FIELD DAY HUGE SUCCESS AT FAIR GROUNDS

HIGHLANDERS BAND AND RACING EVENTS ARE RARE TREAT FOR LARGE CROWD

Judging from all indications a field day at Holland is going to be an annual event, because Wednesday afternoon about 500 people flocked to the fair grounds to hear the Scotch band and witness the racing events and the best part of it is everyone was satisfied the program being exceptional. The field day was held under the auspices of the American Legion the proceeds going to help pay the debt on the grandstand at Riverview Park. The fact alone that so many people could gather on such an occasion and have such a good time is enough to insure many more similar events in Holland. The Scotch Highlanders band, headed by Director Smith was out in full regalia and from the time they started to play the first number on their afternoon's concert until Bobbie Broilner closed the program with his famous Scotch songs the Highlanders were on top as being great entertainers. The racing events were well listed and highly exciting keeping the crowd on edge at all times.

Horse racing was first on the card and the initial heat of the race was won by Postmaster, driven by Casey Plaggenhoff, the time 1:09 1/4. Rosebud driven by Ernie De Haan was second and Lady Actine reined by Bill McQuaker went into third place. Three heats were run in the pace the results of the other two heats being as follows:

2nd heat: First: Rosebud—time 1:10 1/4; Second: Postmaster; Third: Lady Actine.

3rd heat: First: Postmaster—time 1:18 1/4; Second: Rosebud; Third: Lady Actine.

The starter for the races was Jack Schouten. The judges were H. Nichols and Dr. Prins. All the races were one-half mile instead of mile heats.

The bicycle races gave the crowd a real thrill. The first was for boys over 12 years and about 10 were entered. Elmer Van Lente won first place while Willard Ter Haar was second with Gerald Garvelink winning third. The prizes were \$5.00, \$3.00 and \$2.00 respectively.

The boys under 12 then raced and the outcome was as follows:

First: Andrew Hilder; Second: Marvin Prince; Third: Clarence Kammeraad.

The prizes were first, \$3.00; second, \$2.00; third, \$1.00.

A 50 yd dash was next run off Andrew Klompars acting as official starter.

James Tyse won a 25 lb sack of flour first place. Cornelius Unema got second place and was awarded an indoor baseball. Another ball was given to Arthur Vanden Bosch who came in third.

The boys under 12 years of age running in the 50 yd dash turned in some fast time.

Bernard Metzgar won the event and a \$1.00 prize. Charles Loomans and A. Klompars took second and third prizes respectively and they also received money prizes.

The horse running races furnished the most excitement of the afternoon. The feature was the spectacular showing of Fleet jockeyed by a lad in knee pants. The horse was second in the first heat and should have won the final heat. Mars David ridden by Cromwell took first place in both heats, the last race seeing the winner creep into the lead after a bad start. Other horses finished as follows:

First heat: time 59 seconds; Second place: Fleet; Whalen; Third place: Miss Liberty—Wilkes; Fourth place: Chocolate—Mitchell.

Second heat: Second place: Weed—De Haan; Third place: Miss Liberty—Wilkes.

The combination show class of horses gave the audience a chance to see some real spirited animals. Two lovely horses from the Brown stables at Castle Park gave a fine exhibition being ridden by drivers of real skill. This part of the program was thoroughly enjoyed by all.

The pastor of Trinity Reformed church Rev. C. P. Dame, will preach the last sermon of the series of sermons entitled, "The Realities of Life" next Sunday evening. The subject of the sermon is, "What is Real Religion?" This is the last sermon the pastor will preach before his vacation which begins next week.

OVERSEAS NEWS

Mrs. Arink fell in the house 4th of July evening and broke her hip bone.

Mr. Ben Brower of Oakland and Miss Minnie Essink from here were united in marriage last week Wednesday by Rev. G. J. Vande Riet.

Mr. and Mrs. Brower are going to live in Burnips where they rented a house.

We were richly blessed with a very nice rain.

Rev. G. J. Vande Riet declined the call from Platte South Dakota.

Mr. Ed Schaap was badly injured last week Tuesday when he jumped a deep ditch with his motorcycle. He lost control of the machine while traveling 35 miles per hour. Mr. Zoet of Filmore took the injured boy to Dr. De Vries who could give only first aid who also took him to the Holland hospital. There it was found that his bone was cracked from the ankle to the knee and his ankle was also smashed. It was found necessary to substitute pieces of silver for bones in the ankle Mr. Schaap is the son of Mr. John Schaap the McNeess man.

The 4th of July celebration was a great success this year. There was a bigger crowd than ever before. The Hamilton band furnished the music while the Wolverine Four of Grand Rapids took care of the evening program. Hope they will call again.

SCOTCH BAND SCORES BIG HIT AT HOLLAND

LARGE CROWD PACKS FAIR STAND TO HEAR WONDERFUL CONCERT

The Scotch Highlanders band from St. Petersburg, Florida gave a wonderful concert Wednesday night at the fair grounds. A crowd estimated to be over 3,000 turned out to hear the band and no one went home disappointed as the Highlanders music proved to be a rare treat. The Holland American Legion band and the Scotchmen played the first three selections together with John Van Vyven doing the directing. This combined band was by far the largest that has ever played in Holland and the music produced was of a high caliber.

The work of the soloists was especially pleasing. Mr. Board lyric tenor who sang so beautifully on the afternoon program was even better last night he being called upon for several encores. John Heney took down the stands with his clever work on the xylophone and Miss Dora Hilton also was a prime favorite. Bobbie Broilner who is another Harry Lauder, closed the program with his unusual Scotch songs which had mixed through them plenty of good humor. The American Legion quintet singing two numbers drew as much applause as any on the evening's program. They fitted in the concert as if they were made to order. The program follows:

SMALL ARMS REGISTRY IS NOW IN EFFECT

ALL FIRE ARMS NOT EXCEEDING 30 INCHES IN LENGTH MUST BE LICENSED

All owners of small arms less than 30 inches in length, and concealable about the person, will be required to register them with the chief of police of the city or sheriff of the county under the new state law. Blanks for such registry have been received and several owners of revolvers and automatics have registered theirs already.

According to the officers the registration applies to all persons except those in the military service. There was some question as to whether peace officers should have their weapons registered but all of them in this county have done so or will do so. The new law is very stringent and is severe on unlicensed carriers of concealed weapons. Applications may be made to Sheriff Fred H. Kamferbeek for county residents or to Chief Frank Van Ry by residents of Holland.

