ALL IS SET FOR HOLLAND SHOE PICNIC SATURDAY

LONG LIST OF PRIZES IN SPORT CONTESTS ARE FOUND BELOW

Everything is ready for the big annual picnic of the employers and employees of the Holland Shoe Co. to be held at Jensen Park Saturday of this week.

As a rule about 1200 attend these picnics, the married men taking their families for the day's outing.

No doubt many will go by automobile but the vast majority will go by Holland Interurban, special cars leaving for the picnic grounds at 8, 8:30 and 9 o'clock, fast time.

Returning the Interurban will leave in the evening at 5:00, 7:00, and 8 o'clock p. m. No doubt many will remain until late in the evening.

The sport program, the prizes and other information relative to the picnic is found below:

DIRECTORY MAN ALMOST THROUGH WITH HOLLAND

NOW GOING TO ZEELAND AND GRAND HAVEN

This city will soon know approximately what its population is, for Mr. Blodgett, the directory man has finished canvassing Holland and after he has his list compiled, will be able to give approximately the number of inhabitants that Holland has.

This population estimate will include those districts that have gone beyond Holland's boundary line, for as Mr. Blodgett states, the compilation would be rather incomplete, without including Montello Park, the North Side, and the homes east of Fairbanks avenue, for these parts have simply overgrown an imaginary limits line, but in reality are part of Holland, the men are employed in this city and do their trading here.

From Holland the canvassers go to Grand Haven, Zeeland, and Coopersville, in fact they are already on the ground and the rural districts around Holland are now being canvassed by sub-carrier, John Ridder.

Of course the population may be two or three hundred out of the way but there will be basis enough for figuring to see if this city has 15,000 population, the number we are boasting to have from time to time.

When Mr. Blodgett was asked how he got at the figures he stated that a number of families were canvassed promiscuously to see how many there were in the family to every head of that family, and an average was gained from these figures.

When asked what the average generally was he stated that in a strictly foreign population the average was four and a half, while in a strictly American population his experience had been that the average was two and a half per head.

Mr. Blodgett states that as near as he could estimate at this time the average in Holland would be approximately three and a half per head and maybe a little better, which would indicate that there is no race suicide here.

From all indications Mr. Blodgett is going to get out for Holland one of the best directories that it has had up to this time, for it will not only include a correct list of Holland's population, but of the rural districts in the vicinity of this city and cities of the entire county, together with other valuable information that cannot help but aid directory users.

The directory man is much pleased by the courtesy shown him in this city, by the valuable aid given from time to time by local business men and the ready way in which information was offered by local citizens.

A good directory is a convenient and valuable to any city, however a poor one is worse than nothing, and judging from the thorough way in which Mr. Blodgett has gone at the work Holland and Ottawa county is to have a good one.

RAIDERS' VICTIM
HAD LESS DRINK THAN PAPERS STATED

How is this for a joke on Brother "Scottie" of the Grand Haven Tribune? A liquor violator kicks because too much booze was mentioned as belonging to a moonshiner, judging from the following item in the Grand Haven Tribune:

"Edwin Rystedt of Spring Lake township, who was arrested one day last week by Sheriff Fortney's officers charged with violation of the liquor law, tells the Tribune that a mis-statement was made in the article published in this paper, telling of the raid. Instead of having four barrels of wine and two gallons of moonshine whiskey, Mr. Rystedt states that the officers found but twenty gallons of wine and a gallon of 'moon.' Mr. Rystedt asks this correction in justice to himself."

DEAD PIONEER FLOATED FROM
PINE CREEK TO KALAMAZOO
RIVER

The Fennville Herald tells of the death of William Plummer who died at Ganges at the age of 83. An interesting part of the story of Mr. Plummer's life was the fact that with his father Benjamin Plummer, when but a child, he settled in Saugatuck township in 1834.

The Plummers reached the mouth of the Kalamazoo at Saugatuck on a raft built at Pine Creek. Mr. Plummer's mother was the second white woman in this part of the country at that time. His older brother Andrew was the first white child born in Saugatuck township. William Henry was born in 1841. His parents moved to Ganges Township in 1850 where he grew to manhood.

At the age of twenty-one, he was married to Miss Mary Smith. To this union, nine children were born. For two years after his marriage he worked his father's farm; and in 1864 he went to California, locating in the Sacramento valley. Railroads did not cross the continent at that time and he went the pioneer way by horses and covered wagon. Three years later his wife followed him; but, as there was still no railroad, she with her first child, Ella, went to New York and then by boat down around the coast, across the Isthmus, and up to California. They resided there nine years, three sons, Leo, Leonidas and Harry being born to them while there. They then returned to Allegan county by railroad, which was a long and tedious journey at that time.

Ed Leeuw and Dick Van Aften have gone on a fishing trip to Long Lake, and will depopulate this body of water of its bass and pickerel.

NEARLY HUNDRED COME OUT TO SCHOOL CAUCUS

WAS LARGEST MEETING OF ITS KIND HELD IN HOLLAND IN SEVERAL YEARS

The largest school caucus in several years made six nominations Wednesday night for members of the school board, three of whom will be chosen at the annual school election in city hall. The total vote cast was 97, which is about twice as many as usually come to a school caucus. The nominees and the votes they received are:

Fred T. Miles	72
Mrs. Martha Kollen	70
James A. Brouwer	62
C. J. Dregman	9
R. B. Champion	8
Frank Bolhuis	6

The large vote for Miles, Mrs. Kollen and Brouwer was due to the fact that they were the retiring members and that naturally brought their names before the caucus. The rest of the members present had agreed before hand that the six highest should be nominees, three were named on rather small votes. Thirty-three different persons received votes for the nomination.

An attempt was made to prevent the nomination of three of the candidates by very small votes and several plans were proposed, but there were serious objections to all of them. After some discussion it was decided to proceed in the way that has been followed for many years and to make the first ballot a formal one, the six highest being declared nominated received.

R. B. Champion and C. P. Dregman both attempted to withdraw their names after they had been nominated, the former declaring that he held a city office and was not eligible and the latter declaring that he was already connected with two other education institutions. But the convention did not take withdrawals seriously and the nominations were clinched by a motion to adjourn.

R. B. Champion acted as chairman of the caucus and Henry Geerlings as secretary. David Damstra and Rev. J. W. Van Kersen were tellers.

ANOTHER CANDIDATE
FOR COUNTY TREASURER

Since Benjamin Brouwer has decided not to be a candidate for county treasurer on the Republican ticket, the second aspirant has entered the field. He is Jacob VanDyke, living in Holland township near New Holland.

Mr. Van Dyke is a bookkeeper of exceptional ability, having been a graduate from the old Grand Rapids Business College when the late Prof. Swinberg was at the head.

He has also been township clerk and clerk of the school district where he lives. The other candidate is John Den Herder of Holland who was the county treasurer for four years before Benjamin Brouwer took hold.

AUTOMOBILE
DRUNK GETS LIMIT
OF THE LAW

IS FINED \$100.00 AND COSTS BY
JUSTICE VAN SCHELVEN

Officer Zweerenga late Tuesday saw an automobile snaking down River avenue, and suspecting that the driver was "in his cups" he followed the machine until it got to the Junior high school, and found the driver with his head on the wheel, nearly asleep. How he got through the maze of automobiles from 8th street to 16th is still a mystery.

It was noticed that several drivers dodged the man and possibly but for this fact a few head-ons would have been the result.

The name of the man is John Borgman of Muskegon, a tailor of that city, no relative of the Borgmans here, however.

When Borgman appeared before Justice Van Schelven Wednesday, he pleaded guilty and the judge gave him the limit of the law, namely \$100 and \$3.70.

The man very penitently paid the fine and after giving the driver a good lecture, the justice sent him on his way.

Steps will be taken to have the man's license revoked.

OTTAWA COUNTY BASE
BALL TEAM HAS A
GIRL INFIELDER

The Conklin Independents, an Ottawa county base ball team, has a girl for shortstop.

The girl shortstop is Miss Mildred Gordon and she is one of the stars of the club. Some say the young woman is one of the best shortstops playing on independent teams in this section of the State. Not only does the girl cover plenty of ground, but she fires the ball across the diamond with speed and accuracy. The girl is also one of the leading hitters on the club.

In addition to being a good ball player, Miss Gordon is a good basketball player, horsewoman and boxer. The club has been entered in the state independent base ball tournament at Grand Rapids.

The steamer North American, one of the large boats that is to anchor here during the winter at Montello Park where docks are being built, struck a reef as she entered the Straights of Mackinaw. There are 350 "honeymooners" aboard and they are having a high old time. The ship was not materially damaged and tugs were busy endeavoring to pull her off the bar.

Mrs. Charles Ketcham, West 13th street, is visiting a few days with relatives in Grand Rapids.

HOLLAND SANTA CLAUS DIGS DOWN AGAIN

GEORGE GETZ SENDS CHECK FOR \$100 FOR LOCAL BASEBALL TEAM

George Getz, Holland's philanthropist who never forgets this city when it needs something has again put his hands down in his pocket and has dug up \$100 to be used to keep the Holland Independents going this season.

The local papers feeling that Holland cannot afford to lose its baseball team has been doing its best in its own way to keep the team going. Business men have offered special prizes, the needs of the team have been chronicled and the readers have been informed as to what a fatal mistake would be made if the paddlock were put upon the city baseball park gate because of lack of patronage.

They were told what the advertising value that such a team as Holland has is and has been for the city. Mr. George Getz genial host of Lakewood, and who has been Holland's Santa Claus for upward of 15 years, ever since he struck these parts, read the earnest appeal in the local press and this is what he says:

July 7th, 1924.

Mr. Ben Mulder,
Holland, Michigan.

Dear Mr. Mulder:

Upon my return from Lakewood Farm this morning and glancing over the Sentinel, I noticed with much interest and regret the situation the local ball team is in and I herewith hand you my check for \$100.00 which I would appreciate if you would turn over to the proper parties handling the team, and I hope the business men of Holland will not let the ball team go by default for a little financial help.

I regret my inability to attend the games myself, personally account of my being at the farm thus far very little, but hope the balance of the season, should the ball team continue to play, to be counted among those present.

Of course no ball team, such as the Holland team, that plays as good ball as they do, but that are bound to lose one of their good players now and then, as all our professional ball players usually come from teams of this kind; every player on the team, whatever position he may play, by playing good, honest, and consistent ball, will make a record for himself, thereby placing himself in a position to receive offers from some of the larger teams.

I am personally, and always have been, very much interested in baseball and all other sports which are handled clean and above suspicion and I believe the local team has always had the best of reputations along these lines, in playing good, clean, honest base ball; always out to win and never cry "quit" until the last man is out, and it is with very great pleasure that I can, in this little way, help the team.

With my very best wishes to them and hoping they will be able to retain and hold the team together, at least for the balance of this season, I am

Yours very sincerely,
Geo. F. Getz.

GEERLINGS AND
FAMILY IN BAD
AUTO WRECK

MOW DOWN BOULEVARD LIGHT
POLE; CAR STRIKES THE
KLEIS GROCERY

Mr. and Mrs. Henry Geerlings and son Clyde and daughter Miss Ruth, narrowly escaped serious injury when they returned late Wednesday afternoon by automobile from a three days visit to Detroit.

They entered Holland about 1:10 yesterday as a gust of rain fell, and Mrs. Geerlings had just asserted the fact that they had made the trip without mishap, and was pleased that they had gotten home before the storm broke, when suddenly, Mr. Geerlings who was driving, lost control of the car as he was turning into Columbia avenue on a wet pavement.

The car made for the sidewalk, mowed down a boulevard light standard and struck the building at the corner occupied by the Kleis grocery. The street light standard fell on top of the car demolishing windshield and breaking the top. Parts of the standard flew through the plate glass window of the store and smashed it.

The occupants of the car were literally covered with glass, but aside from a few small cuts on the hand sustained by Miss Ruth Geerlings, no one in the car was injured.

No doubt the hat worn by Mrs. Geerlings saved her from having her face badly cut. The headgear, it is evident, took the brunt of some large pieces of glass and saved her from serious injury.

The Nash car is a wreck, the radiator being smashed, the frame sprung, and is quite badly battered. Friends present took the Geerlings party home after the accident.

Mr. Geerlings states that no doubt as he was turning the corner on the wet pavement the car skidded to one side, although going at a moderate rate of speed.

