### CITY AND VICINITY.

Born, to Mr. and Mrs. George Dalman, July 15—a daughter.

Born, to Mr. and Mrs. Ed Westveer, West Twelfth street—a daughter.

The Modern Woodmen will hold a basket picnic at Jenison park next Saturday. A fine program has been arranged.

Mr. Norman Simpson left Tuesday for Lawton to accept a position as manager of a salting station for the Buldang Pickle Co. of Chicago.

The Nyack had a rather small crowd on her excursion to Ottawa Beach and Jenison Park Sunday. Probably the cold weather kept down the crowd.

The prizes for the prize waltz given Saturday night at Jenison by the Appolo orchestra were won by Arthur De Graaf of Macatawa and Miss Crowley of Jenison.

The Rev. Van der Heide of the First Christian Reformed church at Grand Haven, has received a call to the 16th street church of this city. He has not as yet made known his decision.

The twentieth annual meeting of the Stockholders of the Ottawa County Building and Loan association will occur on Tuesday evening, July 21, at 7 o'clock at the office, 19 East Eighth street.

With his portable sawmill, John Brink of Hamilton last week cut 10,584 feet of lumber for James Kleinheksel in eleven hours with a Port Huron engine and since last fall has cut 500,000 feet of lumber with the same machine.

North Dakota farmers have taken out \$2,000,000 worth of hail insurance so far in anticipation of damage from that element. The wheat crop is pronounced the greatest in years, and the growers are more or less fearful of hail visiting that region.

The Steamer Ryerson brought a big crowd of Muskegon people up to Spring Lake Wednesday night. The visitors entered into the spirit of the occasion with fervor and added their might toward making a display. The Mary of Holland also had a party of excursionists.

John Wendel has resigned his position as bookkeeper for the H. J. Heinz Co. for whom he has worked the last five years here and in Chicago, to take a better position as bookkeeper for the Dethenthaler Co. of Grand Rapids. He will move his family to Grand Rapids next week.

A Booth & Co. one of the largest firms dealing in fish and oysters to the west pleaded guilty at Chicago to a charge of having accepted concessions from railroad companies. An indictment against the company was returned a year ago and contained several counts, all of which with one exception were dismissed. Judge Landis took the case under advisement. The maximum penalty for the offense is a \$20,000 fine.

Harry Riley of Milwaukee was nabbed at the Pere Marquette railway station by Freight Agent H. P. Burkholder on the charge of picking the pockets of M. J. Konold, a fruit buyer, and securing \$42. Riley was spotted by Burkholder and held until the arrival of Officer Koeman. He was taken before Justice Van Duren, protesting his innocence, and bound over to the circuit court. When searched Riley had \$23 in his possession.

The chamber of commerce, of Muskegon at a meeting, appointed a committee to act in conjunction with a committee from a Grand Rapids Reformed church for the purpose of securing the Holland theological seminary now located at Grand Rapids. The committee is composed of Congressman James C. McLaughlin and John Q. Ross. The church committee is composed of Rev. John Walketten, Rev. J. J. Fles, John VanderWarp and Benjamin J. Oosterbaan.

Grand Haven's fire protection system will be materially improved. The council has decided to erect a new stand pipe and its construction will be begun immediately. By means of this stand pipe Grand Haven can be supplied with water for 24 hours without a pump working.

The Knights of Columbus of Grand Rapids with their families and friends are at Jenison park today for their seventh annual picnic. A fine program of sports has been arranged and this afternoon a bare back horse race will be pulled off in which Mayor McCarthy and C. J. Seils of Grand Rapids are the contestants. The race is the result of a bet and Pete has put in some hard hours of training for the event.

The Rev. L. Van den Berg has gone to Iowa for a several weeks' visit with relatives there. Mr. Van den Berg is pastor of a large Presbyterian church in Brooklyn, N. Y. Yesterday he preached two fine sermons at the Second Reformed church in this city. Mrs. Van den Berg goes on to spend several weeks with her father, Mr. E. Vaupeell in Holland.—Grand Haven Tribune.

Anthony Luidens has accepted a position as manager of the Heinz Salting station at West Olive. Mr. Luidens is a student of Hope college, having graduated from the preparatory department last June, and works the greater part of the summer vacation for the company of the 57 variety fame. Mr. Luidens entered upon his new position last Monday.

Dr. A. Oltmans, the author of the little missionary volume "Onze Zending in Asia," has received an order for 100 copies of Dr. Andrew Murray of Cape Colony, South Africa. Dr. Murray is the great missionary known all over the world for his missionary effort and it is particularly gratifying to Dr. Oltmans to receive an order from him. Seven thousand copies of this book were sold among the different churches of the Reformed church.

The first money put up that says Taft will be elected was placed in Chicago last Friday, the odds being two to one in favor of the Republican nominee. The sum of \$1,000 was wagered by one of the proprietors of the Auditorium hotel, and this was covered by a gentleman from Baltimore. The cash was put up in a safety deposit, where it will remain until after the election in November. The Chicago man says he has more money to wager at similar odds, and is ready to accommodate all who are willing to take the chance.

Cornelius VanderMeulen of Holland was in the city yesterday looking over the chances in the political field. Mr. VanderMeulen is a candidate for the Republican nomination as state representative from this district to succeed Nicholas J. Whelan. He is therefore looking over Grand Haven which rather holds the key to the situation on this job. Besides Mr. VanderMeulen, Holland has another candidate for the same job in D. B. K. VanRaalte, one of the veteran members of the party.—Grand Haven Tribune.

Austin Harriottson's new steamer "Mary" inaugurated a schedule of twice daily trips to Saugatuck Monday three days in the week. New Richmond will be on the program and this picturesque little hamlet may be reached by changing boats at Saugatuck and taking the side wheel steamer Heath which makes a delightful ride up the Kalamazoo river, returning in time to catch the Mary on her afternoon return trip. No more enjoyable outing can be had than one of these little excursions, and the price is low.

Henry J. Mulder, a member of the class that graduated in June from the Christian Reformed Seminary at Grand Rapids, returned last week from a trip to some of the eastern churches. The trip lasted about a month and during that time Mr. Mulder visited and preached in churches in Patterson, New Jersey, Rochester and Albany, New York. During the trip the young minister took occasion to visit several points of interest, among them the statue of liberty, the tomb of Gen. Grant and Niagara Falls. Last summer Mr. Mulder spent a couple of months in the state of Washington and saw the sights on the Pacific coast, and putting the trips together has given him a good idea of what a transcontinental trip is like.

### Jail Breakers Foiled

Because one of the prisoners squealed, a sensational attempt at breaking jail was foiled by Sheriff Woodbury Tuesday afternoon at the Grand Haven lockup. The operations of two prisoners were stopped just in the nick of time. Had the conspiracy gone undiscovered another day, at least two of the prisoners in the lower corridor would no doubt have freed themselves and made good escape.

Chas. Gottschalk, a young man who was serving 90 days, and Wm. Williams, who is awaiting trial in circuit, tried the little job.

One of the bars had been sawed through completely at the top. The wires which hold the outer screen were cut in order that it might be bent away from the window when the prisoners were ready to come out. It was evidently the intention of the jail breakers to saw off two bars from the window and a fine file and soap were used to do the job but from the way the story leaked out to the sheriff, it is evident the operators were not careful about keeping the matter quiet.

### A Piano Factory for Saugatuck

The Saugatuck Improvement Association is in communication with A. J. Manville, a Grand Rapids party who wants to build a piano factory there. If arrangements can be made 20 men will be hired at first and the force increased rapidly as the manufacturer is now making a special style of piano for export trade to Australia. Mr. Manville is a piano man of long experience and has a factory in New York besides the one in Grand Rapids. The Grand Rapids factory is large enough at present but he wishes to move in order to get a better location and a place to grow.

### \$1 Per Barrel on the Trees

A. E. Brauns of the firm of Brauns & Van of Iron Mountain, Mich., was in Fennville the forepart of the week investigating the apple crop. He contracted for the purchase of Leonard Truax's apple crop, the price being \$700 for the fruit on the trees, Mr. Truax to draw the packed barrels to the cars. The crop is about equally divided between Baldwins and Kings and is estimated at from 650 to 700 barrels, though the drop continues to be quite heavy.

This is the first sale of an apple crop so far reported in this section. Last year at this time many large orchards had been sold at as high as \$3 per barrel for the fruit on the packing table. The disastrous experience of the buyers last season has evidently made them slow to take hold of the 1908 crop at very fancy prices. The crop in sight is generally believed to be from 15 to 20 per cent larger than last year, though if the drop continues much longer, the crop will be no more than in 1907.

### Diekema the Guest

Venetian night was not only a big event for the Spring Lake Yachting club Wednesday, but it was an important event for Congressman Diekema of Holland.

