## Winners Crowned In Junior Center Tennis Tourney

The Sentinel-sponsored Junior Center tennis tournament drew to a climactic close Wednesday night with three more champions crowned shortly after dusk. Winners were named in the Junior singles events and both in Boys doubles and singles. The Junior doubles winners were crowned on Tuesday.

Roger Brunelle, Holland's promising star, staged a last set spurt to down Ron Colton 6-2, 4-6 and 6-3, in the Junior Singles. In the Boys single Dick Draper finally succeeded in whipping the persistent Dale Van Dorpe 6-1, 7-5. Draper and Van Dorpe had teamed up earlier to take the Boys' doubles title with a 6-3, 2-6, 6-0 win over Dave Moran and Bob Piersma. Dick Den Uyl and Ken Etterbeck won the Junior doubles title earlier.

Brunelle, new singles winner, succeeded in winning another title this year after coping the Boys' singles crown in 1946. In addition to winning the title this year, he was runnerup in the Junior doubles with his partner, Van Wieren.

The feature match Wednesday night was the long duel between Van Dorpe and Draper who staged a three set marathon. Joe Moran, tournament manager, said today that the youngsters gave a great exhibition of tennis, with neither boy willing to give in. To give an example of the steady consistent play of the contestants, Moran said the boys at one time had 86 returns for one single point.

Moran announced immediately after the crowning of the champions that both runners up and winners are now eligible to compete in the Michigan State Championships for Juniors and Boys which begins at Kalamazoo Monday. The meet will continue through Wednesday, Moran, however, said that anyone may enter the Michigan championships, although he will have to pay his own expenses, while the winners and runners up do not.

## Strikers Ask Three Bargaining Days

The bargaining unit of Bohn Aluminum plant 11, on strike since April 1, has submitted to management a new proposal asking for three days of continuous bargaining for the purpose of settling all issues in dispute.

If such a three-day session should fail to settle the three-month-old strike, the bargaining committee would then submit all remaining issues to impartial arbitration, according to a letter signed by Ben Schrottenboer, chairman of the Bohn unit of local 284, UAW-CIO and Ora Fox, business agent.

A letter, addressed to Plant Manager Chester C. Moffatt, reviewed some developments of the strike and pointed out that rates paid in the Holland plant are from 12 to 44 cents below those paid for like work in the Detroit bearing plant of the Bohn Corp. The letter said rates the union proposed here are still 10 cents below those paid in Detroit.

Moffatt said today he would consult company officials in Detroit before giving the union an answer.

Mrs. William Nyboer and children, Karl and Edwin Dale, 140 West 16th St., left Friday for Iowa and Minnesota to visit relatives for 10 days. She planned to spend a few days with an uncle and aunt in Iowa and will visit her brother-in-law and sister, the Rev. and Mrs. Gerrit Rientjes in Leota, Minn.

From left to right the net stars are: Dale Van Dorpe, Boys' single runner up and Boys' double winner; Dick Draper, Boys' single and doubles winner; Roger Brunelle, Junior singles champ and Ron Colton, Junior singles runnerup. ## Furniture Orders Keep Industry at Peak Pace

Furniture builders will continue at boom velocity—as far as Holland is concerned—for the rest of the year, at least. Charles H. Kirchen, Sr., president of West Michigan Furniture Company, said it would take this long to catch up on current orders.

With materials plentiful, cost of old designs will balance at the present level. However, increased production costs will up prices of the new designs.

With furniture orders still on the allotment basis, the market remains constant. Kirchen predicts the industry soon will drop the allotment basis for filling orders.

These observations were seconded by Frank Seidman, business analyst, in his monthly report on the furniture industry. Seidman said that every plant has at least a two month backlog of unfilled orders.

The industry has passed its peak but seems to be leveling off close to the all-time high, according to the report.

Workers' pay envelopes were up 4 per cent this month and 32 per cent higher than last year. May, Employment remained constant throughout the month.

The local industry reports normal production of all types furniture. At a recent New York furniture show buyers from many sections reported a shortage of mahogany and walnut.

Lamps and upholstered goods were ignored in favor of cedar chests, beds, dinette suites, bureaux and wall closets at the New York show. This is not surprising in view of the emergency housing program. Basic householders are dealing in essentials now. Fancy furniture will come later.

Buyers at New York are reluctant to order because their stores are stocked with poor quality furniture which must be sold before the new quality types can be ordered, spokesmen say.

## Council Endorses Commission Plan For Centennial

**Tentative Program  
Includes Pageant,  
Parade and Concerts**

Common Council Wednesday night endorsed a tentative program for Holland's Centennial Celebration Aug. 13 to 16, as outlined by Cornelius van der Meulen, president of the Centennial commission.

The program, still in a formative stage, includes such features and suggestions as a pageant, parade, family picnic, water sports, concerts, horse show fireworks and special exhibits.

Although the celebration is expected to open officially at 11 a.m. on Aug. 13, the first performance of a pageant depicting the historical development of the Dutch settlements here is scheduled the previous night. The pageant is contracted by the John B. Rogers Co. of Ohio, and is scheduled to be presented also on Aug. 13 and 15.

The tentative program lists such daily features as the Netherlands museum, Dutch mart, motion picture films, selected episodes or full series of "Echoes of a Century," a flower show under supervision of the Park department, special exhibition of art and art objects at Hope college, a manufacturers' display, window displays and Little Netherlands.

Under consideration are a children's festival, Parade of the Provinces, Dutch dancers, horse shoe pitching contests, softball, tennis and golf matches and a horse pulling contest.

Also planned is a "Tour of the Kolonie" with a motor cavalcade and a guide visiting Groningen, Zeeland, Vriesland, Drenthe, Overisel, Graafschap and Macatawa for luncheon, with lectures on historic spots, morning coffee, music and entertainment at each spot.

Distinguished guests are expected for the occasions, and special arrangements for their entertainment and participation in the festivities are being made.

The V-J day program tentatively lists a Victory parade ending at Kollen park where special ceremonies will salute V-J day with awarding of decorations and medals to persons of Holland and vicinity honored by the Dutch government, especially for war relief work. A family picnic with merchants arranging entertainment and a barbecue is scheduled. A concert that night will feature Madam Jo Vincent in Hope Memorial chapel.

A women's champion swimming meet, starring Nel Van Vliet, world champion of the breast stroke; Mrs. Irene Koster van Feggelen, world champion of the backstroke, accompanied by Truus Klapwijk of Netherlands Swimming association, is scheduled for Aug. 16. Motorboat races, water skiing and sailing races are also considered. A concert is planned at night, possibly featuring barbershop quartets.

In presenting the program, Chairman van der Meulen reviewed accomplishments so far during the Centennial year, mentioning the religious programs Feb. 9 and March 9, the Dutch Essay contest sponsored in co-operation with the Dutch government, Tulip Time, and the program, "Echoes of a Century."

Lt. Gen. Barton K. Young, president of the American Institute for Foreign Trade, announced today that Henry L. Willis, Jr., of Spring Lake, has joined the Standard Oil Co. of New Jersey.

Use a sharp knife and make a long slanting cut. A smooth surface allows the water to flow easily into the stem according to Paul R. Krone, flower specialist at Michigan State college. The slanted cut will keep the stem from being closed off if it is pressed against the bottom of the vase. After cutting the roses get them in water immediately. Remove the leaves from the lower part of the stems because they will decay in the water. Most of the water is taken in through the stem and the leaves will only promote the growth of bacteria which plug up the tubes so that the flowers wilt from lack of water.

Put the cut roses in a cool place—in the refrigerator if there is room—for several hours or overnight. This will help them keep longer, too.

Putting aspirin or quinine in the vase probably will not be of any help. Tests have failed to show that they make any noticeable difference. However, certain commercial preparations made for that purpose will help to keep your roses fresh longer.

