NEGRO BOY OF G.R. IS DROWNED IN BLACK RIVER

**Police Recover Body in
Short Time, but Fail
to Revive Lad**

**Victim in Swimming as
One of Kent Group on
Fishing Trip**

Earl Blackley, 12-year-old son of William Blackley, Negro, 113 Antioch St., S.W., Grand Rapids, was drowned in Black river under the US-31 bridge at the north end of Holland about 9 a.m. Wednesday.

Young Blackley in company with the Rev. and Mrs. W. H. Thompson, 847 South Ionia, and W. P. Harris, 143 Grand St., came to Holland to fish.

Other members of the Negro party were from Grand Rapids.

Recovered in about 12 feet of water under the bridge by Police Officer Harvey Murray, Blackley received artificial respiration for about an hour and a half.

Officers Murray and Isaac De Kraker hurried to the river with the police department's life boat, drag and pulmotor. Upon arriving, De Kraker quickly removed his outer clothing and dived into the water but was unable to find the boy.

Murray launched the police life boat and set out to drag the bottom of the river with the drag which contained eight hooks. After a second trip over the place where Blackley was last seen, Murray hooked the boy.

After applying artificial respiration for about an hour and 15 minutes, the officers used the pulmotor as a last resort.

Murray said that at no time while they were working on the youth did he show any signs of life. The body was removed about 11:30 a.m. in the Dykstra ambulance to the Dykstra funeral home.

The boy had thrown two lines into the river and anchored them on shore. Shortly afterwards he joined Mrs. Thompson and after rolling his pants up to his knees, waded into the river.

Harris said he waved young Blackley back to the shore. The youth then left Mrs. Thompson and returned to his fishing lines.

Harris said that shortly afterwards he saw Blackley's head appear above the surface of the water and disappear. He stated he called to Mrs. Thompson and then went to look for him.

The drowning is the first to occur in the vicinity of Holland this summer.

WATERS CLAIM TWO IN OTTAWA ALLEGAN AREAS

**Lake Undertow Cause of
One Drowning; Man
Falls in River**

**Deaths Are Added to Toll
of Fifteen in State
on Week-End**

Two drownings, one in Ottawa county and the other in Allegan county, occurred over the week-end.

Victims of the drownings were Volney Thomas, 35, a Grand Rapids mail carrier, and John W. Dedrich, 37, of Allegan.

Fifteen persons were killed in Michigan, last week-end.

Thomas was drowned about 6 p.m. Saturday when he was caught in the undertow of Lake Michigan at the beach at the end of M-50, between Holland and Grand Haven.

Thomas had gone to the beach with his wife and child in company of friends from Grand Rapids for a picnic. He and Robert Powell of 410 10th St., NW, Grand Rapids, and Powell's niece, Joy Alice Seman, 15, of Toledo, O., went swimming in the lake.

More than 100 witnesses heard Thomas cry for help and saw him disappear in the heavy surf.

Powell said his niece also was caught in the undertow but that he was able to bring her safely to shore. He returned to the lake in an attempt to save Thomas.

Thomas who resided at 816 Ardmore St., SE, Grand Rapids, was a mail carrier in Grand Rapids for 10 years. For the past two years he had worked at the West Side station.

Dedrich was drowned in Kalamazoo river at Allegan Sunday about 3 p.m. His body was recovered about an hour and a half later near the Pere Marquette railroad bridge.

It was first seen by Clyde Grouser and recovered by the sheriff's department.

Pending completion of an investigation into a drowning, Harry Giddings was held in the Allegan jail for questioning.

Grand Haven, July 13.—Expressing belief that the body has been washed into the lake, Boatwain H. H. Haas of the Grand Haven coast guard station, Tuesday ordered coast guardsmen to halt their search for Volney Thomas, 35, Grand Rapids postoffice employee, who drowned in Lake Michigan at M-50 park beach last Saturday night.

Heavy seas the past few days have made dragging near the shore impossible.

**Husband Is Injured When

Funeral services for Mrs. Beatrice Yonker, 26, wife of Harold Yonker, Holland druggist, who was fatally injured in an automobile accident near Pompey, N.Y., last Thursday night were conducted Tuesday at 1:30 p.m. from the home, 18 Jefferson St., Zeeland, private, and at 2:30 p.m. from the Nibbelink-Notter funeral chapel in Holland, with the Rev. Harold Moody of Allegan officiating. Burial was in Blaine cemetery near Grand Rapids.

