## Three Young Men Killed in Crash North of Holland

### Car Rams Into Tree After Hitting Shoulder On Butternut Drive

Three young Holland men were killed and two critically injured at 1:40 a.m. Friday when their car went out of control and slammed into a tree on Butternut Dr., just south of the new Pine Creek church.

Dead are:  
John Edward Fendt, 17, son of Mr. and Mrs. Joseph Fendt, 4778 Butternut Dr.

Douglas Wayne Hazebrook, 21, son of Mr. and Mrs. Paul Van Raalte, 280 College Ave.

Duane Lyons, 20, son of Mrs. Wilma Lyons, route 4.

Seriously injured are:  
Earl Barkel, 20, son of Mr. and Mrs. Harold J. Barkel, 303 East 14th St.

Orville Tien, 18, son of Mr. and Mrs. George Tien, 668 Central Ave.

Chief Deputy Clayton Forry was in charge of the investigation. Forry said the car rounded the dip-curve on Butternut Dr., just before Pine Creek school, and the right wheel went off the road opposite the Pine Creek grocery store.

The car veered into a nearby garden, cut back toward the road and then went off to the right and knocked down a sign on the turkey farm just past Pine Creek school. Mr. and Mrs. Melvin Dalman live at the scene.

The car, after knocking down the sign, then continued off the road, crashed into a stump, shearing off part of the stump, then rode on the left wheels onto the private driveway of the Dalmans.

After that it went up into the air and slammed against the south side of the tree and was swung around to the north side of the tree by the impact. The right side of the car struck the south side of the tree.

The car ended up five feet, six inches from the tree.

The 1950 model sedan, registered under the name of Harold Barkel, was judged a total loss.

Forry said Tien and Barkel were riding in the front seat and Lyons, Fendt and Hazebrook were riding in the back seat. The body of Hazebrook was thrown out of the car and ended up eight feet away. The others were still in the car when officers arrived on the scene.

The three were killed instantly. Lyons died of a crushed right leg and skull fracture. Hazebrook died from a crushed right leg and skull fracture and Fendt died of a skull fracture.

Tien and Barkel were first taken to Holland Hospital by ambulance and then transferred to Blodgett Memorial Hospital in East Grand Rapids.

Tien suffered a fractured pelvis, fractured jaw, fractured left arm, dislocated hip and possible internal injuries.

Barkel suffered a skull fracture and facial injuries.

Forry was assisted at the scene by Deputies Nelson Lucas and Ken DeJonge, Zeeland, Holland city police and Coroner Gilbert Vander Water.

Forry said he assumed the car was traveling at an "excessive rate of speed" when it left the road.

The young men had stopped in Holland for a cup of coffee a short while before the accident.

Richard Bell, 610 Riley St., and Mr. and Mrs. Dalman were first on the scene. They called police.

## Coast Guard Rescues Five From Macatawa

Gusty winds this morning broke the main mast of the 24-foot sloop "The Ghost" sending the Coast Guard speedboat to the middle of Lake Macatawa to rescue the five occupants and tow the disabled boat into shore.

Aboard the boat were Chester Kramer, his two children, Freddie and Marshall, Larry Alderink, and Ellen Achterhof. No one was injured. The five were heading across the lake from near Montello Park when a heavy gust of wind struck the boat.

The bowsprit shattered, toppling the main mast. The Coast Guard received a call for assistance at 10:30 a.m. They were at the side of the boat seven minutes later.

## Grand Haven Man Escapes Serious Injury in Cave-In

### Eight-Foot Trench Gives Way; Luckily Able to Breathe

ZEELAND (Special)—Jim Vickers, 19, of Grand Haven, got off to an extremely bad start in his new job with the Paas and Paas contractors here Tuesday.

Hired Tuesday, Vickers was working in an eight-foot deep trench on the new water lines just east of Zeeland at 4:30 p.m. when the wall of the ditch caved in and trapped him under deluge of sand and gravel. Luckily, he was bending over when the cave-in occurred and was able to breathe.

The construction crew suspended activities immediately and began digging with their hands and shovels to free the trapped Vickers. In the meantime, the Zeeland Fire Department was called along with a local ambulance. A call was also put in to the Holland Police Department for a resuscitator unit, and a cruiser was rushed out, but it was not needed.

When Vickers was removed, the ambulance rushed him to the Zeeland Hospital where he was treated for facial cuts and bruises and was released.

Vickers, who wears glasses, felt extremely lucky that his spectacles weren't broken during the mishap. A sore arm kept him away from work today, but contractor Henry Paas said that he expected Vickers back later in the week.

Paas thought that the reason for the cave-in was water seepage behind the bank. The crew has encountered difficulty with the water after the recent rains.

## Youth Fined for Allowing Unlicensed Person to Drive

GRAND HAVEN (Special) — Ivan Newman, 19, Grand Haven, paid \$15 fine and \$4.85 costs for allowing a 16-year-old girl who had no driver's license or permit to drive his car. The offense occurred on Beech Tree St. at 9:30 a.m. Wednesday.

Ray Hall, 19, Grand Haven, arrested on Harbor Ave. Tuesday afternoon on a drunk charge was committed to the county jail to serve 10 days, after he was unable to pay fine of \$10 and \$6.55 costs.

The two were arraigned before Justice T. A. Husted Wednesday. The arrests were by city police.

They included one case of measles, eight of chicken pox and two of German measles. The building inspector's report for June listed 64 building permits and six heating permits and the fire inspector's report listed 110 inspections and 11 warnings.

GRAND HAVEN (Special) — Ottawa county reports its second polio case this year. The victim, Maynard Garn, 24, of 2425 Edison St., Hudsonville, was stricken while on vacation at Manton. He left on vacation June 17 and was ill until he returned home on June 23, when he was unable to walk.

A Hudsonville physician was called and he was immediately taken to St. Mary's Hospital, Grand Rapids, by ambulance. His case was diagnosed as anterior polio, which affects the upper spine. He was released Wednesday. He is still in a weakened condition. Garn has a wife, Mary, and a two-year-old child.

Ottawa county's first case, which proved fatal, was that of 33-year-old, Mrs. Virginia Young, route 1, Coopersville, which occurred the middle of January.

## Fireman Doesn't Go Far To Put Out Minor Blaze

Being a fireman has its good points. Especially when lightning strikes your home starting a fire.

Volunteer fireman Herb Wybenga found himself in that position Wednesday night. A bolt of lightning struck his home at 129 East 16th St., causing a fire.

Without bothering to call his fellow firemen, Wybenga proceeded to put out the blaze with only minor damage to an outside meter.

## High During June Was Torrid 101

A record high reading of 101 degrees for June was registered in Holland during the past month by Chief Weather Observer Charles Steketee who also pointed out that the average temperature of 70.9 degrees was 6.5 degrees higher than the normal reading for the month.

Maximum readings for other years listed 94 in 1952, 88 in 1951, 90 in 1950 and 93 in 1949. Average temperature was 70.8 in 1952, 65.7 in 1951, 66.2 in 1950 and 71.9 in 1949.