The half-holiday for mallmen in Holland will begin again on Saturday of this week. The system was very successful last summer and it is believed that it will again meet with the approval of the people of Holland the coming summer.

John Albert Swanson, aged 49, died at his home in Douglas Wednesday. Swanson sold his home in Chicago a week ago and came to Douglas to live. He was taken ill with pneumonia and died a week after arriving at his new home. He is survived by his wife and four children.

PEOPLE'S STATE BANK

HOLLAND, MICH.

You are welcome to use our Directors Room
for your conferences and committee meetings.

HERE'S A SUGGESTION.

Sometime, for all you know, you may want to sell your house. When that time comes, how would you like to take a tip from experienced real estate dealers?

Well, anyway here's what they are doing in many cities: They advertise the location of the property, number of rooms, and whenever possible: "Heated by a Holland Furnace."

We often receive lists of these adds from our Branch Managers, and of course, we enjoy this evidence of personal pride on the part of our men.

The convincing thing about it, all is simply that no mention of other furnaces is to be found in these real estate lists.

SUMMER TAX CAMPAIGN IN CITY OPENS

It will cost the tax payer of Holland \$1.37 per \$1,000 valuation more this summer to run the city government and the city schools than it did a year ago. With the average home assessed at somewhere around the \$3,000 mark, the home-owner will have to dig up something like \$4 more this year than he separated from his roll a year ago. Last year the rate for summer taxes was \$20.55, while this year it is \$21.93.

All of which is interesting to the tax payer just now because the summer tax campaign started today. City Treasurer Murk Bowmaster had the decks clear for action Monday morning and the honor of being the first to pay taxes went to J. A. Van Putten. But Van Putten had close competition. Mrs. Fanny Grenewis was next in line and paid her taxes about a half minute after Van Putten.

The summer tax gathering campaign will be in progress for the next six weeks. It always begins the first Monday in July and closes the 15th day of August. The office of the city treasurer will be open every day from eight in the morning until 5:30 in the afternoon. On the fifteenth of both July and August and on the Saturday before the fifteenth of each month it will remain open until 9 o'clock at night for the accommodation of the tax payers.

The same system will be used that was used in years past. There has been some discussion by the members of the common council from time to time as to the advisability of having tax bills sent out to the taxpayers so that each person may know exactly how much he owes the city. But no action has ever been taken on this matter and so each person will have to call at the city hall with his tax money without receiving a bill to jog his memory. Outsiders who have property in Holland sometimes wait for such a bill because the plan is followed in some other towns. But people living in Holland know that it is up to them to remember to pay taxes without getting a bill.

OTTAWA CO. MAN COUSIN TO ILLUSTRIOUS STATESMAN

Thomas Gillhepsy, of Conklin, Ottawa County who was a first cousin of James G. Blaine, defeated by Grover Cleveland in the presidential campaign of 1884, and who served during the Civil war in Company E of the Twenty-First Michigan Infantry under Capt. Charles E. Belknap, died Sunday morning in the home of his daughter, Mrs. H. A. Gilbert, 1714 Francis Ave., aged 85 years.

He is survived by his widow, one sister, four sons and three daughters. The funeral will be held at 1 P. M. Wednesday in the Congregational church at Conklin and will be in charge of the Ravenna lodge of Odd Fellows. Interment will be made in Ravenna cemetery.

GOT A PASS TO "DEM" CONVENTION

Maurice Visscher, son of Mr. and Mrs. J. W. Visscher of Holland, was one of the lucky ones who heard the caustic key-note speech made by Senator "Pat" Harrison at the opening of the democratic national convention. Mr. Visscher, while visiting in New York, paid a call to Michigan headquarters and exhausted every effort to secure a pass to the convention hall.

It seemed hopeless at first but Mr. Visscher noticed a young fellow passing out tickets here and there to favored ones and so, assuming the look of a good Democrat, Visscher got into line and let it be taken for granted that he was one of those who had to "be taken care of." He got his pass and sat among the delegates on the convention floor directly in front of the speaker. "Rather queer," he wrote to his parents in Holland, "that in spite of my Republican heritage I got in and heard and saw the whole show."

HAMILTON MAN HAS FINE STRAWBERRY PATCH

Henry Johnson of Hamilton has nine and one-half acres of strawberries from which he is harvesting an unusually large and fine crop. One day last week nearly 400 crates of berries were picked from the field and he expected to secure more than 400 crates the next day. Most of the crop is being sold to the Holland canning factory for a dollar per crate but a little more than a week ago a load of ninety crates sold on the Grand Rapids market for \$4 and \$4.50 per crate. Mr. Johnson is also raising a large acreage of beans which has been sold to the Holland concern.

W. G. LEENHOUTS POST TO HAVE PICNIC JULY 16

The American Legion picnic which has become a very much looked forward to event among the ex-service men, will be held July 16th. Dr. and Mrs. Wm. Westrate have placed their summer home with its spacious grounds and beautiful beach at the disposal of the buddies. The Ladies' Auxiliary are invited to participate in the fun making, and it is expected that every ex-service man will come out-fitted with a bride or a bride-to-be. There is a full program of feasts to be performed, and said to be devoured. "Thanks again," to the willing aid of the Auxiliary. The band in all its splendor and regalia, including Dugan, will be out. Anyone who doesn't come won't have a good time, and everybody who does will.

The delegates who will represent the local Post at the State convention were elected. Commander Doctor Tappan, Adjutant Mike Schoon, B. H. Levens, Al. Van Lente, Chas. Van Lente, Tom Hally, Gerrit Vreulink and E. C. Brooks will represent the local Post. But, according to the expressions of various of the ex-service men Wednesday night, in all likelihood Holland will be very well represented at Muskegon September 1, 2, 3.

The adjusted compensation blanks were passed out to a number of the ex-service men Wednesday night at the meeting. For the benefit of those who served in the World war and for the families of their comrades who have died, the officers of the Willard G. Leenhouts Post want it known that the Post is ready and willing to give every possible aid to all in making out these forms. Mrs. Van Duren is at the City Hall and very well equipped and ready to help.

PARKING FEE IS REQUIRED AT MACATAWA

Mayor Kammeraad today received the following notice from Swan A. Miller, president of the Macatawa Resort Company:

"Be it known that we have found it impossible to accommodate all the automobiles etc. that drive in here and park in the loop, thereby blocking the road so that others cannot reach the Park; therefore as we desire that all who wish may enter this Park, under rules and regulations issued by the Macatawa Resort Company, and as our space is very limited, on account of the topography of this Park, we shall place on duty an Information Bureau to assist all automobile patrons.

"The following rules must be observed:

"1st. Drive on the right hand side of the drive way.

"2nd. Automobiles may park on our grounds for a period of two hours, free. For a longer period a minimum charge of twenty-five cents will be made.

"3rd. A speed limit of ten miles per hour must be observed."

A few weeks ago Mayor Kammeraad, having heard that a plan was on foot to charge for parking cars at Macatawa, went to the park, accompanied by Peter Prins, secretary of the chamber of commerce, and had a talk with Mr. Miller. The mayor pointed out that the interests of Holland and the resorts are the same and that a fee for parking would be very unpopular. He urged that the people of Holland should be considered in a matter of this kind.

Mr. Miller stated his side of the case, the gist of which is given in his formal notice to the mayor. No action was taken at that time, but the above rules and regulations have been adopted. Mayor Kammeraad is not satisfied with the fee part of the rules. While of course he has no jurisdiction at Macatawa he believes that a modification of the rule in regard to the fee can be secured. It is likely that efforts toward this end will be made under the leadership of the mayor.

FORMER OTTAWA CO. COMMISSION- ER CELEBRATES

July 4th was a big day at the home of Mr. and Mrs. Edwin Fellows in Olive township. Besides celebrating the nation's birthday, Mr. and Mrs. Fellows fittingly observed their Golden wedding anniversary. Invitations were issued to their relatives and immediate friends and there was a gathering of about fifty at the farm home. A big reunion and dinner was the outcome.

Mr. and Mrs. Fellows have many friends and acquaintances in Holland, Mr. Fellows for many years serving as Ottawa county drain commissioner and during that time made Grand Haven his headquarters. Many Holland friends knowing of the approaching anniversary sent in their congratulations and best wishes to Mr. and Mrs. Fellows. A number of relatives from this city attended the anniversary.

CHICAGO MAN LANDS A BIG BLACK BASS

The largest black bass landed in local waters this season so far was hooked Monday morning in the bayou by M. J. Schmidt of Chicago who has a cottage at Waukazoo. Schmidt brought the big fish to Holland and had it entered for a prize with the Holland Game and Fish Protective association. The bass was weighed officially and tipped the scale at three pounds and five ounces.

"He fought like a mad bull," his captor told the story, "and it took some time to land him. Half the time while the fight was going on I was in the water but I saw the prize was a big one and so I did not mind getting wet."

MASONIC ORDER TO DISPOSE OF 1,000 TICKETS

The local Masons representing Unity Lodge will surely put the chautauqua over in Holland successfully. Four hundred Masons have pledged to sell two tickets each and are bound to return nothing but the money to headquarters. Many of them will sell a good many more, but it seems sure that 800 tickets will be disposed of on the go-in when each member stands responsible for two tickets.

The ticket committee consists of Arthur Van Duren, Ed Slioter and Harry Harrington.

In a long communication which also contains the two tickets sent to each member the letter winds up as follows: "If you do not live near enough to attend the meetings and the chautauqua entertainments, can't you send check for at least one ticket to be handed to some local friend with your compliments, and by so doing aid in putting this across, as it should be done by a Masonic body? Just bear in mind that we ought to sell not less than 1,000 tickets to 'put ourselves on the map' and make the showing that we owe ourselves as an institution in this community. Do it for Unity and do it for Holland."

The proceeds over and above expenses are not to go to the Masons but to a Y. M. C. A. building fund augmenting another fund already in the local banks collected some years ago from Lincoln chautauqua exhibitions.

The work of distributing the leaflets telling all about Holland was done Monday by the local boy scouts under the direction of Francis Deto, who is in charge of the scouts while Scout Executive William Slater is in Detroit. The city was mapped out for the boys and each scout was given a certain territory to cover.

Each family is provided with ten or a dozen of the leaflets about Holland and the people are asked to enclose them in their letters to friends or business correspondents outside of Holland so that the story of Holland may be carried as far as possible. The pamphlets are distributed by the chamber of commerce.

FIRE WORKS DISPLAY INSIDE OF HOME

Friday can be put down as one of the most quiet 4th of July ever celebrated in the city of Holland. Despite the fact that this is the last firecracker year which would lead one to think that there would be a glorious wind up with a lot of shooting just the contrary was true.

Chief VanRy says that this is the most quiet 4th during his regime as chief of police. There were no arrests for drunkenness as in pre-Volstead days. Only two speeders were taken in by the cops and that was the extent of misdemeanors on that day.

There was only one fire 4th of July morning and that was on 19th-street. A small blaze having started from a fire cracker on the roof of a dwelling there. Very little damage was done. The police report no one hurt because of automobile accidents and both in Holland and at the resorts a few small collisions of only minor importance were reported. This is an exceptional record considering that thousands of automobiles were on the highways constantly between the resorts and Holland. Fast driving was simply impossible because of the congestion, and this demonstrates conclusively that careful driving prevents accidents.

The most serious occurrence of the day, which was also rather spectacular, happened on E. 19th-st. A little boy of 6 years, by the name of Eugene Parriott was shooting fire crackers from the porch of his home. He went into the house to get some more crackers when the punk-stick he was carrying set off a lot of fire works intended for the evening.

The lad had roman candles, sky rockets, bombs, sparklers, and fire crackers stored under the bed in his bedroom and in some way a roman candle was ignited and things began to happen in the sleeping apartment. When the smoke had cleared away, \$7.00 worth of fireworks had been prematurely shot off and the little fellow who had been anticipating a glorious wind-up in the evening, was badly burned by the blast, altho not dangerously so.

Altho Holland had no celebration of its own, the attractions were Jensen Amusement park, the Yacht races, a good baseball game, the local theaters, and fireworks at Ottawa Beach from a scow in mid-lake.

There were any number of picnic parties and family outings at the different resorts in the neighborhood, altho Holland proper was a very quiet city celebrating the sanest 4th in its history.

