## ED. KRUISENGA IS NOW MANAGER

Started As Office Boy With Musselman Grocer Co., 16 Years Ago

From office boy to manager of the Musselman Grocer company, is the record that will have been made by Edward Kruisenga formerly of Holland when he takes active charge of that concern on August 1. Sixteen years ago he entered the office of the company as office boy for M. D. Elgin, the manager. He remained, in this city, with the firm, until he became Mr. Elgin's assistant. When the Cadillac, Mich. branch was organized, Mr. Kruisenga was sent to that place as manager. Mr. Elgin resigned recently and Mr. Kruisenga was appointed to the position in Grand Rapids. Ed is a brother of Miss Florence Kruisenga who is in the city clerks office, and a son of Mr. and Mrs. John Kruisenga formerly in the grocery business on East Eighth street.

## WILL RETAIN STREET COMMISSIONER NAUTA

The adjourned meeting of the common council last night was very tame and the business was transacted in short order.

**Comply With New Charter**  
Ald. Van Drezer submitted a report to the council which is printed as follows and as Chairman of the committee on Streets and Crosswalks he moved its adoption.

Holland, Mich., July 23, 1913.  
To the Honorable the Mayor and Common Council of the City of Holland,

Gentlemen:  
Your committee on streets and crosswalks, to whom was referred the matter of the change of the City Charter with reference to the duties of street commissioner, and city engineer, beg leave to report that we have given the matter due consideration, and would recommend that the provisions of the new charter should apply as of the date of the taking effect of the charter, viz.: We would further recommend, that in view of the state of the work at the present time, and this while the busy time of the season in both the former departments, that while the same must be consolidated at once, and all report made through the city engineer, that the present street commissioner be continued in the employ of the city until September 15, to do practically the work he has heretofore done, but under the direction and control of the city engineer, and that for his services he be paid at the same rate he has heretofore received for the time here in provided for.

We would further recommend that immediate steps be taken for the furnishing by the city engineer of full and complete reports as provided for in the Revised Charter. Respectfully submitted,  
L. E. Van Drezer,  
A. Harrington,  
Arie Vander Hill.

Committee on streets and crosswalks.  
Ald. Prins did not fully understand the report and thinking that it meant to put the street commissioner out of office for good he objected to it wut when it was explained to him that this was only done to comply with the new charter he withdrew his objections and it was adopted unanimously.

## Last Bros Get Contract

Ald. Van Drezer then recommended that the council accept the bid of Lat Bros, to construct a 6 by 12 curbing around the West Twelfth Street park as theirs was the lowest bid and the council adopted it.

## Will Build Sidewalk

In spite of the objections made by the management of the Holland Lumber and Supply company against putting in a side walk in front of their factory in West Sixteenth street the aldermen decided to order the walk put in after they had inspected the street before the council meeting. The walk was ordered in.

## Will Issue \$10,000 Bonds

An ordinance was passed last night by the council authorizing the issuance of bonds amounting to \$10,000 to be used to pay the expense of drainage in the city. The council went into a committee of the whole and Ald. Congleton was given the chair. When the question was put to vote it carried 8 to 1. Ald. Van der Hill voted against it and Ald. Drinkwater refused to vote on the question. Ald. Drinkwater claimed that he did not think it was right for the city to issue bonds without the consent of the people although City Att. A. Van Duren explained that in a case where the amount of the bonds was so small it was right and proper for the council to act without the vote of the people.

The ordinance will be found on Page 4 of this issue.

## Fruit Stands Must Be Abolished

Alderman Van Drezer introduced the following resolution upon recommendation of Health Officer Godfrey:

By Alderman Van Drezer,  
Whereas, The storage of fruits and vegetables is unsanitary and unwholesome, and

Whereas, Attention to this fact has been called by the Health Officer, who recommends that the

same should not be permitted, there fore,

Resolved, That hereafter no person shall maintain any fruit or vegetable stands upon any of the sidewalks of the city, nor shall any fruits or vegetables, fish, meats fowls or any food for human use be displayed on the sidewalks outside of the buildings, it being hereby declared that to so do is to maintain a nuisance, and a practice detrimental to public health and safety.

Mr. Godfrey claimed that it was difficult to protect the fruit stands from dirt flies and other things and that they were a menace to the public health. It was the opinion of most of the aldermen that any food the public was buying should be protected from dirt as far as possible but when the question was put to a vote Aldermen King, Vander Hill and Prins voted against it seeming to take the proposition as a joke. The resolution was carried.

The office of Health officer was again brought up when Ald. Prins reported that when he had questioned Dr. Winter as to the amount of business he had done while he was health doctor, he had told him that he had 232 calls and 137 office calls and that he would not take the position again without a 100 dollar raise over the present 300 dollar salary. Ald. Prins then suggested that the city do without a city physician this year and let every one have their own doctor, the bills to be sent to the city. But the question arose as to whether or not the city has a physician now or not. No one seemed to know whether doctor Mersen had accepted the offer or not. The committee was then told to look the matter up and report later.

The meeting was then adjourned but after the meeting the committee composed of Aldermen Hansen, Van Drezer and Congleton and the City Attorney and the Mayor which was authorized to investigate the office of Pound master met to hear the complaints of Ernest Cummings and others against Pound Master Ver Wey.

Att. Thomas N. Robinson appeared for Mr. Cummings and brought up as his first witness, Fred Tilt who claimed that three years ago he had lost a dog in the same manner Cummings had, but City Att. A. Van Duren raised objection against this witness saying that it had no bearing on the case and the committee would not hear his testimony. Ernest Cummings was then brought on the stand and he claimed that on the 28th day of May he had lost a bull terrier which he was very fond of and would not have parted for any money. He claimed that he had been offered \$75 for him and that he made about \$50 a year using the dog for breeding purposes. He said that one day he had accused Mr. Ver Wey killing the dog and that the poundmaster would not say anything about it. He also claims that Ver Wey told him that sometime he would tell him where he last seen his dog but that he would not tell this when he questioned him later. He was interrupted here again by Mr. Van Duren who said he wanted facts and not hearsay. Ald. Hansen as chairman of the committee then said that they wanted facts and would only accept testimony of someone who saw Ver Wey kill the dog. Mr. Robinson then said that the committee had already formed their opinion on the case and were not giving him a square deal so he would not go on with the examination. He will probably take it up in court.

He blamed Mr. Van Duren saying that he was running the whole thing and that the other members of the committee were not taking any part in the discussion but were leaving it all up to the city attorney.

## SANE FOURTH A REALITY

The celebration of Independence Day was about as same as could reasonably be expected. The death list for the whole country seems to have been in the neighborhood of twenty with nearly 1,000 injured, though doubtless many included in the latter list were only slightly hurt. A great change is shown by the reports from the great cities, where so many fatalities formerly took place. This year not a single death was reported from Detroit, New York, Chicago, Philadelphia, Boston, Cleveland, Cincinnati, Los Angeles or Kansas City. Five years ago Chicago alone had 12 fatalities. In general, the serious accidents this year seem to have occurred in smaller towns and villages.

## Gas Meeting Tonight

There will be a meeting of the Gas committee and members of the Holland City Gas Co., this evening to see if their differences can be amicably settled. The committee consists of Mayor Bosch, Dr. Leenhouts, Tom Robinson, Dick Boter and Ben Mulder.

## John Rutgers Will Open Clothing Store.

John Rutgers, formerly of the Lokker-Rutgers Co., will open a clothing store in the Walsh Block, 21 East Eighth street, August 1.

## HOLLAND CASES IN AUGUST TERM OF CIRCUIT COURT

Among the cases in which Holland and vicinity is interested in that will come in the August term of Circuit court are: Simon Kleyn vs. Holland Printing Co., the Holland Printing Co. being sued for work done by the enumerators of the new city directory. The enumerators did the work for Wilkinson-Ryan Co., who got out the directory afterwards turning it over to the Holland Printing Co. Simon Kleyn and the other enumerators put in the first claim on the directory; on the basis of labor having the first choice. The case has been tried in Justice court at that time the Holland Printing Co. losing the case and next month it will be tried in Circuit court.

Another case will be between Prof John Kleinheksel and John Vander Veen in which both are disputing the damages done in an automobile collision. Other cases which appear on the docket are Richard H. Melien vs. Emily F. Straight, Robert L. Campbell vs. Arthur Van Duren and George Vander Veen; Holland Interurban vs. Olimpia Pavillon Co.; 1st State Bank vs. Elmer E. Weed; Samuel Tacoma vs. Mortimer Sooy; John Looman vs. Lucas De Weerd; Holland City State Bank vs. C. L. King & Co.

Among the divorce suits and Chancery are Matilda Ford vs. Geo. A. Ford; Gertrude Cramer vs. Leonard Cramer; Arthur J. Michmershuizen vs. Coy Michmershuizen; Peter G. Van Tongeren vs. Gertrude Van Tongeren; Lucy De Boer vs. Cornelius Vander Meulen.

## STATE WIDE PROHIBITION CAMPAIGN ON

The Michigan edition of The American Issue, the organ of the Anti-Saloon League, announces that the campaign for state-wide prohibition is under way. Under the amendment to the constitution adopted last spring, the constitution may hereafter be changed without appeal to the legislature, and petitions for a "dry" amendment have been sent to all pastors in the state and to other prohibition workers. The issue says:  
"This gives every citizen of Michigan who hates the liquor traffic the opportunity to get busy as never before. These petitions are to be signed and returned not later than the 15th day of next October. Fifty thousand names are required, and we ought to get two or three times that number. Blank petitions can be had at the Anti-Saloon League office, and we will be glad to furnish them to any elector on request."

"The amendment provides that the secretary of state shall order the election following the receipt of such petition. This means that the election will be held in 1914. Think of it. The first opportunity to fight against the entire licenses system in the state since the Anti-Saloon League was organized. We have the opportunity now to hammer the last spike and we trust that every individual who loves his kind and hates the traffic will between now and the hour when the last ballot is cast next year, consecrate time and energy generously to the work at hand."

According to an eastern paper there are 1,052,208,000 eggs already in cold storage. It looks as though it were going to be a long, hard winter.

NOORDELOS FARMER LOOSES BUILDINGS AND GRAIN AND HAY

As a result of a bonfire held earli- er in the night a house and barn of Koene Vanden Bosch of Noordeelos, burned to the ground about two o'clock his morning. Early in the evening some rubbish had been burned on the premises, and it is believed that later during the night some sparks of this were sent to the barn by the wind causing the fire.

