Surprising Cure of Stomach Trouble

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengle, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Every thing I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by All dealers.—Adv.

## BIG DOINGS AT JENISON PARK TO-MORROW NIGHT

**FIRE WORKS, BAND CONCERT  
AND OTHER ATTRACTIONS  
TO BE OFFERED**

Friday, July 10, will be a big day at Jenison Park and an attractive program has been arranged for the afternoon and evening. The principal part of the celebration will be given in front of Jenison Park during the evening. A contract has been made with the A. L. Due Fireworks Company of Cincinnati, O., to put on this display. During the afternoon and evening there will be concerts in the park and at 5 p. m. there will be a balloon ascension.

During the afternoon a small display of fireworks will be given by a young amateur fireworks manufacturer from Grand Rapids. This will be his first appearance in professional circles, although he has given several private exhibitions in Western Michigan.

Special car service will be run from all points with plenty of cars after the show to take the people home.

It is several years since any fire works exhibition has been given on Macatawa Bay except on Venetian nights and no doubt there will be many who will take advantage of this opportunity to visit the bay.

## HARRY CHERRY PICKING WEEDS

First Tramp Put to Work on City  
Streets By Chief Van Ry

Harry Cherry arrested for being drunk was sentenced to six days at hard labor, in the confines of the city of Holland by Justice Miles and is now seen cutting and picking the weeds wherever necessary along the roadside in the city. This sentence is in accordance with the action taken by the Police Board, namely that all arrests for drunk and vagrancy shall be put to work upon our city streets during their term of sentence.

## GOT BUSY ON GOOD ROADS NORTH OF HOLLAND

Shortly after the "News" published an article stating that good roads north of the city were going to slow, and that Zee'and was taking time, and one of the commissioners by the fore-locks in getting their roads in shape, things are also humming on Holland's roads. Commissioners Cook and Harrington have let contracts for grading and graveling the roads north of Holland, and the work is now well under way. In the matter of good roads, Holland should receive every consideration as it is the heaviest tax bearer of the good roads system in Ottawa county, paying in the aggregate about 25 per cent of the total good roads tax levied in Ottawa county.

## TAPPEN CO. SENT ITS TRAVEL- ING MEN JULY FIRST

Shoe Orders Coming In

The F. T. Tappen Shoe Factory sent out their first salesmen on July 1st and orders are already coming in at a very good rate.

Mr. Tappen has just started to drill his force, breaking them in gradually and at present is employing 15 people in the work room; turning out 75 pair of shoes a day.

This force will be doubled before the first of September, at which time the capacity of the shop is expected to reach in the neighborhood of 300 pairs of shoes each day.

Although a small beginning every one who see the factory says it is a model institution. Light and airy with everything painted in a light color. All machinery is finished in a battleship gray. In fact the shop does not have the somber appearance so prevalent in many factory buildings in other cities.

## LILLIE MAKES MONEY ON PEAS?

Is it profitable to grow peas? This question has been satisfactorily answered by Colon C. Lillie, who thrashed a trifle over 18½ tons from eleven acres. At \$45 a ton this will total \$832.50. As the general average is usually a ton per acre, this is an extraordinary showing.

## CAN SPRINKLE WHOLE CITY FOUR TIMES WITH AUTO SPRINKLER

Proprietor of General Service Company of Wabash Indiana in City. Makes Combination Sprinkler and Chemical Truck

## WOULD LIKE TO LOCATE FAC- TORY IN HOLLAND

T. L. Hamilton general manager of the General Service Motor Co., of Wabash Ind. was in the city Tuesday with sole intention of establishing an agency in Holland for the motor trucks made at his factory.

The Motor Co., Mr. Hamilton represents make high grade trucks and also make a specialty of manufacturing Motor St. sprinklers. Sprinklers are operated the same as a regular water wagon only it takes in the whole width of a street instead of only half as is the case with our present system. It also has a modern flushing arrangement by which paved streets can be cleaned and flushed at night when travel is light, making the highways so sanitary that Health Officer Godfrey could find no fault with it.

This is not all that is claimed for the sprinkler in addition the truck carries a two hand chemical hose attachment. Also a pump with one stream which can force water over a three story building. One of the city aldermen suggest that this combination sprinkler and fire apparatus would be very serviceable in streets where no water mains have been laid this especially being the case in the southwest part of the city. "We would also be able to give assistance outside of the city limits when necessary thus adding a valuable auxiliary to our fire department" —said the aldermen.

It is claimed that the truck will sprinkle all our streets covering the ground four times daily, wetting them down thoroughly. Mr. Hamilton says that the truck can be operated for \$11.00 a day including driver and maintenance and said he would place it on trial for three months and even after it was purchased and after giving it a thorough tryout it was then found to be unsatisfactory and not as represented, the company would take back the machine and refund the money. The company is selling trucks valued all the way from \$2,500, to \$7,000 and is turning out one a day.

It was suggested to Mr. Hamilton that Holland would be a fine place to locate his factory and he said that if this city would give him some inducement he would consider it.

He said that he liked the appearance of Holland and believed it an ideal location for his business and a fine city to bring up his family. The later remarks being made after visiting our new high school building and Hope College.

## WILL PURCHASE FLUSH WAGON Grand Haven Streets to be Kept in Good Condition Now

GRAND HAVEN, July 9.—The Grand Haven common Council last night voted to purchase a Studebaker flush wagon for the streets at the cost of \$900. The new wagon, which is said to be an improvement on the present method of sprinkling the highways, will be used particularly on the paved streets of the city. It is equipped with sufficient water pressure to flush the dirt and dust of the street from the pavement into the gutters, also acting as a cooling agent in hot weather.

The downtown streets have been sprinkled by Mink Dykhuis, who operated a sprinkler wagon, collecting a weekly tax from the business men and residents along the streets. Hereafter it is expected that the city will look after this department of public comfort itself.

## FEBRUARY OF 1866, ONLY MONTH THAT HAD NO FULL MOON

Royal Oak, Mich., July 9.—The month of February, 1866, was in one respect the most remarkable month in the world's history.

It had no full moon. January that year had two full moons and so had March, but February had none.

It was a wonderful thing in nature, as it had not occurred since the creation of the world, and it will not occur according to the computation of astronomers for 2,500,000 years.

## GEERLINGS GETS 71 OUT OF 75 VOTES CAST AT SCHOOL CAUCUS

Mrs. Geo. Kollen Is Also On Ballot

There were seventy five votes cast at the school caucus held at the City Hall last evening.

The meeting was called to order by Isaac Marsilje. Mr. G. Van Schelven was chosen chairman and Tom Robinson acted as secretary. The four tellers selected by the chairman were Dr. John Mersen, Henry Geerlings, Henry Brasse and Henry Pelgrim Sr. the chair apparently being partial to "hennries."

The vote was then taken, three names being placed on the ballot by those present. The six persons having the highest number of all the votes cast being the choice of the convention.

The winning candidates were as follows: Henry Geerlings 71, Dr. John Meersse 32, Fred Beewkes 30, Mrs. Geo. Kollen 14, Henry Pelgrim Sr. 8, John Koolker 7.

Fred Miles and Wm. Brusse received a sufficient number of votes to be placed on the ticket but both withdrew from the race. Miles received 12 votes and Brusse 10 votes.

Other candidates receiving recognition by from 1 to 4 votes were: Mat Van Dyke, Ben DuMez, Rev. H. Veldman, J. Vander Veen, J. Bosman, L. De Loof, John Weersing, B. P. Donnelly, A. Van Duren, P. Notler, Wm. Lawrence, Henry Brusse, Wm. Westveer, John Schouten, O. J. Hansen, Nick Kammeraad, L. Schoon, P. Schoon, Dr. Van Velt, H. Brink, F. Kammeraad, H. Pelgrim, Jr., R. Mulder, P. Van Dommelen, J. Heringa, B. Steketee and Frank Dyke.

## GRAND HAVEN PAPER SAYS HOLLAND WILL HAVE SUNDAY BALL BUT IS MISTAKEN

To Wind Up Base Ball Schedule in  
Jenison Park, Holland, Sunday  
Afternoon With Allegan

Grand Haven Tribune.—Tomorrow morning at 9 o'clock the Grand Haven Athletics leave the city for St. Johns, Mich., where they will play the first game Wednesday afternoon of their itinerary during the remainder of the week. Other games of the week will be those with Grand Ledge on Thursday, Greenville on Friday, Belding on Saturday and with Allegan on Sunday afternoon in Jenison Park, Holland, for the first Sunday game in the history of city.

