Many Holland Men Seek Ottawa County Office

HAS THREE SHERIFF CANDIDATES, TWO CORONERS, A COUPLE OF TREASURERS, ETC.

It Appears That There Will Be a Battle Royal in Practically Every Department

Tuesday at 5 o'clock was the last hour of grace when nominating petitions for county office could be filed with County Clerk William Wilde for candidates who are to try conclusions in the September primaries. Many petitions have been filed and as usual the Democrats have no opposition among themselves and the name of one candidate for each office has been filed. It appears that the small office of Coroner is to bring about a real battle. Gilbert Vandewater, now coroner, with Dykstra undertaking parlors and Peter Notter of Nibbelink-Notter are to battle for the place of coroner in South Ottawa.

In North Ottawa the situation for coroner is still more complicated since there are three candidates in the field, two from Grand Haven and one from Spring Lake as the list below will show.

Holland has all the sheriff candidates and old political enemies will meet again. Cornelius Stokette, for 20 years on the Holland police force, is asking for a second term. His old opponent, Fred Kiefer, who has been sheriff since 1915, is again seeking the office of sheriff.

It is rather a coincidence that Frank Van Etta, brother-in-law of Candidate Kamferbeck, is to oppose Sheriff Stokette. Should he be the successful candidate on the Republican ticket he would have to oppose his relative and should that occur we hope there will be no trouble in the family.

The real battle ground in the primaries is to be for Drain Commissioner with five candidates in the field from different parts of the county. When Henry Siernsman announced his withdrawal drain commissioner candidates buzzed about like bees and they will continue to buzz until after September.

There is liable to be a pretty scrap for the office of Prosecuting Attorney. Holland has two candidates in the field, namely Clarence Lokker, who holds the office at present and Carl Hoffman who hung out his shingle in Holland a little over a year ago, coming from Allegan, Michigan. Zealand also has a candidate in Attorney John R. Dethmers.

Treasurer, too, is an office much sought after. John Den Herder, formerly of Holland, but for 15 years a resident of Grand Haven, in Joshua C. Lehman, well known in Ottawa County's Sunday School Association work, also of Grand Haven, and John Henry Van Lente, a popular Holland man, are the three candidates.

William C. Wilds, County Clerk, and Frank Bottje, Register of Deeds, both very popular and able men, have no opposition on the Republican ticket.

Judge J. J. Danhof, of the Probate Court, who has made an exceptional Probate Judge, holds over for two years more.

Fred McEachron, state representative, and Senator Gordon Van Eenennaam of Zeeland and Muskegon and Congressman Carl Mapes have no opposition on the Republican legislative ticket.

The petitions filed for Democratic candidates are as follows: Charles E. Misner, Grand Haven, prosecuting attorney; John Karreman, Holland, county treasurer; Floyd Lowing, Georgetown, county surveyor; George Christman, Spring Lake, register of deeds; Dr. Charles E. Long, Grand Haven, coroner; Dick F. Boonstra, Zealand, state representative; William O. Van Eyck, Holland, circuit court commissioner; Ferdinand Moll, Grand Haven, county clerk; James Chittick, Chester, drain commissioner; Fred Kamferbeck, Holland, sheriff.

The petitions for Republican candidates for office which will be on file are the following: William Wilds, Grand Haven, county clerk; Fred F. McEachron, Hudsonville, state representative; Cornelius Stokette, Grand Haven, sheriff; Daniel F. Pagelsen, Grand Haven, circuit court commissioner; Joshua C. Lehman, Grand Haven, county treasurer; George C. Bork, Grand Haven township, drain commissioner. Other drain commissioner candidates are Paul Schilleman, Holland; Adolph Siekman, Zealand town; Elmer Christler, Jensen; Wm. Havink, Blendon, Frank Van Etta, Holland, sheriff; Gilbert Vandewater, Grand Haven, Peter Notter, Holland, Henry Boer, Grand Haven, Gerard A. Ringold, Spring Lake, coroners; John Den Herder, Grand Haven, and John Henry Van Lente, Holland, county treasurer; Clarence Lokker, Holland, prosecuting attorney; Carl E. Hoffman, prosecutor; John R. Dethmers, prosecutor, Zealand.

LOCAL BOY IS PAROLED FROM IONIA REFORMATORY

The parole board of Ionia Reformatory have permitted Melvin Brunett, 18, to rush to the bedside of his mother, Mrs. E. J. Brunett, who was taken to the Holland hospital in a very serious condition Wednesday evening.

The youth was released after a special hearing in the office of Richard W. Nebel, commissioner of paroles and pardons. Brunett was convicted at Holland last October on a charge of breaking and entering and sentenced from one to 15 years. His minimum sentence, less good time, would have expired next August 16.

ENDS SATURDAY EVENING

Du Meez Bros. Blue Tag Sale with its sweeping reduction in dry goods and women's wearing apparel ends this week Saturday evening. Only two days left in this bargain fest.

AT LEAST 500 MAIL CARRIERS REGISTER

According to the last registration report from the Masonic Temple where the Michigan Rural Mail Carriers have been meeting there was a registration of well over 500. At the banquet held Wednesday night—the crowning feature of the convention—there were covers laid for exactly 437 guests and every place was occupied. The banquet lasted from 6:00 until 11:00 o'clock.

MAY ELECT A NEW HOPE PRESIDENT

The board of trustees of Hope college will meet in special session Aug. 6. The tentative reason will be to consider the election of a president to succeed Dr. Edward D. Dimmett, who placed his resignation in the hands of the board at the June session.

SIXTH REFORMED CHURCH AUXILIARY TAKES AN OUTING

The Ladies' Auxiliary of the Sixth Reformed Church of Lincoln Avenue held an outing at the Oval at Ottawa Beach Tuesday night. Leaving the church at six o'clock they sat down to a bounteous meal at the park and after that spent the evening in games and contests of various kinds. There were in all sixty-four present. Mrs. Ruth Edging is president of this organization.

ALREADY ELECTED

CONG. CARL MAPES

Congressman Carl Mapes was in Holland yesterday calling on his friends here. Carl doesn't have to do much campaigning since he is already elected. No petitions were filed besides his by Republicans and the Democrats left their ticket blank—therefore he is unopposed—which speaks rather well for our friend Carl.

STARTING FOR HOLLAND RESORTS, LADY IS BADLY INJURED

While on her way Tuesday morning with three other ladies bent on a pleasant day at Black Lake and Lake Michigan, Mrs. Oudemolen met with an automobile accident and was rather painfully injured when the car in which she was riding turned turtle.

The party was made up of Mrs. Oudemolen, Mrs. Sam Kolk, Mrs. Hilbert Kolk and Miss Fanny Kolk, all of New Groningen. The accident happened at the Schuyler home-stand just off the main Holland-Zeeland highway, a short distance from the Kolk home. The women had just started from the Kolk home at New Groningen and while making the turn in the road Mrs. Hilbert Kolk, who was driving, lost control of the car and it suddenly swerved across the pavement into the front yard of the Arie Schaap place and upset.

Mrs. Oudemolen who was found under the car was rendered unconscious and was severely injured, but she soon regained consciousness and was given aid. The others were all badly bruised and shaken, although not seriously injured. The roadster in which they were riding was very badly damaged.

It goes without saying that the trip to the lake was postponed until the injured recover from their hurts.

HOLLAND MAN INTERESTED IN TRANSPORTATION CO.

J. A. Johnson, for many years connected with the Graham and Morton and later with the Goodrich Transit Co., who recently resigned his position here as local freight and passenger agent, has purchased what is known as the Lewis Transportation Co. out of Kalamazoo.

With Mr. Johnson are associated "Archie" E. Vander Wall of Holland and Mr. Bouwsma of Muskegon. The line has been in existence ten years and has a large fleet of trucks and buses at its disposal.

The company has a large car barn and is well equipped with downtown ticket office and waiting room in Kalamazoo.

Mr. Bouwsma is also identified with the Peoples Transport Co. of Muskegon from which the Peoples Transport Co. of Holland at one time was the outgrowth but which is now an independent company.

The new company does business in Kalamazoo, Three Rivers, Allegan, Long Lake, Mill Park and intermediate points.

Mr. Johnson knows the freight business from "A" to "Z" and has always been popular around Holland. Mr. Johnson's ability in the new company will be materially felt by the territory that is served.

Pat Halley of Holland is very successful with a swimming school at Macatawa.

City clerk, Oscar Peterson, and family are camping at Chippewa Beach.

Michigan Rural Carriers Come In Large Number

REGISTRATION AT HOLLAND CONVENTION BEST IN HISTORY OF ORGANIZATION

Delegates Get Boat Ride, See Lakewood Farm and Are Given a Band Concert

The Michigan Rural Carriers Association have been guests in Holland Tuesday, Wednesday and Thursday of this week and the city has not been slow in again demonstrating that this is a real convention town and that Holland can play host with the best of them. A month ago the Michigan C. E. found that out and the letter carriers and their wives have simply gone in ecstasies over the beauties of Holland and the attention they are receiving. The entire Masonic Temple has been thrown open to the visitors. Everything is concentrated, registration in one part of the building, the letter carriers meeting in the main banquet hall and the Ladies' Auxiliary holding their convention on the third floor. The ladies especially were pleased with their convention room, which is nicely decorated and pleasantly arranged, altogether an agreeable surprise to them. They simply can't get over that beautiful park right across from headquarters. Large groups have been constantly seen wandering through the paths or occupying seats in the shade. The weather has been ideal and that also has been adding much to a pleasant three days in this city.

