The measure, as presented by Wendell A. Miles, new chairman of the schools committee, called attention to the fact that through the meetings a greater number of people will become interested and informed regarding mutual school problems.

It was also the hope of the schools committee that such a group might make a nucleus of citizens who would later become members of a large citizens committee from the entire community to work on the problems of the educational and school facilities program.

New President Bernard Arendshorst also announced the new committee appointments for 1958. James A. Hallan is chairman of the buildings and grounds and Arendshorst and Alvin J. Cook are members. Carl C. Andreasen will head the finance committee and members are Arendshorst and Miles.

The land adjoins the property planned for the present site of the new high school and would give the Board more than 35 acres of property.

The Board approved the lease with Third Reformed Church for classrooms for the 1958-59 school year.

The Board also tabled, until a conference with the mayor and city manager, the matter of funds for a master plan for the total community area for Holland.

She is a Holland High graduate and received her A.B. degree from Rosary College in Chicago, Ill. She did graduate work at the University of Michigan and Michigan State University.

A letter of appreciation for her appointment as Van Raalte school principal was received from Miss Fannie Bultman and another communication reminded the Board of its five-minute skit to be presented at the annual school picnic, Sept. 5.

The Board voted to accept the resignations of Carleton Kelch, elementary orchestra director, who has taken a position at Baldwin, N. Y.; Cecilia Witte, junior high homemaker teacher, who is moving to Phoenix, Ariz.; and Natalie Bosman, high school English teacher, who requested a two-year leave of absence to accept an appointment to teach American children in the American-Arabian Oil Co. school in Saudi Arabia.

High school principal J. Forman reported a total of 89 students in the summer driver education classes and 21 students in the summer typing classes.

The financial report showed a balance on hand of \$28,558.72 and a balance of \$63,727.24 in the general building fund; a balance of \$201,928.30 in the high school building and site fund and \$16,949.97 in the 1953 school bond building and site fund. A balance of \$492,373.83 was shown in the debt retirement fund report and the Board okayed transfer of \$21,706.95 for paying bills and obligations. The report was made by Mrs. Russell Hornbaker, treasurer.

Superintendent Walter W. Scott presented library reports from the elementary schools, junior and senior high schools. Holland Man Injured as Car, Semi-Trailer Crash Head-On

A Holland man was injured early this morning when the car he was driving smashed head-on into a heavily-loaded semi-trailer on the US-31 bypass just east of the M-40 intersection.

Cornelius J. Feit, 35, of 157 Timberwood Ave., is reported in satisfactory condition at Holland Hospital, having received a dislocated hip, possible internal injuries and cuts and bruises.

Allegan County deputies said Feit, headed east on the bypass, was traveling on the wrong side of the divided highway when he smashed into the semi, which was going west.

The driver of the truck, Everett L. Seabolt, 32, of Muskegon, was not injured in the crash.

Deputies said Feit was pinned in his car and had to be pried out by ambulance men. The impact telescoped the entire hood of Feit's car, with the front of the cab-over truck nearly up against the car's windshield.

The accident happened at 1:10 a.m. as Seabolt, going from Muskegon to Toledo, Ohio with a 12-ton load on his trailer, was driving in the left-hand lane on his side of the divided highway, preparing to make a left turn onto M-40.

Seabolt told deputies he saw the car coming directly at him but assumed the driver would pull into the other lane. Just before the impact, Seabolt said, he pulled off onto the left shoulder, in the area between the highways, but he said the car also veered over and met him head-on.

The impact stopped his truck dead in its tracks, Seabolt said. Deputies estimated the damage to the 1955 tractor at \$1,000 and said Feit's 1952 model car was damaged in excess of its value.

Board Told Seminar Works Well

Director Rescorla Says
'Morale High Among
Students and Teachers'

A science seminar set up in May for especially gifted high school students is working out well, Robert G. Rescorla of General Electric Co. and director of the program reported to members of the Holland Board of Education at its monthly meeting Monday evening in E. E. Fell Junior High School.

Rescorla said the average attendance for the weekly Monday night session is 30. "The morale of the students and resource people is very high and everyone feels it is accomplishing a job the high school cannot approach in the classroom," Rescorla said.

He outlined a four-point objective program the seminar is following. First, to increase science understanding beyond that of high school; second, improve students' selection of vocational goals and in choosing college courses; third, finding the fundamentals of a science program and related practical application and fourth, start research programs on their own.

Dr. Harry Frissel is chairman of the physics group, Dr. P. G. Crook is in charge of the mathematics group. Both are from the Hope College faculty. William Hoffmeyer of General Electric heads the mathematics group and George Visser of Holland Christian High School is in charge of the chemistry division.

The Board was high in its praise of the seminar. Rescorla said the seminar may be split into other sections next spring. He estimated that the students spent about 10 hours in preparation prior to each weekly session.

He was sure that with the advanced training many of the students would be able to pass college examinations. He felt a problem was integrating the programs into the high school.

Those teaching in the seminar are Robert Brice, James E. Slagter, C. Van Appledorn, Henry Kleinheksel, James Hensley, W. J. Johnson, H. D. Woltman, George Visser, John B. Otting, Robert Zigler, George Smith, Robert W. Snyder, James A. Dykema, A. P. Centellella, James Hornung, Frank H. Fleischer, Joseph A. Corrado, William Arendshorst, Everett Hart, Rescorla, R. C. Reek, J. Herbert Johnson, Winthrop F. Roser, Rene A. Willis, Jr., Eugene C. Jekel, Edward J. Wolters, Herbert Bulthuis, A. Frank Schwarz and Crook, Frissel, Visser and Hoffmeyer.

City Attempts To Intervene

ALLEGAN (Special) — In a hearing before Allegan Circuit Judge Raymond L. Smith this morning, Holland City Attorney James Townsend filed petitions for the intervention of the city of Holland and entered a motion for a new trial in the case of Mr. and Mrs. John Elgersma versus Fillmore township. Judge Smith will announce his decision in several days.

