MEN DECLARE PICNIC A GRAND SUCCESS

ABOUT 175 BUSINESS MEN AND CLERKS ENJOY OUTING AT SAUGATUCK.

Fishing, Boating, Swimming, Ball Game, Eating and Loafing, Part of Sports

About 175 businessmen and clerks closed their stores yesterday afternoon and motored to Saugatuck for an afternoon and evening outing on the banks of the Kalamazoo river in celebration of the Wednesday afternoon closing rule for July and August.

The picnickers left Holland about one o'clock, well supplied with fishing tackle, baseballs, American flags, and last but not least, lunch. Thirty-five automobiles were pressed into service to carry the party.

The trip through the country on the way to the picnic grounds was dust-laden but full of fun. No one minded the dust. Upon arrival at Saugatuck the party drove through the city and then came back to the ferry. Here they all embarked and the ferry man was kept busy smiling as he hauled in the nickels.

Upon arrival at the picnic grounds the various groups of men immediately commenced doing the things nearest their hearts, just as a company of trained soldiers, make camp. Some followed the lunch and commenced preparing for the much mentioned supper; some commenced playing baseball with a large indoor ball that was easy to hit and easy to stop; some simply found a shady spot and lay down; some went fishing; some went swimming; all had a picnic.

Two baseball games were in progress, several men were busily spreading the plates around a long table, when a restfulness fell over the camp. You guessed it. Someone was getting hungry and he was making everyone else hungry.

Finally the ball games were finished. One team beat the other team 33 to 16 and the result of the other game was 41 to 11. A few gathered at the commissary tent and begged lemonade, which, may it be truthfully said, was ice cold. No more said.

Then the winner of one game played the winner of the other game. The score will forever remain unpublished. We refuse to submit any businessmen of this city to any such indignity.

You all remember that fish supper. It was this way. J. VanTatenhove, J. B. Mulder and a few others generously endured the scorching sun of the afternoon to bring in two large baskets full of pike. No one wanted to wait for them to be cooked. Hunger gripped the camp and threatened every moment to destroy all gentlemanly manners and reason and hurl the camp into chaos. Coffee was not cooked yet. The men in charge were just doing the best they could but these things take time. A gasoline stove had been brought from the city and it is said there was plenty of meat, and Tony Romeyn was right there to cook it. Knowing hunger has no reason.

Before the coffee had ever been started, before the gasoline stove was lit, but not before plates of sandwiches, pickles, beans and bananas had been set out, a few men gathered and asked if they could have lunch early as they wanted to go fishing.

They were generously fed. But, more than a hundred pair of eyes had been watching the mess tent for hours. The sight of men eating sandwiches ravenously was too much for them to bear. It was the signal for a general rush. Every one was going fishing. Hang the coffee and meat. Sandwiches now are better than a banquet an hour from But finally the demon of torture was satisfied. That was the general opinion.

Night was settling on the camp. Just the time for fishing. There was a general rush for the boat livery and the evening was spent, pulling in pike.

Every one present claimed this picnic to be a grand success from every point of view.

DR. B. B. GODFREY RECEIVES INTERESTING LETTER FROM SON ON EASTERN TOUR

Some very interesting facts about the McGill University, where the renowned Dr. Osler studied, about Canada during war times and other things of interest are interestingly told in a letter received by Dr. B. B. Godfrey of this city from his son, Dr. A. T. Godfrey, who is with his wife, touring the eastern states. An extract from the letter is as follows:—

Island, Montreal, Canada, St. Ann DeBellevue, July 11th, 1916 We spent Saturday in Montreal doing McGill University, Notre Dame Cathedral, department stores and many other places of interest.

Notre Dame is certainly grand. I believe the largest and richest cathedral in America.

The old medical building at McGill is of particular interest to me. In one or two lecture rooms, the old old benches are still preserved, and in use, but terribly worn and defaced. It was of interest to see where Osler had lectured and worked and many of his pathological specimens are found in the medical museum which we visited.

I went thru the dissecting room where they were carrying on some work. The new medical building is a marvel. I believe better than any I have ever seen in the states. One surely realizes that Canada is engaged in a terrible war. Everywhere you go, you see soldiers drilling, even on main streets, in public squares, in parks, on the University grounds and scattered throughout the city in uniform, on guard. Everywhere is talk of war. One hears the details here and many interesting accounts, the horrors of the prisoners, etc. Women on trains knitting socks for the soldiers Sunday we attended Union church and heard a splendid sermon. They have a nice class of people, all of whom we enjoyed meeting many of them.

We motored around Montreal island, the complete circuit being 75 miles, following close to the water, all the way, a most beautiful drive. The scenery was grand, very different from home scenes.

Monday we visited McGill Library and Chemical Laboratory which was of interest to me. I met Dr. Putman, the head of the department and found him a grand man. He showed me marked courtesy and explained their research work going on.

At four o'clock we went to a tea party at Dr. Lind's, professor of physics, at six o'clock we went to Dr. Snell's for dinner, where we met several professors in the University. We like them all very much.

POOLE BROS. CO. PLANS A BIG ADDITION

COMPLETE PLANS NOW IN THE HANDS OF CONTRACTORS; COST \$15,000

Said that Working Force Will be Nearly Doubled By Enlargement of Plant.

About fifteen years ago the Poole Bros. Printing company of Chicago, built a good-sized branch factory in Holland. They came without asking a bonus from the city and they did not make a big noise about what they were going to do. However this plant had been a very substantial industry for the city of Holland and so the citizens of Holland will appreciate the fact that this concern has been so successful that plans for doubling the working capacity are now under way.

Plans are now complete and in the hands of the contractors for two large additions to the present plant. The exact dimensions of the additions have not been made public but the expenditure will amount to \$15,000. It is said the working force will be nearly doubled.

The plant has been growing to such an extent that more room for the additional work is absolutely necessary. The plant has beautiful grounds, corner of Thirteenth street and Van Raalte avenue and they have plenty of room for expansion there.

George E. Clements has been manager of this concern here practically since it first came to Holland. He has succeeded in bringing his concern into close connection with the people of Holland by his interest in all public affairs and his willingness to assist in any project for the betterment of the city.

FACTORY BASEBALL LEAGUE IS TO BE ORGANIZED

EIGHT FACTORIES TO CONSTITUTE THE NEW BASEBALL ORGANIZATION.

No Admission to Be Charge; Factory Proprietors to Furnish Suits to Their Respective Men.

A new baseball league has been organized in Holland and no doubt the games will be patronized freely as the admission is free, but even should a small charge be made, this new factory league deserves the support of every baseball fan in the city.

The business institutions to be represented are the Bush & Lane Piano Co., Holland Furnace Co., West Michigan Furniture Co., Lambert Furn. Co., the Heinz Pickle Co., De Pree Chemical Co., Holland Shoe Co., and Holland Furniture Co.

The league will start to play a week from Saturday and in order to get the summer schedule complete, two double-headers will have to be played on two separate grounds. The Nineteenth St. grounds will be used each Saturday for one set of double-headers, and Water Works Park will be completed for base for another set. This will give the eight teams a game every Saturday afternoon.

It will be two weeks before the Water Works Park will be completed for baseball and an endeavor is being made to get the consent of the Hope College authorities to have games played temporarily on the Hope diamond until the city grounds are in shape.