The Athletics go out of the city tomorrow with one of the strongest independent aggregations in the state of Michigan and this is not a local verdict but one coming from all points of the compass. Every team the locals are scheduled to meet, is a good one and each enjoys a distinction of first class base ball in its own community. Whether or not Athletics win every game during the week, as they expect, remains to be seen.

One of the hardest games of the series will be that with Allegan on next Sunday afternoon in Jenison Park. This will not only mark the first Sunday event of its kind in Holland but is also another significance of the apparently outgoing straight-laced sentiment against Sunday observance in Holland. Charles Floyd of the Holland Interurban Co., has been instrumental in promoting the baseball interests of the Grand Haven team for the past few years and through him the game was arranged for next Sunday."

The Tribune is mistaken in stating that Holland is promoting Sunday Base Ball. Jenison Park which is five miles from his city is not under the jurisdiction of Holland. It is a certainty that a majority of Holland citizens do not believe in Sunday ball or theaters, and no doubt its promotion will not be attempted for some time to come.

## COUNCIL RESCINDS ACTION ON SCAVENGER ORDINANCE

Instead of taking the power of the scavenger department out of the hands of the Board of Health, as was suggested in an ordinance passed Wednesday, the Council rescinded their action the next evening by giving the board more power than before. This was suggested in an editorial in the "News" of Thursday's issue and was also advocated by Mayor Bosch in his veto. The full import of the ordinance will be found on page 7 of this issue.

Albert Huizenga, student of Hope college, living at Beaverdam, died suddenly of heart failure yesterday. No arrangements have as yet been made for his funeral.

## HUDSONVILLE

Hudsonville, July 8.—It is quite unusual to see a man retire on full pay from the regular army at the age of 44, after serving 30 years; still that is just what one of Hudsonville's citizens will do within the next two years. Quartermaster Sergeant, Frank Bowmaster enlisted as a private at the age of 23, and had his years of service been 30 periods of one year each it would be nearly nine years before he could retire on full pay. He has gradually risen in rank until he is now one of the 400 picked men in the service with the rank of quartermaster sergeant. Mr. Bowmaster explains the condition as follows:

"You see I have the advantage of six and one-half years of service in foreign countries. I have been twice in the Philippine Islands and once to Porto Rico and to Cuba. My combined service in these countries has been six and one-half years, which gives me credit for double time. This 13 years added to the time I served in this country will leave me less than two years yet to serve here. I shall be 44 years old when I retire. I know that that age is quite young for a man to retire, but there are instances where men have retired at a much earlier age. Those men like myself have seen much more foreign service than myself."

Hudsonville, Mich., July 8.—S. F. Collison, living northwest of Hudsonville, finds himself in a very peculiar and unpleasant condition because of an unverified notice in a Canadian newspaper. Six years ago Collison's wife is said to have deserted him. They were living at that time in Toronto, Canada, and two years later he found a notice in one of the Toronto newspapers telling of his wife's death. Two years ago his invalid child died and a little later he married another Toronto woman. Three months ago they moved to this country and were prosperous and happy.

Last week Collison received a letter from a friend in Canada stating that the wife Collison thought to be dead had returned to Toronto and was hunting for him. The letter stated that she had never received a legal separation. Last night Collison and his present wife left for Canada to ascertain what could be done to rectify the mistake and to legalize the present marriage. His present wife says she will stick to him through thick and thin.

The engagement has been announced of Clyde E. Jenkins of Grand Rapids and Miss Grace De Maat of this city. The marriage will soon take place and the young people will make their home in Grand Rapids.

## COMMITTEES ARE GETTING BUSY WITH PLANS FOR ENTERTAINMENT

Expect to Make a Big Gain This Year for the Y. M. C. A. Building Fund

The Chautauqua week in Holland is only a little more than three weeks off and the committees are becoming very active to make the series of entertainments this year even more successful than last year. There is still a great deal of work to be done and the general public can aid the committees considerably by being prompt in securing their season tickets. A thousand tickets were pledged for last year, but since that time some of those who had made pledges have moved out of the city and so special efforts are to be made to make up the thousand before the general sale of tickets begins. Anyone who wishes to help this matter along can apply to Benj. Brower of the First State Bank or to Alex Van Zanten of the Peoples State Bank, who are in charge of the tickets.

And it must not be forgotten that the proceeds of the chautauqua will be used to swell the Y. M. C. A. building fund. There is at present in the fund the sum of \$700. It is the plan of those in charge of the chautauqua to swell this amount to the sum of one thousand dollars at least and probably to twelve hundred if the chautauqua is specially successful.

Another point to remember is that the Y. M. C. A. funds gains much more by the sale of season tickets than by the sale of single admission ticket. The percentage on the former is much larger and hence those who wish to help the fund along can do so best by purchasing season tickets. Moreover the season tickets make the price of admission to the entertainments much smaller. It will cost exactly twelve and a half cents for each entertainment if a season ticket is bought. Moreover, the season ticket has the advantage of being transferrable. Any member of the family can use it.

Those who have pledged to buy tickets are requested by the committee to redeem their pledges as soon as possible.

## LARGE COLORED POSTERS ON BILL BOARDS ATTRACT MUCH ATTENTION

Are Put Up By Boy Scouts

The educational department of the Bill Posters association has again placed attractive, large, beautifully colored posters intended to instill a spirit of manhood in boys especially and people generally. The new posters that have just been posted on billboards in Holland as well as in other cities tell of Boy Scout life. The large central picture shows the Boy Scouts in camp life, illustrating health and bears the inscription, "A boy who is fair and honorable is a credit to his God and his country." There are also two inserts. One illustrating Chivalry shows a boy scout leading an old lady through a crowded street and bears the Boy Scout watchword, "Do a good turn daily." The other illustrates Bravery and shows a boy scout defending a starving and crippled dog from a crowd of boys with another boy scout phrase, "Always be kind and brave."

## "VAUDIE" AND "RIBS COMBINATION COMPANY COMING FROM DIFFERENT PARTS OF CONTINENT MEET IN HOLLAND

The members of the old firm of Vaudie and Ribs, sign painters and bill posters, well known in Holland, were brought together Monday after twelve years separation. Leon Reeves, known as "Ribs", arrived in Holland Monday from San Francisco, Calif., and was met in Holland by John Vanden Berg, known as "Vaudie", who has just returned with his wife and son from Texas. These men chummed together in their boyhood days and entered business together. They became famous in the sign painting business here and both are now following that business along broader lines in other fields.

Mr. Reeves was called to Grand Rapids on account of the serious injury of his father, James Reeves, an old soldier, who was run down by a baker's wagon a short time ago and who sustained several broken bones, rendering him helpless for life. Mr. Reeves will visit here and in Grand Rapids for a few days and will then go to New York before returning to San Francisco.

## THE REV. E. O. SCHWITTERS AND MISS ANN HILDA GREENFIELD MARRIED

Wedding Ceremony Took Place In Clara City, Minn., Home of the Bride

News has reached Holland of the marriage in Clara City, Minn. of the Rev. E. O. Schwitters and Miss Ann Hilda Greenfield, both former Hope college students and who have many friends in Holland. Mr. Schwitters graduated from Hope college in 1911 and Miss Greenfield spent two years at the local institution taking work in the department of music.

The marriage took place on July 3 at 2:30 o'clock in the afternoon in the German Reformed church in Clara City, Minn., the home of the bride. The double ring ceremony was performed, the Rev. C. Bauer reading the English service. The wedding march was played by the groom's niece, Miss Jennie Jansen of Leake View, Ia. Miss Hilda Greenfield, the bride's sister served as bridesmaid, and Daniel Jansen, a nephew of the groom was best man. The bride was given away by her father. The bride wore a beautiful gown of white charmeuse and shadow lace and carried a bouquet of lilies of the valley and pink roses.

The couple are now enjoying a nineteen hundred mile wedding trip, including a boat tour of the Great Lakes concluding with a trip up the Hudson.

The Rev. Mr. Schwitters is a graduate of the Northwestern Classical Academy of Orange City, Ia., of Hope College and of the Theological Seminary at New Brunswick, N. J. Last February he accepted the pastorate of the Reformed church at High Falls, New York. The bride is a graduate of Granite Falls, Minn., high school, and after teaching two years she spent two years at Hope College studying vocal and instrumental music.

