## School Election Interest Lags

Little interest was evident today in Holland over the school election Monday for three trustees for the Board of Education.

The annual election will be held from 2 to 8 p.m. in the GAR room of City hall. All qualified voters may cast votes in the election. This election is not limited to property holders or parents of children of school age.

Four candidates are seeking three openings on the board. Mrs. Kenneth De Pree and Jay L. De Koning, who have served one three-year term, are seeking re-election. Harry Weskamp and Gilbert Van Wylen are new candidates. Mrs. George E. Kollen, member of the board for 30 years, is not seeking re-election this year.

Trustee John Olert, clerk of the board, said he has received applications for 30 absentee ballots. Deadline for absentee applications is 5 p.m. Saturday, according to election rules which govern both city and school elections.

Trustee A. E. Van Lente will serve as chairman of the election board. He will be assisted by Trustees E. V. Hartman and A. E. Lampen, and others.

## Flying Saucers Seen By Holland Residents

Holland Monday caught up with stories of the mysterious "flying saucers" which have intrigued the nation for the last two weeks.

Charles Skinner, of 159 West Eighth St., local taxicab driver, reported seeing two red discs in the sky east of the city Sunday night. Three passengers in his cab also saw the objects which appeared low and seemed to be the size of red flashers at a railroad crossing. Skinner said the objects flashed on and off and were visible for about 15 minutes.

The other reports received today dated back two weeks. Chris Fendt, living on Butter-nut drive, said he saw a large single disc two weeks ago while driving on Lake Shore road toward his home. He said it seemed to be 10 or 15 feet in diameter and kept going around in a circle not far from the shore line. He said it resembled a large search light without a beam.

Fendt said he stopped his car to watch the disc. He thought little about it until stories appeared recently. Since then he has watched the skies but found nothing.

Mrs. Noble Lee of Chicago, reporting with her family at their summer home on Lake Shore road near Port Sheldon, mentioned she had seen flying discs in the sky two weeks ago while driving to Holland with her children from Chicago. She planned to write the Chicago Observatory at the time. Her husband is dean of Kent law school, associated with the University of Chicago, and also is a member of the Illinois legislature.

In Allegan, a party of 27 saw flying discs over Lake Allegan Saturday night, believed to be about 25 feet in diameter. One man claimed to have seen 18 discs but others believed they saw 21.

Two Grand Rapids persons reported seeing a dark red disk zig-zagging on Pond lake, dipping as low as 20 feet above the surface of the water. The disc was believed to be eight inches in diameter.

Another Grand Rapids woman, driving in Lowell, said she saw a disc but her description stuck to the conventional silver color.

## State Speeds Up Bonus Payments

Don't worry—the State bonus payments are speeding up to date, according to the adjutant general's office. Of 6,488 enlistments in Ottawa county, 1,397 claims totaling \$539,005 have been paid.

Allegan county lists 4,205 inductions and enlistments with 269 claims paid for a total of \$146,770. Of 634,505 men and women who served in World War II from Michigan, 430,000 have filed bonus claims. Of this total, 131,377 applications have been approved, 29 were rejected, 10,658 were returned for corrections.

Approved claims for the entire State amount to \$51,055,730 making the average payment \$389. The daily average of claims processed has increased from 2,500 in May to more than 6,000 the last week of June. Michigan veterans living in 42 other states and two foreign countries have filed 410 claims.

## Named to Head Saugatuck Meets

John Benson, a layman from Holland, has been selected as general area chairman for the 3rd Community Goodwill Conference to be held at Westminster lodge, Saugatuck, Aug. 29-31. He will be assisted by local chairmen chosen from Allegan, Plainwell, Otsego, Paw Paw, South Haven, Holland and Wayland.

Following a pattern which has attracted nation-wide attention, the Michigan Council of Churches and Christian Education has served Michigan with 15 conferences each year in geographic areas which cover the state. Community leaders in the major occupational groups spend three days together at a summer camp to discuss the problems and tensions of their communities to the end that goodwill and mutual understanding may be developed.

Problems of world peace, the role of the church and education, an economic base for the good life, Christian family life, race relations, labor-management relations, and juvenile delinquency are prominent in discussion.

With a discussion leader in charge and skilled resource people in attendance, participants have a chance to share opinions and plans with a complete cross section of the community. Conference delegates represent groups, professions, clubs, churches and schools, although they speak as individuals in the sessions.

The Kalamazoo council, as the co-ordinator for many inter-church activities in the city and county, is affiliated with this endeavor.

## Young Bicyclist Fatally Injured

Douglas, July 10 (Special)—Dennis Keirnan, 7, only child of Mr. and Mrs. Francis Keirnan, route 2, Fennville, died at 11 p.m. Wednesday in Douglas hospital of injuries received earlier in the day when his bicycle was hit by a car at the intersection of River road and Hooter road, a half mile southeast of Douglas.

The accident occurred at 11 a.m. when the bicyclist was hit by a car driven by Gordon Barber, 23, of Saugatuck. The youngster received head lacerations and internal injuries.

State police of the South Haven post said young Keirnan was riding with two companions, also on bicycles, and cut across a corner in making a left turn onto River road from Hooter road, sending his bicycle into the path of Barber's car. No charges were placed against the driver.

The youngster was born March 12, 1940, in Douglas. He attended Douglas school and the Adventist church. Surviving are the parents and the grandparents; Mr. and Mrs. Thomas Keirnan of Ganges and Mr. and Mrs. Albert McNeal of Covert.

## Big Centennial Pageant Scheduled Three Nights

A historical pageant portraying the history of the coming of the Dutch to Western Michigan and emphasizing the Dutch settlements in Ottawa and Allegan counties will be a feature of the Centennial celebration to be held here Aug. 13-16, it was announced by Cornelius vander Meulen, chairman of the Holland Centennial Commission. It is planned that the pageant will be presented in Riverview park three nights during the August celebration.

Contracts have been made with the John B. Rogers Producing Co., of Eosoria, Ohio, to produce the colorful pageant. The company will furnish authentic costumes for the entire cast and special lighting and scenery for the 800-foot stage which will be erected in Riverview park especially for this occasion.

Paul T. Haagen, professional pageant master from Rogers Co., who will cast, rehearse and produce the spectacle, is in Holland to confer with the Centennial commission. Haagen produced the Pella, Iowa, Centennial pageant which was presented this spring as part of their Tulip Festival. He is a competent and experienced director having staged reviews and pageants in eleven states. While still in college Haagen became so interested in dramatics that he left school to enter the theatre. He placed himself under the tutelage of a famous Hollywood coach where he had private lessons in all phases of the theatre.

In making his announcement, vander Meulen said the cast of the pageant would be large and made up about equally of children and adults. He pointed out that there will be no speaking parts to be learned since all dialogue in the pageant will be taken care of by special narration over a public address system.

## Allegan County Union Wins C.E. Parade Award

The Michigan Christian Endeavor union concluded its 59th annual convention here Sunday with a closing worship service in which the Rev. Allan L. Schoff of Cedar Rapids, Ia., spoke on "The Magic of Choice."

Oppressive heat Saturday cut short the convention banquet in Holland armory and the 500 guests shifted early to Hope Memorial chapel for awards and the program.

