CITY AND VICINITY.

A Farmer's Picnic will be held in
Agnew August 1.

Be sure and attend the auction of C.
Fairbanks, south of the city, on July
31st at 9 a. m.

The Sunday school of Hope church
will hold its annual picnic at Wau-
kezo next Tuesday.

The condition of Miss Addie Hun-
tley, who is suffering from an attack
of typhoid fever, is slightly improved.

The Century Club is holding its an-
nual picnic today. Lunch will be
served at Waukezo, after which the
club will take a trip to Saugatuck.

The Holland Poultry and Pet Stock
association will meet this evening at
Westfeld's shop. A report of the var-
ious committees will be received and
other business transacted.

The Grand Rapids, Holland and
Lake Michigan electric railway com-
pany is establishing a private tele-
phone system connecting Saugatuck,
Macatawa Park, Holland and Zeeland.

Crescent Hive, No. 374, Ladies of
the Maccabees, have received from
the Great Hive the \$30 prize money
for the Hive securing the largest class
of endowment members in the late
contest.

During the month of June 38 deaths
occurred in Ottawa county, 24 in Mus-
kegon county and 38 in Allegan
county. Of the deaths in this county
Holland reported 6. Grand Haven 5,
Blendon 2, Chester 2, Crocker 2,
Georgetown 3, Holland town 8, Olive
1, Tallmadge 1, Wright 1, Spring Lake
1, Zeeland 6.

On Saturday night the Graham &
Morton company will run an excu-
sion to Chicago on the elegant steam-
er Puritan, leaving Holland at 9 p. m.
Ottawa Beach at 11:05 p. m. Return-
ing the steamer will leave Chicago
Sunday night at 10 p. m. This will
give an opportunity to spend the en-
tire day Sunday in Chicago. Round
trip \$1. Berths extra.

Lightning struck and instantly
killed Albert Emmons, of Allegan, at
4 o'clock Wednesday morning. Em-
mons was sleeping in Carlton Town's
barn, where he was employed as driver
of an ice wagon. The bolt struck him
in the breast, went through his body
and burned a hole four inches in diam-
eter in a buffalo robe underneath
him. Emmons was 55 years old and
a veteran of the Civil war.

Thomas Russell, a long distance
bicycle rider, is in the city, on his
way from his home in Burlington, Vt.,
to Devils Lake, North Dakota. Mr.
Russell is deaf and dumb and will at-
tend a college at Devils Lake. He
has been on the road a month and ex-
pects to take another month to com-
plete the trip. He is a very intelli-
gent young man and his observations
on the incidents of the trip are very
interesting. He will leave for Mil-
waukee tonight and from there will
go to Minneapolis.

Guthman, Carpenter & Telling will
build one of the most convenient and
modern shoe factories in the United
States. It will be in the shape of "T,"
the main part being 350 feet long and
the wing 150 feet long and 45 feet
wide. Superintendent Fogg says that
the work of preparation will be hur-
ried as much as possible as it is the
desire of the company to get the fac-
tory in operation as soon as possible.
When in operation an opportunity
will be given local labor to learn the
trade as most of the help will be se-
cured in this city.

Graham & Morton have bought the
steamer Post Boy of J. E. Spaulding of
Port Clinton, Ohio, and will run her
between their Chicago docks and Lin-
coln Park, beginning Saturday, Aug.
3. The steamer will be delivered at
St. Joseph Saturday, and will be fitted
out with electric lights and a search-
light next week. The Post Boy is the
boat that the company has been after
for the Lincoln Park trade for some
time, and now that she has been se-
cured a mate will be built for her this
winter and regular hourly excursions
to the park inaugurated next season.
The Post Boy carries 400 people, is 90
feet over all, 22 feet beam and 6 feet
deep.

ROYAL BAKING POWDER

ABSOLUTELY PURE

Makes the food more delicious and wholesome

ROYAL BAKING POWDER CO., NEW YORK.

Thirty members are enrolled in the
Holland military company.

Nearly all of the right of way be-
tween Douglas and South Haven has
been secured by the South Haven &
Lake Shore Rv.

The long drought was broken early
Wednesday morning by copious show-
ers, causing great rejoicing among the
farmers.

List of advertised letters at the
Holland postoffice for the week ending
July 26: Will Miller, J. O'Brien, Miss
Gertrude Savage, Mr. Stevenson,
Clyde Taylor.

Evangelist Smith, who is conduct-
ing revival meetings at Allegan, will
be in this city Sunday and will con-
duct morning and evening service in
Hope church.

Mrs. W. S. Walker, of Chicago, gave
birth to a daughter on the Barry line
steamer State of Michigan, early Sun-
day morning, while the boat was en
route from Grand Haven to Chicago.

Allegan is in the midst of a relig-
ious awakening. Evangelists Smith
and Colburn have been there the past
two weeks holding religious services
daily in a tent holding 500 or 600 peo-
ple. Despite the heat six services
were held last Sunday.

An ice cream social will be given by
the Sunday school class of Miss Lula
Boggs at her home, 57 W. 18th street,
Wednesday evening, July 31st. Pro-
ceeds are to go for a new pipe organ
for the M. E. church. All are cordi-
ally invited.

In spite of the rain a large crowd
from Allegan and vicinity attended
the Allegan county Sunday School
rally at Macatawa Park last Wednes-
day. The capacity of the street car
system was taxed to its utmost carry-
ing passengers between here and the
Park.

Beginning next Sunday the Graham
& Morton Transportation company
will make a change in the departure
of the Sunday boat. The boat will
leave Holland at 12 noon and Ottawa
Beach at 1 p. m., going via St. Joseph
to Chicago. This Sunday schedule
will be in effect until September 1st.

N. W. Ogden of Wildwood, Shebey-
gan county, Mich., has been visiting
friends in Holland, Lake Shore and
Port Sheldon this week. He is en-
thusiastic over the outlook for Wild-
wood and predicts a prosperous future
for that place. Mr. Ogden will return
home tomorrow.

The death of Hendrikus Wassink
occurred last Saturday. His age was
47 years. The funeral services were
held at the home, West Twelfth street,
Monday afternoon at 1:30 o'clock, and
at 2 o'clock from the Ninth Street
Christian Reformed church, Rev. Van
Hoogen officiating.

Eugene Fairbanks has sold his
property and will soon start for Kalis-
pell, Mont., where he will live perma-
nently. Johnnie Smith, formerly a
member of the Holland life saving crew
is now a resident of Kalispell and is do-
ing very well. Mr. Fairbanks visited
him last fall and he was so favorably
impressed with the country that he
concluded to dispose of his property
here and join Johnnie in the west.

Mrs. Fred Van Blooy, of Muskegon,
jumped from a moving train and
broke her arm last Sunday. In com-
pany with her husband she came here
on the excursion to spend the day.
She did not realize the train had
reached the city until it had started
away. Then she rushed to the plat-
form and jumped. She fell with such
force that her arm was broken at the
shoulder. Dr. Mabbs attended her.

Grand Haven Tribune: A marriage
ceremony was performed at the office
of the county clerk at the court house
yesterday. The principals were Au-
gustus Anderson and Sarah Tolman,
both of Chicago. J. C. Post of Hol-
land happened to be in the building
and he was called on to tie the knot.

Rural free delivery has been ordered
commenced September 2d at Jenni-
son, Ottawa county, Mich., one car-
rier. Length of route 255 miles; area
covered, 30 square miles; population
served, 787; carrier, Hiram Bouma;
postoffice at Georgetown to be discon-
tinued and mail sent to Jennison,
Mich.

Nearly every Elk in Holland is in
Milwaukee this week attending the
Elk's carnival.

The Hope church congregation held
a special prayer service for rain Wed-
nesday evening.

According to the log of steamer Pu-
ritan the distance from Holland to
Chicago is 102 miles.

Zeeland men are endeavoring to or-
ganize a stock company capitalized at
about \$30,000 which will engage in the
manufacture of furniture.

A gang of 100 Italian laborers from
Flint arrived in Zeeland Tuesday
where they are employed on the Grand
Rapids, Holland and Lake Michigan
electric road.

J. A. Van Dyke delivered the first
load of cucumbers for the year 1901 to
H. J. Heinz Co. Tuesday. All parts
of Allegan and Ottawa counties
report a large crop and the Pick-
ling works will be a busy place from
now until late in the fall.

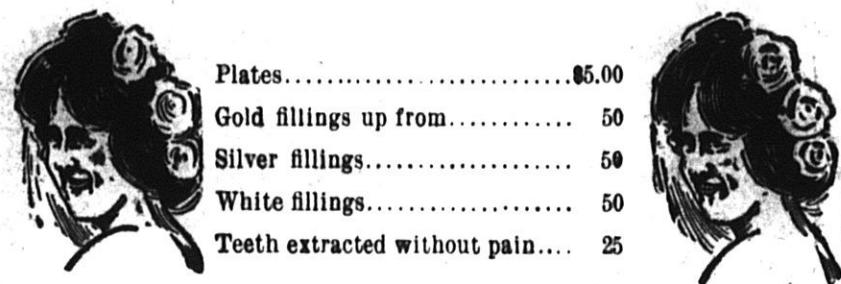

Benton Harbor Evening News:
Capt. Boswell has made friends with
all the reporters on Macatawa bay.
Every night at 9 o'clock when the
Puritan sails from Holland to Ottawa
Beach the cottagers cheer the fast
steamer and Capt. Boswell works the
search light to good advantage.
The big light has often been turned
and held upon spoony couples along
the shore and when the captain makes
these the cheering can be heard the
length of the bay.

Mrs. John Lankhorst died Saturday
at the family home on East Ninth
street after a long illness at the age
of 34 years. Mrs. Lankhorst was born
in the Netherlands and came to this
country with her parents at an early
age. She came to this city from
Fremont Center six years ago. She
leaves a husband and two children.
The funeral services were held Mon-
day afternoon at the house, Rev. Van
Hoogen officiating, and the body was
taken to Fremont Center, where in-
terment took place Tuesday.

A disastrous fire occurred on the
farm of H. Bronkhorst of Laketown
township, Allegan county, Monday af-
ternoon, destroying the house, gran-
ary and other farm buildings. Some
of the household goods were saved,
but the farm implements and fifteen
tons of hay stored in the barn were
destroyed. The house was occupied
and Mr. and Mrs. Elling. A
team of horses was in the barn and
Mrs. Elling succeeded at a great risk
in saving one of them. A horse be-
longing to Abel Brink was tied to the
barn. It broke loose but was so badly
burned that it died shortly after. The
origin of the fire is not known.

Vice-President Hanchett of the
Grand Rapids, Holland & Lake Mich-
igan Railway company says that the
machinists' strike is liable to throw
the company out of three or four
months' profitable business. The
shipment of necessary machinery for
the power house at Jennison is being
delayed and no promises as to when
the line from Grand Rapids to Hol-
land will be opened can now be made.
Harvest time has now come and a
good many of the farmers employed
with their teams in closing up the
work of grading have withdrawn to
attend to their own work. The com-
pany has ordered extra men and teams
and will push the work with all vigor.

The new passenger steamer Puritan
of the Graham & Morton line, was
taken off the Holland run Saturday
afternoon and sent from Chicago to
St. Joseph on a speed test against
time. When St. Joseph was reached,
President Graham announced that
the sixty miles between Chicago and
St. Joseph had been covered in three
hours and eleven minutes, breaking
all former records. The ban-
ner for the St. Joe course has
been held by the Columbus for
many years. The whaleback did the
distance in three hours and twelve
minutes, and the Puritan's time as
given out, cuts this down one minute.
The engine room crowd declared that
they had not pushed the steamer to
her highest speed, and say that there
is better than twenty miles an hour
to be gotten out of the machinery.
The Puritan is entitled to the cham-
pionship of the lakes on the perform-
ance.

Holland City News.

FRIDAY, July 26.

Lake and Marine.