PROPOSE TO WIDEN TRUNK LINE EAST OF SPRING LAKE

Carl T. Bowen, county engineer, journeyed to Lansing yesterday for a conference with officials of the State highway department regarding proposal to widen the stretch of M-16 east of Spring Lake from the village limits to Welches crossing. This part of the road is but fourteen feet wide and traffic is very heavy upon it, and consequently drivers have much difficulty in passing and staying on the road. It is felt in the interest of the public safety that the road be widened to accommodate heavy traffic both to Grand Rapids and to the country club.

WAS THE MARE HUNGRY OR JUST TIRED

Wednesday afternoon at the fairgrounds a lad by the name of Charles Whalen riding a horse called Fleet furnished lots of fun and thrills for all present. Young Whalen let it be known before the race that he was riding a powerful steed and all the kids on the grounds envied him as he trotted his horse up and down the track. Many thought he was only riding for show but when the race started altho Fleet and her youthful jockey enjoyed a fair handicap they hit a merry clip. Around the half mile they came and down the home stretch, the kids in the stand going wild as their favorite held tight to second place. At the pole Mars Davis driven by the experienced man Cromwell took first place but Fleet was not far behind. The big laugh came in the final heat when Fleet was again entered. This time the kid got off with a flying start and held the lead until his horse came to the large barns near the race track. Here with the gate standing open the horse and driver headed in and dropped out of a race they would most surely have won as not a contestant was pressing them hard. Many think the powerful steed was hungry and stopped to put on the nose bag while others say Fleet was tired and didn't want to win. At any rate horse and driver had many ardent admirers after the first heat, young Whalen's every friend swarming around him and his horse. Young Whalen is the son of Mr. and Mrs. Frank Whalen of Maple Avenue.

LEGION MADE REMARKABLE FLAG SHOWING

Never before in the history of Holland has there been such a remarkable flag display as Saturday, Fourth of July. Not only were the flags properly arranged but artistically as well.

For two weeks Benj. Lievense, commander of the Willard G. Leenhouts Post of Holland, and his large committee have been busy soliciting business men, inviting them to place flags in front of their places of business.

For an entire week men have been at work on the solid concrete sidewalks making holes just large enough to snugly fit a flag staff.

It was necessary to drill 225 of these holes since that many flags were disposed of. It took the hole drilling committee just seven days to do this work, staying on the job from 7 a. m. until midnight, during that time. At last the arduous task was completed and the flags and staffs were next in order. These arrived on time and the large committee got busy at the Holleman-DeWeerd garage sales-room where all the flags were assembled and then the boys started out bright and early Fourth of July morning and by sunrise 225 flags adorned both sides of River avenue and Eighth street.

From the depot on the east and the Holland City State Bank on the west there were but a very few business places that did not show a flag, while in front of some stores there were two and sometimes three.

The same thing was true on River avenue from Centennial Park on the south to and including the Ottawa Furniture Co. to the north. One manufacturer on River avenue purchased eight flags, feeling that many were needed to decorate the front of the factory properly and in keeping with the rest of the display along the street.

The flag spectacle indeed was a very imposing sight and some of the city council men who at first opposed the placing of the flag, claiming that "Old Glory" would drag in the street and would thus be turned into a mop, were well satisfied after the flags were placed and they found that their fears were groundless. Some of the merchants who gave the Legion boys the cold shoulder earlier in the campaign hustled to headquarters on the morning of the Fourth and demanded flags by all means, stating that they did not know that the display was going to be so fine and worthwhile. Those who could be accommodated were given flags, but some will have to wait until more flags arrive. All those who gave orders for flags found them in front of their places of business at sunrise and at sunset a squad of Legionnaires might have been seen taking the flags down again. These have all been properly labeled and will be returned to the respective owners during the week. In the future, on holidays, naturally each business man will have to put up his own flag and take it down at the proper time, the Legion assuming this work only on this occasion.

Strangers who came through Holland on Saturday were especially enthusiastic over the flag display along the curbs. This new idea is surely the simplest and at the same time the best decoration that could possibly be put up. All the merchants must do is to bring out the flag, unfurl it, walk to the sidewalk and place the staff in the hole in the sidewalk drilled to the proper size so that the staff may remain rigid.

Commander Benj. Lievense received the assistance of a large committee and jointly the boys put the flag decorations over big and in time for Independence Day.

The committee was composed of the following men: Earnest Brooks, Mike Schoon, Jack Knoll, John Van der Werf, Tony Dogger, Peter Prins, Bertal Slagh, Charles Van Lente, Marinus DeFouw, Al Joldersma, Geo. Manting, Art Smith, Dr. A. Leenhouts, Dr. Wm. Westrate, Ben Lievense, Peter Michally and Al De Weerd. The DeVries & Dornbos and Holleman-DeWeerd trucks were donated in order that the large consignment of flags might be distributed in time.

The Willard G. Leenhouts Post, American Legion, deserves the thanks of this entire community for their untiring efforts in placing Holland in a class where the American flag is not only properly honored but also properly displayed.

BATTLEBALL IS TAKING HOLD AT MACATAWA

Battleball, the new indoor game which has caused a sensation in Europe during the last year, has been started at the Macatawa hotel. This game, which might well be termed table polo, and which is played on a table resembling a billiard table equipped with the necessary guns and goals, has proved highly popular in Chicago clubs during this past winter, and threatens to invade many of the summer resorts this season.

Teams have been organized under the supervision of Joseph Petelle, national battleball promoter, and these will compete in a battleball tournament to be held in the hotel on June 11. Free practice is held in the ball room every afternoon, in preparation for this contest.

All cottagers and guests who are interested are invited to make use of the new table, free of charge, by the Macatawa Hotel management.

FLAG RAISING AT LOCAL SCHOOL SUCCESSFUL

The flag raising exercises held at the Holland Christian High school 4th of July morning were attended by a large gathering, and now at the foot of River Avenue flies Old Glory in all its splendor. The flag pole was donated by the graduated class of 1925 as a memorial to the school, while the flag was secured through the efforts of Richard Ash, who also had the honor of raising the flag to the top of the pole while the audience sang the Star Spangled Banner, led by the American Legion band.

The parade before the flag raising took place was also a decided success, being headed by a standard bearer carrying the flag while others carried banners. Following them came the American Legion band. Many of the school children also joined in the parade. Most of them carried flags or were decorated with red white and blue streamers. The flag which was raised was carried by the girls of the donating class who followed immediately behind the band. The Holland Drum Corps was the last in line, playing many stirring martial airs.

