Aldermen Again Kill John Knapp Building Plan

MAYOR APPOINTS COMMITTEE
TO FOSTER HOLLAND AND
AND ALLEGAN
BEE LINE

Quite a surprise was sprung at the common council meeting last evening when Alderman Prins asked that the rezoning matter relating to River avenue be brought up for consideration. Making River avenue from Twelfth to Seventeenth street a business rather than a residential district has been fought over for the last two years. At one time the vote was a tie and Mayor Bosch voted against the proposal.

The appeal board has repeatedly brought in communications against the rezoning of River avenue. It does not fit in with their planning which carries with it a "Holland beautiful." It has been the contention that there are plenty of store buildings in Holland without tenants, that could be occupied very reasonably.

At least there is no crying need to go to the trouble of rezoning at this time. It was understood that even now the common council was about evenly divided with the aldermen favoring rezoning a little in the lead, but to the surprise of everyone present the common council unanimously voted in favor of the report from the appeal board which means no rezoning and no Knapp building at the northwest corner of River avenue and Fifteenth street. It is doubtful whether the matter will come up again for some time to come.

The council also offered its cooperation to the Allegan county road commission in an effort to rebuild M-40 between Holland and Allegan.

Mayor Bosch appointed on that committee Aldermen Henry Prins, Alderman A. Kleis and Ben Mulder. Mayor Bosch and City Attorney Clarence Lokker will be executive members. They intend to meet with the common council at Allegan, with the authorities at Hamilton and with the Allegan county road commission to see if Holland's plans "dove tail" with the contemplated plans of the Allegan county authorities and whether Allegan is ready to go ahead with this Bee Line road.

COUNCIL NOTES

Alderman Kleis stated that he had a talk with the Rooks Transfer company manager on East Fifteenth street and had been promised that noise in the neighborhood would cease during the night and that he was endeavoring to get a better location. Mr. Kleis told him that instead of eleven cars as now, he would be permitted to have only two trucks and two pleasure cars in the future. The company will be given reasonable time to adjust their affairs.

There was some kick as to the fruit and vegetable stand on River avenue. The aldermen felt that they were not handsome looking objects but aside from that the matter was dropped.

Alderman Huyser, who was given the job of reviewing the library report compiled by Miss Dora Schermer, stated that he had not only reviewed the report officially sent in by the library board and found it an exceptionally fine report but he complimented the library staff for the fine way the city library was conducted. Certain stands will be placed in the library where the older folks can "browse around" for themselves among some of the books. This they can do at their leisure without interfering with the work of the librarians and the stack room, where thousands of other books are neatly arranged. Anyway, Holland's library excels in every way from contents to management. It is a restful place to be in.

County Surveyor Carl Bowen appeared before the common council last night to explain the federal unemployment relief bill and the sort of grants available under it. In view of the fact that approximately half of the families in Ottawa county supported by welfare funds are found in Holland, labor projects of the county under federal aid should center as near to this city as possible, he said.

Mr. Bowen proposed another road running diagonally from River avenue at Lakewood boulevard to Port Sheldon and so on to Grand Haven. In that case Holland would not need to fear a "jack-knife bridge" over the channel at Macatawa, which he claimed would never materialize anyway. He stated that Holland could put more than 150 men to work all next winter grading on that new project and it would go through the wildest country in Ottawa county and would be a wonderful scenic road. He said this project would not cost Holland a cent since this would be a grant. County Engineer Bowen, however, was not given the opportunity to explain this new proposition to the common council.

Manager Carley sent in his bond for a new license to conduct his two theaters for the coming year. To the bond he had attached an agreement that there would be no Sunday shows in Holland. The aldermen granted the new licenses without comment.

Rev. L. Velkamp, pastor of Central Avenue Christian Reformed church, opened the meeting with

BIG YACHT COMES TO HOLLAND—ANCHORS HERE

The big yacht "Reo-Mar," 90 feet long with a crew of 8, was tied to the Holland docks during the Fourth. It is a beautiful craft and besides the crew there were 20 guests aboard. Chauffeurs had driven members of the Olds family in Reo cars from Lansing to Holland where they embarked for a trip around the Great Lakes. The guests were given a ride around Holland and the yacht pulled out at 7 o'clock in the evening and the Reo chauffeurs took five cars back to the state capital.

Son of Former Holland Man Is Drowned

HOWARD DEN UYL, GRAND
RAPIDS, FALLS FROM BOAT;
HAD LEFT PARTY FOR
SWIM ALONE

The first drowning of the season occurred Monday at Cole's park on Spring Lake about 11:30 a. m. when Howard Den Uyl, a son of Mr. and Mrs. Benjamin Den Uyl, Grand Rapids, lost his life. The body was recovered after it had been in the water about 30 minutes and the local pulmotor was rushed to the scene where officers worked for an hour and a half to resuscitate the young man.

The young man, whose parents lived in Holland for many years, had been attending a house party and had left the group to go swimming. He was said to be an accomplished swimmer. As far as is known he was standing in a boat and fell in about eight feet of water. As there was little or no water in his lungs, it is believed he was overcome in some way and toppled into the water. Harry C. Yeider, a resident nearby, was near when the man fell. Several tried to dive to reach the man but apparently he was dead as he did not come to the top or struggle after he went down.

Coroner Van Zantwick was called and he corroborated the statement of relatives that the young man probably succumbed to a heart attack.

Den Uyl had gone to the lake Saturday afternoon on a house party. For several months he had been employed by his uncle, Adrian Nagelkirk, publisher of the Creston News, Grand Rapids. Besides his parents he leaves a sister, Helen, and a brother, Chester. The body was taken to the Keukelaar mortuary in Grand Rapids.

The young man was born in Holland 23 years ago and moved to Grand Rapids with his parents, his father being a contractor and builder. They have several relatives living in Holland.

WELFARE STILL OVER \$3,000

Alderman Woltman, chairman of the ways and means committee, reports that the welfare for the past two weeks has been \$3,491.44. The main item was groceries which amounted to \$1,936.71; rent was second with \$617.16; milk was third, \$251.74. There was a shoe repair bill of \$28.60; garden seed, \$18.64, and so the story goes.

FENNVILLE CANNERY IS WORKING OVERTIME

The sour cherry harvest is under way here in earnest. The Michigan Fruit Canners, Inc., plant is running overtime.

Many of the larger growers are getting under way this week. Picking will continue for about two weeks. Montmorency sour cherries are the heavy variety in this section. Very few instances of the cherry fly have been found here.

CHECKS FARM BOOKS IN ALLEGAN COUNTY

P. F. Aylesworth, extension specialist at Michigan State college, is checking records of the seventeen Allegan county farmers in the farm accounting project sponsored by the farm management department of the college. Reports from area No. 4, which includes Allegan county, show that on 30 farms where records were completed the last year receipts were \$1,850 and cash expenses \$1,166, leaving a net cash income of \$684.

MAPES IS BACK FROM D. C.

Cong. and Mrs. Carl E. Mapes and daughter, Miss Jane Mapes, of Grand Rapids, have just arrived home from Washington, D. C. Miss Mapes will return to the east in a week or two to act as counselor at Camp Kiwanis in Massachusetts and will be gone most of the summer.

Milo De Vries was on a business trip to Chicago Wednesday.

prayer. It was a masterful supplication dealing with the trials of today asking God for sustenance that our leaders from president to councilmen so sorely needed at this time. The divine made a deep impression on everyone present.

City Clerk Oscar Peterson and Attorney Lokker were authorized to take necessary steps to refinance about \$50,000 in city bonds which will fall due August 1.

The welfare committee and the city attorney were authorized to protect the city's interests in the purchase of residences by two persons who are receiving aid from the city. Payments on the two houses owned by Henry Kleis and the John Wiersing estate were continued by the city when the buyers became dependent. Without proper papers, the city has no claim for its share in the properties.

Holland Has Become Very Resort Minded

AT LEAST 121 PLEDGES HAVE
BEEN RECEIVED TO SUP-
PORT RESORT
PUBLICITY

The tourist and resort committee of Holland, whose duty it was to secure pledges for contributions to support a campaign of advertising for all of western Michigan, including this city, have brought about some gratifying results.

The committee has been circulating all business men, showing the importance of Holland's resorts from a financial standpoint and this campaign of education has been followed by personal solicitation in which Mr. L. F. Allen played an important part.

In years gone by only a few carried the load of keeping Holland on the map through the Michigan Tourist and Resort association. A score at most gave what money they possibly could to help along undoubtedly the best industry we have here, namely our resorts. More money is left in Holland through this avenue during the summer months than through any other avenue we know of. And what is more, it is outside money that comes here to stay.

It is, therefore, gratifying to no e that 121 pledges for aid have been secured from Holland business men and manufacturers, showing that they see the wisdom of fully backing this enterprise that will grow larger and larger as the years go by. The national press and important magazines have already been filled with publicity favorable to western Michigan and Holland and its resort playgrounds are largely in the picture.

One reason for this is the fact that Holland and its environs have outstanding show places including our own city parks, Lakewood farm and zoo. Tunnel park, a bathing beach ten miles long and a dozen resorts encircling Black lake and fringing Lake Michigan.

There is talk of a tourist camp in the oval at Kollen park just off the beautiful park proper. Why not use it? We have plenty of idle hands to clean up at least once every few days. Cruiser docks have been provided and we can safely say that all Lake Michigan yachtsmen know about it for the docks have been fully described in yachting magazines. Not so many years ago these magazines stated "Avoid Holland—No Docking Facilities!" Today these same magazines advise cruisers to make Holland harbor because of the splendid new accommodations.

Holland has two golf courses, second to none. The one at Ottawa Beach is in charge of Milton West and is always a popular place to go. The Holland Country club has the name of being possibly the best course in western Michigan from the standpoint of play and scenic surroundings.

Another show place that is becoming more popular to the resorters is the fish ponds. Many make side trips in order to ascertain how the Holland Fish and Game club brings about such splendid fishing in local waters.

We are simply filled with resort possibilities. Holland has everything, even Indian trails and Indian lore. Is it a wonder that Holland's business fraternity, after visualizing this resort picture, seeing it as others see it have contributed so liberally—we understand more than \$1,000 to this cause?

HOLLAND'S FIRST RESORT ACTIVITY

The above picture is Macatawa before there was a concrete or even a wooden walk laid through the hills and valleys. The building you see was the first hotel. What is left of it is the old annex directly south of the present Macatawa hotel.

When this picture was taken there was only one cottage at the park, no larger than a garage and built jointly by Hermanus Boone and D. J. Doornik, the former a horseman of Holland, and the latter a book seller of Grand Rapids. Camp tents were the only habitations.

The vast amount of drift wood in the foreground indicates that the resort was still primitive and the blocks were used as "stepping stones" or rather planks to get to Lake Michigan.

This view was taken about where Inter-Lake walk is now. This area today is built up solid with cottages. This first hotel was conducted by the late Dan Bertsch, for many years a dry goods merchant in Holland and father of Fred Bertsch of this city.

NO ACCIDENTS OR DRUNKS

PRINS ASKS HARBOR BOARD TO HANDLE DOCK PROPOSITION

In a resolution unanimously passed, Aldermen Henry Prins asked the council to authorize the harbor board to take charge of the new dock proposition embracing the Goodrich Transportation Co. docks together with adjacent property or the building of docks in some other suitable location. Mr. Prins made known that any negotiations with United States government relative to these marine matters should come through the harbor board, the official body of the city. This was enacted by Mr. Hurley of Detroit.

Mr. Prins also pointed out that the committee had already taken steps toward a definite program as outlined by Mr. Hurley—that Mr. Hurley would send a harbor engineer to work in conjunction with our city engineer.

City Attorney Lokker also gave much information relative to the Detroit visit and that the paramount objects for the grant and loan on a 30-70 basis covering a period of thirty years was first to employ labor, second to get a correct estimate of possible tonnage that would come to or through this port and third, what the possibilities of self-liquidation were with the payment of a small rate of interest covering a period of thirty years.

There are still more requirements but these are the outstanding features taken up by the committee.

The mayor and aldermen feel the harbor board is the proper body to put in charge of this work with the understanding that this board can ask for assistance from the council or from any civic body if it sees fit.

The harbor board is composed of Austin Harrington, Henry Prins, Andrew Klomprens, Earnest Brooks, Henry Vander Schel and Ben Mulder.

3 GIRLS MISSING FROM HOMES IN HOLLAND

Holland police are seeking the aid of state police in locating five young people who have left their homes here.

First to be reported missing were Clara L. Graham, 14, daughter of Clara L. Graham, and Josephine Van Bragt, 15, and her sister, Margaret, 14, daughters of Jacob Van Bragt, who were reported missing Tuesday night.

Everett DeGraff, 19, and Carlson Avery were reported missing but police say they have returned.

A rumor that the girls had gone to Paw Paw was followed up, but Paw Paw officials failed to find them.

WOULD BELL SHEEP TO WARN IF DOGS COME

The number of sheep killed by dogs in Allegan county is becoming alarming, according to A. D. Morley, county agricultural agent. He suggests sheep raisers bell some of the older sheep so they will give warning when dogs approach. When animals are injured farmers are asked to notify the nearest justice of the peace to make adjustment and to form local committees to hunt the dogs. Several thousand dollars are paid out yearly for damages done by dogs.

The committee in charge of this resort work was Ray Tardiff, L. F. Allen, Phil Brock, Henry Oosting, Morris De Vries, Charles Van Zyl and Ben Mulder.

