All Prospective County Officers File Petitions

IT APPEARS THAT THERE WILL BE A BATTLE ROYAL, ESPECIALLY FOR SHERIFF AND TREASURER

Concrete Connelly Surprises His Friends by Refusing to Run for State Senator

All prospective candidates, for county offices on both the Republican and Democratic tickets have filed their petitions and from all appearances there will be a battle royal, at least in the field, with four candidates for sheriff, three for treasurer, three for judge of probate, one from Holland, and Judge of Probate also three candidates, two from Holland, one from Grand Haven.

Wm. Connelly who has many friends in Ottawa county, who was expected to run for state senator declined to do so when friends urged him to run.

Fred F. McEachern of Hudsonville as state representative will enter the race with no opponents on either ticket.

The probate office is sought by three Republicans, Judge James J. Danhof, now holding the office and Gerrit W. Kooyers of Holland, and Charles K. Van Duren also of Holland. James Chittick of Conklin is on the Democratic ticket.

The treasurership is a much sought one by the incumbent, John H. DenHerder, opposed by Peter G. Ryeenga and Joshua C. Lehman of Grand Haven and Richard Overway of Holland. Harry Kramer of Holland is on the Democratic ticket.

The sheriff's office has the same number endeavoring to land on the Republican side. They are Benjamin Rosema of Ferrysburg, William Kooyers of Zeeland, Archie Van Der Wal of Holland, and Cornelius Steketee of Holland in the race. Fred Kamferbeek of Holland, present sheriff, is asking for a third term on the Democratic ticket.

Clerk, register and prosecutor have no primary opponents on the Republican ticket but all will face a Democrat in the election.

William Wilds will be opposed for clerk by Anthony Boomgaard, both of Grand Haven. Frank Botje, register of deeds, Grand Haven, will be opposed by George Hubbard of Georgetown.

Prosecutor Clarence A. Lokker, Republican, of Holland is opposed by Charles E. Misner, Democrat, of Grand Haven.

The other Republican candidates are: Coroner, Gilbert Vanderwater; Holland; Henry J. Boer, Grand Haven; Louis Van Alstburg, Coopersville; and Covert Van Zantwick, Grand Haven; circuit court commissioner, Daniel F. Pagselen; drain commissioner, Henry Sierma; surveyor, Carl Bowen.

On the Democratic ticket the candidates are: Coroner, Dr. C. E. Long, Grand Haven, and Henry C. Poppen, Holland; circuit court commissioner, William O. Van Eyke, Holland; drain commissioner, Nicholas Hoffman, Holland; surveyor, Hussien Rukieh, Grand Haven.

Relative to Mr. Connelly's withdrawal, the Grand Haven Tribune says:—"In state circles one of the surprises was the withdrawal of William M. Connelly from the race for state senator, when J. Roy Davidson of Muskegon county, supervisor, and Gordon F. Van Eenennaam, formerly of Zeeland, attorney, now of Muskegon, were the Republicans to file their petitions with the secretary of state at Lansing. Mr. Connelly is relieved personally at not having to make the sacrifice at the urging of local men he consented to give his ex-

ONE SUCCESSFUL PULLET RAISER AT BEAVERDAM

Thomas Vander Meer, who resides with his parents, Mr. and Mrs. S. Vander Meer, one mile south of Beaverdam crossing, has experienced some very good results from raising pullets this year, totaling about 4600 in all. Early last spring he raised a lot of 2000 and a little later a lot of 2600. Of these pullets he has just sold a six-hundred flock to Jasper Bos, a neighbor, among the finest pullets in this section of the state, all of them one age and of uniform size. Mr. Vander Meer has an up-to-date chicken house and equipment for this work and his success is the result of persistent and consistent effort.

BOY IS INJURED BY HORSE'S KICK

Nathan Roelofs, son of Mr. and Mrs. Bert D. Roelofs, Zeeland, seven years of age, received a large gash in his forehead when he was kicked by a horse. He was rushed to the Huizinga Memorial Hospital where his wound was closed with several stitches and given other aid. By Tuesday he had sufficiently recovered to return to his home.

The accident occurred while Nathan was driving the horses from pasture to the stable. It is supposed that the boy became impatient with the progress of the animals and struck one of them with a switch, when it retaliated with a kick.