Mr. and Mrs. Elgersma are seeking permission to build a trailer park on the southeast corner of the US-31 and M-40 junction in Fillmore township. In 1955, the Fillmore Township Board of Appeals denied them permission on the grounds that the school in that district was unable to accommodate any more children.

After appealing to the Allegan Circuit Court, the Elgersmas received permission to build the trailer court, but now that the property involved is going to be annexed to Holland, the city is seeking permission to intervene in the case.

Included in the party, given by Henry J. Engelsman and Albert Holthoff, were Mr. and Mrs. Joe Knoll, their sons, David, 15 and Dale, 12 and Steven Kuna, Jr., son of Mr. and Mrs. Stephen A. Kuna. "We estimated its brightness at about magnitude minus five, which is brighter than any object in the sky except the sun and moon and would compare with a bright fireball," Engelsman said. "It varied from very bright to dim and back to bright again, probably due to the object turning end over end," Engelsman said.

Council Halts Discussion Of Property

Expected to Discuss
60-Day Land Option
At July 23 Meeting

City Council Wednesday night tabled a recommendation from City Manager Herb Holt to exercise an option for the purchase of property on River Ave. between 12th and 13th Sts.

Holt submitted a 60-day option, dated June 1, 1958, for the purchase of the land at a cost of \$85,000. The purchase of the property, which is designated in the master plan as the site for a public building, has been recommended by the library board. Council is expected to discuss the matter when it holds an adjourned meeting Wednesday, July 23.

According to Holt's report, the transaction would be financed either by land contract or promissory note, payable in from five to 10 years, with an annual interest rate of three per cent. Although sufficient funds are available in the Capital Improvement Fund, the city would not have to make a payment until after July 1, 1959.

Council enjoyed a few chuckles when the matter of closing 11th St. between College and Columbia Aves. was brought up at the meeting. Although that area has actually been the center of the Hope College campus for many years, there are no records which show that the city ever ordered the street closed. Attorney Vernon D. Ten Cate filed a petition on behalf of Hope College requesting that the street be officially closed.

When it was stated that a similar application was made to A. C. Van Raalte in 1880, Councilman Raymond Holwerda remarked that the city fathers were probably too busy worrying about the War Between the States to tend to business at home. Council, intending to complete the unfinished business of its forefathers, set Aug. 20 as the hearing date for the matter.

The Council approved the rezoning from "B-1" residential to "C" commercial of an area in the vicinity of 13th St. and Maple Ave. The rezoning, which will become effective Aug. 7, was requested by Mrs. and Mrs. Peter Yff. Council moved that there be no variance in the ordinance for curb cuts, after receiving a request for a variance at the entrance to the Meenigs Service Station at 16th St. and River Ave.

Council approved a report from Arthur Read on a proposed shelter for Fairbanks Park. The estimated cost of the concrete block building with brick facing is \$11,525. Read's suggestion for an \$800 contingency allowance for blueprinting, side-walks and other unforeseen items was also okayed by Council.

Suffers Injuries When Scooter Strikes Car

GRAND HAVEN (Special) — Jerry Clarence De Witt, 16, of 537 Pine St., Ferrysburg, was treated at Municipal Hospital for lacerations of the left knee cap Monday following an accident when his scooter struck the rear of a parked car owned by John William Dittmar of Spring Lake.

The Dittmar car, which had run out of gas, was parked in the southbound lane of traffic on US-31 north of Monroe St. De Witt, who was taken to the hospital by Dan Sullivan, 1425 Colfax St., Grand Haven, was charged by city police with failure to stop in an assured clear distance ahead. Both the car and scooter were damaged considerably.

Ticketed for Interfering With Through Traffic

Joe Bakker, 69, of 116 West 28th St., was ticketed by Ottawa County deputies for interfering with through traffic as the result of a two-car collision Thursday at 2:10 p.m. at the intersection of M-21 and State St.

Deputies said Bakker, headed south on State St., pulled out into the path of a car driven by Mrs. Theresa J. Veldman, 23, of Hudsonville, going east on M-21. Bakker's 1937 model car was damaged in excess of its value, deputies said, and they estimated the damage to Mrs. Veldman's 1953 model car at \$100.

GRAND HAVEN (Special) — After deliberating less than an hour, a Circuit Court jury Friday afternoon awarded judgment of \$2,698.09 to cross defendants, Mr. and Mrs. Chester Van Tongeren of Holland, in a case brought by Mrs. Evalyn Irvine of Zeeland.

Mrs. Irvine had sought \$35,000 for alleged damages she suffered when the Van Tongerens removed a loading dock and stairway at a building at 5 West Eighth St. in Holland which formerly housed Dutch Mill Restaurant. The Van Tongerens claimed that a new cement block rear wall and grade level covered entrance was an improvement and in a counter suit sought \$7,500 from Mrs. Irvine for back rent and two air conditioning units which had been sold at auction.

Mrs. Irvine had leased the premises since 1953.

The case was heard Thursday and Friday. It was the last jury case of the season.

Holland High School Picked For Gifted Students Project

Holland High School is one of 50 high schools in 19 states and one of four in Michigan to be selected to participate in the North Central Association research and action service project it was reported to members of the Holland Board of Education Monday night.

The two-year program is set up for the motivation of superior and talented secondary school students. Funds for the project were received from the Carnegie Corporation in New York.

Under the direction of Principal Jay W. Formsa the program will go into motion in September and will include a series of tests, guidance and counseling plans for accelerating classes and setting up a plan for evaluation of the superior and talented child.

The list of the students should be available by November, 1958.

Formsa said, and plans call for interviews with the students three times a semester. Achievement tests and follow-up studies are also planned.

Superintendent Walter W. Scott, in his remarks to the board, outlined a program for the education of the gifted and the importance of improvement of instruction.

In educating the gifted, he pointed to the Holland Youth Development project, a program to improve the instruction of all elementary pupils. Scott reported this project is in the making.