Accompanied by Mr. Yonker, Mrs. Clinton Brewer, mother of Mrs. Yonker, Miss Gertrude Yonker of Grand Rapids and Lawrence Yonker of Hudsonville, the body arrived in Grand Rapids Sunday noon and was taken to the Brewer home.

Informed Thursday of the accident, the group went to Syracuse, N.Y., where Mr. Yonker and his wife were taken. Mrs. Yonker died in a Syracuse hospital several hours after the accident.

Mr. Yonker, injured when the car skidded on wet pavement and overturned, is improving.

First news of the accident was contained in a telegram received by the Brewer family about 6 p.m. Thursday. It advised that Mr. and Mrs. Yonker had been in an accident and urged members of the family to come to Syracuse at once.

A second telegram was received about 9 p.m., announcing the death of Mrs. Yonker, but stating that Mr. Yonker had not been seriously injured. He was confined in Onondaga General hospital, Syracuse.

Mr. Yonker is owner of Yonker's drug store, 20 West Eighth St., which he has operated here for the past three and one half years. After being employed at Peck's drug store in Benton Harbor and then as manager of Peck's store at Eighth St. and River Ave., Mr. Yonker bought out the stock of the drug store formerly located in the Warm Friend tavern and moved it to the West Eighth St. location.

Mr. and Mrs. Yonker left Zeeland June 29 on a vacation trip through the east which took them to Washington, D.C., New York city, and Boston, Mass. They were en route home at the time of the accident and were scheduled to have arrived here Friday.

Mr. Yonker had returned home June 27 from Tulsa, Okla., where he had gone the week previous to attend the national Junior Chamber of Commerce convention along with other members of the Holland chapter. He is a charter member of the local organization and at the present time is first vice-president.

Mrs. Beatrice Yonker was born in Wyoming township, Kent county, Jan. 16, 1913, to Mr. and Mrs. Clinton Brewer. She attended schools in Hudsonville and was graduated from Hudsonville high school.

Eight years ago, the Brewer family moved from Hudsonville to Zeeland to make their home. Mr. and Mrs. Yonker were married six years ago last January.

The husband and parents are the only close survivors of Mrs. Yonker. Mr. and Mrs. Yonker made their home with Mr. and Mrs. Brewer in Zeeland.

Sleepwalker Takes Own Cash, That of His Friend

Cottage 'Theft' Is Recalled After Deputy Arrives; 'Loot' Buried

Personals

Deputy Sheriff William Van Etta today related a story of being called Tuesday to a Lake Michigan cottage to investigate the reported theft of two pocketbooks from two of the occupants only to learn that the pocketbooks had been taken by one of the men while sleepwalking.

The officer said one of the pocketbooks contained approximately \$225 and the other also contained a large sum of money. At first the two owners of the pocketbooks could offer little information about the theft of the pocketbooks and were bemoaning their losses.

Then one of the owners faintly recalled having walked in his sleep the night before. He told the officer that he vaguely remembered getting out of bed and going into the kitchen to eat a can of sardines.

Afterwards he took the empty can and the two pocketbooks, including his own, and buried them in the sand on the beach. He recalled where he had buried them and after some digging the two pocketbooks and can were uncovered.

Opening of the pocketbooks and counting of the money revealed that everything was "OK."

RUSSELL FORCE SHOWS ROTARY VIEWS OF TRIPS

Central America Is Topic of Saugatuck Man at Local Meet

Committees of Club for Year Announced by Vander Velde

Russell Force, florist of Saugatuck, showed members of the Holland Rotary club motion pictures of several visits to Central America at the meeting of the organization in the Warm Friend tavern last Thursday.

Mr. Force, introduced by Duncan Weaver, local Rotarian who was in charge of the program, showed three reels of film—some colored and some black and white

Russell Force

—taken during several trips to Mexico and Guatemala.

Before the program, Dr. O. Vander Velde, new president of the Rotary club, presented Peter Van Domelen, Jr., with a past president's button. Mr. Van Domelen is retiring president.

Helping Mr. Force, Stuart sessions of Saugatuck ran the projector while Mr. Force spoke.

As pictures were shown of crossing the gulf of New Orleans to Central America, Mr. Force said most boats in the area are freighters, and all travelers reach Guatemala Port on them.

He explained that rivers are the meeting place for all in Guatemala as the films showed natives washing, bathing and drawing water at the river.

Pictures of natives using dugouts were shown. "I have never seen anything but dugouts used for small travel on the river," he said.

Films were shown of banana ranches. It is harder to get as good a grade banana where they grow than in this part of the world, Mr. Force said. He reported that natives allow them to ripen until they are black. The bananas are never allowed to ripen on the tree, however, because the fruit would be eaten by insects.