Part of harvest time is over and in the barn was a large quantity of wheat, hay and other products of the farm. It is estimated that there was about six hundred dollars worth of grain and hay in the building. The barn was a large one and was worth about a thousand dollars. It was insured in the Flint Insurance Company.

From the barn the fire spread to the house and that building was also burned to the ground, only a little furniture being saved. Mr. Vanden Bosch lost practically everything, in- cluding the chicken coop and the clothes lines with the week's wash on them. The total loss is said to be nearly \$5000.

WILLIE KNEW

"In what zone do we live?" asked the teacher.

"The Temp-rut Zone," chanted the well-drilled class.

"Right. And what do we mean by 'temperate'?" Willie, you may an- swer."

"Temp'rut is where it's freezin' cold half the time an' roastin' hot the other half the time."

If Willie wasn't sent to the head for that it wasn't because he didn't deserve the honor.—Cleveland Plain Dealer.

SAUGATUCK

Two new cottages are being built at Ridgwood Beach this summer and a number of people are already re- sorting there. The Saugatuck Coun- try club is becoming more popular than ever before and a considerable number of new members have join- ed this year.—Saugatuck-Commercial

The Advisory board of the Com- mercial club of Saugatuck had under consideration this week a plan to charter the Steamer United States at an expense of \$1000 to bring an ex- cursion there from Chicago August 10, but it was decided that the chances of not coming out even were too great to warrant the ven- ture.

A plan is on foot to build a sub- stantial stairway to the top of Mt. Baldhead at Saugatuck for the use of the many who climb to that his- toric spot each year. About 100 small contribution boxes have been provided which are to be distributed among the resorts and be in charge of young ladies who will see that they are not overlooked. The money will be taken out from time to time and left in charge of Mr. Takken at the Saugatuck bank. When there is enough on hand to do the work re- quired the Commercial club will take charge of the work.

Mt. Baldhead is a landmark for miles around and before the white man came, was an observation sta- tion for the Indians. It should be protected and if there is a stairway to its summit its sides will be al- lowed to become solid and the dan- ger of the hill eventually getting over into the river will be lessened.

BEAVERDAM

Herman Abel, aged about forty years, a member of the well known Abel family of Beaverdam, was killed at his home one mile east and a half mile north of the village of Bauer.

He was a bachelor, residing on a farm with his brother, Henry, and family, which place they jointly owned. Late Wednesday afternoon he was working alone in a field when a severe electric storm passed over, and not coming home for shel- ter, his brother supposed that he went to the home of a neighbor near by. When Mr. Abel had not arrived at supper time the brother set out to the neighbor to investigate, but found that he had not been there, whereupon Henry proceeded to the field where the man had been work- ing. He found him unconscious on the ground, his clothing badly seared and one shoe torn from the foot.

This indicated that the man had been struck by a thunderbolt. The storm passed over at about 5 o'clock when the accident must have hap- pened; he was found at about eight o'clock and died in a very short time without regaining consciousness.

The deceased is survived by an aged mother, four brothers and four sisters.

G. BLOM COMES TO RESCUE OF THE CHILDREN OF HIS FRIEND.

Holland Man Receives Telegram and Immediately Boards Car for New York.

G. Blom, the drayman, Monday impersonated a good angel when on the receipt of a telegram he immedi- ately decided to go to New York to come to the rescue of three children of a boyhood friend of his, who were being detained at Ellis Island by the customs officials. The three children were the two sons and a daughter of Peter Hamil, who used to be a very close friend of Mr. Blom back in the Netherlands. The boys were 18 and 16 years old and the daughter 12. They came from Rot- terdam, where Mr. Hamil is the representative of the Standard Oil Company. They had crossed the Atlantic under the care of another family, but because of the fact that the other parents had children of their own, the customs officials re- fused to let the Hamil children en- ter since technically they had no guardians.

The children thereupon as a last resort sent a telegram to their father's friend, Mr. Blom. Without a minute's hesitation, Mr. Blom turned over his draying work here to another for the time being, changed his clothes, boarded a car for Grand Rapids and he is now on his way to New York to act as guardian to the children and let them enter.

The children were bound for Ma- ple Lake, Minn., where they have relatives. Mr. Blom expects to bring them to Holland and then let them continue their journey to Minnesota. Mr. Hamil expects to close out his business in the Netherlands and then come to America also to make his home here. He will come here next year, provided his children like this country.

HOLLAND TOWNSHIP VOTERS TO CAST THEIR BALLOTS THEN.

Slight Opposition To Measure Said to Have Arisen; But Is Expected to Pass

On July 31, the special election will be held in Holland township on the question of granting the Holland City Gas company the right to lay their lines through the township to Zeeland to supply that city and the people along the line with gas.

It is not expected that there will be a large vote out at this election in view of the fact that most people of the township will have practically no interest in the matter. It is only those who live along the line where the mains are to be laid who are at all interested. In other parts of the township it is not believed that the voters will come out in any large numbers.

Although practically no opposition to the proposition was expected, it is declared by some who live along the proposed line that some are talk- ing against the proposition declar- ing that they want gas furnished at the same cost that it is furnished to the people of Holland and that they do not wish to pay the price that Zeeland will have to pay for gas.

The company very naturally will charge all the new patrons along the line the price that has been agreed upon between it and the people of Zeeland. Only people living in the city of Holland come under the terms of the city franchise. What could be gained by the people of the township voting against the propo- sition is hard to see. It is not an- ticipated that there will be enough of this opinion to block the move to give Zeeland gas.

MERCHANTS RECEIVE OFFER OF OWNER TO SETTLE IN THIS CITY.

A request from a New York man for a statement from the Holland men as to the advisability of moving a flour mill into this city was turned down Tuesday by the business- men on the ground that the institu- tion would be out of place in this city as the city did not have the fa- cilities to take care of it. The fac- tory is a very large affair and it was thought by the businessmen it would not pay here, and so the sec- retary was instructed to discourage any further attempts to settle here.

Peter G. Damstra and Mr. Hershell Collide Near Waukazoo.

Cross roads in the woods resulted in a collision of the automobiles of Peter G. Damstra of this city and Mr. Hershells of Waukazoo near Waukazoo Monday. The Hershell car was on the main road near Waukazoo when Damstra in his car turned in from a side road. Neither driver saw the other car until they were right near each other and a headon collision resulted. Both cars were going slowly and outside of a little shaking up the occupants of the cars were uninjured. The front of both cars were badly smash- ed.

FIVE-YEAR-OLD SON OF MR. AND MRS. W. HENDRIXSON DIES AS A RESULT.

Earl Hendrixson, the five-year-old son of Mr. and Mrs. Wm. Hendrix- son, died Saturday evening as a re- sult of a wagon passing over his body. The child was ill and the par- ents were taking it to the doctor in Holland. Near the state road crossing south of the city the horse- es became frightened for some rea- son and shied. It seems that the rear seat on the wagon was not fastened and the mother and child were thrown out, the wheels of the wagon passing over the body of the child. The injuries later resulted in the boy's death.

The funeral was held Monday af- ternoon at two o'clock.

THEY ARE TO TOTAL UP NICK- ELS AND DIMES COLLECTED ON TAG DAY.

The representatives of the Child- ren's Home society who are to put on a Tag Day in Holland Saturday expect a warm-response from the people of this city. As in other years the representatives have again appointed local men who are to take care of the money counting. Those who are here from the home will personally have nothing to do with the money end of the cam- paign. Henry Geerlings, Otto P. Kramer, John G. Rutgers and W. H. Wing have been appointed as the financial committee. On Saturday night when all the district workers have turned in the nickels and dimes and quarters and dollars re- ceived during the day for tags these men will count the money and soon after a report will be made to the local public.

Gang of Men Engaged in Giving New Coat to Central Avenue Church.

Painters are working on the job of giving a new coat of paint to the Central avenue Christian Reformed church. This church is nearly the largest in the Christian Reformed denomination in this country and it is one of the largest buildings in the city. The surface to be painted is enormous and a large number of men are engaged on the job.

WILLIAM WENTWORTH WILL STAND TRIAL ON THIS CHARGE AUGUST 5.

William Wentworth was arrested Monday charged with keeping a house of tipping and intemperance in violation of the city ordinance. He was arraigned before Justice Miles Tuesday morning and stood mute. The trial was set for August 5, in the City Hall. Mr. Wentworth has retained Diekema, Kollen & Ten Cate as his attorneys.

It is charged that certain custom- ers who purchased liquor in the hotel drank it in the basement. Mr. Wentworth was told to have all the rooms in the basement and else- where around the Hotel, where men could go and drink, closed pending the trial. This he has promised to do.

Twelve Holland Boys Made A Suc- cessful Trip to South Haven Sunday

Twelve members of the Holland Motorcycle club made the run to South Haven Sunday for a day's outing. They left here in the morn- ing and returned in the afternoon. Those who took the trip were as follows: Charles Hubbard, Manley Hubbard, Gerrit Hamburg, Dick Schaaffenaar, John Rohan, Mr. Wol- ters, William Sias, John Christien, Henry Gumsen, C. B. Wiersma, Mr. Evers and Martin Brown. The trip was made without any serious acci- dents or delay although some were warned by the South Haven police to drive more slowly.

John Zwemer and A. Steketee and James Westveer Landed in Holland Then

It was sixty-six years ago Sun- day that A. Steketee, Jas. Westveer and John Zwemer of this city land- ed at the local dock.

They came from the Nether- lands to seek their fortunes in Amer- ica. They were with a considerable crowd of other people who came here to make their way in America, but as far as is known, Mr. Stek- etee, Mr. Westveer and Mr. Zwemer are the only ones in Holland today who landed here 66 years ago yester- day.

Another one who came here on the same day on the same boat was Jacob Den Herder of Zeeland. They set out from Antwerp on April 5 and it took them till July 20 before they arrived at their destination. When they arrived here Zwemer was 14 years old, Steketee 7, Westveer 15 and Den Herder about 15.

WIN THEIR GAME BY THE SCORE OF 13 TO 6.

On Saturday the fast Walk Over team of Holland defeated the fast Independents by the score of 13 to 6, thus winning the series making it two out of the three from Zeeland. The features of the game were many: Vander Hill playing around 3rd base, Overweg's steady pithing and the batting of B. Rowan and Rosendahl helped a good deal to bring victory to the Holland team.