It was jointly conceived by the school administrations of the three school systems of Holland and Hope College and is a five-year program.

The project research will be done with about 500 pupils in the age levels of one year olds, kindergarten children, fourth grade children and ninth grade children.

All of the groups, except the infants, will be tested in the fall of this year with a battery of objective tests and will be rated by teachers using observational procedures.

The data obtained will be used to select about 10 or 15 per cent of each group and within the smaller group, high leadership potential will be studied.

Scott said that requests have gone to several Foundations for funds to support this research program. About \$30,000 per year for five years is needed to finance the project.

The superintendent said the instruction of children has not kept pace with the rapid growth and development of other phases of American culture. He said there

are shortcomings in public education that need improvement.

Scott also made the school census report. It showed an increase of 146 over last year in the age group five through 19 and a decrease of 46 children in the age group 0 through four years.

The overall gain from 1957 to 1958 is 100 from 6,188 to 6,288. The total for 1958 is 1,728 while it was 1,772 in 1957 in the 0-4 bracket. The 5-19 bracket showed 4,562 in 1956 to 4,416 in 1957.

Rites Read in South Olive Church

Mr. and Mrs. Kenneth Hassevoort

Miss Anita Boers, daughter of Mr. and Mrs. John Boers, route 2, West Olive, became the bride of Kenneth Hassevoort, son of Mr. and Mrs. Harold Hassevoort, route 2, Zeeland, on June 24 in South Olive Christian Reformed Church.

At 8 p.m. the wedding party assembled before an altar decorated with palms, ferns and bouquets of white peonies and gladioli with candelabra for the double ring ceremony performed by the Rev. Harold Lenters.

Attending the couple were Miss Carolyn Wyrick as maid of honor, Mrs. Robert Hoffman, sister of the groom, and Miss Lois Jacobs, bridesmaids; Fern Grotenhuis, cousin of the bride, and Bruce Hassevoort, brother of the groom, flower girl and ring bearer; Harley Hassevoort, the groom's brother, best man, and Robert Hoffman, brother-in-law of the groom and Preston Boers, brother of the bride, ushers.

For her wedding the bride selected a floor length gown, featuring a skirt of net and tulle over satin and lace panels. The fitted bodice of lace was fashioned with a Peter Pan collar and long sleeves tapering to points over the wrists. A fingertip veil fell from a crown trimmed with sequins and pearls. A white orchid with streamers and a white Bible were carried by the bride who was given

in marriage by her father.

Colonial bouquets of yellow pompons and white carnations were carried by the bride's attendants who were dressed identically in ballerina length gowns of light green crystal over taffeta. Style features were the scoop necks and short sleeves. The wide deeper green cummerbunds fell into wide panels down the back. All wore matching light green hats with nose veils.

Mothers of both the bride and the groom wore pink lace dresses with white accessories and white corsages.

"Because," "O Promise Me" and "The Lord's Prayer" were sung by Don Van Gelderen, accompanied by Miss Marian Nienhuis who also played appropriate wedding music.

Assisting at a reception for about 100 guests in the church basement were Miss Betty Van Den Bosch and James Koeman who presided at the punch table; Miss Marilyn Geurink and Paul Scheepel who were gift room attendants and Mr. and Mrs. Cornel Baumann who served as master and mistress of ceremonies.

For a honeymoon to Niagara Falls the new Mrs. Hassevoort changed to a white two-piece dress with white accessories and a white orchid corsage.

An Open House will be held, Friday, Aug. 1, from 2 to 4 in the afternoon and from 7 to 9 in the evening. This will give all an opportunity to see the house and to meet the Tanis family.

Ottawa County Farm News

By Richard Machlele,
County Extension Director,
Agriculture

A dense, healthy, vigorously growing turf is the most effective weed control measure for lawns. But in many lawns, broadleaved weeds and weed grasses become established. In such lawns, you must first destroy the weed plants, then provide seed, fertilizer, water and the care needed to produce a good turf.

Weed plants in your turf can often be destroyed with one of the chemical weed killers now available.

Complete information on lawn weed control is now available in a new Michigan Cooperative Extension Service folder just received in the county extension office. A copy is free for the asking at the office located in the Courthouse, Grand Haven. Ask for F-261, "Lawn Weed Control."

Bufo H. Grigsby, of the Michigan State University department of botany and plant pathology, is the author of the folder. It contains information about the control of nearly 40 different lawn weeds.

Borderline moisture in grain is dangerous. There's a lot of risk involved in storing wheat with more than 14 per cent moisture.

Farmers have little trouble with grain that is obviously too wet for storage. It's the slightly too wet grain that leads some to take chances.

Grain containing more than 14 per cent moisture is likely to go out of condition and become "sick." Also, insects are more active in wet than in dry grain.

"Sick" wheat may appear normal on the outside. However, the wheat is generally not suitable for flour milling because the germ is dead or partly dead.

The normal color of a healthy wheat germ is white or creamy white; "sick" wheat has a greenish or blackish color.

Have grain tested for moisture before combining. Thresh by hand a pint of grain, take it in an airtight container to the elevator for a moisture test. If the moisture content is above 14 per cent, don't combine the wheat unless you have drying facilities.

After the grain is dry enough, get the combined grain out of the sun as soon as possible. Grain left in the sun becomes warm and may absorb moisture from damp soil.

Home fruit gardeners in Ottawa County can now get a pest control guide in the form of a newly published folder from the Michigan Cooperative Extension Service.

We have copies of the folder, F-117, "Pest Control Program for Home Fruit." A copy is free for the asking.

Information on sprays, equipment and time of spraying is included. The authors have also included some tips on handling special insect and disease problems.

Most Ottawa County home gardeners can get an abundance of unblemished fruit if they follow recommended insect and disease control measures.

Up-to-date rates for custom farm work in Michigan have just been published by the Michigan Cooperative Extension Service.