John Barry, representing the Barry line of Chicago, closed the deal for the purchase of the Badger State and Empire State. The two boats will be taken to Bay City for extensive repairs, including new machinery and electric light plants.

OUR NEIGHBORS.

Ventura.

Mrs. Martha Nystedt, of Chicago, is making her home on the Clapper farm on the Lake Shore. She keeps summer boarders and prospects for the season are good. Some of the boarders are Fred Lyn of Chicago, Mrs. D. Granstrom of Chicago.

Charles Kelly and Lou Kelly and families of Saranac, and M. S. Partridge and family are spending their vacation at the so-called tabernacle, on the Lake Shore.

Miss Minnie Pardy has three summer boarders from Wheatfield, Mich. Rev. Mr. Fenn, wife and daughter.

Mr. Potter of Chicago, living on the June Davis farm, is entertaining his sister and other company from Chicago.

Filmroe.

The dry weather still continues and the crops are still in a very exhausted condition on account of the drought.

Most all our farmers attended the prayer meetings for rain Sunday evening at Nykerk and Ebenezer.

Last Thursday afternoon a very exciting runaway occurred on the farm of H. H. Boeve. He was reaping his oats, and stopping the binder to take his lunch, took shelter behind the rail fence out of the burning rays of the sun, about twelve yards from the horses. But soon one of the horses kicked over the tongue and this started them off in great shape. They ran more than half a mile before they were satisfied that the binder could run longer than they could. A little repairs on the machine and a sore leg for one of the horses pays the bill of the runaway.

Next Sunday Rev. Kersen, of Holland will preach at Ebenezer in the morning and evening.

Allagan County.

A terrible accident happened in Salem township, ten miles north of Allagan, Saturday afternoon. Tony Rautaus was working with a threshing crew at Charles Miller's place. The elevator became clogged and the belt was thrown off. He started to replace the belt and remove the obstruction, stepping on the bundle table to do so. The machine was running at half speed. He stepped on a bundle of wheat which rolled into the machine, taking his foot along. The foot was ground off before the machine could be stopped by the engineer, who heard the chugging noise caused by the knives in contact with the foot. Rautaus was in the machine twenty-three minutes before the crew could get him out, and the flow of blood was not stopped until the doctor arrived. His leg was amputated just below the knee. It was feared he could not recover.

Wildwood, Mich.

Everything on the farms look good up here. Wheat is nearly ready to harvest. Oats are all headed out. Grass is nearly all cut and taken care of. We have had just enough rain to keep the ground moist and above the crops along. No blizzards, no cloud bursts and no hurricanes. I don't see as the crops are very much behind Ottawa County, only about one week. Last season when I went south to thresh the wheat was nearly ripe here, and when I arrived on the Lake Shore there was not a bundle of grain harvested, and we didn't start threshing for over two weeks.

We had a picnic at Pickrel Lake on the 4th of July, and everybody went and seemed to enjoy the speaking, boating, etc. In the evening we had ice cream and fire works here at the Corners. We had \$15 worth of torpedoes, skyrockets, etc.

We had a letter from Edward and Clyde Ogden last week. They have each taken 160 acres of land near Lake Cour De Leme, Idaho.

Mrs. Ogden has better health at present than she has had for the past three years.

I sold my Heuber engine and one separator, tanks, belt, etc., 10 miles south east of Cheboygan and shall come down and ship it to Cheboygan. N. W. Ogden.

West Olive.

We will either have to pray for rain or have the band play, "A hot time in the old town," before we get roasted as we are having a hotter time now than we did on the Fourth.

Harvesting is about done, corn promises to be a heavy crop, and potatoes look good above the ground.

Mrs. Joseph Weiser is busy entertaining a number of her relatives and friends from Chicago.

Arthur Boyer was in Gaand Haven Saturday.

B. Van Dam of Holland and Miss Ethel Miles of Port Sheldon, were married last week, but we are glad to say that Port Sheldon has got some girls left, as a few attend Sunday school here.

Fire from a locomotive came near burning down a house owned by H. Schreiber last Friday. The correspondent of the News must be some good, because he extinguished the fire.

H. Goodman made Holland a business call Monday.

Three carloads of rails were un-

loaded here this week along the track to succeed the old ones.

The quarterly meeting at Robinson must have been well attended from here, as the Sunday school attendance was smaller than usual.

A. R. Wabble and family of Port Sheldon, visited Babcock Bros., last Sunday.

It has often been said that "the devil is in the fiddle," and this must be true, as that instrument does not seem to love gospel hymns.

Our good Adventists held another meeting Tuesday night; but Methodists are not to be converted to their faith very easily.

Muskies are not very scarce around here since they have been smoked out of the swamp near the Robinson marsh. They are busy looking for chickens.

Mrs. Wm. Haiker left Tuesday for Chicago on a visit.

The first real rain storm since the Fourth came Wednesday, but it did not last long enough for us.

Let us hear from Port Sheldon's correspondent.

Ebenezer.

Last Sunday night a prayer meeting for the discontinuance of the drought was held in the Reformed church of Ebenezer. The cause of the failure of rain was especially ascribed to the prosecution of an unrighteous war, the war against the Philippines. Prayers were also offered for the sick especially for Senator Hoar, from whom a communication had been received.

Wheat is King.

Wheat is today, as it has been for centuries past, the staple food article of civilized man. No other product of the soil ranks with wheat as human food, and the consuming nations are most careful to garner a sufficiency to serve their people for a given period, and to watch most eagerly the sources of supply. The demand for wheat has never yielded an inch to the demand of other food products that have vigorously sought for generations to supplant it. This present year we appear to have entered upon a period of decreasing world's supply. We hear of partial failures in Germany, France and Russia, and the outlook is for a record breaking export demand upon the wheat supply of this country.

Michigan wheat growers have for two years been unfortunate in seeing their crops attacked by the Hessian fly, but we should not forget that in 1898 we raised the largest and best crop that was ever grown in the State. What we have done we can do again. Persistence commands success, and our wheat growers should apply all known remedies against the fly and endeavor next year to equal past records in wheat growing.

The ravages of the fly can be very materially counteracted in Michigan by several methods not difficult of application.

1. By burning the stubble. This is very effective and is being largely practiced in the West, and is very effective not only in destroying the Hessian fly in the stubble, but hosts of other injurious insects. It is of course impracticable in fields seeded to grass.

[Continued next week.]

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

It Baffles the World.

No Discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. It's severest tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For Coughs, Colds, Asthma, Croup, Hay Fever, Hoarseness and whooping Cough it is the quickest, surest cure in the world. It is sold by Heber Walsh, who guarantees satisfaction or refund money. Large bottles 50 cents and \$1.00. Trial bottles free.

Account Bi-Centennial Celebration at Detroit, July 24, 25, and 26, the Pere Marquette will sell tickets from all stations at rate of one fare for round trip.

H. F. MOELLER, G. P. A.

27-1w

A boon to travelers. Dr. Fowler's Extract of Wild Strawberry. Cures dysentery, diarrhoea, seasickness, nausea. Pleasant to take. Perfectly harmless.

Endorsed by Clergymen.

Gentlemen: some personal experience enables me to heartily recommend the use of Henry & Johnson's Arnica and Oil Liniment. For external application in cases of sprains and bruises it is unquestionably excellent. It takes hold and gives relief. This is not a guess, but a word of testimony.

EDWARD HAWES, D. D.

Dr. Hawes was for many years pastor of the First Church, Burlington, Vt. His testimony is the testimony of all who use the Arnica and Oil Liniment. It never fails to give satisfaction. Sold by all druggists at 25 and 50 cents a bottle.

If young ladies think sores, pimples and red noses look well with a bridal veil and orange blossoms, it's all right. Yet Rocky Mountain Tea would drive them away. 35 cents at Haan Bros.

WILL STOP MAIL ABUSE.

Regulations Affecting Second-Class Matter Put in Force by the Postmaster General.

LARGE SAVING IN EXPENSES EXPECTED.

Found Rate Denied to Novels, Premium Sheets and Returned Papers—The Increase in Postal Revenue Looked for May Make Possible One Cent Postage for Letters.

Washington, July 18.—Postmaster General Smith yesterday signed three orders amending in important particulars three postal regulations affecting second-class mail matter. The changes will effect sweeping and radical reforms in the department practices and methods of treating this class of matter.

The First Order.

The first order amends section 276, which is the general definition, so as to exclude from the second class publications which have the characteristics of books. This amendment is in these words:

"Periodical publications herein referred to are held not to include those having the characteristics of books, but only such as consist of current news or miscellaneous literary matter, or both (not excluding advertising), and conform to the statutory characteristics of second-class matter."

Hits Premium Sheets.

The second order amends section 281 in several particulars, the principal one being that publications the subscriptions to which are not founded on their value as news or literary journals, and which by the general use of premiums or other considerations in the form of chances to win prizes, etc., to induce subscriptions, in effect circulate at apparently a nominal rate, will be excluded from the second class. The essential paragraph of this is as follows:

"The subscription price must be shown by the publication, and when it appears from the contents, or from the extrinsic inducements offered in combination with it, that the circulation of the publication is not founded on its value as a news or literary journal, and that subscriptions are not made because of such value, but because its offers of merchandise or other consideration result, in effect, in its circulation at apparently a nominal rate, such publication does not come within the requirements of the law for acceptance as second-class matter."

Returned Papers.

The third order amends section 301 so that unsold copies of second-class publications may not be returned at the pound rate to news agents or to publishers. An explanatory statement given out at the department regarding the order says:

"The action of Postmaster Gen. Smith is regarded as highly important. It is evidence of the purpose of the department to administer the law as it is, strictly and properly, and that abuses wherever found will be eradicated. Loose and indifferent interpretation heretofore responsible for the loss of many millions to the government. It is believed that when the effect of these changes is thoroughly established many postal improvements will follow and one-cent letter postage will be made possible."

AGREE ON A PLAN.

Powers Finally Fix on Terms of Payment of the Indemnity by China.

Washington, July 23.—The state department received a dispatch Monday from Commissioner Roekhill at Peking announcing that a plan for the payment of the indemnity to the powers by the Chinese government finally has been adopted. The amortization of the bonds to be issued will begin in 1902, and the plan contemplates the entire liquidation of both principal and interest by 1940. It is expected that China will raise \$23,000,000 annually. This sum is to be used to pay the interest on the bonds and to form a sinking fund for the ultimate liquidation of the principal.

Farmer in Trouble.

Bloomington, Ill., July 22.—Charles Benjamin, a young farmer, was arrested here Sunday charged with the manufacture of counterfeit money. Bogus quarters and half dollars were found on his person, and it is believed that operations have been carried on extensively. Others are thought to be implicated.

Chinese Population.

Washington, July 19.—A bulletin issued by the census office shows that there has been a decrease of the Chinese population in the United States since 1890 of 17,075, the number now here being 69,800. The Japanese increased during the past ten years from 2,039 to 24,300.

Struck by a Train.

Memphis, Tenn., July 24.—A Louisville & Nashville train struck three negro children a few miles northeast of the city, killing Dan Branch, aged six, and Stella Jackson, aged 12, and fatally injuring William Jackson, six years old.

Victim of Heat.

Hampton, Ia., July 24.—Dr. J. S. Hurd, the pioneer physician of Franklin county, died suddenly Tuesday evening, being overcome by the heat. He was 70 years old and had resided here over 40 years.

Shot His Friend.

Brattleboro, Vt., July 20.—Morton Starr Cressy, of Hartford, Conn., shot and killed Sidney Gray Bristol, of Brattleboro, Mich., his guest here, mistaking him for a burglar.

Crime of Jealous Husband.

Warren, O., July 24.—John Duvido was shot and killed by Francisco Ruberto at Miles in a fight over a woman. Ruberto claims Duvido made advances to his wife.

Did you ever See a Snow Storm in Summer?

We never did; but we have seen the clothing at this time of the year so covered with dandruff that it looked as if it had been out in a regular snow-storm.