## Home Run Features

### B League Contest

Despite a home run with two men aboard by Jerry Kruitthof, the Coyote Kids dropped their B league contest last night to the Happy Nine 7-3.

Harold Van Voorst and Ronald Boeve formed the winning battery while Ed Kellogg and Lawrence Van Tak were both on the mound for the Coyotes with Don Northuis behind the plate.

Van Voorst and Delbert Schrottenboer were the leading hitters for the Happy Nine and the home run was the big blow for the losers.

## Holiday Outlook Bright; Even the Fish are Biting

Fourth of July promises to be a "bang-up" day, according to Weather bureau officials. The sun's trying to be less independent, and the weatherman predicts the bright boy will shoot its rays earthward all day long. The only explosions, he says, will be firecrackers, as thunder is likely to stay away from holiday celebrations.

Perfect conditions prevail at the local beaches—water temperature is 66, just right for swimming. Also local fishermen report that fish are biting on the pier, which can now be reached as turbulent waters have subsided.

State Park Superintendent Clare Broad announces a booming camping business. More than 311,410 persons have visited the beach so far this year and 254 camping permits have been issued. Of these, 86 have been for trailers and the rest for tents. All trailer space has been filled for the last two days and most tent cities are occupied. New applicants for trailer space are being put on a waiting list, Broad said.

## Zeeland Plans For Fireworks

Zeeland, July 3 (Special)—An outstanding attraction during the Zeeland Centennial celebration will be the concluding event of the three-day celebration. On Friday evening, July 18, directly following the amateur program there will be a display of fireworks at Softball Park.

The event is in charge of John Wyngarden, fire chief. He will be assisted by members of the fire department. The night's performance is a \$1,000 display including the grand opening number, Oriental circle; the rainbow; the floral cascade; the mighty cataract of Niagara; festival of the pyro flowers; the flying dragon, Pan-American battery; the land of the midnight sun; bouquet of flowers; fountain of youth; Old Glory; 350 assorted variegated flash and reports.

The feature piece will be a modern battle spectacle in which two battle ships, two airplanes and a submarine engage in battle and the setting up will take several hundred feet of space. The program will close with the grand finale.

The trial was held June 6 and the judge reserved decision at the end of the one-day trial. The decree provides that \$1 in lieu of a dower be paid to the defendant and that she resume her maiden name of Margaret Van Ingen. Under the decree, she does not receive any other property, alimony or costs.

The trial was held June 6 and the judge reserved decision at the end of the one-day trial. The decree provides that \$1 in lieu of a dower be paid to the defendant and that she resume her maiden name of Margaret Van Ingen. Under the decree, she does not receive any other property, alimony or costs.

## Former Localite Tells of German School Conditions

**Reveals Shortage of  
Supplies, Facilities;  
Illinois College Dean**

"There is a deplorable shortage of textbooks, paper, pencils and other educational supplies, in Germany," said Prof. Chris De Young, former local educator recently returned from Germany. De Young, formerly of Zeeland and a Hope graduate, at present is administrative dean at Illinois State Normal university at Normal, Ill. More recently, however, he has been employed at the request of the U. S. government as an expert consultant for the civil affairs division of the War department.

He was sent to Germany for two and a half months to advise and instruct German teachers, and educators in regard to the post-war educational training of German children. The task is most difficult he says due to the failure of the Big Four powers to agree on various policies.

Classrooms in Berlin and Bremen, where he was stationed, are about half destroyed. He also said that about half of the German teachers have been ousted since the war by denazification proceedings.

Classes for the Germans are held only half days, because of the lack of teachers and space. There are no classes during the period from Christmas to Easter, he said, because of the severe lack of coal.

De Young, a former Sentinel reporter, was born in Zeeland and completed his early training there. He received his degree from Hope in 1920 and immediately left for India where he served as an educational missionary for the Dutch Reformed church. He served in this capacity until 1924. He then became superintendent of schools in Hudsonville and Zeeland, positions he held until 1930. From 1930 to 1934, he taught school administration courses at Northwestern university. Following his four year stay at Northwestern, he joined the faculty at Illinois State Normal. He was head of the department of education for a time, but later became administrative dean, a position he still holds.

While in Stuttgart, Germany, De Young conferred with a German publisher and made arrangements to have his book, "Introduction to American Education," translated into the German language. The book was published in America in 1942 and since then has been used by the Armed Forces institute and by the military government in Italy.

In summing up the economic needs in Germany, he lists: agreements leading to action, currency reform, more democracy in business, exports, food and clothing and medical aid to help maintain the health of the Germans.

Prof. De Young has been asked to spend another year in Germany as an employee of the U. S. government to aid in educational administration. He, however, has not made any decision on the matter.

The De Youngs have returned to Normal after spending a few days at the home of Mrs. De Young's mother, Mrs. A. H. Van Drezzer at 123 East 10th Street.

## Motorbike Driver Hurt When Hit by Unidentified Car

Grand Haven, July 3 (Special)—Arthur Scheel, 34, of Grand Haven, received scalp lacerations requiring several stitches in an accident Tuesday afternoon in which he was knocked from his motorbike by an unidentified motorist.

Scheel told state police an oncoming vehicle crowded him off the road as he was riding on Waverly road. He was taken to Municipal hospital in an ambulance and insisted on going home after treatment.

Two cars and a truck were damaged in an accident at 4 p.m. Tuesday on US-16 near Marne. State police said cars driven by Marian Ward, 21, of Grand Rapids, and Milton L. Wallace, 21, of Muskegon, were traveling west and a truck driven by Adrian H. Eding, 29, of Grand Rapids, west.

Police said the Wallace car hit the rear of the Ward car, then swerved to the left and hit the oncoming truck. Wallace was charged with failure to have his car under control and later paid \$15 fine and \$3.10 costs in Justice George Hoffer's court. Ward was arrested for having an expired operator's license.

Mrs. Pauline D. Rogers, 28, route 2, Spring Lake, is confined in Municipal hospital with hip lacerations received in a car-truck accident Tuesday afternoon on the Old State road near the McMan school. State police said a truck loaded with lumber, driven by James D. Christman, 22, of Spring Lake, hit the Rogers car, resulting in damage to the front of the truck and the right side of the car. No arrests were made.

While backing out of a driveway on Lake Michigan drive, a car driven by Miss Mildred Cole, route 2, Holland, was hit by one driven by Mrs. Charles K. Putman, 63, of Grand Rapids, at 7:35 p.m. Tuesday. The accident occurred two miles south of the Grand Rapids pumping station. Miss Cole was charged by state police for failure to yield the right of way.

## Petunia Lanes Need Watering

Pleased with the 100 per cent co-operation demonstrated in Wednesday's petunia planting "bee," Co-chairman Mrs. L. W. Lamb and Mrs. Chester Van Tongeren today again reminded local residents that the plants must be well watered until they are firmly established.

A surface sprinkling is not enough, they pointed out. The plants should be well soaked with a hose or watered from pails at least twice a week.

If plants are too tall and lanky, pinching out the tops will make them branch out fully, Mrs. Lamb said.

The majority of the 178 flats of petunias was used in the planting Wednesday. The flats average 100 plants each. Lloyd Osborne of Jensen Park offered some 700 seedlings which the committee gladly accepted to augment the local supply.

## Park, Cemetery Departments Put Under One Head

**Smallenburg to Direct  
Development of Local  
Parks and Cemeteries**

Consolidation of the park and cemetery departments into one department with Dick Smallenburg as superintendent and Howard Reising as cemetery officer manager was announced at a meeting of Common Council Wednesday night.

The re-organization was made known in a resolution drawn up by the Board of Park and Cemetery Trustees at its meeting Monday night.

The new plan provides that the superintendent shall take care of all development and maintenance at Pilgrim Home cemeteries including equipment and manpower involved, and that the office manager shall keep all cemetery records and make arrangements for burials, and direct the sale of cemetery lots and care thereof.