Minimum temperature was 45, compared with 46 in 1952, 40 in 1951, 41 in 1950 and 36 in 1949. Average maximum temperature was 83, compared with 81.5 in 1952, 76.9 in 1951, 76.6 in 1950 and 83.7 in 1949. Average minimum temperature was 58.7, compared with 60.1 in 1952, 54.4 in 1951, 55.8 in 1950 and 60.1 in 1949.

Rainfall amounted to 4.81 inches compared with 2.61 inches in 1952, 7.61 inches in 1951, 3.57 inches in 1950 and 1.99 inches in 1949. Departure of rainfall last month was 1.95 inches above normal.

Rain fell on nine days, compared with 13 days in 1952, 11 days in 1951, 10 days in 1950 and five days in 1949. Greatest amount of rain in a 24-hour period totaled 2.78 inches, compared with .89 inch in 1952, 3.21 inches in 1951, .97 inch in 1950 and 1.33 inches in 1949.

Damage from Wednesday night's thunderstorm, which dumped .45 inches of rain on Holland, was limited largely to frayed tempers of residents who were kept awake by the thunder and lightning. The Board of Public Works reported only routine calls. Several areas were without street lights for a time but were being restored to normal today. Both the fire and police departments said no trouble calls were received. Early today dark-

ening skies sent early morning shoppers scurrying for cover and forced some downtown stores to turn on their lights. The storm failed to materialize this morning but the weatherman predicted more thunderstorms late today and tonight. Above picture was taken at 9:40 a.m. today near the intersection of Eighth St. and River Ave. during a brief sprinkling of rain. (Sentinel photo)

## Contractors Begin Laying Water Pipe Under Railroad

### Use Special Machine In Efforts to Relieve Zeeland Shortage

ZEELAND (Special) — Equipped with a special boring machine, the Paas and Paas contractors of Spring Lake began laying water pipe under the C and O railroad track Wednesday afternoon as they worked to relieve Zeeland's critical water shortage.

The Summerville Construction Co. of Ada was hired to drill under the tracks so the 24 inch easement can be shored through to completion. The easement will enclose the 16-inch main line at a depth of about 11 feet.

Contractor Henry Paas said the machine bores and winches at the same time. He hoped to have the pipe all laid early next week if no further trouble was encountered.

Paas said that the recent rains had set his crew back a bit. "The showers may have helped the lawns," he said "but they sure made things miserable for us." Water must be sucked out of the trench by a machine after every rain.

Meanwhile, pumps for two of the Riley St. wells had not arrived Wednesday. They are expected this week and installation will start immediately and run for three or four days. With good luck, authorities hope to have the wells pumping directly into the main lines in two weeks.

Until the new 500,000-gallon steel storage tank is built later this year the line will be valved at the point of tank construction so the water can be fed directly into the mains. Construction of the water tank is scheduled to begin in December.

David Cotts told sheriff's officers he swerved across the center line to avoid a car parked near the roadside. It was an attempt to avoid the eastbound Lokker car, he ran off the left side of the road. But Lokker also swerved and the right fenders of both cars were damaged. The car Lokker was driving is owned by Howard Topp of Holland. It was a 1949 model.

A late summer wedding is being planned by the couple.

Marvin De Vries peeks away at his trusty, 20-year-old portable. He peeks away from early morning to late at night most days. He is truly a professional writer, having turned out hundreds of tales since he switched to writing in 1928. His name is probably familiar to millions of Western addicts from coast to coast. Practically every week a story of his appears in one magazine or another.

## Ex-Lawyer Spins Yarns of Old West; National Magazines Gobble Them Up

One man manufacturer of Western fiction is Marvin De Vries of 228 West 9th St. Since World War II, he has turned out about 30 a year.

De Vries wrote his first story in 1928—an adventure yarn about the Michigan State Police which, "Boy's Life," the Boy Scout magazine, bought. The State Police has proven a mother lode for him—a lode which he is still mining because "Boy's Life" is still buying.

In 1928, De Vries was a lawyer with an office in Detroit. He took up writing to pass the time and supplement his income, since there was no stampede of clients at his office door. "I must say business was pretty bad," De Vries reminisced recently.

In addition to "Boy's Life," De Vries sold to "Open Road for Boys" and David C. Cook publications, publishers of Sunday school literature for boys. "The rigid requirement in all these stories," De Vries told a friend, was that the forces of Good defeat the forces of Evil.

"I never quarreled with editors that this was an unrealistic view of life since my object was to make money, not write Literature. I'm no highbrow or intellectual. I'm a business man dealing with other business men—namely, the editors of the magazines I write for."

Prior to opening up his own office, De Vries worked at the law office of Homer Ferguson, now U.S. Senator from Michigan. He went to work for Ferguson upon graduation in 1924 from the University of Michigan Law School.

He did not decide to become a lawyer until he had first tried music and flying. From 1916-18 he attended the Detroit Conservatory of Music and studied piano. When the U.S. entered World War I, he enlisted in the Marine Corps as a flying cadet. By the time he finished his training the war was over and he was a civilian again.

De Vries closed his office in 1934 and moved to Holland to work at 228 West 9th St. as a full time writer. This address is that of an 11 room house built in 1875 by his wife's father, Isaac Cappon. He married Christine Cappon in 1926 and they have a son, James, who teaches English at Benton Harbor Jr. High School.

De Vries was born in Overisel and his father was Dr. I. R. De Vries. Marvin and Christine attended Hope Preparatory School together. Upon graduation, they both went to Hope College but De Vries only stayed a year because pianistic ambitions called him to the Detroit Conservatory.

Radio beckoned De Vries in 1937. He submitted a test script to a Chicago advertising agency and they liked it so much they commissioned him to write a serial, "David Adams." It dealt with sea adventure and was designed for late-afternoon listening by boys.

His success with "Adams" enabled him to get a commission in 1943 to write scripts for the "Lone Ranger." The "Ranger" stint inspired him to take up writing Westerns. "My Westerns deal much more with the brave, hardy pioneers rather than with gun-totin' sheriffs and evil outlaws," De Vries said recently. "The simple pioneer character is a great boon to writers like myself. I leave complex characters to the writers of Literature."

For a while during World War II, De Vries utilized his law knowledge once more. He worked for the department of the Navy devoted to the closing of contracts and the disposal of surplus goods.

De Vries markets his stories through a literary agent in New York City. He has received sev-

eral offers to write books, but his agent advises him against it. He can write many short stories in the time it would take him to write a book, which makes writing one economically unsound.

One of De Vries' favorite activities is attending a Writers' Club in Holland that meets every other week at a different member's house. Thirteen writers belong to the club, which was organized five years ago.

Purpose of the club is to have the writer read aloud his latest opus so that others might give him constructive criticism. Proof that the criticism is constructive comes from the fact that a good many of the opuses get published afterwards, some in national magazines.

