## CITY AND VICINITY.

Rev. H. Van Hoogen conducted services in the Christian Reformed church of Roseland, Ill., last Sunday.

John Nies is in Battle Creek attending the meeting of the state merchants association as delegate from the local association.

Miss Addie Huntley is very ill with typhoid fever. A trained nurse from Grand Rapids is in attendance.

The Rev. S. J. Haan, graduate candidate of the Grand Rapids Theological seminary, has received a call from the Holland Christian Reformed church at Zeeland, and will accept.

The factory of the Toronto Shoe company, which will move here from Toronto, Ohio, will be erected south of the Sugar factory between 15th and 16th streets. The new building will be 150x50 feet and two stories high.

Ben Van Patten has been unable to work the past week on account of an injury received while working on the pile driver on the G. R. H. & L. M. electric road. His leg was caught in a rope and was badly bruised and sprained.

The trustees of the \$50,000 factory bonds fund have purchased of the Hope College council a strip of land east of C. L. King & Co's factory. It has a frontage of 600 feet on Macatawa Bay and is from 50 to 90 feet deep. The trustees made the purchase in order that they might have good factory sites for companies desiring to locate here.

Two of the rural routes promised to Congressman William Alden Smith will be established on September 2 at Conklin, Ottawa Co., with D. A. Bean and B. E. Barager as carriers. The routes will be 48 miles long; cover an area of 77 square miles and serve a population of 1,341. The star route will be discontinued and the office at Wright served by rural carriers. Mail will go to Conklin.

Frank Stevens of Comstock Park is working out a string of horses owned in the western part of the state says the Grand Rapids Herald. They are all green but he is getting some good work out of them. Michigan, a green pacer by Prince L., has gone a mile in 2:23 1-2. This promising horse is owned by Ray Raymond of Fennville. Stevens has also worked Alice Wilkes a mile in 2:27 1-2. This young mare is the property of John Cappon of Holland and is by young Wilkes. R. Russell, owned by Harry Van Ry of Holland, is working well up in the bunch of green ones, and Jap, a brother to Holland Boy, 2:23, owned by Jno. Peters of Fennville, by Fairlawn Medium has stepped a half in 1:12.

Holland now has an independent military company and if all goes well it will soon be a part of the state militia. The new company was organized last Monday evening and the prospects for success are very favorable. The men at the head are thoroughly in earnest; they have had experience in military affairs and as they are some of the most reliable progressive citizens it is expected that residents of Holland in general will look with favor on the enterprise and extend substantial aid if required. The following officers were elected: Captain, W. A. Holley; first lieutenant, Henry Van der Werp; second lieutenant, Thomas P. Eastman.

Word was received from Chicago Saturday announcing the death of Mrs. Henry Harmelink who passed away at her home in that city on that day. Though Mrs. Harmelink had been seriously ill for some time the news of her death was in the nature of a shock to her many friends in this city. Deceased was the daughter of Mr. and Mrs. Ver Beek. Her father who died some years ago, was postmaster of Holland for 25 years and during a part of that time Mrs. Harmelink was his assistant. Besides her husband, Rev. Henry Harmelink, she is survived by two children, her mother and one sister. The remains were brought to this city for burial Tuesday and the funeral took place at 1:30 o'clock from the home of E. Van der Veen and at 2 from the Third Reformed church, Dr. H. Dosker, Rev. J. H. Karsten and Rev. G. H. Dubink officiating.

Ground has been broken for the addition to the Columbia Avenue school building.

The library board has decided to purchase \$200 worth of new books. They will be received and placed in circulation by September.

Peter Timmer had his hand badly lacerated while at work in the West Michigan factory Tuesday morning. Dr. Yates dressed the injured hand. The patient will soon be able to resume work.

On Wednesday the daughter of Tieman Belt, of Beaverdam had her collar bone broken. She was run over while in the field by a hay wagon. The horses were scared during a thunder storm and ran away.

J. K. Van Agnew, general superintendent, and H. F. Moeller, G. P. A. of the Pere Marquette R'y, were in the city last Friday to look up dock property with a view of having the Pere Marquette steamers land at this city as well as Ottawa Beach.

Prof. A. J. Ladd, instructor in psychology and pedagogy in Hope College, has been appointed one of the instructors for the one week's session of the teacher's and patron's institute to be held in Grand Rapids beginning August 19.

A freight car and passenger car collided on the electric road on the curve near Lugers Saturday afternoon. Luckily both motormen had the cars under control and serious damage was averted. One of the passengers, a lady staying at Hotel Macatawa, was injured, but not seriously. Slight damage was done to the front end of the passenger car.

Deputy Labor Commissioner Frank Ley of Grand Rapids was in Zeeland Monday and caused the arrest of the Ellenbaas brothers, proprietors of a general jobbing factory, upon the charge of employing child labor. He found several boys under the legal age one being as young as 11 years. The arrest caused considerable commotion in the village, but the respondents pleaded guilty when arraigned and paid fines of \$5 each.

Arrangements have been completed for the annual rally of the Allegan County Sunday-School association at Macatawa park, July 24. This rally promises to be a large and delightful affair, as usual. The Pere Marquette railway will run special trains on the main line and from Allegan at the same low rates as heretofore. The train will leave Allegan at 8:30 a. m. but tickets will be sold at excursion rates for the regular morning train. The railway company has prepared a special attraction in the way of a two hour trip on Lake Michigan on their large steamer No. 5, which will leave Ottawa Beach at 2:30 p. m. The fare will be fifteen cents for adults and children, regardless of age. Returning, the trains will leave Ottawa Beach at 5 p. m.

The Wolverine motor works has just completed for Newberry & Godfrey who have a summer resort on Black river, about four miles above South Haven, a fifty-foot launch designed to carry passengers upon the river to the resort. The launch is of a design unique on Michigan waters, being equipped with a big paddle wheel at the stern like a Mississippi river boat, and is intended to navigate shallow waters, having a draught of only eighteen inches. Another novel feature for a launch is that it has a complete electric light equipment, dynamo and all, to furnish current for the fifty or sixty lights on the boat. The launch is equipped with a twenty-seven horse power engine with a new device regulating the speed at which it may be run. It is quite a wide boat, having a beam of fourteen feet, and will carry about two hundred persons. It will cost \$4,000. Mr. Godfrey was here last week and left for South Haven with the launch Tuesday.

Born to Mr. and Mrs. John Hoff man, West Fourteenth street, Wednesday—a daughter.

Contractor John Oosting is laying a cement walk in front of W. H. Beach's residence on Twelfth street.

C. Van der Heuvel, representing the Michigan Toy & Novelty Works, left Tuesday night on a business trip to Chicago, Green Bay and Sheboygan.

The village council of Allegan voted at its last session to name the recently purchased village park after the late ex-governor of this state, and henceforth the park will be known as "Pingree park."

The steamer Puritan had its first brush with the whaleback Christopher Columbus and came out a quarter of a mile "to the good." Both steamers left Chicago harbor together Sunday and swung down the lake for a race. Capt. Boswell pulled the long whistle for full speed and Engineer Johnson crowded the engine to a 30-mile rate. The routes of the steamers were together for five miles and when they separated for their respective destinations at the end of that distance the Puritan was a quarter of a mile ahead. Her officers are elated with the showing made and marine men say they would not be surprised to see the Puritan develop into the fastest boat on Lake Michigan.

Holland will have another flour mill within 60 days. W. H. Beach of this city and James Cook of Zeeland have purchased the property of the Zeeland Milling company at Zeeland. The transfer places these men in control of the entire flour milling interests of that village, including two large finely equipped mills. It is the intention of Messrs. Beach and Cook to dismantle the old mill at Zeeland, move the building on the ground now occupied by the new mill and bring the machinery to this city where a new mill will be erected near the Pere Marquette siding adjoining the elevators of W. H. Beach & Co. Ground has already been broken for the new building, which will be finished in 60 days. It will be 50x40 feet three stories high and will have a capacity of 50 barrels per day.

**ANOTHER SHOE  
FACTORY**

**The Guthman, Carpenter  
& Telling Company of  
Chicago will Lo-  
cate Here.**

**Good Work of Trustees of  
Bonus Fund.**

The trustees of the bonus fund were not content with securing the Toronto Shoe company for this city. They have kept earnestly at work and have secured another. The second company is one of the largest concerns in the United States, the Guthman, Carpenter & Telling Shoe company of Chicago.

A contract has been signed whereby the company will build a large factory in this city inside of 6 months. It will be of brick and stone 50x350 feet, and will be built between 15th and 16th streets south of the Holland Sugar factory. The company agrees to have the factory in operation and to employ 100 hands inside of six months, this number to be increased to 500 within a reasonable time. It will be one of the largest and best equipped factories in the United States. A complete electric light system will be installed and every modern improvement adopted.

H. D. Fogg, superintendent of the new factory, has arrived in the city with his family, and will arrange for the speedy erection of the factory. Mr. Fogg has been superintendent of one of the largest shoe factories in the world, located at St. Louis, Mo.

## Holland City News.

FRIDAY, July 19.

### Lake and Marine.

The Dunkley Transportation company, whose boats ply between South and Chicago, will shortly be one of the greatest factors in the fruit business of Michigan. The latest development is the order of a new \$200,000 steel steamer and the expansion of the company's fruit canning and shipping business until it will include a factory in every section of the south-western Michigan fruit belt. The new steamer will be the largest and most speedy on the Chicago-South Haven run. It will be more than 250 feet long, with a capacity of 2,500 passengers, large freightage and a guaranteed speed of 20 miles per hour.

### OUR NEIGHBORS.

#### Olive Center.

Mr. and Mrs. John Soerheide who have been visiting their parents, Mr. and Mrs. Soerheide returned home Friday.

Mr. and Mrs. Charlie Tonger who have been visiting with the latter's parents, Mr. and Mrs. C. Nirsson, returned to their home in Muskegon Sunday.

Miss Edith Smith of Grand Rapids, was the guest of Miss Lottie Strong one day last week.

Mr. and Mrs. Dell Harrison entertained a large company of boys and girls at their home Saturday night. The occasion was in honor of Jim Hough's birthday. Ice, cream and cake was served. But if we could have had the ice cream in the day time it would have been better.

L. L. Strong visited his home Sunday and returned to Holland at night.

There is plenty of work to do for the farmers, haying and harvesting. Those are nice jobs.