The Walk Overs secured 15 hits and Zeeland could only find Over- weg's delivery for a total of four safeties. Batteries—Walk Overs' Overweg and Rosendahl; Zeeland—Kastien, Winegarden and Ashley.

Any team wishing a game with the Walk Overs; can do so by apply- ing through the Sentinel or by call- ing or notifying A. Stegenga, man- ager Walk Over B. B. Club.

Get to the Cause

Holland People are Learning the Way

There is but little peace or com- fort for a man or woman with a bad back. The distress begins in early morning—keeps up throughout the day. It's hard to get out of bed, it's torture to stoop or straighten. Plas- ters and liniments may relieve, but cannot cure if the cause is inside—the kidneys. When suffering so, use Doan's Kidney Pills, the tested and proven kidney remedy, used in kid- ney troubles for over 50 years. Doan's Kidney Pills are recommend- ed by thousands for just such cases. Proof of their effectiveness in the testimony of this Holland resident:

Mrs. Sarah Kelly, 27 W. Sixth St. Holland, Mich., says: "I was all

crippled up with my back. For a week or two I was unable to get about and I often thought my back would break. Mornings, when I got up, I could hardly stoop to tie my shoes. I had heard so many people speak favorably about Doan's Kid- ney Pills that I got a box and it was not long before they brought me re- lief. I have had no further need of a kidney medicine."

"When Your Back is Lame—Re- member the Name." Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Kelly had—the rem- edy backed by home testimony. 50c all stores. Foster-Milburn Co.,

# AMENDMENT TO ORDINANCE TOOK EFFECT YESTERDAY

After yesterday it was a violation of the city ordinance to ride a bicycle in Holland after dark without a light. This amendment to the city ordinance was passed by the common council at their meeting of July 2, and went into effect yesterday. The amendment was passed on account of the many accidents which have happened which could have been prevented if the bicycles had lights on, and it is very probable that arrests will be made if the law is not lived up to.

# Jake Van Putten To Act In This Capacity in Joe Brown Case

Jake Van Putten has been appointed trustee in the Joe Brown case. All claims against Mr. Brown must be filed with him and all remittances for accounts are made payable to Mr. Van Putten. In due time creditors will receive notice of the date of sale of Mr. Brown's assets.

# SAMUEL MILLER LAID UP AS A RESULT OF ACCIDENT NEAR NEW RICHMOND.

Were Going at Only Five Miles an Hour; Machine Went Down Embankment.

Samuel Miller of this city sustained two broken ribs and other minor injuries when his automobile turned turtle about 5 o'clock Saturday afternoon near New Richmond. He was attended by Dr. Thomas and today his condition is much improved. The other members of the party were uninjured.

Mr. Miller was driving three Chicago friends through the country Saturday afternoon and after leaving New Richmond at about five o'clock in the afternoon they were traveling at about five miles an hour enjoying the beautiful scenery when the machine slipped off the side of the road into deep sand and before Mr. Miller could stop it turned a complete somersault down the seven foot embankment. All escaped serious injury with the exception of Mr. Miller. The car was not seriously damaged and was run home with its own power later.

It is claimed that when the party in the auto were passing a farm home near where the accident occurred one of the ladies sitting on the porch remarked that there would never be an automobile accident if everyone would drive like the man driving the car that was just passing. The car had not gone over 200 feet from there when the accident occurred.

# JOHN STROOP IS GIVEN CHANCE TO GO TO ANOTHER PLACE.

John Strop, a well known character in this city, who was arrested some weeks ago on the charge of furnishing liquor to a minor and who later was arrested on the charge of vagrancy will leave the city, the officials having given him this chance to get rid of the charges that have been lodged against him.

In case he returns at any time he will find the charges still against him and will be subject to arrest.

# REVERSES HIS OWN DECISION IN ALLEGAN DIVORCE CASE.

Judge Cross reversed a decision of his own last week just in time to save a peculiar matrimonial situation. A few weeks ago Charles Smith of Ganges secured a divorce in circuit court. His wife had left him and gone to Chicago. The proceedings were advertised in the Saugatuck paper and the usual order of printing was changed slightly by mistake. The wife received no notification of them. Smith was ordered to send his wife alimony of one dollar per week and when he sent her the first payment she very promptly replied that it was all news to her. She appealed to Judge Cross, saying that she had had no chance to make a showing in the case and his honor was somewhat astonished for he knew, just by chance, that Smith was about to secure a license to marry another woman. He hastened down to the clerk's office and stopped the license proceedings and then ordered the divorce decree set aside. Mrs. Smith will have an opportunity to appear and oppose the decree. The wedding has been postponed.

Peter G. Damstra has been granted the contract for all the plumbing in the new Literary club house which will be erected on the corner of Tenth street and Central Avenue. Mr. Damstra will commence making his plans for plumbing immediately although the work on the building is still in the excavating stage.

# JOHN EFTING PAYS FINE AND COSTS OF \$8.50

A rather amusing case was tried in the court room before Justice Sooy Friday when John Efting, a truck peddler, appeared on the charge of driving on the wrong side of the street. Efting has appeared in cases before and he is so well versed in court procedure that yesterday he decided to defend himself.

The case was in the nature of a test case, testing out the traffic ordinance. Efting had a great deal to say about the case and those who were in the court room were furnished with a good deal of entertainment. The trouble with the statements made by the self-appointed attorney was that he did not have any witnesses to back him up. It was a case of his unsupported word against the word of the officer who made the arrest.

City Attorney Van Duren took care of the city's end of the contest. Efting was found guilty and he was fined \$8.50, which he paid after considerable protest. The police department declared that Efting had been warned repeatedly that he had to observe the rules of the road as laid down in the traffic ordinance.

# John Mohr to Spend Five Days in Grand Haven

John Mohr was arrested Friday on the charge of vagrancy. He was found begging and making himself obnoxious. He was arraigned before Justice Sooy. Mohr was given the chance to pay a fine and costs, but since he was unable to produce the funds he was sent to Grand Haven to spend five days in the county jail. He was taken to Grand Haven Friday afternoon.

# GOV. AND MRS. DUNNE PASS THE TIME QUIETLY ON GOVERNMENT BOAT

Governor and Mrs. Dunne of Illinois are visitors on Macatawa Bay on the U. S. City of Dubuque. The Dubuque entered the harbor again after it had left a few days ago. The Illinois governor is making the trip of the lake ports and he is avoiding all entertainments and display, preferring to pass the time quietly in rest after his labors in connection with the session of the Illinois legislature. Attempts were made at Macatawa to get up social functions for the distinguished visitors, but they were unsuccessful. Lieutenant Governor Barret O'Hara, a former Michigan boy and a native of Benton Harbor is acting governor of Illinois while Mr. Dunne is away on his trip.

# BUT YOUNG COUPLE NEGLECTED TO REMEMBER THE LAW IN THE CASE

Thursday afternoon a young couple dashed into a local justice's office, flushed and nervous. "We want a marriage license right away," said the young man. The girl smiled happily and the groom looked relieved when he had made his demand. But when the justice told them that the license would have to come from Grand Haven their look of worry returned. Taking pity on the romantic youngsters the justice got busy on the long distance telephone and got into communication with County Clerk Glerum. By dint of hard work arrangements were made so that the license could be delivered at about six o'clock in the afternoon. The couple waited, although a little impatiently. Finally the license was ready to be issued and the usual questions were put.

"Which of you is a resident of this county?" asked the justice, that being one of the conditions for the issuing of a marriage license.

The groom looked at the bride and the bride looked at the groom. Both looked puzzled and then worried. It developed that neither one was a resident of Ottawa county, so that all their trouble and their waiting had been for nothing. After paying the telephone bill the couple left the office, the groom muttering, "We can't put it over them after all."

# Martha Elizabeth Van Dyke Becomes Bride of Arthur Lantinga

Saturday evening in the office of Justice M. A. Sooy the marriage was performed of Arthur Lantinga and Miss Martha Elizabeth Van Dyke. Both the groom and the bride are of Holland township and they will make their home on a farm. The ceremony was performed by Justice Sooy in the presence of two friends.

# HOW ONE LITTLE BABY FOUND A HOME

(The Michigan Children's Home Society that is to hold a tag day in Holland soon is known all over the state for the good work that it has done. The Society has issued in leaflet form a little story about its work which has helped a great deal to make its aims understood. The story is entitled "The Chosen Child" and it is printed below.)

SHE was a wee baby just a few days old when she came to gladden the hearts and home of her foster parents. From the moment of her arrival she was very interesting. Many friends and new relations showered the baby with gifts and dainty things to wear. Never was a little princess more welcome than that baby in her new home. Many people came to see her and looked down smilingly at the sweet little baby to have such a lovely home and so many beautiful things, and such a loving father and mother. And then the mother would answer with pride: "We are the fortunate ones to have found and chosen for our very own such a sweet little daughter."

Months and years went by, and

each day brought forth some new and interesting development in the little child. Finally the time came for her to go to kindergarten, and her mother told her many stories those days—some she read from pretty books, and some very interesting ones she made up and told them from her heart.

Very often the Mother would say to the child, "Dearie, real love gave you to me,—always remember that."

The story which the child heard frequently and learned to love most of all was one that the mother loved to tell, and it was a true story. It ran something like this.

"Once upon a time four or five years ago, there was a man and a woman lived in a nice, big home, but they were all alone, there were no little children in the house. Many times they had talked of going to find a little baby who would come and live with them, but it was a very easy thing to put off from year to year because babies are thought to be a great care, and need constant watching and many sacrifices on the mother's part. Little did they realize all the sweetness and joy they were missing and how abundantly they would be compensated for the toil and trouble in the joy the little one would bring to them.

"Finally, one day the lady thought, 'I wonder when I'm going to find just the right little baby,' and then she said softly to herself, 'But I must be ready and when a call comes, 'Here is a baby who needs a home and a mother,' I will go and see that little one and, if possible, choose her for my child.'"

"This lady didn't wait very long after this sweet thought had come to her, for one day a friend told her over the telephone about a dear little baby, a few weeks old, who needed a mamma right away. First the lady hesitated and said, 'Oh, I couldn't take such a little, tiny baby as that. I wouldn't know how to take care of it,'—but then she stopped and remembered what she had said about 'being ready,' so she went to see the baby, and when she first looked at her she loved her so much that she took her in her arms, and kissed her and said, 'Yes, I will choose you for my little daughter. I have been waiting for you, looking for you, and hoping for you for a long time, and now God has helped us to find each other.'"

