## Fire-Scarred Tanker Undergoes Repairs Here

### 10 Men Injured During Sudden Blaze En-route To Bay City Harbor

The crippled oil tanker Edgewater docked at Globe Oil docks at 10 a.m. today to unload its cargo of nearly 1,000,000 gallons of gasoline, saved from a fire Wednesday morning on Lake Michigan between Muskegon and Ludington.

Ten men were injured in the blaze which Capt. Niels Rosen Dahl, master of the vessel, said followed two flash fires. He said he heard no explosion and is quite sure there was none. Damage was confined to the aft quarter in the galley, dining room and crew quarters. The steering gear was not damaged.

Fire broke out in the tanker about 9:30 a.m. Wednesday as it headed for Bay City. The ship was about midway between Muskegon and Ludington when fire broke out, resulting in hurried rescue work by Coast Guard ships and a PBY Catalina flying boat which flew nine injured men to Marine hospital in Chicago. A tenth was treated for burns in Hackley hospital, Muskegon, and discharged.

The Coast Guard cutter Woodbine, accompanied by the cutter Sundew, towed the ship down Lake Michigan. The Edgewater anchored a half mile off the Holland breakwaters last night and made its way into the harbor under its own power shortly after 8 a.m. The Sundew followed later. An official investigation was launched by two federal inspectors, Lt. Comdr. K. Hansen and Lt. Comdr. G. W. Larsen, marine inspectors attached to the U. S. Coast Guard station at Ludington. Meanwhile, Joe Shashagany, local marine engineer and operator of IXL Machine Co., was engaged to make the necessary repairs. He hoped to have the damage repaired in 24 hours.

Marine hospital attendants in Chicago said the most seriously injured man was Victor Morando, 39, who suffered severe burns and a possible skull fracture. Willie Prater, 42, Negro, was burned severely.

Mason B. Fleming, 34, Somerville, Mass., suffered a chest laceration. He said he had just turned to call the engineer when "a second big blast" occurred aboard the ship en route from Lamont, Ill., to Bay City.

Others hospitalized at Chicago with second degree burns were Joseph E. Metivier, 46, Dearborn; Frank F. Hank, 67, and James Woodall, 34. Also injured were Paul Melquist, 30; Walter Atkinson, 37, and James Williams, 17, of Chicago.

The latter's father, Sidney Williams, a steward said his son was badly injured. "He ran through the flames a few times looking for me, and when he came toward me with his clothes afire, I grabbed a knife and cut off his clothes," the elder Williams said. He called Marine hospital about 10:30 a.m. and was informed the boy was in "bad shape." He made immediate plans to leave for Chicago.

Williams said the ship was formerly owned by the Ford Co. which operated it as a cargo ship in the Persian gulf. Cleveland Tankers, Inc., reconverted it to a tanker.

A tenth injured man, 1st Mate Edwin Moir, Illinois, was removed from the ship at Muskegon and treated in Hackley hospital. He spent the night in Holland.

Fleming, one of the injured crewmen, said he was in the engine room when he felt the blast and raced out on deck to find smoke pouring from the galley aft. With other crew members, he fought the fire in the hold for about 20 minutes.

Only damage which can be seen from the outside of the ship is some scorched paint on ventilators.

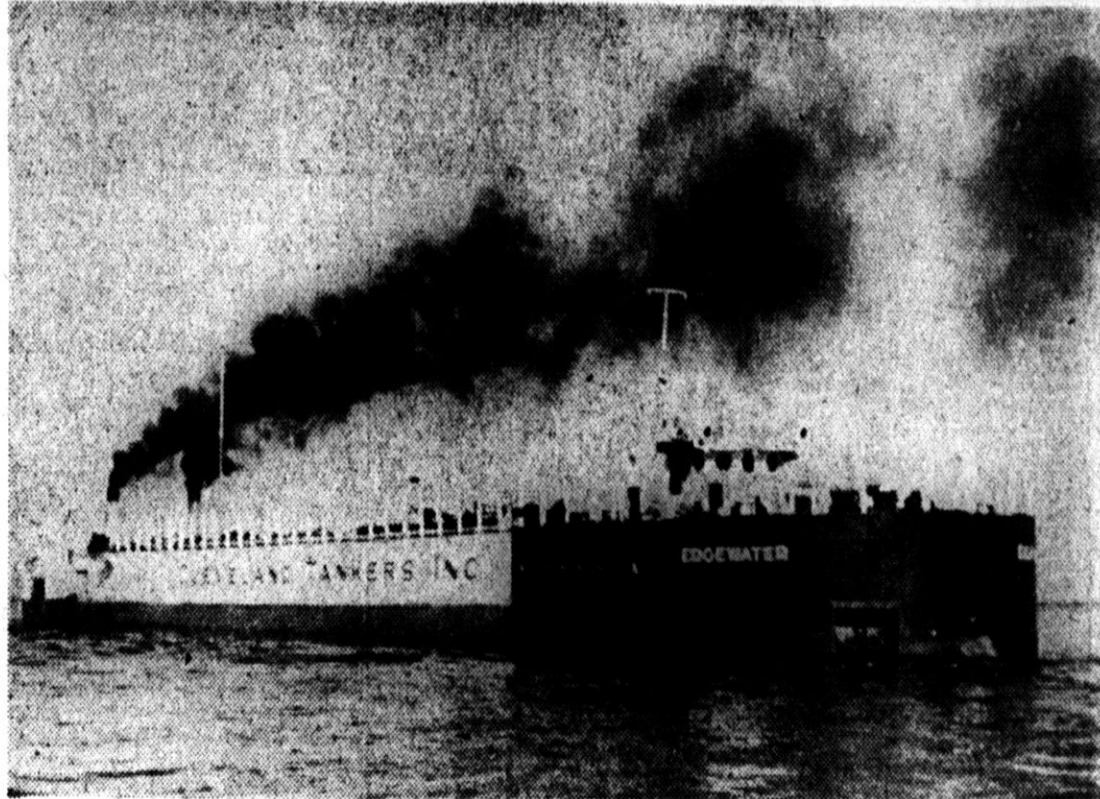

William Klaas, Cleveland, Ohio, fleet engineer for Cleveland Tankers, Inc., and Capt. Leif Jonsson, manager, flew to Muskegon at 6 p.m. Wednesday, accompanied by Lee Hinsley, Cleveland attorney. They were taken aboard briefly Wednesday night.

Klaas said the ship has an overall length of 300 feet, a 43-foot beam and 16 1/2-foot depth. It is a low ship, specially designed to get under Chicago docks.

In mid-morning the ship flashed the alarm, "We are on fire. Engine stopped. Five men need to be taken off. One man has broken leg."

### Petitions Filed

Grand Haven, July 8 (Special)—Rep. Henry Geerlings and County Clerk William Wilds today filed their petitions for re-election. Wilds took office in 1926 and holds one of the records for county officer incumbency in the state. Geerlings has been representing Ottawa county in the House of Representatives for the last four years. Both are Republicans.

The oil tanker Edgewater, its aft quarter damaged by fire which injured 10 crew members, spent Wednesday night at anchor a half mile outside Holland breakwaters before steaming into the local harbor under its own power this morning. It docked at 10 a.m. at Globe Oil docks to discharge

its cargo of 30,000 barrels of gasoline, originally intended for Bay City. An official investigation was launched today by Coast Guard officers into the blaze which swept the galley, dining room and sleeping quarters Wednesday morning while the tanker steamed north midway between Muskegon and Ludington. ## Common Council Delays 20th St. Paving Again

Action on advertising for bids for paving 20th St. between Central and Michigan Aves. was deferred for two weeks by Common Council at its regular meeting Wednesday night, following spirited arguments.