#### Drenthe.

Engineer F. Van Slooten of the saw mill says water is scarce. He is having a great deal of trouble getting water for his boilers, the old well is dry and they have tried by boring a new well to strike more water but to no avail. They are now being supplied by drawing it to the mill with teams.

The hay season is over and the crop is light. Wheat is ready for harvesting and will bring a larger average than last year.

The sugar beets are in good condition, but need rain soon.

#### West Olive.

Last week was one of the hottest and driest during the 20th century, around here ever known.

All crops are still alive except the poor wheat and rye that we are harvesting.

J. B. Estelle had a barn raising Saturday afternoon and it must have been a hot one.

Rev. Rork delivered a hot Sabbath sermon against the Adventists last Sunday. Rev. O. F. Butcher answered him in a speech Tuesday night but the two denominations have not reached an agreement yet.

Fire from a locomotive destroyed the barn, straw stack and hay belonging to August Brecker last Saturday, while he was away from home. The house, granary and corn crib were also threatened but firemen from West Olive kept it back. There is no insurance.

Abe and Art Boyer with their families took advantage of the excursion and spent Sunday at Macatawa Park. Nelson Dreese was in Holland Tuesday to consult the doctor in regard to his leg which has not been improving lately.

Rev. Videto and Butcher conducted an excellent meeting here Tuesday night. Rev. Butcher read a number of remarks made by Elder Rork last Sunday and they were very comical.

The North Holland marsh south east from here has been dry since last week, and unless rain comes soon there will be much damage done.

Next Sunday a quarterly meeting will be held at Robinson, and on Sunday August 4th all converts made by the Methodists last winter will be admitted to full membership.

Harvesting is well on this week but the horses that pull binders suffer much from the heat. H. Wood lost one horse last week on that account.

Can we get N. W. Ogden to thresh for us?

#### Filmore.

Mr. and Mrs. Albert Boeve visited relatives at Zeeland last Sunday.

Rev. John Van der Meulen, of Ebenezer, will have a three weeks vacation and Dr. E. Winter of Holland will preach at Ebenezer next Sunday.

A passing locomotive of the Pere Marquette R. R. started a fire in the field of H. Kooyers and before the fire was under control it burned some rye and ran across the pasture.

The haying and the harvesting of wheat is all done for this year. It was done in a very short time as they were light crops.

It is becoming to be very dry here in Filmore and if we do not have rain soon the corn, potatoes and the sugar beets will be a failure this year.

#### Allegan County.

The directors of the county fair have decided to offer a purse of \$40, \$25 to first and \$15 to second, for a grange exhibit, the prizes to be awarded to the granges of the county making the best exhibits.

One of nature's remedies; cannot harm the weakest constitution; never fails to cure summer complaints of young or old. Dr. Fowler's Extract of Wild Strawberry.

## JAPAN'S GENEROUS ACT.

Will Not Insist on Increase in the Indemnity Demanded of China.

### YIELDS AND PREVENTS COMPLICATIONS.

Mr. Rockhill Instructed to Assent to Discussion of Proposition to Increase Chinese Customs Duties—Some of Powers Want Ministers to Consider Disposition of Manchuria.

Washington, July 17.—In a spirit which has aroused the keenest admiration of the state department, the Japanese government has met the difficulty growing out of the preference of her request for an increase of her indemnity by withdrawing that request. The result is a substantial loss to Japan. She asked originally for \$23,000,000. This figure was more moderate than any of the powers which played any prominent part in the Chinese campaign and represented the barest expense of the undertaking. It was fixed upon the idea that payment was to be made in cash by China. Confronted with the bond payment, the Japanese government asked that her allotment be increased to \$27,000,000 in bonds to make good the loss she would suffer through the sale of the bonds.

As soon as some of the other nations found that the allotment, as originally fixed, was in danger of being disturbed they came in with increased demands, and thus it is that Japan, finding that insistence upon her demand would block the negotiations at this phase, has withdrawn her request for the present at least. It is safe to assume that the United States government will do what it can to secure compensation for Japan in some other way in the future.

#### Gives Reluctant Consent.

Mr. Rockhill, our special commissioner at Peking, has been instructed to give the assent of the United States to the discussion of the proposition to increase the Chinese customs duties in order to provide means for the payment of the international indemnity. Our government is still opposed to this project and the instruction is sent only in deference to the universal wish for a speedy conclusion of the negotiations at Peking. It is learned that the hitch in these negotiations, the most baffling that has yet occurred, is due entirely to the issue raised as to the increase of customs.

#### Disposition of Manchuria.

It is understood to be the desire of some of the great powers that the disposition of Manchuria should go before the ministers at Peking and be finally determined by a joint agreement among the powers. Although no definite step has been taken in that direction, it is being discussed by foreign representatives stationed here, who fully expect that the plan will be adopted. Russia, it is expected, will be reluctant to agree to it. Attention has been directed to the latter by reports that Russia had resumed direct negotiations with China concerning Manchuria and also by Tuesday's cablegram stating that a Russian proclamation was about to be issued, establishing Nuchwang as a Russian port.

As to the report that Russia will proclaim Nuchwang to be a Russian port, it is pointed out in diplomatic quarters that Nuchwang is a treaty port and as such open to the commerce of the world, under the existing tariff regulations with China, and foreign merchants have the right to trade and to conduct establishments there. These rights of trade could not be divested, in the opinion of diplomatic officials, by a Russian proclamation unless the powers had previously given assent. Thus far, however, there has been no request from Russia or China for any change in the status of Nuchwang as one of the treaty ports.

#### Robbed and Thrown from Train.

Indianapolis, Ind., July 17.—James Shea is believed to have been robbed and thrown from a Big Four express train between this city and Cincinnati. He died at midnight in the city hospital. He was found unconscious Tuesday beside the track at Batesville, Ind. He was accompanied by two suspicious characters, it is said, when he left here Monday night for Cincinnati, and had a large sum of money.

#### Belonged to Royal Family.

New York, July 17.—Countess De Trapani, who, according to a dispatch to the Herald from Lucerne, died of apoplexy, was a member of the Tuscan branch of the Austrian imperial family. The count of Caserta, who married her eldest daughter, is the titular king of the two Sicilies and head of the Italian Bourbons.

#### Negro Conference.

Hampton, Va., July 17.—The Hampton negro conference opened here Wednesday. Many prominent educators, both white and colored, are in attendance. Nothing of importance transpired at the morning session.

#### Powder Explosion Kills Four.

Stockholm, July 17.—An explosion occurred at the Gytorp powder works, at Nora, province of Orebro, wrecking seven buildings. Four persons were killed and a number injured.

#### Visits Swedish Capital.

Stockholm, July 17.—The United States training ship Hartford arrived here Wednesday.

## ITALY AFTER UNCLE SAM.

Takes Up the Matter of Lynching of Two Italians at Erwin, Miss.—Making Investigation.

Washington, July 17.—The Italian government has taken cognizance of a recent affray at Erwin, Miss., in which it is claimed two Italians were lynched and a third seriously wounded. The facts have been communicated to the foreign office at Rome and the Italian embassy here has made representations to the state department. At the same time the Italian authorities are pursuing an investigation of their own through their consul at New Orleans and their consular agent at Vicksburg, Miss., which is not far from the scene of the alleged trouble.

Memphis, Tenn., July 17.—At a meeting of citizens of Greenville, Washington county, Miss., a resolution was adopted asking the governor to order a special session of the circuit court of the county to deal with the recent assassination of two Italians at Erwin. The crime was denounced in the strongest terms.

#### Steamer Beached to Save Her.

New London, Conn., July 17.—With 40 feet of her bow cut clean off in a collision with the steam yacht Wild Duck, on board of which were United States Senator N. W. Aldrich, of Rhode Island, and his family, at midnight, the steamer Tremont, of the Joy line, which left Boston Tuesday for New York with 300 passengers, was towed into New London and beached Wednesday. All her passengers had been transferred to other steamers in the sound and continued their trip to New York.

#### Earl Russell to Plead Guilty.

New York, July 17.—It is stated on high legal authority in London that Earl Russell will plead guilty to the charge of bigamy when his case comes up before the house of lords. The London correspondent of the World says the earl has been advised to take this step and that if he follows the advice the proceedings will be brief, consisting simply of a statement for the prosecution and a plea in extenuation by the defense.

#### Afraid of American Shoes.

Vienna, July 17.—Deputy Bauman has been commissioned by the representatives of the boot and shoe trade to question the state of the lower Austrian diet as to what that body intends to do with regard to the threatened invasion of the Vienna market by an American syndicate. The local boot and shoe men consider that American competition menaces the very existence of the whole local industry.

#### Dies from Paralysis.

Columbus, O., July 17.—Mrs. Mary Sabin White, aged 70, wife of Dr. Emerson E. White, the author of White's arithmetic and other educational works, died at her home here. Death was caused by paralysis. Mrs. White was the mother of Gov. A. B. White, of West Virginia, and W. E. White, chief deputy collector of internal revenue at Parkersburg, W. Va.

#### Knox Goes to See McKinley.

Washington, July 17.—Attorney General Knox left Washington late Wednesday afternoon for a short conference with the president at Canton on the subject of appointments under the jurisdiction of the department of justice. Mr. Knox will visit his home at Pittsburgh while he is away and will return to Washington some time next week.

#### Train Disaster in Michigan.

Cass City, Mich., July 17.—Three coaches of train No. 1 on the Pontiac, Oxford & Northern railroad were run into by train No. 4 at Dryden Hill on Wednesday and overturned into the ditch. Several passengers whose names have not been learned were injured. Train No. 1 was pulling into a siding when the accident occurred.

#### More Machinists Return to Work.

Cincinnati, July 17.—Seventy-five of the striking machinists returned to work Wednesday at I. and E. Greenwald company's shops. This was one of the five plants against which a special fight was to be made by the strikers when they consented to allow some of their members to return to work.

#### Suicide and Murder.

Des Moines, Ia., July 17.—A special from Glenwood, Ia., says: County Coroner Whitnall has just been summoned to a farm near this place where a man, whose name has not yet been obtained, committed suicide and fired his residence. Three bodies are reported taken from the ruins.

#### Directors on Northern Pacific.

New York, July 17.—J. Pierpont Morgan announced Wednesday afternoon that James J. Hill, E. H. Harriman, H. McK. Twombly, William Rockefeller and Samuel Rea would be elected to the directorate of the Northern Pacific Railroad company to fill the vacancies to be created.