Herman Van Tongeren has already offered a silver cup to the winning team and the bosses of the several factories have signified their intentions of donating the uniforms.

Altho the league will not start to play until a week from Saturday, two preliminary games will be played on the 19th street grounds this week Saturday, July 15.

The Walkovers will meet the Bush & Lane and the Holland Furnace Co., will try conclusions with the West Michigan Furniture Co. The games Saturday will have no bearing on the result or the schedule of the factory league, as it is understood that these games are simply preliminary and the league does not begin its summer schedule until Saturday, July 22.

GIRL IS BRUTALLY ASSAULTED NEAR FENN. VILLE.

ELEVEN-YEAR-OLD LEONA BILLINGS VICTIM OF ATTACK OF NEIGHBOR BOY

Police and Infuriated Citizens Scouring The Country For E. Stoltzmer, Aged 19

A deed unequalled in horror, cruelty and lowness, was committed near Fennville yesterday when it is alleged that E. Stoltzmer, a nineteen-year-old boy farmer successfully assaulted Leona Billings, a eleven-year-old neighbor girl. Stoltzmer made his escape and officers and infuriated neighbors are now scouring the country for him. The little girl is in a critical condition. She is being cared for by Dr. Bush of Fennville.

Sheriff Short and Prosecuting Attorney Pearle Fouch of Allegan are both in Fennville working on the case.

Stoltzmer lives on a farm about a mile and a half from Fennville with his mother. Shortly after dinner yesterday afternoon he was cultivating in his field near a little woods, some distance from his house. Leona Billings, a little neighbor girl, passed through the woods near him, on her way to a neighbor's house to visit while her folks were in Fennville.

When the girl was opposite him, it is alleged, Stoltzmer leaped over the fence and attacked her. The location and circumstances were all in his favor. The girl-child's screams failed to bring any assistance.

Stoltzmer left the girl in the woods, and went to his home. He told his mother he had to go to Fennville. On the way to Fennville he stopped at a store and bought a light cap and some cheese and crackers. This was the last that was seen of him.

The local police were notified to look for the young man and they are guarding all centers of transportation and are scouring the city in the search. Police of other cities are also engaged in the search. The country around Fennville is being combed by Fennville people, who are up in arms over the dastardly crime.

Complaint, charging E. Stoltzmer with this crime has been made before Wm. E. Stedman, justice of the peace of Fennville who gave this paper the information by phone this morning.

YESTERDAY WAS HOTTEST DAY IN LAST TWO SUMMERS

Government Thermometer Runs Up to 86 Degrees at Noon Wednesday; Highest Since Summer of 1914

The season's record for heat was broken yesterday at noon when the thermometer at the U. S. Weather bureau office at Grand Haven, indicated the temperature at 86 degrees. Previous to yesterday the high summer honors had been held by the month of May. On May 26, the mercury went up to 85.

The next highest record in the two years was 91 degrees, Aug. 8, 1914 saw that temperature. Last year's high came in the spring instead of the summer. On April 26 the temperature reached 83 degrees. That was the best it could do last summer, however.

The temperature has been climbing steadily for several days, and the high mark was reached yesterday at about noon. Within a short time the mercury had dropped to 84 degrees, but there was still little relief from the oppressive heat. The relative humidity was high and this did not help conditions a great deal.

According to the reports yesterday from the U. S. Weather bureau, the chances are not bright for much immediate relief. The indications are for continued hot weather without any great amount of rain.

BOYS CUT THIS OUT FOR BIRD COOP TIME

No more practicable method of winning back the birds to the gardens, the fields and parks where their presence and services are so much desired can be adopted than the building and setting up of houses which they will occupy during the summer or nesting season.

It is well to remember that birds, the discriminating in their selection of a home or nesting site, are not exacting as to the style of architecture or cost of material of such dwellings.

There are certain essential points to be observed in the erection of houses, some of which are:

1. Location in places protected from storms, winds and natural enemies.
2. Houses constructed so as to be easily cleaned.
3. Avoid overcrowding of houses.
4. Wood rather than metal or other substance is in general the best for building material.
5. Houses adapted to the known requirements of a particular kind of bird.

From the experience of successful builders the following table of measurements is derived:

DIMENSIONS			
Size	Size	Height

Inches	Inches	Inches	Feet

HOT FIGHT ON SCHOOL ELECTION IN DISTRICT

MEN WHO HAVE HELD POSITION FOR NUMBER OF YEARS DEFEATED FOR RE-ELECTION

There was a lively fight on at the school board election in District No. 1 Holland township Monday. Evidently the new party won as two trustees, who have held office for many years were defeated for re-election.

William Venhuizen, treasurer for the past twenty years, lost to John P. Kleis by seven votes. The race for the office of moderator was still more closely contested. John S. Brouwer was elected to this office to succeed J. P. Huyser, who has held it for the past ten years, by two votes majority.

The question as to whether the district should pay all the expense of an 8th grade graduate wishing to attend high school in the city or just half as is now he case, was brought up for discussion. A vote showed that 13 wished to pay all the student's expenses while 34 were in favor of paying half the expense.

Bareman, a farmer living in this vicinity, was completely demolished when his horse ran away and struck a telephone pole, corner of River avenue and Seventh St. Sunday afternoon. The body was lifted off the wheels and smashed and all four wheels were broken. The rig was standing on Seventh street when the horse became frightened.

The Grand Haven Lumber Company consisting of four mills, one of which was known as the Boyden Shingle Mill, its capacity was one million shingles per day, and at that time the largest shingle mill in the world, the company employing 600 men, and its monthly payroll amounting to \$15,000 to \$23,000 per month, was one of the most prominent companies in its day. James J. Danhof was its book-keeper for three years and had the handling of hundreds of accounts. Mr. Danhof as an attorney for the past twenty-three years has had

much practice in the unravelling of accounts and of estate matters. At present he is candidate for the nomination of Judge of Probate on the Republican ticket. He has never held any County office. By experience and by training both as an accountant and a lawyer he is qualified in every way to look after the many estates now pending in the Probate Court. He is not afraid of work, is trustworthy, competent and obliging, and will make good if nominated and elected. He kindly asks for your support.

Bulletin No. 5

The Bethlehem Steel Company's Offer to Serve the United States

At a time when the expenses of the Government are so enormous—

Isn't it worth while finding out the actual facts before plunging ahead into an expenditure of \$11,000,000 of the people's money for a Government armor plant?

To clear up the whole situation, and to put it on a basis as fair and business-like as we know how to express it, we now make this offer to the Government:

The Bethlehem Steel Company will manufacture armor plate for the Government of the United States at actual cost of operation plus such charges for overhead expenses, interest and depreciation as the Federal Trade Commission may fix. We will agree to this for such period as the Government may designate.

The House of Representatives voted down a proposal to empower the Federal Trade Commission to determine a fair price for armor, and allow private manufacturers opportunity to meet that price before the Government built its plant.

Isn't our proposition fair and ought it not to be accepted?

The measure is now before the United States Senate.

YOUNG COUPLE ENTER SUICIDE PACT

CUT VEINS AND PATIENTLY WAIT FOR DEATH IN ROOM AT HOTEL.