Allegan County union was awarded first prize in the float contest in Saturday's parade which was made up of about 1,000 marching Endeavorers. The float featured a large large red C.E. emblem with the words, "Pulling Together for Christ and the Church." The float was drawn by two long lines of Allegan Endeavorers.

Second place went to the Holland Junior union whose float showed a youngster leading a meeting. Words below read, "And a Little Child Shall Lead Them." Sixth Reformed church took third place, showing a laborer, student and professional man, on the theme of Christianity in daily life. In his address Saturday night on "Why Doesn't Somebody?" Hon. Fred I. Chase, clerk of the Michigan Senate, said millions of Americans have learned to expect "somebody" to think for them and carry them and even to feed them. "Will they ever again learn to say 'Why don't I?' instead of 'Why doesn't somebody?'"

"As soon as public service ceases to be the chief business of the citizens and they would rather serve with their money than with their persons, the state is not far from its fall. It isn't labor that needs to change, or big business, or white collar workers, or school teachers, or any one group. It's every last one of us."

Emphasizing the importance of voting as one important thing everybody can do when they come of age, Chase listed four important rules. They were: (1) Don't cheat. Do it the democratic way. Don't bribe or corrupt others. If it hurts, let it hurt—you'll be a man; (2) Open your eyes to the abuses of your own class and be a crusader for justice in your own group; (3) Seriously discuss with at least five people every week the need for a re-birth of self-sacrifice in this country — and start with yourself; (4) read and re-read weekly, slowly and thoughtfully, the preamble to the constitution and the first hundred words of the Declaration of the Independence.

Sunday afternoon, Rev. Schoff said the secret of the good life is learning how to make the right choices. He said all men are instinctively religious, yet for those caught in the quicksand of indecision there is a constant tug-of-war between religious restraint and personal desire.

"Wrong choice leads to a mirage. We have an example of this dangerous element in society in the atheistic Communism of Soviet Russia. Their instinct to religion has been diverted from the living God to the political faith they embrace. But in spite of their rejection of the Lord, our Christ is still Lord of the earth. He will let them go so far—and no further. Their imposing array of successes will turn out to be a mirage, ending in disillusion and defeat."

He concluded by saying there is magic in the right choice which takes out of life the indecision and uncertainty, one which unifies the mind, the emotions and the will and frees one from fears and frustration.

## Large Collier Here

The self-unloading coal boat, Charles C. West, arrived in Holland harbor at 10 a.m. today from Toledo, carrying 8,500 tons of coal for the Harrington dock and the Board of Public Works dock. ## Truck Driver Arrested After Chase by Police

### Motorcycle and Scooter In Two Other Accidents Occurring Near City

Prompt action on the part of city police resulted in the arrest of a truck driver who allegedly forced a motorist off the highway on US-31 about five miles north of Holland at 6:45 p.m. Tuesday.

The truck was halted by police six miles south of Holland after a chase which started with a tipoff by another motorist who previously had noted the truck "license number and notified police."

Hugh R. Medsker, 43, of Griffith, Ind., driver of the truck, posted a \$25 bond after sheriff's officers charged him with improper driving causing an accident. Officers said the man had been drinking but was not drunk.

A car driven by Jack George Eberhardt, 55, Muskegon, was forced into the ditch five miles north of Holland after the truck driven by Medsker drove to the wrong side of the highway. The car was badly damaged and was removed by a wrecker. Eberhardt and his wife were not injured.

William G. Schroeder and his bride of Grand Rapids also traveling south on US-31, told officers the truck was zigzagging four miles before the accident and Schroeder was unable to pass the truck. When Schroeder came upon the accident scene he satisfied himself that the occupants were not in need of medical attention, and hurried to alert Holland police. Schroeder said the truck previously had forced two other cars onto the shoulder.

William Kaat, 17, Zeeland, was treated in Holland hospital for injuries received Monday at 11 p.m. when because of bright lights of an approaching car, his motor scooter ran into a soft shoulder and turned over.

At 10:50 p.m., a motorcycle ridden by Dean Den Uyl, 19, of West Lafayette, Ind., and Macatawa park, collided with a car driven by Cornelius G. Rus, 20, route 2, at an intersection on the Ottawa beach road just east of the Big Bayou. Den Uyl told sheriff's officers he became confused by a single amber fog light on the Rus car which was approaching the Ottawa beach road from the south. Den Uyl chipped his front teeth in the accident. Officers issued a summons to Rus for improper lights.

At Friday night's assembly, the Rev. Warner R. Cole of Detroit, pastor of Covenant Baptist church, listed three principles in developing Christian leadership, while speaking on the subject, "Can I Be a Christian Leader?"

"First, you must possess a vital experience with Jesus Christ so that His power radiates through you; then you must believe that there is a place for your leadership; and lastly, take all you have, develop it and lay it at the feet of Jesus."

He emphasized that leadership is not confined to the spoken word only, but a leader must fellowship with the people and demonstrate day by day the qualities he wants his followers to exercise. He illustrated his points with many stories.

"Your horizons may seem restricted, but life never held out brighter privileges and more worthwhile things than the world does today," he said.

## Gun Club Leases Ottawa Property

Grand Haven, July 10—The North Ottawa Rod and Gun club has acquired a 39-acre tract of land in Grand Haven township by lease from the West Ottawa Soil Conservation District Board of Directors. The tract is sub-leased to the club for 50 years to be used for conservation and recreational purposes.

The property is located a mile east of Stone school on US-31 several miles south of the city limits. It reverted to Ottawa county from the state due to unpaid taxes. A trout stream runs through the property.

A rifle range, skeet shoot and new clubhouse are planned on the plot, according to Dr. John Kitchell, president of the club. Last fall several hundred acres of farm land bordering Grand river were leased for a State Wildlife sanctuary and the club has been active in pheasant rearing.

## Merchants Plan Farmers' Picnic For Centennial

### Henry Wilson Is General Chairman for Holland Event Set for August 14

President Tony Last of the Retail Merchants' division of the Chamber of Commerce today named Henry Wilson as general chairman for the Community picnic, at which farmers of the Holland-Zeeland area will be guests together with the Holland and suburban residents. The event is part of the Holland Centennial program Aug. 14.

The theme of the picnic will be based on the old-fashioned farmers' picnics which have been staged in the past by the merchants. The old-fashioned barrels of lemonade and big containers of coffee will be in evidence while farmers and Holland residents gather with their picnic baskets. Wilson said that the picnic will be held at Kollen park following the V-J parade.

Plans include a day long program. It will begin at 9 a.m. This program will be given on the street and the store will remain open only in the morning, closing that afternoon.

Wilson is calling a meeting of merchants Tuesday at 9:30 a.m. in the Chamber of Commerce. Plans and committee appointments will be announced at that time. A full attendance is sought by Wilson as the plans and details of the day are of "greatest interest to all the merchants."

Merchants also are planning window decorations. Many will have displays of earlier days depicting their wares as they looked many years ago. It is expected that during the Centennial week, the windows of the merchants will contain many interesting and odd pieces of wearing apparel, dishes, office equipment, clothing, hardware supplies, heaters; and other articles.