No need of this snowstorm. As the summer sun would melt the falling snow so will

Ayer's Hair Vigor

melt these flakes of dandruff in the scalp. It goes further than this: it prevents their formation. It has still other properties: it will restore color to gray hair in just ten times out of every ten cases.

And it does even more: it feeds and nourishes the roots of the hair. Thin hair becomes thick hair; and short hair becomes long hair.

We have a book on the Hair and Scalp. It is yours, for the asking.

If you do not obtain all the benefits you expect from the use of the Vigor, write the doctor about it. Probably there is some difficulty with your general system which may be easily removed.

DE. J. C. AYER, Lowell, Mass.

THE NEWS IN BRIEF.

For the Week Ending July 24.
Gen. Gomez has declared for Palma for president of Cuba.
Four persons were instantly killed by lightning at Grove City, Pa.
Fifty thousand garment workers of New York and vicinity are on strike.
Sult was begun at Butte, Mont., to have the copper trust declared illegal.
The withdrawal of troops from Cuba is being considered by Secretary Root.

S'SH SLEEP AT LAST

LAXAKOLA DOES IT

NO ONE BUT A MOTHER can appreciate the benefit that sound refreshing sleep gives to an ailing, teething, feverish, colicky, fretty infant. Almost distracted by its constant crying, and worn out with weary, anxious care and watching, she tries everything possible to obtain even relief for the little sufferer.

With what comfort and delight she sees her little one drop off into a deep peaceful health-giving slumber, after its little clogged bowels are cleared of their poisonous burden by a single dose of Laxakola, the great tonic laxative and mother's remedy.

Laxakola is a pure, gentle and painless liquid laxative, and contains valuable tonic properties which not only act upon the bowels, but tone up the entire system and purify the blood. A few drops can be given with safety to very young babies, which will often relieve colic by expelling the wind and gas that cause it. Great relief is experienced when administered to young children suffering from diarrhoea, accompanied with white or green evacuations, as it neutralizes the acidity of the bowels and carries out the cause of the fermentation. LAXAKOLA will aid digestion, relieve restlessness, assist nature, and induce sleep. For constipation, simple fevers, coated tongue, or any infantile troubles arising from a disordered condition of the stomach it is invaluable.

Laxakola, the great tonic laxative, is not only the most efficient of family remedies, but the most economical, because it combines two medicines, viz.: laxative and tonic, and at one price. No other remedy gives so much for the money. At druggists, 25c and 50c, or send for free sample to THE LAXAKOLA CO., 123 Nassau Street, N. Y., or 154 Dearborn Street, Chicago.

WEAKNESS
of MEN AND WOMEN

Could we read the hearts of every man we meet, what a load of sorrow and despair would be disclosed. Indigestion and Blood Diseases have caused more physical and mental wrecks than all other causes combined. They strike at the foundation of manhood; they sap the vital forces; they undermine the system, and not only do they often disrupt the family circle, but they may even extend their poisonous fangs into the next generation. If you have been a victim of early sinful habits, remember the seed is sown, and sooner or later you will reap a harvest. If your blood has been diseased from any cause do not risk a return later on. Our New Method Treatment will positively cure you and you need never fear any return of the disease. We will give you a guarantee bond to that effect. We would warn you sincerely against the promiscuous use of mercury, which does not cure blood poison but simply suppresses the symptoms.

WE CURE OR NO PAY.
Don't let your life be drained away, which weakens the intellect as well as the body. There is no room in this world for mental, physical or sexual dwarfs. Our New Method Treatment will stop all Unwanted Losses. Purify the Blood, Strengthen the Nerves, Restore Vitality, and make a man of you. If you are in trouble, call and consult us. Consultations Free. We treat and cure Drains, Blood Diseases, Venereal, Stricture, Unnatural Discharges, Gleet, Kidney and Bladder Diseases. No cutting or operations. No detention from business. Everything confidential. Consultations Free. Books Free. Question Blank Free for Home Treatment.

WHY SUN'S HEAT IS FELT

Garret F. Serviss, Scientific Writer,
Gives Reason for Continued
Hot Spell.

VAPOR AROUND SUN HAS BECOME THIN.

Spots on Sun Not Cause of Excessive Heat But Simply Indicators of the Sun's Condition—Weather Bureau Says Heat and Drought Are to Continue.

New York, July 24.—The Journal and Advertiser prints an article upon the hot weather by Garret P. Serviss, the scientific writer. The article, dated at Ithaca, N. Y., says:

"The burning heat now afflicting the whole of the United States, and felt also on the other side of the Atlantic and generally throughout the northern hemisphere, is convincing proof of the fact that the earth is the satellite of a variable star. Only on the assumption that the source of terrible heat is directly in the sun and due to an extraordinary increase in its effective radiation can the widespread and long continued nature of the present meteorological disaster be satisfactorily explained.

"All astronomers know that the face of the sun is blanketed with absorbing vapors, while its interior is much hotter than the glowing shell that we see. Strip off the vaporous blanket entirely, and the surface of the earth would probably burst into smoke and flame in the instantaneous gush of unbearable heat that would be poured upon it.

"Whenever, as occurs periodically, though not always to the same extent, the solar vapors are thinned, the heat from within leaps out through the weakened shell and strikes the earth and the other near-by planets as with a breath of fire from the suddenly opened door of a blazing furnace.

"That is what has happened this summer, and the immediate agency that has flung open the furnace doors and sent forth the destroying blast is the mysterious power whose visible manifestation is the presence of the black sun spots. But it is a mistake to suppose that the sun spots themselves exercise any direct influence upon the weather or that there must be spots on the sun whenever there is extraordinary heat on the earth.

"The spots are simply indicators of the sun's condition, resembling in that respect the eruptions on the face of a smallpox patient. They tell the story of the sun's internal convulsions and indicate some of the places on its surface where the pent-up forces are bursting out.

"For the next four years these gigantic outbursts will increase in fury, and a corresponding series of terrestrial seasons, marked by great excesses of temperature, sudden contrasts and extraordinary cyclonic disturbances, will follow."

No Hope of Relief.

Washington, July 24.—The officials of the weather bureau hold out no hope for immediate relief from the drought and intense heat prevailing throughout the middle west. Indeed, the temperatures reported at seven o'clock Wednesday for that section were generally higher than they were at the same hour Tuesday. At that hour Wednesday St. Louis reported a temperature of 88 degrees, a rise of 8 degrees; Kansas City 84, a rise of 4; Chicago 82, a rise of 8; Indianapolis 80, an increase of 4; Dubuque, Ia., 82, an increase of 10; St. Paul, Minn., 78, an increase of 2. Cincinnati reported 78 degrees, which is the same temperature reported Tuesday at seven o'clock. Huron, S. D., also made the same report that was made Tuesday, 74. Bismarck, N. D., and Louisville, Ky., each reported a 4 degrees fall since Tuesday morning. Louisville registering 78 and Bismarck 70. According to weather bureau reports there were light showers in northwestern North Dakota Tuesday night, but with this exception the skies over the stricken region were clear.

Southwest Still Sizzling.

Kansas City, Mo., July 24.—A scorching hot wave was prevalent over the southwest Wednesday, with conditions that make it possible that the unprecedented records of high temperature of the past few weeks will be eclipsed. In Kansas City at 11 o'clock Wednesday morning the weather bureau reported 101 degrees, the highest ever recorded here that early in the day. Monday ten degrees was recorded, the hottest here in over 30 years, and Kansas points reported from 106 to 110. Many prostrations were reported up to that hour in both Kansas City, Mo., and Kansas City, Kan.

Death Rate High at St. Louis.

St. Louis, July 24.—According to the report of the weather bureau the temperature at 12 o'clock was 102, or two degrees higher than Tuesday at the same time.

Up to noon reports received in the mortuary office show 40 deaths from heat during the past 24 hours.

Nebraska Defies Drought.

Omaha, Neb., July 24.—"We of Nebraska can defy the drought, so far as alfalfa is concerned," said J. J. Hurt, one of the best known ranchmen of the west.

"My alfalfa stands two feet high and is apparently more thrifty than ever. We have harvested two crops this year and now the third crop is nearly ready for the harvest, while a fourth cutting will yet be made. I believe the salvation of Nebraska is its magnificent alfalfa crop. Buffalo, Hall and Lawson counties especially look most inviting."

Rains Reported.

Rockford, Ill., July 24.—Rains with a brilliant electrical display fell at intervals for several hours over half a dozen counties of the Rock river region at night and Wednesday morning, reaching some districts where drought has prevailed six weeks.

El Reno, Okla., July 24.—A good shower fell shortly after noon Wednesday, greatly relieving the thousands of homesekers here.

Deadly Hailstorm in Russia.

St. Petersburg, July 24.—A hailstorm in the district of Schlitzk, gov-

ernment of Tamboff, July 23 destroyed the crops over a wide area. Three men and many cattle were killed, while an entire flock of sheep and two shepherds were carried off by the flood. Some of the hailstones weighed three pounds.

BAPTISTS AT CHICAGO.

Thousands of Delegates Present at the Opening Reunion Services at Second Church.

Chicago, July 24.—Delegates to the eleventh international convention of the Baptist Young People's Union of America arrived in the city from all points of the compass Wednesday. The board of managers met at the International headquarters in the Great Northern hotel during the afternoon. Dr. J. W. Conley, of this city, is chairman of the board. John H. Chapman, president of the national organization, was present. The report of the work during the past year was the principal business.

The union was born in Chicago ten years ago. The first meeting was held in the Second Baptist church Tuesday, July 7, 1891. Chicago Baptists are doing all they can to make this convention memorable as an anniversary. The "Chicago 1901" handbook, compiled by Oscar E. Roecker, was issued Wednesday. It contains pictures of Chicago's big buildings and a brief history of the city, beside the details of the convention programme. Wednesday night a reunion was held at the Second Baptist church. Rev. Dr. W. M. Lawrence greeted the delegates. Thomas Urquhart spoke for Canada, Miss Mary G. Burdette for Chicago and Rev. Dr. James B. Cranfill for the south. President Chapman estimated that 15,000 delegates and visitors would attend the convention which will be held in the Coliseum. The services will close Sunday. Monday and Tuesday will be devoted to sightseeing and excursions.

DETROIT CELEBRATES.

Begins Three Days' Exercises in Memory of the Landing of Cadillac in 1701.

Detroit, Mich., July 24.—With the firing of a salute of 21 guns by the revenue cutter Fessenden at sunrise Detroit began a three days' celebration of the landing of Cadillac at this point 200 years ago Wednesday. All the public buildings and many business houses and residences are handsomely decorated with bunting and the flags of United States and France.

Wednesday was largely given over to literary exercises. At ten o'clock the stone chair of justice which marks the site of the first courthouse in the city was dedicated under the auspices of the historical committee. The historical and literary exercises took place at two o'clock.

The first of the spectacular features of the celebration occurred at night when Cadillac and his voyageurs, paddling down the river from Belle Isle, were met by a party of Indians, and planted a cross and claimed the country for France.

SALT LAKE CITY WINS.

Secures the Next Carnival of the Elks—Elks' Parade a Lively Affair.

Milwaukee, July 24.—Salt Lake City easily captured the next convention of the grand lodge of Elks at Wednesday's session. The first pyrotechnic event of the carnival of the Elks occurred Wednesday afternoon when the tallest Elk flashed his height in contrast to the shortest, and the leanest Elk threw his shadow upon the tallest. It was the Elks' parade, and there were a large number of participants attired in their most attractive costumes, and bringing with them vehicles and banners of costly workmanship. As the various delegations passed along the line of march the air was filled with a continuous round of ovations. Scattered throughout the pageant were 25 bands. There were about 5,000 Elks in line.

Identity of Woman Established.

La Crosse, Wis., July 24.—Mrs. Brick De Graff, who was killed by falling out of the sixth-story window of the Hotel Morrison, Chicago, was the divorced wife of Brick De Graff, a local tailor. De Graff was divorced from his wife in the circuit court at Viroqua about three months ago, on the ground that she was a habitual drunkard. The couple had been married only about three years and during that time were divorced three or four times. She attempted to suicide by taking carbolic acid a short time before the last divorce was secured, but was found in time to save her life.