## SAUDERS CHARGED WITH BURGLARY

J. H. VLIK CLAIMS HE AWOKE TO FIND GEORGE SAUDERS IN HIS ROOM.

George Sauders, aged about 24, was arrested Monday night about 8 o'clock on complaint of J. H. Vlieg, charged with burglary. When arraigned before Justice Robinson Monday night Sauders demanded examination which was set for next Tuesday afternoon in the city hall. He furnished bonds of \$600 and was released pending trial.

Mr. Vlieg claims that Friday night he was awakened by a noise and upon lighting a match he discovered Mr. Sauders, whom he knew by sight in his room with Vlieg's trousers in his hands. Sauders appeared to be intoxicated and explained that he was searching for a match. Vlieg then chased him from the house, he said.

## LINCOLN CHAUTAUQUA WILL BE A SUCCESS

LIST OF SPEAKERS WHO WILL APPEAR HERE IS A GOOD ONE.

Three weeks from last Tuesday the chautauqua will be in full swing in Holland and the sale of season tickets has begun in earnest. Not only is the committee anxious to sell all the new tickets possible but they are making every effort now to gather in the money for the thousand tickets that were pledged last year. One of the great drawing cards on the list of speakers this year will be Mr. Patterson, former governor of Tennessee. Mr. Patterson is perhaps the best known advocate of national prohibition in the United States today. Another speaker will be former Senator "Billy" Mason who has spoken several times in Holland before. ## RESIDENTS ON NORTH RIVER WILL HELP LAY PAVEMENT TO HELP IN PAYMENT.

On recommendation of Ald. King the City Engineer will give the north end property owners first chance to work on the street past their homes when the pavement is laid. Many of the residents along this street are out of work and as long as they have to pay for the street they perhaps have the most right to do the work and earn what they can.

# ABOUT A HUNDRED PEOPLE PROGRESSIVES TO HAVE A FULL FROM HOLLAND ENJOY HOS- PITALITY OF MR. GETZ.

Band Concert, Fireworks and Dance  
Features of Celebration on  
Saturday

Some hundred persons or more from Holland enjoyed a big Fourth of July celebration at the Lakewood Farm Saturday afternoon and evening when Mr. Getz proprietor of the farm, kept open house for his neighbors and friends. There were 45 big businessmen from Chicago spending a week-end at Lakewood farm, having come across from Chicago in a big yacht. To this company were added many of Mr. Getz's friends from Holland who went to Lakewood Farm in automobiles, and in hayrack parties. Moreover many of the immediate neighbors went to the Getz farm to spend the Fourth there and share, on invitation of the proprietor, the hospitality that was freely extended there.

The grounds were profusely decorated with bunting, red, white and blue lights, and American flags. The Holland band had been engaged by Mr. Getz and this band dispensed music between the hours of two in the afternoon and 11:30 in the evening when the celebration came to a close. A special grand stand had been erected for the band between the large porch of the house and the cement tennis courts.

One of the finest fireworks displays in this part of the state was given in the evening. During the fireworks fizzes were feely handed out to the people gathered on the grounds and the scene was a most beautiful one, with a hundred and fifty people holding the sparkling little fizzes shooting stars of fire.

Boxes of crackerjack were handed out in abundance to the youngsters in the crowd and free lemonade was dispensed to all. In the course of the evening cigars were also freely passed out to the neighbors and friends who gathered to take part in the celebration. Mr. Getz was personally in charge of welcoming the friends and neighbors and all were made to feel entirely welcome.

After the fireworks a dance was indulged in on the large porch and on the cement tennis courts.

## BEAT PRINTERS 10 TO 1 WHEN PITCHER GOES UP IN THE AIR.

After a close, exciting contest for eight innings, the Clerks gave the Printers a severe beating in the ball game Saturday morning at the 19th Street grounds by bringing in seven runs in the ninth inning and winning the game 10 to 1. Both teams fought hard during the early innings of the game and played even ball. Ed Brouwer, the printers' twirler, was the mainstay of the team getting 15 strikeouts during the game. In the ninth inning, with the score 3 to 1 in favor of the clerks, Brouwer went up in the air and several good hits, coupled with errors on the part of the printers' fielders, did the work.

Bill Van Putten pitched a strong game for the clerks. He succeeded in getting ten strike-outs.

Miller, catcher for the clerks, proved a strong addition to their lineup and on several occasions he did some star playing. The lineups were as follows:

Clerks—Miller, c.; Van Putten, p.; Klomparsen, 1b.; Den Uyl, 2b.; B. Nysink, 3b.; K. Prins, ss.; Slagh, rf.; "Humpty" cf.; Mulder, lf.

Printers: Brouwer, p.; A. Ver Schure, c.; H. Michmershuizen, 3b.; Scure, c.; J. Beintema, 1b.; C. Ver Meulen, 2b.; H. Michmershuizen, 3b.; L. Steketee, ss.; Art Tores, cf.; Ray Poppe, lf.; Al Ten Hoor, rf.

The printers are far from satisfied with the result of Saturday's game and arrangements are being made for a series of games between these two teams.

Examinations for fourth class postmaster will be held in Holland on August 22.

## TICKET IN OTTAWA COUNTY.

Several Petitions Are Already Being  
Circulated; More to  
Follow.

The Progressive party spirit commenced to smolder last Friday at a meeting held in Grand Rapids when it was decided to put a full party ticket in the field. Since then the spirit has grown in volume and many men have tossed their hats in the ring for various offices, and petitions are being circulated throughout the county. The first campaign blast in the county will be sounded Tuesday evening at 7:00 o'clock when the general meeting of Progressives from all parts of the county will be held in the court room at Grand Haven. Att. M. A. Sooy, chairman of the county committee will have charge of the meeting. Mr. Sooy has already announced himself as candidate for membership to the State Senatorial committee. At Tuesday's meeting many other candidates are expected to come forward and announce themselves.

George Van Landegend of Holland has announced himself as candidate for the office of State Senator on the Progressive ticket. He will probably be opposed by Dr. Edw. Hoffman on the Republican ticket. Mr. Van Landegend broke into local politics only a few years ago and has made rapid strides. He is now serving on the board of supervisors. He is also a prominent member of the Holland Businessmen's association and has a large following in Holland and throughout the county.

Simon Kleyn, John De Koeper and William Lawrence, all of Holland, have announced themselves as candidates for the office of State representative from the First District.

David Cline of Spring Lake, Henry Van Noord, Jamestown and E. M. Reed of Coopersville have entered the race for state representative of the 2nd district.

Other candidates who have announced themselves and for whom petitions are being circulated or will be as soon as possible are as follows: Bert VanDyke of Zeeland for county sheriff; Henry Weaver of Vriesland for county treasurer; Albert Bosch of Jamestown and Albert Leenhouts of Zeeland for County Clerk; Baldu's Pelgrim of Grand Haven for Register of Deeds.

## LEE DE FEYTER AND AMOS STONE WILL CATER TO EAST END SALOON TRADE

Allegations Brought Against Vander  
Water—Investigation Will Be  
Made Before the Meeting

At an adjourned meeting of the common council called Thursday for the purpose of considering applications for saloon licenses, licenses were granted to Amos Stone of Grand Haven to open a saloon at 200 East Eighth street in the Kuite building and to Lee De Feyter of Holland to open a saloon two doors east of that in the building formerly known as the "Last resort" saloon, during the former saloon days of Holland.

These men will open for business as soon as possible. Alderman Prins Slagh and Kammeraad voted against the granting of both these licenses on the grounds that it was too close to the gospel hall.

The license committee recommended that the license of William Vander Water to open a saloon at 72 East Eighth street be not granted. Mr. Vander Ven, chairman of this committee, declared that he had heard from a reliable source that Vander Water was in partnership with a man who is not a citizen of the United States and that under these circumstances it would not be lawful to grant the license. Mr. Vander Water was present at the meeting and he declared that he wanted the license for himself alone. He said that he had borrowed the money from the man referred to by the chairman of the committee but that he himself would be the sole proprietor of the saloon.

Mayor Bosch declared that if Vander Water was telling the truth he should have a license. Ald. Prins declared he would rather grant the license to Mr. Vander Water than to any one else he knows. The matter was tabled until the next regular meeting for further investigation.

## HOLLAND POLICE BOARD NOT ONLY ONE TO MAKE THE PRISONERS WORK

Sheriff O'Donnell of Kent County  
Finds the Plan Is a Good  
One.