Were Married in Holland Two Weeks Ago; Man Is Nephew Of Peoria, Ill. Mayor.

Joe Irwin, aged 31 years, clean, young looking and well dressed, sat in police headquarters Friday a. m. and calmly told of how he and his 23 year old bride of two weeks, decided on a suicide pact and attempted to carry out their plans by bleeding to death in their rooms at Hotel Macatawa Thursday evening. Both were from Chicago.

Mr. and Mrs. Irwin, who were married by Justice Miles in this city about two weeks ago in the city clerk's office, despondent over their financial condition and tired of the world in general, each took a safety razor blade and cut deep gashes in their wrists. They then lay down and waited for the end to come.

According to Mr. Irwin they must have been bleeding for over three hours when their room was broken into by employees at the hotel and aid was given them. Both were very weak from loss of blood. Mrs. Irwin had cut deeper gashes in her wrists than had her husband and the blood flowed from her in a steady stream. She was so weak when discovered that she could not be moved and for a time her condition was critical. Friday morning she was still too weak to be moved from her room in the hotel but her condition was much improved and she will recover unless blood poisoning sets in.

The discovery of the suicide pact was as gruesome as the thing itself. Mr. and Mrs. Irwin occupied room 61 on the second floor. They bled so freely that the blood soaked through the ceiling and dropped to the room below. The people in that room notified the hotel management.

When questioned Friday Mr. Irwin said that they cut their wrists shortly after luncheon Thursday afternoon. Mrs. Irwin lay on the bed and he lay near her on the floor. It was about three hours later that they were found.

Mr. Irwin said that he did not know just why they had chosen bleeding to death as the way to end their lives. He said that never once as he lay bleeding, feeling life slowly flow from his body, did he regret his action or feel inclined to attempt to stop the blood or call for aid. During the hours he and his wife lay in the same room, dying but conscious, he said that they never spoke to each other. They had said good-bye and just waited patiently for the end.

Now that death has been averted Mr. Irwin says he has no desire to try to kill himself again. He says he has gotten over his desire. Mrs. Irwin told the same kind of story her husband did when questioned at her room at the park.

Mr. and Mrs. Irwin came to Holland from Chicago two weeks ago. Mr. Irwin deals in buying and selling second hand automobiles and Mrs. Irwin, formerly Miss Mabel Orman, is a trained nurse. Both are from Peoria, Ill. and both were staying at the Warren hotel in Chicago before coming here.

Happy and contented they were married by Justice Miles in the city hall with the city clerk, Richard Overweg and his assistant, Miss Florence Kruisenga, acting as witnesses. The young couple then went to Macatawa Park for their honeymoon.

They ran out of money and they owed for their room and board at the hotel. Mr. Irwin gave a draft for \$107.04 on his father's firm in Peoria, Ill. His father, W. G. Irwin, in the real estate business, evidently refused to honor the draft, as it was returned as "no good" to the hotel. Mr. Irwin said it was because he was so angry at being turned down by his father and because he and his wife were so depressed by the condition of their affairs that they decided to commit suicide.

Officer Herbert Harrington was called to the scene Thursday afternoon. On complaint of S. A. Miller, manager of the hotel, Mr. Harrington placed Irwin under arrest on a charge of passing a bogus draft, after it was found that he was not seriously injured. When arraigned before Justice Sooy Friday morning Irwin asked for an examination, which was granted.

Mr. Irwin has telegraphed his uncle, E. M. Woodruff, Mayor of Peoria, Ill., for \$150 to get him out of his present difficulty. Irwin says that if the money is forthcoming he and his wife will go back to Chicago and start anew.

Mrs. Irwin is without folks or relatives. Both her parents are dead. She has a sister in Chicago. She has not been notified.

Outwardly calm, except for an incessant drumming of his fingers, Joe Irwin, debonair young man, who with his wife of two weeks, attempted suicide by cutting the arteries in their wrists, at Hotel Macatawa, sat in the police headquarters at the city hall to-day waiting for his release from custody.

Att. N. C. Seidenberg, a junior member of the law firm of Jack, Irwin and Jack at Peoria, Ill., arrived in Holland to-day to attempt to get Joe Irwin out of his present difficulties. This morning Mr. Seidenberg went to Macatawa to make arrangements with S. A. Miller, manager of Hotel Macatawa, in regards to settling the false draft for \$107 given by Joe Irwin.

Att. Seidenberg worked on the case all day to-day. He has made arrangements for getting Irwin out of his present difficulty and as soon as he can secure the money to settle for the false draft of \$107 passed by Irwin, Irwin will be released. Mr. Seidenberg is trying to get the money tonight but he may have to wait until Monday for a final settlement.

Mrs. Irwin, although very weak,

passed the crisis this afternoon and she will recover. Her sister, Miss Helen Orman of Chicago arrived here to-day to care for her. If Irwin obtains his release to-day the party will leave tonight on the Graham & Morton boat for Chicago, as Mrs. Irwin is well enough to make the trip now. If Mr. Irwin does not obtain his release they will wait here until Monday.

Mrs. Irwin will remain at her sister's home in Chicago until well enough to travel. She is recovering her strength rapidly.

Mrs. Irwin's condition was very critical this morning. She is very weak from loss of blood. Excellent care is given her by women of the Park, who have volunteered their services, and some one is with her all the time. Dr. D. G. Cook, who was called when the young couple were found bleeding to death in their rooms, visited his patient again this morning.

Since his arrest yesterday Irwin has been given the liberty of the police headquarters and he has been shown every courtesy by chief of police Van Ry and the local officers. He walks about the offices at will and makes no attempt to escape.

Last night was spent in the Holland city jail. Irwin said he sat up until about one o'clock reading and then slept awhile. He was up quite early this morning.

When interviewed this morning Mr. Irwin said that he would remain in Holland until his wife recovers. When she is well enough to travel they will go west, probably to St. Louis, Mo. and start life anew. Mr. Irwin says his plans are rather indefinite at present. However, he said that he would not return to his home in Peoria. "There is no use in going back there," he said.

Mr. Irwin refused to talk of his past life to a Sentinel representative this morning. When asked, "You were married before?" he answered, "I don't think those kind of questions are necessary."

The Chicago Tribune this morning had an interesting story on Mr. Irwin's life in Chicago. According to the Tribune Mr. Irwin was married before and he has a three year old son. The following is quoted from the Chicago Tribune:

"Joe" Irwin is a familiar figure in Chicago's night life. He is known as a heavy spender.

Three years ago he went to Dwight, Ill., to take the liquor cure, but soon went back to his old ways upon his return to Chicago.

He worked at odd times, sometimes dabbling in real estate, sometimes working for coal companies, often acting as agent for various automobile concerns. He is said to have an income of about \$200 a month from stock in the Woodruff Ice company in Peoria.

His first wife died about seven months ago, leaving a three year old son, William. His first wife came from an old, distinguished Peoria family. Mrs. Josephine Booth-Parsons, her mother, was buried in Rosehill cemetery on Thursday.

About three weeks ago Miss Mabel Orman went to the Hotel Warner to rest. There she met Irwin. A trip across the lake followed. Later they returned to Michigan and were married two weeks ago, four days after their first meeting.