Fatal Quarrel.

Portsmouth, O., July 24.—Charles Wallace, aged 19, was shot through the heart and instantly killed at one o'clock in the morning by Allen Grant Montgomery, aged 21. They had attended a dance together and were walking home when they got into a quarrel over two girls, who were with them.

Mr. Archibald Sattley Dead.

Springfield, Ill., July 24.—Archibald Sattley, vice president of the Sattley Manufacturing company, extensive manufacturers of plows and farm machinery, died at one o'clock in the morning of pneumonia after a brief illness, aged 63. He leaves a wife and eight children.

Passenger Trains Collide.

Tiffin, Ia., July 24.—A passenger train on the Rock Island railroad ran into another which was going on to a siding here at one o'clock Wednesday morning. A sleeping car was knocked over on its side and several passengers were injured, but none of them seriously.

NAVAL COURT OF INQUIRY

Admiral Schley Will Demand Full Inquiry Into Details of the Santiago Battle.

LIBEL SUIT WILL THEN BE STARTED.

Unless Historian Maclay Proves His Charges the Naval Officer Will Insist That He Be Punished—Questions That Will Come Before the Tribunal.

Washington, July 24.—The Washington Post telegraphed Admiral Schley that in an editorial it insisted that he owed it to himself as well as to his friends to begin proceedings against Mr. Maclay, the author of the "History of the United States Navy," to disprove the latter's charge, adding: "Will you do this? Please wire statement." Tuesday it received the following telegram:

"Great Neck, L. I., July 23.—Editor Washington Post: I believe the first step should be investigation of all matter by a court, then a civil action afterwards. I am preparing to take this course. "W. S. SCHLEY."

Trial Will Be Famous.

The Post, as a result of extensive inquiries based upon the admiral's dispatch, says in part:

"Admiral Schley proposes to ask an investigation at the hands of a naval court of inquiry and then to sue Historian Maclay for libel. His action is the sequel to the developments during the past week, when the entire country has been stirred by the publication of the unexampled abuse poured out upon him in the third volume of E. S. Maclay's history of the United States navy, in which publication Schley is said

ADMIRAL SCHLEY.

to have run away in catlike flight, and is in addition denounced as a coward, a cur and a traitor. The Schley court of inquiry will undoubtedly be one of the most celebrated cases in the naval or military history of the country. The high rank of the officers involved in the controversy and the intense public feeling which has been aroused will combine to give to the investigation a dramatic interest. Nothing has occurred in Washington for many years that will compare with it. The appointment of the court of inquiry is expected to be made by Secretary Long, though it would be in the power of the president to make the selections if he chose. This is hardly likely to occur, however.

Questions to Be Considered.

"With respect to the matters to be inquired into by the court of inquiry, it may be difficult to state briefly the exact questions which will come before the court, but Admiral Schley condensed them in a letter written to Senator Hale, chairman of the senate committee on naval affairs, February 18, 1899. This letter divided the criticisms of himself into four heads, as follows:

- "1. The alleged delay off Cienfuegos, Cuba.
 - "2. The alleged slow progress toward Santiago de Cuba from Cienfuegos.
 - "3. The retrograde movements on the 26th and 27th of May. (This refers to the turning of the fleet from Santiago toward Key West.)
 - "4. The battle of Santiago and the destruction of Cervera's fleet.
- "It is to be expected that Admiral Schley, in his letter to the secretary requesting a court of inquiry, will specify these grounds of criticism, and that Secretary Long will, in turn, repeat them in his orders assembling the court."

Globe Circles Home Again.

Chicago, July 22.—Charles Cecil Fitzmorris, a 17-year-old Chicago boy, whose parents reside at 4623 Emerald avenue, reached Chicago at 6:55 a. m. Saturday after a flying trip around the world against time. He beat the record of George Francis Train and Nellie Bly. His time was 60 days 13 hours 29 minutes and 42 4-5 seconds. The total distance covered was 20,455 miles.

Four Men Killed.

Lebanon, N. H., July 22.—A carriage containing James Goodwin, of Hinsdale, Mass.; William Thurston, of Percy, N. H.; Thomas Burns, of Winoski, Vt., and Eddie McCabe, of Lebanon, was struck by the Montreal express on the Boston & Maine railroad, and all four were instantly killed.

Mrs. Nation Sent to Jail.

Topeka, Kan., July 23.—Mrs. Carrie Nation was on Monday fined \$100 and given 30 days' jail sentence by Judge Hazen in the district court for disturbing the peace and dignity of the city by a Sunday joint raid last March. There is no appeal and Mrs. Nation must serve her time in prison.

Future of the Youngers.

St. Paul, Minn., July 24.—A Stillwater (Minn.) special says Coleman and James Younger, after their 25 years in the state prison, will begin work as salesmen for a St. Paul dealer in gravestones and monuments.

Well-Known Educator Dead.

Lemars, Ia., July 23.—Prof. J. Wernli, a noted educator of Wisconsin, Illinois and Iowa, died Monday afternoon at Lemars. He was born in Switzerland in 1828.

Consul Sprague Dead.

Gibraltar, July 19.—Horatio J. Sprague, United States consul at Gibraltar, and the oldest consul in the American service, died here Thursday.

Holland City News.

FRIDAY, July 26, 1901.

N. J. WHELAN, Editor.

Citizens' Meeting to Arrange for a Band Tournament.

A public meeting of citizens will be held at De Groot hall Monday evening at 7:30 o'clock to consider the advisability of holding a band tournament in this city in August. It is likely that the tournament will take the place of the regular Farmers' Picnic, and that it would prove a good drawing card is a certainty.

Allagan and Ottawa counties have a great number of bands and if good prizes were offered all of them would undoubtedly compete. If enough interest is manifested in the movement plans will be made on a grand scale. Every citizen of Holland is urged to attend this meeting.

Programme of Christian Endeavor Picnic August 1.

The Christian Endeavor Picnic which will be held at Macatawa Park, next Thursday, August 1, will be one of the largest picnics ever held in western Michigan. A crowd of 10,000 is expected and the program has been arranged in such a manner that there will not be a dull moment the entire day.

The convention will open in the auditorium at Macatawa Park, with a business meeting at 10:30. Two delegates from each society will have the privilege of a vote for president, vice-president, secretary and treasurer, and for superintendent and mission superintendent.

The reports of officers relative to committee appointments will be received and acted upon, and the reports of the nominating committee will be submitted. After the election the convention will witness the public installation of officers and an adjournment will then be taken to the dinner table. Dinner will be served at 12 o'clock sharp, and during the collation visiting pastors and presidents of societies will be called upon for speeches of one minute duration.

At 1:30 the junior rally is scheduled at which Junior Superintendent Ella Lensenkamp of Grand Rapids, will preside. There will be songs by juniors of Hope church and stories by Professor J. T. Bergen, D. D.

During the afternoon a select literary program has been arranged by the committee in charge and the following speakers have been asked to address the huge assembly of young church workers: Miss Carrie Parsons of Kalamazoo; Rev. F. P. Arthur of Grand Rapids, state president; C. C. Smith and Prof. C. S. Coburn of Chicago and J. J. Baninga of Holland.

The Endeavorers and their friends will enjoy a short boat ride on the lake, and in the evening the convention will close with a sacred song service and concert. It is estimated that nearly 100 societies will be represented.

Will Do Missionary Work.

G. R. Press: At the close of the evening sermon Sunday night, Rev. John Vander Meulen announced his resignation as pastor of the First Reformed church. Although the decision was not unexpected by those in close touch with Mr. Vander Meulen, the congregation, as well as the pastor himself, were deeply affected. Mr. Vander Meulen retires from the pulpit to enter the missionary field in Oklahoma to which he was called by the national missionary board of the Reformed church. He will establish churches and missions among the new settlers in the southwestern part of the territory, a work much more laborious than his pastorate here and carrying less compensation. Since his connection with the local church, it has grown wonderfully and is now considered one of the most prominent churches of the west in the denomination. Mr. Vander Meulen came here from Kalamazoo less than two years ago, succeeding Rev. W. Hall Williamson, who is pastor of the leading Presbyterian church of Philadelphia. He is a graduate of Hope College and Princeton university and also taught in a seminary for some time. He has been a minister of the gospel for more than six years. Connected with Mr. Vander Meulen in the missionary field of Oklahoma will be Rev. and Mrs. W. C. Roe, who are at work among the Indians. The denomination also has another missionary in Oklahoma. Mr. Vander Meulen is single and will enter upon the work alone.

The common council at its recent meeting, acting upon the recommendation of the board of public works, decided that an order for \$1,450 be issued in favor of Contractor Van der Veen to apply for contract for the construction of sewer system. Mayor Brusse vetoed the action of the council on the grounds that Mr. Van der Veen had not complied with the wishes of the city in certain respects.

ADDITIONAL LOCAL.

The Pere Marquette steamer No. 4 will give an excursion to Milwaukee tomorrow.

The Ladies' Aid Society of Hope church picnicked at Alpena Beach Wednesday.

The Pere Marquette steamer No. 5 will give a two hours excursion on Lake Michigan tonight.

Bert Slagh is selling wall paper for 4, 5, 6 and 8 cents per double roll with 9 inch border to match for 1 cent per yard. Read his adv.

The latest in white and black dimities at John Vandersluis. Also a full line of black serpentine laces. On Monday you can buy Pharaohs horses in large size for 10 cent each.

During the heavy showers and electrical storm last night a barn on the premises of Harm Slagh, of North Holland, was struck by lightning and barn and contents, consisting of hay, wheat, harnesses and farm implements were totally destroyed.

Richard Boyenga, the 7-year old son of Charles Boyenga died Monday afternoon at his home on East Thirteenth street. He was kicked by a horse several weeks ago and the injuries received were responsible for his death. The funeral was held from the house Wednesday afternoon, Rev. H. Van Hoogen officiating.

Rev. J. T. Bergen will conduct services in Hope church Sunday morning. In the evening services will be in charge of Prof. Graham Taylor, of Chicago. Prof. Taylor is the leader of the Chicago Commons Social Settlement, and as a writer and public speaker is noted throughout the country.

Harm Koster, for many years a resident of this city, died last night at his home, 69 River street, after a long illness and great suffering. His age was 78 years. He is survived by a wife and six children. The funeral services will be held at the home tomorrow afternoon at 1:30 o'clock and at the Fourth Reformed church at 2, Rev. DeJonge officiating.

Attorney George E. Kollen received word to the effect that Judge Padgham in his written opinion on the Zealand contested election case had decided that D. Boonstra was not elected to the office of clerk as the vote was a tie. This leaves the matter in the hands of the common council, and as the republicans are in control they will undoubtedly decide that Attorney Sooy, the republican candidate, is entitled to the office of clerk.

The steamer Puritan will be taken off the Holland-Chicago route August 31 and will be put on the Chicago-Buffalo run making one trip weekly. The steamer City of Chicago will take the Puritan's place on the Holland-Chicago route. Owing to the fact that the tourist season on Lake Michigan usually ends with August, the Graham & Morton Company will be able to handle all of it on their runs by the remaining six boats of their fleet. The Puritan will return to this port next summer and run from here to Chicago on the schedule in force this season.

It seems that there is a way of regulating the speed of railway trains within the city limits as the following from the Grand Haven Tribune will show:

James Garvey, the well known passenger engineer on the Pere Marquette, was before Justice Angel this week charged with running his train through Grand Haven at a higher rate of speed than the ordinance allows, viz. six miles an hour. He was fined \$10 which he promptly paid. Garvey was arrested by Marshal Luiken who sent to Muskegon for him. The arrest of Garvey has had its effect upon the other engineers and Pere Marquette trains now crawl through the town.