The office manager will continue to make all contacts and arrangements with the public regarding burials and records.

The move was made so that equipment and manpower of both departments could be utilized to better advantage, the board indicated. The change was effective July 1.

On suggestion of Ald. William J. Meengs, the Civic Improvements committee was instructed to contact authorities at Hope college on possibilities of improving landscaping about barracks which house GI students and families.

Complaints on inability to occupy basement houses in Holland city were referred to the Ordinance committee. City Attorney Peter S. Boter explained a building permit had been issued for a 1½-story house and the applicant built only the basement and prepared to live in it. He explained to the complainants that he was not standing in judgment but basement houses are not allowed under the city ordinance, and if they are to be allowed, council must take the necessary action. The complaint was made by Mr. and Mrs. Suchart.

Boter also reported he had filed the city's appeal to the equalization report of the county Board of Supervisors, in accordance with action taken at a special meeting of council Monday afternoon.

No action was taken on a license for Brinkman's Lakeshore Bus Lines, and the Public Safety commission was instructed to inform the police department to proceed with enforcement in case of infractions.

Council referred to the street committee a petition for closing an alley between 18th and 19th Sts. West of Harrison Ave. signed by six of the 14 persons affected. This petition had been presented at a previous meeting but was retracted for additional signatures.

A communication from the Park and Cemetery board requesting a ruling on purchase of liability insurance was referred to the Ways and Means committee and city attorney for further study.

Council approved a request of the Board of Public Works to reinvest money now in 7½ per cent U.S. Certificates of Indebtedness, and also to invest some additional funds. The sums were not disclosed.

City Clerk Clarence Grevengeod presented the annual audit report for the past fiscal year prepared by Cornelius Kragt. It was referred to the Ways and Means committee.

Council ordered paid annual dues to the Michigan Municipal league amounting to \$26.90. The clerk also read a communication giving a resume of league activities during the past fiscal year.

A petition requesting laying of sewers and water mains in Visscher's Orchard subdivision fronting on 28th St. west of State St. was referred to the Sewer committee. A petition for construction of a storm sewer on Harrison Ave. between 18th and 19th Sts. also was referred to the Sewer committee.

An application by Midway Super Service Station at 109 River Ave. to sell soft drinks was allowed. The clerk presented oaths of office for Edward A. Dimmet, Clarence Klaasen and Henry S. Maentz as members of the Sinking Fund commission, until May, 1948, and of Neal Wiersma as member of the Board of Appeals to May, 1949.

Claims and accounts amounted to \$12,718.51. Other claims include Hospital board, \$6,050.60; Library board, \$398.67; Park and Cemetery board, \$2,699.62; Board of Public Works, \$35,332.60.

The city treasurer reported regular collections of \$12,887.51 and BPW collections of \$33,166.91.

Mayor Ben Steffens presided and Ald. Raymond Holwerda gave the invocation.

Mr. and Mrs. John A. Kampe, 329 Washington Blvd., have returned to their home after spending a month on Merritt Island, Fla., with their son-in-law and daughter, Mr. and Mrs. H. B. Miles.

## Council Backs City Supervisors In Tax Protest

### City Attorney Ordered To Draft Appeal for State Tax Commission

Common Council at a special meeting at 5 p.m. Monday voted 7 to 1 to sustain the Holland delegation to the Board of Supervisors in protesting the county's 1947 equalization report which was passed in Grand Haven Friday afternoon by a 23 to 5 vote.

City Attorney Peter S. Boter was directed to prepare the protest which must be filed with County Clerk William Wilds by Wednesday, or within five days after the report was adopted. This protest will be sent to the State Tax commission. The commission then is expected to spot check assessments in the county.

Boter bases his reasons for appeal as follows:

1. The county equalization committee has made no attempt to equalize assessments from the various tax units of the county.

2. There is too great a difference in the amount of taxes Holland would have to pay this year to have both 1946 and 1947 taxes anywhere near equitable.

3. Many persons claim that properties in Holland city and in the nearby townships of comparable value are not assessed on an equitable basis.

4. The State Tax commission promised last year to conduct a spot check in Ottawa county by June, 1947, but has not done so.

"Win, lose or draw, Holland should find out what the equalized tax in Ottawa county is," Boter said.

In his introductory message, Boter explained that Holland's increase in assessment is \$3,200,000 or 56.98 per cent of the total increase of \$5,700,000 in the entire county. On this basis, Holland will be paying 30 per cent of all county taxes. The total increase this year would amount to about \$9,000.

Vernon D. Ten Cate, former city attorney, said he did not sign the equalization report last year but filed no formal appeal with the State Tax commission, because it was understood a spot check would be made here before June, 1947, to make some kind of equalization pattern. He said Ottawa county is still following a "pattern" set up 25 years ago by the state in such a check. He assumed the state was too concerned with its own tax problems to be in a position to hire the necessary personnel for such a check.

Attending Monday's special meeting were Holland's five supervisors, Mayor Ben Steffens, Assessor William Koop, City Attorney Boter, John Galien and Simon De Boer. Also present were Ten Cate and Oscar Peterson, former city clerk.

Ald. Harry Harrington who cast the dissenting vote said he did so on advice of Peter Van Ark, former city assessor and still a member of the state assessor's board. Other aldermen present were John Bontekoe, Melvin Van Tatenhove, Bertal Slagh, Bernard De Pree, Fred Galien, Ed Prins and William J. Meengs.

Grand Haven, July 3 (Special)—The County Tax Allocation commission met at the Court House Monday to hear complaints on allocations made the various districts. Several townships were raised and only one lowered. Allendale township was raised from 2 to 3 mills; Port Sheldon, James-town, Wright and Polkton townships were each raised from 2 to 2.25 mills and Blendon township was lowered from 2 to 1.

Holland No. 7 and Park No. 8 are new school districts since 1946 and each was allocated 8.75 mills. Another hearing on the revised allocations will be held at the Court House July 21 at 10 a.m., and if there are no changes to be made the commission will then make permanent allocations.

The morning drill for the state units will consist of light weapons, military courtesy, sanitation and orientation into camp life. The afternoons will be devoted to division and regimental reviews and athletics.

Capt. William A. Sikkel, commander of the local group, said the primary purpose of the camp was to organize headquarters functions and individual unit nuclei for a staff upon which the new guards can be built.

Sikkel said, based on present strength, about 51 enlisted men and three officers would represent the local guards. He added, however, that new men should join now, in order to be equipped before the training period begins.

## Coast Guard Chief Issues Boat Warning

A warning to all motorboat owners in this area against the reckless operation of their craft in Lake Macatawa and the channel was issued today by Chief Gustav Nynas of the Holland Coast Guard station.

Several complaints have been received, Nynas reported, of small fishing boats being swamped by speeding motorboats. He urged motorboat operators to practice "common courtesy" on the lakes in order to protect the lives and property of other resorters.

Persons convicted of reckless operation or negligence are subject to a fine not exceeding \$2,000 or imprisonment not exceeding one year, or both Nynas pointed out. This law will be enforced in local waters, he added.

Nynas also stated that according to orders from Coast Guard headquarters in Cleveland, the local station activated the Point Superior light Monday. The light had been out since the first of the year.

Anthracite coal was discovered in Rhode Island in 1755.

And the driver escaped with slight injuries! Such was the good luck of Gerald Goodyke, 19, of Borculo, driver of this truck, which crashed into a small culvert on East 32nd St. Monday and went over the embankment. A faulty steering gear is

believed responsible for the accident. The impact pushed the front wheels into the rear wheels and jackknifed the cab, burying the engine. The five-year load of gravel was scattered everywhere. Goodyke was discharged after a checkup in Holland hospital.