## Walking Pheasants Cause Freak Mishap

A family of pheasants crossing 136th Ave., about four miles north of Holland, was largely responsible for a two-car mishap Wednesday resulting in injuries to an eight-year-old girl and \$600 damage to the vehicles.

Involved were cars driven by Delbert Charles, 55, of Vicksburg and David Ross, 53, route 1, West Olive, both driving north on 136th Ave.

Ada Ross, 8, a passenger in her father's car was taken to Holland hospital where several stitches were needed to close a cut in her upper lip.

## VOLLEYS FROM AMBUSH

You've all heard about the homing instincts of the pigeon. Well, this one really happened.

The other day a pigeon flew through an open window into the work room of the Holland post office... and flew into a pigeon hole.

There were three witnesses, Jonathan Slagh, Fritz Van Voorst and Jim Kiekintveld.

Then the fun began. And the speculations got pretty good.

One employee said, "We put some crumbs on a stool and tried to coax the bird out, but it wouldn't come. That was no stool pigeon!"

The ambusher replied, "That sounds corny. Are you sure it wasn't corn instead of crumbs?"

Another clerk added his own tag line. "I think it's just for the birds."

Eleven-year-old Jack Damson is an enterprising youth, and he got pretty original in saving money for his fees' to attend church camp at Camp Chief Noonday near Hastings next week.

He put up a jar in a convenient spot near the stairs in the home of his parents, Mr. and Mrs. George Damson, along with the sign, "This bank will accept donations. P. S. Don't be stingy."

That must have worked pretty well because yesterday, just two days before he was scheduled to leave for the two-week camp session, a new sign appeared: "Full to capacity. Donations must be limited."

And limited was spelled "limited."

A tiny little miss and her mother were shopping for swim suits the other day in a local department store. Mama favored the one-piece styles, but not so the moppet who wanted a two-piece outfit like the big girls wear.

"I want the kind with the ear muffs," the tiny voice piped up.

Mrs. George Swieringa, 39, Cherry St., has received a letter from Henry Kersten of The Hague in the Netherlands thanking the American people for aid received during the disastrous floods in February. One paragraph read, "You must tell your American friends that we in Holland are very thankful for the help the American people gave to us. We shall forget it never. Many many thanks."

The Swieringas became acquainted with the Kersten family nine or ten years ago when a package was sent through Prospect Park Christian Reformed Church. Mrs. Swieringa had included her name in a package which contained a new layette. The parcel was directed to the Kersten family and was received just a day before the baby arrived. It was the only clothing they had for the new baby.

Since that time, the Swieringas received many letters from the Kerstens to whom they sent other clothing and parcels.

When you're downtown, be sure to notice the resort display in the Chamber of Commerce window. It shows a large map of Lake Macatawa with ribbons and tags naming all the resorts, resort hotels and other places for visitors.

A few days ago on a nice warm day and one on which the water traffic was pretty heavy on Lake Macatawa, Bob Horner noticed a mother duck and eight very young ducklings swim across the bayou in the vicinity of Chippewa point. He couldn't wait long enough to see if the party reached its destination, but Mother Duck was doing extremely well and the eight ducklings were following in good order behind her in single file.

The Pontiac Press nominates Leslie A. Buell of Holly as Michigan's oldest automobile driver. Buell, 95 years old, recently renewed his operator's license with no restrictions. He is an 1883 graduate of what is now Michigan State College, and is the second oldest alumnus. When the alumni reach the 50-year-mark they become Patriarchs, and Buell has been in that classification for 20 years.

The oldest Patriarch carries a golden cane provided for that purpose several years ago. Next in line for that distinction, the Holly man is undecided what to do about it when it comes to him—he has no use for a cane.

This is an old one but still funny. My wife explored my pockets last night.

What did she get? About the same as any other explorer—enough material for a lecture.

Carroll Norlin (second from left), assistant football coach at Holland High hopes to gain some good quarterbacks in a few years from this group. Smaller footballs are used to permit each boy to learn the proper method to grip the pigskin. With all this activity, there aren't many of the boys who aren't glad to go home for a big supper after an afternoon at the sports school. (Sentinel photo)

Bob Connell, assistant Holland High School basketball coach, shows a group of the boys how to handle the ball. Basketball is only one of the six sports that busy the youngsters, about 120 of them to be exact. The boys alternate every day so that each group of 20 boys get plenty of variety. (Sentinel photo)

This is only a part of the mob of kids that is rarin' to go during afternoons that the sports school is in session. The instructional phase for boys from 8-12 is the newest addition to the recreation program and already it has proved successful. Here the boys are almost ready to leave the high school locker room, where they are each assigned a locker just like their big brothers. In the midst of the group is golf instructor Russ Hornbaker. ## Sports School Proves Successful Phase of Summer Recreation Work

The newest addition to Holland's summer-recreation program, the Sports School, has been in operation for less than two weeks, but already it is being termed "a huge success" by the coaches, parents, and especially the kids themselves.

Scheduled to run for four weeks, the six-sport program has attracted 120 boys in the 8 through 12 age bracket. They see action Monday through Friday afternoons from 1 to 5 p.m. The program started June 15 and will be completed July 10.

Six Holland coaches are directing this phase of the recreation setup. The sextet includes Ned Stuitts, Carroll Norlin, Russell Hornbaker, Bob Connell, Joe Moran, and John Ham.

Included in the list of sports are baseball, football, golf, basketball, tennis and track. Six groups of 20 were formed at the outset of the program and each group participates in one of the sports each afternoon. In that way, variety is provided the youngsters.

A typical afternoon at the sports school goes something like this. At 1 the groups organize at the high school, dress, and go out to the various fields of play. Each group wears different-colored hats in order to determine which group participates in which sport on an individual day.

From 1:30 to 2:30 the program varies from day to day. Some of the possibilities are sports films, group softball play, or some other type of mass instruction. At 2:30 individual instruction to each one of the six groups is given. This is concluded at 4:15 and at 5 the boys are usually showered and ready to go home to satisfy some heavy appetites.

Fridays are days that the boys wait for in eager anticipation all week. On that day, excursions are taken to finish out the week of sports activity. The first trip was a bus trip to Silver and Swan Creek followed by a picnic lunch and hike.

## Prune Pine Trees For Christmas Use

If you're growing pines for Christmas trees, this is a good time to trim them—up through the first week of July.

That's a tip from Extension Forester William G. Stump of Michigan State College. Pine trees usually grow too fast and leave too much space between whorls of lateral branches, he says. Pruning will help give a compact tree with the right height.

All you need to do the job, he advises, are a pair of hedge shears and a jackknife. Cut back the terminal growth at the top of the tree to control the height growth of the terminal whorl so they are an inch or two shorter than the terminal growth.

Next come the lateral branches on the remainder of the tree. Some of these may be growing too rapidly and will have to be pruned in order to give the tree a conical outline. Occasionally, Stump suggests, it may be necessary to remove some old growth in order to shape the tree.

