the opinion of the attorney general is that the two offices are not incompatible in fact, even though they may technically be pronounced to conflict."

CHAUTAUQUA MONEY GOES TO THE AMERICAN LEGION BAND

The Mutual-Morgan Chautauqua Company, to show at the Froebel school grounds in Holland July 9 to 13, will be of special interest to the city for more than one reason.

In the first place Holland takes to chautauquas looking forward each year to their coming.

In the second place the surplus money over and above a given amount goes for the benefit of the American Legion band, and Dr. A. Leenhouts and committee together with entire Willard G. Leenhouts Post, American Legion and its band members are getting behind the sale of seats and before the course opens there will be few in Holland who will not have been approached to buy tickets for the chautauqua.

The schedule covers five days with afternoon and evening showings each day.

The chautauqua this year will have a big feature for the youngsters and the organization of "Junior Town" will take place the first afternoon of the entertainment, July 9. The first evening will see the Misner players present the play, "It Pays to Advertise." This is heralded as one of the best comedies. It is purposely placed first on the list of entertainments in order to balance the heavier program to follow.

On July 10 in the afternoon, the "Leavers' quintet of Operatic stars will entertain with a prelude and Prof. H. M. Jackson will talk on the "Flat Tire." The same evening will be somewhat the same with a number by the quintet and an address, "Shamrock and Heather" by Prof. Jackson.

Col. Lindsey Blayner, soldier, diplomat, world traveler, and scholar, will give an address at each of the afternoon and evening programs on July 11 and the Artist Trio will support him.

On the 12th, the Landis Intercollegiate band made up of midwestern college land boys and trained by Conductor M. L. Landis, of the Ohio State University band will be the feature entertainers. A. J. Powell will talk on "The Call of the Wild" on this date in the evening.

On the final day the Junior Town Pageant and a variety program by concert entertainers will be given in the afternoon and in the evening the Elias Day players will present "Happiness." "Happiness" stands almost unique among the successes of recent years according to those who have seen it, its simple and delightful treatment of the plot and showing of idealism but seldom found in even the great masterpieces.

PECULIAR AUTO ACCIDENT TOOK PLACE AT SAUGATUCK

John Wooster, driving a Ford roadster and Ralph Rowe driving a Ford touring car, collided just outside of Saugatuck Thursday. Both cars were badly mugged up. The strange thing about the accident was the fact that Wm. Burkholder who was a passenger was dug up from underneath the wreck of the wooden car and when released it was found that the rear axle was resting on Burkholder's nose pinning him to the pavement. The parties all came from Fennville.

TEMPERANCE UNION HOLDS PICNIC

The picnic of the W. C. T. U. of Friday was largely attended and an enjoyable affair. Mrs. A. Leenhouts and daughters welcomed the Union members to their roomy cottage at Macatawa Park.

A short program had been provided by Miss Katherine Post, of a patriotic nature in keeping with the season. She gave a talk on our flag and Mrs. George Pelgrim read Franklin Lane's poem on "The Flag."

A contest on the flags of the nations and singing America were other features. The music was furnished by the W. C. T. U. chorus and Mrs. A. Visscher who rendered two selections. A beautiful lunch was served under the direction of Mrs. Smenke. Mrs. Zuidewind. There will be no meetings of the Union during July and August.

MACATAWA IS "COMING BACK" VERY QUICKLY

Macatawa Park is "coming back" as a summer resort. This does not mean that Macatawa Park has been a back number, but about five or six years ago nature dealt this resort a blow from which it has been slow to recover. Until that time the resort had one of the finest bathing beaches anywhere around here. But one fine day Lake Michigan got it in its head to destroy that beach. And it did the job with a thoroughness that was rather terrifying. It sucked away the sand and made large holes into the beach. It toppled over a mighty sea-wall that had taken a long time to build and that had cost scores of thousands of dollars. The huge cement spiles were knocked over as if they had been a child's plaything. The mighty power of the lake sucked away the sand from under the wall and the blocks fell into ruins, the lake dashing over them and continuing its work of destruction. It broke down the carefully erected walk along the lake and it threatened even the cottages built on the slopes of the hills.

It has taken years to recover, but at last the recovery is almost complete. Macatawa again has a beautiful bathing beach. The water has receded so that there is now a wide beach for the bathers all along the Park lake front, and an unusual number have taken advantage of it so far this season. The bathing business has been brisker than it has been for years so early in the season and the bath house has been in use to its capacity.

To add to the sense of recovery, the Cottagers' Association has built a board walk all along the lake front. This bids fair to become the "board walk of Western Michigan." It is wide and firm and well constructed and makes a delightful promenade for young and old. It is about three quarters of a mile in length and will be the delight of the summer visitors there this year. The walk was built by Mr. A. Nobel.

The ravages of the fire that visited Macatawa last summer are also being rapidly repaired. So far ten new cottages have been erected and it is known that several more will be built in the course of the summer and fall. As in the case of the destruction of San Francisco, when the new city that arose from the ruins was more beautiful than the old, so on a smaller scale the new cottages are invariably larger and more substantial than the old. Some very beautiful summer homes are being erected on the burnt over area and it will in time be the finest residence section of the Park.

Macatawa Park Hotel is reporting a good business for this season. Not only have the guests come as early as usual but inquiries have been coming from all parts of the country and the reservations have been brisk this season. All the indications are that July and August will be extremely busy months. Macatawa Park Hotel follows a policy of making some improvements and this year the usual decaying and improving has been done.

"Angel's Flight" will not be open this season. The proprietor of that feature is not here this season and so the place will remain closed, but all the other features of resort life will be found as usual at Macatawa this summer.

SMALLER PLACES FOLLOW LEAD OF LARGER ONES

Not only are the big resorts putting on a new front this season but improvements are being made in the territory surrounding the main summer colonies. Eureka Park, near Castle Park, is coming to the front as a resort, and a number of people make it their summer home. Gibson, which is a year-round village, also makes resort business a side line. Mr. Dekker, has put up a fine new store and a number of people are finding out the place for vacation purposes.

North of the bay the improvement of the Alpena road is helping to level up the country. Mr. Getz's offer to advance the money to complete the last mile of that road will mean much to that section.

Tennessee Beach and Buchanan Beach are two resorts in one and they are known as Holland colonies. Scores of people from this city have built their summer homes there, and more homes are being added each year. Several have been built this spring and the entire length of shoreline is being rapidly taken up, so that it will in the not distant future be a continuous resort from the Getz farm to Port Sheldon.

Speaking of Port Sheldon, that resort is also taking on new life. Grand Rapids people especially have been building cottages in that general section and now that a good road leads to the place it is quite easy to approach and many autoists visit it during any season. Port Sheldon has a romantic history but for many years that was not strong enough to make it a lively place. But now the signs are that it will become one of the popular places of the lake shore.

And last but not least there is Zwemer's Beach, one of the newer resorts. Mr. Zwemer is developing eighty acres of fine forest on the shore of Lake Michigan west of West Olive into a summer resort. He has had it converted into a game reserve and during the past few weeks four new cottages have been built. He has installed a water system and the resort now has many of the conveniences of city life.

CAPTAIN LOFBERG TO LEAVE COAST GUARD POST

Announcement was made Friday at the district superintendent's office of the U. S. Coast Guard, that Capt. G. E. Lofberg who for ten years has served as district superintendent of the Tenth Coast Guard District in Ottawa county, has been transferred to a post as district superintendent of the twelfth district in San Francisco, Calif. The twelfth district comprises the entire coast of California and also the coast of Oregon up to the Umpqua river on its south bank.

Mr. Lofberg is well known in Holland coming here often to inspect the Holland coast guard station. He is a Spanish War veteran and saw much service on Revenue Cutters in Cuban waters.

Prior to joining the coast guard, Captain Lofberg was a sailor on the Pacific Ocean and consequently well acquainted with the ports over which he will now have command. He will leave Grand Haven for the west on September 8 to assume his new duties.

LOCAL

Both fire departments were called out to the home of Henry Pott 103 East 17th street where sparks from a chimney set fire to the roof. The firemen soon had the blaze under control.

Mrs. Henry De Kruif recently presented the public school library at Zeeland with a set of "Library of World's Best Literature" in 31 volumes as well as several other valuable reference books.

C. V. Preston, aged 41, of Coopersville, was arrested Wednesday afternoon by Undersheriff Jack Spangler on a charge of assault and battery on his wife. Preston pleaded not guilty before Justice Erwin at Coopersville and trial was set for Friday.

Seven double-header Interurban cars passed through Holland for Jenison Park Thursday afternoon filled with 900 employees and friends of the Herpolsheimer Co. of Grand Rapids. The cars were decorated with long streamers telling about the picnic.

John De Roo, of Zeeland, street laborer, suffered a fractured ankle when he was struck by an automobile driven by Lynn DePree. DeRoo is deaf and has defective eyesight, and failed to hear or see the approaching machine as he was picking up his tools.

John Volkers and Florence Ver Hage, both have completed a business course at the Holland Business College under the able instruction of Principal Albert Hoeksema. Miss Ver Hage has secured a position with the Zeeland State bank.

Luther Tate, who has been a guest at the rectory of Grace Episcopal church has left for the home of his parents in Memphis, Tenn. H. F. Idle of New York, who has also been visiting at the rectory has returned to New York to take charge of a large boys' camp in the Berkshires.

Mannes Nyboer aged 25 of Holland and Mrs. Dora Wyma aged 22 of Holland were married Thursday afternoon in the county clerk's office at the court house in Grand Haven by Justice H. E. Lillie. Nyboer is a recent arrival from the old country, it is understood.

Vernon Willard Hamelink, the four year old son of Mr. and Mrs. Abraham Hamelink, died Thursday night at his home at 285 East Ninth St., as the result of diphtheria. He is survived by his parents and four brothers. The funeral was held Friday afternoon at two o'clock and was private. Rev. James Weyer officiated.

Prof. Edward Van Landegend, an instructor in mathematics in one of the large high schools at St. Louis, Mo., motored home to spend the vacation with his mother, Mrs. John Van Landegend, 119 W. 19th St. He was accompanied to this city by Donald T. Wright, a newspaper man of St. Louis.

Stumbling over an obstruction as he was going home Henry Beukema of Zeeland suffered a fractured arm on the Pere Marquette tracks near Waverly. Beukema retraced his steps to Holland had his arm dressed and returned home the next morning. Beukema had missed the last car and decided to walk to Zeeland over the F. M.'s right of way.

The current issued of the Michigan Manufacturer and Financial Review contains a fine page picture of Bernath P. Sherwood, president of the Grand Haven State bank. Mr. Sherwood has just been elected president of the Michigan State Bankers' Association.

The Grand Rapids Herald Friday printed a cut of Dr. A. Leenhouts, and the following story under it: "Dr. A. Leenhouts who was recently elected president of the Holland Exchange club, is one of the prominent men in the city's life. He also is president of the board of education, a member of the Chautauque board and one of the leading physicians of the city."

The employees of the Grand Haven State bank entertained the bank officers at a picnic which took place at Saugatuck on Wednesday. Outings of this sort are customary with the employees of this bank and add a great deal to the congeniality and co-operation of the force. Three automobiles passed through Holland for the picnic grounds over the pike.

The Rev. James M. Martin, pastor of the Third Reformed church announces the following subjects for the Sunday evening sermons during July: July 1—"The Duty of Christian Citizenship"; July 8—"The Possession of Jesus"; July 15—"Why There are Heretics"; July 22—"When Things Go Wrong"; July 29—"After the Sermon Danger begins."

Mrs. Julia Carson, who lives two miles east of Conklin, Ottawa Co., has gone to Denver, Colo., in search of her husband, Charles Carson, who disappeared several months ago. Mr. Carson is believed to be suffering a lapse of memory. The only clue Mrs. Carson has to his whereabouts is a rather incoherent letter received several months ago from Denver saying he was trying to get home.