The information is contained in an Extension folder, F-161 just received in our office. A copy is free for the asking.

Custom rates listed in the folder were reported by 239 farmers throughout Michigan. Each reported the rate he charged or paid in 1957 and the rates expected in 1958. Most custom rates increased 10 to 20 per cent since the last study in 1955.

We have had some requests in the past week regarding fall pastures and seeding of pastures at this time of the year. We think one of the best crops to grow for emergency pastures would be oats. Oats should be seeded and if not allowed to be pastured too close, the seeding will develop to the point where it can be used for regular pasture next summer. Oats in itself makes a good emergency pasture. If seeded alone I would suggest seeding 2 to 2½ bushels to the acre.

Late summer is the best time of the year to establish alfalfa seeding especially on light sandy soils. This can be done preferably the latter part of August.

City softball league leaders VFW got a scare, but came up with one run in the seventh inning to nip the Moose 2-1 Tuesday night in league action at Van Tongeren Field.

Mobilgas Dealers scored six runs in the fourth inning following single runs in the second and third stanzas to take an 8-6 win over last place Fords in the other game.

It was all tied up, 1-1, in the top of the seventh when Vet first baseman Howie Glupker singled to center scoring Perk Hamming from second with what proved to be the winning run. Hamming had previously doubled to center.

The Vets scored their first run in the second inning. Moose tied the score in their half of the second.

Hamming was the winning hurler for the VFW. He struck out 11 Moose batters and gave up only three hits. Vet batters pounded Moose pitcher Ed Stille for 10 hits. Gord Hulst, Hamming and John Walkers each had two of the VFW safeties, and Lee Veldman, Ron Appledorn, Jay Hoffman and Glupker each got one. Bill Zych had two of the three Moose hits and Stille had the other.

The Dealers scored first in the second getting one run and then again once in the third before icing the game with the fourth stanza outburst. Fords came back but not enough. They scored twice in the fourth, fifth and sixth innings.

Ned Freriks and Jay Freriks got the only Ford hits off winning pitcher Arnie Boeve. Mel Busscher, Dave Bos, Bill Fortney, Lloyd Tinnholt and Irv Boeve each got two hits off Ford hurlers Wayne Hop and Glenn Ebels.

Tourists in Holland Resorts Like Shade Trees and Water

Shade trees, spacious cabins and cool water attract tourists to Holland and the surrounding area during the summer vacation season.

With the many facilities for water sports, fishing, tennis, golf, summer theater, swimming and just plain sun-bathing on the sandy beaches along the lakes, resorters are never left without some activity.

Many of the tourist courts, motels and cabins cater to families and provide entertainment for the children as well as adults.

Board Faces Much Work

HAMILTON (Special) — A lot of work lies ahead of the board of education of the newly consolidated Hamilton school district, Hamilton Community Schools, according to G. Ray Sturgis, Allegan County Superintendent of Schools.

The district was organized June 23 when 15 former school districts voted to form a new high school district.

After the June 23 election, a temporary school board was appointed by the Allegan County Board of Education. The temporary members were all elected Monday to the permanent board. They are President John Kaper; Secretary Mrs. Cecile McNitt; Treasurer Raymond Busscher and Trustees William Becksfort and Jay Dykhuis.

The first step toward a new high school building for the new board of education will be the selection of a superintendent of schools. Next an architect, working closely with the planning committees previously in existence, must prepare preliminary plans. Then the school board will decide upon the amount of the bond issue and present it to the voters.

Water Tower Being Cleaned and Painted

The water tower at 28th St. and Washington Ave. is getting a paint job inside and out. Guy E. Bell, superintendent of the Board of Public Works, said Monday that that water was drained out of the tank Sunday night.

Bell said that since the water will be running on direct pressure for a week or 10 days, residents may notice that the water pressure is slightly low. He pointed out that the city maintains emergency water supplies at other sites in the event of fire.

The water tower was last painted about six years ago.

HOW BEST TO WASTE TIME

Two Cornell University students
have written their scholastic dis-
sertations on a subject that should
take the grand prize for useless-
ness. Perhaps only one theme
could be more useless— "How
Best to Waste Time." Those two
Cornell "scholars" spent their en-
tire senior year in research on
what they called "The Coffee Cup
Problem."

The problem consisted in find-
ing out, "under laboratory condi-
tions," to use their phrase, how
most quickly to cool a cup of
coffee. No fooling— two grown-
up college men spent a year on
the project, then wrote a 78-page
paper, "complete with formulae,
graphs, and a slew of higher
mathematics," and their teach-
ers not only approved the learned
academic investigation, but they
gave the paper first prize in an
international competition for
student papers.

In brief, what those two ac-
ademic "research workers" es-
tablished was that it "takes a
cup of coffee 425 seconds to cool
off enough to drink, if the milk or
cream is put in at once." But if
you wait 30 seconds before adding
milk or cream, the coffee cools
a minute and a half faster.

Think of what a boon that world-
shaking discovery will be to the
Holland coffee kletzers, among
the other scores of millions all
over the country who at least twice
a day face the unpleasant neces-
sity of taking coffee breaks. They
can save a minute and a half of
their precious time, and of the
time of their firms, if they take
the trouble to read the 78-page
paper over which those two Cor-
nell University students sweated
a full academic year!

The New England philosopher
who said that he is the most
useful citizen who learns how to
make two blades of grass grow
where only one grew before was
a back number. He was talking
about discovering something use-
ful. That's an old-fashioned idea
that no longer belongs in Ameri-
can higher education.

If this "Coffee Cup Problem"
had been a unique academic pro-
ject, it would be reasonable to
laugh it off as just a loony notion
of two grown up children whose
I.Q. is not very high. Unfortunately,
there are a good many other
"research projects" that are in
what has come to be known as
the "loveless of the frog" classi-
fication. The uselessness of most
of them is disguised by the fact
that the "researchers" use words
so big and technical that nobody
but "researchers" like themselves
know what they mean. So the
common run of us think the
papers must be important because
their wording can't be understood.