## Teamsters Take All-Stars, 11-1 In Exhibition

The Grand Rapids Teamsters smashed the Holland All-Stars 11-1 in an exhibition game and VFW took Main Auto 7-1 at Van Tongeren field Saturday night.

The tough Teamsters lived up to their advance notices with a 12-hit attack off three All-Star hurlers. They combined a double and a walk with some heads-up base running for their two runs in the first, and added three in the second on a walk, a single, an error and a home run.

They took a gift run in the third on a flock of All-Star bobbles, and added two more in the fifth on a walk and home run. Three more in the last inning, on two singles and a four-bagger, closed the scoring.

All-Stars broke through for their one run in the second inning on a single and a triple.

The potent Teamsters attack was led by Harry Jeusma and Warren Krause, with a home run and single apiece, Harry Schopp's homer, and Pete Van Eenennaam's two doubles. Carl Wavon added two hits and Rog Huyser, Bob Warner, and Bill La Baron had one apiece.

Jay Hoffman was the big gun for the All-Stars, with a triple and two singles. Chet Warner and Paul Fortney chipped in singles.

Bob Warner issued no walks and fanned 13 of the losers, including the side in the third. Three All-Star pitchers walked five and struck out eight.

VFW combined a double, single and walk for two first-inning runs, added one in the third, and wrapped things up with four in the fifth on a homerun, double, and three singles.

Main Auto combined two hits for their only run in the second. Al Glupker led VFW with a homerun and two singles. Jay Hoffman chipped in two doubles, and Bill Franks, Bob Schutt, Vern Van De Water and Rog Schutt had one each.

Guite Van Langevelde had two of the losers' four hits, and Mel Koones and Ernie Prince had the others.

Rog Schutt struck out eight of the losers and walked none. Jas Ebels fanned six Vets and walked one.

## Hope College Students Begin Trip to Europe

Six Hope College students left Holland Sunday morning by station wagon for New York on the first leg of their 21-month European trip. The excursion is part of the college curriculum and will be good for college credit in Spanish.

Bruce Van Voort of Holland, is traveling with the group to New York, where he will board a steamship for Austria as Holland's Community Ambassador.

Directing activities of the touring group is Dr. Donald Brown, head of the college Spanish department. He accompanied a similar class into Mexico two summers ago and last summer traveled through Europe with his family, setting up the itinerary for the present group.

The group, pictured above with Dr. Brown, left, includes, seated in car, left to right, Nell Salm, of St. Ann, Ill., Avis South of Muskegon and Wilma Salm of St. Ann, and, in foreground, Van Voort, Delwyn Weener of Holland and Stanley Alberda of Holland.

Elaine Ford, Holland senior, will fly to New York and join the others when they board the Holland American line steamship Grote Beer, on Wednesday. Connie Ferguson, June graduate from Benton Harbor, also will meet the group in New York, while Mrs. Margaret McLean Lashua of Holland and Piar Montes Espana, junior from Caracas, Venezuela, plan to meet the party in Madrid, Spain, Aug. 17. Montes at present is at summer school at University of London. Miss Ferguson will spend four weeks of the trip studying at the University of Dijon, France.

Dr. Brown said most of the time will be spent in northern Spain to avoid the summer heat. However, a flying trip will be made to Grenada in southern Spain. A visit to the Palace of the Moors in Alhambra also is planned.

Dr. Brown said the station wagon will be one of the most valuable assets on the trip. With the station wagon, the group will spend two days traveling down the Rhine, visiting Cologne, the valley castles and vineyards. A side trip before going through France to Spain will be a two-day jaunt into the Swiss cities of Lausanne and Zermat, where the students will climb the Matterhorn by cog rail.

Dr. Brown said actual classes will be held during certain periods of the trip. "After all, this is a course for credit not only in Spanish customs and language but in Spanish literature as well," he said.

Other cities on the itinerary include Rotterdam in the Netherlands, Paris and Dijon in France and Zaragoza, Oviedo, Madrid and La Coruna in Spain.

Chlordane is the best thing on the market today for the control of crabgrass in your lawn, reminds L. R. Arnold, Ottawa county agricultural agent.

WASHINGTON'S SENSE  
OF TIMING

The House has voted itself an  
increase in salary by exempting  
all the living expenses of its mem-  
bers in Washington from the in-  
come tax. The Senate may not go  
along with the proposal, but at  
least the first step has been taken.

Secretary Summerfield of the  
post office department has asked  
for an increase in postal rates, in-  
cluding a four-cent stamp.

There are other proposals, such  
as the postponement of the end of  
the excess profits tax, that will  
actually mean an increase in the  
tax bill of the average citizen,  
either directly or through an in-  
crease in the cost of the things he  
buys.

Washington is loud in its con-  
demnation of the demand of the  
people for a reduction in taxes un-  
til the budget has come into bal-  
ance. From a purely logical angle  
Washington is right in this con-  
tention; a company operating in  
the red would not deliberately re-  
duce the price of its product and  
hence its income.

But what applies to the individ-  
ual citizen applies to Washington  
as well. Congress was almost fan-  
tastically inept in its move to re-  
duce the income tax of its mem-  
bers at the very moment when it  
is impressing upon the citizens  
that he should cease his demand  
for a reduction in his tax bill. The  
timing is so bad that even if the  
argument for the move were twice  
as strong as it is, this would still  
not be the time to carry the plan  
into effect.

The same is true of the increase  
in the postal rates. From a logical  
angle such an increase is perhaps  
desirable. The cost of living has  
gone up more than 50 per cent  
since the happy day when sending  
a letter through the mails cost  
only two cents; the cost of post-  
age has not gone up accordingly.  
As a businessman, Secretary Sum-  
merfield is on firm ground when  
he holds that the people who use  
the mails should pay for the cost  
of the service.

But again the timing is wrong.  
For years the American people  
have been paying the postal deficit  
in taxes—including the bill for  
deadhead service represented by  
congressional franking. Now at  
the very moment when the admin-  
istration wants to win public sen-  
timent for an American "auster-  
ity" program so that the budget  
can be balanced, it is proposing to  
slap on still another tax. For of  
course an increase in postal rates  
is an increase in taxes.

Whatever reasons there may be  
for these measures, their timing is  
unusually bad. Keep on writing us  
300 words. Write your elected of-  
ficials. Insist they stop the waste  
of our tax dollars. If enough peo-  
ple do a little writing about the  
waste perhaps something will be  
done.

## CAROLYN HAWES

Miss Carolyn Hawes who died  
last Wednesday was an outstand-  
ing woman who had contributed  
much to the life of hundreds of  
people of Holland and the com-  
munity both in the schools and  
the church circles as well as other  
civil work.

Miss Hawes along with the po-  
sition of principal of Washington  
School and elementary school con-  
sultant was a member of Hope  
church, served on the Board of  
Christian Education, a member of  
Holland Chapter of American As-  
sociation of University Women,  
National Educational Sorority  
Delta Kappa Gamma, Association  
for curriculum and development,  
the Michigan Education Associa-  
tion, the Association for Student  
Teaching and the Holland Teach-  
ers Club.