Merchants are contracting with a leading decorating concern in the Middle West for decorating the stores, windows and street. Bunting and streamers are expected to make Holland's business district and outlying stores attractive centers for photographers and sightseers.

## Centennial Booklet Depicts History of Zeeland Area

**Pictures of Pioneers,  
Story of Development  
Included in Work**

Zeeland Centennial souvenir booklet has been prepared in connection with the Centennial program. The booklet contains the program of events as well as pictures of Zeeland as it was in pioneer days and at the present time.

The committee in charge of the booklet includes Anne Telgenhof, chairman; P. T. Moerdyk, history; Nicholas de Vries, photography; and C. Karsten, Chamber of Commerce secretary.

The cover of the booklet shows the tablet and the 16x24 ft. stone placed at the site of "Het Waterhuise" in memory of Jannes Vande Luyster and the early settlers of Zeeland. Vriesland and Drenthe, who landed from a "plaatboot" at the head of navigation of Black river at a point 71 rods south and 16 rods east from the marker. Here a log house with a bark roof known as "Het Waterhuise" was built which served as a distributing station for the early colonists.

The book contains a picture of the Rev. Cornelius Vander Meulen, the "Apostle of Zeeland," and the first pastor, Jannes Vande Luyster, the "Financier of Zeeland," was a leader in pioneer days. He was adverse to having his portrait taken and therefore his likeness is not included. A picture of Mrs. O. Holkeboer, Zeeland's oldest citizen at 93 years, is also included.

Dick Van Bree is Zeeland's oldest active business man. He is 82 and is carrying on the drug business started by his father Francois Van Bree.

The early government of Zeeland is of great interest. Zeeland was governed by the "Volksvergadering" a group made up of heads of families from both Holland and Zeeland. In 1851 Zeeland township was organized and in 1875 the village was organized. The first annual meeting for the election of officers for Zeeland village was held in the school house May 4, 1875.

Dr. D. Baert was first president, serving from 1871 to 1886. Other presidents in the order of service included: Govert Keppel, Johannes De Pree, B. J. Veneklaas, Govert Keppel, C. Van Loo, Cornelius Roosenraad, John D. Everhard, Govert Keppel, Berend Kamp, Chris De Jonge, F. G. Huijsenga, John D. Everhard, William D. Van Loo and P. Henry De Pree.

Zeeland was incorporated as a city in 1907 and P. Henry De Pree served as first mayor. Others in the order of service include: B. Kamp, James Cook, J. H. Moeke, Isaac Van Dyke, M. C. Ver Hage, J. A. Elenbaas, M. C. Ver Hage, J. H. Moeke, Frederick Klumper, and John H. De Pree, David Vereeke, Gerrit Yntema and N. Frankena.

The City Council at present is Nicholas Frankena, mayor; Henry Lokers, city clerk and aldermen; John Stephenson, Arie H. Van Dyke, Joseph Waldyk, Howard Miller, Robert De Bruyn and J. H. Kole.

## Residents Urged To Water Petunias

Another appeal for watering the petunias along tulip lanes was made to local residents today by Mrs. L. W. Lamb of the Holland Tulip Garden club. Recent rains have not wet the lanes enough, especially where they lie under trees, she said.

It takes several weeks for the plants to take root, the committee advised, and during that time they need frequent watering. Because the lanes are clay, they also need more water than if they were a loose, porous soil, Mrs. Lamb said.

## Shamrocks Upset Lumberjacks In Legion Contest

American Legion league standings were changed again Tuesday night when Duffy's pulled the upset of the year by whipping the league leading Northern Wood nine 3-2. Hart and Cooley, by virtue of a thrilling 9-8 decision over Fords now shares the lead with the Woodsman.

Ray Birdsall, Shamrock hurler, practically won his own game with superb pitching and timely hitting. He allowed but four hits and connected for a triple and a single himself to drive in two runs. Kearney Zoerhof also allowed four safeties, while on the mound for the Lumberjacks.

The losers got their only two tallies in the third inning on a double by Con Boeve, two walks and an error. Birdsall was never in difficulty after this minor uprising.

Duffy's retaliated with their game winning runs in their fourth when they scored on two hits a walk and an error. Birdsall accounted for two tallies with his long triple.

The Duffy infield turned in some sparkling defensive plays.

The Hart and Cooley-Ford game was just the opposite of the tight Duffy-Northern Wood contest, with both nines scoring with comparative ease. Hart and Cooley were able to get 11 safe blows from the slants of Duane Rosen-dahl, Ford pitcher, while Shuck and Van Eck, hurlers for Hart and Cooley, permitted eight hits.

Four Hart and Cooley hits coupled with several Ford misplays accounted for five third inning tallies after the Phillies had scored four times in the second on two hits. Hart and Cooley added another in the fourth to take a 6-4 lead. A walk and two hits produced a single Hart and Cooley run in the fifth to make the score 7-4. Fords tied the score with three runs on one hit in their half of the fifth.

The "never say die" Hart and Cooley lads came back determined in the sixth, however to score the winning runs on three successive blows. Czermies provided the feature drive of the inning with a long double. Ford threw a scare into Hart and Cooley partisans in their half of the sixth when they fell one tally short of tying the score. The game ended 9-8 as neither nine scored in the final inning.

## Vet Nine Whips Virginia Park

The local Vets nine had little difficulty in downing Virginia Park 7-3 Tuesday night in a Wooden Shoe loop contest. Ver Hey was the winning hurler, allowing four scattered safeties. Virginia Park used De Maat and Van Liere on the mound with neither hurler able to check the Vets nine.

Both outfits tallied in the third inning with VFW holding a 4-2 advantage after the inning was over. The Vets connected for six safeties including a long home run by Stasik. Pierasma also doubled in the four run outburst. The Parkers scored their two runs on two walks and two hits.

Single runs in the fifth, sixth and seventh innings completed the Vets scoring while Virginia Park added their final tally in the seventh.

Stanford led the VFW hitters with three safeties in four trips to the plate while Serier and Vandewater each got two. No Virginia Park batter was able to get more than one hit.

## Chief Reports Holland Safe Place to Live

### Municipal Parking Lots Suggested To Relieve Crowded Downtown

We can again report Holland as a place "where folks really live," as crimes were far below average of other cities last year, said Jack Van Hoff, chief of police, in his annual report to the Common Council and Safety Commission last week.

A total of 2,639 persons were charged with various offenses ranging from speeding to criminal homicide. Of this total almost 45 per cent were illegal parking violators. Speeding accounted for 469 offenses and improper driving offenses totaled 580.

According to the report, actual arrests numbered 1,521 for the past fiscal year. The heaviest month was September, with January a close second. Low months for the year were February and March.

Men arrested outnumbered the women arrested 1,414 to 1,07 for the year.

About 75 per cent of the police department's work is concerned with traffic. The report noted that many of the AAA traffic survey recommendations have been put into effect.

The elimination of parking on the east side of River Ave. between 8th and 9th Sts. permitting two lanes of traffic has worked out very well. Several persons have criticized the elimination of these parking spaces due to the fact that stalls are at a premium now. The report answered this objection by saying the less traffic on the street and the wider the street, then the less cause for accidents. The AAA report said, "The primary function of streets should be moving traffic, not the storing of vehicles."