The Holland American Legion band before going to Kollen Park for the weekly concert marched in front of the Masonic Temple and gave a short concert of five numbers. This was a surprise feature even to the local community.

The hand of George Getz was also noticeable in making things pleasant for the visitors. Yesterday afternoon the entire delegation was given a boat ride on Lake Michigan on the Goodrich Steamer Saugatuck, thanks to the courtesy of the company. The Holland High School band provided the music. However when the steamer returned the Getz motor cars were at the dock to transport Mr. Heeter and his high school boys to Lakewood farm where the delegates were privileged to two hours of sightseeing at this wonderful show place. Mr. Getz had made all arrangements for the entertaining of the letter carriers in a thorough manner as he always does these things.

The Rural Letter Carriers' Convention opened here Tuesday with Mayor Brooks in his pleasing manner.

FREAKISH RAIN FALLS ON HALF MILE BELT

A freakish rain fell Monday morning a few miles north of Holland. The section benefited was about a half mile belt, while on both sides no rain fell. In the afternoon and evening a light rain broke the protracted drought. Despite the drought wheat and rye promise good yields, but corn, oats and potatoes suffered heavily.

COMPANY D WINS TROPHY FOR THIRD TIME

A report has come to Holland that Company D National Guards have again won the Badger Trophy. It certainly is a signal honor for the Holland military organization under Captain Geerds. No doubt "Heinie" will tell us more about it when he and his men return from Camp Grayling this week Saturday.

VAN PUTTEN GOLDEN WEDDING TO BE COMMEMORATED NEXT WEEK

Mr. and Mrs. Jacob Van Putten living at the corner of River Avenue and Fourteenth street, will on Monday, July 28, commemorate the fiftieth anniversary of their wedding. There will be no family reunion with the exception of those near at home since some of them are in the mission fields. Only a quiet affair is planned in memory of the occasion.

Mr. and Mrs. Van Putten are living in the same home on the same site in which they moved fifty years ago. Twenty years ago the home was partially burned and was then rebuilt. All the children were born in that home and death did not enter it until Miss Mary Van Putten, a trained nurse, passed away a few months ago.

It is quite a coincidence that the youngest daughter, Mrs. Franklin C. Cappon, was wed to Mr. Cappon, of football fame at Ann Arbor, on July 28th, six years ago, the anniversary of their parents' marriage.

Mrs. Jacob Van Putten formerly was Miss Jennie Vorst, daughter of the Rev. C. Vorst, who performed the marriage.

The children including the sons and daughters-in-law are: Mr. and Mrs. Jacob Van Putten, Jr., Mr. and Mrs. J. J. Riemersma, Mr. and Mrs. M. Kerkhof, Mr. and Mrs. V. Van Putten, Mr. A. L. Van Putten, Rev. and Mrs. D. B. Hakkens (missionaries to Arabia), Mr. and Mrs. M. W. Van Putten and Mr. and Mrs. F. C. Cappon.

Geo. Bosman, of Holland, did much of the designing and decorating of the floats that were entered in the Saugatuck parade, and not a few were prize winners.

Mr. and Mrs. Jim McLean are entertaining Mrs. Lora Blair, of St. Louis, and Mrs. T. A. Croft, of La Grange, at their Castle Park home.

Members of the Allegan Baptist church gave a party in the church parlors Monday evening in honor of their pastor, Rev. J. W. McCarrall, and his wife, celebrating the beginning of the fourth year of their pastorate here.

Tiholt, Rutgers and Paris have each served 26 years.

HOLLAND IS STATES SUMMER CAPITOL

The papers have been filled from time to time with suggestions of location for national summer capitols for our president. Even Grand Haven was once suggested but it seems that Mr. and Mrs. Coolidge prefer the "Black Hills."

However, Holland has become the summer capitol for the State of Michigan without any tooting of horns and what is more there is an air service for the governor. It is not known by many that Governor and Mrs. Fred Green have been living at Lakewood farm the greater part of the summer and the Chief Executive and his hospitable wife will undoubtedly stay until fall. As was stated in an article last week, there were many governors here over the week-end together with other men of note and Governor Green flew clear from Camp Grayling to Holland's airport to be on hand as an official host at the request of George F. Getz, the Big Chief of Lakewood.

Mr. Green has been at Lakewood for a few days but was hurriedly called to Detroit because gangsters murdered Gerald E. Buckley, official state announcer of Detroit, and when advised of this fact he took an airplane from Holland, flew to the state metropolis in order to start an investigation into this terrible crime wave that seems to be infesting the automobile city.

Anyhow the Governor is resting at Lakewood when he has time to rest and is in constant touch with affairs of state at Lansing via long distance.

Yes, Holland can at least this year boast of its summer capitol and not a few politicians, who never knew Holland was on the map, make their way over the old Alpena trail to the portals of Lakewood, possibly to see the emblem of the Republican party impersonated in "Nancy."

ZEELAND BOYS WIN \$20.00 AND \$5.00 W. C. T. U. PRIZES

Word has been received by the Zealand chapter of the Women's Christian Temperance Union that Edward Caball of Zealand is the winner of first prize in the state contest on his poster, netting him \$20, and Ray Van Ommen, also of Zealand, won first place in the essay contest with his entry, earning him \$5. Some time ago the Zealand W.C.T.U. chapter sponsored an essay and poster contest in the public school, at which these boys took first place in their respective fields. Their entries were then sent in to the state contest for competition with others from all over the state, and the Zealand boys were again fortunate in securing first place. Now the same poster and the same essay will be entered in the national contest and of course all Zealand with the sponsoring organization are hoping the local lads may bring home the main trophy.

OTTAWA COUNTY FARMER IS KILLED BY HORSE AT JAMESTOWN

Lambert Geerlings, age 55, a Jamestown township farmer, was fatally injured today when kicked by a horse while working on the farm of his brother on Grandville R.R. 1. Geerlings had gone to the barn to harness the animal preparatory to taking him into the field after the noonday meal.

According to Geerlings' brother, he saw Lambert stagger out of the barn door and fall unconscious. Medical aid was summoned but he died before the arrival of the physician.

Coroner Gilbert Van de Water of Holland ascertained Geerlings was kicked on the left side, just below the heart, the blow of the animal's hoof crushing his chest. No inquest will be held.

Mr. Geerlings was single and survived only by the brother. Funeral services will be held from the farm home Saturday with interment in Forest Grove cemetery.

THOUSANDS VISIT GRAND HAVEN OVAL

Previous record crowds at the Grand Haven State Park Oval were broken on Sunday when 52,000 people passed through the gates of the park in cars. Never have officers encountered such traffic which, with one exception, moved along orderly and without undue delay. While the inhabitants of the Central states sweltered under a relentless sun, pushing heat to record heights and causing many deaths by prostration and drowning, Grand Haven and the vicinity basked in temperatures between 80 and 88 degrees tempered by winds from the south and southwest that made this section a paradise in comparison to the sizzling conditions inland.

VAN ZOEREN'S ENTERTAIN AT THEIR HOME

Mr. and Mrs. G. John Van Zoeren, 78 West Fifteenth street, gave a delightful entertainment to some forty guests last Friday evening. Those present were old school friends from the vicinity of Vriesland where Mr. Van Zoeren formerly lived. This is an annual affair at the Van Zoeren home and this social function is always looked forward to by these intimate friends. A delightful program was arranged and naturally school days and old home surroundings came in for considerable discussion. Old time songs of yesteryear interspersing reminiscence talks were pleasing features of the evening and Mrs. Van Zoeren, the hostess, gave an exceptionally interesting resume including takeoffs of incidents in the lives of many of the guests present. There was some rare humor in this budget that kept the guests in a happy frame of mind. Altogether it was a pleasant evening. After the refreshments and program the happy guests motored back to their respective homes.

Among those present were Mr. and Mrs. B. De Boer of Chicago, Mr. and Mrs. E. Clingerman, Mr. and Mrs. M. De Hoop, Mr. and Mrs. J. Elzinga, Mr. and Mrs. Ed. Van Zoeren and Mr. and Mrs. J. NEXT RURAL CARRIERS CONVENTION IN PORT HURON

Just before adjournment this morning the Michigan Rural Letter Carriers Assn. and their Ladies' Auxiliary decided to hold the 29th Annual Convention at Port Huron next July, 1931. Delegates began to pull out of Holland after a wonderful three days with ideal weather conditions. To say that they were pleased with Holland is putting it mild.

Michigan Daily Men Hold Meet In Holland

FORMER GOVERNOR CHASE S. OSBORN WILL BE A HEAD LINER HERE

Through the efforts of Charles French, proprietor of the Holland Evening Sentinel, some thirty members belonging to the Michigan League of Home Dailies are guests in Holland today and tomorrow. The editors will bring their wives if they have any, otherwise their sweethearts, and the officials of the organization have arranged an excellent program and Mr. French has taken care of the recreational features which include a trip to Lakewood farm and golfing together with luncheons and bridge parties at the Holland Country Club.

