#### CITY AND VICINITY.

Neil Wabeke returned from New Era, Mich., where he has been visiting friends and relatives for a few days.

Oscar Dykstra has successfully passed the examination before the state board of pharmacists as a registered druggist.

Frank Mooney spent Saturday and Sunday at Macatawa. On his return trip he saw the big fire that nearly wiped out Kalkaska.

H. Was had his hand nearly blown off by a cannon cracker on the Fourth. Was held on too long, that's all. Dr. Poppen attended the sufferer.

Allegan will celebrate home coming week the first in her history, August 5, 6, and 7. Several hundred invitations will be sent out to former residents and relatives and friends of the town's people.

H. De Koning living at 75 West Fifteenth street, has his hand and one of his limbs seriously burned by powder on the Fourth. A little arnica soon alleviated the pain however.

Miss Lena Groeneveld who has been engaged in the millinery business at 315 Central avenue for the past four years has sold her stock to the Misses Dyke, residing at 17 West Fourteenth street.

A bull terrier wandered in and made the rounds of the Hope church pews Sunday but it is said that the proceeds were about as bare as Old Mother Hubbards cupboard. The dog was finely ejected from the church.

Mrs. Elizabeth Peak, familiarly known as "Grandma Peake," an old colored woman, living a mile from this city, died Saturday. She was born in Pennsylvania, but has lived here many years. She was over 97 years of age.

The little daughter of Dr. H. J. Poppen living on River street, had her nose injured on the Fourth. A reckless boy threw a fire cracker in her face as it exploded. That the result is not more serious is a miracle.

Governor Warner has announced his determination to await the action of the republican state convention before naming a successor to Justice William L. Carpenter of the supreme court, whose resignation will take effect September 15. He will name the nominees of the convention.

After changing the first plans, drawn by Architect Price of Holland so as to cut out some of the expensive stone and metal trimmings, the school board found that George Hendrick of this place was the lowest bidder for the work of rebuilding the Fennville school house. He was therefore given the contract, at the price of \$4,000, and has ordered material so as to commence work without delay.

A more pitiable condition can scarcely be realized than that of Rheno, little daughter of Sheriff and Mrs. Allen Whitbeck, of Fennville, who has become violently insane, so that it has been necessary to remove her to the insane asylum at Kalama zoo. She is being cared for by a special nurse and everything possible is being done to improve her condition. Mrs. Whitbeck is with her and will remain until the end of the week.

Christian DePorter, a Pere Marquette fireman of Holland was knocked from the tender of his engine at Michigan City last Thursday evening by a large waterspout used in filling the engine with water. He was injured internally and four ribs were broken. He was taken to the St. Anthony's hospital in Michigan City. The Physicians report his condition as serious. Should he recover it will be many weeks before he will be able to attend to his duties.

Hoyt G. Post is now justice of the peace having assumed his duties Monday.

Wm. H. Fredericks clerk in the Walsh Drug Co., has passed his examination before the pharmacy board at Detroit successfully.

The Rev. D. Scholten of South Blendon, Mich., expects to leave his present field of labor in the latter part of July, thus completing twelve years of service in that church.

Dr. Imus, of Borculo who went to Chicago some time ago to do some post graduate work expects to return home to resume his practice Saturday.

Recent letters from Amoy, China, state that the Rev. H. P. De Pree of Zeeland marked the completion of his first half year there by passing with honor the whole of his first year's examination in the language.

Gertrude DeWitt, who disappeared a month ago, has been located in Terre Haute, Ind., where she is working as a domestic. She drew her savings from a local bank and dropped from sight after purchasing two tickets for St. Joseph.

Dr. M. J. Cook and family of Holland arrived at Allegan last Friday night in their new automobile Jewell and returned Monday, staying with relatives while here. Dr. Cook has taken the agency for this auto, which is made at Massillon, Ohio.

While in Muskegon Tuesday to visit his sister, Mrs. J. E. Kuizenga, Ben Mulder found a valuable watch on the pavement. He immediately looked through the "Lost" column of the Muskegon Chronicle and located the owner, Mr. J. Hammer, who naturally was "tickled" to get it back.

Warnings sent out by the post-office department that rural delivery will be suspended wherever the roads are not kept in good condition ought to stimulate road improvement wherever it is needed. Farmers ought to realize that whatever expeditious public service is of value in promoting their own welfare.

Lansing, Mich.—The report issued a few days ago by the department of state relative to crop conditions in Michigan indicates that for the state at large prospects are for the following percentages: Apples 79, pears 77, peaches 72, plums 74, cherries 76 and strawberries 91. It is estimated by state authorities that the Michigan potato acreage throughout the state is 87 per cent of the average crop planted as compared with the past five years.

Carl Kowalk, aged 45, was drowned in Miner Lake 4th of July afternoon about 4 o'clock. In company with Bert Graham, neither of whom could swim, he had gone to the lake for the day. While on the lake in a boat the boat was overturned in deep water. Graham held to the boat, but Kowalk was drowned. The body was recovered at 8 that night by Hod Streeter.

A boy with a toy pistol and the last remnant of the Fourth consisting of one lone cartridge created a commotion in the First Reformed church Sunday. The boy reluctant to relinquish his fourth fun maker, took it to church, and in some unaccountable way the gun was discharged, causing a commotion. Rev. Veldman, the pastor, soon quieted the much disturbed audience and proceeded with his sermon.

A new transportation company, called the Macatawa Transportation Co., has been incorporated under the laws of the state of Michigan. The new company will do all the ferry and excursion business at the resorts and will have special accommodations for pleasure parties from the city or from the resorts. Its boats will handle all the transportation of the resorters at Macatawa, Ottawa Beach and Jenison Park. The service will make daily connection with the Graham & Morton steamers, the Grand Rapids, Holland & Chicago R. R. and the Pere Marquette. The officers of the new company are: President, D. P. Perry; first vice president, A. Miller; second vice president, H. W. Perry; secretary, P. L. Ragen; treasurer, John Tromp. The boats owned by the new company are the Skidoo, the Holiday, the Nima and the Florence. These four boats are doing a rushing business. On the Fourth they did fifty percent more business than in any year previous when they were run individually.

### The Holland Furnace Company Enlarges its Plant

Plans are nearly completed for enlarging the factory of the Holland Furnace Company. According to these plans the capacity of the plant will be doubled. Another building will be added, about as large as the present plant and this will double the capacity of the plant in all of its departments.

Hitherto the company has employed about 50 men, but when the new building has been completed it is expected that from seventy-five to 100 will find employment there. The company will then turn out six different classes of furnaces. They are this summer making a specialty of placing furnaces in the average Holland home, and the orders have been coming in so fast from homes in the city and in other cities that the enlargement of the plant was found necessary.

The Holland Furnace Co. was organized about two years ago. From the very start it had an unusual success, and ever since the first furnace was turned out the demand has kept the foundry working to its capacity. All this has been very gratifying to A. H. Landwehr and G. C. Bowman the managers, who have for the past two years given their undivided attention to the new industry.

Last April the company had a severe set back when part of the plant was destroyed by fire. However, the same day that the fire occurred they began to repair the damages and it has hardly made a ripple in the success of the company.

#### Doings at the Council

At the meeting of the common council last night the contract for the erection of a turbine and generator for the city lighting plant was awarded to the Atlas Chalmers Co. The cost will be \$18577.

The most important business of the council was the discussion of making an appropriation for the launch dock. The committee that had charge of the matter, consisting of Aldermen Van Tongeren, Cook and Stephan said that it had nothing to report, but the chairman stated that the mayor had something to say on the matter.

The mayor then suggested that \$10,000 be transferred from the lighting fund to the general fund and of this the money necessary for the dock be taken. Alderman Prakken made an objection.

He held that money should not be spent for a launch dock as long as there are such defects in our streets as there exist in River street from 16th to 19th street. This objection, by the way, was well taken and should be thoroughly considered. Alderman Stephan moved that both the launch dock and the River street matter be taken care of and the council thought favorably of the motion, but deferred action until Monday evening.

The News conferred with Mayor Brusse this morning and the mayor says that the dock proposition will pass the council Monday.