There are 10,000 cars registered in Holland and by 1957 manufacturers predict there will be twice as many. At the present time there are 163 parking spaces on the two main streets, River Ave. and 8th St.

The Safety committee has municipal-owned parking lots in mind. Various lots have been suggested for this purpose. Parking limitations of 30 minutes would follow if the lots went into operation.

Parking space is needed near City hall. Streets around this area are limited to 15-minute parking. What is needed here is a place where people working all day can park.

The report notes the need for a parking lot near Riverview park. Crowds at the many functions testify to the necessity of such a lot.

The report concluded saying there are 14 men on the force at the present time.

## COMMON COUNCIL

Holland, Michigan, June 30, 1947  
The Common Council met in special session pursuant to call by the Mayor.

Present: Mayor Steffens, Aldermen Harrington, Bontekoe, Van Tatenhove, Slagh, De Pree, Gallen, Prins, Meengs and the Clerk. Also present were City Attorney Boter, former City Attorney Ten Cate, former City Clerk Oscar Peterson, Supervisors John Gallen and Simon De Boer.

The meeting was called by Mayor Steffens for the purpose of considering action to be taken regarding the tax equalization as proposed by the Board of Supervisors.

City Attorney Boter explained that the Board of Supervisors desired to use the assessed valuations in each city and township as the basis for county tax. The City of Holland had increased its assessed valuations by approximately \$3,000,000 and the entire assessment for the County is up only approximately \$5,000,000. We therefore are to stand 56.98 per cent of the increase. The question is raised as to whether we are to abide by the decision of the Board of Supervisors or whether we are to appeal to the State Tax Commission.

Mr. Ten Cate explained the past history of the problems in connection with this same matter. Last year an agreement had been made whereby we signed the Tax Roll with the understanding that the State Tax Commission would come in and set the valuations of the Townships and Cities. The Commission has not yet completed the work. Our problem is how to prove our contention that we should not be taxed as heavily as we are now being taxed.

Mr. Peterson, former City Clerk, suggested the possibility of getting a private appraisal firm to appraise the entire County. The members of the Board of Supervisors were sure that this suggestion would not be approved by the other members of the Board.

On motion of Alderman De Pree, 2nd by Meengs,

Resolved that the City of Holland file an appeal with the State Tax Commission.

Carried by a vote of 7 to 1.

Adjourned.

C. Grevengeod, City Clerk.

Holland, Michigan, June 23, 1947  
The Common Council met in regular session at the request of Alderman Meengs.

Chairman of the Public Safety Commission, to discuss the problem of Fire Protection for residents of Holland and Park Townships.

Present: Mayor Steffens, Aldermen Harrington, Nienhuis, Bontekoe, Van Tatenhove, Slagh, De Pree, Gallen, Beltman, Prins, Holwerda and Meengs, and the Clerk.

After a long discussion pertaining to our responsibility toward the people of the Holland and Park Townships, a motion was made by Alderman Holwerda, 2nd by De Pree,

That the Public Safety Commission be empowered to enter into agreements with Industrial and Commercial firms for fire protection by the Holland Fire Department so that these firms would be serviced as well as fires to which we might be called upon specific request by the Township Fire Chiefs.

This motion was amended so as to include with the Public Safety Commission the following officials:

Fire Chief Klomprens, City Attorney, City Clerk and the Mayor.

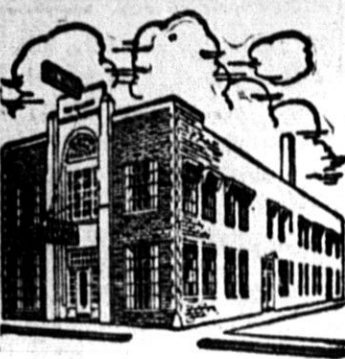

Carried.

On motion of Alderman Slagh, 2nd by Holwerda,

Clerk

## A DRUG THE WORLD NEEDS

A London correspondent has  
been announcing the discovery in  
Britain of what he calls a new  
"wonder drug." It has the power,  
he avers, of making people who  
imbibe it to see something hope-  
ful in even the most desperate sit-  
uation. It turns pessimists into  
optimists; it turns the corners of  
the mouth from a downward to an  
upward position; it converts a  
frown into a smile. It has the  
power, he says, of making even  
the English observe a rosy glow  
in their future.

The correspondent may be pull-  
ing the public's leg. But if such a  
drug has actually been discovered,  
the world has never been in a  
position to use it to better ad-  
vantage than it is today. During  
the desperate days of the second  
World War it was not too difficult  
for the peoples of this tired world  
to face the future. The picture  
they were in at that time was uni-  
versally recognized as being tem-  
porary, and people can stand al-  
most anything if they know there  
will be an end to their troubles.  
If they lost, well then they lost,  
and that would be the end of it.  
But they hoped to win and that  
hope made life bearable in even  
the most desperate circumstances.

But during the two years since  
the end of the war the situation  
has changed. One by one the free-  
dom loving peoples of the world  
have seen the props knocked down  
under them. It would have been  
virtually impossible for most of  
us, two years ago, to imagine  
what the state of things would be  
today. We were all filled up to  
the gullet with 'impossible' ideal-  
isms and were busily shutting our  
eyes to the realities.

But illusions have given way  
to a sense of reality. We have  
been forced to recognize the fact  
that talk alone is not enough, that  
wishes alone won't make the kind  
of world in which we can live and  
breathe. Worst of all, the convic-  
tion has been forced upon us that  
what we are facing is more or  
less permanent, that there is no  
predictable conclusion to the state  
of undeclared war in our world.  
We will have to learn to accept  
the fact that the dream of "One  
World" is a fantasy, that so long  
as most of us shall live we shall  
have to fight, and perhaps fight  
desperately, for the life we hold  
dear.

We could use an optimism drug,  
provided it did not anesthetize  
us to the realities. On the whole  
it is perhaps better to learn to  
look trouble squarely in the eye.

## Lesson

July 13, 1947  
God in His World  
Job 32:1-7, 16-18, 22-47  
By Henry Geerlings

In his "Adventures in Content-  
ment," David Grayson tells about  
an old botany professor who occa-  
sionally hunted for wild flowers  
on his farm. One day as they were  
talking, the aged scientist told  
something of his spiritual pil-  
grimage. In his early childhood,  
he pointed out, he had believed  
implicitly in God. But as a young,  
budding scientist, he had felt that  
he could believe in nothing except  
that he could see, hear or feel.  
But now looking at a specimen of  
a wild flower which he held in  
his hand, it seemed to him there  
was nothing but God. Many a per-  
son has first experienced God  
through nature. Many a poet has  
echoed the sentiments of the  
psalmist when he said that the  
heavens declare the glory of God.  
Philosophy bases one of its argu-  
ments for the existence of God on  
the nature of the universe. Only  
the Creator, says this argument,  
can explain such a marvelous crea-  
tion. Man can split the atom, but  
only God can create, and give it  
its properties. The book of Job,  
therefore, opens up a fertile field  
of thought for us in a passage  
that emphasizes the wonders of  
nature and asks how they came to  
be.