Bananas grow on either coast line of Central America, Mr. Force said. "They must have plenty of heat and moisture."

Pictures were shown of Central American coffee plantations. "It costs as much to carry the coffee to the port as it does to transport it to the United States," he explained.

The pictures showed natives working at hand labor to construct the Pan-American highway, and working to make dobie bricks and tile.

He pointed out that the inhabitants of Guatemala are more progressive than those of Mexico. Those of Guatemala use numerous waterfalls for power. The Indian natives of Guatemala do not displace their native costume with articles made by the white man, he said.

A number of guests and visiting Rotarians were present with club members.

Dr. Vander Velde announced the following committees for work during the new year:

Boys work — T. P. Cheff, chairman, P. Van Domelen, Jr., E. E. Fell, Charles McBride, and M. P. Russell. Children's committee — Lawrence W. Lamb, chairman, Carter Brown, Charles Kirchen, Dr. R. H. Nichols, W. L. Eaton and Henry Carley.

Wife of Roy Hinckley Hurt in Two-Car Accident Near Allendale

Grand Haven, July 13 (Special) —Another death from automobile accidents in Ottawa county for the year was recorded Friday with the instant death at 6:05 p.m. of Roy Hinckley, 63, proprietor of the Hartford House hotel, Hartford, who was killed in a crash on M-50, two miles west of Allendale.

His wife, Mrs. Nina Hinckley, 66, was injured in the accident. Hinckley, traveling east on M-50, was struck by a car driven by Chester Grassmid, 18, route 1, Zeeland, who was traveling west. Grassmid said he was attempting to make a left turn and through his rear view mirror was watching a car which was about to pass him at the point where he was attempting to turn.

Just after this car from the rear had passed the Grassmid car, Grassmid turned to the left, evidently not seeing Hinckley approaching. Hinckley swerved to the right, but the front part of Grassmid's car struck the Hinckley car, just behind the left front fender, causing it to go off the road, slide sideways and start rolling. When the car came to a rest, it was facing northwest and Mr. Hinckley was lying on the pavement, his head crushed. Sgt. Earl Sechrist who investigated stated there was no question but that the car had rolled over on Mr. Hinckley, who also had a large cut on the top of his head.

Mrs. Hinckley, who was riding in the front seat with her husband was in the back seat when the car came to a rest. The left front end of the Grassmid car was damaged and the death car was completely demolished. The Hinckley car was 139 feet from the point of impact to the place where it came to rest. It skidded about 84 feet before it turned over.

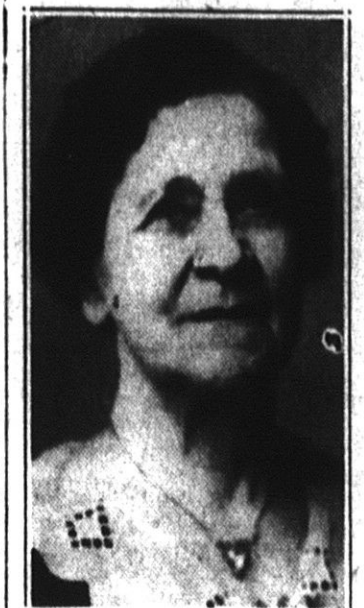

Mr. Hinckley had no children, his wife being the only survivor.

RE-APPOINTING DONAHUE

How strongly the spoils system
has taken possession of the govern-
ment at Lansing from the governor
down to the lowest rank of of-
ficialdom, is shown by the some-
what careful steps that have been
taken to re-appoint Edwin J. Don-
ahue to the civil service commis-
sioner. Attorney General Thomas
Read has ruled that Donahue can
be "legally" appointed, in spite
of the fact that the senate re-
jected him because he was too
much of a stench in the political
nostrils of the lawmakers to en-
dure. And informed predictions
from Lansing are that the govern-
or, "under such circumstances,
would re-appoint the commissioner
whose nomination a senate com-
mittee refused to accept."

Donahue was rejected by the
committee because he was accus-
ed by Republicans in his own part
of the state of working hand in
glove with a local boss in obtain-
ing patronage for friends. Such a
charge is far more serious when it
is brought against a man who is
to serve on the civil service com-
mission than it would be when
brought against a candidate for al-
most any other position. Obvious-
ly so, because of the very nature of
the civil service body. At least
the senate committee so consid-
ered it.