#### Rural Carriers Elect Officers

The rural mail carriers held a meeting in the office of the Holland City News Tuesday evening to do their regular routine business and to elect officers. The carriers have a complete organization and in their way have become a force in the community as an organization. They have done a great deal to keep alive the good roads agitation, having on one or two occasions been instrumental in getting Mr. Earle to come here.

The officers elected Tuesday night were:

President—Anthony Rosbach.  
Vice Pres.—G. J. A. Pessink.  
Secretary—L. Tinholt.  
Treasurer—P. Stegenga.  
Members of Executive Board—J. T. Whipple, E. Klosterman and G. Rutgers.

L. Tinholt and G. Pessink were elected as delegate and alternate to the state convention to be held at Jackson July 21 and 22.

### Dr. Beardslee on Messianic Prophecy

Dr. J. W. Beardslee of the Western Theological seminary has just published a little volume on "Notes on Messianic Prophecy." It is a little pamphlet of some sixty pages neatly printed and bound.

The material of the booklet is arranged under the three following heads: The reason for these Messianic promises, The revelation of these Messianic promises and The fulfillment of these Messianic promises in Jesus Christ. Two thirds of the work is occupied with the second division.

The subject is dealt with in a small compass and in a most satisfactory way. Notwithstanding its condensed form, there is nothing obscure in these pages, and, many in valuable lines of study are suggested to the thoughtful reader. The real theme of the old Testament Scripture, the promised Messiah and his spiritual kingdom, is clearly presented and placed where it belongs, in the foreground.

#### Winnebago Indian Village.

Little Bear, Chief of the Winnebagos, will be at Jenison Park the week of July 13 to 19. He will bring with him his band of warriors with their wigwags and their teepees, their squaws and their little papooses, and have a real Indian village. They show their mode of living, where they sleep, how they cook their meals, how they take care of their little papooses, make their beadwork, their baskets and their moccasins. They bring a beautiful collection of rare old beadwork, war clubs, tomahawks, peace-pipes, belts, necklaces, moccasins, medicine bags, etc. Many of these curios are over a hundred years old and have been in the family for several generations. They give a very interesting program of all the Winnebago religious ceremonies and dances, including the war dance, the brave man's dance, the scalp dance, and the green corn dance. These dances are given exactly as their fathers have given them for hundreds of years. They all take part in the dances, from Little Bear, the Chief, to Little Blue Sky, the 4 year old papoose. In spite of his great age, the chief is a great dancer and singer. He took a prominent part in the Black Hawk war and has seven scalps to his credit. There are twenty Indians, including four papooses, one of them only six weeks old. The Winnebagos are fast dying off and soon there will be no more of this proud race of redmen.

The collection of beadwork and curios at the Indian village are well worth seeing. There are old belts that have been worn at many a powwow, pipes that have been smoked at many a council meeting, and medicine bags that cannot be purchased at any price from the Indians. The beautiful beadwork has taken months of patient labor to finish. There are papoose carriers, saddle bags, leggings, garters, tomcats, bows and arrows, war clubs, tobacco bags, pipe sacks, and hundreds of queer articles all made by the Indians.

One of the star attractions at the Indian village is Little Blue Sky. He is only 4 years old and takes part in all of the Indian dances as serious and as solemn as the old braves. Most people have the idea that the Indians dance simply for their own amusement or pleasure. This is wrong. All the Indian dances are of a religious nature. The white man praises his God in beautiful churches situated in the most public places, where all can see. But the Indian goes into the deep recesses of the forest where none but his own race can see him. There with the green grass for a carpet, surrounded by virgin forests and with the blue sky above him, he offers his praise to the great spirit above, in the same mysterious way that his fathers and forefathers have done for many, many years. Some of these ceremonies are very beautiful and it is with great reluctance that they perform them in public.

One of the best features at the Indian village is that everything is realistic and true, and everything is explained in such a manner that one cannot help but be interested in the rapidly disappearing Indian.

The Scott Lagers Lumber Co. has just received several carloads of extra fine barn shingles which they are selling at a low price. 26tf

## Zeeland

George De Jonge and John D. De Pree have bought an interest in the Bareman Furn. Co., from I. Ver Lee, P. Bareman F. Boonstra and Wm. Van Slooten. The above named gentlemen together with Wm. K. Bareman, who now conducts the business, will give their entire attention to the affairs of the company.

Mrs. A. De Groot has gone to Borculo to visit relatives.

Bert Ven was in Grand Rapids to visit friends Saturday.

Communion services were held in the Second Reformed church Sunday.

James Van Vollenberg spent the Fourth in Sparta.

F. J. Titus the Zeeland jeweler was in Detroit this week attending the opticians' and jewelers' convention.

After a weeks visit with Rev. and Mrs. Wm. Vander Werp. Rev. and Mrs. D. De Beer of Harrison, S. D. returned home.

Mr. and Mrs. Geo. Brandt spent the Fourth at Jenison Park.

Mr. and Mrs. W. Langejan of Holland spent the Fourth here.

Misses Mary and Katie Piepers have returned from a week's visit in Grand Rapids.

Mr. and Mrs. A. Lahuis spent the Fourth at Macatawa Park.

Miss Grace De Groot who has been visiting her parents Mr. and Mrs. Arie De Groot on Main St., has returned to Grand Rapids.

The musical given by Louis McKay assisted by Miss Vera Van Hess was a success. The attendance was large and the program appreciated. Miss Van Hess, soprano, deserves special mention as her selections were the hit of the evening.

Mr. and Mrs. Geo. Meengs have returned to Holland after a short visit with their parents, Mr. and Mrs. W. Meengs.

Johannes Blouwkamp has moved to Beaverdam.

After a few days visit with her parents Miss Maggie Kaslander returned to Grand Rapids.

After spending several weeks with relatives here, Miss Ada Jordan returned to her home in Joliet, Ill.

## Olive Center

Little Anna Wolma of Grand Rapids who visited at the home of Mr. and Mrs. Johnson at Olive Center was painfully injured last Friday afternoon in the barn of Mr. Johnson. She had climbed among the rops to see a bird's nest and losing her balance fell, striking a buggy, cutting a gash about five inches long in her thigh. Dr. P. De Pree dressed the wound, and the little one is doing nicely.

Earl Pixley of Olive Center was injured Saturday afternoon at a picnic on the banks of Pigeon river. A swing in which he was playing broke and the heavy beam which supported the swing fell on him causing painful internal injuries. Dr. De Pree who attended the boy reports him resting comfortably.

## Hamilton

About 1,000 people from different places helped to celebrate the glorious Fourth in this village. In the morning there was a grand parade, made up of business men, who provided vehicles loaded with their several wares; speaking by Rev. Strabbing and Rev. Rice and a good speech by L. Thompson of Allegan. A baseball game in the afternoon between the Red Socks of Holland and the Hamilton attracted a large crowd. At the end of the eighth inning the score stood 4-5 in favor of the home team. The fireworks in the evening were fine.

The families of Geo. Pinkney and Bert Bradley all of Douglas spent the Fourth here and the latter's family remained for a week's visit.

Charles Burnett of near Fennville was here the Fourth and incidentally pitched for the Hamilton team.

Wren Peterham who has been seriously sick with head trouble for the past several weeks is able to be about again though his eyes are in a bad condition.

The bowery dance conducted by Mrs. R. Siple was well patronized. Not an accident occurred in this village July Fourth.

John Brink, with his portable saw mill cut 10,584 feet of lumber for James Kleinheksel last week in Fillmore township, with a 15-horse

power engine in 11 hours. Since last fall he has cut 500,000 feet of all kinds of logs.

Mr. and Mrs. W. Woodruff entertained Mr. and Mrs. Grozen, C. L. Vanderboegh, and Miss Vander Boegh all of Hudsonville and Mrs. Stenger of Grand Rapids July 4.

Joseph Welsh of Milwaukee was a caller here July Fourth and says Hamilton is a lively village.

## New Holland.

The Fourth of July celebration was a grand success at this place. The weather conditions were ideal and all the exercises were hugely enjoyed by the large crowd. Attorney C. Vander Meulen of Holland delivered the address. Mr. Van der Meulen is an earnest and convincing speaker and held his audience from start to finish. No accidents marred the joy of the day, and seldom has a Fourth been spent here so pleasantly.