In few places in literature will  
one find such an appreciation of  
the wonderful works of nature as  
that which appears in our lesson  
for today. It is one of the most  
impressive passages in the Old  
Testament. Even in a prescientific  
age, Job is so impressed by the  
size and grandeur of earth and sea  
and sky, and all the creatures  
with which God has inhabited the  
earth, that his own dire-suffer-  
ings seem to pale into insignifi-  
cance. His mind moves from one  
marvel of nature to another un-  
til he finds himself in the mood  
of the psalmist when he cried,  
"When I consider Thy heavens,  
the work of Thy fingers, the moon  
and the stars which Thou has or-  
dained; what is man that Thou  
art mindful of him?" In a way  
that all the arguments of his  
friends had failed to achieve, Job  
is moved by his contemplation of  
nature to a renewed vision of the  
greatness of God. So real did God  
seem to him that he could say, "I  
have heard of Thee by the hear-  
ing of the ear; but now my eye  
seeth Thee."

As we look at nature we have  
an advantage that Job did not  
have. We have scientific knowl-  
edge about the universe. What  
Job saw with the naked eye, we  
see through the microscope and  
the telescope.

When we look out at our uni-  
verse, what do we see? For one  
thing, we see evidence of order  
and precision. Science does not  
have to guess at the movement  
of the stars. It can discover these  
facts with mathematical certainty,  
because the universe runs with  
mathematical precision. The  
planet Pluto, for example, was  
discovered by Percival Lowell, but  
he never saw it. No one saw it  
until 14 years after Lowell's  
death. How, then, did he know it  
was there? He knew it because  
certain stars were slightly deflected  
from their orbits, and, since  
nothing happens by chance in the  
physical world, he decided that  
some unseen planet must be ex-  
erting a pull at the point of de-  
flection. Later, when men con-  
structed a larger telescope, they  
discovered Pluto right where he  
said that it would be.

Such precision could not happen  
by chance. It tells us that God  
is dependable. Every second his laws  
are operating in our behalf. If  
for one single second the force of  
gravitation should cease, we would  
all fly off into space. Every sec-  
ond the processes of healing are  
operative in our bodies, else the  
least ailment would be fatal.

All of which bears testimony to  
the goodness of God—a testimony  
that is borne out in the Christian  
gospel. For we have a second ad-  
vantage that Job did not have.  
We have not only science, but  
Jesus. Job had the creation; we  
have the incarnation. God medi-  
ated on the miracle of light. But  
we know that the God who com-  
manded the light to shine out of  
darkness, hath shined in our  
hearts, to give us the light of the  
knowledge of the glory of God in  
the face of Jesus Christ.

There is another thought in  
the lesson that ought to grip us. Job  
believed that he was wonderfully  
made. The human eye and ear are  
instances of divine skill and power.  
That we should be able by means  
of this small apparatus called the  
ear, to detect such a variety of  
notes, to distinguish sounds from  
one another so readily, through-  
out so many years, to receive the  
faintest whisper in the trees, and  
to enjoy the reverberating hun-  
der; that we should be able by  
means of two small globes in our  
face to see things as minute as a  
bud or a dewdrop and as mighty  
as a mountain or as the great  
wide sea, to detect that which  
is dangerous and to gaze with de-  
light and even rapture on the beau-  
ties and glories of the world—this  
is a very striking instance of the  
wonderful power of the Creator.

phuis, daughter of Mr. and Mrs.

groom is the son of Mr. and Mrs.  
Peter Dalman, route 2.

The double ring service was  
read by the Rev. S. Kramer of  
South Olive Christian Reformed  
church before an arrangement of  
palms, ferns, candelabra and bas-  
kets of white gladioli and peonies.

Miss Ruth Slotman played tra-

Me" before the ceremony and  
"The Marriage Hymn" after the

## Issues Warning On Check Artists

Police Chief Jacob Van Hoff  
today urged local merchants to  
keep a sharp look-out for check  
artists after dapper George L.  
King, 59, ex-convict of Toledo,  
Ohio, admitted he had listed Hol-  
land for a visit upon questioning  
in Ionia on a bogus check charge.  
More than 13 warrants have  
been issued against King since he  
was tripped up Sunday by a Port-  
land merchant. He has confessed  
to forging \$200,000 worth of  
checks and admitted "taking"  
Michigan merchants for more  
than \$20,000 since June 20 to  
finance "gambling and high liv-  
ing."

State police said King was ap-  
prehended after an alert Port-  
land merchant, suspicious of a  
\$187.40 check on a Saginaw bank,  
followed King to a taxi and check-  
ed its license plate and called  
East Lansing state police. The  
cab was flagged down in Green-  
ville.

On King's person were 11 more  
checks which he later confessed  
he planned to palm off on mer-  
chants in other Western Michigan  
cities including Holland.

Chief Van Hoff heartily com-  
mended the action of the Portland  
merchant in checking license  
plates and urged local merchants  
to do likewise if occasion arises.  
"If we have a license number,  
we have something to work on,"  
Van Hoff said.

## Fifty Per Cent Peach Crop Seen In Fennville Area

### Excellent Strawberry Crop Being Processed; Berries Are Frozen

Fennville, July 10 (Special)—E. J. Miles, secretary-manager of the Fennville Fruit Exchange makes the following estimate of fruit prospects in this vicinity:

Cherry crop about a 15 per cent crop and pears about the same; peaches about a 50 per cent crop and plums short; apples a fair crop, but bad with scab.

Mr. Miles expects they will be starting on cherries the latter part of this week. Cherries this year he

says will be frozen as for the last several years. Before they have been sold wholesale to pie factories, but the amount this year will just about fill the retail demand at the doors of the Exchange.

Frank Philippi has now been engaged as permanent bookkeeper. Before an experienced booker was available this spring for the permanent position, Mrs. Martha Johnson and Mrs. Maxine Tromp helped out temporarily but neither was available for the steady job.

M. C. Hutchinson of the Fruit Canners, Inc. make about the same estimate for cherries, pears, peaches, plums and apples. He says there was a fair crop of asparagus which has usually been preceded by rhubarb. No rhubarb was handled this year.

There has been a very good strawberry crop, berries of excellent quality and of good profit to growers. Processing will have lasted two weeks this Wednesday and it will be nearly completed by the end of the week. Instead of canning them as in former years they are all frozen now to be made later into preserves.

The orchards of George Lamoreaux and his son Stewart, near New Richmond, have an unusual crop of peaches this year. They have started to thin them and it is estimated that the expense of labor for thinning may amount to \$500.

Their large crop probably will not change the estimate of a 50 per cent crop, because orchards of the vicinity are inspected before estimates are made.

Italy proper has a coastline of about 2,270 miles, and counting the various islands, the total is about 4,160 miles. No place is more than 60 miles from the sea.

## Dutch Family Will Live in Holland

A Hollander who chose Holland, Mich., as his "adopted home" is William Van Zonneveld who arrived here with his wife and son, Herman, 18, to live at 321 Central Ave. A wholesale bulb salesman, Mr. Van Zonneveld will live here and travel throughout the midwest in connection with his business. This is his third trip to America since the conclusion of World War II.

The Van Zonnevelds left their home in Noordwijk, near The Hague, in The Netherlands May 16 and traveled on the Westerdam, a trans-Atlantic ship. They spent some time in New York before coming by train to Holland.