Mayor Kammeraad in his speech cited that the flag follows education and education follows the flag. "As American citizens," the speaker said, "we are free and govern ourselves; which is a great blessing and which is also a direct result of education and it thrills not only me but also the community when the pupils who are receiving an education, recognize that Old Glory made it possible."

Rev. J. M. Vande Kleet gave a very interesting and inspiring address on the subject, "Christian America."

The program which was given is as follows:

President of the Div. Anthony Rosbach; Opening with Prayer, Rev. J. De Haan; Speaking, Mayor Kammeraad; raising of flag, singing "Star Spangled Banner," music by Legion band; speaking, Rev. J. M. Vande Kleet; singing, "America," closing, Rev. L. Veltkamp.

(Address delivered by Mayor Kammeraad at the recent flag raising exercises at the Christian high school.)

Ladies and Gentlemen:

I have always considered it very fitting to display the American flag prominently on the grounds of any school for the simple reason that the flag follows education and education follows the flag. The two go together and belong together.

The American flag is the symbol of American democracy and without education democracy could not have come into being and without it democracy could not continue to exist. It is possible for a nation of uneducated people to keep together if some despot has absolute rule over them; but when each citizen is like a king and has as much power through his vote as every other citizen, then it becomes necessary that there shall be popular education. When all of us are rulers, as it were, and take a part in the government of our country through our votes it is necessary that there shall be universal education.

And so I say that the flag follows education—the American democracy would have been impossible without popular education and hence the flag would have been impossible. And on the other hand, popular education follows the flag. Since America took over the Philippines a little over a quarter of a century ago, the American public school has completely changed the islands and have brought to the natives the blessings of popular education. And that is the way wherever the American flag goes. American democracy believes in education and the flag stands for education.

And so it is appropriate that all through this broad land the Stars and Stripes shall be displayed in every school yard. Not only is it right and proper that our children, from their earliest youth up, shall be familiar with the flag and what it stands for, but it is fitting that they shall become chiefly familiar with the flag in their childhood years at school. It is wholesome that the children shall early learn to associate together in their minds education and the flag as two things that naturally belong together in a nation in which the people rule. The boys and girls may not reason this out and they may not fully understand it at the time, but it is right that the presence of the Stars and Stripes at the school where they get their early training shall be a constant reminder to them that the blessings of freedom impose on them the responsibilities of education.

And that is what I chiefly want to say in connection with the dedication of this beautiful flag on these grounds. As Americans we are free and we govern ourselves. That is a great blessing which perhaps not one of us can fully appreciate because we have never known what it is to be under the yoke of a despot. But that freedom is not only a great privilege but also a great responsibility. Each one of us must strive to become and always remain worthy of that freedom, and the best way we can do that is to make education take a great part in our lives so that we may all be ready to assume the burdens connected with intelligent popular government.

I hope that the pupils who will look upon this flag from day to day will be inspired by it to become better citizens and better men and women when they grow up. I believe in patriotism but I also believe the best kind of patriotism is to work for one's country rather than to shout for it. Many people like to shout for the flag and they seem to think that that is all that is needed. The true patriotism demands that we shall try to develop ourselves into intelligent men and women who, with God's help, will be able to take our part in the affairs of city, state and nation. That is what the flag in a school yard should mean and that is what it will mean here if we take to heart the true lesson of the raising of the Stars and Stripes on this birthday of the Republic.

HOLLAND BANGS OUT WIN OVER THE ALPHAS, SCORE 8-0

The Alpha Creamery team of Muskegon fell before the Independents Saturday morning when the locals bunched their heavy hitting and tallied eight runs. Vander Weer and Vander Bunte started out to have what looked like a real pitching duel, but after Vander Wier was yanked in the third, Holland jumped into the lead. Two errors and a hit turned in to two runs in the fourth. G. Batema, who pounded out four hits, singled and Hoover also reached first base safely. Westerhoff then dropped Woldring's fly and after the Alphas were through throwing the ball around Holland had a two run lead. Five more runners crossed the plate in the fifth, Spriggs, Jappinga, Ashley and G. Batema all clouting out hits. With the bases fully populated Woldring smashed a hit to the left field fence which went for two bases and counted three runs. Achenbach who relieved Anderson yielded another run in the seventh, G. Batema making the rounds.

Vander Bunte hurled the best game he has turned in this season, striking out the first two men to face him and turning seven others back the same way in later innings.

CONROY COALS BEAT FORDS BY 7-2 SCORE

The Conroy Coals, leading amateur team of Grand Rapids, proved to be too fast for Holland's Fords Saturday afternoon and the local team was forced down in defeat by a 7-2 score. Riker, visiting hurler, kept Holland at bay all the time, allowing but one hit, while his mates fielded and ran bases like veterans. Wierda, who went the entire route for the Fords, was nicked for 8 hits and backed by ragged support. Kiles at second base was sorely missed by the locals who seemed to be unable to play the class of ball they are capable of dishing out. Holland scored two runs in the sixth while the Conroys scored consistently during the first half of the game.

Lefty Anderson, Sam Baker and several others are said to be replaced by new players. Allegan will be strong enough to give plenty of opposition and a regular battle is looked for. Benton Harbor will come here on Saturday and the game is scheduled for 8:15.

ECHO OF ALLEGAN MILK CASE HEARD

That it would be unsafe to intrust its records with Marvin G. Height, a former secretary of the Allegan Milk Producers' Association, is one of the allegations set up in the answer of the Otsego Sanitary Milk Products Co. to a motion made in the suit brought against it by Height seeking to compel the company to turn over its books to Height for examination.

The Otsego firm also alleges the Allegan Milk Producers' Association no longer is in business and argues there is no reason for making William J. Barnard, president of the association, a defendant to that suit. It further alleges the plaintiff's motion to transfer the case from the jury calendar to the chancery side of the court is a subterfuge to put the case where it will be decided by the court instead of by a jury.

He nearly wore his feet out with walking but expressed his pleasure in true dog fashion upon seeing his master again.

A mishap took place on 4th of July morning, at the Christian high school, just before the flag raising took place. The chain which held the bottom end of the flag was broken in some way, when the flag had been run up to the top of the staff in a try-out before the exercises. Old Glory had to be brought down, and Adrain Westerhof volunteered to climb the pole, which he did bringing down the Stars and Stripes, receiving generous applause from the audience for his efforts. No further difficulties were experienced in getting the flag properly raised.

A large number of local fans at the Allegan-Holland game Tuesday night got quite a kick out of razzing two Allegan fans who were chased from the visiting players' bench and made to sit in the stands because of their loud remarks about the home team.