Mrs. Mabel Irwin, who formerly was a trained nurse, is a sister of Miss Helen Orman of Oakland place and Grand boulevard.

Miss Helen Orman denied that she ever had seen Irwin.

"My sister was in the best of health when she left," said Miss Orman, "and she never had any worries that I knew of."

Irwin, who has lived at the Hotel Warner for a number of years, is a son of "Judge" W. T. Irwin of the law firm of Jack, Irwin and Jack in Peoria and a nephew of Mayor E. M. Woodruff of that city.

Mayor Woodruff of Peoria was first notified of the attempted suicide by a representative of the Tribune.

"I had lost track of Joe," he said. "The last I heard of him he was in Idaho attempting to promote some railway proposition. He returned here once since then. I had heard he was married but have never met his wife."

Mr. and Mrs. Joe Irwin, who attempted suicide by bleeding to death, while spending their honeymoon at Macatawa Park hotel, accompanied Miss Helen Orman, sister of the bride, and Att. N. C. Seidenberg, a member of the firm of which Irwin's father is a senior member, Peoria, Ill., were passengers on the Garham & Morton steamer to Chicago Saturday night. Mrs. Irwin, who is now recovering her strength rapidly, will probably visit with her sister in Chicago a few days and then she will go west with her husband to start life anew.

Att. Seidenberg had no difficulty in getting Irwin released from custody. S. A. Miller, manager of the Macatawa Park hotel, withdrew his complaint when Mr. Seidenberg settled with him for the false draft of \$107 passed by Irwin. Irwin was then released on the payment of the court costs.

ROOF FIRE CAUSES \$50 DAMAGE SUNDAY

ARMBRUSTER HOME THREATENED BY FLAMES; AUTO TEARS STREET.

Sunday noon the fire apparatus was called out to the home of Mr. and Mrs. George Armbruster, 178 West 7th St. to extinguish a well started roof blaze. The entire roof was seized by flames when the wagons succeeded in getting a stream on it, but it was soon under control.

A defective chimney is thought to have been the cause. The damage is placed at about \$50.

On the way to the fire one auto carrying a few of the firemen caused quite a stir of excitement by tearing up the main street pavement at a 50-mile rate or better. Impatient and disgusted remarks were heard concerning this rate of speed on a street fast becoming crowded. The value of human life was compared to a few more dollars lost in property.

BODY FOUND MONDAY MORNING

COAST GUARD HERBERT VAN OORT DISCOVERS CORPSE FLOATING.

Body of Drowned Lad Returned To Grief-Stricken Mother In Chicago.

Just about one week after Llewellyn Zublin, aged 17, son of Mr. and Mrs. Llewellyn Zublin of 5721 S. May Street, Chicago, was drowned when his canoe tipped over, the waters of Black Lake gave up their dead.

The body of Mr. Zublin was found floating on the water in the weeds of the Big Bayou, near Ottawa Beach, by Herbert Van Oort, a member of the Macatawa Park coast guard station, at about 4:30 o'clock Monday morning.

Since last Monday noon, just one week ago, when S. Rohman was found clinging to an overturned canoe and told that his companion, Zublin, had been drowned, captain Van Weelden has kept from one to three of his men searching for the body. These coast guard men were aided by people from Holland and the resorts but the search was in vain on account of the heavy weeds and uncertainty as to where the accident occurred.

Captain Van Weelden said Saturday that on account of the warm weather the body would come to the surface in a week. Monday a. m. when Mr. Van Oort got off watch at 4 o'clock he rowed over to where search had been conducted. He found the body a short distance west of the grounds the searching parties had covered with drags.

Mr. Van Oort showed himself to be a true veteran coast guard and willing to tackle the most unpleasant things for duty when he lifted the body into his boat and took it to the station alone.

Mr. Ben Wade of Chicago, an uncle of the dead boy, who has been here all last week aiding in the search, was immediately notified. The body was taken to the Nibbelink Undertaking parlors where it was cared for. It was taken to the home in Chicago by Mr. Wade this noon.

The boy's mother is prostrate with grief, it is said, and it is feared she will not be able to survive the shock of seeing her dead son.

Mr. Wade asked the News, to express his sincere thanks to the good people of Holland, who so generously aided in the search for his nephew's body.

He is more than grateful to all who helped him here, especially to the members of the Coast Guard station, who worked tirelessly and faithfully, every day until the body was found.

NABERHUIS-VAN ARK UNION TAKES PLACE

FRIENDS AND RELATIVES ASSEMBLE FOR CEREMONY; TO LIVE HERE

At 8 o'clock last Thursday night, before a large gathering of friends and relatives, Miss Anna Van Ark, daughter of Mr. and Mrs. Herman Van Ark of 214 West 12th street, became the bride of Mr. Bert Naberhuis, son of Mr. and Mrs. James Naberhuis of 216 West 10th street. Rev. Martin E. Flipse of the Third Reformed church performed the ceremony.

To the strains of Mendelssohn's Wedding March, played by the Misses Alice and Irene Van Ark, the bridal party entered the room and advanced to an alcove where under a bower of green vines on a white background, the twinning greenery being artistically arranged to form the bride's initials, they were united by the use of the double ring ceremony. The bride was gown in silk chiffon over white satin and carried roses and swansonia.

Following this, the company found seats about the house and on the porch and were served with dainty refreshments by ten young ladies. The gift room contained a large and beautiful collection of gifts, among them being checks amounting to about \$800.

Among the out-of-town guests were Mr. and Mrs. Peter Marema and daughters Nellie, Jeanette and Katherine and sons John, James and William; and Mr. and Mrs. William Mouw, Mr. and Mrs. C. Douma and children George and Jeanette, of Grand Rapids; Mr. Ben Baldus of Toledo, Ohio; and Miss Bessie Van Ark of Evanston, Illinois.

Mr. and Mrs. Bert Naberhuis will make their home at 212 West 10th street. The groom is interested in the Superior Pure Ice Plant of this city.

ELGIN, ILL., MAN DROWNS AT SAUGATUCK

WILLIAM GUILFOIL OF ELGIN, ILL. MEETS DEATH ON FISHING TRIP.

Takes Plunge Into Kalamazoo River To Cool Off; Body Found In Hour.

While fishing with a companion in a row boat on the Kalamazoo river Thursday afternoon, William Guilfoil of Elgin, Ill. met his death by drowning. Guilfoil became rather warm after fishing for some time and considered a plunge into the river as a fine way to cool off. Diving from the boat he disappeared.

An hour later his body was found by the searchers. The hands and limbs were cramped, showing the manner in which he had met his death. A coroner's jury was impaneled this morning and returned a verdict of death by accidental drowning.

The body was shipped to Elgin, Ill. for burial. Guilfoil has been a resident of Saugatuck for the past three years during the summer months, staying at the home of Mr. and Mrs. E. M. Force. The victim was forty years old.

LOSES POCKETBOOK CONTAINING \$225

CHECK FOR THAT AMOUNT AND LARGE BOLL OF BILLS IN LOST CARRIER.

Here's a loss that should set every eye open in a search. An aged farmer living north of the city lost a pocketbook in Holland Thursday containing a check for \$225 and some bills amounting to almost that much. The finder, if returning it to the office of Attorney F. T. Miles, will receive a fine reward.

