COUNCIL ASKED TO END SUNDAY PHASE OF FETE

**Pastors Want Tulip Time
to Start Monday and
End Saturday**

**Special Committee Named
to Study Request and
Submit Report**

Sunday activities at Holland's annual Tulip Time festival were discussed at the regular common council meeting Wednesday night following presentation of a letter from the Holland Ministerial association in which the aldermen were urged to use their influence in omitting Sundays from future fetes and limiting their duration to six days, beginning on a Monday and ending the following Saturday.

The communication bore the signature of the Rev. Henry Van Dyke, association secretary, and was approved by a unanimous vote at a meeting held Tuesday, June 25, at Tunnel park. A similar communication was sent recently to S. H. Houtman, general Tulip Time manager.

Following the discussion, council referred the request to a special committee which was asked to report at the next meeting, Wednesday, Aug. 7. It was first proposed to refer the letter to the general Tulip Time committee but at least two of the aldermen contended that council should act on the minister's recommendations.

Following council adjournment, Mayor Henry Geerlings appointed Ald. Ben Steffens, Henry Ketel and John Menken as the special committee.

Ald. Herman Mooi objected to the proposal to refer the communication to the festival committee. He offered support to the recommendations, stating that "Holland is setting a poor example by allowing Sunday activities and that the city should feel ashamed for what has been allowed to transpire in the past."

He submitted a motion to approve the recommendations. Ald. Albert V. Faassen supporting the motion. Menken said he favored Mooi's remarks but felt the matter should first be investigated by a special committee.

After additional discussion, Mooi agreed to amend his motion to refer the matter to the special committee. Faassen went on record as favoring a six-day festival program. Council should act on the matter in order that the general committee would know council's attitude, he said.

Mayor Geerlings said the opening day's program could not be held on Monday because the schools are not closed and it would be a handicap for some people to attend or participate in the program. He also told of this year's program on the first Sunday which resulted in the opening of the Little Netherlands and Netherlands Museum with no regular admission being charged. He said residents of the neighborhood in which these two exhibits are located complained when festival visitors began hammering on the exhibits' doors for admittance.

Mooi contended that if the festival began on a Monday, these objections would be overcome. He pointed out that perhaps some festival visitors "do not observe Sunday as we do in Holland."

Ald. Cornelius Kalkman, Sr., made inquiry about a vote of the citizens relative to the Sunday opening of festival exhibits but no one could recall any such vote in the past.

Steffens asserted that festival visitors will visit Holland on a Sunday, regardless of local limitations, and he pointed out that no admission had been charged on Sunday for exhibits. Menken said nothing could be done to keep out the visitors on Sunday, nor can anything be done to stop the blooming of tulips on this day, yet he felt the festival should not be commercialized on this day.

After commending the Tulip Time committee on the "high type of program it has sponsored during the past years," the ministers' letter added:

"The last two years especially have seen a sad disregard for the sanctity of the Lord's day. We believe that the commercialism of the day is an entering wedge for an open Sabbath in Holland."

"The fact that some of our public institutions and many private establishments have been encouraged to be open for business on one or two Sundays in the year does not lessen the danger of a precedent."

"A great principle is at stake. If one Lord's day may be used for commercial reasons, why not every other one? If the action of the Tulip Time committee is a precedent, what can prevent us from keeping any one else from opening his establishment on any other Sabbath?"

YOUTH DIES OF HEAD INJURIES

**Grotenhuis Boy Is Hurt in
Fall from Swing at
Farm Home**

Lee Earl Grotenhuis, four-year and eight-month-old son of Mr. and Mrs. William Grotenhuis, route 5, Holland, died at 7:30 p. m. Wednesday in Holland hospital of a fractured skull which he suffered about 2:30 p. m. Tuesday when he fell from a swing at his home.

Relatives reported today that his 11-year-old sister, Lavina Grotenhuis, was swinging him when the accident occurred. She told relatives that she was not swinging him at any great height.

The youth fell forward from the swing, apparently on his face as the left side in the vicinity of the eye was badly bruised and cut. She picked up the unconscious child, wrapped a towel around his head and carried him to the porch. She then summoned her mother and a doctor was called. A short time later, Lee Earl regained consciousness but about 3:30 p. m. he lapsed into an unconscious condition and remained so until death.

Survivors are the parents, six brothers, Arthur of Grand Haven and John Henry, Wallace, Harold, Donald and Eugene at home; four sisters, Mrs. George Raterink of Zeeland, Mrs. Albert Vander Hulst, route 2, Holland, and Lavina and Verna Elaine at home.

Funeral services will be held Saturday at 1:30 p. m. from the home, private, and at 2 p. m. from Niekerk Christian Reformed church, with the Rev. Ralph Heynen officiating. Burial will be in East Holland cemetery.

Friends may view the body this afternoon and evening at Lange's funeral home and Friday afternoon and evening at the family home.

The car was being driven by Robert Anderson, 18, 601 Franklin St., Grand Rapids. It was traveling in a westerly direction on the road.

Police Chief Fred Bosma reported the accident occurred across the Chamberlain boy darted across the road in front of the approaching car. LOAN ASSOCIATION HOLDS ANNUAL MEET

Present officers of the Ottawa Building and Loan association were reelected for the ensuing year at the annual meeting of the board of directors which was held Tuesday night at the association's quarters in the former Holland City State bank building.

They are L. J. Vandenberg, president; Charles Van Zyl, first vice-president; Jacob Zuidema, second vice-president; and Ernest V. Hartman, secretary-treasurer.