The move of the police board at its last meeting to make tramps and drunks confined in the city jail work on the streets has not yet had a chance to prove its worth. But a similar plan is being tried out by Sheriff O'Donnell of Kent county and there it has worked out satisfactorily so far.

Sheriff O'Donnell has entered into contract with the good roads commissioners of the county. He is furnishing the commissioners as many men as are needed for the work now in progress. At the present time there are a score of men laboring with the pick and shovel and they are laboring with the same freedom that the ordinary toiler enjoys. No guard or overseer is placed over the prisoners who are at work on the good roads. The men allowed to go are picked by the sheriff according to his "honor roll" at the jail.

The men permitted to go to work in the open are men who have been sentenced for no more serious crimes than drunkenness, vagrancy or non-support. As a rule the maximum time these prisoners serve is but 30 days.

There is a veritable scramble now among the men at the county jail for the chance to go to work on the county roads. But a small portion of them can be accommodated. Each man, before he is allowed to leave, is placed on his honor not to desert.

Upon leaving the jail the men are placed in the care of the foreman of the job they are to work on. The foreman has no police power whatever. On two of the three jobs the prisoners remain away from the jail the entire time of their sentence. They sleep in tents; eat in the open and enjoy freedom the same as those not under restraint.

The contractors in charge of the good roads work pay the county 50 cents a day for the prisoner's labor in addition to boarding him. The money is paid to the sheriff, who turns it over to the family of the prisoner, or, if he is a single man, to the prisoner himself at the expiration of his sentence.

The prisoners who now are at work are in the three distinct gangs. Twelve of the men are at work in Alto township and do not visit the jail at all. Five others are at work in Cascade township under similar circumstances. Three others, at work in Plainfield township, just outside the city limits, walk to and from the jail unfettered. All the prisoners put in ten hours' work a day.

## CARNIVAL ON BLACK LAKE

Plans Just Starting that will Result  
in Big Water Pageant in July

Cottage owners around the Black lake resorts have started something. They want a water pageant and carnival, and will probably succeed in having it a reality during the present month. The plan is in embryo yet, but it is coming to the front somewhat. In charge of Frank Quinn, a cottager on the lake, and one of the men who made such a plan a great success in this city a few years ago. The lake is ideal for such an event, and there are hundreds of craft suitable for such a carnival. Boat of all kinds will be urged to enter the plans and help boom it. There will be daylight and evening parades of the boats and steamers, with something of a Mardi Gras celebration in the evening. The surroundings of the lake are such as will make the carnival feasible and beautiful.

## OSCAR D. COTTHRELL ENDS LONG SEARCH IN DETROIT THURS- DAY FOR HIS WIFE

Weds Her There and They Expect to  
"Live Happily Ever  
After."

Another chapter was added to the matrimonial adventures of Oscar Cotthrell, formerly of this city, when he was married in Detroit Thursday to Mrs. Grace Crane of Grand Rapids, the ceremony taking place in Detroit. On June 4, Mrs. Crane who was supposed at the time to be Mrs. Cotthrell, suddenly left Cotthrell and disappeared from view. It was believed at the time that she had followed Ringling Bros. circus and Mr. Cotthrell hastily left Holland in an attempt to trace his missing "wife".

Since about a month ago he has spent the time tracing the "wife" His search ended in Detroit Thursday night.

Oscar went to police headquarters in Detroit Wednesday night and begged Inspector Larkins to help him find his "wife". He said she had left their pretty little home in Jackson and their baby to come to Detroit, leaving him a note saying she was discouraged. The inspector told him he would have to get a warrant before the police would help him.

Sal-eyed and drawn of countenance Oscar walked slowly out of the office.

On the way out he happened on a bright idea. He knew the former address of his "wife." He made up his mind to find her hiding place by sending her a decoy package by parcel post and then by following the messenger.

He hired a messenger boy's bicycle, traced the package to 8 Madison avenue and from there to a North Woodward address and there found the girl.

Why hadn't she written? Because she hadn't heard from Oscar. And mercy no, poor boy, she hadn't known he had been ill in a hospital and hadn't been able to write and besides the letters he had written hadn't reached her.

Strong arms folded about slender waist and a head of fluffy black hair was nestled on a young man's shoulder.

"You see," Oscar explained Thursday night, "I couldn't tell you newspapermen and the postmaster and the police I was looking for my sweetheart instead of my wife, for you'd have laughed me out of court."

Mrs. Oscar just smiled.

## MRS. BENJ. VENEKLASSEN WAS STRUCK BY AN AUTO AT SAUGATUCK.

Mrs. Benjamin Veneklasen is suffering from a severe wound in her head which may result seriously if complications set in. The wound was the result of Mrs. Veneklasen being run down by an automobile driven by Herbert Fish of Saugatuck Saturday evening.

The accident happened when Mr. and Mrs. Veneklasen and some friends were crossing the bridge between Saugatuck and Douglas. They were walking and seeing an automobile ahead, Mr. Veneklasen signaled. The driver safely passed Mr. Veneklasen and a friend but struck Mrs. Veneklasen, who was walking far to one side of the bridge just behind the two men with another lady. She narrowly escaped falling into the water. Her head was badly cut and she received minor bruises.

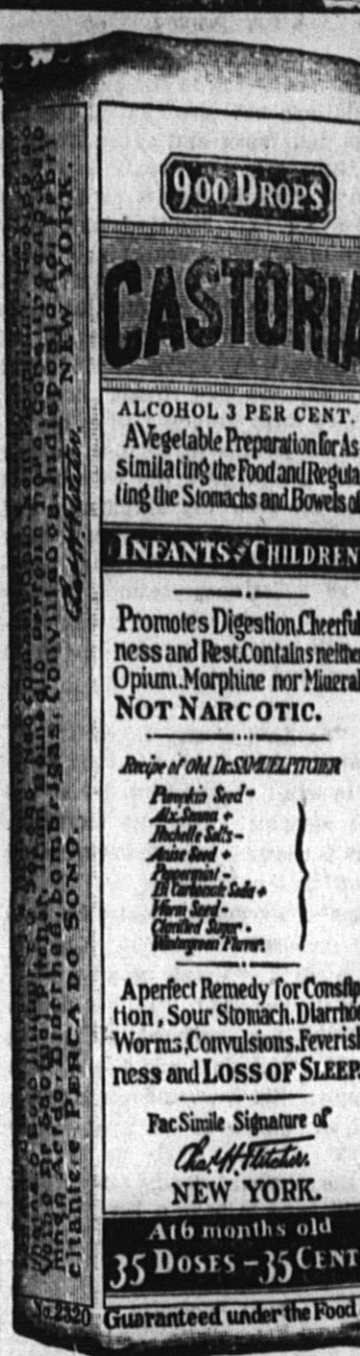

She was taken to the home of a friend in Saugatuck where Dr. Walker gave her immediate care. Monday her condition seemed much improved and she was taken to her home in this city. On the way to Holland her condition became much worse but now they continued improve.

## Farmers Are Face to Face With the Busiest Period of the Year.

The heaviest crops that have been harvested in years in this locality are about to be harvested by the farmers. The grain crop is exceptionally heavy this year and so is the hay crop. The recent continuous rains have delayed work on the farms considerably so that now that fair weather has returned the farmers are put to it to meet the rush of work that is crowding on them all at once. Grain is ripening very rapidly and the cutting will begin very soon.

# PSYCHICAL DRINK SUBSTITUTE NEW RULE FOR SHIPPING FARM PRODUCTS BY PARCEL POST

St. Louis Globe Democrat—People who have entertained alarm that the progress of the prohibition movement will deprive them of the cup that cheers may take more than an academic interest in a theory that is attractively set forth by the editor of the New York Medical Times. He contends that there are certain mental experiences that are virtually "spree-equivalents." He describes some of these, using the phraseology which prohibition workers have made familiar in their assaults on the demon rum. He talks of "sociological debauches" and "morbid religious intoxication" and declares that the victims are affected by the same fundamental factors that underlie certain forms of alcoholism. He includes among the people subject to the attacks of psychic unrest the most active temperance propagandists.

This will furnish the people who prefer another kind of intoxication a scientific weapon to use against "drunken" reformers. They may insist that it is all a question as to whether the same results shall be procured from spirits of the grain or from psychic derangement. There will be a new insistence on liberty of choice of intoxicants. But the psychic school will have some advantages in the argument, not the least being the matter of cost. By reading a few inexpensive tracts and listening to a few speeches they acquire, at nominal expense, a "jag" that it would require a week's wages to accumulate in the traditional way. They will also be able to make a formidable array of statistics gathered from courts and penal institutions pointing to after effects of other forms of intoxication. However their argument may influence the opposition it will be satisfying to its proponents and they will revel in their psychic debauches.