The list of faculty members for the Coopersville school has been completed. Four of the eleven teachers will be strangers. The list includes: Charles D. Veldhuis, superintendent; Elwyn R. Dell, principal.

212 prisoners have been confined in the Allegan jail the past year, of whom only four were women, according to a report just filed by Sheriff Ben Lugten with the secretary of state. At the close of the fiscal year, seven were in jail, the same number that opened the year. Sheriff Lugten has served two terms and is seeking re-election, running against eight candidates.

periened services again if affairs were so shaped that he only had to give up his time this winter. But while Senator Martin had two terms without Ottawa opposition the Muskegon entries refused to withdraw and Mr. Connelly refused to undertake a campaign in his busy season."

Petting Goes On All Night Long At Oval

FLAMING YOUTH RACE CARS TO GET INSIDE BEFORE CHAINS ARE LOCKED

FIFTY CARS COUNTED LEAVING IN EARLY MORNING

The Grand Haven Tribune, in its issue of Monday, pictured a condition at the Highland Park Oval that is anything but reassuring when it comes to young couples. It appears that scores of them are parking in the Oval all night, a thing that decent folks will not do or tolerate. We believe that the Tribune could put a stop to this condition should it continue. We would suggest to send the "cub" reporter over after midnight, take the number of the cars parked, "tack" on the name of the car owner, and list these in the Tribune columns under the caption "All Night Oval Resorters." Co-operation with the police or sheriff's department would give the desired information since these departments have the numbers of all Michigan licensed cars and names of owners. Just one evening's publicity and Brother Church would see a clean Oval. We believe it worth trying, anyway. The Tribune prints the following on the Oval all night petting parties:

"Closing the Oval at midnight during the summer season to prevent lawlessness seems to be defeating its purpose according to Bernard Reghel, proprietor of the Oval Apartment, who has had ample proof he says that the park is becoming a center of serious conditions.

"He stated that every night just before the chains are put up and the lights are turned off, car after car makes for the Oval and there they stay unmolested during the remainder of the night. He counted 50 cars leaving the Oval one morning just after 7:00 a. m. when the chains were unlocked.

"Other residents of that section say that parking on Emmet and Prospect streets all during the night is becoming a nuisance as many of the parties scheduled for the Oval fail to get there on time so they resort to these streets. Coasting down the long grades putting on brakes near the foot of the hills creates noise that makes sleep impossible.

"There are three state officers at the Oval during the day to keep order and supervise the park. At midnight the lights go off and the officers are off duty. Then it is that the trouble begins.

"One driver attempted recently to get out before opening time. He got his car in line and rammed the chains, broke them and got away.

"Another youth went to the caretaker with tears in his eyes about 5:00 a. m. saying if he did not get out of the park and into Grand Rapids by 7:00 a. m. he would lose his job. Then asked where the young lady who was with him was, he said she had gone home during the early evening. The caretaker let him out, but at Harbor avenue, he saw the young lady in question get into the car, preferring to walk over the sands to that point rather than go out with her escort through the gateway.

"Other instances are cited of depredations going on nightly. The city officers have no jurisdiction at the state park nor can they or the state police get in after midnight. Mr. Reghel says he will take the matter up with the state authorities and acquaint them with the real conditions which have grown worse, rather than better, through isolating that portion of the beach where all night petting parties are now the rule."

OTTAWA OIL CO. STOPS WORK ON SECOND WELL

Operations on the Ottawa Development Company's second trial well at Waverly have ceased since the shooting Monday failed to produce oil in paying quantities. Disappointment is expressed by owners of the well.

Over last night, three barrels of oil collected in the standpipe through seepage. However, this is not enough to warrant attempts at pumping paying quantities from the well. Holland officials are certain that they are approaching an oil pool in this vicinity and expect to continue drilling new trial wells. There were at least 300 automobiles parked near the well when the shooting took place. The earth trembled when the charge let go and a cloud of oil and water issued from beneath the derrick.

Hold Freight Until Crossings Are Fixed Up

EIGHTH STREET IS TO BE
PAVED WITH ASPHALT. BIDS
IN AUGUST 15

Common Council Buys an 80 Acre Cemetery Site for \$25,000

Apparently the old fair grounds will never be purchased as a cemetery and the chance of moving it north of Holland on U. S. 31 has gone glimmering, at least for a time.