Mrs. H. Van den Berg and daughter, Leora, spent the Fourth with her parents, Dr. and Mrs. Van den Berg.

Mr. and Mrs. A. De Kruij of Zeeland spent a few hours here Saturday.

Mr. and Mrs. Peter G. Van Tongeren of Holland are spending a few days here with relatives.

Clarence De Jong of Grand Rapids is spending his vacation with his parents Rev. and Mrs. De Jong.

Farmers were very busy Monday with their hay crop.

Gerrit Van Dyk came very near losing one of his work horses last week. The animal wandered into a pond to drink and got stuck in the mud and had it not been for timely help it would have drowned.

## Overisel

The celebration here last Saturday was a grand success. The crowd was one of the largest seen here in years. The speeches were very good and helpful. The Grafschap band furnished the music for the day. After the speeches there was a ball game which attracted considerable attention. The races and sports were first class and there is the prospect of a great deal of interest to be developed along this line. The entertainment of the evening was a grand success. The singing and speaking were of the best quality and the tableaux were fine. The display of fire works was the best in years. Everything passed off in fine style.

John Woltering spent the Fourth in Grand Rapids.

Miss D. Klumper of Holland spent Saturday and Sunday here with friends.

The Misses Nykerk of Holland spent Saturday and Sunday with Mr. and Mrs. D. Kortering.

Overisel is featuring a mystery. While a young man of that place was calling at the home of a lady friend, some other young men made way with his buggy. A search was instituted later, but the rig has not yet been found.

Miss Mae Dangremont has severed her connections with Du Mez Bros. of Holland. She is now staying at home and everyone is kept guessing why. Those interested will kindly inquire of John Schipper, who will state full particulars.

## GOOD NEWS.

Many Holland Readers Have Heard It and Profited Thereby.

"Good News travels fast" and the thousands of bad back sufferers in Holland are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Mrs. Edwin McCarty, living at 209 VanRaalte avenue, Holland Mich., says: "My husband is a firm believer in the merits of Doan's Kidney Pills and considers them worth their weight in gold. For years he has suffered from kidney trouble which caused him much pain and annoyance. He would have to get up constantly during the night owing to the irregular action of his kidneys. He tried many remedies without relief and the doctors said they could do nothing for him. He finally procured a box of Doan's Kidney Pills at Lage's Drug store and I can truthfully say that he obtained more relief from their use than from all the other remedies he ever tried. He is still using them and is able to work every day. He thinks Doan's Kidney Pills are the finest remedy obtainable, and always recommends their use to others suffering."

## Fourth of July Victims

The Fourth of July has come and gone. Great is the Fourth, and the sentiment it evokes. But sad is its aftermath of gory disaster. Now that the smoke of devastation has cleared away, a fairly accurate computation of the loss of life which marks the annual barbaric sacrificial orgie of death and mutilation, masquerading under the guise of patriotic celebration of the nation's independence day, is possible.

In many homes throughout the land there is mourning today for children who have met untimely ends and for adults whose lives have paid the penalty of wanton folly. On many a hospital cot and in many a darkened chamber lie thousands of mangled, suffering victims; some deprived of sight, some disfigured for life, by the master destroyer, the demon fireworks. Stray bullet, that infallible sharpshooter, has the greatest number of victims to his discredit, but fireworks, toy-cannons, toy-pistols, and gun powder explosions and runaways caused by fireworks, have all added to the toll of the grim reaper.

And the returns are far from being all in. To the grewsome quota of killed and wounded must be added the later victims of lockjaw and blood poisoning, which always follow in the Cincinnati 20

# MY WIFE SUFFERED SEVEN YEARS WITH SCIATIC RHEUMATISM CURED BY SWANSON'S "5-DROPS"

writes P. S. Baxter, Kynessville, Pa.

Mr. Baxter writes: "My wife suffered with Sciatic Rheumatism for seven years. She was in a very bad condition. After using '5-Drops' for three months it made a permanent cure. This was several years ago and she is still well."

## STOPS THE PAINS

caused by Rheumatism, Lumbago, Sciatica, Neuralgia, Kidney Trouble and kindred diseases. Applied externally it affords almost instant relief from pain, while permanent results are being effected by purifying the blood, dissolving the poisonous substance and removing it from the system.

## A TRIAL BOTTLE FREE

If you are suffering with Rheumatism, Lumbago, Sciatica, Neuralgia, Kidney Trouble or any kindred disease, write to us for a trial bottle of "5-DROPS" and test it yourself.

"5-DROPS" is entirely free from opium, cocaine, morphine, alcohol, laudanum and other similar ingredients.

For Sale by Druggists.

## A Mysterious Lake

Grand Haven, July 3.—There has always been something mysterious in the formation of the bottom Spring Lake. Several times people have seen strange sights such as geysers of hot water spouting up out of the lake. Warm and cold streaks have been noticed in the surface water and bottomless pits have been discovered. It was from the submarine springs that the lake got its name. A recent discovery proves that the bottom of

the lake has some strange and unusual features. Last week while John Walsh was driving piles for a new dock at a certain point on the lake he made a rather startling discovery. He had driven a number of piles in about six feet of water and when he again noticed them they were moving and in a short time they came to the surface of the water and floated away. Investigation showed however, that the bottom into which the piles had been driven was merely a crust or shelf which was crumbled and broken away by the piles. Soundings on the spot brought up bottom at 20 feet here bottom before had been at six feet.

## Hummer Takes Exceptions

George P. Hummer, the well known West Michigan Furniture Co., man takes exception to an article which recently went the rounds of various papers.

In stating his position in the matter, Mr. Hummer has written the following communication to the Grand Rapids Daily News:

To the Editor of The Daily News: My attention has just been called to a press dispatch in your paper under the date of June 25, headed "George P. Hummer Loses in Lumber Fight."

I do not believe it was your intention to do me an injustice, nor to mislead the public in your news items, and you have evidently been misinformed relative to the facts. While this is not a matter in which the public is particularly interested, permit me to say that I was not ousted as secretary and treasurer of the Engle Land & Lumber company. I occupied the position of acting secretary of this company about a year, commencing in March, 1907, extending to March, 1908, when I voluntarily declined a re-election.

## Elect Good Men.

The large crowd of people that attended the annual school caucus last night is a gratifying sign that interest in education is increasing. Often these caucuses and the annual school elections are sadly neglected by the citizens who have everything at stake there. And then during the year, if things go wrong, if teachers are found incompetent, if the pupils are not pushed hard enough on the difficult road of education, or if they are pushed to the verge of nervous break down, then those who shirked their duty are the first to register their kicks.

And, after all, the education of the children is not by any means a side issue. An army of men and women, the professors of pedagogy and the teachers, are giving their every thought to the problems of education, to improve methods to eradicate abuses, and to make the system of education what that word really means, the drawing out of what is in the mind or the development of the mind.

But in this arduous work they should be supported by the parents, because, after all, the teacher can only be a help at best. She cannot turn out the finished product without the aid of the home, for education does not consist in book knowledge alone.

For these reasons the interest shown in last night's caucus was most gratifying. In this city women are allowed to vote for school trustees. Since they are vitally interested in the education of their children, it seems a good plan, and more of them should show their interest by coming to these meetings to select good men on the board.

## The Depositors are For It.

It is a noticeable fact that the only disapproval of the plan for the guarantee of bank deposits comes from the heads of the big financial institutions of the state, located at Detroit and Grand Rapids. Even in the case of these big, strong institutions, where, under present conditions, a depositor might feel the greatest degree of security, no depositor has yet been heard to rise up and protest against the added security that such a plan would give.

There was at one time a class of men, now practically extinct, who argued against insurance of any kind. Life insurance was a gamble in which you staked your physical existence against the dollars of the insurance company. But despite the arguments of this short-sighted class of people, to insure one's life has come to be considered one of the first duties of any man with others dependent upon him.

Probably at some time in the past there were not lacking men who argued that fire insurance would tend to promote recklessness and increase the number of destructive fires. Such an effect, however, has not been noticeable. The sense of security from loss which a property owner feels when properly insured against loss by fire is alone worth the cost of the fire insurance premium.