The notion was made somewhat unexpectedly by Ald. Melvin Van Tatenhove, chairman of the street committee.

Ald. Raymond T. Holwerda, another member of the committee, criticized Van Tatenhove's action, saying there had been no meeting of the committee and that he had no knowledge of such action. He said he hoped the issue had quieted down and urged temporary postponement in as much as the Christian school has an ambitious building program.

Holwerda pointed out that the city would not be put in any bad spot if the issue were postponed but that it might hurt to go ahead. Van Tatenhove said his motion was only the result of necessary procedure in connection with an adjourned meeting of council some weeks ago in which an extensive paving program for Holland was authorized but on which advertising for bids for the 20th St. project was delayed.

Ald. Bertal Slagh suggested action be delayed to await a report from state police and AAA officials on traffic and safety in the 20th St. block just behind Christian high school.

Ald. William J. Meengs said he believed there would be no harm in delaying paving in the school block but he urged action in the block between Central and State.

Van Tatenhove said he and City Engineer Jacob Zuidema were constantly pestered with complaints on lack of action and had been accused of underhandness in delaying the paving program. John H. Van Dyke, fifth ward alderman, said he was besieged with calls on the problem.

### Car, Truck Collide Northeast of Zeeland

A car driven by James G. Berens of route 3, Hudsonville, and a truck driven by John H. Prince of 23 South State St., Zeeland, crashed four miles northeast of Zeeland. The mishap occurred three-quarters of a mile north of M-21 and straight east of Vriesland at 2 p.m. Wednesday.

According to sheriff's officers who investigated, Prince was driving out of a driveway and Berens was coming north at the time. Both drivers said they did not see the other until it was too late.

Witness was Abe Ver Strate, address not given.

## Holland Man Served Aboard Oil Tanker

The tanker Edgewater which docked at the Globe Oil docks today to unload its cargo of 1,000,000 gallons of gasoline, was built by Ford Motor Co. and named after the Ford plant in Edgewater, N.J., according to Lee Hopkins of 87 Lakewood Blvd., who was third mate on the boat in 1940.

Originally the motor company built two boats, the Edgewater and a sister ship, Chester, to haul freight. After World War II the Edgewater was sold to its present owner and converted to a tanker. The boat was originally built to go through the New York barge canal, Hopkins said.

## Dutch Girl Arrives At Aunt's Home

Miss Ali Hazajager, 21, arrived in Holland Thursday from her home in Rotterdam, the Netherlands. She is staying at the home of her aunt, Mrs. Anna Groenewald and her cousin, Wilma, of route 4.

Ali left the Netherlands June 22 on the New Amsterdam and arrived in New York June 29. She was met there by Pte. Henry Groenewald, another cousin, who is stationed with the Army at Bangor, Me.

Although her enthusiasm for everything in the United States is high, Ali is most excited over American ice cream. Her first experience with root beer also left a favorable impression and scores of other foods have helped her to decide that she "likes it here."

Ali worked as a professional dressmaker in the Netherlands and plans to continue her work here. She attended a sewing school in Rotterdam for five years and designs and makes most of her own patterns. She speaks English well, having taken English courses in school.

Another source of amazement to the Netherlands was the abundance of fabrics in the stores here. When she could find it at home, she said, it was always too expensive. She paid the equivalent of \$30 (80 gulden) for material for a spring coat. Conditions are improving at home, Ali said. Shoes and milk are now off the ration list, and other commodities are becoming less scarce, she said.

## Hope College Will Seek Ownership

An application from Hope college to gain full ownership of the 11 temporary veterans' housing units on the local campus is being readied to send to the government, according to Bruce Raymond, business manager of the college.

The move follows an announcement from Washington that colleges and universities which have such units may now acquire full ownership and control at no cost. Raymond M. Foley, home finance administrator, made the announcement.

Temporary units on Hope campus consist of 6 buildings with four apartments in each for a total of 24 apartments. There is also the large "T-shaped" unit and four other units to house 126 single veterans.

Foley said a bill signed by President Truman June 28 requires the government to transfer to requesting educational institutions any temporary housing projects on land which they own or control.

All revenues received from operation of the housing projects also will go to the institutions under the law.

## Interlochen Camp Opens Annual Summer Session

Interlochen, Mich.—The National Music camp went into full swing Sunday with the first regular performance by the 200-piece blue knickered Youth Symphony orchestra.

Conducted by Dr. Joseph E. Maddy and with less than a week's rehearsals the student musicians from 48 states and 5 foreign countries played Dvorak's Symphony No. 5 (from the "New World"), Hadley's Herod Overture, Morton Gould's "American Salute" and the Warren-Maddy "Festival Finale."

The world famed music camp, which was started on a shoestring and built almost into a million dollar institution, now known as the cultural center for youth in America, opened its 8-weeks' season officially June 27. Some 1200 horn-toting youngsters—grade school through college age—and 300 staff and faculty members are enrolled, making the total registration the largest in the music camp's history.

Dr. Maddy, University of Michigan professor and president and founder of the camp, was given a tremendous ovation at the first general assembly held in the new auditorium donated by the Kresge foundation.

Classes and rehearsals got under way last week with the first public student performance, a dance concert, last Thursday night and a student recital on Friday.

The National high school band, 150 members, and high school choir of 150 members gave their first performance of the season Sunday afternoon. The band this summer is conducted by George C. Wilson, director of bands and orchestra at the University of Missouri. The N.M.C. choral department is again headed by Maynard Klein, who is starting his sixth season as a member of the Interlochen faculty.

In addition to the Sunday band, orchestra, and choral concerts, there will be other regularly scheduled events through the summer, including performances by the University band and orchestra, theatrical and operatic productions, and special features from the junior and intermediate divisions of the camp.

Affiliated with the University of Michigan, the National music camp offers courses in art, drama, radio, photography, and the dance, as well as all phases of music.

The Holland Rifle club ran a series of rapid-fire qualification courses over their range recently. Firing nine shots in the sitting and a similar number in the prone position, a time allowance of 59 seconds was given for each series of shots. There was a possible score of 90 to be made over the course.

## Two Remain in Critical Condition in Hospital

John B. Scott, Jr., 34, who received a concussion and other injuries when hit by a car Tuesday, remained unconscious and in a critical condition today in Holland hospital.

The child, son of Mr. and Mrs. John M. Scott of 349 College Ave., was hit Tuesday noon by a car driven by John Hudzik of 84 East 23rd St. as the boy was crossing the street near his home.

Hospital attendants also reported as critical the condition of Gradus Lubbers, 16-year-old son of Mr. and Mrs. Henry Lubbers of Overisel, who received a concussion and facial lacerations last week when his motorcycle crashed head-on with a car driven by Andrew Arendson of Oakland. He is still unconscious after more than a week.

## Shooting-Hanging Probe Continued In Grand Haven

### Officials Investigating Details in Strange Death Of 60-Year-Old Woman

Grand Haven, July 8 (Special)—Coroner Joseph Kammeraad and city police today continued an investigation into the strange death of Mrs. Arwilda Thomas, 60-year-old woman whose body, shot in the chest, was found hanging in her shack-like cottage across the river Monday night.