Holland was well represented at the Regatta on Black Lake all 4th of July, and especially in the evening everyone who had a motor car, or could get on an interurban left for Ottawa Beach, Jensen Park or Macatawa in order to see the elaborate display of fireworks shot off from a scow in mid-lake.

It was through the efforts of George Gets, Egbert Gold and other Chicago men who make their home here during the summer time that the regatta is again one of the summer attractions at the local resorts.

Some 20 years ago the Columbia Yacht club of Chicago pulled off big regatta here with the accompanying water sports, but these were finally discontinued just as all these features have their ups and downs, reviving at intervals.

It looks like old times to see the sailing yachts and motor boats contesting for supremacy on the water; to see the commodores in full regalia and the guests in yachting attire.

The 4th of July was surely a gala day for the yacht men of the three clubs represented at the Ottawa Beach races Friday, namely the Ottawa Beach yacht club, the Chicago Yacht club, and the Grand Rapids Yacht club.

On the 4th of July the weather was ideal for the races a light wind adding zest to the annual six-mile race of the Chicago Yacht club, which was held just outside Holland harbor. Hundreds of local and western Michigan folk gazed on the exciting finish from their seats in skiffs, motor and sailing craft and even from shore.

The Harl, owned and skippered by Ben Carpenter, took the universal time prize in the first class sloop section. The time was one hour, five minutes and 12 seconds.

The Verona, piloted by F. Keller, and the Jackson Park, piloted by Dr. W. F. Hewitt, took second and third honors, respectively.

The Springtime took the time prize, the time being one hour, four minutes and 58 seconds.

In the 35-foot sloop class the Seakoonook, skippered by Masselman, took first award, the time being one hour, seven minutes and 20 seconds.

It is estimated that more 3,000 automobiles were scattered through the resort section and figuring five persons to the car this would total 15,000 people not including the thousands taken there by the Holland Interurban. It is evident from these figures that the Holland resorts are still interesting gathering places for folks who want to go for an outing.

BAD SPAWNING YEAR FOR BASS, MANY EGGS MOULD

Dwight Lydell, of Comstock park Grand Rapids hatchery, says it's been bad year for the bass, bluegills and perch.

Seems Mr. and Mrs. Bass waited until more than two weeks later than their accustomed season to raise their young this year. But even then the cold weather hung on. The eggs were laid and properly fertilized. Then came chilly nights, and Mr. Lydell reports many thousands of eggs were killed. At various nearby lakes which he inspected last week he found bluegill eggs which were dead and covered with mould.

Spring Lake country club golfers triumphed over their opponents from Holland in a close match at the Spring Lake links, Wednesday afternoon. Tom Conrad, Grand Haven pro and Hunter S. Robbins, premier country-seat golfer, took the measure of Edgar Landwehr and Nick Webber of the Holland country club. The match was even up at 18 holes and the Grand Haven men won in at the 19th. Another match was played for nine holes the Spring Lake country club duo winning this handily, 4 up and 2 to go.

Conrad established a record for the first nine holes on the new course by getting a 55 in the last match. Lee Higgins had the previous record, a 58 while All Watrous who recently shattered the course record, got a 59.

The Midland Chautauqua company of Chicago will be at Saugatuck one week beginning Aug. 9.

SAYS FATHER NOT TO BLAME FOR HER CONDITION

A sensation was sprung in the case of Desire Van Driessche, a Belgian of Brookfield township, near Charlotte who some time ago was given a life sentence at Jackson prison when convicted of a statutory crime by the testimony of his young daughter, Mary. The girl now repudiates her testimony and insists that her father is innocent.

A motion for a new trial of the case will be heard in circuit court here on Monday.

Mary Van Driessche is now in the state public school at Coldwater. A voluntary statement signed by her has been filed in circuit court. In this statement the little girl says that the evidence she gave at the trial as to the charge against her father was wholly false and was given under threats made by an older sister living near Easton Rapids, who had trouble with their father and who told her sister that unless she testified as she did at the trial the girl would be sent to Adrian or some other institution.

NEW FEATURES ADDED TO THIS YEAR'S EXHIBIT

The annual fair book for the Community fair at Holland is ready for distribution, so says Sec'y Arendshorst. There will be a day and night fair on August 19-22, considerably earlier than heretofore, supposedly to attract some of the resorters who do not leave until school opens.

The officers of the fair are: President, Austin Harrington; vice-president, M. C. Ver Hage, Zeeland; secretary, John Arendshorst; treasurer, Benjamin Brower.

Superintendents of departments are: Cattle, W. Glerum, J. J. Nyenhuis, H. Harrington; horses, M. Van Zoeren, Seth Nibbelink; sheep and swine, J. J. Nyenhuis, G. J. Bolks; poultry, George Cable, J. J. The features planned this year include a special fair for women and children, an elaborate display of fireworks, special amusements during the afternoon and evening, horse racing and music, hippodrome, auto polo, a new department for curios and relics, special educational features and unusual premium offerings for cattle, swine, horses, chickens and other livestock as well as the many grain and produce prizes assuring exhibits that will outstretch those of any similar exposition of this kind in the state.

MARRIED AT HOME OF BRIDE'S PARENTS

A pretty wedding was solemnized July 3 at the home of the bride's parents, Mr. and Mrs. B. Vandenberg when their daughter Marie, became a bride of Jacob Prins of Fulton, Ill. Katherine Vandenberg played the Wedding March from Lohengrin as the bridal couple entered and took their places before an arch of daisies and ferns. Rev. J. F. Heemstra performed the ceremony.

Bernice Vandenberg, dressed in pink georgette attended the bride as maid of honor. She carried a bouquet of roses and sweet peas. John Vandenberg attended the groom as best man. Lucile Jane Meyer, dressed in blue crepe de chine carried the rings in a small box.

The bride wore a dress of white Elizabeth crepe and carried a shower bouquet of roses and swansonia. Her veil of tulle was held in place by a string of pearls. They will make their home at 502 State street.

MAJOR OLSEN OF GRAND HAVEN HAS NEW POSITION

Major George L. Olson, veteran commander of Company F, Grand Haven, has been relieved from command of the Third Battalion and has been promoted to machine gun officer of the regiment.

He will make bi-monthly inspections of the three Michigan machine gun companies of the regiment, namely Holland, Ionia and Grand Rapids.

This is exceptionally fine news for the local ex-service men in and around Holland, as Major Olson has always been a favorite with the men here, and his visit to this city is always looked forward to with pleasant anticipation.

He was recently appointed postmaster at Grand Haven through the good offices of Carl E. Mapes who has always been a great friend of ex-service men.

The Holland Merchants baseball team defeated the strong Shoe Factory nine last night to the tune of 17 to 12. It was a real slugging match. Merchants knocked out Van Zanten, Shoe twirler, in the 14th inning, and Tubergen of Graaschap finished the game. The Merchants played a real game and the Shoes were surely up in the air. A good crowd witnessed the game and cheered the Merchants to victory.

Batteries: Merchants—De Cator, Knooihuizen Klomprens; Shoes—Van Zanten, Tubergen, Schuer, Japenga.

On the 19th St. grounds the De Pree's and Federals played a tie game 8 to 8 in nine innings. The game stood 8 to 4 in De Pree's favor until the last of the 8th, the Federals scoring 4 runs. The game was called on account of darkness to be played over at some later date. Batteries: De Pree's—Te Roller and Rosendal; Federals—Scheerhorn and Siegers; umpires, Van Schelven and Fred Jarvis.

WILL ERECT A BATH HOUSE IN KOLLEN PARK

The boys of Holland are to get a bath house in Kollen Memorial Park, and what is of greater importance to them, they are to have it immediately. They will not be forced to wait until the council meets again but they will have their bath house as quickly as carpenters can put it up. It will not be a palatial affair but it will do the business.

Ald. Peterson brought up the matter at the meeting of the council on Wednesday night. He pointed out that hundreds of boys go in swimming in the lake off Kollen park during warm weather, sometimes as many as 300 in one day. Moreover girls and women also go to the lake in warm weather, some to go bathing, some merely to be near the water. There is no place for the boys to change from clothes into bathing suits and they have been using an old half-submerged boat which is extremely inadequate as a bath house. As a consequence many complaints have been coming in.

Mayor Kammeraad reported that he had taken the question up with the park board and that that board had no objection to the erection of a temporary bath house. Later on it is planned to build a permanent bath house for that park but that is still in the relatively distant future.

Some aldermen suggested putting up a sign forbidding swimming at that place on the plea that the water is rather dirty, but those who know conditions declared that it would be impossible to keep the boys out and that it would not be fair to deprive them of this bathing beach, the only one in the city limits.

Ald. Peterson estimated that it would cost from \$150 to \$200 to put up a temporary bath house for the boys that would take care of the needs for the present and the aldermen authorized the aldermen from the fourth ward and Ald. Laepple from the third to go ahead and put up a bath house at a cost not to exceed \$200.00.

SUMMER TERM TO BEGIN ON JULY SEVENTH

Holland Business College will again have summer school sessions beginning July 7 and will continue for six weeks. Several young women have already enrolled and more are expected to take advantage of this opportunity. Summer sessions are held to accommodate students of day and evening classes to complete their courses to become eligible for a position, and to offer the opportunity to others to continue their studies in the commercial subjects.

The regular school year closed on Friday and it was one of the most successful years of the institution. The number enrolled during the year day and evening classes, was 122. These were made up of high school graduates, college students, factory workers, store clerks, and stenographers.

During the past school year the following have taken positions:

John Vander Ploeg, H. J. Heine Co.; Henry Geerlings, H. J. Presidents of societies are: Sigma Chi, Ethel Heneveld; Blue Triangle, Eva Tyss; Hi-Y, Irving Tucker; Atheneum, James McCarthy; Dnaloh High, John Winter; Kappa Delta, Alice Donnelly.

The class of 1924 of Holland high school will prove an excellent feeder to Hope college next fall. At least 40 members will enroll at Hope. Eight will enroll at Western State Normal Leon Kiles, leading athlete, expects to enroll at Hope.

SAUGATUCK PAPER WANTS JEW AND GENTILE, CATHOLIC AND PROTESTANT TO FRATERNIZE

Saugatuck Commercial — Through the black night of religious and racial bigotry, hatred and intolerance a beam of cheerful as the summer sun bursting through the storm clouds comes from a little Michigan town in the following press dispatch:

Carson City, July 1.—The local Masonic and Knights of Columbus lodges will have a picnic at the village park on Sunday. The program will include a basket dinner, followed by addresses by able speakers from both organizations.

And why not? Gentile and Jew, Catholic and Protestant, in this little world we are perforce neighbors for brief span—so why not be neighborly?

Peter Wostand, farmer living at Marne, Ottawa county, was arrested here and fined \$15 Tuesday afternoon for driving a truck without a license.

The army worm has made its appearance on farms about four miles south of Holland. They were first discovered in the wheat and oat fields of Henry Gourink and Albert Homink. Farmers have started to combat the pest with poison mash, recommended by county agents and state representatives.

George W. Deur, manager of the Thomas store here, was in Grand Rapids Tuesday night to attend a meeting of the Thomas managers. Arrangements were made at that meeting for a big picnic in August when all the Thomas stores everywhere will be closed for a day and when all the employees will join in a day's outing.

Under the system to be inaugurated in Holland high school next year, all special work will be eliminated and each subject will be made part of the regular course. The number of required subjects will be lessened and electives increased. Thirty-five credits will be required for graduation, the equivalent of the present 32 regulars and 8 specials. The schedule of classes will be changed and the periods will be approximately 75 minutes, of which are to be spent in recitation and the remainder in preparation.

The resort season is at full swing in this section. During the past few days auto traffic on M-11 has been heavy. One motorist counted 340 cars in driving 15 miles.

Mr. and Mrs. B. F. Dalman and daughter Edna, Mr. and Mrs. L. B. Dalman and son Harold, and Mr. and Mrs. E. H. Post spent the week-end at Benton Harbor, the guests of Mr. and Mrs. H. Cook.

Dr. J. B. Nykerk left Tuesday for Chautauque, New York, to spend a week or two, there. Dr. Nykerk is director of the newly established headquarters of the Reformed church at that place.

Rev. Frederick Lubbers, pastor First Reformed church at Sioux City, Ia., and who has just celebrated his 25th anniversary as a minister, was given a doctor of divinity degree by Central College.