Prize possession of the family is their beautiful Russian shepherd, Max, who boasts a thick black coat. The dog has a scar on the nose where he was shot during the war by annoyed German soldiers and still barks excitedly whenever he hears a shot. Van Zonneveld says. The family also took with them a clock made in 1640.

## Naval Reserve Electronic Unit To Be Organized

Holland Selected for Electric Warfare Co.; Meeting Set Tuesday

Word has been received that Electronic Warfare Co. No. 9-125 will be organized here. Lt. Comdr. J. H. Van Alsburg has received his orders as commanding officer and Lt. R. Craig Trueblood expects his orders any day.

The company rates 40 men and five officers, and when complement reaches 30 men and three officers, organization will be completed and drills held twice each month.

Arrangements have been made for quarters and complete equipment has been requisitioned for the company. This equipment includes a complete short-wave radio sending and receiving set and daily communication will be maintained with other Naval units in the 9th Naval district.

Plans and equipment include sufficient space and equipment to set up a licensed short wave set for off-time amusement of the company.

The unit is expected to become familiar with radio, radar, sonar and communications. This type of work always has created considerable interest.

Information covering the company is available to those interested at a meeting Tuesday at 7:30 p.m. on the second floor of The Sentinel building. All persons who have had experience in radio, radar, sonar and communications, or are interested in them, are requested to attend the meeting.

A yeoman, second or third class, also is required and since none is known offhand, information will be appreciated.

The company is open to all, and several former Army enlisted men have expressed a desire to join and are expected at the meeting.

Once a member of the company, a person's resignation can be effected immediately if desired, Van Alsburg said. In time of war, the best berths are available to trained men who can advance in rating while members of this company.

## Local Stables Take First Place

Cheewin, owned by Brouwer's stables of Holland, kept pace with his running mate winner of Friday, Jerry Hanover, as he took three firsts in the 2:23 trot at the North Shore harness races Saturday. The speedy mare was never headed in any of the three heats, maintaining a first place pole position throughout. Frivolous, also owned by Brouwer finished third and fourth in the same race.

The complete results are: Cheewin, three firsts; Mack Hamilton, owned by Ted Oosting of Fremont, three seconds, Frivolous, a third and two fourths and Brownie McKay, owned by Mason Ward of Ionia, a fifth and two third positions.

In the 2:19 trot, Five Grand, owned by Ted Oosting of Fremont, took all three firsts. Fisco Lassie, owned by Frank Smelser of Portland, Ind., was second and Margaret Cash, owned by Joseph Wantz of Hart was third. Stepper McKay, owned by Paul Frederickson of Holland, was injured in the first heat of the race and was withdrawn.

A near-capacity crowd witnessed the second day of harness racing sponsored by the Holland Horsemen's Association.

## Zeeland Edged By Local Squad

Steffens Market of Holland and Zeeland Suncoos battled for eight scoreless innings at Zeeland Friday before the Hollanders came through with a game-winning run in the ninth inning to take the contest 1-0. The contest proved to be a tough pitchers' duel between Baxter of Steffens and Blaukamp of Zeeland, with each twirler allowing two scattered safeties.

The crucial run crossed the plate when Crozier got to second on a two-base error and took third when Hulst went out first baseman unassisted. Bouwman fled into center field with Crozier scoring after the catch.

The only two Dutchmen to hit safely were Crozier and Bouwman who each knocked out singles. Hoagland doubled and Woldyke singled for Zeeland's only hits.

On Wednesday, July 9th, the Steffens aggregation will battle Baber's from Muskegon Heights at Riverview park at 8:30 p.m. The Holland-Racine Girls softball team will battle the Hamilton Girls in prelin.

### Three Pay Fines

Hilda R. Veenhoven, 18, route 2, paid fine and costs of \$5 in Municipal Court Monday on a speeding charge. Harold Knoll, 32, route 6, paid costs of \$3 on a charge of making unnecessary noises. Gordon Bouma, 24, Zeeland, paid costs of \$1 on a double parking count.

Railroad grade crossing accidents occur most often on Sundays.

## Missionaries To Speak Here

Rev. and Mrs. John Grant

The Rev. and Mrs. John Grant, missionaries of Immanuel church, and their two children, Clara, 7, and Elizabeth, 6, arrived in Holland Thursday afternoon from Altona, Pa. where they spent the last few weeks with the family of Mrs. Grant.

The Grants arrived by plane at LaGuardia field, N. Y., May 29. The trip by plane from Lagos, Nigeria, British West Africa, took only 34½ hours, including stops for refueling and servicing at Dakar, Lisbon, and the Azores. The Grants' trip from Africa to New York in the summer of 1942, took 51 days, their boat traveling in a large convoy.

For the last three years Mr. Grant was in charge of the Niger Press at Jos, Nigeria. The Niger Press prints Bibles, Bible portions, textbooks and hymn books in the native tongues of the people in Nigeria and elsewhere. Mrs. Grant, a registered nurse, had charge of a medical dispensary in Africa.

## North Shore In First Place Tie

North Shore's up and coming baseball aggregation completed their "catch the leader" game Saturday night as they moved into a first place tie with Hamilton by virtue of an 8-5 win over Virginia Park. The Wooden Shoe League contest was the second tilt of a doubleheader. Vets defeated DCA 2-1 in the opener. This completed the first round play.

North Shore's Reimink pitched good ball as he allowed the Parkers only seven scattered blows, two of them good for three runs. Claire Van Liere of Virginia Park was the victim of a big fourth inning uprising by North Shore when five runs crossed the plate. The winners took an early two run margin in the first on a walk and successive singles by Waterway and Kolean. Virginia Park narrowed the lead to one run when they scored on an error, a stolen base, and a single by Wiersma.

The fourth inning was a scoring affair for both nines with the Parkers taking the initiative by garnering three runs, making the count 4-2. Two hits including a triple by Appledorn were the main factors in the rally. North Shore retaliated in their half with four solid hits combined with two walks to regain a 7-4 lead. They added another in the fifth without getting a hit, while Virginia Park gained their last tally in the sixth.

Hoffman hurled for the winning Vets while O'Connor was on the mound for the DCA outfit.

The Vets tallied their first counter in the third inning on a walk and a single by Stasik. They added their final tally in the fifth on singles by Stasik and Vandewater. DCA garnered their lone score in the sixth on two errors and a single by L. Borgman.

Each nine was able to get four safeties.

Legion All-Stars Wallop Zeeland

Holland American Legion All Stars had little difficulty with a similar aggregation from Zeeland Thursday night as they whipped the invading Chix 19-1. Kearney Zoerhof and Duane Rosendahl shared the pitching chores for the locals, allowing but seven hits. Zeerip and Kamphuis, on the mound for the losers, permitted 15 hits.

The locals lost no time in getting started as they scored another in the second and third, three in the fourth, and staged a big rally in the fifth which netted them six runs. The inning was featured by some fancy base running on the part of the Dutchmen. They stole five bases and were the recipients of five walks during the big uprising. Single runs were scored in the sixth and seventh and then completed the rout by notching three more in the eighth.

Zeeland garnered their lone marker in the seventh on a hit a walk and an error.