Prior to the annual board meeting, stockholders held their annual meeting to elect four directors for terms of three years each. They were Mr. Van Zyl, Mr. Hartman, John Post and William C. De Roo. With exception of Mr. De Roo who will replace Clarence Fairbanks, the other three directors are reelections.

Manitou's time was 32 hours, 45 minutes and 25 seconds.

The big boat, made for the race, clipped one hour and 51 minutes from the corrected record of Russell Alger's 1934 triumph in Trident and finished more than five hours ahead of its closest rival. Manitou's record, made possible by a 15 to 20 mile an hour abeam wind most of the way, was two hours and nine minutes faster than any made in a previous Mackinac race.

Manitou was across the starting line in 11th position Saturday afternoon but overtook the fast-starting field after the race had been underway but 30 minutes. Lowe's craft was the scratch boat of the race by virtue of its victory last year and it had given time to all 31 of its rivals.

In the cruising division, Perce Williamson's Rainbow VII was first on corrected time, although Sea Saga, owned by Lyn Troxel of Toledo, finished an hour and 40 minutes before it. Average time for this division was approximately 45 hours. The Rainbow VII had a corrected time of 39 hours, 43 minutes and 56 seconds.

The racing class title was awarded to Siren, Fred Temple's Q-boat which beat the Arroway, an eight meter boat owned by Harry Fletcher of Alpena. Corrected time for the Siren was 33 hours, 38 minutes and 28 seconds.

SUPERVISOR IS HURT IN CRASH

**Accident Occurs Shortly
After His Release on
Bond Here**

Fifteen minutes after he had been released from the local jail under \$2,500 bond, Albert H. Stegenga, 34, route 2, Holland, who is Olive township supervisor, suffered injuries in an automobile accident about 5:13 p. m. Wednesday on the Waverly road, three miles north of Holland.

Deputy Sheriff William Van Etta who investigated the accident reported Stegenga suffered injuries to his head and legs. Stegenga and two other men received medical treatment at Holland police headquarters.

Stegenga was arrested Tuesday night by officers on a warrant, charging him with a statutory offense, a 36-year-old housewife swearing to the complaint. Arraigned Wednesday before Municipal Judge Raymond L. Smith, Stegenga demanded examination which was set for Tuesday, July 23, at 10 a. m. His bond was placed at \$2,500 but it was not furnished until later on the day.

The injured supervisor was riding in an automobile which was driven by Eldert J. Nienhuis, 29, route 2, Holland. The car crashed into the rear of a car, being driven in the same direction by John H. Maassen, 20, route 2, Holland.

Also in the car with Stegenga and Nienhuis were Albert Sierma, 57, route 2, Holland, and Dick Stegenga, 61, route 2, Holland, brother of the accused man. Nienhuis struck the steering wheel with his chin bruising it and also breaking the wheel.

Sierma was treated for head injuries and hurts to his knees and body. Dick Stegenga suffered throat injuries and leg injuries.

Maassen reported he was in the act of stopping his car after having been hailed by a person desiring to see him. Van Etta said Nienhuis apparently failed to see Maassen stopping his car, which resulted in the rear end collision. Both automobiles were badly damaged. Maassen was not injured.

ISSUE WARRANT FOR ARREST OF JOHN DE VREE

**Action Results From Probe
Into Alleged Gambling
at 1939 Fair**

**Examination of Deputy in
Fair Gaming Will Be
Held July 30**

Zeeland, July 18 — Justice J. N. Clark has set Tuesday, July 30, at 2 p. m. as the date for the examination of John De Vree, Georgetown deputy sheriff, who is charged, with failure to perform his duty at the Hudsonville fair on Sept. 9, 1939, by allowing gambling there.

Date for the hearing originally was set for yesterday but due to the inability of an important witness to be present it was adjourned until the later date.

De Vree was arrested Friday afternoon on a warrant issued from Justice Clark's court, charging him with neglect of duty in allowing gambling at the Hudsonville fair Sept. 9, 1939. The charge resulted from a one-man grand jury investigation into the alleged gambling activities at the fair.

De Vree, who demanded examination, is a liberty under \$500 bond.

In the complaint sworn to by Prosecutor Elbert Parsons, the alleged offense occurred Sept. 9, 1939, in Georgetown townships. Dates for the 1939 fair were Sept. 7, 8 and 9.

The complaint charges that he "did then and there wilfully neglect to perform such duty by wilfully then and there failing, neglecting and refusing to arrest said divers and sundry persons" who were engaged "by then and there for hire, gain and reward, keeping and maintaining certain games partly of skill and partly of chance."

Deputy Sheriff William Van Etta who learned of the officer's contemplated arrest this forenoon, stated this afternoon that the sheriff's department knew nothing of his alleged neglect of duty. De Vree not only is deputy sheriff but also he is fire marshal and village marshal for Hudsonville village.

Van Etta said he had been in charge of law enforcement at the Hudsonville fair for the past 12 years. The local deputy sheriff said he planned to confer with Parsons about the matter again this afternoon.

He said he did not know what action Sheriff Frank Van Etta would take in regards to suspending De Vree as deputy sheriff.

On Nov. 1, 1939, William Vander Laan, 50, of Hudsonville, president of the Hudsonville Fair association, was arrested on a charge of allowing gaming devices to operate at the fair. Raymond L. Smith, who at that time was justice of peace, dismissed the charge Nov. 15 upon motion of Prosecutor Parsons. Although the fair was held Sept. 7, 8 and 9, Vander Laan was charged specifically with allowing gaming on Sept. 9.