A petition bearing 1,742 signatures has been forwarded from Ionia county to Gov. Groesbeck, asking clemency for the three chiropractors now serving sentence in the Ionia county jail.

John N. Trompen, well known in Holland, vice president of the Kent County Sunday School association, presented diplomas to 15 young women who graduated from a year's training course in Sunday school teaching at the Fifth Reformed Sunday school in Grand Rapids.

Louie T. Reverts, 365 Pine avenue, former editor of Hope College Anchor, dropped this paper a postal card stating: "As a good sport, I thought that I would drop you a line. Am spending my vacation in New York. Democratic convention is still on here; they are all for Smith it seems. I edged into the convention hall yesterday—quite disgusting, but suppose they are having a good time. I am enjoying the East."

The Holland Game and Fish Protective association will seek the appointment of a special game and fish warden for Holland and its immediate vicinity. "There is enough work here for a special warden," said one of the officers of the association, "owing to the popularity of Black Lake as a leading fishing ground. The law governing fishing conditions is so often misconstrued that only satisfactory results can be achieved through such a course."

William Kardux and bride of Janesville, Wis., who have been spending a short time with their parents and other relatives here, returned to their home Monday.

The oldest resident of Cooperaville, namely Mrs. William Ballard, died at that place at the age of 88 years. She is survived by eight children, 13 grandchildren, 40 great-grandchildren and one great-great-grandchild.

This week will finish the strawberry pack for the Holland Canning Co. More than 15,000 crates will have been canned by Saturday night. The 200 women employees will go at the cherries next.

Marie Zwemer returned Monday from a two weeks' visit to Yellowstone National Park.

Rev. John VanderKleef and family and Rev. Bogard of Beaverdam left Monday for a motoring trip through the east. They intend to visit New York, Washington, Niagara Falls, and other places of interest. The pastor of the 14th street Christian Reformed church is on a three weeks' vacation.

One of the largest steamers that have entered this port in some time is the big whaleback from Sturgeon Bay filled with 2,000 tons of stone for Holland streets. The name of the steamer is Bay State and she has been tied up at Harrington's dock for the past few days until unloaded. She cleared from this port Monday morning.

The local fire department was called out to a fire at Virginia Park Sunday at 6:45 o'clock. An alarm was turned in to box 21, the hotel corner, and Chief Blom directed one of the pumps to go to the scene of the fire. The fire was in a cottage on the lake front, a large hole being burned through the roof. The damage is possibly \$200. The alarm was sent in by John J. Cappon who lives in the neighborhood.

The new system of marking by letters which has been adopted in many schools is being advocated for Holland schools. The reasons advanced are that it is considered the standard schedule of grading and saves much time and trouble for the principal who must figure the average of pupils coming from other schools. The system of marking by letters is also considered fairer than that of using figures as it places two or more students doing practically the same kind of work on a par with each other.

Vacant Michigan churches in the Christian Reformed denomination have extended calls to candidates recently graduated from the Western Theological Seminary. The calls include: Cooperaville, W. Kok; Eastmanville, J. Gritter; Bauer, D. Bonnemai; East Martin, A. Dusseljee. Other churches have nominated trios as follows: Portland, A. Dusseljee, J. Gritter, M. Monisma; Rudyard, H. Dykhouse, J. A mail carrier according to a Gov't ruling does not have to deliver mail to a home where a vicious dog is kept. Mail carriers often contend with bad dogs but unless one is particularly bad the carrier does not complain. However Henry De Boe, a Holland letter carrier, was attacked twice within a week while covering his route. In the first case the dog was standing alongside the owner and as De Boe handed him the mail the animal bit the carrier in the knee. The second time De Boe was bitten in his leg by another dog. The wounds were not serious. Another letter carrier was nabbed by the same dog twice within a few weeks.

Camp Keus, Chicago Boy Scout camp up the lake shore from Holland, has been opened and is one of the big camps in this vicinity. A large number of Chicago Scouts attended this camp during the year. Numerous other small private camps come and go during the summer as this locality is very popular with the camping fraternity. Saranac Boy Scouts were to come there this year but could not make arrangements at a late date and have made plans to come next year for their outing. The Graham & Morton Co. will resume their popular weekly excursions to Saugatuck. The boat will leave every Friday afternoon at 4 o'clock from the Holland dock during July and August, leaving the Saugatuck dock at nine o'clock. This gives the excursionists a chance to spend the evening at the popular resort. Arrangements can also be made to go by boat and return by interurban. These excursions have proved popular in the past and it is expected that many will take advantage of them this summer.

Three more arrests occurred for speeding the last few days. Fred Bloom for going 30 miles; Ralph Stutland, 28; and C. G. Higgins, 30 miles; all on West 17th street. The three men were arraigned before Justice Den Herder and were given the usual fine.

STEAL FORDS FOR JOY RIDE; ARE CAUGHT

Chief Van Ry aided materially in bringing an auto-stealing gang to justice within the last few days. He has been in constant communication with Chief Collins of the Chicago police force and with the Automobile Protective Association of Chicago relative to stolen cars, found here and also stolen cars taken from here. Because of this vigilance two more car mysteries have been cleaned up.

It will be remembered that two weeks ago a Ford car was found in a mud hole north of the river hidden by a clump of trees. This was on June 28. The car in question was all battered up and everything saleable was taken off, even the license plates.

On the evening of June 28 a Ford car belonging to Walter Van Esselt of Zeeland disappeared from in front of the Colonial theater on River avenue. The chief immediately got in touch with Chicago giving number and description of the Zeeland car and also number and description of the car found in the mud hole on the North Side.

The police in Chicago together with the Automobile Protective Association, not only found the Zeeland car but also found the owner of the car picked up by the local police on the North Side.

Not only that, but they also caught three criminals who stole the Chicago car belonging to Stanley Chrest of Gary, Indiana, and they were found to be three "plug uglies" from South Halstead street, the toughest of the tough as the Chicago police explained.

In the confession given at Chicago the thieves stated they took the Chrest car to Holland, stripped it and battered it up and hid what was left. Then they stole the Van Esselt car of Zeeland, picked up the strippings taken from the Chrest car that they had temporarily hidden away and went back to Chicago.

When the Zeeland car was found, everything removable was taken off including tires, rims, lamps, brass work, and after the car had been thoroughly stripped the thieves added to their meanness by thoroughly smashing the radiator and parts of the engine.

Van Esselt's car is not insured and Mr. Van Esselt says the wreck in Chicago is not worth going after. Chrest of Gary, however, will be here in a few days, he informed Mr. Van Ry, and will take his mud-caked car—at least what there is left of it—back to Chicago.

In their confession, the thieves say that while in Holland they also stole a Victoria, a cash register and a dozen bottles of pop. The local police state that no such thefts have been reported.

Chief Collins wired Chief an Ry that Chicago would send the men to prison for the Gary theft, and the Holland police would be notified how long they would be sent over for, and if the local authorities still wanted the men, they would be held until extradition papers were made out.

The case is being closely followed up by the Automobile Protective Association, an organization that never lets up and constantly works with the police everywhere and has a detective force of its own.

The Men's Adult Bible Class of the First Reformed church gathered at Zwemer's beach Monday night and the members were the hosts of the Ladies' class. The party was made up of about 120 men and women and they were taken to the beach in 22 automobiles.

The evening was put in in taking boat rides on the lake and the visitors were entertained by the pulling in of a net for fish but unfortunately no fish had been caught in the net. A ball game that was captained by Jack Knoll and Peter Verschure resulted in an 18 to 15 score in favor of Knoll's team. The game however was called by darkness. A ladies' baseball game was featured by the sensational playing of Mrs. Peter Verschure. A bon fire and supper on the beach were followed by a meeting in the grove when talks were given by Abel Smeenge, Jacob Lokker, Dick Boter and H. P. Zwemer.

The installation of Rev. Anthony Van Westenburg as minister of the First Church of Scotland, N. Y., was conducted by the Classis of Schenectady on Wednesday evening, June 4th. Rev. John G. Meengs, of the Second Church of Schenectady, presided, read the form of installation, and gave the charge to the minister. Rev. T. Porter Drumm, D.D., of the North Church of Newark, N. J., with whom Mr. Van Westenburg has been associated, preached the sermon. Rev. E. C. Moffat, of Guilderland, gave the charge to the people. The Scottish Church has been without a minister since the resignation last fall of Rev. H. B. Roberts, who is now in charge at Kinderhook. Due to the able and efficient ministry of Mr. Roberts the church is in the best condition both materially and spiritually. The congregation has given Mr. and Mrs. Van Westenburg a cordial and warm-hearted welcome, and both men's and women's organizations have left nothing undone to make the grounds and the manse comfortable and attractive. —Christian Intelligencer.

Three officials of the Adams & Elting company of Chicago were the guests for a day or two of Henry Brusse. They are: Warren Michael, general sales manager; Albert Patton, assistant manager; and P. E. Prince, superintendent.

Mr. Brusse has been showing them the sights of the city over which he presided for several years as chief executive and he took them into the city hall that was built during his administration. The visitors remarked it was the cleanest looking city hall they had ever been in and they also remarked on the general cleanliness of the whole city. They expressed the intention of coming to Holland again now that they have once been introduced to the town.

At a recent shoot held at the Fairgrounds between Muskegon and Holland under the auspices of the Holland Trap Shooting club, the "Sawdusters" won. The high scores made in the shoot are 48 out of 50 by Dr. Close and 45 out of 50 by Dr. Mixer for Muskegon, while for Holland, Wm. Woldring scored high with 45 out of 50, and Dick De Waard second high with 41 out of 50.

There will be no shoot tonight as had been scheduled but the next meeting of the club will be at six o'clock next week Tuesday.

GRAND HAVEN OF- FICERS CHASE AWAY PLEASURE SEEKERS

Grand Haven is a hospitable city. Its citizens are that way and its city officials and employees are instructed in the ways of hospitality.

Grand Haven was hospitable on the Fourth. Thousands of visitors thronged the city and the officials were lenient. Parking laws were violated, nothing was said. Speed laws were violated, nothing was said.

But then Grand Haven was imposed upon and the nature of the imposition was such that official dignity was offended.

A snowy white table cloth appeared on the steps of the city hall steps. An officer sighted it. A picnic lunch on the steps of the city hall? Horrible. No amount of toothsome layer cake could change the officer's mind and the party was chased to a more suitable picnic ground.

**WILL GIVE A FISH
DINNER TO LARGE CHOIR**

Recognizing the excellent service that has been given by the choir of fifty mixed voices led by John Vanderulst, the congregation of the Sixth Reformed church are going to stand treat. The choir has been invited to a fish dinner at Fernwood, a beautiful place on Lake Michigan near Saugatuck.

Choir members are requested to be at the church on Lincoln avenue at 6 o'clock Friday evening when automobiles will be on hand to take the singers to the place of feasting. A short program has also been arranged for and you can wager that inroads are going to be made on the finny population Friday night at Fernwood.

POOL ROOM MAN

SOLVES PROBLEM
Although the operation of pool and billiard parlors and the sale of soft drinks are not permissible in the same place according to a section of the city ordinance, Jack Post has successfully solved the problem. Post has constructed a large booth in the front of his parlors in the Harrington block and although both are located on the same floor, a separate entrance is provided for each place, making the two virtually separate locations.

COOLIDGE BOY PASSES AWAY MONDAY NIGHT

Washington, July 8.—Calvin Coolidge, Jr., son of the president, died Monday night at Walter Reed hospital of blood poisoning.

The end came after the boy had battled with the utmost bravery and fortitude for five days against a disease which had racked his body with pain and sapped the reserve strength the hospital were at his bedside, hopeful and cheering and comforting of his frail constitution.

President and Mrs. Coolidge, who had maintained constant vigilance at their son to the last.

A dispatch from Washington states that Calvin Coolidge, Jr., died with a smile on his face—a wistful smile, forced through the grimace of pain, as a farewell to his mother and father just as death came.

Ceremonies for the formal notification of President Coolidge of his nomination by the Republican national convention as the presidential candidate were indefinitely postponed today on account of the death of Mr. Coolidge's son. The date had been fixed for July 24. It is now considered likely the exercises, which are to be held in Washington, will not be carried out until the middle of August.