At night, while the ball was in progress in the Spring Lake hotel, the genial congressman mingled freely among the many guests and visitors, while Landlord W. R. Laughray saw to it that no one missed an opportunity of grasping the big palm of the Western Michigan genial congressman.

Conspicuous on the railing surrounding the offices were two campaign lithographs of Senator Wm. Alden Smith and Congressman Diekema.

"I notice that both you and the senator are here together tonight," said an admirer of the latter, as he pointed toward the two pictures, which were surrounded by the national colors.

"Yes, you begin at the top and go to the bottom there," the congressman replied.

"But I read from left to right," said the admirer, which gave the senator the second position in the matter of comparison.

Then Landlord Laughray bought. The gala event, which continued in the hotel until a late hour, was practically a reception in behalf of the Holland congressman, who was the guest of honor.—Grand Rapids News.

Lokker-Rutgers have just received 200 dozen fancy shirts ranging in price from 50c to \$2.50. These shirts are now on sale, first come first served 30 to 40 per cent off.

### Zeeland Man Elected Professor in University of Florida.

Professor Herbert G. Keppel, of Zeeland, who has for the past thirteen years been connected with the Northwestern University at Evanston, Illinois, as professor of mathematics, resigned his position there yesterday to accept a position in the University of Florida in the department of mathematics. The resignation was tendered to Dean Thomas F. Holgate and will be accepted with reluctance by the authorities of the Northwestern since Professor Keppel during his thirteen years' connection with the university has become popular with students and faculty both.

Prof. Keppel is the son of Mr. and Mrs. G. Keppel of Zeeland. He was educated in the Zeeland public schools and then took an eight years' Classical course at Hope College, excelling especially in the mathematical branches. On the completion of his course at Hope he took some post graduate work in mathematics at the University of Michigan and later on in some of the famous universities in Germany, receiving his doctor's degree in 1901. Mr. Keppel, during his stay in Europe, made extensive trips with a view of studying the manners and customs of the various classes of people. He prepared lectures of his trip through the Netherlands which were illustrated with numerous stereopticon views taken from original photographs. Those lectures he delivered in various states in this country and they created a great deal of favorable comment. He delivered one of those lectures two years ago at Hope College. The views were especially good since Mr. Keppel is an enthusiast in photography. Prof. Keppel will go to Gainsville, Florida, where the state institution is located, in August.

### Fell From Scaffold

Henry Door, a young man, boarding at the home of John Rottschaffer, Central avenue, while working on a building at Waukazoo yesterday afternoon, fell down with the scaffolding and was seriously injured internally. He was taken in charge by Dr. Wein of Waukazoo and taken to his home and attended by Dr. Poppen. On an examination it was found that no bones were broken but that the young man will be laid up for sometime. The young man was resting easy this morning.

Door was helping in the building of a cottage next to the one of Judge Door at Waukazoo when the scaffolding broke and he fell with it. A beam landed on top of him, this causing the internal injuries.

### Board of Education Meets

At a meeting of the Board of Education Monday evening the officers and committees for the coming year were appointed. Following are the appointments:

President—M. C. McLean  
Secretary—Henry Geerlings  
Committee on Teachers—Henry Geerlings, B. Steketee, W. H. Wing  
Committee on Schools—J. A. Mabbs, J. J. Mersen.

Ways and Means—J. J. Mersen, J. G. Van Putten  
Claims and Accounts—B. Steketee, J. G. Van Putten

Building and Grounds—L. Marsilji, Wm. Brussee.

It was decided at this meeting to build the proposed Columbia school sewer, and the matter of the Sixteenth street and Prospect Park school sewer was referred to the committee on building and grounds who will confer with the committee of the council, and these two committees will doubtless make the much needed improvements, as advocated by the News in last week's issue.

The financial statement of the First State Bank appears in this issue. The bank is doing a very good business, and does not seem to be affected by the alleged hard times. This is evident from the fact that since the May financial statement the deposits have been increased by \$38,000.

They are all after those Lokker-Rutger shirts.

## Must Believe It.

When Well Known Holland People Tell It So Plainly.

When public endorsement is made by a representative citizen of Holland the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman, or child with any kidney trouble will find profit in the reading.

Mrs. W. Swank, of 149 River street, Holland, Mich., says: "Mr. Swank used Doan's Kidney Pills with the very best of results. A short while ago he sprained his back and as a result brought on kidney trouble. His kidneys were very weak and he also suffered from the accompanying symptoms of kidney complaint. He consulted a physician and took his medicine but received very little relief. A neighbor knowing of his suffering advised him to try Doan's Kidney Pills and upon his advice he procured a box at G. L. Lage's drug store. After using them a short time his troubles gradually began to disappear and he continued taking them until completely cured. He always recommends Doan's Kidney Pills as a kidney remedy that acts quickly and cures permanently."

For Sale by all Dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, Sole Agents for the United States. Remember the name—Doan's—and take no other.

The Scott Lagers Lumber Co. has just received several carloads of extra fine barn shingles which they are selling at a low price. 16 26

## Double Wedding.

The home of Mr. and Mrs. J. B. Estelle, 279 East Ninth street was the scene of a pretty double wedding, Thursday evening when their daughter Marie was united in marriage to Joseph Reidsma and Miss Hilda Ravencroft, better known perhaps as "Brownie" Murphy, was married to Paul Estelle, Rev. N. F. Jenkins performing the ceremonies. At eight o'clock to the strains of the Mendelssohn wedding march, played by Miss Eva St. Clair, Miss Estelle and Mr. Reidsma entered the parlor preceded by little Estelle Williams who carried the ring in a white rose.

They were attended by Miss Lola St. Clair and William Atwood. The bride wore a pretty gown of white batist and carried bride's roses. One hour later, to the strains of the Lohengrin march, Miss Ravencroft and Mr. Estelle took their places before the bank of palms.

They were attended by Miss Jennie Klein and J. Smith of Grandville. The bride wore a becoming gown of white net over white taffeta and carried bride's roses. After the ceremony a two course wedding luncheon was served to 50 guests.

Both couples received many handsome gifts. All are well known and popular young people.

Mr. and Mrs. Reidsma will reside at 258 East Eighth street. Mr. Reidsma who is a son of the late S. Reidsma, who formerly conducted a furniture

store here, is employed at the Bush & Lane piano factory.

Mr. and Mrs. Estelle will make their home at 279 East Ninth street. The groom is a conductor on the G. R. H. & C. Interurban.

The Scott Lagers Lumber Co. has just received several carloads of extra fine barn shingles which they are selling at a low price. 26 16

## Holland Fair.

Extensive preparations are being made for Holland's big Fair which will be held Sept. 29 and 30 and October 1 and 2.

Twelve hundred dollars will be hung up for the races and from present assurances some of the speediest trotters and pacers in the state will face the starter's flag. More attention than formerly will be paid to the running races. The runners appeal to those who like excitement and purses will be offered to attract the best in this vicinity.

Novelty races will also be given as in the past and endeavors will be made to interest the farmers in trotting and running events for farmers horses only.

A big increase in premiums this year is made in the cattle, sheep, swine and horse departments, although substantial increases will appear in other classes, notably in the agricultural list.

The special attractions will be on a good scale as heretofore and no trouble or work will be spared to eclipse previous records.

They are all after those Lokker-Rutger shirts.

Women love a clear rosy complexion. Burdock Blood Bitters purifies the blood, clears the skin, restores ruddy, sound health.

### The News Offers

#### Ten Dollars Reward

By written communications and through personal appeal the aid of the News has been asked to stamp out a crime that we consider the most heinous kind of larceny. Some person or persons who have evidently forgotten that some things in this world are sacred, have repeatedly during the summer stolen plants from the graves in Pilgrim Home Cemetery. The flowers have been taken root and all, which seems to indicate that it was not the work of careless children, but that they were stolen for the sake of obtaining the plants.

It is of course unnecessary to say here what every decent man or woman thinks of a person who can commit such a crime. Any one who has any personal interest in this or any other cemetery, who has ever seen the remains of a dear one lowered into the grave, must, if he is possessed of the common qualities of humanity, condemn this crime and class it as the most cowardly of its kind. The thought of the cold dark confines, which those must occupy who "have left the warm precincts of cheerful day," causes loving hands to plant flowers on the graves, as a constant reminder that the dead must not become a prey to "dumb forgetfulness." That is why the poets have called the cemetery "God's Acre," the hallowed ground. And whoever can ruthlessly destroy these plants is too small to merit any consideration, except the consideration that leads to just punishment.

And this consideration we propose to give the matter. We believe that every effort ought to be made to convict and punish the guilty party or parties, since it is a crime in which every citizen is directly interested. In order to give animus to the search for the guilty the News offers a reward of ten dollars to any person giving information that will lead to the arrest and conviction of the vandals.

### The Age of Manhood

Recently Rev. Louis Van den Berg, of Brooklyn, New York, preached a sermon at Hope Church on the Age of Manhood. The sermon contained ideas that are rich food for thought and have caused us to exploit our own ideas on the subject.