"After she had her baby a week, she would not have parted with her for anything in the world, and she easily learned how to do all the little things that were necessary to be done for the little baby, and

she forgot the trouble and toil, for she was so happy and proud of her baby. Her father loved her mother in watching her grow and learn to know and love them, and they called her their 'beloved Chosen Child.'"

"The mother and daughter were constant companions and loved each other just as you and I love each other, dear and the mother said to her little girl one day, 'My precious child if any of your little school friends ever say to you,—"That is not really your papa and mamma that you live with, you are just an adopted child," you smile and tell them that an adopted child means a Chosen Child, and say that love has made you our daughter. Always be thankful, dear, that you are a Chosen Child, for your mother and father chose you out of a whole world of babies. We did not have to take you—we took you and kept you because we loved you and wanted you. It is the greatest of honors to be a Chosen Child. I am proud of you, dear, and love you, and our little daughter.'" And the

little girl replied, raising her blue eyes to her mother's, 'Wasn't there a smile on my little face, mother when you chose me, because you are just the kind of a mamma I would have chosen, and I must have been so happy.'"

"Then the Mother told her that very often little babies came first to a father and mother who couldn't keep them and then some other gentleman and lady would find them and choose them, and that this relationship was just as sacred and sweet as the other, and the Chosen Child was always very welcome.

"All children are God's children first and always, but while we are little babies and children we need an earthly father and mother to take care of us and teach us how to be good; so God puts love in our hearts and it is expressed in the family relationship, the parents giving tender love and care, and the children returning it in love and obedience."

The child learned to love this story, and one day her mother said, "Julia, you know this little Chosen Child, do you suppose you can guess who she is?" Julia named several of her little friends, but her mother shook her head and said, "No, guess again." Finally, the mother took the little girl tenderly in her arms, and folding her closely, kissed her, and said, "You know mother has often said that real love gave you to us. Now I will tell you who the Chosen Child is, dearie. She is you, and I am the mother who chose you. I never asked about your other mamma and papa to whom you come first. For some reason they could not keep you and take care of you. It was enough to know that you were God's child and in need of and entitled to a home and the real love of a father and mother so God filed your needs and blessed us a thousand fold in our loving service to you. Thank God dear, that He helped us to find each other."

# Bert Cockran Succumbs to Pneumonia Friday Morning

Bert Cockran, formerly of this city died at 2:15 Friday morning in a hospital in Grand Rapids. Cockran had been working in Muskegon, but he was taken ill with pneumonia and was taken to Grand Rapids hospital. He was 33 years old and is survived by one brother whose whereabouts are not known.

The remains were taken to Holland for burial and the funeral will take place Sunday. Cockran is well known in Holland and had many friends here.

# Defeated the New Groningen Team 8 To 2 Saturday Afternoon

The Boter Juniors' defeated the New Groningen team 8 to 2 at New Groningen Saturday afternoon. Although the members of the local team were much smaller than those of the New Groningen team, they were also much faster. The battery for the Boters were Van Huis and Meyers. Stegeman pitched for the New Groningen team. Next Saturday the Boters will meet the fast Riverside team on the 19th Street athletic park.

# Pastor of Jamestown Christian Reformed Church to Have a New Home.

The Christian Reformed church of Jamestown is about to erect a new parsonage. The old parsonage will be moved away to the rear of the lot and the pastor and family will reside there while the new home is in process of construction. Subscriptions for more than \$2,000 have already been taken.

# AEROPLANE, AUTOMOBILE AND MOTORCYCLE RACES TO BE HELD AT FAIRGROUNDS

Thrilling Contests are to Be Pulled Off There Saturday

A great aeroplane, automobile and motorcycle meet will be given at the Holland Race Track next week, Saturday, July 26, by the automobile and Aeroplane Exhibition Co., of Chicago. A program of ten thrilling events has been arranged. Each event will be a thriller. The automobile drivers have achieved nation-

al fame for their dare-devil driving, driving the speed burners, Jackson 150 h. p., De Duertick, late of the Vanderbilt fame, Midland and Marguerite Buick. The De Duertick will be driven by Bert Russel and sensational speed is promised. Aviator Godet, the famous French pilot, and Deloy Thompson, the daring German aviator, will participate in the contests, racing against automobiles and motorcycles and other spine-chilling events. Bomb dropping and altitude climbs will be in order at the exhibition. There is great rivalry between these two famous birdmen and it is expected that neither man will be outdone by his team mate. They have been giving flights in all parts of the world, this being the farewell tour of both foreigners.

Both are entries in the Gordon-Bennett race, to be held in Brussels this fall. Joe Walters is among the motorcycle entries and we will be given a glimpse of local talent in the motorcycle race. This will give all an opportunity to boost for their friends. The meet is to be international in character, being run under the sanction of the Aerial League of America. Edw. Gardner has wired the advance representative of this company, Mr. Wm. Johnson, announcing that he will enter with his five hundred mile racing National. In all, ten events will be given.

To hear whirring of the motors and volley of noises from the speeding automobiles and aeroplanes and motorcycles, to see the drivers shake dice with death speeding around mile after mile at the track, as well as many other features will make a program well worth going many miles to witness.

## WANT GOOD ROAD WORK CONTINUED

## Zeeland Voters Oppose Election On Rescinding Proposition Pass Strong Resolutions

There was a stormy good roads meeting held at the Civic club rooms in Zeeland Friday night, representatives from all sections of southern Ottawa being present. The meeting was called to consider the recent action of the board of supervisors with reference to holding a special election to rescind the bonding proposition for the county road system, voted by the people two years ago.

This special election may be called at a special session of the supervisors July 28, and the idea of last night's meeting was to determine the sentiment of the voters with a view of influencing the board to reconsider its previous action toward rescinding the bonding proposition and abandoning the county road system, and instead, to have the work of building good roads continued.

**Both Sides Represented**  
The "for" and "against" sides on the board of supervisors were represented. Mayor Bosh of Holland, Supervisor Roosenraad of Zeeland city and Supervisor Lubbers of Zeeland township appearing to oppose the bonding proposition and county system and Mayor Cook of Zeeland. Supervisor Yutema of Jamestown and Supervisor Brower of Holland township defended the bonds and opposed calling a special election. Road Commissioner's Cook and Harrington were present to explain the commission's side and several citizens joined in the debate. Several times Yutema and Brower called Bosch and Roosenraad in the midst of their remarks, stamping their statements as untrue.

Those favorable to the bonds and the county system had by far the best of it and by a large majority vote passed a resolution declaring that it was the sentiment of the meeting that the individual members of the board of supervisors should do all in their power to have the good roads work continue and to not submit the rescinding proposition.

## CHAUTAUQUA TICKET SELLERS TO COVER CITY THOROUGHLY.

## Ten Thousand Folders Have Been Received and Will Be Distributed Throughout City and Country

Not a house in the city is to be missed in the ticket selling campaign that the committees in charge of the Chautauqua are to put on in this city. At a meeting of the ticket committee held Monday afternoon a plan of campaign was decided upon and the work was framed out to the members of the committee. Each man will be responsible for a certain section of the city and it is expected that there will be a great deal of rivalry among them to sell the largest number of tickets. If the plans made Monday are carried out not a man or woman will be omitted, but all will be given a chance to buy a season ticket.

Following are the men who will canvass the city and who will try to sell the pasteboards that will fill the large tent of the Lincoln Chautauqua association when they come to Holland in August: D. Boter, H. Geerlings, E. P. Stephan, Wm. Arendshorst, H. Winter, J. Lokker, H. Harrington, George Van Landegend, Dr. J. O. Scott, B. VanderPoel, A. H. Landwehr, H. Van Tongeren, Arthur Visscher, L. Vanden Berg, N. Hoffman, E. P. Davis, Joe Koolker, Jake Van Putten, B. Slagh, A. H. Meyer, W. H. Orr, John Koolker, W. Kuiper, A. Rietink, W. D. Jellema, Fred Tilt and J. Vandersluis.

President Vandersluis has received 10,000 folders from the company to be distributed and there is already considerable demand for them, showing that the people are interested in the coming chautauqua. These folders are works of art in themselves and they are being distributed free, so that any one who wishes can get thoroughly informed as to what the entertainments will be like and what kind of talent will be here. These folders will be placed in public places where they can be easily obtained by the public. In addition to being placed in the stores in Holland, these folders will be placed in public places in Zeeland, Saugatuck, Macatawa, Ottawa Beach and other surrounding places. The Chautauqua will draw from all these places as well as from the farming communities around Holland.

The advertising committee has also made arrangements for a number of posters to be used throughout the city and the neighboring places. Automobile penants will be sold and the auto owners of Holland will be given a chance to advertise the big chautauqua throughout the country.

Tuesday morning H. Harrington received the tickets from the association and they can be distributed now. Those who have signed guarantees will be seen by Mr. Harrington, while the ticket committee will

## STATE FAIR BOY

Oren Hu prop of district No. 1 of Spring Lake township is the lad who won the state fair ticket on account of being the best 8th grade pupil in Ottawa Co., at recent county examination, and can be at Detroit for one whole week this fall if he desires without a cent of cost to him.

His standing was based on answers to twenty questions submitted by the directors of the fair association at the time of the examination, eighth grade examination counted for the other fifty per cent. The judges were the county school commissioner, master of the Grange and president of Farmers' Institute Society. This board met at Coopersville last week and determined that Mr. Holprop had the highest average on the two conditions named above, which entitles him to the offer made by the association to each county in the state, viz: That the best eighth grade scholar of each county under conditions named would be entitled to free transportation to and from the Michigan State Fair, which will be held at Detroit this fall; besides free admission to the fair during the entire week and all other expenses while there paid. The association further takes these boys as a class during the fair week and gives them instruction in stock judging, soil testing, dairying, etc., by an able instructor all free of charge.

Should Mr. Holprop find it impossible to take in the fair at Detroit, Chester Spencer of Crocker township is second and will take his place. The successful young man is a student of Henry P. Stegeman, son of the well known supervisor of Blendon township.

Real estate business in Ottawa county has not been as slow in some time as at present, according to the volume of business being done in the office of the register of deeds. Very few papers for record are being received and it would appear that the money shortage was affecting the transactions in real estate to no small degree.