There will be plenty of entertainment for the ladies while the editors are in session solving the intricacies of newspaper work as this relates to daily publications.

Tonight the session in reality opens and as the News goes to press the Chamber of Commerce of Holland is giving a banquet at Warm Friend Tavern with Dick Boter, the president, presiding, and Mayor Earnest Brooks giving the address of welcome. Both editors and their ladies from different parts of the state are attending this banquet.

One of the head liners during the meet will be former Governor Chase S. Osborn of Sault Ste. Marie who is at present a candidate for United States Senator of

Chase S. Osborn

Michigan. This spread is to be given at 6:30 o'clock Friday evening at Waukazoo Inn which is the grand finale in the two-day session.

Opening the banquet at Waukazoo Inn, Mr. French of the Sentinel will introduce Dr. Arnold Muller of Kalamazoo College, former chief of the local college, who in turn will introduce former Governor Osborn. Mr. Mulder and Mr. Osborn have been intimate friends and co-writers for a number of years.

Without doubt the newspapermen will take many side trips by automobile during their spare time visiting different places of interest within the city limits and at the resorts.

Friday morning golf and tennis tournaments will be staged at the Holland Country Club where the newspapermen and women are to be guests. In the afternoon, luncheon will be served to the ladies followed by bridge which has all been arranged by the women of the club. There will be several informal luncheons followed by business sessions at Warm Friend Tavern, which is headquarters for the daily men.

The Holland Evening Sentinel is a member of the above named organization and Mr. Charles French has been very active in that association for a number of years, fostering many projects of real merit as this relates to daily newspapers and helping solve many intricate problems that are bound to come up often in the getting out of these publications.

Officers of the M. L. H. D. are: President, Mark P. Haines of the Sturgis Journal; vice president, C. E. Garvin of the Petoskey News; secretary-treasurer, Edmund Scheerer of Chicago.

Representatives will be present from the daily papers in Albion, Battle Creek, Big Rapids, Cadillac, Cheboygan, Coldwater, Dowagiac, Escanaba, Grand Haven, Greenville, Holland, Ionia, Iron Mountain, Manistee, Marquette, Marshall, Mt. Pleasant, Niles, Petoskey, Royal Oak, South Haven, Sturgis, Sault Ste. Marie, Three Rivers, Traverse City, Wyandotte, and Ypsilanti.

MR. WEISS DIES AT THE AGE OF 76

The funeral services over the remains of Mr. Fred Weiss, 71 West Fifteenth street, were said by Father Fred Ryan at 9 o'clock Tuesday morning at St. Francis de Sales Church. Mr. Weiss died at Holland hospital at the age of 76 years. He had been an invalid for several years but has always received the loving care of a faithful wife. Mr. Weiss was born in Germany on August 22, 1853, and came to Holland from Chicago 17 years ago. Friends were privileged to review remains at Dykstra's undertaking parlors from where the body was taken to the church after which interment was made in Pilgrim Home cemetery. Mrs. Fred Weiss, the widow, is the only survivor.

Rural Mail Service Brings Devolpment

SPEAKER VANDER MEULEN PICTURES GOOD AND EVIL LITTLE RED SCHOOL ALSO IN THE PICTURE

Postmaster Bassett of Fennville Toastmaster at Mail Carriers' Banquet

The crowning feature of the twenty-eighth annual convention of the Michigan Rural Letter Carriers' Association and Ladies' Auxiliary occurred in the Masonic Temple banquet hall when 450 men and women sat down to a real fine dinner followed by a program of speeches, music and as a fitting close a playlet in three acts of drama entitled "Back to the Farm." The speaking program was opened by Mr. A. J. Westover, postmaster of Holland, who pleasingly introduced Charlie Bassett, postmaster of Fennville, as the toastmaster of the evening. Charlie is not new at toastmastering nor postmastering since he was the boss of the Fennville post office at two different times. Anyway Mr. Bassett introduced the different speakers with takeoffs on the different guests who spoke.

Congressman Carl Mapes, who was slated to speak, was unavoidably absent and former postmaster B. G. Oosterbaan of Muskegon was then called upon by the toastmaster, who told of his experience while holding that office and that the big word in the performance of duty to the public was service.

The principal speaker of the evening was Attorney C. Vander Meulen of the De Pree Company who gave his listeners much food for thought. His description of the "little red school house" as the means of fundamental education brought many a hearty laugh as he pictured incidents of his own experience in school houses of that sort. The old box stove that burned rain when frozen were baked on one side and the bell, the recess period and the biggest red apple for teacher were vividly described.

More seriously Mr. Vander Meulen spoke in part as follows: "The future of the rural population of this nation is one of the most interesting and at the same time one of the most perplexing problems of the times. Until the beginning of this century it was the most important factor in our development. Today in numbers at best it is a minority."

"The pioneer life of the earlier days was conducive to an intense individualism which produced strong men, therefore many noted men."

"However in this highly specialized competitive industrial era there is a danger of producing men automatons. The old days of intense individualism, it seems, can never return. The problem now is to discover through education and through moral programs the means of developing strong personality and outstanding leadership."

"As the scientist discovers in the tiny atom and in the vast universe alike an integrating, humanizing factor indicating nature's universal law, so the student of human relationship must find a harmonizing integrating spirit that will adjust the inequalities and injustices of our economic and social life."

Other incidents at the Rural Carriers banquet were the reading of letters of regret from Senators Vandenberg and Couzens who are tied up with work at Washington. The regrets were read by Anthony Rosbach, president of the County Association.

The play "Back to the Farm" was given under the direction of Mrs. Anna S. De Boer. The cast was composed of S. H. Houtman, Miss Lillian Bos, Mrs. Anna S. De Boer, Mr. and Mrs. Gerrit Rutgers, Mr. and Mrs. Gerrit Veerink, Mr. and Mrs. Leonard Lievit, Clifford Hopkins, Harold Hopkins and Gary Overway.

Very entertaining features were the music furnished by the "Hawaland Twins

THE SMALL COLLEGES

For a long time the small college has been in the peculiar position of being universally praised and financially neglected. Educationalists, the clergy, philosophers and literary men have had a good word for the unpretentious school, but rich men have given their big money to big institutions.

Recently the friends of the small colleges instituted a movement that promises much. Some of the foremost educators of the country held a conference in Chicago in which they discussed the possibility of securing adequate endowments for reputable colleges of liberal arts.

Prompting this movement was a growing appreciation of the services of the liberal arts colleges, and a realization that to our rapidly developing educational needs, these small colleges are responding with more and more important functions. The fact appeared also that the state universities and the highly endowed private institutions already have practically reached capacity enrollments. Meanwhile the number of young people asking admittance to institutions of higher learning continues to increase.

There are between 700 and 800 colleges and universities in the United States and in these are enrolled approximately 1,000,000 students. The prediction is made that this enrollment within the next five years will increase to 1,500,000. The so-called small colleges must become larger colleges, and to this end, say the educators, they deserve and must have increasing support.

President Donald J. Cowling, of Carleton College, Northfield, Minn., who at the Chicago conference was chairman of the "Findings" Committee, estimated that three billion dollars will be required adequately to endow the colleges' need for the education of the youth of America. Large as this sum appears, it did not daunt the optimistic men and women who wish to befriend the small colleges. "This is a vast sum," said Albert Norman Ward, president of Western Maryland College, "but it can be provided. And it can be provided more quickly than we have ever dreamed."

Such is the confidence in the generosity of the people of the United States and in their devotion to the cause of education.

Taboo Still Live
Hard Kurdish Fighters
Sarnoff Sees Ahead
No Bets Against Jones

Civilized men laugh at "taboo" that keep a woman in the South seas from touching a canoe, make it a crime to touch a man with your hands after you have touched a horse, and forbid the eating of certain animals, etc.

But the taboo is not dead, even in civilization. Horror seized the British house of commons when a Laborite member, Beckett, laid hands on the heavy mace that lies on the table in front of the speaker and ran toward the door with it. The mace symbolizes the power of the house of commons. Beckett was suspended. 324 to 4.

Kurds from Persia, convinced that Kemal Pasha, Turkish dictator, flouts the will of Mohammed, undertake to corrupt him. Fifteen thousand of them, pouring in from Persia, made their headquarters on Mount Ararat, burning, robbing and stealing as proof of their fondness for Allah and the prophet.

Kemal killed about 15,000, nearly all of them. But the Kurds, desperately courageous as is usual with Mohammedans, say he will have to kill all of them to make them leave. Their treatment of one Turkish aviator whom they shot down immediately gouging out his eyes, proves their earnestness.

Kemal's bombing planes are searching the Mount Ararat crevices where Kurds hide. A change from the day when the ark landed peacefully!

Armenians are doing what they can to help the Kurds kill the Turks. In the light of history you can hardly blame them, but they may regret it.

Kemal promises to wipe out their villages. David Sarnoff, president of the Radio Corporation of America, like all successful men, has imagination as well as executive ability. He says that television, providing "a theater for every home, although the stage may be only a cabinet, and a curtain the screen, is I believe, the distinct promise of the new era of electrical entertainment."

Mr. Sarnoff sees in the latest gift of science to the human race the promise of "a new culture." Ten million homes in the United States now "draw nightly upon the promises of the air for the family entertainment."