Grand Haven, July 3 (Special)—An appeal of the city of Holland from the equalization established by the Ottawa county board of supervisors June 27, 1947, signed by Ben Steffens, mayor, and Clarence Greengood, clerk, was filed with the Ottawa county clerk this morning.

The appeal sets forth that an increase in the assessed valuation for various townships and cities other than Holland city over the 1946 equalization vary from 3 to 16 per cent; that the assessed valuation of the city of Holland over the equalized valuation of 1946 was increased by 22.83 per cent for Holland city.

The increase in assessment amounting to \$3,241,525 represented only \$444,055 of new assessments and \$2,797,470 in an adjustment of assessment rolls. The city claims that by using the assessment rolls on the sole basis for equalization, Holland city is being discriminated against in the matter of equalization.

The appeal will be served on the Board of State Tax Commissioners.

## Culvert Crash Heads Long List Of Accidents

### Truck Demolished On East 32nd St. But Driver Slightly Hurt

Gerald Goodyke, 19, of Borculo, escaped with minor injuries and shock, from a serious accident at 11 a.m. Monday in which the gravel truck he was driving crashed into a culvert on 32nd St. a quarter mile east of the city and went down an embankment.

The accident is believed to have been caused when the steering gear snapped and the driver lost control. The truck, loaded with five yards of gravel, was demolished. The driver was pried from the wreckage and taken in an ambulance to Holland hospital where it was determined his injuries were not serious.

Goodyke, driving a truck owned by L. Westendorp of Zeeland, was traveling west when the accident occurred. The culvert bridges a drainage ditch in the area.

This was only one of a number of accidents which occurred in and near Holland during the week-end.

Sheriff's officers arrested John R. Meyers, 19, of Grand Rapids, for faulty driving after he allegedly speeded 60 to 65 miles past officers at the scene of an accident Saturday at the intersection of M-21 and the Ottawa Beach shortcut. Officers chased Meyers and caught him in Zeeland.

The accident occurred when a truck, driven by Earl F. Hoffman of Grand Rapids, hit the rear of a car driven by Henry P. Zwemer, of 247 East Eighth St., after Zwemer had signaled for a right turn. Hoffman told officers he thought Zwemer signaled for a left turn. A rear fender on Zwemer's car was slightly damaged.

Two occupants of a car driven by Melvin Haveman, 19, of 24 West 14th St., were slightly injured when their car was hit in the rear by a farm truck driven by Gordon Wassink, 14, route 2. The accident occurred three miles north of Holland Friday.

A service man, Ray Brouwer, 22, route 2, went to pick up a friend who was going to return to Fort Sheridan with him when his car got out of control and tipped over in the Windmill station yard. It was believed that Brouwer failed to realize the S curve on 32nd St. and the old Saugetuck Rd. The car was heavily damaged.

Brouwer was able to continue on to Sheridan but expects to return in a couple of days.

A car driven by Lida Rogers, 139 West 14th St., going south on Pine St., collided with the car of Kenneth Hulst, 20, route 6, which was going east on Eighth St. Saturday at 9:45 a.m. Both cars received damage to the front ends. Witnesses were Neal Kolkman and Chester Kolkman.

## Van Voorst-Zeerip Vows Spoken in Woman's Club

An artistic arrangement of palms, ferns, tall vases of white peonies, and seven-branch candelabra formed the setting for the marriage of Miss Marian Zeerip, daughter of Mr. and Mrs. C. De Vries of 286 East 14th St., and Fred J. Van Voorst of 271 East 16th St., which was solemnized Saturday afternoon in the Woman's Literary club. The double ring service was read by the Rev. T. Yff of Ninth Street Christian Reformed church.

Wedding attendants were Mrs. Donald Vander Baan, sister of the bride, matron of honor; Miss Laverne Huyser of Holland and Mrs. Warren Comport of Detroit, bridesmaids; Ralph Van Voorst, brother of the bridegroom, best man; Meredith Williams and William Appledorn, ushers.

Robert Van Voorst, nephew of the bridegroom, sang "Because," d'Hamelot, and "The Lord's Prayer." Mallotte, accompanied by Miss Donna Boeve who also played the traditional wedding marches.

The bride, who approached the altar unattended, wore a white silk marquisette with long full sleeves edged in lace, and square neckline with lace and ruffle trim with a double ruffle down the back to the waist. The long full skirt extended into a long train. A fingertip veil of sheer net with a tiara of orange blossoms and a bride's bouquet of white roses and baby breath completed her outfit. She wore a single strand of pearls, a gift of the bridegroom.

The matron of honor wore a blue net with high neckline and lace peplum, and a blue crownless hat. The bridesmaids wore identical formal dresses of dotted net, Miss Huyser wearing pink and Mrs. Comport yellow. The gowns were fashioned with sweetheart necklines and short sleeves. All three attendants wore elbow-length white gloves and pearls and carried colonial bouquets of roses, carnations and other summer blooms. The two bridesmaids wore flower tiaras in their hair.

A reception for 90 guests followed. Mr. and Mrs. Dell Koop presided at the punch bowl and Mr. and Mrs. Joe Koning served as master and mistress of ceremonies. Misses Frances and Cornelia Van Voorst assisted in the gift room.

Tables were decorated with huckleberry greens and summer flowers. The tiered wedding cake was flanked by double-branch crystal candelabra. Waitresses were Mrs. Evert De Neff, Mrs. Marvin Keeler, Mrs. Junior Kragt, Mrs. B. Vanden Belt, Misses Phyllis Stolt and Henrietta Ten Brink.

Following the reception, the couple left on a wedding trip to Drummond island in Northern Michigan. For traveling, the bride wore a gray gabardine suit with black and white accessories and a corsage of white roses.

They will make their home at 262 West Ninth St. after July 20. The bride is employed as a telephone operator and the bridegroom is attending Hope college.

## Volleyballs From Ambush

THE AMBUSHER, full of admiration for Nat R. Howard, president of the American Society of Newspaper Editors and editor of the Cleveland News, has quoted Editor Howard before. Because of its application to this month of graduates, another Howard speech is quoted in part:

"A newspaper printer," he said, "has a relatively interesting life. He must be a man or woman of integrity, dependability and no small learning, if he is to see the print and make up job through in the best sense. Printers make good livings. So do photo-engravers, who produce the illustrations; their work is exacting and in no small part intellectual and full of interest. It takes a skilled machine mind to be a good newspaper pressman. There is a whole new career opening up in the circulation end. It means work with boy carriers, constant sales and customer analysis."

A youngster who aspires to be a reporter ought to ask himself three questions, says Editor Howard.

"First, is he the kind of person who feels wedded to and endowed in the truth, the fact? The business depends on that, first and last. If he doesn't care particularly about the truth or fact of anything not touching his affairs, he will not be a good reporter."

"Second, is he interested in the human race, curious about people? People without that instinct often do good work in the world—but they are not reporters. If he is curious about other people, what they do and think and are, there is a good chance the youngster may have that nose for news needed on a newspaper."

"Third, is he afraid of hard work? There is nothing so exacting as the clock by which a newspaper goes to press. If the work was done and the truth was forthcoming and was correctly and swiftly handled, the truth got into the edition. If it did not, sooner or later the laziness which kept the fact from the readers will bring about some changes on that paper."

"One great reward to people in the newspaper business," Mr. Howard adds, "is that they have considerable peace of mind. Their jobs are wound up for good or bad every morning or evening, undisturbed by things unsettled or left on the toe."

undone. Then, too, the association with fact and truth in a business does a man's soul good. It makes him despise the liar and the cheat, and never want to be separated from fact and truth."

A reader is interested in the word nimrod, used in this corner a few weeks back. For him, and for others who may be equally interested, the following passages of the Bible may explain. The quotations are found in Genesis X:

"8. And Cush begat Nimrod: he began to be a mighty one in the earth."