There will be a great many peo-  
ple in the community as well as  
her many friends both young and  
old who will long mourn Miss  
Hawes as one who gave unselfish-  
ly of her time and efforts for the  
betterment of the people and the  
community in which she served  
so well.

Sunday School  
Lesson

July 5, 1953  
The Righteousness and Justice  
of God  
Romans 1:8-17  
By Henry Geerlings

The first three chapters of the  
book of Romans present a twofold  
picture. On the one hand there is  
the picture of God's righteousness.  
On the other there is the picture  
of the unrighteousness of men. In  
view of these two pictures the gos-  
pel is presented. Because of un-  
righteousness men stand con-  
demned. By the gospel they are  
shown the way of forgiveness and  
salvation. Pictured as condemned  
on the basis of the law, men are  
faced with hope of new life on the  
basis of faith in Christ, the world's  
Redeemer. It is with the consum-  
ing passion to see men led to faith  
in Christ that the apostle Paul  
wrote to the Romans on this occa-  
sion.

This epistle was probably writ-  
ten in the spring of 58 from Cor-  
inth. We know that he spent some  
three months in Corinth and that  
Phoebe, of Cenchrea, the port of  
Corinth, served as the bearer of a  
letter to Rome. Paul himself  
was soon to leave for Jerusalem  
for the purpose of ministering to  
the poor saints there with the col-  
lection that he had raised for  
them. It is not known how Chris-  
tianity first came to Rome, and  
very little is known of the early  
progress of the church there. We  
do know that there were strangers  
of Rome, Jews and proselytes  
present at Pentecost, and it is  
altogether probable that some of  
these became believers, returning  
to Rome with the message.

In Acts 18 we learn that Aquila  
and Priscilla were lately come  
from Italy because of the persecu-  
tions of Claudius. Aside from these  
meager references, we know next  
to nothing of the planting of Chris-  
tianity in that city. The ancient  
legend concerning Peter's stay in  
Rome is without historical founda-  
tion. There is no illusion in the  
Scriptures to any work on the part  
of Peter in Rome, and it cannot  
be shown, spiritually, that he was  
ever there. All we know is that  
the Roman church was flourishing  
at the time of Paul's writing and  
that he earnestly longed to see  
the Christians of that important  
world city.

The apostle begins this great  
letter by sending his salutations to  
the Christians at Rome and ex-  
pressing his desire to preach the  
gospel in their midst. He feels  
that the possessions of the gospel  
puts him under a positive obliga-  
tion to preach it—making him a  
debtor both to the Greeks and to  
the barbarians. The gospel is the  
presence of Christ in the soul. It  
is this and only this that makes  
the gospel for us to be a gospel.  
It is the transcendent miracle of  
the power of the cross.

The crowning fact of church  
history throughout these nineteen  
centuries is the unceasing stream  
of testimony of believers who have  
realized the redeeming and sanc-  
tifying power of Christ in their  
own lives. We meet with it in the  
great hymns of the church, in its  
most spiritual thinkers, in the  
mysticisms of the mystics, in the  
triumphant shout of the martyrs,  
in the battles of its reformers, and  
in the biography of the saints.  
Everywhere it is the personal  
experience of the redeeming and  
conquering Christ. But above all  
else, it was for Paul and it must  
be for us the gospel of the grace  
of God. It is His free gift of sal-  
vation.

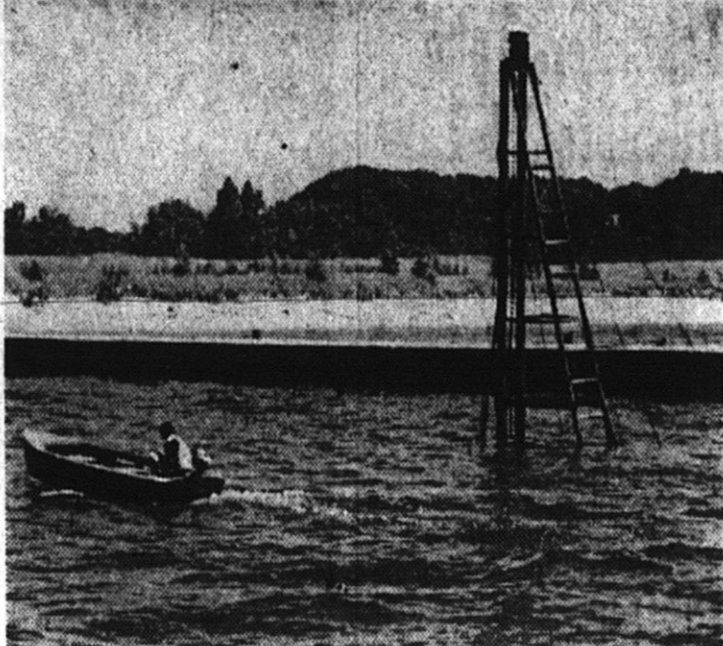

The apostle was not ashamed of  
the gospel, for it is the power of  
God unto salvation. He had a  
gospel which could bring culture  
to all classes alike, to barbarians  
no less than to philosophers, and  
to non-Jews as well as to Jews.  
Though the majority of both Jews  
and Gentiles looked with scorn  
upon the gospel, Christ crucified  
as a Jewish malefactor, yet he  
was ever ready to stand up un-  
ashamed and hold forth that  
glorious cross of redemption for  
it is man's only hope of salvation.

So far as God is concerned,  
salvation is unlimited. It is pro-  
vided for all the world, but so far  
as man is concerned, it is limited  
to those who believe. The word  
gospel means good news. It is the  
glad tidings of great joy which  
shall be to all people. The word  
comes from the same root word  
from which we get our words  
dynamite, dynamic and dynamo.

The gospel has the power to lift  
a man out of his sins, transform  
his life, and enable him to live a  
life of victory through faith in  
Christ.

The apostle points out that men,  
universally, have failed to lay hold  
of this salvation. The Scriptures  
speak of the universality of human  
guilt. The Jew is equally guilty  
with the Gentile. Neither can  
escape punishment for the Law  
which threatens him with punish-  
ment. So then the whole system  
of Law and work done in fulfill-  
ment of Law has proved a failure.  
Law can reveal sin, but not remove it.  
In the closing verses of the les-  
son Paul gives an explanation of  
the new kind of righteousness  
which he presents as his basic  
promise in the beginning. This  
righteousness is provided by God  
as a free gift of His eternal love.  
It depends in no sense upon any  
legal system, but rather it can be  
received only through faith in  
Christ. It is possible because of  
the death of Christ on Calvary. It  
is His sacrificial death that at  
once explains the lenient treat-  
ment by God of past sin and gives  
the most decisive expression to  
His righteousness.