Likewise the sense of security which every depositor in a state bank in Michigan would feel under the operation of a state guarantee law is well worth the costs, if there be any cost. Reckless practices on the part of bankers could easily be guarded against by a system of supervision and examination.

The insurance of depositors against loss is a question which affects the depositors in the banks

equally as much if not more than the banks themselves, and since depositors exist in the ratio of 500 depositors to one bank it is safe to presume that the plan if ever submitted to a popular vote would be carried by an overwhelming majority.

## An American Husband.

If the American husband is caught in the act of admiring himself in the glass and looking cheery it is doubtless because he has been reading that the Rev. Dr. Aked says he is the best husband in the world, being far superior in every way to the pauper husband of Europe or the prince husband either. American wives should pause occasionally to congratulate themselves on the snap they have. They should be patient and sweet about it if hubby breaks away once in a while and goes to a ball game. Their lot might have been cast in Europe, where the husband as yet is but partially subdued, or in Asia where he thinks he is a superior being. In view of this declaration from one who should know, in favor of the American husband, the American woman as she glides along under full sail of her Merry Widow hat should cheer up and console herself with the thought that her life partner isn't as bad as he might be.

## Should Consult Mothers.

Young women have the same longing to get away from their native towns and live among new scenes and changed surroundings, that boys are possessed of. They feel the weight of local environment, even more than the opposite sex, and one frequently hears the remark, "I wish I were a boy, then I could have some freedom."

This marks a critical period of a young lady's life. She needs, more than ever before, wise and loving counsel, and the sympathetic companionship of a true friend; and there is no friend like a mother in herself, untiring devotion. Girls, tell your mothers of your hopes and ambitions, and you are quite certain to receive advice which you can accept with profit, and which will do you good.

Never suspect a friend of doing you wrong until the proof of it is as plain and clear as the sun at noon on a cloudless day, and then—yes, even then, do not accuse or censure until you have heard from his own lips his version of the supposed wrong. If you were ever a friend to him he is certainly entitled to that much forbearance and consideration. If this rule was practiced, many a misunderstanding would be averted, and many a heartache spared.

The best protection for any city is found not in the number of its policemen but in the number of lights on its streets. Another fact, just as true though not so well known, is that the greatest protection to society is found not in the statue books but in the newspapers. No one knows the number of men who have refrained from committing crimes against society through fear of exposure in the public press.

Cashier Verschure, offered to loan the council the money required to build the proposed yacht dock with out interest and [the Scott Lagers Co. has offered the lumber payable when convenient. This is very commendable on the part of these men, who are far sighted enough to see what is for the city's benefit and the upbuilding of its business institutions. Let some of the council members take off their near-sighted glasses.

A recent conviction of land thieves cost the government \$48,000, but restored 100,000 acres of land worth \$1,000,000. Putting criminals of this kind in stripes is a good thing regardless of the cash exhibit.

Where was dog catcher Verwey Sunday? Not at church we'll venture.

The closing exercises of our union school took place on Friday evening the 27th ult, and were very interesting. The First Reformed church was crowded. The graduates were five in number: the Misses Kate Ledebor, Kate Garrad, Lida Binnikant, Nellie Wakker, and Johanna Koning. After the presentation of diplomas, Superintendent Fassett delivered a short address, which gave general satisfaction.

## WHAT YOU SAW 30 YEARS AGO

We find the following terrible accident related in a dispatch from Muskegon: On Saturday evening, July 6, James Cook of Norton with his wife and two daughters, aged 10 and 12 years, went fishing in Black Lake. After fishing awhile Mrs. Cook went to a secluded spot with the two children for the purpose of allowing the girls to bathe. The water near the bank is not over two feet, but some distance from the shore it suddenly changes to about ten feet. Into this place the children went down together. The mother, seeing them from the shore, went to their rescue and all were drowned together. While a neighbor was in town Saturday night making arrangements for the funeral, another messenger arrived on a similar errand. A grandchild of Mr. Cook, living in the same house, had suddenly died. On Sunday the funeral services for all were conducted at the school house at Black Lake. Senator T. W. Ferry arrived home last week and was warmly received by the citizens of Grand Haven. One of our citizens had an interview with the Senator in regard to the railroad lands and he said that, although Mr. Bowes had been at Washington to lobby for his scheme, that infamous bill, calculated to rob our actual settlers, died between the Houses.

## WHAT YOU SAW 25 YEARS AGO

Our "city dads" have at last got down to business and have awarded the job of building a City Hall and an Engine House. The job was awarded to James Huntley of this city, for \$4,875. The building is to be erected on Eighth street on the premises formerly occupied by the Aetna House and is to be of solid brick, two stories high, with a tower for drying hose, and is to be completed by Nov. 1, 1883. The lower story is to be used as an engine room while the second floor will be occupied by our city officials. We would suggest to our common council that they so arrange the building that we can have a safe, and at the same time respectable "cage" for our criminals. Our present lockup is a disgrace to a civilized community and the sooner our people awake to this fact the better and safer it will be for our city.

John P. Oggel, of the Standard Roller Mills of this city, and Miss Lillie Bright of Grand Rapids were united in the bonds of matrimony on Thursday, the 5th inst, in the Valley City. The ceremony was performed at noon at the residence of Mr. and Mrs. John McCarthy, by the groom's uncle, Rev. E. C. Oggel. Besides the officiating clergyman there were present Mrs. E. C. Oggel, Mayor C. J. DeRoo, and Mr. and Mrs. R. A. Kanter, all of this city. At the conclusion of the ceremony an elegant breakfast was served. The

occasion was a very enjoyable one to all present. The happy couple took the 1 o'clock Eastward bound train and will, on their return, make this city their home. The News adds its congratulations and best wishes for many years of joy and prosperity.

Married in Grand Rapids Wednesday, at the residence of the bride's parents, Cornelius DePree and Miss Cornelia Meeusen. They will make their future home in Kalamazoo. The nuptial tie was laid by Rev. P. DePree of Pella, Iowa, father of the groom.

It is a pleasure to note the progress Hope's graduates are making. As 'Varsity' students they more than hold their own. The Ann Arbor correspondent of the G. R. Democrat gave the boys quite a send-off the other day: One of the most interesting secret societies in University circles is the Knickerbocker club, which is made up of Dutch students. There are twenty-one students of Dutch extraction, fifteen of whom belong to this society. The society which is related to and in correspondence with the great Knickerbocker club of New York City, was organized in 1889 and has maintained a flourishing existence ever since. It is at work now organizing branches in other institutions. The Dutch professors in the university are honorary members of the organization. Prof. D'Ooge is especially interested in the club. The club numbers many of the most prominent and energetic students in the university. The members of the organization, while all patriotic Americans, have still much love and reverence for the home of their fathers. The two degrees of the society are orange and blue, the colors of Holland. The officers of the club are: Pres. Geo. E. Kollen; secretary, J. Hulst; treasurer, H. H. Lucas, sergeant at arms, Gelmer Kuiper. P. Dykema, B. Krooze, J. W. Verdie, B. Luten, and John Hulst, with A. J. Pieters, lately appointed instructor in botany and biology, and H. VanLandegend, the civil engineer, represent the Knickerbocker element in the literary department. The medical roll gives six Holland names, C. B. Herman of Grand Rapids, P. R. DeVries of Drenthe, P. VanderBerg of Grand Haven, D. Gleysteen of Orange City, Iowa and K. Lahuis of Zeeland. The dental department has a representation of two, J. VandenBerg of Grand Haven and J. F. B. Kuiper of Amsterdam, Holland, who expects to return abroad to practice his profession. Never before has the law department had such a Holland constituency. Of these Grand Rapids furnishes five while the other two, G. H. Albers and G. E. Kollen are from Overisel. Most of the young men are graduates of Hope college, and by no means take a back seat in the University.

## FOURTH IN HOLLAND

The parade was a very creditable affair and reflected worthily upon the marshal of the day, L. T. Kanter and his aids, Dr. Albert Curtis and Alle Van Raalte. The line of march was from the corner of 12th street, on River and Main streets, Columbia avenue and Tenth street to the beautiful grove on the college campus. The order was as follows:

## 1st Division

## Sewer System for Zeeland

Zeeland is confronted with the great question of a suitable sewer system and is casting around how best to meet this new need in a fast growing town. Suggestions have been made to lay a trunk line of both sewerage and tile at some central location, possibly from Main street along Church street to its outlet in the public drain south of the city, so that extensions to such a system may be laid along adjoining streets from year to year as demands arise and the state of the city finances may permit.