Hudsonville, July 18 — John De Vree, Hudsonville deputy sheriff, who is charged with neglect of duty for allegedly permitting gambling at the 1939 Hudsonville fair, will receive support from directors of the fair, village and township officials, it was announced by William Vander Laan, president of the Hudsonville fair.

De Vree is at liberty under his own recognizance pending an examination before Justice Jarrett N. Clark in Zeeland. The charge against the deputy resulted from a one-man grand jury investigation before Clark into the alleged gambling activities.

In making his statement that the Hudsonville officials would aid in the defense of De Vree, Vander Laan said the Hudsonville fair always had operated under a "clean slate."

"This entire matter is puzzling to all of us," Vander Laan said.

The alleged thief was then arrested about 10 a. m. at his work. Local police said that Evink admitted the theft.

Officers planned to confer with the parole officer as Evink is on parole and still has two months to serve of his parole. Evink became involved in trouble about three years ago when he admitted the theft of about 18 bicycles in Holland and vicinity.

COUNCIL VOTES FIRE CONTRACT WITH TOWNSHIP

**City's Neighbor Will Pay
Flat Rate and Sum
for Each Run**

**Terms Receive Approval
of Police and Fire
Board**

Terms of a new fire protection contract with Holland township were approved Wednesday night by common council and City Attorney Clarence A. Lokker was instructed to draw up a new contract for subsequent signing by the principals involved.

Holland township had requested a new contract with the city of Holland for fire protection in order that it would be relieved of all liability in case of accident to fire equipment or injuries to firemen while responding to an alarm in the township. When first presented to the police and fire board, the matter was referred to council by the board with a proposed set of terms. However, under the proposed terms, the contract would have been for more than one year's duration and the city attorney ruled that neither council nor the township could enter into any contract that would bind their successors to office.

Under the terms of the new fire protection contract, Holland township will pay a flat sum of \$350 per year to cover cost of maintenance and insurance in case of accident. In addition to this amount, an additional \$50 will be paid for each alarm answered by the fire department.

Ald. Ben Steffens, chairman of the ways and means committee to whom the matter had been referred at a previous meeting, reported on the terms of the new contract and moved they be accepted. His motion was seconded by Ald. James A. Drinkwater.

Steffens reported that police and fire commissioners had approved the terms, although at Monday's board meeting, City Clerk Oscar Peterson was instructed to inform the committee that the commissioners still favored an annual sum of \$300 until a fund of \$2,500 is reached when the annual payments would be reduced to \$200 per year. In addition a fee of \$50 would be charged for each run into the township.

The township will be relieved of all liability under the provisions of the new fire protection contract.

G.R. TEAM WINS FROM DUTCH ON CIRCUIT CLOUTS

Locals Get Lone Tally on Homer as Visitors Take Fray, 4 to 1

Home runs by Manley in the seventh and Green in the eighth were all the Dutch. Krafts of Grand Rapids needed to win 4-1 over the Holland Flying Dutchmen in a duel of homers at Riverview park Monday night.

Lauren Wenzel brought in Holland's lone run in the third when he smashed a homer over the right field fence. The locals held this 1-0 lead unmoored for six innings.

Bates singled to left field in the seventh before being driven in by Manley and Wenzel walked in the eighth before being driven in by Green.

Outside of Wenzel's round tripper, the Hollanders did not put one man across the plate despite the fact that they totaled eleven hits off the pitching of Ken Little, three of which were pitched Lefty Van Wieren's singles. Eleven men were left on base.

Little struck out five and walked one. Lefty fanned eight and walked two. He allowed only four hits. Grand Rapids left three men on base.

The game was uneventful except for the home run innings. The Dutch threatened with men on base in every round except in the first and second when they went three up and three down. The visitors took the same trail in the second, fourth, fifth, sixth and ninth.

Parsons States Deputy Saw Gambling at Fair

Hudsonville Officer Asks for Examination on Alleged Offense

Ottawa Prosecutor Elbert Parsons Saturday reviewed the case so far of John De Vree, Hudsonville deputy sheriff, who demanded examination when arraigned Friday afternoon before Jarrett N. Clark, Zeeland justice of the peace, on a charge of neglect of duty.

The 60-year-old Hudsonville deputy who has held that office for the past 16 years, was arrested by Deputy Sheriff Martin Baarman of Zeeland following a one-man grand jury investigation which has been in progress for two months concerning alleged gambling activities at the Hudsonville fair last September.

Parsons said that he would not ask Sheriff Frank Van Etta to discharge De Vree in the first place because he was presumably innocent until proved otherwise and in the second place, because in all other instances as deputy sheriff, police marshal and fire marshal he had served Hudsonville well. He had worked with the state police and helped solve several cases at Hudsonville, Parsons said.

Parsons charged, however, that the alleged gambling games at the Hudsonville fair could not have taken place without De Vree's "cooperation." At the same time, Parsons says, his investigation fails to show that any other Ottawa county officers were directly involved.

Parsons says De Vree was present when gambling practices were interpreted and it was explained that they were illegal and had to be stopped. The Ottawa prosecutor had announced that gambling laws would be enforced at county fairs before they opened last September.