That kind of thing is education
for education's sake, not for liv-
ing's sake.

Justice in the Family
Ephesians 5:21-31; 6:1-4;
1 Timothy 5:8
By C. P. Dame
(Based on copyrighted outlines
produced by the Division of Chris-
tian Education, National Council of
the Churches of Christ in the
U.S.A. and used by permission.)
If the teachings of the Bible
about family life would be prac-
ticed universally home life would
be much different than it is now.
In some homes there is much em-
phasis upon rights and not enough
upon responsibilities and love. This
lesson offers a fine opportunity to
learn some of the basic truths of
family life.

I. Wives and husbands have ob-
ligations to each other. The words,
"Submitting yourselves one to an-
other in the fear of God" teach
that all believers should submit
themselves to each other. In the
discussion of this lesson remember
that duties are more important
than rights. The husband is the
head of the home. He is not the
lord or the tyrant but the head
and leader. A wife who cannot ac-
cept the leadership of the husband
does not have a high regard for
him. Wives should submit them-
selves to their husbands just as the
church is subject to Christ, the
subject Paul commands is not base
or servile.

It is the duty of husbands to love
their wives. It should not be hard
for any wife to submit herself to
a husband who loves her as Christ
loved his church. Christ is an ex-
ample to both husband and wife.
Christ's love for his church was
self-forgetting and self-sacrificial
and that is the kind of love hus-
bands should reveal to their wives.
Christ loved an imperfect church.
The imperfections of wives do not
release the husband from the duty
of loving them. The home where
love prevails is a happy home.

II. Children and parents have
duties to each other. Juvenile de-
linquency is a popular subject. Us-
ually parents have failed to insist
upon obedience in the early years
of the youngsters. Parents are given
responsibility by God. The words,
"obey your parents" and
"honor thy father and mother" are
God's words addressed to children.
When parental authority is ignored
the very purpose of the family is
disregarded. The children who
learn to obey at home also obey
those whom they are bound to obey
outside of the home. Parents rep-
resent God in the home and that
means that they should be Godlike
in everything—in giving example
and in discipline and devotion. It
is worth noting that Paul's exhor-
tation to children is followed by
wise words to fathers. Children
have obligations to parents but
parents also have obligations to
children. The parents of broken
homes damage their children tragically.
Parents must not be un-
reasonable to children but they
must "bring them up in the nur-
ture and admonition of the Lord."
The home that sends out children
taught in Christian doctrines and
ethics is a blessing to the nation.
The nation needs more homes of
that kind.

III. We have special responsibil-
ities to our own. Today the gov-
ernment does much more than it
did years ago. This does not free
members of families from some
obligations which they have. In our
day there are more old people than
ever before. In the course of time
the government will do more for
the aged than it is doing at the
present time. There are family ob-
ligations however which the gov-
ernment is not able to assume. It
is therefore essential and Christian
that members of families should
recognize their responsibilities to
each other and help each other in
bearing loads. And when some
have special loads to carry a help-
ing hand is appreciated and should
be extended. When love dwells in
the family and in the hearts of
all help and service will be ren-
dered in a joyous fashion—to
young and old.

Circuit Judge Raymond L. Smith
filed an opinion Friday dissolv-
ing two temporary injunctions
against Henry G. Van Stedem and

ful enterprise."

had full notice of their intentions
well in advance of terminating
their employment.

Van Dyke
And Kaat
Looking Good

Jim Kaat has been picked to
pitch in the Pioneer League All-
Star Game and Bob Van Dyke is
busy batting in runs in the Three-
I League and both are making
strong contributions to their re-
spective minor league clubs.

Kaat has pushed his record
to 9-6 with the Class C Missoula,
Mont., team and is presently lead-
ing the league in strikeouts with
142. But he has had trouble with
control, and has been charged
with 63 walks.

His earned run average of 2.75
was best in the league for the
first half while his ERA at present
is 3.06. Kaat, who trailed Kalamazoo's
Bill Holmes in fannings,
struck out 14 in his last game, to
take over the lead. He has pitched
121 innings.

The Zeeland southpaw has been
used as a pinchhitter frequently
and his batting mark stands at
.279. His All-Star appearance on
July 16 will be against Great Falls,
Minn., leader of the first half in
the standings.

Van Dyke is presently playing
first base for Appleton, Wis. filling
in for the regular first sacker who
recently broke his leg.

He is leading the Class B Three-
I League team in runs batted in
but his batting average has taken
a dip from .301 to .265. Van
Dyke has driven in more than 40
runs.

Thieves Steal
Motor Off Boat

Ottawa County deputies Monday
were seeking a couple of burly
thieves who know how to pick a
lock in connection with the theft
of an outboard motor early Sun-
day morning from the Hi-Lo Har-
ware, 128 North River Ave.

Owner Elmo Hendricks, prop-
rietor of the Northside Grocery, said
the heavy, 30-horsepower motor
was chained and locked to his 12-
foot boat and parked under a tarp
beside the hardware store.

Hendricks said the motor was
still there after midnight Sunday
morning but was discovered miss-
ing at 12:30 p.m. Sunday. He said
it would take two strong men to
carry off the motor, valued at \$75.

The lock and chain were found
undamaged, and Hendricks said
the lock apparently had been ex-
pertly picked.

Holland Legion All-Stars Win Fourth Straight Title

3-2 Victory Qualifies Nine for Zone

Behind the big left arm of Bob Brower, the Holland American Legion All-Stars swept a double-header Saturday over the Grand Rapids Legion All-Stars to win their fourth straight district championship.

The twin victories, 11-1 and 3-2, moved the Holland entry into the state zone tournament Aug. 5, 6 and 7 in Battle Creek. Holland has been competing in the Legion competition for the past seven years.

Brower, a 15-year-old Zeeland High junior, is the best southpaw prospect to come from Zeeland since Jim Kaat a few seasons ago. Possessing a good fast ball, Brower used this pitch most effectively in the two games Saturday. He is the son of Lee Brower, director of music at Zeeland High School.