The "Daughters of the King" Sunday School class of the Ninth Street Christian Reformed church met on Thursday evening at the home of Miss Hattie Slenk, West 13th Street. A business session followed by a short program and refreshments were features of the evening. A very interesting letter from Miss Tena Holkeboer now in the mission fields of China, was read. The dozen ladies present prepared a beautiful plaque that will be sent to Miss Holkeboer to be distributed to the Chinese people.

A miscellaneous shower was held Thursday evening for Miss Jennie Vander Woude, given by the Misses Gertrude and Minnie Vanderluis and Catherine Vander Woude. Many useful gifts were received and a good time was reported by all. Those present were Edith Maatman, Lillian and Dorothy Rummmer, Cecil Green, Minnie and Wilma Frins, Susanna Jacobs, Jennie Vander Woude, Bertha Vanderluis, Mrs. John Reitsma, Catherine Vander Woude, Gertrude and Minnie Vanderluis.

Mrs. John Bremer entertained the following club members at her home Thursday afternoon. Mrs. J. Nibbelink, Mrs. Ed Leeuw, Mrs. N. Wiersman, Mrs. C. Van Tongeren, Mrs. J. Van Ry, Mrs. M. Bos and daughter Mildred and Mrs. L. Bieve. A dainty three course luncheon was served. A candy contest was held with Mrs. J. Nibbelink taking home first prize, which was a King Tut "Luck Charm" attached to a gold chain. Mystery surrounds the history of this charm and luck usually follows the owner.

The 20 year ago column of the Grand Haven Tribune contains the following item: "Eggs have blown the rate of the Spring Lake postoffice and made away with over one thousand dollars worth of stamps and currency."

Dr. and Mrs. Stuart Yntema of Chicago are visiting in the city, the guests of Mr. and Mrs. M. C. Bazan.

Saugatuck has a new rest room just opened. The persistence of the Woman's club brought this about. Holland has been endeavoring to put over a rest room for some time, but without success.

Allegan county is now worth \$42,000,000 which is three million less than last year. The equalization committee reduced the valuation of our neighboring county to the above named amount.

James A. Brouwer, Wm. Brower and Fred Beuwickes of the James A. Brouwer Furniture Co., of Holland are among the June 29 arrivals to the Furniture Exhibit, according to the Grand Rapids Herald.

The Allegan bigamist Arno Frelinc who married 16-year-old Lavia Myers also of Allegan while having a wife in Pennsylvania, was sentenced in Allegan Circuit court to from 18 months to ten years in Ionia reformatory.

Lucas DeBoer and Mrs. Loukina Regnerus were married Friday evening at the home of Isaac Regnerus, corner of Van Raalte avenue and 19th street. The ceremony was performed by Rev. J. A. Van Dyke, pastor of the Berean Reformed church.

Both fire departments were called out to a grass fire near the Ottawa Furniture Co. Friday at 3 o'clock. Friday evening both fire trucks appeared upon the streets for the purpose of demonstration. Several new firemen have been added to the force and these men were receiving instructions.

Thursday afternoon the Ladies A. I. society "Deborah" of Central Ave. Chr. ch. held their usual outing by automobile to Eastmarville to visit the county farm. Refreshments were served and on their return to Holland they also visited Spring Lake and Grand Haven. All reported a very enjoyable trip.

The Berean Prophetic Conference, attended by the members of the Berean churches in Western Michigan, will be held at Fruitport on July 4th. Programs will be given in the forenoon and afternoon. Rev. J. A. Van Dyke, pastor of the Berean Reformed church of Holland will be a speaker at the afternoon meeting.

A marriage license has been issued in Grand Rapids to George H. Hill, 20, and Esther L. Dyke, 20, both of Holland.

Mr. and Mrs. Jacob Japinga and Mr. John Upton and son Joan motored to Kalamazoo and Battle Creek on Sunday.

The Holland Merchants baseball team will play the strong East Holland Independents this week Thursday at the Water Works Park at 5 o'clock.

Announcement is made of the marriage of Benjamin B. Brinks, manager of the Holland Furnace Co. branch at Mt. Pleasant, and Miss Wilhelmina Kapien. The marriage took place in Grand Rapids.

Miss Maude Van Drezer who spent the past year in Mt. Pleasant as secretary in the extension department of the Central Michigan Normal School, has returned to Holland to spend the summer at her home here.

Mr. and Mrs. Charles Garvelink of Kenosha, Wis., were visiting relatives in Holland the last few days. Mr. and Mrs. Garvelink are on their honeymoon, having been married in Chicago on last Wednesday. They left Saturday for Niagara Falls and Detroit.

Dr. and Mrs. Benj. J. Bush and children Enid and Jay, of Lexington, Ky., are spending the summer in Europe. They will visit England, the Netherlands, Belgium, Switzerland, France and Italy. Master Robert Bush is visiting his grandmother, Mrs. L. E. Van Drezer for the summer.

Excursions galore on the 4th of July! The Graham & Morton will run an excursion to Grand Haven for 50 cents the round trip, the boats leaving the Holland docks at one p. m. while the Holland Interurban is planning excursions to Grand Rapids at half fare rate.

Grand Haven stores in the east end business section had a big opening on Saturday. The new branch of the Grand Haven State bank, a new men's store, a dry goods store and a drug store had official openings and the other merchants of the section helped the affair along in an effort to popularize the east end as a trading section.

Ber Hoffman and family of Milwaukee formerly of Holland, stopped off in this city Sunday to visit with his brothers Nick and John Hoffman, the restaurant men. The Hoffmans are making a complete circuit of Lake Michigan, having come to Holland by way of Chicago and are proceeding north by way of the "Soo" thru the northern peninsula.

William Fisher of Grand Haven, at the present time chief boss, mate at White Lake Coast Guard station, will take charge of his first station this coming Sunday, when he will go to North Manitou to take over the station there. Fisher has been in service for sixteen years and is well known among marine men of Holland.

Announcement has been made of the marriage of Marguerite Kruidenier, daughter of Rev. and Mrs. James Kruidenier, missionaries in Egypt to Rev. Bruce B. Buchanan, Monmouth, Ill. Mrs. Buchanan was born in Egypt. Her parents have served as missionaries in the United Presbyterian church for 35 years, being in the land of the Nile all that time. The Kruideniers will return to America in the fall.

Arrangements have been completed for a mission fest to be held at Cuterville on July 4 under the auspices of churches in the Christian Reformed denomination. The speakers will include William Mierop camp worker at Rehoboth, N. M.; Bert Sprick, assistant missionary at Zuni, N. M.; Rev. K. Poppen of Paterson, N. J.; and Rev. E. F. J. Van Halsma of East Paris.

Edward Wills of the Grand Haven Gas company was injured at the plant by a fall into the coal pit. While working above the pit he was struck on the head by some of the machinery and plunged ten feet down. He was picked up unconscious and hurried to the hospital where his wounds were dressed. He was then taken home. Cuts and bruises about the head and body will lay him up for several days.

After four weeks of strike between the farmers of Allegan and the Overton Creamery there is still a deadlock between the creamery company and the farmers. The farmers demand \$2.25 per 100 lbs. weight for milk, while the creamery states that it pays all it can and at the same time make a fair margin. A big meeting at the Allegan fairgrounds Saturday was for the purpose of endeavoring to start a cooperative creamery, but the outcome of the meeting seemed to be to give the Allegan Creamery one more chance to have Mr. Overton, the manager sign a contract stipulating he price. Mr. Overton states he is endeavoring to do his best and his price is 8 per cent higher than the figure paid by 14 other Michigan creameries. Anyway Monday was to be a showdown between the creamery company and the farmers.

When you get back home, start working hard to get a similar Park for beautiful Holland.

Give your Auto a much needed rest on this day.

Graham & Morton Transport. Co.

Possibly the largest farewell ever given to any minister in these parts was the one extended to Rev. John H. Geerlings of East Saugatuck who leaves for Rock Valley, Iowa after four years' service in the Christian Reformed church at East Saugatuck.

The large church at East Saugatuck could not begin to accommodate those who came to hear the pastor's farewell address. Some Holland folks who motored to East Saugatuck stated that automobiles were lined up for at least a mile near the church and the church accommodations were altogether inadequate.

The Christian Reformed churches of Grand Rapids will hold their annual mission festival July 4 in North Park, Grand Rapids. A program has been arranged for the afternoon and evening, the former to begin at 1:30 and the latter to begin at 7:30. Rev. Henry Beets, mission secretary of the denomination, will preside at both meetings. Good speakers and a chorus and male quartet are on the program for the day.

More than 100 members of the Van Alsburg family attended the 69th annual reunion of the family which was held at the Methodist church at Spring Lake. The Van Alsburgs came here from the Netherlands 69 years ago. Several of the members of the family from Holland attended and the Bloemendaal of Blendon, gave the address during the gathering. A bounteous repast was served at noon and other features served to make the day an eventful one.

Word has been received in Holland that Miss Esther Dyke, daughter of Mr. and Mrs. Frank Dyke, West 15th street and George Hill, son of Mr. and Mrs. Louis Hill, East 11th St., were quietly married in Grand Rapids Friday and are making their home at 218 Prospect street, Grand Rapids. The marriage was the culmination of a school romance when the two were classmates at Holland high and graduated together three years ago. Mrs. Hill has been connected with the Ryerson Library at Grand Rapids for sometime, and Mr. Hill has a responsible position with the Etekete Dry Goods store in Grand Rapids. The marriage while not unexpected was rather a sudden surprise to their many friends in Holland.

PERSONAL

Dr. and Mrs. E. J. Blekkink returned Thursday night from a three weeks' visit in New York and other eastern states.

George Fyl of Zeeland was taken to Holland Hospital when he was suddenly stricken with appendicitis. The operation was successful.

Mr. and Mrs. Wm. Witt and son Elmer of Flint are the guests for two weeks of Mrs. Witt's mother Mrs. C. Blom Sr., 147 River avenue. The motored over in their new Star Sedan.

Mr. and Mrs. John Olet were called to Grand Rapids Thursday on account of the sudden death of their brother, Mr. Ernest Gommensh.

DOUGLAS FARMER
DIES AS RESULT OF
RECENT ACCIDENT

Getting his arm caught in a spraying machine on his farm near Douglas was fatal to Alexander Gibson, well known fruit man of that section. The accident happened about ten days ago and it ended in the death of Gibson on Saturday as a result of tetanus.

Mr. Gibson's arm was practically torn off when his sleeve caught in the spraying machine and it had to be amputated. Later about five miles east of Douglas, he was born there and had lived there all his life, being one of the most prominent fruit farmers of that section. He is survived by his wife and one daughter. The funeral was held Monday afternoon at 4 o'clock, under the auspices of the Masonic order. Interment was at Fennville.

FINED FOR SHOOTING FIRE
CRACKERS "OUT OF SEASON"

Gerrit Cornelisen was arrested on Saturday for shooting firecrackers "out of season" and he paid a fine and costs of \$8.70 for his fun. Repeated warnings have been given by the police that the ordinance making it unlawful to celebrate the Fourth with fireworks before the Fourth arrives would be enforced, but in spite of that the shooting of firecrackers goes right on. It is expected that other arrests will be made unless the Cornelisen case serves as a warning and stops the nuisance.

HOLLAND FAIR INCREASES
FARMERS' CLUB PRIZES

The hustling secretary of the Community fair, John Arendshorst, has announced that this year there will be an increase in the prizes paid for the farmers' club exhibit. Prizes this year will be: 1st, \$20; 2nd, \$15; and 3rd, \$10. Clubs competing but not winning any of the above prizes receive \$5. Every farmer club in Ottawa county should go after one of these prizes. Get in touch with C. P. Millham at Grand Haven and plan now to make this year's display a winner.

SELLS TWENTY-THREE
LOTS IN TWO HOURS

Every one of the twenty-three lots put up at auction Saturday afternoon by John Raven, along 17th and 18th street in the southwestern part of the city was sold. Mr. Raven probably holds the record of selling more lots in a shorter time in Holland than any other man. He began the sale at 1 o'clock as advertised and all had been auctioned off at 3. Mr. Raven had announced that this would be a bona fide sale and that each lot would go to the highest bidder no matter what the bid, and this program was strictly adhered to.