Now let it be assumed for the
sake of the argument that Donahue
is entirely innocent of the charge.
The fact remains that the govern-
or makes his appointments with
the consent and approval of the
senate. That consent and approval
was withheld in the case of
Donahue. If in the face of that
the governor appoints him any-
way, merely because it is not il-
legal to do so, what becomes of
the type of government we have?
Surely a governor should be
guided by the spirit of such a
situation, not by mere legality.

As the attorney general has
ruled, the governor undoubtedly
has the power to make the ap-
pointment. He will have to sub-
mit the name to the approval or
disapproval of the legislature when
next it meets. But it may not meet
again in this administration, and
the appointment can be only for
this administration. Assuming that
the senate had good grounds for
withholding approval from Donahue,
the governor by appointing him
would be foisting upon the
people of the state an important
official whom the representatives
of the people have rejected. And
that on a body in which impar-
tiality and freedom from patronage
should rule with special force.

It is to be hoped that the gov-
ernor will refuse to make this pre-
dication come true. Much more is
involved than the political fate
of one man; and that regardless of
whether the charges against Donahue
are justified or not.

A Man Who Made a Poor Choice
1 Kings 12:1-5, 12-17, 20

By Henry Geerlings

Rehoboam slammed the door in
the face of a great opportunity.
Conceit and self-sufficiency and
ignorant friends blinded his eyes to
it. The people came to him with a
very reasonable request. They
were taxed to death under the ex-
travagance of Solomon. Their bur-
dens were too heavy to carry.
They were groaning under them.
They had been patient as long as
poor human nature could stand it
and now in the new king they
thought there was hope for relief.
They deserved it. It should have
been promised them at once. Real
statesmanship would have sensed
the situation and would have had
a far vision of the future. It would
have begun to lay plans by means
of which the burdens would have
been lightened and the good will
and loyalty of the people secured.

But Rehoboam was not wise. He
did not know people. He could not
see down under the surface of
things. He could not detect slum-
bering rebellion. He could not dis-
cover the fact that there is a limit
to human suffering patience. Pain
makes people desperate and
clothes them with fearlessness,
and they will die before they will
carry another ounce of burdens.

Rehoboam asked for three days
in which to consider the petition
of the people. At this far distance
from the event it seems so foolish
for him to have delayed his an-
swer. But we ought to give him
the credit for having gone for ad-
vice and counsel to the old men,
that is, the men of experience.
They knew the situation. They
understood people. They knew
what their state of mind was.
They had heard them talk and
possibly complain and threaten.
They doubtless sympathized with
them. They saw that further ty-
ranny would only invite rebellion
and disaster. They heard the bells
of doom ringing down the years.
And on the other hand they saw
the people were ready to give their
loyalty to the new king, if he were
to show any disposition to help
them.

A great sympathetic heart and
an intelligent understanding were
what were needed in a king just
at that juncture in the kingdom's
affairs. Kindness would have been
king and the people would have
responded with all the enthu-
siasm of their hearts.

How wise were these experi-
enced men who had stood before
the great, but also foolish, Solom-
on. Sometimes men of years are
too conservative. They are afraid
of change and a new order of
things. They think that the old is
the best and safest and that there
can be only danger in the new.
They will not move and they are
determined no one else shall move.
But these men of Solomon's day
were for a change. They saw the
evils of the past and they wanted
to remedy them. They had the
kind of saviors and the seeing eyes
that experience oftentimes creates.
They were the real friends of Re-
hoboam.

But he turned from them to the
young men with whom he had
grown up. Here were spirit and
wisdom and insight and courage,
he no doubt thought. There is
nothing so about them. They are
thoroughly alive to things. The
morning is upon them. They have
their faces turned toward the ris-
ing sun. They are eager for a new
day. But, strange to say, their new
day was the old day, only more
so. Their wisdom was stupid-
ity. Their light was darkness.
Their understanding was confu-
sion. Their advice was poison.
They had as much vision as a
man who is trying to back into
the future.

Of course we ought to be very
sympathetic with youth and we
ought to associate ourselves with
the growing generation. They are
not nearly so foolish as many are
inclined to think they are and
that they are doing much more
thinking than they are given credit
for. But we are quite im-
patient with youth when it turns its back
utterly upon the past and thinks
that age and experience count for
little and that the world must be
saved by those of the new genera-
tion who have come upon the
scene just in time to avert dis-
aster. We are a little disturbed
when youth would pull the pillars
of a long-time a-building and put
new ones in that are weak.