The Odlin cigar is being advertised in a peculiar manner in Holland. A short man dressed in a red coat, yellow trousers with a wide black stripe and a blue derby is parading the streets. He carries many signs on his person besides a large satchel and he is smoking a big cigar which we imagine is an Odlin. The man has all the earmarks of having come from Barnum and Bailey's clown force.

Holland has not up to this time been advised by the commission or the Bell Telephone Co. as to the amount of increase in phone rates here. The increase in Grand Rapids however seems to be known as figured by city manager Fred Locke who says that from an engineer's survey reported by the State Public Utilities commission Grand Rapids will have to face a raise of at least 20 per cent.

Jacob Fria, of the Fria Book store and newstand took all his Grand Rapids Press carriers to Grand Rapids Tuesday. The boys left on a large Greyhound in the morning and returned in time to carry the papers at night. ANOTHER MAN

BREAKS NECK IN NORTH OTTAWA

Spencer Clark, aged 40, of Coopersville, as brushed from the top of a load of hay on the Colon C. Lillie farm near Coopersville, breaking his neck and dying instantly Monday morning. Mr. Clark was a former resident of Spring Lake and Grand Haven and was a brother of J. E. Clark of Miami, Fla.

The Lillie farm is managed by Simon Misner and Mr. Misner's son was driving the big rack of hay into the barn at the time the accident occurred. The horses were being urged up the incline at a smart clip and Mr. Clark evidently didn't realize that seated on the high piled load of hay, he would strike on the joist unless he was in a prone position. He failed to move and was brushed down.

A call was put in to the sheriff's office and Coroner H. J. Boer of Grand Haven was called. He rushed to the scene and took charge of the affair. The body was immediately taken to Coopersville and later will be taken to Marne for burial.

Mr. Clark is survived by his wife and four children. In addition to the brother in Palm Beach who was immediately notified, J. E. Clark was a prominent contractor and father of Chauncey Clark who succeeded his father in the building business.

COAST GUARDS

PUT IN BUSY

THREE DAYS

Coast guards on both sides of Lake Michigan in this particular section of the lake were busy Saturday looking for the speed boat "Succetta" of Racine. The "Succetta" left Racine Friday, put in at Milwaukee because of stormy weather and then hiked for White Lake Saturday, making the trip over in four hours. It entered the races immediately. The pilot of the "Succetta" however forgot to telegraph home of his safe arrival and after a reasonable time coast guards were notified.

Power lifeboats immediately set out from Kenosha, Milwaukee and Racine while Muskegon, Grand Haven and White Lake boats left. The Milwaukee boat crossed to White Lake, the Racine boat to Muskegon and the Kenosha boat to Grand Haven. The craft however were on a wild goose chase for the boat they were seeking was safe in White Lake.

The Grand Haven Coast guards in their power lifeboat and the Muskegon coast guards in theirs were on the scene of action at White Lake on Friday, Saturday and Sunday and saw much action. Capt. William Preston of the Grand Haven station was in charge of the Grand Haven boat with Capt. Gatifield of Muskegon in charge of the other craft.

Assisting in pulling in racers with ripped planks engine trouble and fishing drivers of one of the sinking boats out of the lake fell to the lot of the coast guards. There was also harbor police work which included getting intruding yachts and motor boats from the race course.

Miss Helen Rydorp is visiting with friends and relatives in Ottawa county after spending several weeks in secretarial work at Camp Grey, near Saugatuck. Y. W. C. A. conferences at Camp Grey have been attended by representatives from several states.

Miss Rydorp, who is well known, is a daughter of John Rydorp of Sturgeon Bay, Wis., a former resident of Grand Haven.

Miss Rydorp, returned in April from China where she spent five years in Y. W. C. A. secretarial work. She has been stationed during most of that time in Shanghai and altho she left China before the present outbreak started, she went through the Shanghai rebellion several months ago, and had some real experiences.

With Woodhouse, former Kazoo Elk pitcher having one of his best days and his mates clouting the ball at opportune times, the Allegan team walked off with another victory Tuesday night, the final score being 5-1. As has been the case many times this season, Holland had quite a number of chances to score but fell down when needed hits were lacking. Fred De Young was touched for 9 hits, only one being for an extra base, but these hits came with men waiting to score.

Swartz's gang got off with a two run lead in the first frame when a pass to Shawl, coupled with hits by Baker and Wentz, shoved the runs across. Righter hung up the third run when Meyers singled him home after he had got to the hot corner on infield outs.

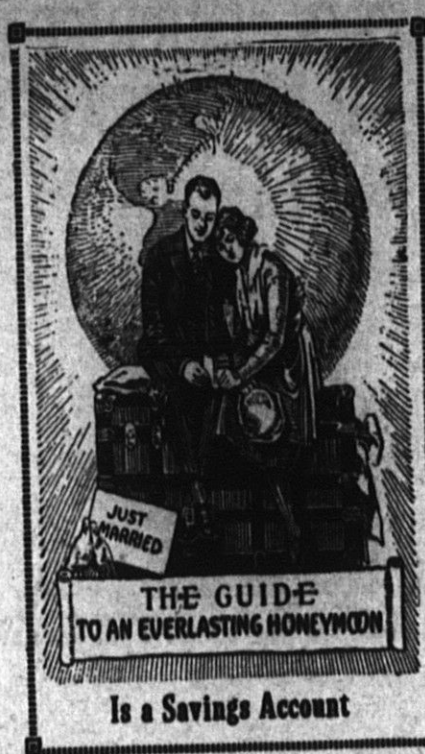

One run in each of the fourth and fifth innings ended Allegan's scoring. Both of these were scored after Holland had put two men out, one being a result of an error the other coming from clean hitting. Holland's lone tally came in the fifth, G. Batema, racing home when Loyne failed to get Shawl in what should about 35 hits in the previous two contests but they seemed luckless against Woodhouse last night.

Benton Harbor is the next visiting team scheduled to play at Riverview Park, the game being called for a 6 o'clock Saturday.

The out-of-town guests were: Mr. and Mrs. W. R. Martin and daughter Anna, Mr. and Mrs. Mahr and daughter Hazel, Mr. and Mrs. F. L. Burkle, Mr. and Mrs. C. Tragnitz, Mr. and Mrs. W. C. Tragnitz, Mr. and Mrs. O. Larsen, and Mrs. A. M. Swenson and children, Willard Irving and Adele, all of Chicago.