Holland's new sporting goods store known as "Ollie's Inc." is now open for business. The new name has been placed on the window and Ollie Harris, for many years engaged in this line of work is in charge meeting his friends and supplying the needs of the general public. The transfer was made Saturday.

COLD WEATHER DID
NOT STOP "WARM
FRIENDS" PICNIC

"What do we care for the weather, so long as we're together." So sang the Warm Friend Family when they stepped into Jenison Park Picnic Grounds on Friday for their annual outing. Even if the weather was a bit chilly at first, with A. H. Landwehr's sunny smile warming the atmosphere (almost) and his ringing laugh putting wings on the feet of the racers, the fourth annual picnic of the Holland Furnace Co. was a scream from start to finish.

Below is found the program as carried out:

(A) Indoor baseball game: Foundry vs. Factory—5 innings, \$10.00.

The baseball game between the office and foundry was won by the office men.

The office men also carried off the prize of \$10 in their game with the factory.

(B) Indoor baseball game: Stenographers vs. Bookkeepers—5 innings, \$10.00. Too bad the bookkeepers won over the stenographers in their game, but the stenographers have already decided that it will be different next year. They will get a good umpire.

(C) Tug of War: Factory vs. Foundry—centipede style, \$15.00.

In this race the tables were turned and the factory men bent the office men and the stenographers beat the bookkeepers.

1—Sack Race for Men
John Moomey, prize—Stubby reel and rod.

2—Sack race for boys, 10 to 15.
Julius Duer, prize—Automatic knife.

3—Sack race for girls 10 to 15.
Hazel Wiegerink, prize—Gold ring.

5—Horse back race for men and boys.
Gerrit Boerman and Lloyd Driscoll, prize—Minnow bucket and Boy Scout compass.

7—Three-legged race for men.
Al Van Lente and John Bowman, prize—Silk socks and handkerchiefs.

9—Three-legged race for ladies.
Geneva De Koster and Anna Timmer, prize—French Ivory picture.

11—Three-legged race for boys and girls.
Katherine Groeters and Robert Dorland, prize—Indoor baseball and sewing basket.

13—Leap-frog race for men.
Elmer and Karl Lordahl, prize—Conklin Fountain pen.

15—Leap-frog race for ladies.
Gertrude Wanrooy and Geneva Van Lente, prize—Eversharp pencils.

17—Peanut scramble for boys 1 to 12.
Henry Bohrs, prize—watch.

18—Peanut scramble for girls 1 to 12.
Evelyn Heijte, gold locket and chain.

19—Peanut bottling for ladies.
Mrs. A. Fitzgerald, prize—Ivory mirror.

20—Backward running race for ladies.
Agnes Dogger, prize—bar pin.

21—Backward running race for girls.
Rose Witteveen, prize—bursa.

22—Egg eating contest for boys.
Orlo Strong, prize—Tennis shoes.

"Keds".

23—Barrel race for men.

- 36—Shot Put contest for men.
George Tubbergen, prize—alarm clock.
- 37—Ball throwing contest for ladies.
Gertrude Ten Brink, prize—Box of stationery.

DAMSTRA RENEWS CHALLENGE TO SENATOR CONNELLY

Supervisor Peter G. Damstra, who staged a fight at the session of the Board of Supervisors in Grand Haven last week challenging the right of Wm. M. Connelly to hold both the position of road commissioner and state senator at the same time, said in an interview Monday that although he dislikes getting into a newspaper controversy, he feels it is necessary for him to make his position clear and to state his reasons for his action of last week. Mr. Damstra said:

"The law forbids Mr. Connelly from holding these two offices at the same time."

"Mr. Connelly, the senator in Lansing who makes the laws, creates road commissions, votes large sums of money for salaries, expenses, and construction work, cannot be the same Mr. Connelly who, as the Ottawa County road commissioner, administers the law, receives the salary, incurs expenses and awards contracts under the instructions and laws made by the same Mr. Connelly as senator in Lansing."

"If this condition is permitted to go on unchallenged, then Ottawa county will continue to face a serious and fatal situation as touching the respect for law."

"Mr. Connelly says the law gives him the right to both offices. Let the law decide. If Mr. Connelly is right, the law will be his greatest help; if wrong, the law will be his greatest hindrance."

"There is nothing more to say at this time on the matter."

TO OPEN FINE NEW RESTAURANT HERE

Chris Korose has let the contract for converting the store building formerly occupied by the army store, next door to the First State Bank, into a first-class restaurant. Mr. Korose announces that it will be a first-class cafe in every respect, second to none in this part of the state. The wall will be done over in genuine American walnut panels. The tables will be lighted by individual art lamps, and all the fixtures in the dining room and kitchen will be beautiful and costly.

In addition to the general dining room there will be a semi-private dining room partly screened from the rest of the building, which room will be available for family gatherings. A ladies' rest room will be a feature of the restaurant. The ventilating system will be modern and it will be possible to change air in both kitchen and dining room every three minutes. The kitchen will be equipped with the latest devices such as electric washing machines and so on. A beautiful new front will be put into the building. Mr. Korose himself will manage the place and it will be open for business about July 20.

Lakeside Inn at Jenison Park opened Saturday for the season and it began the summer's career under the best kind of auspices. The prospects are bright for a season's business such as has not been enjoyed for several years. And the management of the Inn has been getting ready for this for some time. They have added a new dance hall and have built a new office. The whole place has been put into shipshape form and the Inn promises to be a popular place this summer.

TWO HOPE MEN SPEND SUMMER IN CHAUTAUQUA

Simon and Gerrit Heemstra, two Hope College students, are engaged in an unusual job during their summer vacation. These boys have entered the chautauqua field and are employed by the Redpath Co., the leading chautauqua and lyceum company in America.

Mr. Simon Heemstra, after taking a short course in chautauqua work at Fort Wayne, Ind., is now employed as "advance man" in Canada. He works Canadian towns for five days before the chautauqua arrives, organizing the place and directing the sale of the tickets. During the present summer he will travel all over Canada, his route going as far east as Montreal, and as far north as the territory surrounding the Hudson Bay; after that he will go back along the lakes to the west, and in August he will re-enter the states and cover Michigan, Illinois and Wisconsin.

Gerrit Heemstra is working as an advance agent for the same company in Michigan and Indiana. His work consists of contracting a Festival chautauqua in the towns where there is neither a chautauqua nor lecture course.

The Redpath is the oldest and the largest concern of its kind in the United States, having been organized in 1868. It has offices in ten cities in the United States and one in Toronto. Holland has for many years received Redpath service in the Hope College lecture courses.

Writing from Canada, Simon Heemstra says: "On June 25 the Provincial election was held and it was very interesting to me, since the vital issue was prohibition. Of the three parties, the Conservative, the Liberal, and the Progressive, only the latter stood for prohibition enforcement. The outcome of the vote was a landslide for the Conservative party which is the old reliable party like we fancy to call the Republican, the G. O. P. While Canadians are very democratic in heart and appearance, the basis of their government differs from the American and so, as a young born-and-bred American I find myself embarrassed a number of times. But the many experiences are lesson in themselves."

"After becoming better acquainted with conditions here, I must confess that I knew very little of Canada. It really is, and here I have lived within a couple hundred miles of the border for several years."

An unusual gathering was held at the home of B. Mulder at the home, south of Zeeland, when 12 sons and daughters, 42 grandchildren and four great grandchildren gathered to say farewell to a daughter and sister, Mrs. Dena Romeyn of Holland, who is leaving for the West to make her home with her children, Buddie Romeyn, Jr., Mr. and Mrs. Elmer Romeyn and Miss Jane Romeyn now living in Hollywood, Calif., where she will make her future home. An unusual evening was spent and the closing surprise of the evening to Mrs. Romeyn was a very substantial purse made up by all those present and presented by the father of the departing daughter. Mrs. Romeyn has been living on West 15th street for a number of years.

HOLLAND HARBOR SHOULD BE BUILT MUCH DIFFERENTLY

During the recent visit of Major Skinner, Engineer Thompson, and Assistant Engineer Goddard of the U. S. Engineering department of harbors in this district, one matter was brought to attention of the Chamber of Commerce committee by Chief Skinner, which has nothing of course to do with the present day improvements but which may have considerable bearing on Holland's future harbor facilities.

Mr. Skinner volunteered the information that Holland's harbor should be differently constructed.

Today there are two outer breakwaters one to the north and one to the south running diagonally and attached to the old and original piers on either side of the channel with a row of low piling filled with stone.

It is the opinion of the engineers that the seas rolling in between the breakwaters carry with them the loose sand, and banks it up just outside of the channel piers.

The engineers state that the outer breakwaters should be extended to the shore line on both sides, and the low piling on either side of the inner piers together with the inner piers to the shore line, should be broken out.

This would widen the piers at the shore line about 50%. In other words while at the entrance to the harbor which would be at the head of the two breakwaters, the width would be approximately 500 feet, the width between the piers after the breakwater had been extended to the shore would be 1000 feet at the shore line, or in other words the mouth of the harbor would be 50% less in width than the entrance would be at the shore line near the lifesaving station.

The engineers contend that the narrower mouth on the Lake Michigan side would spread themselves more readily as it got into a wider expanse of water going towards the shore line, and in that way the sand and the waves carried would also spread over a broader expanse of territory, with a large part of the sand finding a resting place on the shore, thus keeping the channel proper comparatively free from silt.

The contention now is that no sooner has the heavy sea washed in through the mouth of the channel, when it strikes an obstruction in the present piers and narrow inner harbor which cannot help but throw up a barrier of sand quickly.

That in substance is the idea of the engineers and it seems that that is a matter that Holland ought to look into when future harbor construction looking towards permanency, is considered.

Some interesting bit of history relative to Holland harbor is the fact that under President Buchanan, harbor construction was started anew, after our forefathers had first dug a channel with shovel and pick. This channel was to be cut between the two hills where Hotel Macatawa now stands.

The government failed to appropriate enough money, and all harbor appropriations went glimmering. However, the old piling that still stands on Macatawa bathing beach are landmarks of that failure 45 years ago.

In 1880 the present old piers were extended, and in 1906 to 1908 the extensive improvements of breakwaters and other piling on the outer harbor were completed.

Since that time minor improvements were made from time to time, and the improved harbor has since that time been maintained by virtue of a maintenance fund which is not altogether satisfactory as Holland is experiencing at the present time.

A fact that may not be known to the public was told the chamber of commerce committee recently and which came as a surprise to them.

A harbor may or may not have an appropriation. In other words it may have one day, the next day it may be dissipated. Holland for instance had nearly \$50,000 in the maintenance fund last fall, and has nearly that amount now. However should the engineers deem that another harbor in this district needed maintenance even more than Holland harbor would, then it is within the power of the government or its agents, to transfer all or part of Holland's maintenance fund to the fund of some other harbor where the engineers might deem improvements of more vital importance and while Holland now has a maintenance fund and is liable to keep it after the showing made, it is not at all impossible for Holland to lose it without any improvements being made.

These are a few side-lights upon Holland's harbor situation gleaned from the recent meeting with the engineers, and while these have nothing to do with the real object of the meeting at that time, it is well to bring up these questions now for future consideration.

John Molenaar aged 24 years, was arrested Saturday night by Officer Swieringa on the charge of being a deserter from the United States army. Molenaar was taken back to Detroit Monday and was turned over to the Wayne Post of the army to be dealt with by the military authorities.

Molenaar enlisted in the army on November 22, 1922, joining as a private in Service Battery No. 6, F. A. He deserted on February 26, 1923 from Fort Hoyle, Md., and since then the army authorities have been looking for him. The Holland police received notice from the government that Molenaar was wanted and the search for him ended Saturday night with his arrest.