An autopsy performed Tuesday by Dr. Edward Ducey, pathologist at St. Mary's hospital, Grand Rapids, revealed that the woman died of a gunshot wound which penetrated the left chest and lung, causing severe hemorrhage. A .38-caliber revolver was found near the body.

The body was discovered by her husband, William Thomas, 54, who said he cut the rope and laid the body on the bed before calling police. Police were told that Thomas had left home about noon to row across the river for beer. He had told his wife he would be gone a short time but did not return until about 7 p.m.

Thomas was held in city jail for questioning. His statement was delayed until today because he was considerably upset Monday and Tuesday.

Police also were investigating a rumor that Mrs. Thomas had been seen recently in the company of a man, described as a "questionable" character.

Thomas told police his wife seemed to be in the best of health. They were married 33 years and lived in Grand Haven four years, coming here from Kalamazoo.

Coroner Kammeraad Tuesday issued a verdict of "apparent suicide."

The body was taken to the Kammeraad funeral home where services will be held Friday at 1 p.m. Burial will be in Lake Forest cemetery.

## Indonesian Missionary Opposes Colonization

Dr. Alex Rottli, first Indonesian to receive a Master of Sacred Theology degree in an American university, is a determined person who puts his interest in the ministry and missions first and in politics and civic endeavor second.

And he excels at both, leaving an impressive record in religious results on the island of Timor where he began missionary activities in 1935, besides representing his region on Timor as a member of parliament in the state of East Indonesia which meets at Macassar.

Openly a federalist, Dr. Rottli opposes Dutch colonization and favors the widely accepted plan for operating a United States of Indonesia, patterned on the lines of the United States of America, with a strong federalist government. Under this plan, four to seven states would form the union. These states would include such areas as Borneo, Sumatra, East Indonesia, and the like. Java, most heavily populated center in the vast Indonesian chain, at present, is divided.

Dr. Rottli began his missionary activities in December, 1935, on Timor in the districts of Koepang and Tjamplong. He supervised 103 parishes with 35,000 Christians and 55 denominational schools with 7,000 pupils.

He explained that the present growth in Christianity is the result of several Indonesian churches. First are the European parishes usually in large towns with Europeans, Indo-Europeans or Eurasians and Dutch-speaking Indonesians as members.

The second type are the so-called Indonesian churches in the northern part of the Celebes with 350,000 members, the Church of Malacca an independent church of 270,000 members, and the Church of Timor, just established last October with 200,000 members.

All these churches form the Protestant church in Indonesia which totals nearly a million members. Each church holds its own synod and a general synod is held every three or four years in Batavia. Christians in East Indonesia comprise 12 per cent of the total population, Dr. Rottli said.

Christians in Indonesia are 2 1/2 million, compared with 58 million Mohammedans. Total population is 70 million. There are about a million Hindus on the island of Bali and less than 10 million pagans in the whole of Indonesia. To become a Christian in a primitive society, one is kicked out by the family and the tribe, and it is for this reason that Dr. Rottli's missionary endeavor is a slow and thorough process in which he works to "leave" a whole community, eventually baptizing whole families at a time, thereby making readjustment simpler.

He was born at Menado, Minahasa, North Celebes, East Indonesia, and received his primary and secondary education in Indonesia. He studied theology at a Netherlands seminary near Leiden from 1929 to 1935 and was ordained at Rotterdam in July, 1935, as minister in the service of the Protestant Church in Indonesia. He was interned after the Japanese invasion of Timor in 1942 until liberated by the Australians in 1945. During this time, he was separated from his wife and family and one son died while interned. His father was murdered.

An offer of a scholarship by Union Theological seminary in New York in 1941 was repeated and accepted after the Japanese surrender, and Dr. Rottli received a degree last May 18. He will leave for the Netherlands next month, and after attending the World Conference of Churches at Amsterdam as a delegate of the Church of Timor, will return to Indonesia to resume his missionary activities in Timor. He will join his wife and two sons in the Netherlands.

Work was started this morning to convert the first floor of the tower clock building into a branch store for Herpolzheimer Co. of Grand Rapids. Owen Ames Kimball Co. of Grand Rapids is the contractor.

Plans specify large show windows on both the River Ave. and Eighth St. sides. These will be topped with sections of defused glass and the transoms separating these will be of stainless steel.

The entrance will consist of double glass doors with glass show-windows on either side of the doors.

Police have posted no parking signs at the first two stalls on the River Ave. side of the edifice to give workmen a place to put their supplies.

## Riverview Park Fees Discussed by Council

The Playground commission had a new problem on its hands today, that of deciding how much will be charged Lions club league teams for playing in Riverview park.

Differences were aired in a letter written by R. G. (Dick) Ozzell, league manager, who strongly protested new rates of \$4 per game with \$7 for a second game, plus costs for the lights.

City Engineer Jacob Zuidema said it is not feasible to set up two price schedules, and pointed to manpower costs which have more than doubled. He said Riverview park is the only park which charges fees.

City Clerk Clarence Greengood said several softball teams which play at Pine and 22nd have made a modest donation to the city of 10 per cent of collections received during June.

"The amount isn't much, but it shows a willingness on the part of the young players to do their part," he said. He added they do a lot of the work on the field themselves.

Ald. A. A. Nienhuis pointed to extensive costs in remodeling the outfield this year, following heavy football playing last fall.

Nienhuis also was informed that care of the buildings on Riverview park is in charge of the city engineer's crew while the field is in care of the park department.

Traveling in their English automobile, the Haines left here Tuesday for Vancouver, Canada, where they will live. They left England June 15.

## Trapped in Cab As Machine Tips While Loading

### Pronounced Dead Upon Arrival at Holland Hospital

Anthony Sietsema, 51-year-old bulldozer operator, was fatally injured at 11 a.m. Friday when a Brewer Co. bulldozer slipped from its tracks while being loaded onto a carry-all on 28th St., a block west of State St.

Sietsema was trapped in the bulldozer cab as it tipped over backwards. It is believed wooden blocks holding the tracks slipped in loose sand.

The accident was witnessed by three carpenters working across the street. The men rushed to the scene but were unable to move the heavy bulldozer. They were Lester Veldheer, and John Van den Brand, route 2, and Darwin Van Oosterhout, 272 West Ninth St., employees of Contractor John Van Dyke.

A truck of the Brewer Co. which employed Sietsema, was called to raise the bulldozer. Sietsema was removed from the wreckage and was taken to Holland hospital in an ambulance, but was dead on arrival. Witnesses believe death was instantaneous, although injuries appeared less serious than were first expected. Death was believed caused by internal injuries.

Sietsema had been leveling ground on private property in the vicinity, and was preparing to load the bulldozer onto the truck to move to another location.

Coroner Gilbert Vande Water gave a verdict of accidental death. He said there would be no inquest. He was assisted in the investigation by Holland police.

The body was taken to Nibbelink-Notter funeral home.

Mr. and Mrs. Sietsema came to Holland three years ago from Chicago and made their home on route 6, or West 32nd St. a half mile west of Lugers road.

## Timely Hitting Features Locals' Ninth Victory

### Dutchmen Deliver in Clutch To Whip Potent East Chicago Outfit

Some timely hitting Thursday night enabled the Holland Flying Dutchmen to take their ninth successive victory—this time at the expense of the powerful East Chicago Colored Giants, Indiana champions. Both squads managed to get nine hits, but some expert clutch hitting produced an 8-2 win for the locals, at Riverview Park.