The common council Ways and Means committee reports that it has purchased the property on east 16th Street comprising 80 acres for \$25,000 which is \$300 an acre. The purchase was sanctioned by the park and cemetery board, and consists of land owned by Wm. Vandenberg, Peter Mellem and Fred Hieftje. The committee made thorough work ascertaining how the land could be drained and in a letter David Nicol, of the State Drain Department, says that the land is ideal for cemetery purposes with plenty of chance to do landscape gardening. A lagoon can also be built in the lowland as well as sunken gardens. The State department has approved the purchase in every way.

Rather a unique way to make a railroad come to time, was brought out at Wednesday's meeting of the common council, when City Clerk Peterson and City Attorney McBride pointed out that every effort had been made to have the Pere Marquette replace where the railroad crosses at street intersections. The laying of higher tracks have made the crossings hard going for automobiles. Repeated requests brought no response and the aldermen have gone on record to pay no more freight bills until these crossings are fixed. City Clerk now has a check for \$1380 payable to the road, but it will be held up until the crossings are fixed.

Eight street is to be paved with asphalt. This was unanimously decided by the common council. The brick will be taken out and an entire new street put down, which is less noisy, easy to resurface or repair. There were no citizens present, however there was considerable discussion among the aldermen, especially on the payment.

A motion was made by Alderman Kleis, supported by Alderman Brieve, that the city bear the entire expense and the property owners pay none of it. This brought much opposition as most of the aldermen felt that the original plan of 75% by the city and 25% by the property owners should stand. When the Kleis motion was voted on it was lost, those voting for it were Kleis, Brieve, Steffens, and Vandewater. Those voting against were Westing, Woltman, Vanden Berg, McLean, Postma, Yonkman, Hyma and Scholten. The motion was then put to stand by the original assessment of 75% and 25% and was carried unanimously. Bids on the street are to be in by August 15.

SCHOOL OF THEOLOGY AT PINE LODGE, AUG. 1 TO 15

The first summer school in theology will be held at Pine Lodge from August 1 to 15. If this term proves successful, plans will be laid for expansion along more ambitious lines in the coming years with teachers from other centers. Indications are that a sufficient number of students will be enrolled to warrant the opening of the school.

The courses and instructors will be as follows: "Intellectual Awakening of Europe," Rev. S. C. Nettings of Western Theological seminary; "The Great Prophets," Rev. Albertus Pieters, also of Western seminary in Japan; "Religious Education and Christianity," Rev. John E. Kuizenga, president of Western seminary; "Sunday Administration," Wynand Wichers, cashier of First State bank and formerly head of the department of history at Hope college; "Early Adolescence," Rev. John E. Kuizenga.

The first three courses will be held daily, from 9 to 12 in the morning, and the other courses will be arranged to accommodate students. The last two courses are primarily for Sunday school teachers, who will be accredited toward international teachers' certificates. Other courses will be given full credit toward degree work.

CENTRAL PARK

"Gaining the Whole World—A Question of Profit" will be the sermon subject of the Rev. F. J. Van Dyk at the Central Park Reformed Church next Sunday morning. The choir under the direction of Mr. Ralph Van Lente will sing the anthem "O Come Let Us Sing" by C. B. Adams. At the evening service the minister will preach on "Job's Comforters."

Last Monday evening the Quarterly meeting of the Adult Bible Class of the Central Park church was held in the church parlors. The president, Mr. Tom Rosen-dahl, conducted the business session and after a pleasing musical program by a group of girls, the minister introduced Rev. B. Rottschaefer of India who is in charge of the Religio-Industrial Institute of the Arcot Mission. Mr. Rottschaefer first labored in India as an evangelistic missionary, but his ability and training soon caused him to be drawn to the more physical branches of mission work, which in India are considered to be of much importance, owing to the economic circumstances of most of the natives.