## KILLING WHALES MAY DRIVE SALMON AWAY

Atacoma dispatch indicates that 50 sperm whales, worth something like \$1,100,000, have been killed off the Washington Columbia coast since the opening of the whaling season a few weeks ago. Thirty-five whales were bagged by three steamers in one day.

Alaskans say that indiscriminate slaughter soon will drive the whales out of the North Pacific and that this will result in the destruction of the salmon industry. Countless millions of herring, now driven close to shore by the whales, will stay out in the deep water, and the salmon, which live on the herring, will stay out in deep water with them, except in the spawning season. Alaskans would like to apply the conservation idea to the whaling industry.

## Rid Your Children of Worms

You can change fretful, ill-tempered children into healthy, happy youngsters, by ridding them of worms. Tossing, rolling, grinding of teeth, crying out while asleep, accompanied with intense thirst, pains in the stomach and bowels, feverishness and bad breath, are symptoms that indicate worms. Kickapoo Worm Killer, a pleasant candy lozenge, expels the worms, regulates the bowels, restores your children to health and happiness. Mrs. J. A. Brisbin, of Elgin, Ill., says: "I have used Kickapoo Worm Killer for years, and entirely rid my children of worms. I would not be without it." Guaranteed. All druggists, or by mail. Price 25c. ## THEY MEET WITH MR. DUNN AND MAKES PLANS.

Expect to Sell Fourteen Hundred Tickets; Tickets Soon to Be On the Market.

Bert Dunn, representative of the Lincoln Chautauqua association, was in the city Friday to make preparations for the Chautauqua entertainments that are to be held here in August. Mr. Dunn met with the officers and committee that have been appointed by the Businessmen's association and answered their questions in regard to the best way of getting the people of Holland, Zeeland, Macatawa, Saugatuck, and the surrounding farming community interested in the entertainments.

Very soon now the ticket selling campaign will begin and it is hoped

to cover Holland and the other cities so thoroughly that every seat in the big tent will be occupied. This is Holland's first experience in the Chautauqua line but in view of the fact that the people of this city and the surrounding places always have had a healthy interest in entertainment features that have an educational value, it is believed that the committees will not be disappointed in their expectations. Holland has always patronized the various lecture course series here well and this chautauqua is to be like a series of those entertainments with which all are familiar.

The plan is to sell about 1400 or 1500 tickets. In order to do this all the committees in charge of the affair will have to some hard work. But all were enthusiastic this morning and nothing will be left untied to make the chautauqua so successful that it will become an annual affair.

One reason why season tickets are bought by the patrons in preference to single admission tickets is because it is much cheaper. A season ticket sells for a dollar and a half while single admission tickets would total \$3.65. So that even if half of the week is over it still pays to buy a season ticket.

## TAG DAY THIS YEAR OF MICHIGAN CHILDRENS' HOME TO BE FOR CRIPPLE CHILDREN

The Date Fixed Upon Is July 26; Mrs. Gilmore and Mrs. Kuizenga Local Officers

The Michigan Children Home Society this year will depart from their usual custom in holding Tag Day in Holland in that it will be a Tag Day for crippled children instead of for children in general under the care of the Home. July 26 has been fixed upon by the representatives of the society as the date on which the people of Holland will be asked to contribute to this work.

Mrs. A. C. V. R. Gilmore has been appointed president of the local forces that will work to make the Tag Day a success. Mrs. J. E. Kuizenga is the vice president and Mrs. E. Vaupell has also been appointed Headquarters will be two doors west of the Walsh drug store.

The Tag Days in Holland for the children under the care of this society have always been successful. Usually in the neighborhood of \$500 is collected from the sale of the tags. The campaign this year will be as enthusiastic as that of any year previous and a successful day is anticipated. The local officers will be assisted by a number of people who are interested in the work. The people of Holland have confidence in this society because of the fact that there are a number of children in Holland homes that have been placed there by the society and they are like object lessons of the work the society is doing throughout the state.

The work of the society is dependent entirely on voluntary contributions. Last year 521 children were taken care of by the society, many of them having been placed in good homes. In all, the society has so far found good homes for about 1400 children. After they have been placed the society does not lose track of them. These homes are kept in mind and an account is being kept of the children after they have been placed.

WILL AGAIN GO TO SAUGATUCK FOR ANNUAL OUTING.

The Businessmen's association decided to hold a picnic this summer as has been the custom for many years, and a committee was appointed composed of Jake Lokker, G. Cook and Herman Van Tongeren by Pres John Vandersluis to take charge of things. The members were instructed to try to arrange for a picnic at Saugatuck the latter part of August.

The picnic was thoroughly discussed at the meeting Monday night and when all present were asked where they would like to go, Saugatuck was almost the unanimous choice.

Others favored Castle Park but it was feared that proper transportation could not be furnished to take all the picnickers there. Others proposed a boat ride but those who had memories of a rough sea and a rocking boat said they would not take chances on it, and the boat project was given up for good. E. P. Davis proposed having the picnic at the fair grounds or Prospect Park, while John Weersing said if it was all the same to the others he would like to have it at St. Paul. Saugatuck was finally decided upon if proper transportation can be secured and unless the committee appointed sees fit to call a special meeting and change the place the picnic will be held at that place.

An attempt was made to have all the stores in the city remain closed all day not even opening for a short time in the morning, but the butchers and grocers claimed that they had to open for a short time in the morning to get out their orders; they said they would be willing to go to the picnic grounds later in the day. Some of the stores will be open until about 9:30 but many will not be open at all.

An invitation has been extended to all the members of the association and they were invited to bring their families and all their friends. It is expected that the attendance at the picnic this year will be a record breaker.

HUDSONVILLE MAN HIT BY AN AUTOMOBILE

HUDSONVILLE, — Fred Hans Schreckengast was struck yesterday morning by an automobile carrying a Chicago pennant and driven by a woman. He was taking a load of kindling wood on a wheelbarrow from a neighbor's to the home of his employer when a large touring car loomed up just around the corner. Thinking that he could get across the road before the machine could reach him, he increased his speed, but just succeeded in meeting the machine full head-on. The wheelbarrow was instantly converted into kindling wood and distributed with the rest of the load of kindling for a distance of 20 rods while the man was thrown violently into a nearby ditch, breaking his arm just above the elbow and otherwise injuring him.

HERMAN VAN TONGEREN WILL MAKE GOOD HIS PROMISE OF LAST WINTER TO ENTERTAIN ADULT BIBLE CLASS.

Herman Van Tongeren will entertain the Adult Bible Class of the First Reformed church this evening with an automobile party and afterwards refreshments at his home, 102 East Fourteenth street. The party will leave the First Reformed church at 7 o'clock in automobiles and from there will drive through Drenthe, Vriesland, and Zeeland, returning to Mr. Van Tongeren's home where refreshments will be served and the evening spent in various amusements.

This entertainment is the result of a proposition that Mr. Van Tongeren made to the class last winter. Following an offer by the pastor, the Rev. H. J. Veldman, that he would entertain the class with an oyster supper when the membership reached 75, Mr. Van Tongeren offered to entertain the class again when the membership reached 80. Mr. Veldman gave the oyster supper during the winter and a short time ago Mr. Van Tongeren was called upon to make good his offer when the attendance at one of the meetings was 96.

BOARD OF SUPERVISORS TO BE DELUGED WITH THEM ON NEXT MONDAY.

State Highway Commissioner, Frank Rogers of Lansing will come to Ottawa county next Monday to appear before the Board of Supervisors that will meet in the court house in Grand Haven on that day. Mr. Rogers will represent the good roads interests of the state and will ask the board of supervisors to reconsider their action of some weeks ago when it was decided to put the continuance of the county road system to a vote of the people of the county.

It is said that a large number of petitions from Holland, Zeeland, Grand Haven, Zeeland township, Holland township, Olive township and a number of other townships in the county will be poured in on the supervisors asking them to reconsider their action and asking them not to disturb the present good roads system. Tuesday night a meeting was held in Grand Haven for that purpose and last week one was held in Zeeland. So far no public meeting has been held in Holland to discuss this proposition.

But on the other hand a large number of petitions are also expected to pour in on the board when the meeting is held next Monday asking for the submission of the question to a vote of the people in accordance with the resolution offered by Mayor Bosch. The fact is that a petition will have to come from every township, village and city in the county to have the question submitted before it can be submitted. Those who are against the good roads proposition are expected to work up petitions of this kind and present them next Monday.

The supervisors will be deluged with petitions if the reports from the county are a true indication, and what course they will pursue is a big question. That the meeting will be a warm one and full of ginger is a safe prophecy. The whole state of Michigan is interested in the fight and the supervisors will be in a pretty bright limelight.

Justice Robinson Stops Wild Carousal of a Drunk on Eighth Street After He Had Gone a Block

Justice Thomas N. Robinson can claim the distinction of being the first local Justice to make an arrest on the street. Tuesday afternoon at about five o'clock a man who gives his name as Peter Van den Berg, started on a rampage on 8th street and had the whole street to himself all the way from Central avenue to Brink's Book store. He sang and danced and shouted, his favorite song being "Pete Van Dam van Amsterdam."

Some people thought the man was crazy while others took him for a happy drunk; no one molested his progress or tried to make him keep still until Justice Robinson spotted him passing his office and immediately went out and collared him. Until then Mr. Van den Berg had the whole street to himself and when the Justice intruded he felt greatly injured and said he was merely hunting for a room. The Justice asked him to come along quietly, but Van den Berg said Robinson did not have any right to arrest him. With the aid of his partner, Att. R. Visscher, the Justice carried the prisoner to their office, and from there he was taken by an officer to the city jail.

He was arraigned yesterday morning before Justice Robinson and he pleaded guilty to the charge of being drunk, saying that he believed he had been a little drunk. He said he came from the Netherlands two years ago and since then he had worked as cook in restaurants and on boats. He said he seldom got drunk but admitted that he had been arrested on a like charge in the Union depot in Chicago last summer. He claimed he could get a job in South Haven where he worked before coming here and the Justice told him to take the next train for that place and stay away from Holland. He was then released.

CRISP PEOPLE TO SPEND \$3000 ON NEW BUILDING.