Well, Rehoboam forsook the
counsel of experience and took
that of inexperience. He met Jeho-
boam and his people in a haughty
and overbearing way. He blunder-
ed. He was all unconscious of the
fact that as he gave his answer he
was pulling the rope of the bell
that tolled the knell of his king-
dom. He did not know that he
was holding the match that start-
ed a revolution.

POLICE STATION
WORK FINISHED

Extensive improvements at Hol-
land's police station on West
Eighth St., which even includes
new street numbers "61-63" over
the entrance, have been completed.
Practically all the work was
done by Leonard Steketee, police
station janitor, under the direction
of Chief Ira A. Antles, who be-
came chief last Jan. 1.

Inside the police station, all
walls have been washed and paint-
ed. The color up to four feet from
the floor is a light blue while the
upper part of the wall and ceiling
are of cream color. A black stripe
separates the two colors.

The woodwork and furniture
have been washed and varnished.
All radiators have been "silvered."
In the front office, equipment
has been relocated.

The old desk which set against
the west wall has been replaced
with a new desk which has been
set in the middle of the floor in
order that the officer in charge
is facing any person who enters
the office. The local police tele-
graph ticker and state police ra-
dio have been moved to a new
shelf on the west wall which can
handily be reached by the officer
on duty.

Chief Antles' private office has
been remodeled. Walls have been
painted, woodwork varnished and
a new linoleum has been laid on
the floor. The old desk has been
replaced by a modern and stream-
lined desk which is in the south-
east corner of the room in order
that the chief will face visitors
as they enter. To assure privacy,
Venetian blinds have been install-
ed over the two windows in the
room. An old safe, formerly located
in the office, has been moved else-
where.

In the rear is an office, used
exclusively by the police officers.
Its walls also have been painted
and a large bulletin board has
been hung on the west wall. The
scales and fingerprinting equip-
ment have been moved elsewhere.
A pigeon-hole box, in which each
officer assigned a compartment,
has been placed on the east wall.
The cell block on the first and
second floor has been painted. The
walls are red. The bars and bunks
in each of the cells also have been
painted.

Four Named in Fight on Pollution of Local Lake

C. of C. Board of Directors Consider Problem at Long Meet

At a four-hour session of the board of directors of the Holland Chamber of Commerce Tuesday night in the Warm Friend tavern, pollution of Lake Macatawa was discussed.

Sherrill P. Nelson, county sanitary engineer of the state health department, at the invitation of E. P. Stephan, secretary-manager, informed them what causes the lake to be undesirable for bathing and what can and should be done to remedy the situation.

After discussing the subject for some two hours, President Charles R. Sligh, Jr., appointed a committee of Chester Van Tongeren, Joseph Kramer and A. C. Jolderama to work with Mr. Stephan. The group was instructed to endeavor to correct some of the causes.

The committee will give other directors full information about the lake's condition and what will have to be done to improve the situation.

Mr. Stephan said today it will, of necessity, be an educational campaign.

Ray J. Kronmeyer, president of the Holland Junior Chamber of Commerce, reported on the organization's national convention at Tulsa, Okla., pointing out the enthusiasm with which the Holland delegates were received. He said that the Holland Furnace Co. had contributed liberally in their trip to Tulsa. The board extended a vote of gratitude to the Junior Chamber of Commerce for publicizing Holland.

NEW CHARTER BEING MAPPED

Allegan Will Vote on City Manager System of Government

Allegan, July 13 — Actual writing of a new charter for this city is scheduled to start in a few weeks in preparation for an election which will determine whether Allegan will become up-to-date with a city manager type of government.

A charter commission is busy with revision of the charter of 1908 which served Allegan so well 31 years ago when it became a city of the fourth class, but which has caused confusion through the years with amendments and amendments.

If approved at the polls, the new government will consist of five commissioners, elected to four-year terms. These five will appoint a city manager-clerk for an indeterminate period under the jurisdiction of the commission.

Also, appointive would be the chief of police, constable, health officer, treasurer, city attorney, assessor and board of review.

Under the new rule, the present board of public works, of which J. Ford Stratton is manager, would be disbanded, so that Allegan's municipal hydro-electric plant, the newly built sewage disposal system, and water works would be under jurisdiction of the manager and commission.

Consideration is being given establishment of a municipal court to replace the two justices of the peace provided by the first charter. Attorneys and charter commissions of other cities were solicited for opinions on the matter.

A 15-mill limitation for city taxes has been recommended and it is expected that the present system for special assessments will be continued.

S. J. Wise is chairman and Mrs. W. S. Luna is secretary of the charter commission.

CASELOAD DROPS IN ALLEGAN COUNTY BY FARM EMPLOYMENT

Allegan, July 13 — One hundred men found private employment on Allegan county farms during June, bringing a large decrease in emergency relief caseload, according to Mrs. Mary Vogel, administrator. This month's total was 316 cases, compared to 447 for June 1.