But the eminent medical authority does not confine his attention to the temperance propagandists. He attributes queer happenings in church polity and practice to the activities of psychic debauches. He notes "the curious paroxysmal addiction of certain interesting figures in contemporary life to social reform of one sort or another." He finds the derangement especially marked among the preachers of sex reforms. He says that they have been "obsessed by the determination to exhibit all the indecencies of sex aberration." While he does not discuss the English militants, we presume that they are of the same "psychiatric type." He concludes, very charitably, that these "spree-equivalents" are more wholesome than would be alcoholism itself, a fact due to the unusually high principles and motives of the victims. But he does not hazard a guess as to the probable duration of such sprees. It is possible that there are classes, some being merely spasmodic and occasional reformers; while others are habitual psychic drunkards. Nor does he recommend any institute for cure of the habit. This omission may be supplied by some enterprising advertiser.

The fact that a man will stand in front of the office of the Illinois secretary of state fifteen days in order to file the first petition of candidacy indicates that the position on the ballot is very important in a state wide primary.

Six wooden legged men testified in a Massachusetts suit that the loss of a single leg does not diminish a man's earning power. The advantages of an artificial leg are so numerous that the defendant railway company may file a counterclaim for services to the plaintiff.

The new ruling in the parcels post regulations provides that shipments of garden truck and farm products weighing between twenty and fifty pounds, may be made within a radius of one hundred and fifty miles in ordinary crates and packages, thereby practically creating an express service in conjunction with the postal system. Heretofore all shipments were enclosed in small sacks and for this reason any shipment of farm products were required to be packed in such a manner as not to endanger the contents of the sacks. Now the shipments will be transported outside the mail bags and will require only ordinary packing, as did transportation by express. It is expected this new system will prove of great value to farmers and gardeners.

**The Kind of Boy He Was.**  
That Marshall Field of Chicago knew how to wrest victory from defeat and make stepping stones of stumbling blocks is shown by the following story told of him by a friend:

When a boy young Field went to a great merchant and asked, "Do you want a boy?" "Nobody wants a boy," replied the merchant. "Do you need a boy?" the boy persisted, not at all abashed. "Nobody needs a boy," was the reply. But he would not give up. "Well, say, mister, do you have to have a boy?" "I think likely we do," replied the merchant, "and I rather think we will have to have a boy just like you."

One of the big corporations conducts a school for salesmen downtown. An iron faced old demon is the pedagogue. He teaches the young idea how to shoot in orders by making it as unpleasant as possible for the pupil. A gentle, shrinking, two legged violet teeters in, blushing.

Harris Dickson tells a story of a negro who was in jail in Mississippi under sentence of death for murder. The prisoner had tried and exhausted all other means of obtaining a reprieve or a commutation, and at the eleventh hour, so to speak, he thought he would make a personal appeal for executive clemency. So he took his pen in hand and wrote to the governor.

The most significant part of his letter was the first paragraph, which ran somewhat as follows:

"Dear Boss—The white folk is got me in this jail fixing to hang me on Friday morning, and here 'tis Wednesday already!"—Saturday Evening Post.

**FISH**  
President Navin of the Detroit baseball club made a sound observation of human nature when he said that if it were not for Ty Cobb's fiery disposition he would not be "the greatest ball player of all time." Great men frequently go outside the conventions of society. Napoleon, for instance, did not hesitate to change wives when it suited him. Goethe disparaged patriotism. Tolstoi mortified the flesh, and at times would not even eat flesh. These men lived their own lives in their own way, being responsible only to themselves. But when great genius is under a contract of \$15,000 a year or thereabouts, it would seem that some consideration is due the man who hires him, and perhaps to the folks who contribute the money that makes it possible to hire him. It may please genius to pay a fifty dollar fine for twenty cents worth of fish or a piece of cheese, but to smash up a pennant winning thumb on a butcher's helper is distracting to his followers and rough on the gate receipts. One fan says that the first time Cobb comes to bat in the ninth with men on bases and one run needed and makes a hit he will be forgiven. We hope so. He has been forgiven before; but there is a limit. Meantime we would suggest to Mr. Navin that he arrange a diet of wire mattresses and dynamite for Mr. Cobb. Fish doesn't agree with him.

Detroit Saturday night.

# OTTAWA COUNTY BULL MOOSE

HOLD ROUSING MEETING IN GRAND HAVEN.

Adopt Resolutions That Will Prevent All Compromise With Other Political Parties

A gathering of fourteen Ottawa county members of the National Progressive party assembled in the county court rooms in Grand Haven recently. Dr. Wm. De Kleine of Grand Haven acted as chairman and Mortimer A. Sooy as secretary. After a general discussion of party affairs the following resolutions were unanimously adopted:

Whereas, the National Progressive party is now approximately two years old and has organizations in every county in the State, and has elected officers in practically every township and county in the state, and has legislative representation in both the National and State bodies, and has fought very successfully through two campaigns and is now better equipped than ever before to fight with success, a straight-out and independent political fight,

Now therefore, be it resolved, By the members of the National Progressive party here assembled:

1. That it be the policy of the National Progressive party in Michigan to oppose amalgamation with either the democratic or republican parties, in any and every form, and,
2. That it be the policy of the National Progressive party to reject any and all propositions which may be submitted to it, and which shall anticipate fusion with either democratic or republican parties on candidates for state, congressional, legislative, county and city tickets, unless said candidates shall first endorse the platform of the National Progressive party, who shall then run for office on the ticket of the National Progressive party, and,
3. That it be the policy of the National Progressive party in Michigan, to nominate full state, congressional, legislative, county and city tickets in every district, county and city throughout the state, and,
4. That we earnestly and most cordially invite all democrats and republicans, and members of other political parties of progressive convictions, to now affiliate themselves with the National Progressive party, in the interest of good government and in order that we may more effectively co-operate for the actual establishment of Progressive reform, and,
5. That any member of the National Progressive party or any former republican or former democrat or former member of any other political party, who may now desire to become affiliated with the National Progressive party, and who endorses the platform of the National Progressive party of Michigan, is cordially invited to circulate and file proper nominating petition, in order that the voters of Michigan may have the widest possible latitude for making their individual selections at the August primary, in accordance with both the letters and spirit of the Michigan primary law.

**Fortunate Indians.**  
In a composition dealing with the habits and customs of American Indians, a boy deeply impressed with their free and easy life wrote the following: "The Indians had few laws, but they were well violated."—New York Post.

"That so? Then he won't do."

**IDEAS.**  
After all has been said that can be said about the widening influence of ideas it remains true that they would hardly be such strong agents unless they were taken in a solvent of feeling. The great world struggle of developing thought is continually foreshadowed in the struggle of the affections, seeking a justification for love and hope.—George Eliot.

The Grand Rapids City Rescue Mission picnic at Jenison park Tuesday eclipsed all previous outings, under the auspices of the mission, and was even more successful than that of last year, which is saying a good deal. It is estimated that there were at least 800 men, women and children at the jollification. There were swarms of little folks who never had a better time and a large attendance of women and men helped the young people enjoy themselves. There was an exciting ball game and a series of enthusiastic athletic sports. The crowning event was the big feast, to which the kiddies did full justice, while the older people did their duty nobly at the tables.

## GRAND HAVEN PIANO COMPANY OBJECTS TO TAX ASSESSMENT

Grand Haven, July 9.—A sixteen typewritten page bill of complaint was filed with the county clerk Tuesday from the Story & Clark Piano Co., of this city in suit against Supervisor G. J. Hilderink of the First Ward praying for a restraint of the said supervisor from spreading a tax against the property of the piano company in excess of \$131,000; that such was the amount of both real and personal as originally assessed by Supervisor Hilderink and subsequently approved by the officials of the piano company. The amount of both real and personal property of the piano company as finally recorded by the board of review is \$200,000.

The piano company alleges that on finding their assessments as \$72,000 and \$59,000, made no objection altho slightly higher than the figures of the company. At this time, Superintendent Rudolph Schmidt and Attorney W. I. Lillie appeared before the board of review, and aver that all the terms of the first figures were approved since there was but little difference.

The bill of complaint also infers fraud against the complainant in so far as much assessable property in the first ward was left unnoticed by the assessor. Concerning the attached "all voted yes on roll call" following amounts of \$200,000 for each personal and real property, the complainants attack as indefinite and typical of the inconsistency charged.

