"Is My Credit Good?"

What is Credit? Proof of Trustworthiness.

What is Trustworthiness? Proof of ability to meet obligations or proof of a disposition to discharge indebtedness on or before the due date.

If these two definitions are correct (and they challenge contradiction), then one's credit is not established through getting into debt, but in keeping out of debt.

What is one of the first questions a Banker or a Lender of Money asks when applied to for a loan?

"Are you in arrears—debts unpaid? Then we can't lend you the money. Sorry."

Credit stores would have you believe that to open a charge account is the proper way to establish credit. But should you skip a payment then your credit rating drops. Skip several payments and your credit is wiped out.

No, friends, Credit is not established by going into debt, but by Paying Cash As You Go.

BRADSHAW SAW CHICAGO AS A PRAIRIE IN 1847

19' WAS IN COMPANY WITH CAPTAIN WHO RAN FIRST BOAT HERE

Hugh Bradshaw, a resident on the Park road who died Tuesday from injuries received in a fall came to Chicago from Kingston, Canada, having left Ireland five years previous. Hugh was a son of Hugh Bradshaw and Mary Winter and came from a long line of Hugh Bradshaws. He was a second cousin to General John A. Logan of Civil war fame. His greatest invention was the perfecting of the frost-proof covers for wooden tanks on roofs. Mr. Bradshaw with his widowed mother, two sisters and a brother saw Chicago in its early stages and Hugh was forced to stop school after he had completed only a fifth grade education. Mr. Bradshaw was the last of the family to die reaching an age of nearly 86 years.

Chicago was a prairie when he came there and he often spoke of Milwaukee avenue as a cow-path and said he sold eggs on the prairies. He learned to swim where the Lake-st. bridge is now and he also remembered catching fish at Halstead and Lake-st. where he afterwards built his tank factory. Mr. Bradshaw worked first as a carpenter for Crane and Co., but in 1863 he established his own business building wooden railroad tanks. Some of these tanks were shipped all over the world and the largest wooden tank in the U. S. was built by Bradshaw for a firm in Arizona. In 1887 Bradshaw bought property on the Park road and he and his family came here for the summer months. At that time they could only get as far as Saugatuck by water and were forced to come the remaining distance to Holland either by another smaller craft or else hire a horse and buggy. Realizing that a boat could be run to Holland on a paying basis Bradshaw found Captain Thomas Waters of Muskegon as a partner and these two men built and conducted the first passenger boat running into the city of Holland. The boat was named the "Mabel Bradshaw" but Mr. Bradshaw was only interested in it in a financial way never being a sailor.

At the age of 70 Bradshaw sold out his business and came here to live. He still was receiving royalties on the tanks and other inventions he had completed. Education was attained by him through extensive reading and at his old age he still wrote beautifully. All his education in school was attained in the old Scammon building on West Madison-st. where the building of John Smyth now stands.

Had he not been injured in the fall Mr. Bradshaw might have enjoyed many more years of life as he was in fine health. He is survived by his wife and three children, who are H. Edward Bradshaw of Chicago, Mrs. Mary Mackenzie of Oak Park, Ill., and Mrs. Grace Perkins of Wheaton, Ill. There were eight children in the original family with seven grandchildren and three great-grandchildren.

Mr. Bradshaw had nearly completed 65 years of married life. Funeral services will be held Friday at four o'clock from the home.

HAMILTON COUPLE INJURED AT MUSKEGON

Mr. and Mrs. Roger Van Dyke of Hamilton, Mich., were taken to Hackley hospital in Muskegon in the Clock ambulance early last night with severe injuries received when their automobile collided with one driven by Lee Mart, 291 Clary Ave., W. at Mona lake hill. M. A. C. 70 YEARS

GUARDS RECOVER PURSE FROM GRAND RIVER

Coast guards recovered a purse from the bottom of Grand River Wednesday afternoon after three hours of diving in which every member of the crew went down with the exception of the man in the lookout. Miss Gluth of Milwaukee was the owner and as it had \$40 in it, she made it worth while for the crew to recover it.

Mr. and Mrs. Peter Siersema motored to Lansing last week Wednesday on a business trip.

CITY SHOWS GREAT INTEREST IN ITS HARBOR

G. J. DIEKEMA ACTS AS SPOKESMAN FOR THIS CITY; ENGINEERS LISTEN ATTENTIVELY

Tells of How Dutch Dug the First Harbor Here in Their Wooden Shoes

From the mass of data gathered by G. J. Diekema and submitted to the U. S. government harbor engineers at yesterday's meeting, some very interesting details are shown. For instance it was found that the shops and factories employed 5809 persons and that the output of these factories during the past year was exactly \$26,000,000. It was found that the capital invested in our manufacturing institutions is \$19,537,655.00. These figures and many more were necessary to help convince the government men that a good harbor was an absolute necessity here.

Wednesday, July 22 was a very important day for Holland and vicinity and this day may long be remembered, provided the deliberation at a conference between the citizens of this city and the U. S. Harbor Engineers bear fruit, as is hoped for. The meeting was called by Major Wilkes of the U. S. Engineering department and was held at city hall at 2 o'clock yesterday. At the appointed hour, more than a hundred representative citizens were on hand to put forth Holland claim a better, safer and deeper harbor.

At the last session of congress Congressman Mapes succeeded in getting a bill passed carrying with it a resurvey for this harbor which would include a greater depth not alone but the dredging of shallow parts in Black lake to the Holland docks, making shipping easier, less expensive and safer.

The examination was for the purpose of finding out how important this harbor is to shipping, what the volume of business is and what territory in the vicinity of Holland this harbor will serve. It was up to Holland to show the Major that this really is an important shipping point and that the future growth of the district served by this harbor is promising.

The recommendation made later to the engineering department and then by that department to congress will be largely based upon the showing made by the citizens of Holland thru their representatives yesterday.

Hon. G. J. Diekema was the real spokesman for this city and he was armed with numerous typewritten pages of copy giving facts and figures that could not help but convince the government men that this port needed aid and needed it quickly.

Mr. Diekema told how Holland had struggled along with 14 feet of water when its boats needed 16 feet and that this city was even now only modest in its request asking a channel depth of from 18 to 20 feet. He told of how when a winter service had been established and had become a paying commercial proposition, bars formed on the outside of the harbor and our ships went aground, were damaged and consequently the boat companies had to discontinue a

MAN WHO ROBBED LOCAL DOCTORS CAUGHT

JOHN PATTERSON, DOPE FIEND, DETECTED BY MICHIGAN CITY POLICE WEDNESDAY

John Patterson, age 40, claiming Chicago as his home, was brought to Holland this morning from Michigan City by Officers Bontekoe and Sweeringa. Patterson, a dope fiend, was arrested by the Michigan City police yesterday when he was causing a disturbance in his room at a hotel. Police searching his belongings found the things stolen from the offices of Dr. Westrate and Dr. Van Verst of Holland. These offices were entered on the night of July 3rd and although the thieves left no trace local police notified all surrounding departments and it was in this way the man was caught.

About \$40 worth of gold was taken from the office of Dr. Van Verst, while Dr. Westrate lost a very valuable Gruen watch, a microscope and a case filled with medicine.

Dr. Westrate was at police headquarters this morning and identified his property. Dr. Van Verst is out of the city but the gold stolen from his office was still in the possession of Patterson who carried much other stolen property most probably taken from other offices.

Patterson and his pal whom the officers are now searching for obtained about \$300 worth of loot in Holland. Patterson looks like a bad actor and was in terrible shape this morning. Dr. Westrate being forced to give him a shot of cocaine so that he could be arraigned before a local justice. His finger prints were taken and classified and were sent to the state department at Lansing.

Rev. J. W. Brink, brother of Henry R. Brink of Holland, now serving as missionary among the Awa Indians in New Mexico, has accepted a call to become pastor of the Christian Reformed church in Zillah, Wash. He has been a missionary since 1912.

HOLLAND FAMILY RETURN AFTER AN EXTENDED TRIP

COVER MORE THAN 20,000 MILES IN SIGHT SEEING, WERE AWAY ELEVEN MONTHS

Mr. and Mrs. Nick Wassenaar and family 35 E. 16th-st., returned a few days ago, from a western trip, after being absent from Holland for eleven months.

Mrs. Wassenaar stated that the trip going to the west consumed thirty days, while the return trip covered thirty-seven days. The mileage to California according to the speedometer was 3,586 miles, while the return trip, because of the many side trips taken covered a mileage of a trifle over 5,000 miles.

The Wassenaar family traveled in a Buick, and while no account was kept of the gasoline consumed going, it took 345 gallons or seven barrels to return.

The party camped all the way, and are delighted with this method. Most of the camp sites were clean and well kept, with all camp conveniences, such as cook ovens and water.

Mr. Wassenaar stated that only the smaller camps near small towns were unsanitary, but that a vast majority were well kept up. The finest camp the party struck was in Oklahoma, where there were not only a number of rest rooms, but a reading room, large covered places built like porches, where campers could gather and gossip. There were all kinds of places to cook, and tools with which to pitch tents and make things comfortable.

All these conveniences were given the tourists for fifty cents per night per automobile, but no party is allowed to stay more than ten days at one time. After that they must move on to make room for others. A two day stay is about the limit anyway for a tourist on the average, and a very few stay as long as they are allowed.

Mr. Wassenaar stated that the highways on the whole are fine, but that those who think they can do mountain climbing "on high," have another guess coming. Generally an autoist puts her into second, and very often in first.

Some conception can be had of the grades in the mountain region, when in entering the State of California in one place, a 3,000 foot elevation is made over a distance of four miles.

Mr. Wassenaar stated that he also crossed the border of Mexico, saw that everything was running wide open, and also took a peek into that noted saloon that has a bar one-block long. He said that to his surprise these places were not conducted by Mexicans but by Americans. He thinks that the most beautiful spot that he and his family was privileged to see was the Yosemite Valley, he thinks this is even more wonderful than Yellowstone National Park.

One cannot imagine these wonders in nature but must see them to appreciate them. The falls in the valley alone are worth going to see. The water here drops 1,800 feet, four times as high as the waters of the Niagara Falls. The party also visited Los Angeles, Long Beach, San Francisco and proceeded up the coast to Portland, Oregon.

Mr. Wassenaar states that he was taken thru China town by a guide by the name of Harris, who stated that some years ago he had lectured in Holland on the Chinese question of the west.

Harris also asked whether Wassenaar knew the editor of this paper, stating that he had taken the Holland man thru China town in Frisco, shortly after the quake some fourteen years ago. Apparently the guide had not forgotten the Holland newspaper man. Guides or San Francisco folks never referred to the terrible earthquake which took 300 lives and shook down millions in property, as the quake but call it the big fire. This is presumably done to allay the impression that San Francisco is in the earthquake district. However after the Santa Barbara quake the east will be rather skeptical on this matter.

Mr. Wassenaar stated that he had visited many cities, but at no time did he see a more beautiful and well kept town than his own home town Holland, and while the trip was most enjoyable and educational as well, he was glad to be back. He says that if anyone thinks that Holland isn't growing, one must just go away for a year, and note the changes after his return.

JUDGE CROSS GIVES LIQUOR VIOLATOR THE LIMIT

ED SCHUITTEMA GETS \$1,000, FINE AND IS SENT TO PRISON FOR ONE YEAR

Edward Schuitema, residing near Zeeland, who was arrested nearly a year ago when Deputy Vander West, officer O'Connor and Prosecutor Miles discovered that the man was running a still in a chicken coop near Drenthe, was given the heaviest fine ever imposed by any court in this county before on a similar offense. Judge Cross after lecturing the man fined him \$1,000 and sent him to Ionia prison for from six months to one year.

Schuitema after having been convicted in circuit court carried his case up to the Supreme court where the decision in circuit court was sustained and yesterday the violator came up for sentence. It is doubtful if anywhere in Michigan a sentence so heavy has been passed for liquor violations.

Quite a number of churches are holding Sunday school picnics today. The Sixth Reformed church is scheduled to be Wordens Beach, while the large First Reformed church school will picnic at Jensen Park.

HOLLAND GETS ONE MORE NEW INDUSTRY

WILL BE AUXILIARY OF THE HOLLAND FURNACE CO., IN THIS CITY

Furnace Cleaners Are To Be Made In Old Federal Mfg. Co. Building

Holland is to have an added industry, in fact it is already here, located in the old Federal Mfg. Co. building just north of the Holland Furnace Co. plant. That building has been put in shape to manufacture and assemble what is known as the last word in a furnace cleaning machine.

The machine was invented by T. Russell of Albion, and Mr. A. H. Landwehr of the Holland Furnace Co. thought so much of the invention that the local company has closed a deal to manufacture the best thing that they have yet seen along this line.

The instrument is a large affair placed on automobile trucks, it works along the lines of a vacuum cleaner, only with a great deal more power. Not only does it clean a furnace of all dust, ashes and clinkers, but the pipes and the chimneys are also sucked clean of dirt, soot and obstacles that accumulate during the year.

For the past month representative Andrew Klomparsens has been using one of these cleaners in Holland, with unusual success and as Andy puts it, "the big machine pulls out everything but the grates." The new cleaner is a peculiar looking instrument that can be backed right up to the cellar window, connect up with the furnace door, and then the suction begins. Attached to the machine is a large bag that blows hard when the machine is set in motion by the truck motor. This part of the cleaner has all the car marks of a miniature Zeppelin, and when blown up, because of the suction, will withstand the weight of a large man.

Mr. Russell is even now in the city and has the new factory in shape and machines are being made. Within a few days at least twenty employees will be added to the working force.

Mr. Landwehr stated that the company expects to make 12 machines a week and as fast as they are made the branch offices in the different cities will be supplied with them.

The machine runs about on its own power, and Ford trucks will be used to carry the cleaners around, in fact these will be a part of the whole.