Besides the large number finding work, 19 cases were turned over to old age assistance bureau, 85 were transferred to the department of aid to dependent children, and 29 families increased their earnings so that relief was discontinued.

Although a slight decrease in caseload is expected for July, Mrs. Vogel said June's drop probably will be the year's greatest. At present, no old age assistance grants are being made, and no employable persons are listed for ERA help in the county.

Reports for June showed general relief expenditures for \$3,000 of state funds, and \$500 from the county; \$2,194 for aid to dependent children; and \$355.09 for aid to the blind.

Balances on hand in the department were \$2,366.29 for general relief; \$228.84 for aid to dependent children; and \$355.09 for aid to the blind.

THREE ELECTED TO CITY BOARD IN SCHOOL VOTE

John Olert and Albert E. Van Lente Retained as Trustees

Albert Van Zoeren Also Is Named; Four Hundred Cast Ballots

Two present members were re-elected and a third candidate was elected to the board of education for terms of three years each at the annual school election held in Holland Monday.

Those named to the board were John Olert and Albert E. Van Lente, incumbents, and Albert Van Zoeren. There were five candidates in the election, the other two being the Rev. John R. Mulder and Mrs. Eva Pelgrim.

The total vote for each of the candidates follows: Olert, 355; Van Lente, 319; Van Zoeren, 277; Mulder, 199; Pelgrim, 131.

The name of Mrs. Harold Karsten was written on one ballot.

A total of 446 ballots was cast in Monday's election. This is an increase of 321 votes over last year's total which was but 125 ballots. In 1937, the total vote cast was 650 and in 1936 the vote totaled 424 ballots.

The total vote of the five candidates was 1,281. Multiplied by three, the total vote would have been 1,338, which leaves 57 blanks.

Only two ballots were declared void by the board, because the voter in one instance had voted for all five candidates and on the other ballot had marked four names. Instructions on the ballot were to vote for only three.

The board will hold its July meeting next Monday at 8 p.m. at which time the elected members will take office after filing oaths of office with the secretary of the board.

Mr. Olert will be starting his third term as a member of the board, while Mr. Van Lente will commence his second term.

Mr. Van Zoeren is a former alderman of Holland and is employed at the Holland Furniture Co. Mr. Van Lente also is employed at the Holland Furniture Co. Mr. Olert is a local grocer.

Other members of the board whose terms did not expire this year are President Fred Beeuwkes, Vice-President Mrs. Martha Kollen, Secretary Henry Geerlings, A. E. Lampen, C. J. De Koster and William Arendshorst.

The election board conducted its work of tabulating the votes about 8:40 p.m. Members of the board were William Arendshorst, representing the school board, Ray Knooihuizen, Sam Miller, John Wabeke and Cornelius Roos.

Hope Chapel Is Scene of Charming Wedding

At one of the most charming and fashionable weddings of the season, Miss Marijane Brouillet of Chicago became the bride of James De Weerd of Grand Rapids, Saturday, at five o'clock, in Hope Memorial chapel. The single ring ceremony was performed in the presence of many relatives and friends of the bride and groom by Dr. Edward D. Dimment, of Hope college. Miss Fruena Douwstra of Holland was the organist, and Miss Gertrude Young of Holland was soloist.

The ceremony took place below the platform which was banked with large ferns and finger-palms and decorated with madonna lilies. The bride proceeded up the aisle on the arm of her father, Hector A. Brouillet, who gave her away. She was attended by a senior maid-of-honor, Miss Beryl Brown of Chicago and a junior-maid-of-honor, Miss Melody Oetting of Riverside, Ill., and four bridesmaids, Miss Ethel Schreiner of Grand Rapids, Miss Crystal Carlson, and the Misses Peggy and Elizabeth O'Neil, of Chicago.

The bride was lovely in a wedding-gown of white lace and net, with a tight-fitting bodice, long sleeves, puffed at the shoulder, and a long, graceful train.

Kenneth Vander Velde of Ann Arbor was best man, and Clay Tellman of Muskegon, Ivan Roggen and Bill Yetzer of Kalamazoo, Bill De Groot of Holland, and Hector Hill of Glenn Ellyn, Ill., were ushers.