Lefty Clare Van Wieren went all the way for the Hollanders and struck out 11 batters. The invaders used two pitchers during the nine inning route.

Two singles and a double in the opening inning gave the colored lads a temporary 1-0 lead. Lefty Van Wieren settled down after the outbreak to retire the side with no further damage. Holland came roaring back in its first and managed to knot the count on a triple by Ev. De Neff and an infield out.

Holland didn't score again until the fourth. Loren Wenzel opened the inning by striking out, but took first when the catcher missed the third strike. Ken Rotman walked, sending Wenzel to second. Harry De Neff then laid down a sacrifice bunt, advancing both runners. Tony Wenzel followed with a sharp single to center, scoring both runners.

In the Holland sixth, Ken Rotman and Harry De Neff both came through with singles. Tony Wenzel then sacrificed the runners to second and third, before Harold (Mouse) Van Wieren delivered a clutch single to right, scoring two runs. Van Wieren stole second and came around with the sixth tally on Pitcher Van Wieren's one base blow.

A double by hustling Lou Borgman and singles by H. Van Wieren and Ev De Neff produced two more tallies for the locals in the eighth, making the score, 8-1. The visitors threatened briefly in the last inning when they loaded the bases to score one run. The inning featured two singles and two walks.

Ev. De Neff and Harold Van Wieren led the Holland attack with two hits apiece, while Ervin and Dawkins led the visitors' offense with two hits each.

Last night's tilt marked the beginning of a strenuous two week scheduled for the locals. Next Monday, the Hollanders face two of Kalamazoo's strongest nines—the Sutherlands in the morning tilt and the Porter-Sullivan Cubs under the lights at 8 p.m. Other foes scheduled during the two week period are the Chicago American Giants, Grand Rapids Black Sox and the Grand Rapids Jets.

## Couple on Northern Wedding Trip

Mr. and Mrs. Robert Michael Harper

Mr. and Mrs. Robert Michael Harper are on a wedding trip in northern Wisconsin following their marriage in Fourth Reformed church June 19 at 7 p.m.

The former Gertrude Jane Wagner, daughter of Mr. and Mrs. Ralph Wagner, 197 East Eighth St., and Mr. Harper, son of Mr. and Mrs. Elmer Harper of Saugatuck, exchanged vows before palms, ferns, candelabra and bouquets of peonies and gladioli. The Rev. Henry Van Dyke performed the double ring ceremony.

The bride wore white satin with a lace yoke extending to the hem of the gown. Her fingertip veil was attached to a crownless bonnet. Red and white roses and sweet peas formed her colonial bouquet.

Miss June Ann Harper as bridesmaid wore a blue chiffon

gown with matching headress and gloves and carried a bouquet of sweetheart roses and sweet peas.

Gene Timmer served as best man. Joe Wagner and Bill Schumacher acted as groomsmen. Miss Marie Miensma played traditional wedding music and accompanied Miss Donna Speet who sang several selections.

A reception for 115 guests in the Tulip room of the Warm Friend Tavern was held following the ceremony. Among the guests were friends and relatives of the couple from Wisconsin and Illinois.

Mr. Harper is attending Hodge college. After July 4 the couple will be at home at 197 East Eighth St. For traveling the bride wore a black and white print dress with white accessories and a corsage of red roses.

## Ideal Weather Prevails Here for Holiday Week-End

With ideal summer weather prevailing, activity on local beaches and at holiday attractions in the vicinity reached a new high during the long Fourth of July week-end, which saw some of the heaviest holiday traffic since before the war.

Heaviest concentration of persons was at Holland State park where capacity-plus crowds gathered both Sunday and Monday for picnicking and swimming. Beach activity proved to be one of the best bets, with a water temperature of 71 degrees and air at 74 degrees.

State park visitors joined others lining the channel and the shores of Lake Macatawa in watching the ships which had entered the Chicago-to-Saugatuck yacht races for the week-end.

The harness race matinee in the afternoon also attracted its share of holiday visitors at North Shore park.

Toward late afternoon, the migrating crowds shifted to Legion Memorial park where legionnaires staged an old-fashioned community Fourth of July celebration.

By the time the evening program and fireworks got under way, the large parking area on Legion hill and all roads in the area were packed with cars. Traffic was tied up for a considerable time during the height of the program.

Legion officials announced today they would award duplicate prizes of \$200 savings bonds to Dorla Westrate and Jean Nyhof, after they found an error in tabulations just following the crowning of Miss Nyhof as the "Spirit of '76" Monday night.

Corrected figures place Miss Westrate in first place with 39,800 votes and Miss Nyhof second with 36,700. The error in tabulations occurred when one of two identical blocks of 5,350 votes for Miss Westrate was overlooked.

Lois Haglund ranked third with 31,400 votes and Edna May Graboski fourth with 26,200 votes.

Donna Meeusen ranked fifth with 20,300. Betty Cook sixth with 18,400. Dorothy Hall seventh with 16,150. Mary Houtman eighth with 15,350. Virginia Keel ninth with 14,500 and Marilyn Wygar-den 10th with 11,900. Other contestants were Caroline Berens, Eleanor Koele, Joia Kruthoff, Betty Nyland, Pauline Van Eerden and Norma Van Vuren.

Thousands witnessed the brilliant fireworks display on Legion hill. Some believe there were more than attended the Centennial program finale last August at Kollen park. Sheriff's officers, a dozen strong, were kept busy parking the hundreds of cars.

With attendance light during the afternoon, the patriotic program was shifted to early evening with Legion Commander Johan Nyhof presiding. The invocation was given by Dr. A. Leenhouts, first commander of the post. A brief speech dedicating Legion Memorial park was given by Col. Henry Geerds, and the Independence Day address by Wendell Miles.

"Thousands of lofty resolutions, documents and orations have been delivered during the last 172 years, but only when the people of any given age have dedicated themselves unreservedly to such a cause has any document received its significance," Miles said.

"The people of 1776 had to move forward to freedom, or retreat into oblivion. They chose freedom and thus we became the beneficiaries of the priceless heritage of liberty. The challenge to us of 1948 is equally equal. America has gained a position of world leadership and we cannot retreat to a position of isolation."

One doubles combination, however did come through Thursday night. Dave Moran and Bob Piersma teamed up to capture the Boys doubles championship by edging Andy Sall and David Schreier in a surprisingly tough match. Moran and Piersma won the first set, 6-2, but encountered trouble in the second, dropping it 3-6. They came back strong in the final set to whip Sall-Schreier, 6-1 for the title.

Dave Moran will also share in the single honors of the Boys division by annexing a semi-finals victory from David Schreier. Moran will meet Peter Paulus in the finals tonight. Paulus came through with two match victories Thursday to gain the finals. In the first match, he defeated Ben Bouwman, 3-6, 6-0, 6-0, and then came back to whip Bob Piersma, 7-5, 6-0. Piersma had entered the semi-finals with a win over Ron-a-Kuite, 6-1, 6-2.

The marriage of Miss Curtis to Harold Dykema will take place July 22 at First Reformed church. Attending besides the hostesses were the Mesdames John Angel of Boyne City, George Meyers, Bert Walcott, Gerrit Tiesenga and daughters, Nella, Donna and Marcia, and Miss Carol Sennema of Grand Rapids. Mrs. John Wichers of Zeeland, Mrs. Stanley Curtis and the Misses Caryl Curtis, Betty Nash, Dorothy Mooney and the guest of honor of Holland.