This is primarily the Age of Manhood. In every department of life it becomes each day and each year more evident that manhood is demanded. Even on the lower plane we all instinctively admire the man who, rather than sulk when he has a grievance, openly steps up to his enemy and dares him to come into the back alley. And this is doubly true on the higher plane of life. We admire manhood, and respect for it is on the increase.

In political life, for instance, it is manhood that is increasingly beginning to count. We speak of the personalities of the party leaders, and these personalities count for a great deal with the average voter. The party leaders are beginning to depend less on the political machinery, that was at one time considered infallible, and more on the common qualities of manhood because in this age of manhood these appeal to the American people.

The person who always looks for faults and sees only the wrong side of life's fabric will deny that manhood is the ideal of the times, and point to numerous cases of system-

atized graft that tend to repress manhood, and to the men of dwarfed soul and weak backbone who pick the choice fruit from the political plum tree. True, but the success of such is invariably temporary. They do not go down into American history with the stamp of every free-born American's admiration on their records as in the case of men like Cleveland and Roosevelt.

This is the age of manhood, and in this age we need more manhood. In the great world crisis (to come back to the sermon,) at the dawn of the Christian Era, God sent a Man to meet the crises and to inaugurate the Age of Manhood. And today, in a narrower sense, the problems that arise, be they of a religious or secular nature, must be solved by MEN. A man may be wrong and still be a MAN. History forgives error and misjudgment, but never lack of manhood.

The black bass fishing season is at hand, fine catches being already reported both from lakes and river. The Gazette wishes to appeal again to anglers to refrain from taking the small bass. They are too small for consideration as legitimate game. Nothing less than one foot in length should be kept, either of large-mouth or small bass. Until they have reached this length they have not spawned, and so the taking of them tends seriously to deplete the supply. Besides, enough large fish for a reasonable supply can be obtained as a rule by any person at all expert in such sport. It is strange that with all the legislation we have concerning fish and game, better protection is not given the black bass, which the small mouth kind particularly, has no superior as a game fish. Men should be ashamed to show "strings" of such small bass as are sometimes exhibited in town. —Allegan Gazette. We say ditto.

The "Greater Holland Edition" of the Sentinel published last Saturday met with general approval. It is representative of Holland and its surroundings and taken as a whole is a work of art. Louis Lee Arms of Grand Rapids who was the managing editor of the edition, did his work with a fine sense of the symmetry of a large paper, and much practical help was given him by Benj. Van Raalte, who has shown great ability in the managerial part of the work.

In fighting off garden pests do not attempt to shoot them, as it may injure the plants and frighten the neighbors. Powdered tobacco is a good remedy for most bugs and worms. In fact, about the only thing tobacco will not kill is a man.

Detroit is talking of having a river carnival. If the citizens of that town can really get up energy enough to give such an exhibition they can get some pointers on how to give it at Macatawa.—Grand Rapids News.

Roosevelt is to receive a dollar a word for his hunting experiences. Doubtless instead of the famous "Dee-lighted" he will say "I'm very glad to see you," when he meets the creatures of the wild.

For some reason it seems it is a most difficult thing for a runaway automobile to pass between two telephone poles, not withstanding they are a considerable distance apart.

A phrenologist who makes a map of Mr. Bryan's head saves his face by stating that the Nebraskan has a large organ of language.

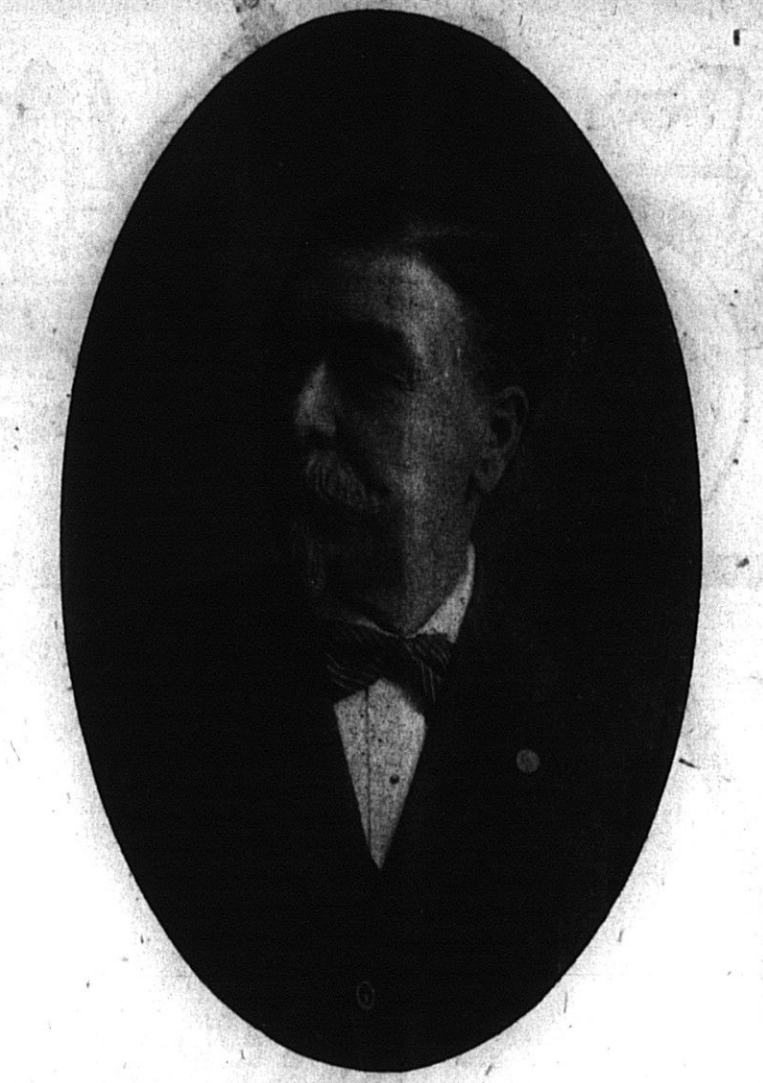

If there should happen to be a political convention in Africa when Roosevelt is over there getting a dollar a word!

The third nomination of Bryan was not the best thing for the party, but the best he would permit.

No Bryan crowd ever went wild over the returns in November. There's method in making the noise in July.

Voters, take your choice: Bryan the eloquent and Taft the practical.

## Holland Township's Candidate

Hon. D. B. K. Van Raalte has announced himself as a candidate for the legislature from this district. Mr. Van Raalte was the Republican choice for this position in 1874 and acquitted himself creditably at the state capitol. Mr. Van Raalte has a striking personality. He is an able speaker and is strong on the floor of a convention, as is well known to delegates who have attended conventions in the past. He is a son of Dr. A. C. Van Raalte, founder of this city, and a veteran of the Civil War. There is no doubt that he would represent this district ably.

### WHAT YOU SAW IN THIS PAPER

#### 35 Years ago To-day.

Mr. John Quartel, to whom was awarded the contract of paving the gutter on Eighth street, is at work on them, and when completed we will wager our "beaver" that a finer street cannot be found in Michigan, and if our "city dads" had not forbidden we might some day see some of Boone's or Bender's fast nags striking for a premium over Dexter or Ethan Allen. Such is fate.

The wind grist mill of A. Geerlings, under his new patent, has proved a failure, and Mr. G. is now seeking for capital to put in an engine. We hope he will succeed as another mill is needed here, and Mr. Geerlings is deserving of encouragement in his enterprise. We regret the loss which this failure incurs upon him, as he was one of the heavy losers by the fire and had but little left to rebuild with.

#### WHAT YOU SAW 30 YEARS AGO

While Mr. Henry Van Dam was out rabbit hunting at Drenthe on Saturday last, he accidentally shot himself through the abdomen. While in the act of climbing over a fence the hammer of his gun got caught and caused the discharge. He lived until Sunday morning when he expired, leaving a wife and five children.

The law restoring capital punishment in Iowa went into operation on the Fourth of July.

Paddy's description of a fiddle—It was the shape of a turkey, and the size of a goose; he turned it over on its back and rubbed its belly with a stick, and oh! St. Patrick! how it did squeal.

It was seventeen years ago last Sunday—so rapidly does time fly—that the first Bull Run battle was fought, and yet there are a good many Southern and northern newspapers that have not forgotten that event nor the events that followed. Well, it takes some time to smooth red-handed War's wrinkled front.

Columbia Fire Co. No. 2, turned out on Tuesday evening last to try to throw three streams from their engine. They took water on the corner of Eighth and Market streets and astonished themselves and the spectators by throwing three streams of water at the same time about 20 feet higher than the City Hotel.

#### WHAT YOU SAW 25 YEARS AGO

Tom Thumb died last Sunday at Middleboro, Mass., of apoplexy. He was born in Bridgeport, Conn., in 1838, his real name being Charles H. Stratton. He had been before the public on both sides of the Atlantic for the past thirty years, and had accumulated a fortune.