The Grand Haven Council Monday night in response to a petition signed by fifty-two merchants, passed an order which may not set very well with motor car owners of that city. One hour parking, seven days in the week and twenty-four hours a day was ordered at the session while the opposition to the measure was blantly unaware that such goings on were in progress.

On action of the council, instigated by the merchants and ordered carried out by the police department under the direction of the city manager, will be enforced and signs are to be painted on the curbs informing the motorists that it will constitute a violation of a traffic regulation if a motor car is parked for over one hour in a stall.

ARMY WORM PASSES NORTH OF HOLLAND

The army worm is said to be succumbing to the attack of the Ottawa county agriculturists, who have attacked it by plowing up ditches and spreading poison mash profusely. The worms have been killed off by thousands and millions and are no longer a menace according to C. P. Milham, Ottawa Agricultural agent.

Some have been reported from straggling points like Zeeland, Hudsonville and Marne, but these have been brought under control quickly by a system of "ditching," burning and mash spreading.

The district north of Holland, where the army worm was first noticed, is now practically clean of worms, the farmers having been very busy near Harlem and Olive Center killing off the marching scourge.

Rev. Herman Hoeksema of Grand Rapids and Rev. Herman P. Danhof of Kalamazoo will not be tried for heresy by the general synod of the Christian Reformed church in session at Kalamazoo, if the report of the advisory board, to which charges against the ministers were referred, is adopted by the synod. The two pastors alleged to hold views on communion grace not in accord with the Christian Reformed church.

The synod voted 86 to 29 Tuesday to withdraw from membership in the Federated Council of Churches of Christ in America.

The section of M-51 lying east of Holland is to be opened in the near future, probably Saturday. It was announced today. This will connect Holland and Zeeland with a paved highway. This road has been used by some now, the barriers having been thrown down but inasmuch as workmen are busy putting on the finishing touches and building guard rails, it is thought that an officer will have to be put on duty in order to prevent motorists from using the road.

FAIR DIRECTORS TO PROTECT CATTLE AGAINST PEST

The cattle barns at the Holland Fair will be remodeled and made sanitary in every way. Although there was no building program for the coming year, since so much building had been done during the past six years, however two things were imperative.

One was the building of a new poultry house that can accommodate approximately 3,000 birds. This expenditure has been authorized by the Board of Directors, and it is a wise step, considering that the community is located in the heart of the poultry district of Michigan.

The poultry business has assumed such large proportions in the vicinity of Zeeland and Holland that the two places have been associated with poultry all over the United States and Canada. This fact could not be lost sight of any longer and the directors did the right thing in making this a prominent feature at the fair by housing these exhibits properly.

This is not all. At a meeting the directors voted \$1,000 to be expended in the cattle barns where cement floors will be laid and concrete mangers will be installed. The cattle in Allegan and Ottawa counties have now all been tested for tuberculosis and the herds are free of disease, and the directors felt that all stalls and pens should be put in sanitary condition and aid the farmers in having their cattle properly kept.

All cattle offered for exhibit must be accompanied by a certificate of health, including the tuberculosis test, and all hogs must be accompanied by a certificate showing immunity from hog cholera.

All entries for the fair must be made before 12 o'clock noon of the opening day and all articles and exhibits must be placed before 4 o'clock the same day.

**BIG AUTOMOBILE MAN
IS TO TAKE HIS YACHT
TO SPRING LAKE**

Among the visitors to Spring Lake over the holiday were R. E. Olds of Lansing and party. During their visit Mr. Olds and his party were taken around Spring Lake by Senator William M. Connelly, who took the visitors to many of the beauty spots in the beautiful resort region. Mr. Olds who for many years headed the Reo corporation at Lansing, was so much impressed with the region that he will return to Grand Haven and Spring Lake on his yacht during August. —Grand Haven Tribune.

MANY SHARE IN THE FLOWER DISTRIBUTION

Centennial Park was a very busy place Tuesday forenoon when Park Commissioner Van Bragt was on the ground to pass out free flower plants. Mr. Van Bragt had placed the plants in a long row near the band stand and was ready for the public when they started to come. It was impossible to say exactly how many plants were in the row but Mr. Van Bragt's estimate was that there were not less than 15,000.

Women and children and some men came with baskets and other receptacles to carry the plants home in, and thousands of hardy plants are now placed in Holland gardens as a result of the distribution.

There were at least 300 persons in the lineup and the park commissioner was a busy man for a short time trying to supply all with plants. In about half an hour all the plants had been passed out and there were still many persons who had not been supplied but who had to return home empty-handed.

So popular has this free distribution of plants become that Mr. Van Bragt will figure on it next year in sowing his seed. He will sow enough so that persons who wish free plants can secure them. The park commissioner believes it is a legitimate part of the park board's work to help in a small way in beautifying the private yards of the people of Holland as well as to beautify the parks and boulevards.

Next year the distribution will take place on the band stand and it will be made to adults only. The park commissioner tried this morning to favor the adults, believing that some of the children might waste the plants. Also he tries as best he could to prevent "repeats." One person came back for the third time for more plants and then the supply was shut down for her.

People came from all parts of the city and the largest supply of plants ever passed out was soon exhausted.

HOLLAND PITCHER HIGHLY SPOKEN OF IN HERALD

The Grand Rapids Herald in a double headline Monday morning tells of the wonderful performance of Marvin Steggerda, the Holland pitcher, who returned to Grand Rapids from the Rochester club of the International league.

Says the Herald:—"What good pitching means to a team was demonstrated in the second game between Grand Rapids and Flint, Sunday. The players who have made a runaway race for the pennant were helpless before Steggerda. The tall young Hollander bore down when threatened and ended three different innings with strike-outs. The four hits made off his delivery were scattered thru that number of innings. He retired the Velies in order without a runner reaching first base safely in the last two innings." The score in the second game was as follows, Grand Rapids three, Flint nothing.

**GRAND HAVEN HAS ONE
FIRE DUE TO FIREWORKS**

Two fires occurred in Grand Haven on the Fourth. The Isaac Van Weelden home at 609 Fulton street catching fire at 8:40. Fire was supposed to have been caused by sparks from the chimney and damage was slight. The Grand Haven department responding promptly and curbing the blaze.

At midnight July 4 Dornbos Fishers fish house caught on fire through the agency of misdirected fireworks, causing \$400 damage to the place. A house next door caught and quite a hard time was had by firemen before the blaze was extinguished. This was the only fire due to Fourth of July pyrotechnic displays at Grand Haven.

PRIZES STIR UP INTEREST AT THE GAME

Fourth of July morning was ideal for baseball. To be exact there were 698 paid admissions which does not include the bleacher full of kiddies who come in free, and who are Holland's best rooters.

Into the game started out rather hotly, after the second inning things began to happen, and as a whole the contest furnished a very fine brand of baseball. In the final the score being 5 to 9 in favor of the local team.

Beside seeing an excellent baseball game, there was an added zest for the patrons because of the five prizes given away to some one in the audience who held the proper rain check. Before starting the 5th inning Empire Ross announced that the distribution of the prizes would begin and, secretary Peter Frins of the Chamber of Commerce and Andy Klomparsen saw to it that the proper distribution was made to those who held the proper pasteboards attached to their admission ticket.

The first prize a \$10 gasoline book donated by Vandenberg Bros. Oil co. was given to Bill Hamelink.

The second prize, a ladies petticoat given by the French Cloak company went to Al Klooster, a confirmed bachelor who has been employed at De Grootdwet office for a half century. Al. timidly took the petticoat when his name was announced, and will no doubt present it to some young lady who will have more use for it than the genial Albert.

The next prize was a box of Warm Friend cigars donated by Andy Klomparsen. This was presented to Peter Dogger.

C. C. White was given a year's subscription to the Holland Daily Sentinel, which was prize number four.

The last prize on the list was a fine straw hat from the P. S. Boter Clothing company won by Gerrit Boeve.

Despite the fact that Holland was shy one of its best men, namely, Garry Batema, who was injured in the Iowa game on the 4th of July, the local team cleaned up on Swartz's team of Allegan Saturday afternoon by a score of 6 to 5, making three straight wins from our next-door neighbor.

The attendance at the baseball games has been climbing steadily the past week. 455 paid admissions were recorded, and there was a great deal of pep noticeable among the rooters, which was lacking the first part of the season.

The prizes that are being given at each game at the beginning of the 5th inning gave added interest to afternoon's entertainment. Saturday De Vries & Dornbus, local furniture men, donated a fine rocking chair, which went to John Lohman, while a box of cigars, donated by Ollie's Sport Shop, was won by Arend Sierma, manager of the city and factory leagues. Arend had cut out the smokes for a while but aroma of the big box of smokes pulled him off the smoke wagon and the local business man will have to clean up this box at least.

The South Ends and Montellos played 9 innings to a tie score of 11 to 11. Barring a few errors, the teams played a very interesting game before a crowd of about two hundred fans.

The game was exciting from the beginning. The South Ends started off with two scores in the first frame and the Montellos came back and scored 1 run and so the game went throughout. At one time the Montellos had a four run lead over the South Ends, and in the first of the 9th the score stood 8 to 10 in Montello's favor, and the South Ends scored three runs, making the score 11 to 10 in the South Ends' favor. The Montellos in their half scored 1 run, making the score a 11 to 11 tie to be played off later.

Batteries: South Ends, Plaggenhoef, Bredeweg, Cole and Meyer; Montellos, Mills and Knoll; Umpires, Hoover and Sierma.

On the 6th street grounds the Limberts took the West Michigans into camp to the tune of 11 to 5. Outside of the first inning, the game was fairly well played throughout.

Batteries for West Michigans, Baerman and Chapman; for Limberts, Huizenga and Ashley.

The Federals took the Warm Friends' measure to the tune of 19 to 2 on the 6th Street grounds Monday evening in the factory league.

The fast playing of the Federals seemed to be too much for the Warm

HOLLAND LEADS COUNTY COPS MICHIGAN IN CHILD HEALTH

Holland has the lowest average infant mortality rate in the whole state of Michigan. This announcement was made by the American Child Health Association of New York City, a national organization that collects child health statistics for the whole country. So low is Holland in infant death rate that it is in 1933 nearly reached the mark of only one-half of the average rate for the whole state of Michigan. The rate for the whole state is 85, while Holland's rate is only 48.

Five cities are listed by the association as the lowest in Michigan, Holland heading this list. The others are: Marquette, 56; Grand Rapids, 63; Kalamazoo, 64; and Highland Park, 64.

These statistics mean that a baby born in the city of Holland has nearly twice as good a chance to live as has the average baby born in the state of Michigan.

The statistics issued by the American Child Health Association constitute an annual report designed to interest the entire country in the reduction of infant mortality and the necessity for birth registration. This report is part of a nation-wide program for child health built up by the American Child Health Association, of which Herbert Hoover is president.

Data for the Birth Registration Area was secured from the United States Bureau of the Census, while figures from the territory in the Death Registration Area were gathered from the state and local authorities.

During 1932 the infant death rate in Holland was 70, showing that there has been a big reduction since the previous year. In 1922 there were six cities in Michigan with lower infant death rates than Holland, namely Adrian, Alpena, Benton Harbor, Kalamazoo, Lansing, and Traverse City. But in 1933 Holland headed the list.

AMPHITHEATRE TO OPEN JULY 4TH

July 4th marks the opening of the Amphitheatre at Castle Park and it is to be a gala occasion. Edgar Nelson, famous choral director of Chicago, and the large chorus of the Chicago Sunday Evening Club are to give a patriotic concert.

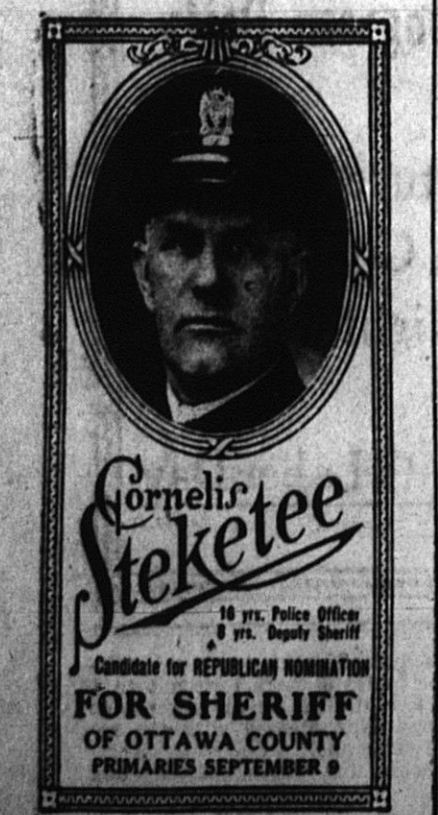

This beautiful out-of-doors theatre which was designed by Wellington Reynolds is attracting many tourists for it is uniquely lovely in its wooded setting near the shores of Lake Michigan, and many artists of note have appeared on its platform.