The family of Mrs. Adam J. Westmaas, stationed with her husband and baby at Leng-na in the province of Fukien, China, as Reformed church missionaries, has just received a letter from her which because of its silence about the war conditions in China has been very reassuring.

Mrs. Westmaas was formerly Miss Nellie Koppenaal, 44 E. 19th st. In her letter, which is dated May 31st and which was therefore written about five weeks ago, Mrs. Westmaas fails to say a word about the military operations. She writes that all are well and the letter is cheerful, giving the impression that at the time it was written there was no danger.

A new way of sending children by express, as it were, from one city to another has been devised. If it is necessary to send a child to some distant city and it is impossible for an adult to go along, call on the Red Cross and that organization will do the business and will see to it that the child arrives at its destination.

Mrs. G. J. Van Duren of the local Red Cross office took part in such a bit of work the other day. A nine year old girl was being sent from a distant place to Montague. At Chicago the Travelers' Aid Society wired Mrs. Van Duren as follows: "Mary Goryl, nine, tagged, arrives Pere Marquette 4:30 this afternoon en route Montague. Assist make connections."

Mrs. Van Duren met the 4:20 train from Chicago, found Mary Goryl, identifying her by the tag on her breast, and took her off the train. She waited with the child at the station for about an hour until the Montague train pulled in, put her safely on it and gave the conductor instructions to put her off at Montague.

Ottawa county Deputy Sheriff Marvin Den Herder, assisted Mary Webster, a young girl of 13, in rescuing James Quinlan, 9 year old son of Senator and Mrs. Quinlan of Grand Rapids, from drowning in Spring lake when the canoe in which he was paddling overturned Tuesday.

While adults and children on the dock at Strawberry point were screaming for help she swam to the rescue, dove and rescued the boy from the weedy bed of the lake and towed him to shore.

Chief Deputy Sheriff Marvin Den Herder, who had sprinted from the country club a quarter of a mile away upon hearing the screams of the onlookers, arrived in time to help pull the boy from the water and gave respiratory aid which was successful in bringing him to consciousness.

The officer was loud in praise of the young mermald whose heroic work saved the boy's life. Miss Webster was very modest about her action and beat a hasty retreat when applauded for her work.

Miss Webster lives at Oberlin, O., and is resorting at Spring Lake.

Mr. H. J. Klomparsen of Hamilton, has the distinction of being the oldest delegate who attended the last republican convention in Allegan (a fact noted at that time) and now he has the added and novel distinction of being the youngest and most enthusiastic boy who attended the John Robinson circus in Allegan. There is nothing that will better help one to attain a vigorous, ripe old age than keeping young while growing old. It is the wish of his friends that Mr. Klomparsen may attend many other Republican conventions before he passes the century mark and that he may attend as many circuses as he desires ere he passes out of his teens.

Dr. and Mrs. Rigerink and their daughter, Miss Julia, motored to Macatawa park, where they called on Mr. and Mrs. Marvin Brower in their cottage, then on to Saugatuck and across the ferry and over the hills to Camp Grey to call on some lady friends of Miss Rigerink, thence to Douglas and the lake shore and back home by the way of New Richmond.

DR. S. M. ZWEMER HAS GONE BACK TO AFRICA

Dr. Zwemer's presence in England during the May meetings seems to have created great interest, and as one result there is a decided increase of interest in missions to Mohammedans. It already seems certain that several of the Mission agencies will undertake to begin work in localities at present lacking any missionary effort. In a letter received by Dr. Chamberlain, dated London, May 20, the outline of Dr. Zwemer's whirlwind campaign is indicated, and from it the following extracts are taken:

"Dr. Zwemer has now completed his mission to England, having sailed for South Africa on Friday of last week, and I hasten to write to you to say how complete a success that visit has been. He arrived here in time to begin a heavy program on April 22nd, between which date and May 15th he addressed thirty-four meetings, ranging from Albert Hall meetings of 12,000, several Queen's Hall meetings of 3,000 each, down to smaller gatherings with modest hundreds of attendants. In addition to public meetings we were able to arrange that he should meet the boards of the Church Missionary Society, the Society for the Propagation of the Gospel, the Wesleyan Missionary Society, and the London Missionary Society. He also fulfilled important preaching engagements. With the exception of a series of meetings in Derby and Bristol over two week-ends, all his engagements were in London.

"He was received with acclamation by all classes and all schools of thought. The Archbishop of Canterbury did him the honor of presiding at the meeting of the Society for the Propagation of the Gospel where he spoke, and very considerable kindness was shown to him on every hand. Altogether he met representatives of fourteen denominations working in lands where there are Mohammedans. "He was able to bring home to each group its own particular responsibility, whether they are at present meeting it or not, and the outcome is going to be all round advance. Indeed, several societies are already giving preliminary consideration to the question of what steps they must take to more adequately fulfill their responsibility to Moslem lands.

"Our press bureau did exceedingly well for him. A number of his addresses will be republished in the various missionary magazines, and I hope it may be possible to get out a book for him through the society for the Promotion of Christian Knowledge. We also hope that 'The Moslem World' may have secured a number of new friends through Dr. Zwemer's visit. The magazine is not circulated in England nearly as extensively as it deserves to be.

"The committee in charge of the arrangements for the annual conference of British Missionary Societies have decided to give the Moslem World a central place at this year's conference. That in itself is some indication of the great impression Dr. Zwemer's visit has made. It is hardly necessary to add how great a privilege it was to be drawn a little into Dr. Zwemer's company while he was making his headquarters at Edinburgh house, where we placed a room and a clerk at his disposal, so that his ordinary work might not be too great a burden in view of the very heavy program he had arranged. He came through the somewhat overwhelming task looking fresher than when he started. I do envy his physical, mental and spiritual effervescence."—Christian Intelligencer.

HOLLAND IT SEEMS

Chambers of Commerce of the cities in the fruit growing sections of the state are being asked to aid in financing the prospective national campaign to advertise cherries and berries, and indications are that extensive co-operation will be given according to J. H. Pound, secretary of the Benton Harbor chamber, who has sent letters to secretaries of other chambers urging them to support the government. "Real prosperity for our section means we must have fair prices for our farm products, particularly our fruits," Mr. Pound wrote.