Mr. Sarnoff, young and remarkably able, believes that this generation will see the greatest actors, orators, clergymen and singers moving and heard their voices in their homes. That is modern magic.

Bobby Jones taught an anti-gambling lesson to Lloyds, the great British insurance company. At the beginning of this golf season, Lloyds, which takes all kinds of wagers, bet 50 to 1 that Bobby would not win the four great golf championships in succession. Now he has won three of them, and those that bet against him, seeking to insure themselves against loss, request Lloyds to bet that Jones will not win his fourth match. Lloyds says: "No. It will cost you one thousand pounds to get a thousand pounds insurance against Jones' victory," which means that the victory is considered certain.

New York, that recently became the money center of the world, now to its disgust, seems destined to be the crime center of the United States. Racketeers, gamblers and other experts, driven out of Chicago by police energy, are alleged to be gathering in the bigger, richer city. Robberies of various kinds, from banks to delicatessen stores; a bomb explosion, in the Fifth avenue district, business and trade union rackets of all kinds testify to the energy with which the alleged Chicago invaders do their work.

Police say their difficulties are increased by the unwillingness of citizens to tell what they know. Business men submit to racketeering to avoid bombing. A New Yorker robbed of \$1000 refused to identify the men that held him up when they stood before him. "I never saw them," said he. He did not want them, or their friends, to shoot him later.

Hailstones six inches in diameter fell recently in Bulgaria, killing, including two children on their way to school. Boats are missing in the Black sea.

Imagine millions of small sized old-fashioned cannon balls falling from the sky, and you can imagine such a hailstorm.

Professor Pussey, British, of Leeds university, discovers that mustard gas prevents cancer. It is hailed as "the first discovery of a true anti-carcinogenic agent."

Mice, used in the experiment, may save the lives of many humans.

Herr Holtscher, German author, has seen us and reports to his countrymen that "Colonel Lindbergh and Will Rogers are the two most typical Americans of today."

He says: "The savings bank constitutes the crowning point of an American's life work." And our greatest amusement, he finds, is evading the prohibition law.

Some American will go to Germany and say that a large "steak" of beer is the German's highest ambition, and then the foolishness will be even.

A group of employees of the McClellan store held a beach party at Ottawa Beach Tuesday evening in honor of Miss Maxine Watson, who will be wed to Francis Bryce of Grand Haven next week Wednesday. The group presented the bride-to-be with a beautiful blanket. Games were played and a wienner and marshmallow roast was enjoyed.

Miss Amanda Zwemer and Miss Bella Vander Kolk left Wednesday for New York state where they will visit Miss Winifred Zwemer, who is doing social service work in Brooklyn. They plan to have Miss Winifred Zwemer accompany them on their return trip to Holland.

SPOELSTRA-KLINE WEDDING OUTSTANDING JULY SOCIAL EVENT

One of the July social events occurred Saturday afternoon when Miss Frances M. Spoelstra, daughter of Mrs. Jennie Spoelstra, 17 West Fourteenth street, was wed to Mr. Gerald J. Kline, son of Mr. and Mrs. Jacob G. Kline of Kalamazoo. The marriage was performed by Rev. Edward Hoolsema to whom the bride is a niece, and who lives at 1816 Mich. The altar of palms, ferns and cut flowers was beautifully arranged and added to the solemnity of the occasion.

Preceding the ceremonies Mrs. William John Stronk beautifully sang "At Dawning" by Charles Wakefield Cadan and "I Love You Truly" by Carrie Jacobs Bond. Mrs. Stronk is an aunt of the bride and Miss Cornelia Johnson, the pianist, is a cousin of the groom, who also played Lohengrin's wedding march as the bridal party proceeded to the altar.

The bride, gowned in pink chiffon, trimmed with point lace, looked charming as she carried a shower bouquet of pink roses and swansonia. The maid of honor was Mrs. Ben Tuiner of Detroit, sister of the groom, who looked very becoming in a gown of powder blue chiffon trimmed with ecru lace.

The groom was attended by Watson Spoelstra, brother of the bride. Both gentlemen were in afternoon attire.

With easy grace Mr. and Mrs. P. A. Emmick acted as master and mistress of ceremonies. Mrs. Emmick being gowned in yellow chiffon. Mrs. Spoelstra, mother of the bride, appeared in powder blue chiffon with a corsage of pink roses. The groom's mother was gowned in flower chiffon over yellow silk and carried roses.

Cousins of the bride and groom served a dainty two course luncheon after the wedding.

The happy couple have just returned from a motoring trip around Lake Michigan and will be at home to their friends after August 1 at 839 Kalamazoo Ave., Grand Rapids. Mr. Kline is identified with the offices of the Kroger Grocery and Baking Co. at Grand Rapids while the bride has been a popular instructor in Holland's public schools for sometime.

Among the out-of-town guests were Mr. and Mrs. D. Spoelstra, Misses Anna and Tena Spoelstra, and Mr. M. Van Putten of Grand Rapids; Mrs. and Mrs. E. Hoolsema of Moline, Ill.; and Miss Lois Jean Van Putten of New York City. Mr. and Mrs. J. G. Kline, Mr. and Mrs. Vander Salm and daughter Cornelia, Mrs. J. Johnson and daughters Cornelia and Cora and son Henry, of Kalamazoo; Mr. and Mrs. B. Tuiner of Detroit.

MOTHER GIVES PRE-NUPRIAL PARTY TO DAUGHTER AT WARM FRIEND TAVERN

A very pleasing social event occurred Saturday afternoon when Mrs. Albert C. Keppel and daughter Miss Lois Keppel, 85 East Tenth street, entertained with a luncheon given at Warm Friend Tavern honoring Miss Kathryn Keppel who is to be wed to Mr. William Edward Vanburke of Traverse City on September 6th. There were sixteen guests seated around the festive board in the private dining room of the Tavern. The table decorations were pleasing consisting largely of garden flowers in variegated colors. The goblets were embellished with rings to which lilies-of-the-valley and miniature silver wedding bells together with the place cards were fastened. The place cards indicated the reason for this happy event, namely the coming nuptials.

The afternoon was spent in playing bridge, the prize going to Mrs. Randall C. Bosch and Mrs. Peter Van Dornen, Jr.

The guests were the Misses Kathryn Keppel, Carol Van Hartesveldt, Katherine Tyner, Marion Ingham, Mrs. Hadden, Ruth Nibbelink, Adelaide and Geraldine Dykhuizen, and Marion Laeppe, and Mesdames Peter Van Dornen, Harold Henshaw, Gerald Bosch, and Randall Bosch, all of Holland; and Mrs. Adrian Buys of Grand Rapids, and Mrs. Paul Watson of Flint.

Jacob Knutsen, 63, died of a heart attack Sunday night at his home at 247 West Twelfth street. Mr. Knutsen has always lived in Holland and has been an employee of the Cappon & Bertsch tanneries for many years. Recently, however, he has been working at the Holland Furniture company. The deceased is survived by his wife and five children, Mrs. Myrtle Stuits of Grand Rapids, Miss Relyn Knutsen of Grand Rapids, Earl of Grand Rapids, Miss Margaret and Hans Knutsen of Holland. Knutsen also leaves his brother Henry of Holland. Funeral services were held Wednesday afternoon at 2 o'clock from the home. Burial took place at the Graafschap cemetery.

The Mothers and Daughters club of Grand Rapids are the guests of Mrs. Paul J. Steketee and Mrs. Marjorie Steketee Watkins at their summer home at Virginia Park today, Friday.

Mrs. G. Boer of 25 East Sixteenth street has moved to Grand Rapids.

Mr. and Mrs. Will Boot and daughter Lois of Chicago are the guests of their mother, Mrs. Bessie Boot, 18 East Thirteenth street.

DISSOLUTION OF PARTNERSHIP IS EFFECTIVE

Mead and Westrate, the large dry goods and ladies' wearing apparel store in the Meyer building on West Eighth street has undergone a change in the personnel of proprietors. Bert Mead, who managed the dry goods department, has retired and James Westrate, a Holland man who was for many years connected with the large Stein, Griswold dry goods store of Allegan, and came to Holland with Mr. Mead four years ago, is now the proprietor and manager.

The store has made many friends and the dissolution of partnership brought about a large dissolution sale which is now in progress as will be noticed by a large announcement elsewhere.

Mr. Westrate has some plans which are not ready for publication and Bert Mead, the retiring member of the firm, has no definite plans for the future.

The large dissolution sale in progress is managed by Mr. William Klassen, who has put on many kindred sales before and that very successfully.

HEINZ PICNICS ITS EMPLOYEES AT JENISON

The annual picnic of the H. J. Heinz Co. of Holland occurred Saturday at Jenison Park when 350 of them and their respective families went to Jenison Park with buses and other conveyances chartered for that purpose. It was an all day outing in which all the picnic sports played a part in the program. The pickle department and the vinegar department looked rather sour at one another when they crossed bats in the indoor baseball game which called for a prize to the winners of \$5.