#### Ranchman Dragged to Death.

Springer, N. M., July 17.—J. H. Nash, a wealthy ranchman, whose ranges are near Cimarron, was killed by being dragged by a broncho over rocks up the mountain side. He had roped the animal and became entangled in the rope.

#### Ball Player Kills Himself.

New York, July 17.—James M. Galligan, formerly a well known baseball player, once with the New York team, committed suicide at his home here Wednesday by cutting his throat with a razor. He was 33 years old.

#### Ministry Resigns.

Copenhagen, July 17.—The De Sehested ministry, formed April 27, 1900, has resigned. King Christian has requested the ministers to return their portfolios pending the appointment of a new cabinet.

## Isn't it Worth 25c. To Be Cured of Constipation

People who suffer from habitual constipation with all its attendant ills, clogged stomach and bowels, sluggish liver, heartburn, indigestion, and thin and impure blood; are too apt to believe that the only remedy is violent purgatives. The contrary is the case. Such cathartics, even if they do move the bowels, are irritating and griping, leave the stomach inflamed and enfeebled and the constipated condition recurs with greater difficulty of cure and the sufferer constantly growing worse. There is a laxative that moves the bowels without pain or griping, cleanses the stomach, sharpens the appetite, stimulates the liver, strengthens the nerves, and purifies the blood, while its marvellous tonic properties tone up the entire system and keep it healthy.

## Laxakola Does It

Its remarkable tonic properties reach every organ—the liver, kidneys and stomach, nerve, heart and brain—and removes the cause of your debilitated condition. This is the only way to secure an absolute and permanent cure.

Laxakola is the only medicine for babies, is purely vegetable and its action is gentle, speedy and effective. For coated tongue, simple fevers, colds, chills and languid feeling it is the ideal medicine.

It tastes good. Children like it and ask for it.

Laxakola, the great tonic laxative, is not only the most efficient of family remedies, but the most economical, because it combines two medicines, viz: laxative and tonic, and at one price. No other remedy gives so much for the money. At druggists, 25c. and 50c., or send for free sample to LAXAKOLA CO., 122 Nassau Street, N. Y., or 256 Dearborn Street, Chicago.

## BLOOD POISON

If you ever contracted any blood disease you are never safe unless the virus of poison has been eradicated from the system. At times you see alarming symptoms, but live in hopes no serious results will follow. Have you any of the following symptoms: Sore Throat, Ulcers on the Tongue or in the Mouth, Hair Falling Out, Aching Pains, Itchiness of the Skin, Sores or Blotches on the Body, Eyes Red and Smart, Dyspeptic Stomach, Sexual Weakness—indications of the second stage. Don't trust to luck. Don't ruin your system with the old foggy treatment—mercury and potash—which only suppresses the symptoms for a time, only to break out again, when happy in domestic life. Don't let quacks experiment on you. Our New Method Treatment is guaranteed to cure you. Our guarantees are backed by bank bonds, that the disease will never return. Thousands of patients have been already cured by our New Method Treatment for over twenty years. No experiment, no risk—not a "patch-up," but a positive cure. The worst cases solicited. We treat and cure Nervous Debility, Sexual Weakness, Ulcers, Blood Poison, Stricture, Varicocele, Kidney and Bladder Diseases, and all diseases peculiar to men and women.

## HOW HE GOT AGUINALDO.

**Gen. Funston Makes a Report of the Capture of the Filipino Insurgent Chief.**

### GIVES GREAT CREDIT TO LIEUT. TAYLOR

Also Relates the Use Made of Some Friendly Natives and Forged Letters—Praise for All Who Shared in the Expedition—Gen. MacArthur Says War Is Over.

Washington, July 13.—The war department has made public Brig. Gen. Funston's report of the capture of Aguinaldo, written under date of May 6. This report presents in detail all the facts relating to the capture of Aguinaldo which were made public at that time.

Gen. Funston shows that his plan was submitted to the commanding general of the department of northern Luzon, and then was sent to Gen. MacArthur, by whom it was approved. Gen. Funston goes into details concerning the captured correspondence of Aguinaldo and the use he made of Cecilio Bigismundo, who had presented himself to Lieut. J. D. Taylor with letters of Aguinaldo that he was to deliver to various insurgent chiefs. Gen. Funston gives the following account of the forged letters which were used to deceive Aguinaldo:

#### Captured Letterheads.

"On October 24, 1900, while scouting in the vicinity of Gapan, Nueva Ecija, I had surprised the insurgent chief, Lacuna, in his camp, and had captured among other things, some writing paper which bore his headquarters' seal. On this paper two letters were written to Aguinaldo over the carefully forged signature of Lacuna.

"On these letters was dated February 24, 1901, at Bulac. In it Lacuna acknowledged the receipt of Aguinaldo's letters of January 13 and 14, and thanked him for the confirmation of his (Lacuna's) appointment as brigadier general, made some time previously by Alejandro.

"It will be remembered that the letters of Aguinaldo referred to had fallen into our hands. Our letter indulged in the usual rhetoric employed by the insurgent chiefs in their correspondence, and gave a glowing account of the progress of the campaign from the standpoint of Lacuna.

#### Another Letter Forged.

"Another letter, supposedly from the same place, but dated February 29, was prepared, stating that the writer had just received a communication from Baldomero Aguinaldo ordering him to send one of his best companies under a reliable chief to Emilio Aguinaldo in Isabella.

"In accordance with these orders he was sending this force under Lieut. Col. Hilario Placido. The letter, he stated, had been captured by the Americans a year ago, and after his release he had lived in Jaen, but recently had taken to the field again when ordered to do so by Lacuna.

"These two letters were dictated by me, but were written by Segovia. We were in possession of a number of samples of Lacuna's signature, and had previously succeeded in executing a neat forgery of his autograph at the end of each one of the two sheets."

#### Capture of Aguinaldo.

Gen. Funston gives an account of the capture of Aguinaldo, relating how the Macabebes became demoralized and fired wildly before the Americans came up. Only two of the insurgents were killed. Segovia opened fire on the officers near Aguinaldo and wounded two of them. Six of the officers escaped by jumping from windows and swimming the river.

#### Praise for All.

In conclusion, Gen. Funston deals out praise generously to all who had a share in the expedition, mentioning Capt. Hazard, Capt. Newton, Lieut. Hazard and Lieut. Mitchell, while especially praising Lieut. Taylor for the discretion he showed after obtaining the Aguinaldo letters. He also speaks in high praise of Commander Barry, of the Vicksburg, and the assistance the navy rendered him.

#### Says War Is Over.

Kobe, July 13.—Maj. Gen. Arthur MacArthur, recently in command of the United States troops in the Philippines, arrived here yesterday. In an interview he said he was satisfied the disturbances in the islands are at last at an end. Gen. MacArthur will sail on the Sheridan for the United States two weeks hence.

#### Some Census Figures.

Washington, July 12.—The census office issued a bulletin concerning the urban population of the country. It shows that 28,411,699 people in the United States live in cities and towns of over 4,000 population. This is 37.3 per cent. of the entire population, a gain of almost five per cent. since the census of 1890, when the percentage was 32.9.

#### Perjury and Forgery.

Council Bluffs, Ia., July 17.—President McCarthy, of the Iowa Bar association, at the annual meeting in this city made startling statements regarding the prevalence of perjury and bribery in American courts of justice.

#### Damage by Prairie Fire.

Larned, Kan., July 16.—A prairie fire, which started 18 miles north of this place, burned over a large extent of country Sunday afternoon, and destroyed over 40,000 bushels of wheat in the stack.

#### Ex-Gov. Hubbard Dead.

Tyler, Tex., July 13.—Richard B. Hubbard, former governor of Texas, and during President Cleveland's administration United States minister to Japan, died at his home here.

#### Six Drowned.

Savannah, Ga., July 15.—Six persons were drowned while surf bathing at a point of the Hebrew Gamaliel Hassad at Daufuskie beach Sunday afternoon.

#### Horse Thieves Hanged.

Judith, Mont., July 17.—Three alleged horse thieves, "Bucking Bill," Fred Comme and Pete Walter, were hanged by a posse near here.

### VACANCY FILLED.

Alfred B. Kittredge Appointed United States Senator from South Dakota—His Career.

Pierre, S. D., July 12.—Gov. Herriot has appointed A. B. Kittredge, of Sioux Falls, as United States senator to fill the vacancy caused by the death of Senator Kyle.

[Alfred B. Kittredge is a native of New Hampshire, having been born in Cheshire county, March 26, 1861. His early education was obtained in the public schools, and when 17 years of age he entered Yale university. He was graduated from that institution in 1882 and at once commenced the study of law in the office of Judge Veasey at Rutland, Vt. In 1884 he entered the Yale law school and was graduated in 1885, being admitted to the bar by the supreme court of Connecticut in June of the same year. He removed to Sioux Falls, S. D., in 1885 and entered into a partnership with C. H. Winsor, one of the leading attorneys of that place. Mr. Kittredge early manifested an interest in state politics and for a long time was ex-Senator R. F. Pettigrew's trusted lieutenant. In 1894 the two were elected upon the money question. Mr. Kittredge was the republican national committeeman from South Dakota in 1892 and 1894. He is a bachelor.]

### DEADLY THUNDERBOLT.

Lightning at Newcomerstown, O., Kills Three and Injures Two Other Persons.

Columbus, O., July 16.—A special to the Ohio State Journal from Newcomerstown, O., says: During a heavy storm Monday afternoon lightning struck a straw shed on the farm of Mrs. C. McMacklin, about one mile north of town, instantly killing Mrs. James Huff, her daughter, Mrs. Thornton, and the latter's four-year-old daughter. Mrs. Huff's daughter Myrtle, aged 16, and another child of Mrs. Thornton, aged about seven, were seriously injured. The party had been blackberrying and took shelter during the rain under the shed. The shed was knocked down by lightning and the entire party was buried under the chaff and straw for two hours or more, until some parties near by were attracted by calls for help from those who escaped death.

### PENSION REPORTS.

Expenditure for 1901 Exceeds That of Last Year by \$69,354—Increase of Pensioners.

Washington, July 17.—Reports have been received by Commissioner Evans, of the pension bureau, from all the pension agents of the country, showing the entire pension business transacted for the fiscal year ending June 30 last. The showing thus made, compared with 1900, is as follows:

The appropriations for the two years was the same, \$144,000,000 for each year. The expenditure for 1901 was \$128,531,494, an excess over 1900 of \$69,354.