Allegan Man

Lands Big Bass With His Foot

Allegan Gazette—This is the time for fish stories, but so far none have been broad-casted equal to the tale of Ned Killian catching a fish with his foot, a classic of fish yarns even if now a bit ancient history. It appears that Mr. Killian was a member of a fishing party on the treacherous waters of Schermerhorn lake, and, the day being damp and Mr. Killian justly proud of his expensive and "nobby" sport rig, he had provided himself with newspapers to protect his immaculate trousers from the wet heat of the boat. Grover Tripp hooked a fine bass and Mr. Killian generously seized the landing net to aid in the capture. In some way he lost his balance, the pole was torn from Grover's hands, there was a loud howl and a mighty splash, and Ned was churning the water in a desperate effort to swim back to the boat. As he swung his leg into the boat he landed the fish with his foot. It appeared that a hook of the artificial bait had become entangled with his shoestring, and the fish, pole, and line were retrieved. The state of his prized garments were mitigated by the unusualness of the feat (or feet), but his rising pride was as badly dampened as his costume when he found that the water was only waist deep and his spectacular swim was unnecessary. Who knows a more remarkable story?

FORDS TOOK ANOTHER GAME IN CITY LEAGUE RACE

The Fords took another game in the City League race Monday night when they trimmed the Warm Friends by a score of 21 to 1. Manager Reamy of the Friends has a fair team in the making but they are still in the rough. Errors and loose pitching caused their downfall Monday. Manager Reamy cracked out a hit and made several nice catches in center field but his mates gave him little assistance. All the Fords hit in perfect order triples, home runs, double and singles—all being listed. The batteries were for the Warm Friends—Van Oss, Jacobson and Fassen; for the Fords—Bekken and Van Overweg.

36 VOTERS AT THE CAUCUS MONDAY NIGHT

A fraction of one per cent of the legal voters of Holland nominated the six men who are to stand for election as members of the board of education. The exact percentage of citizens who came out to express their opinion as to who shall have a say in the expenditure of a couple of hundred thousand of the people's money the next year is hard to figure out because the number was so small that if much figuring is done it might be in danger of vanishing entirely. But it was only a fraction of one per cent as over against about one and one half per cent last year.

The total number of votes cast was 36 while the total voting strength of the city is approximately 5,500. The retiring members of the board were Dr. A. Leenhouts, George Mooi, and Henry Winter and all three of them were re-nominated for another term of three years. The ballot requires three other names and the ones chosen were Wynand Wichers, Sears R. McLean and Wm. Arendshorst. The usual rule was followed of placing three names on the ballot and the six highest were selected as the nominees. There were three men for the sixth name, Mr. Arendshorst, Wm. Westveer and Benjamin Du Mez. Another ballot would have been necessary if Mr. Westveer and Mr. Du Mez had not withdrawn their names.

The caucus lasted about 20 minutes. S. R. McLean was chosen chairman of the evening and G. H. Laeple secretary. Wm. Westveer and Wm. Arendshorst were appointed tellers.

The names selected at the caucus Monday night will be placed on a single slip and the voters on next Monday afternoon will be asked to go to the city hall and select three of the six as the school trustees.

The committee of the Masonic temple building association in charge of the chautauqua that will be in Holland July 16 to 21 is making arrangements for the sale of season tickets for the series of entertainments. The tickets have been placed on sale at every drug store in Holland and can be secured there.

TO TAKE PUPILS

AFTER YEAR OF MUSIC IN NEW YORK

John Lloyd Kollen, who spent the past year in New York doing special work in music, has returned home after making a visit to Maine and Montreal. Mrs. Martha D. Kollen returned a few weeks ago but her son remained in the east and as a lark "autobummed" his way through New England and along the St. Lawrence to Buffalo where he shipped for Milwaukee and thence home.

Mr. Kollen will open a studio at his home on Thirteenth street and will take students in piano there.

BIG SUMMER

RESORT SCHEME HAS FALLEN THRU

Early this season Holland folks were speculating as to just why Isaac Kouw local real estate dealer, was securing options on nearly 3,000 acres of land between Mactawa Park and Saugatuck.

Ford was coming with one of his plants, the government was to start an airplane factory and a testing grounds, the U. S. Steel Co. was to put in a large plant here, and the last rumor was that a large syndicate purchased all the ground for resort purposes, and intended to put down a highway of concrete, fifty feet wide running near Lake Michigan. The farmers, some 70 of them, were paid cash for their options, but many of these options have expired.

When Mr. Kouw was seen he did not seem very enthusiastic over the proposition any longer, but judging from his conversation the launching of the large resort proposition did not seem very hopeful.

The state press even goes further and states that the resort bubble has broken.

WAS THE FIRST TO PAY TAXES

To Peter Jansma of East 14th St. belongs the honor of being the first to pay his taxes. Jansma paid taxes on behalf of himself and Tienie Jansma and in order to be first he was at the city treasurer's door five minutes before the offices opened Monday morning. Very soon after he arrived John Tripp also came upon the scene and he was second in line.

City Treasurer Bowmaster announced Monday that the rate for the mid-summer taxes is \$23.42 per \$1,000 valuation. This announcement will make it possible for property owners to figure out the amount they will have to pay. The office hours of the city treasurer will be from 8 a. m. to 5:30 p. m., except on the Saturdays before the 15th of July and August and on the 15th of these two months when the office will be open until nine at night.

FORMER HOPE MAN TO GO TO MICHIGAN

The Northfield, Minn., News has the following about Dr. Bruno Meinecke, former professor of Latin at Hope college:

"Dr. Bruno Meinecke, professor of Latin at Carleton, has accepted a position in the department of Latin at the University of Michigan. Dr. and Mrs. Meinecke and children, Elaine, Tristan, and Philip, left this week for Grand Rapids, Mich., to visit Mrs. Meinecke's mother. After several weeks at the lakeshore at South Haven they will visit other relatives and friends in various places in Michigan before going to Ann Arbor to make their home.

"In returning to Michigan, where he earned his master of arts and Ph. D. degrees and where he taught before coming to Carleton, Dr. Meinecke accepts a position especially created for him in the department of Latin. Besides other courses in Latin he will offer two new courses at the university: Medical Latin, in which he has conducted research and study of recognized merit, and Medieval Latin, a prerequisite course for advanced history and English students.

"Dr. Meinecke has made an interesting study of the medicine of the ancients and is making a distinct contribution to medical science as a result of this research. A treatise on tuberculosis as revealed by his classical study was recently included as part of the first volume of a medical encyclopedia, 'Epidemiology and Public Health,' published by Dr. Victor C. Vaughan, noted scientist who for thirty-five years was dean of the college of medicine at the University of Michigan and is now chairman of the division of medical sciences of the National Research Council.