Motor Boats Crash On Spring Lake July 4th

NAT ROBBINS, FATHER OF
HOLLAND MAN, SAILS
ONE OF THEM

The motor boat races on Spring lake July 4, the first of the season, were marked by one accident when Nathaniel Robbins, Sr., of Grand Haven, father of Nat Robbins, Central avenue, Holland, piloting his big 150 horse power speed boat, I-E, crashed amidships of the Skipper, owned and piloted by Roy Springer. No one was hurt as the holes were above the water line, so both boats had no difficulty in reaching shelter.

The Betty, owned by Edward Bauman, and Sylvia, owned by Paul Beardsley, fell out of the race to assist the damaged boats. Edward Bitzer, racing his "Laverne," finished the five-mile heat and took first place. His time was 6 minutes and 35 seconds.

With Mr. Robbins were William H. Louit of Michigan conservation department, and Morton Luce. Mr. Robbins said the swells, made by the big racers and the spray running the buoy opposite the Savidge estate were so great that he lost control. Going at the pace the big fellows were, the Skipper could easily have been rammed with such force as to have cut her in two, it was reported.

In the 100 horsepower class Lee Dycker with the "Catherine B." took first place, followed in order by Edward Bauman's boat, William Jordan's boat, the "Jane Q." piloted by Irving Quimby, and the "Meteor," piloted by C. Sullivan.

The course was in two laps of 2 1/2 miles. The time in this class was 7 minutes and 48 seconds.

The race was watched by hundreds on shore and in boats along the shore. All motor craft were cleared from the course before the opening gun.

The race July 4 was the second which Mr. Robbins has entered. His first race was last Labor Day when he was leading the race and then was nosed out at the end by his son, Hunter S. Robbins.

MRS. FERRIS TO SEEK CONGRESSIONAL POST

Mrs. Woodbridge N. Ferris of Big Rapids, widow of the United States senator, will be a candidate for the Democratic congressional nomination in the tenth district in 1934, according to an announcement here today. The incumbent congressman is Roy O. Woodruff of Jay City.

MRS. L. B. HICKS DIES OF A HEART ATTACK

Mrs. L. B. Hicks, 76, a resident of this section for 25 years, died Wednesday evening at her home on North Shore drive of a heart attack.

She was born in Pennsylvania and for a number of years she lived in Delevan, Wisconsin, Jackson and Zealand, before coming to Holland. Mr. Hicks formerly was a miller in Zealand.

Surviving besides her husband are one son, John Hicks of Jackson, and two daughters, Mrs. Mabel Fraser of Cumberland, Md., and Mrs. Irene Van Raalte of North Shore drive.

Funeral services will be held this Friday morning at 8 o'clock from Grace Episcopal church. Rev. J. Wendel Davis will officiate. Burial will take place at Jackson.

Holland Rejects New Road Along Lake Shore

STATE ALSO WILL NOT CONTRIBUTE TO ANY NEW ROAD PROJECT.

At a special meeting of common council Saturday the action taken Wednesday night, when the council pledged its support to the plan of seeking recovery act funds for the construction of a lake shore road between Holland and Grand Haven, was unanimously rescinded.

Alderman Fritz Jonkman, who was in Lansing the day before with a county delegation, including Austin Harrington, Holland, county road commissioner, told the council that the county representatives who were in Lansing to make application for funds to construct the lake shore road were informed no funds were available for such work, and that the act applied only to the improvement of existing highways. The council at the previous meeting voted to unite with the county in an application for \$270,000 to construct the lake shore route.

The proposed new highway linking Holland and Grand Haven via Ottawa Beach, Tunnel park, Lakewood farm and Port Sheldon connecting with the oval at Highland park.

The meeting tonight was called to give further consideration to the objections to the proposal as expressed by Mayor Nicodemus Bosch, who termed the project as one to benefit owners of lake shore property.

Mayor Nicodemus Bosch vehemently denounced the plan, which in his opinion, would be selling Holland for a "mess of pottage." He interpreted it as a scheme fostered by real estate men, which would isolate the city of Holland by bridging the channel

Did You Notice and Why?

Did you notice a small steeple-like hut on Ninth street on the old tannery site. At that point there is a fine spring of fresh water. When your editor was a "kid" it was a rivulet of bubbling fresh spring water and the men at the tannery filled their little brown jugs in the morning for their daily water supply.

At the Pere Marquette depot there is a deep gully running through to Seventh street into the swamp covered by a viaduct which apparently serves no purpose. This gully was dug through the hill as an outlet to the Holland Inter-urban. Over the swamp running east was a large circular bridge. When built it proved to be a sink-hole and it took months of labor to build a solid foundation. The day's work, track, trestle, and all, sank from sight during the night until eventually long logs were brought into play and these were covered with gravel.

If you have taken a row up Black River you will have seen two things—two high banks, which look like an Indian mound and here and there you will notice old spikes cut off near the water's edge. This at one time was one of the longest railroad bridges in Western Michigan. It made a beautiful curve along the edge of the swamp and crossed over between River and Central Avenues. That is the way the old C. & W. M. left the city for Grand Haven and Muskegon. That was before there was a railroad yard at Waverly. The Grand Haven trains in those days stopped at the north of the railroad station.

"UNCLE TOM'S CABIN" AGAIN TO BE REPEATED

"Uncle Tom's Cabin," which was presented by the Virginia Park Community Players several times during March, will again be repeated on Wednesday and Thursday evenings of next week, July 12 and 13, beginning at 8 p. m. The performances will be held at the Virginia Park clubhouse on US-31, three miles west of Holland.

Large crowds witnessed the previous performances and expectations are that next week's presentations will also have a large audience.

Sipp Houtman is director of the play and the cast is the same as before, except of one slight change. Admission for adults is 25 cents and children 15 cents.

If you have not seen "Uncle Tom's Cabin" before, do not miss this opportunity to see it enacted by local talent.

BOAST OF "FOURTH" CROWD

Ideal weather conditions brought thousands to Grand Haven to spend the four-day holiday week-end with a record crowd of 65,000 at the oval on Fourth of July and 500 campers. It is estimated at least 20,000 came to the cottages, hotels and as guests at homes in the city and resort areas over the week-end.—Grand Haven Tribune.

We also notice the name of Paul Coster, one time mail carrier and later a photographer at Holland. The late Harmon V. S. Peake, for many years a missionary. Albertus Pieters, long a missionary in Japan and today on the faculty of the Western Theological Seminary were also on the class list. The late Jennie Kanters, for many years Holland's librarian and member of the prominent Kanters family, graduated then. Miss Cornelia Cappon was also a member of that class. She is now Mrs. Wm. Brusse of College ave. There were 15 members in the class, four of them girls. And by the way, Rev. E. J. Blekkink was a graduate that year from the senior class. He then came from Oostburg, Wis. Other graduates were the late John A. Otte who spoke on the subject "Social Debt to Science." Another graduate was Rev. Albert Olmerts who spoke on "John Chinaman at Home." He has been a missionary in Japan for 40 years, however. Hope graduated its first "Jap" that year in the person of Tarnetse Matsuda who gave a Japanese oration.

Allegan Board of Supervisors Want Bee Line

WANT HOLLAND TO CO-OPERATE IN GETTING NEW ROAD COMPLETED

For many years there has been a hope that the so-called Bee Line from Holland to Allegan via Hamilton would be made a worthwhile highway. The Holland City News on many occasions has pointed out the advisability of a concrete road to the Allegan county metropolis. Some ten years ago your editor was on a committee fostering M-40 from Holland, the present terminal, to the Indiana line by way of Battle Creek. Included in this set-up was the Bee Line, so-called. Better harbor development through the R. F. C., including docking and dredging, will make this Allegan road real essential to Holland's needs in securing tonnage for our harbor in the way of shipments of paper pulp, coal, pig iron and a score of other commodities used in the state's interior cities.

That is one reason why this road should be built now. Another reason is that Allegan today also is in a receptive mood, in fact anxious to build that road which for years before. With Allegan and Holland pulling together and with Hamilton giving its help there is no doubt but that this project can be made a fact. Of course, it will be a welfare project and in that case Holland board should share in just proportion with Allegan county labor.

There might be some question about this since the Ottawa county road ends at Holland's limits to the south. It seems, however, that an imaginary boundary line between counties should not deprive Holland of an equitable share of the labor along the north end of the road. Undoubtedly this could be arranged before the project is started.

That the Allegan county supervisors have this road in mind is evident from the paragraph clipped from the Allegan News:

"The roads and bridges committee recommended that the board petition the state highway commission for a portion of the \$12,981,055 which is allocated by the state for highways to be appropriated for federal aid highways in Allegan county. The committee recommended that the board specifically state as preference, that portion of M-40 known as the Bee Line road running northwesterly to the city limits of Holland and that construction be started on the south end or near the north limits of Allegan city and that they give as their reasons heavy traffic, a highway carrying out state traffic, a highway costly to maintain and that it makes a direct connection between Allegan and Holland."

As Safe As Humanly Possible

Every American, during these trying times, has heard much of the safety of life insurance. He has been told that it reaches the highest possible degree of security humanly obtainable. He has wondered why a life insurance company should be so immune to failure.

The reason for life insurance safety can be largely summed up in one word, "reserves." Every old-line life insurance company has gigantic sums of money in investment reserves. Their sole purpose is to protect the policyholder. They are managed by men of the finest business acumen, working under rigid statutory laws, administered by state insurance officials whose duty is to protect the policyholder against incompetent or dishonest management. Every possible safeguard has been created.

In addition, the non-speculative character of life insurance reserves places the industry in the enviable position of being able to hold securities when others must sell at ruinous prices. They have a backlog of government bonds, and front rank of issues of private concerns - the best in the country. These securities may sell at temporarily low levels, may, for a time, pass dividends, but in the long run most of them will come back. Life insurance companies sit tight during the storm.

There is no such thing as "absolute safety." But old-line life insurance comes as close to that status as is humanly possible.

Take the Tax Off Checks

Inflation, if we are to have it at all, had better be a controlled inflation of bank credit which the free interchange of checks is founded upon.

Checks are a receipt for the money you spend also. You have a record of the transaction. "Pay your bills by check," used to be an advertising slogan of all banks. It was a good slogan and ought to be revived. More than that, there is no justification at all for putting a tax on a man's money just because he is spending it. It's his money. He ought to be allowed to spend it without being penalized by the government.

Take the tax off checks and business will be materially benefited; our banks will be in better shape to extend credit to their customers, and a moderate inflation of banking credit will help to restore commodity prices to the level we are all so anxiously waiting for.

BOLHUIS-COOK NUPTIALS
PERFORMED SATURDAY

The home of Mr. and Mrs. Frank Bolhuis, 547 Colgate avenue, was the scene of a beautiful wedding Saturday evening when their daughter, Miss Ruth Bolhuis, became the bride of Alvin Cook, son of Gerard Cook.

Preceding the ceremony Miss Gladys Huizenga, accompanied by Miss Mildred De Pree of Zeeland, sang "I Love You Truly" and "Because." Miss De Pree also played Lohengrin's wedding march as the bridal party proceeded to the improvised altar banked with palms and ferns and baskets of pink roses. Rev. E. Paul McLean performed the single ring ceremony at 8 o'clock.

The bride, who was given in marriage by her father, looked lovely in a gown of pale blue mousseline des soie. She carried a shower bouquet of pink roses, swanson and baby's breath. The bride was attended by her sister, Miss Evelyn Bolhuis, who was gowned in pink mousseline des soie and carried a shower bouquet of pink and white flowers. The bridegroom was attended by Paul Nettinga. Gerald Bolhuis acted as master of ceremonies.

Following the ceremony an informal reception for immediate families and close friends was held, after which Mr. and Mrs. Cook left on their wedding trip to the Century of Progress Exposition in Chicago.

The newlyweds will make their home in Whitehall, where Mr. Cook is connected with the Eagle-Ottawa Leather company.

Mrs. Cook is a graduate of Holland High school, spent three years at Hope college and attended Michigan State Teachers' college at Mt. Pleasant for one year. For the past year and a half she taught school in Holland.

Mr. Cook, a graduate of Holland High school and Hope college, formerly taught in Whitehall High school and acted in the capacity of coach for two years.

COSTS MORE LIVES TO CELEBRATE THAN FIGHT

A total of at least 185 men, women and children perished during the holiday in the United States over the Fourth. Compared with this the total loss of 7 men at Lexington and 93 at Concord back in April of 1775 when the forces of the original colonies clashed with those of King George III during the Revolutionary war it cost more lives to celebrate than to fight.

In addition there were hundreds of cases of injury Tuesday. New York City alone reported 670 treated at hospitals for fireworks injuries but only a few of the victims were seriously hurt. Fireworks fatalities, however, totaled only 7 compared with 10 in 1932. Motor car mishaps contributed heavily to the total deaths as usual with 82. Fifty-eight perished by drowning. Thirty-eight others lost their lives in other accidents. Airplane accidents, shootings and fights helped to swell the total.

Twenty-four lives and injuries to several times that number of persons was the price Michigan paid for observance of the triple holiday that began Sunday and continued through Independence Day. All but one of the deaths were due to traffic accidents. The exception was a drowning.

KNOOIHUIZEN SHOPPE
AT NEW LOCATION

The Knooihuizen Shoppe, conducted by Miss Laura Knooihuizen, formerly located at 11 East Eighth street, is now open for business at its new location, 13 East Eighth street, in the Dick Schoffert building. The walls are of a cream color and the fixtures are done in a cool gray.