A reception following the wedding ceremony was held at the Brouillet cottage near Lakewood, and was attended by 150 friends and relatives of the two families. The bride's mother, Mrs. Hector Brouillet, attired in a soft silk dress of a deep rose shade with a matching hat, and the mother of the groom, Mrs. G. De Weerd who wore a deep lavender silk gown, stood in the receiving line. They wore corsages of gardenias. Friends of the bride who were servers at the reception were the Misses Jean Wismeier, Thelma Kooker, Lois Jane Kronmeyer and Mary Jane Vaupell of Holland, the Misses Helen Fairbanks and Betty De Pree of Zeeland, Miss Phyllis Newcastle of Kalamazoo, and Miss Ruth Stryker of Grand Rapids.

Following the reception, Mr. and Mrs. De Weerd left by car for a short honeymoon in northern Michigan and Canada. The bride's going-away costume was a blue three-piece suit of light wool with a flowered silk blouse. Her hat and accessories were white. Later the couple will return to Holland for the remainder of the summer season. In September Mr. De Weerd will resume his studies at the University of Michigan Medical school, and Mrs. De Weerd will return to her teaching position in Chicago.

PLAN TO OPEN G.H. HOSPITAL

Board Sets Two Dates in July When Public May Inspect It

Grand Haven, July 13 (Special)—Grand Haven's new city hospital will have open house Friday and Saturday, July 28 and 29, for the public, according to new hospital board.

On July 28, the hours will be from 2 until 5 p.m. and 7 to 9 p.m. and the following day visiting hours will be from 2 to 5 p.m. only.

The new hospital is expected to be ready for occupancy within a week or 10 days. Rates will be fixed the same as in the old hospital, excepting the private rooms which will be \$6 per day instead of \$5; \$4 for semi-private; \$3 for the ward and \$1 for nursery.

The old hospital board on Monday transferred its properties, assets and authority to the new board. In its 20 years of existence, more than 7,000 people have received care and more than 1,400 infants have been born.

Cash turned over to the new board, amounts to approximately \$11,000. Eighteen hundred dollars have been received from the James and Margaret Alston estate and \$1,000 more is anticipated later.

Only one member of the old board will serve on the new board, that being A. E. Jacobson who served as treasurer on the old board and will act as secretary on the new board.

The new hospital is located on Sheldon road at the extreme south edge of the city.

Their son, Gene, who will be a senior at Hope college in Holland next fall, left here after the close of school for a visit at home, and plans to return with his family here during July.

On the upper drive at Eagle Crest, Mrs. E. F. Damstra and her two children have been spending two weeks at the Mooi home. Miss Vera Damstra of Holland stayed with them last week. Dr. E. F. Damstra was to join his family last week-end, arriving from Dayton, O.

SEEK TO ORGANIZE SUMMER PLAYERS GROUP AT RESORTS

A call for persons interested in a Little Theater group for the summer months was sent out this week as preliminary plans were laid to stage several shows at resort centers here this summer.

The general call was made as plans went forward for staging "The Valiant," an excellent one-act play at one or all of the resort centers here late in July.

The play would be directed and cast by Stanley Albers, director of dramatics at Union high school in Grand Rapids. Mr. Albers directed the 1939 Hope college senior play, "The Enemy," in Holland last winter.

Mr. Albers is running the soda fountain at Macatawa park for the summer, and would join the organization of the group.

Interested persons will register with Mr. Albers at Macatawa, S. E. Paulus at Waukazoo, and at the desk of the Castle Hotel at Castle Park; and an invitation will be sent to those registering to attend an organization meeting.

LARGE CROWD IN STATE PARK

Holland's State park at Ottawa Beach enjoyed the biggest July 4 in the history of its existence.

Park officials declared that between 40,000 and 45,000 persons attended the park during the day.

A continuous stream of cars, traveling to and from the park, was evidence of the enormous oval attendance. Although the morning rain, July 4, slowed the arrival of visitors, the cars poured into the park during the afternoon.

The state park this year expects to handle fully as large a season's crowd as those of recent years. Although the park officially opened late because of construction of the new bath-house, Carl Van Weelden, park superintendent, said the warm weather and warm water probably would attract extra crowds during July to make up for lost time.

Last year's camping season was a record one at the state park with almost 3,000 permits being issued during the season. A total of 2,485 were issued during 1937.

To indicate that this year's camper attendance probably will exceed even last year's mark, Van Weelden said that 231 camps were allowed before July 4th, and that 400 camps were permitted over the July 4 week-end.

The capacity of the oval for cars is about the same as it was last year. Although some space was lost due to the construction of the new bath house, some additional parking space was added.