According to Parsons, De Vree told the sheriff that it was impossible for him to work with him (Parsons) and that he wanted to resign. He also told "others" that it was nonsense to interfere with games at the fair and told him (Parsons) that he was "out of sympathy" in regard to the enforcement of the law, Parsons said.

Parsons further states that at the time, he told De Vree that it was his duty to resign. He told him, he said, that he should hold to the law no matter what his personal ideas might be.

Parsons claims that the deputy sheriff had been informed that various games would be operated at the Hudsonville fair and that he deliberately "turned his back." He permitted these games to operate, Parsons stated, and was angry when the prosecutor tried to stop them.

The alleged offense occurred Sept. 9, 1939 in Georgetown township. At a meeting of all the deputies the following Tuesday, Parsons questioned each one. At this time, according to Parsons, De Vree stated that "he had nothing to say."

De Vree made a statement in which he said he was not on the fairgrounds the evening of Sept. 9, the date of the alleged offense, but instead was assigned to work at the high school auditorium. The fair association has employed the law firm of Linsey, Shivel, Phelps & VanderWal of Grand Rapids to defend Deputy De Vree.

VanderLaan contended in a statement that the fair was operated last year as for five years previously and with the approval of village officials, the school board and the clergy of Hudsonville. The fair will be held again this year Sept. 5 to 7.

ARREST TWO IN ATTACK AT S.H.

Two Holland men, under arrest in South Haven, will face prosecution in circuit court on charges of felonious assault with intention of inflicting great bodily harm less than the crime of murder.

They are John Jay De Ridder and Charles Zyk, both 23. Holland police said De Ridder's last known address was the Hotel Marquette while Zyk's last known address was 54 West First St.

Arraigned last Thursday before Justice of Peace Roy McCrimmon in South Haven, the two waived examinations. They were bound over to circuit court on bonds of \$500 each.

They were arrested at 11:50 p.m. Wednesday after Don J. Pratt, 25, of South Haven told police of being assaulted at 11:30 p.m. on Kalamazoo St. near the K Beauty shop.

Pratt told police that he was walking along the street when he met the two strange young men. One, which he later identified as De Ridder, asked him for a match. As he handed the match to De Ridder, De Ridder's companion, later identified as Zyk, stepped behind the local man. When De Ridder took the match he put it in his pocket as he simultaneously said, "Let him have it Chuck."

His fellow-assaultant obeyed orders and struck Pratt on the head with a 200 pound scale weight. Failing to knock him out, the assaultant grabbed him around the waist, pinning his arms to his side.

Pratt said he resisted and kicked De Ridder. The man holding him immediately pushed him into the street and the two attackers ran.

Officer John Fanning of the city police took Pratt in the patrol car in an attempt to locate the men. Only a few minutes later Pratt told Officer Fanning that the two men on Broadway attempting to hitch-hike were his assailants.

All officers of the Michigan national guard, which includes those in Holland, have been ordered to attend a conference at Camp Grayling July 20 and 21 to discuss plans for the second army maneuvers and mobilization plans, according to army regulations.

TO VOTE ON SCHOOL CHANGE AT MCCLAIR

McClair, July 18 (Special) — Residents of the McClair school district are anticipating an interesting and perhaps exciting meeting Monday, July 22, at 7:45 p.m. in the school house.

A special meeting of the electors has been called to vote on changing the school site to a point about three-tenths of a mile south of its present location. The reason for this anticipated change is the convenience for electrical facilities which could provide a good water supply plus drainage, together with less isolated location for the school.

The question of building a small addition to the school also will be presented and a proposed bond issue of \$1,200 will be discussed. If carried, the proceeds of the bond issue would be used to put a complete basement under the school, change the entrance, provide sanitary accommodations, a work room for 4-H club activities, storage space and move the furnace to a special room in the basement.

Any citizen who is of age, a three months' resident of the district, and parent or guardian of a child of school census age, or a taxpayer in the district may vote on changing the school site. Only citizens who are of age, residents and taxpayers may vote on the proposed bond issue.

KILLER BURKE DIES

Killer Fred Burke has died in the Marquette penitentiary. Death came as a result of heart disease, after he had served for nine years and three months of a life sentence. About nine and a half years ago, when he was wanted for the St. Valentine's day massacre and numerous other crimes, he happened to violate a traffic law in St. Joseph, Michigan. An unlucky young policeman, who had of course no idea that he was dealing with a desperate criminal, stopped him for questioning. Burke gave the officer no chance but shot him down like a dog. He was captured, convicted, and sent to Marquette for life.

The death of Killer Burke ought to be merely a minor news item; if things were as they should be, it ought not to be necessary, or possible, to make editorial comment on the event. If justice in Michigan were what it ought to be, the death of a cold-blooded killer in prison ought to be so much a matter of course that no one would bother about it. There should be nothing to say.

Unfortunately that is not the case. For the death of a murderer in prison is almost a rarity, not only in Michigan but in many other states as well. Things have improved somewhat in Michigan in recent years, so that the release of murderers is no longer a public scandal. But in spite of that, it is not unlikely that Killer Burke actually served a life sentence merely because he happened to die within a decade after his conviction. He was only 47 years old at the time of his death, and it is not unreasonable to suppose, on the basis of prison history in Michigan, that at the end of another decade, if he had lived, reasons would have been found for turning him loose.