During the coming season a program will be given on Friday nights and many fine performances are scheduled.

ALDERMAN HAS A HARD BATTLE WITH TEMPTATION

Never did Ald. Bert Slag have a greater temptation than Wednesday night to play hockey from the council meeting. But after a terrific struggle he came out of the temptation successfully and was in his seat when the clerk called the roll. His face was somewhat furrowed with signs of the little tilt he had had with his other nature and his attention wandered a little now and then from the business in hand, a far-away look coming into his eyes while the other aldermen were discussing weighty city affairs, but on the whole he came thru the ordeal fairly well.

It was of course all on account of the democratic national convention. The convention had adjourned late in the afternoon to resume sessions in the evening. New York time being ahead of ours, the big pow wow had begun in New York when the council session called the aldermen from the first. Also, the "little convention" on Slag's porch was again in session and it was some wrench for the alderman to break away from it and to leave the fight between McAdoo and Smith unchaperoned for an hour or so. But he put temptation behind him and made the grade in the conflict between two duties. At the close of the council session however he invited all his fellow aldermen to come to his front porch and attend the meeting in New York.

Ottawa county officers made two big liquor hauls and a second raid was conducted which was fruitless as far as netting liquor was concerned. The first haul of booze brought 32 pints of bonded liquor and a Haynes touring car into the hands of the officers while the raid which was conducted Wednesday gave them a complete still and both "moon" and wine according to their story.

Deputy Sheriff Bonker of Coopersville was out cruising on M-16 near the El Bridge between Coopersville and Marne Tuesday when a Haynes sport car driven by John Ferguson of Grand Rapids, smashed into a gravel wagon driven by Michael Brennehan. Brennehan's wagon was badly damaged. Deputy Bonker immediately took Ferguson and his two companions into custody and then arraigned Ferguson on a charge of driving while intoxicated.

Ferguson pleaded guilty and was fined \$50 and costs. He paid and was released also promising to pay for Brennehan's wagon which was badly damaged. He went to Grand Rapids secured the money and returned alone. Meantime the farmer is reported to have discovered liquor in the car and he mentioned this fact to both Bonker and Ferguson. While Bonker was taking a look into the car to secure evidence, Ferguson is reported to have "beat it." Deputy Den Herder was notified but a search for the man failed and a warrant has been secured for him.

The Haynes car with 32 pints of bonded "Seth Thompson" whiskey, was brought to the county jail and held. Early Tuesday morning, the booty of Tuesday night was added to by another carload of liquor including four barrels of wine, two gallons of moonshine and a still which officers stated that they found at the farm home of Edward Hysted on route to Spring Lake.

Officers arose early in the morning, they stated, and getting to the Hysted home just after daybreak, raided the place, armed with a search warrant. According to their story, a complete still, the wine and the moon mentioned, was their booty. Rysted was taken to the county jail and locked up. He was arraigned late Wednesday.

Wednesday the Alex Henderson place in Crookery was raided but the officers found nothing.

JUNE 30 STATE RECEIPTS ARE GREATEST IN HISTORY

State receipts on June 30 were the greatest for a single day in the history of the state, Auditor General Fuller reported to the administrative board today. They totaled \$8,214,000. A large share of the money was from state tax payments. The board gave the Southern Michigan Telephone company three months' grace to pay about \$85,000 taxes. The company is in financial difficulties.

INSTALLED AS PASTOR OF
FULTONVILLE, N. Y. CHURCH

On Tuesday evening, June 3rd, Rev. Edwin Paul McLean was installed as pastor of the Fultonville, N. Y. Church by the Classis of Montgomery. A special meeting of the Classis held at 5 o'clock had received Mr. McLean from the South Classis of Long Island, where he had been assistant pastor of the Old First Brooklyn Church. Rev. Henry Vruwink preached the sermon; Rev. Royal A. Stanton, who presided in the absence of the President of Classis, read the form of installation; Rev. H. C. Dean gave the charge to the people; and Rev. C. C. Meury the charge to the minister. The newly installed pastor dismissed the congregation with the benediction—Christian Intelligence.

BRYAN ASKS FOR RESOLUTION PAYING TRIBUTE TO PRESIDENT HARDING

In its report to the Democratic national convention the resolutions committee submitted the following: "In political campaigns the American people are divided into opposing parties; after the election they are as one man in allegiance to the government and in loyalty to the nation's chief executive.

"As democrats we stand uncovered beside the grave of Warren G. Harding, late president of the U. S., vied with his most devoted friends in expressions of regret at his untimely death and share the sorrow that it has brought into his home."

The resolution was proposed by Wm. Jennings Bryan.

FINE PIANO RECITAL GIVEN AT M. E. CHURCH

The fourteenth annual piano recital given by Miss Lalla Edner McKay last Monday evening at the Methodist church was a splendid demonstration of the method taught by Miss McKay, as well as a most interesting musical event.

Departing from the usual program as generally carried out by the average piano teacher, Miss McKay interspersed her program with other musical numbers breaking the monotony which inevitably results when introducing a large class of students. The youthful students displayed to a marked degree the thoroughness of Miss McKay's teaching. The large audience which filled the auditorium to its fullest capacity gave frequent demonstration of its appreciation by extending hearty and sincere applause. It means much to a city to have an earnest and efficient instructor of music devoting her talent and time in developing a higher standard of musical appreciation among the young people of the city. This being the fourteenth annual recital and the keenest interest manifested after so many seasons of serious work is certainly worth commenting upon and Miss McKay deserves a great deal of credit for the excellent program of last Monday evening.

Mr. Louis F. McKay, organist, brot out the beauties of the Methodist organ in several well rendered selections. Master George King, violinist of Kalamazoo, proved to be almost a prodigy although only 14 years of age his playing was something to be looked for in a mature artist and much may be expected of this youthful artist in the future. Mr. J. Jane Helder, tenor, of Grand Rapids very beautifully sang the vocal numbers and was well received. Mr. Helder has done much to uplift Holland musically by the promotion of chorale societies, etc. The recital was a classical affair and will long be remembered.

LOSES HIS LIFE WHEN HE FALLS FROM TREE

Falling to the ground from a tall tree from a height of about fifty feet, Spurgeon Campbell was almost instantly killed Wednesday afternoon at about 4:30 at Waukazoo. Campbell had climbed into the tree to put up a radio and in some way he lost his footing and came hurtling down to the ground. He was still alive when picked up but several of his ribs were broken and he had sustained serious internal injuries which are supposed to have been the cause of his death. A physician from Holland was immediately rushed to the spot but Campbell did not long survive his injuries.

The accident happened on the premises of Mr. Dinkman at Waukazoo. Campbell, whose home is in Chicago, was a friend of the family and spent a good deal of time on the place. He was 29 years old and was a graduate of the University of Chicago. He was unconscious when picked up and he did not regain consciousness before he died.

The body was taken to the Nibbelink-Notter Funeral Home and was shipped to Chicago for burial Thursday morning.

TO HAVE REST ROOM IN THE CITY HALL

The common council has set aside the ground floor of the city hall as a rest room for the time being until Holland shall have a real rest room. It was pointed out that now that Holland has no hotel such a step was necessary. Hence a sign will be placed on or near the city hall directing tourists and other visitors to that building as a rest room.

HOLLAND MAN WEDS A ZEELAND GIRL

A very pretty wedding took place Saturday at the parsonage of Rev. Mr. Bloom, pastor of the 2nd Reformed church of Grand Haven, when Miss Marie Rookus, daughter of Mr. and Mrs. John Rookus of Zeeland, and William Dykstra, son of Mrs. Peter Dirks of Holland, were united in marriage. Mr. Alfred Quarterman, sister of the groom, and Mr. Peter Rookus, brother of the bride, attended the couple. Others in the bridal party were: Mr. and Mrs. Alfred Quarterman of Chicago, Mr. and Mrs. Gerrit Jager of Holland, Mr. and Mrs. Peter Rookus and daughter Virginia, of Grand Rapids, and Miss Anna Rookus of Zeeland.

Following the services a wedding supper was served at the home of the bride's parents in Zeeland. Mr. and Mrs. William Dykstra will motor to California Saturday where they will make their home. They will be accompanied by Mr. and Mrs. Gerrit Jager and Mrs. P. Dirks and son who also will make their future home there.

TO GIVE SERIES ON "THE FINE ART IN RELIGION"

Rev. F. J. Van Dyke, pastor of the Reformed church at Central Park, will preach a series of Sunday evening sermons during the month of July. The general subject of the series will be, "The Fine Art in Religion," and the subjects for the different Sunday evenings are July 6, "The Fine Art of Sympathy"; July 13, "The Fine Art of Appreciation"; July 20, "The Fine Art of Patience"; July 27, "The Fine Art of Friendship."

HOLLAND MAN GREETED BY SEATTLE MAYOR

An interesting meeting took place at the Michigan headquarters at the Democratic National convention in New York the other day when the Ottawa member of the Fifth District Michigan delegation was greeted by the mayor of Seattle, Wash. The Ottawa county delegate is L. J. Vander Berg of Holland, and the mayor of Seattle is Dr. Edwin J. Brown. Dr. Brown spent his boyhood in Grand Haven, and is a delegate from his adopted state to the big convention. Hoping that he might see someone that he knew from his old home town, the Seattle mayor sought the Michigan delegation and looked up the Ottawa delegate. In a letter Mr. Van DenBerg tells of the meeting as follows:

"The writer had the pleasure of meeting the mayor of Seattle, Wash. Dr. Edwin J. Brown. Dr. Brown is mayor of a city of 450,000 population and suffice it to say that he is rendering excellent service as he has been re-elected recently and the Washington Democrats are booming him for governor at the coming election."

"Dr. Brown's democracy dates back to the first campaign of former President Wilson and he is recognized as a leading Democrat in the state of Washington. Seattle has adopted the non-partisan form of city government and is normally 10,000 Republican majority in partisan elections."

"For an outstanding Democrat to be elected mayor for the second time, naturally speaks worlds of praise for him."

Mayor Brown took the trouble of looking me up as a delegate in the Michigan delegation. Inasmuch as he was not acquainted with the writer, he made it a point to call on him inquiring after Grand Haven and its people."

ONE OF CITY'S OLDEST CITIZENS PASSES AWAY

One of Holland's oldest citizens passed away Tuesday when death came to Mrs. Henry Mass at the age of 89 years. Mrs. Mass has lived in Holland city longer than almost anyone else now a resident of this town. The city is only barely three quarters of a century old and Mrs. Mass has been a citizen of it for 71 years so that her life here almost coincides with the whole history of Holland as a community.

She was born in the Netherlands and came to America as a young girl in the early days of the settlement here. She is survived by four children, Bastian, Purewater, S. D. John, Peter and Sophia of Holland.

The funeral was held Saturday at 1:30 at the home, 242 East 14th street, Rev. James Ghyssels pastor of the Ninth street Christian Reformed church officiating.

DECIDE TO SUPPORT AMERICAN BIBLE SOCIETY

Thesynod of the Christian Reformed church at Kalamazoo Tuesday decided to continue the support of the American Bible society and recommended to the congregations to take collection at least once a year for that worthy cause.

The question of remaining affiliated with the Federal Council of Churches was decided adversely. Synod feared the danger of becoming too closely allied with liberal element present in many of the churches composing the council. Also the program of the council along social and political was deemed outside of the province of the church.

At his request Prof. F. M. TenHoor was granted honorable emeritus and was given a vote of thanks for his long years of service at the Theological School at Grand Rapids.

PESKY BED-BUGS

(Pesky Devils Outwitted) F. D. Q. is the new chemical that gets the creatures out of the pesky bedbugs, roaches, fleas, ants and moths—responsible for the pesky pests to exist where F. D. Q. is used.