Miss Knooihuizen has been in business in Holland for ten years. The shop carries lingerie, foundation garments, hosiery, beach attire, blouses and numerous varieties of accessories.

Erie To Give Up Old Liquor

Valuable Cargo Went Down in 1890

It is probable that the Construction Materials Co., of Chicago, now dredging Lake Erie a distance of 14,000 feet in connection with the improvement of Monroe Harbor, will uncover part of the cargo of whiskey which was aboard the Favorite, a two-master which went aground off the mouth of old Government Canal in 1890. The concern is to dredge a channel 300 feet wide and 21 feet deep.

The two-master carried 400 barrels of rye and bourbon whiskey, rails, stoves, copper, coal and merchandise consigned to Toledo from Buffalo.

Find Lake Frozen

When the Favorite, on a day in the fall of that year, hove in sight the edge of Lake Erie was frozen for miles around. There was a terrific northeast blowing. The grizzly old captain, seeing that he could not make Toledo, the vessel having been driven out of its course and buffeted for hours with waves rolling almost mast high, headed the vessel toward the ice. As a result the captain and crew of 12 were able to walk to the shore on the ice.

The tired sailors were brought to shore by fishermen on wagons and made comfortable in a hotel on Macomb St. near where today stands the Macomb St. bridge.

Many Few Wrecked Vessel

A Frenchman who occupied a lonely cottage along Lake Erie, was one of the witnesses to the shipwreck. The shipwrecked vessel also was seen by a number of Monroe people who climbed to the roofs of their houses to view it. Charles Bonin, now dead, had charge of the Government lighthouse at the mouth of Woodchuck Creek, La Salle Township. This creek empties into Lake Erie. He also noticed the shipwrecked vessel. During this time the storm continued with violence, and as a result the mast tops were clipped off by the fierce wind and rolling waves.

A Chicago liquor house in 1892 chartered tugs for a number of days and dragged the lake in that vicinity in quest of the valuable cargo.

Other Salvage Attempts Fail

Many other attempts were made to salvage the cargo, but apparently no trace ever was found of the liquor-laden vessel. A Monroe Township farmer named Navarre, a quarter of a century ago, recovered an anchor belonging to the old vessel.

Many people here believe that the barrels of liquor are still at the bottom of Lake Erie covered up with sand and that the liquor is in good condition. Old lake captains and fishermen have said that the cargo would never be located until a west wind had blown the water some 2½ miles from shore where the vessel went to the bottom of Lake Erie. The Government Canal empties into Lake Erie 3½ miles northeast of here.

The cargo is valued at \$1,000,000.

Colonial Mission Festival Planned At Pine Lodge

The annual colonial mission fest, sponsored by Reformed churches in western Michigan, will be held July 27 at Pine Lodge with sessions afternoon and evening. The program for the afternoon meeting will feature answers to questions asked by ministers and laymen, by four missionaries, one from each of the four fields maintained by the Reformed church in America in the Orient. Rev. Albertus Pieters and President S. C. Nettinga of Western Theological seminary have been booked as speakers for the evening session.

LITTLE LAD SUFFERS BROKEN LEG

Zeeland Record — Four-year-old Leslie, son of Mr. and Mrs. Henry Dekker, suffered a fracture of the left leg below the knee, Saturday, when he was struck by a bicycle and thrown to the sidewalk. As a result he is confined to his home for several days. The accident occurred when Mr. Louis Wierda left the Peters Store in the Dekker building, and as he rode his bicycle from the sidewalk onto the street, he was intent on looking out for automobile traffic that he failed to see the boy.

As he rode by, the paddle of the wheel caught the boy's leg resulting in the injury.

HUGE HAWK TRAPPED

Arthur White, Jr., is the proud possessor of a huge red-shouldered hawk which he isn't anxious to keep as a pet. The big predatory bird, with a wing spread of nearly 3 feet got caught in a muskrat trap which young White had placed on a pole 15 feet above the ground at his home on Fulton rd. A smaller bird first became entangled in the trap, which had been set for owls. The hawk picked away at the smaller bird until he had the skeleton just about clean. When he came back the next day to finish the job the trap was set for him, and it clicked.—Grand Rapids Herald.

SEE THROUGH THIS?

While gazing out of the window at Holland High school Edna Mooi lost her glasses, which fell to the ground from Miss Hockie's room on the third floor. Edna ran down to pick up the pieces, but she came back with a pair of whole glasses. The journalism class decided it would be a fine idea to send this to Mr. Ripley's "Believe It or Not." Dat is Mooi.

SERVICES IN THIRD REFORMED CHURCH

At Third Reformed church Sunday morning services will be in charge of Rev. Theodore Triten-borg of Mount Pleasant Reformed church, Schenectady, New York. The sermon subject will be "Heirs of the Spirit."

The evening services will be in charge of Rev. Maurice Marcus of Holland, a recent graduate of Princeton university. He will preach on the subject of "Happiness."

Music at both services will be in charge of the men's chorus, under the direction of John Vander Sluis.

Committee's Valuations Are Accepted

ASSESSMENTS AS EQUALIZED ARE PASSED BY OTTAWA SUPERVISORS WITHOUT CHANGE

No reduction in the valuations of Ottawa county, as equalized by the committee on equalization, was made by the board of supervisors at the concluding meeting of the four day session last week. Despite the pleas of one of Holland's representatives, Peter Van Ark, that the valuations be cut 30 per cent over last year, the table went through without any change which makes a straight 10 per cent cut over last year. It is only on these

figures, the rural communities declared that they could possibly hope to use the required taxes as fixed by the Ottawa county tax commission on the basis of 15 mills. Zeeland City entered some protest against the equalization figure but with no results.

The request that Holland's scrip issue be used in payment to the county was not allowed.

The finance committee asked for instructions regarding the placement of county monies. According to new laws, banks are not required to give security for deposits of the kind. It was suggested that the money be placed in safety deposit boxes which lost by the narrow margin of 11-12, three not voting and one supervisor absent. The matter was left to the finance committee to use their own best judgment in placing county funds.

James De Pree introduced a mo-

tion that the county treasurer be instructed to collect a one per cent fee on delinquent taxes which must be refunded to the township treasurer as there is no salary paid the township treasurer and he must depend on the fees. The resolution was lost.

Charles E. Misner, William O. Van Eyck, Holland, and Henry Slaughter, Tallmadge township, were appointed a committee of three to revise the rules of the board of supervisors. Their recommendations will be presented at the next regular meeting.

The Evangeline Home in Grand Rapids was given an appropriation of \$100. Many Ottawa county girls are assisted through this organization, it was learned. There are 12 of these fallen girls at the home, costing \$250 each to keep annually. The equalization table follows below:

LOCAL MANAGER OF PENNEY'S RESIGNS

Frank Duhrkopf, for eleven years manager of the J. C. Penney Co. at Holland, has resigned and will take a well-earned vacation after spending forty-two years in the merchandising business.

Mr. Duhrkopf stated that in all the cities he has been and through all the traveling he has done, he has never found one so beautiful, so cultured and a city with so many diversified interests. He stated that the location could not be more ideal for when you speak of Holland it cannot help but embrace its resort interests on Black Lake and Lake Michigan—and what could be finer.

Mr. and Mrs. Duhrkopf have educated their children here in the public school and at Hope college and both Miss Grace and Miss Thelma Duhrkopf will receive higher education in music and art. Mr. Duhrkopf stated that the family will temporarily leave Holland to live near their daughter, who will attend art school this fall but may be in California this winter because of the health of Mrs. Duhrkopf.

Their plans, while indefinite just now, are to come back to Holland and possibly make this their future home. They have fallen in love with this vicinity and have made many friends here.

Mr. Duhrkopf has been very active in civic enterprise and has never failed to do his full share morally and financially in any activities that benefitted this city aside from the enterprise he was associated with.

He was ably assisted in the J. C. Penney Company by Harry Grond, who was also associated with the local firm for seven years. Mr. Duhrkopf came with the Penney Company when it was established here eleven years ago in what is known as the Visscher building, now the site of the De Vries and Dornbos Furniture Company. Seven years ago they leased the new building on Eighth street and College avenue built by Walter C. Walsh. Mr. Duhrkopf stated that business has increased more than double during these eleven years despite the handicap of a depression during a part of that time.

The new manager of the J. C. Penney store is Mr. Earl Price of Saginaw, who has been with the company for more than seven years. Mr. Price comes highly recommended and states that his family will arrive in Holland early next week. He says he has been rather busy starting in but what little he has seen of Holland during odd moments appeals to him greatly, and he knows that the Price family cannot help but like it here.

Gibson Girl of Nineties Coming Back This Year

New York.—Feminine curves and gayly flowered bonnets soon are to be with us again. The Gibson Girl is coming back, according to fashion authorities, and styles which flourished in the late nineties shortly will be seen in midday's new spring wardrobe.

"The Gibson Girl of 1933," a modish young woman, who borrows from the past to enhance a thoroughly modern costume, was presented in a fashion show recently, which stressed hats as the salient point of the revival. The brimmed hat and curves of the nineties were modernized, and models featured Gibson Girl costumes, compared with their 1933 versions.

The Gibson Girl originally was made popular through the drawings of Charles Dana Gibson.

Five in Family Ministers

La Grange, Ga.—The father and four sons of the W. J. Howard family here are all pastors of the Baptist church, which this town considers must be a record. The recent ordination of Rev. A. D. Howard as a pastor at the Wrens Baptist church made the record complete.

NEW POST OFFICE STIRS MATTER OF CITY HALL AGAIN

Zeeland Record—With the revival of the new post office building plans, the matter of constructing a new city hall is also becoming a very pertinent topic, but indications are that no definite public idea of just what is desirable has been formed.

There is considerable information necessary before such an opinion can be formed but most people believe that when any such new building is erected it should be of sufficient size, utility and appearance to be worthy of being called a city hall. If that cannot be done, public sentiment will probably be against erecting any building at all, but would favor renting the necessary quarters until a more favorable time.

There is a place that can be adapted whereby Zeeland can acquire a respectable new city hall that will house in connection the fire department and the city garage, in addition to adequate rooms and facilities for the several city offices and departments.

Estimates place the cost of such a building at \$15,000. The city can use for this purpose the \$6,000 received from the old site, and there is the possibility of receiving from the federal rehabilitation fund 20 per cent of the cost of the building, or \$3,000. Then the city would have to provide an additional \$6,000 to complete the job.

This matter is now under consideration by some of the civic leaders, and is thought to be of sufficient importance to deserve thorough investigation, especially in view of the welfare relief that can be provided by it.

Man Advertis That His Checks Are "Rubber"

Towanda, Pa.—Convinced he was spending too much time in jail on charges of passing "bad" checks, William English decided to reform, and took steps to make the reform lasting. "I want to advertise myself," he said, and requested that the following be printed: "I hereby forbid anyone hereafter cashing any checks for me unless they are government checks. The government checks are O. K. I receive them for fighting for the United States in the World War." His "advertisement" was printed.

Kill Turkey With 6 Gold Nuggets in Its Gizzard

Toronto, Ontario.—A turkey which might have laid a golden egg was killed here before it had a chance to do so. George Smith, preparing a large meal, bought a turkey. He took it home and was in the act of cleaning it when he found six gold nuggets in the gizzard. He says that he took them to a mineralogist, who claimed they were the real thing and worth a substantial sum.

Shoe Mixup Fails a Would-Be Hero

Bluffton, Ind.—The fact that Tom Miller, druggist, got his shoes on the wrong feet is all that kept him from being a hero. Miller had just sat down in his favorite chair and pulled off his shoes to give his feet a rest when a piercing scream from a neighbor woman reached his ears.

Thrusting his feet into his shoes, Miller dashed out the back door and caught sight of a trespasser running across the yard. Through the gate and down the alley went the two men, Miller, the pursuer, gaining a little, until his feet started to hurt. Finally he looked down and discovered that his shoes were on the wrong feet. By the time he had changed them the man he was chasing had disappeared.

COAST GUARD CALLS LISTED; 29 FOR HOLLAND

A report from the coast guard Tenth district office shows that crews from the 27 stations answered 713 calls for the year ending June 30. Holland had 29 calls and Grand Haven had 38. Muskegon station led in number of calls with 65, many being due to the construction on the breakwater.

Trailing Muskegon was St. Joseph station which answered 61 calls, and Sleeping Bear Point with 53. Harbor Beach and Tawas on Lake Huron shore, recent additions to the district, responded to 41 calls each; South Manitou had 31; Ludington 28; Frankfort 22; South Haven 21; Sturgeon Point 19; Charlevoix 20; Mackinac Island 19; North Manitou 17; Pentwater 17; Beaver Island 15; White River 15; Port Austin 13; Thunder Bay Island 12; Point Aux Barques 9; Bois Blanc Island 9; Big Sauble Point 8, and

Point Betsie 5. Inactive stations manned only by an officer in charge and a surfman are North Manitou, Point Betsie, Big Sauble Point, Pentwater and White River.

NOT BLOOD BUT JUICE OF BERRIES

Considerable excitement was caused Saturday evening by the report that two cars had collided near Fennville and that "several" must have been seriously injured, to judge by the amount of blood on the pavement. But it proved to be just an ordinary accident, when it was learned that the "blood" was only the juice of strawberries dumped from one of the trucks.

One radical change in the collection of the malt tax was made by the 1933 legislature. The 1931 law provided that each retail dealer in malt products should pay a \$25 license fee. The new law orders payment of a \$5 license fee for each place of business which sells malt products at retail.