"9. He was a mighty hunter before the Lord: wherefore it is said, Even as Nimrod the mighty hunter before the Lord."

Nimrod was also a mighty king, but that needn't concern us here.

With dismay, the Ambusher learns that science has devised a new system of communication based on wireless that may send "more than a million words a minute" and make present communications methods look like an "oxcart."

Obviously, all science needs to do now is devise a mind that can produce words worth being sent at such speed. Too much of the current literature might better be communicated by oxcart.

Kindness prevents our mentioning the name of the barber involved, but suffice it to say he has a reputation, deserved or not, of being a pretty close cutter. Well, the other day a Holland matron left her son for a haircut while she shopped. Later she stopped back and you know how those things go. She overstayed her time and the boy had become impatient and left the shop.

Not seeing the boy, she described him as "wearing a sweatshirt." The barber said, "Yes, I finished with him and he left."

After she had gone Ike De Kraker said, "All she needs to do is look for a bald-headed six-year-old."

Bud Hinga, John Hollenbach and Clyde Geertings have finally found a victim for their newest joke on bald heads. It was told to them by a minister from Kentucky and goes like this, "Mother nature must have liked your face because she is now working on another one for you!"

After gravely inspecting several heads of hair, they finally selected their victim—Henry Steffens.

An irate reader used strong adjectives to express her displeasure at the wretched of a wedding in her family. It seems the name of one of the principals had been inadvertently overlooked. So the long suffering staff started a re-check. The name had been left out of the copy that was submitted for publication.

It wouldn't take Nat Howard to observe that no reporter is better than his source material. Justice demands that it be noted the erring source apologized. Not all are so gracious.

Credit Ed Brouwer with this description of a drunken man: "Why he was so drunk, even his glass eye was bloodshot."

In a round about sort of way, the Ambusher has discovered that Elder Earl Reynolds of the Seventh-day Adventist church is an ardent amateur astronomer. Is there no end to his talents? Only a few weeks ago he charmed the local Kiwanians with his knowledge of India.

Nelle Zuydyk of Marne, a state Christian Endeavor officer, was able to squeeze in one night's attendance at the Christian Endeavor convention here Thursday. Then she left for New York and will sail Monday for Oslo, Norway, to attend the second World's Conference of Christian Youth July 22 through 31. She will represent the World Society of Christian Endeavor at the rally and will be one of 224 Americans among the 1170 delegates.

Jay Weener, president of the Holland union, injected a humorous note in his brief welcome message Thursday night. After a gracious welcome, he said, "We hope you will like Holland so well that you will send post cards to all your friends saying, 'Yah, we're having a good time in Holland. Wish you were here!'"

The Ambusher believes this little item will appeal to most men—and few women. Preparing to step out for the afternoon, the miss or matron is likely to spend the greater part of an hour in front of a mirror. She'll work with her hair until every curl is just so. Various unguents and pomades will be employed to make her skin glow. Bases and powders and lipstick and shadows will be brought into play.

Blouse must be just so. Skirt neatly pressed and nicely fitted. Stockings with seams straight as a marine. Coat brushed and pressed. Lapel pin in just the right position. Hat carefully placed to the proper pitch. Gloves, purse, hankie—oh so proper.

There, everything is in order. Wait, the shoes!

And that's the reason for this item. After all this patient and artistic toilet, the gal about to step out will step into a pair of tooless, heel-less, sideless shoes that reveal where she turned the end of her stocking under to make the heel fit and a neat little darn on the toe.

## Holland Squad Splits Twin Bill In Grand Rapids

The Steffens Market softball team gained an even split in a double header with the American Seaters of Grand Rapids Saturday, by winning the opener 4-3 and losing the nightcap 4-2. Baxter took credit for the local win allowing nine safeties, but kept them well scattered, while Vander Veen was charged with the loss of the second tilt. Vander Veen held the Seaters to eight safe blows in the second game and was maintaining a 2-1 lead going into the eighth. Three runs scored in the eighth for the Seaters gave them a 4-2 victory.

In the opening encounter the locals went hitless and scoreless until the fifth inning when Hasty and Smith drove out successive doubles. Smith scored on an infield out. The Seaters scored once in the third and once in the fifth and sixth to make the count 3-2 at the end of six innings.

But in a "lucky" seventh the locals scored two runs on a walk to Steggerda and another combination of hits by Hasty and Smith. Baxter settled down to hold the Seaters in the final three innings and take credit for a tight victory.

In the second game the locals scored once in the fourth, but the Seaters came back to even the count at 1-1 in their half the fourth. The Steffens run came when Prince walked, was forced to second on another walk to Steggerda and raced home from second on a single by S. Bouwman. The Seaters scored their lone tally on a triple by Ripmaster and a single by George Worst.

The Hollanders took a 2-1 lead in the fifth when Jim Crozier walked, stole second and third and scored after Hulst's fly ball to left. The Seaters went scoreless in their half the fifth as Vander Veen, local tosser began bearing down. The locals didn't score again and it wasn't until the eighth that the Grand Rapids crew rallied to win the game in dramatic fashion. Erhart led off the eighth for the Seaters with a single to right, Bruce followed with an infield single and Ripmaster scored both the runners when he cracked his second extra-base hit of the game, a double to center. Ripmaster also scored making the final count 4-2.

RIDING AN ANALOGY  
TO DEATH

Some European commentators  
are beginning to indulge in an  
analogy between the so-called Mar-  
shall plan for European rehabilita-  
tion and the American plan for a  
League of Nations a quarter of  
a century ago.

It was America, they point out,  
that originated the League of Na-  
tions idea. Woodrow Wilson stak-  
ed his all on getting a League in-  
corporated in the treaty of peace,  
even to the extent that he made  
compromises against his very con-  
science, believing that if the League  
was saved all was saved, if it  
was lost all was lost. His trag-  
edy and the world's tragedy, these  
commentators point out, was that  
it was America that sabotaged the  
American suggestion.

This time, the analogy contin-  
ues, it is the American secretary  
of state who is proposing an Amer-  
ican plan for the reconstruction  
of Europe. But the indications are  
that once more it will be America  
that will sabotage the plan sug-  
gested by America. The obstacle  
will not lie in Europe; America is  
the country to be feared. The plan  
will have its hardest sledding to  
get past congress.

The use of historical analogies  
is always tricky. Many an analogy  
that looks persuasive in words is  
only a half truth in fact, some-  
times less than that. Whether Amer-  
ica's rejection of the League of  
Nations was or was not a tragedy  
depends on the point of view. That  
situation hardly corresponds to  
the one that faces the world today.

Without question the countries  
of Europe will be for the plan.  
They have everything to gain,  
nothing to lose, by its adoption.  
It is easy enough for them to  
lecture us because we will insist  
on looking the plan in the mouth.  
The aid is not to come from Euro-  
pe, it is to come from us. It is  
not only good sense for us to ex-  
amine it critically, it would be  
tragically criminal for us not to  
do so. It may be that it repre-  
sents the highest overall wisdom;  
self-interest may persuade us to  
go for the plan. But self-interest  
should be the ultimate test. It is  
America's first and most sacred  
duty to stay solvent, even if peo-  
ple in other countries have to  
starve. That sounds harsh but it  
represents the highest altruism.  
For if we don't stay solvent the  
world is lost.

The analogy between the two  
plans is deceptive. The European  
commentators would be far bet-  
ter employed if they should ad-  
vise the people of Europe to ex-  
amine how much they can do for  
themselves and do it now.

New Bleachers Erected  
For Racing Program

Plans were completed today by  
the Holland Horsemen's Association  
for the big harness racing  
double bill scheduled for July 4  
and 5 at the North Shore track.  
It was disclosed at a meeting last  
night that more than 40 horses  
were entered in the two day pro-  
gram.

New covered bleachers were to  
be erected today, the racing com-  
mittee announced. They said the  
bleachers would accommodate 1,  
800 spectators.