The loser of this valuable outfit is a client of this attorney who recently won a law suit. The check represents the amount the farmer realized from the suit. It was issued by Att. Arthur Van Duren to Att. F. T. Miles, and was endorsed by the latter before turning it over to the aged man. After leaving his home with the pocketbook yesterday and moving about Holland for some time he appeared at the office of his attorney with the news of his loss. It will be a great find for some one, or already has been.

Last Saturday, July 1, Miss Minnie De Bruyn resigned as manager of the Zeeland telephone exchange, to be succeeded by Jeanette Brill. After a couple of weeks, Miss DeBruyn will sever her connection with the Citizens Telephone Co. entirely and lay down this work after twelve and a half years of faithful and efficient service. We dare say that every telephone subscriber, without an exception, will regret to learn that she is about to quit her post to which she has given her untiring attention these many years with but little vacation. Since assuming the management of the local exchange, Miss De Bruyn has done her utmost to satisfy and please her subscribers and the service has, indeed, been all that could be desired. The Record highly recommends the new manager, Miss Brill, as she also has excellent personality and has a number of years of telephone experience back of her. Wm. H. Orr, of Holland, the district manager, is ready to assist in all matters when needed as in the past. The company has just distributed new directories, combining the Holland and Zeeland exchanges.—Zeeland Record.

ALL PEOPLE ASKED TO HELP PUT OUT FIRES

R. B. CHAMPION WANTS ALL THE SPRINKLERS TURNED OFF DURING FIRE; MORE PRESSURE NEEDED

Because it is necessary to have a strong pressure behind the hose when fighting fire, R. B. Champion, superintendent of the Board of Public Works, requests all the people of Holland to turn off their lawn sprinklers and garden hose when there is a fire. When water is being drained from the reservoir through hundreds of sprinklers the pressure behind the big fire hose is noticed perceptibly.

At several fires the firemen were hampered in their work by low pressure and so Mr. Champion calls upon all the people of the city to help fight fires by just allowing the firemen plenty of water.

Everyone should comply with this very reasonable request. Turn off your sprinklers when the fire whistle blows. When the fire is out turn on the sprinklers again. Don't figure that everyone else will shut off their hose and your's will not hurt. Do it yourself. A burning house needs water worse than even a parched lawn. Then some day it may be your house.

PIKE TOURISTS SPEND NIGHT AT PARK

ENTERTAINED BY LOCAL MEN; AUSTIN HARRINGTON ACTS AS TOASTMASTER

Three Local Men On List of Speakers; Party Goes North Early This Morning.

Forty West Michigan Pike tourists in eight cars were met by a few Holland cars near Graafschap Monday evening and escorted into Macatawa Park, ending the first day of the tour from Chicago to the Straits of Mackinaw.

Tired and hungry but even more enthusiastic than when the trip was started in the morning the tourists sat down to a splendid banquet, prepared especially under the direction of S. A. Miller, manager of the hotel. Arrangements for the banquet were made by the Chamber of Commerce of Holland and several local men took part in the entertainment.

When the pangs of hunger had been relieved the party pushed back their chairs and for an hour and a half prominent Holland men and Pike Boosters proclaimed the glories and blessings of good roads in general and the West Michigan Pike in particular.

Austin Harrington of Holland, county road commissioner and a member of the Pike Tour party, acted as toastmaster of the evening. He introduced the various speakers in a pleasing familiar manner and oratory and wit was kept running freely.

Mayor John Vandersluis of Holland was the first to respond to a toast. The mayor welcomed the tourists to Holland and he begged them to linger in our city this morning just as long as they could. He said that he appreciated their coming to Holland and stopping here for the night and that he was there at the banquet to show his interests and gratitude. Mr. Vandersluis declared himself for good roads, saying that they meant financial, educational and social benefit to a community.

Other speakers called on by the toastmaster were John I. Gibson, secretary of the West Michigan development bureau and grand master of the pike tour, W. M. Connelly, director, of Spring Lake, Wm. H. Loutit, president of the pike association, of Grand Haven, Att. Att. Geo. E. Kollen, of Holland, Mr. Stace, a Grand Rapids newspaper man and G. J. Diekema of Holland.

Mr. Diekema was the principal speaker of the evening. The local man lived up to his reputation as an orator. He spoke on the progress that is being made in road building and what is being derived from these roads. He said that roads do one great service to humanity other than offering a good means of transportation. They knit communities together and create friendly feelings between towns, villages and cities.

"Money in good roads is a good investment," he said, "and it gives the greatest return."

Mr. Gibson spoke on the advisability of building good roads as tributaries to the main trunk line roads. Gravel roads are all right where the travel is not great.

Mr. Connelly declared his first name was "Concrete" and he proceeded to shout the benefits of concrete highway construction.

Mr. G. E. Kollen said that the "good roads" movement was nothing new and he clinched his argument with a little very ancient history in which good roads played a prominent part.

Mr. Loutit thanked the people of Holland and the Mayor for coming out Monday evening and entertaining the pike tourists in this city.

Mr. Stace confined his remarks to a description of Austin Harrington's slow driving and a boost for more and better roads.

The party arrived in Macatawa close to 8 o'clock, about an hour behind schedule time. Several Holland men who went to meet them could not wait so long so the party from here that did meet them was very small. However, nothing was lacking in enthusiasm and the tourists enjoyed themselves every minute they were here.

At 7:30 Tuesday morning the 8 automobiles with the pike tourists were on the road again. They passed thru Holland at 7:45, banners streaming and bugles blowing.

From here the party went to Grand Haven, arriving there at 8:50 o'clock. A large company of Grand Haven automobilists met the tourists on the West Michigan Pike, just south of the city and conducted them through the town. At 9:10 the tourists left Grand Haven for Muskegon.

Today the tourists made stops, other than those mentioned, at Whitehall, Montague, Shelby, Hart, Pentwater, Ludington, Scottville. They spend the night in Manistee.

Monday all along the line from Chicago the delegates were well received. They were met by local parties in every city they stopped and given warm and enthusiastic welcome. The pilot car is driven by Joe Dawson of Grand Rapids, and carries John I. Gibson, who is grand master of the procession. Clarence Robinisch is bugler.

One of the things the pike tourists are doing this year, is boosting the Michigan resorts. They are flinging broadcast over the country the beauties and advantages of the Michigan lakes and rivers. In this work they have the backing of the Association of Commerce of Chicago, and a wonderful development is expected along this line.

CENTRAL AVENUE CLUBS PICNIC

A bevy of autos left the city yesterday noon carrying 83 picnickers to the scene of the celebration. They are the Central Avenue church Choral society and orchestra. Both have pleased large audiences during the winter with programs in the church. Cornelius Dorabos directs the choral society and John Van Vyven is director of the orchestra of 23 pieces. Tennessee Beach was their destination.

A program of games and sports took up the afternoon and a fine supper was served in the evening on the beach.

Federal Inquiry or Railroad Strike?

Faced by demands from the conductors, engineers, firemen and brakemen that would impose on the country an additional burden in transportation costs of \$100,000,000 a year, the railroads propose that this wage problem be settled by reference to an impartial Federal tribunal.

With these employees, whose efficient service is acknowledged; the railroads have no differences that could not be considered fairly and decided justly by such a public body.