The company provided plenty of peanuts, lemonade, coffee and crackerjacks and the baskets at this picnic were well laden with good things to eat. The afternoon was filled with various contests for which prizes were awarded. The first of these contests was a twenty-five yard dash for girls from five to seven years old and first prize was a water ball, while every other girl who entered the race received a bag of candy. In the peanut scramble for boys and girls under five a bathing suit was the first prize and a bathing cap was awarded for second place. Kiddies under three years had a drawing contest and first prize was a cart while second was a garden set.

After the children's contests the girls and women over 16 had a rooster chasing contest and the prize was the catch of the contest. A dress shirt for first place and a pocket knife for second honors were awarded in the 75-yard dash for men and boys over 16 years of age. The women and girls over 16 years of age had a chance to compete for the prize of a bathing suit and a pair of silk hose in the 75 yard dash. A bathroom set and a luncheon cloth were the prizes in the married women's nail driving contest. The married men competed in a smokink contest for the first prize of one dozen Heinz products and the second prize of one-half dozen Heinz products.

Two other contests for the younger set were a pie eating contest for ages of 12 to 15 years and a wienner eating contest for the ages from eight to 11. In the first a watch and flashlight were awarded and in the second indoor and table croquet sets were the prizes.

A NEW WAY TO COOK

Miss Vivian Thompson has been at Montgomery Ward all week demonstrating what "pressure cooking means." She has a special table arranged with the new inventions on display and as she demonstrates to her cooking class, comfortably seated, she also gives her visitors who want to know something of the "pressure cooking" methods a taste of the dinner that comes from the high pressure container. It's a real interesting outfit called the "Winsor," and the large aluminum kettle can cook a whole dinner at one time, including meat, vegetables, etc.

It is a long list of what this high pressure kettle can do at the most nominal cost and Miss Vivian Thompson plans to demonstrate two days more, namely Friday and Saturday night. Her demonstration hours are from 10 to 12 a.m., from 2 to 4 p.m., and beginning at 7:30 Saturday evening until closing time. The demonstration is free, in fact the ladies are cordially invited and the men can also take a look and have a taste as well.—Miss Thompson says.

Remember it's at Montgomery Ward's store, entering the first door from the west.—Educational Publicity.

FIRST REF. SUNDAY SCHOOL HOLDS ANNUAL PICNIC

The annual Sunday School picnic of the First Reformed Church was held at Jenison Park Tuesday. More than five hundred persons were present to enjoy the picnic. The picnic started at 3 o'clock when various contests were held.

A peanut scramble for girls from 6 to 10 years proved exciting. The boys were eligible to enter the sack race. Every kiddie between the ages of 3 to 6 years could draw a prize for the fishing pond. A wheel barrow contest was staged for boys from 10 to 14 years. The women competed in sucking peas out of a bowl. After a boys' tub contest two balloon blowing races were held, one for the girls and one for the men. The funniest contest and one that proved very enjoyable was the women's "Oh Johnny Contest" in which the women competed to see which could yell "Oh Johnny" the loudest and funniest. The boys could hardly whistle after choking down crackers in the cracker-eating contest.

Volley ball was another feature of the afternoon program. Two baseball games furnished excitement after the supper. John Van Tatenhove's class in a game with Andrew Steketee's class came out the victors. Dick Boer's class in a challenge game with the Sunday School had to submit to defeat.

Mr. Andrew Steketee was chairman of the sports committee while Mrs. Neal Hoeland headed the refreshment committee. A picnic supper was served at 6:15 o'clock by the church.

Early in the afternoon each child was given two tickets, one for a free merry-go-round ride and the other worth five cents at the candy and ice cream stand.

ZEELAND

Rev. R. Van Farowe of East Williamson, N. Y., conducted the services at the first reformed church Sunday afternoon. Rev. and Mrs. Van Farowe are visiting relatives in Zeeland and Beaverdam.

A very pretty wedding took place at the home of Mr. and Mrs. F. W. Allen of Greeley, Colorado, when Miss Ruth Collins, daughter of Mrs. Allen, was united in marriage with Mr. Lynn J. De Pree of Zeeland. The ceremony was pronounced by the Rev. Swan of the Congregational Church of Greeley. After the ceremony the newly married couple took a short wedding trip to Colorado Springs. They will make their home in Flint, after returning to Michigan, where Mr. De Pree holds a position as instructor in science in Northern High School. Mr. De Pree is well known here, having been born and raised here, the son of Mrs. J. J. De Pree, and he recently held a similar position in Zeeland High School. Mrs. J. J. De Pree and her son left here about three weeks ago on an extended auto trip which culminated in the marriage, which was also witnessed by Mrs. De Pree—Zeeland Record.

Mr. and Mrs. Jacob Liefbroer and son Jay, Mr. and Mrs. Garry Brower, all of Grand Rapids, were visitors Sunday of Mr. and Mrs. Herman M. Krommendyke of Zeeland.

Another business change took place in Zeeland when Dick Boerman recently became associated

with his brother, Harry, in the ownership of the Zeeland Tire & Battery Shop. He purchased the interest of Henry Breuker, who started the enterprise four years ago in the Dekker building, later moving into the old hotel block, when Harry Boerman purchased a half interest. Mr. Breuker is trading his residence in Zeeland for farm property and intends to move to his new home south of Holland very shortly. They want to thank the public for their patronage. The Boerman brothers will continue the shop as a one hundred percent Goodyear tire service station, with repairing, vulcanizing, road service and battery charging.

Mrs. John Kraai, of Zeeland, passed away at the age of 24 years at Zeeland Memorial Hospital. The funeral services were held Tuesday afternoon at the home and at the First Christian Reformed Church, Rev. Wm. Kok officiating. Burial was in the Zeeland Cemetery. A husband and four children survive, these are La Verne, Winnifred, Crystal and Norrairie. A father, Albert Nordhuis, and four sisters, Mrs. Dick Vander Heuvel, Mrs. Peter Loker, Miss Henrietta and Miss Angeline Noordhuis, all of Zeeland, and Bert Noordhuis, Grand Rapids, also survive.

Joe Nederveld, Zeeland's pioneer street commissioner, celebrated his eighty-second birthday anniversary at the home of his children, Mr. and Mrs. Abraham VanTil of Jensen. Nederveld has been a resident of this community more than half a century and still is able to do a day's work for the city.

The annual Slotman family reunion was held Thursday at Ottawa Beach with relatives present from Holland, Zeeland, Overisel, Borculo and North Holland.

The fifth annual Johnson family reunion was held in Spring grove in Brown's woods at Jamestown. There were 120 from Zeeland, Holland, Hamilton, Grand Rapids, Grant, Vriesland and Hamilton. At the business meeting Iffram Johnson, Holland, was elected president and Josephine Johnson, Hamilton,

Joe Nederveld, who last week so happily celebrated his eighty-second birthday anniversary was called "The Commodore" by Dr. Paul De Kruij in a recent article "How Long Can We Live?" which appeared in the February issue of the Ladies' Home Journal. Mr. Nederveld, in spite of his declining years is hale and hearty and is well able to do his day's work. Although long past the "three score years and ten," "Joe," as he is familiarly called by practically all of Zeeland's citizens, is busily but happily engaged beautifying the city parks and cleaning streets. His cheerful attitude, while at his daily tasks, wins for him numerous friends.

The Zeeland Fire Department was called to fight a grass fire Friday morning in the northeast part of the city. The fire was quickly extinguished after a great deal of chemical had been used.

A record crowd of Hamilton baseball fans witnessed a closely contested ball game Monday evening between the Hamilton Tigers and the Hamilton Cubs. The first inning ended with the Cubs spotting the Tigers for three runs. Then the Cubs came in strong with a count of 3-2 against them in the second inning. The rest of the game was a real ball game which ended in a count of 6-5 in favor of the Tigers. Dick Wentzel started on the mound for the Tigers while Albers' pitching for the Cubs was a great feature of the game, by benching many of the heavy sluggers of the Tigers. Wick Wentzel was replaced in the 9th inning by Fred Wentzel. Dick was credited with 11 strikeouts and 10 hits counted against him. In spite of the rain the boys all played good ball with the Tigers saving their face by a fraction. Another game is scheduled soon and there is reason to believe that another good game is in store for the Hamilton folks. The Hamilton Cubs also have a game scheduled with the Sunoco Oils from Holland at Hamilton for this week Friday evening.

The Hamilton Cubs trimmed the Diamond Springs Independents in a Saturday evening fray by a score of 15-7 at Diamond Springs, thus making 8 victories in succession and bringing the total to 9 games won and three lost this season. Van Dyke of Hamilton featured throughout the game with his brilliant plays on third.

"When My Ship Comes I n

Q You have often heard this expression. No doubt it harks back to the days of sailing ships when riches came from foreign and unknown climes.

Q The "Merchant of Venice" saw his ships sail fourth with misgivings. They might return laden with riches—and then again they might not.

Q In modern days risk is minimized. The man who intelligently undertakes his own projects is the man who "gets ahead."

Q If you want your ship to come in, which is another way of saying—if you want a substantial sum of money added to your resources—then you must send your ship out.

Q The definite plan is to launch your ship in the form of a savings account. Your regular deposits will give it a cargo of wealth in the course of time, and the interest we add will make that cargo grow steadily. Then when you need money, you will have a "ship" of a most dependable character.