Bobby Alena provided the hitting power for the local All-Stars, getting three hits and scoring three runs. Boeve got two safeties as did Sloothaak and Slagh. Rinkema led the Zeeland batters with two hits in two trips to the plate.

## Dutchmen Rally In Last Inning To Edge Invaders

### Perfect Squeeze Play Nets Locals Two Runs; Play Kalamazoo Next

Zeeland, July 10 (Special) — A Manager Benny Batema's base ball strategy and Don Van Lente's bunting skill paid off for the Flying Dutchmen Monday night when a ninth inning squeeze play scored two runs and enabled the locals to win their 12th contest of the year, a 4-3 decision over the Milwaukee Tigers. It was the fifth mound victory for George Zuverink, who himself scored the winning run, as he sprinted from second on Van Lente's bunt. He scored behind Lefty Van Wieren, who tied the game up by scoring from third.

With the locals trailing 3-2 going into the last half of the ninth Batema put Lefty Van Wieren in to pinch hit and the hard hitting pitcher drew a base-on-balls. Zuverink then popped a bunt along the first base line but the color pitcher fired the ball wide to first and both runners advanced a base. Driscoll fouled out to the first baseman with the runners holding second and third. Batema gave the sign for the squeeze play and as Brooks wound up Van Wieren streaked for home. With the pressure on, Don Van Lente laid down a perfect bunt in front of the plate and Van Wieren crossed the plate to make the score at 3-all. But as the pitcher fielded the ball and threw to first, Zuverink raced all the way home ahead of the first baseman's throw to the plate. Although the Dutchmen got off to a 2-0 lead in the first inning it was "tough sledding" for the locals. In the fourth the colored Tigers got to Zuverink for three hits and two runs to knot the count at 2-all. For the next four innings it was a pitcher's battle.

But in the ninth inning for the Milwaukee nine, Williams singled to center field and when the ball got through "Mouse" Van Wieren the runner raced all the way to third. Adkins then grounded to the pitcher and was out at first. With the count two strikes and no balls, Zuverink threw a knuckle ball over catcher Loren's head. Williams scored, putting the Tigers in the lead 3-2. Zuverink bore down and fired a third strike past the batter to end the inning.

Then came the exciting climax when the locals executed a perfect squeeze play, one of the most colorful plays in baseball.

The twirling of Brooks, Tiger hurler, kept the Hollanders guessing, and only six local hits dropped safely. Although Brooks' pitching was slow, it had enough "stuff" to fan seven Dutchmen. Zuverink allowed seven safeties and struck out 10 Tigers to keep his mound record unblemished.

It was the all-around offensive power of Don Van Lente that kept the locals out of the hole as the stocky shortstop cracked out two hits in three trips to the plate. Newberry hit safely twice in four chances to lead the Milwaukee club.

## Judge Decides That Gift Is Gift

Grand Haven, July 10 (Special) — Circuit Judge Fred T. Miles decided Wednesday that a gift is a gift.

In an opinion in the Lowry "gift" case which was heard last May 27, Judge Miles dismissed the bill of complaint filed by O. W. Lowry of Holland seeking the return of stock given his wife, Sarah, 10 years ago.

Lowry originally brought suit after the Internal Revenue department refused to recognize the transaction of stock as a gift and charged Lowry tax on the entire amount. Lowry testified last May that he was charged \$40,000 income tax on a \$40,000 income, whereas his wife's income totaled \$26,000 and she paid no tax.

The opinion held that Lowry had two motives in making the gift, that Mrs. Lowry should have an independent income, and relief from certain taxes. "Certainly he cannot now be heard to say after 10 years have passed during which time he raised no question as to her rights, that he never intended that the gift is not a gift. Moreover, if he transferred the property to his wife to avoid paying taxes, the law must leave him where it finds him."

## Holland Edges Muskegon Heights In Close Tilt

A giant six run first inning rally enabled Steffens Market to eke a 7-6 decision over the Barberini Markets of Muskegon Heights in a West Michigan Softball game here Wednesday night. The Heights came back strong, however and came just one run shy of tying the score in an eighth inning uprising.

Cameron Baxter was on the mound for the locals and allowed 10 hits. The locals hit safely nine times.

Holland opened the big first when Crozier walked. He stole second and scored on Ed Hulst's double. Tony Bouman then hit a two bagger to score Hulst. Two infield outs, a walk and three more hits produced the remainder of the Steffens' runs in the first. Barberini had also scored in the first and now trailed 6-2. They added another two in the second on four singles.

Both pitchers hurled air tight ball until the seventh inning when Chet Johnson hit a tremendous triple to left and scored on a fly ball. The locals again held a three run lead at the end of seven innings.

Muskegon Heights made a final determined bid to knot the count in their eighth when three hits resulted in two runs making the score 7-6. Baxter pitched his way out of a tough spot when he caused Wood to fly to left with a runner on second. He pitched superb ball in the ninth retiring the invaders in one, two, three order.

Steffens will meet Fremont in a league doubleheader here next Wednesday July 16. The first game starts at 7:15. They invade Grand Rapids Saturday, playing Besteman.

## Dutchmen Unleash Batting Power to Whip Southerners

**Lefty Van Wieren  
Allows Only Five Hits;  
Rained Out in Morning**

Playing their fourth game of the day, the Jacksonville Eagles from the Southern Negro league, took a 14-2 lacing from the hard-hitting Holland Flying Dutchmen Friday night at Riverview park. A good crowd saw Holland's Lefty Van Wieren "getting tougher" as the game progressed. He finished the contest allowing only five hits.

Jacksonville loaded the bases in the first inning and Sampson drove a liner to Ev De Neff at third who stepped on third and tossed to second, completing a colorful triple killing. After the inspiring play, De Neff led off the locals and smashed a line drive off the concrete of the left-center field bleachers for a home run inside the park. The Hollanders went on to score five runs on five hits to take a 5-0 lead.

The colored Eagles hit safely twice in the second and scored a pair of runs to make the count 5-2. Van Lente led off the second for Holland and singled to center, took second on a wild pitch, third on a passed ball and scored on another wild pitch, giving the locals a 6-2 lead.

From the third inning on, Lefty Van Wieren pitched superb ball and allowed only two hits to the Negro five. The Dutchmen were not satisfied with six runs and scored two in the fourth, three in the fifth, one in the seventh and two in the eighth for their total of 14.

Hitting star of the game was Don Van Lente, who singled sharply three times and doubled once in six trips to bat. Ev De Neff slammed a homer and a double in four times to bat while Driscoll connected for three safeties in five trips to the plate.

Van Wieren was working at his best Friday night and appeared to be faster than ever as he whiffed 11 colored batsmen. The local southpaw didn't issue a pass and was clear from trouble except in the first two innings when seven errors aided the Jacksonville cause.

The Milwaukee Tigers will be the guests of the Flying Dutchmen next Monday night when the locals will be gunning for their 12th win in 14 starts. Manager Benny Batema has not decided as to who will work on the mound for the Dutchmen although George Zuverink may well get the nod.

The morning game Friday was called because of rain.

## Local Tailors Score Second Loop Shutout

Dykema Tailors scored a second straight shutout in Holland Southall League play Thursday night as Weener held Hart and Cooley to two hits to gain a 7-0 win. It was the third win for the Tailors in as many days, having defeated an outside aggregation on Wednesday.