Manager Clare Van Liere chose to use Brower in the Saturday morning game. Holland had lost the Friday contest, 3-2 in the double-elimination tourney.

Six runs in the second inning made Brower's job easier and Van Liere lifted him in the third. Larry Dykstra worked the next five and Ron Kuylers finished up as Holland evened the tourney with an 11-1 victory. The trio allowed just three hits while Holland made 14 safeties.

Brower came back in the afternoon nightcap and pitched a seven-hit victory. His mates helped him with two runs in the bottom of the seventh to win.

Larry Dykstra singled to open the seventh. Ron Maat doubled to push Dykstra to third and Brower laid down a squeeze bunt that scored Dykstra. Maat moved to third on the play and scored on Jeff Alena's sacrifice fly.

Brower had scored Holland's first run in the third. He walked, moved to third on two infield outs, and scored when the pitcher, Roedy, balked. Holland made a total of six hits in the final game and four double plays in the three games.

Grand Rapids scored its two runs, one each in the first and second inning.

Van Liere decided to use Brower only three innings in the morning game because of a Legion League ruling which permits a pitcher to hurl only 12 innings in a 48-hour period.

Manager Bob Todish handled the Grand Rapids entry. His infield was made up of Ottawa Hills players, while his pitchers were from Kelloggsville and Rogers and his catcher from Godwin.

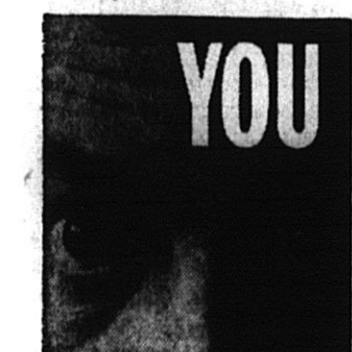

The Holland Legion provided the local team with sandwiches and lemonade between games.

Van Liere, who has never lost a district crown, felt the overall team balance was the reason for Holland's fine Saturday showing. "We found ourselves Saturday," Van Liere said, and we picked up and came through."

Benton Harbor, defending state champion, was knocked off by Coloma, 3-2 and Niles, 4-0 Sunday. Coloma will represent the Benton Harbor area along with the winner of the Niles-St. Joseph game Tuesday.

A reception in the church parlors for 200 guests followed the ceremony. Mrs. James Hamel, aunt of the bride, and Mrs. Richard Hook, sister of the groom, poured. Ladies of the church served the wedding cake. Miss Francis Mays and Mrs. Dale Manning, both of Washington D.C., assisted in the gift room.

READY COUNTY BUILDING — Workmen last week were working hard on the interior of the new county branch building, located on North River Ave. at old US-31, putting in the ceilings, laying tile on the floors and putting in the electrical appliances. Above, Van Doorn Electric employee John Ver Hage, of 131 Elm St., Zeeland, installs a recessed fluorescent light fixture. The driveway and parking lot were recently blacktopped and bulldozers are now busy doing the rough landscaping. The building is due to be ready for occupancy on August 15. (Sentinel photo)</

Migrant Ministry Program Starts Monday in County

Holland's first migrant ministry program for Ot t a w a County is scheduled to begin Monday in charge of Dorothy Mathewson and Elaine Halbersma who will serve as staff workers in the newly organized program. The program will be carried on in the western half of the county up to M-50 and work will be done mainly with the blueberry pickers.

Miss Halbersma, of Edgerton, Minn., a graduate of Hope College who will teach in Beechwood School next year, has been taking special training in migrant work in Benton Harbor. Miss Mathewson of Providence, R. I., is an experienced migrant, ministry worker. These two staff directors will use a station wagon, called a harvest-er, made available for the summer program by R. E. Barber.

The staff workers will be assisted by local volunteer women who are attending training classes today in Ebenezer Reformed Church. Three one-and-half-hour sessions are scheduled at 2 p.m., 4 p.m. and 6:30 p.m. The training periods are directed by the two staff workers by Mrs. Carl Gladstone, state migrant ministry supervisor.

Programs will be tailored to meet the needs in the local migrant areas. There will be Vacation Bible schools for children, evening programs, thrift sales at camps and health services, counseling, and the like.

Many berry pickers already have arrived in Michigan, some earlier than expected because of crop failures in the south. Since most local crops are not yet ready for harvest, some families have been living in their cars alongside the roads.

Services of migrants are used only after all local labor sources are used, according to policies set by the Michigan Security Commission. Mexican Nationals are under contract only to certain growers and processing plants. The work of the Michigan Migrant Ministry is only for anglo itinerants.

Mrs. George E. Pelgrim is chairman of the local program. Mrs. George Schutmaat is finance chairman; Mrs. Henry Rozendal, chairman of equipment; Mrs. James Barkel, worship and entertainment program; Mrs. Warren Van Kampen, health service contacts; Mrs. Edith Walwood, thrift sales.

More than 20 churches in and around Holland are cooperating in the program. They represent at least three denominations. The migrant ministry cooperates with existing agencies such as the Ottawa County Health department, Social Welfare, Red Cross, the 4-H clubs and home extension, and the local employment service.

Volleys

City Manager H. Herbert Holt has a new name around City Hall these days. Now it's Honest Herb Holt. Seems he found a billfold with \$20 inside and returned it promptly to the owner.

Here's a tardy salute to Mary at Holland Hospital. For almost 13 years Mary (full name is Mary Dolnik) has been cleaning patients' rooms and became everybody's friend in short order. With always a kind word for the patients, Mary's entrances were never intrusions, and her spit-and-polish habits keep the rooms sparkling.

Last month Mary reached 70 and under retirement rules, that's compulsory retirement. But we doubt if Mary and Slavic accent will be forgotten. She came to this country some years ago from Czechoslovakia. In her years at the hospital, she became practically an institution.