Recommendations of Hotels, Hospitals, Railroad Companies and other public institutions are a guarantee to the public that the safest, quickest and most economical way of getting rid of pesky insects is by the use of F. D. Q. as this chemical kills the eggs as well as the live ones, and will not injure the clothing.

One sachet makes a full quart, enough to kill a million bedbugs, roaches, moths or cockroaches and also contains a patent soap to get the eggs nests in the hard-to-get places and crevices. F. D. Q. can also be purchased in sealed bottles, double strength, liquid form.

THOUGHT HE COULD NOT GET BONUS

The distribution of bonus blanks by Mrs. G. J. van Duren at the Red Cross office in the city hall is bringing out a number of misconceptions on the part of former service men in regard to the bonus. One young man who showed his native intelligence later by making out his blank without an error stepped into the Red Cross office with a long face. "I thought I'd come in anyway and talk it over," he told Mrs. Van Duren, "even though I can't get a bonus." And in answer to her look of astonishment he explained, "You see, I never joined the American Legion."

He had it firmly fixed in his mind that no one who had not joined the American Legion could get a bonus. Mrs. Van Duren proceeded to set him right and she assured him that any service man, whether he has joined the Legion or not, can get a bonus. She believes that there may be others who have this same notion and so she wishes it stated very strongly that membership in the Legion or in any other organization has nothing to do with it.

It should also be stated that when a service man makes a mistake in filling out his blank he need not worry. The Red Cross will cheerfully furnish him with a new blank. There are blanks enough to go round several times. Several service men had put their own finger prints in the space for the finger prints of their dependents and so of course had to do it all over again. One ex-soldier had started from the date he was discharged, giving that as the date of his enlistment and so of course he found at the end of his work that he had nothing coming from the government, and he had to begin all over again.

But that is all in the game and the Red Cross is as cheerful about it as anyone could wish. Anyone may make mistakes and Mrs. Van Duren is ready to help anyone correct errors and to get the blanks made out in such a way that they will pass inspection. So far a little over 70 blanks have been called for at the Red Cross office.

VETERAN OF CIVIL WAR DIES

John M. Stevenson, aged 76, died Wednesday evening at the home of his daughter, Mrs. Charles Finch, 203 W. 10 st. Mr. Stevenson has been living on a farm at Ventura for the past 15 years. He is a veteran of the Civil war, a member of Company F, First Reserve Regulars, Pennsylvania Volunteers, Artillery Corps.

He is survived by his wife and eight children: Mary and Frank of Elgin, Illinois; Mrs. W. A. Smith, Jersey City; Mrs. C. Behrens and Katherine of Los Angeles; Mrs. H. Frosen of San Diego, Calif.; Mrs. Charles Finch and Jennie of Holland.

The funeral was held Saturday morning at ten o'clock at the home of Mrs. Finch, 203 W. 10th Street, Mr. Pilon officiating.

CHANGE OF PITCH- ERS NO SLAP AT PITCHER DOBBS

Some of the fans Saturday became rather uproarious during the last inning with Allegan when Captain Woldring sent Lefty Dobbs to the bench and substituted Marvin Steggerda who was in uniform more as a visitor than anything else. While some of the fans objected strenuously at the change, feeling that Dobbs had pitched good ball all through the game, Dobbs himself was sportman enough to accept the order at a critical moment with good grace.

Lefty Dobbs pitched well the greater part of the game and ordinarily there would be no excuse to take him out. But the fans as a general rule want winning baseball teams. If the team doesn't win consistently, the bleachers are the first to holler.

The last inning was a critical one for the Holland team. In the 9th inning the locals were only one score ahead, and before Steggerda was called into the game Allegan had Batts on 1st with three of his best batters up, namely Baker, Wanstien and Meldema, men who had found Dobbs quite regularly through the game. Dobbs, before going in the box, had just circled the bases bringing in a run and naturally had gone to some exertion in so doing.

Woldring felt no doubt that with Steggerda in the box he surely would have the game served up, while with Lefty Dobbs he might be taking a chance.

Woldring was anxious to win from Allegan three straight and the game turned out just as he had figured it out. Holland's own Steggerda retired the side in short order and through clever playing caught Batts asleep at second, very unexpectedly, showing exceptionally clever work, and also the reason why his services are in such great demand outside of Holland.

It isn't unusual to change pitchers even in the middle of an inning in a baseball game. It is done in the big league every day when some fans cannot conceive any reason for it. But captains are supposed to win games and all friendship and sentiment ceases. Players are like soldiers, supposed to do their duty to the best of their ability in the position where they are put. A team is hopeless when it has more than one boss and surely a team cannot be directed from the bleachers.

There are a great many elements entering into a thing of that kind. No doubt Mr. Woldring had in mind, besides the things mentioned above, the fact that he would like to in-trouduce Holland's one-time star pitcher to the home crowd again since he was willing enough to come back to Holland, put on a uniform and play should a critical occasion present itself. As it turned out, the reception given was anything but cordial, a few of the fans feeling that Dobbs should have been retained until the close of the game, and rooted their protest loud and long.

Anyway, Steggerda couldn't help it, and Woldring wanted to win the game so badly, for that is what these same obstreperous fans want him to do also, or they'd let out another

The Geerlings family had occasion to celebrate two anniversaries Friday, the first the birth of the nation and the second the birth of Mrs. Henry Geerlings whose birthday falls due on the 4th of July.

PEOPLE OBJECT TO FIRE IN SWAMP

The people in the northern part of the city object to a continual fire in the dump heap in the swamp. This fire has been burning for some time and the fire department went down there with their apparatus Wednesday but feeling that there was no danger from the fire and that the stuff in the dump might better be burned away they did not attempt to put out the fire.

But the smoke is annoying the people in that section. Ald. Drinkwater brought their grievance before the aldermen. He said it was impossible for the people to open their doors or windows without having the house filled with smelly smoke and he thought something should be done to abate the nuisance. Mayor Kammeraad promised to take it up with the fire chief to have this nuisance abated.

BEGIN WAR ON WEEDS IN HOLLAND

The common council at its meeting decided to begin its war on weeds in Holland. On recommendation of the board of health the council members instructed the committee on streets and crosswalks to have all the weeds in the city cut down. This work will be done under the direction of the city inspector and it will be done at once. Anyone who does not wish to have the weeds cut down by the city and charged against his tax roll will have to cut down the weeds without a day's delay.

Not only will the weeds along the streets be cut down but also on private property. The council is determined to make a clean sweep of it within the city limits of Holland.

The city inspector will begin the work Monday morning and will do it systematically, dividing the city into three districts as he did last year.

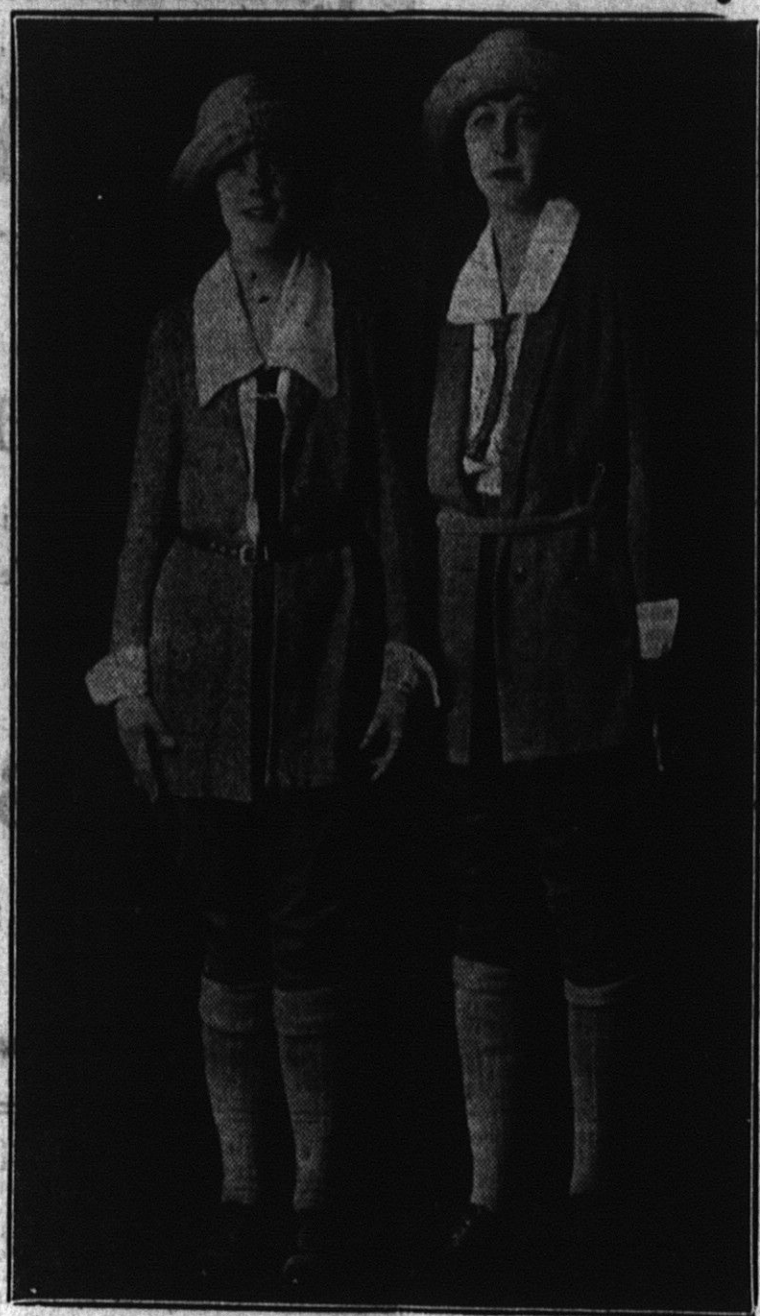

MISSIONARY SOCIETY HOLDS LAST MEETING

The Woman's Missionary society of Trinity church held the last meeting of the season at the church Wednesday evening and about 100 women attended. Misses Hattie and Jennie Brinkman, of Dulce, New Mexico, workers among the Indians, were present and gave an interesting account of their mission work in the southwest. Mary Geogh, who is under appointment to go as a missionary to India next fall and who will be supported by Trinity church, was also present and gave an address.

The Woman's Missionary society made a canvass of the church and collected a handsome purse of money for the three missionaries. Mrs. C. P. Dame, on behalf of the society, presented the money to the three missionaries.

The steamer Grand Rapids took 610 excursionists to Benton Harbor from Holland on the 4th.

Two Lady Rat Killers

Miss Helen Caldwell, of Huntington, West Virginia, who has been in Holland the past week to superintend a campaign against rats in Holland left Saturday night for Muskegon where she will stage a similar campaign the present week. How great the slaughter of rats has been in Holland cannot as yet be determined but some idea of it will be gained by Wednesday night when the prizes offered by the civic health committee of the Woman's Literary club will be awarded. These prizes are: \$6, \$4, \$3, and \$2 and they will be for the number of rat tails turned into the office of the chamber of commerce in the city hall.

While Miss Caldwell has left Holland, that does not necessarily mean that the rat killing campaign is over in this city. Miss Caldwell merely visits a town to start a campaign, to show people how to go about it systematically. When she leaves she recommends that the methods employed that week be continued as long as may be necessary and that periodically a similar campaign be staged under local auspices to keep the rat population down. Rats breed very rapidly and unless some systematic effort is made occasionally to keep them down they multiply fast.

Miss Ruth Mulder spent the week end with Mr. and Mrs. John Van Landegend at Muskegon.

Mr. and Mrs. Martin Van Alsburg of Decatur, Ind. motored to Holland to spend the week-end with their parents and other relatives.

Mr. and Mrs. John Nagelkirk of Grand Rapids motored to Holland over the 4th and were the guests of Alderman and Mrs. Aris Vander Hill.

Mrs. Frank Respoils, 30, died at her home in Allegan Fourth of July morning.

If You had a Son

As no doubt many of you have, wouldn't you like to see him succeed? The success of a young man inspires confidence in other young men and allays the fear that one must be old and gray before asking for public recognition. Large industries hire young men not because of sentiment, but because of efficiency. If you are willing to give a young man a show, one who is a graduate from one of your own high schools, remember

Watching Church Doors.
One of the queerest wills on record was left in 1725 by John Rudge of Trysil, Staffordshire, England. It bequeathed the sum of 20 shillings a year to a poor man to go "about the parish church during the sermon to keep people awake and to keep dogs out of the church."