One of the leading social events of the past week was the marriage of Elias DeSpelder, M. D., to Anna E. Frik, at the residence of the bride's parents on Ninth street, on last Wednesday afternoon, at 4 o'clock, and the reception given in the evening. The marriage ceremony was performed by the Rev. John A. DeSpelder of Mason, Mich., a brother of the groom. The evening was a beautiful one, and a large number responded to the invitations, bringing many costly presents.

The following is the list of presents.

Six walnut chairs, 1 rocking chair, 1 revolving office chair, Mr. and Mrs. I. Cappon; one marble-top center table, Drs. Kremers, Best, VanPutten, Schouten, Schiphorst, Geq and DeVries; hanging lamp, Mr. and Mrs. W. Diekema; willow rocking chair, Miss Annie VanPutten; clock, Mr. and Mrs. Glerum; couch, plush trimmed, Mr. and Mrs. A. Visscher; camp rocking chair, Mr. and Mrs. G. J. Kollen; flower urn, Miss A. Minderhout; Longfellow's Poems, Misses Mary and Gertrude Alcott; velvet rug, Mrs. Boezel; velvet brussels couch, Mr. and Mrs. J. Pessink and Mr. and Mrs. G. J. Pessink; large mirror, Ed. Slooter, ottoman and velvet rug, B. and Miss A. Vander Veen; walnut stand, Miss Jenny Nyland; silver butter and pickle dish, G. J. Diekema; bed spread, Mr. and Mrs. John Cappon; carving knife and fork, Dr. T. G. Huizenga; twelve glass sauce dishes, Mr. and Mrs. C. Landaal; silver cake dish and glass castor; Mr. and Mrs. F. Slooter; lace curtains, Mr. E. and Miss H. Van den Berge; glass fruit dish and six sauce dishes, Miss Minnie Cappon; tidy, Miss H. Coffers; fruit dish, water pitcher and tidy, Mr. and Mrs. J. Pauels; six silver teaspoons, six cups and saucers and six porcelain terrines, Miss Jennie Slooter; ten dollars in gold, Mr. and Mrs. Ed. Frik; ten dollar bill, Mr. R. Aling, of Kalamazoo.

At about 10 o'clock Dr. Gee's Music Class serenaded the newly married couple, discoursing some of the fine music that this class usually renders. During the evening refreshments were bountifully served and everybody seemed happy, and returned home feeling that a pleasant evening had been spent. Both the bride and groom are well known to almost every citizen in Holland, and the best wishes of a host of friends accompany them to their new home in East Saugatuck. That their union may be a long and harmonious one is the sincere wish of "Americus."

Holland, Mich., July 19, 1883.

Last Friday to Mr. and Mrs. J. H. Rogers—a boy. Regulation weight.

The Sabbath school of the First church held a picnic at Macatawa Park last Thursday. The day was a beautiful one for an excursion of that kind and fully five hundred and fifty people participated. The picnic was of the basket order and those that were present report having had a very pleasant time. The only accident that happened to mar the pleasure of the occasion was that of a little seven year old son of G. J. Hesselink, who, in stepping from the dock to the boat, fell into the water and would probably have drowned if it had not been for the prompt action of Austin Hatrington, the Conductor of the steamer, who jumped overboard and soon had the little fellow safe in the arms of his anxious mother.

Married—On Wednesday, July 18 J. F. VanRy and Miss Mary McGinnes, both of this city. Isaac Fairbanks, Esq., performed the ceremony.

Rev. E. C. Oggel of this city, late of Honolulu, Sandwich Island, has been called to a pastorate at Pullman, Ill., and has accepted.

The work of laying the pipe for the system of water works at Macatawa and the foundation for the pump house, is nearly completed. The mains are three inches in diameter and are amply large to supply the wants of the Resorts for some years.

James Van Duinen, of Grand Rapids was married to Miss Berendina Brouwer, sister of Jas. Brouwer, of Meyer, Brouwer & Co., of this city, last Wednesday evening by Rev. E. Vander Vries, in the Market street Christian Reformed church.

#### WHAT YOU SAW 15 YEARS AGO

Born to Mr. and Mrs. Seth Nibbelink, Wednesday, a son.

The dead body of Ole Anderson, of the whale exhibition boat, washed ashore between Port Sheldon and Grand Haven Friday of last week. It was discovered by Chas. DeBoer. The coroner was informed, an inquest held, the father notified, and the body embalmed and taken east, to Long Island for interment. The boat is now at Whitehall.

Another incident in connection with the electrical storm of Monday evening of last week we find in the Kalamazoo Telegram: The electrical storm struck the railway station at Yorkville, near Kalamazoo, three times in succession and the operators, Mrs. H. A. Jacobs and Frank E. Doesburg, had a very narrow escape from death. Frank was just going to ground the wire when a flash of lightning struck the depot. In an instant the depot was one mass of flames. Both operators lay flat on the floor stunned.

From a copy of the Ashland, Wis., we learn of the marriage in that city on July 11, of Miss Katherine M. Brouwer with Wm. Garnich, at the residence of the bride's parents.

#### WHAT YOU SAW 10 YEARS AGO,

George Moomey, of the 33rd Mich. Infy., is at Fortress Monroe. He was taken there from Santiago, on account of an injury received while bathing on the beach and is soon expected home on a furlough.

Among the troops designated to make up the expedition to Porto Rico is the 31st Mich. Infy., Col. C. Gardener.

Benj. VanRaalte had extra good luck this season with his wheat crop. From a 30-acre field adjoining his farm home he threshed 900 bushels this week.

Word was received here this week of the death of Gerrit Vyn on Monday at his home in Wilksboro, N. C., of heart failure, aged 63 years. The deceased was well known in this locality, having been actively engaged in years gone by, in lumbering in Centerville, six miles southeast of Holland, at Zeeland and Grand Haven; also in this place, with his father, the late Nicholas Vyn, who was a member of the firm of White, Vyn & Co., and who built the sawmill afterward known as the Plugger mill, at the site now occupied by the West Michigan furniture factory. His wife, who died two years ago, was a sister of the late John R. Kleyn of this city. He leaves five children, one of whom is the wife of Dr. O. E. Baert of Zeeland, another, a son, is now serving with Roosevelt's Rough Riders and took part in the famous fight before Santiago, where he was promoted to sergeant for bravery in action.

One half of the business part of Coopersville was laid in ashes by a fire which broke out at 2 o'clock on Tuesday morning, the origin of which cannot be satisfactorily accounted for.

### Marine.

Were it not for the stone trade to Holland, Saugatuck and other ports where government work is being done this port would be a dull place as far as marine matters are concerned. The shipyard is kept busy, however, despite the fact that there is little or nothing doing on the lakes. An old steam barge skipper in talking of the prevailing conditions remarked: "Ten or fifteen years ago we were all shouting our heads off for deeper waterways. We got them but what has been the result? Why the small carrier has been crowded out and we are obliged to look for shore jobs. The deep waterways made the monster steamer possible. They carry as much as three boats that were formerly considered big fellows, and it does not cost the owner out very little more in the way of operating expenses, and this more than offset in the numerous labor-

saving devices. As for instance loading and unloading; where formerly it took a couple of days to dispatch a 3,000 ton boat, these 600-footers are loaded or unloaded in a few hours. Not only this, but the modern freighter is so constructed that the load trims itself, doing away with that expense, which was no small item, as trimmers were high-priced men. They are now becoming a relic of the past. You will take notice, that the freighter continues to be built, notwithstanding the apparent stagnation in marine affairs. What does that mean? It looks to me that it means shorter seasons. Shorter seasons mean less expense. With a fleet of large boats it will be possible to transport all the grain, ore and coal there is to be moved in about four or five months, where it formerly required eight. The receipts will be as great while the expense of carrying the freight will be but little more than half. At least that's the way it looks to me, and you watch and see if I am not pretty near right."—Sturges Bay Advocate

When the walk on the south government pier at Grand Haven is completed the revetment will again be like old times. The new decking is being put on all of the way from the inner end of the pier to the Lake Michigan shore line. A new swing bridge with a double-hand rail covers the entrance to the government basin and over the sunken portion of the pier just west of the float bridge, the walk has been straightened and built up to the level. Where the planking has rotted away it is being replaced by new work and where it is broken it is being strongly patched up.

The body of George Genery of Munising, the missing keeper of North light, Grand Island, has been found in Lake Superior. This clears a deep mystery, and puts an end to the rumor that E. C. Morrison, assistant keeper, of Detroit, met his death by foul play. The two men disappeared a month ago. Subsequently Morrison was found dead in a sail boat. The discovery of Genery's body confirms the theory that Genery was accidentally drowned and that Morrison, unable to navigate the boat, succumbed to hunger and exposure.