Sometimes an engineer must be extra resourceful. Faced with recovering a set of car keys which had fallen into a grating near Taylor's on Eighth St., City Engineer Vern Serne twisted a coat hanger and found it works. He had first considered the old gum-on-end-of-stick bit but favored the coat hanger.

Walker L. Cislser, general chairman of the Mackinac Bridge Dedication Festival, includes the Holland Sentinel in thanking the many, many newspapers and other agencies for their coverage on the bridge dedication.

"The men and women of the press, radio, television and news services are to be commended for bringing such a complete story of Michigan's greatest engineering achievement to the homes of the people of our state, our nation and throughout the world," he wrote.

Verne C. Hohl stopped in City Hall some time ago. He had put a coin in the parking meter for the brief stop. But inside, he was detained by Municipal Judge Cornelius van der Meulen on another matter. When he got outside there was a parking ticket on the car. Yes, he paid.

Herman Brewer, route 4, Holland, has found an old clipping of an auction sale in 1849 which has been reprinted before but is always interesting. The item which originated in Kentucky follows: "Having sold my farm and I am leaving for Oregon territory by oxen team. Will offer March 1, 1849, all my personal property, to wit:

"All ox teams, except two teams, Buck and Ben and Tom and Jerry; two milch cows, one gray mare and colt, one pair of oxen and yoke, one baby yoke, two ox carts, one iron foot of poplar weather boards, plow with wood mola-

boards, 1,500 ten-foot fence rails; one 60-gallon soap kettle.

"Eighty-five sugar troughs made of white ash timber, 10 gallons of maple syrup, two spinning wheels, 30 pounds of mutton tallow, one large loom, 100 split hoops, 100 empty barrels, one 20-gallon barrel of Johnson Miller whisky seven years old, 20 gallons of apple brandy, one 40-gallon copper still, oak tanned leather, one dozen real books, two handle hooks, three scythes and cradles, one dozen wooden pitchforks, one-half interest in tanyard, one 32 caliber rifle, bullet mold and powder horn, rifle made by Ben Miller, 50 gallons of soft soap, hams, bacon and lard, 40 gallons of sorghum molasses, six head of fox hounds, all soft mouths except one.

"At the same time I will sell my six Negro slaves, two men, 35 and 50 years old, two boys, 12 and 16; two mulatto wenches, 40 and 30 years old. Will sell all together to same party, as will not separate them.

"Terms of sale cash in hand or note to draw four per cent interest with Bob McConnell as surety. My home is two miles south of Versailles, Ky., and the McCourt Ferry pike. Sale at 8 a.m. Plenty to eat and drink. J. L. Moss."

The Sentinel has received a letter from B. J. Walter of Grand Rapids expressing appreciation for the fine care which his son received at Holland Hospital following a car accident June 12.

"The kindness that was shown to us by the admitting office, by the nurses and the care by the physician was the best we ever experienced," he wrote. He also added that he wanted to thank publicly Deputy Sheriff John Hemple for his prompt and efficient handling of the many details that are a part of his job. "It would be wonderful if we had more men of his humbleness and kindness and ability to get along with people in our law enforcement agencies. We are sincerely grateful to all these people and are happy to say our son is recovering nicely," the letter ended.

Rock and arrow hunting is quite a pastime for some Holland people. Last month one day Mr. and Mrs. Allan De Vries and sons, Gordon and Craig, Gerrit De Witt and Mrs. Richard Klomp went rock hunting north of Hart and found some Silurian fossils, mostly corals and cephalopods, also flint arrow-head and spear points. Five-year-old Craig found a trilobite, a little creature that roamed the ocean floor four hundred million years ago. This trilobite is the first and only one found so far by this group of rock hunters.

An air letter from Legos, Nigeria, asks for a pen pal in Holland. Mich. R. R. L. Makinde wrote The Sentinel after finding it listed in the library, seeking American pen pals with "ladies, women, men and boys." He wrote, "I am an African having dark hair, light bluish eyes, light complexion. I am four feet six inches in height and my hobbies are correspondence and exchange African items such as dancing anklets, slippers, walters, crocodile handbags, ebony and ivory carving in assorted kinds of creature carving, the items to be exchanged for such American goods as T-shirts, sports shirts, jackets, slacks, caps, belts, jeans, dollars, socks." His address is R. R. Lakin Makinde, 50 L.E.D.B. Shop Idumagbo, Legos, Nigeria, B.W.I.

Okay Repairs For Bridge

GRAND HAVEN (Special) — The Ottawa County Road Commission, at a regular meeting Thursday, approved a proposal of the Lee Gurrillo Contracting Co. of Cleveland, Ohio, to make repairs to the concrete piers of Eastmanville bridge at an estimated cost of \$7,800.

This work will be on two small piers and the big round pier. This will complete bridge repairs begun in 1951. It was necessary to delay final work for lower water levels.

The commission also received a petition to vacate Eighth St. north of 10th St. and the railroad right of way in the plat of Western Addition to Waverly in Holland township. This road has never been opened. A hearing was set Monday, Aug. 11, at 10:30 a.m.

The commission also passed a resolution to petition the County Drain Commissioner to relocate a portion of the Hale drain lying north of Leonard St., section 24, Spring Lake township. The drain at present is too close to the road and is a hazard to the traveling public.

Four local area women, all employees of the H. J. Heinz Co., recently spent a one week all-expenses paid vacation at the Company's own vacation spot, Eaton Hall Farm near Pittsburgh. Flying to Pittsburgh from this area were: Mrs. John Kiekover, Mrs. John Cook and Mrs. Effie Berghorst, all of Zeeland and Mrs. Gaylord McWilliams of Allegan. They were joined at the farm by eight other women, Heinz employees from plants in Pennsylvania and California. The vacation program included a sight seeing tour of Pittsburgh and the H. J. Heinz home office and plant there which is the company's largest installation. Eaton Hall farm is a 468-acre vacation site bequeathed to women employees of H. J. Heinz by a wealthy Pittsburgh citizen.