It was also reported that all  
children and adults holding rodeo  
tickets for June 25 can use these  
tickets for the two day racing  
events.

Local Kiwanians Work  
To Improve Campsite

Holland Kiwanians held their  
second out-of-doors meeting of the  
season Monday night at their youth  
camp on Lake Shore drive. Mem-  
bers met for a picnic lunch, hand-  
led by Tony Last and H. J. Mas-  
sena, after which they worked at  
improving the grounds.

One cabin has been set in the  
woods and sanitary facilities pro-  
vided. The camp will be used for  
undisciplined children when de-  
veloped sufficiently to provide  
shelter.

The next meeting will be held at  
Chris Fend's farm at Pine Hills.

A Man Whose Name was Job

Job 1:1; 27:1-6; 31:1-28

By Henry Geertling

The time was when it was cus-  
tomary to speak of the Book of  
Job as the oldest book in the  
Bible, and Jewish tradition makes  
Moses its author. There are those  
who held it belonged to the age of  
Solomon, while still others placed  
it among the later books of the  
Old Testament. The fact is, both  
the authorship and the date of its  
composition are uncertain. The  
value of the book could hardly be  
enhanced in our modern appre-  
ciation of it even though we could  
be sure of all the facts we would  
like to know about it.

The book opens with a very  
brief statement of Job and his  
family and his great possessions.  
It also tells us of the moral integ-  
rity of this man. In the assembly  
of the angels held in the presence  
of God, Satan, who was present  
without an invitation, also ap-  
peared. He made himself conspic-  
uous by declaring before God that  
Job had a reason for being pious,  
and that he feared God for no  
other reason than that God had  
prospered him with every materi-  
al gift. Then he added that if  
God were to strip this man of his  
property and put forth his hand  
and touch him with affliction, he  
would renounce Him to His face.  
It is after this charge that the  
story unfolds, for He gives Satan  
power to bring manifold afflic-  
tions on Job. Satan proceeds to  
destroy Job's property, slay his  
family and to lay physical dis-  
tress upon the good man's person.  
Yet in all this Job did not sin,  
nor charge God foolishly.

Suffering is not a sign of per-  
sonal wickedness. This is not say-  
ing that Job was a perfect man.  
He had his faults. He never would  
have called himself perfect. But  
the goodness of the man shines  
forth when the blows began to  
fall upon him. You will recall the  
case of the blind man in the ninth  
chapter of John's gospel. When  
the disciples saw him they asked  
their Master whether this pitiable  
condition was owing to his own  
sin or to that of his parents. Jesus  
said that neither was true. There  
are sins that assault the individual  
who commits them, but that is not  
always the case. Good men  
suffer. They always have and they  
always will. In many instances  
they are the worst sufferers.

When some affliction is visited  
upon us it may be very unwise to  
conclude that it is the result of  
the personal violation of the com-  
mandments of the Lord. At the  
same time it ought to be the oc-  
casion of a closer walk with God.

Troubles are the messengers of  
God to reveal more clearly to us  
and in His will and mercy.  
The righteous are not to regard  
them as the penalty of special  
sins. Their purpose is not punish-  
ment but discipline. Punishment  
looks to the past, while discipline  
looks to the future. When the gra-  
cious work is finished, the afflic-  
tion may be removed. After the  
broken member is healed the  
splints and the bandages are taken  
away. Builders are not uneasy  
about putting the cable to the  
test. The government is not fearful  
about putting gold into the  
fire. It is their faith in these  
things that makes them willing to  
be subjected to the test. We are  
doubly secure because we can say  
that God is our refuge and  
strength, a very present help in  
trouble.

What strange notions we have  
of God. We sometimes get the im-  
pression that He does not care  
what happens to the world He has  
made. There are those who think  
that when He finished His work  
of creation, He retired and let  
things go as they would.

There are those who feel that  
He does not care what happens  
and does not undertake to set  
matters right when they are  
wrong. With that idea it is rather  
easy for them to forget all about  
God and to take little or no in-  
terest in the higher things of  
life. They seem to prosper and  
are happy and have little trouble.  
Then, too, we are faced with  
another situation. We face people  
who have been good and upright  
and yet we observe that they  
have difficulty getting along, be-  
ing burdened with sickness and  
hardships and bitter experiences  
one after another. We begin to  
ask ourselves why all this is per-  
mitted to happen. Should God not  
show greater kindness to his  
own? And, if He sends suffering  
into the world, should it not be  
sent to those who turn their backs  
on Him, go their own way and  
do about as they please?

These are problems that not  
only perplex us; they have per-  
plexed some of the wisest and  
best men of all time. I suppose it  
is just impossible for us to under-  
stand why some people's lives are  
all sunshine and others are all  
cloud and darkness. There is no  
telling what one may run into be-  
fore the day is done.

There is one thing we must  
remember continuously and that is  
that God is kindly disposed to-  
ward all His creatures. He makes  
His sun to rise on the evil and  
on the good and sends the rain  
on the just and the unjust alike.  
He has His own way of dealing  
with us and there are many times  
when we are simply at a loss to  
understand His acts.

America's residential heating  
bill is believed to be \$1 billion  
more than is necessary, due to a  
lack of proper insulation.

One modern consolidated school  
usually takes the place of four  
smaller school units.

Typical of Daily Vacation Bible schools being  
conducted in several local churches during the last  
two weeks is the above group of children shown  
in Trinity Reformed church with samples of their  
work, including cotton lambs and replicas of shep-  
herd homes. Standing (left to right) are Sharon  
Dalman, Beatrice Steggerda, Norma Lucas, Tom  
Smith, Dolores Vanden Berg, Alma Groters, Betty  
Moomey and Dwayne Trimpe. Seated in the second  
row are Bob Hungerink, Betty Vander Tuuk, Mary  
Moomey and Gloria Hungerink. In front are, left to  
right, Dickie Freeman, Gary Vanden Berg and Tom-  
my Oosting. The shepherd mural in the background  
was done in pastels by Shirley Nienhuis of the  
Bible school staff.

In 1915

(Following is the 312th in the  
series of weekly articles taken  
from news of the Holland Daily  
Sentinel published more than 32  
years ago.)

So large has the membership of  
the Chamber of Commerce be-  
come that the banquet committee  
has been compelled to change its  
plans about holding the feast in  
the court room of the City hall,  
began a story in the Saturday,  
Jan. 30, issue of the Holland  
Daily Sentinel published in 1915.  
The committee decided on the  
gymnasium of the high school  
as the most suitable place for  
the banquet and that place has  
been secured. There is room there  
to accommodate 500 and the num-  
ber of plates is not expected to  
exceed that number.

The legislative committee of the  
State Board of Health has framed  
a number of new health laws and  
revised a number of old ones. The  
bills will be introduced in the leg-  
islature, soon. The most important  
bill framed is one making it oblig-  
atory for each city and village in  
the state to have a meat inspec-  
tor. The present law merely per-  
mits cities to name such an in-  
spector.

Prof. J. E. Kuizenga of Hope  
college delivered an address last  
evening at the commencement  
exercises of the 1915 graduating  
class of Muskegon high and Hack-  
ley Manual Training school in  
Muskegon. His subject was "Point  
of View."

Miss Hazel Van Landegend has  
started on a fine trip as the com-  
panion of Mrs. J. Halley, a Chi-  
cago woman. Mrs. Halley and Miss  
Van Landegend will travel  
through the south and west with  
the great expositions in San  
Diego and San Francisco as ob-  
jective points. They will visit Den-  
ver, San Antonio, Texas, El Paso,  
Los Angeles, the Catalina Islands  
and the two expositions.

The Willing Workers Girls so-  
ciety of Fourth Reformed church  
gave a miscellaneous shower in  
honor of Miss Anna Olgers at the  
home of Mrs. H. Wolbert.