The Goodrich steamship Virginia, one of the finest passenger boats on Lake Michigan, has been placed on the Chicago, Grand Haven and Muskegon route on July 17. The steamer will leave Grand Haven Tuesday, Thursday and Sunday evenings at 9:15 p. m. for Chicago. The Virginia will leave Grand Haven at 10 o'clock every Saturday morning for a daylight trip to Chicago. She is one of the finest boats of the Goodrich line and is known all over the United States for speed and equipment. Hitherto she has always been kept in service on the west shore.

The United States Steamboat inspectors are looking pretty sharply after gasoline launcher in local waters. Wednesday when so many power boats were tied up at the slip the officers put in a number of hours on the dock and went aboard many of the boats. Some of them they found lacking in a few of the smaller details. They offered suggestion to owners who were not entirely up to snuff and cautioned them concerning the regulations under which motor boats fall.—Grand Haven Tribune.

Whether or not a boat can be used on a navigable river of Michigan to sell liquor in evading the state laws, by taking out a government license, is the point involved in the case of the People vs. Robert Van, tried at Saginaw, Michigan within the week. The defendant is the owner of the barge Saginaw, and has been running a floating bar on the river. A similar case has never been tried in a Michigan court. The decision was taken under advisement.

It is reported from Cleveland that there is a movement on foot to form a marine alliance which will take in all lake labor organizations around the Great Lakes. The matter was first taken up at a conference of labor leaders, which was held in Chicago during the Republican national convention last month. Later it was discussed at a conference held here, and while the officials of one union announced that they would not go in unless given control, the men who have planned the new organization say that it will be a go, and that all the lake unions will be included in the new body. It is not likely that much will be done in the way of perfecting the organization until next winter. It is claimed that the engineers are in favor of the move. Should the new deal go through all the men in the lake transportation business, including dock workers, will be in one union.

An old Grand Haven steamer, the Charles A. Streeter, was burned to the water's edge Monday while off Lexington, 25 miles above Port Huron.

### The Watcher in The Pew

His neck is fitted on a globe-socket, and turns clear around. He sees everything that goes on. The man who comes in late does not escape him, and it is vain for the tenor to think he got that little note to the alto, conveyed between the leaves of a hymn book, unobserved. The watcher saw it. He sees the hole in the quarter that Elder Skinner dropped in the plate. He sees that Deacon Slowboy has but one cuff. If the door swings he looks around; if the window moves noiselessly, he looks up. He sees the stranger in his neighbor's pew, and he sees Brother Badman, sitting away back under the gallery, furtively take a chew of the inhibited fine-cut. All things that nobody wants him to see, the watcher sees. He sees so much that he has no time to listen:

### A SHINING MARK.

What Parisian Sage did for Chas. S. Baker, it will do for you. Read the following:

"I was so bald and such a shining mark for my friends, that I, as a last resort, tried your Parisian Sage, after trying several bottles of high priced so-called hair restorers, and I am glad to say now have a heavy growth of new hair. I am now 44 years old and I have a heavy growth of new hair after carrying my shining mark for over seven years. I gladly recommend Parisian Sage to all afflicted with baldness." Chas. S. Baker, 491 Main St., East Rochester N. Y.

Parisian Sage, the only natural hair restorer is guaranteed by Walsh Drug Co., to cure dandruff, stop falling hair and cure itching of the scalp, or money back. It is the ladies' favorite hair dressing, because it adds charm and luxuriance to the hair. 50c a bottle. Ask Walsh Drug Co., about it.

Shirts? I should say so. The finest to be had at 40 per cent off. Lokker-Rutgers Co.

## DEATHS

Mrs. Cornelius VanDyke, aged 25 years, died at her home, 172 West Fifteenth street last Friday. Deceased was a daughter of Mr. and Mrs. John Van der Schel, and is survived by her husband, to whom she was married about four years ago, her parents and several brothers and sisters. The funeral services were held Monday afternoon at 1:15 from the home and at 2 o'clock from the Third Reformed church, Rev. E. J. Blekkink and Rev. D. R. Drukker officiating. Mr. VanDyke is connected with the Holland City bank.

Francis Anderson, aged 26, son of Mrs. Frances Anderson, 256 West Ninth street, died at his home last week Wednesday after a lingering illness of tuberculosis. His death made the seventh in the family, Mrs. Anderson and her daughter Eva being the only ones surviving of a family of nine. Tuberculosis has claimed four of the Anderson boys. The funeral was held Sunday afternoon at 2:30 from the home. Revs. W. W. Taylor and A. E. Well officiating.

### Gun Battle Sensation

Holland was given a decided sensation last Saturday by a gun battle on Tenth street between Officer Louis Koeman and William Diemer, a blacksmith better known as "Splan" during which both Koeman and the blacksmith were shot. The affair grew out of Diemer's unwillingness to submit to arrest, but he was finally carried struggling to the city jail.

Diemer's blacksmith shop is located next to the premises of Mrs. H. G. Werkman. Diemer was on Mrs. Werkman's yard and it is said when she requested him to get off her premises he refused to do so. Mrs. Werkman then telephoned the police station and Officer Koeman was detailed on the case.

When Officer Koeman arrived on the scene he found Diemer barricaded in his shop. The officer informed Diemer that he had come to take him in charge and Diemer told the officer that if he entered the shop it would be at his peril.

Koeman then forced his way into the shop and Diemer opened fire with his revolver. Koeman was shot in the breast, but received only a slight wound, the force of the bullet being broken by the officers' club. He then fired his revolver and Diemer was shot in the right arm. Diemer was finally landed in the city jail. When arraigned before Justice Van Duren Saturday afternoon on the charge of assault with intent to murder, he demanded an examination which was set for tomorrow. His bail was fixed at \$3,000 and was furnished by John Meeuwssen and J. Kuite, Sr.

### Macatawa Park Association Again in Litigation

Another chapter has been added to the already interesting Macatawa Park-Association-Macatawa Resort Co. tangle by filing of a suit in chancery by the recently ousted Macatawa association against the new Macatawa Resort Co., naming John P. Creque, Henry W. Perry and Swan A. Miller as defendants.

The bill of complaint is lengthy one of some 15 closely typewritten pages in which the history of this popular resort is gone into quite minutely. In a nutshell the substance of the complaint is that those who manipulated the change of control from the Macatawa association did so without authority, violating the "trust agreement" entered into at the time of the securing of the park property and rights from the original Macatawa Park Co. The complainant prays that a receiver be appointed and that a temporary injunction be served restraining the above named defendants from disposing of, transferring, or proceeds from the park property, incurring or diminishing all or a part of the property and asks further that the property be given back to the Macatawa association.

A temporary injunction as prayed has been issued and served. No receiver has to date been named. The amount of money involved in this litigation is some \$60,000 and it is now up to the courts to determine the relative rights of these two Macatawa park corporations.

A brief history of the transactions which put control of the park property in the hands of the complaining company and thence into that of the defendants, according to that given in the bill will doubtless be of interest.

It appears that in 1906 the majority or all of the cottage owners at this beautiful natural park decided to form an association for the purpose of securing control of the park proceeds for the purpose of devoting it solely toward the improving and beautifying of the grounds. Thus B. F. Finley, en-

gineered the work and secured options of Colby & Westveld. The money was put up by a number of the resorters and a trust agreement signed by all stockholders. This was to insure co-operation, protection, promote the general interest of all, maintain a high standard of affairs and to avoid letting the property get into the control of a few, for permanent management.

It is charged in the complaint that during the past winter Swan A. Miller, a stockholder, without the least authority violated the trust agreement by entering into a lot of building which it is claimed dissipated at association's funds and these extravagances ran the concern in debt.

It is further set up that a minority of the stockholders, although they did control a majority of the stock, met and without the sanction of President Findley, who claims on the other hand to have protested against the holding of the meeting, and declared that whatever they might do at such a meeting would be illegal, and voted the association's property over to themselves, executing the deed. The defendants on the other hand insist that Mr. Findley put his O. K. to this meeting.

While the answer of the defendants has not as yet been filed it is understood that the charges made in the bill of complaint are absolutely denied. The defendants also claim that the action is brought by Mr. Findley to gratify a spite and is without foundation in law or equity. It is further declared that the cottagers of Macatawa park are not in sympathy with the action, the prime object of which, is according to the defense, to give certain parties at the park control of the resort and this will be resisted to the utmost by the defense.

Clapperton & Owen, of Grand Rapids and Mr. Lyons of Findley & Lyons, Kansas City, Kan., are solicitors for the complainants, with Attorney M. A. Sooy, of this city as local counsel.

Attorneys Diekema & Kollen represent the defendants.

### CROPS ABOVE AVERAGE IN QUALITY AND CONDITIONS FAVORABLE FOR HARVESTING.

New Wheat made its appearance in Holland yesterday. Several loads were hauled to the Van Eyck, Weurding Mill Co.