Mr. Rottschaefer, whose headquarters are at Katpadi, where he has managed the industrial institute since 1916, during recent years has supervised the construction of about 40 buildings for the Reformed and other denomination's missions. During his tenure as manager the institution has developed into a sizeable factory whose chief product is furniture. Much of the institute's product has been sent to customers in other lands—Arabia, Mesopotamia, England and even to the United States. The school's chief purpose, however, is the training of boys to become artisans in the various crafts, including blacksmithing, tailoring, woodworking and others. Among native Christians and mission enthusiasts the school is credited with playing an important part in meeting a great problem of the Christian church in India; namely, the building of a self-supporting, self-respecting, indigenous church.

Dr. J. E. Kuizenga conducted the services at the Central Park Reformed Chapel last Sunday. Rev. Foster, a missionary from Africa, who is resorting at the Park will conduct the service next Sunday and the Cotton Blossom Singers of Piney Woods, Mississippi will have full charge of the evening service. Mrs. B. Hakken of Arabia will speak at the Quarterly meeting of the Ladies Missionary Society of the Central Park church Friday afternoon. Mrs. H. Teusink and Mrs. J. H. De Pree will be the hostesses.

Mr. G. Hesselink of Grand Rapids is here with his family. Mr. and Mrs. Van Velden remain at the park all year. Mr. and Mrs. Haan live at Central Park the year round, and have done so for several seasons. The Van der Schel's cottage was rented to Chicago people for one week.

Mr. and Mrs. J. Van Zoren have come to Central Park for the summer. Mr. and Mrs. J. Joldersma and family have rented the cottage of Rev. F. J. Van Dyke for two months.

LOCAL BOYS RETURN FROM WESTERN TRIP

Roger Leestma and Jack Moore of this city and Bill Smith of Fruitport returned Friday night from a 5,000 mile automobile trip through Colorado, Wyoming, Montana and other western states. The trip was made in a secondhand machine Leestma purchased some time ago for less than \$50. The boys report 93 flat tires with 15 punctures in one day, but the motor stood up well. They slept several nights on the prairies.

While the boys had a gay time, they also report several thrilling experiences. They started their trip three weeks ago through a dense fog to Chicago, hit the snowbanks 10,700 feet above the sea level at Sylvan Pass, passed through a cyclone in Wyoming, which ripped the top off their machine, rode through mud up to the hubs, went down a 5,000-foot grade at 65 to 75 miles an hour, and were lost for several hours in Wyoming before they struck the right road.

Once the top of their machine caught fire and it was partly burned. The boys were chased by a sheriff in Montana for a distance of 75 miles before they were apprehended. They were wanted on the charge of an error in the signing of their traveler's checks, but they were released without the payment of fines.

ANOTHER FIRE AT OTTAWA BEACH SUNDAY

FLAMES RAZE COTTAGE OF CHESTER IDEMA OF GRAND RAPIDS

The fire jinx, which for several seasons has made huge inroads on resort property at Ottawa Beach and Macatawa Park, again asserted itself at the former place early Sunday night in a blaze which razed the cottage owned by Chester Idema, Grand Rapids, situated in the center of a clump of resort homes on the lower walk.

According to members of the J. B. Howard family, also of Grand Rapids, and who owns a cottage several doors from the Idema summer home, the Idema family was sitting on the front porch when passersby notified them that smoke was belching from rear windows. When they investigated the kitchen was aflame.

A call was put in for the Holland fire department and Chief Blow rushed a crew and one of the pumpers over and the firemen, with the assistance of neighbors, confined the flames to the single structure. A cottage owned by William S. Banks, Grand Rapids, secretary-treasurer of the Hart Mirror Plate company, which adjoins the Idema place, was scorched when the wind fanned flames in that direction, but a constant stream of water from the Holland fire pumper saved it from further damage.

The greater part of the contents of the Idema cottage was carried to safety by volunteer helpers from the Sunday crowd which was attracted by the blaze. The origin of the fire, although not definitely ascertained, is believed to have been the oil stove in the kitchen.

Mr. Idema is advertising manager of the Grand Rapids Store Equipment company and is said to have only recently purchased the cottage.