The new auxiliary to the local Furnace company will also have its own name. It will be known and designated as the Holland Furnace Cleaner-Service Department.

This new machine is the biggest cleaner in the world, for not only does it clean furnaces and chimneys but, fire places, 10th basements, and other places where more than dust and ashes accumulate.

The Holland Furnace Co. will have to manufacture more than one thousand cleaners for their own use therefore it is evident that this new manufacturing plant starts out with plenty of work ahead.

Mr. Landwehr stated that he feels that the cleaner offers great possibilities, and will soon be an added factor helping along Holland's industrial life. It surely is another diversified industry since nothing of that kind is manufactured here or elsewhere.

The plans of the bonus committee years ago, and of the chamber of commerce at the present time, has one been to get for Holland, factories that are different for the reason that if business is slack in one line, all lines could not be similarly affected. That the men at the head of our civic organizations have succeeded admirably in their plans, is evident at a glance, when the list of manufacturing institutions in this city are gone over.

The old Federal Mfg Co. building contains 15,000 square feet of floor space, so there is plenty room for development.

It will be remembered that the building was vacated about a year ago, when the Federal Mfg. Co. managed by Thomas Olingier, moved to their new plant directly east of the city.

LARGE YIELD OF WHEAT THRESHED BY JOHN ALBERS

John Albers, a local thresherman of Hamilton claims to have threshed out the largest yield of wheat of the season here, when he threshed 400 bushels of Red Rock wheat from 10 1/2 acres of soil, raised on Rock Valley Farm. G. J. Brower the grower of the crop is a veteran wheat grower, having raised certified wheat for years, and the first to introduce this brand of wheat in that vicinity. The wheat is said to be over 99 per cent pure and is in part the outcome of an experiment in using a 0-10-10 fertilizer put out by the Van's Chemical Company of this city.

LAD ESCAPES INJURY AS FORD IS DEMOLISHED

A Ford truck driven by a lad from Grand Rapids was completely demolished yesterday morning at Zeeland when it was struck by a Michigan Railway car. The accident occurred about 10:30 at the Church street crossing. The car was travelling at a slow rate of speed being near the station but the Ford was caught and rolled under the trucks. Every one witnessing the accident expected to find the lad badly injured but he crawled from the mass of wreckage smiling and unharmed.

Rev. J. J. Coleburn of Lansing will have charge of the preaching services of the Wesleyan Methodist church Sunday. The morning service is at 10:30 and the evening service at 7:30.

VICE PRESIDENT DAWES LIKES MILLER'S EATS

True to schedule as has been reported in this paper Saturday afternoon, vice president and Mrs. Charles G. Dawes arrived in Holland by motor car after spending 24 hours at the home of Mr. and Mrs. Malcolm F. Ewen on Spring lake. They all spent a quiet time refusing to see reporters or in any way to receive any recognition. Beautiful Spring lake was an ideal week-end resting place after the activities of the week at Camp Custer.

They were driven to Holland by the Ewens' over the west Michigan pike and arrived at the depot a half hour before train time.

Mr. Dawes stated he wanted something to eat before taking the train, and the vice president and his estimable wife took stools at the lunch counter, and Sam Miller the proprietor, who was present, pulled off his coat and donned an apron, fixed Mr. and Mrs. Dawes a rattling good meal for which the depot restaurant is noted.

The repeat was topped off with some fine home made pie, which received special comment from Mrs. Dawes.

Before departing the vice president shook hands with Mr. Miller, complimenting him upon the substantial square meal furnished in so short a time without notice.

At least 400 Holland folks gathered at the depot to get a glimpse of the vice president after reading the report in the Sentinel, of his coming. Mayor Kammeraad receiving the paper shortly before three o'clock endeavored to get a number of citizens together, to wait on Mr. and Mrs. Dawes, but a vast majority of the business and professional men were out, supposedly on a half holiday.

He stated he called up more than a dozen representative men, but failed to get any response by telephone, and since it was already late he did not attempt to go any further into the matter.

It is possibly just as well since Mr. and Mrs. Dawes were completely tired out when they reached Spring Lake and asked that no visitors be introduced.

Mr. E. B. Rich local agent took charge of Mr. and Mrs. Dawes when they arrived and saw to it that they were properly seated in the chair car to Chicago, when they left at 7:03 o'clock, Holland time.

The Vice-president with his underslung pipe ever present waved the visitors at the Holland depot goodbye, as the train pulled out. Mr. and Mrs. Dawes will spend their vacation at Evanston, Ill., which is their home when not at Washington.

OLD "WIND- JAMMER" IS IN LOCAL HARBOR

Resorters along the lake on Friday were rather surprised to see a full-rigged ship with all sails set, enter the harbor slowly, creeping up the bay toward Holland.

It was the old schooner Grand Haven loaded with 200,000 feet of lumber for the MoekeLumber Co. of Zealand.

The schooner Grand Haven and the schooner "Our Son" are the only two sailing vessels left on Lake Michigan. Some forty years ago Holland harbor was filled with spars and a dozen or more sailing crafts would winter here. Among them the Wollen, the Kanters, Wells, Josephs, Tricollen and others.

These ships have long since gone to the Marine boneyard and now there are only two left.

Anyone wanting to see an old fashioned sail vessel will find it at the foot of West Eighth street.

GRAND HAVEN CITY LEAGUE PLAY STARTED

Grand Haven's city league baseball teams have played their first games and interest seems to predict a very successful season. Eight teams are entered and high class baseball is anticipated as the teams appear evenly matched. The Cosmopolitans, Eagles, Ottawas, and Kellers each won their initial contest. "Doc" Smick former big league first sacker for the Washington club is manager of the "Downtowns" who are said to be the dark horse in the league. Doc also played with the Grand Rapids Central League several years ago.

Many other former stars are managing teams in the league.

HOLLAND ENGINEER CELEBRATES 40 YEARS OF SERVICE ON P. M.

Marinus Hektor, 166 Fairbanks Ave., Holland veteran engineer on the Pere Marquette railroad, has rounded out 40 years of service. He began his railroad career in 1885 as a fireman on the old Chicago & West Michigan railroad. After a service of nearly five years as a fireman he was promoted and he has piloted passenger trains for 35 years. Hektor has figured in only one wreck and injured only one man with his engine and in both cases was absolved from all blame. He has served on the Grand Rapids and New Buffalo, Grand Rapids and Traverse City, Big Rapids and White Cloud, Allegan, Pentwater, Muskegon and Traverse City divisions.

PARENTS AND FIVE DAUGHTERS ALL IN THE HOPE ALUMNI ROLL

Rev. Albertus Pieters, professor of Biblical literature at Hope college, is the head of the only family in which every member is represented on the alumni rolls of the college. Dr. and Mrs. Pieters were the first to graduate. Two daughters were graduated in 1887, another in 1917, the fourth in 1921 and the youngest in 1925.

Dr. and Mrs. Pieters served the Reformed church in America as missionaries in Japan for 33 years. They returned to Holland two years ago when Dr. Pieters accepted the chair in Bible at Hope.

Mr. and Mrs. Sears McLean motored to Grand Rapids Monday.

COUNTY FARM AGENT TO SHOW NEW METHODS

For some time past farmers in the vicinity of Nunica, have been interested to a great extent in ditch blasting through the dynamite method. So far, County Agricultural Agent Clinton P. Milham, has given several blasting demonstrations south of the Grand River in the county, one of these being in Robinson township.

In order to show the north Ottawa farmers how quickly, easily and cheaply a ditch can be blown by the use of dynamite, Mr. Milham will conduct a ditch blasting demonstration next Saturday morning at ten-thirty on the farm of Abe Lawrence, a mile and three quarters east of the village of Nunica.

The ditch to be blown will extend for ten rods and will be of usual width and depth. The idea is to show the modern method in saving time, expense and labor in the making of irrigation ditches. It being claimed that by the dynamite method that as clean a ditch as those dug by manual labor can be made.

Authorities who have witnessed the demonstration and who are familiar with irrigation problems, predict that within a short time the blasting method of digging irrigation ditches, will be used exclusively by farmers. A few dollars worth of dynamite and a few minutes labor will accomplish results that formerly took many dollars and many hours.

Mr. Milham also invites farmers from southern Ottawa to be present. It is an easy matter to go to any part of this county via the good road. An hour's drive bringing one to his destination.

BRYAN TWENTY-FIVE YEARS AGO AND NOW

The Grand Rapids Herald in its Twenty-five years ago column has the following:

"William Jennings Bryan was creating as much rumpus 25 years ago as he is today. On the first page of The Herald that day there appeared a cartoon depicting Mr. Bryan in a vain attempt to reach the American workingman over the telephone with his cry of 16 to 1. The answer came back 'He is at work, Mr. Bryan and very busy. Please ring off.'"

"Maybe Mr. Bryan's attempt to prove that there were no monkeys in his family arose as the result of having been monkeyed with so much by McKinley in 1900. Poor Old Bill, first it was McKinley, then Taft and now it's Darrow."

STATE DROPS IN ITS APPLE CROP DUE TO WEATHER

Unfavorable weather condition dropped Michigan from 6th to 7th place, in the country in its apple production according to a report issued by V. H. Church, U. S. Agricultural statistician for Michigan.

Freezing weather in May materially reduced the prospect for early apples, especially in the southwestern counties and thinned the winter crop in many orchards. Baldwins are generally light but spars are well set in most sections. The percentage of a crop of other varieties varies widely in different localities and orchards.

Michigan will produce about 1,285,000 barrels of apples this year as compared with an estimate of national production of 29,230,000 barrels. This figure is a slight increase over last year but lower than the five year average which is 30,386,000.

The state of Washington leads with an estimated crop of 9,948,000 barrels, New York ranks second, Oregon 3rd, Virginia 4th, Idaho 5th and California 6th.

HOLLAND BEATS GREENVILLE BY PULLING TRIPPLE PLAY

Holland broke even on its trip this week-end losing to Mecosta on Thursday, 9-8 and winning 10-7 Friday at Greenville. A tripple play yesterday at Greenville killed the home team's chances and left Holland the winner. The bases were filled with none out in the ninth inning when Albers relieved Hoover. Child's flew to Woldring in right field, Babe threw to Japinga who chased the man running to third, forcing the runner on third to go home where he was put out by Spriggs.

Spriggs then threw to second base but no one was there and the ball rolled to center field, Woldring covering and throwing to Riemersma catching the man off from first and ending game.

The Greenville fans were astounded to see their favorites cut down so fast and some of them can't figure it out yet. V. Hoover, Albers and Spriggs formed the Holland battery, with Blue, Nave Outman working for Greenville. Holland plays at River-view Park today meeting the Grand Rapids Dairys. The Dairys are going to have hard sledding as the independents are on their toes to trim them right. Albers will pitch today and the local collegian is bound to be hard to beat.

The city of Detroit has a live wire who is closing up cafe's and restaurants and temperance saloons, where it has been proven that the proprietors have violated the National Prohibition Law. This untiring attorney is Wallace Visscher a graduate of Hope college and a son of J. W. Visscher living at 675 State street, Holland.

Mr. Visscher is assistant U. S. District Attorney, and has been working under Judge Hicks of the Federal court.

A week ago attorney Visscher closed up eight places of business and last Saturday he padlocked nine more. The Detroit papers are giving the Holland man first page stories on his work there, and Mr. Visscher is also being extensively mentioned in the National Press, and the Canadian papers as well.

The Detroit News of Sunday besides giving the list of places closed says as follows:

"Evidence presented Saturday to Judge Xenophon Hicks, of the United States District Court, by Wallace Visscher, assistant district attorney, tending to show that Federal prohibition officers had purchased liquor in nine places about the city, resulted in the signing of orders by Judge Hicks for the padlocking of the places."

THREE BANDITS ESCAPE WITH \$33,000 PAYROLL

A message was received by the Holland City News on Monday that 2 o'clock two armed bandits in a Dodge Brothers touring car had held up the paymaster of the Lakey Foundry, a subsidiary of the Continental Motors Corporation at Muskegon and had stolen the payroll of \$32,000.

Later information indicates that three auto bandits stole \$33,000. According to reports two young men with pistols drawn held up three unarmed messengers of the Lakey Foundry company at the door of the firm's employment office, snatched two boxes containing a payroll of \$33,000 from their hands, leaped into a dilapidated touring car in which a third man sat at the wheel, and were whisked away to parts unknown.

The actors in the holdup, believed at Muskegon to be the largest in the history of western Michigan, were still at liberty Tuesday morning, although Chief of Police Peter Hanson is convinced they could not have left Muskegon so closely guarded were all the thoroughfares.

Scores of laborers at the foundry, who had been congregating around the "pay window" in the employment office, preparatory to receiving their pay envelopes, witnessed the robbery. So suddenly was the crime executed, they said, that some minutes elapsed before they were aware of what happened.

The workmen had taken little or no notice of the two youths who had sat for some time on the running board of a machine at the curb, now and then laughing as if at some remark. One of them was whittling.

Then, from the main office of the foundry across the street, came the three company messengers—Garret De Vore, George Spoelman and James Westover—between them carrying the company payroll in envelopes most of which was in \$20 bills.

No one noticed the whittler and his companion as they arose from the running board of the auto and approached the money-laden trio with drawn guns.

A few softly spoken words and the strangers were in possession of the cash and were making a dash for the auto, the motor of which now was running. The car sped forward on First st., disappearing as it turned into Morris st.,—a mere 30 seconds and it was all over, according to those present.

An employment office attache, who had witnessed the robbery from a window, seized a telephone and called the main company office. Another attache in the same office was thus obliged to wait 10 minutes before he could use the instrument to notify the police.

The delay thus occasioned in setting the wheels of the law in motion was used by the bandits in departing the scene of the robbery, after first firing shots groundward from the rear of their auto as a warning to those who might feel inclined to give pursuit.