The Graham and Morton Trans-  
portation Co. had contributed the  
most liberal donation toward  
Holland's boulevard lighting sys-  
tem that has yet been received.  
The committee in charge received  
a check for \$100 to help pay  
the costs.

Born to Mr. and Mrs. William  
Van Oort a 12 pound boy.

To duplicate on Black Lake the  
great ice skating contests often  
held in the Netherlands on the  
rivers and canals of that country  
—that is the plan evolved by De  
Grondwet and to be worked out  
by the Hollandsche Underlinge  
Hulpvereniging of this city, a  
mutual benefit society that num-  
bers among its members many of  
the natives of the Netherlands  
who make their homes here. This  
new story appeared in the Mon-  
day, Feb. 1, issue.

That the committee of business  
men in charge of collecting dona-  
tions for the boulevard lighting  
system in Holland, will reach the  
\$3,000 mark after all is now the  
belief of some of those engaged in  
the work.

The Board of Education of the  
Reformed church in America has  
presented each of the students of  
Hope college with a small book  
entitled, "The Triumphant Minis-  
try" by Timothy Kibbourn.

The musical event of the season  
in Holland will be the high school  
concert Thursday evening of this  
week when the high school chorus,  
the high school orchestra and sev-  
en soloists will give the sacred  
cantata "Ruth" in the auditorium.  
The entertainment will be under  
the direction of Miss Lucile J.  
Wright. Following will be the  
soloists: Mrs. Frank L. Showers,  
contralto; Harper C. Maybee,  
baritone; Miss Wright, soprano;  
Hazel Kuhl, soprano; Dorothy  
Brooke, soprano; Nina Frazier, so-  
prano; Olive Bertsch, soprano; H.  
P. Pettit, director of the orchestra,  
will be the accompanist for the  
soloists and Audrey Rank will  
accompany the chorus.

When the Western Theological  
seminary closes its school year in  
May, the number of clergymen  
in the Reformed denomination  
will be augmented by 12 mem-  
bers of the class of 1915 which  
will be the largest class ever to  
graduate from the institution  
since it was launched in 1886.

John Shoemaker of Detroit and  
Henry Shoemaker of Adams, Neb.,  
who have been visiting relatives  
here for the past week left for  
Nebraska today.

At the meeting of the police  
and fire commissioners held last  
evening the matter of insuring  
the members of the police force  
and of the fire department was  
taken up, began a story in the  
Tuesday, Feb. 2, issue. The mat-  
ter that brought this to the at-  
tention of the board, was the fact  
that Andrew Verschure, a fire-  
man, who was injured in the Cen-  
tral Avenue fire which occurred  
recently brought in a bill for his  
injuries and time lost amounting  
to \$10.50. This brought up the  
question of the advisability of in-  
suring all the men that come un-  
der the head of the Police and  
Fire commissioners.

## Dutchmen Wallop South Haven for Tenth Victory

### Van Wieren Allows But Three Safeties as Locals Get 16 Runs

The Holland Flying Dutchmen smothered three opposing pitchers with 12 hits and 16 runs Thursday night as they crushed a demoralized South Haven aggregation 16-3. Lefty Van Wieren held the Havenites to three scattered safeties for six innings and Mike Skaalen twirled hitless ball for the remaining three. All three of the South Haven runs were unearned, while the Hollanders had a scoring picnic in the sixth getting 10 runs.

Neither team scored in the first inning, but the locals put one run across in the second. Harry De Neff got to second on an error by the second baseman and scored on a fly to right field by Van Huis. Both teams went scoreless in the third as both Lefty Van Wieren and Wally Wildt, South Haven hurler, were working effectively.

In the fourth for South Haven one hit and two walks netted two runs to put the visitors in front 2-1. After the two runs had scored and two runners were still on base, Van Wieren settled down to strike out the next two men and force the third to ground out ending the inning.

But the South Haven lead was short lived as the Dutchmen soon counted four runs on four hits. A double by Gouding and a similar blow by Van Wieren highlighted the inning's hitting.

South Haven added one more run in their fifth making the score 5-3. The Hollanders were held scoreless by Wildt in their half of the fifth. In the sixth Van Wieren disposed of the invaders with little trouble but the South Haven nine ran into some serious difficulty. Wildt tired and Overhuyser relieved him. The Hollanders hit everything that the new left hander threw near them in the sixth as they piled six safeties which netted 10 runs and lifted the score to 15-3.

Skaalen finished the tilt for Holland and Peterson finished the ball game for the Havenites. The Dutchmen added their 16th run in the seventh inning on one hit, a single by Gene Schrotenboer, substitute catcher.

A total of nine errors were committed during the drawn out encounter. Van Wieren fanned eight men and allowed three hits in six innings while Skaalen whiffed six and pitched hitless ball for the remaining three innings. It was the first time this year that Skaalen has seen action for the Dutchmen after his arm injury received while pitching for Hope this spring.

Lefty Van Wieren, local hurler, stole hitting honors with three

## Holland Loses Fight to Block Boost in Levies

### Committee Claims City Lowest Assessed Unit in the County

Grand Haven, July 3 (Special)—The city of Holland, lost its fight over tax equalization in a heated meeting of the Ottawa county Board of Supervisors Friday afternoon. A substitute motion made by the Holland delegation asking that Holland City's assessment be recommended by the committee be increased by only 10 per cent was defeated by a vote of 23-5.

The discussion arose as the local delegation refused to sign the equalization report maintaining that an enormous burden was placed upon the city when they were asked to share about 57 per cent of the total increase over the 1946 report amounting to \$5,600,000. In contrast, local representatives stated that the increase in assessment of various townships and cities varies from three to five per cent.

John H. Ter Avest, chairman of the Equalization committee, replied that Holland was supposed to have the lowest assessed unit in the county and the committee felt that Holland is now coming to the level where it ought to be.

Other speakers maintained that Holland has been low compared with Grand Haven and their opinion was that Holland property is cheaper than Grand Haven property.

Holland representatives asked that the city be given consideration until the State Tax Commission completes its check. They stated that unless this is done the only recourse Holland city would have, would be to bring the matter before the Common Council for its approval for an appeal. This procedure, they added however, would not be conducive to the harmony that has been prevalent on the Board.

Holland's delegation was the only opposition to the original motion of Ter Avest to pass the committee's report. Albert Stegenga of Olive township at first allied himself with the local group, but changed his vote in the final tally.

## Leaders Bow in First Loop Loss

Dykema Tailors handed the league leading Holland Furnace softball outfit its first loop defeat Friday night as they blanked the Heaters 6-0. Ben Jansen hurling for the Tailors pitched a tight ball, allowing the losers five scattered blows. Meanwhile Dykema's were pounding Griep and Morren for seven safeties.

The winners tallied a single run in the first on a walk and singles by Prince and Weener. They added three more in the second on Gil Bos's long triple, a single by Jansen, a walk and an error. Dykema's continued to score in every inning, by garnering their remaining three tallies in the third on three walks and two singles.

The closest Holland Furnace came to breaking into the scoring column was in the seventh inning with one out, when Scheerhorn connected for a triple. He "died" on third, however, as the next two batters were retired in order.

Holland Furnace still leads the league with five wins and one loss. Dykema Tailors trail with a 4-1 record. Donnelly-Kelley is entrenched in third spot while Hart and Cooley and Heinz bring up the rear with one victory apiece.

## Moral Vacuum in Japan Challenge For Christianity

Dr. Shafer Gives C.E. First-Hand Information On Japanese Situation

"There is a serious moral vacuum in Japan today, and if Christianity does not fill it, something else will," Dr. Luman J. Shafer of New York City, secretary of the Board of Foreign Missions, Reformed Church in America, told delegates to the Michigan Christian Endeavor convention in a keynote address Thursday night in Hope Memorial chapel.