Unusual games were played, among which was a towel sewing contest, the prize being won by Mrs. Wm. Klaassen, whose towel was sewed the neatest. The contest of pinning a heart on the bride was won by Mrs. Jack Nieboer. While the bride-to-be sat in a prettily decorated doorway with a large heart hanging above her, a little tot, Myra Dean Wiersma pulled in a pretty wagon of gifts for her, after which the large heart above was opened and Miss Knoll was showered with hearts and confetti. A prize was also offered for the one who guessed the number of small hearts in the large one. This prize was given to Mrs. Harry Vander Ploeg. A dainty two-course luncheon was served. Miss Knoll received many beautiful and useful gifts. Those present were: Miss Josephine Knoll, Mrs. John Knoll, Jr., Mrs. John W. Knoll, Misses De and Dorothy Knoll, Mrs. Wm. Klaassen, Miss Ada Klaassen, Mrs. Wm. Van Lier, Miss Cora Van Lier, Mrs. H. C. Bontekoe, Mrs. A. Vander Ploeg, Miss Evelyn Knoll, Miss Harriet Klie, Mrs. John Knoll, Sr., Mrs. H. Ridder, Mrs. J. MRS. ARENS PASSES AWAY MONDAY MORNING

Mrs. Henrikus Arens of 176 West 17th street, was found dead in bed Monday morning by her husband. She retired about 12 o'clock the previous night apparently in good health although she suffered two epileptic spells yesterday which she had been subject to for several years, but the attacks had been less frequent or intense of late years.

Mrs. Arens was 29 years old at the time of her death. She was Miss Christine Zagers before her marriage. She is survived by her parents, Mr. and Mrs. Gerrit Zagers of Graafschap, her husband, and one son, Robert Dick, also by two sisters, Mrs. Jack Othoff of Saginaw and Miss Geraldine Zagers, at home, and one brother, Dr. Edward Zagers, a dentist of Chicago.

Mrs. Arens was born and reared in Holland and is well-known in this community. She was a member of the Fourteenth Street Christian Reformed church. Funeral services were held at the home Thursday afternoon, with Rev. H. Keegstra, pastor of the Sixteenth Street church in charge, due to the absence of the pastor of the church where she worshipped.

The park association has purchased the Riemersma and Yntema property, of one and a half acres of ground, on the Zealand road in the vicinity of the Holland Country Club. John Buys of Grand Rapids was here to help close the deal. A. W. Dorgan of Birmingham, Mich., is preparing a plat and making plans for landscaping and beautifying the grounds.

Miss Helen Klopman of this city was a Grand Rapids visitor last Friday.

Two cars were damaged last Friday evening when one driven by John De Jong of route 3 and a Mrs. Ortmeier of Chicago collided at the corner of 17th street and Van Raalte avenue. A parked truck was partly to blame, according to the police report.

SPRING LAKE PLANS CHARTER

ELECTION WAS QUIET, 57 CASTING VOTES

Spring Lake is to have a new charter as decided at a general election last week by a small majority of seve. The total vote was 57, with 32 for a change and 25 against it.

The election was a quiet one, few knowing of its approach. The village has been operating on an old charter since 1847, one of the limited power and inadequate for conditions of today.

One of the most needed restrictions nowadays is a zoning ordinance. An oil station would have been erected in one of the most desirable residential sections recently had not the developer, William M. Connelly, placed building restrictions on it when he platted the section.

The city council will appoint five men as commissioners to draw up a new charter, which must be approved by the Governor. This will then be published and submitted later to the people at a general election. It will be fully a year before the village will be ready to even consider the various changes contemplated, said one of the councilmen.

HOLLAND PASTOR TO BE INSTALLED BY HIS BROTHER

Rev. H. Bouma of Paterson, N. J., who recently accepted a call to the pastorate of Fourteenth Street Christian Reformed church in this city, will be formally installed Sunday morning, July 29.

The service will be in charge of his brother, Rev. Clarence Bouma, professor of ethics and apologetics in Calvin seminary, Grand Rapids, and will be assisted by Rev. H. Keegstra of Holland, president of general synod of the Christian Reformed Church in America. Rev. Bouma will preach his inaugural sermon at the evening service July 29.

Mr. Bouma has been in the ministry 13 years with his first charge the First Presbyterian church at Fairgrove, which he served for three years. He later took postgraduate work at Princeton seminary for one year. He became pastor of First Reformed church at Paterson, N. J., and since 1922 has served Bethel church in the same city.