"Continued study and work along this line, which promises an unusual and valuable contribution in both scientific and classical fields, will be afforded Dr. Meinecke at the University of Michigan in addition to his teaching work.

"Two brothers of Dr. Meinecke, Mrs. Meinecke's mother, other relatives, and many friends and former associates are living in Michigan, so that the return of the family there will be in the nature of a homecoming for them. However, Dr. Meinecke's departure and that of this charming family will be a real loss to Northfield.

"Dr. Meinecke has served as chairman of the department of Latin at Carleton for three years, during which time he has won the love and respect of his students by his fine personality and unusual intellectual and educational endowments. Music and education formed an important part of his career and since coming to Carleton he served for a year and a half as director of the Conservatory of Music, during which his efforts were expended toward building up the department. His conductorship of the college symphony orchestra, proved of especial value as an artistic contribution to the life of the college. A violinist of considerable attainment himself, he has also played frequently at community affairs. Besides other college and educational societies, he is a member of the American Association of University Professors and of the American Philological society."

INTERNATIONAL

C. E. CONVENTION AT PORTLAND

Recently Christian Endeavor societies in the different states held their state conventions. Now the international convention is being held at Portland, Oregon, and quite a number of delegates who attended the Michigan convention at Flint are also attending the one at Portland.

Some of the more serious questions confronting the international Christian Endeavor convention for decision were made public Monday and include a range of moral, religious and ethical problems that reach from the fundamentalist-modernist controversy to rolled stockings.

Some of the more serious problems programmed for consideration are:

Is it necessary to be a fundamentalist to be a Christian?

Can the church supply enough recreation for the average young man or woman of today?

Is it immodest for a young girl to appear in public in a one-piece bathing suit?

Should golf and other sports be engaged in on Sunday?

How can enforcement of prohibition best be aided?

Can a Christian Endeavor girl wear rolled stockings?

Must all races mingle on an equality?

It was estimated that 3,000 persons were present at the convention.

VILLAGE WINS FIGHT FOR MORE LIGHT

Signed contracts are in the hands of proper authorities which means that Hudsonville, at last, after a long delay, will have its much desired lights.

The village has fought hard to get what it wants and the town naturally has reason for being jubilant with the outcome.

After the controversial fight between the property holders along the right of way and the Consumers' Power company, who had secured a tentative agreement giving them the right to install electric lighting service in the village had been settled, the village was confronted with the unwillingness of the Georgetown board to sign up with the corporation for a longer than a one-year period, the board being unable to grant a longer contract term. So the matter entered in this way into the second stage of inaction, until the Consumers people became convinced that they had nothing to lose by agreeing to a year-to-year contract, which they finally executed in conjunction with the township board.

At first twelve lights will grace the village, later more will be undoubtedly added. The cost of maintaining the lights will be provided by the township and taken from the road repair fund. The total year's expenditure for this service will not exceed \$600. Should the township at any time fail to provide the necessary funds all the community would have to do it to incorporate as a village or designate a separate lighting district.

This plan was made possible through the new bill introduced at the last session of the legislature and enacted into law by Representative Fred McEachron, the measure today receiving considerable outside attention, in as much as it is evident now that many communities heretofore were handicapped in getting the necessary improvements because it required township electorate sanction. Now these localities can solve their own problems by designating their own districts and then getting out a majority of the voters within the prescribed district and favorably passing the proposition in any legal election.

Conklin Farmer, 66, Breaks Neck As He Falls From Wagon

Anthony Raap, 66, farmer, was probably fatally hurt late Wednesday when he fell backward while stacking hay on a wagon at the farm of a brother-in-law, Paul Van Dyke, near Conklin, breaking his neck when he struck the ground.

A nephew of Raap had just started pitching hay upon the wagon on which Raap was standing when the latter stumbled and fell. Although Raap did not lose consciousness, his body below the shoulders was paralyzed. He was taken to St. Mary's hospital in a private ambulance. His condition remained unchanged Wednesday night. Raap is not married.

Hamilton Doctor Tests 4.4 Per Cent At Windsor

Dr. G. H. Rigtink of Hamilton is somewhat of an experimenter along various lines, and when once he has reached a conclusion it is safe enough to follow his findings. Monday evening of last week he and Jacob Edging crossed from Detroit to Windsor to get their supper and to test Ontario's 4.4 per cent beer. The first pint convinced the doctor that it was not a whit better than our own one half of one per cent beverage. Edging, however, thought that it was a shade or two better than anything he had tested in Detroit and ordered three or four other pints to confirm his conclusion. The following Wednesday the doctor gave the stuff another kind of test. Mixing a little of it with the gasoline in the tank of a new flivver which he drove home from Detroit, he found that though the car kept to the pike very well it was necessary to apply the brakes frequently even on up-grades. So from both tests it is the doctor's conclusion that it's folly even to dream of striking out the eighteenth amendment and that it's unwise to modify the Volstead act—Allegan Gazette.

TO TAKE BIDS ON THE BUILDING OF NEW BRIDGE

Announcement has been made at the Ottawa county road commission that bids will be taken on the construction of the new Bridge street bridge, July 24, in the road commission office in the court house in Grand Haven. Plans call for the construction of a span costing approximately \$150,000 and over 600 feet in length.

The new bridge will cross Grand River on the Bridge street where the old Bridge street ferry used to ply and will form another outlet from Grand Rapids for Furniture City people who wish to visit the lake shore. The bridge will be 690 feet long with six spans of three girder steel construction and will be 19½ feet above the high water level. A roadway 27 feet wide is specified to cross it.

Plans and specifications have been officially okayed and bids are being advertised for. The bridge when completed will form a splendid outlet for Grand Rapids to Lake Michigan traffic and will relieve congestion on Trunk Line 16 which has assumed serious proportions this year.

A wheelbarrow tourists party passed through Holland Thursday. HAMS AT GRAND HAVEN ARE WELL SMOKED WHEN SMOKE HOUSE BURNS

Friday afternoon about 4 o'clock Grand Haven was aroused by the fire whistle and residents near the corner of Columbus and Third street were alarmed to see columns of smoke and steam arising from the rear of the Klaver and Bolthouse Market. The fire department responded to find the "smoke house" on fire.

Loss was confined to four hams which were very well cured by the blaze, while the smoke house itself was a complete wreck. The blaze exhausted more smoke than flames but the affair was over very shortly.