The bandit machine was not seen again after it had turned into Morris ave., the principal business street which it is assumed the fugitives crossed.

Police Chief Hansen, being apprised of the crime, immediately dispatched officers armed with riot guns to patrol the principal streets in search of the gunmen. Sheriff Lyman T. Covell sent out parties of deputies in automobiles and on motorcycles to all roads leading out of the city.

The bandits made escape in their car bearing Michigan license number 767-986 with a small Detroit sign underneath. The robbery took place at about 3:45 and officers on all sides of Muskegon were notified to be on the alert. Sheriff Fred Kamferbeek of Ottawa county and his deputies immediately took the road and were on the lookout for a car containing the men and answering the description given. It was felt that they would travel east however. The license plates on the car were stolen from a Muskegon physician about four days ago so that officers feel the men are escaping under a different set of plates if not in a totally different car.

After falling from a hay mow in which he was working Friday, George O'Connor of Chicago was taken to Mercy hospital, Muskegon, with abdominal injuries. Physicians pronounced his condition serious. In falling O'Connor's abdomen struck the wagon rack.

The Ottawa county sheriff's department arrested Bertha Biolski, John Novski, John Biolski, Stanley Silkowski for drunkenness and Tony Marzuecki for reckless driving near Coopersville on Saturday. The party were brought to the county jail. Justice Irwin of Coopersville was summoned and assessed the drunks \$18.00 each and the driver \$50 fine and \$5.00 costs.

Bear traps that have not been used since pioneer days are being cleaned up and oiled by Allegan county farmers and will be used to catch the chicken thieves. Scores of henroosts have been robbed of the choice fowl during the last few weeks.

The curse of the farmer has been converted into a blessing for resorters and northern Michigan is in the midst of what might be termed the cobblestone period of architecture. The much despised "hardhead" is now the chief building material of the north. Not only are the rocks used for foundations chimneys, steps and even floral urns about the lawns, but many instances are seen where the entire walls have been built of the rocks.

The farmer who used to stack his rocks by the roadside in the forlorn hope that some day he might get the field cleared of them, now sits on the fence and smiles while some building contractor clears his field for him.

Two reasons probably account for this epidemic of cobblestone construction which is sweeping the region. In the first place it offers exceedingly cheap building material, being secured for only the labor of picking it up. Secondly it offers a unique appearance after the work is completed.

The supply of material is inexhaustible. Mile after mile of shore line offers the prospective builder all the cobblestones he can possibly use and when those are gone there are the fields of farms adjoining the shore so it is altogether probable that the cobblestone period of architecture will endure for many years.

YOUR FURNACE CLEANED —By Suction—

Good bye to every bit of dirt in the furnace, in every pipe and in the chimney, too. Hello to real fuel economy next winter.

Our big powerful cleaning out-fit will be on the job right when you say, if you'll just tell us in time to arrange our schedule.

Call us up--the sooner the better. This is an inexpensive heating service but one that you will greatly appreciate.

LOCAL

Born to Mr. and Mrs. Herbert Ingham at Holland hospital Friday, an 8 1/2 lb. boy, Don Eugene.

The twister of Wednesday morning did more damage around Holland it seems. A barn on the farm of William Eakes was wrecked, several trees were uprooted on the farm of D. A. Klompars and a hay rack was torn from the wagon of I. H. Fairbanks and hurled into the field of A. Fairbanks several hundred feet distance.

Bobbie Van Dyke, the little son of Rev. and Mrs. Van Dyke, of Central Park, is recovering nicely from his operation at the Holland hospital.

Mrs. Edith Ayers announced the marriage of her daughter Sarah Mae to Mr. Paul F. Hanks Friday, July 3, at Detroit. Miss Ayers formerly lived in Holland.

The home of Jacob Van Voorst on 22nd street was badly damaged by fire Thursday. The roof was partly burned off and the damage is estimated at \$600. On account of it being located out of the city, local firemen were forced to lay a long line of hose to save the house and its contents from utter destruction.

Indications point to a heavy wheat crop in the vicinity of Holland. Nick Dykhuus, Fillmore farmer, reported Thursday that he had threshed an average yield of 23 bushels per acre from the 22 acres. The quality is excellent and the crop fully as good as last year. Rye gives promise of a heavy yield, while corn will yield a bumper crop.

Early reports of 50 per cent cherry crop of Fennville seem to be somewhat underestimated, for the Montmorency variety is one of the heaviest cherry crops experienced in recent years. The Fennville canning company has been running overtime.

Mr. and Mrs. John De Koster and children arrived here Thursday from Hull, Iowa. They are on an auto trip to Niagara Falls. Mr. De Koster is a banker in Hull, Iowa. Mrs. De Koster is a daughter of Mrs. Rev. D. Jacob Poppen. Besides visiting their mother they also visited Dr. Henry Poppen and Mr. and Mrs. P. Van Donzelaar. They will stop here on their way back home.

Mr. and Mrs. Van Oosting of Los Angeles, Calif., are visiting their brother, Mr. Oudman and family at 90 W. 9th st. From here they will visit Iowa, Minnesota and South Dakota where they own a 320 acre farm.

Albe Van Langen, George Schreier and John Schreier who have been out west for the last 6 weeks returned home yesterday. They had a lot of experience, but George says East or West home and Holland are the best. Van's Ins. Boosters won 2 successive games from East Holland and the Warm Friends. The 1st game the score was 15 to 1 and the 2nd game was 9 to 2. Batteries: East Holland, Vander Belt and Doezeman; J. Boerman and Slaght.

The following workers of the Ref. church in the Kentucky mission were entertained on Friday afternoon by Mrs. H. Van Ark and Miss Louise Williams at the Van Ark home on Central Ave. Those present were: Mrs. J. Sywassink, Miss Marie Zwemer, Miss Winnifred Zwemer, Miss Anna Mae Tyssie, Miss Martina and Miss Matilda Korver, also Rev. and Mrs. J. Martin. Miss Marie Zwemer and Mrs. Sywassink expect to return soon to resume their work, the former at Annville, and the latter at McKee.

A pleasant afternoon was spent Thursday at Harringtons grove when the children's sewing circle club entertained their mothers. Refreshments, games and an outdoor waltz were part of the features. Those present were: Mrs. Wm. Streur, Mrs. E. Fairbanks, Mrs. John TeVree, Mrs. Henry Sagers, Mrs. John Sagers, Mrs. A. Kleis, Mrs. Joia Ver Burg, James Kleis, Miss Bertha Brat, Miss Susan Streur, Miss Doris Fairbanks, Miss Esther Ver Burg and 14 members of the children's club.

The Holland Merchants baseball team holds the Heinz to a tie. A large crowd gathered at 19th street last evening to see the ball game between the Merchants and Heinz. The game was very interesting from start to finish. The game started with Heinz getting one run in the first inning and the Merchants got two and the Heinz got one and it kept on this way all the game. In the last inning the Merchants were one score behind 6 to 5 with three bats and they scored one run and tied the game and should have gotten another run but they could not put it across. Batteries: Merchants, Knoolhuizen and Paasen; Heinz, Bouwman. Clyde Sparks six year old son of George Sparks of Spring Lake, was bitten Saturday afternoon by a air-dale owned by Mrs. B. Van Buren of Grand Rapids, a resort on Spring Lake. The boy was but slightly scratched on the hip. The dog was taken to the county jail for observation it being believed that he may have hydrophobia. The boy is being treated by a physician.

According to the Ganges correspondent Miss Jennie Grimes of Holland was a recent visitor of Mrs. Eva Miles at that place.

Born to Mr. and Mrs. Andrew Hamstra a son, to Mr. and Mrs. John Badges, a daughter and Mr. and Mrs. R. Stalker a daughter.

Jean De Koster, Geneva De Koster, Heinie Tien, Frank Dewerd motored up to the Straits and will return by way of Milwaukee, Wisconsin.

Mrs. John Koning announces the marriage of her daughter Belle to Mr. Barron L. Berg. The marriage took place Saturday, July 18th at Chicago, Ill.

Prosecutor Miles will be in Grand Haven two days this week attending to business there on Friday he will be at Coopersville.

Mr. Johannes Klaassen of the J. Klaassen Printing Co. of this city, submitted to an operation for appendicitis Monday at Blodgett hospital, Grand Rapids.

Benjamin Lemmen, Fillmore township farmer, harvested one of the heaviest wheat crops reported in this vicinity. Eight acres yielded 201 bushels, slightly better than 25 bushels to the acre. The wheat is of the Genesee Giant variety and tested 63 pounds more than standard. Many pounds more than at first anticipated and the quality in general is excellent.

The Ladies' Union of First Federated church of Allegan, soon will contribute \$2,500 to the fund for improving the parsonage. In all \$6,000 will be expended.

Bill Modders, Sam Althuis, Frank Lieveens, Mapes, Al Rigerink and Dick Van Tatenhove will be in Muskegon Wednesday shooting in the contest to be held there.

A small fire at the home of Gerrit Kamper at 239 Lincoln Avenue called the fire department out Tuesday morning to box 17. The firemen found a short circuit in the electric wiring which caused no damage.

Mr. and Mrs. Louis Daggremont motored to Holland from St. Louis, Mo., and have been visiting relatives in Holland, Zeeland and Overisel. Mr. Daggremont was formerly with the Holland Furnace Co.

Burton Harrington, formerly of Holland, who has a beautiful summer resort on Lake Michigan about a mile north of the Allegan county park, is opening the place for boarders and picnic parties.

The Ottawa county sheriff department conducted an investigation at the F. J. Orth cottage at Pottawatomie on Saturday morning, the cottage having been broken into many months ago and furnishings taken. Glass in the window was broken.

Quite a number of young men from Holland will leave this week for places assigned to them by the Heinz company. The weather has been very conducive to pickle raising and the 57 variety company is anticipating a big year.

Dr. J. D. McDonald of Detroit, who passed away suddenly a few weeks ago preached his last sermon here at Hope church June 7th. Dr. McDonald was known as a very hard worker and this seems to have been the cause of his death.

Clyde Geerlings and Ted Luidens who are studying this summer at the University of Wisconsin report a course and plenty of work. Quite a number of Hope students are taking courses at the different universities this summer and a few graduates from the class of 1925 are acting as instructors.

Henry Cannon and George Warner who were taken in the custody of the police Friday on a charge of stealing candy from DeBoe's confectionary store at Grand Haven Monday, were arraigned in juvenile court Monday morning before Judge Danhof. Costs of \$28 were assessed and the boys placed on one year's probation. They were each sixteen years old and hail from Chicago.

Don't forget that the Illinois Colored Giants are scheduled to play here Friday and Saturday. The local players showed fine form Saturday after playing three games in a row. Playing every day is what gives the men a great eye for the ball and the local team will indulge in practice sessions so as to be in fine trim for the remaining games.

Mrs. Winnie Timmer underwent a serious operation at the home of Mrs. W. Nash, West 20th St.

The village of Saugatuck granted Henry Winter, the local banker, the right to build a boathouse according to the council proceedings which reads as follows: "Not on made and supported that Henry Winter be granted permission to build a boat house at south end of Griffith street or a yearly rental of five dollars per year, with the understanding that same is to be moved at any time when requested by the village. Carried."

Thursday morning Steamers Indiana and City of St. Joseph will arrive in Holland with six or seven hundred boys from towns in Illinois bound for training camp at Camp Custer Battle Creek. Steamer City of St. Joseph will have Camp Custer contingent exclusively and will dock at the Interurban Pier where the boys will be loaded in special Interurban cars. Steamer Indiana will have regular passengers for Holland, Grand Rapids, Saugatuck, etc., and also overflow Camp Custer boys. Steamer Indiana will go back to Chicago about 8 o'clock Thursday morning. Steamer City of St. Joseph will leave Holland Thursday night at regular time.

Rev. J. M. Vande Kieft pastor of Fourteenth St. Christian Reformed church, Holland, for four years, who recently announced his acceptance of a call to Oakdale Park church, Grand Rapids, will not relinquish his present field until the latter part of September. The Oakdale Park church represents a larger field than the Holland church, the former being credited with 1,429 souls against 933 for the latter. The local church has not considered a successor to Mr. Vande Kieft.

Holland rural letter carriers will be well represented at the state convention, which meets in Cadillac Aug. 1-6. At least five men plan to make the trip. Carrier Brevitt of Conklin will officially represent Ottawa as delegate. The Holland carriers are laying plans to cop the state convention for 1927. The state convention was held here 10 years ago.

The remaining two children, John and Nelson of the triplets born to Mr. and Mrs. A. Dykema recently are doing very well appearing to be healthful babes. Mr. and Mrs. Dykema were the recipients of many gifts to aid the youngsters in their start in the world and the parents want to thank everyone for these kindnesses.

Two automobiles were wrecked in a collision Saturday evening at the intersection of College av. and Thirteenth-st. The machines were driven by Ivan Parrott and John Roozeboom. The Franzburg car, driven by Roozeboom was rammed broadside and thrown against a telephone pole. Both drivers escaped uninjured.

Evert J. Pruim, proprietor of Pruim's Music House in Holland, has been appointed representative of the Mutual Benefit Life Insurance company of Newark, N. J., for Allegan and Ottawa counties. Mr. Pruim has established his headquarters at his music store, corner Washington and Second st., Grand Haven.

The arranging of this spectacle is in charge of Miss Jeanette Top of Grand Rapids. The pageant will be given out of doors and is said to be a very impressive affair. The public is invited to attend on Friday night.

The public is invited to attend religious service held every evening during the holding of the Girls' Conference at Pine Lodge. The gathering will be in the open on the hill side and prominent divines will be in charge. A special invitation is extended to Holland folks.