During the year the pension roll was increased to the extent of 4,305 names, making a total of 997,534. The deaths among pensioners numbered 23,083 in 1901, or 2,275 more than in 1900. The record shows that for the year 45,710 claims were filed on account of the Spanish-American war. Of these 7,086 were allowed and 7,069 were adjudicated and rejected.

### KILLED HIMSELF.

Judge Sellers, of Crawfordville, Ind., Prominent Attorney and Politician Commits Suicide.

Crawfordville, Ind., July 15.—Judge James M. Sellers, one of the brightest and best-known attorneys in Indiana and a prominent figure in legal and political circles, was found dying in his office in this city Saturday morning. He had taken morphine with suicidal intent. At the table where the judge died was a letter that told the sad story. The letter said that his life was a failure and that his debts were large. It was full of praise for his wife. There is no question that financial troubles, as he stated, prompted the act, and those who knew him best are convinced that he went about his plans soberly and deliberately.

### THROUGH A BRIDGE.

Disaster on the Nickel Plate in Pennsylvania Causes the Loss of Ten Lives.

Springfield, Pa., July 11.—A local freight train, bound west, on the Nickel Plate road, went through a bridge near here which collapsed from the weight of the train, carrying with it the entire train with crew and gang of workmen. P. A. Moore, conductor, of Conneaut, O., William Griffith, engineer, of Buffalo, and eight workmen were instantly killed.

#### Finds Pearl Worth \$40,000.

La Crosse, Wis., July 17.—Mrs. Edwin Drake has found a pearl at Round island which is the exact counterpart of the Queen Mary pearl, valued at \$40,000, found at the same place several years ago. A pearl valued at \$25,000 was purchased by a local jeweler. It is flesh colored and weighs 76 grains.

#### New Maine to Be Launched.

Philadelphia, July 13.—The Cramp shipbuilding company has notified the secretary of the navy that the battleship Maine will be launched on Saturday, July 27, at 11 o'clock a. m. It is understood at the yard that there will be no special ceremonies on the occasion, as had been anticipated.

#### Through the Rapids.

Niagara Falls, N. Y., July 15.—Five times Carlisle D. Graham said he would go through the rapids, and five times he kept his word. His fifth trip was successfully made yesterday in the presence of thousands of spectators.

#### Railway Statistics.

Washington, July 16.—The thirteenth annual report of the interstate commerce commission shows a big increase in earnings of railroads and an aggregate length of mileage of 259,793 miles.

## WESTERN CROPS SUFFER.

Hot, Dry Weather Is Shriveling Up the Promising Grain Fields in Kansas.

### OTHER STATES ALSO IN NEED OF RAIN.

Corn, Spring Wheat, Potatoes, Pastures and Hay Will Fall Below the Estimates—The Loss to Farmers Will Run Into Millions of Dollars.

Topeka, Kan., July 12.—Conservative men who have carefully studied the disastrous effects of the prevailing drought in Kansas say the people of the state have suffered a loss in all crops except wheat to the amount of nearly \$200,000,000 since July 1. They say that an estimate now of a total of \$50,000,000 bushels of corn would be the top figure.

With fair weather conditions Kansas raises 200,000,000 bushels of this cereal. Thus a loss of 150,000,000 bushels of corn at say 50 cents a bushel means a loss in money of \$75,000,000 alone. The loss of the hay crop is another \$25,000,000. The loss of the potato and vegetable crops will run over \$30,000,000, while the total failure of oats and the destruction of pastures, which will force thousands of head of cattle on the market, will amount to another \$25,000,000.

#### In Missouri.

Jefferson City, Mo., July 12.—The weather continues hot and dry. It was from 100 to 110 in the shade here Thursday, and the crop situation is alarming. The chances for a corn crops are exceedingly slim. It is estimated that ten per cent. of a normal yield is a high estimate.

#### In Nebraska.

Lincoln, Neb., July 12.—If the estimate that half the oats and half the potato crop is ruined is correct, it means a yield in oats of but 35,000,000 bushels, compared with a normal yield of 70,000,000, a loss in dollars of over \$5,000,000 and a cutting down of the potato crop of from 8,000,000 to 4,000,000 bushels, representing a monetary loss of \$1,500,000. Spring wheat is damaged to the extent, probably, of \$3,000,000.

#### In Wisconsin.

Madison, Wis., July 12.—Secretary J. N. True, of the state board of agriculture, estimates the loss to Wisconsin crops by drought since July 1 at 15 per cent., and regards this as a conservative figure. His judgment is based on letters he has received during the last two or three days from counties most affected.

#### In Iowa.

Des Moines, Ia., July 12.—Best reports from well-distributed points in Iowa indicate no serious harm has yet come to corn, though if the present 100-degree temperature continues without rain for two or three days longer it will inflict serious damage upon corn as well as oats.

#### Helped by Showers.

Kansas City, Mo., July 16.—A portion of the drought-stricken southwest has been relieved by rain during the past 24 hours. Great good has already resulted to crops, and as there are prospects of a further downfall, it is believed thousands upon thousands of dollars will be saved farmers on stock and crops.

#### Prayers of Wichita Heard.

Wichita, Kan., July 16.—In all the city churches Sunday prayer was offered for rain. Monday the rain came. It came in torrents and all the residents turned out to welcome it. Bareheaded men, barefooted children, singing, shouting and rejoicing, marched through the swimming streets, headed by a brass band. Bells rang and whistles blew. The immense parade finally brought up at the pro-cathedral, where a thank-offering service was extemporized. The jollification extended far into the night.

#### Governor Names Day for Prayer.

Jefferson City, Mo., July 16.—No rain has fallen here and in different parts of the state since April 17, and crops of all kinds, except wheat, are almost complete failures. Gov. Dockery, who had received many requests to issue a proclamation calling upon the people to observe a certain day in fasting and prayer that the drought might be broken, Monday set apart Sunday, July 21, on which "the people are requested to assemble at their usual places of worship to invoke the blessings of Almighty God."

#### Fire on a Poor-Farm.

Burlington, Ia., July 16.—Fire of a mysterious origin destroyed three buildings of the Des Moines county poor farm Monday afternoon. Loss, \$40,000; insurance, \$24,000. The insane patients were all rescued with difficulty. One or two escaped.

#### A New Revision.

New York, July 15.—A committee of Biblical scholars, consisting of five bishops and five priests of the Protestant Episcopal church, has completed after six years of labor what is practically another revision of the Holy Scriptures.

#### Dowie's Zion City.

Chicago, July 17.—Nearly 300 Zionites registered Tuesday at the land office in Dowie's prospective town near Waukegan. It was announced that more than \$300,000 worth of town lots had been "chosen" by the faithful.

#### Rosebery Out of Politics.

London, July 17.—Lord Rosebery, in replying to an invitation to address the City Liberal club, bade farewell to the political arena, denouncing the liberals' policy on war as impotent.

FRIDAY, July 19, 1901.

### Another Industry. Western Machine Tool Works will Locate Here.

Another industry has been induced to locate in Holland by the trustees of the bonus fund. It is the Western Machine Tool works of Grand Rapids. The new factory will be located west of the Wolverine Motor Works on the land fronting on Macatawa Bay recently purchased from the council of Hope College by the trustees. The Grand Rapids Press has the following about the new enterprise:

"The concern which will go to Holland is that branch of the business devoted to the manufacture of iron working machinery, making radical drilling machines of various sizes, ranging in weight from 8,000 pounds up, horizontal boring machines of about the same sizes, and other iron working machinery incident thereto. To accommodate the business in Holland work will be begun immediately on two buildings, for which Architects J. H. Davenport & Sons of this city are now drawing plans. One building will be about 50 by 100 feet, to contain the machinery moved from here, and the other an engine and boiler house about 35 by 45 feet. Besides a new engine and boiler it will contain wash rooms and bath room for employees. The firm does not expect that these buildings will accommodate their business for more than a year, after which additions will be necessary.

The Valley City Machine works, that branch of the business which makes wood working machinery, will remain in Grand Rapids in the present quarters on Pearl street, and will continue the manufacture of spiral twist, rope moulding, rounding, routing and rosette machines, spindle carving machinery and other wood working contrivances, also attending to repair work in this city. Nicholas Bosch and John Boda, two of the partners, will probably remove to Holland leaving the conduct of the business here to J. C. De Bruyn.

The three partners have been associated together for about six years and in that time have developed a good sized business employing in normal times about thirty men with a weekly payroll of about \$300. At present, owing to the machinists' strike, the force is smaller, about eighteen men some of whom will probably remove to Holland. The firm has a good outside trade and ships its machines even to Europe. The removal will make two firms which have a divided business, part in Holland and part here, the other being the Wolverine Motor works, whose boat factory was some time ago moved to Holland. The removal will be accomplished as soon as the buildings, which with the new equipment will cost about \$9,000, can be completed about October 1."

### Common Council.

The common council met in regular session and was called to order by the Mayor.

H. Van Ark petitioned for permission to place building material adjacent to E. 22½ feet of W. 37½ feet of lot 7, block 30.

The clerk reported the following resolution passed by the Board of Parks June 21, 1901:—

"Resolved, that the common council be and are hereby requested to immediately take action to prevent the Holland & Lake Michigan Railway Company from using uninsulated feed cables through the tops of trees along Centennial park."

Referred to city attorney.

The clerk reported warrant of work on Black River bridge by the Grand Rapids Bridge Company. Filed.

Contractor Van der Veen was allowed \$1451.82 on the contract price for building the sewer.

By Ald. Van Putten.

Resolved, by the common council of the City of Holland, that permission be and the same is hereby granted to the Holland and Lake Michigan Railway Company to erect and maintain poles for the purpose of suspending power wires thereon along the following streets and places in said City of Holland, viz: commencing at the foot of Hay street and running thence south along the west side of said street and the west side of Christina street (Fairbanks Ave) to Sixteenth street, thence along the north side of Sixteenth street to the section line between Sections thirty-one (31) and thirty-two (32) in said City of Holland thence along the west side of the highway running along said section line to Twentieth street, thence along the south side of Twentieth street to the railway tracks of said Railway company on Ottawa avenue such poles to be erected and placed under the supervision of the common council of the City of Holland and in a manner satisfactory to said council and to be used for the purpose of suspending electric power wires thereon. Provided that if such poles are erected and used by said Railway Company as herein provided said Railway Company shall remove all power wires from Eighth, River and Thirteenth streets where the same are now located, and hereafter shall not be permitted to place any power wires along

said Eighth, River and Thirteenth streets.