Walter I. Lillie is the solicitor for the complainant, Rudolph Schmidt, as superintendent of the Grand Haven branch of the Story & Clark Piano Company.

The bill of complaint sets forth many conditions upon which the company bases claim for readjustment and covers the whole city in comparisons.

## FOURTEEN PROGRESSIVE CONSTITUTE CONCENSION

### OTTAWA COUNTY PROGRESSIVES ARE GETTING INTO THE GAME.

All the Officers Represented Except Those of Prosecuting Attorney and County Surveyor.

The Ottawa county Progressives are to have a full ticket in the field this fall with the exception of the offices of Prosecuting Attorney and County Surveyor at a meeting in Grand Haven, petitions were circulated for candidates for all the offices with the exception of the two named. The reason for leaving the ticket blank as far as the prosecutorship is concerned was a lack of good material. Att. M. A. Sooy of this city was urged to make the race but he declined emphatically and there was no one else who was willing to take the place.

Practically every section of the county is represented on the list of candidates that have so far entered the field. There may still be others entering later on, but it is very likely that the men for whom the petitions are being circulated now will be the nominees for the most part. Following is the full list from governor down:

Henry R. Pattengill for governor; James N. McBride for Lieutenant-governor; Alvin E. Ewing for congressman from the 5th district; Mortimer A. Sooy for member of the State Central committee; George A. Van Landegend for state senator from the 23rd Senatorial district; John J. De Koeyer, of Holland City, for state representative from the 1st district; Isaac Van Dyke, of Zeeland, for state representative from the 2nd district; Elroy M. Reed of Coopersville, for sheriff; Henry Weaver of Vriesland, for county treasurer; David M. Cline of Spring Lake for county clerk; Baldus Pellegrom of Grand Haven for register of deeds; John Ovens of Olive township for drain commissioner; and Edward Soule for Circuit court commissioner.

## GUS ROTCHIS ARRIVED IN HOLLAND MONDAY NIGHT COMING DIRECT FROM GREECE

### Was Soldier In Bulgar War

Gus Botches, the local Greek who engaged in the Grecian wars with Turkey and Bulgaria, returned Monday night to Holland and will make his home here with his nephew, Kris Karose. Mr. Botches is looking several years older from his experience in the Grecian army but is again in good health. While in the war he contracted fever which brought him close to death and in the war with Bulgaria he was shot through the leg. During both wars he was fighting and took part in several of the greater battles of the war. Camping in the mountains on fields on cold nights without daring to build a fire, sleeping on the ground when the bullets were whizzing hotly overhead charging trenches and taking the long marches across the country are some of the adventures this Greek passed through when he returned to his native country two years ago, leaving a good position in the United States—and all because his country called him.

## THE "OTTAWA" HAS MUCH OF THE APPEARANCE OF AN INTERURBAN CAR.

Recently Built For Holland Interurban For Ferry Purposes

The new ferry boat "Ottawa" that has been operating at Macatawa for some time past is in appearance as much like an interurban car as any boat could well be made. It is painted a brilliant red like the interurban cars on the local line and the architecture of the vessel also gives a number of resisters. Many of them the windows are shaped much like the windows of the new steel cars. The "Ottawa" is the property of the Interurban company and in appearance fits well with the other equipment of the line.

## WILLIAM CRISPELL OF HOLLAND HELD HERE FOR THE JACKSON AUTHORITIES

Wanted On a Charge of Embezzlement Alleged to Have Been Committed Over a Year Ago

William Crispell, a son of Mr. and Mrs. John M. Crispell, 42 West First street, was arrested yesterday by Patrolman Peter Bontekoe. He is being held in the city jail for Jackson, (Mich.) authorities. An officer from Jackson is expected to arrive here tonight to take him to that city to answer a charge of embezzlement.

Crispell arrived in this city a few days ago from North Carolina where he has been for about a year. During the time he was in North Carolina he was wanted by the Jackson police charged with a crime committed in that city about a year ago, and officers from that city have been hunting for him. He had been in Michigan but a short time when the Jackson officers became aware of his whereabouts and this morning the local police were asked to arrest Crispell. Crispell was arrested while on the street and he offered no resistance.

## WEST MICHIGAN PIKE TOURISTS TO ARRIVE IN HOLLAND MONDAY AT TWO

### "Health First" To Be Feature of the Long Trip Along The Lake.

The automobiles that will take a part in the West Michigan Pike tour are scheduled to arrive in Holland at 2 o'clock, when they will continue on their way to the next stopping place which is Grand Haven. Altho the tourists will be here only a short time every effort will be made to give them a worthy reception. The company will make approximately a hundred miles each day of the tour which begins on Monday morning and ends on Friday night. The first day a distance of 101 miles will be covered, from St. Joseph to Muskegon, where the night will be spent.

The "Health First" campaign conducted in connection with the tour will consist of an automobile sent by the State Board of Health, and loaded down with printed matter pointing out that more people die from preventable disease than from accidents.

At each stop made on the Pike tour the "Health First" literature will be passed out and talks will be made by the health board men. It is the plan of the President of the Pike association to have half of the cars in the good roads procession, labeled "Health First" and the other half "West Michigan Pike." It is probable that the "Pike" half of the procession will lead the "Health" half, as in this way any accidents which may occur in the "Pike" half can be adequately taken care of without a loss of time.

President De Kleine of the Pike association, desires that Western Michigan shall be one of the great health resorts of the world and in order that his wishes may be realized, he is doing all that is in his power, in behalf of a lower death rate for this section. The doctor thinks that with our healthy climate it will be a very easy matter to reduce the death rate and to make this section known far and wide because of the longevity of its inhabitants. "Health First" is to be immortalized and the pike president proposes that the new slogan shall be pushed to the front with all possible speed.

## GRAND HAVEN TRIBUNE COMMENTS ON SERMON OF THE REV. M. VERNE OGGE

The Rev. M. Verne Ogge of this city preached in Grand Haven Sunday and this is the comment the Gr. Haven Tribune made about the sermon:

"Among the patriotic services in the city churches Sunday in which the many themes of Independence Day were exhorted from the pulpit, was the address of the Reverend Verne Ogge, of New Paltz, N. Y., who occupied the pulpit of the Presbyterian church in the absence of Rev. J. T. Veneklassen. Rev. Ogge's address is considered one of the finest ever heard in the city and many were in attendance during the day to hear him in the services."

# WHAT YOU SAW IN THIS PAPER THIRTY FIVE YEARS AGO

Dr. Van Putten's beautiful black mare—Lucy—has a fine colt by a full-blooded Humberston stallion. The officers elected for the ensuing term by the members of Holland City Lodge, No. 192, I. O. O. F., a couple of weeks ago, installed, due form on Tuesday evening last, were: M. Harrington, N. G.; H. M. Dangemond, V. G.; Will H. Rogers, Sec'y; J. Hummel Treas.

## THIRTY YEARS AGO

Last Sunday a ten-year-old daughter of G. Meyboer, who lives a few miles north of this city, fell from a hay rack on which she was playing, and broke her arm just above the elbow. Dr. Boot was called and attended the case.

Geo. Fixter, a son of Joseph Fixter owner of the stove factory at this place, was stabbed in Chicago last Monday. The wound was a serious one, but not necessarily a fatal one.

The agricultural implement depot of B. Van Raalte is, at this season of the year the scene of great activity. With a large and varied assortment of farming utensils and labor saving machinery, it is not wonder that our farmers congregate at his store in large numbers. This week we noticed several pieces of machinery leaving his place of business, among which were several reapers and self-binders. "Ben" has the confidence of our farmers which he has gained through strict integrity and attention to his business and is now reaping a very promising harvest.

Married:—By Rev. Thomas Walker Jones, at the parsonage of Hope Reformed Church, July 4, 1884, Kimber A. Potter, of Greenville, Mich., to Elizabeth Kruisenga of this city.

If any more tramp printers inquire where the local editor lives please inform them that he has moved out of the city.

Miss Minnie Hunt, daughter of Mr. R. A. Hunt, experience a severe shock by the lightning during the heavy rain storm last Saturday afternoon. She has entirely recovered.

Mr. Teunis Keppel was also stricken, but nothing serious.

## TWENTY YEARS AGO

The result of the state census just completed assigns Holland first place in the county, and designates it as the second city in the Fifth Congressional district. Our census in four years, has been over 50 per cent.