Hoekstra, Grand Rapids, secretary; and John Lucasse, Grand Rapids, treasurer. About eighty relatives were present from Holland, Zeeland, Grand Rapids and Flint.

Foreign Missions

Board Shows Loss

The board of foreign missions in the Reformed Church in America is facing the serious problem as to how to maintain 170 missionaries with an income of less than \$270,000 with the full program of work, particularly with the increased cost of exchange occasioned by the United States going off the gold standard. According to figures tabulated by Rev. Wm. J. VanKersen of Holland, gifts for the regular work dropped \$188,378.78 in two years. The close of the fiscal year on May 1 showed a loss of \$93,704.49 or 27 per cent for the year. The board managed to reduce the actual deficit for the two years to \$36,938.36 by cutting expenses, applying amounts from the legacy fund and other sources.

OTTAWA COUNTY FARM

AGENT EXPLAINS HIGHER

PRICES IN FARM CROPS

A summary of the program initiated by Secretary of Agriculture Wallace to raise the price which farmers are to receive for wheat is presented herewith by Agricultural Agent Milham. This new agricultural adjustment act is the

first step on the new and untrod path of adjusting American agriculture to changed world conditions and is intended to raise the purchasing power of the American farmer. This purchasing power will then be reflected in business which will aid labor as well as industry.

Contracts will be offered farmers for reduction of 1934 and 1935 wheat crops up to a 20 per cent of their acreage for the past three years.

The government plans to distribute to wheat growers approximately \$150,000,000. This amount to be obtained by a processing tax on wheat for domestic consumption. The maximum amount contract co-operators may receive above the general market price is expected to be about 30 cents a bushel. Farmers who do not sign contracts to reduce acreage will not benefit from this act. So it will require the co-operation of the wheat growers to obtain benefit.

State and county wheat production control associations will be organized to determine the allotments of acreage for the respective state, county and individuals, based on the three years past average yields. The base price used to determine what co-operating farmers obtain extra per bushel will be based on the prewar average of 1910 to 1914. Lands taken out of production in reducing wheat acreage are not to be used to grow other nationally produced crops.

Extension services which include agricultural agent work, will be made use of in working out the plan. Agents will be assisted by temporary emergency workers where additional help is required. As soon as complete details have been worked out and contracts received the word will be announced through the press for the benefit of farmers who wish to profit by the plan.

Because of some misunderstanding of the government tolerance regulations on arsenic and lead residue on fruit and because many growers are still uninformed on proper spray schedules to stay within the tolerance, and because of lack of knowledge of the newer poisons which do not contain arsenic and lead, fruit growers' meetings have been scheduled by Agricultural Agent Milham on July 11 at Bos Bros. orchards at Jamestown at 4 p. m. and at the Lachman school, Conklin, at 7:30 p. m. Prof. Cardinell from the college will explain these details to the fruit growers in order that they may avoid trouble with residue on fruit.

Leaf hoppers, flea beetles and potato bugs are causing serious damage to the early potato crop in Ottawa county, according to Agricultural Agent Milham. To reduce damage from these insects and to prevent blight, spray with a solution of 4 pounds of copper sulphate, 6 pounds of spray hydrated lime and add 3 pounds of arsenate of lead or calcium arsenate to each 50 gallons of solution. An effective dust containing 20 pounds of monohydrate copper sulphate, 80 pounds of chemical hydrated lime and 20 pounds of calcium arsenate may be used where dusts are available.

Proper spraying and dusting improves the quality of the potatoes and increases the yield about 35 bushels per acre. Spray or dust should be applied every ten days after the vines attain a height of six inches for best results.

A new bulletin just off the press entitled "Spraying and Dusting Potatoes" is available free at the agricultural office to those who request it.

Mrs. Will Schults of Grand Rapids who underwent a serious surgical operation June 18 at Douglas hospital is gaining rapidly now. Miss Weber of Louisville, Ky., is in the hospital under the care of Dr. Bronson of Ganges.

The flower sale by the Columbine Garden club of Saugatuck Saturday was such a success financially as to allow the club to finance the filling of the window boxes at the village hall, which heretofore the village board had done.

Miss Estelle E. Baker, formerly manager of the Leland tea room at Saugatuck, has taken the management for the season of the club house dining room at West Shore golf links.

The bridge tournament sponsored by the Saugatuck chamber of commerce will begin Wednesday afternoon and continue each Wednesday during the summer. Games will be in charge of Lucille Dangremond of the Culbertson studios.

The Columbine Garden club of Saugatuck has planned several flower shows and flower sales and visits to many outstanding gardens for the summer. Members will go to the Derr estate in Gibson on July 10. This has unusual bog and island gardens.

Charles S. Dailey of Saugatuck left Monday to join the barge O. S. MacFarland at Milwaukee as second mate.

The Allegan county treasurer was instructed by the board of supervisors to collect penalties and interest on 1932 delinquent taxes on which payment is offered on or after July 1, this year, and that he keep this fund separate for disposition as warranted by subsequent legislation. It was also voted that the juvenile court be instructed to pay for the care and board of dependent children in their charge at the following rate: Five years and under, not to exceed \$5 weekly. Over five years, not to exceed \$3 per week. These rates are effective July 1. The county has been paying on an average of from \$1 to \$5 weekly for the board of such children, it is said.

Mr. and Mrs. John Geerts visited with Mr. and Mrs. Henry Geerts Tuesday evening.

SUNDAY DINNER SUGGESTIONS

By ANN PAGE

IN THE days when Marco Polo traveled, trade between East and West was largely for the sake of luxuries and chief of these, were the spices and condiments which acted both as preservatives of food and as disguises to "high" flavor.

Today's simplicity of seasoning is made possible by our understanding of spoilage and how to prevent it by proper refrigeration. This care must be continued in production, shipping, retailing and finally in the home. It is most important that milk, eggs, butter, meat and fish be kept cold or else they should be bought frequently in small quantities.

Midsummer vegetables for salads are plentiful. Be sure to marinate them in a dressing of olive oil, seasonings and lemon juice or vinegar. The small fruits and cantaloupe and watermelon are abundant this week. Here are the Quaker Maid Kitchen's menus for the week.

Low Cost Dinner

Braised Roast Steak with Potatoes, Onions and Carrots

FENNVILLE - DOUGLAS MISSION CONSIDERED

The Holland classis in the Reformed Church in America has under consideration a movement to open a mission station near Macks Landing, between Douglas and Fennville. A canvass of families over a wide area has been made by G. Dykman and John Breen of Holland and a report of their work will be submitted at a meeting of the classis. A Sunday school was organized a short time ago at Macks Landing, Allegan county. Messrs. Dykman and Breen have interviewed about forty-six families and found prospects favorable.

CATCHES TWO HORNED OWLS

Milton Welder caught two owls Monday on the Kalamazoo river bottoms near New Richmond. The birds were a young one and its mother, and both fought their captor viciously. The larger owl had a wing spread of five feet. They were of the horned owl species, and Welder of Fennville plans to have them stuffed and mounted.

HAMILTON

The local farm bureau reports another successful year. At the annual meeting John Ezinger, bookkeeper, reported that gross sales amounted to \$379,743.08. The net profits amounted to about \$15,000, which is more than \$1,000 per month. A large crowd was on hand for the annual meeting. James Nicol, a former president of the state farm bureau, and Cornelius Bus, manager of the fruit exchange of South Haven, and A. D. Morley, county agent, addressed the meeting. Harry Pol read several of his poems, which he had composed for the occasion. Andrew Lohman, manager, presided.

The organization last Monday opened a poultry killing and dressing plant. At the demonstration more than 1,200 chickens were dressed in about six hours. The new venture promises to be very popular with the folks.

Josephine Kuite sang at the evening service of the First Reformed church of Holland.

Zelma Dickinson of Fennville visited her brother, C. N. Menold, last Saturday.

Mrs. Neal Van Stal, of Redlands, California, who has visited at the home of Mr. and Mrs. Richard Haakma, returned to her home to the far west.

Jess Kool, mechanic at the farm bureau garage, spent the week-end and holiday with his mother at Free Soil.

Aileen Dangremond, Edna Dangremond, Elinore Drenten and Eunice Hagelskamp sang at the First Reformed church last Sunday.

Mrs. G. H. Rigtterink left for Chicago last Saturday evening to attend the World's Fair for a few days. Dr. Rigtterink has completed a special medical course, and they expect to return home this week.

Prof. and Mrs. Arthur Koechele visited at the home of Mr. and Mrs. John Brink, Jr., Sunday. Their children, Lloyd and Margaret Ann, who had visited the Brinks for several days, returned home with their parents.

Walter Monroe, Jr., was a Hamilton visitor Monday.

to Overisel on the Fourth. In the morning the Independents were defeated on the local diamond by the Allegan base line team in a hectic contest by a score of 11 to 8. Henry Lugten and John Haakma formed the battery for the locals and delivered an easy victory, holding the visitors to 8 hits, but 8 errors gave the visitors 8 of the runs. Frie, Strom, on the mound for Allegan, was hammered for 14 hits, 4 of which were for extra bases. Bud Ten Brink led with a double and two singles, while J. Brink obtained two doubles. It was a game of contrasts—hard, timely hitting and fast playing by some of the local were offset by ragged playing and base running at other times. Last Monday the team defeated the Wayland organization in a splendid game in which R. Wentzel held the visitors to 4 hits and 3 runs, while his teammates secured 11 hits and 4 runs. The team has won 5 and lost 3 games this season.

end of the score last week, Thursday evening at the end of the fourth inning when the game was called on account of darkness. The grounds were in very wet condition, making fast playing impossible. The youngsters have been going strong this year, having won 6 of their 7 games played. In 4 of the games their opponents were shut out. Both teams are composed of a fine bunch of young men and there is a great deal of baseball spirit as the result. Every team has its off days and usually comes back stronger in later games. Mr. and Mrs. Don Dangremond and children of Allegan were at the parental home Sunday. Genevieve Kooker of Western State Teachers' college was home for the week-end and holiday. The Marvin Brower family of Grand Rapids were at the home of Mr. and Mrs. George Schutmaat Sunday. Andrew Karsten left Wednesday morning for a fishing trip to the northern woods. Mr. and Mrs. Henry Ten Brink and children and Mr. and Mrs. Peter Van Houw and children visited at the home of J. Hill at Grand Rapids Sunday. Florence Lugten is visiting with friends at Ganges. Lee Slotman spent Sunday with his brother, Louis, of Overisel. The Christian Endeavor society held a union meeting with Overisel and Ebenezer at East Holland last Sunday evening. Mr. and Mrs. Martin Brink and Mr. and Mrs. Alvin Kaper visited at Montague during the week-end. Gertrude Smither of Grand Rapids was a week-end guest at the Herman Kuite home. Three heavy showers fell in this neighborhood during the past week. There is plenty of moisture and the late crops are catching up rapidly. The early crops of hay and

wheat are being harvested. Corn also is making rapid progress. Mr. and Mrs. Louis Lodenstein and daughter, Helen, of Hopkins were at Jacob Edling's Friday. Aileen Dangremond, Gladys Lubbers, Mrs. M. H. Hamelink and Josephine Timmerman motored to a neighboring village recently. When they were ready to return home they found that they had remembered to lock the car, but had forgotten to take care of the key. To make things worse the rain came down in torrents. The young ladies called in the help of relatives and friends. No one, however, seemed to be able to help the unfortunate folks out of their predicament. After several hours they gave up. They appealed to some of their friends to bring them home. Drenched, distressed and tired the quartet was glad that most of the folks had retired so that no one would witness their return. The key was found and the car was brought home the next day.

Joseph Moore, farmer living on US-31 south of Douglas, was fatally injured last Saturday evening when he and his small daughter were returning home with a load of hay. The little girl was riding the horse and Mr. Moore was driving it while walking beside the wagon. The wagon was struck in the rear by an automobile driven by Mr. Welsh of South Haven, who said lights from an approaching car blinded him and he did not see the wagon. The little girl received several bruises and was taken to the hospital with her father but was released Sunday. The accident occurred near the Moore home about 9 o'clock and Mr. Moore died a few hours later. The horse was killed, wagon and auto badly damaged.

Descendants of Gerrit Vanden Belt enjoyed their sixth annual family reunion at Frederick's park near the Castle Tuesday. Mr. and Mrs. J. CORONER'S JURY EXONERATES WOMAN DRIVER IN ZEELAND ACCIDENT

The coroner's inquest called by Coroner Gilbert Vande Water as to the cause of death of Jacob De Boer of Grand Rapids, who was fatally injured on M-21 six miles east of Zeeland was held in the city hall in Zeeland on Wednesday forenoon. The inquest was in charge of Mr. Vande Water and Prosecuting Attorney John R. Dethmers while Miss Florence King, driver of the car, was represented by Attorney Linsey of Grand Rapids.

The coroner's jury was composed of Dick F. Boonstra, James Van Dorpel, Martin C. Ver Hage, Cornelius Buikema, Milan Huyser and Harry Volkers. They absolved Miss King of blame but cautioned her to give greater care while driving through difficult traffic. Their verdict was that Mr. De Boer came to his death when he accidentally came into contact with the passing car.

In all six witnesses were called, three of whom were riding with Miss King, one person who was driving a car where the King car was passing, a brother of the deceased man, and a neighboring farmer.

Their stories were all similar except in one important instance in which one witness testified he saw the man struck by the front fender, being thrown into the air about four feet and landing on his back.