In this case a life sentence actually meant life; the killer of the innocent St. Joseph policeman (ignoring other probable crimes) paid the full penalty. Under any system of reasonable penology that ought to be the rule, not the exception. The St. Joseph youngster on the police force (he had but recently been married) has been dead for over nine years, and his family has been deprived of his support. His murderer has been allowed to live on. The least that can be expected of exact justice is to see to it that such killers are without the slightest hope of ever returning to freedom. Justice has been done in this one case; it ought to be done in all similar cases.

THE CHURCH INVITES YOU

Edward R. Stettinius, Jr., who has resigned as chairman of the Board of the United States Steel Corporation to join President Roosevelt's Advisory National Defense Commission, to be the basis of democracy and freedom has said:

"No earthly power can prevail against the trinity—faith, hope and charity—for they spring from and can exist only in the presence of a firm and enduring belief in a Supreme Being who is all-good and all-powerful. 'Our nation was founded on that belief. The founding fathers did not prescribe how we were to worship. But by their every word and deed they acknowledged God and established the principle that the State should never presume to take to itself the attributes of absolute power. To-day there seems to be a tendency in many quarters to exalt the material above the spiritual. The simple ideals do not appear to be as sacred as once they were. Yet those ideals are at the very roots of our rights as free men. If we permit these ideals to be destroyed, our freedom will leave with them. It is not by mere chance that some nations which are governed by absolute dictators make war on religion. They must destroy the dignity and importance of man, and that involves destroying faith in a Divine Providence.'"

Mr. Stettinius, who is an Episcopalian, holds that the present need is for "spiritual leadership of America in every field of endeavor." The church is the institution which sponsors such endeavors. Why not accept the invitation to go to church next Sunday?

Job's Repentance and Restoration
Job 42: 1-13

By Henry Geerlings

One of the wonders of the Yosemite Valley is the tall pine tree growing out of the rocky face of Mount El Capitan. That tree is 80 feet high and is one third of the way up the three thousand feet of granite mountain. How did it ever find lodging on that narrow ledge? What sustains life? No one knows. Many years ago a seed dropped by a passing bird found soil in which it germinated, then it sent its roots down to unseen sources of nourishment. It is an illustration of the fact that no matter how uncongenial or difficult a person's disposition may be, it is possible to thrust one's roots into eternal verities and hold on to the unseen.

In spite of all the repeated and manifold troubles which came to Job, he did not become resentful and bitter. It is said to notice what happens even to good people when they have to face a succession of unfortunate circumstances. At first they are surprised, perhaps surprised that in view of their manner of life such disasters should come to them. Then there is resentment. They see other people, perhaps not living as devoutly yet withal prospering and apparently at ease, and then there comes a blight of cynicism. Through all the changing circumstances of a stormy career Job did not lose his faith in God nor did he permit the experiences of life to sour him. That is what religion should do for people, keep them sweet and kindly and trusting.

No explanation was given of why he had to suffer so grievously. According to the beginning of the book it was in order to prove to Satan that there was at least one man on the earth who would be true to God no matter what happened to him. Job has used very bold words in challenging God to justify his ways sincerely. No justification was given. Instead Job has a vision of the exceeding power and wisdom of God, and the immensity of the universe. The point of this is to create in Job the consciousness that it is not possible for man completely to understand God and his ways, and it is the part of the sincere worshipper to trust God even when his ways seem unjust. This is not easy for us to do, and yet it is quite reasonable; for it is clear that with our limited powers of understanding, any God great enough to create the universe must be beyond our comprehension.

Job knows that he has been presumptuous in demanding that God should explain himself. It is of that presumption that he repents. Now that he has come to know God in his majesty and power, he knows that it is not in man to judge God. It is possible that the book ended at that point. Many scholars feel that the rest has been added later, and that it rather spoils the effect. In real life it does not usually happen that losses are made good and all desires fulfilled in this life. Nevertheless it is the teaching of the whole Bible and in particular of Jesus, that there is satisfaction to be found, that the faithful service of God will never fail to bring it, and the satisfaction that will surely come to the servant of God will far outweigh all the sacrifices and efforts and pains of this life.

Even that, however, is only part of the truth of religion. Many a man has found deep satisfactions in this life in the very midst of suffering, sorrow and loss. It is very certain that a man like Dr. Schweitzer, who gave up a great career as a musician to become a doctor to African natives, finds in his service to these poor people a deeper satisfaction than he could find elsewhere. We do not have to wait for some far-off heaven to possess and enjoy the wealth of God's kingdom.

Jesus said that those who followed him would find a hundred fold now in this life, and in the world to come eternal life. Many a faithful servant of Christ has proved that to be true. Of course it could not be literally true that a man would receive a hundred wives, or children, or houses, for one that he lost on account of faithfulness to Christ but the satisfactions that he would find would be unspeakably greater than anything that he might lose. That is something we find very hard to believe when we are young and very keen on the ordinary interests and fulfillments of life. But all experience corroborates it. So let us never be afraid to sacrifice for Christ's sake.

RELIEF GROUP GIVES REPORTS

Approximately 70 delegates and pastors attended the monthly meeting of the South Ottawa and North Allegan chapter of the Queen Wilhelmina Fund, Inc., which was held Monday night in Ninth Street Christian Reformed church.

Each presented a report on the money raised to date in their respective churches or on the plans being formulated to collect money for Netherlands relief.

Maynard Mohr, chapter treasurer, reported that \$300 had been collected and sent to the fund's New York headquarters. All churches will be credited with the amounts raised and when their reports are submitted to chapter officers, they will be released for publication.