Betty Jean Wieten, the year and a half old daughter of Mr. and Mrs. Henry Wieten, 193 East 15th St., died Saturday afternoon as a result of whooping cough and pneumonia. The funeral was held Monday afternoon at the home of Mr. and Mrs. Hessel Bremer, 349 Columbia avenue Rev. J. H. Burgers officiating. Interment was at the Pilgrim Home cemetery.

Three new members have been elected to Phi Kappa Delta of Hope College of the Reformed Church in America. They are Mrs. N. H. K. of Hope, Simon Heemstra, of Monroe, S. D., and Jules Van Een, of Zeeland, Mich., all of whom won honors in debating and oratory. Hope's new members were elected by a vote of three having been lost by graduation. This is one of the youngest Phi Kappa Delta colleges.

The local boys went down to defeat Saturday in the second game of the series with Postum Cereals of Battle Creek, 7 to 4, due to errors. Every one in the infield contributed to

Rev. G. DeJongh of Zeeland, has issued calls for the organization of two new classes in the Reformed church in Michigan according to action taken by the particular synod of the Reformed Church in America.

The new classes will be christened Muskegon and Kalamazoo. The meeting to organize the Muskegon class will be held on July 12 in First Reformed church, Muskegon, and the second meeting to organize the Kalamazoo class will convene July 30 in First church Kalamazoo.

The churches to be enrolled in the new classes have been instructed to send delegates to the respective meetings and ministers are required to have their requests ready for transfers to other classes.

Michigan Railway Co.

SOUTH BLENDON

A very pretty wedding took place on Wednesday, June 20th at the home of Mr. and Mrs. Lawrence Mulder, when their daughter, Janet, was united in marriage with Cornelius Postma in the presence of a large number of relatives and friends. The bride was dressed in blue Georgette crepe over crepe de chine, and was attended by her sister-in-law, Mrs. C. Mulder from Holland, Cyrus Mulder acted as groomsmen. They were married at 3 o'clock. Miss Mary Huizenga played the wedding march. Little Gladys Mulder was ring bearer.

and Laura Mulder was flower girl, both sisters of the bride. The members of the Willing Workers Society of the Reformed church were waiters. The Rev. Bloemendaal performed the ceremony. A wedding reception was given in the evening for the young people. Mr. and Mrs. Postma will be at home to their friends after July 1 at Zeeland.

The steamer "City of Grand Rapids" will leave Holland dock on the Fourth of July at 1 o'clock P. M. 50c round trip on this excursion.

HOMES TO LIVE IN, -- ALWAYS.

The longer we live in homes, the more we become attached to them, and therefore how unwise it would be not to make improvements that are permanent.

How easy it is to make one's home cozier and more attractive all the time. Everyone has friends who do that, and what good folks they are!

When putting in a heating system one's mind naturally turns to the Holland Furnace -- THE HEART OF THE HOME. A few reasons are:

1. Clean Air to Breathe.
2. The Strong Guarantee.
3. Fuel Saving Features.
4. The Easy Shaking Grate.
5. The Vast Number of Satisfied Users.

OFFICER "WINGS" PRISONER AS HE MAKES ESCAPE

A somewhat sensational shooting affair took place at about 10:15 Wednesday evening when Deputy Sheriff Vander West "winged" John Smith by hitting him in the leg when Smith was breaking away from the officer after he had been arrested on the charge of making "moonshine." Smith was being taken from an automobile to the city jail when he suddenly picked up a water jug which he had used for filling the radiator, hit Deputy Vander West on the knees with it so that the jug broke, bringing the officer to the ground by the unexpected blow. The prisoner then made a sudden break for liberty. Vander West, recovering himself immediately after the surprise attack, shot up into the air to stop the fugitive and then hastened in pursuit. The prisoner dashed into the alley back of the Sentinel office with Vander West in pursuit. The officer fired two more shots, aiming low for the man's legs, and one of these shots took effect as was shown by traces of blood afterward. But in spite of that Smith got away and is still at liberty.

Smith is said to have made "moonshine" in Holland and recently transferred his operations to a house in the woods about two and a half miles out of Holland in Allegan county on a secluded farm back of H. DePree's farm. Deputy Sheriff Van Os of Allegan county called in the help of Deputy Vander West and Officer C. Stekkee who then hastened to the operations in Holland because he is said to have sold much of the liquor here and at Macatawa. A raid was made Wednesday and the officers found on the farm five barrels of moon or about 250 gallons and four quarts of "moonshine" whiskey. Smith was not taken in the raid, but was arrested later in Holland. It is not the custom of the officers to handcuff a man taken on a liquor charge and the surprise attack was made just as Officer Vander West had stepped out of the car to take his man into jail. Smith would perhaps not have escaped if an auto had not happened to obstruct the alley just as Vander West was about to enter it. This gave the fugitive time to get a start and he made good use of it.

Smith is an old hand at the game of getting away from officers. He has a record of having escaped from two other officers before he played his trick on the Ottawa county deputy.

GRAND HAVEN'S FIRE LOSS IS VERY LIGHT

Fire chief A. Pippel of Grand Haven, recently received figures showing the rate of fire loss for that city during the year beginning May first, 1932, and ending May first 1933. These figures reflect great credit on the work of the Grand Haven fire department during the past year and should make an impression when the Grand Haven fire chief reads them at the Michigan convention of fire chiefs on July 11th. Chief Pippel will read a paper dealing with problems in preventing school fires and doing away with the schoolhouse which are fire traps.

The value of property threatened by fire at the county seat during the period included in the estimate equaled \$404,050 by a very careful survey. The property was covered by \$297,150 worth of insurance, showing that approximately 70% was insured. This would have meant a big money loss, had the property which was threatened not been saved. The loss of some \$107,000 would have been involved, showing that the fire department is an excellent investment and worthy of the money spent upon it.

Actual losses amounted to \$8,717.08 during the time mentioned. When subtracted the figures will show that but a small amount of property under \$100,000 was actually saved from destruction by fires. The number of alarms responded to totaled 70 and the actual number of fires was 62. The average loss at each fire was but \$140.60.

For running the fire department for one year, approximately nine thousand dollars is required. This nine thousand dollar investment, however, was instrumental in saving approximately \$100,000 in one year.

CITY OF MIAMI NOT DOCK- ING IN GRAND HAVEN

The Crosby line steamer E. G. Crosby formerly of Miami, La., was not docked at Grand Haven for two trips now and will in all probability not do so for some time to come according to advice received. It is understood that the steamer cannot make her schedule because of the great amount of freight to be unloaded and loaded at both the ports of Milwaukee and Muskegon. This brings her into Grand Haven at an extremely late hour.

The E. G. Crosby makes a speed of about 17 miles an hour and will cross the lake in about five or six hours running time.

State to Aid Government In Eradicating Barbary

Com. Watkins of the state department of agriculture, has signed an agreement with the federal department of agriculture to co-operate in eradicating the common barberry from the Michigan wheat fields it was announced Tuesday.

In the work for 1933-34, the federal department will contribute \$30,000, and the state \$6000. It is expected that it will take about two years to complete the eradication of the barberry in Michigan.

When Prince Ali Sadho, Hindu mountaineer, and Princess Isis appear at the Big Pavilion at Saugatuck from June 30 to July 9, they will not be the only attraction at that favorite place of amusement. Manager Weed calls their act merely an added attraction that is given over and above the usual entertainment furnished there. Barbino's orchestra of Chicago is the big attraction at the Pavilion. This is the finest orchestra that has appeared in Western Michigan for years and it is arousing much comment.

Miss Louise Boller of DeMolines, Ia., is visiting at the home of Mr. and Mrs. Arthur Van Duren.

James De Young, manager of the Home Furnace Co., has returned from a business trip to Chicago.

Mrs. Lois De Kruff of Zeeland has gone to New York and will sail for London, England, where she has been and will stay for some time.

PLAN DISCUSSED TO SECURE FUND FOR DUNES PARK

A special committee was named by the board of supervisors of Muskegon to devise some plan for making the purchase of the Bay Mill Sand dune park so that the deed can be turned over to the state and the \$25,000 appropriated by the state legislature as part payment be obtained. The purchase price of the park was \$55,000.33 leaving \$30,000 to be paid in addition to the amount the state will pay.

Louis Lunsford addressed the board and said that the state would turn over the \$25,000 as soon as the deed to the property is received. The board of supervisors voted to purchase the park raising a portion of the money each year. Mr. Lunsford urged that the money be borrowed in anticipation of taxes and under the present payment plan the county will be able to raise about all its portion of the money in one year.

Under the plan discussed at the time the proposition was before the board, at the special session, Muskegon and Muskegon Heights were also to aid in the purchase.

The chairman named Schoenberg, Bolt and Beardslee as the special committee, to report on some plan to provide for the immediate purchase of the park. Muskegon citizens signed notes and borrowed the money holding the property in trust until such time as the purchase price is paid.

BOOK ABOUT DUTCH SETTLEMENT WINS DOCTOR'S DEGREE

"A Dutch Settlement in Michigan," by A. J. P. Pieters, formerly of Holland, a book placed on sale here some weeks ago, won for Miss Pieters the degree of Doctor of Philosophy at Columbia University, according to a review of the book in the current issue of the magazine, "Holland and Her Colonies," by Dr. A. J. Barnouw, Queen Wilhelmina Professor at Columbia.

Dr. Barnouw takes friendly issue with Miss Pieters for intimating in her book that it was more because of a longing for religious freedom than because of the economic depression of those days in the Netherlands that the Van Raalte colony came to Michigan. "The religious question alone," he says, "would hardly have driven them out of the country, whereas want and starvation were, in themselves, sufficient inducements to seek a more promising existence in the New World. Of the two combined motives the economic one was doubtless the more powerful, but the success of the settlement is, indeed, largely due to the fact that these people were sustained and held together, in the first years of hardship, by their common belief and religious fervor."

Further on in his review Dr. Barnouw says:

"There was a strong feeling among these first comers that Holland in the New World should remain a Dutch Holland, retaining the language and the customs of the old country."

"The writer," says Miss Pieters, "well remembers, when a child, being told by the widow of one of the early settlers that this was their intention, and that therefore they did not wish to learn to speak English. The sadness in her tone will never be forgotten as she added: 'But we made a mistake.' She did not find out, however, until she was an old woman unable to converse with her grandchildren, who could not speak Dutch. The process of Americanization did not leave even the first generation untouched, however much they clung to their own language and customs. The period of the Civil War found many of the Hollanders in Ottawa county naturalized American citizens taking an active part in loyal devotions to the cause of the Federal Government. They had, by that time, given up the management of civic affairs by both Consistory and Peoples' Assembly, and both their education and government were carried on by the officials provided for under the laws of the State of Michigan. The story of that gradual adaptation of the foreign settlement to its American surroundings is well told by Miss Pieters."

NEW BOOKS PLACED IN CIRCULATION AT LIBRARY

The following new books have been put into circulation at the Holland city library:

Adult Fiction—Black Oxen, Gertrude Atherton; The Dim Lantern, Temple Bailey; The Charmed Circle, Edward Jewell; Scaramouche, Rafael Sabatini; Merry O, Ethel Hueston.

Adult Non-Fiction—The Practice of Autosuggestion, Harry C. Brooks; Edouette, Emily Post; The Motor Camping Book, Elton Jessup; Balkanized Europe, Paul Mowrer; Atolls of Sun, O'Brien; Selected Poems, W. B. Yeats.

Juvenile Books—Peggy in Her Blue Frock, E. O. White; Georgina Finds Herself, Shirley Watkins; Conquers of Invention, Mary Parkman.

FORMER HOLLAND BOY WINS A SCHOLARSHIP

The following, telling of the success of a former Holland boy is from the Montpelier, Ind., Herald:

"Walter Bonge, Jr. and W. R. Kelley, both graduates from the Montpelier high school, Class 1933, have received Rector Scholarships from De Pauw University, and will be privileged to attend that institution on these scholarships. Both boys stood high in the class, and their grades showed that they were 'neck and neck' at the finish."