SEA SCOUTS MET EXPLORERS

HOLLAND SEA SCOUTS WERE IN SAUGATUCK MONDAY, AS GUESTS OF THE BORDEN EXPEDITION

The Holland Sea Scouts left Holland late Monday afternoon in three of their boats, the Paul P. Harris, Sea Gull and Tern, which were under the direction of Skipper Hyma and Mates Vos and Ash. They arrived at Saugatuck in time to register with the schooners Idler and Faun, flag ships of the cruise.

The Jackson Park Yacht Club held boat races and regatta, saw a movie of the Borden expedition when animals for the Lincoln Park Zoo of Chicago were gotten. Sea Scouts of Chicago, including six that were members of the party of the Borden arctic expedition.

On Tuesday boat races between the Holland and Chicago scouts, swimming races and a big boat parade were features of the day.

Mr. and Mrs. A. C. Joldersma and son motored to Grand Haven Friday to spend the afternoon with friends.

Game warden Kuite has received complaints that motorboat racing on Black Lake is disturbing the fishing there. Mr. Kuite has received a ruling from the federal department that the law limits motor boats to eight miles an hour on Black Lake. While the local officer is not planning to be harsh or arbitrary in the enforcement of this law, he cautions motor boat owners that they are expected to take the fishermen into consideration and to conduct themselves accordingly and not make the lake a speedway.

G. O. P. is Now Celebrating Its 74th Birthday

FEW CANDIDATES ON OTHER TICKETS HAVE WON SUCCESS DURING THIS PERIOD

Born in Jackson, Mich., the Republican party was 74 years old last week. Its birthday anniversary was Friday, July 6. During the three score and 14 years of its existence it has carried the State at every presidential election, save 1912, yet that year it was a bolting faction, the Roosevelt Progressives, and not the Democrats, that obtained the presidential electors. And, during this 74-year period it has won at every biennial state election with one exception, in 1890, when the Democrats elected their entire state ticket. Three times since 1854 the opposition elected their candidates for Governor, but none of the rest of the state ticket—Josiah Greenbacker, endorsed by the Democrats, in 1892, and Woodbridge N. Ferris, in 1912 and 1914. Once they elected a United States Senator, Ferris, in 1922, and during the eighties majorities were returned at a few April elections for Democratic Greenbacker fusion candidates for Justices of the Supreme Court and the Regents of the University of Michigan.

During the several months immediately preceding the mass convention in an oak grove at Jackson, when the first Republican party platform was adopted and a state ticket nominated, there were, says Prof. William Starr Myers, of Princeton University, in his "History of the Republican Party," a number of other local movements of more or less importance by anti-slavery men for the organization of a new party, but the step usually ascribed by historical judgment as being the actual beginning of the Republican party was taken at Jackson, Mich., July 6, 1854. Pretty good authority that Jackson was the party's birthplace.

YOUTH REPORTS 3,000 MILE TRIP COST HIM \$10

Traveling 3,000 miles in eight days at a cost of \$10 is the record claimed by Earl Marshall, 16, son of Harry Marshall, Grand Rapids. Marshall was in El Centro in the Imperial valley of California when he decided to hitch-hike home. Long rides with motorists enabled him to make such fast time, although he also spent time riding the freight trains. One motorist took him more than 500 miles, while another carried him from Dallas, Texas to Oklahoma City, Okla. Considerable time was lost, the youth says, through bandit-shy drivers refusing to stop.

BICYCLES ARE COMMON IN NETHERLANDS TODAY

Bicycles are more frequent in the Netherlands than automobiles in the United States. There is a "rijwiel" or bike, to every 2½ inhabitants. In a university town like Leyden virtually every student, male or female, owns a wheel. The great popularity of the bicycle is attributable to the fact that there are practically no hills in Holland. The uniformity level country offers every inducement to save car fare by pedaling one's way. The importance of the bicycle is recognized by the authorities in that they provide separate "rijwielpaden" or bicycle roads running parallel to the automobile and horse-drawn vehicle roads. The pedestrian in Holland must take far greater care not to be run over by a bicycle than by an automobile, although the auto also is very popular.

Mr. Washburn was well known in Holland.