While rounding Little Point Sauble late Tuesday afternoon the little two masted schooner Ida Jane, well known by sailors of this harbor, was struck by a squall. She was under the management of James and William Murphy, her owners. The gale carried away the topmast and topsail. The boat became unmanageable and capsized. Captain Hanson and the crew of Manistee life-saving station at once went out in the life-boat and rescued the men in an exhausted condition. The tug Barnes also went out and towed the wreck into harbor. Murphy Bros. lost all their clothing and valuables, including \$50 in cash. The Murphy brothers are two of the most eccentric characters that ever visited this port. They never let a moment pass without quarrelling with each other, but never struck a blow that landed, always managing to have their fists pass by each other's head without touching. Neither would take orders from the other, and in the midst of the greatest storm they would leave the schooner to the mercy of the winds and indulge in a war of words. Yet there was brotherly love between them and woe unto the man who interfered with their quarrels. He would have to reckon with both of them.

The barn of J. Van Dornik, near Waverly, was struck by lightning last night and totally destroyed.

The financial condition of the First State Bank, of Holland, as shown by the regular report in this issue of the News is exceptionally good.

A new electric motor has been added to the mechanical department of the Holland City News.

The first of the new cars for the Grand Rapids, Holland & Lake Michigan interurban arrived in Grand Rapids today and after the finishing touches are put upon it, will be at once put in operation on the line to Grandville and Jenison.

Great excitement was occasioned in Grand Haven by the escape from its cage of a large lion that is being kept there by a show company. The lion wandered off toward the sand hills after getting out of its cage, but the keeper started after it and drove it back.

A Novel Way of Traveling to The Exposition.

Valdemar Christensen, who lives in Buenos Ayres, S. A., arrived in this city Wednesday on his way to the Pan American exposition. He is traveling more or less as an adventurer. He left Buenos Ayres without any money and calculated to go to the exposition, take in the sights and return to Buenos Ayres without begging and without aid in any way. Thus far he has carried out his plan making his way by his own efforts.

Mr. Christensen left Buenos Ayres with the determination to prove that a man who is willing to work may travel from a place as distant as the great South American metropolis, starting without a cent and reach Buffalo, the northern metropolis of the United States, and return without begging and without asking assistance from any source whatever.

He left his home in South America on Jan. 3, 1900, and landed in Portland, Oregon, May 6, 1901. He has traveled most of the distance across the country on foot and feels as good today as when he left home. He has traveled about 38,000 miles and will have added another thousand to it before he reaches Buffalo. From here he will go to Grand Rapids.

A VERITABLE WHITE CITY.

Archangel, in Western Russia, Covered by a Mantle of Snow Most of the Year.

For three months in the winter Archangel, now to become the great western port of Russia, scarcely sees the sun, and for three months in the summer seldom loses sight of it. Yet there is no city in the whole of Europe which lies for so many months—under a mantle of snow; and because of this, the Russian fondly calls it "The White City," says Pearson's Magazine.

White, too, it is in other ways. All the chief buildings glare with white paint and blink with white blinds. The churches—and in a Russian city they are not few—are also of pure white; only the cupolas are green, and the crosses on their summits gold. And white are the private houses of the better sort—except where Norwegians and Germans live, for buff and blue and red then streak and flatter the pine walls and edge of the gable ends. But street posts, gates, pillars, walls, fences—these are all white. And in the summer, for every official you see in a blue or a gray tunic, you see ten in white caps and white uniforms.

Bright color alone is left to the women and children; pink blouses, green skirts, scarlet petticoats, orange aprons, and blue kerchiefs are common enough; while a group of children will always look like a cluster of old English flowers. But otherwise, in summer as in winter, this old city of Archangel, now destined to be the capital of a new Russia in the near west, is a white city indeed.

ENEMIES OF STREET CARS.

The Buellie Drivers of Beer and Ice Wagons Cause Worry to the Motormen.

The arch-enemies of the street car are the beer wagons and the ice wagons. The haughty car can strike terror to the buggy or brougham or huckster's cart, and even the furniture van fights shy, but beer and ice wagons are built for keeps, and would just as soon have a collision as not. Nothing short of a house falling on them could shake the driver out of his seat, says the Chicago Times-Herald.

There is a certain air about these drivers. The man that drives the beer wagon is always full of beer, and the ice wagon man serves many saloons; at any rate, they have the same cast of countenance—stolid, indifferent, half defiant. And they act just the same.

They keep the track in spite of gongs, whistles and threats, and they take every chance of crossing in front of a car, and then they smile to see the contortions of the gripman and his brake. But they never speak or turn their heads. Just drive on, impassively, as if there was not a street car in the whole world.

Gripmen and motormen foam in impotent rage, and would be driven to drink if they had time, but it avails them not. It is supposed that when a street car man loses his job he goes to driving a beer or ice wagon, and thus gets even with the motormen.

Endorsed by Clergymen.

Gentlemen: some personal experience enables me to heartily recommend the use of Henry & Johnson's Arnica and Oil Liniment. For external application in cases of sprains and bruises it is unquestionably excellent. It takes hold and gives relief. This is not a guess, but a word of testimony.

EDWARD HAWES, D. D. Dr. Hawes was for many years pastor of the First Church, Burlington, Vt. His testimony is the testimony of all who use the Arnica and Oil Liniment. It never fails to give satisfaction. Sold by all druggists at 25 and 50 cents a bottle.

LEONARD Y. DEVRIES,

Attorney at Law,

Office over Vanderveen's Hardware Store.

JOHN VANDERSLUIS

N. B.—Black Velvet Ribbon in all widths.

White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try ElectricBitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50 cents. Sold by Heber Walsh, druggist.

She Didn't Wear a Mask.

But her beauty was completely hidden by sores, blotches and pimples till she used Bucklen's Arnica Salve. Then they vanished as will all Eruptions, Fever Sores, Boils, Ulcers, Carbuncles and Felons from its use. Infallible for Cuts, Corns, Burns, Scalds and Piles. Cure guaranteed. 25 cents at Heber Walsh.

If you want some "just as good" "I make it myself" Remedy, try an imitation Rocky Mountain Tea. 'Twill make you sick and keep you sick. Haan Bros.

\$100.

Dr. E. Detchen's Anti Diuretic

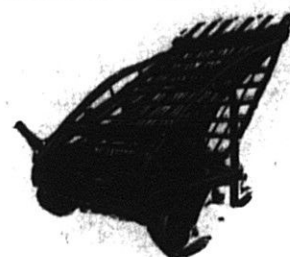

May be worth to you more than \$100 if you have a child who soils bedding from incontinence of water during sleep. Cures old and young alike. It arrests the trouble at once. \$1.00 Sold by Heber Walsh druggist, Holland, Mich.

C. A. STEVENSON,

EIGHTH ST., HOLLAND

Society and Personal.

Pfanstiehl-Ashtford.

Miss Josephine Pfanstiehl and Gus Ashtford were united in marriage last evening at 8 o'clock at the home of the bride, 19 West Sixth street, by Rev. J. T. Bergen in the presence of immediate relatives.

The bride was attired in a traveling suit of grey and carried bridal roses. She was attended by her sister Miss Bessie Pfanstiehl, who was gowned in white. Fred Pfanstiehl, brother of the bride, was best man and Miss Anna Pfanstiehl played "Brautied Aus Lohengrin" during the ceremony. The ring service was used and little Miss Christine Van Raalte was ring bearer. Beautiful decorations of ferns, roses and potted plants prevailed in the parlors and dining room. Mr. and Mrs. Ashtford left on the 9:40 train for a short bridal tour. They will reside in this city.

Miss Bessie Belle Thew, the members of her class in elocution and a few friends picnicked at Macatawa Park last Saturday. A delightful day was spent and in the evening a marsh-mallow roast was enjoyed. Those present were: The Misses Grace Browning, Genevieve Swift, Hazel Wing, Marie Reeve, Bertha Roest, Margaret Diekema, Theo Thurber, Katherine Post, Ursula Hancock, Ethel Weaver, Marie Dehn, Julia Van Raalte, Katie Blom, Katie Verschure, Sylvia Hadden, Floy Raven, Ethelyn Metz, and Miss Lamoreaux; Messrs. Hoyt Post, Edward Koningsberg, Fred Browning and Mr. Hammond.

A merry crowd enjoyed a hay rack party to Lakeside Park last night. The objective point was Miss Trousdale's hotel and upon arriving there and receiving a royal welcome a delightful evening was passed. Returning home the crowd was caught in the heavy rain storm and reached home badly drenched, but declaring that the pleasure was worth the drenching.

Miss Tillie Van Schelven entertained last Friday afternoon in honor of Miss Mabelle Johns, of Waupun, who is her guest. A large number of young ladies were present and spent a delightful afternoon. A program of songs and recitations was rendered, those taking part being Miss Grace Yates, Miss Amy Yates and Miss Bessie Belle Thew.

The launch Elizabeth was chartered by a party of 25 last Friday night for a trip to Lakeside Park, the new resort north of Alpena Beach. Under the command of Capt. Johnson, a mariner from Black River, and a trusty crew composed of Mrs. Johnson and her stalwart son, the good ship left the Holland dock and was quickly cleaving the waters of Lake Michigan. Soon a beacon light was sighted, and assisted by a gentle ground swell the staunch ship was driven on the shore nearly high and dry. Miss Trousdale, proprietress of the Lakeside Hotel, was on the beach to welcome the mariners and guide them to her castle. There a fine supper awaited the jolly sailors. It was served in old Kentucky style by several young ladies from the South who are stopping at the hotel. After supper the visitors the hostess, and the guests from the "sunny south" enjoyed a moonlight walk on the beach and explored the mysteries of the new resort. On their return to the hotel dancing was indulged in for a short time and then a program of songs and recitations was rendered. Music for the dance was furnished by Miss Anna Dehn, Miss Folk, Martin Dykema and John Nies, and those who recited were Miss Bessie Belle Thew, Miss Anna Dehn, Mrs. George E. Kollen and N. J. Whelan. Vocal selections were given by Mr. Van Syckle and Mr. Dykema. The trip homeward was begun when the midnight bells were sounded and after swiftly passing the Puritan and Pere Marquette, No. 4 (they were

going in the opposite direction) the Elizabeth landed at the Holland dock and passengers and crew received their walking papers.

A fine programme will be rendered at the meeting of the ladies of Crescent Hive No. 37, to be held next Tuesday evening.

Miss Minnie Slagh entertained a number of her little friends at her home, 137 E. Fifteenth street, Tuesday, in honor of her fourth birthday. Games were played and dainty refreshments were served. Those present were Johnnie Slagh, Peter Mulder, Carl Smith, Johnnie Mulder, George Smith, Nellie Kammeraad, Maggie Mulder, Hattie C. Kammeraad, Leona Smith and Hattie A. Kammeraad.

The Royal Arcanum Lodge of this city is arranging for a grand social event which will take place Saturday evening, August 3. An excursion will be given on the steamer Joe to Saugatuck, where a dance will be given at Pokagon Inn. Two orchestras, Breyman's, of Holland, and the Pokagon Inn orchestra, will furnish music. Mr. and Mrs. E. J. Lendecker, proprietors of the Inn, will make extensive preparations for the entertainment of the guests and a merry evening is assured those who attend. A general invitation is extended the public, and as the fare has been fixed at 25 cents for the round trip a large crowd will undoubtedly attend.

Hon. G. J. Diekema was in Allegan Wednesday.

Dr. U. Ruidel arrived in this city from the Netherlands Tuesday. He is the guest of Rev. H. Van Hoogen.

Miss Alma De Young is visiting relatives in Grand Rapids.

Miss Ada Rogers, of Albion, Mich., was the guest of Miss Jennie Werkman Saturday.

Mrs. Jackson, of Grand Rapids, is the guest of Mrs. William Olive.

Jacob Fileman, Sr., was in Milwaukee this week.

Mrs. C. M. McLean and her two sons have returned from a visit to the Pan-American exposition.

Ray Nies is attending the Pan-American exposition.