Railroads Urge Public Inquiry and Arbitration

The formal proposal of the railroads to the employees for the settlement of the controversy is as follows:

"Our conferences have demonstrated that we cannot harmonize our differences of opinion and that eventually the matters in controversy must be passed upon by other and disinterested agencies. Therefore, we propose that your proposals and the proposition of the railroads be disposed of by one or the other of the following methods:

1. Preferably by submission to the Interstate Commerce Commission, the only tribunal which, by reason of its accumulated information bearing on railway conditions and its control of the revenue of the railways, is in a position to consider and protect the rights and equities of all the interests affected, and to provide additional revenue necessary to meet the added cost of operation in case your proposals are found by the Commission to be just and reasonable; or, in the event the Interstate Commerce Commission cannot, under existing laws, act in the premises, that we jointly request Congress to take such action as may be necessary to enable the Commission to consider and promptly dispose of the questions involved; or
2. By arbitration in accordance with the provisions of the Federal law" (The Newlands Act).

Leaders Refuse Offer and Take Strike Vote

Leaders of the train service brotherhoods, at the joint conference held in New York, June 1-15, refused the offer of the railroads to submit the issue to arbitration or Federal review, and the employees are now voting on the question whether authority shall be given these leaders to declare a nation-wide strike.

The Interstate Commerce Commission is proposed by the railroads as the public body to which this issue ought to be referred for these reasons:

No other body with such an intimate knowledge of railroad conditions has such an unquestioned position in the public confidence.

The rates the railroads may charge the public for transportation are now largely fixed by this Government board.

Out of every dollar received by the railroads from the public nearly one-half is paid directly to the employees as wages; and the money to pay increased wages can come from no other source than the rates paid by the public.

The Interstate Commerce Commission, with its control over rates, is in a position to make a complete investigation and render such decision as would protect the interests of the railroad employees, the owners of the railroads, and the public.

A Question For the Public to Decide

The railroads feel that they have no right to grant a wage preferment of \$100,000,000 a year to these employees, now highly paid and constituting only one-fifth of all the employees, without a clear mandate from a public tribunal that shall determine the merits of the case after a review of all the facts.

The single issue before the country is whether this controversy is to be settled by an impartial Government inquiry or by industrial warfare.

**WHAT YOU SAW IN THIS PAPER
THIRTY-FIVE YEARS AGO**

**MEN'S BIBLE CLASS HOLD
INTERESTING MEETING**

Discuss Subject, "The Influence of Christianity Upon Civilization"; Paper By Chas. Dykstra

The Quarterly Meeting of the Men's Adult Bible class of the Trinity Reformed church was held Monday night at the church parlors. A short business session was held and later, entertainment.

Charles Dykstra read a very interesting paper on the subject, "The Influence of Christianity Upon Civilization." Following the reading of the paper all present stated their version of this question.

The Rev. Gerrit Van Puersem, missionary from Arabia, now in this country on a year's furlough, who is visiting his brother the Rev. John Van Puersem, pastor of the Trinity church, this city, ably discussed the question. Accustomed to living in a country where civilization is slowly shaping itself, greatly under the hand of Christianity, he has a clear, concise idea of what Christianity is really doing. Refreshments were served.

**AGED LIGHT KEEPER
HELPS SAVE LIVES**

**JUMPED TO AID OF COAST GUARD
IN WATER WITH TWO
GIRLS.**

Capt. Brown, the Lighthouse keeper, at South Haven, is receiving congratulations on an act of heroism which proved that his 74 years have neither dimmed his bravery, nor lessened materially his activity.

Two girls were in swimming near the pier, and one of them was teaching the other to swim. The pupil became frightened and dragged her companion under the water. Charles Allers of the Coast Guard crew, jumped to their assistance, and they both threw their weight on him, so Capt. Brown jumped from the new tower to their assistance, and lent the aid that enabled them to reach shallow water in safety.

Capt. Brown seems to be a worthy successor as lifesaver to his neighbor, Capt. J. S. Donahue whose record of lives saved is a notable one, some of his rescues having received country-wide attention.

MAKE SURE OF THE PRICE

There seems to be some uncertainty as to the price of season tickets to our next Chautauqua. The tickets are printed \$2 but by special arrangement of the local committee, the prices will be the same as last year \$1.50 for adults and \$1 for children over 8 years. Holland is the only city on the Lincoln system who gets a price of \$1.50. So much for being the banner city for attendance on the entire circuit. Let us show by our interest this year that we are going to maintain this enviable reputation.

The program this year is even much stronger than last year.

**RIGTERINK LEAVES ON
BUSINESS; IS MARRIED**

**ANNOUNCEMENT OF RIGTERINK-
NOTER WEDDING SURPRISES
THEIR MANY FRIENDS**

Mr. and Mrs. Matthew Notier of 82 W. 12th street Tuesday announced the marriage of their daughter Harriet to Mr. Albert Rigterink, head chemist at the local De Pree Chemical Company plant. The marriage took place Tuesday at the home of Rev. and Mrs. John Vander Meulen in Denver, Colorado. Rev. J. Vander Meulen who performed the ceremony, is a brother-in-law of the bride. The young couple then left for a trip thru the west and will return to this city after two weeks to make their future home at 136 W. 14th street.

Mrs. A. Rigterink has been visiting at the home of her sister in Denver for some time, and Friday night, Mr. Rigterink left on the Chicago boat "on business". His friends were entirely ignorant of his intentions until it became known Tuesday. The newly-weds are very popular in this city and have a host of friends who are now congratulating them.

**WOMEN POLLED 150
FOR SCHOOL BOARD**

**TOTAL OF 573 VOTES CAST IN MON-
DAY'S ELECTION; CLOSE
RACE.**

Leenhouts, Re-Elected, H. Pelgrim, Jr., and H. Winter are New Members of Board.

The new members on Holland's Public School Board, as a result of Monday's election, are Henry Pelgrim, Jr., Henry Winter, and as a re-elected member, Dr. A. A. Leenhouts.

This was known Monday evening at 8:45 when the committee, L. Marsilje, B. Steketee, F. T. Miles and Henry Geerlings, had completed the count after closing the polls at 8 o'clock. Dr. A. Leenhouts, the re-elected member, polled the highest number of votes, 361, with Henry Winter a close second, having 351 votes. The other member-elect, H. Pelgrim, Jr., received 265 votes. Next came N. C. Knooihuizen with 240 and G. J. Kooiker, 222, and William Vander Ven with 209.

It was a close race all the way thru. The two highest were only ten votes apart, and the others polled between two and three hundred votes each. H. Pelgrim, Jr., was only 15 votes ahead of the first defeated candidate.

The choice was very close for the reason that each candidate was considered a person who could benefit Holland's Schools by being a member of the school board. No excitement of any kind was prevalent as the exact choice did not seem to be of great moment to the citizens at large.

A total of 573 votes was cast. It is estimated by the committee in charge that 150 of these were women's votes. It was clear that the women are taking an increased interest in the city's schools, as a far larger number cast a vote Monday than at the previous elections. The lack of interest on the part of the men of the city was also very apparent. "There ought to be at least 1000 votes cast in a school election," said one member of the committee. "All of the men of the city who are legal voters are expected to cast a vote at this time and all women who are either tax payers or who have children of school age, whether really attending school or not, are similarly privileged. Monday's count was 573."