MISSUS MULDER AND ROSS HAVING INTERESTING TRIP

The Misses Jeannette Mulder and Metta Ross are on an auto trip in Canada and are taking in a number of resorts around Georgian bay. They have visited Owen Sound and a large number of beauty spots near there. Among them were Ingalls Falls, Indian Falls, Jones Falls, King's Royal Park and many other of the beauty places in that section. They report some wonderful fishing at Shepherd's lake, Mountain lake, Gold lake, Presque Isle, Lake Francis, etc. They are leaving that section now for Penetanguishene, Ontario, Canada, where they expect to stay for some time. This is about 75 miles from Owen Sound and one of the most wonderful resorts on Georgian bay. From there they will take trips to Barry Sound through the back channel of Georgian bay and other places of interest. They expect to be back about August first.

DIEKEMA A COLORFUL MAN BUT GAZETTE EXPLAINS

Allegan Gazette. Do you know what a "colorful" man is? We see by the papers that Al. Smith, Senator Vandenberg, Chase S. Osborn, Boss Brennan of Chicago, Gov. Green, Lindberg, Prince Carol, Gerrit J. Diekema, and Harry K. Thaw are all "colorful." Inasmuch as these gentlemen are not all of exactly the same kind, readers are likely to be somewhat mystified as to what they have in common. Then, almost anything that happens nowadays is "hedge" "One might think that this means something pretty hot, pretty strenuous, or pretty wicked; but in fact the word means habitual, constitutional; specially, slow waste of animal tissue as in consumption. There is plenty more of such misuse of words due either to the ignorance or carelessness of newspaper writers. It's enough to exasperate an eighth-grade pupil.

TWO HELD FOR TRIAL ON ALLEGAN RUM CHARGES

Frank Bush, 22, and Leland Herring, 20, two young men arrested by Deputy Sheriff Ed Wood of Pullman at Upper Scott Lake near Pullman, Allegan County, for possession and transportation of liquor, were arraigned Wednesday before Justice Fidus E. Fish. They waived examination and were bound over to circuit court under bail of \$1,000 each, which they were unable to furnish. The youths had 11 pints of liquor in their car.

ORRIS SLUITER SAYS THERE ARE MORE BANKRUPTCIES

Nearly 100 more bankruptcies were closed in United States district court during the fiscal year ending June 30 than the previous year, according to figures compiled for record by Clerk Orris J. Sluiter formerly of Ottawa county, while new petitions filed also showed an increase, although not as great. The records disclose that 288 cases were filed and 48 closed during the year ending June 30, 1927 and that 307 were filed and 345 closed in the year just ended. The overlap in the latter figures was caused by cases filed in 1927, but completed in the 1928 fiscal year.

Plan Calendar Change in 1933

TENTATIVE DATE FIXED BY SIMPLIFICATION GROUP

The National Committee on Calendar Simplification, at Washington, at its first meeting early in the week tentatively fixed 1933 as the logical date for universal adoption of a 13-month calendar. The committee appointed at the League of Nations request, met here to work out technical details of calendar simplification along this line.

George Eastman, wealthy Rochester, N. Y., manufacturer, headed the committee. He took up the cudgels for a 13-month year after Moses Cotsworth, its originator, exhausted his private fortune in efforts to make it effective. The 13 months would account for 364 days in the year. The 365th day would be figured as December 29 and would be called year day. Leap day, February 29, would be inserted as June 29 every fourth year. All national holidays would be celebrated on Mondays.

STATE GETS ROW BOAT AND FISH ON JOHN DOE WARRANT

The department of conservation at Lansing has a sufficient quantity of jack lights on hand to outfit an old-fashioned medicine show. The equipment was seized in raids made on individuals who chose to use the light in spearing fish. One more piece of equipment on hand is a row boat that was taken recently. It reposes at the rear of the state office building, far from the element for which it was intended. The craft was riding on a trailer of an automobile the occupants of which officers had every reason to believe had been breaking the fish laws. In the pursuit, the trailer parted company with the car and the high-powered automobile speeded on. In the boat several black bass were found. The boat was taken on a John Doe warrant.