Attorney Gelmer Kulper, of Grand Rapids, was in the city Tuesday.

Miss Jeannette Vaupell visited friends in Grand Rapids Wednesday.

Mr. and Mrs. Arthur Drinkwater went to Detroit Sunday on a visit to relatives. Mr. Drinkwater returned home the same day, but his wife and daughters stayed in Detroit to attend the Bi-centenary celebration. They will return tomorrow.

Wm. Mieras, John Doursema and Dr. John Mieras, of Grand Haven, were the guests of Mr. and Mrs. C. Blom, Sr., Tuesday. They came to see the ball game.

Judge Goodrich, Peter Brusse, Archie Campbell, Jacob Vander Veere, Postmaster Huty and John Boylark were among those who came from Grand Haven to see the ball game Sunday.

C. Blom, Sr., left Tuesday night for the Elk's carnival in Milwaukee.

J. Lokker was in Milwaukee this week.

Attorney J. C. Post was in Grand Haven Wednesday.

A. Labuis and Attorney Sooy of Zealand, were in the city Tuesday.

Mrs. William Bourton has returned from Chicago, where she attended the funeral of her grandchild.

Mr. and Mrs. C. B. Cook, of Port Sheldon, were the guests of Mr. and Mrs. William Bourton, Tuesday.

Eugene Fellows of Fellows Station was in the city Tuesday.

Mrs. Nick Bosch and Miss Mabelle Weiss left Tuesday night for a visit with friends in Milwaukee.

Attorney Charles H. McBride was in Allegan Tuesday.

C. M. McLean was at Bravo Tuesday.

Edward E. Takken of Chicago is the guest of his parents, Mr. and Mrs. E. Takken.

Miss Lemma Mokma left last night for a visit with friends in Chicago.

Gerrit Spritsma left yesterday for the Pan-American exposition.

Miss Lizzie Van den Berg is visiting friends in Grand Rapids.

College Graduates Increasing.

The graduating lists of the American colleges this year show an increase of 25 per cent. It seems probable that all the institutions of learning will have more than their usual quota of students next fall, says Success. As celebrated college presidents have shown in the columns of Success from time to time, the demand for college men in all branches of business, as well as in the professions, is gradually increasing. Our colleges graduate men and women with practical as well as artistic ideals. A notion prevails that girls who have been so fortunate as to complete a course in a college do not make good wives. This notion is devoid of common sense. The more brain a man or woman can put into his or her work the better that work will be. This rule holds as surely in the responsible work of housekeeping, in social relations and in domestic economy as in agriculture, the arts, mechanism, law, medicine or theology.

Censor Destroys Rhyme and Reason.

A Constantinople correspondent says that the Turkish government has prohibited the performance of Rostand's play, "Cyrano de Bergerac," declaring it to be of a revolutionary character. The Turkish censor is very particular that no royalty is presented on the stage, and in all pieces the king is replaced by a prince or a duke. The comic effect of replacing a monosyllable by a longer word in Italian opera, which alone is performed in Constantinople, may readily be imagined. Most certainly no imputation of encouraging high treason can be brought against the Turkish censor.

Piles! Piles!

Dr. Williams' Indian Pile Ointment will cure blind, bleeding, ulcerated and itching piles. It absorbs the tumors, allays the itching at once, acts as a poultice, gives instant relief. Dr. Williams' Indian Pile Ointment is prepared only for Piles and itching on the private parts, and nothing else. Every box is guaranteed. Sold by druggists, sent by mail, for \$1.00 per box. Williams' Medicine Co., Proprietors, Cleveland, O.

Sold on a guarantee by J. O. Doesburg, Holland.

TO FIGHT THROUGH COURTS

Rumors Rise of Intended Injunction Proceedings Against Amalgamated Strikers.

SHAFER DENIES CONFERENCE RUMORS.

Amalgamated Association Officials Fearing Policy of Watching and Waiting—Reports Are Circulated That Attempts to Start Several of the Mills Are to Be Made.

Pittsburgh, Pa., July 24.—The status of the strike Wednesday morning remained unchanged except for the rumors of intended injunction proceedings and of efforts being made by disinterested parties to bring the leaders of the two contending forces together with a view of bringing the conflict to a termination by a compromise of some sort.

Veryl Preston, former president of the American Steel Hoop company, and John Warner, of the Carnegie Steel company, are in the city and their visit seems to have given rise to the supposition that they have come here to discuss this question with officials of the Amalgamated association.

Reports were in circulation that a conference was held Tuesday night, as President Shaffer and Secretary Williams, of the Amalgamated association, were seen on the streets downtown at an early hour in the morning.

When seen Wednesday both vigorously denied that there had been a conference of any kind. Preston and Warner could not be located. So far nothing has been done in the matter of the proposed injunction proceedings against the strikers, but it is understood that the papers are being prepared and the attorneys will offer them in the federal courts within a day or two.

At the local headquarters of the Amalgamated association the officials appear to be still pursuing the policy of watching and waiting. When asked when they were going to call out all the Amalgamated men in the different mills of the corporation, it was said that the time had not yet come for that.

Matters remain quiet about the De-wees Wood plant at McKeesport. The mill property was encircled by strikers all night, guarding against the introduction of nonunion men, but the pickets were withdrawn Wednesday, the strikers believing that no immediate attempt will be made to operate the works.

Won't Be Caught Napping.

They are still on the alert, however, and say they will not be caught napping. Two nonunion men succeeded in eluding the watchers at Wellsville Tuesday night and the working force was increased that many Wednesday. Everything was quiet about the town.

Locally rumors are being persistently circulated of attempts to be made at Painter's, Lindsay and McCutcheon's and Clark's to resume operations shortly. The reports are to the effect that Painter's and Clark's mills are to be started with men from the upper mills of Carnegie's and that an agent of the Lindsay and McCutcheon plant is down south trying to secure men. At Clark's mill the strikers were surprised Wednesday to find a detail of ten policemen guarding the property. An iron fence separating the Clark plant from Carnegie's upper mill has been torn down and it is said workmen from the Carnegie plant will be quietly transferred to Clark's. The strikers are expecting serious developments and are preparing themselves for emergencies.

Declare Strike Will Spread.

Reading, Pa., July 24.—Wednesday afternoon the men who remained at work in the locomotive plant held a meeting and decided not to strike at this time. Some said they would continue at work as long as no new men were put into the shops. Vice President Voorhees left for Philadelphia at noon. He claimed that what he offered the men was as much as some competing roads were paying. The leaders declare that the strike will now spread.

Firemen Win Concessions.

Philadelphia, July 24.—The firemen employed on the main line of the Philadelphia & Reading railway have been granted an increase in wages from \$2.35 to \$2.50 together with important concessions.

To Enlarge the Plant.

New York, July 24.—The American Locomotive company has appropriated the sum of \$500,000 for the purpose of enlarging its plant at Schenectady, N. Y. It is stated that the capacity of the plant will be increased from 425 to 1,000 locomotives yearly. The idea is to make this plant the central one, and it will be developed to the greatest extent, although other plants are to be improved and enlarged.

Sagasta Outlines Programme.

Madrid, July 24.—Premier Sagasta has announced the government's programme, which will include the reorganization of the army, the establishment of bases for naval operations and the construction of an arsenal on a vast scale.

Michigan Jurist Dead.

Grand Rapids, Mich., July 24.—John W. Champlin, ex-chief justice of the Michigan supreme court, died at his home here Wednesday, aged 70 years. He had been in declining health for some time.

HUNT TO RULE PORTO RICO.

Secretary of Island Will Succeed Governor Allen, Who Is to Resign.

Washington, July 24.—William H. Hunt, the present secretary of Porto Rico, has been selected to succeed Gov. Charles H. Allen, upon the retirement of the latter from the insular government. Gov. Allen brought with him to Boston all of his household effects when he came from San Juan and he does not expect to return to Porto Rico. The formal announcement of the selection of Gov. Hunt is withheld until the regular appointment is made, and this cannot be before the expiration of the term of Gov. Allen next September.

William H. Hunt, who has been selected to succeed Charles H. Allen as governor of Porto Rico, was born in New Orleans, La., November 5, 1857, and is the fourth son of the late William Henry Hunt, of Louisiana, who was secretary of the navy in the cabinets of Presidents Garfield and Arthur and minister to Russia. Judge Hunt received his education at Yale college, but on account of ill health did not finish his course. In 1886 Yale conferred upon him the honorary degree of master of arts. When he was 27 years of age he was elected attorney general of the territory of Montana. He subsequently moved to Helena in 1888, was elected a member of the legislature, where he served as chairman of the judiciary committee. He was a member of the constitutional convention in 1894 which framed the constitution of the state when it was admitted to the union, and also held important judicial positions in Montana.

When Gov. Allen went to Porto Rico he was requested by President McKinley to become secretary of the island, and to assist Gov. Allen in organizing the new civil government.

FIVE DROWNED.

Only Two of a Yachting Party Succeeded in Surviving Sinking of the Boat.

New Haven, Conn., July 20.—Five persons were drowned in the sound Thursday afternoon by the capsizing of the yawl-rigged yacht Venetia, of Philadelphia, at a point five miles east of Sand's point, near the New York and Connecticut line.

Two only of those on board the yacht were rescued. The drowned are: Arthur C. Colburn, owner of the yacht, and his daughters, Ida and Annette Colburn, of Philadelphia.

Capt. Flint, of Brooklyn, N. Y., master of the yacht, and a sailor, name unknown.

The others on board the ill-fated craft, Mrs. Walter J. Sprankle, of Philadelphia, and daughter, of the owner of the yacht, and the steward, James Staabridge, of New York, were rescued by the tug Gertrude, after clinging for two hours to the bottom of a capsized long boat.

THE NATIONAL GAME.

Milwaukee	24	52	.316

Death of Gen. Butterfield.

Poughkeepsie, N. Y., July 18.—Gen. Daniel Butterfield died at his home, Cragside, at Cold Spring, at 8:30 Wednesday night. He had been in very poor health for a year or more, and has been in a condition of semi-paralysis for some time. He leaves a widow, but no children. About 15 years ago he married the widow of Frederick James, of Cold Spring, and she survives him.

Big Building Falls.

Grand Rapids, Mich., July 19.—With a crash that roused residents for blocks around, the four-story Luce building, at the corner of Monroe and Ottawa streets, collapsed at two o'clock Thursday morning doing damage estimated at \$250,000. Half an hour after the building was leveled, fire broke out in the great heap of debris and caused considerable damage before it was extinguished.

Over 2,000,000 Population.

New York, July 24.—The latest directory of Manhattan and the Bronx, just issued, indicates a population in the two boroughs of 2,075,450, or an increase in one year of 23,850 inhabitants. The estimate is based upon the government standard of 5 1-10 persons to each family.

Declared Unconstitutional.

Rochester, N. Y., July 24.—The law passed by the New York state legislature last winter forbidding traffic in railroad tickets by others than authorized agents of railroad companies was declared unconstitutional Tuesday by the appellate division of the state supreme court.

Fire in Paper Plant.

Des Moines, Ia., July 24.—The Daily Iowa Capital issued all editions as usual, despite the fire in the plant Tuesday morning. Entire destruction of the building was narrowly averted, but the loss will not exceed \$5,000 for the Daily Capital and State Bindery.

Receiver Appointed.

Milwaukee, July 24.—A Journal special from Oshkosh, Wis., says Judge Clementson, of the circuit court, has appointed R. F. Connell, of Calumet county, receiver for the German Exchange bank, of Chilton. The bond is \$500,000.

WILL CUT ARMY EXPENSES

Visit of Adj. Gen. Corbin to Result in Economical Reforms in the Philippines.

REDUCTION OF 60 PER CENT. PLANNED.

Concentration of Troops and Abolishment of Districts Contemplated—Barracks and One General Hospital Proposed—Aguinaldo Is Tired of Surveillance.