At an adjourned annual school meeting held in school district No. 9 in Olive township it was decided unanimously to build a new two-roomed school and five hundred dollars was voted for that purpose to be raised by taxes this year, which will with the thousand dollars raised two years ago give a substantial start towards the new building which is expected to cost about \$3,000. A building committee was elected consisting of Messrs. Peter Branden, J. L. Hop, J. J. Slaght, Wm. Eelman and Maurice Luidens. Another special meeting is to be called soon and with magnanimous spirit shown at the last meeting it is confidently expected that the district will vote to bond for the remaining amount necessary and West Crisp will in the near future be able to boast of one of the finest school buildings in this immediate vicinity.

Henry K. Troost was elected as Treasurer of the district in the place of Bert Hop, whose term of office expired and who declined another nomination.

George Donker Arrested for Using Indecent Language—Claims He Can Do as He Pleases in Philadelphia.

George Donker, cook at Hotel Macatawa was arrested Tuesday by deputy Sheriff H. Harrington on the charge of using indecent language in the presence of women. He was arraigned yesterday before Justice Miles and he pleaded guilty to the charge. He claimed he had money coming at the Hotel and if he has enough to pay a \$5 fine he will be released but if he cannot pay his fine he will be given a short jail sentence. He said that as soon as he got out of this trouble he was going back to Chicago where the laws are not so rigid. He claimed he was from Philadelphia and that there he could get drunk and do whatever he pleased and not get arrested; he condemned Holland as being the worst town on the map because he was arrested here.

## WHAT YOU SAW IN THIS PAPER

## THIRTY FIVE YEARS AGO

Elia, the youngest daughter of Mr. E. J. Harrington, is dangerously ill. Little hope is entertained for her recovery.

On Wednesday last, after Mr. Lubje Timmer had been working on his own farm all day, he proceeded to help Mr. Sprik, in Vriesland, near the Jamestown line, and after binding a few sheaves, sat down exhausted by the heat and told his neighbor that he did not feel well. Mr. Sprik sat down close to him, but those words were the last his friend ever said and he died soon afterwards. He is survived by a wife and four children.

The horse of Mr. James Ryder, succumbed to the heat last Wednesday in the barn at the Phoenix Hotel.

Saturday, Mrs. Dekker, aged seventy was struck by a mail train bound for Grand Rapids. Her arm was broken, shoulder dislocated, and head bruised so badly that she died Wednesday. The accident occurred a few miles out of the city.

## THIRTY YEARS AGO

Messrs. R. Kanters and sons commenced work on their property on the Lake Front near 39th Street, Chicago Illinois on last Monday. A vessel load of brush has been sent there and the work will be done under the personal supervision of Mr. R. Kanters, who left for Chicago last Monday night. The property was purchased some time ago and if the shore line can be properly protected will double in value in the course of the next few years.

The Kanters Building is rapidly being erected.

There is no accomplishment so easy to acquire as politeness, and none more profitable.

## TWENTY FIVE YEARS AGO

Thursday morning Mr. and Mrs. Van Duren welcomed a baby son. It is needless to say that Bert is happy and well pleased at the advent of the little stranger.

J. B. Nykerk, tutor in Hope College, left this week for the east. He will remain for some time at Chautauque, New York.

Takken and De Spelder, of the Holland Wagon Works, sold fifteen of their peach trucks last week in the vicinity of Fennville.

Mrs. E. Westerhof who has suffered so terribly for some time past with a cancer, died last Saturday at the age of thirty-nine years. She leaves her husband with five children, the youngest being one year old and the oldest eleven. Funeral services were held on Monday afternoon from the Market Street church.

## TWENTY YEARS AGO

Will Debridge a farmer on the Lake Shore, owns a team of horses which is too lively for his purposes. It ran away twice with a self binder this week. Mr. D. driving them on both occasions. He escaped fortunately without serious injury.

Just after the storm last week C. M. Kent, a farmer residing about three miles from the city on the North Holland Road, found his three year old colt dead in the pasture. It had evidently been struck or scared to death by lightning although no evidence of it could be found on the body.

Mr. and Mrs. G. J. Diekema entertained a large number of friends at a garden party Friday evening, in honor of H. V. S. Peeke and bride.

Supervisor J. Kerkhof, J. Dykema and L. Lugers, and president protem, J. A. Ter Vree, attended the special meeting of the Board of Supervisors Monday.

Dr. F. R. Hynes of Allegan was instantly killed, Sunday afternoon. While out riding with his wife the horse took fright and tipped the buggy over, throwing them both out.

Last night the house of Mr. D. Nies located about one mile east of Ebenezer Church, was struck by lightning and the house set on fire. The heavy rain that prevailed soon extinguished the flame or it might have resulted in the loss of life as Mr. and Mrs. Nies were both stunned by the shock and it was some time before they recovered consciousness. Mrs. Nies is in precarious condition having been severely injured.

Our Mayor, W. H. Beach, has had an increase in his family—a baby daughter.

## FIFTEEN YEARS AGO

Rev. Peter Zwemer, a missionary to Arabia and youngest brother of Rev. Sam Zwemer, returned last week to New York on a visit to this country. He became very ill on board the steamer on which he left Antwerp and he is now under treatment at one of the New York hospitals. Latest reports are not encouraging. In answer to a telegram, his father Rev. A. Zwemer, left here Wednesday evening for New York.

Do not spread an evil report about your neighbor until you are sure it is true and then do not do it.

## TEN YEARS AGO

Born to Mr. and Mrs. Jacobus, Monday, —a son.

William Streeter of Coopersville, was arrested for falsely impersonating an officer. He gave bail to appear for trial before the circuit court. Streeter arrested a Coopersville man on a trumped up charge as a joke.

## Nibbelink—Rutherford

One of the prettiest weddings of the season took place last Wednesday evening, when Miss Eliza Rutherford was married to Casper W. Nibbelink at the home of Mr. and Mrs. H. J. De Vries, 91 West Fifteenth St. Over one hundred guests gathered to witness the ceremony, which was performed by Rev. G. H. Dublink. The house was tastefully and elaborately decorated and the bridal party stood before a huge mirror festooned

with smilax, sweet peas and nasturtiums. Three little flower girls, Elizabeth Vander Veere, Ruth Koppel, and Elizabeth Nibbelink attended the bride, and the ribbon bearers were the Misses Elizabeth De Vries, Margaret Nibbelink, Marie Diekema and Evelyn Vander Veere. The bride was charmingly gowned in white silk and carried flowers. After a dainty wedding supper, Mr. and Mrs. Nibbelink left on the 11:55 train for a wedding trip. They will be at home to friends after August 15, at 95 West 15th street.

## SIX BROTHERS AND THREE SISTERS HOLD REUNION IN HOLLAND.

Came Hundreds of Miles to See One Another; Had Not Met Since Childhood Days

A family reunion is being held in Holland at the home of Mr. and Mrs. R. Meyers, West 11th street, that is one of the most remarkable ever held here. There are nine in the family, six brothers and three sisters and this is the first time in 48 years that they have held a reunion and all seen all the others at the same time. The reunion is that of the Cheesman family and they come from all parts of the United States, one of them as far west as Wyoming and others as far east as Pennsylvania and New York state. Two of the family live in Ottawa county, one in Olive and one in Holland where the reunion is being held for a number of days.

The family is composed of the following members: H. Cheesman of Cody, Wyoming; S. E. Cheesman, of Cascade, New York; William Cheesman of Harpersville, New York; Edgar Cheesman of Deposit, N. Y.; Albert Cheesman of Susquehanna, Pa.; Henry Cheesman of Olive township, Ottawa county; Mrs. R. Meyers, W. 11th street, Holland; Mrs. James Balcom, of Grand Rapids; and Mrs. Carrie Rose of Deposit, N. Y.

The members of this large family are all hale and hearty and their ages range from 53 to 72. Some of them have not seen others since they were mere children. They have in the course of the years scattered to all parts of the country and have never before had an opportunity to come together and talk over old times when they were children.

The family originally came from New York state, where their ancestors settled when they arrived in this country from England. Because of the fact that Michigan is about centrally located in the area that had to be travelled over it was decided to hold the reunion at the home of the Michigan members of the family. The Cheesman family expect to remain in Holland about a week.

## GEORGE DOK TOOK LESSONS WITH ARTHUR DUNHAM.

George Dok, organist of the Methodist Episcopal church, has lately returned from Chicago where he has been studying with Arthur Dunham the distinguished concert organist.

Mr. Dunham was for six years a student of Clarence Eddy and has also studied with Widor of Paris. He has been soloist with the Theodore Thomas, orchestra and was one of the leading soloists at the St. Louis World's Fair.

He was well pleased with Mr. Dok's playing and considers him a pupil of great promise. Mr. Dok's plan is to study two years with this great teacher.

## HOLLAND CHRISTIAN SCHOOL SUPERINTENDENT NO LONGER CONNECTED WITH "DE CALVINIST."

B. J. Bennink of Grand Rapids who has accepted a position as superintendent of the Holland School for Christian Instruction, has severed his connection with the editorial department of "De Calvinist," the Dutch newspaper published in Grand Rapids. Mr. Bennink was connected with the departments, "Opvoeding en Onderwijs," "Fas et Jus," "In Athene," "De Stadsbrill," and "De Telecoop."

Because of the fact that he will soon move to Holland where he cannot stay in close personal touch with the paper he has decided to discontinue his work in that line. His work for that paper will be taken over by Clarence Bauma, student at Calvin College.

## WIDOW'S PENSION LAW GOES INTO EFFECT NEXT MONTH

But So Far This County's Juvenile Court Has Received No Applications

Although the state widow's pension law passed by the legislature at the last session goes into effect Aug. 15, no applications have been filed in the Ottawa county Juvenile court by widows or other persons eligible under the act. As a matter of fact Ottawa has been very free from de-

pendent or neglected children cases, and although other counties have had a number of applications filed for some time such is not the case in Ottawa.