A film on city planning with particular emphasis on business district traffic (traffic of pedestrians and goods as well as autos) was shown at a public meeting at Zeeland City Hall on Friday evening. The film was made in connection with a controlled experiment of this nature in the city of Springfield, Ore. It is being sponsored by the retail affairs committee of the Chamber of Commerce and by the City Planning Commission. Its purpose is to give citizens a look at the results of experiments along this line as carried out by other cities striving to improve retailing services and general trade conditions. The experiment as carried out in the Oregon town is not necessarily endorsed or recommended by the City Planning Commission. The

film will however give local residents a broader knowledge of city planning which could be very useful to the city's future growth.

Request for Check on Vote Is Declined

A refusal on the part of Fillmore Township Clerk William Bouman to open sealed envelopes containing records on the June 3 annexation election has led to considerable speculation in the township.

Bouman said Allegan Attorney Leo Hoffman and John Schurman of Fillmore Township called on him briefly at his home Thursday night asking to see township records. Bouman said the request was vague and he asked which records they wanted to see and they said election records of the June 3 annexation vote.

Since most of these records are in sealed envelopes, and absentee ballots and a statement of votes are locked up in the rear of the voting machines, Bouman was reluctant to "mess up" the election reports.

Bouman said the two callers remained only about five minutes. He made it clear that his township books are available at all times, but he draws the line at opening sealed envelopes with election records. Generally these election records are kept the required length of time and then destroyed. Hoffman has been retained by a group of individual land owners inside the annexed area and some outside to check the legality of the June 3 election. Schurman lives inside the annexed area.

The 4½-mile Maplewood section voted to annex to the city at the June 3 election. Annexation is scheduled to become effective Aug. 3.

A party Saturday evening on South Shore Dr. proved a most satisfactory method for a large group of Navy men and families to get together and compare notes. The party, given by the Gerhard Brashers of Grand Rapids, summer residents of Holland, was enjoyed by a large group of summer people of the South Shore Dr. vicinity, who see each other frequently.

Special guests were two Navy men, who do not get to see the group very often — Capt. Thomas Connolly, commanding officer of the U.S.S. Hornet, who is on 10-day leave and Cmdr. Norman Johnson, on leave after a stint as executive officer of the U.S.S. Yorktown. A third Navy man, Capt. Donald Dockum, who is on the staff of the Commander in Chief of the Atlantic Fleet at Norfolk, Va., could not join the group.

The unusual feature is that all three top ranking officers are married to sisters — Margaret Hagy to Tom Connolly, Vera Hagy to Don Dockum and Harriet Hagy to Norman Johnson. They all gather at the Harry Hagy home on South Shore Dr. when they are in Holland. The Connolly and Johnson families have been here during the men's tours of duty.

The Brashers entertained at camp at their summer home and then the group moved to The Marquee where a series of movies was shown by the men who participated in a cruise on the Hornet last Christmas. Gay Brashers opened the showing of the movies with those he took. Then the rest of the men on tour showed theirs. In the group were Earl Johnson, Ed Herpolscheimer, Paul Daley, Carl Grube and Russell Swaney. Each set of movies proved to be different from the 1st.

About 60 persons attended the affair, which will be talked about by these summer residents for some time to come.

Children vacationing in the Holland-Saugatuck area have been much entertained by the antics of Don Bonevich and his puppet

Situation in Iraq Interests Students

A former Holland High School student from Iraq now attending Aquinas College in Grand Rapids is probably watching the Middle East crisis with more interest than anybody else in western Michigan.

Hikmat Al Khouri, 25, of Baghdad, Iraq, was graduated from Holland High school in 1956 and has spent the last two years studying at Aquinas, along with his sister, Albertine Al Khouri.

Their parents, two sisters and a brother live about five miles from downtown Baghdad and are not believed in any danger from the violence. Their father is a goldsmith who works daily in the downtown area.

Hikmat says that the coup which overthrew Iraq King Feisal came as a "sudden big blow" to both he and Albertine. "We did not suspect such a thing would happen." But he adds, "Iraq may not go Communist if the big western powers will help her."

Allegan's Episcopal Church To Mark 100th Anniversary

ALLEGAN — The 100th anniversary of a successful 22 year effort to establish an Episcopal Church in Allegan will be observed in a month-long celebration which opened Sunday.

The church was officially organized June 15, 1858. The first vestry consisting of Aman P. Bush and Thomas J. Pennock as wardens, F. B. Stockbridge as secretary, and Alanson Lilly as treasurer, was elected July 6, 1858, in a meeting held in the basement of the court house.

The organization of the church was the result of 22 years of effort, since the first record of Episcopal Church activity in Allegan was the visit of the first bishop of the Michigan Diocese, Bishop Samuel A. McCook, in 1836.

In 1859 the Rev. J. Rice Taylor was assigned to Allegan and services were held in the basement of the old courthouse (now standing on the northeast corner of the present courthouse grounds). At this time, there were 19 communicants and a Sunday School with six teachers and from 30 to 40 scholars. Allegan then had a population of about 1,000.

During the Civil War nearly every adult male connected with the church, including the rector, was absent in the army. For six years, 1862 to 1868, there was no rector. The church was kept alive by occasional services conducted by passing clergy and lay readers E. B. Bassett and William Williams.

The erection of the present church building, the "Little Brown Church" at the corner of Walnut and Hubbard Sts., was begun in 1866. It was first used for divine service Palm Sunday, 1869.

In 1920 the present parish house at 109 Walnut St., an important addition not only to the church, but to the town, was acquired. The building was used for all church activities, private parties, and History Class. For many years it was about the only building available for public meetings in Allegan.

When the Rev. J. Ethan Allen began his rectorship immediately after the depression, the church finances were at the lowest possible limit. There had been no rector, because the vestry had tried to save money by having laymen read the services and by having priests come in occasionally. The Sunday School was practically defunct. Church attendance was low.