## Marine News.

The new Chicago fire boat, the Joseph Medill, one of the most efficient flame fighters ever constructed in this country was launched at the Manitowoc shipyard here last night. The Medill is one of two craft planned by Fire Marshal Horan last winter the pair to cost \$219,000. They will be the first boats propelled by electricity. Each boat is to be equipped with turbine pumps capable of throwing 45,000 gallons a minute and the nozzles and stand pipes will be ranged about the center of the craft, fourteen feet from the deck.

The life savers of Grand Haven had a celebration of their own at the harbor Saturday. The boys fired a salute to the dawn of the Fourth of July at sunrise. From then until their ammunition gave out the boys across the river kept up the din. Ten pounds of powder were used and plenty of the potash mixture went up in smoke. All in all the boys on duty had a good time. Although there was a choppy sea on the lake and plenty of launches there was no call for the life savers.

Henry Curran, who has been a member of the South Haven Life Saving Crew since the station was

established here 22 years ago, has been appointed keeper at White Lake. He has been No. 1 here for 16 years, and is fully trained for the responsibilities of keeper.

The South Haven life saving station has been moved to the south side of the River from its site, on the north side, where it has stood since the station was established 22 years ago. The moving was in charge of Contractor John Allmendinger of Benton Harbor, who performed a similar task for the station at Muskegon a few years ago. Since the extension of the piers, the station was so far down the river as to delay the crew in responding to calls for aid just around the piers, also the currents in the river are such that a bar formed persistently at the foot of the launchway. In the new location the boats can be launched from the station directly into deep water.

A new launching device for a life boats on ships was tested with success at New York the other day. By the touch of a button a boat was sent sliding down an incline which would form part of a steamers' equipment for each boat, and which is easily adjustable to proper angles of slide. The fatalities incident to escape from sinking or burning steamers are usually through the crushing or capsizing of boats during the process of lowering them from the davits, and any device that would safeguard boats during the launching would certainly save many lives in such emergencies.

Another assistant inspector of hulls has been accredited to Milwaukee, to be detailed at Grand Haven. Samuel Thurston has been appointed to the newly created position and will begin work at once. Grand Haven has never had an inspector of steamboats, being accredited to Milwaukee, showing that the inspectors of this district examine more boats than the inspectors at Chicago as additional inspectors are allowed only where the situation warrants more help. Mr. Thurston will have no jurisdiction in territory now covered by the local inspectors. His activities will be confined exclusively to the east shore.

The steam barge Foster on Tuesday left for Holland with the stone laden barge Oak Leaf. Her next trip will be to Ludington. Only a couple more trips are to be made to Holland when the contract at that port will be completed and the balance of the season devoted to carrying stone to Ludington—Sturges Bay Advocate.

The owners of the small hookers for the want of something better have developed a new line of business of late in the Green Bay region. There are several mill towns north of Menominee that have been abandoned in the last few years owing to the disappearance of the pine and other merchantable timber. There is to be found around these places vast quantities of slabs, edgings, spalts, etc, which have been placed on the market, and this is what is furnishing the hookers with means to keep going. The fuel is bought outright by the skippers at so much a cargo, and thence carried to points on both the bay and lake which are wholly dependent on other districts for their supply of soft wood. It is said there is enough of this material in that region to last for a good many years to come, and as prices are pretty high there is no danger that it will pass into the hands of a trust or syndicate, as the financial risk would be rather too great.

The Goodrich line at Grand Haven had three boats in port Monday night to take care of the Fourth of July excursion crowd. There were many who desired to wait until last night and these had to be supplied with state rooms. Consequently the Iowa, the Georgia and the Carolina came into port and took on the Chicago passengers. Fully as many passengers were carried across the lake between this city and Chicago during the Fourth of July rush this year as in previous years. For the past two days state-rooms have been in great demand on the boats.

## MARRIAGES

### Schouten-Vyn.

A quiet wedding took place last Thursday evening in the home of Cornelius Vyn, 303 North Front street, Grand Rapids, when his daughter Marjorie, and John Schouten of Holland were married. The ceremony was performed by Rev. J. M. VanderMeulen of Holland. The bride wore a pretty gown of white net over silk and carried a bouquet of swansonia. The wedding music was played by Miss Augusta Rasel and Miss Sarah Conlon sang the following numbers: "O Promise Me," "Question," and "Thy Beaming Eyes." The bride and groom were unattended. The ceremony took place at 8 o'clock in an archway of marguerites and greenery. The decorations throughout presented something of a woodland scene, with palms, ferns and marguerites used effectively. The bride was a teacher in the Grand Rapids city schools and the groom a druggist in this city. Mr. and Mrs. Schouten returned Monday from a brief wedding trip and will reside at 147 East Ninth street.

For the first time in the history of Zeeland a wedding ceremony was held in the First Christian Reformed church, when John DeJong, candidate for minister at New Jersey, and Miss Mamie Diepenhorst of this place were married. Candidate D. Beer of Harrison, S. D., read the scripture while Rev. Wm. VanderWerp performed the ceremony. All the available room in the church was taxed to overflowing.

### Helmer-Weston

Prof. Arthur J. Helmer and Miss Genevieve M. Weston were married yesterday afternoon at their future home, 237 West Eleventh street the ceremony was performed at two o'clock by Rev. J. M. Van der Meulen. The couple were unattended, and stood under an arch of smilax and roses during the ceremony. The bride wore a gown of white silk with lace covering and carried bridal roses.

Prof. Helmer has for several years been principal of the High School here and has gained a wide circle of friends. Miss Weston has been teacher of drawing and music in this public schools for several years and during her stay here has become one of the most popular young ladies of the city. The union was the result of a school romance and all their friends offer hearty congratulations.

The out of town guests were W. H. Helmer, of Parma; L. H. Laminan, Bay City, Miss Kinkley of North Branch, and Miss Marguerite Bolhuis of Ferrysburg.

### School Caucus

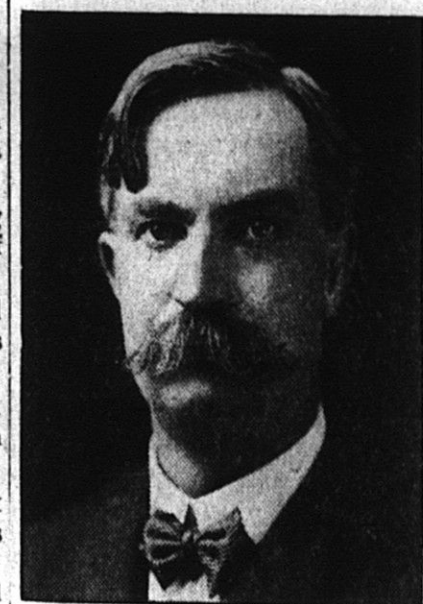

The following men were nominated last night at the school caucus: Trustees, full term—H. Geerlings, Derk TeRoller, Wm. Brusee, Jacob G. VanPutten, Arthur Van Duren and Geo. H. Huizenga.

FOR SALE—Two nice fat Polin China Hogs, cheap, at the Fisher Place on Park Road.

### Gov. Warner Will Be Here Monday

Gov. Fred M. Warner and Lieut. Gov. P. H. Kelley will be the guests of Congressman Gerrit J. Diekema at his home in this city Sunday. The governor will arrive in this city in his auto in which he is making his campaign.

Sunday will be spent by these well known statesmen in making spins to the resorts and renewing old acquaintances.

GOV. FRED M. WARNER.

Gov. Warner has many warm friends in Holland, having visited this city many times.

A public meeting will be held Monday morning at 9:45 at the corner of Central avenue and Eighth streets at which Gov. Warner will make a short speech. This gathering will mark the opening of the campaign in Ottawa county. After speaking here the governor will go to Zeeland.

This week the governor is touring Allegan county and will come to Holland from Plainwell. To date the trip has been highly successful in every respect.