The out-going members whose vacancies were to be filled were Dr. A. Leenhouts, B. Steketee and N. C. Knooihuizen.

JUMPS FROM A SPEEDING CAR.

**Man Wanted to Get Off at Certain Stop
and He Did**

A man, whose identity could not be learned jumped from a swiftly moving Holland Interurban car Monday morning. The man desired to get off at the Boone crossing, but the limited car did not make this stop. When he approached the crossing he took a leap which resulted in several summersaults, a torn coat and a bruised face. The man soon went his way after exclaiming, "I didn't know the Interurban went that fast."

Ten Brink said about \$60 damage had been done. A. H. Meyer was satisfied and agreed to pay the damage.

HOLLAND CHAUTAUQUA NEXT

**Men In Charge Making Effort To Have
Large Season Ticket Sale**

Since we are getting over our busy spell let us turn our mind to our coming Chautauqua to be held the week of August 14.

We are promised the best entertainments ever brought to our city and by buying a season ticket at \$1.50 for 24 numbers you can enjoy a high class entertainment for 6c each. The season tickets are now in the hands of Benj. Brower of the First State Bank and Alex Van Zanten of the Peoples Bank. Do not wait till the last week but speak to these gentlemen now and engage your tickets so that the committee may get an idea of how many to figure on.

This is one of the greatest educational features that is brought to Holland and it is hoped that our citizens will encourage the committee by buying liberally. Talk about it to your friends.

Biliousness and Stomach Trouble.

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma V. bryke, Lima, Ohio. "I could eat very little food that agreed with me and I became so dizzy and sick at my stomach at times that I had to take hold of something to keep from falling. Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly." Obtainable everywhere.

**CHAS. P. LIMBERT AND PARTY
FIGURE IN MOTOR BOAT
ACCIDENT.**

Charles P. Limbert, well known furniture manufacturer, his sister, Clara Limbert, and Dennis Gaham of Chicago narrowly escaped possible drowning in an accident on Fisk lake Sunday. Mr. Limbert had taken the other two out on Reeds lake in his new highpowered motorboat but experienced engine trouble and was returning to his summer home, Claremore, on the shores of Fisk lake. Mr. Limbert lost control of the boat and it ran into the dock. The craft's bow was crumpled by the impact and the occupants were thrown into the deep water near the dock but were rescued by friends. Mr. Limbert, Miss Limbert and Mr. Grahm were severely shocked.

Mr. Limbert is the head of the Chas. P. Limbert Company in Holland.

**RACERS FROM 100-
MILE GRIND HERE**

**THREE CARS, INCLUDING THE
WINNER, WAITING HERE FOR
TONIGHT'S BOAT**

Holland was in the midst of some speed Monday a. m. Three of the racers in Saturday's 100-mile grind at Comstock Park, Grand Rapids, drove thru the city on the main streets en route to the G. & M. dock. They were too late for the morning boat, however, and awaited for the night trip to ship the cars to Chicago.

The drivers in charge are the mechanicians of the men owning the cars. One is the winner of the long race, an Ogren, driven then by Ora Haibe but now in charge of Harold Smith. The Ogren drove thru the fence Saturday but came back on the track to win. The second is a Stutz in charge of Andy Bert and the third a Mercer, driven by G. F. Patrick. The Ogren piled thru the fence at Benton Harbor on July 4th also, and the driver is still in the hospital there.

**ANOTHER CANDIDATE
FOR PROBATE JUDGE**

**THIS MAKES FOUR AND ONE
PROSPECTIVE**

Edward Soule of Grand Haven will enter the primary campaign as candidate for the nomination of probate judge. Although Mr. Soule has been considering the move for some little time he has just made his public announcement. Mr. Soule is a Grand Haven man, well known in the county. He is at present practicing law in that city and has been rather active politically for a number of years. He has not been a candidate for an elective office in the county before, however, and is now making his first run.

**CROWD OF 3000 IS EXPECTED
AT MASS MEETING
FRIDAY NIGHT**

It is hoped that one of the largest crowds ever brought together in the city of Holland will be at the public mass meeting to be held next Friday night at 8 o'clock in the court room of the city hall. Every man in the city, whether businessman, manufacturer, laborer or capitalist is expected to be there as the matter to be taken up concerns all the residents of the city. A crowd of 3000 should be present at this meeting.

The question to be taken up for discussion is this. Several industries are hammering at the door of this city for admission. Never was opportunity so great for obtaining factories. But more than a welcome mat is needed to bring a good industry to the city and the means are lacking.

The men who have been out after factories and have brought many here cannot go further alone and unsupported. They must have the backing and concentrated aid of all the people of the city. At the meeting Friday night all sides of the question will be discussed and plans will be made for immediate and future work.

Bills will be distributed throughout the city calling on all the citizens of Holland to show their interest in this city by coming out Friday night.

**SAUGATUCK AND
DOUGLAS TO GET
POWER FROM CON-
SUMER'S LIGHT CO**

**TOWNS ON THE LAKE FOLLOW
ZEELAND'S EXAMPLE**

The Lake Shore Electric Co. has made arrangements with the Consumer's Light Co. to furnish current for Saugatuck and as soon as the wires can be strung the service will be given and Saugatuck and Douglas will be given day and night current. This will be a great advantage as with this service factories may be induced to locate. The local flange hall which has always maintained their own plant will use the service of the local company now.

The necessary changes in the system will probably be completed before the first of August.

RESOLUTIONS

At a meeting of the Directors of the Peoples State Bank, the following resolutions were adopted:—

Whereas, on the eleventh day of June, 1916, our Lord took unto Himself our beloved friend and brother, Professor John H. Our appreciation of the sterling characteristics of our brother whose counsel was of great value to us.

Our heartfelt sympathy with the sorrowing children and relatives.

Resolved that a copy of these resolutions be sent to bereaved family, a copy be recorded in the minutes of the Bank and copies be sent for publication to the Holland City News and Holland Daily Sentinel.

Should Sloan's Liniment Go Along?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment." Writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

DIEKEMA MAKES GRAND
RAPIDS CENTER OF
HIS CAMPAIGNGEORGE CLAPPERTON, MANAGER
OF CAMPAIGN FOR NOMINATION
FOR GOVERNOR.Advisory Committee to Form Active
Working Organization Throughout
State, to Begin Next Week.

Active operations were inaugurated in Grand Rapids Friday night in the campaign for G. J. Diekema for the Republican nomination for governor, by the selection of George Clapperton as chairman of a permanent working organization and manager of the campaign.

The selection of a secretary was left to Mr. Diekema and Mr. Clapperton. The appointment will be announced in a few days.

Meanwhile headquarters will be opened in Grand Rapids for carrying on the campaign in the entire state. The location will be announced this week, when the work of the campaign will be started. The organization will be backed by an advisory committee representing every township in the Fifth congressional district and every county in the state.

The preliminary details were perfected Friday afternoon and last night in the office of George Clapperton and the membership of the advisory committee will be announced in a few days.