Miss Helen Brock and Charles Wolfe both of Detroit, were married at the St. Francis church of this city Saturday. After the ceremony a reception was given at the home of Mr. and Mrs. Jacob Dabrowski. Mr. and Mrs. Wolfe will leave some time this week for Detroit where they will make their home.

William Cleve, sales manager, had his car stolen Tuesday noon while it was parked in the rear of the Warm Friend Tavern. The car is a 1924 Ford coupe with engine number 10014474 and license number 565-175.

Just 402 trees of various kinds adorn the campus here of Hope college, according to a recent count. From that standpoint at least many other colleges are put in the shade.

Mrs. S. J. Althuis and daughter Alice of River Ave., left recently for an extended trip. They will spend some time in Wis., Minn., Iowa and S. Dak., visiting friends and relatives. James "Chief" Ottoboy will leave this week for Elgin, Okla., to visit his relatives there. He will be gone three weeks and expects to enter Western Theological Seminary this fall.

Robert Evans instructor in printing at the Holland public schools motored back from Indianapolis, Ind. where he attended a summer printers' conference for two weeks.

Motorcycle Officer Modders has arrested quite a number of speeders during the past week but as yet none have been arraigned before the local justices.

The First Reformed Church Sunday School will hold its annual picnic today at Jensen Park. The enrollment in the school is over 700 and a large crowd is expected at the picnic.

Mr. and Mrs. Ralph Nesbit, and daughter Laverne who have been visiting friends in Holland and Grand Haven have returned to their home in Garret, Ind., accompanied by Mrs. Fred Steketee.

Lightning fired the outbuildings on the farm of E. E. Smeed of Allendale township Ottawa county causing a loss of nearly \$3,000, with only \$1,312 insurance. The barn was struck and the buildings adjacent could not be saved. Five head of cattle and two horses were burned.

Work has started on the new school in fractional district No. 2, west of Holland, and the structure will be completed by the time school opens in September. The plans provide for a four room school with the basement to be utilized as an auditorium.

The Cable Nelson Piano Co. band will give a series of concerts in South Haven this summer, playing on Wednesday nights in the downtown district and on Sunday afternoons in Oakland City park. Before long South Haven hopes to have one of the best bands in the state.

Capt. Sam Toft of the coast guard at Holland harbor plans to return this week from Baltimore with several power life boats. Some of these will be distributed among stations on the lakes and three will be left at "Charles x. Frankfort and St. Joseph stations on Lake Michigan."

Peter Prins, secretary of the local chamber of commerce left Monday for Northwestern University where he will spend two weeks attending a summer course. This course is a special one for secretaries and Mr. Prins expects it to be highly beneficial to him in his work here in Holland.

Poplar cuttings, planted seven years ago on a sand blow project at Grand Haven, have grown to a height of 30 feet. Some additional 5,000 cuttings of poplar and willow were added this year, with every indication the planting will be as successful as the first one.

The new game of battle ball which originated in Europe last summer is occupying the center of interest among resorters at Macatawa. Teams have been formed and the rivalry is intense. Last week's winning team included Miss Betty Willis, of Grand Rapids, who is an eight-year-old star at the game. Inter-resort and interstate games have been planned for the near future.

Henry Boer, aged 64, died last evening at his home two miles east on 16th street. He is survived by his wife and eight children. Henry, and Mrs. William Kuizenga of Zeeland, James John, Richard Simon and Willis staying at home. The funeral will be held Wednesday at 2 o'clock from the home and 2:30 from the Ebenezer Reformed church, Rev. Bozeboom officiating.

The Carpenters and contractors are going to picnic together Saturday July 25th at Jellema's Beach. A ball game has been arranged between the two and there will also be many other varieties of sports so all can have a good time. Picnic starts early with cars leaving corner of River avenue and 12th street at 9 o'clock.

Prof. Thomas E. Welmers of Hope college conducted the services at Garfield Park Ref. church at Grand Rapids Sunday.

Dr. Henry E. Dosker of Central Park near Holland officiated at Central Reformed church at Grand Rapids Sunday.

Dr. John E. Kuizenga, president of the Western Theological seminary conducted services in the Third Ref. church at Grand Rapids Sunday.

Mrs. Avera Vandenberg who has been seriously ill with pneumonia is convalescing nicely at the home of Mrs. Nash 20th st.

Mrs. Hazel Wing Guild of Omaha, Nebraska is the guest of her parents Mr. and Mrs. W. H. Wing, West 13th street.

John R. Johnson and John R. Johnson, Jr., were severely hurt Tuesday in the Henderson gravel eight miles northwest of Holland when a bank of gravel caved in. Mr. Johnson, Sr., suffered a compound fracture of the leg above the knee and his son has a broken arm and internal injuries. The two men were hauling gravel to make a driveway to their farm home when the accident occurred. They are under the care of a Fennville physician.

Mrs. Louis Wierda, age 70, died Tuesday afternoon at her home at 127 E. 15th-st. Mr. and Mrs. Wierda celebrated their fiftieth anniversary on July 3rd and she was taken sick the following day. She is survived by her husband and seven children. The children are: Mrs. James Vanden Bosch, Holland, Folkert Wierda, Zeeland, Henry Wierda, Holland, John Wierda, Rock Valley, Ia., Mrs. Overkamp, Westfield, Ia., Martin Wierda, Sioux Center, Ia., Benj. Wierda, Holland. Funeral services will be held Friday at 2 o'clock from the home, Rev. Veltkamp, officiating. Interment will be at Pilgrim Home cemetery.

Mrs. J. C. Post, West Thirteenth-st. is entertaining her son and family, Mr. and Mrs. Hoyt Garrod Post of New York City, and her daughter, Mr. and Mrs. J. Wesley Holt of Washington, D. C. The guests are spending their vacations with their mother and sister Miss Kathrine. Another son, John Post of Ankrum, Ohio, has been spending the last few weeks-end with his mother.

A Nash touring car containing two young men and two young ladies turned turtle at Beckett's corners in Robinson township Tuesday morning at an early hour. The party was headed east, apparently from Grand Rapids. The car failed to make the turn on the good gravel and plunged through the light guard rail, tearing up about 20 feet of it, and turned over on its top. The passengers were all thrown clear of the car before it struck. The car was righted and taken on its way before the names of any of the parties could be learned, however.

Lightning during Monday's terrific electrical storm fired the barn of Edward Whaley, in Park township, about seven miles north of Holland. The entire structure with contents was consumed. Whaley lost a barn on the same spot 20 years ago.

Quite a stir was created on Main-st. Wednesday noon when a car bearing several signs and having its horn going continually passed through. Some of the signs were "Just Married," "To the Soo or bust," Tin cans and a number of other things were tied to the rear of the car. It seems as though some people still get excited over getting married.

Mrs. W. H. Orr returned home Tuesday from Long Beach, Calif., where she has been for the last 7 months. On her return she stopped at the Grand Canyon and at Edwardsville, Ill., where she visited Mr. and Mrs. Harry Hallam.

The East End All Stars will play the Zeeland Midgets on Friday evening at the east 9th street grounds. Games starts at 6:00 o'clock sharp. Everyone welcome.

The Board of Public Works force aided in taking down the chautauqua pennants stretched across the streets at different intersections during the past two weeks.

Tye Dykstra, aged 89, died at 160 W. 16th St. this morning. The funeral will be held Friday at 1:30 from the Nibbelink-Notter Chapel, Rev. J. F. Heemstra officiating. Interment will be at Muskegon.

The Central Ave. Christian Reformed church is receiving a coat of paint. The work is being done by Estes & Boer. Quite a number of people watched the painters as they worked on the high steeple.

Seventy counties are represented at the Western State Normal school at Kalamazoo. Kalamazoo county, with 388 students enrolled, has the largest representation. With 333 students enrolled Kent county has the second largest enrollment, while Ottawa county came third with 132 students. Van Buren is fourth with 96, and Allegan county fifth with 95.

Of the ten highest birds among the thousand entered in the Michigan Egg Laying contest, Ottawa county birds have the honor of holding five high places on June 19th. The Royal Hatchery of Zeeland has four of these five holding fourth with a production of 184 eggs and eighth, ninth and tenth with 182 eggs each. John Park from Coopersville has a Rhode Island Red placing sixth, having produced 184 eggs.

If nothing happens to upset the present production of these birds to the end of the contest the birds will all produce near the 300-egg mark.

The choir of the Sixth Reformed church, a very busy and faithful organization, was entertained and given a chicken dinner Friday evening. There were 37 in the party and a small caravan of automobiles rolled over the pike to Weed's place at Saugatuck, where piping hot refreshments were waiting.

The dinner was given by the consistency of the Sixth Reformed church, and nothing was left undone to make it an enjoyable one.

A musical program followed the dinner and timely remarks were in order, when president Wm. Jakel, Rev. J. H. Bruggers and director John Vander Sluis responded.

During the evening a beautiful Jersey filled with ferns was presented to Mr. Vandersluis in appreciation of his work during the year as chorus master.

All reported a profitable as well as an enjoyable evening.

HOLLAND GETS NEXT SAFETY COUNCIL MEET

Holland was well represented on Thursday when the second meeting of the Central Western Michigan Safety Council met at Grand Haven. Mayor Kammeraad, Aldermen Brive and Slagh, Police Commissioners, Henry Kraker, John J. Rutgers, Charles Hansen and John Schouten and Chief Van Ry and Peter Prins, secretary of the Chamber of Commerce, all motored to the county seat. The report that the next meeting of the Safety Council will be held at Holland altho the date has not yet been set.

There were near fifty representatives present from Holland, Grand Haven, Grand Rapids, Hastings, Zeeland, Wayland, Coppersville, Cedar Springs, Sparta, Belding, Ionia and South Haven, attending. The meeting was held in the chamber of commerce rooms. The delegates were taken on a tour about the city and state park, the inspection trip winding up at the Challenge Machinery company's plant, where safety devices were looked at and discussed. The party then was taken to Prospect Point, summer hotel on Spring lake, where a luncheon was served, later followed by a business conference.

The aim of the organization is to raise \$5,000 for the maintenance of secretaries and traffic officers to reduce accidents and promote safety on the highways. On roll call it was found that \$1,300 already had been subscribed and that the sentiment for promotion was growing. It is planned about 50 towns interested in a co-operative movement to regulate traffic on between towns.

An important part of the meeting committee, which will make a report at the next meeting relative to the progress toward raising the funds necessary and recruiting the membership.

Maj. C. R. Havens of Grand Rapids, one of the originators of the movement was the speaker as were C. A. Brownell, manager of the Grand Rapids Safety Council; E. Berkeley Jones, chairman of the traffic squad of Grand Rapids; C. D. Dawson, assistant superintendent of schools at Grand Rapids and John Hoffman of Grand Haven, cashier of the Peoples Savings bank.

Budgets were read and a five-cent per capita was decided on as the amount necessary in each community to provide traffic men to care for the proposed service, according to this proportion Holland's annual quota will be about \$750.

One of the objects of these meetings is to organize and train as soon as possible.

FRANK WIEBENGA TURNED OVER TO FEDERAL MEN

Frank Wiebenga who was arrested Thursday by local police for stealing a horse and buggy from the Aflinger farm at Hopkins is wanted by the Federal authorities at Fort Sheridan for army desertion. Local police have had an eye open for Wiebenga and Chief Van Ry received a telegram from Fort Sheridan saying that he should be turned over immediately to authorities there. Wiebenga has a bad record and it will probably mean a term at Fort Leavenworth for him. Officer Bontekoe took the man to Chicago.

COUSINS HOLD CELEBRATION OF THEIR CLAN

The gathering of the clan of Hoekje cousins was celebrated at the home of the Rev. and Mrs. Mannes A. Stegeman in Overisel on Thursday evening, July 16. Seventy-seven of the family connections renewed old friendships and made new ones. The honored guests of the evening were the Rev. Willis G. Hoekje and family who are to leave for Japan on August 25th, and the Rev. and Mrs. H. V. E. Stegeman who are also on furlough from the same country. A short informal program consisted of anecdotes and pleasantries by the Rev. M. A. Stegeman, the Rev. Willis G. Hoekje, and the Rev. H. V. E. Stegeman, the singing of a Dutch psalm, and the taking of a family picture.

The second and third generation acted as waitresses to distribute the bounteous store of food provided, and the young men and children made the spacious lawn of the parsonage merry with their games and shouts. The heads of families really got acquainted in the parsonage living room.

At a late hour the guests departed, wishing the missionary Hoekjes bon voyage and "het beste", and giving a rising vote of thanks to the Stegemans for their hospitality and to the committee of cousins for their planning of the enjoyable affair.

DR. C. SULKERS TO TAKE OVER DR. WALTZ'S PRACTICE

Dr. Chester Sulkers as announced that he will take over the practice of Dr. R. M. Waltz who will leave in August for Los Angeles Calif. Dr. Waltz has built up a fine practice during his eight years in Holland, two years ago buying out Dr. J. O. Scott and consolidating the two offices. Dr. Sulkers is a local man having graduated from the Holland high school in 1919. He entered the University of Michigan Dental school the following year and since graduating he has practiced in Detroit, Highland Park and Zeeland. Outside of his regular university work Dr. Sulkers took a special course at the Marquette school. He is a brother of Ernest Sulkers who works for the Holland Furnace company. Dr. Sulkers will open his office July 27th and will reside at Waukazo for the present.

FENNIVILLE FISHERMEN PLANT 9,000 BLACK BASS

Through the efforts of the Fenniville Isak Walton league, 9,000 black bass have been planted in Hutchins lake, one mile southwest of Fenniville. Hutchins lake has been exceptionally good this season for bass fishing and it is hoped in this manner to make it one of the best of the smaller lakes in Michigan for this type of fish.

WEAPONS MUST BE TAKEN UP FOR REGISTRY

Sheriff Fred H. Kamferbeek has issued his second and last warning to owners of pistols, revolvers and all concealable fire arms under thirty inches in length, to register their guns at his office providing they are residents of Ottawa county except in the cities having regular police departments where the owner of the gun must register with the police chief of the various cities.