Miss King of Grand Rapids, with her father, Frank King of Lowell, was traveling toward Zeeland when they overtook another car also going west. There was little traffic and Miss King passed the other car while she was traveling about 35 miles per hour. Ahead, Mr. De Boer was walking toward the west on the left side of the road facing the eastbound traffic. Just after the two cars came abreast she came up with Mr. De Boer who was walking on the concrete roadway near its edge. All testified to these facts. Those in the King car claimed the front of the car had passed the man when they heard a thud against the side of the car body near the rear. They stopped and found De Boer unconscious, lying on his back just off the concrete and parallel with it and bleeding from a scalp wound at the top of his head.

The King's testified to having given every possible aid, that they had paid all expenses connected with the care and funeral and had made satisfactory settlement with relatives for all damage claims, which testimony was substantiated by a relative of the dead man.

MASTER BEDDING MAKERS HOLD SESSION AT HOLLAND

The Master Bedding Makers of America opened a three-day convention here Thursday at the Holland Country club. About fifty firms are represented.

The program will feature a banquet Thursday evening, at which the speakers will be A. P. Johnson of Grand Rapids, Charles H. Landwehr and Charles D. Karr of Holland; Charles Groff of New York and Dr. Donald A. Laird of Colgate university. A southern barbecue will be held Friday evening at Castle Park.

Z. C. Green of Chicago has been presiding over the business sessions. Holland is headquarters for the association, with Marvin C. Lindeman as secretary.

The Master Bedding Makers of America is an association that was brought into being by the Charles Karr company of Holland. It is patterned somewhat after the old guild idea, after meeting certain qualifications. There are 49 members, including representatives of firms in Vancouver, Toronto, and Birmingham, England. It is the sole business of the Charles Karr company to manufacture mattress spring constructions for the members of this association, the mattresses in turn being manufactured by these firms for national distribution. Headquarters for the association are in Holland, with M. C. Lindeman of this city as secretary.

The general business session of the Master Bedding Makers was held today at the Holland Country club. The meeting will continue on Friday at the Warm Friend Tavern.

HOLLAND MERCHANTS HEAR SALES TAX TALK

A public meeting for the purpose of explaining the new Michigan sales tax to merchants and buyers was held in the city hall this evening. Rep. Ed Brouwer, who went to Lansing yesterday to get more information on the new measure, with the assistance of Harry F. Wetter of the chamber of commerce, explained the bill and answered questions concerning it. Schedule cards of the tax were handed out at the meeting.

Holland merchants took no stand on the manner in which the 3 per cent levy should be collected in Holland, although the so-called Detroit plan in which the buyer is not taxed for purchases under 17 cents has been advocated generally in this city.

Jacob Fris brought out that under the 17-cent minimum merchants having articles largely under that figure were compelled to absorb a great part of the levy without passing it on to the consumer.

Mr. Brouwer also explained why the sales tax, making comparisons through our reduced school tax not now available together with other tax money needed for debt service on bond issues, etc.

Earl Vande Water is on a motor trip to Syracuse, New York.

Ottawa Has Warmest June In Over Decade

LAST MONTH'S AVERAGE WAS 68.5 DEGREES; WARMEST SINCE JUNE 1921

Last month was warm, being the warmest June in Ottawa county since 1921. Precipitation was slightly below normal, as was wind velocity. Sunshine was above normal. The average temperature for the month was 68.5 degrees compared to the normal of 63.7 degrees. Though the month was mostly warm there was some exceptionally cold weather also, the low temperatures record being broken for June 14 on that date when the reading was 41 degrees. Daily high temperature records were tied or broken on five days and the all-time June high was passed on the 28th when the thermometer reached 94 degrees. The greatest daily range was 26 on the 6th and 27th. The least daily range was 8 on the 3rd. Frost was recorded on the 14th with damage to tender vegetation in some areas.

Precipitation totaled 2.65 inches or slightly below the normal of 2.95 inches. There was a dry period lasting from 6th to the 28th followed by a moderate rain on the 29th. The greatest precipitation in 24 hours was 0.86 inches on the 5th-6th. Rain fell in measurable amounts on 8 days of the month. Thunder was recorded on 7 days of the month. A barn was struck by lightning on June 4 and burned to the ground.

Wind movement was slightly below normal. The total movement was 6629 miles or an average of 9.2 miles per hour. The maximum velocity was 29 miles per hour from the west on the 30th. During the greater part of the month the wind did not exceed 20 miles per hour velocity. The prevailing direction was from the southwest. Sunshine averaged 76 per cent of the possible amount compared to the normal of 68 per cent. The sun shone every day of the month though there was only 4 per cent of possible on the 25th. There were 12 days having 90 per cent or more. Average daily cloudiness was 49 per cent, the normal being 46 per cent. There were 12 clear, 7 partly cloudy, and 11 cloudy days in the month. Light fog was recorded on the 30th.

PERMANENT DEPOSITORS GROUPS ARE PLANNED FOR HOLLAND BANKS

The Michigan plan for the reorganization of the First State bank and the Holland City State bank as the only alternative for the best interests of the depositors, community and the return to normalcy of these institutions was advocated in a report by a special depositors' committee at a depositors' meeting in Holland Armory Friday night.

As an additional safety precaution a recommendation was adopted that a permanent depositors' committee be named, to have access to the affairs of the banks after the approval of the committee by the state banking commission.

William C. Vandenberg, member of the original depositors' committee, presented the personnel of the committees for each of the banks and these are to serve if 51 per cent of the depositors of each bank approve their appointment.

The proposed committees are: First State—W. L. Eaton, C. J. Dregman, H. C. Steketee, Albert Hyma, W. C. Vandenberg. Holland City State—James De Young, J. F. Duffy, William Zonbeil, Dick Miles and George Mooi.

The original committee will continue to function until the new committees have been approved. This committee consists of W. C. Vandenberg, C. J. Dregman, Nelson A. Miles, Andrew Steketee, W. L. Eaton, L. F. Allen, Albert Van Zoeren and William Zonbeil.

C. J. Dregman submitted the report of the committee and Attorney E. B. Parsons gave valuable information concerning interviews which he and others had with representatives of the state banking commission in Lansing.

Attorney Nelson Miles was in charge of the meeting. Charles Kirchen, the heaviest depositor, was the first to sign on the Holland City State bank list.

The Schrottenboer family of Zeeland and vicinity will hold a reunion Thursday, July 13, at Jenison Park, starting at 10:30 o'clock. This will be a basket picnic and a program has been prepared.

HOLLAND RESIDENT DIES FOLLOWING ILLNESS

Mrs. Orry Bush, 66, resident of Holland for 27 years, died this Thursday morning at her home, 255 West Fifteenth street, following an illness of two weeks. She was born in Laketon township, Allegan county, on February 9, 1867. Surviving are one daughter, Mrs. John Boere of Holland; two sons, Orry Bush of Muskegon and Floyd Bush of Holland; two sisters, Mrs. William Keown of Holland and Mrs. Elizabeth Gillette of St. Joseph; also eight grandchildren.

at Holland harbor, with no specific benefit to the city.

Council Member Henry Prins considered it ridiculous to support the proposed road when four other projects, vastly more important to Holland, were sought. Council Member F. N. Jonkman, at first an ardent supporter, expressed a change of opinion when advised by officials of the state highway department that the \$13,000,000 received by the state from the federal government never was meant for new roads and that the proposed highway, to cost \$270,000 for a distance of 18 miles, although advocated as a measure to lend unemployment relief, upon closer investigation had been dropped.

The council decided to center its efforts on the extension of M-21 via Fairbanks avenue to connect with US-31 on Seventeenth street; improvement of River avenue to the bridge, Michigan avenue to Thirty-second street, M-21 to Sixth street, and rebuilding of the Goodrich wharves on Black lake.

The council also endorsed the improvement of M-40 from Holland to Allegan and to seek the co-operation of road commissions of Kent and Allegan counties for the improvement of Thirty-second street, the boundary line of Ottawa and Allegan counties, running east to Caledonia, now known as M-39, as directly benefiting three counties.

Resolution by Ald. Prins follows:

Since Holland is planning a program of work relief and apparently made a start at Wednesday's special meeting of the council and a tentative plan was then introduced, I feel that at this special meeting I would like to introduce more potent and more necessary projects that have been proposed up to this time.

Holland should plan a program of work relief of its own before entering into a very doubtful project. Under the Federal Public Works program \$3,300,000,000 will be available and under the unemployment relief program \$500,000,000 will be available of which Holland will receive its share first by showing the need and second by showing the value of the work if completed. With many factories idle and many on our welfare list the need is apparent.

Now for the value of the work. M-21 is planned from Fairbanks Avenue to Seventeenth Street.

US-31 from East Shore Garage to Holland.

M-40 from Allegan to Holland.

On all these projects blue-prints and other necessary planning work have been made and are available. An approach to Holland over the old interurban right-of-way from M-21 to Sixth Street would divert heavy traffic from Eighth Street to the street in question, which is very desirable.

Aside from the projects having to do with our traffic facilities it would be well to consider our school necessities. A building program contemplated by the Board of Education but owing to financial stress has not been advanced, would be well to look into at this time when the feasibility of such a program relating to welfare aid might be seriously considered.

Our dock proposition of self-liquidating RFC proposal is well under way.

We are presenting several projects here and if only a part of these could be made possible through Federal aid as the government proposes and if we can all get together and decide as one city we will go a long way toward solving our unemployment relief program. It has been our indecision and the lack of full co-operation and thorough understanding that has brought failure to many a project in Holland. But on this I believe we should have the fullest understanding and unanimous co-operation.

Do not let ourselves be diverted from a worthwhile program and be made to appear at loggerheads with ourselves, which can easily be overcome through more thorough co-operation.

Do not let others step in and tell us what we want. It is a well known fact that we have decided several years ago just what roads we need most at this time. Let us finish that program first and see that those highways are properly taken care of for at least these are the paramount projects indicative of Holland's crying needs at this time.

The new proposed road along the lake will only be used at the most three months in a year to its great extent. The argument that (quote) "if we do not get it now we may never get it" is no good. That improvement is of no real value to Holland and cannot compare with the other program I have mentioned in this communication.

You might as well ask the government to build another Angel's flight up the side of Mt. Baldhead as to advance this proposition. Here, too, we have a beautiful view from the top.

If only the projects we can think of is some worthless road like the Lake Shore or Pigeon River road while other projects are more meritorious and an immediate need, then the government will feel we are a brainless lot and we are liable not to get anything and that would be deplorable.

CENTRAL PARK

Rev. John A. Van Dyk and family of Marion, N. Y., are occupying their cottage, Pleasant View, for the month of July. Rev. Van Dyk preached at Lansing, Illinois, the first Sunday of his vacation.

Four new members were received into the fellowship of the church at the regular consistory meeting held Wednesday evening.

Rev. and Mrs. F. J. Van Dyk entertained a family reunion at the parsonage Tuesday. Seventeen guests were present coming from Chicago, Charlotte, Grand Rapids and Grand Haven.

The Young People's choir under the direction of Miss Georgianna Heneveld will sing at the morning service an anthem by W. H. Jude, "I Gave My Life for Thee."

Rev. Paul E. Trompen of Grand Rapids called at the parsonage on Wednesday.

Rev. George G. Heneveld and

family of Wyckoff, New Jersey, are spending their vacation with relatives here. They expect to motor to the World's Fair in Chicago next week.

VIRGINIA PARK

Robert Lacey of Ashland, Ohio, spent the week at the Lacey lodge. While in this vicinity he was also active in the interests of his radio business.

Clifford Onthank, Sr., spent the week-end with his family here and returned to Chicago Tuesday, taking Mrs. Onthank and Clifford, Jr., with him.

Edward Heneveld and George Heneveld, Jr., are visiting in Detroit at the home of their sister, Mrs. Matthew Peelen.

Jean Heneveld is employed at the Waukazoo Inn for the fourth successive season.

The popular play, "Uncle Tom's Cabin," will be given for two nights next week at the Community club for the benefit of the summer visitors who did not have the opportunity of seeing this grand old play last winter. The dates are July 12 and 13.

Ned Lacey and family of Goshen, Indiana, spent the Fourth at the Lacey cottage.

The annual school meeting of the district will be held in the Harrington school Monday evening. The trustees whose terms of office expire this year are Peter Van Houw, the treasurer, and Henry Van Den Berg.

The local baseball team, the Hubs, defeated the "Honeybuns" of Holland in a game played at the Nineteenth street grounds Wednesday evening. The score was 13-2. Don Van Lente and Al Berkompas formed the battery for the battery for the locals.

STATE CROP OF STRAW-
BERRIES WORTH \$900,000

More than \$900,000 has been paid growers this season for the commercial crop of strawberries which went to the wholesale trade via car and truck; another \$300,000 worth was sold by the growers on municipal growers' markets, roadside stands and direct to grocers and consumers in their home markets and a considerable volume was cold packed for later sale.

Red raspberry crops increased steadily for several years. Berrien county is the largest producer, Ludington, Onekama and Cheboygan sections are not only producing a fine quality fruit, but are making a major contribution to the state's volume. Improvement in varieties and cultural methods have brought the reds to the front as a major small fruit crop. Last season's commercial crop brought in \$592,904.