The following brief explanation of the law should make it clear:

The widow's pension act is simply an amendment to Section 7, Public Acts of the extra session of 1907, which is an act to define and regulate the treatment and control of dependent, neglected children. Under this law and the amendment whenever a child is found to be dependent or neglected, the court can send said child to the Industrial Home for Boys at Lansing, or for girls at Adrian, or to the State school at Coldwater, Michigan, or can place it in the care and custody of some discreet person, and if the mother of the child or children is unmarried or is a widow or has been deserted by her husband or is divorced and is poor and unable to properly care and provide for such child but is otherwise a proper guardian and if it is for the welfare of such child or children to remain in the custody of the mother, the court may enter an order finding such fact and fixing the amount of money necessary to enable the mother to properly care for such child or children such amount not to exceed \$3 a week for each child. In order for a widow to obtain this relief, she must (or some one for her) make a petition for investigation alleging that either the child is a dependent, neglected child, stated the facts upon which this allegation is based and then the court orders the case investigated by the county agent, who make a report to the juvenile judge, and if, after examining the report, said judge considers there is reasonable cause to believe that the facts set forth in the application are true he then cites the parent or person who has custody of the child to appear in court on a certain day, and if upon the examination on that day it is found that said child is a dependent, neglected or delinquent child, as defined in the statute, then the said judge can commit the said child to any of the state's institutions, or at his option, can give the child into the custody of the mother, and allow her a certain amount each week with which to keep up the home.

It is well for people who expect to avail themselves of this law to understand that the court is not obliged by any means to commit the said child to the mother, and that if they are found to be dependent neglected children they become charges of the court and can be taken out of the custody and control of the parent without any further action.

Contractors and Carpenters to Hold Picnic On August 6.

The contractors and carpenters will hold their annual picnic at Castle Park on August sixth. The program for the big event has not yet been completed but it will be prepared soon and it will be one of the biggest picnics these men have held in recent years.

Last year there was a conflict between the carpenters and contractors picnic and the Merchants' picnic, but this year the former have placed their date far enough ahead so that there can be no confusion.

## STANLEY COORS TEMPORARILY TO FILL THE VACANCY HERE.

Stanley Coors of Shelby, a senior student in Albion college, has been appointed to fill the pastorate of the Methodist church made vacant by the death of the late Rev. Prentiss E. Whitman, who lost his life in a boating accident on Black Lake.

Mr. Coors will take charge of the pulpit until Sept. 15, when Rev. Mr. Whitman's permanent successor will be selected at a conference in Battle Creek.

He is 23 years of age and a son of a veteran pastor of the Methodist church at Shelby.

## TEAMSTERS, DRAYMEN AND THE BLACKSMITHS TO GO TO TENNESSEE BEACH

The teamsters, draymen and the blacksmiths of this city will hold their annual picnic at Tennessee Beach today July 24. All the teamsters, draymen and blacksmiths in the city are invited to this picnic whether they have been personally invited or not. All can consider this notice as an invitation.

The trip to Tennessee Beach will be made with teams, practically all who will take part being owners of horses and wagons. It is expected that some twelve to fifteen loads will take part. The starting point will be the corner of Ninth street and Lincoln avenue and the time will be 9 o'clock sharp. Sports and other amusements will be provided on the grounds. It is to be a basket picnic and all will take their own lunches. Free coffee will be served

on the grounds and each family will be merely required to take along the necessary cups.

## FIFTEEN MONTHS OLD LOUISE

ELIZABETH VAN SCHELVEN DIED FRIDAY MORNING

At four o'clock Friday morning Louise Elizabeth, the 15-months-old daughter of Mr. and Mrs. Thomas A. Van Schelven of Cedar Springs, Mich., died at the home of Mr. and Mrs. G. Van Schelven in this city. The child had been ill some time during the spring but had apparently recovered. About three weeks ago the family came to Holland and have been staying here since Thursday the child was taken ill, and during the night the illness took a serious turn which resulted in death Friday morning when the sufferer was taken with convulsions. The remains were taken to Cedar Springs for burial.

## BISHOP &amp; ALOFS DISPOSE OF TWO MORE FRIDAY

The motorcycle business in Holland is becoming more brisk right along. A year or two ago there were very few of these machines in this city, so much so, that it was a rarity. At present it is estimated that about thirty of them are owned by people in Holland and they are gradually becoming more common. Recently one of them has been utilized as a delivery wagon. The machines are being used for all kinds of purposes.

Friday Bishop & Alofs who have been doing a good business along this line, sold two new Harley-Davidson motorcycles. One was a single cylinder and it was sold to Aaron Smith. The other was a twin and was sold to Irwin Peterson. So far this year Bishop & Alofs have sold five motorcycles.

## COMMON COUNCIL (Official)

Holland, Mich., July 16, 1913. The Common Council met in regular session and was called to order by the Mayor.

Present: Mayor Bosch, Alds. Van Drezer, Prins, Drinkwater, King, Dyke, Congleton, Hansen, Harrington, Sterenberg, Vander Hill, and the Clerk.

The minutes of the last two meetings were read and approved.

Petitions and Accounts. Henry Groenewoud and Cornelius Steketee petitioned for permission to build a boat-house at the foot of West First Street.

Referred to the Aldermen of the 2nd Ward, with power to act.

F. N. Jonkman petitioned for permission to place building material in the street at the corner of Central Avenue and 10th Street.

Granted, subject to ordinance. M. Brouwer petitioned for license to engage in the business of constructing sidewalks, and presented bond with A. J. Oxner and Edward Vaupell sureties.

Granted, and bond and sureties approved.

The Clerk presented a communication from the League of Michigan Municipalities relative to a convention to be held on Sept. 17th, 18th, and 19th, at Jackson, Michigan.

Filed. John Knoll and others petitioned to have a sidewalk constructed on the South side of 19th Street, between River and Pine Avenues.

Referred to the Committee on Sidewalks.

Walter Lane and others petitioned as follows:

Holland, Mich., July 15, 1913. To the Honorable the Mayor and Common Council of the city of Holland.

Gentlemen:

We, the undersigned, residents and property owners of the City of Holland, are desirous of using and paying for gas for fuel and illuminating purposes, and that for that purpose the Holland City Gas Co. should extend its mains to give us service, we also agree to use and pay for gas for a period of at least twelve months.

There are a great many residents in the Fifth Ward who are as anxious as we, to obtain this service, and we have been seeking to get this service for a long time. More than a year ago the present mayor was elected upon the gas issue, and this far we seem to be as far from a settlement of the matter as ever, and we are passing through the second summer, and yet can see no advance as far as getting any service is concerned.

From the published reports the Holland Gas Co. seems to have a sufficient supply to go to Zeeland on the east, and Macatawa and the other summer resorts on the west, and yet, we representing a large part of the Fifth Ward are denied any relief.

We would therefore respectfully request the Mayor and the Council to take such steps as may be necessary to give us some service before permitting the company to supply from the Holland plant the people who are not residents of this city, but live at a distance of several miles.

By Alderman King.

Resolved, That the Board of Public Works be and hereby are requested to investigate and report relative to the establishment of departments for the sale of plumbing supplies and fixtures, and electric light ing supplies, fixtures, apparatus, etc and also installing of a department

for doing plumbing work, and charging the cost thereof to the property owner, and for permitting such owner to pay for the same on the annual installment plan. The said Board to report to the Council at its earliest convenience.

Referred to the Special Gas Committee and the City Attorney.

## Reports of Standing Committees

The Committee on Streets and Crosswalks reported having received bids on drawing gravel from car to street and from ground to street as follows:

Boone Bros. & Buurma, car to street, 30 cents, ground to street, 25 cents.

Ter Beek & Bronkhorst, car to street, 23 cents; ground to street, 24 cents.

J. Ver Hoef, car to street, 20 cents; grounds to street 20 cents.

J. Ver Hoef being the lowest bidder, the contract was awarded to him at his bid of 20 cents per yard. Adopted.

The Committee on Streets and Crosswalks and the Committee on Sidewalks to whom was referred the request of East 4th Street property owners, to construct a sidewalk adjacent to their property five feet into the street beyond the property line, reported recommending that the same be not granted. Adopted.

## Reports of Select Committees of Ways

Your committee would recommend that the entire matter be dropped at this time, and no further reference made thereto.

Adopted.

Holland, Mich., July 16, 1913

To the Honorable the Mayor and Common Council of the city of Holland,

Gentlemen:

Your special committee to whom was referred the resolution relative to the work done by the City Engineer outside of his regular employment, beg leave to report that we have had the same under consideration and investigation, and find that during the past year from the first Monday in May 1912, to the first Monday in May 1913, the Engineer did outside work amounting to between \$50.00 and \$75.00, and that about 80 per cent of this work was done during hours outside of the time he was employed by the city. In view of the fact that the amount is so small your committee does not deem it wise to make any change or recommendation at this time other than that the Engineer should be permitted to retain this small sum, especially in view of the fact that most of it was outside of any time upon which the city had any claim.

With reference to the work for Ottawa County, we found that this was merely the locating of some stakes on the Lake Street road, to assist the laying out of the same, and that he received no compensation therefor.

Your committee would recommend that the entire matter be dropped at this time, and no further reference made thereto.

realize that the solution of these matters may be surrounded with some difficulties and obstacles, yet I feel that it is but fair to call it to your attention, and ask your co-operation in changing and bettering conditions, if possible. It seems to me that this is a duty we owe to the people who have placed us in the positions of authority that we occupy.

I would recommend the appointment of a committee to take up the matter of the telephone situation in this city, and report to the council at its earliest convenience.

Respectfully submitted,  
Nichodemus Bosch, Mayor.

Adopted.  
The Mayor appointed as such committee Aldermen.....

### Another Lesson Of Democratic Doctrine Right At Home

The Allegan News Democratic paper announced that their issue was printed on paper made in Canada and that it meant a saving of 35c per hundred or \$7.00 a ton to the publisher. We have had similar propositions presented to us, but we shall continue to use paper made in Otsego—by Otsego capital and Otsego workmen. If there were no paper mills our action we believe would be the same, for thousands of men are employed in the paper industry in this country and millions of dollars are invested in the manufacture of paper. We get our business from the people in this country—not the Canadians.—Otsego Union.

This again shows another lesson of what protection means right at our door. These lessons are the ones that give us the best conception of what a protective tariff holds out for American labor and capital. Our Holland democrats who own sugar stock and those who are raising sugar beets, are not very enthusiastic about the democratic administration these days.

### Good Roads And Good Schools

An excellent point in favor of highway improvement was made by Charles H. Davis, president of the National Highway association, in the address before the Society for the Promotion of Engineering Education, at its annual convention in Minneapolis. Mr. Davis maintained that good schools are largely dependent upon good roads, and made the further point that good roads would more than pay for their cost by vastly increasing the value of the agricultural lands of the country. Thus, he said:

The value of the farm lands and buildings in the United States is \$35,000,000,000. Two million miles of improved highways will increase the value of the lands \$10,000,000,000, or about one-third of their present value.