Said resolution prevailed by yeas as follows:—

Yeas:—Ald. Kleis, Vandentak, Van Zante, Luidens, Geerlings, Habermann, Van Putten, Westhoek, Riksen—9.

Nays:—0.

Resolutions were passed providing for three lateral sewer districts as follows: 1st—Eighth street from Land street west to the s. w. corner of Lot 11 blk 29 and the n. w. corner of Lot 1 blk 38 at an estimated expense of \$4927, of which amount \$392 will be paid by the city at large and \$4105 will be raised by special assessment on the property fronting on that part of Eighth street.

Second—Ninth street from Columbia Avenue to Pine street and River street from Eighth to Tenth at an estimated cost of \$3,306.50 of which the city at large pays \$552 and the adjacent private property owners, \$2754.50.

Third—West Eleventh street from Pine to Van Raalte, Van Raalte avenue from Tenth to Twelfth street, Tenth street from 1st Avenue to Van Raalte, and Twelfth street from Van Raalte to Harrison Avenue. At an estimated cost of \$3371, of which the city at large pays \$646 and the adjacent private property holders \$3225.

The time for hearing objections or suggestions in regard to said improvements was fixed at August 6, 7:30 p. m.

### Hugh Gallagher Drowned.

Macatawa Bay has claimed its second victim for the season of 1901. Hugh Gallagher, was drowned last Friday night, but knowledge of his death was not discovered until his body was recovered Wednesday night floating near Ottawa Beach dock.

Mr. Gallagher had been resorting at Saugatuck for a couple of weeks and started for home Friday. He bought a ticket for Chicago on the steamer Puritan and was assigned to a state room. He was not seen afterwards and his whereabouts remained a mystery until the body was found. It is expected that he stumbled and fell off the dock while waiting for the boat to depart. There are no evidences of foul play or suicide and the drowning was evidently accidental. The body was brought to this city by Undertaker Nibbeliak and then sent from here to Chicago.

Mr. Gallagher was western agent for the American Pin Company.

### Medical Society Picnic.

The Grand River Medical society held its annual business meeting and picnic at Saugatuck Tuesday. At the business meeting the usual routine business was transacted and the following officers were elected:

President—Dr. R. J. Walker.

Vice presidents—Dr. J. A. Mabbs,

Dr. H. Poppen.

Secretary—Dr. D. J. Cook.

Treasurer—Dr. A. Leenhouts.

Dr. Charles Russell, of Allegan, Dr. John Mersen, of Holland, and Dr. Beuker, of Graafschap were elected members. Dr. O. E. Yates was chosen master of ceremonies for the day.

An elaborate dinner was served at Pokegon Inn, after which the launch Alert was chartered for an excursion on Kalamazoo River. The doctors were accompanied by their wives and all enjoyed the days outing very much.

### ADDITIONAL LOCAL.

M. Jansen and John Van Landegent were each granted a plumbers license at the last meeting of the board of public works.

The congregation of the First Reformed church at a meeting held last Monday evening decided to extend a call to Rev. S. Van der Werf, Wis.

A thermometer on the roof of L. Fris' store registered 130 at 10 o'clock Wednesday morning.

Rev. Wm. Van der Werp of the First Christian Reformed church of Grand Haven has received a call from the Christian Reformed church of Morrison, N. Y.

Among those from out of town who attended the funeral of Mrs. Henry Harmeling Tuesday were Mrs. Wm. Verbeek, Rev. and Mrs. Gustavus Watermuller, of Chicago; Rev. and Mrs. D. J. De Bey of Holland, Neb.

On Saturday night the Graham & Morton company will run an excursion to Chicago on the elegant steamer Puritan, leaving Holland at 9 p. m. Ottawa Beach at 11:05 p. m. Returning the steamer will leave Chicago Sunday night at 10 p. m. This will give an opportunity to spend the entire day Sunday in Chicago. Round trip \$1. Berths 50 cents each way.

The Ottawa County Building & Loan Association at its annual meeting Tuesday afternoon elected the following board of directors: G. J. Diekema, Mrs. L. M. Thuermer, C. A. Stevenson and J. W. Bosman. The annual report of the secretary showed that the association is in a very prosperous condition.

P. De Kraker is building a shoe store on East Tenth street.

The annual report of Captain Charles Keller, in charge of the river and harbor work in the Grand Rapids district recommends an appropriation of \$131,300 for Holland harbor for the next fiscal year. Of this sum \$85,800 is for continuing improvements and the remainder for maintenance.

The Vandie-Ribe combination Co., is now the leading sign painting and fancy decorating firm in Holland. Wednesday Vandie and Ribe bought out the stock, outfit and good will of E. Merrill and will conduct the business of both firms under the firm name of Vandie-Ribe Combination Co.

Will Botsford is now proprietor of the bakery and confectionary business recently conducted in the Penslak building on Eighth street by Gerrit Steketee. He has purchased the entire stock of the latter and took possession yesterday. Mr. Botsford was in the grocery business in this city until a few months ago when he sold out to H. Van der Lei. He is one of the best business men in Holland and will undoubtedly be successful.

The congregation of Hope church at the meeting held last Wednesday night took no action in the matter of extending a call to a pastor. Rev. John Van der Meulen, whose name was under consideration at the previous meeting, wrote a letter stating that he could not consider a call to the pastorate. Rev. Van der Meulen's decision is doubtless due to the fact that he has a strong inclination to become a missionary. He will probably accept the offer the national missionary board has extended to him to go to Oklahoma.

The Pere Marquette car ferry plying between Ludington and Milwaukee will be at Ottawa Beach next Monday. It is the largest and most completely equipped steamer running on Lake Michigan. It is modernly appointed throughout and lighted by electricity. The boat is 350 feet long, 60 feet wide and has all of a quarter of a mile promenade. The boat will leave the Beach for Milwaukee about the middle of the afternoon and will take a big load of Elks and their families and other excursionists across the lake.

The Holland Merchants association will hold an important meeting next Monday night. John Nies, who has been in Battle Creek as delegate to the state merchants association, will submit his report of the convention and a vote will be taken to decide whether or not the local association will join the state organization. Plans will be discussed in regard to holding the Farmers Picnic in August and other important matters will come up for consideration. Every member of the association is urged to attend this meeting.

At two o'clock Thursday morning the old Luce block in Grand Rapids, a four story building, occupied by the big department store of N. & M. Friedman and also the crockery store of C. Bickley, collapsed and was entirely destroyed, together with all its contents. An hour after the collapse of the building flames burst from the ruins and made the disaster complete. Fortunately there were no persons in the block at the time nor was anybody passing by, or they would certainly have been killed. The loss on the building is \$40,000, on the Friedman stock \$75,000; and on the Bickley stock, \$35,000. The fire caused \$25,000 damage to the Wurzburg stock, \$30,000 to the Blodgett building and \$5000 to the Aldrich building.

A traveling man who gave his name as W. J. Thomas, of Fort Wayne, Ind., committed a clever forgery last week. He arrived at Hotel Holland on Tuesday and stayed until Friday. During that time he received letters with the return address of Elenbaas Bros., of Zeeland, on the corner of the envelope. It is thought that he obtained possession of the stationery of this firm in some way and addressed the envelopes to himself in order to pave the way for a forgery. Friday he offered a check for \$25 signed by Elenbaas Bros., to the clerk in payment of his board bill. Thinking the signature was genuine the check was accepted; but it has transpired that the signature was a forgery. The forger was a young man of 24, of good appearance and apparently a traveling man.

WANTED—Two rubbers and polishers for south. Inquire Friday night, July 19, at Hotel Holland between 8 and 9.

Contractor Van der Veen says that it will take ten weeks to complete the sewer system in this city.

Sol Benedict, chief of the Abenakis tribe of Canada, is at Ottawa Beach, where he has established headquarters for the sale of Indian baskets. He makes baskets every day and attends promptly to all orders. Besides fancy baskets of every description he has a line of sweet grass fans, bows and arrows, pipes, bark and wooden shoes.

### Ten Thousand Expected at Christian Endeavor Picnic.

President John J. Bannoga of this city, chairman of the executive committee which has in charge all arrangements for the monster union picnic to take place Aug. 1 at Macatawa Park and Ottawa Beach, is taking very effectual steps for insuring the attendance and co-operation of the various Christian Endeavor societies, not only from the fourth district but the third and fifth districts as well.

The executive committee is sending out five hundred invitations, distributed among the various church Endeavor societies in the districts mentioned. Following the receipt of the invitations by the local societies in each of the different cities, President Bannoga is visiting each local union in the territory mentioned, arranging a meeting with the members of each organization. At each meeting the president gives full information about the great gathering, the arrangements to be made, routes to follow etc. At the same time Chairman Bannoga is arranging with each society to take some active part in the day's proceedings.

The committee is now placing lists for signatures in the stores of Ottawa Beach and Macatawa Park, each of which is headed as follows: "To the Kind and Hospitable People of Ottawa Beach and Macatawa Park:

The undersigned committee of the Christian Endeavor excursion kindly asks you to donate the use of your tables and seatings on Aug. 1, 1901, to the Christian Endeavors, Epworth Leagues and Baptist Young People's Unions, who will visit you on that date, as many are expected, and we sincerely hope and trust that a word of welcome be extended to them, and aid the committee to make them as comfortable as possible on this occasion. Will you please sign your name and address below, thereby expressing your willingness to do so, which will be highly appreciated by your obedient servants."

President Bannoga has returned from Chicago where he was called to attend a meeting of the American Board of Foreign Missions. While there he met Dr. A. W. Hitchcock, the district secretary of the board, whom he endeavored to secure as one of the speakers for the great afternoon meeting to take place in the auditorium at Macatawa Park. Dr. Hitchcock will notify the committee within a few days if he can be present.

A feature of the afternoon will be a special meeting for all Christian Endeavor juniors, which will be addressed by Prof. J. T. Bergen, D. D. of Hope College, Holland. The junior meeting will precede the regular platform meeting and it is expected that the juniors will attend the picnic in large numbers.

The sacred concert which is to take place in the evening in the auditorium will be directed by Dr. A. C. V. R. Gilmore, chorister of Hope church, Holland. Dr. Gilmore is a fine leader and a splendid concert is assured under his direction.