Owners of such weapons must take them to the sheriff's office or the police department wrapped in a paper or in a box for registry on the books at the office. Numbers make calibre, ownership and description of the weapon is taken and a registry is to be made in duplicate, the officers to keep the copy and the owner the original.

Chief Van Ry also wishes to say that his blanks have arrived and he is now ready to make registration at his office in the city hall. A reasonable length of time will be given for those owning fire arms coming under this law to have them registered. If owners persist in neglecting this new regulation the local police will use harsher measures.

NICK WEBBER MAKES GREAT RECORD ON HOLLAND COUNTRY CLUB COURSE

Nick Webber, Holland Country club pro, who last week told the course record held by himself of 30 for the nine holes, Wednesday chalked up other mark when he played the course twice in 64. The old record, also held by Webber, was 64. The old record was 66.

The pro was playing in company with A. L. Cappon of Holland when he turned in the record score. He went out in 32 and came in with the same number. Mr. Cappon broke into the limelight when he got a 2 on the long sixth, a par four hole. He got off a pretty fair drive from the tee and then proceeded to use a brassie, holing his shot. The hole is 370 yds. in length.

Webber's card for the 18 holes follows:
Out.....342543443-32
In.....343444333-32
Total 64.

JOHNNY LAVAN FORMERLY OF HOLLAND SUSPENDED

Manager John Lavan, of the Kansas City American Association club, has been suspended three days because of his action in "rushing" Umpire Gerald Hays in one of the recent games with Louisville. The suspension ordered by President Thomas L. Hickey of the association, was effective Thursday. Johnny received his first base ball training with the Hope college team many years ago.

EXAMINATION SHOWS THAT ARSENIC WAS PLACED IN MR. DEUR'S PASTURE

Veterinary Surgeon N. K. Prince Thursday received from the state chemist at Lansing the analysis of the stomach of one of the cows poisoned on the farm of Gerrit J. Deur, Holland township. The report stated that a large quantity of arsenic had been found.

Deur recently found four cows dead. A search of the pasture revealed a four-pound package of arsenic and a large bottle of poison, supposedly Paris green. Deur has offered a reward of \$50 for information leading to the apprehension and conviction of the poisoners.

RESOURCES OF HOLLAND BANKS GROWING TOWARD NINE MILLION MARK

The three Holland banks have been steadily growing and are now creeping toward the nine million dollar mark. The local banks have reached the highest peak in their business, according to reports just issued. The total resources of the three banks aggregate \$8,461,917.28, of which \$4,870,287.79 is credited to the savings department. Each bank is capitalized at \$100,000 and each has a surplus fund of \$100,000. The undivided profits of the three concerns total \$133,354.88, of which \$103,691.17 is credited to the First State bank.

For any information look up the bank statements published on page 3 of Wednesday's Sentinel.

FISHING IS GOOD ON BLACK LAKE

Fishing is again booming in Black Lake according to the reports of a number of still fishermen.

Black bass and catfish are being caught at Horning's Point at "Kuite's". Some good catches have been made up Black river also.

Abel Van Weele caught a monster blue channel catfish at Horning's which scaled 18 pounds. Last week he claimed to have caught at least a dozen silver catfish every day. He said they ranged from a pound and a half to four pounds.

Black bass which were rather quiet the earlier part of the season are also "snapping into it" according to reports from several resorts.

HEINZ AND MERCHANTS TIE IN TEN INNING GAME

The Heinz and Merchant teams battled ten innings to a 6-6 tie game that was called on account of darkness. The Merchants came thru with a needed run in the last half of the 9th and tied the score. The Heinz men put over another run in the tenth only to see the Merchants hit the ball harder than ever. Poor baseball lost this game as the Merchants had two men on the bases with no one out but failed to score. Instead of working the old reliable squeeze play the batter hit a short fly on which the man on third tried to score both being thrown out.

Knoolhuizen breezed along in fine style for the ten innings with Bouma and Timmer each working for the Heinz. A large crowd enjoyed the game which was highly interesting.

City League Schedule for Week of July 20th

Monday, July 20th, Montello vs. Warm Friends, 6th St. Grounds. Umpire, Nordhoff.	Federals vs. Hudson-Essex, 19th St. grounds, Umpire, Japenga.
Tuesday, July 21, Merchants vs. Federal, Sixth street. Umpire, Hoover.	Heinz vs. Pine Creek, 19th St. diamond. Umpire Veldman.
Thursday, July 24, Montello vs.	

PREPARATION FOR A BIG CELEBRATION

Dr. W. Bancroft Hill of Vassar college, Poughkeepsie, N. Y. recently elected president of the general synod of the Reformed church in America, has been booked for an address at the next conference of the Chicago synod to be held in Holland, Oct. 15 and 16. The program committee is working out the details and several prominent speakers will be listed.

The Holland classis of the Reformed church in America is planning to celebrate the seventy-fifth anniversary of its organization on Oct. 14. The classis represents 26 churches, with a communicant membership of 7,034. The historical sketch will be given by Rev. G. De Jonge of Zeeland.

All meetings are to be held in the Third Reformed church in this city, and Rev. James M. Martin local pastor and committee are already planning to celebrate the occasion properly.

Wynand Wichers, formerly of Hope college, is also on the program, and no doubt other local speakers will be heard from at that time.

In October it will be seventy-five years ago, that the Western Reformed churches joined forces with the mother church in the east, and collectively all the churches in this country were placed and are now known as the Reformed Churches of America.

Dr. H. Hoppers, member of the faculty at Western Theological seminary delivered the principal address at the laying of the cornerstone of the new Bethany Reformed Church at Chicago. The new edifice is to be a very beautiful one costing over \$175,000. The pastor serving the church at the present is the Rev. John R. Mulder, a graduate of the local seminary. Among the charter members who were present was Mr. John Nichols, father of Dr. R. H. Nichols of Holland. He gave a short talk on church reminiscences.

Do Not Confuse Bolhuis Builders with so-called Ready-Cut Houses Bolhuis Plan Several Steps Ahead!

MANY people have the impression that Bolhuis Builders are simply dealers in ready-cut houses. That is a mistake.

The Bolhuis plan has all the advantages of a ready-cut house with the extra Bolhuis features of Special Plans to fit your own needs, and Reliable Construction by the same concern that supplies the materials.

Specially Cut, Not Ready-Cut

We follow the ready-cut idea in this way: When the lumber for your house is delivered it is cut to fit your plan and ready to erect. It is cut "in the mill" instead of "on the lot".

But Bolhuis houses are "specially cut" instead of "ready-cut". Each house we build is built first on the work bench in our mills. A master mechanic lays out the construction step by step, saws the lumber by machinery, and marks each piece for position in your plan before it is delivered. This saves time and materials.

Workmen Don't Waste Any Time

And each Bolhuis house is built just as the owner wants it. You do not have to be satisfied with a stock plan made to fit somebody else's needs. You do not have to hunt up a contractor to solve the puzzle of putting a ready-cut house together. Our workmen are specially trained and they don't waste any time. The problems of construction have all been figured out beforehand in the mill. Further, there is no running short of materials or loss by mistakes of construction. No extras to buy at the last minute.

You Deal With One Concern. One Responsibility!

One Contract!—to make your plans as you want them, to supply all your materials, to do the millwork, to construct your house—all at a price that is better, quality considered, than you would have to pay elsewhere. You deal with one concern from start to finish. There is one supervision over all operations—one responsibility.

The Bolhuis home-building service is complete but not expensive. We can help you to save time and money. Come in and discuss your building plans with us. The only obligation will be ours—to submit an attractive proposal.

Some time early Wednesday morning when returning home from Paw Paw lake, Orrin Foster of Allegan, was informed by a passerby that his Buick roadster was on fire. He stopped his car and found it to be true. Everything but one tire was burned. The Consumers Power Co. is finishing the installation of street lights in Hudsonville, and when completed, Hudsonville will be the best lighted of any unincorporated village in the state. It is expected the lights will be turned on next Sunday evening.

Mrs. J. Rosema, 336 West 20th st., sustained severe injuries about the hand while operating an electric wringer Wednesday. The hand was drawn between the rollers up to the wrist. Henry De Boe, mail carrier, heard her screams and rendered first aid.

Dr. J. Masselink and Sady Grace, Mrs. Lucy Meester, Minnie Myaard, and Mr. and Mrs. John Wichers, all of Zeeland, left Wednesday for a two-weeks' vacation trip. They intend to visit Detroit, Niagara Falls, New York City, and Washington, D. C. The party left by automobile.

The Ottawa county road commission and sheriff's department have united to demonstrate that the practice of certain motorists in traveling over newly laid concrete which has not had an opportunity to season properly, will be costly to an extreme. G. W. Terry of Grand Rapids, and Jack Reed of Chicago both paid Justice Dickinson \$14.80 at Grand Haven Thursday morning when the officers arraigned them on the charge of musing up the unopened concrete.

No idea can be gained as to what the damage is to the concrete because it does not become apparent immediately and sometimes not for a year. The structure of the concrete is weakened however, when it is improperly set for or the load is too heavy. The Chicago man was reported on the highway while Sheriff Kamferbeek himself arrested Terry. The road commission has issued an edict that all trespass on unopened concrete pavement must cease.

At the last regular meeting of Erutha Rebekah Lodge Friday evening, July 10th, the following officers were installed: Noble Grand, Blanche Shaffer, Vice Grand, Ada Johnson, Recording Secy, Ola Shank, Treasurer, Flora Tuttle, Past Noble Grand, Jennie Stauffer, Warden, Alice Curley, Conductor, Gertrude Homfield, R. S. N. G. Clara St. John, L. S. N. G., Pearl Kammerling, R. S. V. G., Rose Harris, L. S. V. G., Irene Blue, Chaplain, Leona Haylett, Inside Guardian, Arlene Slocum, Outside Guardian, Dora Cross.

The installation was in charge of the District Deputy President, Clara St. John, who was assisted by Minnie Sargent as Deputy Grand Marshall.

The Past Noble Grand, Jennie Stauffer, was presented with a beautiful Past Noble Grand Jewel in recognition of her services for the past six months and the Deputy President and Grand Marshall were each presented with beautiful bouquets.

At the close of the meeting a social hour was enjoyed and ice cream and cake was served by the July committee.

Arnold Mulder of the Sentinel is well along on an extended trip thru Canada with the city of Quebec as his eastern objective. Mr. and Mrs. Mulder left last week Saturday morning in a Dodge car, well equipped with camping outfit and for a month the Holland folks will be seeing the sights found in the Dominion of Canada. They will re-enter the United States at the state of Maine, coming south to New York visiting all the principal cities along the Atlantic Coast. Later they will turn westward toward Niagara Falls and then home.

A request to give assistance to the interurbans of the state in their fight with competitive interurban bus lines was made to the city of Grand Rapids by Allen E. Holler, general superintendent of the Michigan Railroad company, but the city officials were non-committal and the matter was not presented to the city commission at its meeting just held.

The Michigan Public Utilities commission holds a hearing today on the Michigan Railroad company's petition for a permit to operate a supplementary bus line between Grand Rapids and Kalamazoo.

Mr. Peter Lievensen, his son Robert, Mr. Paul Coster and David Verburg and son Charles, were in Detroit Wednesday, the men going on a business trip. While there they took in the Detroit-Washington baseball game which Rep. Collins from Walter Johnson. The kids had a great day shaking hands with the world's famous speed ball artist and Ty Cobb perhaps the greatest ball player of all time. Returning thru Camp Custer the party was in time to see Vice President Dawes review the troops in the camp.

Although this paper has already chronicled the Brink-Takken marriage at Saugatuck the report from the Saugatuck Commercial Record gives many other interesting details. Here they are:

"A profusion of flowers and ferns and a beautiful arch of roses, flanked on either side with huge baskets of white lilies and larkspur formed the background for a beautiful home wedding, charming in its simplicity, at the home of Mr. and Mrs. William R. Takken, when their daughter Helen became the bride of Rudolph Brink, son of Mr. and Mrs. Henry Brink of Holland, Mich., on Thursday evening, July 6th.

"Mrs. Clyde Graves of Detroit attended the bride as matron of honor, and Lester Brusse of Holland served as best man. Rev. Nathaniel Skidmore of the Congregational church solemnized the marriage covenant. Little Helen Jacobson was a dainty fairy as ring bearer, and Miss Ella Brink, sister of the groom, played Mendelssohn's wedding music. Preceding the ceremony Mrs. Graves sang 'I Love You Truly,' accompanied by Miss Brink.

"The bride, who was given in marriage by her father, was very lovely in a gown of white crepe Elizabeth and carried a shower bouquet of bride's roses and swansons. The matron of honor was gowned in a peach georgette and carried a bouquet of roses and sweet peas.

"After congratulations were tendered the guests were served a delicious six course dinner by six young ladies dressed in bright array—Misses Frances Comey, Jeanette Jacobson, Marjorie McDonald, Helen Niles, Natalie Reed and Jeanette Walker.

"The esteem in which this young couple are held was shown in the exquisite array of wedding gifts they received. Mr. Brink is one of Holland's progressive young business men, being associated with his father in the Brink book store. Mrs. Brink is one of Saugatuck's most talented and popular young ladies, a graduate of Saugatuck High school and Michigan state college, and has taught successfully for the last three years in the schools of St. Joseph.

"After a trip through the east and Canada, returning via the great lakes Mr. and Mrs. Brink will be at home to their many friends and well wishers after August 1st at Holland.