Using for his topic, "The Urgency of the Hour," Dr. Shafer reported that 229 new "religions" have been organized in Japan since V-J day. "It's easier to fill this void with superstition than with religion; nevertheless, there has never been a time when people were more ready to listen to the Gospel," he said.

Dr. Shafer returned recently from a trip to the Orient where he observed conditions first hand.

He mentioned meeting General MacArthur during his stay in Japan. He said he did not particularly admire MacArthur during the war, but after meeting him and dealing with him he now respects the general very much.

He quoted MacArthur as saying that what the Japanese people need is comfort and that in his opinion, there is no place outside Christianity where this can be found. MacArthur also had indicated that democracy in Japan would be difficult to achieve unless Japan could be Christianized.

The urgency of the situation was underlined by Dr. Shafer in his statement that in the opinion of responsible people in Japan, the present opportunity for preaching the gospel could not be guaranteed longer than five years.

Dr. Shafer also spoke of the situation in China, stating that there was a new attitude on the part of the Chinese toward Christianity, which creates a new urgency for aggressive Christian work in that country.

Edna Heyboer of Grand Rapids, president of the Michigan union, officially opened the convention at the evening meeting.

## Veterans Seek New GI Hospital

The Michigan American Legion will be called upon to approve replacement and modernization of the Legion hospital at Battle Creek next week at the state convention in Detroit.

A majority of the district committee have given their approval of the project after a visit to the tuberculosis hospital last February. Modernization of the tuberculosis hospital would eliminate the necessity of state construction of a sanatorium in this area. The Legion proposal would create a 400-bed hospital.

The hospital now accepts many civilian non-veteran cases under contract with 400 Michigan counties. Close to 37,000 chest surgical procedures were performed by the hospital surgeons for patients from two state institutions as well as the Legion hospital patients.

Proposed cost of the project is estimated at \$619,000. The convention must approve the project and establish a plan for raising the funds.

Facilities must be expanded if World War II veterans are to receive adequate hospitalization and tuberculosis care.

The Legion hospital has pioneered surgical treatment and early detection of tuberculosis so that Michigan is a leader in the war against the dreaded disease.

## Prepare for Summer Storms

Summer electrical storms can mean plenty of trouble on the farm unless adequate protective measures are taken, warns L. R. Arnold, Ottawa county agricultural agent.

Each year lightning kills about 400 people in the United States. Many of these people live on farms.

The important thing to remember during a lightning storm is that lightning tends to strike the highest point in a field. Buildings equipped with lightning rods are the best places to seek shelter when an electrical storm comes up. If you are working in a field and do not have time to reach a protected building, lie down in a low spot in the field, away from wire fences, trees, livestock and machinery.

Arnold suggests that lightning rods be installed properly making sure they are correctly grounded. Ground hay carrier tracks, cow stanchions, water pipes and wiring systems. He warns that lightning rods should not be grounded to the wiring system or water pipes. Grounds for wiring and water systems should be placed at least 15 feet from the lightning rod ground. Finally, Mr. Arnold suggests to protect livestock by grounding wire fences every 100 yards using metal posts grounded at least three feet into the earth.

## Cubans Defeat Dutchmen Nine In Long Slugfest

Zuiverink Shelled in Early Innings; Locals Lead Until the Eighth

One of the leading Negro baseball teams in the country, the La Palomas of Havana, Cuba, handed the Holland Flying Dutchmen a 10-8 defeat in a tight contest at Riverview park Monday night. A capacity crowd of 2,000 saw the locals come from behind to score five runs to tie up the count in the fourth frame.

Ernie Victor turned in a fine mound performance in his six innings on the mound. He fanned four of the eagle-eyed Cubans and allowed seven safe blows. George Zuiverink opened on the hill for the locals, but the colored aggregation pounded everything he offered into the outer gardens.

Smith led off the ball game with a solid triple to center and scored immediately when Barrios hit a single to right. Barrios took second on an error, went to third after a fly ball and scored on an error putting the La Palomas in front 2-0. For the Dutchmen, Van Lente reached first on a walk, but remained there as the side was easily retired by screw-ball twirler, Gip Noble.

Both teams went scoreless in the second, but in the third the Negroes scored three more runs on three hits. Highlight of the inning was a drive by Leonard Pigg into the left field stands for a home run. The Cubans then held a 5-0 lead. Manager Benny Batema put left-handed Ernie Victor into the game in the fourth. Victor held fast in the fourth and retired the side in order. The locals came to bat and tied the count 5-5 with a five run rally. Van Lente led off and reached first when he was hit by a pitched ball. Wenzel singled to left, advancing Van Lente to second. Wolding was safe on a short-stop's error with Van Lente scoring. Harry De Neff rifled a single to center scoring Wenzel with Wolding taking second. Rotman cleaned the bases with a triple to center field making the score 5-4. Mouse Van Wieren singled scoring Rotman with the fifth run. The next two men were retired, ending the inning.

After going scoreless in the fifth, the Dutchmen rallied three runs in the sixth inning giving them an 8-5 advantage. The locals hit safely five times in the inning as they hit Noble, Negro hurler hard. Singles by De Neff, Van Lente and Mouse Van Wieren combined with successive doubles by Rotman and Van Huis netted the Dutchmen their three runs and left two men stranded on bases as the inning ended.

But in the eighth frame the La Palomas shattered Holland's hopes as they touched Victor for five hits and five runs to "ice" the game. The Dutch hitting faded as the locals failed to count a safety in the final three innings.

The two rookies on the Dutch squad, Ken Rotman and Mouse Van Wieren, took the hitting honors. Each pounded out two hits in four trips to the plate. Rotman's drives were both for extra bases. It was Victor's first defeat of the season against one win. He turned in a 5-2 victory over the Brann Brothers of Grand Rapids earlier this season.

The Dutch defense was sharp after the first inning and the crowd saw many spectacular plays turned in by both teams. Russ Wolding turned in a classy shoe-

## Lumberjacks Take Undisputed Lead In Legion Loop

Northern Wood took over the first position in the American Legion League Tuesday night by humbling a winless Duffy outfit while Ford was upsetting a strong Hart and Cooley aggregation. Hart and Cooley has been tied with the Lumberjacks for the league lead. Northern Wood won 6-3 as Fords took a 9-4 decision.

The Phillies made good use of several Hart and Cooley errors in the second inning to garner six runs. They made only two hits in the big uprising. They added another tally in the third on successive doubles by Victor and Kehrwecker to take a sizeable lead.

Hart and Cooley broke into the scoring column with a run in the second on two walks and a hit. A single by Wlodarczyk after Kemper had walked produced another HC tally making the score 7-2 at the end of three innings.

Neither pitcher was in too serious difficulty for the remainder of the contest although each outfit tallied two runs in later innings.

Hart and Cooley managed to get only seven safeties from the slants of Clyde Kehrwecker, while Czerkies allotted the Phillies six.

Duffy's Shamrocks gave Northern Wood a real scare in the nightcap, taking a one run lead in the first inning and maintaining the margin until the fourth. A double by Jack Hop produced the initial Duffy run in the first.

The Lumberjacks had considerable difficulty with Howie Schutt, who was hurling superb ball for the Shamrocks. Jim Lampen singled in the fourth to score Bob Alena who had walked to knot the score at 1-1. They added another in the fifth to take a 2-1 lead on three Duffy errors and a timely single by Gene Schfotenboer.

The contest continued as a pitcher's battle between Bob Alena of the Woodsmen and Howie Schutt until the seventh. Both nines broke through however with late rallies, with Northern Wood holding the advantage. Three walks, three errors and a timely single by Bob Alena gave the winners four runs and a definite victory margin. The best Duffy's could do was two runs on two hits and an error.

Schutt allowed the 1946 champs just four hits while his mates were garnering eight blows from Bob Alena.