"Both boys were recommended by Superintendent Kelly and they have each received the announcements of the awards. This is a fine showing, both for the two young men and the school here, and their many friends and the friends of the school will be pleased to know of their success in being eligible for one of these scholarships."

"Mr. Bonge is the son of Mr. and Mrs. W. F. Bonge, and Mr. Kelley is the son of Mr. and Mrs. Charles W. Kelley, formerly of Holland."

HOLLAND MERCHANTS BALL TEAM AGAIN VICTORIOUS

The Holland Merchants' baseball team won its 3rd straight game on Thursday by defeating the strong Montello Park aggregation by a score of 8 to 3.

The Holland Merchants have a very fast bunch and are heavy hitters. Batteries for winners and losers were: Merchants—Venhuizen and Albers; Montello—Walters and Vandenberg. Strikeouts—Albers 8; Vandenberg 2; umpire—Schoenberg. Time 1 hour and 40 minutes. Games with the Merchants can be secured by seeing Rev. Knoohuizen at the First State Bank.

NEW YORKER SPEAKS BEFORE ROTARY CLUB

Leon Eabo of New York, who is in Holland in the interest of the J. & R. Lamb company, was the speaker at the meeting of the Rotary Club on Thursday noon. The J. R. Lamb Co. has for the past 73 years been in the business of building memorial windows and Mr. Eabo is an artist in that work. During the war he served in Europe with the American Intelligence department and has a firm grasp of the situation in Europe today. He is conversant with several languages which fact made him a valuable person in the Intelligence Bureau.

He gave a stirring address before the Rotary club about conditions in Europe and gave many hints of the actual state of affairs that cannot always be gathered from the news dispatches because the average person is without the necessary background of knowledge of European affairs.

BOYS SWIM MILE TO SHORE WHEN SLOOP CAPSIZES IN LAKE

The sloop "Scum" bound from White Lake to Chicago capsized one mile off shore near South Haven day before yesterday. She was owned and sailed by Robert S. Lamar of Northwestern University. Accompanying him was a schoolmate, the two young men managed to swim ashore and the coastguards were notified. The sloop was righted and the men were taken to the coast guard station and given food and shelter. They had lost their money when the boat turned turtle, hence it was necessary for them to wait in South Haven while they telegraphed for more. Most of their personal effects were lost also.

Initial steps have been taken for the reorganization of the Michigan classes in the Reformed denomination. Rev. Peter Moerdyke, stated clerk of the particular synod of Chicago, has announced appointment of the following committee to superintend the work: Rev. G. De Jonge, Zeeland; Rev. C. H. Spaan, Grand Rapids; Rev. John Van Westenburg, Byron Center; Rev. Albertus Pieters, missionary on furlough in Japan, and Mr. R. Vinkemulder, clerk.

Through the recent dissolution of the Michigan classes, the proposed plan is to organize the Michigan churches into the four classes of Holland, Grand River, Kalamazoo and Muskegon. Several churches will be transferred from their present class memberships into the class nearest to their location.

FARMERS' DAY IS SET FOR JULY 28

Initiated during the war when the Michigan farmers were called together in 1918 to consider the possibility of greater wheat production, Michigan Farmers' Day, which will be celebrated July 27 this year, has become one of the farm institutions of the state. Last year 5,000 persons attended the meeting and this year the day, which coincides with the ending of summer school, is expected to bring as many to the campus.

The first year attention was given wheat. The second year attention was paid to soils and every year some special item is before the gathering for consideration. The program for the sixth roundup is under consideration, and will be completed as soon as the school officials have finished the work incidental to the close of the school year.

This year the morning probably will be given over to an inspection of the college farm, the experiment plots, the herds and flocks and other items in which the actual tillers of the soil are interested. In the afternoon, following a picnic dinner, some of the best known men of the country will be present to discuss conditions of agriculture.

GIRLS' CAMP TO PITCH NEAR HOLLAND

A party of about 35 camp fire girls from St. Louis, Mo., is expected to reach Gibson, southwest of Holland, early next week for the annual summer outing. The girls will be accompanied by two chaperones, instructors in music, dancing, swimming and athletics.

The girls pay their own expenses for the season and make their home at Brookwood Beach, where a large, 14-room building and two smaller cottages are annually placed at their disposal.

SEEK TRACE OF GYPSY MOTH IN STATE TREES

Fear that the gypsy moth, said to be one of the most destructive grubs in the world, may have found its way into Michigan was expressed in requests sent out today by the state department of agriculture asking that farmers and others who have received shipments of nursery stock from Massachusetts submit them for inspection.

Annual school caucus tonight 7:30 in the high school assembly room.

Mr. and Mrs. H. E. Van Kampen have left for Colorado Springs, Colo., to spend three months with relatives.

YOUR FINANCIAL FRIENDS

WHERE else but in a Bank will you find the pennies of the newsboy safeguarded as carefully as the thousands of the richest depositor?

Q Where else but in a Bank will you find women and children receiving the same careful assistance with money affairs that the biggest business firms receive?

Q Where else will you find institutions serving more people, or more deeply interested in everything that concerns people from every walk in life?

Q If you have thought of a Bank as an institution serving only the rich, or operated in the interests of the few, spend a few minutes of any business day in the lobby of the First State Bank of Holland. Then you will recognize that

Q This Bank is your true financial friend, striving to serve your best interests as well as to handle carefully the business you entrust to them.

Q Then you will think of this Bank as a strong institution, considerate of others, progressive in public affairs and willing in community service.

Q Then you will know that your savings are safe indeed, when entrusted to the leading bank of Holland.

We Pay 4% Compounded on Savings

If Hay Fever Sneezers Lined up For Battle

Health Talk No. 27 By JOHN E. JONGE, D. C. Ph. C.

If all the hay fever sufferers were lined up for battle against the rest of us they would lose because they are outnumbered about nineteen to one. They would also lose because they are miserable and feel as if they wouldn't mind so very much if they were shut.

But the fact that only one in twenty succumbs to this seasonal infection indicates very definitely that some are immune, that the defensive powers of the system are sufficient to throw off the invading disease. There is only one known method of increasing the natural resistance of the air passages and that is by chiropractic spinal adjustments. When the full tide of life power flows over the nerve lines the natural resistance that means health is present. Nothing will substitute for chiropractic spinal adjustments in the battle against hay fever.

Well Three Years and no Return

"Being afflicted with hay fever very bad for many years, and after trying several different medical treatments with no results; in fact the trouble appeared to be worse each year, I was persuaded to see a chiropractor. This was three years ago last July I take oath that I am completely relieved.—G. J. White before E. B. Jones, oath commissioner, Chiropractic Research Bureau, sworn statement No. 1364H.

GRANDMOTHER AT TENDS WEDDINGS OF ALL GRANDCHILDREN

A quiet wedding took place Thursday evening at the home of the bride's mother, Mrs. J. Bobbert, 510 Central avenue, when Miss Janet Robbert became the bride of Dick Jellema, son of Mr. and Mrs. D. W. Jellema, also of this city. To the strains of the Wedding March, played by Mrs. B. Robbert, sister of the bride, the couple preceded by little Miss Eunice Robbert, who scattered flowers in their path, took their places before a bank of ferns and palms. The ceremony was performed by Rev. J. L. Schasp. The bride was dressed in a simple gown of white tulle, trimmed with satin ribbon and wore a veil fastened with orange blossoms. She carried a shower bouquet of roses and swansonia. The little flower girl was dressed in flame-colored voile and carried a green and white basket. The rooms were tastefully decorated in green and white. Johanna Boersma presided at the piano during the congratulations.

Throughout the evening Mr. John Jellema played several numbers on the violin with piano accompaniment. After the ceremony a delicious wedding supper was served with Mrs. L. Den Houten presiding at the punch bowl.

The young couple left immediately on a short wedding trip after which they will make their home at 140 W. 19th street.

Among the guests was the grandmother of the groom, Mrs. H. Dobben who is 83 years of age, and has been present at the marriage of all her grandchildren.

Two pre-nuptial affairs were given honoring the bride. On June 14th, Mrs. L. Den Houten entertained with a chafin shower and on June 22 Mrs. E. Robbert entertained with a kitchen shower.

TWO COUSINS MARRY ON THE SAME DAY

Quite a unique coincidence was apparent Thursday when two cousins of the same name were married on the same day and the two separate and distinct homes had the same color scheme decorations.

The name of the young ladies is Sena Alofs, one of Holland, and the other living at Graafschap.

The first to be married was Miss Sena Alofs, daughter of Mr. and Mrs. John Alofs, R. 12, Holland, to Mr. Henry Zylman, son of Mrs. K. Zylman, Columbia avenue. The marriage was performed by Rev. J. L. Heeres of Graafschap at 2 o'clock at the home of the groom's mother. The bride was appropriately dressed in white crepe de chine with a bride's veil gathered up and crested with orange blossoms. The bride carried bride's roses while the maid of honor, a sister of the groom, was dressed in pink silk carrying a white pear.

The couple were married under an arch of pink and white, the color scheme that prevailed throughout in the home decorations. There were 75 guests present. Mr. and Mrs. Zylman will make their home in Holland.

The second wedding was that of Miss Sena Alofs, daughter of Mr. and Mrs. William W. Alofs 129 East 19th street, who was married to Mr. Lambert Bouman, son of Mr. and Mrs. Gerrit Bouman of East Saugatuck.

The simple ring ceremony was used by Rev. J. W. Ghyssels who officiated. The marriage took place at the home of the bride's parents with only immediate relatives present.

The home in this case was also decorated in pink and white while the marriage also took place under an arch of the same color.

The happy couple are now on a wedding trip and will be at home with their friends at 96 E. 22nd St. after July 15th.

PETTY GRAFTING IN STATE IS HIT

Petty grafting on the state is going to be stamped out, as a result of a discovery by Dr. R. M. Olin, of the state health department, that there was at least one employee in his department, who was making more money than he received in salary through the sale of state records.

Some time ago Secretary of State C. J. Deland issued orders to the various branches of his office, that no more state statistics were to be sold, after it was found out that clerks had been copying off lists of stockholders of various Michigan corporations, and selling them to brokerage houses.

It was the patent medicine companies and the tombstone dealers, however who proved the undoing of the health department employee. The tombstone manufacturers were buying lists of all deaths from the clerk and then would send an agent, or a personal letter to relatives of the deceased setting forth the value of their tombstones.

The patent medicine companies were getting the lists of births. Then along to the mother would come a fancy baby book and a lot of literature telling how she could raise her child into a super-being if she would only adopt some form of baby food. Dr. Olin has turned over a report of his discovery to Gov. Groenbeck, and it is probable that the state administrative board in the near future will order an investigation into all departments with a view of putting an end to the petty graft and at the same time protect the general public from the annoyance caused by the sale of different statistics, which must be filed as a state record under provisions of existing laws.

HINDU MIND READERS TO COME TO SAUGATUCK

The Big Pavilion at Saugatuck is to have a big attraction from June 30th to July 8th when Princess Isis and Prince Ali Sadhu of India will be there to put on a Hindu mind reading act. These entertainers made a hit this season at Terrace Gardens at the Morrison Hotel. They have made a tour of the United States the past two seasons. It is not often that such a big attraction comes to Saugatuck and Manager Weed has gone to a great deal of expense and trouble to secure these people.

On Saturday afternoon, July 7th, at 4 o'clock they will give a special seance for ladies.

Jim Poppen, formerly with the Holland Independents has left for Detroit to take a berth as pitcher for a semi-pro team there.

WANTED—Housekeeping by elderly lady. Address Mrs. Luella Sevey, 451 Lake avenue, Battle Creek, Mich.

ZWEMER BEACH IS DESIGNATED AS A GAME RESERVE

The eighty acres of woods owned by H. Zwemer of this city west of West Olive and known as "Zwemer Beach" has been designated by the state department of conservation as a game reserve. Mr. Zwemer, who is developing the tract into a beautiful resort, made application for the game reserve permit some time ago and on Tuesday an official of the state department was here to look the place over to see if there was justification for issuing the order. He found that it was fully justified and hence the signs will be posted.