Miss Curtis, who has been teaching in the Dearborn Public schools, was also fete in Dearborn, previous to the school's closing, at a shower given by Mr. Robert Graf, and the Misses Doris Matthews, Helen Tisserand, Inez Rashid, Connie Bezerium, and Grace Larsen. The event was held at the latter's home at the Ford Foundation, Dearborn.

The pupils of the second grade and their mothers of Linderbergh school entertained with a picnic, the Mesdames Grace Faust and Eleanor Hedlund gave a bridge luncheon, and the Misses Doris Hansen and Elizabeth Hale entertained at dinner. The Dearborn festivities culminated with the Linderbergh faculty dinner honoring the teachers leaving at Huck's Redford Inn.

The couple left on a wedding trip to Canada and New England. For traveling the bride wore a green and white print dress with white accessories and a corsage of white Cattleya orchids. They will live in Babylon, L. I., New York.

The bride, given in marriage by her father, wore a white satin gown with fitted bodice, low scalloped neckline and scalloped peplum. Her full net skirt extended into a circular train. Her fingertip veil of bridal illusion was held in place by a seed pearl tiara and she wore a pearl necklace, gift of the groom. Miss Arlene Haga as maid of honor wore a green taffeta gown with fitted bodice, pleated skirt and hoop skirt. She carried a colonial bouquet of yellow roses, bachelor buttons and purple larkspur and wore a matching head band. Bridesmaids, Miss June Hicks, Mrs. Rex De Fouw and Mrs. Robert De Fouw, wore gowns of green, orchid and yellow taffeta, respectively, identical to that of the maid of honor. They also carried colonial bouquets of contrasting roses, bachelor buttons and larkspur and wore matching head bands.

Robert Visser was his brother's best man. Ushers were John Visser, the groom's brother, and Robert and Rex De Fouw, the bride's brothers. Master and mistress of ceremonies were Mr. and Mrs. E. van Elenbaas.

A reception for 115 guests was held at Twelfth Street Christian Reformed church. The bridal couple left on a two weeks trip to Denver, Colo., and Grand Canyon. The bride chose a gray suit with white accessories and an orchid corsage for traveling.

## HC Takes Lead In Lions League With 4-1 Win

Hart and Cooley and Ford came through with Lions club baseball wins in the Saturday afternoon doubleheader with Ford taking the initial contest from Fillmore Creamery, 10-6 and HC tripping undefeated Duffys, 4-1, in the night cap. It was the Ford's first win and Fillmore's third loss. Hart and Cooley now leads the league with three wins and no losses, while Duffy rests in second place with two wins and one loss.

Ford had to overcome a 4-0 lead in order to take its first victory, Saturday. Fillmore touched Beelen, Ford hurler, for two hits and two walks in the first inning, to net four tallies. Ford retaliated in its half with a single run on a hit batsman and a long double to left by Junior Bremer.

A big five run second inning spelled defeat for the Fillmore club, with the winners connecting for four safeties. Feature blow of the uprising was a long triple to centerfield by Pitcher Beelen. Two errors by the Fillmore lads also aided the Ford cause. Fillmore tallied once in the second, and again in the fourth for its tallies, while Fords scored three times in the fourth and once in the sixth inning to take the victory.

Beelen was the winning pitcher, allowing eight hits while Bob Kamphuis, on the mound for the losers, permitted only six safeties. Bluekamp led the winners' attack with three hits in four trips to the plate.

Hart and Cooley was outthit by the Duffy club, 4-3, but it made the most of them to annex the 4-1 victory. Don Piersma, HC hurler, was tough in the pinches. Duffy took a one run lead in the first inning on a walk, an error and a single by Ray Schutt that drove in the only run. HC came back with two of their own in the second inning on a walk, a wild pitch, another base on balls and a base clearing double by Bob Malchow.

Both clubs went scoreless until the sixth inning, when the undefeated HC lads pushed across their final two tallies. An error, a walk and another clutch hit by Malchow brought in the other two tallies.

Duffy threatened in several innings but were never able to push the runners around to score. Malchow was the hero of the day with four runs batted in with two hits in three times at bat. Howie Schutt, the losing pitcher, pitched excellent ball, but was the victim of his teammates failure to hit in the pinches.

## Dutchmen Split Holiday Games With Kalamazoo

### Locals Annex Night Victory After Losing Morning Engagement

The Holland Flying Dutchmen split a holiday doubleheader Monday when they humiliated the Kalamazoo Porter Sullivan Cubs 19-6 in a night game, but submitted to the Kalamazoo Sutherlands in the morning contest 13-2. Skaalen pitched the opener and lasted five innings and was charged with the loss. Young Outfielder George Czerkies opened in the evening tilt but gave way to Skaalen in the fourth inning.

In the first game, the Sutherlands came through with a 13-hit barrage that completely overpowered the Dutchmen. Two hits and a run got the Kazooks off to a good start in the first inning. Skaalen held fast in the second, refusing to allow a hit or run. But in the third the Sutherlands made the count 3-0 on a pair of hits. In the fifth, five hits and five runs chased Skaalen off the mound for Holland and Lefty Van Wieren came in to relieve him. Then the Kalamazoo nine was held for three innings by Ernie Victor, hired local hurler, but broke loose with four hits and four runs in the ninth to boost their total to 13 runs. The four hits in the ninth were a single, a double, a triple and a long home run by the pitcher Keith Steffie. Holland gained one run in the sixth and one in the ninth to make the final count 13-2. Lou Borgman who is presently batting well over the 400 mark came through with two of the Dutch six hits.

In the night game Holland had what they lacked in the morning, giving the Kalamazoo Cubs a 19-6 shellacking. Kazoo broke out in front in the first inning with four hits and three runs. But the Dutch came back with three hits and four runs in their half of the inning. In the fourth, the Cubs garnered three more runs to give them a 6-4 advantage, but Holland tied the count at 6-6.

From then on, it was the Dutchmen all the way as the Cub bats were silenced and the locals went on a rampage, to score 13 runs, in the last five innings.

Loren Wenzel collected four hits in six trips to the plate while Ken Rotman, Harold Van Wieren and Mike Skaalen each collected three hits. Dorsey, catcher for the Cubs, collected three hits in five trips to the plate as did Eiten, the left fielder.

The morning loss to the Sutherlands spoiled the Dutch win streak at nine straight. Kalamazoo Sutherlands are unbeaten.

## Executive Staff Appointed for United Agency

Field Representative To Address Committee In Grand Haven July 12

Eleven Ottawa county persons have been named to the executive staff of the Ottawa county sponsoring committee of the United Health and Welfare fund, it was announced today by O. W. Lowry of Holland, temporary chairman.

Staff members are H. S. Maentz, Dr. William Vestrate, Carl C. Andressen, Joseph W. Moran and Lowry of Holland, Julian Hutton, Paul A. Johnson, Mrs. R. C. Roeloff and E. V. Erickson of Grand Haven, and George Meengs and Clarence Yntema of Zeeland.

This staff will be guests of Julian Hutton at a dinner meeting July 12 at 6 p.m. at Spring Lake country club, followed by a general meeting of the entire sponsoring committee at 8 p.m. in Grand Haven city hall.

Don Wardell, a field representative of United Health and Welfare fund, will be present at both meetings. After making recommendations to the executive staff, it is expected that the staff will be in a position to propose definite recommendations to the sponsoring committee for plans for the initial campaign.