### At The Ball Park

The fourth was a field day for those who take an interest in ball playing, and games were in progress both morning and afternoon at the new ball park. The opening game was played between the O. C. T. Juniors and the Juniors of Allegan and was a closely contested and exciting one. The former however came out victorious by a score of 16 to 7. This is the second game won this week from the Alleganians by the O. C. T. Juniors.

The second event of the day was a game between the O. C. T. Seniors and the Berlin nine, in which, the later although composed of a wiry lot of young fellows, were disastrously defeated. They seem unable to hit Trimble's balls, while their opponents did some heavy batting. The result was a complete shut out for the Berlin by a score of 17 to 0.

Next came the great contest in which the patrons of the park more particularly the Ottawa County Times and the Holland City News. In order to stir up a little excitement and draw a crowd a local picked nine was put in the field as against the regular O. C. T. organization. Below are given the two sides:

O. C. T.	H. C. N.
Van Ry	D. Hazen
Huntley	c. Bensley
Vander Hill	ss. Murphy
Rhodes	1st b. Ellensworth
Doesburg	2nd b. Stonebraker
Ver Schure	3rd b. P. Smith
F. Smith	rf. Broek
Williams	cf. J. Kramer
Dalman	lf. Dellinger

With the exception of Trimble Bensley the O. C. T. club played the same men as they did against the Berlin. F. Van Ry was an umpire by the Times, and Art Roost by the News. In the second inning a fair decision on 3rd base in favor of a News player, but there was a vigorous kick on the part of opponents and they threw up the game.

The score at this time stood 7 to 1 in favor of the News.

The Times boys declared their intention of giving the News a worsed rubbing then they did the Berlin. The score will demonstrate that in this respect they were badly mistaken and overrated their ball playing qualifications.

## FIFTEEN YEARS AGO

John Van Huizen has invented a weeder and cultivator to be used by sugar beet growers. Both of the machines have been tried and pronounced a success. Mr. Van Huizen and B. Walter intend to begin manufacturing the implements as soon as arrangements can be made.

Eldert Diekema, after a hard struggle against tetanus, which developed a little over a week before his death from the effects of a silver that lodged in the palm of his hand while he was working in his barn past away last Sunday night at two o'clock.

The death of J. H. Barkel occurred last Saturday evening at his home on College avenue of heart trouble, from which he suffered nearly a month, at the age of 66 years.

The death of Will Davidson occurred last night at the home of his mother Mrs. W. Davidson, 171 West Eleventh St., at the age of 23 years, after a illness of nearly six months of tuberculosis, from which disease his father died about a year ago and his sister Mrs. L. L. Legter died about six months ago.

### No Accidents Reported Here As the Result of Celebration

Holland passed one of the safest and sanest Fourth's in its history. Not a single serious accident as a result of fireworks has been reported and it is believed that there was nothing more serious than a burned finger here and there. Many of the people of Holland went out of the city to spend the day, but in many parts of the city little neighborhood gatherings took place for celebration purposes.

### HOLLAND WILL HAVE ADEQUATE WATER SUPPLY IN FEW WEEKS.

Work has been started on the construction of the new pumping station on 28th street. Most of the excavating for the foundation has been completed and it is likely that the station will be completed within a few weeks. The plant is to be about twenty-five feet square. The contract for the job is held by Boomers & Smeenge, the sum involved being \$1836.50.

The building will be one story high, is to be built of rough brick, with tile roof, steel ceiling, cement floor, steel window frames. The concrete work will be begun Monday.

The work of putting in the points at the new station is progressing fast. Not a minute is being lost in securing an adequate water supply for the city as soon as possible. A large gang of men is kept on the job night and day and the progress made so far is very satisfactory.

### Scene of Old Swimming Hole On the Black River.

Joseph Warner, Holland's well known artist, Thursday presented the council with a beautifully painted scene of the old swimming hole on Black River. The picture will be framed and hung in the council room. This is the second large painting Mr. Warner has presented to the city.

## COMMON COUNCIL

(Official)

Holland, Mich., July 2, 1914.

The Common Council met pursuant to adjournment and was called to order by the Mayor.

Present: Mayor Bosch, Alds. Prins, Slagh, King, Drinkwater, Congleton, Kammeraad, Harrington, Vander Ven, Steketee, and the Clerk. The reading of minutes and regular order of business was suspended.

Ald. Harrington presented a landscape painting donated to the Common Council by Artist Warner.

On motion of Ald. King, The painting was accepted with thanks, and the committee on Public Buildings and Property and Ald. Slagh instructed to have the same framed.

The Clerk presented the following communication from the Mayor:

In accordance with the provisions of the City Charter I hereby withhold my approval to an ordinance passed by the Common Council, on July 1, 1914, and entitled "An Ordinance to amend sections 2 and 5 of Ordinance No. 253 of the Ordinances of the City of Holland, entitled 'An Ordinance Relative to City Scavengers.'"

Holland, Mich., July 2, 1914. To Richard Overweg, City Clerk, City of Holland.

In accordance with the provisions of the City Charter, I hereby withhold my approval to an ordinance passed by the Common Council, on July 1, 1914, and entitled "An Ordinance to amend sections 2 and 5 of Ordinance No. 253 of the Ordinances of the City of Holland, entitled 'An Ordinance Relative to City Scavengers.'"

My reason for a veto to said ordinances are as follows:

1. I believe that from past experience the ordinance as it read before the proposed amendments gave the City of Holland good, satisfactory and efficient service.

2. I believe that where a duty is

placed upon any board for the performance of certain service, that such board should have the right and power to employ its own servants and employees to see that the work is properly done and proper service rendered.

3. I feel that the Board of Health is doing good work for the city of Holland, and should not be discriminated against any more than any other board. All of the other boards of the city have the power and authority of employing such help as is needed in their several departments, and it would seem that it would only be fair and just to permit the appointment of City Scavenger by the board of health direct, since all of the work of the scavenger is done under the order and direction of the board of health.

If no change had been attempted in the ordinance, I would have no recommendation relative thereto. But if it is the desire of the council to amend the ordinance, I would suggest that it be so amended as to have the employment of a city scavenger in the hands of the board of health, without the necessity of going to the council. I believe that the board of health will follow a line in the matter of employment of city scavenger that will have the approval of the council, as well as of the people of the city of Holland. I sincerely hope that if any change is made in the ordinance that the suggestion made will be favorably considered by the council.

Respectfully,

NICODEMUS BOSCH,

Mayor.

Ald. Vander Hill here appeared and took his seat.

On motion of Ald. Slagh,

Resolved, That in the second section of the amended ordinance, and also in the fifth section of the amended ordinance, that the words "Common Council and 'Council' be stricken out wherever they appear in said sections, and that in the place thereof there be substituted the words "Board of Health"

Said resolution prevailed, all voting aye.

On motion of Ald. Harrington, Resolved, that an ordinance entitled, "An Ordinance relative to scavengers," as amended, do now pass.

Said resolution prevailed, all voting aye.

On motion of Ald. Congleton, Resolved, that the question on the adoption of the report of the Committee on Licenses, recommending that the application for Liquor dealer's license of Enos Stone be granted, and that the applications be amended to cover for No. 200 East 8th Street, be and the same hereby is taken from the table.

Carried.

The question recurring on the adoption of said report prevailed by yeas and nays as follows:

Yeas: Alds. King, Drinkwater, Congleton, Harrington, Vander Ven, Vander Hill, Steketee. 7.  
Nays: Alds. Prins, Slagh, King. 3.  
The Committee on Licenses to whom was referred the application and bond of Lee De Feyter for liquor dealers and saloon keepers license, reported having had the same under consideration, and recommended that the applications be granted, and the bonds approved.

Adopted by yeas and Nays as follows:

YEAS: Alds. King, Drinkwater, Congleton, Harrington, Vander Ven, Vander Hill, Steketee. 7.

NAYS: Alds. Prins, Slagh, King 3.

The Committee on Licenses to whom was referred the application of Wm. H. Vander Water for liquor dealers and saloon keepers license reported having had the same under consideration, and recommended that the same be not granted. The reason for this recommendation being that the Committee have reliable information that the applicant does not desire this license for himself, but for the purpose of conducting the business for a person who is not a citizen of the United States, and is barred by law from conducting a saloon in his own name, the committee does not feel that the City should be a party to a violation of the State law by means of such a subterfuge.

On motion of Ald. Congleton, The matter was tabled, until the next regular meeting of the Council.

Adjourned.