Black raspberries are more frequently canned. The major portion of the crop is produced in Berrien, Van Buren, Allegan and Kent counties. The dewberry or trailing blackberry formerly was considered a nuisance, but with improved varieties and the trellising method of culture, they have rapidly come to the front and brought in approximately \$132,300 last season. Michigan exceeds all other states in the production of sour cherries and is rapidly coming to the front as a sweet cherry producing state.

Weather Bureau

SAYS WASHINGTON; CITY
PROTESTS LOSS OF THE
SERVICE

Announcement was received at Grand Haven July 4 by Warren G. Rice, in charge of the Ottawa county weather bureau that the office, established there May 22, 1917, will be discontinued after July 31. After that date, according to the notice, the equipment is to be shipped to Washington, D.C.

Miss Elsie Rice, who has been an assistant in the local bureau, will be dropped and Mr. Rice will be sent to another office when a vacancy occurs. The message stated the office would be closed in the interest of economy.

Meeting of the harbor commission, city council and residents was held in the courthouse to decide on some action to have the order rescinded. A committee was appointed consisting of Maj. George L. Olsen, chairman of the harbor commission; Peter A. Kammeraad, city manager; William Stribley, representing the chamber of commerce, and Harold Westerhof, representing the city council and local interests of the Grand Trunk Western Railway.

The committee will take the matter up with officials in Washington, bringing to their attention the importance of the office, not only to Grand Haven, but to surrounding cities and lake ports. Ludington is the only other port on this side of Lake Michigan to have a station.

This station has been considered an important one in times past, furnishing valuable weather information to approximately 5,336 boats that come into this port annually carrying over 1,000,000 tons. The U. S. coast guard cutter, Escanaba, has its base in Grand Haven and the tenth district of the coast guard has its office there.

BURGLARS ESCAPED.
LEAVING THE LOOT
DURING HASTY EXIT

Officer Wm. Glerum of Zeeland was called to the home of Russell Anderson, at the old Boone home—stead one-half mile east of Boone's bridge, near the old settlers' marker, on the old Zeeland-Holland road, where burglars had ransacked the house during the family's absence. Bureau drawers were ransacked and turned out and carpets turned up as well as cupboards emptied.

The burglary was discovered on the family's return home at about ten o'clock Monday night, and from appearances they were disturbed and driven out through a bedroom window, where they appeared to have been trapped, leaving behind the plunder, consisting of a revolver, a revolver holster, a flash light, and a diamond ring.

The burglars left no clues that could be found and a lengthy search throughout that vicinity was fruitless of results.

OLD FASHIONED RUN-AWAY
KILLS HORSE

Peter Carlson of Pennville is fined to his home with broken ribs as a result of a runaway Monday. His horse became frightened at a stack of hay, and became uncontrollable. Mr. Carlson was thrown into a ditch, where he was mired, and the horses plunged against a tree, killing one of them instantly.

GOOD CATCHES REPORTED
AT HUTCHINS LAKE AS
SEASON OPENS

Fennville Herald—Many good catches of black bass, perch, bluegills and small mouth bass have been reported by fishermen at Hutchins lake, near Fennville. All the boats available at the lake have been in constant demand and the new 50 cent license has not caused anyone to forego the sport apparently.

Fishing for bass, bluegills, perch, sunfish and other species of the finny tribe started with a rush when the season opened not alone at Hutchins lake, but also at Perch lake, Scott lakes and other nearby waters. Many fishermen were in evidence and the limit in fish was easily caught.

Allegan Gazette—Hutchins lake sustained its reputation as one of the best black bass lakes in the state last Sunday when the opening of the fishing season attracted about a hundred disciples of Isaac Walton to its waters; and they were richly rewarded, for the weather was ideal and the fish struck savagely at almost any kind of bait. Many of the fishermen took their legal catch of five bass, and more fish were taken in that one day than are usually taken in a week. While the lake is best known as the home of the game bass, and is regularly planted with good-size fry of that variety, many fishermen find even more sport in catching the grass pike and bluegills with which this lake abounds. Accompanying this item is a picture of one morning's catch of grass pike commonly known as pickered. This string of twenty large pike were taken by some Indiana callers who insist that Hutchins lake is one of the best in the whole country.

Mayor, Seeking to Quash
Body Writ, Testifies

Mayor Lionel Heap, mayor of Grand Haven, petitioner to quash the body execution held against him by his sister-in-law, Edna M. Heap, took the stand in circuit court before Judge Fred T. Miles and told the court he is without tangible property and has had no employment for income since April, 1932.

He stated since that time his income has been about eight dollars as mayor of this city and four dollars at four dollars per day for services on the board of supervisors. He told the court that his wife's income from stocks not pledged for loans averaged between \$50 and \$100 per year. He stated he had received aid since his income as co-receiver for the William Heap & Son Co. ceased from his son, an instructor of art history at Harvard University and his daughter, Miss Jane Heap, who up until the time of her marriage a few weeks ago, was employed at the University of Michigan.

He stated his home at 536 Slayton street was owned jointly by his wife and himself and a mortgage of \$2500 was held against it by the Grand Haven State Bank. He stated that all taxes had been paid except for the year 1931.

Perch Run is on
at Ottawa BeachCISCOES ALSO BITING; NEW
PIER CONVENIENT FOR
ANGLERS

While the bluegill and pike fishermen were angling for game fish this week perch, were furnishing plenty of entertainment at the piers of Ottawa Beach and Macatawa.

The runs have started with large catches of good-sized perch and ciscoes and the perch fishing is the best in several years.

During the last year the government pier builders have spoiled fishing for perch on the north pier but this work has been finished and today this is one of the most comfortable fishing places in western Michigan.

A cement pier now welcomes the fishermen, so constructed that ample place to walk and fish is provided. The center being raised also affords a windbreak from cold winds.

When the fish run fast the fisherman does not have to leave his favorite spot even in quest of bait. A minnow salesman with a cart visits each fisherman every 15 minutes or so on call.

The south pier also boasts good fishing. A small boat makes trips every half hour to the pier, which is inaccessible by other means. The fishing is better for ciscoes on the south pier than on the north pier.

WELFARE AND GRAND HAVEN
WORK FINE TOGETHER

Grand Haven Tribune—The city has recently paid out \$1,795.38 to welfare labor as the June allotment from the state R. F. C. funds for labor on the road south of the city limits and the one paralleling U.S.-31 leading out of Kerryburg. Of this amount 50 per cent was paid back directly to the city under the plan instituted by the welfare department that each individual receiving help pay back a percentage of wages to the city in return for assistance given last winter.

The feeling between the welfare workers and the city is excellent, the officials say, and without exception the men have been glad to repay their obligation. They realize the city came forward at a desperate time and there is a feeling of confidence that if the time should again arise the men can come to the city for virtually a loan and keep their self respect by paying it back when work is available.

ZEELAND CHURCH MISSION-

MUSKEGONITE, 73,
ARRIVES AT FAIR
IN HIS DUCKBOAT

Hans Nelson, 73, a retired skipper of Muskegon, Mich., completed his voyage from that city to the world's fair in a duckboat Saturday.

He was exhausted after battling an early morning storm on Lake Michigan some 15 knots from his destination but managed to keep paddling and bailing to bring his 14-foot craft to Chicago. He tied up at a Century of Progress pier and then rested a while before seeking the captain of the Norwegian training ship "Sorlandet" with whom he claims friendship.

Nelson said he would not attempt the trip back to Muskegon by duckboat. After encountering two storms on the lake, the first one Thursday driving him in to Michigan City for a day's shelter and rest, he decided he would hitch-hike back home.

Hospital Gets
Serious Touch
of DepressionZEELAND PAPER GIVES RE-
VIEW OF DR. HUIZENGA
MEMORIAL HOSPITAL

Zeeland Record—There is little doubt that the first half of the fiscal year 1933, ending on May 31st, is the period of greatest depression in the experience of Dr. Thomas G. Huizenga Memorial Hospital during the entire period of its history. But no matter how discouraging the present conditions may be, there is still sufficient cause to hope for continued success for years to come.

The management of the hospital and the general public realize that financial success of the institution does not constitute the principal purpose for which it was organized, but that human service is the first aim and that balancing its budget is only secondary. The only evidence of failing success is the decline of service required by patients, and that tells us that many are not availing themselves of the appointments offered, probably because lack of funds dictates a less desirable service.

Comparing the figures of the first half of the fiscal year ending May 31, 1932, with that of the corresponding period of 1933, we find that the total number of patients declined from 181 to 91, or nearly 50%. Of these there were using rooms in 1932, 108 patients as compared with 72 in 1933 or a percentage of about 66%.

The total number of days service was given in 1932 was 1,340. The total number of patients in the hospital in 1932 was 1,032 as compared with 680, a reduction of nearly 34%. The average number of days each patient spent there in 1933 it was an average of 7 1/2 days. During the same period the average number of persons at the hospital each day was 5 1/2 in 1932, and 3 1/2 in 1933. However, the average daily earnings from all patients was the same in 1932 and 1933 with the income per patient of \$4.35. But the average cost of operating the hospital was again greater in 1933 by about 20%, increasing from \$4.52 in 1932 to \$5.66 in 1933.

When we consider the receipts and disbursements for the half year we find the expenditures of 1932 have dropped from \$4,668.73 in 1932 to \$3,846.49 in 1933, a reduction of 17%, while the receipts have fallen from \$4,753.58 in 1932 to \$3,246.62 in 1933, a loss of 34%. This means that revenue has fallen about twice as rapidly as the expenditures.

However, when the total sum of net operating loss is considered as being only \$599.87 during the half year period of 1933 the worst period it is likely to experience it seems quite encouraging for continued hospital service in Zeeland.

FORMER HOLLAND MAN TO
TALK AT RALLY AT PINE
LODGE

Rev. Raymond Drukker and Rev. William Van Peurssem of Grand Rapids have been booked as speakers for the rally of the Holland League of Young Men's Societies at Pine Lodge Thursday, July 13. The program will include recreation, boating, tennis, ball games and music by a 70-piece band of the Christian school band camp and the male glee club of the league. Mr. Drukker was a former Holland boy, the son of the late Rev. Drukker, once pastor of the 14th Street Christian Reformed church.

SEEKS FUNDS TO REPAIR
ROADS IN OTTAWA CO.

Recommendations will be made by Carl Bowen, engineer for the Ottawa county road commission, and director of welfare for the county, to the state administrative board for the improvement of several trunk line roads, the funds to come from the state appropriations for welfare labor to be used on state highways.

The road leading from Ferrysburg bridge to the village on U.S.-16, one-half mile on M-21, at the Vriesland sinkhole; a stretch near West Olive on U.S.-31 and 11 miles on U.S.-16 from Nunica to Marne, are sections that will be called to the attention of the state board.

CANOE STOLEN FROM
YARD IN LAMONT

Western Michigan sportsmen are asked to keep their eyes open for a canoe stolen from Felix Jackowski at Lamont on Grand river in Ottawa county. The craft is 18 feet long and is newly finished in bright red. The inside rear deck and gunwale have holes for outboard motor bracket. There is no name plate and the brass stern plate, which is broken, does not extend over the deck as it should. A patch near bow is a further identification mark. The canoe was stolen from Jackowski's yard in Lamont.

Drivers Will
Have Tough Time
After October 15AFTER BEING DRUNK OR
RECKLESS THEY WILL BE
BANNED IF NOT FINAN-
CIALLY RESPONSIBLE

Drunk drivers and persons guilty of repeated recklessness are to be barred from Michigan highways after October 15 unless they can prove ability to pay damages for personal injuries. The new law also will require proof of financial ability from persons who fail to pay judgments within 30 days after a verdict has been returned against them. There have been many such in Holland, as your editor can attest. The non-collectible damage done by others to the editor's car covering a period of 10 years was over \$500.

Anyway the law, known as the McColl-Green Act, the statute is a compromise by the legislature with the organizations which have been demanding a compulsory automobile insurance law.

All motorists are to be given one chance to keep out of trouble. Once a license has been suspended for drunk driving, repeated recklessness or other violation, or when the automobile owner fails to pay a judgment, then stringent provisions of the new law become effective and automobile owners are barred from the highways until they prove financial ability to pay damages.

Not only will an offending motorist lose his driver's permit, but the act requires all violators to return their license plates to the Secretary of State. Failure to surrender license tags will be punishable by a fine of not less than \$100 or more than \$1,000, or imprisonment for 30 days.

Financial ability can be proved in any one of three ways. A motorist may file with the Secretary of State a certificate showing that he has purchased liability insurance of \$5,000 for one death or \$10,000 for two deaths; he may purchase a surety company bond for that sum, or he may deposit \$10,000 in cash with the State Treasurer.

Persons who have been sued because of injuries resulting from an accident, or for property damage exceeding \$300, will have 30 days to pay before their licenses will be suspended.

The Secretary of State is empowered to return the insurance certificate or cancel the bond if the motorist has not been convicted of a major driving offense during a three-year period.

VENTILATOR FIRE
DRAWS CROWD
TO WARM FRIEND

Grease-soaked dust in the interior of a ventilator of the kitchen of the Warm Friend tavern caught fire Monday near noon, resulting in a roaring fire that attracted hundreds in the business section to the hotel.

The fire started in some tipped over grease on a range in the kitchen and spread to the ventilator, where the blaze was concentrated. The steel constructed fue is on the outside of the building extending over the top of the six store buildings and is now thoroughly burned and cleaned out, the firemen allowing it to burn.

The fire in the kitchen was soon extinguished and damage was confined to that done by water and smoke in the kitchen, according to Fire Chief C. Blom, Jr.