The fact that good roads pay for themselves in increased values of farm land has long been conceded. But that good roads actually foster education is a point seldom made.

With bad roads the distance from the farm homes to the schoolhouses is really increased several times, so far as accessibility is concerned. Consequently, with bad roads there must be many schoolhouses to accommodate all of the children needing education, or the children must go without.

Educators generally concede that school consolidation in the country districts is essential to good education. We are afflicted with too many weak schools. The small communities are not wealthy enough to support good schools and pay the salaries required to obtain competent teachers.

Good roads would remedy this quickly and effectually. Larger school districts could be formed, better school maintained and better teachers procured.

### THE ENTHUSIASTIC PROGRESSIVES

A few weeks ago former Senator Albert J. Beveridge, in a magazine article, referred to the remarkable enthusiasm of the Progressives and made a statement to the effect that the new party is doing more political propagandist work than both of the older parties combined. It may be so, but actual facts hardly square with the distinguished Indian's assertions.

For instance, the election enrollment in New York has been completed and the figures have been made public by the board of elections. The total Bull Moose enrollment in the city was just 12,373. The vote cast in the city for Oscar Straus, Progressive candidate for Governor last fall was 194,479, while the Roosevelt vote was 188,869.

Throughout New York state, although the figures are not quite so pitiful as in the city, the conditions are substantially the same. Reports from fifty counties show that the enrollment of Progressives is less than 10 per cent of the vote cast for Roosevelt. In these counties the total enrollment was 30,377 Progressives, while the state's vote for Roosevelt last year was 390,021 and for Straus 392,183.

President Wilson seems to have too many orators in his cabinet.

There is still only one Gettysburg speech that will be remembered.

But why, we rise to ask Secretary Bryan, should a man with a grape juice thirst require a champagne income?

It is stated that half the government's expenses are paid by revenue derived from tobacco and liquor. And, as usual, a good many men contributed more than their just share.

President Taft had to stand a good deal of censure for refusing to invade the Republic of Mexico. The critics will not fail to observe that President Wilson is also inclined to be deliberate in matters of this kind.

Mexico seems never able to stand peace more than a week or two at a stretch.

Hides were placed on the free list by the present tariff and the imports are double those of ten years ago. But shoes are no cheaper, another example of the fact that the admission of an article free of duty may be of no benefit whatever to the consumer.

### PUBLIC PULSE

Grand Haven, Mich. July 23, 1913  
Mr. Editor:—

The Grand Haven Commercial Association and the business men of every section of Ottawa County have interested themselves in the Good Roads proposition of Ottawa Co. and are very desirous of having the County Good Roads System established in the said county, continued, so that the roads of Ottawa County will be bettered, and so that the people will have the benefit of good roads to do business on and with.

Having this interest, many people did not believe that the Board of Supervisors of Ottawa County had any legal right to refuse to issue bonds to carry on the construction of roads under that system, and neither do they believe that the Board of Supervisors had any right to pass a resolution asking the people to sign petitions and send to them, asking a resolution to be passed, directing an election to rescind our Good Roads System, and for that reason asked the State Highway Commissioner to get the opinion of our Attorney General on that subject, and the following is a copy of that opinion.

July Twenty-second,  
Nineteen Thirteen.

Hon. Frank F. Rogers,  
State Highway Commissioner,  
Lansing.

Dear Sir:—

I have your communication of July 22nd in which you state:

"Is this resolution, passed by the Board of Supervisors in a county which is operating under the county road system, in accordance with the law?"

"Resolved, that in the opinion of the Board of Supervisors of Ottawa County, the county road system here before adopted by vote of the people of the county, has proven unsatisfactory and unprofitable and that steps should be taken under the law to rescind the said vote and abolish said system, we recommend to the people the preparation and filing of the petitions required by Act 283 of the Public Acts of 1909 as necessary to enable the Board of Supervisors to submit the question to a vote of the electors of the county."

I am unable to find any statute authorizing the Board of Supervisors to determine the question as to whether the County Road System is satisfactory and profitable in a County, and therefore beg to state that the action taken by the Board of Supervisors of Ottawa County does not appear to be justified by any statutes of the State. Further than that the principles of the initiative do not contemplate that the Legislative body should institute the initiative proceedings. On the contrary the theory of the initiative is that the people themselves initiate the legislation. I am therefore constrained to advise that the action of the Board of Supervisors of Ottawa County embodied in this resolution is not of binding force and effect.

Trusting that this answers your inquiry, I remain,

Respectfully yours,

GRANT FELLOWS

Attorney General.

Why the Board of Supervisors should take it upon itself to denounce the road system, instead of helping it along, is something the tax payers cannot understand. The law expressly gives the County Road Commissioners full power and control over such roads, and the Board of Supervisors the duty to provide the means, by issuing the bonds the tax payers voted, for the purpose of securing the money for the commissioners to do the work.

All the work commenced, and the \$100,000.00 raised will be a useless expenditure unless we go on and complete the system adopted. We have just started. Why stop? When the Trunk Lines are built, the State will have to build bridges of more than 30 feet span, and the County will then have to maintain them. In this way many townships will be relieved of the burden, and the burdens placed where they should be. The people should not sign the Petition asked by the Board. The Board should not be allowed to direct an election, at great expense, to rescind the system. We should make every effort to complete the system and not lose the benefit of the money already expended. The county will be compelled to pay damages to the contractors, who will lose money by not being allowed to complete their contracts. Put this money in roads, and not damages. Every Supervisor should vote not to call an election to rescind the vote adopted by the system.

Van I. Witt  
President,

Grand Haven Commercial Association.

### GETS A BATH IN ACID

Quick Thinking Saves Spring Lake Mechanic

Benjamin Jorgensen, chief mechanic at Hillier's repair shop at Spring Lake was the victim of an accident which might have been serious had it not been for his ability to think quick at the right time.

Mr. Jorgensen has been associated with the Hillier people for some time. They ran out of sulphuric acid the other day and Jorgensen went to the drug store, coming back with a demijohn full of the fiery liquid.

The shelf on which the acid was kept was rather high, and in reaching for it, Jorgensen struck the demijohn against the edge of the shelf, causing the contents to spill all over him. His clothes literally fell right off his body and Ben made a grand rush for Spring Lake, dived in and saved himself from total destruction.

In his efforts to save Jorgensen, Mr. Hillier lost a perfectly good pair of shoes.

### RUFFIANS ATTACK BOAT PASSENGERS

Violate Federal Marine Law—If Caught May Be Severely Dealt With

For the first time in the marine history of Grand Haven passengers on the Goodrich liner Virginia were made the objects of attack by a party of four ruffians, who showered them with beer bottles and coal and also attacking the engineer and one of the mates. The four were intoxicated and had been making insulting remarks for some time when one of the passengers threw a glassful of water on the offensive quartet.

This precipitated the row. The four immediately ran to the adjoining coal yard and returned with coal and a number of bottles, which they started to heave at the passengers on the boat. Several windows were broken and two men struck before Captain Redner ordered the crew to turn the fire hose on them, and the mate finally secured a gun and took several shots at them.

At the first shot they ran for cover and escaped before the arrival of Night Officer Bishop. It is said that a number of Grand Haven boys sympathizing with the hoodlums, and seeking a little excitement, joined the Muskegonites and aided them in storming the boat.

Goodrich officials today swore out a warrant for the arrest of a number of Grand Haven boys charged with being implicated in the attack on the passengers of the Virginia last Saturday night.

The following boys appeared before Justice D. C. Wachs to answer to the charge: Frank Jobin, Thomas Scanlan, John Erke, James Eckert, Dick Swartz, Ignatz Abbinga, and Walter McFadden.

### JIMMY McDERMOTT IS IN THE OTTAWA JAIL AGAIN

Unable to keep away from the booze, which has caused him to spend a good share of the last 19 years behind the bars, Jimmy McDermott, the man who was stabbed in circuit court last winter and almost died from the attack, struck Grand Haven again last night, after an absence of two months, and was landed in the jail by Deputy Sheriff Northouse.

### TAKE MASSICOTTE TO THE ASYLUM

Condition of Crazy Frenchman Is Becoming Alarming

Leo Massicotte, the insane Frenchman who has been confined in the county jail since last Monday was shipped to Kalamazoo following a consultation of the two attending physicians Drs. Walkley and McAlpine.

When he left this town early last week his condition was not particularly noticeable. He was detected at the port of Sarnia in Canada and deported. Upon his return to Grand Haven it was found that he had been robbed of about \$60 and his clothes, so doctors decided he had been given some "drops" and attributed his insanity in a large measure to their effect on the mind.

It usually takes a week to recover but Massicotte has become more violent every day. Last night he kept the neighbors awake all night within a radius of a block of the jail, and the complaints sent in to the sheriff decided the doctors that the asylum was the best place for him. He was formerly employed at the Ottawa Leather company, boarded at Halker's hotel, and has relatives in Montreal, Canada.

jury to pay Louis Hayden the sum of \$67.50 for furniture unlawfully sold by Hayden's wife while he was confined in the county jail.

The Haydens had domestic troubles, and finally Hayden left to take a position on a boat. He sent his wife \$15 every payday, but she sued him for non-support three days after he had sent her one of the customary allowances.

The case against Hayden was dismissed by the court. Then she had him arrested on a more serious charge and Hayden was detained in the county jail for five weeks. He was released on a writ of habeas corpus through the efforts of his attorney, C. C. Coburn, and again found to be innocent. Attorney Miles and Van Eyck of this city appeared for Zalman.

It was during his detention in the jail that his wife sold the household furniture purchased at an expense of \$140, for the sum of \$30. It was this last phase in the case that was settled Friday.

### ASK FOR HOLLAND'S CHARTER Grand Haven Will Try To Secure Ideas From Other City Charters

The fourth meeting of the Grand Haven charter commission was held.

Requests have been sent to the cities of Grand Rapids, Kalamazoo, Holland, Bay City, Traverse City and other cities where new charters along the commission and other lines have been drawn, whether they have been accepted by the voters or not. The commissioners expect to find a wealth of working material in the efforts of the commissions of other cities and will closely inspect their results after having been put in operation.

At last night's meeting most of the time was spent in reading the old charter and picking out and discussing its good and bad features. They are going about it in a conscientious, painstaking way, and hope to turn out a finished charter which will be ratified by the voters when it is submitted to them.

They decline to say whether or not it will be the much-heralded commission form of government.