The Allegan city council has accepted the \$189,000 bond given by the Hay-Weaver Construction Co., issued by the Maryland Casualty Co., for the construction of the Allegan municipal dam at the Calkins bridge site over the Kalamazoo river six miles west of Allegan. Hay-Weaver has had a force of about 20 men at work for two weeks removing trees and brush from the dam site. This work now is nearly completed. The contractors have been receiving and placing machinery and supplies on the ground. In the next 10 days active construction work will be under way and the force of men will be increased to 60 or more.

The Allegan city council Monday evening passed a resolution calling for the start of condemnation proceedings in circuit court against about 20 land owners said to be holding out for what the city regards as exorbitant prices for land needed for sewage rights for the new municipal dam. The land in question is in Valley and Allegan townships. Some of the farmers are said to have insisted on the city buying their entire farms, while the city wants to purchase only the land actually needed for sewage. Some are said to have asked \$100 per acre on property reported to be worth less than half that figure. The condemnation proceedings were scheduled to be started Tuesday. CAMPING CHARGE FAILS TO SOLVE SPRING LAKE ISSUE

Spring Lake has placed a charge of 25 cents for camp sites at the tourist camp on the bank of the river. Prior to this the camp was full, but now it is nearly empty. Following the placing of the charge the campers moved out. It is said

that undesirable were coming into camp and the plan of charging is expected to do away with their presence. Some dissatisfaction is being expressed by the business men of the village at the exodus of campers and supervision of the camp is urged to solve the problem, rather than removing the free camping privileges.

New Bridge At Old Site Over Black River

VEKING QUESTION OF SPAN ON NORTH RIVER AVENUE SETTLED AT LAST

New Cut Might Have Made Land for a Stadium or Even a Fair Grounds

A new bridge on North River Avenue crossing Black River on U.S.31 commonly known as the Grand Haven bridge is at last to become a fact. This matter has been in abeyance for years. First it was the bone of contention between the township of Holland and Holland. Later there was a plan to move it further south but since that would bring it within Holland's limits, the city would at that time have been compelled to pay about \$30,000 toward the building. About a year ago the first real start was made showing that Holland was to get a bridge at this point when the approaches for a wider bridge were filled in order that the ground might settle over a period of time so that construction would be possible later. There was still many things to be decided. Some contended that the bridge should be built where the old Black River channel to Black Lake was located some forty years ago some 800 feet south of the present bridge site.

It appears now that C. A. Melick, bridge engineer of Michigan State highways, has made out two reports, one on each site, and sent these to Mayor Brooks to have them considered by the common council.

Report A covering the present site calls for a new bridge costing \$106,465.00 which would give a roadway of 40 feet with six-foot sidewalks on either side spanning the river with two 88-foot spans, steel girders and reinforced concrete.

The new location further south would cost considerably more, \$124,752.00 being the estimate of the state engineer.

In submitting his report Mr. Melick says in part as follows:

This new location would call for quite an extensive channel change across U.S.31. The engineer has submitted with his report, United States Lake Survey Charts, which show the meanderings of the Black River and the early soundings in the bed of the stream, together with its elevations and contours and the deepest channel of the stream, not only river bed contours but land contours as well. An examination of one of the charts brings out the fact that from the point where there is a confluence

CONSTABLE SETS FAST PACE PICKING BERRIES

A Sodus township constable for a quarter of a century is a record established by S. M. Clawson, 77-year-old Benton Harbor fruit grower. Constable Clawson also holds the Berrien county championship walking record, but believes he established an even more unusual precedent this season by picking 100 quarts of black raspberries in a day.

"For my age I think that is the most unusual record for berry picking in southwestern Michigan's fruit belt," commented the constable, who has lands and houses, but picks for mere sport.

Two years ago he walked the eight miles from his home to this city and later beat another man two years younger in a marathon around the county fair grounds race track.

Of the two streams, which would be just east of the proposed site for the new bridge, to a point just above the docks of the Goodrich Navigation Company at the south shore of the lake, the gradient of the stream bed over the entire length is level aside from the irregularities natural in a stream having a bed of relatively unstable material such as has the Black River. Not until you have proceeded upstream a 1000 feet or more above the confluence does the gradient rise, which indicates that this confluence point is very close to the point at which the river flattens out into the lake level.

At the present bridge site the stream bed has been scoured in the bend to a depth of about 10 feet, and owing to the fact that the direction of the current is slightly south of west, the northwest wing of the bridge has suffered considerably, so our recommendations for the new bridge would consist in placing the north abutment well to the north of the present abutment and at an angle of skew which is coincident with the direction of the current. The south abutment can be extended considerably forward in view of the shoal condition of the stream bed.

At the upper river bend it has been reported that considerable collection of ancient sewage deposits have collected and that during the low water in hot weather season this situation creates a nuisance. It has been pointed out that this sewage deposit is so heavy that it is not a surface contamination but that it is stirred up by flood waters. However, from a study of the charts and soundings, it is evident that should a new channel be excavated, it would merely consist of digging a hole in the ground with-

out outlet unless all the stream flow could be forced through an opening and the opening kept free of obstruction. It is also evident that it will be impossible to expect that flood waters will remove heavy sewage collected in a scour hole whose bottom elevation is over 7 feet below the channel gradient. It is our opinion that the only way in which this matter may be removed is by excavating it, but it is believed that the nuisance may be eliminated by filling this scour hole to an elevation which would give to an elevation through the current itself would carry away any tendency for collection of waste above this elevation.

On the other hand, in case the bridge were built at its present site and the scour hole filled, perfect drainage will be provided from the confluence of the streams to the present bridge site, and the elimination of the nuisance will be just as positive in the one case as in the other. It has been ascertained that the stale sewage conditions exist only at that one point.

It has been claimed by many that cutting the new channel would improve the discharge capacity of the stream by elimination of the two bends. The profile very clearly shows that the river bed assumes an absolutely level contour downstream from the junction point, and that the waters of this stream may be considered as literally dumped upon the lake area; so any elimination of irregularities in alignment under lake conditions will have no appreciable effect upon the flow of the stream, and an improved alignment could be secured by a more direct channel extending straight and beyond the present bridge location, but it has been pointed out that such a change would divert the flow away from the commercial developments along the south shore.

It is believed, however, that the City of Holland in permitting the construction of the dyke west of the present bridge for the purpose of the industry located northwest of the present bridge, has created a condition which is conducive to scour downstream from the present bridge. The presence of this dyke is one of the things which suggests to the average citizen the desirability of a channel change, even though it has no very great bearing upon it.

Shortly after Mayor Brooks had received the report, he called a special meeting of the common council for it was up to the city to choose which site was preferred. City Engineer Zuidema gave a chalk talk on the blackboard explaining all the bridge details. After considering all the phases of the expense of cutting a new channel to the new site and such other detail work incident to such excavation it was unani-

RACE TRACK PUT IN SHAPE FOR COMING FAIR RACES

When the Holland-Zeeland community fair opens its gates for its forty-sixth annual exposition next month patrons will find a complete renovation of buildings and grounds. All the buildings have been painted white and represent a marked contrast to their condition a few months ago when a miniature cyclone caused material damage to the grandstand, horse barns and some of the other structures.

The race track has been placed in the best condition in years. Many pacers and trotters are being trained for the speed events. The new horse show ring has been completed and outside courses with permanent ridges and 11 jumps have been provided.

County Agent C. P. Milham and Home Demonstration Agent Esther C. Lott, in charge of the boys' and girls' 4-H club work, estimate that between 40 and 50 clubs will be entered.

Secretary M. J. Vandellunte announces another horseshoe pitching contest open to any player in the state. Trophies and cash prizes will be awarded.

Mostly decided by the common council to ask the state to build the new bridge at the old site. The aldermen felt that nothing could be gained by delaying the project further and before very long Holland will be able to boast of a real worthwhile bridge, a necessity that has been imperative for the past ten years.

The Holland City News has always felt, and in an editorial 15 years ago pointed out that if a new channel were dug from the Waverly Railroad bridge, straight to Black Lake, that the fall in the river would be great enough to dry up half the land in this "dismal swamp" while now the water is dammed up in a dozen different curves and bends in the river clogged up with vegetable matter and city sewage. If such a project would bring a fall of a foot in the river there would be land enough in the basin for a stadium, but for a good sized fairgrounds right in the heart of the city. But then the News editor is not an engineer and therefore cannot speak with authority.

BUMPS GRAYHOUND WHILE DRUNK

A big tire on a Greyhound bus was blown Friday night when a car driven by George Bouch of Nunica struck the rear of the bus, just out of Ferrysburg on U.S.31. Both Bouch and his companion, John McManis, were taken into custody by the state police charged with driving while intoxicated and being drunk. They were arraigned before Justice Burr, Grand Haven and pleaded not guilty, demanded an examination.

YOUNG GRAND HAVEN BALL PLAYER GOES IN BIG COMPANY

Frank Secory, 17-year-old first baseman of the Grand Haven Oils, has signed a contract with the St. Louis National league club to report at the spring training camp of the Cardinals next spring. Jack Ryan, scout for the St. Louis team, watched Secory play at Grand Haven the past three days and was much impressed by the youngster's fielding, as well as batting. Secory has a batting average of over .500 for the season here.