Purpose of the new agency is to organize a single fund campaign each year to raise funds for all health and social aid agencies rather than tap public purse strings with separate money quests.

The new agency already is operating in 27 Michigan counties. It was started by Henry Ford II July 15, 1947, when he called 129 civic leaders from 61 of Michigan's 83 counties to a meeting in Detroit.

The new agency is promoted locally mainly because leaders are concerned with a growing indifference to helping the needy because many campaigns overlap. The new unit does not question the worthiness of the many campaigns but believes fewer campaigns through federation would benefit all. Drives of purely local nature such as Legion and VFW poppies are not affected.

## Dog Vaccination Study Ordered

Grand Haven, July 8 (Special)—Supervisors Charles E. Misner of Grand Haven, John Gallen of Holland and Albert Stegenga of Olive township were appointed to study compulsory immunization of dogs at a meeting of the Board of Supervisors here Thursday. They were instructed to report back Friday.

Appointment of the special committee came after the board earlier this week tabled a proposal requiring compulsory immunization of dogs to stem an epidemic of rabies.

Supervisor Henry Slaughter of Tallmadge township suggested the county increase the license fee a dollar and grant dog owners free use of the clinic, paying the additional dollar to the veterinarian.

Several members informed the board that dog owners were not having their dogs immunized because of the instability of prices. Some pay 75 cents and others as much as \$3.

The special study also will include hiring a dog warden for the county.

The report of the Equalization committee was presented and laid on the table for 24 hours.

Several supervisors indicated they would attend a meeting of the Fifth District Association of Supervisors in Ionia July 15.

The Holland Fish and Game club, which has led a concerted drive for several years for improvements at breakwater approaches, will be represented at the hearing, according to John Gallen, club president.

## Van Raalte Cub Scouts Bow to Washington

The Van Raalte Cub scouts now boast a 1-1 record in the Cub Scout league by virtue of their defeat by the Washington squad, 17-15, recently. They won their initial tilt from the Longfellow Cub Pack No. 5, 14-12.

Washington held a slight lead over the Van Raalte lads throughout their tilt, with each club experiencing a big second inning—good for eight runs. Paul De Roos and Bob Bouwman did the pitching for Van Raalte while Cornelison worked for Washington. Shortstop Sandall led the Washington attack with three hits while scoring four runs. Bob Bouwman paced Van Raalte with four singles and a double.

On Wednesday, Washington Pack No. 6 will tangle with the Longfellow Pack No. 5. Van Raalte is also scheduled to play on that date.

## Dutch Outlast Hamilton Nine

A timely single by Pinch Hitter Clarie Van Liere in the seventh inning, gave the Holland Color-Ad a 3-2 victory over the Hamilton nine in a Wooden Shoe contest at Hamilton Friday night. The win kept the Dutch undefeated in loop play.

With the score knotted at 2-2 going into the seventh inning, Pitcher L. Humbert singled. He stole second and then came around to score on Van Liere's one base knock.

Hamilton threatened in the final half of the inning when they put two runners on, but Humbert came through in great fashion to strike out the next two batters, and cause the third to hit a pop fly to the catcher.

Holland took a one run lead in the second on three hits, but Hamilton moved out in front with two runs in the third. The winners tied the count in the fifth on a single, an error and an infield out.

Color-Ad managed to nick T. Wentzel, Hamilton hurler, for nine hits while Hamilton garnered but five safeties off Humbert.

## Hollanders Eke Narrow Victory

Holland's Dykema Tailors managed to get only a single hit in their game with the Grand Haven DX Oilers Friday night, but they didn't need it to whip the invaders 1-0.

The locals' only tally came in the sixth inning when Cal Prince walked, was moved around to third, and scored on Tony Westerhof's long fly to left, Ben Jansen, on the mound for the Hollanders almost matched Pitcher Vanderweil's performance by allowing three scattered safeties.

Holland's only hit came in the first inning by Cal Prince. He was left stranded however, when Ben Jansen popped to the third baseman.

Grand Haven offered its biggest threat in the third inning, when two batters hit consecutive singles. They were advanced to second and third on a sacrifice, but "died" on the bases when the next swinger was out to the infield.

Jansen struck out eight Grand Haven hitters, while Vanderweil retired but one local by the strike-out route.

## Macatawa Safe For Swimming

On the basis of a recent survey, John H. Wyma, sanitarian for the Ottawa County Health department, has declared the entire shoreline of Lake Michigan, Pigeon lake and the bays of Grand river safe for swimming.

Lake Macatawa and Spring Lake are likewise safe bodies of water for swimming with the exception of the immediate vicinity of yacht basins, boatworks or waterfront industries. The sewage from boats with toilet facilities is the source of pollution of the immediate waters where the boats are anchored. Any area of water where there are large boats or industrial plants should be considered contaminated and therefore unsafe for swimming or bathing.

Grand rivers between Grand Rapids and Lamont has been reported as polluted by the Michigan stream control commission. However, that section of Grand river between Lamont and Grand Haven and Spring Lake shows no evidence of pollution and is safe, Wyma said.

The public is cautioned to avoid swimming in areas of excessive weed growth, drop-offs, hidden hazards, heavy navigational traffic, swift currents, undertows and suspected or known outlets of waste disposal.

In general, Ottawa county is fortunate to have an abundant and wide variety of safe swimming areas. The few sections that are unsafe can be easily avoided by the public and efforts are constantly being made by the health department to render these non-hazardous.

## Eight Injured In Accidents Near Holland

Eight persons were injured in four accidents in the Holland area during the holiday week-end. Most serious accident which involved four cars occurred at 11:15 p.m. Saturday, one-half mile west of the airport on the Ottawa beach short-cut.

A car driven by Lawrence Hettinga, 18, of 240 East Eighth St., which was going west on the short-cut, collided with a car driven by Louis Schaap, 16, of route 5, which was traveling east. Hettinga told Sheriff's officers who investigated that bright lights on the Schaap car blinded him and then he lost control of the car and hit cars driven by John R. Sleeman, 20, of Oak Park, Ill., and Vernon Slotman of route 3, Allegan, who were also following Schaap.

Officers said the Slotman car started burning under the hood after the impact. Passersby put the fire but Holland township fire truck had been called and were delayed by "heavy traffic" on the way.

Hettinga and two youths who were riding with him, Donald Grabofski, 20, and Calvin Grabofski, 17, both of Johnsonburg, Penn., received bruises and shock. Slotman and Lenora Oliver, 20, of Allegan, received lacerations and bruises. All were taken to Holland hospital in two ambulances. According to hospital reports, they have all been released. Hettinga's car was turned over. Schaap's car was struck on the side and the other two almost head-on, officers said.

Deputy Edward Brouwer and special Deputy Tony Steinfert are continuing their investigation.

In an accident at 9:30 p.m. Saturday, two and one-half miles east of Zeeland on M-21, cars driven by Richard J. Hulst, 18, and John Hoffman, Jr., 19, both of Grand Rapids, collided with enough force to cause the Hulst car to roll over.

Police said Hulst was attempting to make a left turn from the right lane and was struck broadside by Hoffman's car which was passing on the left.

Peter Van Putten, 18, and James Strickwerda, 19, were injured and taken to Butterworth hospital in Grand Rapids.

Hulst was given a summons for making an improper left turn and Hoffman was given a ticket for speeding by State police who investigated.