Again the apostle makes it clear  
that human merit avails nothing  
and that the only means of laying  
hold of the righteousness of God  
is by faith in Christ His Son. This  
in no way abrogates the law but  
rather serves to fulfill it.

above water of a pile driver which was resting in 15 feet of water  
after foundering at the end of a tow rope at 4:15 p.m. Sunday about  
300 feet inside the entrance to the Saugatuck piers. The scow was  
on its way to the Big Pavilion in Saugatuck to put in a new dock.  
Clarence Owens, the owner, took another pile driver to the spot

Chix Whitewash  
Girodat's, 11-0

ZEELAND (Special)—Combining  
two-hit pitching with some  
timely hitting, Zeeland's Chix  
trounced Grand Rapids Girodat's,  
11-0, Tuesday night in an abbrevi-  
ated, seven-inning game at Zeel-  
and Athletic Field.

Southpaw Norm Kamper pitch-  
ed his first game for the Chix and  
was never in trouble. He was re-  
placed by Bob Dangi who finished  
the game without a hitch.

Girodat hurler, Babcock, set the  
Chix down without a hit in the  
first two stanzas, but walks kept  
him in constant trouble. Zeeland  
finally got its first tally in the  
third when Ted Boeve walked,  
Howie De Jonge singled, and  
Boeve came in on Gene Talsma's  
long fly.

Two errors and a walk filled  
the sacks for the Chix in the  
fourth, and all three men scored  
on an infield out and Boeve's  
single.

In the fifth, the Chix broke  
loose for four counters as Junior  
De Jonge and Boeve singled to  
provide the scoring punch. A pair  
of walks and errors took their toll  
however.

Three consecutive hits to lead  
off the sixth led to three final  
runs as Howie De Jonge pounded  
out a double that preceded singles  
by Talsma and Tony Diekema.  
Diekema scored on an infield out  
after he had stolen two bases.

Howie De Jonge and Boeve led  
the Chix with two hits apiece.  
Zeeland will play a home-and-  
home doubleheader Saturday with  
the Chix with two hits apiece.

## Muskegon Clubs Dutchmen, 8-4 In Baseball Tilt

Both teams collected nine hits but Muskegon Wolverines Express did twice as much with theirs as did the Holland Flying Dutchmen and it meant an 8-4 defeat for Holland Monday night at River-view Park.

Muskegon broke loose for four runs in the top of the sixth after the Dutchmen had gone ahead, 4-3, on an identical four-run outburst in the bottom of the fifth.

Frank Wlodarczyk clobbered a three-run homer into the left field stands to give Holland its narrow lead that melted quickly in the sixth as Muskegon climbed on Lou Humbert and sent Rog Eggers rushing in for relief.

Ironically enough, it was a Hope College player, Al Dykema, that ruined things for the Dutchmen. His grand-slam home run was the only hit in the sixth, as the sacks were loaded on an error and two walks.

In only one inning, the big fifth, did the Dutchmen get more than one hit. Muskegon's pitcher, Bob Ludwig, seemed to have control just when it counted the most.

Muskegon rushed out to a 3-0 lead in the third only to see it disappear under Wlodarczyk's power in the fifth. Doubles by Humbert and Ron Portney and a walk to Clare Van Liere had preceded Wlodarczyk's blast.

After its big sixth, Muskegon bats were silent for an inning, but a double in the eighth added another tally to finish scoring for the night.

## Boerman Charge Changed To Reckless Driving

ZEELAND (Special) — An irregularity in court procedure has brought about a change in the charge against Donald J. Boerman, 23, of 116 East Central Ave., Zeeland, who was charged Saturday with driving while under the influence of intoxicating liquor.

Boerman was first charged with reckless driving, to which he pleaded guilty and was fined \$53.90. Shortly after the case was closed the arresting deputy changed the charge to the liquor count.

Courtroom confusion resulted in the filing of a liquor charge in official records by Justice Egbert J. Boes. Boes also listed it that way in a report to The Sentinel. The charge has been changed and now stands reckless driving.

## Fred S. Bertsch Dies at His Home On South Shore Dr.

Fred S. Bertsch, 73, who lived for the past 30 years west of the city, died Saturday afternoon at his home 864 South Shore Drive following a long illness.

He was born in Holland Oct. 17, 1879 to the late Daniel Bertsch and Anna Saakens Bertsch, and attended Holland schools. Shortly after graduation from high school he went to Chicago where at 23 years he entered a partnership with the late Oswald Bruce Cooper and established the firm of Bertsch and Cooper, which specialized in commercial art, advertising designs and layout, and typography. His partner later branched out in type design, creating several type faces, best known of which is Cooper Black.

Fred S. Bertsch

While in Chicago, he was a member of the Palette and Chisel club and the White Paper club. He was married to Martha Elsie Beck in Chicago on June 30, 1915.

Mr. Bertsch retired in 1923 and came to Holland to live. He has always believed the Dutch costume to be picturesque and some 29 years ago dressed his sons in the Dutch costume whenever he had callers or when they sold cider. He had seen the authentic dress in the Netherlands and made sketches for Mrs. Bertsch to follow when she sewed them. He also suggested the use of windmills for gas stations as a means to attract tourists to this vicinity.

For some years he made apple and cherry cider on his farm west of the city. For seven years during the war he worked at Sealed Power in Muskegon, coming to Holland for week-ends. When his sons were members of Troop 30 of Boy Scout work.

Surviving are the wife, Martha E., two sons Charles D. of Holland and Lieut.-Comdr. Fred S. Bertsch of Minneapolis, Minn.; five grandchildren; a nephew, Col. William Harry Bertsch of Washington, D. C.; and two nieces in California. He was a brother of the late Chas. S. Bertsch who had an electrical business in Holland for many years and a brother of the late Col. W. H. Bertsch, U. S. Army, who served in the Philippines several times.

## Band Boosters Discuss Events

More than 100 people attended a business and social meeting of Holland Band and Orchestra Boosters Club Saturday evening at Kamp Kiwanis.

A two-hour business session followed a hamburger fry, arranged by Billy De Cook, assisted by Mrs. Arthur C. Hills and Mr. and Mrs. George Hennwall.

President Paul Rathke conducted the session, in which Boosters Club members were reminded that the Board of Education will duplicate every dollar the club earns from now on. After the club's tag day campaign, the board took action to duplicate whatever the club earns over the \$3,000 mark.

Mr. and Mrs. Albert Schuitema were named chairman of the club's next project, an ice cream social to be held in July. Although plans are not yet complete, it was decided that junior and senior band and orchestra members will handle ticket sales.

An auction sale, featuring articles belonging to prominent people, is being planned as the August project.

The band uniform question was discussed at length and three bids were announced: Van Duren submitted a bid for \$6,750; Lokker Rutgers, \$8,675 and J. C. Penny Co., \$5,365. A final decision has not been made.

Initial plans were discussed for a membership drive in the fall, with a membership fee of \$1 per person.

## Fennville Man Dies Unexpectedly at Home

FENNVILLE (Special)—Nicholas Varga, 63, of route 2, Fennville, died unexpectedly of a heart attack Saturday evening at his home. He had just driven a tractor into the barn after a day's work and was talking with his wife when he collapsed.