A committee from Ottawa county came here Friday and held a conference with a local committee to consider a state and local organizations to promote the candidacy of Mr. Diekema. A committee was appointed to confer with Mr. Diekema, who is in the city and this conference took place last night. The details of the proposed campaign were given consideration and the result was the selection of Mr. Clapperton as chairman.

An active secretary will be appointed to give his entire time to the work of the campaign from the beginning of next week until the votes are counted after the primaries, August 29. In addition to the advisory committee there will be sub-committees in every district to carry out the details of the campaign in Mr. Diekema's interests.—G. R. Herald.

REAL WILD WEST.

Carl Hagenbeck-Wallace Circus Offers
Three Score Champion Cowboys
And Cowgirls From The
Far Western Plains.

One of the genuine novelties offered by the Carl Hagenbeck-Wallace Circus this season is its genuine and historically correct Wild West and Cheyenne Frontier Exhibition, participate in by sixty cowboys and cowgirls from the Far West. When the parents of the present generation were boys and girls there lived on the Western plains a great body of hardy heroes who settled as guardians over herds of cattle that roamed over the trackless plains. The cowboys are fast disappearing before the wake of the settling and cultivation of the Western plains.

When the Carl Hagenbeck-Wallace Circus exhibits in Holland on Tuesday, July 18, a real wild West show will be staged among the numbers. Assembled for this exhibition are the champion ropers, broncho busters, cowboys and cowgirls from Montana, Wyoming, Idaho, Texas, Oklahoma and far Western Canada. They represent the experts among the different lines exploited by the cowboy in his work and pastime. The "Pony Express", illustrating how the U. S. mail was delivered in the West before the advent of the railroad, will be one of the interesting exhibitions. In this the rider dismounts from his horse while the animal is running at full speed; runs and mounts a fresher horse. The animal is trained to dash away at full speed without any delay to the rider and the mail. Trick riding follows, introducing Chester Byers, acknowledged by all Western frontier exhibitions to be the greatest cowboy of this generation. Mr. Byers holds medals from the Pendleton (Ore.) Round-Up, the Cheyenne (Wyo.) Frontier Exhibition, the Calgary (Alberta) Wild West Exhibition and the Walla Walla (Wash.) Plainsmen's Exhibition. At every performance Mr. Byers rides a silver mounted and diamond studded \$10,000 saddle, a prize won last year at the Pendleton Round-Up. While fresh bucking horses are continually used in the wild West exhibitions, yet all owners of bad and outlaw horses are invited to bring them to town circus day that they be ridden by the Hagenbeck-Wallace champion cowboys and cowgirls. The wilder the horses are, the better they are liked by the wild West performers.

The Carl Hagenbeck-Wallace Shows travel this season aboard three special trains, the longest ever used to transport a circus organization. There are in the neighborhood of 1,000 people traveling along with the show, in addition to 108 advance men. Six hundred draft horses, 125 head of fleet footed ring stock, 400 trained wild animals and three herd of elephants are a part of the great organization. Twenty-two tents, which cover fourteen acres of ground, are used to house the show in the daytime.

The doors of the Carl Hagenbeck zoological paradise are opened daily at 1 and 7 p. m. An operatic concert by Prof. Fred Jewell's band of 45 soloists lasts thirty minutes and precedes the performances, which begin at 2 and 8 p. m. A three-mile-long gala, golden street parade will be seen at 10 a. m. on the day of the exhibition.

DESERVES YOUR SUPPORT

CORNELIUS J. DORNBOS.

REPUBLICAN CANDIDATE FOR
SHERIFF OF OTTAWA
COUNTY.

Mr. Dornbos was born in Holland Township nearly 40 years ago and has always lived in Ottawa Co. Mr. Dornbos has been a member of Holland's Police force 3 years with a good record. And has seen over 12 years service as Deputy Sheriff under the last four sheriffs of Ottawa Co. With a record hard to beat as an officer Mr. Dornbos is not a respecter of persons he has always treated alike both rich and poor. He has good letters of recommendation from some of the men he has worked under, such as ex-Mayor H. Geerlings. Mr. Dykhuis says Mr. Dornbos's work has been highly appreciated by him and former State Game

Warden C. S. Pierce has always considered him a very efficient officer Louis Oosterhouse, prosecuting attorney of Ottawa Co., in a letter to Mr. Dornbos says that the court records will show that they most always got results from Mr. Dornbos's investigations. If the people of Ottawa Co. want a clean man in the Sheriff's office this fall they could not find a man better fit for the place. As in all the years that Mr. Dornbos has been an officer there has never been a black mark against him and a vote for Dornbos at the next Primaries, Aug. 29, will be a vote for good government.

ZEELAND ANNUAL
SCHOOL ELECTION HELD

The Rev. B. Hoffman opened the annual school meeting held in the High school building Monday evening. C. Van Loo was re-elected as a member of the school board for three years. He was elected on the first ballot, having secured 64 of the 99 votes cast. Votes were then cast for one trustee to fill the vacancy of one year caused by the resignation of Dr. H. A. Riegerink, who moved to Kalamazoo. D. F. Boonstra had been appointed by the board to fill the vacancy until election time. D. F. Boonstra led on the first ballot with 36 of the 103 votes. Graddus Lubbers was a close second on the second ballot with 20 votes and Albert Lahuis third with 15 votes. It was decided to vote for the three highest on the 2nd ballot as there were so many scattering votes. Mr. Lubbers received the most votes the third time but did not have a majority. Mr. Lubber was finally elected on the fourth ballot with a majority of three votes. Thus ended one of the hottest contests ever waged for a position on the school board.

The financial statement of school district No. 1 fractional of Zeeland, from July 12, 1915 to July 10, 1916, was read and approved. It was decided to raise the sum of \$125 for the library fund next year. This sum will be used to buy new books, repair old ones and for salaries of the librarian.

Commencing July 1 the new Federal Standard Barrel law become operative, but it is doubtful if half the grocers in any given community are fully aware of it. Barrels may be of whatever shape may please the maker or vendor, but if they are to pass muster they must contain 7,056 cubic inches, or 105 quarts, or approximately three bushels. The penalty is \$500 fine or six months' imprisonment.

CAMPAIGN IS ON AGAINST
DRIVERS WITH AWFUL GLARE

Kill that glare in the headlights of your car!

That is the request of pedestrians and other drivers and the demand of the law. For the safety of human life it is imperative that the rays from the headlights both when meeting another car in the country and at all times within the city limits, be dimmed very much more than the majority are now. It is the height of criminal intent not to do so, when it has been so amply demonstrated what it leads to,—in toll of lives and in property damage.

Chief of Police VanRy said this morning that drastic steps would be taken to see that this law is obeyed. A stiff campaign against the glare demons would put them in a state of caution that now characterizes the speeders.

If your car is not equipped with the proper provisions to make a dim light, there are two ways in which you will be kept from the carpet in the justice court. One is to purchase amber glass for the lights, and the other, a more inexpensive way is to use a ground glass lens.

Citizens and pedestrians can help in this campaign by hailing the cars with bright lights. Make them feel their small position in persisting to use the death-dealing rays by shouting, "Kill that glare!"

Taking Big Chances

It is a great risk to travel without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as this preparation cannot be obtained on the trains or steamships. Attacks of bowel complaint are often sudden and very severe, and everyone should go prepared for them. Obtainable everywhere.