It is fair and hard, the kernel being plump and all that was brought in so far has weighed about 63 pounds to a bushel. The wheat this year was harvested in much better condition than in some previous years, little or no rain falling on the harvested grain in this vicinity.

The yield this year is much greater per acre than for many seasons and so far it has run from 28 to 35 bushels. The price of wheat is now 88 cents per bushel for new and 90 for old.

The oat crop is in promising condition. While it is a little short and not a full crop the state over, it will average up with that of former years.

Rye is reported in good condition, comparing favorably with former years while in some localities it is reported better.

### DEEP WATER FISHERMEN ARE AGAIN USING HOOKS AND SET LINES.

Great Lake's fishermen are gradually going back to the old method of deep water fishing for trout. On the west shore many of the fishermen are again using hooks and set lines. This idea works very well for sturgeon and trout, although white fish do not take a hook. The hooks and set lines it is claimed are more satisfactory than the nets in many ways. It is said that the fish are in better shape than when brought in with nets. The hook system is not so expensive as the nets and it costs less to operate. The hooks and set lines were used in the earlier days of fishing on Lake Michigan and it looks as though the modern fishermen were inclined to go back to the old way. Those who have read of the ocean fishermen off Gloucester or the Grand Banks will recognize the method now being re-adopted on the Great Lakes. This method is at present confined principally to the west shore fishermen and a few in Northern Michigan waters at present.

Miss Jennie Werkman of the Werkman millinery company, left today St. Paul Minn., for an extended visit with her brother Rhine and her sister Mrs. J. Niemeyer.

But Besides Catarrh, Hyomel Cures Grip, Coughs and Colds, Croup and Asthma.

Read if you are a sufferer from Catarrh, Reason and Reflect:

"My wife and I will swear that Hyomel cured me of the worst case of catarrh that ever existed. I used to cough constantly at night, and had a dropping in the throat which kept me awake a great deal. I raised thick phlegm, and was in a horrible condition. However, I am entirely cured solely through the use of Hyomel."

Dr. Philip Z. Hart, Laconia, N. H.

Reader, this is one of thousands of testimonials praising the marvelous curative power of Hyomel. If you are a sufferer, why not try it? Walsh Drug guarantees it, and will refund your money if it fails to cure. Hyomel is not a stomach nostrum; it is dry antiseptic and medicated air, and all you have to do to cure any disease of the throat or lungs is to breathe it in through the Hyomel inhaler. ### Form a "Hundred Club"

The lawn of Henry Woodhul, 325 Central avenue, presented a merry scene Monday evening. It was lighted with lanterns, and chairs had been arranged to accommodate about 70 guests and nearly all of that number were there as the guests of Mr. Woodhul.

The lawn social was given to the Berrean Bible class of the First Reformed church. This class was organized last September and has been exceptionally successful since its very first meeting. It is a class of some 70 members composed chiefly of married men, who form a sort of Sunday School Normal class.

Rev. H. J. Veldman is the leader of the class. There is a similar class of women in the First Reformed church Sunday School, of which Prof. A. Raap is the leader, but during Prof. Raap's visit to the western states, Rev. Veldman takes charge also of this class.

In September the Berrean Bible class will celebrate with an annual meeting. In order to make as good a showing as possible then, and to make the work count, the members of the class have organized themselves into what might be called a "Hundred Club".

The purpose of the club is to increase its membership from 70 to 100 before September. Two teams have been formed to compete for members of which Herman Van Tongeren and Jacob Lokker are the captains.

The captains will try to swell the membership to 100 before the annual meeting comes along.

At the social last evening, after the refreshments, the following made after-dinner speeches: Jacob Looker, City Surveyor Henry Naberhul, Bert Slagh Peter Van Kolken, Floyd Wyble and Mr. Spaafford. The general theme of all the speakers was Men's work for Men, the power for good that each man can be toward his fellow men. Music was furnished by a double quartet and a "brass quartet."

When the wooden silo man starts to build a silo he does not start with wood, but with cement, which he admits is better. Why not keep at it that way and have a silo that will last for all time, while the life time of a wooden silo is but ten years on an average.

I will build cement silos cheaper than you can get a wooden silo put up for as the wooden-silo-man does not furnish the base, nor the roof, nor the labor to put it up.

**SPELLMAN'S PERFORMING BEARS.**

One of the greatest attractions for the coming state fair, which will command no little attention, is the Spellman bears, numbering seven, all trained and in charge of Mrs. Frank P. Spellman. It is the most talked of and interesting animal act in the world. Mrs. Spellman thoroughly understands her bevy of bears and has them under perfect control at all times. They do all kinds of tricks and stunts willingly. The New York Hippodrome is the biggest theater in the world. Mrs. Spellman's bears were on the program in this great Hippodrome several months. This act is absolutely free and will take place in front of the grand stand every afternoon and evening. They have been taught to ride in an automobile, and every morning they will be taken down town from the state fair grounds in a big machine and will ride about the streets of Detroit. They seem to enjoy auto riding, as they lean back in the car, paying little or no attention to anyone they pass, unless some mischievous boy attempts to bother them, when they will reach out their paws to protect themselves. This is a wonderful act, free to everybody, and should be seen to be appreciated.

**THIS YEAR IT WILL BE THE MIDWAY.**

The world's fair at Chicago in 1893 named the amusement feature of the big show the Midway. Since that time new names have been coined. The Glade, the Pike, the Wanderlust, etc. have gone their way. Each year when the new name has been coined it has been necessary to educate the people as to its meaning. The word Midway is known to everyone as the amusement row—the place to go for a good time, where something is constantly doing—and that is the name which will be used this year at the state fair.

The location of the Midway this year will be one street south of that of a year ago, being in direct line with the street railway depot, commencing just east of the Administration building. This space was originally intended for the Midway, but, not being easily accessible to the center of the electrical equipment, the shows were located further north.

**\$2,000 EACH NIGHT.**

**Prize's Great Display of Fireworks and War Spectacle.**

One of the principal attractions at the coming state fair in Detroit, Sept. 3rd to 11th, is the great Prize's fireworks and spectacle and Manhattan Beach display of fireworks.

"Sheridan's Ride and the Battle of Cedar Creek" is the most stupendous, thrilling and realistic war spectacle ever presented by the great fireworks king, Henry J. Pain. The characters represented are: General Sherman and General Wright, U. S. A.; General Lee and General Early of the Confederate army, staff officers, signal corps, civilians, etc. The synopsis and incidents are: Camp Fire—Negro melodies and special diversions. Discovery of spy; papers found. Signals from the mountains. Distant firing. Signaling. Confederates open fire on buildings. United States troops move forward. Papers found. Despatch of messenger. Troops retreating. Artillery in distress. Distant movements. All is life and animation. "Sheridan is coming!" Sheridan and staff dash on; the rout is turned into victory. Final, tableau.

The history of this great battle is well known to many of our readers, and no doubt many will witness its repetition in fireworks at the coming state fair.

In speaking of this great spectacle as produced at Manhattan Beach, the New York World says:

"Pain's great war spectacle, 'Sheridan's Ride,' depicting in a thrilling and truly realistic manner the 'Battle of Cedar Creek,' between the Union and Confederate armies, opened last night to 15,000 delighted spectators in a blaze of glory and gunpowder. With the early dawn comes the Gen. Early Confederate troops. They sweep down from the mountain side, and crush the unsuspecting Federals as they sleep. Then follow the most terrible, realistic scenes of the demoralization in war. The terror stricken soldiers are rushing in the rear with but few men among them to try and stem the tide. All is retreat. Just when the destruction seems complete, Gen. Phil Sheridan dashes among the fleeing soldiers—having madly dashed to his stricken army from Winchester, twenty miles away. 'Come on, boys, we're going back.' Wild cheers greet this command. Before nightfall the battle had been fought and won by Sheridan's boys in blue."

Every performance of Pain's spectacle of "Sheridan's Ride" will be followed by a gigantic \$1,000 program of Pain's Manhattan Beach fireworks.

**STATE FAIR RAILROAD RATES.**

The Michigan Passenger association, which governs the granting of special rates on all railroads, has decided that the rate of fare this year for the state fair at Detroit, Sept. 3rd to 11th, will be one and two-thirds one way fare. That means that if the regular railroad fare from your station to Detroit and return is \$3 (seventy-five miles), the rate to the state fair this year will be going \$1.50 and returning \$1, or \$2.50. Last year the rate was three cents per mile on most of the roads, and the railroads gave a rate of one-half fare, which for the distance mentioned above the fare would have been \$2.25 for the round trip, and in order to get that rate it was necessary to buy a state fair ticket at fifty cents, which was attached to the railroad ticket. It may be seen that the rate is twenty-five cents higher this year, but the state fair coupon will be eliminated from the railroad ticket.

Admission tickets to the state fair will be placed on sale in most of the newspaper offices in the state at the rate of thirty-five cents each, or three for \$1. These will go on sale early in July and will be withdrawn Aug. 29th.