RICHARD OVERWEG,

City Clerk.

## CALIFORNIA JAP ISSUE IN A NUT SHELL

Spring Lake Man Writes About Them and His Experience is Not Very Prepossessing

Owing to the recent agitation brought about by reason that a colony of Japs are to be imported into Michigan and colonized in the northern peninsula. The following item from an eye witness of the Jap conditions in California makes good reading.

We extract the following from a very interesting letter just received by S. S. Rideout of Spring Lake from his nephew Mr. Wm. L. Rideout of Whittier, Cal., recently published in the Grand Haven Tribune.

As to the Jap question; Coming home from L. A. on the electric I saw a Jap woman out in the field with a shovel in her hand and a baby (probably a year old) strapped to her back. I can not ask my wife to do that and would not if I could, neither would any other white man, or any man of any color if he has the fear of God and the love of man kind in his heart. And until we do that we cannot meet the Japanese on even terms.

The Japs know nothing of hours, Sundays or holidays. They work like cattle, and live like hogs, men, women and children. There is a family near us that recently added to the yellow population of the town. The woman was working in the field the day before the baby came and was at it again the third day after. They had a white doctor with her, besides two or three missionary women. The doctor stayed long enough that he had to have something to eat and one of the missionaries had to go out and borrow a knife and fork because the doctor did not know how to use chop sticks.

In Japan I suppose there are educated people; people of some culture and refinement; but we do not seem to get any of that kind. The ones that come here are ignorant, have no refinement and are here for the sole purpose of accumulating money. They can go back with a few thousand and live like princes. Each man when he comes here buys a good suit of American clothes, and that is all he ever buys from Americans. All the rest of his stuff comes from Japan. He has no use for books, pictures, furniture, carpets, music, or flowers. Japan is called the "Flowery Kingdom," but out of hundreds of Jap houses that I have seen in this state I have not seen one with as much as a chrysanthemum in front of it. And I have never seen a Jap living in a house as good as a poor white trash stable. Even where they own their land they build cheap and hideous shacks.

Again, when we enter into competition with a Jap we not only go up against his capacity for labor, his remarkable endurance and his ability to exist without recreation of any kind, but we go up against a keen sharp intellect. The Jap is not a back number like the Chinaman. He understands and makes use of all our labor saving machinery. He hauls his truck to market in an auto truck and a good many of them drive autos. He keeps good horses, for which I give him credit, and he is up to date in his methods. If we could overcome his ability or superior methods, it would not be so bad, but we do not need to give him odds on any point. He can meet us on even terms and do us up, unless we come down to his methods, his habits and his mode of life.

The Japanese have monopolized the vegetable business, they pretty nearly have the small fruits cornered; they are taking the nursery business and the fisheries. They have stripped this coast of abalones, (shell lined with mother of pearl). They put on a lot of crews with diving suits and simply cleaned them out, big and little. Now they are running stores, restaurants, fruit stands and ice cream parlors. And in all their enterprises they live like hogs and work like cattle, men, women and children.

So much for that phase of the question: For another, they cannot be assimilated. A German, Englishman, Italian, or any other Caucasian can come to this country, and no matter how strange he may be to our customs, in a few years he is a pretty good American and his children are just as good Americans as any. He can never master our language; at least I never yet met one who could speak English even decently. He is always loyal to the Mikado. He may pretend to be in love with American principles but if his emperor should say come home he would take the first boat. We must admit that they are patriotic. We can let our children marry and Caucasian, but not even the most ardent lovers of the Jap would want to give one of them his daughter for a wife. And I do not believe that inter-marriage would Americanize them. I never saw a half breed Jap, but I have seen half Chinese and they were Chinese thro and thro."

Big fireworks display at Jensen Park tomorrow evening; also a balloon ascension.

## MAN NARROWLY ESCAPES FIRE AS HOUSE CAVES IN

Toy Balloon Starts Fire

Grand Haven Tribune—Probably not more than a hundred people of the city were aware Sunday morning that a most threatening conflagration had occurred within the Grand Haven city limits, on the night of July 4th. Gus Begey, of South Cutler street, Grand Haven came into the Tribune office Monday morning to advertise for sale, a portable chicken house and a lot six blocks south of the high school building, the two things saved from a fire happening between 12 and 1 o'clock Sunday morning, from which he barely escaped with his life.

"If I can't sell the place, I am going to give it away to some charitable institution," was the final verdict of Begey after reviewing the string of unlucky circumstances befalling him during his residence of four years here in the passing of which time a gale wrecked the house on one occasion, thieves burglarized the establishment on two occasions, fire caught at other times and so on throughout the series.

## Man Views Fire Alone

Begey was awakened about 12 o'clock Saturday night by some passing noise and lay awake for some time. In another few minutes he was making a wild dash for a safe exit from the house. On the way out he carried with him a few articles of wearing apparel and about \$12 worth of cigars from the

cigar factory in the fore part of the house. Begey says his experience was the closest one to terrible injury or death that he has ever had and he has travelled all over the world. The house and contents were valued at 600, partially covered by insurance.

There was no one to watch the home burn up but the owner. Presumably catching from a tissue balloon which floated into an upstairs window, the whole house was ready to collapse before Begey discovered his peril. After rushing out through the heat and smoke, it was but another few minutes before the house crumbled with one crash in a heap of ruins and a shower of sparks shot into the air above the spot where he had reposed unsuspectingly in bed. Begey says that the vicinity seemed to be alive with toy balloons and that to him it is the most acceptable theory of the fire's origin. There was no alarm sent in to the department.

When the flames had subsided and were smouldering away in the heavier timbers of the structure, policeman Tony Boet of the Fourth Ward, and another spectator were attracted to the scene by the light. By this time the lone occupants of the ill fated home had succeeded in fighting back the spreading flames from reaching his chicken coop on the rear of the lot, which represented the whole of his savings from the blaze.

## Had Interesting Career

Begey came to Grand Haven about four years ago and established a cigar factory at his residence

on Cutler St. His place of business was the one representative establishment of the cooperative store movement so rapidly growing in this and foreign countries. As a man of social reform views and a writer of some note on this line Begey has had an extraordinary career from the time of his birth in France some forty years ago, Begey has been a labor worker, cigarmaker, editor, merchant of the sea and in various other callings.

And now Begey is going to leave the community. He says he is not superstitious in the least but the chain of circumstances surrounding him since his residence on Cutler street has been too much. At the present time he is living at the Riverview hotel and in the meantime looking for an opportunity to get away from his scene of bad luck.

## Talk That Counts.

Epsum Johnson was up before Judge Shimmerpate on a cruelty to animals charge.

"Deed Ah wasn't abusin' dat mule, Judge," the old man demurred.

"Did you not strike it repeatedly with a club?"

"Yassah."

"And do you not know that you can accomplish more with animals by speaking to them?"

"Yassah; but dis critter am diff'nt. He am so deaf he can't heah me when Ah speaks to him in de usual way, so Ah has to communicate wid him in de sign language."—Youngstown Telegram.

## THE GROWING BEET CROP

As has been stated in these columns, the production of beet sugar in the United States this year is likely to fall short of that of last year.

Willett & Gray, of the New York Sugar Journal have collected figures showing the acreage sown to beets this year and the probable sugar production.

The area sown this campaign is 513,201 acres against 647,506 acres last season.

We estimate that the sugar outturn will reach 560,000 tons, subject of course to weather conditions during the growing season.

This estimate is 95,298 tons less than the last crop outturn of 655,298 tons.

Michigan is third in the list this year, with sowings of 113,750 acres and an estimated production of 102,500 tons of 2,240 pounds each.

Six states will operate only a single factory each this year. No new factories are under construction. The tariff law has fallen like a pall upon the beet sugar industry of the country.

Weather conditions are on the whole favorable at the present time.

The decreased acreage is due to reductions in the prices paid for beets by many factories and to the closing down for this campaign of more factories, which closing is directly due to the reduction of duties on sugar made in the sugar tariff already and the fear arising from the clause in the sugar tariff providing for free duty sugar from all countries after May 1, 1916.

## A Case of "Must."

In a book store I noticed a man tumbling over various magazines, impatiently glancing now and then at a scrap of paper he held in one hand as he read the various titles. A clerk offered his services, and the man asked: "Got a fashion magazine called The Grand Fashions of Paris?"

"No," said the clerk. "I never heard of such a magazine."

"Neither have I," the man replied, then added savagely, "I suppose I've got to find whatever it is she wants though."—Boston Record.