### Bird-Hoogensteyn.

A very pretty wedding took place at the home of F. Bird, Columbia avenue, last Wednesday evening when his daughter, Miss Edith Bird, was united in marriage to Jacob Hoogensteyn. The ceremony was performed at 8 o'clock in the presence of relatives and a few intimate friends by Rev. J. T. Bergen.

The bride was charmingly attired in white and carried bridal roses. She was attended by Miss Cora Pernambuco, and Walter Bird, brother of the bride, was best man. Miss Pearl Spicer was ring bearer. The rooms were prettily decorated with flowers and ferns and presented a handsome appearance.

A wedding supper was served after the ceremony by the Misses Edith and Beale Parkhurst and Beale Hastings.

Mr. and Mrs. Hoogensteyn left for a bridal tour through Wisconsin.

The social given at the home of Mrs. P. Brown last evening by the Ladies Guild of Grace Episcopal church was a delightful affair. The program of songs, music and recitations was exceptionally good and occupied the attention of a large audience until ten o'clock when ice cream and cake was served by the ladies of the guild.

Miss Kate Blom, 100 West Eleventh street, entertained last Friday afternoon from 2 to 5 in honor of Miss Lucy Doursema, of Grand Haven. Music, recitations and songs were the main features of the entertainment. Those who took part in the program were the Misses Bertha Roest and Ursula Hancock. Drawing games were played, Miss Mary Reeve winning first prize. Refreshments were served on the lawn in a tent made of national flags.

Mr. and Mrs. Herold entertained a party of little folks at their home on Eleventh street Tuesday from four to seven in honor of their grand daughter, Miss Bernice Benjamin. Games were the order of entertainment and dainty refreshments were served on the lawn. Those present were Adah Ballard, Ruth Kepple, Helene Van der Belt, Ethel Dykstra, Jennie De Young, Marguerite Gilmore, Marguerite Huntley, Helene DePree, Helene Mulder, Jeannette Mulder, Louise Brusse, Gertrude Steketee, Hattie Steketee, Jennie Steketee, Hazel Allen, Ruth Miller, Marion Van Drezzer, Marie Westveer, Mildred Lokker.

## FIREMEN DISCOUNT SOLDIERS.

There is a Paid Force of 65,000 and 100,000 Volunteers in the United States.

There are more firemen in the United States than there are soldiers in Uncle Sam's army, says the New York Sun.

In New York city, for fire purposes, the two boroughs of Manhattan and the Bronx, with 1,400 firemen, are joined. The two boroughs of Brooklyn and Queens, with 1,000 paid and 2,000 volunteer firemen, are joined, and Richmond, with 1,700 firemen, is separately organized. There are therefore in this city 6,100 firemen, paid and unpaid.

There are 1,200 firemen in Chicago, 800 in Philadelphia, 700 in Boston, 400 in Baltimore, 500 in Buffalo, 490 in Detroit, 500 in St. Louis, 400 in Pittsburgh, 430 in San Francisco, 300 in New Orleans and 250 in Washington.

In the whole country there are 65,000 paid firemen, and the number of volunteer firemen varies from 100,000 to 150,000.

There is a saying among firemen that three volunteers are equivalent only to one regular, so great is the value of training and discipline. Thus a city like Wilmington, Del., with a population of 76,000, has more volunteer firemen than Philadelphia, with a population of 1,300,000, which has paid firemen.

## Women Considered "Poor Pay."

Tradespeople in general consider women as "poor pay," writes Edward Bok in Ladies' Home Journal. The vast majority of sheltered women seem to have no conception of the anxieties, trouble, poverty, suffering, privation, injustice and positive cruelty which they directly inflict upon hardworking women by a carelessness in promptly meeting their bills. If this practice were confined to the few one might dismiss it with a shrug or a sigh that it existed at all. But it applies to the majority of women. Let a woman look into this matter carefully, and she will be surprised at the evils which result from this careless disregard of obligations. Wherever you find a feminine industry there you will find a ledger full of unpaid accounts.

## Light Without Heat.

A "cold light" has been produced by a woman, Mme. Currie, of the Municipal School of Physics, Paris. It is called radium and is due to the action of certain salts on uranium salts. When treated the substance becomes permanently luminous, without heat. Placed in gunpowder it creates a glow, but there is no explosion.

## RAILWAY TRAINS COLLIDE

**Nineteen or More Persons Lose Their Lives in a Disaster on the Chicago & Alton Road.**

### ACCIDENT OCCURS NEAR NORTON, MO.

**Over Forty of the Passengers Receive Injuries and Some Will Prove Fatal—Fire Added to the Horror of the Scene—List of the Victims as Far as Known.**

Kansas City, Mo., July 11.—Nineteen persons were killed, several are dying, and more than 40 received serious hurts in the wrecking of an Alton passenger train from Chicago and a live stock train near Norton, Mo., yesterday morning. The wreck was the result of a head-end collision between the Chicago & Alton train No. 7, which left Chicago at 6:30 o'clock, and a live stock train, north bound.

**Fire Adds to the Horror.**  
Fire added to the horror of the disaster, the coaches being ablaze within a few minutes after the wreck occurred. The diner, chair car and several other coaches were destroyed. Many of the passengers were burned or scalded by escaping steam.

#### The Victims.

Daniel McAnnis, conductor freight train.  
Frank Briggs, engineer passenger train.  
J. S. Rogers, U. S. Express messenger, Chicago.  
Two unknown men, burned and mangled beyond recognition.

#### The Collision.

The trains collided while going at a good rate of speed. The engines were pushed to either side of the track and practically demolished, while the forward cars of the passenger train telescoped each other. The forward Pullman and the tourist sleeper in front were burned. The baggage car was wrecked, and freight cars were piled up on both engines and burned. The train which was wrecked was one of the finest passenger trains in the United States. The equipment was all new, including the sleeping cars, coaches, baggage car and locomotive.

#### More Victims.

Kansas City, Mo., July 13.—Leslie S. Colburn, of Paw Paw, Mich., died at St. Joseph's hospital at eight o'clock Friday night, being the twenty-first victim of the Chicago & Alton wreck at Norton, Mo., to succumb. Miss Lottie L. Still, of Hornellsville, N. Y., died early Friday morning at University hospital.

#### OUT ON PAROLE.

**Gov. Savage, of Nebraska, Is Lient to Ex-State Treasurer Bartley, Convicted of Embezzlement.**

Lincoln, Neb., July 15.—Gov. Savage late Saturday night issued an order of parole to Joseph S. Bartley, former state treasurer of Nebraska, convicted of the embezzlement of nearly \$500,000 and sentenced to the penitentiary for 20 years. Bartley was released from the prison at ten o'clock, his parole being made to his attorney, Charles P. Whedon. Only the governor, Mr. Whedon and Warden Davis were aware of the action. Bartley had only served 49 months of his term.

#### Surprised the Boers.

London, July 15.—The war office has received the following dispatch from Lord Kitchener, dated at Pretoria: "Broadwood's brigade surprised Reitz, capturing Steyn's brother and other. Steyn himself escaped in his shirt-sleeves, with one other man only. The so-called 'Orange River government' and papers were captured."

#### Sent to Prison.

Dodgeville, Wis., July 12.—Steward Jelf, alias C. H. Winter, has pleaded guilty to robbing the First national bank at Mineral Point of \$26,000 on May 24. Jelf was sentenced to a term of four to ten years, according to deportment. The money was all recovered.

#### Midgits Wedded.

Maryville, Mo., June 12.—Samuel Hulse, a wealthy farmer of Andrew county, 34 years old and weighing 47 pounds, was married to Miss Sarah Stephens, aged 29, and weighing 55 pounds. The bride is the daughter of J. A. Stephens, a merchant of Barnard.

#### Farmer Robbed.

La Crosse, Wis., July 13.—Conrad Elgert, a prominent farmer of this county, was robbed of nearly \$1,000 in gold Friday while working in a field, leaving him penniless. At one time he had a large fortune, but lost a part in the Alma bank failure.

#### Place for Mosby.

Washington, July 17.—Col. John S. Mosby, the confederate leader during the civil war, has been appointed a special agent of the federal land office. He claims his present residence in California. He has been assigned to duty in Nebraska.

## LABOR WILL FIGHT.

**The Conference at Pittsburgh Comes to Naught and the Order to Strike Is Sent Out.**

Pittsburgh, Pa., July 15.—The great strike of union labor against the United States Steel corporation has begun. The conference between the labor leaders and representatives of the corporations adjourned Saturday afternoon, admitting the impossibility of bringing about an agreement, and a hour later President Shaffer, of the Amalgamated Association of Iron, Steel and Tin Workers, sent out a telegram declaring the general strike. Forty-five thousand skilled workmen and 30,000 unskilled men are directly affected by this order.

New York, July 17.—Capital, as represented by the \$1,000,000,000 steel corporation, has accepted the opportunity for a finish fight with labor, the organization of mill employees, and the present strike is to be made the final test of strength. No compromise and no conference with the men until the Amalgamated Association of Iron, Steel and Tin Workers recedes from its position, is the decision of the United States Steel corporation.

### OHIO DEMOCRATS.

**Meet in Columbus and Nominate Col. James Kilbourne for Governor—Synopsis of the Platform.**

Columbus, O., July 11.—The democratic state convention yesterday nominated the following ticket:

Governor, James Kilbourne, of Columbus; lieutenant governor, Anthony Howell; judge of supreme court, Joseph Hidy; clerk of supreme court, Harry R. Young; attorney general, M. B. McCarthy; treasurer of state, R. P. Alshire; member of board of public works, James B. Holman. The platform says that the democrats of Ohio reaffirm their belief in the equality of taxation and other public burdens; their advocacy of the equal rights of all people, with special privileges to none; their hostility to the monopolization of industry with its tendency on the one hand to crush out individual enterprise, and on the other to promote a socialistic spirit among the people as the only refuge from oppression; and their faith in that theory and practice of constitutional government which brought the nation into existence and have preserved it to the present generation.

### YOUNGERS PAROLED.

**Pardon Board After Long Deliberation Acts Favorably Upon the Applications.**

St. Paul, Minn., July 11.—The state pardon board at noon Wednesday approved the parole of Coleman and James Younger, who have been in the Stillwater penitentiary for the past 25 years for complicity in the robbery and murder at the time of the raid on the Northfield (Minn.) bank.