This is the first time in the history of the state fair that tickets have been placed on sale out in the state at reduced rates. Orders for tickets, if received prior to Aug. 29th, will also be filled by mail on receipt of the above price by I. H. Butterfield, secretary, Detroit, Mich.

The races on the state fair grounds will be the fastest in the history of the association. \$5,000 have been expended entirely rebuilding and resurfacing the track, and it is today considered one of the fastest and best tracks in the United States, and with \$12,000 hung up for purses and the entries which have already been received, it is apparent that the best races ever held in the state of Michigan will be seen on the state fair grounds during the next state fair.

Arrangements are being made with the International Stock Food company of Minneapolis, Minn., to have Dan Patch pace one mile against his own time, making an earnest endeavor to break his record, which is the fastest in the world today, 1:55 1/4, and it is thought that on the new fast track at the state fair grounds it will be possible for him to do so. Mr. Savage says that Dan is in strictly first class condition, and he believes he will go faster this year than ever before.

Superintendent Tyler and Superintendent Watkins of the cattle and horse departments of the Michigan State Fair have arranged for a livestock parade, which will take place during the fair. It will be one of the best parades ever seen on a like occasion. These gentlemen are thoroughly familiar with what will please the livestock men of the state and are leaving no stone unturned to bring on something for attraction and interest.

There will be plenty of opportunity for the visitors at the fair this year to secure good meals. Ten churches in the city of Detroit have secured space and will furnish meals and lunches to state fair visitors. It goes without saying that church societies take great pride in furnishing good meals at reasonable prices, and they have assured the management of the fair that this year they will be better than ever.

**STATE BANDS AT THE FAIR.**

Arrangements are being made for the engaging of bands to furnish the music at the coming state fair. For some time past the bands from large cities have been engaged, and this year it is very apparent that the money spent for music will go to the bands located in the smaller cities out in the state.

An effort will be made to eliminate everything of a gambling nature from the state fair grounds this year, and if any gambling devices are found operating on the grounds they will be promptly removed. It is the intention of the management to have the coming state fair free from fakes, gambling and all impositions of every description and nature.

A great effort is being made this year to cut down one-half the number of the passes which have been issued on previous years. The pass last year ran very high and naturally robbed the society of many dollars to which they are entitled. This year only those who are absolutely entitled to the same will be taken care of.

**EDITORS' DAY IN SEPTEMBER.**

Tuesday, Sept. 8, is to be Editors' day at the Michigan State Fair. That was agreed upon at a conference between George T. Campbell of the Owosso Argus; G. H. Mitchell of the Birmingham Eccentric and President Fred Postal and Business Manager James Slocum of the Agricultural society. The committee in charge on the part of the editors consists of Mr. Campbell, Mr. Mitchell, Daniel Dyer of the Caseville Critic and Milo W. Whitaker of the Jackson Patriot. Mr. Dyer originated the idea, but was unable to be present.

President Postal and Mr. Slocum will do their part of the entertaining. The editors and their families will be shown everything there is in the big fair grounds, from the prize stock to the Midway, from the big cheese to the airship.

In the afternoon a section of the grand stand will be reserved for them, and they will be witnesses of what promises, with the new stake events, to be splendid racing. The society will be hosts at dinner after the races, then in the evening the guests will have seats at the big fireworks spectacle, "Sheridan's Ride."

## LOCAL

Highway Commissioner Orrin Hutchins of Allegan county has purchased one of the new Great Western drags for use on the Manlius roads. It is built on the plan of the "split-log" drag, but it is constructed of steel and will therefore prove more durable. The frequent use of this tool will do much to level and fill up the ruts and round up the roads, so as to shed the rains and pack the roadbeds.

"Vaudie" Vanden Berg of Houston, Texas, is visiting his parents in this city for a few weeks. "Vaudie" is well known here, having for several years been connected with the famous "Vaudie-Ribs" sign painting concern. His friends will recognize the face, which has not changed very much since he left this city.

Seldom has the fishing been as good in local waters as at present. The fishermen at the piers and breakwater have had very good success this summer catching perch and with a westerly wind blowing the white bass fishing was never better than it is this season. Great schools of them enter the channel and fishermen have had the best of luck. The black bass, large and small mouth, are biting well to say nothing of the pickerel and other gamey fish.

While being used in painting the smokestack of the West Michigan Furniture factory a bucket of tar accidentally dropped from its hanger and went tumbling down "alick-steekit." The contents were spilled on the head and clothes of Fred J. Metz, president of the company who was watching the painter's progress, and he was a sorry looking spectacle. It required a half hour's scrubbing and a good supply of soap before Fred's friends were able to distinguish him.

The West Michigan Odd Fellows' association, comprising the lodges in Kent, Ottawa, Allegan, Muskegon and Ionia counties, has determined to hold its annual picnic Labor day at Island Park, Lowell. There will be an elaborate program of games and pastimes and speaking by leaders in the order. The orator of the day will be Mr. Humphrey of Chicago, who is a member of the Sovereign Grand Lodge of North America and who has been delegated to this duty by the grand sire. It is expected that several thousand men, women and children will take part in the outing.

Mrs. Mac Reynolds, a new comer to Grand Haven, residing on Water street was injured at Spring Lake Wednesday night during the fireworks display. Mrs. Reynolds was with Will Noantay's party in the gasoline boat Helen May. The craft was hove to near the Spring Lake House dock to give the occupants a chance to see the fireworks. One of the rockets sent up from the barge failed to break in the air but dropped directly upon Mrs. Reynolds' head. It exploded immediately, inflicting a severe scalp wound and injuring the lady's hand considerably.

Frank Bolhuis, of the Bos & Bolhuis Lumber Co., while showing a workman how to operate a sticker machine at their plant last Thursday morning had his left hand caught in the part of the machine known as the "back head" and as a result lost three fingers. Drs. T. A. Boot and J. J. Mersen were called in and are hopeful of saving the rest of the hand. That the accident did not prove more disastrous is due almost to a miracle. When the fingers were caught the machinery began to slowly but surely began to draw the struggling man's arm in. After the three fingers had been torn away the belt fortunately jumped from the fly wheel and the machine stopped.

The gasoline cruising yacht Genevieve which was in the harbor here at Macatawa for a whole day last week, stopped in on her way north on a cruise to Mackinac Island. From the island it is the intention of the owners to proceed down the lakes to Buffalo. There the craft will enter the Erie Canal and move across New York state to the Hudson river. She will go down the Hudson to New York City and Long Island where she will remain permanently. Her owners reside in the east and the handsome craft is designed especially for salt water. She is copper riveted and copper fitted throughout. Saturday's trip up from Benton Harbor was not so pleasant however, as the little craft bucked into the sea all the way, covering herself with spray. The Genevieve was only recently completed by the Truscott company of St. Joseph and thus far on her cruise she has given good satisfaction.

Rev. J. Hoekje has purchased a house and lot of the Holkeboer estate on West Tenth street, through Weersing's agency.

A Valuable young heifer belonging to John B. Mulder, four miles East of this city was found dead in its stall yesterday morning. The cause seems unknown, but an epidemic among the cattle is feared.

Tuesday, July 28, is to be a big day in Fennville, and a lot of Holland people are planing to go, if the present plans do not fail. The Masonic grand lodge officers have been invited to lay the corner stone of the new part of the school building and members of the fraternity are expected from all this section of the state. A parade, with band music, orations, followed by a base ball game and other contests, will furnish a most enjoyable program and bills will soon be issued giving the whole list of events.

Prof. C. T. Taylor, chief swimming instructor at Macatawa Park, has a set of practical rules that every one who desires to learn to swim should know. In swimming as in all other exercise the law applies, do not lose your head. "In climbing a mountain side," says Prof. Taylor, "one looks up, not down. The same principle applies to swimming; keep the head up, the lungs filled, the arms and legs performing the proper strokes. Forget the water, and think only of the natural laws governing the exercise. When this is done, swimming is a delightful and strengthening art, of which no harm can come."

The contractors at Ludington are having trouble with the work on the breakwater. In building the structure it is necessary to drive piles and then cut them off several feet below the water. The cribs are then sunk on top of the piles and filled with stone. It was found when they came to sink the cribs that the piles were very irregular in height, some of them having worked up by the action of the water. These have to be pulled out and replaced with new ones. In order to prevent the piles working loose it will be necessary to fill in between them with stone or sink the cribs as soon as they are cut off to the right depth.

John Vos, 19 years old, Vern Williams, Harold Dray and Simon De Koeper are under arrest and face a charge of theft. It is alleged that the young men broke the lock of a door on the Holland Interurban freight car at the freight depot last Thursday night and took two cases of beer, a crate of peaches, a crate of cantaloupe and a small basket of tomatoes. Later the beer was found hidden in an old smokestack near the tannery and the crate of peaches was found in the rear of the Episcopal church on West Ninth street. After working on the case for some time the police arrested one of the boys Saturday night. He was kept in jail over night and appears to have confessed to his share of the crime the next morning and to have given the names of the others.