Delegates also planned to make investigations to learn what the women organizations of their churches can do in sewing and knitting garments. It also was stressed that money is needed as quickly as possible so it can be available for use this fall and winter as it is feared a famine will fall over Europe this winter.

Delegates were informed that the latest information is that relief agencies are unable to do any work in The Netherlands. However, relief is being provided Dutch refugees in Portugal, Switzerland and England and those who are stranded in the United States. All money which has been spent for relief abroad has been dispensed by the Red Cross and the Friends Service committee, a Quaker organization, it was reported.

COMES TO OTTAWA COUNTY TO ESCAPE RAIDS ON ENGLAND

Coopersville, July 18 — Mrs. Thomas Smith of Birmingham, England, who was Miss Marietta Marshall of Coopersville before her marriage, has arrived in this country and will live with her mother, Mrs. Nellie Marshall, in Coopersville.

She left England about a week ago on the U. S. liner Washington which docked Saturday in New York. She was met in Grand Rapids Sunday by relatives when she arrived here with her three-month-old baby, Jane.

"Jane can learn the full and real meaning of those two small words—United States," Mrs. Smith said as she arrived. "Although it is very difficult for me to leave my husband, I am sure now it was the right thing to do for Jane."

Mrs. Smith was married about two years ago in England. In recent weeks in Birmingham she has experienced several air raid warnings and spent many hours in the bomb-proof shelter of her Birmingham home when Nazi planes bombed the outskirts of the city.

Mrs. Smith, however, gave no impression that Birmingham or England was panic-stricken. "With the exception of sand bags everywhere and occasional air raid warnings, life goes on over there in Birmingham just as it does here—people buy things, get married, have entertainment and all of that," she said.

Plan Memorial Service for Victims of Disasters

Grand Haven, July 18 — Coast-guardsmen whose devotion to duty on Lake Michigan cost them their lives, are to be honored Aug. 4, concluding Grand Haven's fourth annual U. S. Coast Guard water fete and sesquicentennial anniversary of the service. A memorial service for victims of marine disasters on Lake Michigan will follow.

During the past 25 years, two have made the supreme sacrifice. One was Surfman John Henry Dipert of Muskegon station, who was swept by his death in the mastrom of surf as the station's power lifeboat swamped while on

an assistance call to the steamer, Henry Cort, aground on the north breakwater, Nov. 30, 1914.

Earl Cunningham, boatswain's mate, second class, died a hero's death when he perished from exposure Feb. 9, 1936 when he rowed out in a small skiff in an heroic effort to reach two fishermen, adrift on an ice floe three miles south of the pier at Charlevoix. He reached them before the ice closed in and together the three drifted north with the floes. One man finally walked ashore over the ice but Cunningham and the other died in the open boat.

Surfman Dipert and Bos'n Mate Cunningham and many others of the past whose names are unavailable, will be honored by dedication of a beautifully designed bronze plaque to their memory by the city of Grand Haven which the past three years has recognized the importance of the service by sponsoring the water fete. The plaque will be mounted on a stone base and set in Kelly Memorial park where the dedication will take place with appropriate ceremonies starting at 4 p.m.

SCHOOL BOARD RETAINS HEADS

Beeuwkes, Mrs. Kollen and Geerlings Reelected by Trustees

Fred Beeuwkes, 112 East Ninth St., was reelected president of the board of education for the ensuing year at the board's regular monthly meeting Monday in Holland high school auditorium.

Other officers, also reelected, are Mrs. Martha Kollen, vice-president; and Mayor Henry Geerlings, secretary.

President Beeuwkes said he would make his committee appointments later. Following the meeting, school trustees and their wives were guests of Mr. and Mrs. Beeuwkes at a social gathering in their home.

The board accepted the report of the election committee, regarding the outcome of the annual school election Monday, July 8, which resulted in the reelection of Prof. A. E. Lampen and C. J. Dekoster and the election of Ernest V. Hartman to the board. Oaths of office for the three trustees were accepted and filed.

Mayor Geerlings presented a letter from Mrs. Marguerite D. McEnaney, secretary of the committee on community schools for the state department of public instruction, advising the local board that Holland high school had been approved to receive tuition from non-resident high school pupils in grades nine, 10, 11 and 12 for one year, ending June 30, 1940. The letter was placed on file.

Supt. E. E. Fell called the board's attention to articles appearing in American Forests, relative to the school forest, west of the city. One article was written by Shirley W. Allen and was illustrated with pictures. Copies of the magazine were given each trustee. Miss Lida Rogers' annual report, covering activities of the past year, at the forests, also was presented.

Mr. Fell also reported that the WPA project to wash walls and ceilings in school buildings had failed to materialize due to lack of federal relief funds but that the work would be done by juniors. He also reported progress in the construction of a fence at Froebel school, that work will start soon on the new garage at Washington school and that a contract had been let for painting Lincoln school.

Claims, amounting to \$17,830.35 were approved. Mr. Fell also reported to the board that reimbursements to the various school funds for the past fiscal year amounted to \$4,325.22.

Two persons suffered injuries about 9:30 p.m. Monday in an automobile accident on the Graafschap road.

Mrs. Alice De Jonge of Zeeland was confined in Holland hospital. She suffered a contusion of the chest wall and severe bruises to her right knee. An x-ray examination this forenoon revealed no broken bones.

Dan Kemper, 16, 255 West 12th St., suffered facial lacerations. He was treated by a local physician.

Kemper was riding in a car, driven by Raymond De Witt, 15, route 5, Holland. De Witt escaped injuries.