## DEATHS

John Van Dyke, Jr., succumbed to an attack of heart failure as the physician opened the door on his regular call. He was 49 years old and is survived by a wife and daughter, residing in Fond du Lac, Wis. The dead man has a wide acquaintance throughout Michigan and Wisconsin, having for more than 20 years held the position as traveling salesman for the Simon Saw Manufacturing company, of Chicago. He was a member of the Masonic fraternity and the Elks. An opportunity was given friends to view the remains Sunday afternoon between the hours of three and five. Funeral services were held Monday afternoon at 2:30 from the home and was private. The body was taken to Fond du Lac for burial.

### PETER REIDSMA

Peter Reidsma, aged 23, died Saturday morning at the home of his mother on West Fifteenth street of quick consumption. The deceased is survived by a mother, four sisters and one brother. The funeral was held yesterday from the Ninth street Christian Reformed church, Rev. A. Keizer officiating.

### A Californian's Luck.

"The luckiest day of my life was when I bought a box of Bucklen's Arnica Salve," writes Charles F. Budahn, of Tracy, California. "Two 25c. boxes cured me of an annoying case of itching piles which had troubled me for years and that yielded to no other treatment." Sold under guarantee at Walsh Drug Co's., drug store.

### Valued Same As Gold.

B. G. Stewart, a merchant of Cedar View, Miss., says: "I tell my customers when they buy a box of Dr. King's New Life Pills they get the worth of that much gold in weight, if afflicted with constipation, malaria or biliousness. Sold under guarantee at Walsh Drug Co., drug store. 25c.

### Zeeland Business Men Join

Some of Zeeland's best citizens and business men have joined the Zeeland fire department which goes to show that they have a "pull together" lot of men in our sister city. At the last meeting of the city council the department presented the following names for nomination:

Henry Karsten, Joy Heck, Gerrit Van Dyke, John Northuis, Ralph De Haan and Nick DePree as candidates to fill the vacancies caused by the resignations of Johannes Mulder and John Van Gelderen. After due consideration Joy Heck and G. Van Dyke were selected.

### Water Boy Won.

The good ship Water Boy, Luther Kennett skipper, won the Spring Lake Yacht Club regatta on Spring Lake Fourth of July morning. Under a spanking breeze the fleet got away at the boom of a gun shortly after 10:30, and although there was some fog hanging over the course, there were no mixups and by the time the boats were ready to round the buoy the mist had cleared off.

The race was a very pretty contest with the fleet sticking together very well during most of the race. However, the breeze kept steady and the boats went around the finishing buoy in the following order: Water Boy—Luther Kennett.

Ettie—Hunter Robbins. Flying Dutchman—Morris Cook. Bonita—Chauncey Blakesley. Omega—Raymond Wickman. The Arcady, sailed by Peabody, did not finish.

The Sixteenth Street Holland Christian Reformed church, which was organized about a year ago is experiencing considerable hard luck in securing its first pastor. For the tenth time a call has been extended to as many different clergymen and although in every instance the minister occupied its pulpit and surveyed the field, a negative reply was received. The congregation since its organization has built and dedicated an \$8,000 edifice, and is supported by about 50 families. Rev. J. L. Van Tien, of New Jersey, has been summoned.

The Scott Lagers Lumber Co. has just received several carloads of extra fine barn shingles which they are selling at a low price. tf 26

# WANTED!

Every Farmer and All Other People  
To Read the Following

If you are the owner of a farm in Michigan that is too small for the size of your family, why not exchange it for a 160 acre or larger farm in one of the great Western States. We have several tracts of good farming land in South Dakota, ranging in sizes from 160 acres and up which we offer for sale at from \$20.00 to \$45.00 per acre, or will also exchange for small farms in Michigan, or city property either in Holland, Grand Rapids, or Zeeland.

Call, or write either Holland or American language, letting us know where your farm is located, and what you wish to exchange for, and possibly we can fill the bill.

Or should you wish to dispose of your farm for cash, or take as part payment some City property either in Holland, Grand Rapids, or Zeeland, let us hear from you, as we are at all times ready to give you full information how and where to make a deal.

We have sold and exchanged several hundreds of acres of land, residences, and vacant lots during the past few months.

We also at all times have a large list of City property, both residence and vacant lots either in Holland, Grand Rapids, or Zeeland which can be bought for cash or on easy terms, and will also exchange some of them for improved and unimproved farm property.

If you wish to buy, sell or exchange a farm, residence, vacant lot, business, or need fire insurance either on city or farm property give us a call. We also make real estate loans, rent house and collect rents for non residents, and execute all kinds of legal papers.

We have several flat buildings, residences, or business blocks, in the city of Chicago which we can exchange for Michigan farms.

All prospects are given careful attention as we are not owners, but Agents for all property we offer for sale or exchange.

### A Delightful Party

One of the most delightful private parties held on the Fourth was a neighborhood dinner served under the great willow trees along the creek in block 57. The tables were beautifully decorated with sweet peas and nasturtiums and the guests did full justice to the appetizing viands.

The company included Mr. and Mrs. G. Van Schelven, Mr. and Mrs. G. L. Medes and daughter Harriet, Mr. and Mrs. G. W. Browning, Miss Browning, Mrs. J. C. Post, Mrs. M. A. Chapel, Mr. and Mrs. R. H. Post, Mr. and Mrs. R. Crothers, H. G. Post, Miss Katherine Post, John Post, Mr. and Mrs. W. H. Wing, Miss Wing, Rev. and Mrs. W. W. Taylor, Miss Lubrecht, Miss Longshore, Dr. and Mrs. E. D. Kremers, Mr. and Mrs. William Kremers, Mrs. O. E. Yates, Miss Yates, Mr. and Mrs. W. J. Garrod, Mr. and Mrs. M. C. Sherwood, Miss Sherwood and Geo. Fawcett.

### Refuse to Approve of Plans

Grand Haven July 3.—The plan of sending the U. S. river dredge Gen. Ludlow to dredge a fifteen foot channel from the Interurban bridge to the tannery, has fallen through and it is claimed that the government officials refused to approve of the plan because the river appropriation will allow work only on a six foot channel. Therefore none of the Grand River Improvement money can be used under the government's interpretation the appropriation may continue to be wasted by digging out a channel which will be of little use to any one far up the river, but work, which will benefit navigation, cannot be taken up. A party of Grand Haven citizens went up to Grand Rapids to see Col. Adams and ascertain whether or not some plan could not be hit upon.

### Loses Husband and Money

Mrs. Minnie Golden of Coopersville, while in Grand Rapids on business yesterday, lost her pocketbook containing a certificate of deposit for \$1,000, currency to the amount of \$39 and some small change. She was unable to say if the loss was accidental or if a pickpocket had relieved her of the pocketbook. She had been to the Old National bank, and from there went up Monroe street to do some shopping. She missed the pocketbook

as she boarded the interurban for home.

Mrs. Golden notified her uncle, T. F. Hanrahan, 381 Crescent avenue, and also the police, and payment was stopped on the certificate. A reward is offered for the return of the property.

Mrs. Golden is the widow of Charles Golden, the Nunica merchant who was shot and robbed about two years ago as he was going home from his store in the evening.

This was the sensational tragedy which resulted in the arrest and acquittal of William Schimmell, "Alcohol Bill," at Grand Haven.

Mrs. Golden after her loss did not have money for her fare home. She knew the conductor and he advanced the money.

### Rare Musical Treat

The Englewood Presbyterian church choir of Chicago, consisting of 40 young men and women will give a concert at the auditorium, Macatawa Park on the evening of Saturday, July 18.

The choir was organized by the director, Glenwood Paeblo in 1895, and has established a reputation both as a church choir and a concert organization. For years the choir has given a musical service each Sunday evening which has attracted wide attention. It has also given all of the standard Oratorios and annual productions of Handel's Messiah at Christmas time and the Passion services during Lent, while the annual choir concert is looked forward to as the musical event of the season.

The concert to be given at Macatawa park will be of exceptionally high grade and from the well known composers such as Rubenstein, Rossini, Foote, Chee Williams, Piusini, Handley and others.