Manila, July 23.—The conferences between Adj. Gen. Corbin and Gen. Chaffee, recently held here, will probably result in radical economical and administrative reform in the army of occupation. It is estimated the total cost of maintaining the American army in the Philippines can be reduced by 60 per cent. in the cost of one year. The principal change will be the reduction of the present force to between 20,000 and 30,000 men.

Permanent Headquarters.

The abolishment of the present army districts is contemplated, and three brigades, with permanent headquarters at Manila, Dagupan and Iloilo or Cebu, will be instituted in their stead. The troops will be concentrated at three points selected, abandoning all minor posts. These changes will result in an enormous saving in the transportation of supplies and the paying of rental for barracks for the soldiers.

Heavy Rentals Now Paid.

At present, in most towns, the troops are quartered in churches, convents and public and private buildings, for the use of which considerable rentals are paid. In the majority of other cases, where the troops do not occupy public buildings, it is believed rental should be paid for the soldiers' quarters if their occupancy is continued, since these regions are pacified and their inhabitants have sworn allegiance to the United States.

Will Construct Barracks.

Adj. Gen. Corbin and Gen. Chaffee have decided upon the construction of barracks at the pumping station (about six miles from Manila and the source of the city's water supply) to accommodate three regiments of infantry, one of cavalry and eight batteries of artillery, as well as a general commissary and quartermaster's storehouse, to cost \$100,000. The erection of this latter building will reduce expenses by \$20,000 a month, being the rentals paid for the commissary and quartermaster storehouses in Manila alone. An electric railroad connecting the docks on the Pasig river and the new storehouse will be constructed.

Gen. Corbin and Chaffee have also decided upon one single general military hospital to replace the seven military hospitals in Manila and vicinity. One of the latter buildings will be converted into a hospital.

Aguinaldo Irritated.

Manila, July 23.—Aguinaldo is considerably irritated at his continued surveillance by the American authorities. Whenever he signs his name he must add the word "prisoner." He has refused the request of his friends to write the insurgent general, Malvar, still at large in southern Luzon, advising him to surrender. He consented to sign a copy of his oath of allegiance, with the understanding that it be forwarded to Malvar with the purpose of influencing his surrender, but under his signature to this oath he wrote: "Prisoner in Malacanang prison."

Explosion Kills Fifteen.

Stockholm, Sweden, July 24.—An explosion Tuesday of petroleum on board the American schooner Louise Adelaide, Capt. Orr, which left Philadelphia April 24, and Portland, Me., June 4, for Stockholm, in the harbor here resulted in the death of Capt. Orr, ten members of the schooner's crew and four Swedish customs officials. Two of the Louise Adelaide's crew were saved.

Ten Persons Hurt.

Racine, Wis., July 19.—Ten persons of a picnic party were injured in a runaway Thursday night. They were in a covered wagonette. The horses became unmanageable, the vehicle was capsized and the occupants were dragged a long distance. None were fatally hurt.

Gold Vein Discovered.

LaCrosse, Wis., July 20.—A valuable vein of gold has been discovered on the farm of J. V. Allen, a few miles from Avalanche, Vernon county, this state, adjoining the copper mine located there.

Trains Collide.

Gower, Mo., July 18.—Engineer Henry F. Baker and Express Messenger W. A. Floyd were killed and 14 others injured in a railway collision near here.

Pleaded Guilty.

London, July 19.—Earl Russell pleaded guilty to bigamy at the bar of the house of lords and was sentenced to three months' imprisonment.

Hanged by a Mob.

Elkins, W. Va., July 23.—William Brooks (colored) was hanged by a mob in the city park for fatally shooting Chief of Police Lilly.

Conger Leaves for China.

San Francisco, July 18.—Edwin H. Conger, United States minister to China, sailed yesterday for the orient.

A Fitting Tribute

A CITIZEN OF HOLLAND PAYS A WELL-EARNED TRIBUTE.

The following public statement of a respected citizen adds one more emphatic endorsement of merit to the following scores that have appeared before.

Mrs. M. Shonaker, 256 West 15th street says: "I suffered from constant heavy aching pains across the small of my back so that I could not rest easy at night in any position and during the day I felt tired and languid. The kidney secretions became badly affected, irregular, too frequent, scanty, and were attended by a good deal of pain besides depositing a heavy sediment. I suffered also from headaches and spells of dizziness so that I either had to sit down or hold on to something to keep from falling. I used a great many different remedies but without obtaining any benefit. Friends advised me to try Doan's Kidney Pills and I got a box at J. O. Doesburg's drug store and used them. They helped me from the very start. They are the best remedy I ever tried, and I have no hesitation in recommending them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no substitute.

FOR PORTIONLESS GIRLS.

Old Bachelor Who Left a Fund for Dowering Deserving Damsels.

Trustees of an old bachelors' fund for dowerless girls in New Orleans, who recently decided to change the spirit, if not the letter, of the testator's provisions had a precedent in the case of John Anderson, citizen of Glasgow and Manchester. Like the New Orleans donor, he was a bachelor, commonly reputed to have been "crossed in love." He left \$15,000 and his blessing for "a fund to be formed, having for its object the dowering of deserving damsels." Candidates must be able to read and write, to sew and cook and to sing and dance well. Having proved themselves proficient in these attributes, candidates were to receive \$110 on their wedding days. Circumstances were found to necessitate placing some restrictions about this bounty, for unscrupulous individuals schemed to secure the dower more than once.

The corporation of the city of London is intrusted with the administration of Signor Pasquale Favoli's bequest for portionless girls. "Three poor but honest girls" are endowed annually in sums according to their merits, as the "worshipful gentlemen may think fit."

Chance decides who are the recipients, the fortunate trio being selected by lot. Any girl over 16 and under 25 may become a candidate, and may repeat again till the age limit disqualifies her, but the young women have to submit duly certified birth certificates, so as to obviate any charge of "intent to defraud."

DISTEMPER IN DOGS.

A Prof. Copeland Has Discovered That It Is Caused by the Microbe.

The last number of the Proceedings of the Royal Society contains a description of Prof. Copeland's successful investigation as to the cause of distemper in dogs. As a result of his efforts, he has isolated a specific micro-organism to which the disease is due. This micro-organism, a small coccus-bacillus, grows readily in all common culture-media at the temperature of the body, and is obtained from the exudations from the lungs, the tracheal mucus, and the nasal secretions of dogs suffering from the disease. A cubic centimeter of a broth-culture of these microbes, injected beneath the skin of the abdomen in a dog weighing 15 pounds, induces an attack of distemper, which terminates fatally in a week from the date of inoculation. A vaccine necessary to protect dogs from the disease has also been prepared, and is said to be efficacious. This vaccine is obtained by heating a broth-culture of the bacillus at a temperature of 60 degrees Cent. for 30 minutes, with the subsequent addition of a small quantity of carbolic acid. Two cubic centimeters of this vaccine have been found sufficient, when injected, to ward off the disease from fox-terrier pups weighing five pounds which had been exposed to infection. The length of time vaccinated dogs remain immune has still to be ascertained. Tests on a large scale are at present being conducted.

REMARKABLE MARKSMAN.

Young Apache of Arizona Who Accomplishes Wonderful Feats with a Gatling Gun.

Everyone who goes to the Arizona penitentiary is interested in the Gatling guns which are placed on the guard stands arranged at intervals along the top of the walls. The largest and principal gun is in charge of a young Mexican who boasts of his Apache blood. He is rated as the best marksman with a Gatling gun in the United States, says the Yuma correspondent of the Chicago Record. Gen. McCook, of the United States army, says that his manipulation of the complicated weapon and his accuracy of aim are simply marvelous. The young Mexican has an excellent field for target practice over the Gila mud flats just above the prison. A tin can six inches in diameter placed at a distance of 700 yards he will hit four times out of five with the Gatling gun. When it is remembered that he can fire 500 shots a minute the possibility of a convict's escape is too small to calculate. A recent test of the marksmanship of this young Apache gunner was made. From behind a stone wall 100 tin cans of the size of common fruit cans were thrown one at a time haphazard in the air, just as clay pigeons are automatically thrown at shooting matches. The Apache had his gun ready and had to aim as quick as a flash at each can at a distance of 250 yards. He pierced 37 out of the 100 before they fell behind the stone inclosure.

An Old English Custom.

At Guildford, England, the quaint custom of throwing dice for the "maid's money" was observed recently. A sum was invested by a mayor of the borough in the seventeenth century, from which 12 guineas are given annually to a servant girl of good repute who has been in the same service for over two years. There were two applicants. The prize was won by Martha Shingler, who threw seven. The same dice box has been used for 60 years.

COOKED UNDER WATER.

An Englishman made a wager that he could cook a plum pudding ten feet beneath the surface of the Thames, and won the bet by placing the pudding in a tin case and putting the whole in a sack of lime. The heat of the lime, slaking when it came in contact with the water, was sufficient to cook the pudding in two hours.

LOST MASTERPIECES.

Other Famous Paintings Besides the Gainsborough Work Have Been Stolen.

Gainsborough's Duchess of Devonshire, which will probably find its last resting place in the Metropolitan museum of art, in this city, is not the only great painting which has been stolen, says the New York Herald. A portrait of the countess of Derby disappeared shortly after it was painted by Sir Joshua Reynolds. Rewards for its return were vainly offered. The final conclusion was that the then earl of Derby, who had quarreled with his wife at the time the picture was painted, had destroyed it.

The celebrated "Field of the Cloth of Gold" was never stolen outright, but an important part of it was extracted. The theft was discovered when Cromwell opened negotiations with a foreign dealer for the sale of some of the pictures of Charles I. On this particular picture being examined, one of the principal faces, that of Henry VIII., was missed. It had been dexterously cut out, and upon the restoration the thief, a nobleman of note, handed it back to Charles II. in a perfect state of preservation. His object had been to prevent the picture going out of the country.

Lord Crewe has a picture which was lost and recovered in a remarkable manner. An ancestor of his had a picture painted of his son and daughter in which the son posed as Cupid. Many years afterward the father and son quarreled, and the younger man, out of revenge, caused the Cupid to be cut out of the canvas. The piece knocked about unheard of for over 100 years. A dealer who had seen an engraving of the original happened to get hold of it some few years ago, and he at once communicated with Lord Crewe.

A FAWN AT HOME.

One of the Prettiest and Pleasantest Sights in All the Wilderness.

One of the prettiest bits of animal life we have seen portrayed for a long time is in Mr. William Davenport Hulbert's article, "The Deer," in McClure's Magazine. It is a fawn which he is describing:

"To see the baby promenading up and down the shore, with his mother looking on, was one of the prettiest and pleasantest sights in all the wilderness. The ground color of his coat was a bright bay red somewhat like the summer dress which the doe wore, but deeper and richer and handsomer, and with pure white spots arranged in irregular rows all along his neck and back and sides. He was so sleek and polished that he fairly glistened in the sunshine, like a well-groomed horse; his great dark eyes were brighter than a girl's at her first ball; and his ears were almost as big as a mule's, and a million times as pretty. But best and most beautiful of all was the marvelous life and grace and spirit of every pose and motion. When he walked, his slender head and neck were thrust forward at every step with the daintiest gesture imaginable, and his tiny pointed hoofs touched the ground so lightly, and were away again so quickly, that you hardly knew what they had done. If he was startled he would stamp his fore foot on the hard sand, and toss his head in the air with an expression that was not fear, but alertness, and even defiance. And when he leaped and ran—but there's no use in trying to describe that."

THE BROOKLYN FACE.

Discovery of Wall Street Man at the Entrance of the Big Bridge.

"Have you ever been over the big bridge?" asked a Wall street man the other day.

"A few times; why do you ask?" was the reply, according to the New York Mail and Express.

"Well, I had to go over to Brooklyn the other day. First time I had crossed the bridge in years, and I made a discovery. I don't mean that I discovered the bridge, or Brooklyn, but I did find the Brooklyn face."

"Talk about the bicycle face or the automobile squint, they are not a marker to it. If you want to see it reflected on a few hundred thousand features, just take a stand between the 'L' ticket booths and the first stairway some time between five and six o'clock at night.