A motor bike driven by Edward Kampen, 17, of Zeeland, had swerved to avoid hitting Paul Zwiers of Grand Rapids. Zwiers was crossing the street against the red light at the corner of Eighth St. and Central Ave., Saturday at 6 p.m. Kampen received bruises and lacerations and was treated at Holland hospital.

Police are investigating an accident at 9:45 p.m. Saturday at Crockerly Flats on US-16. When police arrived, one driver had left. A car driven by Robert P. Schriver of Grand Rapids, was hit by a truck belonging to Verene Alexander of Kalamazoo.

According to the log book found in the truck, the driver's name was Arthur Ranes.

## HC Baseballers Remain Unbeaten In Lions League

### Fillmore Falters In Late Innings; Free Hitting Games

Hart and Cooley and Duffy continued their merry way in the Lions club baseball league Tuesday night by taking lopsided victories over the other two clubs in the loop. The undefeated HC club walloped the Fillmore Creamery outfit, 12-6 while second place Duffy swamped the Ford entry 18-5.

Fillmore nearly upset the high flying HC club by taking a 4-0 lead in the first two innings and holding the advantage until the fifth inning. Fillmore annexed three runs in the first and one in the second before HC came through with their first score in the third.

Two hits and an error brought the count to 4-3 going into the fifth inning. A big four run HC fifth inning all but doomed the Duffy club's chances. Three hits, two errors and a pair of stolen bases highlighted the rally. Fillmore fought back in their half of the fifth for two runs, but the rally fell one tally short of tying the count. From then on it was all Hart and Cooley, and they went on to take an easy win by adding four more in the sixth and one in the seventh.

Frank Wlodarczyk was the winning pitcher, while Schutt was on the mound for the losers. HC garnered 10 hits while Fillmore could manage only three.

With Ford taking a 4-run lead in the first inning on two hits, a fighting mad Duffy club "sewed up" the ball game in the second inning with an 11-run rally. Six hits, and a flock of Ford errors accounted for the upsurge.

The winners continued to set the pace in the following innings scoring two more in the third, two in the fourth, two in the fifth and one in the sixth.

Meanwhile the Ford bats were silent until the final inning when a single, a stolen base and an error produced its fifth tally.

Winning pitcher was Victor, who kept five Ford hits well spaced. Dewey Bakker, Junior Bremer and Duane Rosendahl all had a chance on the mound for the losers.

Jim Slag and Junior Hop paced the winners with three hits apiece. Duffy garnered 12 hits during the seven-inning tilt.

## Officers Warn Highway Drivers

Sheriff's officers today warned motorists about obstructing fire trucks and police cars on the highways with their sirens going. State law provides a penalty for not giving fire trucks and police cars the right of way.

Deputy Edward Brouwer cited the case of the Holland township fire truck answering a call to an accident on the Ottawa beach short-cut last Saturday when one of the cars involved in the mishap caught fire. Officers quoted firemen as saying several cars on the road refused to yield the right of way.

"There is no excuse for not knowing a fire truck because of its color, size and loud sirens," Brouwer said. "We can make some allowance in the case of our cars which are painted black and may be difficult to see, but not for fire trucks."

The fire under the hood of the car Saturday night was extinguished by other motorists. However, Brouwer said it could have been a house burning and any delay might be serious.

## Robert Baldwin, State Agricultural Leader, Retires

### Extensive Educational Program Organized In Years of Service

Robert J. Baldwin, one of Michigan's best known agricultural leaders, has retired as director of the Michigan Co-operative Extension program.

He is the only man ever to head the extensive educational program which reaches every county in Michigan through its county agricultural agents, home demonstration agents and 4-H club agents.

During the 38 years he has guided this program, Baldwin has watched it grow from the three "field agents" of Michigan Agricultural college in 1910, to a staff of 280 specialists and agents today. These people are a part of the Michigan State college staff but they are made available through the co-operative support of the federal, state and county governments.

Born in Sanilac county, Baldwin was reared on a farm and in 1900 entered Michigan Agricultural college without a high school education. After graduation in 1904 he was stricken with infantile paralysis which prevented his continuing with heavy farm work. This fateful turn, however, caused him to begin a career that made it possible for him to serve three generations of Michigan farm people.

After preparing himself for a teaching career with more college training, Baldwin taught science for two years at Traverse City. He then returned to Michigan State college as an instructor and within two months became assistant to the dean of agriculture. One of his assignments was to supervise the "field agents."

Under Baldwin's leadership, an alfalfa program increased Michigan's acreage of this soil-building crop from 70,000 acres in 1919 to 1,200,000 in 1939.

Only two other directors of state extension services have been with the program since it became co-operative between the federal, state and county units in 1914. Neither of them, however, has been director during the entire period.

Clinton V. Ballard, a member of the Michigan Co-operative Extension staff since 1915, succeeds Baldwin. He has been assistant director in charge of field coordination and county agent leader in recent years.

## Parasites Cut Sheep Return

Many lambs that go to pasture as good prospects for early marketing, end up as inferior, unprofitable, or dead lambs because of poor summer management, warns R. H. Nelson, sheep specialist at Michigan State college.

Very little time is needed to keep the lambs thrifty and profitable. Nelson recommends that farmers treat for worms. These parasites cause slower gains, higher feed costs, and frequent deaths of lambs. The simplest and most effective means of control is to keep a mixture of phenothiazine and salt before the flock at all times. It should be mixed at the rate of one pound of phenothiazine with each 12 to 14 pounds of salt. Protect the mixture from the sun and rain by feeding it in a covered salt box.

Ticks and lice should have been killed by dipping or spraying earlier in the spring. If it has not been done, the flock should be dipped of sprayed immediately with an arsenical dip, rotenone or DDT.

Maggot trouble should be observed, too, Nelson advises. Wounds and long, dirty wool frequently give trouble from blow flies in damp, muggy weather. Treat all infested animals immediately. Clip wool from infested parts and remove maggots. Apply a fly repellent. A satisfactory repellent is a mixture of one pint pine tar, eight ounces mineral oil, and three ounces turpentine. This mixture will also kill maggots if the wool is clipped short.

Keep the lambs growing. If pasture is poor, a little hay and grain fed to the flock will return a profit. In addition to sufficient pasture, be sure to provide shade, water, and salt at all times.

### Concrete Tile Okay?

Lots of farmers write to the Michigan State college department of agricultural engineering or contact the county agricultural agent to ask about the use of concrete drainage tile. Prof. Frank Pelkoff of that department advises these farmers that the first thing to do is determine the "pH" of the soil at the depth by means of a soil test. Concrete should only be considered if the test shows the "pH" to be between 6.0 and 7.5. If it is, then a good grade of concrete tile should give satisfactory service.