Mr. Varga was born in Hungary and came to the United States 40 years ago. He moved to the Fennville area nine years ago.

A new, modern school will be the result of an impressive community effort by residents of West Olive. When the old one-room school burned down back on January 16th they were faced with the problem of either rebuilding the school or consolidating with someone in the area. At a community meeting it was determined that the men would donate their labor for construction of the foundation and accessories, and the main part would be built under a bid. Beginning early last week up to 50 men a night have been on the job.

digging footings and trenches for cesspool drains. The men expect to be done in about two weeks, and then bids will be let. Plans as drawn by a Muskegon architect include a large classroom, well lighted and equipped with the latest teaching devices. Large rest rooms and halls have also been included to allow for future expansion. Pictured are (left to right): LaVern Berkompas, Frank Garbrecht, Abel J. Berkompas, Abel M. Berkompas and Bob King.

## Huge Crowds Visit Holland State Park

Attendance at Holland State Park continued to climb as 36,000 persons stopped at the park during the week-end.

Every available trailer space was taken Saturday and hopeful trailer owners were still waiting in line this morning. Park Manager Clare Broad said 140 camps, including tents, were set up by Saturday night.

He said all picnic tables received "capacity use." At one time rangers had to turn away the bumper-to-bumper traffic at the park entrance. Broad said there just wasn't a single parking space left.

A heavy fog, rolling in from Lake Michigan late Sunday afternoon forced rangers to close the beach for an hour. The beach was later reopened as the fog dissipated.

Broad expected a large crowd again today as the water temperature soared to 67 degrees this morning and the air was a warm 79.

## Council Planning '54 Resurfacing Of Some Streets

With the 1953 paving program well under way, City Council Wednesday night considered street improvements in resurfacing certain highways and local streets for 1954.

City Manager H. C. McClintock told the Council he has been in contact with the State Highway Department regarding the resurfacing of State St. and Eighth St. which are state trunklines, as a state project for 1954.

In addition, Council authorized the city manager to advertise for bids for resurfacing streets at a cost not to exceed \$30,000, the anticipated amount available in 1954 from the gas and weight tax fund. Bids will be accepted on a unit basis and assignments made on the basis of need. Bids will be received until 7:30 p.m. July 15.

The tentative list drawn up by the city manager included Lincoln Ave. from Seventh to Eighth St.; Central Ave., from Sixth to Eighth St. and the 16th St. intersection; the Columbia and 16th St. intersection; 1,000 square yards on 16th St. east of College Ave.; 12th St. from Lincoln to Columbia; Central to River, and Pine to Washington; 18th River to Columbia; Seventh, Lincoln to Columbia; Pine Ave., Eighth to Ninth, and 13th to 14th Sts.

Manager McClintock said this list did not include streets which could use seal coating, a treatment usually good for up to five years.

McClintock also reported on the progress of the construction of the Municipal Recreation building and presented payment No. 2, amounts of which have been approved by architects. This includes general construction, \$47,183.15; mechanical, \$10,496; electrical, \$5,000; total, \$62,685.15; less 10 per cent retained, \$6,268.51; less previous payment, \$26,766; amount due, \$29,650.64. The figure was authorized, to be charged to the recreational building account of the construction fund.

The city manager also announced that the director and assistant director of engineering of the Coal Producers Committee for Smoke Abatement would arrive in Holland July 13 to conduct the smoke survey which previously was authorized by Council. A list of establishments which have caused smoke nuisances has already been supplied and council members were asked to provide other names should complaints arise.

Council approved transfer of \$23,000 in BPW funds from the 1952-53 capital expenditure budget of the electric department to the 1953-54 capital expenditure budget to cover unpaid balances on the Riley Stoker Co. contract for \$14,000 and the Kirkhof Electric Co. contract for about \$9,000. The communication said work on these contracts could not be completed by June 30 because of strikes. Council's action boosts the capital expenditure budget for the 1953-54 period from \$127,000 to \$150,000.

Council referred to the Michigan Municipal League a notice of hearing in rules and regulations to be established by the Michigan Public Service Commission to be used as a safety code in the design, construction and operation of gas utilities, said hearing to be held at 10 a.m. July 29 in MPSC offices in Lansing.

## Zeeland Pitcher Begins at 40

ZEELAND (UP) — They say "Life begins at 40" and Dick Blauwkamp of the Zeeland Merchants demonstrated the old adage Wednesday night.

Blauwkamp, 40, pitched the Merchants to a 2-1 upset victory over West Hudsonville in the B-1 league at Zeeland Legion Field, allowing only one hit. Furthermore, his pitching opponent who allowed the Merchants three hits was a mere 19-year-old youngster.

Both of Zeeland's runs came in the first inning as the Merchants collected all three of their hits. John Walters' double was the key blow as he knocked in both count-

The loss dropped West Hudsonville out of the league lead and allowed Vriesland to take over. West Hudsonville's only run came from its hit, a home run by Van Noord.

## Lake Michigan Is Searched for Bodies of Pair

GRAND HAVEN, (Special) — Coast Guard boats from Grand Haven and Muskegon stations and two seaplanes Monday searched Lake Michigan for the bodies of two men believed drowned while testing an outboard motor boat Saturday.

Missing are Don Papke, 43, route 3, Rockford, and John Pluger, 26, Grand Rapids, who arrived at Spring Lake about 9:30 a.m. Saturday intending to try out Pluger's 12-foot boat which was equipped with an outboard motor.

At 9:35 a.m. Monday the boat was found by a fishing tug about four miles off shore in Lake Michigan and 7 1/2 miles northwest by west of the Grand Haven light-house. The boat was submerged with the exception of about six inches of the bow. A T-shirt and a cushion were still in the boat. The submerged boat was found by a crew aboard the fishing tug George F. owned by George Ver Duin of Grand Haven.

Officers were alerted at 8 a.m. Sunday when wives of the missing men called Rockford police. Pluger, an employee of a printing firm in Grand Rapids, had failed to report to work at 4 p.m. Saturday.

Officers quickly located the car and boat trailer parked near the pavilion at Fruitport, and Coast Guardsmen, Conservation Officer Harold Bowditch and two planes of the Grand Haven airport immediately joined in the search but were unable to find any trace of the boat or its occupants.

Report of finding the submerged boat came as Sgt. Carl Kamhout and Bowditch were combing the shoreline at Spring Lake Monday.

## Couple to Mark Golden Wedding

Friday will mark the 50th anniversary of the marriage of Mr. and Mrs. Cornelius J. Dornbos, 87 West 18th St. The couple will observe the occasion quietly at their home.

Mr. Dornbos, who will be 77 years old Nov. 13, was born just north of Holland near the beeline road. He has lived in and near Holland all his life with the exception of four years, 1917-1920, when he was sheriff of Ottawa county.

For 28 years he served under seven different sheriffs as deputy. He was Deputy U.S. marshal under Nick Whelan and for eight years served on the Holland police force. Prior to his stint in the law enforcement he was connected with the conservation department for 13 years, both in the Ottawa-Allegheny area, and later in the state conservation department.