SPRING LAKE CADDIES ARE GOOD FIRE FIGHTERS

The caddies of the Spring Lake Country Club, about 40 in number, played a new role Friday morning when they grabbed whatever was at hand and overcame a bad grass fire just opposite the club known as the Soule property. Had it not been for the quick action of the boys the fire might have reached the group of cottages at Strawberry Point and a small woods nearby. The Soule house was in danger, as the fire got within 50 feet. With lightning rapidity the fire spread along the grass, dry as tinder, making fine fuel for the flames. It was estimated between five and six acres was burned over.

This is the greatest number of jury cases to be heard in any one year in the past ten years. Besides this, Judge Miles has heard many non-jury cases. — G. R. Press.

WHEN SHIPPING POULTRY

Poultry that arrive at the market "overcopped" may sell for a lower price or may be subject to a deduction in weight to allow for the feed in the crop. To prevent this, feed birds liberally just before shipment but put no feed in the crop, if they are to reach the market the same day they are shipped. If they will not arrive at the market for 24 hours or longer, nail in the coop one or two tin cans filled with corn well soaked in water.

RED CROSS HEAD HAS NEW RULING ON WAR VETERANS ACT

Mrs. Mabel Vandenberg, newly elected secretary of the Holland Red Cross, with offices at the City Hall, pointed out that the recent amendment to the World War Veterans Act is already in service and is being applied.

She further says that local veterans who are suffering from diseases and injuries not traceable to military service should apply for compensation as they are justly entitled to this remuneration as outlined by the new act.

"The new law provides a pension ranging from \$12 to \$40 per month even though it has never been proven due to service, or who are suffering from the result of an injury or disease contracted after discharge from military service," Mrs. Vandenberg points out.

The provisions for obtaining the pension are that the veteran must have enlisted before November 11, 1918, and have served not less than 90 days during the world war period. It is further stipulated that the pension does not apply to disability that is a result of the veteran's own willful misconduct.

ROBERT WARNAR PICKED AS HONOR SCOUT OF AREA

Robert Warnar, 15 years old, a member of Boy Scout troop 23, was selected recently as an honor scout from the Ottawa-Allegan council and will represent this area at the Culver Woodcraft School, Culver, Ind. The lad was chosen because of his outstanding qualities as a leader in the troop. He is a first class scout and has been in the work for two years, attaining the rank this spring. He takes complete charge of his troop's meetings and helps other Scouts pass their tests. It was for this leadership that he was selected from 500 boys eligible.

He is a son of Mr. and Mrs. A. Warnar, and a member of troop 23 of the 1st Ref. church, Grand Haven. Harold Westrate, Holland, was chosen as an alternate in case he is unable to attend.

Tells How and Where the "Big Fire" Started

INCIDENTS IN CONNECTION WITH THE BURNING OF THIS CITY IN 1871

Second Installment (By Albert Kamferbeek)

In order to be sure that we could get our goods—the furniture we simply threw out on the street—away from the street in front of the house before the fire would overtake us, we began lugging the bundles from there to the south-west corner of 7th street and College Ave. and threw them temporarily on a heap there alongside of a lot of goods brought there by other people. There was a large collection of goods on this corner, including even four showcases taken out of a hardware store on Eighth street, which were filled with all sorts of stuff in that line.

After we had made a couple of trips to this corner, we noticed that the buildings on the west side of Central Ave., between Eighth and Seventh street, had started to burn. A neighbor across from our place, living on the lot in the rear of what is now the Warm Friend Tavern and used at present as a parking place for the automobiles of the hotel guests, was working might and main to save his house by carrying pail after pail of water up a ladder, and in this way was trying to keep the roof wet. He kept this going for only a short time, when the heat from Central avenue's burning buildings drove him off the roof. Coming down, he ran into the house, grabbed a feather bed, shouldered this and emerging with this on Central Ave., he tried to come around the corner of Seventh street. Before he could succeed in this, however, his bed caught fire and he was forced to throw it from him, and in a few moments it went up in smoke on account of the rain of sparks.

A neighbor to the west of us, living on the lot now occupied by the Yellow Cab Company's garage, had two fat, three hundred pound hogs which he let out of the pen and tried to drive out on the Central Ave. side of the street. Just as soon as these hogs caught sight of the raging flames opposite them, they ran right back in the yard. He tried repeatedly to drive these hogs out but always with the same result, and at last had to give it up. I saw these hogs the next morning laying dead and half roasted near the ruins of their pens.

Another neighbor, who after bringing his wife and children to a place of safety, came back to see what he could yet save of his household goods. As he had no time any more to lug his goods to safety, he did the next best thing, and this consisted in tearing the covering off the well—we all had open wells at that time—and dumping his goods in there. In his excitement he forgot all about throwing a lot of chairs in first in order to keep the stuff out of the water, and the result was that what he saved was largely spoiled by becoming water soaked. He saw and admitted his mistake right there and then but it was then too late, as what was done could not be undone.

Before we could succeed in bringing all of our goods from the house to the before mentioned corner, all of Eighth street till about the middle of the block between Central and College avenues was burning as was also the whole of the west side of Central Ave., from Eighth to Sixth street, while also Seventh street from Central to River avenues, and beyond was a roaring furnace of fire. Never mind where one looked from our house, everywhere was a raging sea of flames.

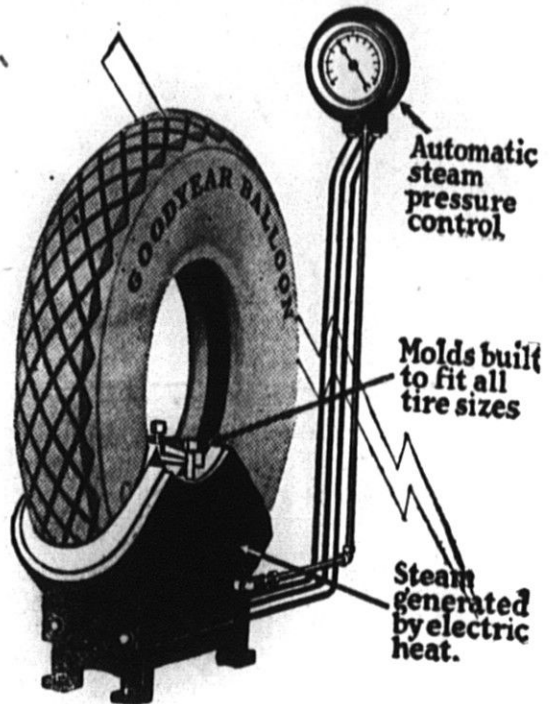

About the middle of the east side of Central Ave., between Seventh and Sixth street, stood a barn in which a sewing machine agent kept his horses. When this man drove away with his horses he left the barn open, with the natural result that a few seconds after the fire broke out from the block between Central and College avenues was burning as was also the whole of the west side of Central Ave., from Eighth to Sixth street, while also Seventh street from Central to River avenues, and beyond was a roaring furnace of fire. Never mind where one looked from our house, everywhere was a raging sea of flames.

When we got our last bundles of goods from our house—Sixth street back to our block, being entirely swept away at that time—we noticed that our house, the one west of the block, was burning, and the one east of us, had also begun to burn as well as some buildings on the opposite side of the street of us, showing us conclusively that it was high time to get out of this block.

Our block on Seventh street at that time was only a sand road which the owners of the above mentioned stove factory—who used this part of Seventh street quite frequently—had strewn a thick layer of 4 by 4 inch pieces of oak, cut off from the ends of staves, to improve this sand road a little. These small pieces of oak, being cork-dry, burnt like tinder, and the result was that not only the buildings on both sides of this block began to burn and were burning, but the very street was burning. Flames from a foot to a foot and a half high could be seen all over the street and all furniture—which was largely left behind on the street as we were escaping—was consumed to the last piece.

R. F. D. Forever!
Convention Song of the Michigan R.L.C.A.
By Anthony Rosbach

Tune—"The Battle Cry of Freedom"
1 We are gathering here today as a loyal postal band,
True to our watchword of service,
With our hearts in concord beating, in
unison we stand.
True to our watchword of service.
Chorus—
The R. F. D. forever, Glory to its name;
Disloyal to it—never! Its praise we proclaim.
As we gather in convention, gather once again
True to our watchword of service.
2 On our routes we proudly carry, the
postal flag unfurled,
True to our watchword of service,
And to far outlying regions, bring contact
with the world,
True to our watchword of service.—
Chorus.

We bring cheer to hearts forsaken, good
news from distant friend,
True to our watchword of service,
We bring swains sweet-scented missives,
that love-lorn maidens send,
True to our watchword of service.—
Chorus.
4 We endure the heat of summer, we
brave the winter's storm,
True to our watchword of service,
We count light each season's hardships
as our mission we perform,
True to our watchword of service.—
Chorus.
5 So with purpose firm we'll labor, and
strive to meet the test,
True to our watchword of service,
And with Heaven's help we'll render, at
duty's call—our best,
True to our watchword of service.—
Chorus.

Isn't This Your Kind of Bank?

When this—the oldest bank in Ottawa County—was organized in 1871, Holland people found something new in banking.

Directed by men of outstanding experience in affairs, and officered by men with the view-point of business, this bank immediately became known for its happy combination of conservatism with modern, direct methods.

Quickly it was recognized as truly "the people's" bank, in which all customers were equal and no red of banking tradition came between the customer and the officer whose advice he sought.