The capacity for trailers has been increased. Work this week is completing new electric outlets for trailers, so that the park will be able to supply 100 trailer camps with electricity at the same time. The work will double the present capacity of 50. The Underground work on the boxes has been finished, but outlets have not yet been installed.

As the park superintendent and his officers prepared this week to carry through a busy season, they warned that permits will be taken from all campers who do not maintain clean camps. Papers, shoes and refuse allowed to be strewn about the camp site will automatically disqualify campers for further occupation, it was said.

Van Weelden has several on his staff. Searls Vandenberg is assistant park superintendent; rangers are Bert Stuhl and Corrie DeBoer; and life guards are Dick Hanson and Marvin DenHerder.

License Plates Check Varied Tourist Group

Continued warm weather and the lure of the warm waters of Lake Michigan has brought a continued influx of tourists and resorters to Western Michigan beaches and resorts since July 4th.

An indication of the tourist trade here is a loose check on license plates seen in this area. Although Illinois, Indiana and Ohio plates are seen most often in nearby resorts, the plates of at least 14 other states in the Union have been seen here.

The world's fair states, California and New York, both are represented in local resorts, while license plates from Connecticut, Florida, Iowa, Maryland, Missouri, Montana, New Jersey, North Carolina, Pennsylvania, Tennessee, Texas and Wisconsin are seen here.

HOLLAND LOSES TO INVADERS IN CLOSE CONTEST

Chicago Firemen Gain 3-2 Victory Over Locals in Game Here

Visitors Take Early Lead and Hold Dutchmen to Scattered Hits

Benny Batema's Flying Dutchmen were nosed out of one of the best ball games of the season here Monday night as the invading Chicago Firemen scored a 3-2 victory over the locals under the lights at Riverview park.

The visiting firemen rolled up their three runs in the first four innings, and settled back to battle the Dutch off the rest of the ball game. Holland knocked one run off the 3-0 lead in the sixth, and narrowed it once more in the eighth before the visitors picked off the local batters in straight order.

One man got to first with two men out in the ninth, but a put-out, pitcher to first, dropped Holland's last batter.

The game was the second home appearance of Kenny Vanden Berg, brother of Pitcher Bob, at the hot corner. He turned in a big performance although, like six other members of the squad who came to bat, he failed to hit.

VandenBerg's work at third base and the capable performance of Tussink at right field with Driscoll at center may make those positions regular for the rest of the season. Coach Batema opened the game with Lokers at left field, and used Sater during the game.

In the past three games, because of a sore arm, Barney Nelfert has not seen much action. He plays third and left field.

Bob Vanden Berg hurled the distance for Holland's club, allowing six hits, walking three men and cutting down six at the plate.

Minarets pitched for the visitors, and he held Holland to four hits, walked four men and fanned seven.

Wenzel led Holland hitters with a single in the first and a triple in the eighth. DeWitt and Van Lente each got singles.

The Dutch dropped their fourth Grandville struggle Saturday in a twilight game, 8-3, after leading early in the game, 2-0. Grandville took a 4-3 lead in the fourth, and smothered the locals 8-3 in the sixth of the seven-inning game.

Driscoll pitched for the local team, and turned in a good game, allowing but eight hits. The Grandville team, however, bunched hits in the third and sixth innings and combining a homer in each case, scored four times in each of the two frames.

Against the pitching of Nyenhuis, Holland scored nine hits, but managed to score only in the first and fourth innings.

WPA DEDUCTION IN LOCAL AREAS FEWER THAN 100

Ottawa Cut Likely Will
Not Be More Than
Sixty-Five

Not Over Twenty Due to
Lose Jobs in Allegan
By New Plan

Charles S. Weber of Grand Rapids, WPA director for the second district of 23 counties, informed The Sentinel Monday afternoon in a telephone conversation that the reduction of WPA workers in Ottawa county likely will total between 50 and 65 persons.

However, he said that these are not the exact figures as the reductions had been made "in a hurry." He stated that they will be taken from relief rolls throughout the county and not in one particular locality.

"These persons will be removed from relief rolls on a comparative need basis as recommended by the emergency relief administration and by the ERA's ability to handle the cases," Mr. Weber said.

He said that the WPA reduction in Allegan county will be between 10 and 20 persons because the county's relief load is much lower.

He reported that under WPA regulations, the county is allotted only 2,000,000 workers with a result that reductions have become necessary throughout the country. Mr. Weber has been ordered to reduce the WPA rolls in his district to 20,500 workers.

Because workers are being removed from projects in all parts of the country, it was anticipated that work will continue on all projects now being carried out under WPA supervision.