HOPE CHINESE STUDENT WILL RETURN TO HIS NATIVE COUNTRY

K. G. Chiu plans to return to China this month to take a position as teacher in education in Talmage college, of which Rev. Henry P. De Pree, a former Zeeland boy, is president and George Kots, a Hope graduate, a teacher. Shiu came to Holland a few years ago after completing his course in Talmage college and entered Hope. He was awarded his A. B. degree in 1924. He has just been awarded his A. M. degree by Columbia university. Chiu's father, who formerly practiced medicine in Amoy, China, died several years ago.

FENNVILLE PIONEERS HOLD REUNION

Descendants of John P. Wade of Fennville held their twenty-sixth annual reunion at the county park on the Lake Michigan beach Sunday. Wade who was of Revolutionary stock, left his home near Leominster, Mass., about 1845 or 1846 and came west to seek his fortune. Leaving the railroad at Kalamazoo, he proceeded by stage to a small settlement at the mouth of the Kalamazoo river, then known as Singapore. Here he obtained employment as bookkeeper for a lumber company and established quite a trade with the Indians.

In 1858 he purchased a farm in Ganges township, four miles from Fennville, and with his wife, Sarah S., carved a home from the forest. Here, amid the hardships of pioneer life, they reared their family of eight children, seven of whom now are living, the youngest being upward of 52 years. In 1899 these children, all married, held a reunion with their parents at the old homestead.

CHRYSLER CAR RECOVERED WAS STOLEN IN MUSKOGON

The Chrysler sedan that was found by officers O'Connor and Bontekoff Monday morning on M-11 near Central Park belongs to Mr. Francis E. Lovelace of Muskegon. The thieves who abandoned the car when it ran out of gas aroused the suspicions of the neighbors because they had trouble in getting out of the sedan. Although the local officers reached the scene almost immediately after the car was left they could find no trace of the men. The car was reported stolen Sunday at Muskegon and the two men had removed the Michigan license and placed Illinois tags on instead. The Michigan license was found under the front seat and by checking up on the number the police chief discovered it was a Muskegon car.

Muskegon police came here Monday to get the sedan.

Deputy Game Warden Robert W. H. Hoy of Saugatuck, arrested three offenders, July 4 and 5 for violations of the law in taking fish out of Big Lake, Watson township. They were arraigned Monday before Justice F. E. Fish of Allegan. George Barnabee of Martin paid \$18 fine and \$5.50 costs for taking too many bluegills and undersized fish; Thomas Sinkler of Otsego paid \$8 fine and \$5.50 costs for taking undersized black bass; Leroy Irwin of Watson paid \$1 fine and \$5.50 costs for taking undersized perch and sunfish.

MACATAWA IS COMING BACK; WALK FINISHED

With the opening of the resort season Macatawa is somewhat itself again after the disastrous fire of last spring. The board walk on the lake front has been finished and was ready for the resorters when they began arriving for their summer's stay. The devastated area was about the first spot that most of the returning resorters went to see, and they made use of the new walk the first thing. They had read about the fire in the newspapers and had been told about it in letters but most of them were eager to see the place with their own eyes.

The board walk was financed by the cottage owners themselves and by friends who helped with subscriptions. The cost is in the neighborhood of \$1500. J. W. Walker, president of the cottage owners' association, made an appeal for funds to the cottage owners and to friends in Grand Rapids and Holland.

A part of the sewer was also destroyed by the fire and that had to be repaired before life at the park could resume its old tenor. This was done by the Macatawa Park Association and assessed against the property owners.

Three of the cottage owners who lost summer homes in the fire have already rebuilt or nearly rebuilt their cottages, three others are so far advanced that work on the new homes is about to start. A large number are making plans for replacing the cottages next fall or early next spring so that by the summer of 1926 a large part of the burned property will have been replaced.

The cottage owners and the park association are working harmoniously for the rehabilitation of Macatawa Park and the prospects are that Macatawa will come back. The scars of the fire are still very much in evidence but the new board walk has taken the ragged edge off so that the place no longer looks quite as much of a desert as it did immediately after the fire.

NAB MAN FOR ATTACK ON GRAND HAVEN GIRL

Paw Paw, July 3.—Frank Petty, 27 years old, married, a monument salesman residing at Gobles, was arrested there and taken to Grand Haven to answer a charge of attacking Ada Howe of that city. Petty was exonerated some time ago of the charge of attacking a Van Buren county girl.

NEW CHICK-EN DISEASE DISCOVERED

A new parasitic disease in fowls has just recently been discovered in Western Michigan by the State Department of Agriculture, according to Dr. S. Tacoma of Jamestown, who has just returned from the Michigan State college. According to Dr. Tacoma the fowls infected were found in the Muskegon territory by one of the poultry specialists of the college, and is very rare, only a few cases having been discovered in this country.

The symptoms of the trouble are that the hen suddenly stops laying and in a day or two becomes droopy. In two weeks she is wasted away and soon dies. It is thought the disease is communicated through the medium of the dragon fly which feeds on the excreta of infected birds, is itself infected and is transmitted to its egg, and when the hen eats the dragon fly larva she becomes infected.

The parasite, which is known as a "duke," is visible to the naked eye in its adult stage and multiplies very rapidly. It harbors in the low marshy districts where the dragon fly and fowl love to meet.

The pest has artificially been reproduced under its natural environment with the hope of learning about its habits in order to combat its ravages. It is thought probable that many fowls have died from this disease before the trouble was recognized and that from now on many cases will be located.

BIG OIL MAN LOOKS OVER HOLLAND'S OIL STATIONS

Holland was visited by a prominent and wealthy oil man Thursday named Norbert J. Jochum of the Big Chief Oil Company of Wyandotte, Michigan. The oil magnate had heard so much of Holland's oil stations, their beauty and convenience, and their lighting arrangement, that he took a special trip to Holland to see what there was to it.

He made his inspection regardless of who conducted them, and stated that they were the finest and best in points of arrangement that he had yet seen. He stated that all the stations, regardless of who built them were well kept, well lighted and convenient to get to.

He was very much taken up with the new station built by the Vandenberg Oil company at 7th-st. and River avenue, which is now fully completed, even to the rest room, which contains wicker furniture, reading tables and lamps with beautiful rugs on the floor. He stated that this particular station was better than anything he had seen in Detroit.

"But," said Mr. Jochum, "you've got to come to a small town nowadays to see the new things. Who would expect to find a beautiful, cozy hotel with its unique Dutch atmosphere in a town of 15,000. I can speak for the oil stations, for that's my business. Then you have that beautiful park in the heart of the city with public buildings all around it. Then I notice your college and your schools and your fine bay. You have a wonderfully fine, progressive, clean city that cannot help but grow in a substantial way."