St. Paul, Minn., July 15.—Coleman and James Younger, who were granted a conditional parole by the board of pardons last Wednesday, were released from the Stillwater penitentiary at ten o'clock Sunday morning. At present they will make their home in Stillwater, and it has not yet been decided where they will be employed. The men spent their first day of freedom upon a steamboat excursion up the St. Croix river.

### A Fatal Collision.

Muskegon, I. T., July 16.—Two freight trains collided on a bridge over the Arkansas river, killing five persons and fatally injuring two. Fire consumed both trains and the bridge. Both locomotives dropped into the river and were swallowed up by quicksands.

### Never Was Sick.

Syracuse, N. Y., July 15.—John Tubbert, of this city, lived 102 years and never was ill in his life. He died suddenly, after waking from a nap. He had not been sick previously, but simply stopped living because he was too old to continue.

### Last of Her Race.

Greenville, Tenn., July 11.—Mrs. Martha Patterson, the last of the children of ex-President Andrew Johnson, died at her home here, aged 73 years.

### Robbers Were Bold.

Alexandria, O., July 17.—Robbers held a crowd at bay while they blew open a bank vault here, but they failed to secure any booty.

### Lose Their Arms.

Kokomo, Ind., July 11.—An accident in a plate glass factory here will make it necessary to amputate the arms of five men.

### Great Loss of Life.

Shanghai, July 16.—There have been disastrous floods in the Yangtze river, near Hankow, in which hundreds of lives were lost.

## Absolute Faith.

YOU CAN DEPEND UPON THE WORD OF THIS HOLLAND CITIZEN.

He has had the experience. He had thoroughly tested the article.

He found it as represented. He corroborates the opinions of scores in Holland.

Mr. F. Brive, of 67 West First street employed at Moore's Soap factory, says: "I suffered from kidney trouble for ten or twelve years and until I got Doan's Kidney Pills at J. O. Doesburg's drug store I never found a remedy which gave me any effectual relief. I had constant aching pain in my loins and soreness over the kidneys. The kidney secretions became irregular, and I suffered from headaches and attacks of dizziness. I took Doan's Kidney Pills but a few days when I felt they were doing me good and I continued their use until the trouble left me entirely."

## FEW GREEKS IN GREECE.

Most of the Present Inhabitants of That Country Are of Slavonic Origin.

Greece died because the men who made her glory had all passed away and left none of their kind, and therefore none of their kind. "Tis Greece, but living Greece no more," for the Greek of to-day, for the most part, never came from the loins of Leonidas or Miltiades. He is the son of the stable boys and scullions and slaves of the day of her glory, those of whom imperial Greece could make no use of in her conquest of Asia.

"Most of the old Greek race," says Mr. W. H. Ireland, "has been swept away and the country is now inhabited by persons of Slavonic descent. Indeed, there is strong ground for the statement that there was more of the old heroic blood of Hellas in the Turkish army of Edhem Pasha than in the soldiers of King George, who fled before them three years ago." King George himself is only an alien placed on the Grecian throne to suit the convenience of the outside powers, which to the ancient Greeks were merely factions of barbarians, says David Starr Jordan, in the Popular Science Monthly. In the late war some poet, addressing the spirit of ancient Greece, appealed to her:

Of all thy thousands grant us three To make a new Thermopylae. But there were not even three—not even one—"to make another Marathon," and the Turkish troops swept over the historic country with no other hindrance than the effortless depreciation of Christendom.

DEBT AND WEALTH.

Figures on the Former Are More Easily Obtainable Than on the Latter.

Increase in the national debts and the wealth of the world are keeping pace with each other, and each is increasing enormously, according to the recent figures given out by the bureau of statistics of the United States treasury. During the last 100 years the nations of the earth have increased their debts tenfold, and the wealth of the peoples of the nations has advanced to the same extent, says the New York Herald.

At the beginning of the nineteenth century the aggregated debts of the world were about \$3,100,000,000, to which a cipher must be added to get the debts of to-day. These figures are more easily obtained than are those on wealth, for little is known of property statistics in most of the countries, and still less was known a hundred years ago. In 1800 the wealth of the United States, United Kingdom, France and Spain was estimated at \$20,244,640,000, while Mulhall now places their wealth at about \$195,900,000,000. With these increases in debts and wealth, population has increased 150 per cent., and gold and silver, which form the basis of the money with which payments are made, have increased 300 per cent.

The bureau of statistics charges these debts principally to wars, standing armies and works of public utility. Of the latter, canals, harbors, river improvements and railways are the principal. Of the railways, which cost \$30,000,000,000, about one-third are owned by national governments.

SILENT NAT HERRESHOFF.

Queer Personality and Odd Characteristics of the Great Yacht Builder.

Angular in form, with stooped shoulders and a loose, disjointed frame, with the knees slightly "bucked," from Capt. Nathaniel Greene Herreshoff's general appearance no stranger would ever take him to be the foremost yacht designer in the world, or see in him the father of a royal line of cup defenders—Vigilant, Defender, Columbia and Constitution. His large, hard hands and heavy, slouching gait proclaim the slow-witted plodder behind the plow rather than the genius whose cunning has devised the fastest machines that ever ran furrows in old ocean's hills and valleys, says the New York Times.

Yet this man, whose appearance calls to mind Markham's lines on "The Man with the Hoe," is master of as many difficult professions as was Leonardo da Vinci. Yacht designer, navigator, expert sailor, metallurgist; a recognized authority in all these lines, were it not for his shrewd face and his keen eyes a Broadway bunko steerer would hail him as a gift from heaven.

Thoroughly undemonstrative, caring neither for praise nor adverse criticism of his work, and despising publicity with deep-rooted hatred, "The Wizard of Bristol," as he has come to be called, has made his sleepy little home town more widely known than many home or foreign capitals.

The First Canaries.

Canaries, which were originally green and gray in color, were native to the islands from which they take their name, and were first taken to England on ships plying between English ports and the south of France. From this stock have been derived a number of distinct varieties, such as the crested, the green, the lizard, which imitates the reptile in its variegated markings, and the Belgian, which has a strange, hump-backed appearance.

Ruined Cities of Yucatan.

There are altogether in Yucatan seven cities, 13 towns, 62 ruined cities, 143 villages, 15 abandoned settlements and 333 haciendas. Scarcely any of these places has as many as 10,000 inhabitants, the population of the great majesty falling below 1,000.

## SIGNALS THAT FAILED.

Embarrassing Situation of a Man Who Had the Committee Habit.

"I have long since quit serving on committees," said a man from Arkansas, who is now living in New Orleans, according to the Times-Democrat, "and under no circumstances would I accept a place on any kind of a committee. I had the committee habit once, and I had a thoroughly developed case of it, too. I was living in Little Rock at the time, and no committee was complete without my name. There was on one occasion a big function at the capital, and I was placed on an important committee. The hall was jammed with spectators and guests. We had every available band in that section of the country, including the bands which had been organized in private and public institutions. One of my duties was to look after the bands, so the music could be kept going. Another member of the committee had scattered the bands around the hall, and he had placed one band up in the gallery portion of the hall. 'I wish you would signal the band in the gallery to strike up,' he said to me, and I made my way down the aisle until I got to a point where the band was placed in the gallery. I made the signal. The members of the band paid no attention to me whatever. I got excited and a bit angry, and my signaling became more violent and I went through a series of absurd arm movements and my face was burning up with embarrassment. I felt a man pulling at my coat tail, and when I turned around he said: 'Excuse me, but are you waving at that band in the gallery?' 'They are the biggest lot of blockheads I ever saw,' I said in reply. 'Excuse me,' he said, softly, 'that is the band from the Blind asylum.' I have not served on a committee since that time, and I believe I am completely cured of the committee habit."

GOODNESS OF THE BAD MAN.

A Type of the West Whose Virtues Were a Keen Eye, Quick Hand and a Stout Heart.

The bad man is not necessarily bad at all. He is often a very good fellow. Bad is merely a synonym for dangerous. The "bad" man was formerly the "good" man. He is simply the frontiersman whose evolution has kept pace with that of the firearm—product of the border and the six-shooter, says Everybody's Magazine. Keen of eye, quick of hand, and strong of will, he has that supremacy which always comes to the man of cool and clear-headed personal valor everywhere, except in society's latest and most refined development. The term was used rather to express the feeling that he was, in the vernacular of the border, "a bad man to monkey with." To govern and control communities in which vicious men were not infrequent, where all were restless and the majority turbulent, the ordinary forms and servants of justice were inadequate. Law and order required the assistance of officers who, though enlisted to keep the peace, did not hesitate to be a law unto themselves. If civilization was afraid to indorse their actions, it was at least proud of the results of the labors of the peace officer of the border. Hickok, Tom Smith, Patrick Shugrue, Michael Shugrue, William Tilghmann, Hector Thomas, and a score of other men as marshals, sheriffs and deputies enforced the law, made life safe and property secure, and brought order out of chaos by their ready courage and good sense. As Wild Bill Hickok was the original, so was he the first of the class.

HOW TO ENTER POLITICS.

A Small Budget of Sage Advice from a Kansas Editor to Aspiring Statesmen.

If you want to be a politician, the first thing to do is to get into the push, or at least create the impression that you are in, advises the Topeka Mail and Breeze. When there is a convention, if you can't work in as a delegate, you can at least get into the crowd in the hotel lobby, and if you carry yourself in shape you can make the stranger who is within the gates of the city believe you are not only a delegate, but one of the steering committee. Keep busy. Take at least eight or ten men off to one side in the course of the evening for private conversation.

There is quite a good deal in making people believe you are cutting a good many lemons, whether you are or not. It is a good idea to be seen off in a corner talking with some prominent candidate. You can arrange this if you have the proper amount of gall. You may not have anything to tell him, but then you will be seen in consultation, and you will make some parties who don't know you very well think that there must be a hen on. But, above all else, cultivate your gall. If you can get some reporter to interview you on the political situation, that will be a good scheme. The newspapers can make a reputation for almost any sort of a man.

Russian Girl Students Must Marry.

In Russia if a girl desires to study at either of the universities etiquette requires that she should be married, says a London newspaper. Accordingly she goes through the civil form of marriage with one of the men students, whom she may have never seen before, and perhaps may never speak to again. These marriages are perfectly legal, and if the contracting parties like each other they are united for life, but otherwise their marriage is dissolved when their university course is finished, and both are free to marry again.