"Out of town guests at the wedding were: Miss Gertrude Takken, Albuquerque, N. M.; Mr. and Mrs. James Jackson and daughters, Montague, Mich.; Mr. and Mrs. Henry Brink, Mr. and Mrs. William Dickema, Lester Brusse, Mrs. Belle Hills, Mrs. Heringa, Miss Ella Brink, Holland, Mich.; Mrs. Clyde Graves, Detroit; Mrs. Geo. Niles, Harold and Helen Niles, Olivet, Mich.; Mr. and Mrs. Bernard Brink, Osego, Mich.; Mr. and Mrs. J. Eiel, Chicago."

Manager Tysen, manager of the Warm Friend Tavern, was surprised to have drop in on him, ten Indians from Pawhuska at Oklahoma.

There were two gentlemen and the rest were ladies, and all were well dressed.

Mrs. Agnie Bonnicastle, seemed to be the business manager of the party. The first Americans came in fine new Cadillac and Lincoln cars, and are touring Michigan coming to Holland over M-11.

The Indians are owners of oil lands in Oklahoma, and are millionaires several times over, and they are now enjoying the fruits of their good fortune.

The Oklahoma folks were all well educated, and handled all business matters in a business-like way. They stopped at the Warm Friend Tavern over night, took breakfast and then departed for Petoskey.

During the past week, the Grandview Poultry farms of Zeeland were incorporated with a capitalization of \$100,000. The men interested are: Q. De Vries, E. C. Foreman, John Moske and several other leading business men of Zeeland. Mr. DeVries becomes president, and Prof. Foreman, vice-president and general manager. The latter has severed his connections with the Michigan State college at Lansing and will shortly establish his residence in Zeeland.

The corporation has also absorbed the Colonial Hatcheries adding 65,000 additional egg capacity, which they expect to develop so as to make possible a capacity for 250,000 eggs by next spring. The installation of facilities for the broadcasting by radio of poultry lectures and information is under consideration and may be completed by fall.

Exp. July 25 NOTICE OF LETTING OF DRAIN CONTRACT

Notice is Hereby Given, That I, Henry Siersema, County Drain Commissioner of the County of Ottawa, State of Michigan, will on the 30th day of July A. D. 1925, at the 10th day of the Midway Drain in Section 35 in the Township of Park, in said County of Ottawa at 9 o'clock in forenoon of that day, proceed to receive bids for the construction of a certain Drain known and designated as "The Midway Drain" located and established in the Township of Park in said county. Said drain is divided into five sections as follows, each section having the average depth and width as set forth: All stations are 100 feet apart.

Section No. 1 beginning at number 0-00 at the lower end of said drain and extending to station No. 22-00, a distance of 2200 feet and having an average depth of 4 feet, from Station 0 to Station 3, to be 8 inch tile, and from Station 3, to Station 22 to be 6-inch tile.

Section No. 2 beginning at station No. 0-00 and extending to station number 6-00, a distance of 600 feet, having an average depth of 4 ft. to the 6 inch tile.

Section No. 3 beginning at station No. 0-00 and extending to station number 13-00, a distance of 1,300 feet, having an average depth of 4 feet and 6 inches 600 feet to be 8 inch tile, and 700 feet to be 6 inch tile.

Section No. 4 beginning at station number 0-00 and extending to station number 6-00, a distance of 600 feet, having an average depth of 4 feet all to be 6 inch tile.

Section No. 5 beginning at station number 0-00 and extending to station number 8-00, a distance of 800 feet, having an average depth of 4 feet, all to be 6 inch tile.

Said job will be let on one section, in accordance with the diagram now on file with the other papers pertaining to said Drain, in the office of the County Drain Commissioner of the County of Ottawa, to which reference may be had by all parties interested and bids will be made and received accordingly. Contracts will be made with the lowest responsible bidder giving adequate security for the performance of the work, in the sum then and there to be fixed by me, reserving to myself the right to reject any and all bids. The date for the completion of such contract, and the terms of payment therefor, shall and will be announced at the time and place of letting.

Notice is Further Hereby Given, That at the time and place of said letting, or at such other time and place thereafter, to which I, the County Drain Commissioner aforesaid, may adjourn the same, the assessments for benefits and the lands comprised within the "Midway Drain Special Assessment District," and the apportionments thereof will be announced by me and will be subject to review for one day, from nine o'clock in the forenoon until five o'clock in the afternoon.

The following is a description of the several tracts or parcels of land, constituting the Special Assessment District of said Drain, viz:

MORTGAGE SALE
Default having been made in the conditions of a certain mortgage made by George W. Deur, widower, to Carl Wissink and Minnie Wissink dated December 15th, 1924 A. D., and recorded in the office of the Register of Deeds for Ottawa County, Michigan on December 18, 1924 A. D. in Liber 134 of mortgages, on page 356, on which mortgage there is claimed to be due at the date of this notice for principal and interest the sum of Two Thousand Sixty Dollars (\$2600.00) and an attorney fee as provided for in said mortgage, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage or any part thereof.
Notice is hereby given, that by virtue of the power of sale contained in said mortgage and the statute in such case made and provided, on Friday, the 25 day of September 1925 A. D., at nine o'clock in the forenoon, the undersigned will, at the front door of the Court House in the City of Grand Haven, Michigan, that being the place where the Circuit Court for the County of Ottawa is held, sell at public auction to the highest bidder the premises described in said mortgage or so much thereof as may be necessary to pay the amount so as aforesaid claimed to be due on said mortgage, together with six per cent interest and all legal costs, together with said attorney fee, to-wit: Lot No. Forty-four (44) in Post's Second Addition to the City of Holland, Michigan, according to the recorded plat thereof.

LOCAL

Hunter S. Robbins, Grand Haven golf player, "Bottles" Thomson and Fred Avery of Grand Rapids left Sunday for Saginaw to participate in the state golf tournament there on Tuesday, Wednesday and Thursday of next week. Mr. Robbins is the brother of Nathaniel Robbins Jr., of Holland.

The Colonial Theatre Wednesday and Thursday is featuring the much talked of picture "The Swan" with an all-star cast headed by Adolph Menjou, Frances Howard and Ricardo Cortez. Followed on Friday and Saturday this popular play house will show the most laughable comedy "Forty Winks" in which Raymond A. Smith, Viola Dana and Theodore Roberts largely figure.

A Corona typewriter was taken from the Sterling Manufacturing Co., Monday night in the robbery there in which valuable tools were taken from the shop. No trace has been secured of the thieves.

Mrs. Jacob Dogger and grandchildren Alvin and Ida Mae Potter left for Chicago today to visit Mrs. Dogger's son, Dick Dogger.

SCHOOL CASE
IN THE COUNTY
AROUSSES INTEREST

RIEMERSMA SUIT WILL BE TEST
CASE IN CIRCUIT
COURT

A case appearing on the circuit court docket during August that is arousing a great deal of interest is the Riemersma vs. People. The question is to determine whether children can fall to pass an eighth grade examination and still compel their district board to pay their tuition after completing a grade of high school. There is a law that says any child in a rural district about to complete the eighth grade and receive a diploma can give notice to their school board before June that they want to attend a high school, usually one out of the three nearest schools being designated. The school board is then compelled to pay their tuition up to \$60. By vote of the people the whole amount can be paid by the board. As an example, the people in the Beechwood school district pay the entire amount for a number of students from their district attending Holland High school. This amounts to \$100 per year per student. In a number of other communities where the people are liberal-minded the entire amount is paid.

The Wright township two children of Richard Riemersma took the eighth grade examination and failed to pass. They consequently did not receive aid from the board. Instead of repeating the work and taking another try at the examination the children entered a tenth grade school at Conklin taking the ninth grade work. They did not ask for tuition that year. However in June, 1924, after they had completed the ninth grade work they applied for tuition for their next year's work in the tenth grade and were refused.

The board claimed they had no right to pay. This spring the board again refused to pay the tuition. Riemersma then brought suit in circuit court of Ottawa county to have that court issue a mandamus to the school board and command them to pay the tuition. This trial is being watched with much interest as it will be a test case. Riemersma claims that the superintendent of public instruction construes the law favorably to him. Attorneys Face, Jewel & Messenger of Grand Rapids are handling the case for Riemersma.

Prosecutor Fred T. Miles is appearing for the school board.

NEW HOLLAND

The baseball game which was played on Thursday evening at North Holland, when a Zeeland team played our local team, ended with a score of 20 to 22, in favor of the Zeeland team.

Mr. and Mrs. Clarence Raak and family and Mr. and Mrs. Ben Ter Haar and daughter Genevieve spent last Wednesday afternoon at Lake Wood Farm.

Born to Mr. and Mrs. Charley Vork north from here, a brand new baby boy.

Miss N. Lindeman, a national canning expert from the Boston Hose & Rubber Co. met with some of the Olive Center, Crisp and North Holland ladies on last Thursday afternoon, at 2 o'clock at the Olive Center Town Hall. Her work was chiefly canning chicken and different questions were answered which were of interest to them. Thirty women were present at the meeting which was arranged by Miss Bertha Wellington, Home Demonstration Agent, was greatly appreciated.

Mr. and Mrs. Martin Diepenhorst and Mr. and Mrs. Joe Westrate, called on relatives in Grant last week Thursday.

Mr. and Mrs. Bartel from Lansing called at the home of John Veldheer and other relatives to spend the week-end. Mrs. Bartel before her marriage was Miss Mattie Bishop.

While hauling wheat, last Saturday afternoon Will Zwiers had the misfortune of going through a bridge which crossed a drain in his field. The front end of the wagon sinking through the bridge, causing the load of wheat, to tip forward on it. The horses, pinning them under it. It was first thought that one of the horses were dead, but after relieving them, it was found he was only slightly bruised. Mr. Zwiers escaping with out any injury.

Threshing has begun in this vicinity and wheat threshes from 20 to 30 bushels to the acre.

Mr. and Mrs. Ben Ter Haar and daughter Genevieve attended the wedding of their sister and aunt, Miss Rose M. Boone, to Oliver De Jongh at the First Reformed church at Zeeland on Tuesday morning.

Some of our young folks enjoyed a wienie roast at Port Sheldon last Friday night. Among those present were: Margaret Weener, Ethel Kraal, Krystal Weener, Grace Nienhuis, Gertrude Bouwman, Bertha Smith, Minnie Smith, Elmer Schilleman, Floyd Kraal, Peter Nienhuis, George Meideema, Eldert Nienhuis, Myrn Veldheer, Hero Nienhuis, Ben Bosch, and John Bosman.

The sale of the Ladies Aid society of the South Olive church which was held last Wednesday afternoon, and evening proved to be a great success, the ladies disposing of almost all their home made garments, and not one went home hungry as their were plenty of good eats.

BORCULO

Mr. and Mrs. Ed Stegink, of Lyndon, Washington, and Mrs. Louis Stegink and children, Benjamin and Margaret, of Holland, visited with Mr. and Mrs. D. Walters and family here last Saturday afternoon. Mrs. Ed Stegink and Mr. Walters spent most of their childhood days together and had not seen each other for more than 40 years.

ZEELAND

Miss Evelyn Schipper left Saturday for Chicago to resume her duties at the St. Anne's Hospital Training School for nurses, after spending three weeks with relatives here and in Grand Rapids.

EAST HOLLAND

Word comes to the city that Miss Hattie Nies is doing well as can be expected after an operation at a Lansing hospital last Friday. She had only a few days before returned from the Ferris Institute, where she completed a course of additional training. Her mother accompanied her to Lansing, and they expect, if no complications arise, to take her to her sister's home in Lansing to convalesce before returning home here.

HAMILTON

Mr. and Mrs. George Heneveld of Holland were guests of Mr. and Mrs. H. W. Schutmaat, Sunday.

Miss Kathleen Koivoord is taking the place of Miss Hattie Rankens in Schutmaat brother's store during Miss Rankens's vacation.

A reception for Rev. and Mrs. Edward Tanis, who recently married, was held at the home of the bride's parents, Mr. and Mrs. John Peters on Thursday afternoon and evening.

In Hamilton, as in most other places, the attendance at the annual school meeting is usually small but even the rumor that something unusual is likely to happen will attract a much larger number. During Monday there was a rumor afloat that an interesting thing or two might happen that evening and this resulted in a larger attendance than usual. After the reports of the secretary and treasurer has been read, the election of officers followed, John Brink, president of the board, announced that he was not a candidate for re-election and Dr. G. H. Rigterink was elected a member of the board and later he was made president. Joseph Hagelskamp, treasurer, was defeated by Albert Oetman. H. D. Strabbing, a member of the board, entered into a somewhat lengthy and detailed relation of the reason why he, some time ago, had resigned his office as secretary of the board. According to his account, it seems that, when the matter of hiring a principal was under consideration by the board, owing to the long and repeated delays of Mr. Kaechele, the principal last year, in coming to a decision, the board authorized Mr. Strabbing to close with another candidate, which he did. In the meantime however, Mr. Kaechele accepted the proposition of the board. This created a very embarrassing situation for all concerned, and Mr. Strabbing, feeling that he had not been supported by the board in the action which they had authorized him to take, promptly resigned as secretary. Acting under the direction of the board, it would seem that Mr. Strabbing is absolved from all blame. Now it is best for all, as a friend at the meeting advised Mr. Strabbing, to "forget it." Another matter that also aroused both interest and curiosity was that of enlarging the school building. It was plain that the great majority of those present were opposed to any building scheme at present and the matter was passed with but slight consideration.

The members of the Sunday School of the American Reformed church picnicked at the county park with the other Sunday schools of the county.

Mr. and Mrs. John Ilig and family are every day enjoying a new sedan. John found it almost impossible to observe the caution, "For the first 500 miles do not drive this car at a higher rate of speed than 20 miles per hour."

The rains have put the celery fields in prime condition for setting the new plants, making irrigation before setting the new plants unnecessary and besides the new plants will have a quick start and make rapid growth.