Steel Magnetism.
The United States bureau of standards says: "Place the steel within a solenoid or between the poles of a direct-current electromagnet and subject it to the influence of a gradually decreasing magnetic field which is being reversed at a comparatively low frequency, approximately one or two cycles per second being most satisfactory."

Divine Wisdom.
The highest, the divine wisdom consists in having investigated and mastered the innermost nature of all that pertains to mankind, in being surprised at nothing which happens, and in believing, before the event, that everything is possible.

In his sermon Sunday Rev. Martin of the Third Reformed church told the congregation of his vacation trip east, stating how through the good offices of Congressman Carl E. Mape, Jr. John E. Kulenga, president of the Western Theological Seminary and Mrs. Martin and himself were introduced to President Coolidge and how also they were taken through the treasury department and saw the process of money making and although they came to that department too late for the day's visit, the local congressman was able to get them past the guards and see all that there was to see. The party was stopped five times and each time Mr. Mape made it possible for them to proceed.

Rev. C. F. Dame, pastor of Trinity Reformed church will preach the last of the series of three sermons on the subject, "Three Questions Concerning Church Member" next Sunday evening. The topic for Sunday evening's sermon will be "Dare Church Members Follow Christ?" This will be the last sermon Rev. Dame will deliver before he takes his annual vacation.

The Cradle Roll Department of the Sunday school of Trinity Reformed church held their annual reception Wednesday afternoon in the basement of the church. The reception was given in honor of the mothers and babies of the church who make up the membership of that department. Fifteen of the small tots were promoted to the Beginners department, and from now on will be members of that department of the Sunday school. An interesting program was given and refreshments were not forgotten. Mrs. J. H. Oosting, superintendent of the Cradle Roll Department had charge of the afternoon's meeting, at which, in spite of the rainy weather, at least sixty mothers together with their children were present to help make the meeting the pleasant and enjoyable one that it proved to be.

NAVY PRIZE
FIGHT CHAMPION
IN HOLLAND

TWO HOLLAND NAVY MEN ARE
HOME ON FURLOUNDS

Two local men who have been in the naval service for twelve years and who have seen the greater part of the globe, sailing on battleships, are now home in Holland visiting their parents during their furlough of nearly a month.

One is John J. Windemulder, living on East 21st street, and the other is Cornie Dronkers, whose home is on West 18th street. Mr. Dronkers has not been home for ten years and certainly sees some change in the city of Holland. He is chief yeoman on the battleship, New Mexico, in the Breckington Naval yards, on the Pacific coast, and has one of the best jobs in the navy, being private secretary of Admiral Wiley of the Pacific Coast battle fleet.

Mr. Windemulder was champion heavyweight boxer of the Atlantic fleet in 1919, and still holds that distinction in the 5th Naval district comprising Charleston, South Carolina, south to New York north.

Mr. Windemulder has been in 125 battles in which he secured 31 knock-outs. He himself was never knocked out in a bout, but he states that he was groggy a good many times.

During the war Windemulder was with the Atlantic fleet in the English channel and visited North Africa, Spain, Italy, England and France. He also took the trip from Norfolk, Va., to Seattle, Wash., via the Panama Canal. He was at Vera Cruz in 1914 when the battleship Kansas cleaned up on that port in Mexico when the Mexicans saw fit to trample the stars and stripes in the dust.

Mr. Windemulder, who is chief gunner's mate was one of the pall bearers who help carry the body of Admiral Dewey, the hero of Manila Bay to its last resting place, and from 1915 to '17 during Wilson's administration he was on the Mayflower, the presidential yacht, anchored at Washington on the Potomac.

Mr. Windemulder was in Los Angeles harbor on June 1, when 48 of the Jackies were killed on the battleship Mississippi because of a premature explosion from one of the big guns. The local navy man saw the dead and wounded carried out and was close at hand when the explosion occurred.

Mr. Windemulder is on the battleship Maryland, anchored in Seattle harbor, the last word in battleship construction. The ship's complement is 1400 men. The steamer Maryland is to make a cruise next year to Honolulu, Manila, Hong Kong and Australia, and the local man will be aboard her states.

Mr. Windemulder will be here until July 23, and Mr. Dronkers has an extended furlough lasting until August 19.

HOLLAND FURNACE CO.
PROTESTS FREIGHT RATES.

Lansing, July 10.—A protest against alleged discriminatory freight rates on pig iron, between short haul points in Michigan, was lodged with the state public utilities commission today by the Holland Furnace Company of Holland. It was charged that the Michigan Central, Pere Marquette and Detroit, Toledo and Iron-ore rates between Holland, Coldwater, Monroe and other points are unduly high as compared with rates allowed to competitive points in other states. Hearings on the protest are being held jointly by the Interstate Commerce Commission and the Public Utilities Commission.

NO GAME PLAYED
LAST NIGHT BE-
CAUSE OF RAIN

IONIA SATURDAY: COLORED
GIANTS THREE GAMES NEXT
WEEK

The game between Kelly Ice Creams and the Holland Independents was called off late yesterday afternoon when it was evident that the driving rain that had been falling most of the day did not let up.

The Kelley team however will play here two weeks from Wednesday instead.

This Saturday there will be a double header at the local baseball park. A preliminary game will start promptly at 1 o'clock between the Holland Cubs and the Grand Rapids Plymouths and at 3:15 o'clock the two big teams will play namely the Holland Independents and the fast Ionia team.

Both games can be seen for the same price namely 35 cents.

Come early and enjoy a ball feat the entire afternoon.

The two prizes that were to be given at the Kelley game will now be given Saturday instead.

The prizes are \$5.00 in gold from the Holland City State Bank and a large box of cigars by the Van Tongeren Cigar company.

The two prizes that were to be given Saturday, namely a two pound box of candy from Jack Blue, and a \$5.00 gold piece given by the Holland City News will be given at some game next week. Announcement will be made later.

Next week three excellent ball games will be staged. On Thursday, Friday and Saturday, Holland will play the Illinois Colored Giants. Thursday and Friday games will be called promptly at 6 o'clock, Saturday's game at 3:15.

PIONEER DIES
AT THE AGE
OF NINETY-TWO

Hendrik Jan Maseelink, aged 92 years, four months and 27 days, died Tuesday at the home of his daughter, Mrs. G. De Kleine, at Beaverdam. Mr. Maseelink was one of the oldest residents of Western Michigan. He was born in Graafschap, the Netherlands, in 1832 and came to America 57 years ago. He was a resident of Oakland, Allegan county, conducting a farm there until about ten years ago when his wife died and when he went to Beaverdam to make his home there. He is survived by six children.

The funeral will be held on Friday forenoon at 11 o'clock, standard time, at the home in Beaverdam, where Rev. Mr. Rotter of that place will officiate. Services will be held at 1 o'clock at the Christian Reformed church at Oakland when Rev. Mr. Kalkman will officiate.

WILL COLLECT
FOR WATER 4
TIMES A YEAR

R. B. Champion, superintendent of the board of public works, states that at a recent meeting of the board it was decided to collect water bills four times a year instead of twice a year. The semi-annual water bill method has been in vogue since the water-works was established in Holland nearly 40 years ago.

However, this city is about the only place where water rentals are paid twice a year. Other cities collect either monthly or quarterly. Even today the reading of water meters is done quarterly but the billing was not done until two readings were made. The bills from now on will be issued approximately as follows: January 10, April 10, June 10, October 10.

Mr. Champion states that water users will be better able to keep track of their water bills and can follow out when consumption is the greatest rather than when it is spread over a longer period of time.

There will be less kicks on water bills for customers are liable to forget about the long dry spells in the summer that come as a usual thing, which bring about a heavy drain on the hydrant but are lost sight of in cold January when the hose is curled up and stored in the basement. Now the bill will come in immediately after the summer is over and the heavy sprinkling during the torrid days will be fresh in the minds of the water consumer.

There will be no increase in water rates and the minimum charge will be just one half as much in three months as in six months heretofore. The rates are always plainly printed on the reverse side of the bill.

Mr. Champion also stated that one of the reasons why the change was made to quarterly payments is because it is easier to finance the water department when there is not so long a time between periods for money to come in.

The board feels that quarterly payment of water rentals will meet with general approval once the plan is worked out.

NOTED CHICKEN
MEN TO SPEAK
IN HOLLAND

Every poultry association member in Ottawa county and all others interested will be at the city hall Thursday night at 7:30 to listen to two of the most able authorities on poultry and eggs lecture on these subjects at that time. The men are F. S. Jacoby, formerly head of the poultry department of the Ohio State University, and F. C. Old, the man whom Uncle Sam is to appoint egg terminal inspector at either Chicago or New York.

Secretary Edward Brouwer who is attending the poultry school at M. A. C. met these men and before they left for the East he induced them to stay for a poultry meeting in Holland, and they readily consented, since this is the poultry center of Michigan.

The two lectures will give instructions on poultry marketing and how

to grade eggs. Most of the eggs shipped from here either go through the Chicago, Detroit or New York egg terminal so-called, where the government has competent men inspecting them. If egg shippers will grade their eggs according to U. S. standards they will be so recognized by the inspectors and consequently bring higher prices.

The average loss on special eggs, statistics show, when government standards are not followed is 34 per cent, and special eggs will only receive a number one and two rating by grading them Uncle Sam's way, and if this way is strictly followed out the average loss will be materially reduced. The government men are here for the purpose of telling the poultry men just how this is done and this knowledge cannot help but be very beneficial to the poultry men.

Mr. Jacoby and Mr. Old have far the past few days been inspecting the condition of Michigan eggs at the Detroit terminal and they will give a report at the meeting as to just what their findings are and just how the loss can be overcome.

Word has been sent to the Zealand Poultry Ass'n and also the Grand Haven and Coopersville Ass'ns inviting the members to be present, and no doubt the men from the government will be greeted by a representative audience. Mr. Brouwer has also secured some picture reels which will be shown sometime during the evening.

COLORED FOLKS SOLICITING
FUNDS IN HOLLAND

Two colored ladies secured a permit from Mayor Kammeraad to solicit funds for an orphanage home supported by the Church of God and Saints of Christ churches. The home is intended for colored children who have lost their parents and the two women, namely Eliza King and Carrie Arnold, were authorized by the church authorities to make this campaign. The late Bishop Wm. S. Crowdy of Philadelphia started this movement before his death.

The subscription list shows that Holland is contributing quite liberally to the cause.

COW TESTING
GROUPS ARE
BEING FORMED

Agricultural agent Milham is devoting his time at present to organizing dairymen into cow testing association groups. Jamestown township will have an association going soon. Following Jamestown plans are being made to organize a group in Georgetown, one in Zealand and Holland, one in Blenden and Allendale, one in Olive and Fort Sheldon, one in Robinson, Grand Haven and Spring Lake, one in Chester, Wright and Tullamadge and continue the one at Coopersville.

All these associations should be going by Nov. 1st. If dairymen realize the importance of records on their cows, of ridding themselves of unprofitable cows and raising calves from good sires and good dams it will be an easy matter to organize these testing groups. Many cows lose more for their owner than the association cost. There is money in the dairy business if one knows how to get it out.

DOGS RIDE IN
SPECIALLY MADE
AUTOMOBILES

The Colonial theatre is to show a picture the last two days of this week in which one of the most noted dogs in the world plays the important part. The dog's name is Strongheart and this canine also has a wife and children as the picture will bring out when showing the most beautiful dog family ever pictured in this city.

What is more, when these dogs are not on the lot making pictures they travel about the country in beautiful specially made automobiles with private dog compartments and are brought to the hospitals in the larger cities for the entertainment of patients.

On Friday and Saturday Strongheart, the wonder dog, will appear in "The Love Master," a thrilling story of romance and adventure in the land of eternal snow; a greater picture than either "The Silent Call" or "Brawn of the North" his two previous pictures which were shown at the Colonial last year. Strongheart has been in the Northland for many months while this wonderful photograph with its stirring action and gorgeous scenery was being made; his mate Lady Julie, and their five puppies will also be shown in "The Love Master." Lillian Rich and Harold Austin head the well chosen human cast but Strongheart proves himself entitled to star through the force of