## Twin-City Club Quits the Game. Score Holland, 8 Twin City 3.

One hundred enthusiastic fans went to Saugatuck Saturday to see a base ball game between the Holland club and the Twin City club from Saugatuck and Douglas, but they were bitterly disappointed. Instead of seeing a good, clean game they saw a two hours exhibition of unsportsmanlike conduct on the part of the Twin-City players, and in the sixth inning after the Twin City Club had quarrelled for fifteen minutes the spectators quit the grounds in disgust and the game was decided in favor of Holland by a score of 8 to 3.

The Twin City boys began their wrangling in the second inning and apparently for no other reason than that Holland made a score. But the trouble did not assume disgusting features until the fourth inning. Then the Holland boys solved the curves of Lou Mawseau, the Indian, who was in the box, and batted in three runs. This nettled the Twin City boys and when in their half of the inning they found they could not hit Garver the trouble began. Two of their men were put out, the third man was at bat, two strikes were called on him, a third was put over the plate, Schouten caught it, the batsman dropped his bat against Schouten's hand knocking the ball to the ground, Schouten fielded it to first and the umpire declared the man out. Saugatuck and Douglas kicked, saying that Schouten interfered with the batsman. So lame was this excuse that umpire Jappinga paid no attention to it. But the Twin City boys were bound to make their bluff stick and declared they would not play if the decision were not reversed. They started to leave the field, when the Holland boys, not wishing to disappoint the spectators, yielded the disputed point and the game was resumed.

In the sixth the Holland boys began to knock the Indian all over the field. Ben Van den Berg and Bannings touched him for three baggers and the rest of the boys hit safely. The Twin City boys saw certain defeat facing them; but instead of taking it like true-blue sports, they sought to break up the game. The opportunity soon offered. Bannings was on third, Schouten knocked a foul fly about 20 feet back of the plate. As soon as the Twin-City catcher caught the fly Bannings ran for home. The catcher evidently did not know that Bannings had a right to run on a foul fly after it was caught and thinking it a huge joke stood laughing while Bannings ran in and scored. But his laughter changed to anger when the umpire said that Bannings had scored fairly. He set up a vigorous howl and most of the team joined in the cry and declared they would not play. When they were shown that Bannings was right under the rules, they changed their "kick" and said he was not on third base after the foul was caught. This showed that they were bent on breaking up the game in a row, and as they refused to play the umpire decided the game in favor of Holland. The Holland boys were loth to quit and stayed on the grounds about twenty minutes in the hope that they would consent to play. But the spectators were disgusted and left the grounds and the Holland boys reluctantly followed them from the field.

There were a large number of fans present from Fennville, Zeeland, Holland and other points. They, as well as the best people of Saugatuck and Douglas, were loud in condemnation of the actions of the Twin City players and declared that they would not patronize sports conducted in that manner.

The Holland boys are afraid that rowdy ball would kill the game in this city and have cancelled the game which was to be played at the Holland grounds today between Holland and the Twin-City club.

## Holland Wins.

SCORE—HOLLAND, 5 FENNIVILLE, 3.

The Holland-Fennville game was a good one to look at for it was filled with exciting plays; but it was fourteen points removed from an error less game as each side made seven errors, most of them costly. At times however, the playing was brilliant and showed that both clubs are able to rank with the top notchers.

Garver was in the box for the locals and held the visitors down to 8 hits. All of them were scattered and with

perfect support Garver might have made it a shut out. Besides pitching winning ball Garver fielded beautifully and practically won his own game at the bat. Nelson pitched a great game for the visitors. He struck out 10 men, causing Holland's heaviest hitters to fan the air repeatedly. But eight hits were made off his delivery, but these were bunched enabling the Holland boys to win.

Vaudie fielded fast at short and made several sensational plays but he was light at the bat. Brick Huntley warmed the hearts of the fans by pulling down some long drives to the left field. He played in old time form for the first time this year.

The Fennville players are as fine a lot of fellows as ever came to Holland. They play well and are not "kickers". About fifty people came from Fennville to see the game. They were all right. They understand the art of rooting and at the same time know how to be good fellows. The score:

## Sporting News.

The Holland Base Ball club will attend the base ball carnival in Big Rapids August 6, 7 and 8 and play for the amateur championship of western Michigan. The first day Big Rapids and Grandville will play. The second day Holland and Zeeland will play and on the third day the winners and losers of the previous days will be opposed. \$50 will be given to the winner of first place, \$30 to the winner of second and \$20 to winner of third.

Grand Haven and Holland will meet next Tuesday afternoon at the Holland grounds and the game will undoubtedly be the fastest and most exciting ever witnessed in Holland as the teams are evenly matched and each is anxious to lower the colors of the other. Grand Haven defeated Holland in the former city and now claims the county championship. Holland would like to win next Tuesday and regain the title.

Manistee defeated Big Rapids last Sunday by a score of 9 to 3.

The White Lakes, a nine from Montague and Whitehall, shut out the Muskegon Reds last Sunday. Score 8 to 0.

Mauager Van der Veen has arranged for a game with Holland next week Tuesday at Holland. The boys are going to strengthen somewhat and are confident that they can retain the county championship. O'Connell is practicing daily and will probably do the twirling in the Holland game. —G. H. Tribune.

A large number of local loyalists have signed their intention of accompanying the Grand Haven ball team to Holland Tuesday. As many rooters as possible should go as good hard rooting has helped many a team out of a tight place and pulled many a game out of the fire.—G. H. Tribune.

In a loosely played, uninteresting game on the Zeeland diamond yesterday afternoon Zeeland defeated the Twin City club from Saugatuck and Douglas by a score of 14 to 5. The Zeeland boys were very strong at bat and after knocking Dr. Pitts out of the box pounded the Indian all over the field. They played all round the Twin Villagers as every stage of the game and made it a shut out until the sixth inning. Umpires—Soooy and Schouten.

Grand Rapids and Toledo played a game of ball yesterday at Toledo of 10 innings, neither side made a run until the 15th inning when each side scored 2 making it a tie. One more inning was played which resulted in a "goose egg" apiece and the game was stopped on account of darkness.

## THE GAMING INSTINCT.

Feeds Upon the Satisfaction Gained Through Acquiring Money and Pleasure Without Labor.

We are now, perhaps, in a position to understand how gambling comes to exist and why it is so fascinating, says the American Journal of Sociology. It is a means of keeping up the conflict interest and of securing all the pleasure-pain sensations of conflict activity with little effort and no drudgery; and, incidentally or habitually, it may be a means of securing money—that is, potential satisfactions of all possible kinds, through the gains accruing to the winner. In gambling the risk is imminent, the attention strained, the emotions strong; and even where the element of skill is removed entirely and the decision left to chance, an emotional reaction analogous to the feeling in the genuine conflict is felt. From this standpoint our problem is not so much to account for the gambler as to account for the business man. The gaming instinct is born in all normal persons. It is one expression of a powerful reflex fixed far back in an animal experience. The instinct is, in itself, right and indispensable, but we discriminate between its applications. It is valued in war and business; it expresses itself in a thousand forms in the games of children and in college athletics; it is approved in such expressions as golf, tennis and billiards, as a recreation for the man of affairs; but society justly condemns the exercise of the instinct aside from activities which create values. The value may be in the increased health and vigor which the business man derives from the recreation, or it may be in the creation of wealth by this same man in a competitive business, but the gamster pure and simple is not regarded with favor by society, because he creates no values and is therefore parasitical, and is besides a disorganizer of the habits of others.

## NOVEL CHECK FOR TRUANTS.

This Man Has an Ingenious Plan to Keep His Wayward Boys at School.

An Austin father has invented a cure for truancy that is warranted to be effective in the most aggravated cases. He has two sons, one 12 and the other ten years old. They are pupils at a parochial school on Washington boulevard. They are not bad youngsters, just boys. The father and mother were horrified a month ago to learn from the sister in charge of the school that their boys had been absent two weeks. They had been leaving home every morning at the regular time and returning promptly at four o'clock in the afternoon, but the time, instead of being devoted to study, had been given to explorations of the prairie country about Austin, says the Chicago Inter Ocean.

The father bought a conductor's punch and gave it to the principal of the school. To each of the boys he gave a card, having much the appearance of a commutation ticket, on which was printed the dates of the school days in the month. One edge of the cards was sewed to the boys' vests under their coats, so that they could not say they had lost them.

Each school day the teacher uses the conductor's punch on the proper date on the cards, and the boys return home bearing proof that they have been to school.

## A TEST OF OBEDIENCE.

Following Instructions Got a Man a Situation in a Chicago Business House.

"Strict and unquestioning obedience, which is one of the first attributes of a soldier, does not apply only to the military," said a western business man to a Washington Star reporter the other day. "As a very forcible example," he continued, "I recollect the circumstances under which I obtained my first start in life. I had applied for a position in a large business concern in Chicago as a clerk. The head of the firm was a gruff, stiff-backed individual, who would not countenance opposition or questions of any sort, and I had been told that if he should shout out a demand for an elephant an employee would board a car for the nearest zoo without the slightest hesitancy. He examined all applicants in person, and I shall never forget the day that I stumbled into his den and seated myself at the typewriter to show my papers.

"Without delay he started in, 'Messrs. Jones, Brown & Co.,' he growled, and I had it down. 'Kindly go to —' There were 14 sharp clicks from the machine, and with my eyes straight before me, I waited for what next. 'That's all,' he said, and left the room, but not before I saw a faint twinkle in his eye. Somehow I felt that I had won, and I had. I heard afterward that four other applicants, surprised out of themselves by this most unusual dictation, had turned to the author with a questioning look, and thereby been summarily scowled at and told that they wouldn't do."

## CAPTAIN OF AN OCEAN LINER.

That Official Nowadays Is Vastly Different from the Old-Time "Sea Dog."

Nowadays the captain is the host of the ship. He is no longer the gruff, rough sea dog in a pea jacket of years gone by, says Capt. Jameson, of the St. Paul, in Collier's Weekly. He must observe some of the social amenities. He must talk to the passengers now and then, when the weather is fine. He must take his seat at table when he may. He must be a kind of diplomat also, and possess wit and tact, and a patience sublime. He must see that no jealousies develop among the passengers. I have been told of the very obliging captain who to please the lady who asked to be shown the equator while the ship was in southern seas pasted a hair across the large end of a spyglass and told the lady to look. And the lady, through the glass, declared she could see the equator "as plainly as A, B, C." One other polite captain I have heard of—one who directed an officer on the bridge to "do as the lady wishes," when the lady requested that the captain steer the ship over to the horizon to see what the horizon was like.