Mrs. Dornbos was born in the Netherlands and came to this country when she was two and one half years old. With the exception of the four years when her husband was sheriff, she has lived in this vicinity her entire life. She will celebrate her 76th birthday on July 28.

While living in Grand Haven, she was in charge of all the meals for the prisoners. Mrs. Dornbos' wages at that time were only \$5 a week. As it was during the first World War, no help could be acquired; moreover, she said that no allotment was set aside for extra help. However, at times some of the prisoners would assist her.

Mrs. Dornbos was injured about nine months ago and at present is able to get about fairly well with the help of a cane.

Mr. and Mrs. Dornbos are members of Fourteenth Street Christian Reformed Church.

Vote to Incorporate

TECUMSEH—Voters Monday in a special election voted to incorporate Tecumseh into a city by a 623-453 margin. Voters also elected a slate of nine charter commissioners that must draw up a charter and submit it to the voters within the next 90 days.

Wiersma's double was the key blow in the sixth as he cleared the bases to put Zeeland out front, 9-4. Howie De Jonge Boeve, and Glenn Kamper had been on base when Talsma forced De Jonge, but Wiersma came through with the needed blow.

Three consecutive hits in the eighth gave the Chix their final pair. Kamper singled, Talsma doubled, and Wiersma singled for his second hit during the inning and Zeeland led, 11-4.

Don Wenban homered in the bottom of the eighth to narrow the Zeeland lead to the eventual winning margin, 11-5, but that was all for South Haven as Talsma retired three men in order in the ninth.

Only league loss for the Chix this year was a 7-6 defeat that the Black Sox needed 11 innings to administer. The Black Sox are defending champions of the league.

The standings:

	W	L	Pct.
Zeeland	3	1	.750
G. R. Black Sox	3	1	.750
Holland	2	2	.500
Grand Haven	2	2	.500
South Haven	0	4	.000

## Council Unhappy About Speeding On Michigan Ave.

The city fathers aren't very happy with the way motorists are speeding on Michigan Ave. and River Ave., since that section of US-31 was made a four-lane highway.

At least, that seemed to be the feeling at a regular meeting of the City Council Wednesday night.

The discussion started when Councilman John Beltman asked whether other councilmen had noticed the speed most cars were traveling on Michigan Ave. Other councilmen joined in, some highly critical of the speeders and others more charitable suggesting that the appearance of police cruisers more often would alleviate the situation.

Mayor Harry Harrington summed up the situation neatly when he said it would be nice to have more officers patrolling city streets and if Council feels there should be more patrolmen, it can easily authorize hiring more men for the police department.

"Yes, it would be nice to have more officers on the highways and on other streets, and it would be nice to have a judge who would levy higher fines," the mayor said.

Before the discussion on speeding, Mayor Harrington offered for consideration a resolution calling for copies of detailed claims for all invoices included in claims and accounts. He said too often councilmen have approved claims without detailed invoices and he believes all aldermen should be provided with detailed data. Council concurred on motion of Anthony Nienhuis, seconded by Raymond Holwerda.

This action prompted a question from Nienhuis on counting of the parking meter money, and Council also approved his motion of having two persons present when the money is counted each week. City Manager H. C. McClintock explained that two officers collect the money from the meters each Wednesday afternoon, and the coins are then taken to the treasurer's office and counted at afternoon. Holwerda, who seconded Nienhuis' motion, said if he were treasurer, he certainly would want somebody else present.

Oath of office were presented for the following: Milton L. Hinga, library board, five years; Stuart E. Boyd, planning commission, 1954; Ward Hansen, planning commission, 1954; W. A. Butler, planning commission, 1955; R. E. Barber, planning commission, 1954; Alvin H. Dyk, board of appeals, 1955.

Council okayed three permits for constructing sidewalks, Gerit De Leeuw, Five-Star Lumber Co., and Drost and Van Voort. A permit to sell soft drinks was okayed for De Vette Produce, 399 West 17th St.

A petition requesting that Columbia Ave. be made a stop street at 26th St. was referred to the city manager and police chief for recommendation and report.

A letter from the American Legion band thanking Council for the increase in the budget for the coming year was placed on file.

Wednesday's meeting lasted 32 minutes. LaVerne Rudolph gave the invocation. Rein Vlischer and Bernice Bishop were absent.

Almost every fisherman took advantage of good fishing conditions over the week-end and the boys who are participating in the summer Sports School program were no exception. The entire group, 120 strong, enjoyed an excursion to Kollen Park Friday where they secured various vantage points along the shore, baited their hooks, and "went for the big ones." Even with the additional help of several parents, the six sports school coaches had their hands full keeping the kids untangled from the bevy of lines and hooks. Even the youngest asked his assistance in securing a small fish on his stringer. Meanwhile, other fishermen were finding conditions "ideal" all week-end and good catches were the rule rather than the exception. Monday morning the reports still said "good" on the piers, along the channel, and on the Big Bayou.

Mrs. Orle Bishop, president-elect, and Mrs. Henry Steffens, retiring president, were official delegates from the local branch, and Mrs. Peter N. Prins and Miss Mildred Singleton were delegates from Hope College. The four were among the some 2,000 delegates from 1,200 branches representing 120,000 members.

The convention opened Monday morning, June 22, with headquarters at Radisson and Nicolet hotels. Sessions Monday through Friday featured business meetings, many noted speakers, workshops and official luncheons.

Climax of the convention was an address Friday evening by novelist Fannie Hurst, who discussed "Place of Women in Contemporary Arts." On Thursday, the convention heard Senator Hubert Humphrey of Minnesota and Gov. John Lodge of Connecticut.

Other principal addresses were given by Dr. Susan B. Riley, national AAUW president; Dr. Harold Taylor, president of Sara Lawrence College; Norman C. Nagle, curator of architecture and design at Walker Art Center in Minneapolis; John Ciardi, poet, and assistant professor at Harvard; Dr. John G. Darley, assistant dean of the graduate school and professor of psychology at University of Minnesota; Dr. Rensselaer Liect, director of Institute for Social Research at University of Michigan.

Also Mrs. Consuelo Bailey, speaker of House of Representatives, Vermont State Legislature; Lt. Col. Mary Agnes Brown, USAR, member of the AAUW Status of Women committee; Mrs. Margaret F. Ackroyd of the Rhode Island Department of Labor; Dr. Mabel Newcomer, professor of economics at Vassar, and Mrs. Dorothy B. Atkinson Rood, former chairman of the Fellowship Endowment Committee.

The current legislative program pledged members to support items such as federal aid to education, the U. N. and affiliated agencies, a "constructive" foreign policy, protection of individual rights guaranteed by the Constitution, suffrage for Washington, D. C., stronger federal penalties for narcotics peddling.

Los Angeles was picked as the convention site for 1955. While in Minneapolis, the local delegates visited the University of Minnesota campus and Walker Art Museum and attended the National Rose Show being held there.