"As the crowds sweep to the ticket booth they appear sane and clothed in their right mind; but once the ticket is bought, the transformation begins. First a sort of hunted expression steals over the features; then the eyes are narrowed to a squint, but as the person nears the ticket chopper they gradually widen and begin to roll wildly. The teeth are firmly set, the chin tilted outward and the head is thrown forward. A slight inflation of the nostrils just before the final rush is made and all is lost in the whirling vortex on the stairway."

No More "Hullo's" in Paris.

The Paris telephone girl must not say "Hullo!" any more. That is too simple and easy, so the administration has given instructions that in the future the "demoiselle du telephone" must reply to those who ring her up: "I'm listening to you." If she should be so forgetful as to pronounce the banished dissyllable she will be reprimanded and punished by a fine.

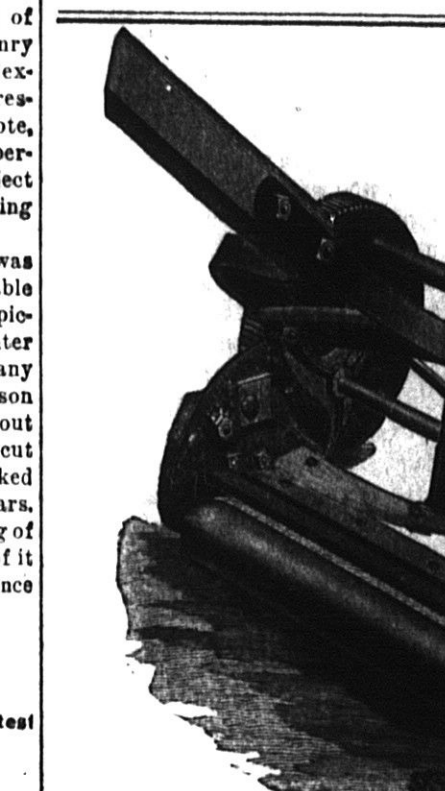

Stingless Bees.

British naturalists, having discovered stingless bees that make honey in the island of Montserrat, are trying to improve the breed with the object of supplanting the kinds of bees that have stings.

REVIVO
RESTORES VITALITY
Made a Well Man
of Me.

THE GREAT
FRANCE REMEDY
produces the above results in 30 days. It acts powerfully and quickly. Cures when all others fail. Young men will regain their lost manhood, and old men will recover their youthful vigor by using REVIVO. It quickly and surely restores nervousness, lost vitality, impotence, rapidly exhausted, lost power, falling memory, wasting diseases, and all effects of self-abuse or excess and indigestion, which undo one for study, business or marriage. It not only cures by starting at the seat of disease, but is a great nerve tonic and blood builder, bringing back the pink glow to pale cheeks and restoring the fire of youth. It wards off insanity and Consumption. Insists on having REVIVO, no other. It can be carried in vest pocket. Sporting News.

Fennville shut out Breedsdville last Friday by a score of 10 to 0. Ver Schure of Holland pitched for Fennville and Garver pitched for Breedsdville.

Zeeland was for the second time defeated by Fennville's ball team at Fennville Saturday in a game that set the spectators nearly wild. For the first time this year Nelson had poor control, giving Zeeland batters six bases on balls, but later striking out 11 of their men. Fennville came to bat in their last inning with the score 9 to 6 against them, but the first five men up made hits for from one to four bases each, and the game was won with not a man out.

Holland has the laugh good and hard on neighboring villages on account of the base ball situation. Holland has a winning streak and the neighbors feel so badly about it that they have set up a most dismal howl of complaint and abuse. Some of the complaints are outspoken and are made while the writers labor under false impressions, while others are in the form of veiled insinuations, and are cowardly in their nature. Holland is accused of nearly every base ball crime on the calendar, from bribing the umpire to rioting, but the fans are not losing any sleep over the babyish antics of the representatives of Armour & Co. They know they are inspired by jealousy and small caliber sportsmanship, hence they laugh at the nonsensical walling.

Just to show that some of our neighbors have a good opinion of the Holland players and rooters the News prints the following from the Douglas Record:

"Holland and Fennville played a fine game of ball at the former city Monday, the Holland club winning by a score of 5 to 3. Neither club ever put up a better game, and the very pleasant manner in which the contest passed has added much to the interest of the game. Al. Whitbeck gave the decisions in a satisfactory manner."

Again the Record has the following on the Holland and Twin City game: "About 600 people were present, a delegation of the best people of Holland coming to root for their boys, and they did it in a gentlemanly manner."

Regarding the game in Grand Haven the Tribune says:

"The Holland team left for home last night at 8:35. They were very much disappointed but not sore at all over their defeat. The Holland boys are a gentlemanly lot."

In its write up of Tuesday's game the Grand Haven Tribune says: "It was a great game despite its unfortunate ending, and Grand Haven was beaten fairly and squarely. Four hundred people saw the game. The Grand Haven boys say they were treated splendidly, and athletic relations with Holland are now on a firm footing. Harvey White of the Muskegon Reds played third for the locals. His batting was terrific and he gauged VerStay for three corking singles."

Wonder who told ye editor of the Zeeland Record that Jappings umpired the Fennville-Holland game?

Whoever did so placed him in an unpleasant situation as he took occasion to say that there was an "intense feeling of dissatisfaction on the part of Fennville throughout the entire game." This is the first intimation that Fennville was dissatisfied with its own umpire, Mr. Whitbeck, of Fennville.

Wonder who told ye editor that Garver is an ex-Virginia leaguer?

Wonder who told him that "the last three games played by the Holland team were accompanied by rows?"

Wonder who told him that there was a wrestling match at Grand Haven? He says: "The Grand Haven team wrestling the title from them in a match game of ball."

Wonder if the other items in his paper are as unreliable as the base ball items?

Big Rapids defeated the Muskegon Reds Wednesday by a score of 20 to 5.

Otsego shut out South Haven Wednesday by a score of 9 to 0, not a South Havenite reaching third base. Allegan added to the miseries of the South Haven club yesterday by defeating it 18 to 1. "Tards" Ver Schure of Holland was in the box for Allegan.

Zeeland was defeated yesterday by the Y. M. C. A. club of Grand Rapids by a score of 10 to 8. The game was loosely played, both sides adding black marks to their error columns.

Holland Defeats Grand Haven Score 6 to 4.

Sixty enthusiastic fans came from Grand Haven Tuesday and saw a ball game well worth the trip. It was the second contest between the Holland and Grand Haven clubs. Grand Haven won the first one and claimed the championship of Ottawa county, and Holland struggled successfully Tuesday to regain the title. They did it in nine innings of very fast playing.

Grand Haven went to bat first. Ver Stay, who was in the box for Holland, struck out the first and second man up and the third was an easy out. Then Holland went to bat and it was one, two, three—out without a score.

In the second Grand Haven took a goose egg for its share but Holland did better. Huntley flew out, Ben Van den Berg was given a base on balls, Schouten was put out. Then with two out Ver Stay made a long hit and aided by a couple of wild throws made third while Bennie scored. Then "Vaudie" celebrated his return to batting form by making a clean hit. Ver Stay stole home and "Vaudie" was caught trying to steal second.

In the first half of the third three Grand Haven men came to bat, three men fanned the air, and the 500 Holland rooters yelled with delight. Then Holland went to bat. Banninga made a short hit and reached second on Farr's fumble on first. Then Jim De Pree came to bat. His friends expected a two bagger; but he was too busy for two baggers and smote the ball such a mighty smite that it went over the fence for a home run, the first in the history of the base ball park. Banninga scored making it 4 to 0. Kramer struck out, Huntley fouled out and Bennie flew out.

In the first half of the fourth Kramer misjudged a fly, Jim De Pree made a wild throw, Bob muffed in trying to put out a man caught between second and third and the upshot of the hard luck was two scores for Grand Haven. In the second half of the fourth O'Connell, who had been doing the twirling for the visitors, was taken out of the game and Van der Veen doffed his sweater and took his place in the box. Holland was treated to a goose egg.

In the first half of the fifth one Grand Havenite was put out and two were struck out. In the second half Rob De Pree was hit by a pitched ball. Kramer single. Then De Gloppe let the ball go by and before it was fielded to the plate Rob and Kramer scored. The next three men up were easy outs.

Both sides were blanked in the sixth.

Grand Haven rallied in the first half of the seventh and scored two. In the second half Rob De Pree hit a high one over second; but Ryder, the center fielder, spoiled it by making a sensational running catch. Kramer flew out. Huntley beat the ball to first but was put out at second.

In the eighth with Van der Veen and De Gloppe at their best for Grand Haven, and Ver Stay and Schouten doing phenomenal work for Holland, both sides were retired without a run.

In the first half of the ninth Grand Haven failed to get a run, leaving the score 6 to 4 in favor of Holland. The score:

A Poor Millionaire.

Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25 cents. Money back if not satisfied. Sold by Heber Walsh, druggist.

WASPS, THE INVINCIBLES.

Where These Terrible Insects Swarm It Is Impossible to Resist Them.

From early ages to the present time the "fiery darts of the wasps" have furnished illustrations of invincible attack. In the Bible the Lord uses the hornet to help clear a way for the chosen people: "And I sent the hornet before you, which drove them out from before you, even the two kings of the Amorites." Not only have armies been dispersed, but cities have been abandoned because of the onset of hornets. In "Wasps and Their Ways" many interesting examples are cited.

In "Cruden's Concordance," in the introduction to the subject of hornets, we read that a "Christian city, being besieged by Sapore, king of Persia, was delivered by hornets; for the elephants and beasts, being stung by them, waxed unruly, and so the whole army fled."

Moffet says: "If we will credit Aelianus, the Phasilitas, in times past, were constrained to forsake their city, for all their defense, munition and armor, all through the multitude and cruel fierceness of the wasps where-with they were annoyed."

A more modern incident is this: "Eight miles from Grandie the muleteers suddenly called out: 'Marambundas! Marambundas!' which indicated the approach of wasps. In a moment all the animals, whether loaded or otherwise, lay down on their backs, kicking violently, while the blacks and others ran in different directions, all being careful to avoid by a wide sweep the swarms of tormentors that came forward like a cloud."

"I never witnessed a panic so sudden and complete. The alarm was not without good reason, for so severe is the torture inflicted by these pygmy assailants that the bravest travelers are not ashamed to fly the instant they perceive the host approaching, which is of common occurrence in the campos."

THAT WHICH IS QUOTED.

Of All Languages Latin Has Been the Most Cited, Says This Authority.

Quotation is a matter of memory, and when literature relied on memory literature mainly consisted of verse. It seems pretty clear that fixed rhythm was at least as much a practical expedient as an artistic device. And the poets most quotable and most quoted are those whose words have the most direct bearing on the common business of life, says a writer in the Saturday Review. The old theory of the poet's function was very different from the modern one. Now, he is taken to be a creature singing to himself, following out his own dreams, remote, in a sense that Horace or Horace's Greek models never contemplated, from common life. He does, in reality, hate the profanum vulgus; he shuts it off by a barrier of unintelligibility which the crowd shows no desire to break down. But the poet was formerly held to be one different indeed from his fellows, endowed with a special insight, but speaking to men of men's affairs in words that they could catch up and apply to many passages in life—that is, in words that naturally lent themselves to quotation. Too great insistence upon either aspect of the case naturally leads to error. Of all literatures Latin has been incomparably the most cited, partly because Latin is still familiar to every educated man, but largely also because of the practical bent of Latin genius. Horace is more quoted not only than Virgil but than any poet in the world, yet no one assigns to him a rank corresponding to this fact. The weakness of Horace lies just in the universal applicability of his sentiments; his counsels are so far-reaching in their wisdom that they approach to platitudes. As Mr. Apstin Dobson puts it:

No man can say that life is short
With men so little fretful,
And none to virtue's ways exhort
In phrases less regretful.