Mr. Zwemer wants to protect the game at the resort. There are quite a few rabbits there and they have been crossed with Belgian hares. These are very tempting to hunters and there was danger that they would be exterminated. But the game reserve ruling will protect them and hunters caught killing them will be prosecuted. There are also some partridge on the place and they have become so tame that they will come up to within a few feet of a person, which is very unusual, as a partridge is a very shy bird. The state will also send in some pheasants.

During the past four weeks four cottages have been built at Zwemer's Beach and the place is more and more taking on the appearance of a summer colony. Mr. Zwemer has installed a water system so that water can be furnished to all the cottages.

TROOP NO. 8 ENJOYS A FOUR DAY'S CAMP

On Thursday, June 21, troop No. 8 of Holland Boy Scouts was conveyed to the Boone & Baker camping grounds where they were immediately set to work putting up their tents for a four nights' stay. When the work was accomplished they ate a hearty supper and then went for a swim. On the following morning they all went for an early plunge, after which breakfast was served, a study hour followed breakfast, then all went swimming. At noon troop No. 39 of Grand Rapids arrived just in time for dinner and was heartily welcomed by the other scouts. After dinner there was a rest period followed by another swim and canoe riding. Supper was served and games were played until retiring time.

The next morning tests were passed on scouting and many took their 14-mile hike. At noon the scoutmaster of Troop No. 39, Mr. Hart, and his assistant "Al" arrived and were soon acquainted with the boys of troop No. 8. All went to Ottawa Beach and bought their candy and supplies for Sunday.

On Sunday all came to Holland for services and returned in time for dinner. After dinner a ball game was played between Troop 8 and Troop 39 but the score is uncertain. Sunday was also visitors' day and many visitors were received.

That evening Troop 9 started back to Grand Rapids. Troop 8 stayed until Monday morning. Those that had to work went in at 6 o'clock and the others helped break camp.

The camp was in charge of Scoutmaster Deto and Rev. G. L. Nye. All enjoyed being so close to nature and are ready for another hike at any cost.

"URBANS" TO MAKE WAR ON BUS LINES IN THE STATE

That the Michigan interurban lines intend to seek aid of the courts if necessary, to drive out of business automobile busses and trucks which carry passengers and freight for hire in direct competition with their lines was indicated this week in the hearings before the Michigan Public Utilities commission on application from bus owners for the right to operate over public highways.

Every electric interurban line in the state has been represented at the hearings, and in every case where a route covered the same territory as an interurban, the electric line has asked leave to file objections to the commission granting the bus line to operate. In the event the commission grants these lines permission to operate, it is the intent of the interurbans to seek injunctions on the grounds that the commission is permitting a common carrier to carry on unfair competition with the electric line.

About two years ago the Grand Rapids, Grand Haven and Muskegon Co. carried a case to the supreme court in which it sought to enjoin the operation of a jitney and freight line operated in competition with one of its branches. At that time the supreme court refused to act, holding that the "subject of regulating the operation of jitneys, trucks and omnibuses on the highways is one for the legislature and for the municipalities, and not for the court."

The Atwood law passed by the last legislature defines the bus lines as common carriers, and provides further that all previous laws regulating the operation of common carriers shall apply to the busses so far as they are applicable. It is the contention of the interurbans that the law relative to protecting the territory served by one common carrier from competition by another applies in the present cases, and they plan on going to the supreme court again if necessary, to decide the issue.

Negro Influx Causing Problem in State, Says Administrative Board

A report received by the state administrative board from L. Whitney Watkins, commissioner of agriculture, declared that the influx of southern negroes into Michigan is creating a difficult situation.

The report asserted that the southern lynching laws, the activities of the Ku Klux Klan and the unrest prevalent among young Negroes since the world war is sending them into Michigan industrial centers by the hundreds. It recommended that the administrative board authorize a committee to proceed with a survey and the preparation of plans to take care of the Negro population.

The recommendations were that Negro farm colonies be established in certain parts of the state.

That the immigration of Negroes be discouraged.

That some state body be authorized to keep in close touch with the welfare of negroes.

The report stated that some southern states are becoming alarmed at the departure of Negroes and the consequent effect it may have on the southern labor situation.

BOARD VOTES TO KEEP CONNELLY IN TWO OFFICES

Supervisor Peter G. Damstra, who introduced a resolution on the first day of the present session to get an opinion from Prosecuting Attorney F. T. Miles as to the right of Senator W. M. Connelly to hold the office of state senator and county road commissioner at the same time, was confirmed in his home with illness Thursday when the matter came up for consideration in the board. Mr. Damstra was kept home by the doctor's order and he tried through a fellow member to have the matter postponed until Friday but this was not successful. Supervisor Kleyn was also absent.

When the matter came up in Thursday's session the supervisors present voted unanimously to take no further action in the matter. By thus voting to bury the question raised by Mr. Damstra, Mr. Connelly's place on the board of county road commissioners remains unquestioned. The opinion of Prosecuting Attorney Fred T. Miles, in which he said without reservation that Mr. Connelly could not legally hold both offices at one and the same time, was placed on file by the Board of supervisors and thus is the end of the opinion. Mr. Miles gave a similar opinion to the Board of Supervisors some months ago and at that time the board acted in the same way.

When the question came up at the Thursday's session City Attorney L. H. Osterhaus of Grand Haven who is a member of the board for that city spoke briefly on the question calling attention to Mr. Connelly's good service on the board of road commissioners. He stated he believed that if the supervisors who introduced the resolution had any other motive than politics or perhaps personalities behind their action the board should know it.

Supervisor Damstra all along has denied that his action was motivated by politics or personalities. Mr. Damstra declared that in his opinion a public official should be the first to live up to the law and that if the law makes two offices incompatible a public official should not flout that law and thus bring the laws of the state into disrepute.

Mr. Damstra denied that he had any personal feeling against Mr. Connelly and admitted that the Spring Lake man was a very able official. But Mr. Damstra has taken the position that if the road commissioner and the board of supervisors are to ignore the plain provisions of the state law how can they expect the people of the county to live up to the laws that do not happen to suit them?

Muskegon To Bid For 1925 Exchange Club Convention

Exchange club members of Muskegon have their attention directed to the fact that the city is bidding for the 1925 Exchange Club Convention. The city is bidding for the convention for that city in June 1925. Believing that there is nothing like preparedness and realizing the strength of other state clubs which will be out to attract the convention to their respective cities, the Muskegon clubmen are not going to let anyone steal a march on them.

SAYS CONNELLY IS NOT LEGALLY ROAD COMMISSIONER

That Wm. M. Connelly is not legally holding the office of county road commissioner, that that office is in reality vacant and that a successor to Mr. Connelly may properly be appointed by the board of supervisors is the opinion Prosecuting Attorney Fred T. Miles, in a written statement, to the board of supervisors. The question was raised by Supervisor Peter G. Damstra, of Holland, a member of the good roads committee when he proposed a resolution asking for a written opinion from the prosecutor as to whether Mr. Connelly could legally hold the office of county road commissioner and state senator at one and the same time. Mr. Miles' opinion was presented to the board of supervisors Thursday and it reads as follows:

Gentlemen:—You desire my opinion as to whether State Senator Connelly is legally a member of the Board of County Road Commissioners of this county.

My opinion was requested by the Board on this subject at the January session, and given, pages 95-96, minutes of the January meeting; I have learned nothing since that time to cause me to change my mind.

The situation is, as I understand it, that Mr. Connelly was elected a member of the Board of County Road Commissioners by your board; his term of office had not expired on the first of January, 1923; at the November election in 1922 he was declared elected by the canvassers, to the office of State Senator; when the Senate met in January, 1923, he claimed to be a member of the Senate, was accepted by the Senate, and he accepted the office as one of its members, and drew his pay from the State of Michigan as such State Senator.

Our State Constitution Sec. 6, Article 5 reads as follows: "(N) person holding any office under the United States or this State or any county office except notaries public, officers of the militia and officers elected by townships, shall be eligible to or have a seat in either house of legislature; and all votes given for any such person shall be void."

This clearly indicates in the fundamental law of the state that people do not desire the entanglements produced by the same person holding incompatible positions. We therefore arrive at the question: Are

THE OFFICES COMPATIBLE. The Board of County Road Commissioners is a creature of the state legislature, the legislature provides for the creation of the board, the election of its members prescribes their duties, and indirectly provides for their compensation. We might imagine the possibilities if the entire State legislature were composed of a situation absolutely and fundamentally opposed to the American system of government.

The Board of County Road Commissioners performs its duties under and by virtue of the law as laid down to and for them by the State legislature. In other words the board is an administrative board.

In the case of Ryff vs. Kent County Clerk, 143 Mich. 349 it was held that a member of the State legislature could not become a candidate for membership in the Constitutional convention, largely upon the ground that the convention was created by the legislature.

In Murtha vs. Lindsey, 186 Mich. 79 it was held that a member of the State legislature could not become a

candidate for the office of circuit judge in the case of Attorney General vs. Common Council of Detroit involving the rights of Governor Pingree to act as mayor of Detroit all the principles involved in this situation are covered and it is there flatly decided that the office of Governor and that of Mayor of Detroit are incompatible. The illustrations might be multiplied.

If the legislature could and did create the board of county road commissioners they have power also to abolish entirely such board; or increase the power of such board for its members; or provide for an increase of their compensation; the legislature provides for raising large sums of money to be expended on highways and the money is largely spent by the State in conjunction with this board.

The general subject under discussion is covered very thoroughly by Bechem on Public Officers Chapter 4. This work was written before 1890, but all of the fundamental principles involved are covered, and Prof. Mechem leaves no shadow of doubt that such positions are incompatible, and that such acceptance of the latter office vacates the former. Under Sections 425 and 426 this author says:

"425—No Proceedings Necessary to Entice Vacation. As stated in the general rule, the acceptance of the second office vacates the first. No proceeding, therefore, by quo warranto or otherwise, is necessary in order to declare or complete the vacation of the first office, but it may be at once filled either by appointment or election as the law provides.

"426—Acceptance of Second Office is Conclusive of Officers Election to Hold that One.—Upon his election, or appointment to the second office, the officer has a right to elect which of the two he will have and retain, but his election must be deemed to be made when he accepts and qualifies for the second."

Mechem on Public Officers, Chap. IV, Sec. 425-426.

CONCLUSION
Sec. 4354 of Compiled Laws of 1915 provides among other things:—"Each commissioner shall hold his office until his successor is elected and qualified."

In my opinion this Statute would not apply to this or a similar situation; if the incumbent died; became insane; removed from the county; or deliberately abandoned the office by accepting an incompatible one and taking up the duties of that second office.

It is my opinion as it was in January, that our Constitution forbids this anomaly; and that the common law as pronounced by decisions by our own Supreme Court and the courts of other states condemn the holding of incompatible positions as being contrary to sound public policy.

I think the office is vacant, and a successor may properly be elected by your board.

Respectfully Submitted,
FRED T. MILES,
Prosecuting Attorney.

NOTICE TO CONTRACTORS For construction of about one-quarter mile of 16 foot concrete pavement, on the Conklin Road, running South from the Northwest corner of Section 25, Polkton Township to the pavement on the new location of T. L. 16.

Sealed proposals will be received by the Board of County Road Commissioners of Ottawa County, at their office in the Court House at Grand Haven, Michigan, until 10 a. m. Eastern Standard Time, Thursday, June 28, 1923, for the following described road.

Commencing at the South End of the nine foot concrete pavement on the Conklin Road at the Northeast corner of Section 25, running thence South 1084 feet to the concrete road on Trunk Line 16, Polkton Township, Ottawa County, Michigan.

The work will consist of shaping the road and surfacing with cement concrete.

Bids at Unit prices will be received for the road complete.

Plans, specifications and proposal blanks may be examined at the office of the Board of County Road Commissioners of Ottawa County, in the Court House, at Grand Haven, Michigan.