The Sunday services will be the last conducted by Rev. Herman Potgeter, before his vacation which will start Monday and continue for four weeks. His brother, Rev. L. Potgeter of Chicago, will occupy his pulpit the first Sunday of his absence. Rev. J. Hoekie a missionary from Japan, the second Sunday, and Prof. Paul Hinkamp of Hone College, the third Sunday.

Rev. and Mrs. John Poozen and family are planning to leave for a three weeks vacation the last Monday in July. They expect to spend most of the time in Sheldon, Ia.

Dr. P. H. Fisher secured radio connection in Dayton, Tenn., and is getting all of the details of the famous

Scopes trial as well as many interesting bits of information concerning the town and the events transpiring during the trial.

A meeting of those interested in the annual Labor Day celebration was held Tuesday night and initial plans were made for this year's celebration. A number of committees were appointed to arrange details.

Rev. and Mrs. F. J. VanDyk of the Reformed church at Central Park were in town Thursday evening of last

week calling on former parishioners and friends.

The project for the organization of a local company to install an electric lighting and power plant is well under way. The required amount of stock has been subscribed and an organization will be perfected as soon as the necessary papers of incorporation are received.

The fifth annual all day picnic of the Kalamazoo State hospital (formerly known as the Michigan Asylum

for the Insane), for all former employees and their families will be held at the hospital ground, Saturday, July 25th, 1925, general dinner at 1:30 p. m. Bring well filled baskets. More than 400 present last year, some from Detroit, Chicago, Indiana, New York and Arizona. All former employees urged to come and greet the old friends and visit the institution as it is today. Band music, sports, visits. W. A. LaCrone, president; O. O. Pickard, chairman.

PERMIT TO BUILD MEETS OBJECTION

At the last meeting of the common council the matter of granting a permit to the Ideal Cleaners, who wished to build a small factory on West Tenth street came up and this matter was temporarily disposed of when it was left to a committee for further investigation. It seems that the committee has done some investigating and find even more objections.

The Colonial Theatre was especially mentioned at the last meeting of the council, and their remonstrance surely deserves every consideration. Mr. Raven's contentions put a new light on the entire situation it would seem. In an interview with a representative of this paper, John Raven, manager of the Colonial Theatre, stated as follows:

"In the first place we do not wish the citizens of Holland to feel that we are not progressive, we want buildings to go up, we want the Ideal Cleaners to succeed, in fact we are sending them business, but we are objecting to the erecting of this building right at our very back door, for the reason that it is hazardous."

"Any business of that kind cannot help but affect a theater. In the first place patrons of our place will know that a thousand gallons of gasoline will be stored directly outside, in fact they are already making inquiries about it."

"Handling gasoline is always hazardous. You never know what the stuff is going to do. But even barring the possibility of a big fire or a big explosion which can happen, a small blaze would immediately make an audience restive, and a stampede might result, and the outcome of a thing of this kind can easily be imagined."

"I feel that the storing of so much gasoline right at our back door, cannot help but make our patrons feel a trifle uneasy, and what is more there is another disagreeable feature. The using of gasoline always emits poisonous and smelly gases."

"Our fresh air suction fans are directly on the alley. We advertise the coolest place in town with the constant circulation of fresh air. One can imagine what the result would be with our fresh air fans constantly sucking in abnoxious gasoline fumes from the alley, where the gasoline baths for cleaning clothing will be going on."

"The result is immediately apparent, it would surely mean the changing about of our fans at great expense. Further more the building of this sort of business will immediately jump our insurance rate and surely the Ideal Cleaners are not going to foot the difference."

"No, we are not endeavoring to retard progress but it is a matter of self preservation with us and a matter of protecting our patrons. We were here first, we have more than \$40,000 invested in this building. For four years we have worked faithfully and hard to build up this enterprise realizing only meager returns, and now that success is in sight we do not wish anything to happen that will undo the work of the past few years."

Another objector who lives across the street from where the proposed new building was to go, stated; that he was absolutely against a business that would carry so much gasoline in the heart of the business district, where our best public buildings and park is located. He stated that since the Ideal Cleaners conducted a "gather and delivery" business it seems as though it would be an easy matter to get a site a little further out, where any accident would not be liable to do considerable damage to life and property. He suggested an office down town if there must be a place that is centrally located. Of course this is all a matter to be decided by the Ideal Cleaners, however in fairness to the Colonial Theatre and to the Ideal Cleaners as well, the matter should be settled definitely yes or no.

Mr. Raven is surely advancing arguments that deserve earnest consideration, on the other hand the Ideal Cleaners should know definitely where they are at quickly, in order that they may make plans accordingly.

FRUIT MEN ARE URGED TO USE MOTH SPRAYS

C. P. Milham, Ottawa county farm agent, has received word from Professor Pettit of the Michigan State College that growers of apples and pears should spray for the second brood of codling moth by the twentieth of this month. The codling moth is the parent of the worm that eats into apples and pears.

The Michigan State College maintains observation boxes at various points in the state where moths are kept for observation in captivity. Through this method the officials at the college are able to determine for fruit growers when the moths lay the eggs and knowing the time necessary to hatch, can recommend the proper date for spraying.

The local fruit section is large and important and fruit growers are asked to heed the warning for spraying given through the Michigan State college.

William H. Vandewater of Holland has achieved a record as grave digger, not easily duplicated by a man of his years, which is 76. During his services as sexton of Pilgrim Home cemetery, covering a period of 26 years, he has dug approximately 2,600 graves an average of 100 a year.

Although not as spry as he used to be, Vandewater still enjoys excellent health. He is the father of 16 children, two of whom died when young. He celebrated his birthday anniversary this week and with one exception the 14 children were present to congratulate him.

LOCAL MAN TO GIVE COURSE AT WINONA, IND.

Winona Lake, Ind., July 13—The Winona Lake Bible School of Theology, Winona Lake, Indiana, of which Dr. W. E. Biederwolf is the Dean, will hold its third annual session from July 17 to August 13. This school was organized and is promoted in the interest of Evangelical Christianity. It is under the direction of an Advisory Council of eighteen among whom are the best known christian laymen of this country. Dr. J. C. Breckenridge and Dr. Biederwolf being ex-officio members. Among the speakers and instructors for this year are Prof. L. S. Keyser, Hamma Divinity school, Wittenberg college. Dr. Keyser presents a course in Christian Apologetics. Prof. George Stibitz, Central Theological Seminary will present a course in Messianic Prophecy. Rev. G. B. McCreary, Xenia Theological Seminary will give a course on Current Problems in Christian Life and Doctrine, or Rational Replies to Non-Christian Rationalism. Prof. G. L. Robinson, McCormick Seminary, will present a course on the Book of Isaiah. Prof. John E. Kutzenga, Western Theological Seminary, Holland, Michigan will present a course on Christianity and the Psychological of Religion. President Melvin G. Kyle, Xenia Theological Seminary will give a course on Biblical Archaeology.

At the closing exercises of the school, Friday, August 30, Dr. L. W. Munhall will give his noted address on "The Book of Books." During the entire school there will be a popular hour each day at 11 a. m. Members of the faculty will speak. Among the many subjects discussed are "The Human Family-Whence" Dr. Keyser. "Religion and Theology," Dr. Stibitz. "The Autobiography of an Electic," Dr. McCreary. "The Temptation of Primitive Man as Presented in Genesis," Dr. Kutzenga. "The Bible, Incis," Dr. Kyle. "The 'I' and the 'not aspired wholly or in spots," Dr. Keyser. During the school session those in attendance will have the privilege of hearing Sousa and his band, on Saturday, July 18, Tito Schipa, World's famous tenor, July 31, Senator "Pat" Harrison, Aug. 7, and Dr. G. Campbell Morgan, August 10.

Any information desired regarding the above sessions can be had by writing to Dr. W. E. Biederwolf, Winona, Indiana.

MAN WHO TRIED TO STEAL SAFE GETS TEN YEARS

A sentence of seven and one-half to 15 years in the state prison at Jackson, with a recommendation that he be imprisoned 10 years, was passed at noon Saturday upon Herbert Morrison, 27, of Ivanrest, located on the Holland Interurban line, less than eight hours after he had been caught as he attempted to cart away single handed a three-ton safe containing \$5,000 from Kent State bank branch at 1534 Grandville Grand Rapids.

Attired in his blue denim shirt and overalls, with his hair disheveled Morrison stood calmly before Superior Judge Leonard D. Verdier, voiced his plea of guilty and submitted to a brief examination by the court.

Debts, he said, were the cause of the spontaneous inspiration about 8 Friday evening to rob the bank. He had come to the city, he explained, to learn if he could not dispose of his motor truck with which he had been hauling gravel until a few weeks ago. Recently he had not been able to find steady employment.

"What made you decide to see if you could carry away the safe?" asked Judge Verdier.

"I passed the window of the bank about 8 Friday night," he said. "I could see the safe just behind the window and I thought if I could get it, I could pay up my debts."

"I went to the Holland Interurban station on Grandville ave. and remained there until about 3 Saturday morning. I found a crowbar and with it I went to the Grandville Avenue garage and managed, by the use of the crowbar, to break the lock. I had been in the garage on several occasions and had been in the bank building a number of times before it was converted into a bank."

Morrison explained he drove an automobile wrecking car, equipped with a tackle, from the garage to the bank and that he smashed the window in the bank behind which the safe was standing.

"Did you know you couldn't get the safe out of the door?" the court questioned.

"The safe was larger than I thought it was but the door was locked and I didn't attempt to open it," responded the prisoner. "I thought I could pull it through the window." He was at work when Police Lieut. James Collins and Officers Ralph Randall and Matthew Fitzpatrick arrived and covered him with their guns.

Sheriff Kamferbeek telephoned the Sentinel at 2:30 Monday advising this paper that two hold-up men had robbed the paymaster of the Lake Foundry company near Muskegon Heights of \$32,000. The two bandits, one a red-headed man, jumped into a Dodge touring car No. 707986 and started down M11 toward Holland.

Sheriff Kamferbeek has a posse of men scouring north Ottawa county and all roads out of Muskegon are being guarded by Ottawa and Muskegon County officers. Today was pay day at the Foundry and at 1:30 the paymaster was returning from the bank when he was held up on the public streets, apparently by men who knew how this money was being transported.

MOTOR CLUB IS ORGANIZED IN HOLLAND

A motor club has been organized in Holland and a headquarters office has been secured in the lobby of the Warm Friend Tavern. The local club will be affiliated with the Grand Rapids club which is a branch of the American Automobile Association with offices all over the world. The organization in the neighboring city boasts of a membership of over 2500 and it is highly successful. This will link Holland up with a world-wide organization, and its club will be one of the auxiliaries of all clubs in Kent, Ottawa, Ionia and also all counties cities the clubs have what is termed as service stations, members receiving towing, ignition and starting service while others have added similar forms of service which auto drivers need. The office here will be represented by A. F. Bliskey who has had a great deal of experience in the Grand Rapids club located in the Pantlind Hotel building. A young lady will be on duty here most of the day answering calls and furnishing information regarding roads, hotels and all other traveling necessities.

Mr. Bliskey will be in charge of the membership drive to be inaugurated here soon. The young lady whoever that may be can also take memberships in the lobby of the Warm Friend Tavern. Mr. Bliskey has not secured the representative here who will take charge here but no doubt this will be done within the next few days. This is an organization not conducted for profit, because it renders a definite service to its members and their communities because it offers no cut-rate membership and because its affiliation with the A. A. A. affords members free touring courtesies and road information at any of the 800 motor clubs in the United States and Canada. New clubs are being organized all over the state, Cadillac being the latest city to have one.

(By REV. E. J. BLEKKINK, D. D.)

Pine Lodge has been known to the people of Michigan, and especially of Holland, as an attractive and select spot on Macatawa Bay. People from all parts of the middle west have come to it year after year and paid big prices to enjoy the hospitality of the Lodge, the grove of pines, the seclusion, the fishing, boating and all that Macatawa Bay means for the resort.

Twenty-five years or more ago strong efforts were made to establish a center on the bay for the purpose of furnishing exercises of a religious and literary character during the vacation months. It was short-lived. For various reasons it failed to continue to function.

In 1912 an effort was again made. Successful meetings were held at Central Park. The following year the place of meeting was transferred to the buildings and grounds of Hore College. The change had an unfavorable result. The undertaking was discontinued. The fact was that the organization had no fixed place of abode. Like the attempt of Noah's dove, which "found no rest for the sole of her foot," the scheme failed for the same reason.

We are happy to see something coming into view that has the promise of permanence. A group of men have had the courage to buy Pine Lodge, with the purpose of making it a center of religious and literary activity during the summer season.

A strong article appeared in the Daily Sentinel some weeks ago by the editor that sized up the situation in a most admirable way for Western Michigan and especially for the city of Holland. Also a clear-cut statement by the Rev. James M. Martin as to the purposes and intentions of the men who are backing this undertaking.

We believe that the city of Holland—this religious and patriotic city, for such it is—ought to get enthusiastically back of this new move. It will mean much for our city materially, socially, intellectually and religiously, if the hopes that are cherished for the future of Pine Lodge are realized.

Two important events are scheduled for the week—the dedication of the lodge and grounds on Wednesday, July 1, at 5 o'clock in the afternoon; and the other on Saturday, the 4th of July, when interesting exercises are to be held in celebration of the birth of the nation and our present and future security. We are happy to learn from the public press that the celebration on Saturday had the endorsement of the Mayor and common council of the city.

STATE T-B WORKER TO HOLD MEETING IN SPRING LAKE

Raymond Forsyth, state tuberculosis worker, will give a lecture on the Great White Plague and also movies and stereoscopic views at the Spring Lake Tourist camp park this evening Spring Lake. Ferryburg and Grand Haven people are invited to attend the lecture and pictures.

There will be no solicitations according to the announcements and those interested are invited to come and spend a pleasant and instructive evening. The affair is put on through the Michigan Tuberculosis Association.