Bell Telephone Company Booms Western Michigan

TELLS IN ITS ADVERTISING MATTER OF THE BEAUTIES OF OUR RESORTS

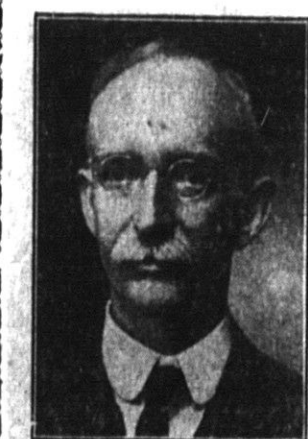

First of a series of advertisements in which the Michigan Bell Telephone Company calls attention to the advantages of Michigan as a vacation land, appears in this issue of the Holland City News. The second is scheduled for publication a week from today and others will appear during the remainder of July and the first part of August.

The series is being published in more than 250 newspapers throughout Michigan. According to C. E. Ripley, manager in this area for the Michigan Bell Company, it is felt that no part of the continent offers so many advantages to the tourist and vacationist as does Michigan, with its excellent highways, myriad lakes and rivers, vast stretches of forests, hundreds of miles of coast line, unequalled opportunity for summer sports, its well equipped camp sites and its hotels, and its wonderful climate.

The first announcement is illustrated with an outline map of the Upper Peninsula, popularly known as Cloverland, showing the principal cities. Following announcements will carry similar maps advertising sections of the Lower Peninsula. The announcements also show long distance telephone rates to the principal cities of the section advertised, from each city in which the advertisement is published.

This advertising, Mr. Ripley says, is in line with other activity conducted by the Michigan Bell Company designed to create a better knowledge of the state and its cities. During the past year, the telephone company has been showing a series of window displays in downtown Detroit, advertising the principal cities of the state and calling attention to their manufacturing and other advantages. These displays, which have been viewed by thousands of person daily, have been assembled in cooperation with the local telephone managers and the chambers of commerce of the cities benefiting from the publicity.

A dog's head sent to Ann Arbor from Ottawa county by the State Police for examination about May 25 developed a negative report for rabies. Monday morning a second letter was received from that department saying the guinea pig inoculated from the dog had developed the disease. This extra check is an interesting development and shows the danger from a sick dog.

James J. Danhof,

Judge of Probate, for Ottawa County, for the past twelve years is a candidate for re-nomination, to succeed himself at the Republican Primaries on Sept. 4, 1928.

He is thankful for the confidence that the public have placed in him and if re-elected will continue to serve the people, as in the past to the best of his ability. Your support will be highly appreciated.

MORE SCOWS REQUIRED BY GRAVEL PLANT

Increased business is necessitating the addition of four new scows which are being built at the yards owned by the Construction Materials Co. on Grand River. The scows are big, 130 by 36 by 7½ feet, carrying 800 cubic yards of gravel.

They will give the company a fleet of 12 scows of about like capacity. Two of them are being equipped with conveyors to be used at the pit where they will take surface gravel for street use.

The Andaste is tied for a few days to have the hoppers taken out to handle more tonnage. Heavy shipments are being taken regularly to Milwaukee where much of the gravel is being used in government construction of large caissons for pier and breakwater work.

These are later floated across the lake and will be used at Muskegon in the breakwater to be built there. Also several big state highway contracts have been making good business for the local plant.

At present there are 12 men employed at the pit at Bass river, 45 in the ship yards and 30 at the plant, which is greatly in excess of the number employed a year ago. There are also four tugs with a crew of four men each.

NOTICE OF PENDENCY OF PETITION TO DISCONTINUE A HIGHWAY ADJACENT TO LAKE MICHIGAN

To Whom It May Concern:

Notice is hereby given that a petition has been filed with the Clerk of Circuit Court of the County of Ottawa by George F. Getz and others praying for permission to discontinue a highway adjacent to Lake Michigan in Park Township, Ottawa County, Michigan, described as follows: "All that part of the highway known as Lakewood Boulevard located on the East and West Quarter lines of Section 21, Town 5, North Range 15 West, lying west of the West line of a highway known as the Tennessee Beach Road located on the North and South Quarter line of said Section 21." and that an application founded upon said petition will be made to said Court on the 13th day of August, 1928, at five o'clock in the afternoon of that day, at the Court House in the City of Grand Haven in said county of Ottawa, for an order permitting the discontinuance of said highway hereinafter described at which time any person may appear and oppose the same.

The reasons for the discontinuance of said highway are that it is a dead end highway and has no use except for park and parking purposes, for which it is too narrow and furthermore it is a dangerous place because of many children crossing same to visit zoo adjacent thereto.