Society Notes

Miss Carol van Hartesveldt, the daughter of Mr. and Mrs. Louis Van Hartesveldt, and Adrian Van Putten, son of Mrs. Jacob Van Putten of Holland, were united in marriage Friday morning at 11:30 o'clock at Central Reformed church in Grand Rapids. The single-ring ceremony was performed by Rev. John Dykstra. The couple was attended by Miss Grace Gardei and Edgar Landwehr, both of Holland. The bride's parents, Mr. and Mrs. Van Hartesveldt, were also present, and baby's breath. Miss Gardei carried a bouquet of pale yellow roses and baby's breath. Miss Gardei wore a gown of blue crepe and blue mouseline de soie with matching accessories and wore a shoulder bouquet of sweet peas and delphiniums. Immediately after the ceremony Mr. and Mrs. Van Putten left on a motor trip to Quebec. They will be at home after September 1 at 339 River avenue.

Approximately 200 attended the annual Boeve reunion at Pine Lodge Friday. A picnic dinner was served and the afternoon was devoted to sports and a program. The group sang Psalm 42, accompanied by Mrs. H. Kortering of Holland. Henry H. Boeve led in prayer followed with selections by a male quartet composed of Luke Vredevelde, W. Van Den Belt, John Boeve and Ben Boeve, accompanied by Miss Clarissa Vredevelde. A reading was given by Miss Verna De Witt. Miss Frieda Fisher and John Lenters, both of Grand Haven, sang a duet, after which a piano duet was rendered by the Misses Harriet and Evelyn Kapinga. The male quartet favored with more selections, followed by a recitation by Teddy Boeve. Attorney Tom Mahan of Holland, president, presided at the meeting. Officers for the ensuing year are Luke Vredevelde of Zeeland, president; Mrs. Lucas Britals of Grand Haven, vice president; W. Van Den Belt of Holland, secretary, and Henry G. Boeve of Holland, treasurer.

Mr. and Mrs. George Mooi announce the marriage of their daughter, Theresa, to Dr. Eugene Damstra, son of Mr. and Mrs. David Damstra, on June 3, 1933. The wedding took place at Whiting, Indiana. The couple was attended by Dr. and Mrs. B. H. Shoemaker. Mr. and Mrs. Damstra, both graduates of Holland schools, will reside at Dayton, Ohio, where he is an intern. They will be at home there after September 1.

The Holland League of Young Men's Societies will hold a young people's rally at Pine Lodge on Black Lake Thursday, July 13. Rev. Raymond Drukker of Trinity Reformed church of Grand Rapids will speak in the afternoon. Rev. William Van Peursen of Grand Rapids will address the group in the evening. Music will be furnished by the seventy-piece band of the Christian school band camp and by the male glee club of the Holland league. The time between sessions from 4 to 8 o'clock, will be devoted to boating, tennis, ball games and other sports. All young people are invited.

Members of the Ladies' Aid society of Prospect Park Christian Reformed church enjoyed a picnic last week, Thursday afternoon, at the home of Mr. and Mrs. John Van Putten, three miles north of Holland. Approximately 50 members and friends were present. Supper was served at the farm. Mrs. J. Schrotenboer and Mrs. L. Michmerhuizen were in charge of the games in the afternoon.

Miss Jane Haire, daughter of Mr. and Mrs. George A. Haire of Detroit, and Dr. John H. Albers of Lansing, son of Mr. and Mrs. George B. Albers of Holland, were united in marriage Saturday afternoon at the Haire's summer residence on Wynan's lake, near Detroit. Dr. Winfield Burggraaf of Holland performed the single-ring ceremony at 4:30 o'clock in the presence of the immediate families. The couple was attended by Miss Mary Isabel Granger of Detroit and Don Albers of Holland. Following the ceremony Mr. and Mrs. Albers were honored with a dinner at an adjoining country club, after which they left on their wedding trip. The bride, a member of Kappa Kappa Gamma sorority, graduated from Michigan State college at Lansing in 1931. Dr. Albers, a graduate of Hope college and the University of Michigan medical school, is practicing in East Lansing. The young people will be at home there after July 8. Mr. and Mrs. George B. Albers and daughters, Evelyn and Hazel, were among the guests who attended the wedding and ceremony.

The annual picnic of the Adult Bible class of the Prospect Park Christian Reformed church will be held tonight, Friday, at Zeeland city park. Cars will leave the church promptly at 5:30 o'clock. Supper will be served on arrival. Those who will attend are requested to bring their own cups, plates, forks and spoons. Members and their wives and husbands are invited.

The Misses Johanna and Jean Wierenga are spending a week in Chicago visiting relatives. They also expect to attend the World's Fair.

HOLLAND ATTORNEY WEDS ZEELAND GIRL

The home of Mr. and Mrs. John Moeke, 133 East Central avenue, Zeeland, was the scene of a beautiful wedding last week, Thursday morning, when their daughter, Miss Mabel G. Moeke, became the bride of Attorney Raymond Lyle Smith of Holland, son of Mr. and Mrs. Frank Smith.

Rev. F. J. Vanden Berg, pastor of Second Reformed church of Zeeland, performed the ceremony at 11:30 o'clock in the presence of the immediate relatives. Mrs. H. De Vries, sister of the bride, played Lohengrin's wedding march, and also accompanied George Moeke, brother of the bride, who sang "I Love You Truly."

The bride looked charming in a beautiful gown of pink silk organ-die and carrying a bridal bouquet. Miss Julia Langdon of Flint, maid of honor, wore a gown of blue silk organ-die. The bridegroom was attended by Henry Van Wessel of Holland.

Following the ceremony a reception was held for the immediate relatives and friends, after which the couple left on a wedding trip to Blue lake in northern Michigan. After July 15 they will reside at a cottage on Lake Michigan and in the fall they will make their home in Holland.

Mrs. Smith, who is a graduate of Zeeland High school, also attended Hope college and Western State normal. She formerly taught in Flint.

Mr. Smith, local attorney, is associated with Nelson Miles.

The local fire department was called out last week, Thursday evening, to extinguish a minor fire in the rear of the Lee and Gady store, where some bundles of rags had taken fire.

Common Council

Holland, Mich., June 21, 1933.

The Common Council met in regular session and was called to order by the mayor.

Present: Mayor Bosch, Alds. Prins, Kleis, Woltman, Brieve, Van Zoeren, De Cook, Habing, Steffens, Huyser Van Lente and the Clerk. The minutes of last meeting read and approved.

Petitions and Accounts
Clerk presented report from Hartford Steam Boiler Inspection & Insurance Co. covering recent inspection of two boilers in City Hall. Report indicates that the condition of these boilers was found to be satisfactory.

Accepted and filed.
Clerk presented application from Orin Arnold doing business as the Covered Wagon for approval to sell beer.

Approved.
Clerk presented application from A. J. Cook for permit to operate an open air fruit and vegetable market in the Peter Mass property, corner of River and 10th St. Mr. Cook desires to sell farmers produce on consignment. Referred to License Committee with power to act.

Clerk presented communication signed by Allyn F. Streu, a former resident of Holland, now living in Hollywood, Cal., recommending that the City of Holland co-operate with the State in providing a good permanent airport instead of just an emergency landing field. Accepted and filed.

Clerk presented following applications for license to sell soft drinks, operate restaurants, etc.: Chris Korose, Smith's Drug Store, De Loof Drug Store, Eika Kaiser, Wade Drug Co., Chas. S. Dykstra, Tavern Drug Store, Holland Sandwich Shop, Wade Bros. Drug Store. Approved and license granted.

Clerk presented application and bond of Michael Baehr for license to collect junk, etc. Approved and granted.

Clerk presented petition signed by residents and property owners living in the vicinity of the Rooks Transfer Co. garage on E. 15th St., between College and Columbia Aves., protesting against the nuisance caused by the noise made by trucks and men in running in and out and switching of trailers at all hours of the night and disturbing the sleep of people in this vicinity. Referred to Aldermen of First Ward. Mayor recommended that aldermen go the limit in having this nuisance abated.

Clerk presented application from Chas. Fabiano for approval to sell beer.

Approved.

Clerk presented petition signed by approximately 900 people requesting the Common Council to reconsider their previous action in appointing Dr. Wm. Weststrate as City Health Officer and appoint some other competent physician for this office. The grounds on which the request was made were stated to be loss of public confidence in Dr. Weststrate due to litigation in which he has become involved. On motion of Ald. Van Lente, seconded by Van Zoeren,

Filed, all present voting aye.

Reports of Standing Committees
The Committee on Ways and Means reported that while in Lansing recently, they consulted with Major Evans relative to the City of Holland constructing a suitable airport. It was further reported that since that time, Major Evans had visited Holland and inspected the property owned by the City of Holland on E. 10th St., having in mind the location of the permanent airport at this place. It was further reported that the cost of putting this field in suitable shape would be more than the state would be willing to pay and Mr. Evans favored the location north of the city which is now being used as an emergency landing field.

Upon the suggestion of the Mayor the Committee was instructed to find out at what price the two 10-acre pieces, one on the west, and the one on the south of the present Sazely field, could be purchased, and report to the Council.

The Committee on Ways and Means was referred at the last regular meeting of the Council, the matter of taking such action as they see fit, having in mind the release of City funds now impounded in the Holland City and First State Banks. Mr. Van Zoeren then called upon Attorney Van Duren to report on what had been done to date. Mr. Van Duren reported that the Committee on Ways and Means, together with the City Clerk and himself had gone to Lansing and had an interview with

HENRY GEERLINGS, Secretary

Dated June 30, 1933

Mr. Taylor, Deputy Banking Commissioner. The result of this conference was to the effect that since there were several legal matters involved in the release of these funds, that the Commissioner would not decide the matter. They did, however, agree to instruct the Conservators of the two local banks to co-operate with the City in a friendly suit and have the court decide the status of these impounded funds. Mr. Van Duren further reported having met with the Conservators of both banks on the matter and presented to the Council a petition which he had drawn up setting forth the position of the City and their claims for having these moneys released, and asking the court to decide the matter.

Mayor Bosch asked City Attorney Lokker for his views in the matter. Mr. Lokker stated that he was in sympathy and in favor of doing everything possible to have the City's funds released. However, he felt that whatever action was taken, such action should not impede or stand in the way of the reorganization of these banks and the court hearing to determine the status of these funds should be had prior to July 3rd, which is the date set forth for the hearing on the reorganization plan as now proposed.

Mr. Lokker further stated that he felt that it would be a big mistake and that the City as a whole would suffer severely if anything were done by the City of Holland that would retard the reorganization of the two banks. Mr. Van Duren also stated that his thought in the matter was not to impede the reopening of the banks but that he felt an effort should be put forth before the date for the hearing on the reorganization to have these funds released if possible.

On motion of Ald. Van Zoeren, seconded by Van Lente, The City Attorney, assisted by Attorney Van Duren, was instructed to file petitions on behalf of the

City to secure a determination on the status of the City's funds, such determination to be had in the Circuit Court before Judge Miles, and such hearing to be had prior to July 3rd.

Carried, all present voting aye. Welfare Committee reported having examined claims in the sum of \$3,500.17 for regular claims for the past two weeks, and recommended payment thereof. (Such claims on file in clerk's office for public inspection.)

Allowed and checks to be released when funds are available.

Committee on Claims and Accounts reported having examined claims in the sum of \$548.60 for extra payrolls, and \$2,822.10 for regular claims, and recommended payment thereof. (Said claims on file in clerk's office for public inspection.)

Allowed and checks to be released when funds are available.

Committee on Licenses to whom was referred the request from the local pool and billiard hall owners for a reduction in their license fees, reported having taken the matter up with them, but since the license was fixed by ordinance, there was nothing that they could do in the matter, and presented it back to the Council without recommendation.

Ald. Van Zoeren stated that in his opinion these license fees were altogether too high. After some discussion on the matter, and on motion of Ald. Kleis, seconded by Van Zoeren,

Referred to Ordinance Committee.

Committee on Ordinances gave notice that they will introduce at a subsequent meeting an ordinance entitled "An Ordinance to Regulate the Use of Radios for Public Broadcasting of Radio Programs and Advertising."

Committee on Public Buildings and Property reported having received several bids for the City's supply of coal, and recommended that the awarding of the contract

be referred to them with power to act.

Adopted.
Committee on Civic Improvement to whom was referred the petition from citizens in the vicinity of Montello Park requesting the removal of the old ice house buildings, reported having investigated the matter and recommended that since these buildings are still in good condition that no action for their removal be taken at this time.

Adopted.

Reports of Special Committees

Ald. Van Zoeren read to the Council a letter that had been received from Sen. Vandenberg in reply to a request from the Chamber of Commerce relative to securing R.F.C. funds for the purpose of developing dock property and harbor improvements. Sen. Vandenberg referred them to Col. Walbridge of Detroit, who is in direct contact with these undertakings in the State of Michigan. Ald. Kleis recommended that a sum of money not to exceed \$100.00 be allowed to get the necessary information on these matters. After some discussion on the matter, it was moved by Ald. Van Lente, seconded by Kleis,

That a committee consisting of Ald. Prins, City Attorney Lokker, Ben Mulder, and one member from the Chamber of Commerce to be selected by themselves, be delegated to go to Detroit and get as much information as possible in securing such R.F.C. funds for Holland.

Adopted.

Ald. Prins brought up the matter relative to the odor from the Buttermilk Drying Unit of the local creamery that is again causing such a nuisance in that vicinity. After considerable discussion on the matter, it was moved by Ald. Prins, seconded by Kleis,

That this unit be closed until such time as corrective methods are installed. Carried, all voting aye.