The 101 Ranch Wild West Show, the most remarkable amusement institution in the history of outdoor spectacles, will visit this city on Saturday, August 1, presenting afternoon and evening performances and introducing itself with an elaborate forenoon street parade. Nothing like it in character or magnitude has ever before been seen here. The life of the ranch and range and Indian camp will be reproduced in all its spectacular and vivid picture-ness by real, living figures of the frontier. Every figure and feature is original with the 101 Ranch cowboys, cowgirls, Indians, "bucking" horses and trained cow-ponies, champions of the lariat, the gun and the bow and arrow; long-horned steers, pure blooded buffaloes, emigrant schooners and prairie stage coaches. Without variation or illusion, the sports, pastimes, hardships, chivalries, perils and daily happenings of the ranch are reproduced.

Mr. Orr of the Challenge Machinery Co., has returned from a several months' tour through Europe, in which he visited England, France, Holland, Belgium, Germany, Austria and Italy. He returns, as do nearly all Americans, a more patriotic American than he was before and firmly convinced that the United States stands first. Mr. Orr says he was much impressed with the cleanliness and the apparent general thrift of the Netherlands. Vienna too, much impressed him. England, however, he says appeals most to the Yankee, not only because the native tongue is spoken but because in many ways the English show that they are really first cousins of the big nation across the sea. Mr. Orr witnessed some of the wonderful mass meetings in England in connection with the woman suffrage movement.—Grand Haven Tribune.

## Notes of Sport

(By Bill Halley, Sporting Editor.)

Carl Speaker, former Fennville pitcher, is playing in excellent form this season. At Hastings Tuesday he pitched a no hit, no run game against Charlotte.

Joe Ganzel, late Southern Michigan leaguer, today signed a contract to play first base for the Muskegon Independents and will make his appearance against the Hastings team Sunday.

Sadie Brooks, B. M. by Mark Sims, driven by John Boone, won the \$400 purse in the 2:22 trot at Bay City the other day. Best time 2:19½.

The Hollands were overwhelmingly defeated at Muskegon last Sunday when they tested their skill against the Muskegon Squares. The score was 15 to 1 in favor of the Sawdust City bunch.

Saturday afternoon at Jenison Park will find the Holland Interurbans and the Zeeland teams arrayed for action once more. This will be the second game this season between these nines, the interurbans having been defeated in a game Memorial day. The teams are evenly matched and a good game is expected.

The Holland Interurbans will go to Hastings Friday, where they will play the fast team from that city. The locals will have to play the best their ability allows them as the Hastings nine, who play very classy ball, have been defeating the best teams in western Michigan and are out for state honors.

An interesting game will be played on the 19th street diamond Saturday afternoon when the teams of the Holland Shoe Co. and the C. L. King & Co. will clash in the third and final game of a series of three. Each team has won a game and if one desires to see the fur fly let him tie himself to the aforesaid diamond and witness these two nines settle their championship honors.

Orangeburg made good on his record for uncertainty, getting last place. Mamie had no walkaway, however, for I. X. L. and Neil Ball, Johnny Boone's entry, in the first two heats, and Beauty Wilkes in the third, gave her all she wanted on the stretch. In each heat Mamie hung back in the field until the stretch was reached. She came to the front without a falter, and landed each heat by a neck, but not without an exciting rush.

Work of improving the Nineteenth street baseball diamond is being rapidly carried on under the supervision of the city. The diamond is being given a complete overhauling and in a short time will be in perfect shape and will rival any other fast baseball ground in the state. The infield is being clayed. The clay for the work was donated by various business men and the work is being done by members of the various city baseball teams.

The Bush & Lane Piano team added another scalp to their list Saturday when they shut out the swift Northwestern aggregation of Grand Rapids by the score of 6 to 0. Ripple twirled the sphere for the locals and did perfect work. He secured 11 strike outs and only one member of the opposing side reached third. He was not lacking in support either as the whole team displayed themselves creditably. Hubbard who did the slab work for the visitors was found for 12 hits. Battery for Bush & Lane were Ripple and Elton.

Jessie James, owned by Boone Bros., landed second money in the 2:16 pace at Bay City last Wednesday. The purse in this race was \$400. In this race Sir Milton was the favorite, but the best that the horse could do was to finish third. In the first heat Jessie James came first and repeated the trick in the second heat. In the third heat Jack Harlow won with Jesse James a close second. The Holland horse finished sixth in the fourth heat and third in the fifth. Jack Harlow won the race. The time of the heats was 2:15½; 2:15½; 2:15½; 2:13½; and 2:14½.

Mayor George H. Tubbs of Charlotte has mixed up in the Sunday base ball muddle which has stirred up nearly every town in the land at some time or other. Mayor Tubbs stated that there could be no more Sunday ball in Charlotte. Now that burg is a pretty hot ball town and the canning of base ball would mean dire things for the local team's management. The game was called last Sunday as usual and Mayor Tubbs appeared on the grounds and requested the crowd to disperse. He was answered by a howl of disapproval and then the city marshal stated that if the players continued the game they should consider themselves under arrest with orders to appear in justice court the following morning. At that point a prominent Charlotte attorney stepped out of his automobile and addressed the crowd, telling the players to go on

## A Hollander In Distress

Elk Fole, a good Hollander from Holland, out of work and looking for a job, was found sleeping with one of Leonard's billboards as his pillow, when Officer Williams found him.

This morning Fole testified that he was not drunk, that he does not drink, that he came from Holland where he left a wife and six children awaiting his pay envelope; lost his way and could not find his good friend Vander Till with whom he expected to spend the night.

The man did not find work and had no money. He could not buy a bed. Judge Cresswell, who is taking Judge Hess' place on the bench for a few days, told him to leave the city or he might get in again.

Fole good naturedly in very broken English said that he would look for his friend Vander Till and if he could not bunk at his home and did not get a job he would walk back to Holland.—Grand Rapids News.

## Col Adams Speaks a Good Word for Grand Haven Harbor

In his report to the war department on Lake Michigan's east coast harbors Col. M. A. Adams states that through some unaccountable oversight no provision was ever made at Grand Haven for the specific improvement inside the channel between the piers of "this most important and magnificent harbor." The dredging operations inside the piers have been allowed to depend upon the Grand River project, which calls for a six foot channel, far too small for the demands of commerce put upon it in Grand Haven harbor. The colonel evidently intended this to apply to the channel above the Interurban bridge. He recommends that \$40,000 be appropriated for harbor improvements, especially the deepening of the channel to sixteen feet in the upper harbor. He also recommends a 100 foot extension of the south and 150 foot extension of the north pier at an additional cost of \$40,000. This with the \$150,000 recommended for maintenance puts Grand Haven at the top of the list.

## Baby Boy Died Suddenly

Little Donald Arthur Boyink, the two-year old son of Mr. and Mrs. John Boyink, of Grand Haven, died suddenly at his home on Washington street Saturday noon apparently from strangulation. The little fellow had been playing with some small playmates, when one of his little friends ran into the house with the alarm that Donald was sick or had hurt himself. When Mrs. Boyink found the baby boy, he was in what seemed to be, the throes of strangulation.

Several neighbors came to her assistance and every known means was taken to prevent the little fellow from choking to death. Meantime medical aid was summoned, Louis Miller who was passing in his motor car was hailed and he started post haste after a doctor. The big car running at high speed soon completed its mission but the little boy seemed to be beyond all human help.

It is hardly known what caused the little fellows death but he was seen eating a few peanuts a short time before his death and the theory is that he choked upon the shells and was too far gone to respond to the efforts to aid him when he was discovered.

The case is one of the saddest which has occurred in Grand Haven for a long time and the sympathy of the entire community goes out to the bereaved parents.

John Boyink is well known in Holland and has many friends and relatives in this city.

The P. S. Boter & Co. Clothing firm is holding its second annual clearance sale. The sale is an exceptionally successful one. During the two years that this firm has been in existence it has become one of the popular clothing stores in the city, and the manager has well substantiated his claim that the man who buys there is the satisfied customer.

Ford Barnett, Saturday completed negotiations whereby he becomes owner of the Walsma & Van Toll tug Gunderson Brothers of Grand Haven. Mr. Barnett will take the tug to Kenosha where he intends embarking in the fishing business for himself.

## City Has Use of \$10,000

The board of public works has instructed City Clerk Van Eyck to inform the council that it has \$10,000 which the city can use until November.

H. A. Naberhuis, the city engineer, told the board that it would cost about \$2784 to build the proposed culvert over the creek on the south side of River street between Sixteenth and Nineteenth streets and the crossing at Fifteenth street.

To make the improvement it would take 540 barrels of cement, costing \$810; 325 yards of gravel with a cost of \$406; 3,377 pounds of steel at \$102 and the labor, lumber and excavating will consume \$1,466.