It was reported that De Witt was driving his car north en route to Holland and Mrs. De Jonge who was driving south attempted a left turn into a farm yard, her car crashing into the side of the De Witt car.

City Engineer Objects to Kalkman's Accusations

Zuidema Tells Council He Never Took 'Tip' for 'Private Work'

Retorting to accusations made by Ald. Cornelius Kalkman, Sr., at Wednesday night's common council meeting, City Engineer Jacob Zuidema protested charges that he had accepted "tips" for dumping sand onto private property.

"I am satisfied with the salary which the city pays me," Mr. Zuidema said, "and I have never taken any tips for any such work."

The statement was made during a discussion on the request of Mayor Henry Geerlings that council rescind its previous action in preventing the dumping of sand and dirt which is removed from street and sewer projects onto private property. The mayor said he had received several requests from property owners for this sand and dirt as they felt it could be more useful for filling in private lots than by being placed in the city dump.

Council took its action sometime ago following a controversy over use of city trucks in hauling the dirt and sand to private property. Because of the objections presented, council took no vote in regard to rescinding its previous action.

Ald. Frank Smith pointed out that when WPA labor is used to load the trucks or if WPA trucks are used, the relief agency's provisions prohibit dumping of dirt and sand on private property. The city engineer certified this fact, stating that if city trucks and city labor are used, the work can be carried out.

Ald. Herman Mooi said he had presented his motion at a previous meeting, which had been adopted by council, because of the assertions that city employees had accepted "tips" for the work. The motion, he explained, sought to counteract such insinuations. His second reason for his motion, he said, was because the practice interfered with those who made a living at hauling dirt.

Ald. John Menken said he would like to see "the taxpayers benefit" from this sand and dirt, if it could be put to use.

Kalkman asserted that "tips" had been given in the past for this sort of work but it could not be learned who received the tips. He contended that if the work were done on one piece of property, it would have to be carried out for all property.

Replying to Zuidema's statement, Kalkman said nothing had been said about the city engineer receiving the "tips."

"I know you didn't get them," Kalkman said. The aldermen protested that when he wanted sand from public property to fill in where he was constructing a sidewalk, he could not obtain it but had to buy it and charge it to the property owner.

BOARD ACTS TO SECURE ALARM FOR NEW PLANT

Kamferbeek and Blom to Confer With Public Works Group

The board of police and fire commissioners met in regular session Monday at 5 p.m. in the office of City Clerk Oscar Peterson.

Chairman Fred Kamferbeek and Fire Chief Cornelius Blom, Jr., were instructed to confer with the board of public works, relative to supplying a new fire alarm whistle to replace the present "mocking bird" on top of the Fifth St. station. Mayor Henry Geerlings, who said the works board is about ready to place the new plant in operation, asked whether the police and fire board had made any arrangements for a new whistle at the new plant.

Clerk Peterson presented figures for a new compressed air siren which would cost about \$1,400. Chief Blom said he had conferred last week with Charles Vos, assistant works superintendent. He expressed belief that a steam operated whistle would be better and cheaper. He said he had obtained the name of the company which manufactured the present "mocking bird" and planned to write it, if it is still in existence, to learn whether a whistle could be obtained that could be operated from the new power plant.

The board of public works sent a communication last spring to common council, informing it that arrangements would have to be made for a new whistle as the old one could not be operated at the new plant because of the higher steam pressure.

Acting Police Chief Jacob Van Hoff was instructed to purchase a new siren for one of the police motorcycles. He reported a new tire would cost about \$10 and that \$3 would be allowed for the old tire.

Chief Van Hoff also reported slow signs had been ordered for Seventh St. intersections, that the alley entrance at the rear of the Holland State bank had been painted and that William Steketee had been placed on traffic duty at 10th St. and River Ave.

Kamferbeek requested the clerk to inform Ald. Ben Steffens, chairman of councils ways and means committee, that the board still favored terms of \$500 per year and \$90 per call for fire protection in Holland township. Peterson said Steffens had requested him to ask the board if they had any information to supply the committee before it reported at Wednesday's council meeting.

Chief Van Hoff reported 53 cases disposed of during June. Other police activities for the month follow: Illegal parking violators sent to Municipal Judge Raymond L. Smith, 26; warnings for speeding, 34; warnings for stop streets and stop lights, seven; warnings for illegal parking, 49; warnings for defective equipment, 16; miscellaneous calls, 57; doors found unlocked, 13; accident calls made, 14; juveniles warned, 16; juveniles taken home, three; fire calls made, one; cars stolen and recovered, one; solicitors and transients ordered out of the city, five; men picked up for other cities, one.

COUNCIL VOTES ACCEPTANCE OF PLANT PROJECT

Having been formally accepted by common council at the request of the board of public works, the city's new \$1,500,000 power plant which was constructed on filled in land on the east end of Lake Macatawa, today was ready for operation, thus replacing the Fifth St. plant, which has been the source of the city's electrical supply for the past several years.

Common council, at its meeting Wednesday night, adopted PWA resolutions, formally accepting the project as a whole. The action came following a tour of inspection of the plant by a group of city officials Monday night.

The acceptance resolution set forth that the inspection party found that the plant "has been completed in accordance with all approved plans, specifications and change orders and is herewith accepted as a whole."

Motion to accept the plant was made by Ald. Ben Steffens and supported by Ald. Albert V. Faassen with all aldermen voting favorably on its adoption.