Its claim of stability today rests on the basis of proven facts. You can be sure we shall guard our reputation no less carefully than we have always guarded our pledges.

RADIO AND THE HEN GO GOOD TOGETHER

Radio concerts in the hen houses at 3 o'clock in the morning are just something more than the hens on the poultry farm of Mr. and Mrs. Joseph H. Thornton at Gunning River, N. J. have grown to expect. And they show their appreciation, the Thorntons report, by laying more eggs.

"The neighbors all thought we were crazy at first," Thornton said today, "but after we'd kept track a while and found out that the hens really did lay more eggs, they changed their minds."

"I noticed that they seemed more cheerful and alive if I went into the place whistling. So we put a loud speaker in the henhouses."

The Thorntons had to make a special arrangement with a broadcasting station to get music at 3 a. m.

Ottawa County Gets \$8,000 for Library Books

CRIME HELPS TO BUILD
LIBRARIES IN MICHIGAN

In a Michigan statute is a sentence reading: "The proceeds of all fines for any breach of the peace of the state shall be exclusively applied to the support of township district, village and city libraries." The total amount of the fines distributed to libraries in the 83 counties in this state in 1929 was \$523,988.72.

Of this amount Ottawa County received \$7,900.35, and Holland received the greater part of this appropriation for new books to help along the stack in the City Hall library.

Allegan county received \$3,191.41; Kent, 39,619.16; Muskegon, \$5,943.90, Wayne county (in which Detroit is located) gets \$134,793.42.

It is stated on official authority that in some counties there are judges and justices of the peace who make fines low and costs high, so the greater portion of the money collected can be used for purposes other than libraries. This does not mean they are hostile to libraries, but they believe there are more pressing public needs for money than libraries. In Washtenaw County there is a legal controversy over disposal of moneys under the statute, which accounts for Washtenaw County getting but about \$900 from fines in 1930.

"SMART PLAN" SAYS GRAND RAPIDS PRESS BUT HOLLAND HAS WORKED IT FOR SOME TIME

Under the caption of "A Smart Plan" the Grand Rapids Press springs one for the consideration of all business men. We might say that through the efforts of Norman Cobb, secretary of the Holland Merchants' Service Bureau this plan has been in vogue for some time.

The Press says: "Grand Rapids merchants who are sometimes afflicted by shoplifters, bad check passers and forgers have several times discussed the advisability of forming a self-protective alliance. Usually the discussion has taken the line of hiring a mutual private detective organization to work for all the stores, as in Toledo. However, possibly because of Grand Rapids' already efficient police service and undoubtedly because of the expense involved, nothing has come of these efforts."

"At no expense to themselves the Grand Rapids merchants might follow an extremely smart scheme recently worked out at Flint in co-operation with the chamber of commerce of that city. Whenever there is a case of shoplifting, a bad check or a forgery, merchants are pledged to get in touch with the chamber of commerce. It at once puts two operators at work calling ten Flint stores apiece and warning them that a crook is operating. Each of the ten stores in turn has a list of ten others which he must notify promptly. Thus within a few minutes two hundred Flint establishments are apprised of the danger and on their guard."

"There seems to be no good reason why this friendly scheme of co-operation against a common enemy should not be worked out by the Grand Rapids Association of Commerce through its retail division."

TAKE CARE OF RAW HIDES

Hides and skins, particularly cattle hides and calf skins are among the highest-price-per-pound raw products of agriculture, yet many farmers and small butchers treat them with little regard to their potential value. Many farmers think that four or five cuts in a hide make no difference and that a half-rotted skin will produce first-quality leather. They do not realize that one cut or a hole or hair slip from poor curing may render the whole hide unfit for tanning into some kind of leather. Grubs, ticks, brands, mange, warts, sores, rubs, bruises, pot marks, nuck and manure, and scratches made by horns, wire, and curryscombs all lower the value of hides and skins.

ROUTS POLICE WITH SNAKES

Police asked 11-year-old Walter Peterson, of Bridgeton, N. J., if he knew anything concerning a recent epidemic of gas meter pilfering. He denied it but was taken to the station because he had a box which he refused to show to the patrolman who found him on the street trying to keep it hidden under his coat. The desk sergeant asked the lad what he had. The boy replied it was nothing he would care about. The sergeant thought otherwise and confiscated the box, which he opened. Out squirmed 25 water snakes, some five inches in length, and up jumped many surprised policemen who were glad when Walter gathered up his queer pets and departed with no charge against him.

ONE BUSINESS AT LEAST IS PROSPERING

There is at least one industry in Michigan in which sales were larger during the first five months of 1930 than during the same period last year. It is the gasoline industry. The state's receipts, less refunds, from the three-cent gasoline tax from Jan. 1 to May 31, 1929, were \$7,502,475.14. For the same period this year receipts were \$7,916,686.42. The increase this year is \$403,711.28. From Feb. 1, 1925, when the state began collecting a gas tax, to May 31, this year, the revenues from this source have totaled \$79,166,686.42. The tax was two cents a gallon up to September, 1927.

Two uncompleted road jobs have been at a standstill for several weeks and from appearance neither will be completed this year. These projects are the new road between Holland and Zeeland along the right-of-way of the defunct Holland interurban railroad and extending through Holland along the south limits and connecting with Seventeenth-st. under the tracks of the Pere Marquette railroad. The work of grading between Holland and Zeeland has been largely completed.

The other project covers the new bridge across Black River on U.S. 31, just north of the city limits. The bridge will be widened from nine to sixteen feet, extending to Pine Lodge assembly grounds.—G. R. Press.

Miss Josie Van Zanten of the Holland Board of Public Works office is enjoying a two weeks' vacation.

DEBORAH, A LEADER IN A NATIONAL EMERGENCY

LESSON TEXT—Judges 4:1-24.
GOLDEN TEXT—Say to them that are of a fearful heart, be strong, fear not, behold, your God will come with vengeance; he will come and save you.
PRIMARY TOPIC—Deborah a Brave Woman.
JUNIOR TOPIC—Deborah a Brave Woman.

INTERMEDIATE AND SENIOR TOPIC—Notable Women Patriots.
YOUNG PEOPLE AND ADULT TOPIC—Woman's Influence in Community and National Affairs.

The book of Judges covers the period from the conquest of Canaan and death of Joshua to the judgeship of Samuel. While Joshua and the elders of his generation lived, the people in some measure remained faithful to God, but the very next generation went into apostasy. Their declension may be accounted for by:

1. Their failure to drive out the Canaanites when they took possession of the land. Their failure to carry out this command of God was their undoing.
2. Their amalgamation with the Canaanites. The tolerance of the heathen about them was quickly followed by union in marriage.
3. Idolatry. Their intermarriage with the heathen was followed by worship of the heathen gods.
In order to teach this lesson intelligently it is necessary that the teacher have a grasp of the book of Judges from which it is taken. In chapter 2:6-19 is given a synopsis of the book. Observe (1) The sin of the people (vv. 6-13). (2) God's judgment for their sin (vv. 14, 15). (3) Their repentance (3:9). (4) God delivers them at the hands of the Judges (3:15-19). A repetition of sin, oppression by the enemy, repentance, and deliverance, is the story of the book of Judges.

1. The National Emergency (vv. 1-3).
Ehud was not only a righteous but a strong ruler. Under his judgeship, freedom had been enjoyed for many years. As soon as he was dead the people turned away from God.
2. The bondage of the people (vv. 4-5).
The Lord abandoned them to be oppressed by Jabin, king of Canaan.
3. The people cried unto God (vv. 6-7).
Affliction brought them to their senses.

11. The Judgeship of Deborah (vv. 4-10).
The great national emergency confronting Israel was met by a woman named Deborah. Her name means "Bee." As suggested by another, she exemplified her name by her industry, sagacity and great service to the public.
1. The place where she judged Israel (v. 5).
It was under a palm tree. She held an open air court for the administration of justice.
2. Her method (vv. 6-10). (1) Her summons to Barak (vv. 6, 7). Barak means "lightning." Deborah, being a prophetess, was able to select a man whose gifts would enable him to rally the forces needed to gain victory over the formidable foe. Deborah gave definite instruction as to the number of men and the strategy to be employed, assuring him that God would deliver Sisera into his hand. (2) Barak's reply (v. 8). He expressed an unwillingness to go unless Deborah would go with him. (3) Deborah rebuked (vv. 9, 10). Deborah yielded to his request, but made it plain to him that it would detract from his honor as a conqueror, "for the Lord shall sell Sisera into the hand of a woman."
III. The Defeat of Jabin's Army (vv. 11-16).
Sisera, the captain, gathered a mighty army and went forth, confident of victory over the ill-equipped and undisciplined army of Barak, but he made one sad mistake—he did not consider that it was the Lord's battle (v. 15). Through supernatural interposition the enemy became panic-stricken (25:20).

IV. Sisera Killed by a Woman (vv. 17-24).
In his flight Sisera took refuge in Jael's tent. In the guise of friendship she committed a most heinous murder after inviting him into her dwelling.
V. The Song of Deborah and Barak (ch. 5).
This song was composed and sung in celebration of the marvelous victory which God had wrought. Deborah set forth in the most definite way that the secret of victory was the help of God.