Thursday evening a surprise birthday party was given at the home of Mr. and Mrs. Howe O. Bliss, the occasion being the 74th birthday anniversary of Mr. Bliss. There were 12 children, 17 grandchildren and 1 great grandchild present. To wish him a happy birthday, dainty refreshments were served and an enjoyable evening was spent by all.

VACATION IN CITY PAVING THIS SEASON

For the first time in many years there is no road paving concern doing business in Holland the present summer. Other years at this time the city was in the thick of paving operations, streets were closed, people were unable to get into or out of their yards with their automobiles, the smell of tar was in the air and gangs of workmen were busy excavating the street or spreading the asphalt.

This year none of these activities is to be seen on the streets of Holland. About the nearest thing to it is the tar can that is being used in repairing the holes in the old paving. And a lot of that repair work is being done this summer. Other years the city gangs were usually too busy to do very much repair work during the warm months when such work can best be done. But since street paving was given a vacation, those little odd jobs can be taken care of. Some time ago Twelfth street was repaired from end to end, and other streets are being given attention from time to time.

The common council is following a policy of keeping the old paving in repair as well as building new streets. The former is held to be as necessary as the latter, especially now that Holland has a network of paved streets so that almost any part of town can be reached on pavement, the paved streets being so looped that there are connections between them at all ends.

But Holland's paving vacation is only temporary. It was halted this year for various reasons that seemed adequate to the street committee and the council, but plans will be made during the coming winter for a considerable paving program during 1926. The streets to be paved have been tentatively agreed upon and it is likely that the distance added to Holland's

HOLLAND BUMPS THE G. R. DAIRYS BY 9-5 SCORE

The Independents whipped the G. R. Dairys into submission Saturday afternoon by scoring a 9-5 victory. Melnie Albers, local college pitcher, made his debut and to say he made good is expressing it mildly. Murphy, former Holland hurler was pitted against him and if both their teammates had not made errors the game might have been a close tussle. Albers got off with a bad start but Murphy was let down with a worse finish. The Dairys scored one in the first when McCoy made the rounds getting on when Ashley booted the ball. The last scoring the visitors had was in the second frame when McCoy knocked the ball out of the lot with two men on Holland got two in the third. Albers was safe, after two were out, on a fielder's choice. B. Batema clubbed out a two-bagger and after Spriggs got hit by a pitched ball, Japanga slammed out a double. The fifth saw the locals added another with Albers again scoring after he singled.

The seventh was Murphy's Waterloo. B. Batema, Spriggs, Woldring, Riemersma each banged out a hit and Japanga was given free transportation. After the smoke had cleared away Holland was ahead 8-4. The final tally came in the eighth B. Batema, making the rounds aided by Woldring and Riemersma. It was a great game before an enthusiastic crowd. Murphy would have given anything to beat Holland, but Albers pitched superior ball allowing eleven hits while the former yielded fifteen. Albers was not scored on after the third inning and seemed to get better as the game progressed. The boys are showing lots of pepper and hitting the ball hard. The Illinois Giants will stack up against a tough gang here Friday and Saturday.

The sugar beet crop in Michigan is in 75 per cent condition, or 11 per cent below the 10-year average, according to a report Thursday by Verne H. Church, federal agricultural statistician. A crop of \$12,000 tons is forecasted. The acreage in this state has dropped from 174,000 last year to 138,000. Michigan ranks second in acreage, Colorado topping the list. The acreage throughout the country is below the average.

C. Vander Heuvel and Guy Smegele left this morning on a motor trip to the Straits and back by the way of Wisconsin. Mrs. C. J. Dregman and family are motoring to northern Michigan and will stop at Belleair for a three days' fishing trip. The Dregmans will be away from Holland for about a week.

ADVERTISE—IT PAYS

HATED BIRD ALSO HARMS OTHER BIRDS

The universal attitude of dislike for the English sparrow has been the general reputation of a delightful feathered family, causing people to overlook their real beauty and usefulness.

Almost two score of likeable little brown sparrows suffer because of the unpopularity of a single relative—an alien deliberately imported into our country some 70 years ago. If you want to kill an English sparrow be sure—note this carefully—be absolutely sure your intended victim is one of these alien pests.

The native sparrows are, without a single exception, all modest birds that never obtrude. They live close to the ground. Nature denied them the brilliant coloring of many species, but she endowed most of them with sweet voices. They bring joy and sunshine into human lives. There isn't a day in the entire year that the sharp observer may not discover from two to a dozen species of sparrows.

There is no spot so hot or so cold, no wet or so dry, but that some member of the family finds it a congenial home. As a class they are dear, delightful birds, practically all are decidedly brownish, and the novice encounters difficulty in distinguishing the different species. But a little practice will make the differentiation obvious at a glance and familiarity will also increase the affection for these modest birds.

Although most of the sparrows are not especially musical, there is none other which has such a monotonous chirp as the English sparrow. The chirp of the chipping sparrow is far more musical. We never tire of the gushing and sweet trill of the song sparrow, which greets you throughout the summer months from fence posts and low branches of trees.

The bird seems so sweet tempered and so contented with himself and the world in general that it is an inspiration. He retains the warmth of summer in his heart perennially, while his cousins change with the seasons. He greets the first snow with outbursts of gladness, as though he rejoiced that jolly old winter had arrived at last. The last storm of the season receives no more hearty welcome. He is constant and faithful when others have lost their faith. Most of the individuals migrate, but a few remain throughout the winter.

The song sparrow is about six inches long. It can be identified by a prominent brown spot on the breast amidst other brown spots and streaks. When glimpsed it is almost always flying down rather than up and has four or five songs, which are varied at irregular intervals. He is almost as persistent a singer as the house wren, spending four-fifths of his waking hours during the spring months in recital.

Grub-getting apparently is easy and family duties are not burdensome. When you see him singing from the same perch day after day, you may know that his nest is near. It is not long after the snows have melted that the song sparrow turns his attention to the engrossing subject of home building. He loves tangled thickets and the edge of marshy bogs.

The nests may be found on the ground neatly anchored in bushes and reeds in a deep pocket hollow trunk of a tree. Two or three families are raised in a year. But the song sparrows will never become too numerous for me or any other bird lover.

WATER LILIES EASY TO GROW

If people only realized how easily water lilies can be grown in the garden, the flowers would be as familiar as asters or sweet peas.

Even the tiniest garden has all the requisites, and lilies have been grown successfully on the roofs of city skyscrapers.

A tub or tight half barrel of water, a little good soil, and sunshine, are all that the gardener needs for a modest attempt.

June is said to be the month of roses, but to the rambler it is the "month of water lilies."

What a miracle nature performs when the black, slimy, filthy bottom of an almost currentless pond is changed by her processes into a spotless, glistening, fragrant flower.

NEWS ABOUT FISH AND GAME IN THIS STATE

Fishermen will have to watch their step this year unless they want to get mixed up with the law. During the last few years there have been passed by the Legislature and ordered by the Conservation Department 41 special acts and rulings closing or abridging the open season on game fish in an equal number of counties, and no one in the State is familiar with them all unless it should be Director Baird or his chief clerk, Miss McCann.

"Eighty per cent of the deer killed in Michigan come from the Upper Peninsula," remarks Dr. J. N. Lowe of the Marquette Normal School. "Last year 34,777 deer licenses were issued in this State and the deer kill totaled 22,180. Of this number 17,747 came from above the Straits."

For more than 50 years a pair of bald-headed eagles used the same nesting site in a giant elm tree near Vermilion, Ohio. A short time ago this tree was blown down in a gale and the nest wrecked. It was eight feet in diameter and weighed at least a ton. This was one of the oldest series in the United States and an attraction for miles around.

Quail propagation is in full swing at the Mason State Game Farms, south of Lansing. Director Baird informs us that 225 birds have been trapped in the wild and have been placed in pens at the farm. This will constitute the foundation stock for the experiment this year.

With the disappearance of the snow, State hunters have been notified to discontinue poison operations for wolves, coyotes and fox and to take up trapping again.

This is the season of den hunting for the State operators, when a catch of a female wolf and her litter counts big in this war of extermination.

FORDS AND FEDERALS EACH WIN GAMES

The Fords kept pace with the Federals last night when each team turned in a victory, the Fords winning over the Hudson-Essex's and the Federals trouncing the Montello Park aggregation. From the way these two teams are playing now the championship seems to be a toss-up between them but the season is far from being over and many things can happen. In the Fords-Hudson-Essex game, hits were scarce but errors were costly. Greenfield's gang loaded the bases with no one out in the first frame but a fast double play started by Japling, at shortstop cut off the scoring. Hyma sent 13 men back to the bench with a strike-out charged against them while Wierda whiffed 7. Each team made 4 hits but the Hudson-Essex's two errors came at a very bad time for them as they counted heavily in the scoring. Ottipoly made the feature catch of the game being lifted off his feet nailing a hard line drive. Five double plays helped to keep down the score and the teams also fielded brilliantly for the most part.

The Federals had a rather easy time with the Montello Park gang as Scharf was almost invincible. Tubergen also pitched a great game but clean hits and two errors gave the Federals a good lead. The game was played in fast time, the nine innings taking but one hour and twenty minutes. Fouston hit the best for the Montello's with Scharf and McCarthy leading the assault for the winners.

Batteries: Federals: Scharf and Martin; Montello: Tubergen and Wiersma. Summary of Ford-Hudson-Essex game:

Hudson	1	2	3	4	5	6	7	8	9	R	H	E
Fords	0	0	0	0	1	0	0	0	1	4	2	0

Batteries: Wierda, Japling, Hyma, Schreier. Umpire: Nordhoff.

For the interest of local baseball fans the standings of the teams in the City and Factory Leagues a year ago are printed today in the paper. In the Factory league the De Prees were having an easy time only being pushed by the Federals. The race in the City league was real close with the South End leading the list by a small margin. The Cubs who are leading the league this year as the Fords were in fourth place with an average of .444.

Standings July 23, 1924:									
So Ends	7	1	.377						
Shoes	6	2	.750						
Montello	4	3	.566						
Cubs	4	5	.444						
Merchants	3	6	.333						
Helms	2	5	.285						
Pine Creeks	2	8	.200						

Factory League:			
De Prees	3	0	1.000
Federals	3	1	.889
Limberts	4	4	.556
Warm Friends	1	5	.166
West Michigan	1	8	.112

COMMON COUNCIL

Holland, Mich., July 15, 1925. The common council met in regular session and was called to order by the Mayor.

Present: Mayor Kammeraad, Alds. Slag, Kleis, Drinkwater, Brieve, Laepple, Hyma, Brinkman, Peterson, Vismers and Vander Hill and the Clerk. The minutes of the last two meetings were read and approved.

Petitions and Accounts
Nick Wiersma and Chas. S. Race petitioned for licenses to engage in the business of keeping places where soft drinks are sold for beverages. Granted.

Morris Goldman petitioned for license to engage in the business of dealer in second-hand goods and junk dealer at 155 E. 8th st. and presented bond as required with Henry Winter and Ben Brouwer sureties. Bond and sureties approved and license granted.

Safety Release Clevis Co. applied for permit to construct a brick building to be used as an assembling plant on Lot 10, Block D, West Addition, at an estimated cost of \$4500.00. Granted.

Peter Maas applied for permit to construct a brick store building, 70x44 ft. at an estimated cost of \$20,000 on the northwest corner of River ave. and 12th st.

Referred to a special committee to be appointed by the mayor. Mayor appointed as such committee: Alds. Laepple (Chr.), Kleis, and Hyma.

Ideal Dry Cleaners petitioned for permit to construct two buildings, 40x40 ft. 2 story, and 40x20 ft. 1 story, brick, to be used as a dry-cleaning plant, at an estimated cost of \$8,500.00 on part of Lot 2, block 47.

Referred to the special committee with power to act composed of Alds. Laepple, Hyma and Kleis.

DeVries & Dornbos requested permission to install a fire-hose connection to their premises on E. 8th st.

Referred to the committee on sidewalks with power to act.

G. Zagers and others petitioned for the construction of a sewer in 24th st. from First ave. west 600 ft.

Referred to the committee on Sewers, Drains & Water Courses.

Free T. Miles requested permission to fill a ditch, formerly used as a drain across his premises at the southeast corner of Central ave. and 26th st.

Referred to the Committee on Sewers, Drains & Water Courses.

White Bros. Elec. Co. requested permission to cross the sidewalk and place same in condition for such crossing in accordance with plans, an specifications to be directed by the city engineer, at 178 River ave.

Referred to the Committee on sidewalks.

Ald. Dykstra heard appeared.

Reports of Standing Committees

The Committee on Claims and Accounts reported having examined the following claims and recommended payment thereof:

Mich. Bell Tel., rent, calls	13.00

City Clerk, postage	200.00
Jonathan B. Cook Co., audit	\$374.65

Allowed and warrants ordered issued.

The committee on poor reported presenting the report of the director of the poor for the two weeks ending July 15, 1925 in the sum of \$148.00. Accepted and filed.

The committee on sewers, drains & water courses to who was referred the petition for the construction of sewers in E. 24th and 27th Sts. reported having gone over the matter thoroughly and recommended that sewers be constructed in 26th street from State to Lincoln avenues, and 27th St. from Columbia to Lincoln Avenues, and Columbia avenue from 26th to 27th Sts., and further recommended that the matter be referred to the B. P. W. for plans and estimate of cost. Adopted.

Messages from the Mayor

Mayor reported that a convention of the Safety Council would be held at Grand Haven Thursday, July 16, and advised the council to send delegates to attend such convention, whereupon

On motion of Al Brieve, The mayor was requested to appoint a committee of three for such purpose including the mayor. Mayor Kammeraad appointed as such delegates: Alds. Brieve and Slag.