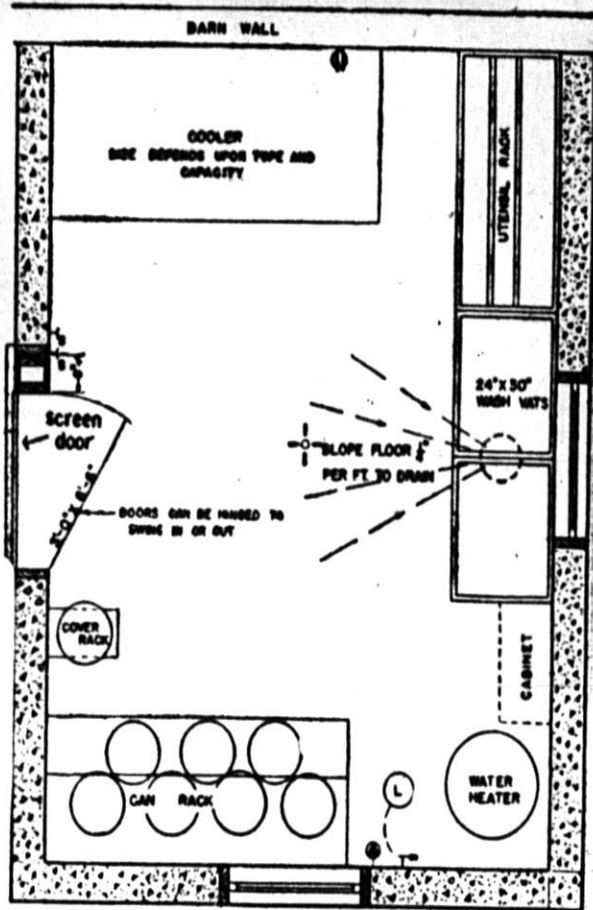

London—Origin of the modern Sunday school is generally credited to Robert Raikes, an Englishman, in about 1780.

## MODERN MILKHOUSE AIDS DAIRIES

The modern milkhouse shown here has been designed by James Boyd, agricultural engineer at the Michigan Agricultural Experiment Station. It has numerous features that make it an efficient work-center. These include: a ventilation system that halts moisture condensation and takes out odors; a sheltered porch; a removable casing on the door that will permit large equipment to be moved in and out; and adequate space for all milk cooling operations.

Single copies of plans for this milkhouse are available free by writing to the Farm Building Plan Service, Department of Agricultural Engineering, Michigan State College, East Lansing, Michigan. In quantity lots, a charge of ten cents per plan is made. Plans for a vestibule type milkhouse are also available.

## County Youth Camp Popular

The Ottawa county youth camp recently named Camp Pottawatomi was opened for the camping season, June 21. The first to occupy the camp was a group of 24 boys from the Maple Avenue Christian Reformed church of Holland called Young Boys Christian Association. Gilbert Holkeboer directed the first week of camp. The younger boys from this association occupied the camp last week.

The campers found a lot of work necessary during the first week of camp. A crew of boys under the leadership of George Schippers, John Beltman and Ray Klingenberg put out the swimming dock and mounted the diving board. The boys extended electric service to the sleeping barracks and cleaned up the grounds.

Holkeboer said the camp and its facilities were ideal for their camp activities. They recently had been camping at Ely Lake in Allegan county. This is their 16th year and he believes this is the best camp.

Harvey Elliott, county club agent, who has charge of scheduling the camp, says the camp will be used by groups of boys from the South Olive Christian Reformed church on July 12-17 and another group of boys from Holland will use the camp July 19-24 and the 4-H clubs Aug. 1-14.

Camp Pottawatomi is available to all youth groups in the county. A small charge is made for maintenance. Any group interested in sponsoring a camp should contact Elliott at the court house, Grand Haven.

## Prepare Bins Now For Grain Storage

Grain harvest is not too far in the future. Allegan county agricultural agent, A. D. Morley, advises that spare time can be profitably used in preparing bins for storage of grain.

For safe storage, the first requirement is a bin which has been thoroughly cleaned. All old wheat or grain should be removed and the bin swept clean. The second step is to make the bin tight so insects and rodents cannot enter. After those two chores are done, spraying for the control of weevils and other insects should be begun.

For grains stored for feed or cereal products, a spray containing five per cent or less of DDT in refined, deodorized kerosene or in water suspensions or emulsions should be used. It should be applied to the walls and woodwork at a rate of not more than one gallon of spray per 1,000 square feet. The spray should be thoroughly dry before grain is put in the bin.

If the grain is to be stored for seed purposes, a different treatment should be used. Dust of three per cent DDT in pyrophyllite, thoroughly mixed with the seed, applied at the rate of one-half ounce of dust to one bushel of seed, is the proper treatment. Three per cent DDT in magnesium oxide, applied in the same manner, is also effective. These methods are not recommended for stored grains or cereal products to be used for food or feed.

Under normal conditions, these precautions will take care of insects. If abnormal infestations arise and fumigation becomes necessary, Morley's office should be consulted.

## Growers Contribute to Advertising Campaign

Lansing (UP) — At its monthly meeting, the Michigan Cherry Commission offered \$12,500 to the National Red Cherry Institute.

Director of Agriculture Charles Flay said the sum represented Michigan growers' contribution to the state's \$25,000 share of the Institute's \$50,000 advertising campaign.

He said growers expected processors to provide the remaining \$12,500. Since the state grows half the nation's cherries, its quota is half of the advertising fund.

RATS COST TOO  
It costs just as much to keep a rat as a chicken. Ask your county agricultural agent about the best ways of getting rid of rats.

EXTINGUISH CAMPFIRES  
Never leave a campfire until it is completely out. Michigan State college foresters advise putting the fire out by stirring the coals while soaking them with water. Then wet the ground around the fire. If you can't get water, stir in moist earth and tread it down until it is packed tight over and around the fire.

NOT ENOUGH MILK  
British demand for milk is four million gallons a day more than the supply.

## Quality Barley Harvest Calls For Adjustment

Stop, look and adjust—those are the bywords for barley harvesting recommended by H. R. Pettigrove, farm crops specialist at Michigan State college.

Careful harvesting is necessary for quality barley, he advised. Out of 30 samples of barley examined in one county last year, more than half were of poor quality due to excessive cracking and skinning.

The field should be checked for moisture or maturity. If the moisture content is over 14 per cent the barley should be left to ripen further or cut with a windrower and let cure until the moisture content is lowered.

Even though the barley may be sufficiently mature, portions of weeds and weed seeds may be green enough to cause heating in the bin. Cleaning the grain before it is binned will be very helpful when the grain carries such foreign material.

Adjustment of machinery is important, Pettigrove stresses. Tough grain will thresh a certain way where dry grain might be ruined unless an adjustment is made.

Points to be checked include the set of the cylinder and the speed of operation or revolutions per minute. The elevator may be cracking or skinning the barley or the blower used to bin the grain may do considerable damage.

Each of these items may require adjustments several times during the day. It means a thorough study of all equipment and sufficient knowledge of adjustments to make the machine run efficiently.

## Careless Use of Sulfa Dangerous

Lansing — Five dangers in the careless use of sulfa drugs for treatment of livestock diseases were cited today in a warning issued by the American Foundation for Animal Health.

Sulfa work wonders in relieving certain disease, the bulletin said, but "in the hands of inexperienced persons they may actually endanger an animal's health."

Unless plenty of water is available to the animal at all times, the patient is unable to excrete the drug and precipitation may occur in the kidneys. Forced intake of water, involving use of the stomach tube, may be necessary.

"Any toxic reaction to the sulfa must be detected at once. Treatment may be useless or harmful if sulfa drugs are given for too short or too long a period of time. The dosage must not be decreased too soon after the temperature becomes normal. Sulfa drugs may be useless, if treatments are not given often enough during the critical period."

"Young stock may be harmed unless the dosage is proportionately less for young than for adult animals."

Close co-operation between the veterinarian and the animal owner was urged by the foundation, to insure the safe and beneficial use of sulfa and similar drugs employed in livestock medication.