Another part of the resolution certified that the various contractors had concluded their respective work under provisions of the terms of their contracts with the city.

Council also adopted a second resolution, certifying that three remaining contractors had completed their work in compliance with PWA regulations. They were the Strong Construction Co., Dearborn Electrical Construction Co. and the Johnson, Larsen and Company.

This motion was submitted by Ald. Frank Smith, supported by Steffens.

In a separate communication to council, the board called attention to a recommendation which had been made by the captain of the George F. Rand, which recently delivered the first consignment of coal to the new power plant.

The captain recommended the installation of a "deadman," where one was pulled out, and also a new cable.

The board also reported that Henry Vander Schel, local harbor-master, had recommended that Lt. Col. W. H. Holcombe, district engineer of the war department in Milwaukee, Wis., be contacted with regard to dredging out the new Black River channel.

The board's recommendation was that a committee be appointed to contact Holcombe on this subject. In this connection, Mayor Henry Geerlings, upon council authority, appointed Steffens, member of council's board of public works board.

After the communication had been read, City Attorney Clarence A. Lokker informed aldermen it was his understanding that, before the government could spend any money to dredge out the channel, it would be necessary for congress to act in declaring it a navigable stream.

At Lokker's request, City Clerk Oscar Peterson read his letter of last April 4 to Holcombe, relative to the Black River channel, and the answer he received later. Holcombe advised the city clerk that the channel was constructed as a private enterprise and that it was not a part of the government harbor project, thus he had no authority to dredge out the channel.

Lokker then recommended that the chairman of the works board committee and a member of the works board be named to make a trip to Milwaukee to confer with Holcombe and learn what action is necessary to obtain maintenance of the channel. He promised his support in contacting congressmen later in obtaining this approval.

Upon motion of Ald. John Menken and supported by Ald. James A. Drinkwater, council voted to accept the recommendation.

Earlier in the meeting, Ald. Henry Ketel reported for the works board committee on the plant project, stating that all work will be completed within three weeks.

Stating that he had inspected the plant Wednesday afternoon, Smith said he had found the plant "perfect" and that Holland citizens "should feel very proud of it."

Before a vote was taken on the motion to accept the project as a whole, Smith informed council he had been contacted by a local merchant who advised him one of the general contractors owed him for materials. Smith said precautions should be taken to see that there are no outstanding bills due merchants for any materials furnished the plant.

He suggested that some kind of advertising should be done to notify merchants that if they have any bills due them to file claims immediately with the works board.

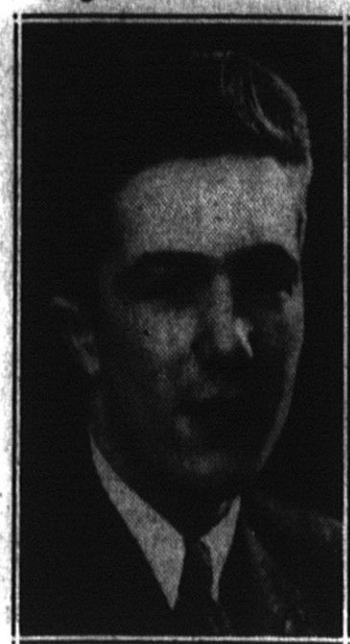

Lokker replied that all contractors had furnished Michigan standard bonds in accepting the contracts awarded them and that merchants were protected. He also reported having drawn up certificates for the works board which are to be signed by the contractors under oath that they owe no money for any materials or for any labor used in the construction of the plant. He expressed belief the works board would protect itself in this matter.

Mayor Geerlings suggested adoption of the resolution, accepting the project as a whole, with a recommendation that the board of public works contact contractors to learn if there are any outstanding bills due for materials furnished.

Automobiles and trucks worth \$1,300,000.00 were produced the first five months of 1940.

Meet in Central Park

Members of the Mubesheraat Society enjoyed their annual summer get-together on Tuesday evening at the summer home of the president, Mrs. E. M. Den Herder, in Central park.

The regular program on missionary topics was dispensed with but two interesting letters from missionaries were read. The first was a letter from Dr. William J. Moerdyk of Amara, Mesopotamia, who with his family returned for medical and evangelical work in Arabia last winter after a year in this country. He told of great changes and of unrest because of war conditions.

Mrs. O. Pino, whose Sunday school class of women sent boxes of supplies to the Rev. and Mrs. H. Homes for 11 English children have been offered in this community as a result of the appeal made recently by the Holland branch, American Association of University Women, it was announced here by Mrs. W. S. Merriam, branch president.

Response of Holland citizens to the request for homes for children of educated British parents for the "duration of the war," has been prompt, and numerous inquiries and offers have been received by the A.A.U.W. executive committee.

Affidavits of support and educational opportunities for these children of members of the British Federation of University women, who have been made destitute and homeless by the war, are being sent in this week, and if approved, it is expected the children will begin to arrive in about a month.

Only health children will be sent by the British government, and an effort will be made to supply families with children congenial in religion and of the sex and age desired. The age range of the children will be from 5 to 16.

In some communities offers of free dental and medical service for the children have been made, and educational systems are being opened to the refugees, it was revealed.

The committee is glad to have the names of families who can offer homes for children but who would not be able to care for the full support, as well as persons willing to take the responsibility of supporting a child in another home. Any wishing to make contributions of this nature are requested to get in touch with the branch treasurer, Mrs. Ralph Eash, 88 East 22nd St.