The following well known soloists will be heard, Miss Edna Page McDovett, soprano; Williamson MacKenzie, tenor; Ralph Webb Palmer, baritone and Milton G. Lutz, violinist.

The choir will be on its annual outing at Macatawa.

### Finds Gold Mine

Muskegon, July 7.—James Jarvis, who formerly resided here, according to reports received, has struck a gold

mind on property near Buckingham, Quebec, whither he went a month ago.

Years ago, Jarvis, in his boyhood days resided near Buckingham, and from the Indians heard tales of rich deposits of gold in the land near there. The memory of what he had heard, and the fact that he had seen the natives exhibit pieces of gold, so impressed him that he, in his old age, determined to find the mine. The report says he located a ledge 200 feet long and 25 feet deep, which is rich in quartz, and that work on the mines will start within a week.

**The Perfect Silo**

Because it has all the Points to be perfect. It is built of Cement and Steel, therefore cannot rot, cannot burn down, cannot dry out, needs no paint, needs no guy wires.

All these six points are a draw-back on the wooden silo, while the cement silo has nothing against it. It is the same as if you would put your winter's supply of pickles, beans or sauerkraut in a stone crock, which the cement silo represents, while the wooden silo is like a tub or barrel.

When the wooden silo man starts to build a silo he does not start with wood, but with cement, which he admits is better. Why not keep at it that way and have a silo that will last for all time, while the life time of a wooden silo is but ten years on an average.

I will build cement silos cheaper than you can get a wooden silo put up for as the wooden-silo-man does not furnish the base, nor the roof, nor the labor to put it up.

I will give you full instructions how to build a cement silo yourself. moulds to make the blocks, the steel door frame and bands, the wooden doors and the roof.

**Salt Water Sailor on Puritan**

Acting as steward upon the steamer Puritan is H. Coopland of Liverpool, England who since his youth has always sailed on salt water until he accepted his new position with the Graham & Morton Co.

The young Englishman is finished in all the ins and outs of the business of handling passengers and is a polished gentleman, two features such as are acquired only after years of service on large ocean or lake passenger boats.

"Sailing on fresh water is some different than on salt water" said Mr. Coopland to The Sentinel. "On this run from Chicago to Holland for example, you are only out of site of land for a short time. Now on a trip from New York to Liverpool land is not sighted for several days. I was working on a trip some ears ago when land was out of sight for seven days. That was from Liverpool to ports in South Africa. Some difference than in crossing Lake Michigan, don't you know."

"I understand that Lake Michigan has a reputation of being a very treacherous body of water, but I dare say that the English channel has it beaten water? Well, I was offered a position last June in Chicago but it did not turn out as I expected and I made application to the Graham & Morton Co., for a position and a few days ago I received a telegram to come. This is my first experience on fresh water but I know that I am going to like it."

The boat fought her way desperately ahead, the beams creaked, much rigging was washed away, and two life boats were washed from the steamer. At one time the boat rolled to angle of 45 degrees, two degrees farther and the boat would have turned turtle. I was scared on that trip for the first time in my life. We had a hard time saving a heavy cargo of expensive china we had on board.

"How did I happen to leave salt That strip of water between England and France is a fierce proposition. You might leave England and the water would be perfectly calm but before you would reach France you would doubt if the boat could safely ride the waves."

"The worst experience I ever had on the ocean happened last May. We were on our way to Liverpool when

**Rain Helps Corn**

The rain Monday night has done a great deal to help the oat crop. The lack of sufficient moisture necessary to its growth in its earlier stages had caused many crops in Ottawa county to begin to head when hardly a foot high, giving promise to a very light crop of inferior quality. Oats suffered too at the start from too much rain, having been "drowned out" in spots.

Owing to the cool, wet May, corn is a couple of weeks behind. June was dryer than usual and as a result corn that should stand 15 to 20 inches high is only 8 to 10. The rich, dark green, denoting healthy growth is lacking.

The dry weather of June had little effect on winter wheat. In fact it did not get the full force of the dry weather from the fact that its vigorous growth in wet May covered the ground with a mat of thick foliage, rendering evaporation of moisture less rapid. The straw in many fields is of very good length, and the head long, full and plump. Harvesting will begin shortly in localities where the crop was sown on high ground. Haying is about completed for this year.

The Scott Lagers Lumber Co. has just received several carloads of extra fine barn shingles which they are selling at a low price. tf 26

**Hint to Visitors.**

When you are invited to stay with a friend or even a relative, be sure that you are not overstaying your welcome. "Always leave them smiling when you say goodbye" is a fine motto.

Oh, the strained friendships which have been caused by too prolonged visits!

A good plan is always to state how long you are going to stay when you accept the invitation.

And don't think because you are with relatives that you can be a fixture. They may conceal their annoyance, but they feel it just the same.

I can remember one awful case when Aunt Mary came to stay over Sunday with her niece and nephew and remained four weeks. The young people used to ask each other every day how long auntie intended to stay. It grew to be a household problem, and the unfortunate couple couldn't very well ask for the answer.

Finally a quarrel caused by overwrought nerves and too close proximity brought relief. Now they neither see her nor will she ever speak to them again, all of which is a pity and might have been avoided by the use of a little common sense.

**MAUD ROBINSON.**

**Cheaper, You Know.**

Father—Can you take a tooth out for my son?  
Dentist—Yes, but if I give him gas it will cost you 5 shillings.  
Father—Oh, well, I'll come again when it's daylight, then.—Scraps.

**As a Consequence.**

"Poor girl, she is very unhappy. She eloped with her coachman."  
"That is a horse on her."

**To Keep In Practice.**

"I don't see why Farmer Longpore looks so glum. Crops are good."  
"Yes."  
"And prices are high."  
"Yes."  
"And his daughter is to marry the man of his choice."  
"Yes."  
"Then what is he worrying about?"  
"Because he hasn't anything to worry over."

**Youth Producer.**

"Clara was thirty-five before she went west, and now she is only twenty-five. It must have been a fine climate where she was visiting."  
"Didn't you hear about it? She was in a cyclone that scared her out of ten years."

**Great For Him.**

"Poor Nero, what he missed!"  
"I didn't know he overlooked anything but the burning of the city."  
"What sport it would have been for him if he could have killed the umpire to make a Roman holiday."

**None Likely to Infringe.**

"I am a self made man, I am."  
"Well, I think there is one thing you needn't worry about."  
"What is that?"  
"Taking out a patent."

If you turn down too many things you may have to wait for something to turn up.

Duty wouldn't be so very trying if it didn't insist so strenuously that virtue is its own and only reward.

It is hard to tell just now just what are thunder peals and what are bursting presidential booms.

When a man administers chloroform to his conscience it is pretty good evidence that some sort of an operation is about to take place.

Some men are self made, but more are selfishly made.

**Have Nothing to Be Vain About.**

"Some women seem unfair to themselves."  
"They must be awfully homely."

**Mean.**

"You and I couldn't agree if we were to talk all night."  
"Perhaps you couldn't."

**Why?**

"I never make mistakes."  
"Then you would better get busy right off."

The art department of the Kinsella Glass Co., will be moved to Chicago.

The Holland Concert Band will give an open air concert tomorrow evening.

The firm of Bosman & Brusse has sold the corner lot at Fifteenth street and College avenue to David Snyder who has plans ready for building a large modern home.

A case of smallpox has developed in the city, Henry Ter Achter of East Ninth street being afflicted with the malady. The house is under strict quarantine.

The building owned by L. Driy at Eleventh street and Vanlaale avenue that was partially destroyed by fire some time ago has been repaired and is again occupied.

A marriage license has been issued at the county clerk's office to Arthur J. Helmer, 28, Holland; Genevieve M. Weston, 27, Holland. Mr. Helmer is principal of Holland high school.—Grand Haven Tribune.

At a meeting of the directors of the Holland City State Bank after the usual dividend was declared, it was voted to increase the surplus fund \$5,000.00 making a total of \$35,000.00 for that fund.

Rev. J. L. Van Tienen of Hackensack, N. J., has declined the call to the Sixteenth Street Christian Reformed church, having accepted a call to the Sherman Street Christian Reformed church at Grand Rapids.