Three singles and two walks produced three Dykema tallies in the first inning. They added another in the second when Wes Vryhof's choice, went to second on a fielder's choice, and scored on Prince's single. Three more singles in the third resulted in the final Tailor markers.

Myhren was on the mound for the losers and allowed the Dykema's nine safeties. Westerhof led the Tailor attack with three singles. De Neff and Dykstra got the only hits from the pitching of Weener.

Here are a few of Holland's perch enthusiasts. They would probably rather swing their legs over the concrete abutment and hold their poles in the water, alert for the most casual nibble, than attend a football game. Perch fishing isn't just luck, any

experienced angler will tell you. There are definite tricks to follow in matching wits with the wily creatures of the deep. When they're hungry, anything goes. But when Mr. Perch is tussy, harken to the advice of the experts.

## Perch Fishing Has Lots of Tricks; Just Ask Any Seasoned Fisherman

Don't ever let anybody tell you there is no skill involved in perch fishing.

When perch are "on the feed" anybody can catch them. That is what makes it the popular sport it is.

A bamboo pole, 20 feet of line line, a number 6 hook, and a simple lead sinker will get you a mess whenever the hungry mood of the fish makes him co-operative. Of course, there should be a bit of bait on the hook too.

When Mister Perch is choosy about biting, you too should become fussy about your tackle and the way it is presented. And since he is more often reluctant than eager, you can afford to follow the tricks the Old Timers have learned.

Skilled perch fishermen like Bill Van Vuren, Dominie Stoppels and many others can fill their buckets when anglers all round them get but a few stragglers.

Of course, even these experts would not agree on reasons for their success, nor should they be expected to expose all their tricks.

However, a few good suggestions are given here which should help every up-and-coming angler to increase his take when the perch are being "difficult."

1. Get a coil of six-pound nylon leader, cut it into five six-foot lengths, and tie one of these on the end of your line. Use a number 8 hook on the end of the leader.

2. Tie another hook, preferably a snelled hook, about 18 inches above the lower hook.

3. Push the hook into the minnow's back just behind the head. Bring the point up toward the tail so the minnow hangs in a natural swimming position. Keep your bait fresh by changing frequently.

4. Use a rod with a light tip. Frequently, a very slight motion of the tip indicates a cautious bite which would never be felt by the hand.

5. Keep your lower hook just off the bottom, hold it perfectly still for two or three seconds, then pull up suddenly. You will be surprised how frequently a fish takes it as it is being pulled away from him.

When you've learned the timing of this little trick, you are well on the way to being one of those fishermen the neophyte angler enviously calls "lucky."

Of course, the spot you fish in is important, too. That's why local sportsmen are circulating petitions to secure access to the breakwaters. They could do better, they say if they could circulate more freely. Perch follow minnows, their natural food. And minnows have a way of moving around, mostly to keep ahead of the perch.

## Church Organization Has Potluck Supper

The Excelsior club, new organization of First Reformed church, held a potluck supper at Kollen park Tuesday night. The club consists of members interested in the support of a Bible Woman in India.

Recently Mrs. A. Williams, supervisor of Bible Women work in Ranipet, South India, and one of three appointed delegates of the deputation to visit churches in America, came to Holland and explained work of these women.

The supper was served by Mrs. J. Cook and her committee. Devotions were led by Mrs. H. Bussies whose committee planned the program.

## Steketee-Pippel Vows Spoken at Parsonage

Mrs. Sylvia Pippel, 313 Central Ave., and Dr. A. Steketee of Dixon, Ill., were married Saturday at 10 a.m. in the parsonage of Trinity Reformed church. Dr. H. D. Terkeurst read the marriage rites.

Attending the couple were Mr. and Mrs. Lloyd Schurman, brother and sister-in-law of the bride.

The bride wore an egg shell crepe street-length dress with black lace hat and matching gloves. She wore a corsage of red roses. Mrs. Schurman wore a black sheer dress and a corsage of Rapture roses.

Dr. and Mrs. Steketee left on a short wedding trip and will make their home in Dixon, Ill., where he is affiliated with the Dixon State hospital.

## Volleyballs From Ambush

THIS IS A bit of news the Ambusher would rather not write. A friendly humming bird, apparently eager to share her happiness, built her nest so it could be seen from a walk at Ottawa beach. Through a friend, the Ambusher was being kept informed on the progress of the nest for a photographer was to snap a picture when all concerned agreed the flashbulbs would cause the bird family the least concern.

Today we learned someone had taken nest, eggs and all. The woodland tragedy was first noted when the anguished mother showed her grief by aimless flying about the area looking for her missing home.

The Ambusher wishes he didn't have to write items like this one.

That young business man about town, Tommie De Pree, is at summer camp. But he made arrangements so all his magazine customers wouldn't be inconvenienced during his absence. Saturday was delivery day and Tommie's substitute made the rounds. Yes, it was his father, Kenneth De Pree, who delivered and collected.

The Ambusher is ignorant of the devious ways of the politician. But this ignorance is not blissful because it brings up so many unexplained questions. Consider this solemn pronouncement of Atty. Gen. Eugene F. Black:

"The sales tax is imposed upon the privilege of making retail sales, measured by the gross proceeds of such sales."

That seems clear enough, but the Ambusher wonders by what kind of reasoning does the learned Mr. Black figure sales tax is imposed on the merchant. In my ignorance I assumed it was the consumer who paid this tax and therefore would be a tax on the privilege of buying for use.

As anyone can readily see, the Ambusher hasn't a legal mind.

If you want to hear a sad story, just ask Joel St. John. It seems Joel went out for some sailing a few days ago and decided to do a bit of relaxing. He rolled up his trousers for a pillow while he sunned himself in his bathing suit. When he shifted position a gust of wind rocked the boat and his trousers slipped over the edge into the deep—and we do mean deep. It was at the end of Bill Winstrom's dock where the water is about 41 feet deep.

Losing one's trousers is bad enough, but Joel lost a lot more. It seems there was about \$35 in his pocket to say nothing of his operator's license and some important papers. For several days he tried unsuccessfully to recover his "pillow."

By a rather devious means, the Ambusher learns that a quotation he once made from one of Van Loon's books was clipped by at least four young things and added to their scrap books. The quotation is from "The Story of Mankind," in case they are interested.

After making a rather careful inspection of a motorized bicycle, the Ambusher is now confidently awaiting the first of the motorized baby carriages.

## Police Rescue Boys Stranded on Tiny Raft

A seafaring adventure of two youngsters ended in police rescue Friday night after their tiny raft became stuck in the sea weed in a bay of Lake Macatawa park just west of Pine Ave.

Peter Koppelaar, 10, and Mike Cornelsen, 8, were stranded on the raft for a couple of hours and, according to witnesses, were "yelling their heads off for help" when police were notified.

Two officers used the police boat for the rescue. They said the water was over the youngsters' heads at the point.

Later, one of the mothers while searching for her son became terribly concerned when she found his shoes on the shore. She was unaware that he had been returned home safely.

On home, farm or factory is damaged by fire in the U. S. every minute of the day.