A certified check in the sum of \$200 will be required with each bid.

The right is hereby reserved to reject any or all bids.

Harm Roossien,
Plaintiff,
vs.
Peter Roossien, Martin Kleff,
S. R. Sanford, S. B. Pecks,
Hattie M. Hopkins, John W. Hopkins,
Galen Eastman and
Wm. M. Ferry, Defendants

At a session of said Court held at the City of Grand Haven in said county this 22nd day of June, 1923.

Present: Hon. Orlin S. Cross, Circuit Judge.

In the above entitled case it appearing by affidavit now on file that defendants S. R. Sanford S. B. Pecks, Hattie M. Hopkins, John W. Hopkins, Galen Eastman and William M. Ferry are not residents of said county, and that their whereabouts are unknown.

It is therefore ordered that all of said defendants enter their appearance in said cause within three months from the date hereof, and that within forty days from date of this order a copy of the same be published in the Holland City News, and that the same be continued each week for six weeks in succession.

Orie N. Cross,
Circuit Judge.

The above entitled case involves quieting of title to the following described real estate situated in the City of Grand Haven in said county to-wit: The West one-third (1/3) of the West one-half (1/2) of the South Fraction of the Northeast fractional quarter (1/4) of Section Twenty-one (21) Town Eight (8) North Range Sixteen (16) West, excepting the right of way of the railroad as it now runs across such parcel of land.

The Circuit Court for the County of
Ottawa—in Chancery
Twentieth Judicial Circuit
Suit pending in the Circuit Court for the County of Ottawa, in Chancery, at Grand Haven on the 29th day of May, A. D. 1923.

JOHN H. BOONE,
Plaintiff,
vs.
Upon filing the Bill of Complaint in this cause, it appearing that it is not known, and that the Plaintiff, after diligent search and inquiry, has been unable to ascertain whether the defendant H. A. Beardsley and his unknown heirs, devisees, legatees and assigns, are living or dead, or whether they may reside in living, or possible right to the real estate hereinafter described, has been assigned to any person, or persons, or if dead, whether they have representatives or heirs living or where some or any of their reside, or whether such title, interest, claim, lien or possible right to the said following described real estate has been disposed of by will, and that plaintiff has been unable, after diligent search and inquiry to ascertain the names of said persons included as defendants herein.

Now Therefore, on motion of Diekema, Kollen & Ten Cate, Attorneys for Plaintiff, it is ordered that the said Defendant, H. A. Beardsley, and his respective unknown heirs, devisees, legatees and assigns and every one of them shall enter his appearance in this cause within three (3) months from the date of this order and that within twenty (20) days, the plaintiff shall cause this order to be published in the Holland City News, a newspaper printed, published and circulated in Holland, County of Ottawa, and State of Michigan, and that such publication shall continue once each week for six (6) weeks in succession.

The above entitled cause concerns the title to the following described property located in the Township of Park County of Ottawa, and State of Michigan, known and described as follows:

The East twelve (12) acres of Lot numbered Two (2) in Section Twenty-five (25) Township Five (5) North of range sixteen (16) West.

Dated May 29th, A. D. 1923.

ORIE N. CROSS,
Circuit Judge.

Diekema, Kollen & Ten Cate,
Attorneys for Plaintiff.
Business Address: Holland, Mich.
The sole and only purpose in bringing this suit is to remove certain clouds from the record title on the following described premises in the Township of Park County of Ottawa, and State of Michigan, as follows:

The East twelve (12) acres of lot numbered Two (2) in Section Twenty-five (25) Township Five (5) north of range sixteen (16) west.

Diekema, Kollen & Ten Cate,
Attorneys for Plaintiff.

It is further ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Holland City News a newspaper printed and circulated in said county.

TENA HOLKEBOER EXPLORES UNKNOWN REGIONS OF CHINA

What might have been a serious accident occurred on the Holland-Grand Rapids road Saturday when Mr. and Mrs. John Smerage and children of Chicago narrowly escaped death when the car in which they were traveling skidded into a ditch and rolled over three times. A lost hood is said to be responsible for one of the wheels coming off. Mr. Smerage sustained a severe cut to his right hand which is the extent of the injuries. The car was driven under its own power to Grand Rapids for repairs.

Del Souter of Holland is in Butterworth hospital in Grand Rapids undergoing an operation to his hand. Last fall Mr. Souter had his hand severely cut in a buzz plane at the American Cabinet Co., and as a result the cords in the injured member were shortened so the hand was practically useless. Physicians say they can lengthen the cords, making the hand as pliable as before. Mr. Souter says that the company has done everything in its power to aid him in his injuries and now also is interested in his case.

The Holland City News comes out on Tuesday in order to be issued before the 4th.

The steamer "City of Grand Rapids" will leave Holland dock on the Fourth of July at 1 o'clock P. M. 50c round trip on this excursion.

There is considerable activity on the street where the city is laying water and sewer pipes. A trench digging machine is right on the job and this hopper outfit can scoop a trench faster than ten men. The operations are indeed very interesting. Here and there the diggers bring to the surface large roots, the only vestige left of some monarch of the forest that held sway on the spot long before Dr. Van Raalte came and possibly at a time when an Indian trail only led up to the waters of Black lake instead of a street from which the large stumps and roots were taken.

FORTY HOLLAND HIGH SCHOOL GRADUATING SENIORS WILL GO TO HOPE COLLEGE

That Seniors have pretty well developed plans for their future career, is proven by the responses given to a questionnaire put to them. Nearly forty expect to enter Hope College in September, and many others will attend the University of Michigan, Business College, Western State Normal, Albion College, Ferris Institute, Chicago School of Dentistry, and Notre Dame. Others will find places in business or industry for one year or longer, with the hope of attending college later. A few have already promises of permanent employment. And two girls—we wonder!

Seniors Plan

- Hazel King—Conservatory of Music at Chicago.
- Mae Hadden—Hope College.
- Maxine Boone—Hope College.
- Frances Spoelstra—Kalamazoo Normal.
- William Schmid—Hope College.
- Margaret Vander Hart—Kalamazoo Normal.
- Corra Knoll—Business Course.
- Marcelle Galentine—Hope College.
- Kathryn Vander Veer—Hope College.
- Gertrude Bazzan—Uncertain.
- Lois De Weerd—Business Course.
- Doris Merens—Uncertain.
- Margaret De Weerd—Hope College.
- Agnes Dogger—Business Course.
- Kay Dinkeloo—Uncertain.
- Winifred Dykstra—Business Course.
- Gertrude Bussies—Hope College.
- Harriet Heneveld—Hope College.
- Thelma Haas—College.
- Gertrude Wolfring—Uncertain.
- Ruth Hyma—Hope College.
- Mabel Lage—Hope College.

- Raymond Klaasen—Hope.
- John Knoll—Work.
- Russel Mulder—Hope.
- Lawrence Oosting—Hope.
- Kenneth Parish—Work.

other descent down hundreds of steps we came into the valley in which we have a chapel. Another half hour brought us in full view of the station which is situated all by itself on a hill which formerly was the site of a fortress. But what were those long lines of blue figures we saw in the distance. Our first thought was of soldiers, for they came suddenly in bands upon any village for robbery and pillage. We asked the chair-men who they were and they declared it was the pupils from our boys and girls' mission schools coming to meet us. And sure enough, there they came—the preacher, the school teachers and Bible woman in the lead. How good it did seem to see so many bright, clean faces beaming with welcome even before they greeted us. We quickly got out of our chairs and walked to meet them. Then began such a deafening thunder of firecrackers that it was impossible to speak, and so we were escorted to the compound. The preacher's family had killed a chicken and although we had taken food with us, there was nothing for it but we must join them in a

The next night was better, however, as we used a Chinese net, and so Saturday morning we got up really refreshed and ready for work. I made an early start for another station about 25 miles farther inland, while Miss Zwemer staid behind to do the work there. The scenery of this day's journey was far grander even than the previous one as the path was on the side of a mountain, one side of which went up for quite a height above me, and the other side was a steep incline of perhaps 400 feet into a deep gorge through which flowed a beautiful river, the other bank of which was made up of mountains even higher than the one along which our path led. It is impossible to give you any real picture of it, it was simply magnificent, and a wonderful inspiration to me. To thus realize some of the glories of God's beautiful world seems to bring the Creator Himself very near, and involuntarily you find yourself repeating, "Oh Lord, how wonderful, how manifold are Thy works—the earth is full of Thy riches." And then Jesus' words come to mind, "If God so clothe the grass of the field—shall He not much more clothe you?"—and God's tender care for His own becomes very real and very dear. It was truly a happy day.

At about six o'clock I arrived at my

Showing our party beside two large idols.

supper given in our honor.

Needless to say, we were very tired, and as soon as we could, got ready for bed. Both of us had been fearfully busy for the last week before leaving, and on the last night I didn't get to bed until midnight and was up at 5 a. m. in order to have everything in shape before we started. But here's where our troubles began! The bed was not more than four feet wide and was very weak and wobbly. For a mattress we had one thick quilt. That wasn't the worst, however. We had just gotten ourselves inside the mosquito net, and were weary enough to sleep under any conditions, it seemed, when we noticed that the mosquitoes were singing inside the net as well as outside. With my flashlight we investigated, and sure enough—several of the "measly" things had gotten inside! So we got to work killing them. Finally we tucked the net in again very carefully and settled down once more. But very soon we had to go through the same performance. The net was an old one and evidently no longer mosquito proof. But we fixed it the best we could for the second time and once more wriggled ourselves into place when, snap! one corner of the net broke down. Another delay, followed by more careful wriggling into place. But Sir Mosquito was not to be

destination, Poa-nia ("Half-way Up the Mountain"), a little chapel which is also used as a school building. They were not expecting me, so there was quite a hustle and bustle when I arrived, but the welcome was just as cordial for all that. I longed for a little rest and quiet, but the occasion was too rare a one for them to miss anything that was going on so the preacher's room, which was given over for my use, was crowded with a friendly, curious group until 9 o'clock. This place was up so high that there were no mosquitoes, and so I had a good rest, and felt ready for work the next morning. It was a good thing, too, for I took charge of all the services that day. The preacher asked me to give a talk in the morning, and as it was Easter I gave an Easter message. Later he came and asked whether I wouldn't take the afternoon service, too, as they so rarely had the opportunity of hearing the foreigner. I took a talk I had already given at other places. At both services we had about 125 people. Afterwards he came to me and said, "It is bright moon-light and the people who live nearer by would be glad to come again. Won't you give them a talk on prayer? They understand so little of its real meaning." I couldn't refuse, so both the preacher and myself gave a little talk in the evening.

In front of another temple—The Hofstra's, Mrs. Vande Weg and myself.

daunted, and so just as we were dozing off, there they were again. The part of the net near the mattress seemed stretched the most, so I suggested that we pin our wide under sheet on to the net as high as it would go. I had taken plenty of pins with me, so this performance was ex-gone through. Pinned in like that, but anything was better than mosquitoes! At last they seemed conquered, and with a sigh of gratitude we lay down to sleep. By this time we were really almost too tired to sleep, but each was careful not to disturb the other. When I finally turned over, I found Miss Zwemer lying with eyes wide open—as sleepless as I was. Another half hour passed, and slap! I killed another mosquito. I got up declaring I couldn't stand it any longer and just as Miss Zwemer was going to say the same—ugh, a mosquito flew into her mouth! We got up, re-made the bed, and then decided to lower the net down to within a few inches above our faces, as the top of the net was better. This last method proved effectual, and so, about three o'clock, we settled down for the last time, and actually did manage to get a few hours' sleep. Such a night! You can well imagine that neither of us was fit for much the next day—in fact, I had such a miserable headache I couldn't do a thing.