Mrs. J. Van Zomeran, wife of the pastor of the Second Reformed church of Muskegon, Mich., has so far recovered from her recent illness that she is able to visit her parents Mr. and Mrs. Geo. Daalman of this city.

Rev. H. V. S. Peeks of Japan, sent a card to friends here dated June 27, from which the following quotation is taken: "We had wireless telegraph apparatus on board and learned of Taft's nomination fifteen hours before reaching Victoria. Great days we live in!"

Mrs. Allen L. Burke has been elected president; Mrs. Joseph Artmire vice president, Mrs. John Kelley secretary, and Mrs. Frances Dito treasurer of the Ladies Aitar and Aid society of St. Francis Catholic church.

Judge P. H. Padgham rendered his decision Monday in the case of Henry Troost of Olive township vs Peter Kraai and Henry Siersma, the latter being the highway commissioner, in favor of the plaintiff. The controversy was whether a certain culvert should be closed in one of the highways. A new trial will be asked for.

Simon A. Verway, of the Holland post office force, recovered a dollar bill in an odd manner recently. Two months ago while on his morning trip the greenback mysteriously disappeared, and he had given it up as lost. While on his trip the other day he incidentally related his loss to Superintendent Baxa of the Heinz Pickling company, when the latter pulled the missing bill out of his pocket and returned it. Mr. Verway had dropped it on the floor in office while delivering the firm's mail and Mr. Baxa shortly thereafter picked it up but failed to find its owner, although he had asked scores of farmers and employes in an effort to return it.

Undersheriff Frank B. Salisbury and Louis H. Oosterhouse of Grand Haven went up to States McCoy's farm at Shackleford this week to pull off a sheriff's sale. Suit was brought against McCoy by W. I. Lillie to recover for service rendered during the great Jackman murder trial seven years ago when States McCoy was implicated by Bert Tibbets, self confessed murderer of Humphrey Jackman. McCoy was tried in circuit court on the charge of murder and was defended by Walter I. Lillie. The trial lasted fourteen days and the jury rendered a verdict of not guilty. The fight was a hard one and with the preceding Tibbets trial, one of the most sensational trials ever tried in Ottawa county. States McCoy was the happiest man in the State of Michigan, but up to date he had not paid Mr. Lillie's bill for services, claiming that the attorney's fees were too high. Last week the stock and farm goods were appraised and today the property was sold off.

Fred Sandy has sold his dairy business to John Grevengeod.

Wm. Haywood and party caught 90 white bass Tuesday evening and 60 last night. The bass began to bite at 10 p. m.

James Price, the well known architect, has just completed plans for the erection of the new Zealand State bank. According to these plans this building bids fair to be the finest and most complete structure of its kind in the state.

Commodore H. D. Noirlan and family of Chicago have been entertaining their friends for several days aboard their yacht, "Avis" at Ottawa Beach. The boat is one of the largest, most convenient and beautifully appointed family cruising yachts on Lake Michigan. They will remain at Ottawa Beach until late in the week, when they will continue their cruise northward and return to Chicago late in the fall.

Michael Mohr, of 179 East Eighth street having passed his eighty-fourth birthday the latter part of June was pleasantly surprised by his children and grandchildren, nineteen in number, who came to spend the Fourth and Sunday with him. Mr. Mohr is an old settler of Holland and came here long before the Civil war. He was engaged in potash manufacturing until he retired from business.

Dick Knoll, 155 West Thirteenth street while wading from the waters of Lake Michigan in which he had been bathing found a carrier pigeon on the beach. The handsome little bird tottered toward the bather as he emerged on the shore. Knoll brought the bird to his home. One of its wings had been injured and it was unable to fly. The bird had evidently been entered in some race as on its right leg was a tag marked "B. Y. 32398."

Congressman G. J. Diekema will call a meeting of the Republican State Central committee of which he is chairman for either the last week of July or the first week in August. "All the county conventions will be held the same day this year and I think that the day will be August 27," said Congressman Diekema. "After conferring with several members of the committee I find that that date is satisfactory to most all. At this meeting the day for the holding of all county and district conventions will be set in accordance with a provision of the new primary law. I do not know just what city will be chosen for the gathering as no action has yet been taken along this line. The meeting will doubtless be well attended," said Mr. Diekema.

#### Notes of Sport

(By Bill Halley, Sporting Editor.)

Declaring that it would be his last baseball appearance ever if he did not win, "Old Boy" Kitson, ex-American league star worked back again against the Detroit Good Lucks and beat them 5 to 3, aided by some effective clotting and fielding on the part of his team mates.

Jacob Buwalda, the Grand Haven boy who recently signed to pitch for Ottumwa, Iowa, in the Central Association, has made good from the first jump. Thursday in his first game he pitched against Kewanee and won out, 1 to 0. Buwalda's spectacular pitching was the feature of the game.

The Bush & Lane Piano Co.'s fast baseball players, who have yet to lose their first game since the club organized over a month ago, are anxious to book a game with some fast local or state team for a game Saturday afternoon. The new uniforms for the nine arrived yesterday. They are black with gold letters.

Saturday the Independents beat the Ernie Reeds of Grand Rapids by a score of 4 to 2. It was a good game and the feature was a triple play by the Independents. Shaw, shortstop, caught the ball, soaked it to Knutson on second who threw it to Scherhorn on first. The play was made in the sixth inning with three men on bases. "Babe" Wolender pitched for the Independents and TeRoller caught. Saturday they will play the Chase-Hackley Piano team of Muskegon.

The Interurbans played the Krugel Bros. of Grand Rapids at Jenison park on the afternoon of the Fourth. The score was 5 to 4 in the Interurbans' favor. The game started out with a good sprinkling of errors on both sides, but both teams redeemed themselves before the end. Elderly won the day for the Interurbans by making a two-bagger that brought in two men. Williams on first made a double play unassisted, by catching a fly and running to first. Ripple twirled for the Interurbans and Jack Schou-

ten caught. Saturday they play Douglas.

The Hollands were defeated by Pullman twice Saturday. In the morning by a score of 5 to 3 and in the afternoon 8 to 5. Geo. Houting starred in the game by a three-bagger and several other brilliant plays were made. The battery in the morning was, pitcher, Steffens; catcher, Roon; in the afternoon pitchers, Steffens, Renkis and Kerkhof; catcher, Roon.

#### The Merchants Celebration.

Holland was not on the map in the usual sense in the line of Fourth of July celebrations. The day was spent very quietly and only the small boy came in for a goodly share of excitement. There were less people on the street than on an ordinary business day, and the almost entire lack of accidents was very gratifying.

But in the evening, when those who had visited the parks or the neighboring villages where they celebrated with oratory and outdoor spreads had returned, the Sixteenth street and Central avenue merchants of this city took charge of the doings and they filled the bill admirably. During the day they had large posters put up anouncing the merchants' celebration on Sixteenth street. A large crowd of people followed the Holland Cornet Band and all roads for the rest of the evening led to Sixteenth street. Eighth street was practically deserted for a few hours.

All the merchants located on the street contributed to a fund for fireworks display and it was one of the best of its kind ever seen here. There was a great variety of displays that illuminated the sky, and the whole was wound up with a good night scene in the form of a large umbrella of variegated hues.

Finally when the fireworks program was over, Mr. Nick Kammeraad, the popular shoe dealer, mounted the rostrum for a little Independence Day oratory. He gracefully thanked the people for the interest they showed in the celebration, and all went home well pleased.

The following merchants participated in the celebration. Nick Kammeraad, Chas. Dykstra, Arie Zanting, H. J. Klomparsen, John Wabeke, Simon Pierce, Bert Wabeke, J. Zwiers, J. Tubbergen and Bert Van der Poole.

#### L. Van Inngen Disappears.

That L. Van Inngen, 49 West Sixteenth street, who disappeared Sunday, is not dead, but merely run away, is now believed by his wife and near friends.

The change of theory is due to the fact that Mrs. Van Inngen discovered that her husband has been saving 10 cents a day every working day since February 1. The missing man has always turned over his money to his wife and had told her that he was drawing \$1.35 a day, but it was learned that he was drawing \$1.45 a day. By saving 10 cents a day from that date he had saved about \$11, enough for him to leave town with. The theory is that he has gone to some other city to work and will send for his family when things have improved for him.