Ald. Prins brought in a recommendation that 300,000 tulip bulbs

be ordered for planting this fall in order that the display next year may be improved.

Carried, all present voting aye. City Attorney Lokker, to whom was referred the matter of the Van Munster family, reported having had a meeting with the prosecuting attorney together with the welfare director, city engineer and city clerk, to discuss what should be done in the matter. City attorney reported that different actions were considered at the meeting but his recommendation now would be that the welfare director be instructed to enter a complaint against Mr. Van Munster for non-support.

Adopted.

Communications from Boards and City Officers

The claims approved by the Library Board in the sum of \$150.69; Park and Cemetery, \$584.42; Police and Fire Board, \$2,243.60; B.P.W., \$11,765.28, were ordered certified to the Council for payment. (Said claims on file in Clerk's office for public inspection.)

Allowed and checks to be released when funds are available.

B.P.W. reported the collection of \$17,135.33; City Treasurer, \$13,239.40.

Accepted.

Clerk reported interest coupons due in amount of \$32.01.

Allowed.

Clerk presented communication from B.P.W. recommending necessary stoker and boiler repairs on No. 3 boiler at the 5th St. Station at estimated cost of \$4,603.52.

Approved.

Clerk presented schedule of light, power and water rates adopted by the B.P.W. for ensuing year.

Approved.

Clerk presented communication from B.P.W. calling attention to necessary repairs to the gas testing equipment.

Referred to Ways and Means Committee.

Adopted.

Oscar Peterson, City Clerk.

First Foreign Ship in 27 Years Makes Local Port; Is From Sweden

The first foreign steamer from across the ocean to arrive in Grand Haven harbor in 27 years, according to William Phillips, deputy customs collector, arrived Wednesday about 3:30 p.m., with a cargo of 8,400 bales of wood pulp which is being discharged at Grand Haven. She is the "Norbo," from Ornskoldsvik, Sweden, and it is said it took 32 days to make the crossing and come down the St. Lawrence River and locks through the great lakes here. Enroute she stopped at Methel, Scotland; Father Pointe, Quebec, Montreal, and Port Colborne, Canada, for filling coal bunkers and to meet public health requirements.

The steamer is 1182 gross and 689 net tons. She was built at Moss, Norway, in 1930. She is in charge of Petter Berg, master; Nils Nil-

sen, first officer, and Alf Jensen, second officer. Christian Jensen is the chief engineer and there is a full Norwegian crew.

The shipment of pulpwood is being made by the Import & Export Service company of Grand Rapids which has charge of the entry of the cargo and it is being unloaded by Vyn trucks and stored in the Vyn Company storage house on Seventh Street for future hauling to Grand Rapids.

The sight of the Swedish flag in this port attracted numbers to the dock and about 60 Grand Haven men were employed to assist with the unloading.

HEN'S EGG 9 INCHES AROUND LONG WAY

What is believed to be one of the largest eggs ever laid by a Meocosta county hen is on display at the office of County Agent E. E. Tving at Big Rapids. The egg is 9 inches in circumference the long way. It was laid by a White Rock hen owned by James Reynolds of Stanwood.

No More Eighth-Grade Examinations

School Commissioner Fales of Allegan announces that there will be no seventh and eighth-grade examinations in the future as the legislature passed a resolution doing away with them. The fact of the matter is that he received a copy of the resolution while the examination was in progress this year, and that it provided that the examinations would be conducted this year by the individual teachers in the home schools. The resolution having been received too late for action the teacher's recommendations were taken into consideration along with the examination in passing the students.—Allegan Gazette.

Undoubtedly this will also affect Ottawa county where examinations were held this year and commenced at Carnegie Hall on Hope College campus a week ago.

YOUTH EARNS TUITION BY CATCHING RATTLESNAKES

Rattlesnakes at \$1 a foot are putting Lewis Fisher through Los Angeles Junior college. Last summer Fisher caught 25 rattlers, the longest 6 feet 2 inches, and the net catch represented a semester's expenses. He sells his catch to professional collectors. Snakes, says Fisher, are peaceable and will not molest you unless you get them excited. High boots are not much protection against the fangs of rattlers, he said. His hunting kit is a stick and a garbage can.

SWAN CREEK'S TROUT

According to many reports Swan Creek, Allegan county, must be as good trout fishing ground as any stream in the state, for many catches great in number and the size of individuals are given. One party of strangers last week fished the creek at night with live bait and caught twenty large brown trout, one of which weighed four pounds. These trout and rainbows grow larger than speckled trout and will flourish in warmer water than is agreeable to the brook species. The first planting of trout in Swan Creek was made by the late Dr. Lafayette Stuch many years ago in a little tributary on the Barry ranch in Allegan county. It was forgotten for a long time and until the stream was plentifully supplied. The planting of brown and rainbow kinds was made much later but the result is surprising and most satisfactory to anglers. Fishing for bass at night is also often productive of fine catches. All these fish feed mostly at night.

Feed an Onion to an Elephant

Many of the inhabitants of the London Zoological Gardens have developed the most fastidious of tastes while living in captivity and require dainties they never would have encountered while living in their natural habitats. Edward G. Boulenger, director of the zoo's aquarium revealed recently.

Boulenger told of a snake that preferred mayonnaise sauce with its food; of others that would eat tame rats but refuse to eat wild ones; and of still others that would eat only white rats.

One curious case related by Boulenger concerned a group of reindeer imported from the far north for which a supply of their native food, Iceland moss, had been imported also. At the zoo the reindeer refused to touch the moss, but ate greedily of English clover.

"Elephants are very fastidious," said Boulenger, "and some of them will not even eat buns. The elephant presented to the zoo by the Prince of Wales has a great dislike of oranges, and always hands them back politely to the donor.

"Another elephant who was once insulted by being presented with an onion, crushed it beneath his foot and flung the odoriferous mass back at the visitor who presented it."

CRISP

Mrs. Arend Brouwer, 54, of Crisp, died last week, Thursday evening, at Zeeland hospital, following a week's illness. She is survived by her husband; a brother, Gerrit Alofs of Noordeloos; and a sister, Mrs. Ralph Brouwer of Crisp. Funeral services were held Monday afternoon at 1:30 at the home in Crisp and at 2 o'clock at the Crisp Christian Reformed church, Rev. P. D. Van Vliet officiating. Burial took place in Holland Township cemetery.

Al Vegter spent a few days in Chicago, where he attended the Century of Progress Exposition.

REPORTS 25 MAGAZINES MISSING AT LIBRARY

Miss Dora Schermer, city librarian, reports that during the past year twenty-five magazines have disappeared from the city library's permanent files.

They were listed as follows: American Forests and Forest Life for September, October and November, 1931; American Girl for March, 1932; American Magazine for February and March, 1932; Asia, for September and October, 1932; Atlantic Monthly for November, 1932; Better Homes and Gardens for October and November, 1931; Colliers for January 23, 1932; Field and Stream for March, 1932; and April, 1933; Harpers for August, 1932; House Beautiful for January, 1932; Literary Digest for October 22, 1932; Outdoor Life for February, September and December, 1932; Popular Science for March, 1933; St. Nicholas for December, 1930, and February, 1931; School and Society for January 17, 1931, and Scribners for April, 1933.

INSTRUCTIONS ON HOW TO PRESERVE UNDERSIZED FISH

Conservation laws governing the sizes of certain species of fish that may be taken legally can have little effect on the preservation of fish life and the insurance of a future supply unless care is taken when undersized fish are caught to return them to their native element in a manner that will insure their survival. The following suggestions as to the best method of handling fish caught unintentionally were published by the American Game Association recently:

"Do not jerk the fish clear of the water as though throwing it. Fish should be lifted out of the water rather than jerked.

"Wet both hands before removing hook. A dry hand destroys the protective coating on the fish and leaves it subject to fatal fungus growths. It is also well to remove the hook while holding the fish under water.

"Don't throw the fish back into the water, but hold it down and let it swim away. If the fish floats away upside down that does not mean that it will die, as it takes some time for it to recover from the shock."

FISHERMEN FIND LITTLE JOY IN STREAM FISHING

The first month of the open trout fishing season is about to close and it will leave in its wake thousands of dissatisfied fishermen; not that there weren't plenty of fish in the streams but water and weather combined to take all the joy out of stream fishing.

Fly fishing has been poor as is always the case when cold weather delays the hatch of natural insects and high, roily waters created unnatural stream conditions.

But with warm weather ahead and the caddis fly hatch in the offing June should bring the fishermen full creels without any great effort.

ZEELAND

Many of Zeeland's unemployed are working on the 40-acre city farm under the direction of Gradus Schreotenboer, foreman. So far six acres have been planted with potatoes, thirteen with sugar beets and one with onions. Space also will be provided for the planting of watermelon, pumpkin, citron, carrots and cabbage.

A crew of fifty men is employed on another city project, the construction of a drainage system in various parts of the city.

The paying of city labor by scrip has been discontinued. City Superintendent Gerrit P. Rooks announced. Under the plan devised by Mr. Rooks all unemployed men with families are given work by the city. Unmarried men who aid in the support of widowed mothers or invalid fathers are paid \$1 a day.

Common Council

Holland, Mich., June 23, 1933.

The Common Council met in special session and was called to order by the Mayor.

Present: Mayor Bosch, Alds. Prins, Kleis, Van Zoeren, De Cook, Steffens, Habing, Jonkman, Huyser, Thomson, and the Clerk.

Before taking up the special business for which the Council was called together, the Mayor recommended that the City of Holland go on record as being in favor of having petunias or some other flower planted along the curbs where tulips have died down. The Mayor further recommended that this entire matter be referred to the Chamber of Commerce with the request that they sponsor such project.

Adopted. The Mayor stated that the special purpose for calling this meeting was to acquaint the Aldermen with the information that had been received by the City Engineer together with Ald. Jonkman, Chr. of the Street Committee, who had recently attended a meeting in Ann Arbor where different work projects were discussed.

The Mayor then turned the meeting over to City Eng. Zuidema who made a very complete report on various matters that had been under consideration at the Ann Arbor meeting. It was reported that the State Committee on Trade Recovery requested that each City recommend certain projects which had already been approved by the State, so that when the new Highway Comm. takes office, immediate action could be had on such projects.

Mr. Zuidema further reported that it would now be possible under the new Act recently passed by Congress, to secure funds for necessary highway projects. He further reported that the Federal Government would make an outright grant of 30% of the cost, and the balance of the cost could be taken care of by a loan from the Federal Government at an interest rate not to exceed 3 1/2%.

The Council discussed various projects that might be recommended, among them being the improvement of U.S.-31 on No. River Ave. bet. Madison Place and 4th St.; also Mich. Ave. from 28th to 32nd Sts.; also M-21 from 8th St. and south on Fairbanks Ave. to 17th St.

Referred to City Eng. together with Ways & Means Comm. with power to act.

On motion of Ald. Van Zoeren, 2nd by Steffens.

City Eng. & Ald. Jonkman were given a rising vote of thanks for the very efficient way in which they acquired and reported the information given out at the Convention.

Adjourned.

Oscar Peterson, City Clerk.

Common Council

Holland, Mich., June 29, 1933.

The Common Council met in special session and was called to order by the Mayor.

Present: Mayor Bosch, Alds. Brieve, Van Zoeren, De Cook, Habing, Steffens, Jonkman, Huyser, Van Lente and Thompson, and the Clerk.

Clerk presented Druggists Liquor Bond signed by the Model Drug Co. with G. T. Haan and Wallace Kuite, sureties, for approval of Council.

Approved. Clerk presented application of Wm. Ramelton doing business as the Five & Ten Cent Sandwich Shop, for license to sell Beer.

Approved.

Clerk presented communication from the Bailey Dry Cleaners by W. K. Snyder, protesting against the Dry-Cleaners Ordinance relative to the amount of fee required for Transient Dry-Cleaners to do business in the City.

Referred to City Atty.

Andrew Klomprens, Member of the Playground Commission, appeared before the Council and reported that the cost of installing a system at Riverview Park whereby water would be pumped directly out of the River for sprinkling purposes, would run considerably more than the \$200 previously allowed for this purpose.

There was some discussion as to whether the City should go ahead and spend the money at this time, and

On motion of Ald. Van Zoeren, 2nd by Van Lente.

Matter dropped until next spring.

Mayor Bosch then stated that this special meeting was called at the request of the Ways & Means Committee and asked Ald. Van Zoeren to explain the purpose of this special meeting.

adoption. WHEREAS, a joint Committee comprised of delegates from the City of Holland, City of Grand Haven, Ottawa Co. Welfare Board and the Board of County Road Commissioners have given consideration to the terms of the Industrial Recovery Act, which act concerns with the State Highway Commission the administration of large Federal funds for unemployment relief, and

WHEREAS, the unemployment problem in Ottawa County is very acute and our municipalities have already exhausted their financial resources, and

WHEREAS, the City of Holland wishes to join in petitioning you to grant to Ottawa County the funds necessary to carry on this project.

NOW, THEREFORE, BE IT RESOLVED, that we recommend a grant of \$270,000.00 for grading, drainage, bridging and surfacing of 18 miles of the Lake Shore road from a point in Park Township to the City Limits of Grand Haven as tentatively shown on attached map and pray that our request be granted.

Carried unanimously.

Adjoined.

Oscar Peterson, City Clerk.