Between the services I talked with the various people, getting acquainted with each individually. I only was in my room for meals, and then was never alone, for it was too much of a curiosity to see how the foreigner would go. I had taken plenty of pins with me, so this performance was ex-gone through. Pinned in like that, but anything was better than mosquitoes! At last they seemed conquered, and with a sigh of gratitude we lay down to sleep. By this time we were really almost too tired to sleep, but each was careful not to disturb the other. When I finally turned over, I found Miss Zwemer lying with eyes wide open—as sleepless as I was. Another half hour passed, and slap! I killed another mosquito. I got up declaring I couldn't stand it any longer and just as Miss Zwemer was going to say the same—ugh, a mosquito flew into her mouth! We got up, re-made the bed, and then decided to lower the net down to within a few inches above our faces, as the top of the net was better. This last method proved effectual, and so, about three o'clock, we settled down for the last time, and actually did manage to get a few hours' sleep. Such a night! You can well imagine that neither of us was fit for much the next day—in fact, I had such a miserable headache I couldn't do a thing.

homes. The people here are very poor, and their homes were such wretched hovels. They can only eke out a mere existence on those steep mountain slopes. But it was good to see that among them there were several who were rich in the things of the other world. The preacher here is a very earnest man and knows the gospel thoroughly—this is very evident in all the fruit he has upon his work. After dinner we set out for the other station, the preacher accompanying me. We visited several other families belonging to his church on the way. This road was the steepest of any I have yet traveled. The men would carry until they couldn't any more, and then I'd climb until I couldn't any more, and so we took turns until we finally reached the highest peak in An-khoe (pronounced On-ko-a), about 2,500 feet above sea level. From there we descended again until we reached the valley in which our farthest out-station is found. As I was the second white woman who had ever entered so far, I naturally proved a great curiosity. How you would have laughed if you could have heard the questions I was asked. Here are a few of them: "Are you a male or female? Are you married? If not married, what are you?" (An unmarried woman is really inconceivable to them.) After I had explained as carefully as I could what kind of a creature I am, one woman asked, "Have you any children?" Of course, they had to watch me eat. I use their rice but I use a knife and fork instead of chop-sticks, and use peanut butter, jelly or something like that with it instead of their smelly vegetables. This was a great curiosity to them. And all the while there are exclamations such as, "How white her skin is!" "What red hair she has!" etc., and one woman kept saying over and over in an awed whisper, "What a large body she has." And whenever I got a chance to get in a word I tried to tell them why I had come, and how important was the message about the true God, inviting them all to come and hear more at the evening meeting. There are only about ten people here who go to church regularly—and these come together only for Bible reading and prayer, as they have no preacher—but curiosity brought a crowd of 60 out to the gospel-meeting. The Poa-nia preacher and I had agreed to talk on John 3:16, I speaking first and he finishing up. For about an hour and a half the crowd listened quietly while we told them of the love of God for a lost world, and of the Way, the Truth and the Life. The room in which we met wasn't as good as many a farmer's barn at home, and the only light came from my lantern which stood on an old rickety table beside me, so that the crowd sat practically in the dark. It was a good picture, I thought, of their spiritual condition—utter darkness—and I wondered whether our messages brought as much light into their souls as that which shone forth from the lantern beside me. "God, grant that the bright sub-light of His Spirit may shine in the hearts of many of those who heard," was the prayer which rose from my heart as the crowd scattered into the night.

Was indeed grateful for another night beyond the realm of the mosquito, for by this time I was so used to a bed of boards that I slept almost as well as on my own bed at home. I had scarcely had time to dress in the morning when several people again appeared, everybody inviting me to call at their homes. One brought a few eggs, another ran up with a couple bean cakes, and as I came downstairs they were tying up a live chicken to present to me! I tried to refuse, but there was no help for it—the chicken had to travel back with me. One old woman bewailed the fact that they hadn't prepared better food for me. She learned that I had only been given rice, and couldn't get over it, while if she could have read my thoughts, she would have known I was tickled all over that I had escaped any of their preparations. When they actually bring me things I never have the heart to refuse, but swallow it even if it almost turns my stomach inside out. Again I did the rounds of visiting the regular church attendants, trying in my feeble way to help or encourage or warn, as the need might be. By noon we were back at Poa-nia, having stopped about halfway at a little village where we brought a simple gospel message. After dinner I was on the go once more to another chapel eight miles away, but practically on my way homeward. Got there about 4 p. m. and met a woman who used to work for the T. A. hospital. She took me to visit the homes of the various church people and on the way we again invited the people we came in touch with to a gospel meeting. This village is a large market-place, and people are more in touch with the outside world, hence less innocent and open-hearted. The response we got from them was very cold, and I was surprised to find, when we met in the evening, that actually more than 40 people had come out. We had the same dingy little kind of a room and the same tiny light, but good attention. Whether the seed fell into good soil we do not know—results we must leave with God—but my heart was filled with thanksgiving for the privilege which was mine to witness for Him among those who probably have no other opportunity to hear.

It was well I had the memory of a happy day to take with me into the night, for there wasn't much chance to sleep! The only room they had for me was one which had no outside entrance, not even a window. There was a small barred opening into another room, and a door opening into a smoky Chinese kitchen. The room was almost pitch dark even by daylight. That wasn't so bad, however, but what I was wondering about was—what about fresh air? I decided to leave the door open, hoping for some kind of air, at least, through the smoky kitchen, at the expense of curious onlookers. Not only so, but I soon found that my chair-men were sleeping directly on the other side of that opening. There was nothing to cover the opening, so the only thing to do was to remain in the dark and

determine to get up before daylight. How thankful I was to have a flashlight! But the worst was yet to come. The bed was full of fleas! And I had again come into the region of mosquitoes, which succeeded in finding out the little holes in my old bed-net! And to cap the climax, the rats began to hold "high-day" up and down running along the top, etc. What was I to do? I considered getting up, but if I put on a light the men could see me from the other room. Besides, the rats would have an even better chance at me that way than if I stayed under my net. So I tucked in the net as securely as I could and in spite of the fleas in my bedding, the mosquitoes inside the net, and the rats outside of it, the Lord graciously gave me a few hours' sleep so that I was quite ready for the 15-mile trip to be taken in order to reach Miss Zwemer again. Believe me, it seemed good to see her. And the next day

we took our 20-mile journey over the two mountain ranges back to Tong-an, and home surely was welcome. The trip was rich in experience and the joy of going out in His name to bring the blessed news of salvation far outweighed any discomfort we had to go through. We both had many interesting and encouraging experiences to talk over on our way home. Miss Zwemer had taken the two nearer stations and also had many happy tales to tell. As she said, "If it only were not for the hard beds and rice three times a day, I'd like to be doing this work all the time," and I echoed her sentiment heartily.

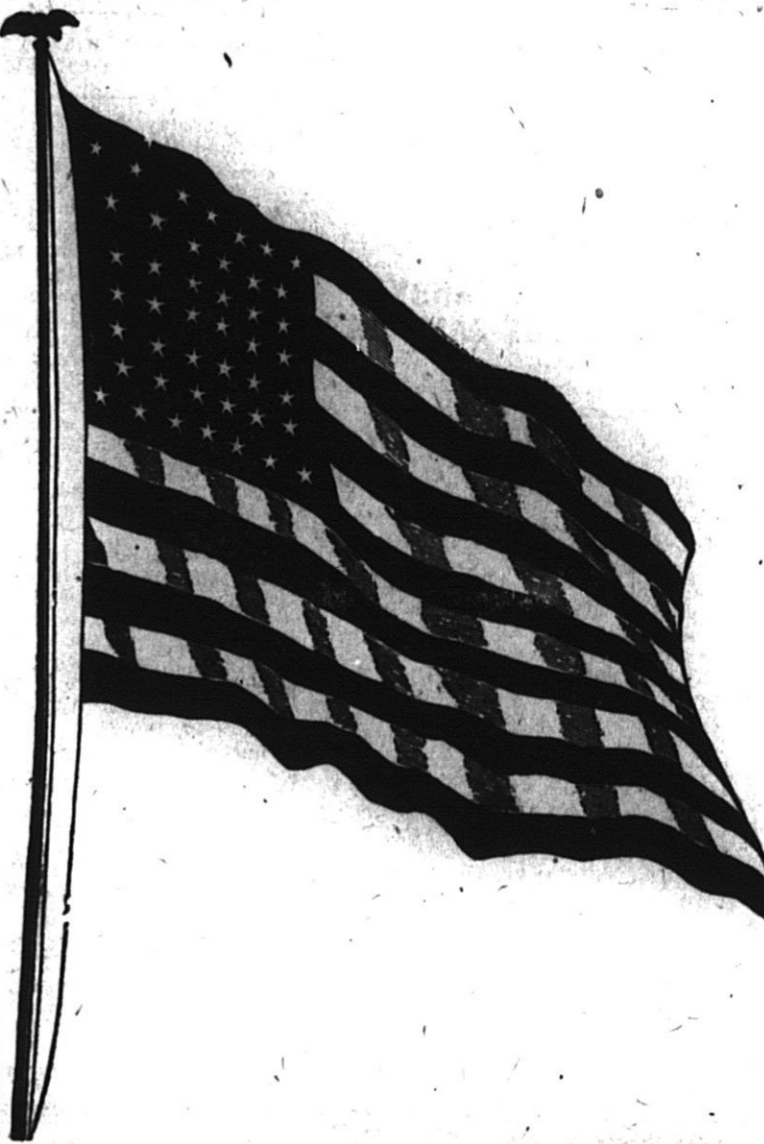

Let me close by asking you all to pray much for these out-stations in the mountains—the harvest here is great, but, also, the laborers few! Pray ye, therefore.

With love to all.

Sincerely,

Tena.

FOURTH OF JULY

THE QUESTION OF THE FLAG

"Are you for me or against me?"
Asked the Flag as it went by.
"We are for you! We are for you!"
Said the People in reply.
"We will follow where you lead us.
We are ready when you need us,
We have pledged our hearts' devotion,"
Said the People in reply.

"Are you for me or against me?"
Came the question from the Stars.
"By the war-clouds dark above us,
By our old wounds and our scars,
We are for you now and ever.
Bonds of love no foe can sever.
Hold us fast and bind us to you,"
Said the People to the Stars.

"Are you for us or against us?"
Called the White Stripes and the Red.
"By the great hearts of our heroes,
By the blood that they have shed,
We are for you, doubt it never;
We are for you, now and ever;
And our gold and strength and service
All are yours," the People said.

L'ENVOI

"I shall take your hearts' desire,
And your wealth of gold and land;
I shall take your souls' ambition,
And your work of head and hand;
I shall take away your nearest,
Your best-beloved and dearest.
Are you for me or against me?"
Asked the Flag as it went by.
"God be with us, we are for you!"
Said the People in reply.

—Fay Foster

Our humble Contribution to Patriotism

FIRST STATE BANK

STRAND PRICES TO CHANGE ON JULY 1

The management of the Strand Theater, beginning today, advance their prices slightly. This play house has been putting on some unusual pictures that have cost considerable more money. However the patrons have benefited thereby. Such pictures as "Brass," "A Sailor Made Man" by Harold Lloyd with Aesophs Fabrics trimmings, cost money, and surely the patrons would sooner pay a nickel more in order to have such class of pictures continue rather than get the mediocre kind. The admission prices as given out by Mr. Hanna are as follows: matinee—children 10c; adults 15c; evening—children 15c; adults 25c. The only change in the prices is a nickel raise in the adults' evening tickets. Surely not a burden for good pictures considering that in Grand

Rapids the same pictures are shown after they have appeared in Holland, for forty cents.

"JUNE DROP" IS BAD IN ALLEGAN COUNTY

It is claimed that the "June Drop" of apples and cherries throughout the fruit belt is greater this year than ever before. In the Grand Traverse region this loss of cherries is estimated at 50% of the crop. The drop is worst in orchards which last year suffered from shot-hole fungus, some of them having died. The apple drop is least in orchards where clean cultivation is practiced, possibly because that method conserved moisture that has been notably lacking this season.

The steamer "City of Grand Rapids" will leave Holland dock on the Fourth of July at 1 o'clock P. M. 50c round trip on this excursion.
